To cite the regulations in this volume use title, part and section number. Thus, 48 CFR 301.101 refers to title 48, part 301, section 101.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16..............................................................as of January 1
Title 17 through Title 27.................................................................as of April 1
Title 28 through Title 41...............................................................as of July 1
Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, October 1, 2016), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

**PAST PROVISIONS OF THE CODE**

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

**INCORPORATION BY REFERENCE**

*What is incorporation by reference?* Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

*What is a proper incorporation by reference?* The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

*What if the material incorporated by reference cannot be found?* If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

**CFR INDEXES AND TABULAR GUIDES**

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of ‘‘Title 3—The President’’ is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the ‘‘Contents’’ entries in the daily Federal Register. A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

Title 48—Federal Acquisition Regulations System is composed of seven volumes. The chapters in these volumes are arranged as follows: Chapter 1 (parts 1 to 51), chapter 1 (parts 52 to 99), chapter 2 (parts 201 to 299), chapters 3 to 6, chapters 7 to 14, chapters 15 to 28 and chapter 29 to end. The contents of these volumes represent all current regulations codified under this title of the CFR as of October 1, 2016.

The Federal acquisition regulations in chapter 1 are those government-wide acquisition regulations jointly issued by the General Services Administration, the Department of Defense, and the National Aeronautics and Space Administration. Chapters 2 through 99 are acquisition regulations issued by individual government agencies. Parts 1 to 69 in each of chapters 2 through 99 are reserved for agency regulations implementing the Federal acquisition regulations in chapter 1 and are numerically keyed to them. Parts 70 to 99 in chapters 2 through 99 contain agency regulations supplementing the Federal acquisition regulations.

The OMB control numbers for the Federal Acquisition Regulations System appear in section 1.106 of chapter 1. For the convenience of the user section 1.106 is reprinted in the Finding Aids section of the second volume containing chapter 1 (parts 52 to 99).

For this volume, Cheryl E. Sirofchuck was Chief Editor. The Code of Federal Regulations publication program is under the direction of John Hyrum Martinez, assisted by Stephen J. Frattini.

Subpart 301.2 [Reserved]

Subpart 301.4—Deviations from the FAR

Subpart 301.6—Career Development, Contracting Authority, and Responsibilities

301.602 Contracting officers.

301.603–1 General.

SOURCE: 80 FR 72151, Nov. 18, 2015, unless otherwise noted.

Subpart 301.1—Purpose, Authority, and Issuance

301.101 Purpose.

(a) The Department of Health and Human Services (HHS) Acquisition Regulation (HHSAR) establishes uniform HHS acquisition policies and procedures that implement and supplement the Federal Acquisition Regulation (FAR).

(b)(1) The HHSAR contains HHS policies that govern the acquisition process or otherwise control acquisition relationships between HHS’ contracting activities and contractors. The HHSAR contains—

(i) Requirements of law;
(ii) HHS-wide policies;
(iii) Deviations from FAR requirements; and
(iv) Policies that have a significant effect beyond the internal procedures of HHS or a significant cost or administrative impact on contractors or offerors.

(2) Relevant internal procedures, guidance, and information not meeting the criteria in paragraph (b)(1) of this section are issued by HHS in other announcements, internal procedures, guidance, or information.

301.103 Authority.

(b) The Assistant Secretary for Financial Resources (ASFR) prescribes the HHSAR under the authority of 5 U.S.C. 301 and section 205(c) of the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 121(c)(2)), as delegated by the Secretary.

(c) The HHSAR is issued in the Code of Federal Regulations (CFR) as chapter 3 of title 48, Department of Health and Human Services Acquisition Regulation. It may be referenced as “48 CFR chapter 3.”

301.106 Office of Management and Budget approval under the Paperwork Reduction Act.

(a) The Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et seq.) imposes a requirement on Federal agencies to obtain approval from the Office of Management and Budget (OMB) before collecting the same information from 10 or more members of the public.

(b) The following OMB control numbers apply to the information collection and recordkeeping requirements contained in this chapter:
Subpart 301.2 [Reserved]

Subpart 301.4—Deviations from the FAR

301.401 Deviations.

Contracting officers are not permitted to deviate from the FAR or HHSAR without seeking proper approval. With full acknowledgement of FAR 1.102(d) regarding innovative approaches, any deviation to FAR or the HHSAR requires approval by the Senior Procurement Executive (SPE).

Subpart 301.6—Career Development, Contracting Authority, and Responsibilities

301.602 Contracting officers.

301.602–3 Ratification of unauthorized commitments.

(b) Policy. (1) The Government is not bound by agreements with, or contractual commitments made to, prospective contractors by individuals who do not have delegated contracting authority. Unauthorized commitments do not follow the appropriate process for the expenditure of Government funds. Consequently, the Government may not be able to ratify certain actions, putting a contractor at risk for taking direction from a Federal official other than the contracting officer. See FAR 1.602–1. Government employees responsible for unauthorized commitments are subject to disciplinary action. Contractors perform at their own risk when accepting direction from unauthorized officials. Failure to follow statutory and regulatory processes for the expenditure of Government funds is a very serious matter.

(2) The head of the contracting activity (HCA) is the official authorized to ratify an unauthorized commitment. No other re-delegations are authorized.

(c) Limitations. (5) The HCA shall coordinate the request for ratification with the Office of General Counsel, General Law Division and submit a copy to the SPE.

301.603 Selection, appointment, and termination of appointment of contracting officers.

301.603–1 General.

(a) The Agency head has delegated broad authority to the Chief Acquisition Officer, who in turn has further delegated this authority to the SPE. The SPE has further delegated specific acquisition authority to the Operating and Staff Division heads and the HCAs. The HCA (non-delegable) shall select, appoint, and terminate the appointment of contracting officers.

(b) To ensure proper control of re-delegated acquisition authorities, HCAs shall maintain a file containing successive delegations of HCA authority through the contracting officer level.

PART 302—DEFINITIONS OF WORDS AND TERMS

SOURCE: 80 FR 72151, Nov. 18, 2015, unless otherwise noted.

Subpart 302.1—Definitions

302.101 Definitions.

(a) Agency head or head of the agency, unless otherwise stated, means the Secretary of Health and Human Services or specified designee.

(b) Contracting Officer’s Representative (COR) is a Federal employee designated in writing by a contracting officer to act as the contracting officer’s representative in monitoring and administering specified aspects of contractor performance after award of a contract or order. In accordance with local procedures, operating divisions (OPDIVs) or staff divisions (STAFFDIVs) may designate CORs for firm fixed-price contracts or orders. COR’s responsibilities may include verifying that:

(1) The contractor’s performance meets the standards set forth in the contract or order;

(2) The contractor meets the contract or order’s technical requirements by
Health and Human Services

the specified delivery date(s) or within the period of performance; and
(3) The contractor performs within cost ceiling stated in the contract or order. CORs must meet the training and certification requirements specified in 301.604.

(c) Head of the Contracting Activity (HCA) is an official having overall responsibility for managing a contracting activity, i.e. the organization within an OPDIV or STAFFDIV or other HHS organization which has been delegated broad authority regarding the conduct of acquisition functions.

303.203 Reporting suspected violations of the Gratuities clause.

HHS personnel shall report suspected violations of the clause at FAR 52.203–3, Gratuities, to the contracting officer, who will in turn report the matter to the Office of General Counsel (OGC), Ethics Division for disposition.
Subpart 303.6—Contracts with Government Employees or Organizations Owned or Controlled by Them

The HCA (non-delegable) is the official authorized to approve an exception to the policy stated in FAR 3.601.

Subpart 303.7—Voiding and Rescinding Contracts

303.704 Policy.

(a) For purposes of supplementing FAR subpart 3.7, the HCA (non-delegable) is the designee. Coordination with the Senior Procurement Executive is required.

PART 304—ADMINISTRATIVE MATTERS

Subpart 304.6—Contract Reporting

Sec.

304.602 General.

304.604 Responsibilities.
Subpart 304.16—Unique Procurement Instrument Identifiers

304.1600 Scope of subpart.

Subpart 304.70 [Reserved]

Subpart 304.71—Review and Approval of Proposed Contract Actions

304.7100 Policy.
In accordance with HHS delegated acquisition authority, the FAR, this regulation, internal policies and guidance, the head of the contracting activity (non-delegable) shall establish review and approval procedures for proposed contract actions to ensure that—
(a) Contractual documents are in conformance with law, established policies and procedures, and sound business practices;
(b) Contract actions properly reflect the mutual understanding of the parties; and
(c) The contracting officer is informed of deficiencies and items of questionable acceptability, and takes corrective action.

Subpart 304.72—Affordable Care Act Prevention and Public Health Fund—Reporting Requirements

304.7200 Scope of subpart.
This subpart implements Section 220 of Public Law 112–74, FY 2012 Labor, HHS and Education Appropriations Act, which requires, semi-annual reporting on the use of funds from the Prevention and Public Health Fund (PPHF), Public Law 111–148, sec. 4002. Contractors that receive awards (or modifications to existing awards) with a value of $25,000 or more funded, in whole or in part, from the PPHF, shall report information specified in the clause at 352.204–70, Prevention and Public Health Fund—Reporting Requirements, including, but not limited to—
(a) The dollar amount of contractor invoices;
(b) The supplies delivered and services performed; and
(c) Specific information on subcontracts with a value of $25,000 or more.

304.7201 Procedures.
(a) In any contract action funded in whole or in part by the PPHF, the contracting officer shall indicate that the contract action is being made under the PPHF, and indicate which products or services are funded under the PPHF. This requirement applies whenever PPHF funds are used, regardless of the contract instrument.
(b) To maximize transparency of PPHF funds that shall be reported by the contractor, the contracting officer shall structure contract awards to allow for separately tracking PPHF funds. For example, the contracting officer may consider awarding dedicated separate contracts when using PPHF funds or establishing contract line item number structures to prevent commingling of PPHF funds with other funds.
(c) Contracting officers shall ensure that the contractor complies with the reporting requirements of 352.204–70. Upon receipt of each report, the contracting officer shall review it for completeness, address any clarity or completeness issues with the contractor, and submit the final approved report in Section 508 compliant format to an Assistant Secretary for Public Affairs point-of-contact for posting on HHS’ PPHF Web site at http://www.hhs.gov/open/prevention/index.html no later than 30 days after the end of the reporting period. If the contractor fails to comply with the reporting requirements, the contracting officer shall exercise appropriate contractual remedies.
(d) The contracting officer shall make the contractor’s failure to comply with the reporting requirements a part of the contractor’s performance information under FAR subpart 42.15.
304.7202 Contract clause.

Insert the clause at 352.204–70, Prevention and Public Health Fund—Reporting Requirements, in all solicitations and contract actions funded in whole or in part with PPHF funds, except classified solicitations and contracts. This includes, but is not limited to, awarding or modifying orders against existing or new contracts issued under FAR subparts 8.4 and 16.5 that will be funded with PPHF funds. Contracting officers shall include this clause in any existing contract or order that will be funded with PPHF funds. Funding a conference through a HHS contract does not automatically imply HHS sponsorship, unless the conference is funded entirely by the agency. Also, HHS staff attendance or participation at a conference does not imply HHS conference sponsorship. The OPDIV or STAFFDIV (operating division or staff division) head, or designee, shall approve such requests. 315.208 Submission, modification, revision, and withdrawal of proposals.

(b) In addition to the provision in Federal Acquisition Regulation (FAR) 52.215–1, Instructions to Offerors—Competitive Acquisition, if the head of the contracting activity (HCA) determines that biomedical or behavioral research and development (R&D) acquisitions are subject to conditions other than those specified in FAR 52.215–1(c)(3), the HCA may authorize for use in competitive solicitations for R&D, the provision at 352.215–70, Late Proposals and Revisions. This is an authorized FAR deviation.

(b) The statutes that require such review and implementing regulations are as follows: National Institutes of Health—42 U.S.C. 289a, Peer Review Requirements and 42 CFR part 52h, Scientific Peer Review of Research Grant Applications and Research and Development Contract Projects; Substance Abuse and Mental Health Services Administration—42 U.S.C. 290aa–3, Peer Review and Agency for Healthcare Research and Quality—42 U.S.C. 299c–1, Peer review with respect to grants and contracts.

The avoidance of organizational and personal conflicts of interest must be taken into consideration when making the decision to use non-Federal evaluators.
(2) When a solicited proposal will be disclosed outside the Government to a contractor or a contractor employee for evaluation purposes, the following or similar conditions shall be part of the written agreement with the contractor prior to disclosure:

CONDITIONS FOR EVALUATING PROPOSALS

The contractor agrees that it and its employees, as well as any subcontractors and their employees (in these conditions, “evaluator”) will use the data (trade secrets, business data, and technical data) contained in the proposal for evaluation purposes only. The foregoing requirement does not apply to data obtained from another source without restriction. Any notice or legend placed on the proposal by either HHS or the offeror shall be applied to any reproduction or abstract provided to the evaluator or made by the evaluator. Upon completion of the evaluation, the evaluator shall return to the Government the furnished copy of the proposal or abstract, and all copies thereof, to the HHS office which initially furnished the proposal for evaluation. The evaluator shall not contact the offeror concerning any aspects of a proposal’s contents.

Subpart 315.6—Unsolicited Proposals

315.605 Content of unsolicited proposals.

(d) Warranty by offeror. To ensure against contacts between HHS personnel and prospective offerors that would exceed the limits of advance guidance set forth in FAR 15.604 and potentially result in an unfair advantage to an offeror, the prospective offeror of an unsolicited proposal must include the following warranty in any unsolicited proposal. Contracting officers receiving an unsolicited proposal without this warranty shall not process the proposal until the offeror is notified of the missing language and given an opportunity to submit a proper warranty. If no warranty is provided in a reasonable time, the contracting officer shall reject the unsolicited proposal, notify the offeror of the rejection, and document the actions in the file.

The Department of Health and Human Services (HHS) has designated product and service codes for supplies and services having sustainable acquisition attributes. See FAR part 23.

323.7101 Applicability.
It is HHS policy to include a solicitation provision and to include an evaluation factor for an offeror’s Sustainable Acquisition Plan when acquiring sustainable products and services. This applies only to new contracts and orders above the micro-purchase threshold.

Such contracts and orders include, but are not limited to: Office supplies; construction, renovation or repair; building operations and maintenance; landscaping services; pest management; electronic equipment, including leasing; fleet maintenance; janitorial services; laundry services; cafeteria operations; and meetings and conference services. Sec.
324.103 Procedures for the Privacy Act.
324.104 Restrictions on Contractor Access to Government or Third Party Information.
324.103 Procedures for the Privacy Act.

(a) The contracting officer shall review all acquisition request documentation to determine whether the requirements of the Privacy Act of 1974 (5 U.S.C. 552a) are applicable. The Privacy Act requirements apply when a contract or order requires the contractor to design, develop, or operate any Privacy Act system of records on individuals to accomplish an agency function. When applicable, the contracting officer shall include the two Privacy Act clauses required by Federal Acquisition Regulation (FAR) 24.104 in the solicitation and contract or order. In addition, the contracting officer shall include the two FAR Privacy Act clauses, and other pertinent information specified in this subpart, in any modification which results in the Privacy Act requirements becoming applicable to a contract or order.

(b) The contracting officer shall ensure that the statement of work or performance work statement (SOW or PWS) specifies the system(s) of records or proposed system(s) of records to which the Privacy Act and the implementing regulations are applicable or may be applicable. The contracting officer shall send the contractor a copy of 45 CFR part 5b, which includes the rules of conduct and other Privacy Act requirements.

(c) The contracting officer shall ensure that the contract SOW or PWS specifies for both the Privacy Act and the Federal Records Act the disposition to be made of the system(s) of records upon completion of contract performance. The contract SOW or PWS may require the contractor to destroy the records, remove personal identifiers, or turn the records over to the contracting officer. If there is a legitimate need for a contractor to keep copies of the records after completion of a contract, the contractor must take measures, as approved by the contracting officer, to keep the records confidential and protect the individuals’ privacy.

(d) For any acquisition subject to Privacy Act requirements, the requiring activity prior to award shall prepare and have published in the Federal Register a “system notice,” describing the Department of Health and Human Services’ (HHS) intent to establish a new system of records on individuals, to make modifications to an existing system, or to disclose information in regard to an existing system. The requiring activity shall attach a copy of the system notice to the acquisition plan or other acquisition request documentation. If a system notice is not attached, the contracting officer shall inquire about its status and shall obtain a copy from the requiring activity for inclusion in the contract file. If a notice for the system of records has not been published in the Federal Register, the contracting officer may proceed with the acquisition but shall not award the contract until the system notice is published and the contracting officer verifies its publication.

324.104 Restrictions on Contractor Access to Government or Third Party Information.

The contracting officer shall establish the restrictions that govern the contractor employees’ access to Government or third party information in order to protect the information from unauthorized use or disclosure.

324.105 Contract clauses.

(a) The contracting officer shall insert the clause at 352.224-70, Privacy Act, in solicitations, contracts, and orders that require the design, development, or operation of a system of records to notify the contractor that it and its employees are subject to criminal penalties for violations of the Privacy Act (5 U.S.C. 552a(i)) to the same
extent as HHS employees. The clause also requires the contractor to ensure each of its employees knows the prescribed rules of conduct in 45 CFR part 5b and each contractor employee is aware that he or she is subject to criminal penalties for violations of the Privacy Act. These requirements also apply to all subcontracts awarded under the contract or order that require the design, development, or operation of a system of records.

(b) The contracting officer shall insert the clause at 352.224–71, Confidential Information, in solicitations, contracts, and orders that require access to Government or to third party information.

324.7000 Scope of subpart.

All individually identifiable health information that is Protected Health Information (PHI), as defined in 45 CFR parts 160 and 164 (the HIPAA Privacy, Security, and Breach Notification Rules), the term “HIPAA” is used in this part to refer to title II, subtitle F of the HIPAA statute, at part C of title XI of the Social Security Act, 42 U.S.C. 1320d et seq., section 264 of HIPAA, subtitle D of title XIII of the American Recovery and Reinvestment Act of 2009, and regulations under such provisions.

324.7001 Policy on Compliance with HIPAA business associate contract requirements.

(a) HHS is a HIPAA “covered entity” that is a “hybrid entity” as these terms are defined at sections 160.103 and 164.103 respectively. As such, only the portions of HHS that the Secretary has designated as “health care components” (HCC) as defined at section 164.103, are subject to HIPAA. HHS’ HCCs may utilize persons or entities known as “business associates,” as defined at section 160.103. Generally, “business associate” means a “person” as defined by section 160.103 (including contractors, and third-party vendors, etc.) if or when the person or entity:

1. Creates, receives, maintains, or transmits “protected health information,” as the term is defined at section 160.103, on behalf of an HHS HCC to carry out HHS HIPAA “covered functions” as that term is defined at 164.103; or

2. Provides certain services to an HHS HCC that involve PHI.

(b) Where the Department as a covered entity is required by 45 CFR 164.502(e)(1) and 164.504(e) and, if applicable, sections 164.308(b)(3) and 164.314(a), to enter into a HIPAA business associate contract, the relevant HCC contracting officer, acting on behalf of the Department, shall ensure that such contract meets the requirements at section 164.504(e)(2) and, if applicable, section 164.314(a)(2).

Subpart 326.5—Indian Preference in Employment, Training, and Subcontracting Opportunities

326.501 Statutory requirements.

Any contract or subcontract pursuant to subchapter II, chapter 14, title 25 of the United States Code, the Act of April 16, 1934 (48 Stat. 596), as amended, or any other Act authorizing Federal contracts with or grants to Indian organizations or for the benefit of Indians, shall, to the greatest extent feasible, comply with section 7(b) of the Indian Self-Determination and Education Assistance Act, Public Law 93–638, 88 Stat. 2205, 25 U.S.C. 450e(b) which provides preferences and opportunities for training and employment in connection with the administration of such contracts, and preference in the award of subcontracts in connection with the administration of such contracts to Indian organizations and to Indian-owned economic enterprises as defined in section 1452 of title 25, United States Code.

326.502 Definitions.

For purposes of this subpart, the following definitions shall apply:

(a) Indian means a person who is a member of an Indian tribe. If the contractor has reason to doubt that a person seeking employment preference is an Indian, the contractor shall grant the preference but shall require the individual provide evidence within 30 days from the tribe concerned that the person is a member of the tribe.

(b) Indian tribe means an Indian tribe, pueblo, band, nation, or other organized group or community, including any Alaska Native Village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688, 43 U.S.C. 1601), which the United States recognizes as eligible for special programs and services because of its status as Indian.

(c) Indian organization means the governing body of any Indian tribe, or entity established or recognized by such governing body, in accordance with the Indian Financing Act of 1974 (88 Stat. 77, 25 U.S.C. 1451).

(d) Indian-owned economic enterprise means any Indian-owned commercial, industrial, or business activity established or organized for the purpose of profit, provided that such Indian ownership shall constitute not less than 51 percent of the enterprise, and the ownership shall encompass active operation and control of the enterprise.

(e) Indian reservation includes Indian reservations, public domain Indian allotments, former Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act (85 Stat. 688, 43 U.S.C. 1601 et seq.).

(f) On or near an Indian reservation means on a reservation or reservations or within that area surrounding an Indian reservation(s) where a person seeking employment could reasonably commute to and from in the course of a work day.

326.503 Compliance enforcement.

The contracting officer shall promptly investigate and resolve written complaints of noncompliance with the requirements of the clauses at 352.226–1, Indian Preference and 352.226–2, Indian Preference Program filed with the contracting activity.

326.504 Tribal preference requirements.

(a) When the contractor will perform work under a contract on an Indian reservation, the contracting officer may supplement the clause at 352.226–2, Indian Preference Program by adding specific Indian preference requirements of the tribe on whose reservation the contractor will work. The contracting activity and the tribe shall jointly develop supplemental requirements for the contract. Supplemental preference requirements shall represent a further implementation of the requirements of section 7(b) of Public Law 93–638 and require the approval of the affected program director and the appropriate legal office, or a regional attorney, before the contracting officer adds them to a solicitation and resultant contract. Any supplemental preference requirements the contracting officer adds to the clause at 352.226–2, Indian Preference Program shall also clearly
identify in the solicitation the additional requirements.

(b) Nothing in this part shall preclude tribes from independently developing and enforcing their own tribal preference requirements. Such independently-developed tribal preference requirements shall not, except as provided in paragraph (a) of this section, become a requirement in contracts covered under this subpart, and shall not conflict with any Federal statutory or regulatory requirement concerning the award and administration of contracts.

326.505 Applicability.

The contracting officer shall insert the clause at 352.226–1, Indian Preference, and the clause at 352.226–2, Indian Preference Program, in contracts to implement section 7(b) of Public Law 93–638 for all Department of Health and Human Services (HHS) activities. Contracting activities shall use the clauses as follows, except for those exempted solicitations and contracts issued and or awarded pursuant to Title I of Public Law 93–638 (25 U.S.C. 450 et seq.):

(a) The contracting officer shall insert the clause at 352.226–1, Indian Preference, in solicitations, contracts, and orders when—

(1) The award is (or will be) pursuant to an act specifically authorizing such awards with Indian organizations; or

(2) The work is specifically for the benefit of Indians and is in addition to any incidental benefits which might otherwise accrue to the general public.

(b) The contracting officer shall insert the clause at 352.226–2, Indian Preference Program, in solicitations, contracts, and orders when—

(1) The dollar amount of the acquisition is expected to equal or exceed $650,000 for non-construction work or $1.5 million for construction work;

(2) The solicitation, contract, or order includes the Indian Preference clause; and

(3) The contracting officer makes the determination, prior to solicitation, that performance will take place in whole or in substantial part on or near an Indian reservation(s). In addition, the contracting officer may insert the Indian Preference Program clause in solicitations, contracts, and orders below the $650,000 or $1.5 million level for non-construction or construction contracts, respectively, but which meet the requirements of paragraphs (b)(2) and (3) of this section, and in the opinion of the contracting officer, offer substantial opportunities for Indian employment, training, and subcontracting.

Subpart 326.6—Acquisitions Under the Buy Indian Act

326.600 Scope of subpart.

This subpart sets forth the policy on preferential acquisition from Indians under the negotiation authority of the Buy Indian Act. This subpart applies only to acquisitions made by or on behalf of Indian Health Service (IHS).

326.601 Policy.

(a) IHS shall utilize the negotiation authority of the Buy Indian Act to give preference to Indians whenever authorized and practicable. The Buy Indian Act, 25 U.S.C. 47, prescribes the application of the advertising requirements of 41 U.S.C. 6101 to the acquisition of Indian supplies. As specified in 25 U.S.C. 47, the Buy Indian Act provides that, so far as practicable, the Government shall employ Indian labor and, at the discretion of the Secretary of the Interior, purchase products of Indian industry (including, but not limited to printing, notwithstanding any other law) from the open market.

(b) Due to the transfer of authority from the Department of the Interior to HHS, the Secretary of HHS may use the Buy Indian Act to acquire products of Indian industry in connection with the maintenance and operation of Indian hospital and health facilities, and for the overall conservation of Indian health. This authority is exclusively delegated to IHS and is not available for use by any other HHS component (unless that component makes an acquisition on behalf of IHS). However, the Buy Indian Act itself does not exempt IHS from meeting the statutorily mandated small business goals.

(c) Subsequent legislation, particularly Public Law 94–437 and Public Law 96–537, emphasize using the Buy Indian Act negotiation authority.
326.602 Definitions.

(a) Buy Indian contract means any contract involving activities covered by the Buy Indian Act and negotiated under the provisions of 41 U.S.C. 3104 and 25 U.S.C. 47 between an Indian firm and a contracting officer representing IHS.

(b) Indian means a member of any tribe, pueblo, band, group, village, or community recognized by the Secretary of the Interior as being Indian or any individual or group of individuals recognized by the Secretary of the Interior, or the Secretary of HHS. The Secretary of HHS in making determinations may take into account the determination of the tribe with which affiliation is claimed.

(c) Indian firm means a sole enterprise, partnership, corporation, or other type of business organization owned, controlled, and operated by:

1. One or more Indians (including, for the purpose of sections 301 and 302 of Public Law 94–437, former or currently federally recognized Indian tribes in the State of New York); or

2. By an Indian firm (as defined in paragraph (1) of this definition); or

3. A nonprofit firm organized for the benefit of Indians and controlled by Indians (see 326.601(a)).

(d) Product of Indian industry means anything produced by Indians through either physical labor or intellectual effort involving the use and application of their skills. To classify as a product of Indian industry, the total cost of the item’s production must equal or exceed 51 percent Indian effort.

326.603 Requirements.

(a) Indian ownership. Indian ownership shall constitute at least 51 percent of an Indian firm during the period covered by a Buy Indian contract.

(b) Joint ventures. An Indian firm may enter into a joint venture with other entities for specific projects as long as the Indian firm is the managing partner. However, the contracting officer shall approve the joint venture prior to the award of a contract under the Buy Indian Act.

(c) Bonds. In the case of contracts for the construction, alteration, or repair of public buildings or public works, the Miller Act (40 U.S.C. 3131 et seq.) and Federal Acquisition Regulation (FAR) part 28 require performance and payment bonds. Bonds are not required in the case of contracts with Indian tribes or public nonprofit organizations serving as governmental instrumentalities of an Indian tribe. However, bonds are required when dealing with private business entities owned by an Indian tribe or members of an Indian tribe. The contracting officer may require bonds of private business entities that are joint ventures with, or subcontractors of, an Indian tribe or a public nonprofit organization serving as a governmental instrumentality of an Indian tribe. A bid guarantee or bid bond is required only when a performance or payment bond is required.

(d) Indian preference in employment, training and subcontracting. Contracts awarded under the Buy Indian Act are subject to the requirements of section 7(b) of the Indian Self-Determination and Education Assistance Act 25 U.S.C. 450e, which requires giving preference to Indians in employment, training, and subcontracting. The contracting officer shall include the Indian Preference clause specified at 326.505(a) in all Buy Indian solicitations and resultant contracts. The contracting officer shall follow all requirements specified in subpart 326.2 which apply to a Buy Indian acquisition (e.g., 326.604 and 326.605).

(e) Subcontracting. A contractor shall not subcontract more than 50 percent of the work under a prime contract awarded pursuant to the Buy Indian Act to non-Indian firms. For this purpose, contract work does not include the provision of materials, supplies, or equipment.

(f) Wage rates. The contracting officer shall include a determination of the minimum wage rates by the Secretary of Labor as required by the Davis-Bacon Act (40 U.S.C. 276a) in all contracts awarded under the Buy Indian Act for over $2,000 for construction, alteration, or repair, including painting and decorating, of public buildings and public works, except contracts with Indian tribes or public nonprofit organizations serving as governmental instrumentalities of an Indian tribe.
The contracting officer shall include the wage rate determination in contracts with private business entities, even when owned by an Indian tribe or a member of an Indian tribe and in connection with joint ventures with, or subcontractors of, an Indian tribe or a public nonprofit organization serving as a governmental instrumentality of an Indian tribe.

326.604 Competition.
(a) Contracts awarded under the Buy Indian Act are subject to competition among Indians or Indian firms to the maximum extent practicable. When the contracting officer determines that competition is not practicable, a justification and approval is required in accordance with subpart 306.3.
(b) The contracting officer shall:
Synopsize and publicize solicitations in the Government point of entry and provide copies of the synopses to the tribal office of the Indian tribal government directly concerned with the proposed acquisition as well as to Indian firms and others having a legitimate interest. The synopses shall state that the acquisitions are restricted to Indian firms under the Buy Indian Act.

326.605 Responsibility determinations.
(a) The contracting officer may award a contract under the Buy Indian Act only if it is determined that the contractor will likely perform satisfactorily and properly complete or maintain the contracted project or function.
(b) The contracting officer shall make the written determination specified in paragraph (a) of this section prior to the award of a contract. The determination shall reflect an analysis of FAR 9.104-1 standards.

Subpart 326.7—Acquisitions Requiring the Native American Graves Protection and Repatriation Act

326.700 Scope of subpart.
Public Law 101–601, dated November 16, 1990, also known as the Native American Graves Protection and Repatriation Act, imposes certain responsibilities on individuals and organizations when they discover Native American cultural items (including human remains) on Federal or tribal lands.

326.701 Applicability.
The contracting officer shall insert the clause at 352.226–3, Native American Graves Protection and Repatriation Act, in solicitations, contracts, and orders requiring performance on tribal lands or those for construction projects on Federal or tribal lands.

(2) The solicitation and resultant contract shall include a statement of work or performance work statement that describes the total project, covers all proposed increments of performance, and contains a schedule of planned increments of performance. The resultant contract shall also include the corresponding
332.703–71 Incrementally funded cost-reimbursement contracts.

Incremental funding may be used in cost-reimbursement contracts for severable services only when all of the following circumstances are present:

(a) Funding of increments after the initial increment of performance is provided from the appropriation account available for obligation at that time;

(b) The project represents a bona fide need of the fiscal year in which the contract is awarded and initially funded (i.e., the initial increment of performance) and is also a bona fide need of each subsequent fiscal year whose appropriation will be used; and

(1) The application of earned value management is optional at the discretion of the program/project manager and is a risk-based decision that must be supported by a cost/benefit analysis; and

(2) A decision to apply earned value management shall be documented in the contract file.

(d) For firm-fixed-price contracts and subcontracts of any dollar value the application of earned value management is discouraged.

334.202 Integrated Baseline Reviews (IBRs).

(a) An IBR normally should be conducted as a post-award activity. A pre-award IBR may be conducted only if—

(1) The acquisition plan contains documentation that demonstrates the need and rationale for a pre-award IBR, including an assessment of the impact on the source selection schedule and the expected benefits;

(2) The use of a pre-award IBR is approved in writing by the head of the contracting activity prior to the issuance of the solicitation; and

(3) The source selection plan and solicitation specifically addresses how the results of a pre-award IBR will be used during source selection, including any weight to be given to it in source evaluation; and

(4) Specific arrangements are made, and budget authority is provided, to compensate all offerors who prepare for or participate in a pre-award IBR; and the solicitation informs prospective offerors of the means for and conditions of such compensation.

PART 335—RESEARCH AND DEVELOPMENT CONTRACTING

Sec. 335.070 Cost-sharing.

335.070–1 Policy.

335.070–2 Amount of cost-sharing.

335.070–3 Method of cost-sharing.

335.071 [Reserved]

335.072 Key personnel.

SOURCE: 80 FR 72151, Nov. 18, 2015, unless otherwise noted.

335.070 Cost-sharing.

335.070–1 Policy.

(a) Contracting activities should encourage contractors to contribute to the cost of performing research and development (R&D), through the use of cost-sharing contracts, where there is a probability that the contractor will receive present or future benefits from participation as described in Federal Acquisition Regulation (FAR) 16.303.
Examples include increased technical know-how, training for employees, acquisition of goods or services, development of a commercially viable product that can be sold in the commercial market and use of background knowledge in future contracts. Cost-sharing is intended to serve the mutual interests of the Government and its contractors by helping to ensure efficient utilization of the resources available for the conduct of R&D projects and by promoting sound planning and prudent fiscal policies of the contractor. The Government’s interest includes positive impact on the community at large.

(b) The contracting officer should use a cost-sharing contract for R&D contracts, unless the contracting officer determines that a request for cost-sharing would not be appropriate.

(c) Any determination made by a contracting officer as described in this section shall be evidenced by appropriate documentation in the contract file.

335.070–2 Amount of cost-sharing.

When cost-sharing is appropriate, the contracting officer shall use the following guidelines to determine the amount of cost participation by the contractor:

(a) The amount of cost participation depends on the extent to which the R&D effort or results are likely to enhance the contractor’s capability, expertise, or competitive position, and the value of this enhancement to the contractor. Therefore, contractor cost participation could reasonably range from as little as one percent or less of the total project cost to more than 50 percent of the total project cost. Ultimately, cost-sharing is a negotiable item. As such, the amount of cost-sharing shall be proportional to the anticipated value of the contractor’s gain.

(b) If the contractor will not acquire title to, or the right to use, inventions, patents, or technical information resulting from the R&D project, it is normally appropriate to obtain less cost-sharing than in cases in which the contractor acquires these rights.

(c) If the R&D is expected to be of only minor value to the contractor, and if a statute does not require cost-sharing, it may be appropriate for the contractor to make a contribution in the form of a reduced fee or profit rather than sharing costs of the project. Alternatively, a limitation on indirect cost rates might be appropriate. See FAR 42.707. See also, FAR 16.303.

(d) The contractor’s participation may be considered over the total term of the project, so that a relatively high contribution in 1 year may be offset by a relatively low contribution in another. Care must be exercised that the intent to cost-share in future years does not become illusory. Redetermination of the cost sharing arrangement might be appropriate depending on future circumstances.

(e) A relatively low degree of cost-sharing may be appropriate if an area of R&D requires special stimulus in the national interest.

335.070–3 Method of cost-sharing.

Cost-sharing on individual contracts may be accomplished either by a contribution of part or all of one or more elements of allowable cost of the work being performed or by a fixed amount or stated percentage of the total allowable costs of the project. Contractors shall not charge costs contributed to the Government under any other instrument (e.g., grant or contract), including allocations to other instruments as part of any independent R&D program.

335.071 [Reserved]

335.072 Key personnel.

If the contracting officer determines that the personnel to be assigned to perform effort on an R&D contract are critical to the success of the R&D effort, or were a critical factor in the award of the contract, then the contracting officer should consider using the key personnel clause at 352.237–75, Key Personnel.

Requiring activities must consult with their Section 508 Official or designee to determine if the contractor should be responsible for compliance with EIT accessibility standards which apply to Web site content and communications material.

(b) When acquiring commercial items, if no commercially available supplies or services meet all of the applicable Section 508 accessibility standards, OPDIVs or STAFFDIVs shall, under the direction and approval of the Section 508 Official or designee, acquire the supplies and services that best meet the applicable Section 508 accessibility standards.

If an AP does not address Section 508 applicability and it appears an acquisition involves Section 508, or if the discussion of Section 508 applicability to the acquisition is inadequate or incomplete, the contracting officer shall request the requiring activity modify the AP accordingly.
(d) Items provided incidental to contract administration are not subject to this section.

As prescribed in HHSAR 304.7201, insert the following clause:

PREVENTION AND PUBLIC HEALTH FUND—REPORTING REQUIREMENTS (DEC 2015)

(a) Pursuant to public law this contract requires the contractor to provide products or services or both that are funded from the Prevention and Public Health Fund (PPHF). Public Law 111–146, sec. 4002. Section 220(b)(5) requires each contractor to report on its use of these funds under this contract. These reports will be made available to the public.

(b) Semi-annual reports from the Contractor for all work funded, in whole or in part, by the PPHF, are due no later than 20 days following the end of each 6-month period. The 6-month reporting periods are January through June and July through December. The first report is due no later than 20 days after the end of the 6-month period following contract award. Subsequent reports are due no later than 20 days after the end of each reporting period. If applicable, the Contractor shall submit its final report for the remainder of the contract period no later than 20 days after the end of the reporting period in which the contract ended.

subcontractor is authorized under this contract. All printing required must be performed by the Government Printing Office except as authorized by the Contracting Officer. The Contracting Officer shall submit camera-ready copies to the Contracting Officer’s Representative (COR). The terms “printing” and “duplicating/copying” are defined in the Government Printing and Binding Regulations of the Joint Committee on Printing.

(b) If necessary for performance of the contract, the Contractor may duplicate or copy less than 5,000 production units of only one page, or less than 25,000 production units in aggregate of multiple pages for the use of a department or agency. A production unit is defined as one sheet, size 8.5 x 11 inches, one side only, and one color. The pages may not exceed a maximum image size of 10¾ by 14¼ inches. This page limit applies to each printing requirement and not for all printing requirements under the entire contract.

(c) Approval for all printing, as well as duplicating/copying in excess of the stated limits, shall be obtained from the COR who will consult with the designated publishing services office and provide direction to the contractor. The Contractor shall submit the plan to the Contracting Officer and must receive approval prior to the event. The Contractor may submit a consolidated or master plan for contracts requiring numerous events in lieu of separate plans.

(b) Whether or not HHS is the conference sponsor, the Contractor shall include the following statement on conference materials, including promotional materials, agendas, and Web sites:

“This conference was funded, in whole or in part, through a contract (insert contract number) with the Department of Health and Human Services (HHS) (insert name of OPDIV or STAFFDIV). The views expressed in written conference materials and by speakers and moderators at this conference, do not necessarily reflect the official policies of HHS, nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.”

352.211–3 Paperwork Reduction Act.

As prescribed in HHSAR 311.7301, the Contracting Officer shall insert the following clause:

No plan, questionnaire, interview guide or other similar device for collecting information (whether repetitive or single time) may be used.
Health and Human Services

without the Office of Management and Budget (OMB) first providing clearance. Contractors and the Contracting Officer’s Representative shall be guided by the provisions of 5 CFR part 1320, Controlling Paperwork Burdens on the Public, and seek the advice of the HHS operating division or Office of the Secretary Reports Clearance Officer to determine the procedures for acquiring OMB clearance.

(b) The Contractor shall not expend any funds or begin any data collection until the Contracting Officer provides the Contractor with written notification authorizing the expenditure of funds and the collection of data. The Contractor shall allow at least 120 days for OMB clearance. The Contracting Officer will consider excessive delays caused by the Government which arise out of causes beyond the control and without the fault or negligence of the Contractor in accordance with the Excusable Delays or Default clause of this contract.

(End of clause)

352.215–70 Late Proposals and Revisions.

As prescribed in HHSAR 315.208, the Contracting Officer shall insert the following provision:

LATE PROPOSALS AND REVISIONS (DEC 2015) DEVIATION

Notwithstanding the procedures contained in FAR 52.215-1(c)(3) of the provision of this solicitation entitled Instructions to Offerors–Competitive Acquisition, the Government may consider a proposal received after the date specified for receipt if it appears to offer significant cost or technical advantage to the Government and it was received before proposals were distributed for evaluation, or within 5 calendar days after the exact time specified for receipt, whichever is earlier.

(End of provision)

352.216–70 Additional Cost Principles for Hospitals (Profit and Non-Profit).

As prescribed in HHSAR 316.307(a)(2), the Contracting Officer shall insert the following clause:

ADDITIONAL COST PRINCIPLES FOR HOSPITALS (PROFIT OR NON-PROFIT) (DEC 2015)

(a) Bid and proposal (B&P) costs. (1) B&P costs are the immediate costs of preparing bids, proposals, and applications for potential Federal and non-Federal contracts, grants, and agreements, including the development of scientific, cost, and other data needed to support the bids, proposals, and applications. (2) B&P costs of the current accounting period are allowable as indirect costs. (3) B&P costs of past accounting periods are unallowable in the current period. However, if the organization’s established practice is to treat these costs by some other method, they may be accepted if they are found to be reasonable and equitable. (4) B&P costs do not include independent research and development (IR&D) costs covered by the following paragraph, or pre-award costs covered by paragraph 36 of Attachment B to OMB Circular A–122.

(b) IR&D costs.

(1) IR&D is research and development conducted by an organization which is not sponsored by Federal or non-Federal contracts, grants, or other agreements. (2) IR&D shall be allocated its proportionate share of indirect costs on the same basis as the allocation of indirect costs to sponsored research and development. (3) The cost of IR&D, including its proportionate share of indirect costs, is unallowable.

(End of clause)

352.219–70 Mentor-Protege Program.

As prescribed in HHSAR 319.270–1(a), the Contracting Officer shall insert the following provision:

MENTOR-PROTEGE PROGRAM (DEC 2015)

(a) Large business prime contractors serving as mentors in the HHS Mentor-Protege Program are eligible for HHS subcontracting plan credit, and shall submit a copy of their HHS Office of Small and Disadvantaged Business Utilization (OSDBU)-approved mentor-protege agreements as part of their offers. The amount of credit provided by the Contracting Officer to a mentor firm for protege firm developmental assistance costs shall be calculated on a dollar for dollar basis and reported by the mentor firm in the Summary Subcontract Report via the Electronic Subcontracting Reporting System (eSRS) at www.esrs.gov. The mentor firm and protege firm shall submit to the Contracting Officer a signed joint statement agreeing on the dollar value of the developmental assistance the mentor firm provided. (For example, a mentor firm would report a $10,000 subcontract awarded to a protege firm and provision of $5,000 of developmental assistance as $15,000 of subcontracting plan credit.) The mentor firm may use this additional credit towards attaining its subcontracting plan participation goal under this contract.

(b) The program consists of—

(1) Mentor firms—large businesses that:
352.219–71

(i) Demonstrate the interest, commitment, and capability to provide developmental assistance to small business protégé firms; and
(ii) Have a Mentor-Protégé agreement approved by HHS' OSDBU;
(2) Protégé firms—firms that:
(i) Seek developmental assistance;
(ii) Qualify as small businesses, veteran-owned small businesses, service-disabled veteran-owned small businesses, HUBZone small businesses, small disadvantaged businesses, or woman-owned small businesses; and

The term system of records means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual. Violations of the Act by the Contractor and/or its employees may result in the imposition of criminal penalties (5 U.S.C. 552a(i)).

The Contractor shall ensure that each of its employees knows the prescribed rules of conduct in 45 CFR part 5b and that each employee is aware that he/she is subject to criminal penalties for violation of the Act to the same extent as Department of Health and Human Services employees. These provisions also apply to all subcontracts the Contractor awards under this contract which require the design, development or operation of the designated system(s) of records (5 U.S.C. 552a(m)(1)). The contract work statement:

2. For information provided by or on behalf of the government:

(i) The publication or dissemination of the following types of information are restricted under this contract:

(a) The Contractor agrees to give preference in employment opportunities under this contract to Indian organizations and Indian-owned economic enterprises in the awarding of any subcontracts to the extent feasible and consistent with the efficient performance of this contract. The Contractor

(End of clause)
shall maintain the necessary statistical records to demonstrate compliance with this paragraph.

(b) In connection with the Indian employment preference requirements of this clause, the Contractor shall provide reasonable opportunities for training, incident to such employment. Such training shall include on-the-job, classroom, or apprenticeship training designed to increase the vocational effectiveness of an Indian employee.

(c) If the Contractor is unable to fill its employment and training opportunities after giving full consideration to Indians as required by this clause, the Contractor may satisfy those needs by selecting non-Indian persons in accordance with the clause of this contract entitled “Equal Opportunity.”

(d) If no Indian organizations or Indian-owned economic enterprises are available under reasonable terms and conditions, including price, for awarding of subcontracts in connection with the work performed under this contract, the Contractor agrees to comply with the provisions of this contract involving utilization of small businesses; HUBZone small businesses; service-disabled, veteran-owned small businesses; 8(a) small businesses; veteran-owned small businesses; women-owned small businesses; or small disadvantaged businesses.

(e) As used in this clause,

(1) Indian means a person who is a member of an Indian tribe. (2) Indian tribe means an Indian tribe, pueblo, band, nation, or other organized group or community, including Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688; 43 U.S.C. 1601) which the United States recognizes as eligible for the special programs and services provided to Indians because of its status as Indians.

(3) Indian organization means the governing body of any Indian Tribe or entity established or recognized by such governing body in accordance with the Indian Financing Act of 1974 (88 Stat. 77; 25 U.S.C. 1451).

(4) Indian-owned economic enterprise means any Indian-owned commercial, industrial, or business activity established or organized for the purpose of profit, provided that such Indian ownership shall constitute not less than 51 percent of the enterprise, and that ownership shall encompass active operation and control of the enterprise.

(f) The Contractor agrees to include the provisions of this clause, including this paragraph (f) of this clause, in each subcontract awarded at any tier under this contract.

(g) In the event of noncompliance with this clause, the Contracting Officer may terminate the contract in whole or in part or may pursue any other remedies authorized by law or by other provisions of the contract.

(End of clause)

352.226-2 Indian Preference Program.

As prescribed in HHSAR 326.505(b), the Contracting Officer shall insert the following clause:

INDIAN PREFERENCE PROGRAM (DEC 2015)

(a) In addition to the requirements of the clause of this contract entitled “Indian Preference,” the Contractor agrees to establish and conduct an Indian preference program which will expand opportunities for Indians to receive preference for employment and training in connection with the work performed under this contract, and which will expand the opportunities for Indian organizations and Indian-owned economic enterprises to receive a preference in the awarding of subcontracts. In this connection, the Contractor shall perform the following:

(1) Designate a liaison officer who will maintain liaison with the Government and the Tribe(s) on Indian preference matters; supervise compliance with the provisions of this clause; and administer the Contractor’s Indian preference program.

(2) Advise its recruitment sources in writing and include a statement in all employment advertisements that Indian applicants receive preference in employment and training incident to such employment.

(3) Not more than 20 calendar days after award of the contract, post a written notice setting forth the Contractor’s employment needs and related training opportunities in the tribal office of any reservations on or near the contract work location. The notice shall include the approximate numbers and types of employees needed; the approximate dates of employment; any experience or special skills required for employment; training opportunities available; and other pertinent information necessary to advise prospective employees of any other employment requirements. The Contractor shall also request the tribe(s) on or near whose reservation(s) the Contractor will perform contract work to provide assistance filling its employment needs and training opportunities. The Contracting Officer will advise the Contractor of the name, location, and phone number of the Tribal officials to contact regarding the posting of notices and requests for Tribal assistance.

(4) Establish and conduct a subcontracting program which gives preference to Indian organizations and Indian-owned economic enterprises as subcontractors (including suppliers) under this contract. The Contractor-
shall give public notice of existing subcontracting opportunities and, to the extent feasible and consistent with the efficient performance of this contract, shall solicit bids or proposals from Indian organizations or Indian-owned economic enterprises only. The Contractor shall request assistance and information on Indian firms qualified as subcontractors (including suppliers) from the Tribe(s) on or near whose reservation(s) the Contractor will perform contract work. The Contracting Officer will advise the Contractor of the name, location, and phone number of the Tribal officials to contact regarding the request for assistance and information. Public notices and solicitations for existing subcontracting opportunities shall provide an equitable opportunity for Indian firms to submit bids or proposals by including—

(i) A clear description of the supplies or services required, including quantities, specifications, and delivery schedules that facilitate the participation of Indian firms;
(ii) A statement indicating that Indian organizations and Indian-owned economic enterprises will receive preference in accordance with section 7(b) of Public Law 93–638; 25 U.S.C. 450e(b);
(iii) Definitions for the terms “Indian organization” and “Indian-owned economic enterprise” prescribed under the “Indian Preference” clause of this contract;
(iv) A statement that the bidder or offeror shall complete certifying that it is an Indian organization or Indian-owned economic enterprise; and
(v) A closing date for receipt of bids or proposals which provides sufficient time for preparation and submission of a bid or proposal. If, after soliciting bids or proposals from Indian organizations and Indian-owned economic enterprises, the Contractor receives no responsive bid or acceptable proposal, the Contractor shall comply with the requirements of paragraph (d) of the “Indian Preference” clause of this contract. If the Contractor receives one or more responsive bids or conforming proposals, the Contractor shall award the contract to the low, responsive, responsible bidder or conforming offer from a responsible offeror if the price is reasonable. If the Contractor determines the low responsive bid or conforming proposal’s price is unreasonable, the Contractor shall attempt to negotiate a reasonable price and award a subcontract. If parties cannot agree on a reasonable price, the Contractor shall comply with the requirements of paragraph (d) of the “Indian Preference” clause of this contract.

Maintain written records under this contract which demonstrate—

(i) The numbers of Indians seeking employment for each employment position available under this contract;
(ii) The number and types of positions filled by Indians and non-Indians;
(iii) The total number of Indians employed under this contract;
(iv) For those positions having both Indian and non-Indian applicants, and a non-Indian is selected for employment, the reason(s) why the Contractor did not select the Indian applicant;
(v) Actions taken to give preference to Indian organizations and Indian-owned economic enterprises for subcontracting opportunities which exist under this contract;
(vi) Reasons why Indian subcontractors and or suppliers did not receive preference for each requirement where the Contractor determined that such preference was inconsistent with efficient contract performance; and
(vii) The number of Indian organizations and Indian-owned economic enterprises contacted, and the number receiving subcontract awards under this contract.

(b) For purposes of this clause, the following definitions of terms shall apply:

(1) The terms Indian, Indian tribe, Indian organization, and Indian-owned economic enterprise are defined in the clause of this contract entitled Indian Preference.
(2) Indian reservation includes Indian reservations, public domain Indian allotments, former Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act (85 Stat. 688; 43 U.S.C. 1611 et seq.)
(3) On or near an Indian reservation means on a reservation or reservations or within that area surrounding an Indian reservation(s) where a person seeking employment could reasonably expect to commute to and from in the course of a work day.
(c) Nothing in the requirements of this clause shall preclude Indian tribes from independently developing and enforcing their own Indian preference requirements. Such requirements must not conflict with any Federal statutory or regulatory requirement dealing with the award and administration of contracts.
Health and Human Services

(d) The Contractor agrees to include the provisions of this clause, including this paragraph (d), in each subcontract awarded at any tier under this contract and to notify the Contracting Officer of such subcontracts.

(e) In the event of noncompliance with this clause, the Contracting Officer may terminate the contract in whole or in part or may pursue any other remedies authorized by law or by other provisions of the contract.

(End of clause)

352.226–3 Native American Graves Protection and Repatriation Act

As prescribed in HHSAR 326.701, the Contracting Officer shall insert the following clause:

NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT (DEC 2015)

(a) Public Law 101–601, dated November 16, 1990, also known as the Native American Graves Protection and Repatriation Act, imposes certain responsibilities on individuals and organizations when they discover Native American cultural items (including human remains) on Federal or tribal lands.

(b) In the event the Contractor discovers Native American cultural items (including human remains, associated funerary objects, unassociated funerary objects, sacred objects and cultural patrimony), as defined in the Act during contract performance, the Contractor shall—

(1) Immediately cease activity in the area of the discovery;

(2) Notify the Contracting Officer of the discovery; and

(3) Make a reasonable effort to protect the items discovered before resuming such activity. Upon receipt of the Contractor’s discovery notice, the Contracting Officer will notify the appropriate authorities as required by the Act.

(c) Unless otherwise specified by the Contracting Officer, the Contractor may resume activity in the area on the 31st calendar day following the date that the appropriate authorities certify receipt of the discovery notice. The Contracting Officer shall provide to the Contractor the date that the appropriate authorities certify receipt of the discovery notice and the date on which the Contractor may resume activities.

352.227–11 Patent Rights—Exceptional Circumstances

As prescribed in HHSAR 327.303, the Contracting Officer shall insert the following clause:

PATENT RIGHTS—EXCEPTIONAL CIRCUMSTANCES (SEPT 2014)

This clause applies to all Contractor and subcontractor (at all tiers) Subject Inventions.

(a) Definitions. As used in this clause—

Agency means the U.S. Department of Health and Human Services that is entering into this contract.

Class 1 Subject Invention means a Subject Invention described and defined in the DEC that will be assigned to a third party assignee, or assigned as directed by the Agency.

Class 2 Subject Invention means a Subject Invention described and defined in the DEC.

Class 3 Subject Invention means a Subject Invention that does not fall into Class 1 or Class 2 as defined in this clause.

DEC means the Determination of Exceptional Circumstances signed by [insert approving official] on [insert date] and titled “[insert description].”

Invention means any invention or discovery, which is or may be patentable or otherwise protectable under Title 35 of United States Code, or any novel variety of plant that is or may be protectable under the Plant Variety Protection Act (7 U.S.C. 2321, et seq.)

Made means: When used in relation to any invention other than a plant variety, the conception or first actual reduction to practice of such invention; or when used in relation to a plant variety, that the Contractor has at least tentatively determined that the variety has been reproduced with recognized characteristics.

Material means any proprietary material, method, product, composition, compound, or device, whether patented or unpatented, which is provided to the Contractor under this contract.

Nonprofit organization means a university or other institution of higher education or an organization of the type described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)) and exempt from taxation under section 501(a) of the Internal Revenue Code (26 U.S.C. 501(a)) or any nonprofit scientific or educational organization qualified under a state nonprofit organization statute.

Practical application means to manufacture, in the case of a composition or product; to practice, in the case of a process or method, or to operate, in the case of a machine or system; and, in each case, under such conditions as to establish that the invention is being utilized and that its benefits are, to the extent permitted by law or Government regulations, available to the public on reasonable terms.

Small business firm means a small business concern as defined at section 2 of Public Law
85–536 (15 U.S.C. 632) and implementing regulations of the Administrator of the Small Business Administration. For the purpose of this clause, the size standards for small businesses and small businesses subcontracting at 13 CFR 121.3-8 and 13 CFR 121.3-12, respectively, will be used.

Third party assignee means any invention of the Contractor made in the performance of work under this contract.

Third party assignee means any entity or organization that may, as described in the DEC, be assigned Class 1 inventions.

(b) Allocation of principal rights. (1) Retention of pre-existing rights. Third party assignees shall retain all preexisting rights to material in which the third party assignee has a proprietary interest.

(2) Allocation of Subject Invention rights. (i) Disposition of Class 1 Subject Inventions. (A) Assignment to the third party assignee or as directed by the agency. The contractor shall assign to the third party assignee designated by the agency the entire right, title, and interest throughout the world to each Subject Invention, or otherwise dispose of or transfer those rights as directed by the agency, except to the extent that rights are retained by the contractor under paragraph (b)(3) of this clause. Any such assignment or other disposition or transfer of rights will be subject to a nonexclusive, nontransferable, irrevocable, paid-up license to the U.S. government to practice the invention for all non-profit research including for educational purposes and to permit other U.S. nonprofit organizations to do so.

(B) [Reserved]

(ii) Disposition of Class 2 and 3 Subject Inventions. Class 2 Subject Inventions shall be governed by FAR clause 52.227–11, Patent Rights-Ownership (December 2007) (incorporated herein by reference). However, the contractor shall grant a license in the Class 2 Subject Inventions to the provider of the material or other party designated by the agency as set forth in alternate I.

(iii) Class 3 Subject Inventions shall be governed by FAR clause 52.227–11, Patent Rights—Ownership by the Contractor (December 2007) (previously incorporated herein by reference).

(2) Greater Rights Determinations. The contractor, or an employee-inventor after consultation by the agency with the contractor, may request greater rights than are provided in paragraph (b)(1) of this clause in accordance with the procedures of FAR paragraph 27.304–1(c). In addition to the considerations set forth in paragraph 27.304–1(c), the agency may consider whether granting the requested greater rights will interfere with rights of the government or any third party assignee or otherwise impede the ability of the government or the third party assignee to, for example, develop and commercialize new compounds, dosage forms, therapies, preventative measures, technologies, or other approaches with potential for the diagnosis, prognosis, prevention, and treatment of human diseases.

A request for a determination of whether the contractor or the employee-inventor is entitled to retain such greater rights must be submitted to the agency contracting officer at the time of the first disclosure of the invention pursuant to paragraph (c)(1) of this clause, or not later than 8 months thereafter, unless a longer period is authorized in writing by the contracting officer for good cause shown in writing by the contractor. Each determination of greater rights under this contract shall be subject to paragraph (c) of the FAR clause at 52.227–13 (incorporated herein by reference), and to any reservations and conditions deemed to be appropriate by the agency such as the requirement to assign or exclusively license the rights to Subject Inventions to the third party assignee.

A determination by the agency denying a request by the contractor for greater rights in a Subject Invention may be appealed within 30 days of the date the contractor is notified of the determination to an agency official at a level above the individual who made the determination. If greater rights are granted, the contractor must file a patent application on the invention. Upon request, the contractor shall provide the filing date, serial number and title, a copy of the patent application (including an English-language version if filed in a language other than English), and patent number and issue date for any Subject Invention in any country for which the contractor has retained title. Upon request, the contractor shall furnish the government an irrevocable power to inspect and make copies of the patent application file.

(c) Invention disclosure by contractor. The contractor shall disclose in writing each Subject Invention to the agency contracting officer and to the director, division of extramural inventions and technology resources (DEITR), if directed by the contracting officer, as provided in paragraph (j) of this clause within 2 months after the inventor discloses it in writing to contractor personnel responsible for patent matters. The disclosure to the agency contracting officer shall be in the form of a written report and shall identify the contract under which the invention was made and all inventors. It shall be sufficiently complete in technical detail to convey a clear understanding to the
extent known at the time of the disclosure, of the nature, purpose, operation, and the physical, chemical, biological, or electrical characteristics of the invention. The disclosure shall also identify any publication, on sale (offer for sale), or public use of the invention and whether a manuscript describing the invention has been submitted for publication, and if so, whether it has been accepted for publication at the time of disclosure.

In addition, after disclosure to the Agency, the Contractor will promptly notify the Contracting Officer and DEITR of the acceptance of any manuscript describing the invention for publication or of any on sale or public use planned by the Contractor. If the Contractor assigns a Subject Invention to the Third party assignee, then the Contractor and its employee inventors shall assist the Third party assignee in securing patent protection and shall require, as a minimum, the information required by subparagraph (c)(1) of this clause; convey title to a Third party assignee or other costs incurred in securing patent protection shall be borne at the Third party’s expense and not billable to the Contractor.

(1) The Contractor agrees to execute or to have executed and promptly deliver to the Agency all instruments necessary to: Establish or confirm the rights the Government has throughout the world in Subject Inventions pursuant to paragraph (b) of this clause; convey title to a Third party assignee in accordance with paragraph (b) of this clause; and enable the Third party assignee to obtain patent protection throughout the world in that Subject Invention.

(2) The Contractor agrees, by written agreement, its employees, other than clerical and nontechnical employees, to disclose promptly in writing to personnel identified as responsible for the administration of patent matters and in a format suggested by the Contractor, each Subject Invention “Made” under contract in order that the Contractor can comply with the disclosure provisions of paragraph (c) of this clause, and to execute all papers necessary to file patent applications on Subject Inventions and to establish the Government’s rights or a Third party assignee’s rights in the Subject Inventions. This disclosure format should require, as a minimum, the information required by subparagraph (c)(1) of this clause. The Contractor shall instruct such employees, through employee agreements or other suitable educational programs, on the importance of reporting inventions in sufficient time to permit the filing of patent applications prior to U.S. or foreign statutory bars.

(3) If the Contractor is granted greater rights, the Contractor agrees to include, within the specification of any United States non-provisional patent application it files, and any patent issuing from any Subject Invention the following statement: “This invention was made with Government support under (identify the Contract) awarded by (identify the Agency) the Government has certain rights in the Invention.”

(4) The Contractor agrees to provide a final invention statement and certification prior to the closeout of the contract listing all Subject Inventions or stating that there were none.

(e) Subcontracts. (1) The Contractor will include this clause in all subcontracts, regardless of tier, for experimental, developmental, or research work. At all tiers, the clause must be modified to identify the parties as follows: References to the Government are not changed, and the subcontractor has all rights and obligations of the Contractor in the clause. The Contractor will not, as part of the consideration for awarding the contract, obtain rights in the subcontractor’s Subject Inventions.

(2) In subcontracts, at any tier, the Agency, the subcontractor, and the Contractor agree that the mutual obligations of the parties created by this clause constitute a contract between the subcontractor and the Agency with respect to the matters covered by the clause; provided, however, that nothing in this paragraph is intended to confer any jurisdiction under the Contract Disputes Act in connection with proceedings under paragraph (c)(1)(ii) of FAR clause 52.227-13.

(f) Reporting on utilization of Subject Inventions in the event greater rights are granted to the Contractor. The Contractor agrees to submit, on request, periodic reports no more frequently than annually on the utilization of a Subject Invention or on efforts at obtaining such utilization that are being made by the Contractor or its licensees or assignees when a request under subparagraph b.3. has been granted by the Agency. Such reports shall include information regarding the status of development, date of first commercial sale or use, gross royalties received by the Contractor, and such other data and information as the Agency may reasonably specify. The Contractor also agrees to provide additional reports as may be requested by the Agency in connection with any march-in proceeding undertaken by the Agency in accordance with paragraph (h) of this clause. As required by 35 U.S.C. 202(c)(5), the Agency agrees it will not disclose such information to persons outside the Government without permission of the Contractor.

(g) Preference for United States industry in the event greater rights are granted to the Contractor. Notwithstanding any other provision of this clause, the Contractor agrees
that neither it nor any assignee will grant to any person the exclusive right to use or sell any Subject Invention in the United States unless such person agrees that any product embodying the Subject Invention or produced through the use of the Subject Invention will be manufactured substantially in the United States. However, in individual cases, the Agreement may be waived by the Agency upon a showing by the Contractor or its assignee that reasonable but unsuccessful efforts have been made to grant licenses on similar terms to potential licensees that would be likely to manufacture substantially in the United States or that under the circumstances domestic manufacture is not commercially feasible.

(h) **March-in rights in the event greater rights are granted to the Contractor.** The Contractor acknowledges that, with respect to any Subject Invention in which it has acquired ownership through the exercise of the rights specified in paragraph (b)(3) of this clause, the Agency has the right to require licensing pursuant to 35 U.S.C. 203 and 210(c), and in accordance with the procedures in 37 CFR 401.6 and any supplemental regulations of Agency in effect on the date of contract award.

(i) **Special provisions for contracts with nonprofit organizations in the event greater rights are granted to the Contractor.** If the Contractor is a nonprofit organization, it shall:

1. Not assign rights to a Subject Invention in the United States without the written approval of the Agency, except where an assignment is made to an organization that has as one of its primary functions the management of inventions, provided that the assignee shall be subject to the same provisions as the Contractor;

2. Share royalties collected on a Subject Invention with the inventor, including Federal employee co-inventors (but through their Agency if the Agency deems it appropriate) when the Subject Invention is assigned in accordance with 35 U.S.C. 202(e) and 37 CFR 401.10;

3. Use the balance of any royalties or income earned by the Contractor with respect to Subject Inventions, after payment of expenses (including payments to inventors) incidental to the administration of Subject Inventions for the support of scientific research or education;

4. Make efforts that are reasonable under the circumstances to attract licensees of Subject Inventions that are small business concerns, and give a preference to a small business concern when licensing a Subject Invention if the Contractor determines that the small business concern has a plan or proposal for marketing the invention which, if executed, is equally as likely to bring the invention to practical application as any plans or proposals from applicants that are not small business concerns; provided, that the Contractor is also satisfied that the small business concern has the capability and resources to carry out its plan or proposal. The decision whether to give a preference in any specific case will be at the discretion of the Contractor; and

5. Allow the Secretary of Commerce to review the Contractor’s licensing program and decisions regarding small business applicants, and negotiate changes to its licensing policies, procedures, or practices with the Secretary of Commerce when the Secretary’s review discloses that the Contractor could take reasonable steps to more effectively implement the requirements of paragraph (i)(4) of this clause.

(j) **Communications.** All invention disclosures and requests for greater rights shall be sent to the Agency Contracting Officer, as directed by the Contracting Officer. Additionally, a copy of all disclosures, confirmatory licenses to the Government, face page of the patent applications, waivers and other routine communications under this funding agreement at all tiers must be sent to:

(a) **Definitions.** As used in this clause—Definitions may be added or modified in paragraph (a) as applicable.

**Computer database or database** means a collection of recorded information in a form capable of, and for the purpose of, being stored in, processed, and operated on by a computer. The term does not include computer software.

**Computer software**—(1) Means (A) Computer programs that comprise a series of instructions, rules, routines, or statements, regardless of the media in which recorded, that allow or cause a computer to perform a specific operation or series of operations; and

(B) Recorded information comprising source code listings, design details, algorithms, processes, flow charts, formulas, and
related material that would enable the computer program to be produced, created, or compiled.

(ii) Does not include computer databases or computer software documentation.

Computer software documentation means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

Data means recorded information, regardless of form or the medium on which it may be recorded. The term includes technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

Form, fit, and function data means data relating to items, components, or processes that are sufficient to enable physical and functional interchangeability, and data identifying source, size, configuration, mating and attachment characteristics, functional characteristics, and performance requirements. For computer software it means data identifying source, functional characteristics, and performance requirements but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

Limited rights means the rights of the Government in limited rights data as set forth in the Limited Rights Notice in Alternate II paragraph (g)(3) if included in this clause. "Limited rights data" means data, other than computer software, that embody trade secrets or are commercial or financial and confidential or privileged, to the extent that such data pertain to items, components, or processes developed at private expense, including minor modifications.

Restricted computer software means computer software developed at private expense and that is a trade secret, is commercial or financial, and confidential or privileged, or is copyrighted computer software, including minor modifications of the computer software.

Restricted rights, as used in this clause, means the rights of the Government in restricted computer software, as set forth in a Restricted Rights Notice of Alternate III paragraph (g)(4) if included in this clause, or as otherwise may be provided in a collateral agreement incorporated in and made part of this contract, including minor modifications of such computer software.

Technical data means recorded information (regardless of the form or method of the recording) of a scientific or technical nature (including computer databases and computer software documentation). This term does not include computer software or financial, administrative, cost or pricing, or management data or other information incidental to contract administration. The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41 U.S.C. 409(b)).

Unlimited rights means the rights of the Government to use, disclose, reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, in any manner and for any purpose, and to have or permit others to do so.

(b) Allocation of rights. (1) Except as provided in paragraph (c) of this clause, the Government shall have unlimited rights in—

(i) Data first produced in the performance of this contract;

(ii) Form, fit, and function data delivered under this contract;

(iii) Data delivered under this contract (except for restricted computer software) that constitute manuals or instructional and training material for installation, operation, or routine maintenance and repair of items, components, or processes delivered or furnished for use under this contract; and

(iv) All other data delivered under this contract unless provided otherwise for limited rights data or restricted computer software in accordance with paragraph (g) of this clause.

(2) The Contractor shall have the right to—

(i) Assert copyright in data first produced in the performance of this contract to the extent provided in paragraph (c)(1) of this clause;

(ii) Use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, unless provided otherwise in paragraph (d) of this clause;

(iii) Substantiate the use of, add, or correct limited rights, restricted rights, or copyright notices and to take other appropriate action, in accordance with paragraphs (e) and (f) of this clause; and

(iv) Protect from unauthorized disclosure and use those data that are limited rights data or restricted computer software to the extent provided in paragraph (g) of this clause.

(c) Copyright—(1) Data first produced in the performance of this contract. (i) Unless provided otherwise in paragraph (d) of this clause, the Contractor may, without prior approval of the Contracting Officer, assert copyright in scientific and technical articles based on or containing data first produced in the performance of this contract and published in academic, technical or professional journals, symposia proceedings, or similar works. The prior, express written permission of the Contracting Officer is required to assert copyright in all other data first produced in the performance of this contract.

(ii) When authorized to assert copyright to the data, the Contractor shall affix the applicable copyright notices of 17 U.S.C. 401 or
352.227–14

48 CFR Ch. 3 (10–1–16 Edition)

402, and an acknowledgment of Government sponsorship (including contract number).

(iii) For data other than computer software, the Contractor grants to the Government on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public) by or on behalf of the Government.

(2) Data not first produced in the performance of this contract. The Contractor shall not, without the prior written permission of the Contracting Officer, incorporate in data delivered under this contract any data not first produced in the performance of this contract unless the Contractor—

(i) Identifies the data; and

(ii) Grants to the Government, or acquires on its behalf, a license of the same scope as set forth in paragraph (c)(1) of this clause or, if such data are restricted computer software, the Government shall acquire a copyright license as set forth in paragraph (g)(4) of this clause (if included in this contract) or as otherwise provided in a collateral agreement incorporated in or made part of this contract.

(3) Removal of copyright notices. The Government will not remove any authorized copyright notices placed on data pursuant to this paragraph (c), and will include such notices on all reproductions of the data.

(d) Release, publication, and use of data.

The Contractor shall have the right to use, release to others, reproduce, distribute, or publish any data first produced or specifically used by the Contractor in the performance of this contract, except—

(1) As prohibited by Federal law or regulation (e.g., export control or national security laws or regulations);

(2) As expressly set forth in this contract; or

(3) If the Contractor receives or is given access to data necessary for the performance of this contract that contain restrictive markings, the Contractor shall treat the data in accordance with such markings unless specifically authorized otherwise in writing by the Contracting Officer or in the following paragraphs.

(4) In addition to any other provisions, set forth in this contract, the Contractor shall ensure that information concerning possible inventions made under this contract is not prematurely published thereby adversely affecting the ability to obtain patent protection on such inventions. Accordingly, the Contractor will provide the Contracting Officer a copy of any publication or other public disclosure relating to the work performed under this contract at least 40 days in advance of the disclosure. Upon the Contracting Officer’s request the Contractor agrees to delay the public disclosure of such data or publication of such information for a reasonable time specified by the Contracting Officer, not to exceed 6 months, to allow for the filing of domestic and international patent applications in accordance with Clause 352.227–11, Patent Rights—Exceptional Circumstances (abbreviated month and year of Final Rule publication).

(5) Data on Material(s). The Contractor agrees that in accordance with paragraph (d)(2), proprietary data on Material(s) provided to the Contractor under or through this contract shall be used only for the purpose for which they were provided, including screening, evaluation or optimization and for no other purpose.

(6) Confidentiality. (i) The Contractor shall take all reasonable precautions to maintain Confidential Information as confidential, but no less than the steps Contractor takes to secure its own confidential information.

(ii) Contractor shall maintain Confidential Information as confidential unless specifically authorized otherwise in writing by the Contracting Officer. Confidential Information includes/does not include [Government may define confidential information here].

(e) Unauthorized marking of data. (1) Notwithstanding any other provisions of this contract concerning inspection or acceptance, if any data delivered under this contract are marked with the notices specified in paragraph (g)(3) or (4) of this clause (if those alternate paragraphs are included in this clause), and use of the notices is not authorized by this clause, or if the data bears any other restrictive or limiting markings not authorized by this contract, the Contracting Officer may cancel or ignore the markings. However, pursuant to 41 U.S.C. 253d, the following procedures shall apply prior to canceling or ignoring the markings.

(i) The Contracting Officer will make written inquiry to the Contractor advising the Contractor 60 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings.

(ii) If the Contractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 60-day period (or a longer time approved in writing by the Contracting Officer for good cause shown), the Government shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.

(iii) If the Contractor provides written justification to substantiate the propriety of
Health and Human Services

the markings within the period set in para-
graph (e)(1)(i) of this clause, the Contracting
Officer will consider such written justifica-
tion and determine whether or not the mark-
ings are to be cancelled. If the Contracting
Officer determines that the markings are authorized, the Contractor will be
so notified in writing. If the Contracting
Officer determines that the markings are not authorized, the Con-
tracting Officer will furnish the Contractor a
written determination, which determination
will become the final Agency decision re-
garding the appropriateness of the markings
unless the Contractor files suit in a court of
competent jurisdiction within 90 days of re-
cipient of the Contracting Officer’s decision.
The Government will continue to abide by
the markings under this paragraph (e)(1)(ii)
until final resolution of the matter either by
the Contracting Officer’s determination be-
coming final (in which instance the Govern-
ment will thereafter have the right to cancel
or ignore the markings at any time and the
data will no longer be made subject to any
disclosure prohibitions), or by final disposi-
tion of the matter by court decision if suit is
filed.

(2) The time limits in the procedures set
forth in paragraph (e)(1) of this clause may
be modified in accordance with Agency regu-
lations implementing the Freedom of Infor-
mation Act (5 U.S.C. 552) if necessary to re-
spond to a request there under.

(3) Except to the extent the Government’s
action occurs as the result of final disposi-
tion of the matter by a court of competent
jurisdiction, the Contractor is not precluded
by this paragraph (e) from bringing a claim,
in accordance with the Disputes clause of
this contract, that may arise as the result of
the Government removing or ignoring au-
thorized markings on data delivered under
this contract.

(5) **Omitted or incorrect markings.** (1) Data
delivered to the Government without any re-
strictive markings shall be deemed to have
been furnished with unlimited rights. The
Government is not liable for the disclosure,
use, or reproduction of such data.

(2) If the unmarked data has not been dis-
closed without restriction outside the Gov-
ernment, the Contractor may request, within
6 months (or a longer time approved by the
Contracting Officer in writing for good cause
shown) after delivery of the data, permission
to have authorized notices placed on the
data at the Contractor’s expense. The Con-
tracting Officer may agree to do so if the
Contractor—

(i) Identifies the data to which the omitted
notice is to be applied;

(ii) Demonstrates that the omission of the
notice was inadvertent;

(iii) Establishes that the proposed notice is
authorized; and

(iv) Acknowledges that the Government
has no liability for the disclosure, use, or re-
production of any data made prior to the ad-
dition of the notice or resulting from the
omission of the notice.

(3) If data has been marked with an incor-
rect notice, the Contracting Officer may—

(i) Permit correction of the notice at the
Contractor’s expense if the Contractor iden-
tifies the data and demonstrates that the
correct notice is authorized; or

(ii) Correct any incorrect notices.

(6) **Protection of limited rights data and re-
stricted computer software.** (1) The Contractor
may withhold from delivery qualifying lim-
ited rights data or restricted computer soft-
ware that are not data identified in para-
graphs (b)(1)(i) through (iii) of this clause. As
a condition to this withholding, the Con-
tractor shall—

(i) Identify the data being withheld; and

(ii) Furnish form, fit, and function data in-
stead.

(2) Limited rights data that are formatted
as a computer database for delivery to the
Government shall be treated as limited
rights data and not restricted computer soft-
ware.

(3) [Reserved]

(h) **Subcontracting.** The Contractor shall ob-
tain from its subcontractors all data and
rights therein necessary to fulfill the Con-
tractor’s obligations to the Government
under this contract. If a subcontractor re-
uses to accept terms affording the Govern-
ment those rights, the Contractor shall
promptly notify the Contracting Officer of
the refusal and shall not proceed with the
subcontract award without authorization in
writing from the Contracting Officer.

(i) Relationship to patents or other rights.
Nothing contained in this clause shall imply
a license to the Government under any pat-
ent or be construed as affecting the scope of
any license or other right otherwise granted
to the Government.

(End of clause)

Alternate I (Sept 2014). As prescribed in
HHSAR 327.409, substitute the fol-
lowing definition for “limited rights
data” in paragraph (a) of the basic
clause:

**Limited rights data** means data, other
than computer software, developed at
private expense that embody trade se-
crets or are commercial or financial
and confidential or privileged.

Alternate II (Sept 2014). As prescribed in
HHSAR 327.409, insert the following
paragraph (g)(3) in the basic clause:

(g)(3) **Notwithstanding** paragraph
(g)(1) of this clause, the contract may
identify and specify the delivery of
limited rights data, or the Contracting Officer may require by written request the delivery of limited rights data that has been withheld or would otherwise be entitled to be withheld. If delivery of that data is required, the Contractor shall affix the following “Limited Rights Notice” to the data and the Government will treat the data, subject to the provisions of paragraphs (e) and (f) of this clause, in accordance with the notice:

LIMITED RIGHTS NOTICE (SEPT 2014)

(a) These data are submitted with limited rights under Government Contract No. (and subcontract, if appropriate). These data may be reproduced and used by the Government with the express limitation that they will not, without written permission of the Contractor, be used for purposes of manufacture nor disclosed outside the Government; except that the Government may disclose these data outside the Government for the following purposes, if any: provided that the Government makes such disclosure subject to prohibition against further use and disclosure: Agencies may list additional purposes or if none, so state.

(b) This notice shall be marked on any reproduction of these data, in whole or in part.

(End of notice)

Alternate III (SEPT 2014). As prescribed in HHSAR 327.409, insert the following paragraph (g)(4) in the basic clause: 

(g)(4)(i) Notwithstanding paragraph (g)(1) of this clause, the contract may identify and specify the delivery of restricted computer software, or the Contracting Officer may require by written request the delivery of restricted computer software that has been withheld or would otherwise be entitled to be withheld. If delivery of that computer software is required, the Contractor shall affix the following “Restricted Rights Notice” to the computer software and the Government will treat the computer software, subject to paragraphs (e) and (f) of this clause, in accordance with the notice:

RESTRICTED RIGHTS NOTICE (SEPT 2014)

(a) This computer software is submitted with restricted rights under Government Contract No. (and subcontract, if appropriate). It may not be used, reproduced, or disclosed by the Government except as provided in paragraph (b) of this notice or as otherwise expressly stated in the contract.

(b) This computer software may be—

(1) Used or copied for use with the computer(s) for which it was acquired, including use at any Government installation to which the computer(s) may be transferred;

(2) Used or copied for use with a backup computer if any computer for which it was acquired is inoperative;

(3) Reproduced for safekeeping (archives) or backup purposes;

(4) Modified, adapted, or combined with other computer software, provided that the modified, adapted, or combined portions of the derivative software incorporating any of the delivered, restricted computer software shall be subject to the same restricted rights;

(5) Disclosed to and reproduced for use by support service Contractors or their subcontractors in accordance with paragraphs (b)(1) through (4) of this notice; and

(6) Used or copied for use with a replacement computer.

(c) Notwithstanding the foregoing, if this computer software is copyrighted computer software, it is licensed to the Government with the minimum rights set forth in paragraph (b) of this notice.

(d) Any other rights or limitations regarding the use, duplication, or disclosure of this computer software are to be expressly stated in, or incorporated in, the contract.

(e) This notice shall be marked on any reproduction of this computer software, in whole or in part.

(End of notice)

(ii) Where it is impractical to include the Restricted Rights Notice on restricted computer software, the following short-form notice may be used instead:

RESTRICTED RIGHTS NOTICE SHORT FORM (SEPT 2014)

Use, reproduction, or disclosure is subject to restrictions set forth in Contract No. (and subcontract, if appropriate) with (name of Contractor and subcontractor).

(End of notice)

(iii) If restricted computer software is delivered with the copyright notice of 17 U.S.C. 401, it will be presumed to be licensed to the Government without disclosure prohibitions, with the minimum rights set forth in paragraph (b) of this clause.

Alternate IV Sept 2014. As prescribed in HHSAR 327.409, substitute the following paragraph (c)(1) for paragraph (c)(1) of the basic clause:

Health and Human Services

(c) Copyright—(1) Data first produced in the performance of the contract. Except as otherwise specifically provided in this contract, the Contractor may assert copyright in any data first produced in the performance of this contract. When asserting copyright, the Contractor shall affix the applicable copyright notice of 17 U.S.C. 401 or 402, and an acknowledgment of Government sponsorship (including contract number), to the data when such data are delivered to the Government, as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. For data other than computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all such data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government. For computer software, the Contractor grants to the Government, and others acting on its behalf, a paid-up, nonexclusive, irrevocable, worldwide license for all such computer software to reproduce, prepare derivative works, and perform publicly and display publicly (but not to distribute copies to the public), by or on behalf of the Government. As prescribed in HHSAR 327.409, add the following paragraph (j) to the basic clause:

(j) The Contractor agrees, except as may be otherwise specified in this contract for specific data deliverables listed as not subject to this paragraph, that the Contracting Officer may, up to 3 years after acceptance of all deliverables under this contract, inspect at the Contractor’s facility any data withheld pursuant to paragraph (g)(1) of this clause, for purposes of verifying the Contractor’s assertion of limited rights or restricted rights status of the data or for evaluating work performance. When the Contractor whose data are to be inspected demonstrates to the Contracting Officer that there would be a possible conflict of interest if a particular representative made the inspection, the Contracting Officer shall designate an alternate inspector.

(End of clause)

352.227-70 Publications and Publicity.

As prescribed in HHSAR 327.404-70, the Contracting Officer shall insert the following clause:

PUBLICATIONS AND PUBLICITY (DEC 2015)

(a) Unless otherwise specified in this contract, the Contractor may publish the results of its work under this contract. The Contractor shall promptly send a copy of each article submitted for publication to the Contracting Officer’s Representative. The Contractor shall also inform the Contracting Officer’s Representative when the article or other publication is published, and furnish a copy of it as finally published.

(b) Unless authorized in writing by the Contracting Officer, the Contractor shall not display the HHS logo including Operating Division or Staff Division logos on any publications.

(c) The Contractor shall not reference the product(s) or service(s) awarded under this contract in commercial advertising, as defined in FAR 31.205-1, in any manner which states or implies HHS approval or endorsement of the product(s) or service(s) provided.

(d) The contractor shall include this clause, including this section (d) in all subcontracts where the subcontractor may propose publishing the results of its work under the subcontract.

(End of clause)

352.231-70 Salary Rate Limitation.

As prescribed in HHSAR 331.101–70(b), the Contracting Officer shall insert the following clause:

SALARY RATE LIMITATION (DEC 2015)

(a) The Contractor shall not use contract funds to pay the direct salary of an individual at a rate in excess of the Federal Executive Schedule Level II in effect on the date the funding was obligated.

(b) For purposes of the salary rate limitation, the terms “direct salary,” “salary,” and “institutional base salary,” have the same meaning and are collectively referred to as “direct salary,” in this clause. An individual’s direct salary is the annual compensation that the Contractor pays for an individual’s direct effort (costs) under the contract. Direct salary excludes any income that an individual may be permitted to earn outside of duties to the Contractor. Direct salary also excludes fringe benefits, overhead, and general and administrative expenses (also referred to as indirect costs or facilities and administrative costs). The salary rate limitation does not restrict the salary that an organization may pay an individual working under a Department of Health and Human Services contract or order; it merely limits the portion of that salary that may be paid with contract funds.

(c) The salary rate limitation also applies to individuals under subcontracts.

(d) If this is a multiple-year contract or order, it may be subject to unilateral modification by the Contracting Officer to ensure that an individual is not paid at a rate that exceeds the salary rate limitation provision established in the HHS appropriations act used to fund this contract.

(e) See the salaries and wages pay tables on the Office of Personnel Management Web.
site for Federal Executive Schedule salary levels.

(End of clause)

352.232–70 Incremental Funding.

As prescribed in HHSAR 332.706–2(b), the Contracting Officer shall insert the provision provided below in all solicitations when a cost-reimbursement contract for severable services using incremental funding is contemplated.

INCREMENTAL FUNDING (DEC 2015)

The Government intends to negotiate and award a cost-reimbursement contract using incremental funding as described in the clause at FAR 52.232–22, “Limitation of Funds”. The initial obligation of funds under the contract is expected to cover [insert the appropriate increment of performance]. The Government intends to obligate additional funds up to and including the full estimated cost of the contract for the remaining periods of performance by unilateral contract modification. However, the Government is not required to reimburse the Contractor for costs incurred in excess of the total amount obligated, nor is the Contractor required to perform beyond the level supported by the total amount obligated.

(End of provision)

352.233–70 Choice of Law (Overseas).

As prescribed in HHSAR 333.215–70(a), the Contracting Officer shall insert the following clause:

CHOICE OF LAW (OVERSEAS) (DEC 2015)

This contract shall be construed in accordance with the substantive laws of the United States of America. By the execution of this contract, the Contractor expressly agrees to waive any rights to invoke the jurisdiction of local national courts where this contract is performed and agrees to accept the exclusive jurisdiction of the United States Civilian Board of Contract Appeals or the United States Court of Federal Claims for hearing and determination of any and all disputes that may arise under the Disputes clause of this contract.

(End of clause)

352.233–71 Litigation and Claims.

As prescribed in HHSAR 333.215–70(b), the Contracting Officer shall insert the following clause:

(a) The Contractor shall provide written notification immediately to the Contracting Officer of any action, including any proceeding before an administrative agency, filed against the Contractor arising out of the performance of this contract, including, but not limited to the performance of any subcontract hereunder; and any claim against the Contractor the cost and expense of which is allowable under the clause entitled “Allowable Cost and Payment.”

(b) Except as otherwise directed by the Contracting Officer, the Contractor shall furnish immediately to the Contracting Officer copies of all pertinent documents received by the Contractor with respect to such action or claim. To the extent not in conflict with any applicable policy of insurance, the Contractor may, with the Contracting Officer’s approval, settle any such action or claim. If required by the Contracting Officer, the Contractor shall effect an assignment and subrogation in favor of the Government of all the Contractor’s rights and claims (except those against the Government) arising out of any such action or claim against the Contractor, and authorize representatives of the Government to settle or defend any such action or claim and to represent the Contractor in, or to take charge of, any action.

(c) If the Government undertakes a settlement or defense of an action or claim, the Contractor shall furnish all reasonable assistance in effecting a settlement or asserting a defense. Where an action against the Contractor is not covered by a policy of insurance, the Contractor shall, with the approval of the Contracting Officer, proceed with the defense of the action in good faith. The Government shall not be liable for the expense of defending any action or for any costs resulting from the loss thereof to the extent that the Contractor would have been compensated by insurance which was required by other terms or conditions of this contract, by law or regulation, or by written direction of the Contracting Officer, but which the Contractor failed to secure through its own fault or negligence. In any event, unless otherwise expressly provided in this contract, the Government shall not reimburse or indemnify the Contractor for any liability loss, cost, or expense, which the Contractor may incur or be subject to by reason of any loss, injury or damage, to the person or to real or personal property of any third parties as may accrue during, or arise from, the performance of this contract.
352.236-70 Design-Build Contracts.

As prescribed in HHSAR 336.570(a), the Contracting Officer shall insert the following clause:

DEVELOPMENT CONTRACTS (DEC 2015)

(a) General. (1) The contract constitutes and defines the entire agreement between the Contractor and the Government. This contract includes the standard or special contract clauses and schedules included at the time of award. This contract incorporates by reference:

(i) The solicitation in its entirety (with the exception of instructions to offerers and evaluation criteria which do not become part of the award document);

(ii) The specifications and statement of work;

(iii) All drawings, cuts and illustrations, included in the solicitation and any amendments during all proposal phases leading up to award;

(iv) Exhibits and other attachments; and

(v) The successful Offeror’s accepted proposal.

(2) In the event of conflict or inconsistency between any of the requirements of the various portions of this contract, precedence shall be given in the following order:

(i) Betterments: Any portions of the Offeror’s proposal which exceed the requirements of the solicitation and which go beyond repair and improve the value of the property.

(ii) The contract clauses and schedules included during the solicitation or at the time of award.

(iii) All requirements (other than betterments) of the accepted proposal.

(iv) Any design products, including but not limited to plans, specifications, engineering studies and analyses, shop drawings, equipment installation drawings, etc. These are “deliverables” under the contract and are not part of the contract itself.

(v) Design products must conform to all requirements of the contract, in the order of precedence stated here.

(b) Responsibility of the contractor for design. The Contractor shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other non-construction services furnished by the Contractor under this contract. The Contractor shall, without additional compensation, correct or revise any errors or deficiency in its designs, drawings, specifications, and other non-construction services and perform any necessary rework or modifications, including any damage to real or personal property, resulting from the design error or omission.

(c) Sequence of design-construction. (1) After receipt of the Contract Award, the Contractor shall initiate design, comply with all design submission requirements, and obtain Government review of each submission. No construction may be started until the Government reviews the Final Design submission and determines it satisfactory for purposes of beginning construction. The Contracting Officer will notify the Contractor when the design is cleared for construction. The Government will not grant any time extension for any design resubmittal required when, in the opinion of the Contracting Officer, the initial submission failed to meet the minimum quality requirements as set forth in the Contract.

(2) If the Government allows the Contractor to proceed with limited construction based on pending minor revisions to the reviewed Final Design submission, no payment will be made for any completed or in-progress construction related to the pending revisions until they are completed, resubmitted, and are satisfactory to the Government.

(3) No payment will be made for any completed or in-progress construction until all required submittals have been made, reviewed, and are satisfactory to the Government.

(d) Constructor’s role during design. The Contractor’s construction management key personnel shall be actively involved during the design process to effectively integrate the design and construction requirements of this contract. In addition to the typical required construction activities, the constructor’s involvement includes, but is not limited to actions such as: integrating the design schedule into the Master Schedule to maximize the effectiveness of fast-tracking design and construction (within the limits, if any, allowed in the contract), ensuring constructability and economy of the design, and defines the entire agreement between the Contractor and the Government. This contract includes the standard or special contract clauses and schedules included at the time of award. This contract incorporates by reference:

(i) The solicitation in its entirety (with the exception of instructions to offerers and evaluation criteria which do not become part of the award document);

(ii) The specifications and statement of work;

(iii) All drawings, cuts and illustrations, included in the solicitation and any amendments during all proposal phases leading up to award;

(iv) Exhibits and other attachments; and

(v) The successful Offeror’s accepted proposal.

(2) In the event of conflict or inconsistency between any of the requirements of the various portions of this contract, precedence shall be given in the following order:

(i) Betterments: Any portions of the Offeror’s proposal which exceed the requirements of the solicitation and which go beyond repair and improve the value of the property.

(ii) The contract clauses and schedules included during the solicitation or at the time of award.

(iii) All requirements (other than betterments) of the accepted proposal.

(iv) Any design products, including but not limited to plans, specifications, engineering studies and analyses, shop drawings, equipment installation drawings, etc. These are “deliverables” under the contract and are not part of the contract itself.

(v) Design products must conform to all requirements of the contract, in the order of precedence stated here.

(b) Responsibility of the contractor for design. The Contractor shall be responsible for the professional quality, technical accuracy, and the coordination of all designs, drawings, specifications, and other non-construction services furnished by the Contractor under this contract. The Contractor shall, without additional compensation, correct or revise any errors or deficiency in its designs, drawings, specifications, and other non-construction services and perform any necessary rework or modifications, including any damage to real or personal property, resulting from the design error or omission.

(2) Neither the Government’s review, approval or acceptance of, nor payment for, the services required under this contract shall be construed to operate as a waiver of any rights under this contract or of any cause of action arising out of the performance of this contract. The Contractor shall be and remain liable to the Government in accordance with applicable law for all damages to the Government caused by the Contractor’s negligent performance of any of these services furnished under this contract.

(3) The rights and remedies of the Government provided for under this contract are in addition to any other rights and remedies provided by law.

(4) If the Contractor is comprised of more than one legal entity each such entity shall be jointly and severally liable with respect to all rights and remedies of the Government.
integrating the shop drawing and installation drawing process into the design, executing the material and equipment acquisition programs to meet critical schedules, effectively interfacing the construction Quality Control (QC) program with the design QC program, and maintaining and providing the design team with accurate, up-to-date red-line and as-built documentation. The Contractor shall require and manage the active involvement of key trade subcontractors in the above activities.

(e) Preconstruction conference. (1) A preconstruction conference will be arranged by the Contracting Officer after award of contract and before commencement of work. The Contracting Officer or designated representative will notify the Contractor of the time, date, and location for the meeting. At this conference, the Contractor shall be oriented with respect to Government procedures and line of authority, contractual, administrative, and construction matters.

(2) The Contractor shall bring to this conference, in completed form, a Certificate of Insurance, plus the following items in either completed or draft form:

(i) Accident Prevention Plan;

(ii) Quality Control Plan;

(iii) Letter Appointing Superintendent;

(iv) Transmittal Register;

(2) Contractor invoices for payment must be accompanied by satisfactory documentation supporting the amounts for which payments are requested. Progress payments approved by the Contracting Officer during the project design phase in no way constitute an acceptance of functional and aesthetic design elements nor acceptance of a final settlement amount in the event of a buy-out nor a waiver of any contractual requirements.

(6) Unscheduled jobsite shutdowns. Due to security reasons during the life of this contract the Government may on an unscheduled basis require the contractor to shut down its jobsite for 2 days per year at no additional cost. When Fast Track procedures are being used, replace paragraph (c) of the basic clause with the following:

(c) Sequence of design build. (b) The Act designates “covered professionals” as those persons engaged in professions and activities in eight different categories including, but not limited to, teachers, social workers, physicians, dentists, medical residents or interns, hospital personnel and administrators, nurses, health care practitioners, chiropractors, osteopaths, pharmacists, optometrists, podiatrists, emergency medical technicians, ambulance drivers, alcohol or drug treatment personnel, psychologists, psychiatrists, mental health professionals, child care workers and administrators, and commercial film and photo processors. If a child is suspected of being harmed, the appropriate State Child Abuse Hotline, local child protective services (CPS), or law enforcement agency shall be contacted. For more information about where and how to file a report, the Childhelp USA, National Child Abuse Hotline (1–800–4–A–CHILD) shall be called. Any covered professional failing to make a timely report of such incident shall be guilty of a Class B misdemeanor.

Any conviction for a sex crime, an offense involving a child victim, or a drug felony, may be grounds for denying employment or for dismissal of an employee providing any of the services listed above.

(b) The Contracting Officer will provide the necessary information to the Contractor regarding the process for obtaining the background check. The Contractor may hire a staff person provisionally prior to the completion of a background check, if at all times prior to the receipt of the background check during which children are in the care of the newly-hired person, the person is within the sight and under the supervision of a previously investigated staff person.

(c) By acceptance of this contract or order, the Contractor agrees to comply with the requirements of the Act. The Act also applies to all applicable subcontracts awarded under this contract. As prescribed in HHSAR 337.103(e), the Contracting Officer shall insert the following clause in solicitations and contracts:

NON-DISCRIMINATION IN SERVICE DELIVERY (DEC 2015)

It is the policy of the Department of Health and Human Services that no person otherwise eligible will be excluded from participation in, denied the benefits of, or subjected to discrimination in the administration of HHS programs and services based on non-merit factors such as race, color, national origin, religion, sex, gender identity, sexual orientation, or disability (physical or mental). By acceptance of this contract, the contractor agrees to comply with this policy in supporting the program and in performing the services called for under this contract. If the employee of the contractor is terminated for cause or separates from the contractor voluntarily with less than thirty days notice, the Contractor shall provide the maximum notice practicable under the circumstances. The Contractor shall not divert, replace, or announce any such change to key personnel without the written consent of the Contracting Officer. The contract will be modified to add or delete key personnel as necessary to reflect the agreement of the parties.

(End of clause)

352.239–73 Electronic Information and Technology Accessibility Notice.

(a) As prescribed in HHSAR 339.203–70(a), the Contracting Officer shall insert the following provision:

ELECTRONIC AND INFORMATION TECHNOLOGY ACCESSIBILITY NOTICE (DEC 2015)

(a) Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), as amended by the Workforce Investment Act of 1998 and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR part 1194), require that when Federal agencies develop, procure, maintain, or use electronic and information technology, Federal employees with disabilities have access to
Health and Human Services

and use of information and data that is comparable to the access and use by Federal employees who are not individuals with disabilities, unless an undue burden would be imposed on the agency. Section 508 also requires that individuals with disabilities, who are members of the public seeking information or services from a Federal agency, have access to and use of information and data that is comparable to that provided to the public who are not individuals with disabilities, unless an undue burden would be imposed on the agency.

(b) Accordingly, any offeror responding to this solicitation must comply with established HHS EIT accessibility standards. Information about Section 508 is available at http://www.hhs.gov/web/352. The complete text of the Section 508 Final Provisions can be accessed at http://www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-section-508-standards.

(c) The Section 508 accessibility standards applicable to this solicitation are stated in the clause at 352.239-74, Electronic and Information Technology Accessibility.

In order to facilitate the Government’s determination whether proposed EIT supplies meet applicable Section 508 accessibility standards, offerors must submit an HHS Section 508 Product Assessment Template, in accordance with its completion instructions. The purpose of the template is to assist HHS acquisition and program officials in determining whether proposed EIT supplies conform to applicable Section 508 accessibility standards. The template allows offerors or developers to self-evaluate their supplies and document—in detail—whether they conform to a specific Section 508 accessibility standard, and any underway remediation efforts addressing conformance issues. Instructions for preparing the HHS Section 508 Evaluation Template are available under Section 508 policy on the HHS Web site http://www.hhs.gov/web/508.

In order to facilitate the Government’s determination whether proposed EIT services meet applicable Section 508 accessibility standards, offerors must provide enough information to assist the Government in determining that the EIT services conform to Section 508 accessibility standards, including any underway remediation efforts addressing conformance issues.

(d) Respondents to this solicitation must identify any exception to Section 508 requirements. If an offeror claims its supplies or services meet applicable Section 508 accessibility standards, and it is later determined by the Government, i.e., after award of a contract or order, that supplies or services delivered do not conform to the described accessibility standards, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its expense.

(End of provision)

352.239-74 Electronic and Information Technology Accessibility.

As prescribed in HHSAR 339.203–70(b), insert the following clause:

**Electronic and Information Technology Accessibility (DEC 2015)**

(a) Pursuant to Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), as amended by the Workforce Investment Act of 1998, all electronic and information technology (EIT) supplies and services developed, acquired, or maintained under this contract or order must comply with the “Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards” set forth by the Architectural and Transportation Barriers Compliance Board (also referred to as the “Access Board”) in 36 CFR part 1194. Information about Section 508 is available at http://www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-section-508-standards.

(b) The Section 508 accessibility standards applicable to this contract or order are identified in the Statement of Work or Specification or Performance Work Statement. The contractor must provide any necessary updates to the submitted HHS Product Assessment Template(s) at the end of each contract or order exceeding the simplified acquisition threshold (see FAR 2.101) when the contract or order duration is one year or less. If it is determined by the Government that EIT supplies and services provided by the Contractor do not conform to the described accessibility standards in the contract, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its own expense.

(c) The Section 508 accessibility standards applicable to this contract are:

(Contract staff must list applicable standards)

(d) In the event of a modification(s) to this contract or order, which adds new EIT supplies or services or revises the type of, or specifications for, supplies or services, the Contracting Officer may require that the contractor submit a completed HHS Section 508 Product Assessment Template and any other additional information necessary to assist the Government in determining that the EIT supplies or services conform to Section 508 accessibility standards. Instructions for documenting accessibility via the HHS Section 508 Product Assessment Template may be found under Section 508 policy on the
HHS Web site: (http://www.hhs.gov/web/508). If it is determined by the Government that EIT supplies and services provided by the Contractor do not conform to the described accessibility standards in the contract, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its own expense.

(e) If this is an Indefinite Delivery contract, a Blanket Purchase Agreement or a Basic Ordering Agreement, the task/delivery order requests that include EIT supplies or services will define the specifications and accessibility standards for the order. In those cases, the Contractor may be required to provide a completed HHS Section 508 Product Assessment Template and any other additional information necessary to assist the Government in determining that the EIT supplies or services conform to Section 508 accessibility standards. Instructions for documenting accessibility via the HHS Section 508 Product Assessment Template may be found at http://www.hhs.gov/web/508. If it is determined by the Government that EIT supplies and services provided by the Contractor do not conform to the described accessibility standards in the provided documentation, remediation of the supplies or services to the level of conformance specified in the contract will be the responsibility of the Contractor at its own expense.

(End of clause)

352.270—1—352.270—3 [Reserved]

352.270—4 Notice to Offerors, Protection of Human Subjects.

As prescribed in HHSAR 370.303(a), the Contracting Officer shall insert the following provision:

NOTICE TO OFFERORS, PROTECTION OF HUMAN SUBJECTS (DEC 2015)

These regulations provide a systematic means, based on established ethical principles, to safeguard the rights and welfare of human subjects participating in research activities supported or conducted by HHS.

(b) The regulations define a human subject as a living individual about whom an investigator (whether professional or student) conducting research obtains data or identifiable public information through intervention or interaction with the individual, or identifiable private information. In most cases, the regulations extend to the use of human organs, tissue, and body fluids from individually identifiable human subjects as well as to graphic, written, or recorded information derived from individually identifiable human subjects. 45 CFR part 46 does not directly regulate the use of autopsy materials; instead, applicable state and local laws govern their use.

(c) Activities which involve human subjects in one or more of the categories set forth in 45 CFR 46.101(b)(1)–(6) are exempt from complying with 45 CFR part 46. See http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.html.

(d) Inappropriate designations of the non-involvement of human subjects or of exempt categories of research in a project may result in delays in the review of a proposal.

(e) In accordance with 45 CFR part 46, offerors considered for award shall file an acceptable Federal-wide Assurance (FWA) of compliance with OHRP specifying review procedures and assigning responsibilities for the protection of human subjects. The FWA is the only type of assurance that OHRP accepts or approves. The initial and continuing review of a research project by an institutional review board shall ensure that: The risks to subjects are minimized; risks to subjects are reasonable in relation to anticipated benefits, if any, to subjects, and the importance of the knowledge that may reasonably be expected to result; selection of subjects is equitable; and informed consent will be obtained and documented by methods that are adequate and appropriate. Depending on the nature of the research, additional requirements may apply; see http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.html#46.111 for additional requirements regarding initial and continuing review. HHS regulations for the protection of human subjects (45 CFR part 46), information regarding OHRP registration and assurance requirements/processes, and OHRP contact information is available at the OHRP Web site (at http://www.hhs.gov/ohrpassurances/index.html).

(f) Offerors may consult with OHRP only for general advice or guidance concerning either regulatory requirements or ethical issues pertaining to research involving human subjects. ONLY the contracting officer may offer information concerning a solicitation.

(g) The offeror shall document in its proposal the approved FWA from OHRP, related to the designated Institutional Review Board (IRB) reviewing and overseeing the research. If the offeror does not have an approved FWA from OHRP, the offeror must obtain an FWA before the deadline for proposal submission. When possible, the offeror shall also certify the IRB’s review and approval of the research. If the offeror cannot obtain this certification by the time of proposal submission they must include an explanation in their proposal. Never conduct research covered by
Health and Human Services

45 CFR part 46 prior to receiving certification of the research’s review and approval by the IRB.

(End of provision)

Alternate I (DEC 2015).
As prescribed in HHSAR 370.303(a), the Contracting Officer shall substitute the following paragraph (g) for paragraph (g) of the basic clause.

(g) The offeror’s proposal shall document that it has an approved or active FWA from OHRP, related to the designated IRB reviewing and overseeing the research. When possible the offeror shall also certify the IRB has reviewed and approved the research. If the offeror cannot make this certification at the time of proposal submission, its proposal must include an explanation. Never conduct research covered by 45 CFR part 46 prior to receiving certification of the research’s review and approval by the IRB.

If the offeror does not have an active FWA from OHRP, the offeror shall take all necessary steps to obtain an FWA prior to the deadline for proposal submission. If the offeror cannot obtain an FWA before the proposal submission date, the proposal shall indicate the steps/actions the offeror will take to obtain OHRP approval within (Contracting Officer must insert a time period in which the FWA must be obtained). Upon obtaining FWA approval, submit the approval notice to the Contracting Officer.

352.270–4b Protection of Human Subjects.
As prescribed in HHSAR 370.304(a), the Contracting Officer shall insert the following clause:

PROTECTION OF HUMAN SUBJECTS (DEC 2015)

(a) The Contractor agrees that the rights and welfare of human subjects involved in research under this contract shall be protected in accordance with 45 CFR part 46 and with the Contractor’s current Federal-wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), Department of Health and Human Services. The Contractor further agrees to provide certification at least annually that the Institutional Review Board has reviewed and approved the procedures, which involve human subjects in accordance with 45 CFR part 46 and the Assurance of Compliance.

(b) The Contractor shall bear full responsibility for the performance of all work and services involving the use of human subjects under this contract and shall ensure that work is conducted in a proper manner and as safely as is feasible. The parties hereto agree that the Contractor retains the right to control and direct the performance of all work under this contract. Nothing in this contract shall create an agency or employee relationship between the Government and the Contractor, or any subcontractor, agent or employee of the Contractor, or any other person, organization, institution, or group of any kind whatsoever. The Contractor agrees that it has entered into this contract and will discharge its obligations, duties, and undertakings and the work pursuant thereto, whether requiring professional judgment or otherwise, as an independent Contractor without creating liability on the part of the Government for the acts of the Contractor or its employees.

(c) Contractors involving other agencies or institutions in activities considered to be engaged in research involving human subjects must ensure that such other agencies or institutions obtain their own FWA if they are routinely engaged in research involving human subjects or ensure that such agencies or institutions are covered by the Contractors’ FWA via designation as agents of the institution or via individual investigator agreements (see OHRP Web site at: http://www.hhs.gov/ohrp/policy/guidanceonalternatetoFWA.pdf).

(d) If at any time during the performance of this contract the Contractor is not in compliance with any of the requirements and or standards stated in paragraphs (a) and (b) above, the Contracting Officer may immediately suspend, in whole or in part, work and further payments under this contract until the Contractor corrects the noncompliance. The Contracting Officer may communicate the notice of suspension by telephone with confirmation in writing. If the Contractor fails to complete corrective action within the period of time designated in the Contracting Officer’s written notice of suspension, the Contracting Officer may, after consultation with OHRP, terminate this contract in whole or in part.

(End of clause)

352.270–5a Notice to Offerors of Requirement for Compliance with the Public Health Service Policy on Humane Care and Use of Laboratory Animals.

As prescribed in HHSAR 370.403(a), the Contracting Officer shall insert the following provision:

NOTICE TO OFFERORS OF REQUIREMENT FOR COMPLIANCE WITH THE PUBLIC HEALTH SERVICE POLICY ON HUMANE CARE AND USE OF LABORATORY ANIMALS (DEC 2015)

The Public Health Service (PHS) Policy on Humane Care and Use of Laboratory Animals (PHS Policy) establishes a number of requirements for research activities involving animals. Before awarding a contract to an offeror, the organization shall file, with the
Office of Laboratory Animal Welfare (OLAW), National Institutes of Health (NIH), a written Animal Welfare Assurance (Assurance) which commits the organization to comply with the provisions of the PHS Policy, the Animal Welfare Act, and the Guide for the Care and Use of Laboratory Animals (National Academy Press, Washington, DC). In accordance with the PHS Policy, offerors must establish an Institutional Animal Care and Use Committee (IACUC), qualified through the experience and expertise of its members, to oversee the institution’s animal program, facilities, and procedures. Offerors must provide verification of IACUC approval prior to receiving an award involving live vertebrate animals. No award involving the use of animals shall be made unless OLAW approves the Assurance and verification of IACUC approval for the proposed animal activities has been provided to the Contracting Officer. Prior to award, the Contracting Officer will notify Contractor(s) selected for projects involving live vertebrate animals of the Assurance and verification of IACUC approval requirement. The Contracting Officer will request that OLAW negotiate an acceptable Assurance with those Contractor(s) and request verification of IACUC approval. For further information, contact OLAW at NIH, 6705 Rockledge Drive, RKL1, Suite 360, MSC 7982 Bethesda, Maryland 20892–7982 (Email: olaw@od.nih.gov; Phone: 301–496–7163).

(End of provision)

352.270–5b Care of Live Vertebrate Animals.

As prescribed in HHSAR 370.404, the Contracting Officer shall insert the following clause:

(a) Before undertaking performance of any contract involving animal-related activities where the species is regulated by the United States Department of Agriculture (USDA), the Contractor shall register with the Secretary of Agriculture of the United States in accordance with 7 U.S.C. 2136 and 9 CFR 2.25 through 2.28. The Contractor shall furnish evidence of the registration to the Contracting Officer.

(b) The Contractor shall acquire vertebrate animals used in research from a dealer licensed by the Secretary of Agriculture under 7 U.S.C. 2133 and 9 CFR 2.11–2.11, or from a source that is exempt from licensing under those sections.

(c) The Contractor agrees that the care, use, and intended use of any live vertebrate animals in the performance of this contract shall conform with the Public Health Service (PHS) Policy on Humane Care of Use of Laboratory Animals (PHS Policy), the current Animal Welfare Assurance (Assurance), the Guide for the Care and Use of Laboratory Animals (National Academy Press, Washington, DC) and the pertinent laws and regulations of the United States Department of Agriculture (see 7 U.S.C. 2131 et seq. and 9 CFR subchapter A, Parts 1–4). In case of conflict between standards, the more stringent standard shall govern.

(d) If at any time during performance of this contract, the Contracting Officer determines, in consultation with the Office of Laboratory Animal Welfare (OLAW), National Institutes of Health (NIH), that the Contractor is not in compliance with any of the requirements and standards stated in paragraphs (a) through (c) above, the Contracting Officer may immediately suspend, in whole or in part, work and further payments under this contract until the Contractor corrects the noncompliance. Notice of the suspension may be communicated by telephone and confirmed in writing. If the Contractor fails to complete corrective action within the period of time designated in the Contracting Officer’s written notice of suspension, the Contracting Officer may, in consultation with OLAW, NIH, terminate this contract in whole or in part, and the Contractor’s name may be removed from the list of those contractors with Animal Welfare Assurances.

Note: The Contractor may request registration of its facility and a current listing of licensed dealers from the Regional Office of the Animal and Plant Health Inspection Service (APHIS), USDA, for the region in which its research facility is located. The location of the appropriate APHIS Regional Office, as well as information concerning this program may be obtained by contacting the Animal Care Staff, USDA/APHIS, 4700 River Road, Riverdale, Maryland 20737 (Email: ace@aphis.usda.gov; Web site: (http://www.aphis.usda.gov/nrcs/portal/aphis/our_focus/animalwelfare).

(End of clause)

352.270–6 Restriction on Use of Human Subjects.

As prescribed in HHSAR 370–304(b), the Contracting Officer shall insert the following clause:

RESTRICTION ON USE OF HUMAN SUBJECTS (DEC 2015)

Pursuant to 45 CFR part 46, Protection of Human Research Subjects, the Contractor shall not expend funds under this award for research involving human subjects or engage in any human subjects research activity prior to the Contracting Officer’s receipt of a
to not make an award to an offeror whose proposal does not comply with the salient work requirements of the solicitation. Any exercise of that Government right will be made by the Head of the Contracting Activity.

(End of provision)

352.270–10 Notice to Offerors—Protection of Human Subjects, Research Involving Human Subjects Committee (RIHSC) Approval of Research Protocols Required.

As prescribed in HHSAR 370.303(d), the Contracting Officer shall insert the following provision:

NOTICE TO OFFERORS—PROTECTION OF HUMAN SUBJECTS, RESEARCH INVOLVING HUMAN SUBJECTS COMMITTEE (RIHSC) APPROVAL OF RESEARCH PROTOCOLS REQUIRED (DEC 2015)

(a) All Offerors proposing research expected to involve human subjects shall comply with the regulations set forth in 45 CFR parts 46 and with the provisions at HHSAR 352.270–4.

(b) The Offeror shall have an acceptable Assurance of Compliance on file with the Office for Human Research Protections (OHRP), whenever it submits a proposal to the FDA for research expected to involve human subjects. Direct questions regarding Federal-wide Assurance to OHRP. The Offeror's proposal shall include a copy of the acceptable Assurance of Compliance.

(c) After the contract has been awarded, the Contractor shall take the following actions:

(1) The Institutional Review Board (IRB) specified in the Offeror's Assurance of Compliance, hereafter referred to as "the local IRB," shall review the proposed research protocol. A letter from the local IRB stating that the proposed research protocol has been reviewed and approved, and thus adequately protects the rights and welfare of human subjects involved, or a letter stating that the proposed research is exempt under 45 CFR 46.101(b) shall be submitted to the Contracting Officer.

(2) Upon award, the successful Offeror, hereafter "the Contractor," shall submit its proposed research protocol to the FDA's Research Involving Human Subjects Committee (RIHSC). The RIHSC or its designee will review and approve the research protocol to assure it adequately protects the rights and welfare of human subjects involved. The RIHSC or designee will also determine whether the proposed research is exempt under 45 CFR 46.101(b). The Contractor shall submit, to the Contracting Officer of record, a copy of the RIHSC's or its designee's letter stating that it reviewed and approved the proposed research protocol.

67
(d) The Contractor shall not advertise for, recruit, or enroll human subjects, or otherwise commence any research involving human subjects until RIHSC or its designee reviews and approves its research. The Contractor may begin other limited aspects of contract performance prior to receiving RIHSC’s or designee’s approval of the proposed research protocol. Research involving human subjects may commence immediately upon the Contractor’s receipt of RIHSC’s or designee’s approval; however, the Contractor shall submit a copy of RIHSC’s or its designee’s approval to the Contracting Officer within three business days of its receipt.

(f) The Contractor shall seek RIHSC’s or its designee’s approval of its proposed research may result in termination of its contract. However, failure to obtain RIHSC’s or its designee’s approval during initial review will not automatically result in termination of the contract. Instead, the Contractor may correct any deficiencies identified during the initial RIHSC or designee review and resubmit the proposed research protocol to RIHSC or its designee for a second review. The Contractor is encouraged to solicit the RIHSC’s or its designee’s input during the resubmission process.

(2) The Contractor will submit all proposed research protocols for research performed under this contract to RIHSC for review and approval. Modifications and amendments include, but are not limited to changes in investigators, informed consent forms, and recruitment advertisements. The Contractor may institute changes immediately after receiving both the local IRB and RIHSC or its designee approval (except when necessary to eliminate apparent immediate hazards to the subject); however, the Contractor shall submit a copy of the letter evidencing RIHSC’s or its designee’s approval of the proposed changes to the Contracting Officer within three business days of its receipt.

(End of provision)

352.270–11 Protection of Human Subjects—Research Involving Human Subjects Committee (RIHSC) Approval of Research Protocols Required

As prescribed in HHSAR 370.304(c), the Contracting Officer shall insert the following clause:

PROTECTION OF HUMAN SUBJECTS—RESEARCH INVOLVING HUMAN SUBJECTS COMMITTEE (RIHSC) APPROVAL OF RESEARCH PROTOCOLS REQUIRED (DEC 2015)

(a) The Contractor agrees to protect the rights and welfare of human subjects involved in research under this contract by complying with 45 CFR part 46 and the clause at HHSAR 352.270-4b.

(b) Initial proof of compliance with 45 CFR part 46 shall consist of:

1. A copy of a current Federal-wide Assurance on file with OHRP. The copy of a current Federal-wide Assurance shall be included with the Contractor’s proposal;

2. A letter from the Contractor’s local IRB (the Institutional Review Board (IRB) specified in the Offeror’s Assurance of Compliance) stating that it has reviewed and approved the proposed research protocol. The letter from the local IRB shall be submitted to the Contracting Office; and

3. A copy of a letter from the RIHSC stating that it or its designee has reviewed and approved the proposed research protocol. This shall be submitted to the Contracting Officer within three business days of its issuance.

The Contractor shall not advertise for, recruit, or enroll human subjects, or otherwise commence any research involving human subjects under this contract, until RIHSC has reviewed and approved its research. The Contractor may commence other limited aspects of contract performance prior to receiving RIHSC or its designee approval of its proposed research protocol. Research involving human subjects may commence immediately upon the Contractor’s receipt of RIHSC or its designee approval; however, the Contractor shall submit a copy of RIHSC’s or its designee’s letter of approval to the Contracting Officer within three business days of its receipt.

Failure to obtain RIHSC or its designee approval of proposed research protocols may result in the termination of this contract.

(c) The Contractor further agrees that:

1. The Contractor will provide a letter from RIHSC, at least annually, stating that RIHSC or its designee has reviewed and approved the research protocols for research performed under this contract. This shall be submitted to the Contracting Officer for inclusion in the contract file.

2. The Contractor will submit all proposed modifications and amendments to research protocols for research performed under this contract to RIHSC for review and approval. Modifications and amendments include, but are not limited to, changes to consent forms and advertising materials, and the addition or deletion of investigators. Changes may be instituted immediately after the Contractor has received both the local IRB and RIHSC or its designee approval (except when necessary to eliminate apparent immediate hazards to the subject); however, the Contractor shall submit a copy of the letter evidencing RIHSC’s or its designee’s approval of the proposed changes to the Contracting Officer within three business days of its receipt.
352.270–12 Needle Exchange.
As prescribed in HHSAR 370.304(d), the Contracting Officer shall insert the following clause:

NEEDLE EXCHANGE (DEC 2015)
The Contractor shall not use any funds obligated under this contract to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

(End of clause)

352.270–13 Continued Ban on Funding Abortion and Continued Ban on Funding of Human Embryo Research.
As prescribed in HHSAR 370.304(e), the Contracting Officer shall insert the following clause:

CONTINUED BAN ON FUNDING ABORTION AND CONTINUED BAN ON FUNDING OF HUMAN EMBRYO RESEARCH (DEC 2015)

(a) The Contractor shall not use any funds obligated under this contract for any abortion.

(b) The Contractor shall not use any funds obligated under this contract for the following:
(1) The creation of a human embryo or embryos for research purposes; or
(2) Research in which a human embryo or embryos are destroyed, discarded, or knowingly subjected to risk of injury of death greater than that allowed for research on fetuses in utero under 45 CFR part 46 and section 498(b) of the Public Health Service Act (42 U.S.C. 289g(b)).

(c) The term “human embryo or embryos” includes any organism, not protected as a human subject under 45 CFR part 46 as of the date of the enactment of this Act, that is derived by fertilization, parthenogenesis, cloning, or any other means from one or more human gametes of human diploid cells.

(d) The Contractor shall not use any Federal funds for the cloning of human beings.

Subparts 370.1–370.2 [Reserved]

Subpart 370.3—Acquisitions Involving Human Subjects

370.300 Scope of subpart.

This subpart applies to all research activities conducted under contracts involving human subjects. See 45 CFR 46.102(d) and (f).

370.301 Policy.

It is the Department of Health and Human Services (HHS) policy that the contracting officer shall not award a contract involving human subjects until the prospective contractor provides assurance that the activity will undergo initial and continuing review by an appropriate Institutional Review Board (IRB) in accordance with HHS regulations at 45 CFR 46.103. The contracting officer shall require a Federal-wide assurance (FWA), approved by the HHS Office for Human Research Protections (OHRP), of each contractor, subcontractor, or institution engaged in human subjects research in performance of a contract. OHRP administers the assurance covering all HHS-supported or HHS-conducted activities involving human subjects.

370.302 Federal-wide Assurance (FWA).

(a) OHRP-Approved FWAs are found at the following Web site: http://ohrp.nih.gov/search/search.aspx?styp=bsc.

(b) Normally a contractor, subcontractor, or institution must provide approval of a FWA before a contract is awarded. If a contractor, subcontractor, or institution does not currently hold an approved FWA, it shall submit an explanation with its proposal and an FWA application prior to submitting a proposal. The contracting officer, on a case by case basis, may make award without an approved assurance in consultation with OHRP.

(c) A contractor, subcontractor, or institution must submit all FWAs, including new FWAs, using the electronic submission system available through the OHRP Web site at http://ohrp.nih.gov/efile/, unless an institution lacks the ability to do so electronically. If an institution believes it lacks the ability to submit its FWA electronically, it must contact OHRP by telephone or email (see http://www.hhs.gov/ohrp/assurances/index.html) and explain why it is unable to submit its FWA electronically.

370.303 Notice to offerors.

(a) The contracting officer shall insert the provision at 352.270–4a, Notice to Offerors, Protection of Human Subjects, in solicitations that involve human subjects. The contracting officer shall use the clause with its Alternate I when the agency is prescribing a date later than the proposal submission by which the offeror must have an approved FWA.
(b) Institutions having an OHRP-approved FWA shall certify IRB approval of submitted proposals in the manner required by instructions for completion of the contract proposal; by completion of an OMB Form No. 0990–0263, Protection of Human Subjects Assurance Identification/IRB Certification/Declaration of Exemption (Common Rule); or by letter indicating the institution’s OHRP-assigned FWA number, the date of IRB review and approval, and the type of review (convened or expedited). The date of IRB approval must not be more than 12 months prior to the deadline for proposal submission.

(c) The contracting officer generally will not request FWAs for contractors, subcontractors, or institutions prior to selecting a contract proposal for negotiation. When a contractor submits an FWA, it provides certification for the initial contract period; no additional documentation is required. If the contract provides for additional years to complete the project, the contractor shall certify annually in the manner described in 370.303(b).

(d) For the Food and Drug Administration (FDA), the contracting officer shall insert the clause at 352.270–10, Notice to Offerors—Protection of Human Subjects, Research Involving Human Subjects Committee (RIHSC) Approval of Research Protocols Required, in solicitations that involve human subjects when the research is subject to RIHSC review and approval.

370.401 Policy.

(a) It is HHS policy that contracting activities shall not award a contract involving live vertebrate animals until the Contractor provides acceptable assurance that the work is subject to initial and continuing review by an appropriate Institutional Animal Care and Use Committee (IACUC) as described in the PHS Policy at IV.B.6 and 7. The contracting officer shall require an applicable Animal Welfare Assurance approved by the Office of Laboratory Animal Welfare (OLAW), National Institutes of Health (NIH), of each contractor, subcontractor, or institution having responsibility for animal care.
and use involved in performance of the contract. Normally the assurance shall be approved before award. The contracting officer, on a case-by-case basis, may make award without an approved assurance in consultation with OLAW. For additional information see PHS Policy II., IV.A, and V.B.

(b) The OLAW, NIH, is responsible for negotiating assurances covering all HHS/PHS-supported or HHS/PHS-conducted activities involving the care and use of live vertebrate animals. OLAW shall provide guidance to contracting officers regarding adequate animal care and use, approval, disapproval, restriction, or withdrawal of approval of assurances. For additional information see PHS Policy V.A.

370.402 Assurances.

(a) Animal Welfare Assurances may be one of three types:

(1) Domestic Assurance (DA). A DA describes the institution’s animal care and use program, including but not limited to the lines of authority and responsibility, veterinary care, IACUC composition and procedures, occupational health and safety, training, facilities, and species housed. A DA listed in OLAW’s list of institutions with an approved DA is acceptable for purposes of this policy.

(2) Inter-institutional Assurance (IA). The offeror, its proposed subcontractor, or institution shall submit an IA when it does not have a proprietary animal care and use program, facilities to house animals or IACUC, and does not conduct animal research on-site. The offeror will perform the animal activity at an institution with an Animal Welfare Assurance named as a performance site. An IA approval extends to the full period of contract performance (up to 5 years) limited to the specific award or single project.

(3) Foreign Assurance (FA). The Foreign Assurance is required for institutions outside the U.S. that receive PHS funds directly through a contract award. The Foreign Assurance also applies to institutions outside the U.S. that receive PHS funds indirectly (named as a performance site). An FA listed in OLAW’s list of institutions with an approved FA is acceptable for purposes of this policy.

(b) The contracting officer shall forward copies of proposals selected for negotiation and requiring an assurance to OLAW at olawdoa@od.nih.gov, as early as possible to secure the necessary assurances.

c) A contractor providing animal care services at an institution with an Animal Welfare Assurance, such as a Government-owned, Contractor-operated (GOCO) site, does not need a separate assurance. GOCO site assurances normally cover such contractor services.

370.403 Notice to offerors.

(a) The contracting officer shall insert the provision at 352.270–5a, Notice to Offerors of Requirement for Compliance with the Public Health Service Policy on Humane Care and Use of Laboratory Animals, in solicitations involving live vertebrate animals.

(b) Offerors having a DA on file with OLAW shall submit IACUC approval of the use of animals in the manner required by the solicitation, but prior to award. The date of IACUC approval must not be more than 36 months prior to award.

c) It is not necessary for offerors lacking an Animal Welfare Assurance to submit assurances or IACUC approval with proposals. OLAW shall contact contractors, subcontractors, and institutions to negotiate necessary assurances and verify IACUC approvals when requested by the contracting officer.

370.404 Contract clause.

The contracting officer shall insert the clause at 352.270–5b, Care of Live Vertebrate Animals, in solicitations,
Health and Human Services

contracts, and orders that involve live vertebrate animals.

Subparts 370.5–370.6 [Reserved]

Subpart 370.7—Acquisitions Under the Leadership Act

370.700 Scope of subpart.

370.701 Solicitation provision.

The contracting officer shall insert the provision at 352.270–9, Non-Discrimination for Conscience, in solicitations valued at more than the micro-purchase threshold:

(a) In connection with the implementation of HIV/AIDS programs under the President’s Emergency Plan for AIDS Relief established by the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003, as amended; or

(b) Where the contractor will receive funding under the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003, as amended. In resolving any issues or complaints that offerors may raise regarding meeting the requirements specified in the provision, the contracting officer shall consult with the Office of Global Health Affairs, Office of the General Counsel, the Program Manager, and other HHS officials, as appropriate.

SUBCHAPTER A—GENERAL

PART 400 [RESERVED]

PART 401—AGRICULTURE ACQUISITION REGULATION SYSTEM

Sec.

401.000 Scope of part.

401.000 Scope of part.

This part presents basic policies and general information about the Department of Agriculture’s (USDA) Acquisition Regulation, subsequently referred to as the AGAR. The AGAR is an integral part of the Federal Acquisition Regulations System.

Subpart 401.1—Purpose, Authority, Issuance

401.101 Purpose.

(a) The AGAR provides for the codification and publication of uniform policies and procedures for acquisitions by contracting activities within USDA.

(b) The purpose of the AGAR is to implement the Federal Acquisition Regulation (FAR), where further implementation is needed, and to supplement the FAR when coverage is needed for subject matter not covered in the FAR. The AGAR is not by itself a complete document, as it must be used in conjunction with the FAR.

401.103 Authority.

The AGAR and amendments thereto are issued under 5 U.S.C. 301 and 40 U.S.C. 486(c). The Senior Procurement Executive (SPE) has the delegated authority to promulgate Departmental acquisition regulations.

401.104 Applicability.

The FAR and AGAR apply to all USDA acquisitions of supplies and services (including construction) which obligate appropriated funds, unless otherwise specified in this chapter or excepted by law.

401.105 Issuance.

(a) The AGAR is codified in the Code of Federal Regulations (CFR) as Chapter 4 of Title 48, Federal Acquisition Regulations System, to implement and supplement Chapter 1 which constitutes the FAR. Parts 400 through 499 have been assigned to USDA by the Office of the Federal Register.
(b) The AGAR and its subsequent changes are published in:
(1) Daily issues of the FEDERAL REGISTER,
(2) Cumulative form in the CFR, and,
(3) Electronic form on the USDA Departmental Administration Procurement Homepage (see 401.170).
(c) Section 553(a)(2) of the Administrative Procedure Act, 5 U.S.C. 553, provides an exception from the standard public rulemaking procedures to the extent that the rule involves a matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. In 1971, Secretary of Agriculture Hardin announced a voluntary partial waiver from the Administrative Procedure Act exception, and USDA agencies generally are required to provide notice and an opportunity for public comment on proposed rules (36 FR 13804, July 24, 1971). The AGAR has been promulgated and may be revised from time to time in accordance with the rulemaking procedures of the Administrative Procedure Act. The USDA also is required to publish for public comment procurement regulations in the FEDERAL REGISTER, pursuant to the Office of Federal Procurement Policy Act (41 U.S.C. 418b), and FAR 1.301.

401.170 Electronic access to regulatory information.

The USDA Departmental Administration Procurement Homepage provides access to the AGAR, AGAR amendments (circulars), AGAR Advisories, and other USDA procurement policy and guidance in electronic form. The Internet address for the Procurement Homepage is URL http://www.usda.gov/procurement/.

Subpart 401.2—Administration

401.201 Maintenance of the FAR.

401.201–1 The two councils.

(a) USDA’s representative on the Civilian Agency Acquisition Council is designated by the SPE.

(b) The Procurement Policy Division will coordinate proposed FAR revisions within USDA.

Subpart 401.3—Agency Acquisition Regulations

401.301 Policy.

(a) The SPE, subject to the authorities in 401.103 and FAR 1.301, may issue and publish Departmental regulations, that together with the FAR, constitute Department-wide policies, procedures, solicitation provisions, and contract clauses governing the contracting process or otherwise controlling the relationship between USDA (including any of its contracting activities) and contractors or prospective contractors.
(b) Each designated head of a contracting activity (HCA) is authorized to issue or authorize the issuance of, at any organizational level, internal guidance which does not have a significant effect beyond the internal operating procedures of the activity, or a significant cost or administrative impact on offerors or contractors. Internal guidance issued by contracting activities will not be published in the FEDERAL REGISTER. HCA’s shall ensure that the guidance, procedures, or instructions issued—

(1) Are consistent with the policies and procedures contained in this chapter;
(2) Follow the format, arrangement, and numbering system of this chapter to the extent practicable;
(3) Contain no material which duplicates, paraphrases, or is inconsistent with this chapter; and
(4) Are numbered and identified by use of alphabetical suffixes to the chapter number as follows:

4A [Reserved]
4B Agricultural Research Service.
4C Farm Service Agency.
4D Rural Development (mission area).
4E Food Safety and Inspection Service.
4F [Reserved]
4G Forest Service.
4H [Reserved]
4I Natural Resources Conservation Service.
4J [Reserved]
4K Food and Nutrition Service.
4L Animal and Plant Health Inspection Service.
4M [Reserved]
4N Departmental Administration.
4O–4P [Reserved]
4R Office of Inspector General.
4S [Reserved]

401.370 Exclusions.

Subject to the policies of FAR subpart 1.3, certain USDA acquisition policies and procedures may be excluded from the AGAR under appropriately justified circumstances, such as:

(a) Subject matter which is effective for a period less than 12 months.
(b) Subject matter which is instituted on an experimental basis for a reasonable period.
(c) Acquisition procedures instituted on an interim basis to comply with the requirements of statute, regulation, Executive Order, OMB Circular, or OFPP Policy Letter.

401.371 AGAR Advisories.

The SPE may issue AGAR Advisories, consistent with the policies of the FAR and the AGAR, for the following purposes:

(a) To communicate Department-wide policy and/or procedural guidance to contracting activities;
(b) To delegate to procurement officials authority to make determinations or to take action to implement the policies of the FAR or the AGAR;
(c) To establish internal policy and procedures on an interim basis, prior to incorporation in the AGAR or in a Departmental Directive.
(d) AGAR Advisories are only available in electronic format on the USDA
401.372 Departmental directives.

Subject to the policies of FAR 1.3, USDA from time to time may issue internal directives to establish procedures, standards, guidance, or methods of performing duties, functions, or operations. Such directives include Departmental Regulations (DR’s), Departmental Notices, and Secretary’s Memoranda.

Subpart 401.4—Deviations From the FAR and AGAR

401.402 Policy.

Requests for authority to deviate from the provisions of the FAR or the AGAR shall be submitted in writing as far in advance as the exigencies of the situation will permit. Each request for deviation shall contain the following:

(a) A statement of the deviation desired, including identification of the specific paragraph number(s) of the FAR and AGAR;

(b) The reason why the deviation is considered necessary or would be in the best interest of the Government;

(c) If applicable, the name of the contractor and identification of the contract affected;

(d) A statement as to whether the deviation has been requested previously and, if so, circumstances of the previous request;

(e) A description of the intended effect of the deviation;

(f) A statement of the period of time for which the deviation is needed; and

(g) Any pertinent background information which will contribute to a full understanding of the desired deviation.

401.403 Individual deviations.

In individual cases, deviations from either the FAR or the AGAR will be authorized only when essential to effect a necessary acquisition or where special circumstances make such deviations clearly in the best interest of the Government. Except for cost principles, HCA’s may approve individual deviations from the AGAR, after coordinating with the General Counsel and the SPE. No deviations from the FAR or AGAR may be authorized at the contracting office level. A copy of each deviation and its supporting documentation shall be provided to the SPE. Deviations from the FAR shall not be made unless such action is authorized by the SPE after consultation with the Office of the General Counsel and any other appropriate office, on the basis of a written justification stating clearly the special circumstances involved.

Subpart 401.6—Contracting Authority and Responsibilities

401.601 General.

(a) The authority and responsibility vested in the Secretary to manage USDA’s acquisition function is delegated through the Assistant Secretary for Administration to the SPE. This broad authority includes, but is not limited to, the following responsibilities:

(1) Prescribing and publishing Departmental acquisition policies, regulations, and procedures.

(2) Taking any necessary actions consistent with policies, regulations, and procedures with respect to purchases, contracts, leases, and other transactions.

(3) Designating contracting officers.

(4) Establishing clear lines of contracting authority.

(5) Evaluating and monitoring the performance of USDA’s acquisition system.
(6) Managing and enhancing career development of the contracting workforce.

(7) Participating in the development of Government-wide acquisition policies, regulations, and standards; and determining specific areas where Government-wide performance standards should be established and applied.

(8) Determining areas of Department-unique standards and developing unique Department-wide standards.

(9) Certifying to the Secretary that the acquisition system meets approved standards.

(b) The SPE may delegate contracting authority to the Heads of Contracting Activities (HCA’s) and the responsibility to manage their acquisition function.

(c) Unless prohibited by the FAR, the AGAR, or by other applicable statutes and regulations, the SPE may redelegate to HCA’s the authority to make determinations as the agency head in order to implement the policies and procedures of the FAR. Such delegations shall be in writing, but need not be published.

(d) Unless prohibited by the FAR, the AGAR, or by other applicable statutes or regulations, each HCA may designate one individual from the contracting activity to carry out the functions of the HCA (HCAD). The HCAD may exercise all authority delegated to the HCA.

401.602 Contracting officers.

401.602-3 Ratification of unauthorized commitments.

(a) Definitions. Ratification, as used in this section, means the signed, documented action taken by an authorized official to approve and sanction a previously unauthorized commitment.

Unauthorized commitment, as used in this section, means an agreement made by a Government representative who lacked the authority to enter into a contract on behalf of the Government.

(b) Policy. The HCA may delegate ratification authority to the chief of the contracting office.

(c) Procedure. Whenever an official of the cognizant contracting activity who is authorized to ratify unauthorized commitments learns that a person or firm has assumed work as a result of an unauthorized commitment, that official shall take the following actions:

(1) Immediately inform any person who is performing work as a result of an unauthorized commitment that the work is being performed at that person’s risk;

(2) Inform the individual who made the unauthorized commitment of the seriousness of the act and the possible consequences;

The case must be accompanied by a complete statement of the facts (including a copy of any criminal indictments, if applicable) along with a recommendation for action. Where the statement of facts indicates the irregularities to be possible criminal offenses, or for any other reason further investigation is considered necessary, the matter shall be referred to the HCA who should consult with the Office of Inspector General to determine if further investigation is required prior to referring it to the debarring official.

(b) Decision-making process. If, after reviewing the recommendations and consulting with the Office of Inspector General and Office of the General Counsel, as appropriate, the debarring official determines debarment is justified, the debarring official shall initiate the proposed debarment in accordance with FAR 9.406–3(c) and notify the HCA of the action taken.

The proceedings shall be conducted expeditiously and in such a manner that each party will have an opportunity to present all information considered pertinent to the proposed debarment. Where the statement of facts indicates the irregularities to be possible criminal offenses, or for any other reason further investigation is considered necessary, the matter shall be referred to the HCA who should consult with the Office of Inspector General to determine if further investigation is required prior to referring it to the debarring official.

(b) Decision-making process. If, after reviewing the recommendations and consulting with the Office of Inspector General and Office of the General Counsel, as appropriate, the debarring official determines suspension is justified, the debarring official shall initiate the proposed suspension in accordance with FAR 9.407–3(c) and notify the HCA of the action taken.

Offeror

1. To the best of my knowledge and belief, no conflict of interest exists that may diminish my capacity to perform an impartial and objective review of the offeror’s proposal, or may otherwise result in a biased opinion or an unfair advantage. If a potential conflict of interest arises or if I identify such a conflict, I agree to notify the Government promptly concerning the potential conflict. In determining whether any potential conflict of interest exists, I agree to review whether my or my employer’s relationships with other persons or entities, including, but not limited to, ownership of stocks, bonds, other outstanding financial interests or commitments, employment arrangements (past, present, or under consideration), and, to the extent known by me, all financial interests and employment arrangements of my spouse, minor children, and other members of my immediate household, may place me in a position of conflict, real or apparent, with the evaluation proceedings.

I understand that any authorized restriction on disclosure placed upon the proposal by the prospective contractor or subcontractor or by the Government shall be applied to any reproduction or abstracted information of the proposal. I agree to use my best effort to safeguard such information physically, and not to disclose the contents of, or release any information relating to, the proposal(s) to anyone outside of the Source Evaluation Board or other

A copy of the referral shall be submitted through the head of the contracting activity (HCA) to the Senior Procurement Executive (SPE).

432.006–4 Procedures.

(a) Immediately upon submittal of the referral described in 432.006–3, the HCA and the contracting officer shall confer with the SPE and representatives of the OIG to discuss the potential for reduction or suspension of further payments based on the considerations listed in FAR 32.006–4(d) (1) through (5).

(b) The SPE will determine whether the contractor has contracts with other Departments or contracting activities and will involve them, as necessary, in the decision making process.

(c) The OIG will determine the need for and the extent of an investigation.

(d) Immediately upon completion of the OIG investigation (or, if deemed necessary by the OIG and the SPE, before completion of the investigation) the SPE, in coordination with the HCA, the contracting officer, and the OIG, shall make a report on the action to the RCO.

The RCO will submit the recommendation (including a recommendation for the time period of a follow up review) to the agency head. This recommendation will be considered by the Secretary and handled as a final action described in paragraph (f) of this section.

(b) In addition to the types of confidential information described in (a)(1) and (2) above, information which might require special consideration with regard to the timing of its disclosure may derive from studies or research, during which public disclosure of primarily invalidated findings could create an erroneous conclusion which might threaten public health or safety if acted upon.

(c) The Contracting Officer and the Contractor may, by mutual consent, identify elsewhere in this contract specific information and/or categories of information which the Government will furnish to the Contractor or that the Contractor is expected to generate which is confidential. Similarly, the Contracting Officer and the Contractor may, by mutual consent, identify such confidential information from time to time during the performance of the contract. (f) Written advance notice of at least 45 days will be provided to the Contracting Officer of the Contractor’s intent to release findings of studies or research, which have the possibility of adverse effects on the public or the Federal agency, as described in (b) above. If the Contracting Officer does not pose any objections in writing within the 45 day period, the Contractor may proceed with disclosure. Disagreements not resolved by the Contractor and Contracting Officer will be settled pursuant to the “Disputes” clause.

If addition of another bid item in the listed order of priority would make the award exceed such funds for all bidders, it shall be skipped and the next subsequent additive bid item in a lower amount shall be added if award therein can be made within such funds. For example, when the amount available is $100,000 and a bidder’s base bid and four successive additives are $85,000, $10,000, $8,000, $6,000, and $4,000, the aggregate amount of the bid for purposes of award would be $99,000 for the base bid plus the first and fourth additives, the second and third additives being skipped because of each of them would cause the aggregate bid to exceed $100,000. In any case all bids shall be evaluated on the basis of the same additive or deductive bid items, determined as above provided. The listed order of priority need be followed only for determining the low bidder. After determination of the low bidder as stated, award in the best interests of the Government may be made on the selected first or base bid item and any combination of additive or deductive items for which funds are determined to be available at the time of the award, provided that award on such combination of bid items does not exceed the amount offered by any other conforming responsible bidder for the same combination of bid items.

(b) Fire Suppression Costs. The Contractor’s obligations for cost of fire suppression vary according to three classifications of fires as follows:

(1) Operations Fire. An “operations fire” is a fire caused by the Contractor’s operations other than a negligent fire. The Contractor agrees to reimburse Forest Service for such cost for each operations fire, subject to a
max. dollar amount of [Contracting Officer insert amount]. The cost of the Contractor’s actions, supplies, and equipment on any such fire, or otherwise provided at the request of Forest Service, shall be credited toward such maximum. If the Contractor’s actual cost exceeds contractor’s obligation stated above, Forest Service shall reimburse the contractor for the excess.

(2) Negligent Fire. A “negligent fire” is a fire caused by the negligence or fault of the Contractor’s operations including, but not limited to, one caused by smoking by persons engaged in the Contractor’s operations during the course of their employment, or during rest or lunch periods; or if the Contractor’s failure to comply with requirements under this contract results in a fire starting, or permits a fire to spread. Damages and the cost of suppressing negligent fires shall be borne by the Contractor.

(3) Other Fires on Contract Area. Forest Service shall pay the Contractor, at firefighting rates common in the area or at prior agreed rates, for equipment or personnel furnished by the Contractor at the request of Forest Service, on any fire on contract area other than an operations fire or a negligent fire.

(c) Contractor’s Responsibility for Notification in Case of Fire. The Contractor shall immediately notify the Government of any fires sighted on or in the vicinity of the work site.

(d) Contractor’s Responsibility for Responding to Emergencies. When directed by the Contracting Officer, the Contractor shall temporarily redirect employees and equipment from the work site for emergency work (anticipated to be restricted to firefighting). This is considered to be within the general scope of the contract. An equitable adjustment for any such redirection of employees and equipment will be made under the FAR clause at 52.243-4, Changes.

e) Performance by the Contractor. Where the Contractor’s employees, agents, contractors, subcontractors, or their employees or agents perform the Contractor’s operations in connection with fire responsibilities, the Contractor’s obligations shall be the same as if performance was by Contractor.

(f) State Law. The Contractor shall not be relieved by the terms of this contract of any liability to the United States for fire suppression costs recovered in an action based on State law, except for such costs resulting from operations fires. Amounts due to the Contractor for firefighting expenditures on operations fires shall not be withheld pending settlement of any such claim or action based on State law.

Free carrier (FCA) (* * named place) means a term of sale which means the seller fulfills its obligation when the seller has handed over the goods, cleared for export, into the charge of the carrier named by the buyer at the named place or point. If no precise point is indicated by the buyer, the seller may choose, within the place or range stipulated, where the carrier should take the goods into their charge.

Grantee organization means an organization which will receive commodities from the United States Agency for International Development under Title II of the Food for Peace Act (7 U.S.C. 1721 et seq.) or from the Foreign Agricultural Service under the Food for Progress Act of 1985; the McGovern-Dole International Food for Education and Child Nutrition Program; and any other international food assistance program.

Ingredient means spices, vitamins, micronutrients, desiccants, and preservatives when added to an agricultural commodity product.

Last contract lay day means the last day specified in an ocean freight contract by which the carriage of goods must start for contract performance.

Lowest landed cost means, as authorized by 46 U.S.C. 55314(c), with respect to an agricultural product acquired under this part the lowest aggregate cost for the acquisition of such product and the shipment of such product to a foreign destination.

Multi-port voyage charter means the charter of an ocean carrier in which
the carrier will stop at two or more ports to discharge cargo.

470.102 Policy.

(a) Policy. It is the policy of the Department to follow the policies and procedures set forth in the Federal Acquisition Regulation (FAR) as supplemented by the Agriculture Acquisition Regulation, including this part, in the procurement of agricultural commodities and products of agricultural commodities that are used in domestic feeding and international feeding and development programs.

(b) Electronic submission. To the maximum extent possible, the use of electronic submission of solicitation-related documents shall be used with respect to the acquisition of agricultural commodities and related freight; however, to the extent that a solicitation allows for the submission of written information in addition to information in an electronic format and there is a discrepancy in such submissions, the information submitted in a written format shall prevail unless the electronic submission states that a specific existing written term is superseded by the electronic submission.

(c) Freight. With respect to the acquisition of freight for the shipment of agricultural commodities and products of agricultural commodities, the provisions of the FAR, including part 47, shall be utilized and various types of services to be obtained may include multi-trip voyage charters.

470.103 United States origin of agricultural products.

(a) Products of United States origin. As provided by 7 U.S.C. 1732(2) and 1736o-1(a) commodities and the products of agricultural commodities acquired for use in international feeding and development programs shall be products of United States origin. A product shall not be considered to be a product of the United States if it contains any ingredient that is not produced in the United States if that ingredient is:

(1) Produced in the United States; and

(2) Commercially available in the United States at fair and reasonable prices from domestic sources.

(b) Use by the Food and Nutrition Service. Commodities and the products of agricultural commodities acquired for use by the Food and Nutrition Service shall be a product of the United States, except as may otherwise be required by law, and shall be considered to be such a product if it is grown, processed, and otherwise prepared for sale or distribution exclusively in the United States except with respect to ingredients. Ingredients from non-domestic sources will be allowed to be utilized as a United States product if such ingredients are not otherwise:

(1) Produced in the United States; and

(2) Commercially available in the United States at fair and reasonable prices from domestic sources.

(c) Commingled product. (1) Except as provided in paragraph (c)(2) of this section, a commingled product shall be considered to be a product of the United States if the offeror can establish that the offeror has in inventory at the time the contract for the commodity or product is awarded to the offeror, or obtains during the contract performance period specified in the solicitation, a sufficient quantity of the commodity or product that was produced in the United States to fulfill the contract being awarded, and all unfilled contracts that the offeror entered into to provide such commingled product to the United States.

(2) To the extent the Department has determined a commodity is one that is generally commingled, but is also one which can be readily stored on an identity preserved basis with respect to its country of origin, the Department may require that the commodity procured by the Department shall be of 100 percent United States origin.

(d) Product derived from animals. With respect to the procurement of products derived from animals, the solicitation will set forth any specific requirement that is applicable to the country in which the animal was bred, raised, slaughtered or further processed.
470.200 Acquisition of commodities and freight shipment for Foreign Agricultural Service programs.

(a) Lowest landed cost and delivery considerations. (1) Except as provided in paragraphs (a)(3) and (4) of this section, in contracts for the Foreign Agricultural Service for commodities and related freight shipment for delivery to foreign destinations, the contracting officer shall consider the lowest landed cost of delivering the commodity to the intended destination. This lowest landed cost determination will be calculated on the basis of rates and service for that portion of the commodities being purchased that is determined is necessary and practicable to meet 46 U.S.C. 55314(c)(3) and cargo preference requirements and on an overall (foreign and U.S. flag) basis for the remaining portion of the commodities being procured and the additional factors set forth in this section. Accordingly, the solicitations issued with respect to a commodity procurement or a related freight procurement will specify that in the event an offer submitted by a party is the lowest offered price, the contracting officer reserves the right to reject such offer if the acceptance of another offer for the commodity or related freight, when combined with other offers for commodities or related freight, results in a lower landed cost to the Department.

(2) The Department may contact any port prior to award to determine the port’s cargo handling capabilities, including the adequacy of the port to receive, accumulate, handle, store, and protect the cargo. Factors considered in this determination may include, but not be limited to, the adequacy of building structures, proper ventilation, freedom from insects and rodents, cleanliness, and overall good housekeeping and warehousing practices. The Department may consider the use of another coastal range or port if a situation exists at a port that may adversely affect the ability of the Department to have the commodity delivered in a safe and timely manner. Such situations include:

(i) A port is congested;

(ii) Port facilities are overloaded;

(iii) A vessel would not be able to dock and load cargo without delay;

(iv) Labor disputes or lack of labor may prohibit the loading of the cargo onboard a vessel in a timely manner; or

(v) Other similar situation that may adversely affect the ability of the Department to have the commodity delivered in a timely manner.

(3) Use of other than lowest landed cost. In order to ensure that commodities are delivered in a timely fashion to foreign destinations and without damage, the contracting officer may award an acquisition without regard to the lowest landed cost process set forth in paragraph (a)(1) of this section if:

(i) The solicitation specifies that the lowest land cost process will not be followed in the completion of the contract; or

(ii) After issuance of the solicitation, it is determined that:

(A) Internal strife at the foreign destination or urgent humanitarian conditions threatens the lives of persons at the foreign destination;

(B) A specific port’s cargo handling capabilities (including the adequacy of the port to receive, accumulate, handle, store, and protect commodities) and other similar factors may adversely affect the delivery of such commodities through damage or untimely delivery. Such similar factors include, but are not limited to: port congestion; overloaded facilities at the port; vessels not being able to dock and load cargo without delay due to conditions at the port; labor disputes or lack of labor may prohibit the loading of the cargo onboard a vessel in a timely manner; and the existence of inadequate or unsanitary warehouse and other supporting facilities;

(C) The total transit time of a carrier, as it relates to a final delivery date at the foreign destination may impair the timely delivery of the commodity;

(D) Other similar situations arise that materially affect the administration of the program for which the commodity or freight is being procured; or

(E) The contracting officer determines that extenuating circumstances preclude awards on the basis of lowest landed cost, or that efficiency and cost savings justify use of types of ocean
service that would not involve an analysis of freight. However, in all such cases, commodities would be transported in compliance with cargo preference requirements. Examples of extenuating circumstances are events such as internal strife at the foreign destination or urgent humanitarian conditions threatening the lives of persons at the foreign destination. Other types of services may include, but are not limited to, multi-trip voyage charters, indefinite delivery/indefinite quantity (IDIQ), delivery cost and freight (C & F), delivery cost insurance and freight (CIF), and indexed ocean freight costs.

470.202 Acquisition of commodities for United States Agency for International Development (USAID) programs.

(a) Lowest landed cost and delivery considerations. (1) Except as provided in paragraphs (a)(3) and (e)(2) of this section, with respect to the acquisition of agricultural commodities for delivery to foreign destinations and related freight to transport such commodities under Title II of Public Law 480, contracts will be entered into in a manner that will result in the lowest landed cost of such commodity delivery to the...
470.202

intended destination. This lowest land-
ed cost determination shall be cal-
culated on the basis of rates and serv-
ice for that portion of the commodities
being purchased that is determined is
necessary and practicable to meet 46
U.S.C. 53314(c)(3) and cargo preference
requirements and on an overall (foreign
and U.S. flag) basis for the remain-
ing portion of the commodities being pro-
cured and the additional factors set
forth in this section. Accordingly, the
solicitations issued with respect to a
commodity procurement or a freight
procurement will specify that in the
event an offer submitted by a party is
the lowest offered price, the con-
tracting officer reserves the right to
reject such offer if the acceptance of
another offer for the commodity or
freight, when combined with other of-
fers for commodities or freight, results
in a lower landed cost to USAID.

(2) The Department may contact any
port prior to award to determine the
port’s cargo handling capabilities, in-
cluding the adequacy of the port to re-
ceive, accumulate, handle, store, and
protect the cargo. Factors which will
be considered in this determination
will include, but not be limited to, the
adequacy of building structures, proper
ventilation, freedom from insects and
rodents, cleanliness, and overall good
housekeeping and warehousing prac-
tices. The Department may consider
the use of another coastal range or
port if a situation exists at a port that
may adversely affect the ability of the
Department to have the commodity de-
ivered in a safe and/or timely manner.
Such situations include:
(i) A port is congested;
(ii) Port facilities are overloaded;
(iii) A vessel would not be able to
dock and load cargo without delay;
(iv) Labor disputes or lack of labor
may prohibit the loading of the cargo
onboard a vessel in a timely manner; or
(v) Other similar situation that may
adversely affect the ability of the De-
partment to have the commodity deliv-
ered in a timely manner.

(3) Use of other than lowest landed cost.
In order to ensure that commodities
are delivered in a timely fashion to for-
eign destinations and without damage,
the Department may complete an ac-
quision without regard to the lowest
land cost process set forth in paragraph
(a)(1) of this section, if:
(i) The solicitation specifies that the
lowest land cost process will not be fol-
lowed in the completion of the con-
tract; or
(ii) After issuance of the solicitation,
it is determined that:
(A) Internal strife at the foreign des-
tination or urgent humanitarian condi-
tions threatens the lives of persons at
the foreign destination;
(B) A specific port’s cargo handling
capabilities (including the adequacy of
the port to receive, accumulate, han-
dle, store, and protect commodities)
and other similar factors will adversely
affect the delivery of such commodities
without damage or in a timely manner.
Such similar factors include, but are
not limited to: port congestion; over-
loaded facilities at the port; vessels
would not be able to dock and load
cargo without delay; labor disputes or
lack of labor may prohibit the loading
of the cargo onboard a vessel in a time-
ly manner; and the existence of inad-
equate or unsanitary warehouse and
other supporting facilities;
(C) The total transit time of a car-
rrier, as it relates to a final delivery
date at the foreign destination may im-
pair the ability of the Department to
achieve timely delivery of the com-
modity; or
(D) Other similar situations arise
that materially affect the administra-
tion of the program for which the com-
modity or freight is being procured.

(4) If the contracting officer deter-
mines that action may be appropriate
under paragraph (a)(3) of this section,
prior to the acceptance of any applica-
ble offer, the contracting officer shall
provide to the head of contracting ac-
tivity designee and to USAID, a writ-
ten request to obtain commodities and
freight in a manner other than on a
lowest landed cost basis. This request
shall include a statement of the rea-
sons for not using lowest landed cost
basis. The head of contracting author-
ity designee, or one level above the
contracting officer, with the concur-
rence of USAID, shall, on an expedited
basis, either accept or reject this re-
quest and shall document this deter-
mination in writing and provide a copy
to USAID.
(b) Freight shipping and rates. (1) In determining lowest-landed cost as specified in paragraph (a) of this section, the Department shall use vessel rates offered in response to solicitations issued by USAID or grantee organizations receiving commodities under 7 U.S.C. 1731 et seq.

(2) USAID may require, or direct a grantee organization to require, an ocean carrier to submit offers electronically through a Web-based system maintained by the Department. If electronic submissions are required, the Department may, at its discretion, accept corrections to such submissions that are submitted in a written form other than by use of such Web-based system.

(c) Delivery date. The contracting officer shall consider total transit time, as it relates to a final delivery date, in order to satisfy Public Law 480 Title II program requirements.

(d) Delivery points. (1) Commodities offered for delivery free alongside ship Great Lakes port range or intermodal bridge-point Great Lakes port range that represent the overall (foreign and U.S. flag) lowest landed cost will be awarded on a lowest landed cost basis. Tonnage allocated on this basis will not be reevaluated on a lowest landed cost U.S.-flag basis unless the contracting officer determines that 25 percent of the total annual tonnage of bagged, processed, or fortified commodities furnished under 7 U.S.C. 1731 et seq. has been, or will be, transported from the Great Lakes port range during that fiscal year.

(2) The contracting officer shall consider commodity offers as offers for delivery “intermodal bridge-point Great Lakes port range” only if:

(i) The offer specifies delivery at a marine cargo-handling facility that is capable of loading ocean going conveyances such as barges and container vans, and

(ii) The commodities will be moved from one transportation conveyance to another at such a facility.

(e) Multiple awards or delivery points. (1) If more than one offer for the sale of commodities is received or more than one delivery point has been designated in such offers, in order to achieve a combination of a freight rate and commodity award that produces the lowest landed cost for the delivery of the commodity to the foreign destination, the contracting officer shall evaluate offers submitted on a delivery point by delivery point basis; however, consideration shall be given to prioritized ocean transport service in determining lowest landed cost.

(2) The contracting officer may determine that extenuating circumstances preclude awards on the basis of lowest landed cost. However, in all such cases, commodities may be transported in compliance with cargo preference requirements as determined by USAID.

(3) The contracting officer shall notify USAID or, if applicable, the grantee organization, that its shipping agent will be notified of the vessel freight rate used in determining the commodity contract award. The grantee organization or USAID will be responsible for finalizing the charter or booking contract with the vessel representing the freight rate so used.

470.203 Cargo preference.

An agency having responsibility under this subpart shall administer its programs, with respect to this subpart, in accordance with regulations prescribed by the Secretary of Transportation.

AUTHORITY: 40 U.S.C. 121(c).

SOURCE: 64 FR 37203, July 9, 1999, unless otherwise noted.

Subpart 501.1—Purpose, Authority, Issuance

501.101 Purpose.

(a) The General Services Acquisition Regulation (GSAR) contains agency acquisition policies and practices, contract clauses, solicitation provisions, and forms that control the relationship between GSA and contractors and prospective contractors.

(b) GSAR address rules directly to you, the contracting officer, unless otherwise indicated.

501.103 Authority.

GSA’s Senior Procurement Executive issues the GSAR under the authority of the Federal Property and Administrative Services Act of 1949, as amended.

501.104 Applicability.

(a) General. The GSAR applies to contracts for suppliers or services, including construction.

(b) Acquisition of leasehold interests in real property. Part 570 establishes rules for the acquisition of leasehold interests in real property. Other provisions of 48 CFR chapter 5 (GSAR) do not apply to leases of real property unless specifically cross-reference in part 570.

(c) Relationship to state. Some GSAR rules implement and interpret laws and other authorities affecting procurement. A GSAR rule specifically directed by statute has the force and effect of law.

(d) GSAR/FAR Relationship. The GSAR may deviate from the Federal Acquisition Regulation (FAR) if authorized. If the GSAR does not implement the FAR, the FAR alone governs.

501.105 Issuance.

501.105–1 Publication and code arrangement.

The GSAR is published in the following sources:

(a) Daily issue of the FEDERAL REGISTER.

(b) Annual Code of Federal Regulations (CFR), as Chapter 5 of Title 48.

(c) GSA Acquisition Manual distributed within GSA.

(d) GSA Home Page at http://www.gsa.gov. Click on either “Government Agencies” or on “Business and Industry,” the click on “Acquisition.”

501.105–2 Arrangement of regulations.

(a) The GSAR numbers and captions policies and procedures to correspond to how they appear in the FAR, e.g., 1.104 in the FAR is 501.104 in the GSAR.

(b) GSAR rules not implementing the FAR have numbers beginning with 70, e.g., part 570, subsection 515.209–70.

(c) The GSAR may have gaps in its numbering scheme because a FAR rule may not require GSAR implementation.
Subpart 501.4—Deviations From the FAR and GSAR

501.402 Policy.
Uniformity is a goal of GSA’s Acquisition Regulation System. Despite this desire for uniformity, a contracting activity may take any of the following actions:

(a) Develop and test new procedures and techniques.

(b) Adopt alternate procedures in the public interest for unique programmatic or managerial requirements.

(c) Deviate from a regulatory provision implementing a statutory requirement provided the deviation does not violate the underlying statute. Deviations must not be used to defeat the FAR and GSAR approval requirements.

501.403 Individual deviations.

(a) An individual deviation affects only one contract action.

(1) The Head of the Contracting Activity (HCA) must approve an individual deviation to the FAR. The authority to grant an individual deviation may not be re-delegated. A copy of the deviation must be provided to GSA’s Senior Procurement Executive (SPE).

(2) An individual deviation to the GSAR must be approved by the HCA. The authority to grant an individual deviation may be re-delegated to the Contracting Director.

(b) If GSA delegates authority to another agency and requires compliance with the GSAR as a condition of the delegation, the Contracting Director in the agency receiving the delegation may approve individual deviations...
from the GSAR unless the agency head receiving the delegation designates another official.

(c) Send a copy of each deviation to GSA’s SPE (MV).

[64 FR 37203, July 9, 1999, as amended at 70 FR 15779, Mar. 29, 2005; 81 FR 1532, Jan. 13, 2016]

501.404 Class deviations.

(a) A class deviation affects more than one contract action. A deviation for any solicitation that will result in multiple awards or any solicitation under the multiple award Federal Supply Schedule program is considered to be a class deviation. Each award under such a solicitation is considered an individual contract action.

   (1) A class deviation to the FAR must be forwarded by the cognizant HCA to GSA’s SPE for approval. Prior to approving a class deviation to the FAR, the SPE will consult with the Chairman of the Civilian Agency Acquisition Council (CAAC) in accordance with FAR 1.404(a)(1).

   (2) A class deviation to the GSAR must be forwarded by the cognizant HCA to GSA’s SPE for approval.

   (3) When an HCA knows that a proposed class deviation will be required on a permanent basis, the HCA should propose or recommend an appropriate FAR and/or GSAR revision.

(b) If GSA delegates authority to another agency and requires compliance with the GSAR as a condition of the delegation, the HCA in the agency receiving the delegation may approve class deviations from the GSAR unless the agency head receiving the delegation designates another official.

(c) Send a copy of each deviation to GSA’s SPE (MV).

(d) A request for class deviations must be supported by statements that fully describe the need for and the nature of the deviation.

(e) Class deviations from the GSAR:

   (1) Expire in 12 months if not extended.

   (2) May be rescinded earlier by GSA’s SPE or by officials designated under paragraph (a) of this section without prejudice to any action taken previously.

[64 FR 37203, July 9, 1999, as amended at 70 FR 15780, Mar. 29, 2005; 81 FR 1532, Jan. 13, 2016]

501.404-70 Contract action.

Contract action. A contract action, for the purpose of determining whether an individual or class deviation is appropriate, has the same meaning as that used for reporting contract actions to the Federal Procurement Data System—Next Generation (FPDS-NG). A contract action includes, but is not limited to, any of the following:

(a) Initial letter contract.

(b) Definitive contract superseding letter contract.

(c) New definitive contract.

(d) Purchase order/BPA calls using simplified acquisition procedures.

(e) Orders under single award indefinite delivery contracts.

(f) Orders under BOA.

(g) Order/modification under Federal schedule contract.

(h) Modification.

(i) Termination for Default.

(j) Termination for Convenience.

(k) Order under multiple award contract.

(l) Initial load of Federal schedule contract.

[70 FR 15780, Mar. 29, 2005]

501.404-71 Deviations to the nonregulatory GSAM.

Handle individual and class deviations to the nonregulatory (unshaded) part of the GSAM as stated in 501.403 and 501.404.

Subpart 503.1—Safeguards

503.104 Procurement integrity.

Subpart 503.2—Contractor Gratuities to Government Personnel

503.204 Treatment of violations.

(a) The Senior Procurement Executive, or designee, makes determinations under FAR 3.204.

The Senior Procurement Executive, or designee, takes all the following actions:

(1) Coordinates with legal counsel;

(2) Initiates proceedings under FAR 3.204(a) by notifying the contractor that GSA is considering action against the contractor for a violation of the Gratuities clause. Notice is sent by a certified letter to the last known address of the party, its counsel, or agent for service of process. In the case of a business, notice is sent to any partner, principal officer, director, owner or co-owner; and

(3) Presumes receipt if no return receipt is received within 10 calendar days after mailing the notice.

(b) The contractor has 30 calendar days to exercise its rights under FAR 3.204(b), unless the Senior Procurement Executive, or designee, grants an extension.

(c) If there is a dispute of fact material to making a determination, the

Senior Procurement Executive, or designee, may refer the matter to an agency fact-finding official, designated by the Suspension and Debarment Official, in accordance with GSAR 509.403. Referrals for fact-finding are not made in cases arising from a conviction or indictment as defined in FAR 9.403. If a referral is made, the fact-finding official takes all the following actions:

(1) Gives the contractor an opportunity to dispute material facts relating to the determinations under FAR 3.204(a)(1) and (2);

(2) Conducts proceedings under rules consistent with FAR 3.204(b);

(3) Schedules a hearing within 20 calendar days of receipt of the referral. The contractor or GSA may request an extension for good cause; and

(4) Delivers to the Senior Procurement Executive, or designee, written findings of fact (together with a transcription of the proceedings, if made) within 20 calendar days after the hearing record closes. The findings must resolve any material disputes of fact by a preponderance of the evidence.

(d) The Senior Procurement Executive, or designee, may reject the findings of the fact-finding official only if the findings are clearly erroneous or arbitrary and capricious.

(e) In cases arising from conviction or indictment, or in which there are no disputes of material fact, the Senior Procurement Executive, or designee, conducts the hearing required by FAR 3.204(b).

(f) If the Gratuities clause was violated, the contractor may present evidence of mitigating factors to the Senior Procurement Executive, or designee, in accordance with FAR 3.204(b) either orally or in writing, consistent with a schedule the Senior Procurement Executive, or designee, establishes. The Senior Procurement Executive, or designee, exercises the Government’s rights under FAR 3.204(c) only after considering mitigating factors.

503.570–1 Policy.

503.570–2 Contract clause.
Insert the clause at 552.203–71, Restriction on Advertising, in solicitations and contracts, including acquisitions of leasehold interests in real property, if the contract amount is expected to exceed the simplified acquisition threshold.

Subpart 503.7—Voiding and Rescinding Contracts

Subpart 504.4—Safeguarding Classified Information Within Industry

504.402 General.
(a) This subpart prescribes procedures for safeguarding classified information required to be disclosed to contractors in connection with the solicitation of offers, and the award, performance, and termination of contracts.

(b) As used in this subpart, the term “Contractor(s)” means prospective contractors, subcontractors, vendors, and suppliers.

504.475 Return of classified information.

(a) Contracting officers must recover classified information, unless it has been destroyed as provided in Section 7 of Chapter 5 of the National Industrial Security Program Operating Manual (NISPOM). Information on NISPOM can be found at http://www.fas.org/sgp/library/nispom.htm.

(b) Contracting officers must ensure that classified information provided by the government is returned immediately after any of the following events:

1. Bid opening or closing date for receipt of proposals by non-responding offerors.
2. Contract award by unsuccessful offerors.
3. Termination or completion of the contract.
4. Notification that authorization to release classified information has been withdrawn.
5. Notification that a facility:
   i. Does not have adequate means to safeguard classified information; or

[77 FR 59792, Oct. 1, 2012]

Subpart 504.6—Contract Reporting

504.604 Responsibilities.

(a) The Senior Procurement Executive (SPE), in coordination with the HCA, shall establish necessary policies to ensure the accurate and timely input of data into FPDS. At a minimum, the SPE and the HCA shall ensure that the following procedures are implemented.

1. Contract writing systems capable of reporting directly into FPDS shall be configured to do so as a condition of making an award.
2. To ensure the accuracy of data entered, reports of actions awarded shall be routinely generated from the contract writing system, examined and compared to data contained in FPDS to assure that those actions have been reported accurately to FPDS.
3. Organizations without a contract writing system shall report the data using the FPDS web portal interface not later than 14 days after an award is made. To ensure data entry and accuracy, logs of contract actions shall be regularly reviewed and compared to data entries in FPDS.
4. HCAs shall also verify and validate accuracy of the data and ensure contract awards have been entered into FPDS within the appropriate time frames.

(b) Contracting officers are the individuals primarily responsible for the accuracy of data submitted to FPDS as well as the submission and accuracy of the individual contract action report (CAR).

(c) The contracting officer shall, at a minimum, take the following steps necessary to verify the accuracy of the CAR:

1. In the case of a contract writing system, review the CAR information for accuracy and completeness prior to submission to FPDS and prior to the release of the contract award.
(2) In the absence of a Contract Writing System, ensure that the CAR information is submitted to FPDS within 14 days after contract award.

(3) To further assure accurate contract data, consider including a copy of the CAR with award documents sent to the contractor for the contractor’s knowledge review and information.

(d) The Chief Acquisition Officer (CAO) shall periodically statistically sample the GSA FPDS file and provide a list of transactions to the contracting activities for certification.

(1) The review process should include procedures, comparisons of contract file data to FPDS data entries, and comparisons of printouts of FPDS data to their contract writing system data for accuracy.

(2) The verification and validation shall be conducted by an organization or person that did not award the contracts being reviewed. HCAs may institute any appropriate process that complies with this requirement.

(3) HCAs shall provide certifications of the accuracy, timeliness and validity of their FPDS data on a quarterly basis to the CAO based on the list of transactions provided to HCAs under paragraph (d) of this section. Certifications to the CAO shall include a description of the means used to verify the accuracy and completeness of the data and a statement that all discrepancies found have been corrected.

(e) The CAO will provide the annual certification of GSA’s FPDS data to OMB required by FAR 4.604(c). This certification will be based on the Regional and Heads of Services and Staff Offices’ reviews and certifications and the CAO’s review. Certifications are due not later than 15 working days after the end of the quarter.

504.605–70 Federal Procurement Data System—Public access to data.

(a) The FPDS database. The General Services Administration awarded a contract for creation and operation of the Federal Procurement Data System (FPDS) database. That database includes information reported by departments and agencies as required by FAR subpart 4.6. One of the primary purposes of the FPDS database is to provide information on Government procurement to the public.

(b) Fee for direct hook-up. To the extent that a member of the public requests establishment of real-time integration of reporting services to run reports from another application, a one-time charge of $2,500 for the original integration must be paid by the requester. This one-time charge covers the setup and certification required for an integrator to access the FPDS database and for technical assistance to help integrators use the web services. The fee will be paid to the FPDS contractor and credited to invoices submitted to GSA by the FPDS contractor.

Subpart 504.11—System for Award Management

504.1103 Procedures.

In addition to the requirements found in FAR 4.1103, prior to awarding a contractual instrument the contracting officer must—

(a) Verify that the prospective contractor’s legal business name, Doing Business-As (DBA) name (if any), physical street address, and Data Universal Number System (DUNS) number or DUNS+4 number, as found in the System for Award Management (SAM), match the information that will be included in the contract, order, or agreement resulting from the vendor’s quote or proposal. Correct any mismatches by having the vendor amend the information in the SAM and/or the quote or proposal. The SAM information can be accessed through the SAM Web site (www.sam.gov) by creating a user account.

(b) Ensure that the contractor’s address code exists in Pegasys and that it is SAM enabled with the contractor’s DUNS or DUNS+4 number. This can be done by searching Pegasys records using the contractor’s Taxpayer Identification Number (TIN). If no code exists, request that a new address code be established by the Finance Center for SAM compliance.
(c) Ensure that the contractor’s identifying information is correctly placed on the contractual instrument, using special care to ensure that the legal name and “remit to” name match exactly. (Note: Lockbox names or numbers should not be used to replace the contractor’s name in the remittance block on the contractual instrument.)
(d) Unless one of the exceptions to registration in SAM applies (see FAR 4.1102(a)), the contracting officer must not award a contract to a prospective contractor who is not registered in SAM. If no exceptions are applicable, and the needs of the requiring activity allows for a delay in award, see FAR 4.1103(b)(1).

Subpart 509.1—Responsible Prospective Contractors

509.105 Procedures.

509.105–1 Obtaining information.

(a) From a prospective contractor. FAR 9.105–1 lists a number of sources of information that a contracting officer may utilize before making a determination of responsibility. The contracting officer may request information directly from a prospective contractor using GSA Form 527, Contractor’s Qualifications and Financial Information, but only after exhausting other available sources of information.

(b) From Government personnel. The contracting officer may solicit and consider information from any appropriate activities, e.g., legal counsel, quality control, contract management, credit and finance, and auditors before determining that an offeror is responsible.

[74 FR 12732, Mar. 25, 2009]

509.105–2 Determinations and documentation.

(a) The contracting officer shall provide written notification to a prospective contractor determined not responsible. Include the basis for the determination. Notification provides the prospective contractor with the opportunity to correct any problem for future solicitations.

(b) Due to the potential for de facto debarment, the contracting officer shall avoid making repeated determinations of nonresponsibility based on the same past performance information.

(c) To provide for timely consideration of the need to institute action to debar a contractor, the contracting officer shall submit a copy of each nonresponsibility determination, other than those based on capacity or financial capability, to the Suspension and Debarment Official in the Office of Acquisition Policy.

Subpart 509.2 [Reserved]
Subpart 509.3—First Article Testing and Approval

509.306 Solicitation requirements.

The clauses at FAR 52.209-3 and 52.209-4 do not cover all the solicitation requirements described in FAR 9.306. If a solicitation contains a testing and approval requirement, the contracting officer must address the requirements in FAR 9.306(d) and (f) through (j) in the solicitation’s Section H, special contract requirements.

[74 FR 12732, Mar. 25, 2009]

509.308–1 Testing performed by the contractor.

In FSS solicitations and contracts that will require the contractor to perform testing, insert 552.209-72, Supplemental Requirements for First Article Approval—Contractor Testing, and FAR 52.209-3, Alternate I.

509.308–2 Testing performed by the Government.

In FSS solicitations and contracts that will have the Government responsible for first article testing, insert 552.209.73, Supplemental Requirements for First Article Approval—Government Testing, and FAR 52.209-4, Alternate I.

Subpart 509.4—Debarment, Suspension, and Ineligibility

509.401 Applicability.

This subpart applies to all the following:

(a) Acquisitions of personal property, nonpersonal services, construction, and space in buildings.

(b) Acquisition of transportation services (Federal Management Regulation (FMR) Parts 102–117 and 102–118 (41 CFR parts 102–117 and 102–118)).

(c) Contracts for disposal of personal property (FMR Parts 102–36 through 102–38 (41 CFR parts 102–36 through 102–38)).

(d) Covered transactions as defined by 41 CFR part 105–68.

[74 FR 12732, Mar. 25, 2009]

48 CFR Ch. 5 (10–1–16 Edition)

509.403 Definitions.

Fact-finding official, means the Suspension and Debarment Official or a designee.

Notice means a letter sent by certified mail, return receipt requested, to the last known address of a party, its counsel, or agent for service of process.

In the case of a business, such notice may be sent to any partner, principal officer, director, owner or co-owner, or joint venturer. If no return receipt is received within 10 calendar days of mailing, receipt will then be presumed.

509.405 Effect of listing.

509.405–1 Continuation of current contracts.

(a) When a contractor appears as a current exclusion in the System for Award Management (SAM), consider terminating a contract under any of the following circumstances:

1. Any circumstances giving rise to the debarment or suspension also constitute a default in the contractor’s performance of the contract.

2. The contractor presents a significant risk to the Government in completing the contract.

3. The conduct that provides the cause of the suspension, proposed debarment, or debarment involved a GSA contract.

(b) Before terminating a contract when a contractor appears as a current exclusion in the SAM, consider the following factors:

1. Seriousness of the cause for debarment or suspension.

2. Extent of contract performance.

3. Potential costs of termination and reprocurement.

4. Need for or urgency of the requirement, contract coverage, and the impact of delay for reprocurement.

5. Availability of other safeguards to protect the Government’s interest until completion of the contract.

6. Availability of alternate competitive sources to meet the requirement (e.g., other multiple award contracts, readily available commercial items.)

509.406 Debarment.

509.406–1 General.

The Suspension and Debarment Official is the designee under FAR 9.406-1(c).

[74 FR 12733, Mar. 25, 2009]

509.406–3 Procedures.

(a) Investigation and referral. (1) Refer to the Suspension and Debarment Official matters involving serious contract improprieties or performance deficiencies. Performance deficiencies that continue over a period of time or apply to more than one contract may warrant debarment consideration.

(2) Refer possible criminal or fraudulent activities to the Office of the Inspector General (OIG). See 5 CFR 6701.107, Reporting Waste, Fraud, Abuse, and Corruption. If, after investigation, the OIG believes a cause for debarment exists, it will refer the matter to the Suspension and Debarment Official for consideration of debarment action.

(b) Reports. Include in referrals to the Suspension and Debarment Official a report that contains at least the following:

(1) The recommendation and supporting rationale.

(2) A list of parties to be considered for possible debarment, including the contractor, principals, and affiliates. Include last known home and business addresses, zip codes, and DUNS Numbers.

(3) A statement of facts.

(4) Copies of documentary evidence and a list of witnesses. Include addresses and telephone numbers. Determine

their availability to appear at a fact-finding proceeding and identify the subject matter of their testimony.

(5) GSA’s acquisition history with the contractor. Include recent experience, copies of the pertinent contracts, and an explanation of impact debarment would have on GSA programs. OIG referrals do not require this explanation; the Suspension and Debarment Official will obtain the information directly from the contracting activity(ies).

(6) A list of any known active or potential criminal investigations, criminal or civil proceedings, or administrative claims before the Board of Contract Appeals.

(c) Review. The Suspension and Debarment Official will review the report, and after coordinating with assigned legal counsel—

(1) Initiate debarment action;

(2) Decline debarment action;

(3) Request additional information; or

(4) Refer the matter to the OIG for further investigation and development of a case file.

(d) Decisionmaking process. (1) The Suspension and Debarment Official will provide:

(i) Notice of declinations, proposed debarments, and decisions to the referring activity.

(ii) Notice of proposed debarment to each party being considered for debarment.

(iii) Decision notices to each party after considering information in the administrative record and information and argument submitted by the affected party or parties.

(2) A party proposed for debarment:

(i) Has 30 calendar days after receipt of the notice to respond to the Suspension and Debarment Official or the debarment becomes final.

(ii) May request and receive a copy of the administrative record that was the basis for the proposed debarment. If information is withheld, the party will be notified and provided the reason.

(iii) May request the opportunity to present information and argument in person to the Suspension and Debarment Official. The Suspension and Debarment Official will schedule an oral presentation within 20 calendar days of receipt of the request, unless a longer
period of time is requested by the party. An oral presentation is informal and a transcript usually is not made. The party may supplement the oral presentation with written information and arguments.

(iv) May identify to the Suspension and Debarment Official material facts in dispute and the bases. For an action other than one based on a conviction of civil judgment, a party may request review and a written finding by a fact-finding official.

(3) Following a review of the record and, if needed, a presentation by the contractor in opposition to the proposed action, the Suspension and Debarment Official will determine whether there is a genuine dispute of material fact. If so, the Suspension and Debarment Official will initiate the fact-finding process. The fact-finding official will:

(i) Establish a date for a fact-finding proceeding, normally to be held within 45 days of the determination of who will function as the fact-finding official.

(ii) Grant extensions for good cause.

(iii) Provide notice of the scheduled hearing.

(iv) Provide the parties with a schedule for exchange of documents and witness lists.

(v) Develop an official transcript of the fact-finding proceeding.

(vi) Provide the Government’s representative and the contractor with an opportunity to present evidence relevant to the facts at issue. The contractor may appear in person or through a representative.

(vii) Conduct hearings under rules consistent with FAR 9.406–3 pertaining to fact finding. Neither the Federal Rules of Evidence nor the Federal Rules of Civil Procedure govern fact finding. Hearsay evidence may be presented and will be given appropriate weight by the fact-finding official.

(viii) Provide for witness testimony. Witnesses may testify in person. Witnesses are subject to cross examination.

(ix) Prepare written findings of fact based on a preponderance of the evidence and submit them to both the Suspension and Debarment Official and the contractor within 20 calendar days following the conclusion of the fact-finding proceeding.

509.407 Suspension.

509.407–1 General.

The Suspension and Debarment Official is the designee under FAR 9.407–1(d).

[64 FR 37207, July 9, 1999, as amended at 74 FR 12733, Mar. 25, 2009]

509.407–3 Procedures.

(a) General. The procedures in 509.406–3 apply to suspension actions except as noted in paragraph (b) of this section.

(b) Fact-finding. (1) Fact-finding will not be conducted in an action:

(i) Based on an indictment.

(ii) When the Suspension and Debarment Official finds no genuine dispute of material facts.

(2) If the action is not based on an indictment, the Suspension and Debarment Official must coordinate with the Department of Justice or state prosecutorial authority through OIG. Based on the advice received, the Suspension and Debarment Official will determine if fact-finding would impair substantial interests of the Federal or state Government. In an action not based on an indictment, a suspended party may:

(i) Identify to the Suspension and Debarment Official material facts in dispute and the bases.

(ii) Request review and a written finding by a fact-finding official to resolve genuine disputes of material fact. For procedures involving a genuine dispute of material fact, see 509.406–3(d)(3).

511.602 General.

(a) The purpose of the DPAS is to ensure the timely availability of industrial resources to meet current national defense, energy, and civil emergency preparedness program requirements and to provide an operating system to support rapid industrial response in a national emergency. The primary statutory authority for the DPAS is Title I of the Defense Production Act of 1950, as amended, with additional authority from the Selective Service Act of 1948 and the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Executive Orders 12919 and 12742 delegate to the DOC authority to administer the DPAS. Within the DOC, the Office of Strategic Industries and Economic Security (SIIES)
is assigned responsibility for DPAS implementation, administration, and compliance.

(b) The DPAS is published in the Code of Federal Regulations at 15 CFR part 700. This regulation provides an overview, a detailed explanation of operations and procedures, and other implementing guidance, including information on special priorities assistance and compliance.

(c) Orders placed under DPAS are “rated orders.” Rated orders must receive preferential treatment only as necessary to meet delivery requirements. Rated orders are identified by a rating symbol of either “DX” or “DO” followed by a program identification symbol. All “DO” rated orders have equal priority with each other and take preference over unrated orders. All “DX” rated orders have equal priority with each other and take preference over “DO” rated orders and unrated orders. A program identification symbol indicates which approved program is supported by the rated order.

(d) The authority delegated to GSA shall not be used to support the procurement of any items that—

(1) Are commonly available in commercial markets for general consumption;

(2) Do not require major modification when purchased for approved program use;

(3) Are readily available in sufficient quantity so as to cause no delay in meeting approved program requirements; or

(4) Are to be used primarily for administrative purposes (including Federal Supply Classification (FSC) classes, groups, or items), such as for personnel or financial management. The Commissioner, FAS, shall issue additional guidance, as may be necessary, to ensure effective implementation of its delegated DPAS authority.

[74 FR 66254, Dec. 15, 2009]

511.603 Procedures.

(a) A DPAS rating may be placed against an entire contract at time of award or an individual order issued under an existing, otherwise unrated, contract. FAR 11.604 requires contracting officers to insert the provision at 52.211-14, Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use, in solicitations when the contract or order to be awarded will be a rated order and to insert the clause at 52.211-15, Defense Priority and Allocation Requirements, in contracts that are rated orders.

(b) In addition to the FAR provision and clause referenced in paragraph (a) of this section, the contract or order must include the following (see 15 CFR 700.12):

(1) The appropriate priority rating symbol (i.e., either “DO” or “DX”) along with the program identification symbol. When GSA contracting officers place DO rated orders, they must use program identification symbol “K1”. When placing a DX-rated order for other agencies, GSA contracting officers must use the requesting agency program identification symbol from the DoD Master Urgency List and may only do so when GSA is acting as the procuring agent for DoD or DoE and has received a “DX” rated contract or order from either department.

(2) A required delivery date. The words “as soon as possible” or “immediately” do not constitute a required delivery date. Use of either a specific date or a specified number of days ARO (after receipt of order) is acceptable.

(3) The written signature on a manually placed order, or the digital signature or name on an electronically placed order of an individual authorized to place rated orders.

(4) A statement that reads substantially as follows: “This is a rated order certified for national defense use, and you are required to follow all the provisions of the Defense Priorities and Allocations System regulation (15 CFR part 700)”.

(c) Multiple and Single Award Schedule contracts are not rated at time of award.

Subpart 512.3—Solicitation Provisions and Contract Clauses for the Acquisition of Commercial Items

512.301 Solicitation provisions and contract clauses for the acquisition of commercial items.

(a) Solicitation provisions and clauses. Insert these provisions or clauses in solicitations or solicitations and contracts, respectively, in accordance with the instructions provided:

(1) 552.212–71, Contract Terms and Conditions Applicable to GSA Acquisition of Commercial Items, when listed clauses apply. The clause provides for incorporation by reference of terms and conditions which are, to the maximum extent practicable, consistent with customary commercial practice. If necessary, tailor this clause.

(2) 552.212–72, Contract Terms and Conditions Required to Implement Statutes or Executive Orders Applicable to GSA Acquisitions of Commercial Items, when listed clauses apply. The clause provides for the incorporation by reference of terms and conditions required to implement provisions of law or executive orders that apply to commercial item acquisitions.

(b) Discretionary use of GSAR provisions and clauses. Consistent with the limitations contained in FAR 12.302(c), include in solicitations and contracts by addendum other GSAR provisions and clauses.

(c) Use of additional provisions and clauses. The Senior Procurement Executive must approve the use of a provision or clause that is either not:

(1) Prescribed in the FAR or GSAR for use in contracts for commercial items.

(2) Consistent with customary commercial practice.

(d) In solicitations issued in conjunction with the policy and procedures in FAR part 14, Sealed Bidding; or FAR part 15, Contracting by Negotiation, include the two notices in paragraphs (d)(1) and (d)(2) of this section, except that acquisitions of leasehold interests in real property, must include only the notice in paragraph (d)(1) of this section.

(1) The information collection requirements contained in this solicitation/contract are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090–0163.

(2) The General Services Administration’s hours of operation are 8 a.m. to 4:30 p.m. Requests for preaward debriefings postmarked or otherwise submitted after 4:30 p.m. will be considered submitted the following business day. Requests for postaward debriefings delivered after 4:30 p.m. will be considered received and filed the following business day.

Subpart 514.2—Solicitation of Bids

514.201 Preparation of invitations for bids.

514.201–1 Uniform contract format.

Include the following notice in each solicitation:

The information collection requirements contained in this solicitation/contract, are either required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090–0162.

514.201–2 Part I—The Schedule.

(a) When using Standard Form 33, Solicitation, Offer and Award, include the following cautionary notice:

“Notice to Bidders—Use Item 13 of the Standard Form 33, Solicitation, Offer and Award, to offer prompt payment discounts. The Prompt Payment clause of this solicitation sets forth payment terms. Do not insert any statement in Item 13 that requires payment sooner than the time stipulated in the Prompt Payment clause (See FAR 52.232-25, 52.232-26, or 52.232-27, as applicable). EXAMPLE: If you insert ‘’NET 20’’ in Item 13, GSA will reject your bid as nonresponsive because the entry contradicts the 30 day payment terms specified in the Prompt Payment clause.’’

(b) When using other authorized forms (e.g., Standard Form 1447, Solicitation/Contract; Standard Form 1449, Solicitation/Contract/Order for Commercial Items), include the notice in paragraph (a) of this section. Change the reference to the form number, form title, and item number accordingly.

[74 FR 47738, Sept. 17, 2009]

514.201–6 Solicitation provisions.

When considering all or none bids, insert the provision at 552.214–70, “All or None” Bids, in the solicitation.

[74 FR 47739, Sept. 17, 2009]

514.201–7 [Reserved]

514.202–4 Bid samples.

(a) Requirements for samples in invitations for bids. (1) When bid samples are required, the contracting officer shall require bidders to submit samples produced by the manufacturer whose products will be supplied under the contract.

(2) The FAR limits use of bid samples to cases where the contracting officer cannot describe some characteristics of
a product adequately in the specification or purchase description. This usually applies to subjective characteristics. The contracting officer may determine that there is a need to examine objective characteristics of bid samples to determine the responsiveness of a bid. The contracting officer should base the determination on past experience or other valid considerations. In the solicitation, separately list “Subjective Characteristics” and “Objective Characteristics”.

(3) A provision appears at 552.214–72, Bid Sample Requirements. This provision may be modified to fit the circumstances of a procurement.

(b) Handling bid samples. (1) Samples from accepted bids must be retained for the period of contract performance. If there are no outstanding claims regarding the contract, the contracting officer may authorize disposal of the samples at the end of the contract term following the bidder’s instructions.

(2) If the contracting officer anticipates a claim regarding the contract, the contracting officer shall require that the bid samples be retained until the claim is resolved.

(3) The contracting officer shall require that samples from unsuccessful bids be retained until award. After award, these samples may be disposed of following the bidder’s instructions.

74 FR 47739, Sept. 17, 2009

514.202–5 Descriptive literature.

Requirements for Invitations for bids. When using brand name or equal purchase descriptions, the provision at FAR 52.211–6 satisfies the requirement for descriptive literature.

74 FR 47739, Sept. 17, 2009

514.203–1 Transmittal to prospective bidders.

Prospective bidders, as used in FAR 14.203–1, include both the following:

(a) The incumbent contractor, except when its written response to the notice of contract action under FAR subpart 5.2 states a negative interest.

(b) Bidders that responded to recent solicitations for the same or similar items.

514.270 Aggregate awards.

514.270–1 Definition.

Aggregate award means an arrangement whereby two or more separately-priced line items are combined for award to that bidder whose bid will result in the lowest overall cost to the Government for the line items as a group. The individual price for each item does not have to be the lowest bid received. (See also the definition of a “line item” in FAR 3.302.)

514.270–2 Guidelines for use.

(a) GSA usually solicits prices and reserves the right to make award for individual line items. In some cases it serves GSA’s best interest to combine two or more line items for an aggregate award. Such cases include when:

(1) Users desire uniformity of design, style, and finish (e.g., suites of household furniture).

(2) The articles will be assembled and used as a unit, and different manufacturers’ components may not be interchangeable.

(3) Users have high demand for certain articles, but demand for related articles is insufficient to attract competitive bids (e.g., various sized of socket wrenches). Awarding the low-demand articles in conjunction with the high-demand articles may encourage competition.

(4) Awarding the low-demand articles in conjunction with the high-demand articles may encourage competition.

(5) One location (delivery point) has a large requirement, and another location has a requirement too small to individually attract competitive bids.

(6) Awarding and administering numerous small contracts for similar articles or services is impractical.

(b) Before deciding to combine items for aggregate award, the contracting officer should consider the following factors:

(1) The capability of bidders to furnish the types and quantities of supplies or services in the aggregate.

(2) How grouping delivery points will affect bidders.

(3) Which combinations will accurately project the lowest overall cost to the Government.
(c) The contracting officer should not use an aggregate award if it will significantly restrict the number of eligible bidders.

[64 FR 37211, July 9, 1999, as amended at 74 FR 47739, Sept. 17, 2009]

514.270–3 Evaluation factors for award.

The solicitation should clearly state the basis for evaluating bids for aggregate award, require bidders to submit a price on each item within the group or a percentage to be added or subtracted from a list price, and advise bidders that failure to submit prices as required within a group makes a bid ineligible for award for that group.

[74 FR 47739, Sept. 17, 2009]

514.270–4 Grouping line items for aggregate award.

(a) Supplies and services. This subsection applies to acquisitions of supplies and services.

(b) Effect on competition. Provide for full and open competition when grouping items for award. Grouping items for award may preclude a significant number of firms from bidding. This occurs if firms are unable to provide all the types or quantities of supplies or services, or make deliveries to the various delivery points included in the prospective aggregate group.

(c) Grouping different articles. Include only related articles in an aggregate group. Related articles are those normally manufactured or produced by a majority of prospective bidders. Grouping unrelated articles often restricts competition unnecessarily.

(d) Grouping geographic locations or delivery points. Consider the following guidelines before deciding to group different geographic locations or delivery points:

(1) A delivery point may have sufficient requirements so that individual shipments involve economic production runs and carload or truckload quantities. In this case, list it as a separate line item.

(2) The types of bidders (i.e., small or large firms, manufacturers or distributors, etc.) who responded to previous solicitations can provide important information. For example, if previous bidders are distributors with franchises in certain territories, grouping different territories could tend to restrict competition.

(3) Transportation costs can affect competition and pricing. They may constitute a significant portion of the total delivered cost. Obtain the advice and assistance of transportation specialists before grouping geographic locations or delivery points. Depending upon the supplies being acquired:

(i) Grouping widespread geographic locations or delivery points may reduce competition or result in higher prices. It can cause the loss of “area pricing” advantages provided by a supplier with a single production point.

(ii) Conversely, for many small commercial items (hand tools, locks, etc.), manufacturers may quote the same price for delivery anywhere in the U.S. (iii) Tariff boundaries can also affect how manufacturers price deliveries to different areas.

[64 FR 37211, July 9, 1999, as amended at 74 FR 47739, Sept. 17, 2009]

514.270–5 Evaluation methodologies for aggregate awards.

(a) Definite quantity contracts without options. For definite quantity contracts without options, the evaluated bid price is the total bid price, as adjusted for any price-related factors identified in the solicitation. This reflects the actual cost to the Government and will identify the most advantageous bid.

(b) Indefinite quantity contracts, requirements contracts, and options. Indefinite quantity and requirements contracts use estimated quantities. Options involve the probability of whether and when the options will be exercised. These situations may result in unbalanced bids (see FAR 15.404–1(g)), leading to inaccurate evaluation of the projected cost and award to other than the most advantageous bid. To avoid unbalanced bids, GSA has two preferred methods for evaluating bids for aggregate awards: weight factors and price list.

(1) Weight factors method. Assign a weight to each item in a group. The weight is based on the portion of quantities that item represents. To evaluate bids, multiply each unit price by its weight factor, then total the results.
Price list method.

Establish prices for bidders to use as a base for preparing their bids. Prepare a list that identifies a base price for each item in a group. Bidders bid a percentage factor to add to or subtract from the base price.

Guidelines for using the weight factors method.

(a) Use the weight factors method when there are reliable estimates for the quantities needed in an acquisition. Reliable estimates of quantities form the foundation for:

(1) Accurate evaluation of the projected cost of each bid.

(2) An appropriate determination of which bid is most advantageous to the Government for the aggregate group.

(b) Assign a weight factor to each item in a group. Develop the weight factor by calculating the portion of the total quantity in a defined group that each item represents.

(c) To evaluate bid prices, first multiply the price bid for each item (unit price \( \times \) quantity) by its weight factor. Then, add the subtotals together to project the cost for the aggregate group.

(d) Estimated quantities may be reduced to smaller numbers by a common denominator. This may help facilitate the computations involved in evaluating bids.

(e) Consider all price-related factors identified in the solicitation. Award to the responsive and responsible bidder with the lowest evaluated overall cost to the Government for the aggregate group. This represents the most advantageous bid.

(f) First time use for an item or service. The first time the contracting officer uses list prices for an item or service, give prospective bidders an opportunity to review the proposed list. Also provide information on how GSA will use the list prices. This information may be provided in a draft solicitation.

(g) Balanced prices. Ensure that the list prices for the grouped items bear a reasonable and balanced relationship to one another. Prices may be used from previous awards made using the weight factors method to develop price lists. Review those prices first to ensure they did not result from unbalanced bidding.

(h) Evaluation and award. Consider all price-related factors identified in the solicitation. Award to the responsive and responsible bidder whose percentage factor produces the most favorable price to the Government. This represents the most advantageous bid.

(i) Example. The following illustrates a bidding schedule arrangement for a group of items for aggregate award under the price list method:

(1) Include the price list.

(2) Include an estimate of requirements.

(3) Require the bidder to express its price as “net” or as a percentage added to or subtracted from the list prices for each group. Require the bidder to quote only one percentage factor for each group. This means that the bidder provides one percentage factor that applies to every item in a group; not a separate percentage for each item. “Net” indicates the bidder chooses to submit the list prices as its bid.

(4) Identify the percentage factor in paragraph (b)(3) of this section as a price related evaluation factor.

Developing list prices. Price lists may be developed using one or more of the following sources:

(1) Industry published prices.

(2) Industry surveys.

(3) Government cost estimates based on knowledge of the supplies or services and previous contract prices.

(j) Evaluation and award. Consider all price-related factors identified in the solicitation. Award to the responsive and responsible bidder whose percentage factor produces the most favorable price to the Government. This represents the most advantageous bid.

(j) Example. The following illustrates a bidding schedule arrangement for a group of items for aggregate award under the price list method:

(1) Include the price list.

(2) Include an estimate of requirements.

(3) Require the bidder to express its price as “net” or as a percentage added to or subtracted from the list prices for each group. Require the bidder to quote only one percentage factor for each group. This means that the bidder provides one percentage factor that applies to every item in a group; not a separate percentage for each item. “Net” indicates the bidder chooses to submit the list prices as its bid.

(4) Identify the percentage factor in paragraph (b)(3) of this section as a price related evaluation factor.

Developing list prices. Price lists may be developed using one or more of the following sources:

(1) Industry published prices.

(2) Industry surveys.

(3) Government cost estimates based on knowledge of the supplies or services and previous contract prices.

(d) First time use for an item or service. The first time the contracting officer uses list prices for an item or service, give prospective bidders an opportunity to review the proposed list. Also provide information on how GSA will use the list prices. This information may be provided in a draft solicitation.

(e) Balanced prices. Ensure that the list prices for the grouped items bear a reasonable and balanced relationship to one another. Prices may be used from previous awards made using the weight factors method to develop price lists. Review those prices first to ensure they did not result from unbalanced bidding.

The bid on each item above is the list price shown minus/plus percent. (Bidder, insert “net” or a single percentage amount in the blank space and cross out minus or plus, as appropriate.)

(h) **Special considerations for contracts for store stock items.** Show estimated quantities only if estimates of demand for each item within a group can be derived from Government records or verified contractor sales reports. Use only current estimates. If the Government's needs cannot be estimated, the solicitation may include past orders. (See CG Decision, B–209037, 82–2 CPD para 323 (1982).)

(i) **Special considerations for repair and alteration contracts.** In the solicitation:

(1) List the estimated quantities for work to be performed during both normal working hours and outside of normal working hours.

(2) State the percent of work anticipated to be performed during normal working hours.

(3) List the unit prices for work to be performed during both normal working hours and outside of normal working hours.

(4) Define “normal” in terms of hours and days of the week.

(5) Advise bidders of the previous year's total expenditures or portions of that total attributable to the listed items.

(6) If providing quantity estimates, state that the estimates are for information only and do not constitute guarantees or commitments to order items under the contract.

(7) Solicit two percentage factors for the line item unit prices listed: one for the unit prices for work performed during normal working hours and the second for the unit prices for work performed outside of normal working hours.

(8) When the solicitation further groups unit prices by trade or business category, multiple percentages may be required.

(9) For the evaluated bid price, add together the following percentages:

(i) The percentage of work performed during normal work hours multiplied by the total estimate adjusted by the bidder's percentage factor for that portion of the work, plus

(ii) The percentage of work performed during other than normal working hours multiplied by the total estimate adjusted by the bidder's percentage factor for that portion of the work.

(10) Consider other price-related factors identified in the solicitation. Make award to the responsible and responsive bidder submitting the lowest overall evaluated bid price for the aggregate group. This represents the most advantageous bid.

(a) Restrictions placed on a proposal by the submitter. If you receive a proposal with more restrictive conditions than those in the provision at FAR 52.215-1(e), ask whether the submitter is willing to accept the conditions of the paragraph at FAR 52.215-1(e). (1) For employees of other Executive agencies, replace the reference in paragraph (c) of the Acknowledgment/Agreement to GSA’s supplemental standards with a reference to the applicable agency.

(ii) for nongovernment evaluators, substitute paragraph (c) of the Acknowledgment/Agreement with the following language and delete paragraph (h):

(c) I have read and understand the requirements of subsection 27(a) and 27(b) of the Office of Federal Procurement Policy Act (41 U.S.C. 423).

(2) Attach to each proposal a cover page bearing the following notice:

(1) This proposal must be used and disclosed for evaluation purposes only.

(2) You must apply a copy of this Government notice to any reproduction or abstract of this proposal.

(3) You must comply strictly with any authorized restrictive notices which the submitter places on this proposal.

supporting information, but only to the extent necessary to determine whether the price(s) offered is fair and reasonable.

(4) By submission of an offer in response to this solicitation, the Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before initial award, books, records, documents, papers, and other directly pertinent records to verify the pricing, sales and other data related to the supplies or services proposed in order to determine the reasonableness of price(s). Access does not extend to Offeror’s cost or profit information of other data relevant solely to the Offeror’s determination of the prices to be offered in the catalog or marketplace.

(b) When the contract contains the basic clause 522.238-74 Industrial Funding Fee and Sales Reporting, insert the following format for commercial sales practices in the exhibits or attachments section of the solicitation and resulting contract (see FAR 12.303).

COMMERCIAL SALES PRACTICES FORMAT

Name of Offeror

SIN(s)

NOTE: Please refer to Clause 552.212-70, Preparation of Offer (Multiple Award Schedule), for additional information concerning your offer. Provide the following information for each SIN (or group of SINS or SubSIN for which information is the same).

(1) Provide the dollar value of sales to the general public at or based on an established catalog or market price during the previous 12-month period or the offerors last fiscal year: $_____. State beginning and ending of the 12 month period. Beginning_____. ending_____. In the event that a dollar value is not an appropriate measure of the sales, provide and describe your own measure of the sales of the item(s).

(2) Show your total projected annual sales to the Government under this contract for the contract term, excluding options, for each SIN offered. If you currently hold a Federal Supply Schedule contract for the SIN the total projected annual sales should be based on your mostrecent 12 months of sales under that contract.

SIN $_____.

SIN $_____.

SIN $_____.

(3) Based on your written discounting policies (standard commercial sales practices in the event you do not have written discounting policies), are the discounts and any concessions which you offer the Government equal to or better than your best price (discount and concessions in any combination) offered to any customer acquiring the same items regardless of the quantity or terms and conditions? YES NO. (See definition of “concession” and “discount” in 522.212-70.)

(a) Based on your written discounting policies (standard commercial sales practices in the event you do not have written discounting policies), provide information as requested for each SIN (or group of SINS for which the information is the same) in accordance with the instructions at Figure 515.4, which is provided in this solicitation for your convenience. The information should be provided in the chart below or in an equivalent format developed by the offeror. Rows should be added to accommodate as many customers as required.

(b) Do any deviations from your written policies or standard commercial sales practices disclosed in the above chart ever result in better discounts (lower prices) or concessions than indicated? YES NO. If YES, explain deviations in accordance with the instructions at Figure 515.4, which is provided in this solicitation for your convenience.

(6) If you are a dealer/reseller without significant sales to the general public, you should provide manufacturers’ information required by paragraphs (1) through (4) above for each item/SIN offered, if the manufacturer’s sales under any resulting contract are expected to exceed $500,000. You must also obtain written authorization from the manufacturer(s) for Government access, at any time before award or before agreeing to a modification, to the manufacturer’s sales records for the purpose of verifying the information submitted by the manufacturer. The information is required in order to enable the Government to make a determination that the offered price is fair and reasonable. To expedite the review and processing of offers, you should advise the manufacturer(s) of this requirement. The contracting officer may require the information be submitted on electronic media with commercially available spreadsheet(s). The information may be provided by the manufacturer directly to the Government. If the manufacturer’s item(s) is being offered by multiple dealers/resellers, only one copy of the requested information should be submitted to the Government. In
addition, you must submit the following information along with a listing of contact information regarding each of the manufacturers whose products and/or services are included in the offer (include the manufacturer's name, address, the manufacturer's contact point, telephone number, and FAX number) for each model offered by SIN:

(a) Manufacturer's Name.
(b) Manufacturer's Part Number.
(c) Dealer's/Reseller's Part Number.
(d) Product Description.
(e) Manufacturer's List Price.
(f) Dealer's/Reseller's percentage discount from list price or net prices.

(End of format)

(c) When the contract contains the basic clause 552.238-74 Industrial Funding Fee and Sales Reporting, include the instructions for completing the commercial sales practices format in Figure 515.4–2 in solicitations issued under the MAS program.

**Figure 515.4—Instructions for Commercial Sales Practices Format**

If you responded “yes” to question (3), on the Commercial Sales Practices Format in paragraph (b) of this section, complete the chart in question (4)(a) for the customer(s) who receive your best discount. If you responded “no”, complete the chart in question (4)(a) showing your written policies or standard sales practices for all customers or customer categories to whom you sell at a price (discounts and concessions in combination) that is equal to or better than the price(s) offered to the Government under this solicitation or with which the Offeror has a current agreement to sell at a discount which equals or exceeds the discount(s) offered under this solicitation. Such agreement shall be in effect on the date the offer is submitted or contain an effective date during the proposed multiple award schedule contract period. If your offer is lower than your price to other customers or customer categories, you will be aligned with the customer or category of customer that receives your best price for purposes of the Price Reductions clause at 552.238-75. The Government expects you to provide information required by the format in accordance with these instructions that is, to the best of your knowledge and belief, current, accurate, and complete as of 14 calendar days prior to its submission. You must also disclose any changes in your price list(s), discounts and/or discounting policies which occur after the offer is submitted, but before the close of negotiations. If your discount practices vary by model or product line, the discount information should be by model or product line as appropriate. You may limit the number of models or product lines reported to those which exceed 75% of actual historical Government sales (commercial sales may be substituted if Government sales are unavailable) value of the special item number (SIN).

**Column 1—Identify the Applicable Customer or Category of Customer**

A “customer” is any entity, except the Federal Government, which acquires supplies or services from the Offeror. The term customer includes, but is not limited to, original equipment manufacturers, value added resellers, state and local Governments, distributors, educational institutions (an elementary, junior high, or degree granting school which maintains a regular faculty and established curriculum and an organized body of students), dealers, national accounts, and end users. In any instance where the Offeror is asked to disclose information for a customer, the Offeror may disclose information by category of customer if the Offeror’s discount policies or practices are the same for all customers in the category. (Use a separate line for each customer or category of customer.)

**Column 2—Identify the Discount**

The term “discount” is as defined in solicitation clause 552.212-78, Preparation of Offer (Multiple Award Schedule). Indicate the best discount (based on your written discounting policies or standard commercial discounting practices) at which you sell to the customer or category of customer identified in column 1, without regard to quantity; terms and conditions of the agreements under which the discounts are given; and whether the agreements are written or oral. Net prices or discounts off of other price lists should be expressed as percentage discounts from the price list which is the basis of your offer. If the discount disclosed is a combination of various discounts (prompt payment, quantity, etc.), the percentage should be broken out for each type of discount. If the price lists which are the basis of the discounts given to the customers identified in the chart are different than the price list submitted upon which your offer is based, identify the type or title and date of each price list. The contracting officer may require submission of these price lists. To expedite evaluation, offerors may provide these price lists at the time of submission.

**Column 3—Identify the Quantity or Volume of Sales**

Insert the minimum quantity or sales volume which the identified customer or category of customer must either purchase/ order, per order or within a specified period, to earn a discount indicate the time period.
COLUMN 4—I INDICATE THE FOB DELIVERY TERM FOR EACH IDENTIFIED CUSTOMER

See FAR 47.3 for an explanation of FOB delivery terms.

COLUMN 5—I INDICATE CONCESSIONS REGARDLESS OF QUANTITY GRANTED TO THE IDENTIFIED CUSTOMER OR CATEGORY OF CUSTOMER

Concessions are defined in solicitation clause 552.12–70, Preparation of Offers (Multiple Award Schedule). If the space provided is inadequate, the disclosure should be made on a separate sheet by reference.

If you respond “yes” to question 4(b) in the Commercial Sales Practices Format, provide an explanation of the circumstances under which you deviate from your written policies or standard commercial sales practices disclosed in the chart on the Commercial Sales Practices Format, explain how often they occur, Your explanation should include a discussion of situations that lead to deviations from standard practice, an explanation of how often they occur, and the controls you employ to assure the integrity of your pricing. Examples of typical deviations may include, but are not limited to, one time goodwill discounts to charity organizations or to compensate an otherwise disgruntled customer; a limited sale of obsolete or damaged goods; the sale of sample goods to a new customer, or the sales of prototype goods for testing purposes.

If deviations from your written policies or standard commercial sales practices disclosed in the chart on the Commercial Sales Practices Format are so significant and/or frequent that the Contracting Officer cannot establish whether the price(s) offered is fair and reasonable, then you may be asked to provide additional information. The Contracting Officer may ask for information to demonstrate that you have made substantial sales of the item(s) in the commercial market consistent with the information reflected on the chart on the Commercial Sales Practices Format, a description of the conditions surrounding those sales deviations, or other information that may be necessary in order for the Contracting Officer to determine whether your offered price(s) is fair and reasonable. In cases where additional information is requested the Contracting Officer will target the request in order to limit the submission of data to that needed to establish the reasonableness of the offered price.

(End of figure)

(d) When the contract contains the basic clause 552.238–74 Industrial Funding Fee and Sales Reporting, insert the clause at 552.215–72, Price Adjustment—Failure to Provide Accurate Information, in solicitations and contracts under the MAS program.

(e) Use Alternate IV of FAR 52.215–21, Requirements for Cost or Pricing Data or Information Other Than Cost or Pricing Data—Modifications, to provide for submission of information other than cost or pricing data for MAS contracts. To provide for uniformity in requests under the MAS program, insert the following in paragraph (b) of the clause:

(1) Information required by the clause at 552.238–81, Modifications (Multiple Award Schedule).

(2) Any additional supporting information requested by the Contracting Officer. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether the price(s) offered is fair and reasonable.

(3) By submitting a request for modification, the Contractor grants the Contracting Officer or an authorized representative the right to examine, at any time before agreeing to a modification, books, record, documents, papers, and other directly pertinent records to verify the pricing, sales and other data related to the supplies or services proposed in order to determine the reasonableness of price(s). Access does not extend to Contractor’s cost or profit information or other data related solely to the Contractor’s determination of the prices to be offered in the catalog or marketplace.

Subpart 519.70—GSA Mentor-Protege Program

519.7001 Scope of subpart.

The GSA Mentor-Protege Program is designed to encourage and motivate GSA prime contractors to assist small businesses concerns, small disadvantaged businesses concerns, women-owned small businesses concerns, veteran-owned small businesses concerns, service-disabled veteran-owned small businesses concerns, and HUBZone small businesses concerns, and enhance their capability of performing successfully on GSA contracts and subcontracts, foster the establishment of long-term business relationships between these small business entities and GSA prime contractors, and increase the overall number of small business entities that receive GSA contract and subcontract awards.

519.7002 Definitions.

The definitions of small business concern, small disadvantaged business concern, HUBZone small business concern, women-owned small business concern, veteran-owned small business concern, and service-disabled veteran-owned small business concern are the same as found in FAR 2.101. Also see 13 CFR 121, 124, 125 and 126.

(a) Mentor as used in the GSA Mentor-Protege Program, is a prime contractor that elects, on a specific GSA contract, to promote and develop small business subcontractors by providing developmental assistance designed to enhance the business success of the protege.

(b) Mentor-Protege Program Manager means an employee in the Office of Small Business Utilization (OSBU) (E) designated by the Associate Administrator of OSBU to manage the Mentor-Protege Program.

(c) Protege as used in the GSA Mentor-Protege Program is a small business concern that is the recipient of developmental assistance pursuant to a mentor-protege arrangement on a specific GSA contract.

519.7003 General policy.

(a) A large business prime contractor that meets the requirements at section 519.7006, and is approved as a mentor firm by the Mentor-Protege Program Manager, may enter into an Agreement with a small business concern, small disadvantaged business concern, women-owned small business concern, veteran-owned small business concern, service-disabled veteran-owned small business concern or HUBZone small business concern that meets the requirements for being a protege (see 519.7007) in order to provide appropriate developmental assistance to enhance the capabilities of the protege to perform successfully as a subcontractor and supplier.

(b) A small business prime contractor that is capable of providing developmental assistance to proteges, may also be approved as a mentor.

(c) An active mentor-protege arrangement requires the protege to either be a current or newly selected subcontractor under the mentor’s prime contract with GSA.
(d) A small business concern’s status as a protégé under a GSA contract shall not have an effect on its ability to seek other prime contracts or subcontracts.

(e) Potential Mentors may submit an application for admittance to the Mentor-Protégé Program at any time as long as the requirements at section 519.7006 are met.

(f) The determination of affiliation is a function of the SBA.

519.7004 Incentives for prime contractors.

(a) Under the Small Business Act, 15 U.S.C. 637(d)(4)(E), the GSA is authorized to provide appropriate incentives to prime contractors in order to encourage subcontracting opportunities for small business concerns consistent with the efficient and economical performance of the contract. This authority is limited to negotiated procurements, including the GSA Multiple Award Schedule contracts and the GSA Governmentwide Acquisition Contracts. It does not include orders under any GSA contracts.

(b) Costs incurred by a mentor to provide developmental assistance, as described in section 519.7012 to fulfill the terms of their agreement(s) with a protégé firm(s), are not reimbursable as a direct cost under a GSA contract. If GSA is the mentor’s responsible audit agency under FAR 32.703-1, GSA will consider these costs in determining indirect cost rates. If GSA is not the responsible audit agency, mentors are encouraged to enter into an advance agreement with their responsible audit agency on the treatment of such costs when determining indirect cost rates.

(c) In addition to paragraph (b) of this section, contracting officers may give mentors evaluation credit during the source selection process for subcontracts awarded under their subcontracting plans pursuant to their Mentor-Protégé Agreements. (See FAR 15.101-1). Therefore:

(1) Contracting officers may evaluate proposals with subcontracting plans containing Mentor-Protégé Agreements more favorably than proposals with subcontracting plans that do not include Mentor-Protégé Agreements; and

(2) Contracting officers may assess the prime contractor’s compliance with the subcontracting plans submitted in previous contracts as a factor in evaluating past performance under certain circumstances (see FAR 15.304(c)(3) and 15.305(a)(2)(v)) and determining contractor responsibility FAR section 19.705-5(a)(1).

(d) OSBU Mentoring Award. A nonmonetary award may be presented annually to the mentoring firm providing the most effective developmental support of a protégé. The Mentor-Protégé Program Manager will recommend an award winner to the Administrator of GSA.

(e) OSBU Mentor-Protégé Annual Conference. At the conclusion of each year in the Mentor-Protégé Program, mentor firms will be invited to brief contracting officers, program leaders, office directors, and other guests on their experience and progress under the Program. Participation is voluntary.

519.7005 Measurement of program success.

The overall success of the GSA Mentor-Protégé Program encompassing all participating mentors and protégés will be measured by the extent to which it results in:

(a) An increase in the number, dollar value, and percentage of subcontract awards made to protégé firms under GSA contracts since the date of entry into the Program. The baseline that demonstrates an increase is determined by comparing the number and total dollar amount of subcontract awards made to the identified protégé firm(s) during the two preceding fiscal years (if any) that are listed in application;

(b) An increase in the number and dollar value of contract and subcontract awards (including percentage of subcontract awards) to protégé firms since the date of the protégé’s entry into the Program (under GSA contracts and contracts awarded by other Federal agencies);

(c) An increase in the number and dollar value of subcontracts awarded to a protégé firm by its mentor firm; and
(d) An increase in subcontracting with protégé firms in industry categories where they have not traditionally participated within the mentor firm’s activity (i.e., the protégé is expanding its field of expertise or is increasing its opportunities in areas where it has not traditionally performed).

(e) Assessments of the semi-annual reports submitted by the mentors and “Lessons Learned” evaluation submitted by the mentors and protégés to the GSA Mentor-Protégé Program Manager.

519.7006 Mentor firms.

(a) Mentors must be:
(1) A large business prime contractor that is currently performing under an approved subcontracting plan as required by FAR 19.7 - Small business mentors are exempted; or
(2) A small business prime contractor that can provide developmental assistance to enhance the capabilities of protégés to perform as contractors, subcontractors, and suppliers;

(b) Must be eligible (not listed as an exclusion in the System for Award Management (SAM)) for U.S. Government contracts and not excluded from the Mentor-Protégé Program under section 519.7014(b);

(c) A protégé firm must not have another formal, active mentor-protégé relationship under GSA’s Mentor-Protégé Program but may have an active mentor-protégé relationship under another agency’s program.

519.7007 Protégé firms.

(a) For selection as a protégé, a firm must be:
(1) A small business concern, small disadvantaged business concern, veteran-owned small business concern, service-disabled veteran-owned small business concern, HUBZone small business concern, or women-owned small business concern;

(b) A protégé firm may self-represent to a mentor firm that it meets the requirements set forth in paragraph (a) of this section. Mentors may check the SAM at www.sam.gov to verify that the self-representation of the potential protégé meets the specified small business and socioeconomic category eligibility requirements (see FAR 19.703(b) and (d)). HUBZone and small disadvantaged business status eligibility and documentation requirements are determined according to 13 CFR parts 124 and 126.

519.7008 Selection of protégé firms.

(a) Mentor firms will be solely responsible for selecting protégé firms. Mentors are encouraged to select from a broad base of small business concerns including small disadvantaged business concerns, women-owned small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, and HUBZone small business concerns. A protégé must be either a current subcontractor or a newly selected subcontractor for the prime contractor’s GSA contract.

(b) Mentor firms may have more than one protégé. GSA reserves the right to limit the number of protégés participating under each mentor firm.

(c) The selection of protégé firms by mentor firms is not protestable, except for a protest regarding the size or eligibility status of an entity selected by a mentor to be a protégé. Such protests shall be handled in accordance with FAR 19.703(b). The contracting officer shall notify the Office of Small Business Utilization (OSBU) of the protest.
519.7009 Application process.

(a) Prime contractors interested in becoming a mentor firm must apply in writing by submitting the GSA Form 3695 to the GSA Mentor-Protégé Program Manager, at GSA Office of Small Business Utilization (E), 440 G Street NW, Washington, DC 20405. The Application shall include the Mentor-Protégé Agreement and will be evaluated for approval based on the extent to which the company plans to provide developmental assistance.

(b) The application must contain:

(1) A statement that the mentor firm is currently performing under at least one active approved subcontracting plan (small business exempted) and the firm is eligible, as of the date of Application, for the award of Federal contracts;

(2) The number of proposed protégé arrangements;

(3) Data on all current GSA contracts, and subcontracts including the contract/subcontract number(s), type of contract(s), period of performance (including options), contract/subcontract value(s) including options, technical program effort(s) (program title), name of GSA Project Manager or Contracting Officer’s Representative (including contact information), name of contracting officer(s) and contact information, and awarding GSA installation;

(4) Data on total number and dollar value of subcontracts awarded under GSA prime contracts within the past 2 years and the number and dollar value of such subcontracts awarded to entities who are proposed protégés;

(5) Information on the proposed types of developmental assistance. For each proposed mentor-protégé relationship include information on the company’s ability to provide developmental assistance to the identified protégé firm and how that assistance will potentially increase subcontracting opportunities for the protégé firm, including subcontracting opportunities in industry categories where these entities are not dominant in the company’s current subcontractor base; and

(6) Agreement information as listed in 519.7010.

519.7010 Agreement contents.

The contents of the Agreement must contain:

(a) Names, addresses (including facsimile, e-mail, and homepage) and telephone numbers of mentor and protégé firms and the name, telephone number, and position title within both firms of the person who will oversee the Agreement.

(b) An eligibility statement from the protégé stating that it is a small business, its primary NAICS code, and when applicable the type of small business (small disadvantaged business concern, HUBZone small business concern, women-owned small business concern, veteran-owned small business concern, or service-disabled veteran-owned small business concern).

(c) A description of the type of developmental assistance that will be provided by the mentor firm to the protégé firm (see 519.7012).

(d) Milestones for providing the identified developmental assistance.

(e) Factors to assess the protégé firm’s developmental progress under the Program.

(f) The anticipated dollar value and type of subcontracts that may be awarded to the protégé firm consistent with the extent and nature of mentor firm’s business, and the period of time over which they may be awarded.

(g) Program participation term: State the period of time over which the developmental assistance will be performed.

(h) Mentor termination procedures: Describe the procedures applicable to the mentor firm when notifying the Protégé firm, in writing and at least 30 days in advance, of the mentor firm’s intent to voluntarily withdraw its participation in the Program, or to terminate the Agreement.

(i) Protégé termination procedures: Describe the procedures applicable to the protégé firm when notifying the mentor firm, in writing at least 30 days in advance, of the protégé firm’s intent to terminate the Mentor-Protégé Agreement.

(j) Plan for accomplishing contract work should the Mentor-Protégé Agreement be terminated or a party
excluded under 519.7014(b). The mentor’s prime contract with GSA continues even if the Mentor-Protégé Agreement or the Mentor-Protégé Program is discontinued.

(k) The protégé must agree to provide input into the mentor firm’s semiannual reports (see 519.7015). The protégé must submit a “Lessons Learned” evaluation along with the mentor firm at the conclusion of the Mentor-Protégé agreement.

(l) Other terms and conditions as specified by the Mentor-Protégé Manager on a case-by-case basis.

519.7011 Application review.

(a) The Mentor-Protégé Program Manager will review the information specified in section 519.7009(b) and 519.7010 to establish the Mentor’s and Protégé’s eligibility and to ensure all necessary information is included. If the application relates to a specific contract, then the Mentor-Protégé Program Manager will consult with the applicable contracting officer regarding the adequacy of the proposed Agreement, as appropriate. The Mentor-Protégé Program Manager will complete its review no later than 30 days after receipt of the application. The contracting officer must provide feedback to the Program Manager no later than 10 days after receipt of the application.

(b) After the Mentor-Protégé Program Manager completes its review and provides written approval, the Mentor may execute the Agreement and implement the developmental assistance as provided under the Agreement. The Mentor-Protégé Program Manager will provide a copy of the Mentor-Protégé Agreement to the GSA contracting officer for any GSA contracts affected by the Agreement.

(c) The Agreement defines the relationship between the Mentor and the Protégé firms only. The Agreement itself does not create any privity of contract or contractual relationship between the Mentor and GSA nor the Protégé and GSA.

(d) If the Agreement is disapproved, the Mentor may provide additional information for reconsideration. The Mentor-Protégé Program Manager will complete the review of any supplemental information no later than 30 days after its receipt. Upon finding deficiencies that GSA considers correctable, the Mentor-Protégé Program Manager will notify the Mentor and Protégé and request correction of the deficiencies to be provided within 15 days.

519.7012 Developmental assistance.

The forms of developmental assistance a mentor can provide to a protégé include:

(a) Management guidance relating to—

1. Financial management;
2. Organizational management;
3. Overall business management/planning; and

(b) Engineering and other technical assistance.

(c) Loans.

(d) Rent-free use of facilities and/or equipment.

(e) Temporary assignment of personnel to the protégé for purpose of training.

(f) Any other types of developmental assistance approved by the GSA Mentor-Protégé Program Manager.

519.7013 Obligation.

The mentor will notify the Mentor-Protégé Program Manager and the contracting officer, in writing, at least 30 days in advance of the mentor firm’s intent to voluntarily withdraw from the Program or to terminate the Agreement, or upon receipt of a protégé’s notice to withdraw from the Program.

(b) Mentor and protégé firms will submit a “Lessons Learned” evaluation to the GSA Mentor-Protégé Program Manager at the conclusion or termination of each Mentor-Protégé Agreement or withdrawal from the Mentor-Protégé program.

519.7014 Internal controls.

(a) The GSA Mentor-Protégé Program Manager will manage the Program. Internal controls will be established by the Mentor-Protégé Program Manager to achieve the stated Program objectives (by serving as checks and
balances against undesired actions or consequences) such as:

(1) Reviewing and evaluating mentor Applications for realism, validity and accuracy of provided information;

(2) Monitoring each Mentor-Protégé Agreement by reviewing semi-annual progress reports submitted by mentors and protégés on protégé development to measure protégé progress against the master plan contained in the approved Agreement;

(3) Monitoring milestones in the Agreement (see 519.7010); and

(4) Evaluating “Lessons Learned” submitted by the Mentor and the Protégé as required by section 519.7013 to improve the GSA Mentor-Protégé Program.

(b)(1) GSA has the authority to exclude mentor or protégé firms from participating in the GSA Program.

(2) GSA may rescind approval of an existing Mentor-Protégé Agreement if it determines that such action is in GSA’s best interest. The rescission shall be in writing and sent to the Mentor and protégé after approval by the Director of OSBU. Rescission of an Agreement does not change the terms of any subcontract between the Mentor and the Protégé.

(3) Exclusion from the Program does not constitute a termination of the subcontract between the mentor and the protégé.

519.7015 Reports.

(a) Semi-annual reports shall be submitted by the mentor to the GSA Mentor-Protégé Program manager to include information as outlined in section 552.219–76(c).

(b) Protégés must agree to provide input into the mentor firm’s semi-annual reports detailing the assistance provided and goals achieved since agreement inception. However, for cost reimbursable contracts, costs associated with the preparation of these reports are unallowable costs under these Government contracts and will not be reimbursed by the Government.

(c) The GSA contracting officer, or if applicable the technical program manager, shall include an assessment of the prime contractor’s (mentor’s) performance in the Mentor-Protégé Program in a quarterly “Strengths and Weaknesses” evaluation report. A copy of this assessment will be provided to the GSA Mentor-Protégé Program Manager and to the mentor and protégé.

519.7016 Program review.

At the conclusion of each year in the Mentor-Protégé Program (anniversary date of the Mentor-Protégé Program), the prime contractor and protégé, as appropriate, will formally brief the GSA Mentor-Protégé Program Manager, the technical program manager, and the contracting officer regarding Mentor-Protégé Program accomplishments pertaining to the approved Agreement.

(a) The contracting officer shall insert the clause at 552.219–75, GSA Mentor-Protégé Program, in all unrestricted solicitations (not set aside) and contracts that exceed the simplified acquisition threshold that offer subcontracting opportunities or in the case of a small business, that can offer developmental assistance to a small business protégé.

(b) The contracting officer shall insert the clause at 552.219–76, Mentor Requirements and Evaluation, in contracts anticipated to exceed the simplified acquisition threshold where the prime contractor has signed a Mentor-Protégé Agreement with GSA.

For contracts of the type shown in 532.7201(a)(1) through (4):

(a) Contractors are to submit invoices or vouchers to the contracting officer for approval. Invoices must be annotated with the date of receipt, as required by FAR 32.905. The contracting officer must ensure that these payments are commensurate with physical and technical progress under the contract. Before exercising the authority to modify the date for constructive acceptance or constructive approval of progress payments in paragraph (a)(5)(i) of the clause at FAR 52.232–25, Prompt Payment, the contracting officer must prepare a written justification explaining why a longer period is necessary. An official one level above the contracting officer must approve the justification. Subpart 533.1—Protests

533.103 Protests to the agency.

533.103–1 Filing a protest.

(a) Any protester filing an agency protest has the choice of requesting either that the contracting officer or the Agency Protest Official decide the protest. If the protest is silent on this matter, the contracting officer will decide the protest. If a party requests a review at a level above the contracting officer, the Agency Protest Official will decide the protest. The decision by the Agency Protest Official for GSA is an alternative to a decision by the contracting officer. The Agency Protest Official for GSA will not consider an appeal of the contracting officer’s decision on an agency protest.

(b) If an agency protest is filed, the deciding official uses the procedures in FAR 33.103 and this section to resolve the protest. The deciding official will provide a fair and quick review of any protest filed with the agency.

(c) The filing timeframes in FAR 33.103(e) apply. An agency protest is filed when the complete protest is received at the location the solicitation designates for serving protests. GSA’s hours of operation are 8 a.m. to 4:30 p.m. Protests delivered after 4:30 p.m. will be considered received and filed the following business day.

(d) The protest must meet all the following conditions:
(1) Include the information required by FAR 33.103(d)(2).
(2) Indicate that it is a protest to the agency.
(3) Be filed in writing with the contracting officer.
(4) State whether the protester chooses to have the contracting officer or the Agency Protest Official decide the protest. If the protest does not include the protester’s choice, then the contracting officer will decide the protest (see paragraph (a) of this subsection).
(e) The following procedures apply to information submitted in support of or in response to an agency protest:
(1) GSA procedures do not provide for any discovery.
(2) The deciding official has discretion to request additional information from either the agency or the protester, orally or in writing, as may be necessary to render a timely decision on the protest. However, protests are normally decided on the basis of information initially provided by the protester and the agency.
(3) To the extent permitted by law and regulations, the parties may exchange relevant information.
(4) The agency must make a written response to the protest within ten days unless another date is set by the deciding official.
(5) The agency must also provide the protester with a copy of the response on the same day it files the protest response with the deciding official. If the agency believes it needs to redact or withhold any information in the response from the protester, it should identify and provide the information to the deciding official for in camera review.
(f) A protester may represent itself or be represented by legal counsel. GSA will not reimburse the protester for any legal fees related to the agency protest.
(g) GSA may dismiss or stay proceedings on an agency protest if a protest on the same or similar basis is filed with a protest forum outside of GSA.

Subpart 533.2—Disputes and Appeals

533.209 Suspected fraudulent claims.
In GSA, the agency official responsible for investigating fraud is the Office of Inspector General.

533.211 Contracting officer’s decision.
The contracting officer’s written decision must include the paragraph at FAR 33.211(a)(4)(v). The contracting officer shall state in the decision that a contractor’s notice of appeal to the Civilian Board of Contract Appeals (CBCA) should include a copy of the contracting officer’s decision.

Subpart 536.1—General

536.101 Applicability.

This part supplements FAR Part 36 policies and procedures applicable to contracting for construction and architect-engineer services. Contracts for construction management services are covered by FAR Part 37 and GSAM Part 537. Part 536 shall take precedence when the acquisition involves (1) construction or architect-engineer services, and (2) when the requirement is inconsistent with another part of the GSAR.

[81 FR 4594, Jan. 27, 2016]
(b) the appropriate use of options may include, but is not limited to, any of the following:
(1) If additional work is anticipated but funds are not expected to be available at the time of award, and it would not be practicable to award a separate contract or to permit an additional contractor to work on the same site.
(2) If fixed building equipment, e.g., elevators or escalators, will be installed under the construction contract and it is advantageous to have the installer of the equipment maintain and service the equipment during the warranty period.
(c) You must not use options under any of the following conditions:
(1) the prospective option represents known firm requirements for which funds are available unless competition for the option quantity is impracticable once the initial contract is awarded.
(2) The contractor will incur undue risks; e.g., the price or availability of necessary materials or labor is not reasonably foreseeable.
(d) Solicitations containing option provisions must state the period within which the options may be exercised.
(e) Solicitations must state whether the basis of award is inclusive or exclusive of the options. Before issuing a solicitation that includes evaluated options, you must determine that there is reasonable certainty that funds will be made available to permit exercise of the option.

536.213–372 Bids that include both alternates and options.
(a) Solicitations may include both alternates and options if the conditions in 536.213–370, Bids that include alternates, and 536.213–371, Bids that include options, are satisfied. In these solicitations, the low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for the base bid and the alternates, in the order of priority listed in the solicitation, that provide the most work features within the funds available at bid opening, plus all options designated to be evaluated.
(b) The basis of award may require the evaluation of options associated with alternates if the related alternate is selected.
(c) Before opening bids that include both alternates and options, determine, and record in the contract file, the amount of funds available for the project (i.e., for the base bid and alternate work). The amount recorded must be announced at the beginning of the bid opening. This amount may be increased later when determining the alternate items to be awarded to the low bidder if the following condition is met: the award amount of the base bid and evaluated options plus the alternate items does not exceed the amount offered for the base bid, the evaluated options, and the same combination of alternate items by any other responsible bidder whose bid conforms to the solicitation.

536.270 Exercise of options.
(a) If exercising an option, notify the contractor, in writing, within the time period specified in the contract.
(b) Exercise options only after determining that all the following conditions exist:
(1) Funds are available.
(2) The requirement covered by the option fulfills an existing Government need.
(3) Exercising the option is the most advantageous method of satisfying the Government’s need, price and other factors considered.
(c) Before exercising an option, you must determine that the action complies with the option’s terms and this section’s requirements. Include your written determination in the contract file.
(d) The contract modification, or other written document which notifies the contractor of the exercise of the option, must cite the option clause as authority. If exercising an unpriced or unevaluated option, cite the statutory authority permitting the use of other than full and open competition (see FAR 6.302 and 517.207).
536.570  Supplemental provisions and clauses.

536.570–1 Definitions.

536.570–3  [Reserved]

536.570–4 Basis of award—construction contract.
(a) Insert a provision substantially the same as 552.236–73, Basis of Award—Construction Contract, in solicitations for fixed-price construction contracts except if any of the following conditions apply:
(1) The solicitation requires the submission of a lump-sum bid only.
(2) The solicitation is for an indefinite quantity contract.
(3) The contract amount is not expected to exceed the simplified acquisition threshold.

Subpart 536.6—Architect-Engineer Services

536.602 Selection of firms for architect-engineer contracts.

536.602–1 Selection criteria.
(a) FAR 36.602–1 requires that agencies include “location in the general geographical area of the project and knowledge of locality of the project” as one of several selection criteria.
(1) Do not use this evaluation factor as a minimum qualification requirement for determining whether a firm is eligible to compete for a proposed project.
(2) This factor must not exceed 5 percent of the total weight of all evaluation criteria. In order to receive maximum score for this factor, the architect-engineer firm(s) must demonstrate that at least 35 percent of the architect-engineer contract services (based on the total contract price) will be accomplished within the geographical boundaries established for the project.
(3) Under an approved class deviation from FAR 36.602–1(a)(3), this factor does not apply to projects that the
Chief Architect of GSA determines have national significance.

(b) The public announcement (FedBizOpps notice) for a proposed project should identify the general geographical area of the project by either:

(1) A radius in miles or other appropriate unit of measure.

(2) The Standard Metropolitan Statistical Area, county(ies), state(s) surrounding the project, or other appropriate geographic boundaries.

(c) Architect-engineer selections under the Design Excellence Program must apply the geographical evaluation criteria in the second phase.

(d) The public announcement (FedBizOpps notice) must provide the number of calendar days the architect-engineer of record has to establish a production capability within the general geographical area of the project. You may allow the architect-engineer of record up to 45 calendar days after contract award to establish this production capability.

Subpart 537.1—Service Contracts—General

537.110 Solicitation provisions and contract clauses.

The following provision and clauses apply to contracts for building services:

(a) If the contract is expected to exceed the simplified acquisition threshold and it is not initiated with AbilityOne under the Javits-Wagner-O’Day Act insert 522.237–71, Qualifications of Employees, in the solicitation and contract. If needed, use supplemental provisions or clauses to describe specific requirements for employees performing work on the contract.

(b) Insert 522.237–72, Prohibition Regarding “Quasi-Military Armed Forces,” in solicitations and contracts for guard service.

Subpart 537.2—Advisory and Assistance Services

537.201 Definitions.

As used in this subpart—

Evaluation or analysis of a proposal means proposal evaluation as described in FAR 15.305. It includes: Cost or price evaluation using cost or price analysis, as defined in FAR 15.404.

Proposal means a proposal submitted for an initial contract award. (See FAR 37.203(d)). It does not include proposals submitted after contract award, such as value engineering proposals, proposals related to contract modifications, claims, or other contract administration actions.

Readily available means that employees with the requisite training and capability are employed by the agency, capable of handling additional work relating to other duties as assigned by management, and that the travel and other costs associated with using covered personnel does not exceed the projected cost of a contract for evaluation and analysis services.

Requisite training and capability means training and capability necessary to successfully perform the task or contract at issue in the time and in the manner required. It may include relevant experience, recent performance of work of similar size and scope, specific training and other factors that the contracting officer determines are necessary to the successful performance of the task or contract at issue.

Subpart 538.2—Establishing and Administering Federal Supply Schedules

538.270  Evaluation of multiple award schedule (MAS) offers.

538.270–1  Evaluation of offers without access to transactional data.

(a) **Applicability.** Utilize this evaluation methodology for negotiating MAS offers when the commercial sales practices format is included in the solicitation (see 515.408).

(b) When offerors have commercial catalogs, negotiate concessions from established catalogs, including price and non-price terms and conditions.

(c) The Government will seek to obtain the offeror’s best price (the best price given to the most favored customer). However, the Government recognizes that the terms and conditions of commercial sales vary and there may be legitimate reasons why the best price is not achieved.

(d) Establish negotiation objectives based on a review of relevant data and determine price reasonableness.

(e) When establishing negotiation objectives and determining price reasonableness, compare the terms and conditions of the MAS solicitation with the terms and conditions of agreements with the offeror’s commercial customers. When determining the Government’s price negotiation objectives, consider the following factors:

(1) Aggregate volume of anticipated purchases.

(2) The purchase of a minimum quantity or a pattern of historic purchases.

(3) Prices taking into consideration any combination of discounts and concessions offered to commercial customers.

(4) Length of the contract period.

(5) Warranties, training, and/or maintenance included in the purchase price or provided at additional cost to the product prices.

(6) Ordering and delivery practices.

(7) Any other relevant information, including differences between the MAS solicitation and commercial terms and conditions that may warrant differentials between the offer and the discounts offered to the most favored commercial customer(s). For example, an offeror may incur more expense selling to the Government than to the customer who receives the offeror’s best price, or the customer (e.g., dealer, distributor, original equipment manufacturer, other reseller) who receives the best price may perform certain value-added functions for the offeror that the Government does not perform. In such cases, some reduction in the discount given to the Government may be appropriate. If the best price is not offered to the Government, you should ask the offeror to identify and explain the reason for any differences. Do not require offerors to provide detailed cost breakdowns.

(f) You may award a contract containing pricing which is less favorable than the best price the offeror extends
to any commercial customer for similar purchases if you make a determination that both of the following conditions exist:

(1) The prices offered to the Government are fair and reasonable, even though comparable discounts were not negotiated.

(2) Award is otherwise in the best interest of the Government.

(g) State clearly in the award document the price/discount relationship between the Government and the identified commercial customer (or category of customers) upon which the award is based.

[81 FR 41136, June 23, 2016]

538.271 MAS contract awards.

(a) MAS awards will be for commercial items as defined in FAR 2.101.

(b) Before awarding any MAS contract, determine that the offered prices are fair and reasonable (see FAR subpart 15.4 and 538.270). Document the negotiation and your determination using FAR 15.406-3 as guidance.

[64 FR 37227, July 9, 1999, as amended at 81 FR 41137, June 23, 2016]

538.272 MAS price reductions.

(a) Applicability. This section applies when the contract contains the basic clause 552.238–74 Industrial Funding Fee and Sales Reporting.

(b) The basic clause and Alternate I of 552.238–75, Price Reductions, requires the contractor to maintain during the contract period the negotiated price/discount relationship (and/or term and condition relationship) between the eligible ordering activities and the offeror's customer or category of customers on which the contract award was predicated (see 538.271(c)). If a change occurs in the contractor's commercial pricing or discount arrangement applicable to the identified commercial customer (or category of customers) that results in a less advantageous relationship between the eligible ordering activities and this customer or category of customers, the change constitutes a "price reduction."

(c) Ensure that the contractor understands the requirements of section 552.238–75 and agrees to report all price reductions to the Contracting Officer as provided for in the clause.

[81 FR 41137, June 23, 2016]

538.273 Contract clauses.

(a) Multiple award schedules. Insert in solicitations and contracts:

(1) 552.238–70, Identification of Electronic Office Equipment Providing Accessibility for the Handicapped, if you include electronic office equipment items.

(2) 552.238–71, Submission and Distribution of Authorized FSS Schedule Pricelists.

(3) 552.238–72, Identification of Products That Have Environmental Attributes.

(b) Multiple and single award schedules. Insert the following in solicitations and contracts:

(1) 552.238–74, Industrial Funding Fee and Sales Reporting. Use Alternate I for Federal Supply Schedules with Transactional Data Reporting requirements. Clause 552.238–75 Alternate I should also be used when vendors agree to include clause 552.238–74 Alternate I in the contract.

(2) 552.238–75, Price Reductions. Use Alternate I for Federal Supply Schedules with Transactional Data Reporting requirements. This alternate clause is used when vendors agree to include clause 552.238–74 Alternate I in the contract.

(3) 552.238–81, Modifications (Federal Supply Schedule). (i) Use Alternate I for Federal Supply Schedules that only accept electronic modifications.

(ii) Use Alternate II for Federal Supply Schedules with Transactional Data Reporting requirements. This alternate clause is used when vendors agree to include clause 552.238–74 Alternate I in the contract.
Subpart 538.70—Purchasing by Non-Federal Entities

SOURCE: 68 FR 24378, May 7, 2003, unless otherwise noted.

(a) Federal Supply Schedule 70;
(b) The Consolidated Schedule contracts containing information technology Special Item Numbers (SINs); and
(c) Federal Supply Schedule 84.
(d) Other Federal Supply Schedules as authorized in this subpart.

538.7001 Definitions.

Ordering activity (also called “ordering agency” and “ordering office”) means an eligible ordering activity (see 552.238–78) authorized to place orders under Federal supply schedule contracts.

Preparedness means actions that may include, but are not limited to planning, resourcing, training, exercising, and organizing to build, sustain, and improve operational disaster response capabilities. Schedule 84 means the Federal Supply Schedule for alarm and signal systems, facility management systems, firefighting and rescue equipment, law enforcement and security equipment, marine craft and related equipment, special purpose clothing, and related services (as contained in Federal Supply Classification Code Group 84 or any amended or subsequent version of that Federal supply classification group).

State and local government entities, as used in this subpart, means the states of the United States, counties, municipalities, cities, towns, townships, tribal governments, public authorities (including public or Indian housing agencies under the United States Housing Act of 1937), school districts, colleges and other institutions of higher education, council of governments (incorporated or not), regional or Interstate government entities, or any agency or instrumentality of the preceding entities (including any local educational agency or institution of higher education), and including legislative and judicial departments. The term does not include contractors of, or grantees of, State or local governments.

(2) Institution of higher education has the meaning given that term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(3) Tribal government means—

(i) The governing body of any Indian tribe, band, nation, or other organized group or community located in the continental United States (excluding the State of Alaska) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and

(ii) Any Alaska Native regional or village corporation established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

538.7002 General.

Under 40 U.S.C. 502, the goods and services available to executive agencies are also available to mixed ownership Government corporations, establishments within the legislative or judicial branches of Government (excepting the Senate, House of Representatives, Architect of the Capitol, and any activities under the direction of the Architect of the Capitol), the District of Columbia, and Qualified Non-profit Agencies.

(b) Section 211 of the E-Government Act of 2002 amends 40 U.S.C. 502 to authorize the Administrator of General Services to provide for use of certain Federal supply schedules of the GSA by a State or local government, which includes any State, local, regional, or tribal government, or any instrumentality thereof (including any local educational agency or institution of higher education).

(c) Pub.L. 110–248, The Local Preparedness Acquisition Act, authorizes the Administrator of General Services to provide for the use by state or local governments of Federal Supply Schedules of the General Services Administration (GSA) for alarm and signal systems, facility management systems, firefighting and rescue equipment, law enforcement and security equipment, marine craft and related equipment, special purpose clothing, and related services (as contained in Schedule 84).

538.7003 Policy.

Preparing solicitations when schedules are open to eligible non-federal entities. When opening authorized Federal Supply Schedules for use by eligible non-federal entities, the contracting officer must make minor modifications to certain Federal Acquisition Regulation and GSAM provisions and clauses in order to make clear distinctions between the rights and responsibilities of the U.S. Government in its management and regulatory capacity pursuant to which it awards schedule contracts and fulfills associated Federal requirements versus the rights and responsibilities of eligible ordering activities placing orders to fulfill agency needs. Accordingly, the contracting officer is authorized to modify the following FAR provisions/clauses to delete “Government” or similar language referring to the U.S. Government and substitute “ordering activity” or similar language when preparing solicitations and contracts to be awarded under authorized Federal Supply Schedules. When such changes are made, the word “(DEVIATION)” shall be added at the end of the title of the provision or clause. These clauses include but are not limited to:

Subpart 539.70—Additional Requirements for Purchases Not in Support of National Security Systems

539.7000 Scope of subpart.

This subpart prescribes acquisition policies and procedures for use in acquiring information technology supplies, services and systems not in support of national security systems, as defined by FAR part 39.

539.7001 Policy.

(a) GSA must provide information security for the information and information systems that support the operations and assets of the agency, including those provided or managed by another agency, contractor, or other source. Section 3544(a)(ii) of the Federal Information Security Management Act (FISMA) describes Federal agency security responsibilities as including "information systems used or operated by an agency or by a contractor of an agency or other organization on behalf of an agency."

(b) Employees responsible for or procuring information technology supplies, services and systems shall possess the appropriate security clearance associated with the level of security classification related to the acquisition. They include, but are not limited to contracting officers, contract specialists, project/program managers, and contracting officer representatives.

(c) Contracting activities shall coordinate with requiring activities and program officials to ensure that the solicitation documents include the appropriate information security requirements. The information security requirements must be sufficiently detailed to enable service providers to fully understand the information security regulations, mandates, and requirements that they will be subject to under the contract or task order.

(d) GSA’s Office of the Senior Agency Information Security Officer issued CIO IT Security Procedural Guide 09-48, “Security Language for Information Technology Acquisitions Efforts,” to provide IT security standards, policies and reporting requirements that shall be inserted in all solicitations and contracts or task orders where an information system is contractor owned and operated on behalf of the Federal Government. The guide can be accessed at http://www.gsa.gov/portal/category/25690.

539.7002 Solicitation provisions and contract clauses.

(a) The contracting officer shall insert the provision at 552.239-70, Information Technology Security Plan and Security Authorization, in solicitations that include information technology supplies, services or systems in which the contractor will have physical or electronic access to government information that directly supports the mission of GSA.

(b) The contracting officer shall insert the clause at 552.239-71, Security Requirements for Unclassified Information Technology Resources, in solicitations and contracts containing the provision at 552.239-70. The provision and clause shall not be inserted in solicitations and contracts for personal services with individuals.

552.000 Scope of part.

This part provides the text of provisions and clauses which are unique to GSA or supplement the FAR.

Subpart 552.1—Instructions for Using Provisions and Clauses

(a) Definition. “Clause,” as used in this subpart, means provision or clause as defined in FAR 52.201(a).

(b) Numbering. (1) Clauses which are “substantially” the same as FAR clauses and clauses to be used instead of FAR clauses are identified as follows:
(i) The clause has the same title as a clause in the FAR.
(ii) The number 5 precedes the clause.
(iii) The clause appears under the same subsection number and caption as in the FAR.
(2) Supplemental clauses are numbered in the same manner as the FAR, except:
(i) The chapter number precedes the clause.
(ii) The subsection numbers begin with 70.
(iii) The clauses are sequentially numbered, e.g., 552.232–70, 552.232–71, etc.

552.102 Incorporating provisions and clauses.
You may incorporate clauses prescribed in the GSAR for solicitations and contracts by reference.

552.103 Identification of provisions and clauses.

Deviations. If the GSAR prescribes a class deviation from a FAR clause, identify the clause by the GSAR citation (e.g., 552.232–8 PROMPT PAYMENT DISCOUNT (NOV 1987) (DEVIATION FAR 552.232–8)).

552.104 Procedures for modifying and completing provisions and clauses.
(a) The procedures in FAR 52.104 apply when you modify or complete a GSAR provision or clause. Provisions and clauses shall not be modified unless the GSAR authorizes their modification.
(b) You do not need to identify modifications of clauses which result from negotiations unless you issue an amendment to the solicitation.
(c) In general, you should modify FAR or GSAR clauses only for individual cases. If a contracting activity develops a modification for repeated use, furnish a copy to the Office of GSAR Acquisition Policy (MV) for potential inclusion in the GSAR.

552.105 Procedures for using alternates.
The procedures in FAR 52.105 apply to GSAR part 552.

552.107–70 Provisions and clauses prescribed in subpart 552.1.
(a) Insert the provision at 552.232–5, Authorized Deviations in Provisions, in solicitation that include any FAR or GSAR clause with an authorized deviation. You must use this provision in lieu of the FAR provision at 552.232–5.
(b) Insert the clause at 552.232–6, Authorized Deviations in Clauses, in solicitations and contracts that include any FAR or GSAR clause with an authorized deviation. You must use this clause in lieu of the FAR clause at 52.232–6.

PRICE ADJUSTMENT—FAILURE TO PROVIDE ACCURATE INFORMATION (AUG 1997)

(a) The Government, at its election, may reduce the price of this contract or contract modification if the Contracting Officer determines after award of this contract or contract modification that the price negotiated was increased by a significant amount because the Contractor failed to:

552.216–70 Economic Price Adjustment—FSS Multiple Award Schedule Contracts.

As prescribed in 516.203–4(a), insert the following clause:

ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD SCHEDULE CONTRACTS (SEP 1999)

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) Contractors may request price increases under the following conditions:

(1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.

(2) Only three increases will be considered during the contract period.

(3) Increases are requested after the first 30 days of the contract period and prior to the last 60 days of the contract period.

(4) At least 30 days elapse between requested increases.

(c) The aggregate of the increases in any contract unit price under this clause shall not exceed *% of the original contract unit price. The Government reserves the right to raise this ceiling where changes in market conditions during the contract period support an increase.

(d) The following material shall be submitted with the request for a price increase:

(1) A copy of the commercial catalog/pricelist showing the price increase and the effective date for commercial customers.

(2) Commercial Sales Practice format regarding the Contractor's commercial pricing practice relating to the reissued or modified catalog/pricelist, or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Documentation supporting the reasonableness of the price increase.

(e) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increase as requested when all conditions of (b), (c), and (d) of this clause are satisfied;

(2) Negotiate more favorable discounts from the new commercial prices when the total increase requested is not supported; or,

(3) Remove the product(s) from contract involved pursuant to the Cancellation Clause of this contract, when the increase requested is not supported.

(f) The contract modification reflecting the price adjustment shall be signed by the Government and made effective upon receipt of notification from the Contractor that the new catalog/pricelist has been mailed to the addresses previously furnished by the Contracting Officer, provided that in no event shall such price adjustment be effective prior to the effective date of the commercial price increases. The increased contract prices shall apply to delivery orders issued to the Contractor on or after the effective date of the contract modification.

(End of clause)

*Insert the percent appropriate at the time the solicitation is issued. This percentage should normally be 10 percent, unless based on a trend established by an appropriate index such as the Producer Prices and Price Index during the most recent 6-month period indicates that a different percentage is more appropriate. Any ceiling other than 10 percent must be approved by the contracting director.

Alternate I (SEP 1999). The following is substituted for paragraphs (b) and (c) of the clause:

(b) Contractors may request price increases to be effective on or after the first 12 months of the contract period providing all of the following conditions are met:

(1) Increases resulting from a reissue or other modification of the Contractor's commercial catalog/pricelist that was used as the basis for the contract award.

(2) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of this subparagraph (b)).

(3) Increases are requested before the last 60 days of the contract period.

(4) At least 30 days elapse between requested increases.

(c) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed *% of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

*Insert the percentage appropriate at the time the solicitation is issued. This percentage should be determined based on the trend established by an appropriate index such as the Producer Prices and
552.216–71 Economic Price Adjustment—Special Order Program Contracts.

As prescribed in 516.203–4(a), insert the following clause:

**ECONOMIC PRICE ADJUSTMENT—SPECIAL ORDER PROGRAM CONTRACTS**

(a) "Producer Price Index" (PPI), as used in this clause, means the originally released index, not seasonally adjusted, published by the Bureau of Labor Statistics, U.S. Department of Labor (Labor) for product code.

(b) During the term of the contract, the award price may be adjusted once during each 12-month period upward or downward. However, if an upward adjustment, a maximum of 10 percent shall apply.

Any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released 12 months later (the updated index). The formula for determining the Adjusted Contract Price (ACP) applicable to shipments for the balance of the contract period is—

\[
ACP = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}
\]

(c) If the PPI is not available for the month of the base index or the updated index, the month with the most recently published PPI prior to the month determining the base index or updated index shall be used.

(d) If a product code is discontinued, the Government and the Contractor will mutually agree to substitute a similar product code. If Labor designates an index with a new title and/or code number as continuous with the product code specified above, the new index shall be used.

(e) Unless the Contractor’s written request for a price adjustment resulting from the application of the formula in (b) above is received by the Contracting Officer within 30 calendar days of the release of the updated index, the Contractor shall have waived its right to an upward price adjustment for the balance of the contract. Alternatively, the Contracting Officer will unilaterally adjust the award price downward when appropriate using the updated index defined in (b) above.

(f) Price adjustments shall be effective upon execution of a contract modification by the Government or on the 31st day following the release of the updated index, whichever is later, shall indicate the updated index and percent of change as well as the ACP, and shall not apply to delivery orders issued before the effective date.

(End of clause)

**Alternate I**

As prescribed in 516.203–4(a)(1) and (2), substitute the following paragraphs (b), (e), and (f) for paragraphs (b), (e), and (f) of the basic clause:

(b) Once during each 12-month period, the contract price may be adjusted upward or downward a maximum of 10 percent.

(1) For the first option period, any price adjustment for the product code shall be based upon the percentage change in the PPI released in the month prior to the initial month of the contract period specified in the solicitation for sealed bidding or the month prior to award in negotiation (the base index) and the PPI released 12 months later (the updated index). The formula for determining the Adjusted Contract Price (ACP) applicable to shipments during the first option period is—

\[
ACP = \frac{\text{Updated Index}}{\text{Base Index}} \times \text{Award Price}
\]

(2) For any subsequent option period, the price adjustment shall be the percentage change between the previously updated index (the new base index) and the PPI released 12 months later (the most recent updated index). This percentage shall be applied to the Current Contract Price (CCP). The formula for determining the ACP applicable to shipments for the subsequent option period(s) is—

\[
ACP = \frac{\text{Most Recent Updated Index}}{\text{New Base Index}} \times \text{CCP}
\]

(e) Unless the Contractor’s written request for a price adjustment resulting from the application of the formulas in (b) (1) or (2) above is received by the Contracting Officer within 30 calendar days of the date of the Government’s preliminary written notice of its intent to exercise the option, the Contractors shall have waived its right to an upward price adjustment for that option period. Alternatively, the Contracting Officer in its written notice shall exercise the option.
at the CCP or at a reduced price when appropriate using the formulas in (b) (1) or (2) above.

(f) Price adjustments shall be effected by execution of a contract modification by the Government indicating the most recent updated index and percent of change and shall apply to delivery orders placed on or after the first day of the option period.

Alternate II (AUG 2010). As prescribed in 516.203-4(a)(2), add the following paragraph (g) to the basic clause:

(g) No price adjustment will be made unless the percentage change in the PPI is at least 10 percent.

* The Contracting Officer should insert a lower percent than the maximum percentage stated in paragraph (b) of the clause.

* The appropriate percentage should be determined based upon the historical trend in the PPI for the product code. A ceiling of more than 10 percent must be approved by the Contracting Director.

(c) If the Contractor agrees, transmission will be computer-to-computer EDI. If computer-to-computer EDI is not possible, FAS will use an alternative EDI method allowing the Contractor to receive orders by facsimile transmission.

(d) When computer-to-computer EDI procedures will be used to place orders, the Contractor shall enter into a Trading Partner Agreement (TPA) with FAS in order to ensure mutual understanding by the parties of certain electronic transaction conventions and to recognize the rights and responsibilities of the parties as they apply to this method of placing orders. TRANSACTIONAL DATA REPORTING (JUN 2016)

(a) Definition. Transactional data encompasses the historical details of the products or services delivered by the Contractor during the performance of task or delivery orders issued against this contract.

(b) Reporting of Transactional Data. The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the automated reporting system at an Internet Web site designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions and reporting procedures on the Vendor Support
General Services Administration

Center Web site, https://vsc.gsa.gov. The reporting system Web site address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

2. The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:

(a) The acceptable points at which transactional data may be reported include—

(B) Receipt of payment.

(c) Reporting Points. (i) The acceptable points at which transactional data may be reported include—

(B) Receipt of payment.

(d) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(2) Within 60 calendar days of award or inclusion of this clause in the contract, a GSA representative will provide the Contractor with specific written procedural instructions on remitting the CAF, including the deadline by which the Contractor must remit the CAF. The deadline specified in the written procedural instructions will be no less than 30 calendar days after the last calendar day of the month. GSA reserves the unilateral right to change remittance instructions following 60 calendar days’ advance notification to the Contractor.

(e) The Contractor must remit the CAF to GSA in U.S. dollars.

(f) The Contractor’s failure to remit the full amount of the CAF within the specified deadline constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17, Interest). If the Contractor fails to submit the required sales reports, falsifies them, or fails to timely pay the CAF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

552.217-70 Evaluation of Options.

As prescribed in 517.208(a), insert the following provision:

EVALUATION OF OPTIONS (JUL 2016)

(a) The Government will evaluate offers for award purposes by determining the lowest base period price. When option year pricing is based on a formula (e.g., changes in the Producer Price Index or other commonly recognized standard), option year pricing is automatically considered when evaluating the base year price, as any change in price will be uniformly related to changes in market conditions. All options are therefore considered to be evaluated. Evaluation of options will not obligate the Government to exercise the option(s).
(b) The Government will reject the offer if exceptions are taken to the price provisions of the Economic Price Adjustment clause, unless the exception results in a lower maximum option year price. Such offers will be evaluated without regard to the lower option year(s) maximum. However, if the offeror offering a lower maximum is awarded a contract, the award will reflect the lower maximum.

When deciding whether to exercise the option, the Contracting Officer will consider the quality of the Contractor’s past performance under this contract in accordance with 48 CFR 517.207.

(b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. The General Services Administration (GSA) expects that an offeror’s subcontracting plan will reflect a commitment to assuring that small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns are provided the maximum practicable opportunity, consistent with efficient contract performance, to participate as subcontractors in the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:

2. Consider previous goals and achievements of contractors in the small industry.

3. Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns.

4. Review the offeror’s description of its strategies, historical performance and significant achievements in placing subcontractors for similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns. The offeror’s description may apply to commercial as well as previous Government contracts.

5. Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

An offeror submitting a commercial plan can demonstrate its commitment in providing maximum practicable opportunities through subcontracting opportunities it provides to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns that relate to the offeror’s production generally; i.e., for both its commercial and Government business.

(3) The subcontracting plan shall include a description of the offeror’s subcontracting strategies used in previous contracts and significant achievements, with an explanation of how this plan will build upon those earlier achievements. Additionally, the offeror shall demonstrate through its plan that it understands the small business subcontracting program’s objectives, GSA’s expectations, and is committed to taking those actions necessary to meet these goals or objectives.

(b) GSA believes that this contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns as subcontractors. (2) Consider previous goals and achievements of contractors in the same industry;

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns; and

(4) Review the offeror’s description of its strategies, historical performance and significant achievements in placing subcontracted products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran-owned small business concerns. The offeror’s description can apply to commercial as well as previous Government contracts.

(d) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

(4) Certain food products and other payments.

(i) Due dates on Contractor invoices for meat, meat food products, or fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats or oils are—

(A) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182 (3)), and as further defined in Pub. L. 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, any perishable egg product, as close as possible to, but not later than, the 7th day after product delivery.

(B) For fresh or frozen fish, as defined in section 2(a)(3) of the Fish and Seafood Promotion Act of 1966 (16 U.S.C. 403(3)), as close
as possible to, but not later than, the 7th day after product delivery.

(C) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10th day after product delivery, unless another date is specified in the contract.

(D) For daily products, as defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10th day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressing, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices will be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the Contractor making the representation.

(ii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(5) Contractor's invoice. The Contractor shall prepare and submit invoices to the designated billing office specified in the contract. Notwithstanding paragraph (g) of the clause at FAR 52.212-4, Contract Terms and Conditions—Commercial Items, if the Contractor submits hard-copy invoices, submit only an original invoice. No copies of the invoice are required. A proper invoice must include the items listed in subdivisions (a)(5)(i) through (a)(5)(viii) of this clause. If the invoice does not comply with these requirements, it shall be returned within 7 days after the date the designated billing office received the invoice (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, edible fats or oils, and food products prepared from edible fats or oils), with a statement of the reasons why it is not a proper invoice. Untimely notification will be taken into account in computing any interest penalty owed the Contractor in the manner described in subparagraph (a)(6) of this clause.

(i) Name and address of the Contractor.

(ii) Invoice date. (The Contractor is encouraged to date invoices as close as possible to the date of the mailing or transmission.)

(iii) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).

(iv) Description, quantity, unit of measure, unit price, an extended prices of supplies delivered or services performed.

(v) Shipping and payment terms (e.g., shipment number and date, and billing terms and the amount due the Contractor for supplies delivered or services performed. The amount was not subject to further contract payment discount terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills or lading.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(viii) Any other information or documentation required by the contract (such as evidence of shipment).

(ix) While not required, the Contractor is strongly encouraged to assign an identification number to each invoice.

(6) Interest penalty. An interest penalty shall be paid automatically by the designated payment office, without request from the Contractor, if payment is not made by the due date and the conditions listed in subdivisions (a)(6)(i) through (a)(6)(iii) of this clause are met, if applicable. However, when the due date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day without incurring a late payment interest penalty.

(i) A proper invoice was received by the designated billing office.

(ii) A receiving report or other Government documentation authorizing payment was processed, and there was no disagreement over quantity, quality, or Contractor compliance with any contract term or condition.

(iii) In the case of a final invoice for any balance of funds due the Contractor for supplies delivered or services performed, the amount was not subject to further contract settlement actions between the Government and the Contractor.

(7) Computing penalty amount. The interest penalty shall be at the rate established by the Secretary of the Treasury under section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date, except where the interest penalty is prescribed by other governmental authority (e.g., tariffs). This rate is referred to as the “Renegotiation Board Interest Rate,” and it is published in the Federal Register semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the invoice principal payment amount approved by the Government until the payment date of such approved principal amount, and will be compounded in 30-day increments inclusive from the first day after the due date through the payment date. That
is, interest accrued at the end of any 30-day period will be added to the approved invoice principal payment amount and will be subject to interest penalties if not paid in the succeeding 30-day period. If the designated billing office failed to notify the Contractor of a defective invoice within the periods prescribed in subparagraph (a)(b) of this clause, the due date on the corrected invoice will be adjusted by subtracting from such date the number of days taken beyond the prescribed notification of defects period. Any interest penalty owed the Contractor will be based on this adjusted due date. Adjustments will be made by the designated payment office for errors in calculating interest penalties.

(i) For the sole purpose of computing an interest penalty that might be due the Contractor, Government acceptance shall be deemed to have occurred constructively on the 7th day (unless otherwise specified in this contract) after the Contractor delivered the supplies or performed the services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality or Contractor compliance with a contract provision. In the event that actual acceptance occurs within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance. The constructive acceptance requirement does, not however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities.

(ii) The following periods of time will not be included in the determination of an interest penalty:

(A) The period taken to notify the Contractor of defects in invoices submitted to the Government, but this may not exceed 7 days (3 days for meat, meat food products, or fish; 5 days for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils).

(B) The period between the defects notice and resubmission of the corrected invoice by the Contractor.

(C) For incorrect electronic funds transfer (EFT) information, in accordance with the EPT clause of this contract.

(iii) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1. Disputes, or for more than 1 year. Interest penalties of less than $1 need not be paid.

(iv) Interest penalties are not required on payment delays due to disagreement between the Government and the Contractor over the principal payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233-1. Disputes.

(8) Prompt payment discounts. An interest penalty also shall be paid automatically by the designated payment office, without request from the Contractor, if a discount for prompt payment is taken improperly. The interest penalty will be calculated as described in subparagraph (a)(7) of this clause on the amount of discount taken for the period beginning with the first day after the end of the discount period through the date when the Contractor is paid.

(9) Additional interest penalty. (1) If this contract was awarded on or October 1, 1989, a penalty amount, calculated in accordance with subdivision (a)(9)(iii) of this clause, shall be paid in addition to the interest penalty amount if the Contractor—

(A) Is owed an interest penalty of $1 or more;

(B) Is not paid the interest penalty within 10 days after the date the invoice amount is paid; and

(C) Makes a written demand to the designated payment office for additional penalty payment, in accordance with subdivision (a)(9)(ii) of this clause, postmarked not later than 40 days after the invoice amount is paid.

(iii)(A) Contractors shall support written demands for additional penalty payments with the following data. No additional data shall be required. Contractors shall—

(1) Specifically assert that late payment interest is due under a specific invoice, and request payment of all overdue late payment interest penalty and such additional penalty as may be required;

(2) Attach a copy of the invoice on which the unpaid late payment interest was due; and

(3) State that payment of the principal has been received, including the date of receipt.

(B) Demands must be postmarked on or before the 40th day after payment was made, except that—

(1) If the postmark is illegible or nonexistent, the demand must have been received and annotated with the date of receipt by the designated payment office on or before the 40th day after payment was made; or

(2) If the postmark is illegible or nonexistent and the designated payment office fails to make the required annotation, the demand’s validity will be determined by the date the Contractor has placed on the demand; provided such date is no later than the 40th day after payment was made.

(iii)(A) The additional penalty shall be equal to 100 percent of any original late payment interest penalty, except—

(1) The additional penalty shall not exceed $5,000; and

(2) The additional penalty shall never be less than $25; and
(3) No additional penalty is owed if the amount of the underlying interest penalty is less than $1.

(B) If the interest penalty ceases to accrue in accordance with the limits stated in subdivision (a)(5)(iii) of this clause, the amount of the additional penalty shall be calculated on the amount of interest penalty that would have accrued in the absence of these limits, subject to the overall limits on the additional penalty specified in subdivision (a)(7)(i)(A) of this clause.

(C) For determining the maximum and minimum additional penalties, the test shall be the interest penalty due on each separate payment made for each separate contract. The maximum and minimum additional penalty shall not be based upon individual invoices unless the invoices are paid separately. Where payments are consolidated for disbursing purposes, the maximum and minimum additional penalty determination shall be made separately for each contract therein.

(D) The additional penalty does not apply to payments regulated by other Government regulations (e.g., payments under utility contracts subject to tariffs and regulation).

(b) Contract financing payments—(1) Due dates for recurring financing payments. If this contract provides for contract financing, requests for payment shall be submitted to the designated billing office as specified in this contract or as directed by the Contracting Officer. Contract financing payments shall be made on the [insert day as prescribed by Agency head; if not prescribed, insert 30th day] day after receipt of a proper contract financing request by the designated billing office. In the event that an audit or other review of a specific financing request is required to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the due date specified.

(2) Due dates for other contract financing. For advance payments, loans, or other arrangements that do not involve recurring submissions of contract financing requests, payment shall be in accordance with the corresponding contract terms or as directed by the Contracting Officer.

(3) Interest penalty not applicable. Contract financing payments shall not be assessed an interest penalty for payment delays.

(c) Fast payment procedure due dates. If this contract contains the clause at 52.213-1, Fast Payment Procedure, payments will be made within 15 days after the date of receipt of the invoice.

552.236–71 Authorities and Limitations.
As prescribed in 536.570–2, insert the following clause:

AUTHORITIES AND LIMITATIONS (APR 1984)
(a) All work shall be performed under the general direction of the Contracting Officer, who alone shall have the power to bind the Government and to exercise the rights, responsibilities, authorities and functions vested in him by the contract documents, except that he shall have the right to designate authorized representatives to act for him. Wherever any provision in this contract specifies an individual (such as, but not limited to, Construction Engineer, Resident Engineer, Inspector or Custodian) or organization, whether governmental or private, to perform any act on behalf of or in the interests of the Government, that individual or organization shall be deemed to be the Contracting Officer’s authorized representative under this contract but only to the extent so specified. 552.236–72 [Reserved]

552.236–73 Basis of Award—Construction Contract.
As prescribed in 536.570–4, insert the following provision or the appropriate Alternate:

BASIS OF AWARD—CONSTRUCTION CONTRACT
(APR 1985)
(a) The low bidder for purposes of award is the responsible bidder offering the lowest price for the base bid (consisting of the lump sum bid and any associated unit prices bids extended by the applicable number of units shown on the bid form). See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled “Contract Award—Sealed Bidding.”
(b) A bid may be rejected as nonresponsive if the bid is materially unbalanced as to bid prices. A bid is unbalanced when the bid is based on prices significantly less than cost for some work and significantly overstated for other work.

(End of provision)

Alternate I (APR 1985). If the solicitation includes a base bid and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraph (a) substantially as follows:
(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) all options designated to be evaluated. The evaluation of options will not obligate the Government to exercise the options. See Standard Form 1442, Solicitation, Offer, and Award and the provision entitled “Contract Award—Sealed Bidding.”

Alternate II (APR 1985). If the solicitation includes a base bid and alternates, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:
(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number...
of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening. See the provision entitled “Contract Award—Sealed Bidding.”

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, and Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is $100,000 and a bidder’s base bid is $85,000, with its separate bids on four successive alternatives being $10,000, $8,000, $6,000, and $4,000, the aggregate amount of the bid for purposes of selecting the alternates would be $99,000 (base bid plus the first and four alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the $100,000 amount available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a), an award may be made to that low bidder on the base bid, plus any combination of alternates for which funds are available at the time of award, but only if the award amount does not exceed the amount offered by any other responsible bidder. If the base bid plus the proposed combination of alternates exceed the amount offered by any other responsible bidder for the same combination of alternates, the award cannot be made on that combination of alternates.

Alternate III (APR 1985). If the solicitation includes a base bid, alternates, and options, the Contracting Officer shall delete paragraph (a) of the basic provision and insert paragraphs (a), (c), and (d) substantially as follows:

(a) The low bidder for purposes of award is the responsible bidder offering the lowest aggregate price for (1) the base bid (consisting of the lump sum bid and any associated unit price bids extended by the applicable number of units shown on the bid form) plus (2) those alternates in the order of priority listed in the solicitation that provide the most features of work within the funds available at bid opening plus (3) all options designated to be evaluated except those options associated with alternates which are skipped during the selection process outlined in paragraph (c) below. The evaluation of options will not obligate the Government to exercise the options. See the provision entitled “Contract Award—Sealed Bidding.”

(c) Alternates will be added to the base bid in the order listed in the solicitation (see Standard Form 1442, Solicitation, Offer, and Award). If the addition of an alternate would make all bids exceed the funds available at bid opening, that alternate shall be skipped and the next subsequent alternate in a lower amount shall be added, provided that the aggregate of base bid and the selected alternates do not exceed the funds available at bid opening. For example, when the amount available is $100,000 and a bidder’s base bid is $85,000, with its separate bids on four successive alternates being $10,000, $8,000, $6,000, and $4,000, the aggregate amount of the bid for purposes of selecting the alternates would be $99,000 (base bid plus the first and four alternates). The second and third alternates are skipped because each of them would cause the aggregate of the base bid and alternates to exceed the $100,000 amount available when considered with the first alternate. All bids shall be evaluated on the basis of the same alternates.

(d) After the low bidder has been determined in accordance with paragraph (a), award may be made to that low bidder on the base bid and evaluated options plus any combination of alternates for which funds are available at the time of award, but only if that low bidder is still low on the sum thereof plus any previously unevaluated options designated to be evaluated which are associated with proposed alternates that were skipped during the selection under paragraph (c). If that low bidder is not still low, award cannot be made on the proposed combination of alternates.

552.236–77 Specifications and Drawings

On any of the drawings where a portion of the work is detailed or drawn out and the remainder is shown in outline, the parts detailed or drawn out shall apply also to all other like portions of the work.

(b) Where the word “similar” occurs on the drawings, it shall have a general meaning.

(c) Drawings and schedules, other than catalogs, pamphlets and similar printed material, shall be submitted in reproducible form with two prints made by a process approved by the Contracting Officer. Upon approval, the reproducible form will be returned to the Contractor who shall then furnish the number of additional prints, not to exceed 10, required by the specifications. The Contractor shall submit shop drawings in catalog, pamphlet and similar printed form in a minimum of four copies plus as many additional copies as the Contractor may desire or need for his use or use by subcontractors.

(d) Before submitting shop drawings on the mechanical and electrical work, the Contractor shall submit and obtain the Contracting Officer’s approval of such lists of mechanical and electrical equipment and materials as may be required by the specifications.

(e) Each shop drawing or coordination drawing shall have a blank area 5 by 5 inches, located adjacent to the title block. The title block shall display the following:

- Number and title of drawing
- Date of drawing or revision
- Name of project building or facility
- Name of Contractor and (if appropriate) name of subcontractor submitting drawing
- Clear identify of contents and location on the work
- Project title and contract number

(f) Approval of drawings and schedules will be general and shall not be construed as permitting any departure from the contract requirements, or as approving departures from full-size details furnished by the Contracting Officer.

As prescribed in 536.570–13, insert the following clause:
552.237–70

SUBCONTRACTS (APR 1984)

(a) Nothing contained in the contract shall be construed as creating any contractual relationship between any subcontractor and the Government. The divisions or sections of the specifications are not intended to control the Contractor in dividing the work among subcontractors, or to limit the work performed by any trade.

(b) The Contractor shall be responsible to the Government for acts and omissions of his own employees and of subcontractors and their employees. He shall also be responsible for the coordination of the work of the trades, subcontractors and suppliers.

(c) The Government will not undertake to settle any differences between or among the Contractor, subcontractors, or suppliers.

Other environmental attributes refers to product characteristics that provide environmental benefits, excluding recovered materials and energy and water efficiency. Several examples of these characteristics are biodegradable, recyclable, reduced pollutants, ozone safe, and low volatile organic compounds (VOCs).

Post-consumer material means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post-consumer material is part of the broader category of “recovered material.” The Environmental Protection Agency (EPA) has developed a list of EPA-designated products in their Comprehensive Procurement Guidelines (CPGs) to provide Federal agencies with purchasing recommendations on specific products in a Recovered Materials Advisory Notice (RMAN). The RMAN contains recommended recovered and post-consumer material content levels for the specific products designated by EPA (40 CFR part 247 and http://www.epa.gov/cpg/).

Recovered materials means waste materials and by-products recovered or diverted from solid waste, but the term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process (Executive Order 13101 and 42 U.S.C. 6903(19) and http://www.epa.gov/cpg/). For paper and paper products, see the definition at FAR 11.301 (42 U.S.C. 6962(h)).

Remanufactured means factory rebuilt to original specifications.

Renewable energy means energy produced by solar, wind, geothermal, and biomass power.

Renewable energy technology means—

(i) Technologies that use renewable energy to provide light, heat, cooling, or mechanical or electrical energy for use in facilities or other activities; or

(ii) The use of integrated whole-building designs that rely upon renewable energy resources, including passive solar design.

(b)(1) The offeror must identify products that—

(i) Are compliant with the recovered and post-consumer material content levels recommended in the Recovered Materials Advisory Notices (RMANs) for EPA-designated products in the CPG program (http://www.epa.gov/cpg/);

(ii) Contain recovered materials that either do not meet the recommended levels in the RMANs or are not EPA-designated products in the CPG program (see FAR 23.401 and http://www.epa.gov/cpg/);

(iii) Are energy-efficient, as defined by either ENERGY STAR® or FEMP’s designated top 25th percentile levels (see ENERGY STAR® at http://www.energystar.gov and FEMP at http://www.eere.energy.gov/femp/procurement);

(iv) Are water-efficient;

(v) Use renewable energy technology;

(vi) Are remanufactured; and

(vii) Have other environmental attributes.

(c) These identifications must be made in each of the offeror’s following mediums:

(1) The offer itself.

(2) Printed commercial catalogs, brochures, and price lists.

(3) Online product website.

(d) Electronic data submission for GSA Advantage! submitted via GSA’s Schedules Input Program (SIP) software or the Electronic Data Interchange (EDI). Offerors can use the SIP or EDI methods to indicate environmental and other attributes for each product that is translated into respective icons in GSA Advantage!.

(e) An offeror, in identifying an item with an environmental attribute, must possess evidence or rely on a reasonable basis to substantiate the claim (see 16 CFR part 260, Guides for the Use of Environmental Marketing Claims). The Government will accept an offeror’s claim of an item’s environmental attribute on the basis of—

(1) Participation in a Federal agency-sponsored program (e.g., the EPA and DOE ENERGY STAR® product labeling program); or

(2) Verification by an independent organization that specializes in certifying such claims; or

(3) Possession of competent and reliable evidence. For any test, analysis, research, study, or other evidence to be “competent and reliable,” it must have been conducted and evaluated in an objective manner by persons qualified to do so, using procedures generally accepted in the profession to yield accurate and reliable results.

(End of clause)

[68 FR 32128, Sept. 2, 2003]

552.238–73 Cancellation.

As prescribed in 538.273(a)(4), insert the following clause:

Cancellation (SEP 1999)

Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.
552.238–74 Industrial Funding Fee and Sales Reporting.

As prescribed in 538.273(b)(1), insert the following clause:

INDUSTRIAL FUNDING FEE AND SALES REPORTING (JAN 2016)

(a) Reporting of Federal Supply Schedule Sales. The Contractor shall report all contract sales under this contract as follows:

(1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1–March 31, April 1–June 30, July 1–September 30, and October 1–December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor’s established commercial accounting practice. The acceptable points at which sales may be reported include—

(i) Receipt of order;

(ii) Shipment of delivery, as applicable;

(iii) Issuance of an invoice; or

(iv) Payment.

(2) Contract sales shall be reported to FSS Federal Acquisition Services (FSS) within 30 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including “zero” sales, through physical completion of the last outstanding task order or delivery order of the contract.

(3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Government-wide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.

(b) The Contractor shall electronically report the quarterly dollar value of sales, including “zero” sales, by utilizing the automated reporting system at an Internet website designated by the General Services Administration (GSA)’s Federal Acquisition Service (FAS). Prior to using this automated system, the Contractor shall complete contract registration with the FAS Vendor Support Center (VSC). The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or sub-item.

(1) The Contractor shall remit the IFF to FAS in U.S. dollars within 30 calendar days after the end of the reporting quarter. Final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.

(2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA’s FAS. GSA’s FAS has the unilateral right to change the percentage at any time, but not more than once per year. FAS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FAS for the costs of operating the Federal Supply Schedule Program. FAS recoups its operating costs from ordering activities as set forth in 40 U.S.C. 321. Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized FAS programs, in accordance with 40 U.S.C. 321. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FAS will post notice of the current IFF at https://T2a.gsa.gov/ or successor Web site as appropriate.

(c) Within 60 days of award, an FAS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FAS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.

(d) Failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.232–17. Interest). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the
IFF, this is sufficient cause for the Government to terminate the contract for cause.

Alternate I (JUN 2016): As prescribed in 338.273(b)(1), substitute the following paragraphs (a), (b), (c), and (d) for paragraphs (a), (b), (c), and (d) of the basic clause:

(a) Definition. Transactional data encompasses the historical details of the products or services delivered by the Contractor during the performance of task or delivery orders issued against this contract.

(b) Reporting of Transactional Data. The Contractor must report all transactional data under this contract as follows:

(1) The Contractor must electronically report transactional data by utilizing the automated reporting system at an Internet Web site designated by the General Services Administration (GSA) or by uploading the data according to GSA instructions. GSA will post registration instructions and reporting procedures on the Vendor Support Center Web site, https://vsc.gsa.gov. The reporting system Web site address, as well as registration instructions and reporting procedures, will be provided at the time of award or inclusion of this clause in the contract.

(2) The Contractor must provide, at no additional cost to the Government, the following transactional data elements, as applicable:
   (i) Contract or Blanket Purchase Agreement (BPA) Number.
   (ii) Delivery/Task Order Number/Procurement Instrument Identifier (PIID).
   (iii) Non Federal Entity.
   (iv) Description of Deliverable.
   (v) Manufacturer Name.
   (vi) Manufacturer Part Number.
   (vii) Unit Measure (each, hour, case, lot).
   (viii) Quantity of Item Sold.
   (ix) Universal Product Code.
   (x) Price Paid per Unit.
   (xi) Total Price.

   (3) The contractor must report transactional data within 30 calendar days from the last calendar day of the month. If there was no contract activity during the month, the Contractor must submit a confirmation of no reportable transactional data within 30 calendar days of the last calendar day of the month.

   (4) The Contractor must report the price paid per unit, total price, or any other data elements with an associated monetary value listed in (b)(2) of this section, in U.S. dollars.

   (5) The reported price paid per unit and total price must include the Industrial Funding Fee (IFF).

(6) The Contractor must maintain a consistent accounting method of transactional data reporting, based on the Contractor’s established commercial accounting practice.

(7) Reporting Points. (i) The acceptable points at which transactional data may be reported include—
   (A) Issuance of an invoice; or
   (B) Receipt of payment.

   (ii) The Contractor must determine whether to report transactional data on the basis of invoices issued or payments received.

(8) The Contractor must continue to furnish reports, including confirmation of no transactional data, through physical completion of the last outstanding task or delivery order of the contract.

(9) Unless otherwise expressly stated by the ordering activity, orders that contain classified information or other information that would compromise national security are exempt from this reporting requirement.

(10) This clause does not exempt the Contractor from fulfilling existing reporting requirements contained elsewhere in the contract.

(11) GSA reserves the unilateral right to change reporting instructions following 60 calendar days’ advance notification to the Contractor.

(c) Industrial Funding Fee (IFF). (1) This contract includes an IFF charged on orders placed against this contract. The IFF is paid by the authorized ordering activity but remitted to GSA by the Contractor. The IFF reimburses GSA for the costs of operating the Federal Supply Schedule program, as set forth in 40 U.S.C. 321: Acquisition Services Fund. Net operating revenues generated by the IFF are also applied to fund initiatives benefitting other authorized GSA programs, in accordance with 40 U.S.C. 321.
(2) GSA has the unilateral right to change the fee amount at any time, but not more than once per year; GSA will provide reasonable notice prior to the effective date of any change. GSA will post notice of the current IFF on the Vendor Support Center Web site at https://vsc.gsa.gov.

(3) Offerors must include the IFF in their prices. The fee is included in the awarded price(s) and reflected in the total amount charged to ordering activities. The fee will not be included in the price of non-contract items purchased pursuant to a separate contracting authority, such as a Governmentwide Acquisition Contract (GWAC); a separately awarded Federal Acquisition Regulation (FAR) Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract.

(4) The Contractor must remit the IFF to GSA in U.S. dollars within 30 calendar days after the last calendar day of the reporting quarter; final payment must be remitted within 30 calendar days after physical completion of the last outstanding task order or delivery order issued against the contract.

(5) GSA reserves the unilateral right to change remittance instructions following 60 calendar days' advance notification to the Contractor.

(d) The Contractor's failure to remit the full amount of the IFF within 30 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or offsetting payments and interest on the debt (see FAR clause 52.232-17, Interest). If the Contractor fails to submit the required transactional data reports, falsifies them, or fails to timely pay the IFF, these reasons constitute sufficient cause for the Government to terminate the contract for cause.

(End of clause)

552.238–75 Price Reductions.

As prescribed in 538.273(b)(2), insert the following clause:

**PRICE REDUCTIONS (JUL 2016)**

(a) Before award of a contract, the Contracting Officer and the Offeror will agree upon (1) the customer (or category of customers) which will be the basis of award, and (2) the Government's price or discount relationship to the identified customer (or category of customers). This relationship shall be maintained throughout the contract period. Any change in the Contractor's commercial pricing or discount arrangement applicable to the identified customer (or category of customers) which disturbs this relationship shall constitute a price reduction.

(b) During the contract period, the Contractor shall report to the Contracting Officer all price reductions to the customer (or category of customers) that was the basis of award. The Contractor's report shall include an explanation of the conditions under which the reductions were made.

(c)(1) A price reduction shall apply to purchases under this contract if, after the date negotiations conclude, the Contractor—

(i) Revises the commercial catalog, price list, schedule or other document upon which contract award was predicated to reduce prices;

(ii) Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or

(iii) Grants special discounts to the customer (or category of customers) that formed the basis of award, and the change disturbs the price/discount relationship of the Government to the customer (or category of customers) that was the basis of award.

(2) The Contractor shall offer the price reduction to the eligible ordering activity with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).

(d) There shall be no price reduction for sales—

(1) To commercial customers under firm, fixed-price definite quantity contracts with specified delivery in excess of the maximum order threshold specified in this contract;

(2) To Federal agencies;

(3) Made to Eligible Ordering Activities identified in GSAR clause 552.238–78 when the order is placed under this contract (and the Eligible Ordering Activities identified in GSAR clause 552.238–78 is the agreed upon customer or category of customer that is the basis of award); or
(4) Caused by an error in quotation or billing, provided adequate documentation is furnished by the Contractor to the Contracting Officer.

(e) The Contractor may offer the Contracting Officer a voluntary Government-wide price reduction at any time during the contract period.

(f) The Contractor shall notify the Contracting Officer of any price reduction subject to this clause as soon as possible, but not later than 15 calendar days after its effective date.

(g) The contractor will be modified to reflect any price reduction which becomes applicable in accordance with this clause.

(End of clause)

Alternate I (JUN 2016)

As prescribed in 538.273(b)(2)(ii), substitute the following paragraphs (a) and (b) for paragraphs (a), (b), (c), (d), (e), (f) and (g) of the basic clause:

(a) The Government may request from the Contractor, and the Contractor may provide to the Government, a temporary or permanent price reduction at any time during the contract period.

(b) The Contractor may offer the Contracting Officer a voluntary price reduction at any time during the contract period.

552.238–79 Use of Federal Supply Schedule Contracts by Non-Federal Entities

As prescribed in 538.7004(c), insert the following clause:

USE OF FEDERAL SUPPLY SCHEDULE CONTRACTS BY NON-FEDERAL ENTITIES (JUL 2016)

(a) If an entity identified in paragraph (d) of the clause at 552.238–79, Scope of Contract (Eligible Ordering Activities), elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies “Compliance with laws unique to Government contracts” (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal law in accordance with the laws of the State of residence of the entity.

(b) The parties agree that the terms and conditions of the Schedule contract shall not apply.

(End of clause)
procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., FAR 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B.)

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number:

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities), and

(2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78.

552.238-80 Blanket Purchase Agreement (BPA), alternative clauses.

Types of Modifications.

(b) Types of Modifications. (1) Additional items/additional SINs. When requesting additions, the following information must be submitted:

(i) Information requested in paragraphs (1) and (2) of the Commercial Sales Practice Format to add SINs.

the initial award, a statement to that effect may be submitted instead.

(iii) Information about the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the request for proposal.

(iv) Delivery time(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the request for proposal.

(v) Production point(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted if required by FAR 52.215-6, Place of Performance.

(vii) Any information requested by FAR 52.212-3(f), Offeror Representations and Certifications—Commercial Items, that may be necessary to assure compliance with FAR 52.225-1, Buy American Act—Balance of Payments Programs—Supplies.

(2) Deletions. The Contractors shall provide an explanation for the deletion. The Government reserves the right to reject any subsequent offer of the same item or a substantially equal item at a higher price during the same contract period, if the contracting officer finds the higher price to be unreasonable when compared with the deleted item.

(3) Price Reduction. The Contractor shall indicate whether the price reduction falls under the item (i), (ii), or (iii) of paragraph (c)(1) of the Price Reductions clause at 552.238-75. If the price reduction falls under item (i), the Contractor shall submit a copy of the dated commercial price list. If the price reduction falls under item (ii) or (iii), the Contractor shall submit a copy of the applicable price list(s), bulletins or letters or customer agreements which outline the effective date, duration, terms and conditions of the price reduction.

If the price reduction falls under item (i), the Contractor shall submit a copy of the dated commercial price list. If the price reduction falls under item (ii) or (iii), the Contractor shall submit a copy of the applicable price list(s), bulletins or letters or customer agreements which outline the effective date, duration, terms and conditions of the price reduction.

(1) Distribute a supplemental paper Federal Supply Schedule Price List within 15 workdays after the effective date of each modification.

(ii) Distribute quarterly cumulative supplements. The period covered by a cumulative supplement is at the discretion of the Contractor, but may not exceed three calendar months from the effective date of the earliest modification. For example, if the first modification occurs in February, the quarterly supplement must cover February-April, and every three month period after. The Contractor must distribute each quarterly cumulative supplement within 15 workdays from the last day of the calendar quarter.

(2) At a minimum, the Contractor shall distribute each supplement to those ordering activities that previously received the basic document. In addition, the Contractor shall submit two copies of each supplement to the Contracting Officer and one copy to the FSS Schedule Information Center.

(End of Clause)

Alternate I (JUN 2016). As prescribed in 538.273(b)(3)(i), add the following paragraph (f) to the basic clause:

(f) Electronic submission of modification requests is mandatory via eMod (http://eOffer.gsa.gov), unless otherwise stated in the electronic submission standards and requirements at the Vendor Support Center Web site (http://vsc.gsa.gov). If the electronic submission standards and requirements information is updated at the Vendor Support Center Web site, Contractors will be notified prior to the effective date of the change.

Alternate II (JUN 2016). As prescribed in 538.273(b)(3)(i), substitute the following paragraph (b) for paragraph (b) of the basic clause:

(b) Types of Modifications.

(1) Additional items/additional SINs. When requesting additions, the Contractor must submit the following information:

(i) Information about the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the instructions in the solicitation.

(ii) Delivery time(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted in accordance with the request for proposal.

(iii) Production point(s) for the new item(s) or the item(s) under the new SIN(s) must be submitted if required by FAR 52.215-6, Place of Performance.

END OF CLAUSE

INFORMATION TECHNOLOGY SECURITY PLAN.

As prescribed in 539.7002(b), insert the following clause:

SECURITY REQUIREMENTS FOR UNCLASSIFIED INFORMATION TECHNOLOGY RESOURCES (JAN 2012)

(a) General. The Contractor shall be responsible for information technology (IT) security, based on General Services Administration (GSA) risk assessments, for all systems connected to a GSA network or operated by the Contractor for GSA, regardless of location. This clause is applicable to all or any part of the contract that includes information technology resources or services in which the Contractor has physical or electronic access to GSA’s information that directly supports the mission of GSA, as indicated by GSA. The term information technology, as used in this clause, means any equipment, including telecommunications equipment that is used in the automatic acquisition, storage, manipulation, control, display, switching, interchange, transmission, or reception of data or information. This includes major applications as defined by OMB Circular A-130. Examples of tasks that require security provisions include:

(1) Hosting of GSA e-Government sites or other IT operations;

(2) Access, transmission, or analysis of data owned by GSA with significant replacement cost should the Contractor’s copy be corrupted;

(3) Access to GSA major applications at a level beyond that granted the general public; e.g., bypassing a firewall; and

(4) Any new information technology systems acquired for operations within the GSA must comply with the requirements of HSPD-12 and OMB M-11-11. Usage of the credentials must be implemented in accordance with OMB policy and NIST guidelines (e.g., NIST SP 800-116). The system must operate within the GSA’s access management environment. Exceptions must be requested in writing and only be granted by the GSA Senior Agency Information Security Officer.

(b) IT Security Plan. The Contractor shall develop, provide, implement, and maintain an IT Security Plan. This plan shall describe the processes and procedures that will be followed to ensure appropriate security of IT resources that are developed, processed, or used under this contract. The plan shall describe those parts of the contract to which this clause applies. The Contractors IT Security Plan shall comply with applicable Federal laws that include, but are not limited to, 40 U.S.C. 11331, the Federal Information Security Management Act (FISMA) of 2002, and the E-Government Act of 2002. The plan shall meet IT security requirements in accordance with Federal and GSA policies and procedures. GSA’s Office of the Chief Information Officer issued “CIO IT Security Procedural Guide 09-48,” Security Language for Information Technology Acquisitions Efforts,” to provide IT security standards, policies and reporting requirements. This document is incorporated by reference in all solicitations and contracts or task orders where an information system is contractor owned and operated on behalf of the Federal Government. The guide can be accessed at http://www.gsa.gov/portal/category/25690. Specific security requirements not specified in “CIO IT Security Procedural Guide 09-48, Security Language for Information Technology Acquisitions Efforts” shall be provided by the requiring activity.

(c) Submission of IT Security Plan. Within 30 calendar days after contract award, the Contractor shall submit the IT Security Plan to
the Contracting Officer and Contracting Officers Representative (COR) for acceptance. This plan shall be consistent with and further detail the approach contained in the contractors proposal or sealed bid that resulted in the award of this contract and in compliance with the requirements stated in this clause. The plan, as accepted by the Contracting Officer and COR, shall be incorporated into the contract as a compliance document. The Contractor shall comply with the accepted plan.

(d) Submittal of a Continuous Monitoring Plan. The Contractor must develop a continuous monitoring strategy that includes:

(1) A configuration management process for the information system and its constituent components;
(2) A determination of the security impact of changes to the information system and environment of operation;
(3) Ongoing security control assessments in accordance with the organizational continuous monitoring strategy;
(4) Reporting the security state of the information system to appropriate GSA officials; and

(e) Security authorization. Within six (6) months after contract award, the Contractor shall submit written proof of IT security authorization for acceptance by the Contracting Officer. Such written proof may be furnished either by the Contractor or by a third party. The security authorization must be in accordance with NIST Special Publication 800-37. This security authorization will include a final security plan, risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. This security authorization, when accepted by the Contracting Officer, shall be incorporated into the contract as a compliance document, and shall include a final security plan, a risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. The Contractor shall comply with the accepted security authorization documentation.

(f) Annual verification. On an annual basis, the Contractor shall submit verification to the Contracting Officer that the IT Security plan remains valid.

(g) Warning notices. The Contractor shall ensure that the following banners are displayed on all GSA systems (both public and private) operated by the Contractor prior to allowing anyone access to the system:

**WARNING** **WARNING** **WARNING**

Unauthorized access is a violation of U.S. law and General Services Administration policy, and may result in criminal or administrative penalties. Users shall not access other users or system files without proper authority. Absence of access authorization for access! GSA information systems and related equipment are intended for communication, transmission, processing and storage of U.S. Government information. These systems and equipment are subject to monitoring by law enforcement and authorized Department officials. Monitoring may result in the acquisition, recording, and analysis of all data being communicated, transmitted, processed or stored in this system by law enforcement and authorized Department officials. Use of this system constitutes consent to such monitoring.

**WARNING** **WARNING** **WARNING**

(h) Privacy Act notification. The Contractor shall ensure that the following banner is displayed on all GSA systems that contain Privacy Act information operated by the Contractor prior to allowing anyone access to the system:

This system contains information protected under the provisions of the Privacy Act of 1974 (Pub. L. 93–579). Any privacy information displayed on the screen or printed shall be protected from unauthorized disclosure. Employees who violate privacy safeguards may be subject to disciplinary actions, a fine of up to $5,000, or both.

(i) Privileged or limited privileges access. Contractor personnel requiring privileged access or limited privileges access to systems operated by the Contractor for GSA or interconnected to a GSA network shall adhere to the specific contract security requirements contained within this contract and/or the Contract Security Classification Specification (DD Form 254).

(j) Training. The Contractor shall ensure that its employees performing under this contract receive annual IT security training in accordance with OMB Circular A-130, FISMA, and NIST requirements, as they may be amended from time to time during the term of this contract, with a specific emphasis on the rules of behavior.

(k) GSA access. The Contractor shall afford GSA access to the Contractor's and subcontractors' facilities, installations, operations, documentation, databases, IT systems and devices, and personnel used in performance of the contract, regardless of the location. Access shall be provided to the extent required, in GSA's judgment, to conduct an inspection, evaluation, investigation or audit, including vulnerability testing to safeguard against threats and hazards to the
552.241–70, Availability of Funds for the Next Fiscal Year or Quarter.

As prescribed in 541.501, insert the clause 552.241–70, Availability of Funds for the Next Fiscal Year or Quarter, instead of FAR 52.232–19, in all utility acquisitions.

**Availability of Funds for the Next Fiscal Year or Quarter (AUG 2010)**

Funds are not presently available for performance under this contract beyond [insert date]. The Government’s obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond [insert date], until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of clause)
Equitable Adjustments (JAN 2009)

(a) This clause governs the determination of equitable adjustments to which the Contractor may be entitled under the “Changes” clause prescribed by FAR 52.243–4, the “Differing Site Conditions” clause prescribed by FAR 52.236–2, and any other provision of this contract allowing entitlement to an equitable adjustment. This clause does not govern determination of the Contractor’s relief allowable under the “Suspension of Work” clause prescribed by FAR 52.242–14.

(b) At the written request of the Contracting Officer, the Contractor shall submit a proposal, in accordance with the requirements set forth herein, for an equitable adjustment to the contract for changes or other conditions that may entitle a Contractor to an equitable adjustment. If the Contractor deems an oral or written order to be a change to the contract, it shall promptly submit to the Contracting Officer a proposal for equitable adjustment attributable to such deemed change. The proposal shall also conform to the requirements set forth herein.

(c) The proposal shall be submitted within the time specified in the “Changes” clause, or such other time as may reasonably be required by the Contracting Officer. In the case of a proposal submitted based on the “Differing Site Conditions” clause, the notice requirement of that clause shall be met.

(d) Proposals for equitable adjustments, including no cost requests for adjustment of the contract’s required completion date, shall include a detailed breakdown of the following elements, as applicable:

(1) Direct costs.
(2) Markups.
(3) Change to the time for completion specified in the contract.

(e) Direct costs. The Contractor shall separately identify each item of deleted and added work associated with the change or other condition giving rise to entitlement to an equitable adjustment, including increases or decreases to unchanged work impacted by the change. For each item of work so identified, the Contractor shall propose for itself and, if applicable, its first two tiers of subcontractors, the following direct costs:

(1) Material cost broken down by trade, supplier, material description, quantity of material units, and unit cost (including all manufacturing burden associated with material fabrication and cost of delivery to site, unless separately itemized);
(2) Labor cost broken down by trade, employer, occupation, quantity of labor hours, and burdened hourly labor rate, together with itemization of applied labor burdens (exclusive of employer’s overhead, profit, and any labor cost burdens carried in employer’s overhead rate);
(3) Cost of equipment required to perform the work, identified with material to be placed or operation to be performed;
(4) Cost of preparation and/or revision to shop drawings and other submittals with detail set forth in paragraphs (e)(1) and (e)(2) of this clause;
(5) Delivery costs, if not included in material unit costs;
(6) Time-related costs not separately identified as direct costs, and not included in the Contractor’s or subcontractors’ overhead rates, as specified in paragraph (g) of this clause; and

(7) Other direct costs.

(f) Marked-up costs of subcontractors below the second tier may be treated as other direct costs of a second tier subcontractor, unless the Contracting Officer requires a detailed breakdown under paragraph (l) of this clause.

(g) Extensions of Time and Time-Related Costs. The Contractor shall propose a daily rate for each firm’s time-related costs during the affected period, and, for each firm, the increase or decrease in the number of work days of performance attributable to the change or other condition giving rise to entitlement to an equitable adjustment, with supporting analysis. Entitlement to time and time-related costs shall be determined as follows:

(1) Increases or decreases to a firm’s time-related costs shall be allowed only if such increase or decrease necessarily and exclusively results from the change or other condition giving rise to entitlement to an equitable adjustment.

(2) The Contractor shall not be entitled to an extension of time or recovery of its own time-related costs except to the extent that such change or other condition necessarily and exclusively causes its duration of performance to extend beyond the completion date specified in the contract.

(3) Costs may be characterized as time-related costs only if they are incurred solely to support performance of this contract and the increase or decrease in such costs is solely dependent upon the duration of a firm’s performance of work.

(4) Costs may not be characterized as time-related costs if they are included in the calculation of a firm’s overhead rate.

(5) Equitable adjustment of time and time-related costs shall not be allowed unless the analysis supporting the proposal complies with provisions specified elsewhere in this contract regarding the Contractor’s project schedule.

(h) Markups. For each firm whose direct costs are separately identified in the proposal, the Contractor shall propose an overhead rate, profit rate, and where applicable, a bond rate and insurance rate. Markups shall be determined and applied as follows:
552.243–71

(1) Overhead rates shall be negotiated, and may be subject to audit and adjustment.

(2) Profit rates shall be negotiated, but shall not exceed ten percent, unless entitlement to a higher rate of profit may be demonstrated.

(3) The Contractor and its subcontractor(s) shall not be allowed overhead or profit on the overhead or profit received by a subcontractor, except to the extent that the subcontractor’s costs are properly included in other direct costs as specified in paragraph (f) of this clause.

(4) Overhead rates shall be applied to the direct costs of work performed by a firm, and shall not be allowed on the direct costs of work performed by a subcontractor to that firm at any tier except as set forth below in paragraphs (h)(6) and (h)(7) of this clause.

(5) Profit rates shall be applied to the sum of a firm’s direct costs and the overhead allowed on the direct costs of work performed by that firm.

(b) Overhead and profit shall be allowed on the direct costs of work performed by a subcontractor within two tiers of a firm at rates equal to only fifty percent of the overhead and profit rates negotiated pursuant to paragraphs (h)(1) and (h)(2) of this clause for that firm, but not in excess of ten percent when combined.

(7) Overhead and profit shall not be allowed on the direct costs of a subcontractor more than two tiers below the firm claiming overhead and profit for subcontractor direct costs.

(8) If changes to a Contractor’s or subcontractor’s bond or insurance premiums are computed as a percentage of the gross change in contract value, markups for bond and insurance shall be applied after all overhead and profit is applied. Bond and insurance rates shall not be applied if the associated costs are included in the calculation of a firm’s overhead rate.

(9) No markup shall be applied to a firm’s costs other than those specified herein.

(1) At the request of the Contracting Officer, the Contractor shall provide such other information as may be reasonably necessary to allow evaluation of the proposal. If the proposal includes significant costs incurred by a subcontractor below the second tier, the Contracting Officer may require the same detail for those costs as required for the first two tiers of subcontractors, and markups shall be applied to these subcontractor costs in accordance with paragraph (h).

(l) Proposal Preparation Costs. If performed by the firm claiming them, proposal preparation costs shall be included in the labor hours proposed as direct costs. If performed by an outside consultant or law firm, proposal preparation costs shall be treated as other direct costs to the firm incurring them. Requests for proposal preparation costs shall include the following:

(1) A copy of the contract or other documentation identifying the consultant or firm, the scope of the services performed, the manner in which the consultant or firm was to be compensated, and if compensation was paid on an hourly basis, the fully burdened and marked-up hourly rates for the services provided.

(2) If compensation was paid on an hourly basis, documentation of the quantity of hours worked, including descriptions of the activities for which the hours were billed, and applicable rates.

(3) Written proof of payment of the costs requested. The sufficiency of the proof shall be determined by the Contracting Officer.

(k) Proposal preparation costs shall be allowed only if—

(1) The nature and complexity of the change or other condition giving rise to entitlement to an equitable adjustment warrants estimating, scheduling, or other effort not reasonably foreseeable at the time of contract award;

(2) Proposed costs are not included in a firm’s time-related costs or overhead rate; and

(3) Proposed costs were incurred prior to a Contracting Officer’s unilateral determination of an equitable adjustment under the conditions set forth in paragraph (o), or were incurred prior to the time the request for equitable adjustment otherwise became a matter in dispute.

(l) Proposed direct costs, markups, and proposal preparation costs shall be allowable in the determination of an equitable adjustment only if they are reasonable and otherwise consistent with the contract cost principles and procedures set forth in part 31 of the Federal Acquisition Regulation (48 CFR part 31) in effect on the date of this contract. Characterization of costs as direct costs, time-related costs, or overhead costs must be consistent with the requesting firm’s accounting practices on other work under this contract and other contracts.

(m) If the Contracting Officer determines that it is in the Government’s interest that the Contractor proceed with a change before negotiation of an equitable adjustment is completed, the Contracting Officer may order the Contractor to proceed on the basis of a unilateral modification to the contract increasing or decreasing the contract price by an amount to be determined later. Such increase or decrease shall not exceed the increase or decrease proposed by the Contractor.

(n) If the parties cannot agree to an equitable adjustment, the Contracting Officer may determine the equitable adjustment unilaterally.

552.246–70 Source Inspection by Quality Approved Manufacturer

As prescribed in 416.302–70, insert the following clause:

SOURCE INSPECTION BY QUALITY APPROVED MANUFACTURER (JUL 09)

(a) Inspection system and inspection of facilities. (1) The inspection system maintained by the Contractor under the Inspection of Supplies—Fixed Price clause (FAR 52.246–2) of this contract shall be maintained throughout the contract period. Unless otherwise authorized in writing by the Contracting Officer, the Contractor shall comply with all requirements of editions in effect on the date of the solicitation of either Federal Standard 368 or the International Organization for Standardization (ISO) Standard 9001:2000 (Quality Management Systems—Requirements). A documented description of the inspection system shall be made available to the Government before contract award. At the sole discretion of the Contracting Officer, he/she may authorize in writing exceptions to the quality assurance standards identified above. The Contractor shall immediately notify the Administrative Contracting Officer (ACO) of any changes made in the inspection system during the contract period. As used herein, the term “inspection system” means the Contractor’s own facility or any other facility acceptable to the Government that will be used to perform inspections or tests of materials and components before incorporation into end articles and for inspection of such end articles before shipment. When the manufacturing plant is located outside of the United States, the Contractor shall arrange delivery of the items from a plant or warehouse located in the United States (including Puerto Rico and the U.S. Virgin Islands) equipped to perform all inspections and tests required by the contract or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.

(2) In addition to the requirements in Federal Standard 368, ISO 9001:2000 or as otherwise approved by the Government, records shall include the date inspection and testing were performed. These records shall be available for (i) 3 years after final payment; or (ii) 4 years from the end of the Contractor’s fiscal year in which the record was created, whichever period expires first.

(b) Inspection by the Contractor. The Contractor is required to demonstrate that the supplies in the shipment have been subject to and have passed all inspections and tests required by the contract and meet the requirements of the contract.

(c) Inspection by Government personnel. (1) Although the Government will normally rely upon the Contractor’s representation as to the quality of supplies shipped, it reserves the right under the Inspection of Supplies—Fixed Price clause to inspect and test all supplies called for by this contract, before acceptance, at all times and places, including the point of manufacture. When the Government notifies the Contractor of its intent to inspect supplies before shipment, the Contractor shall notify the designated GSA quality assurance office 7 workdays before the date when supplies will be ready for inspection. Shipment shall not be made until inspection by the Government is completed and shipment is authorized by the Government.

(2) The offeror shall indicate, in the spaces provided below, the location(s) at which the supplies will be inspected or made available for inspection.

(End of clause)

[74 FR 864, Jan. 9, 2009]
(3) During the contract period, a Government representative may periodically select samples of supplies produced under this contract for Government verification, inspection, and testing. Samples selected for testing will be disposed of as follows: Samples from an accepted lot, not damaged in the testing process, will be returned promptly to the Contractor after completion of tests. Samples damaged in the testing process will be disposed of as requested by the Contractor. Samples from a rejected lot will be returned to the Contractor or disposed of in a time and manner agreeable to both the Contractor and the Government.

(d) Quality deficiencies. (1) Notwithstanding any other clause of this contract concerning the conclusiveness of acceptance by the Government, any supplies or production lots shipped under this contract found to be defective in material or workmanship, or otherwise not in conformity with the requirements of this contract within a period of * months after acceptance shall, at the Government’s option, be replaced, repaired, or otherwise corrected by the Contractor at no cost to the Government within 30 calendar days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice to replace or correct. The Contractor shall remove, at its own expense, supplies rejected or required to be replaced, repaired, or corrected. When the nature of the defect affects an entire batch or lot of supplies, and the Contracting Officer determines that correction can best be accomplished by retaining the nonconforming supplies, and reducing the contract price by an equitable amount under the circumstances, then the equitable price adjustment shall apply to the entire batch or lot of supplies from which the nonconforming item was taken.

(2) The Contractor may be issued a Quality Deficiency Notice (QDN) if:

(i) Supplies in process, shipped, or awaiting shipment to fill Government orders are found not to comply with contract requirements, or (ii) deficiencies in either plant quality or process controls are found. Upon receipt of a QDN, the Contractor shall take immediate corrective action and shall suspend shipment of the supplies covered by the QDN until such time as corrective action has been completed. The Contractor shall notify the Government representative, within 5 workdays, of the action plan or the corrective action taken. The Government may elect to verify the corrective action at the Contractor location(s). Shipments of nonconforming supplies will be returned at the Contractor’s expense and may constitute cause for termination of the contract. Delays due to the insurance of a QDN do not constitute excusable delay under the default clause of this contract. Failure to complete corrective action in a timely manner may result in termination of the contract.

(3) This contract may be terminated for default if subsequent Government inspection discloses that plant quality or process controls are not being maintained, supplies that do not meet the requirements of the contract are being shipped, or if the contractor fails to comply with any other requirement of this clause.

(e) Additional cost for inspection and testing. The Contractor shall be charged for any additional cost of inspection/testing or re-inspecting/testing supplies for the reasons stated in paragraph (e) of FAR 52.246–2, Inspection of Supplies—Fixed Price. When inspection or testing is performed by or under the direction of GSA, charges will be at the rate of $ ** per man-hour or fraction thereof if the inspection is at a GSA distribution center; $ ** per man-hour or fraction thereof, plus travel costs incurred, if the inspection is at any other location; and $ ** per man-hour or fraction thereof for laboratory testing, except that when a testing facility other than a GSA laboratory performs all or part of the required tests, the Contractor shall be assessed the actual cost incurred by the Government as a result of testing at such facility. When inspection is performed by or under the direction of any agency other than GSA, the charges indicated above may be used, or the agency may assess the actual cost of performing the inspection and testing.

(f) Responsibility for rejected supplies. When the Contractor fails to remove or provide instructions for the removal of rejected supplies under paragraph (d) of this clause, pursuant to the Contracting Officer’s instructions, the Contractor shall be liable for all costs incurred by the Government in taking such measures as are expedient to avoid unnecessary loss to the Contractor. In addition
to the remedies provided in FAR 52.246-2, supplies may be—
(1) Stored and charged against the Contractor’s account;
(2) Reshipped to the Contractor at its expense (any additional expense incurred by the Government or the freight carrier caused by the refusal of the Contractor to accept their return shall also be charged against the Contractor’s account);
(3) Sold to the highest bidder on the open market and the proceeds applied against the accumulated storage and other costs, including the cost of the sale; or
(4) Otherwise disposed of by the Government.
(g) Subcontracting requirements. The Contractor shall insert in any subcontracts the inspection or testing provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause of this contract. The Contractor shall be responsible for compliance by any subcontractor with the provisions set forth in paragraphs (a) through (d) of this clause and the Inspection of Supplies—Fixed Price clause.

(End of clause)

*Normally insert 12 months as the period during which defective or otherwise nonconforming supplies must be replaced. However, when the supplies being bought have a shelf life of less than 1 year, you should use the shelf-life period, or in the instance where you reasonably expect a longer period to be available, you should use the longer period.

**The rates to be inserted are established by the Commissioner of the Federal Acquisition Service or a designee.

[74 FR 26108, June 1, 2009]

552.246-71 Source Inspection by Government.
As prescribed in 546.302-71, insert the following clause:

SOURCE INSPECTION BY GOVERNMENT (JUNE 1, 2009)

(a) Inspection by Government personnel. (1) Supplies to be furnished under this contract will be inspected at source by the Government before shipment from the manufacturing plant or other facility designated by the Contractor, unless the Contractor is otherwise notified in writing by the Contracting Officer or a designated representative. Notwithstanding the foregoing, the Government may perform any or all tests contained in the contract specifications at a Government facility without prior written notice by the Contracting Officer before release of the supplies for shipment. Samples sent to a Government resting facility will be disposed of as follows: Samples from an accepted lot, not damaged in the testing process, will be re-
turned promptly to the Contractor after completion of tests. Samples damaged in the testing process will be disposed of as requested by the Contractor. Samples from a rejected lot will be returned to the Contractor or disposed of in a time and manner agreeable to both the Contractor and the Government.

(2) Government inspection responsibility will be assigned to the GSA quality assurance office which has jurisdiction over the State in which the Contractor’s subcontractor’s plant or other designated point for inspection is located. The Contractor shall notify or arrange for subcontractors to notify the designated GSA quality assurance office 7 workdays before the date when supplies will be ready for inspection. Shipment shall not be made until after inspection by the Government is completed and shipment is authorized by Government.

(b) Inspection and receiving reports. For each shipment, the Contractor shall be responsible for preparation and distribution of inspection documents as follows: (1) DD Form 250, Material Inspection and Receiving Report, or computer formatted equivalent for deliveries to military agencies; or (2) GSA Form 308, Notice of Inspection for deliveries to GSA or other civilian agencies. When required, the Contractor will be furnished a supply of GSA Form 308 and/or DD Form 250, and complete instructions for their repara-
tion and distribution.

(c) Inspection facilities. (1) The inspection system required to be maintained by the Contractor in accordance with FAR 52.246-2, Inspection of Supplies—Fixed Price, may be the Contractor’s own facilities or any other facilities acceptable to the Government. The facilities shall be utilized to perform all inspections and tests of materials and compo-
nents before incorporation into end articles, and for the inspection of such end articles before shipment. The Government reserves the right to evaluate the acceptability and effectiveness of the Contractor’s inspection system before award and periodically during the contract period.

(2) Offerors are required to specify, in the spaces provided elsewhere in the solicitation, the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies.

(3) The Contractor shall deliver the items specified in this contract from a plant or warehouse located within the United States (including Puerto Rico and the U.S. Virgin Islands) that is equipped to perform all inspections and tests required by this contract or specifications to evidence conformance therewith, or shall arrange with a testing laboratory or other facility in the United States, acceptable to the Government, to perform the required inspections and tests.
552.246-72 Final Inspection and Tests.

As prescribed in 546.312, insert the following clause:

**FINAL INSPECTION AND TESTS (SEP 1999)**

The Contractor shall give written notice to the Contracting Officer at least 10 calendar days before the date the work will be completed and ready for final inspection and tests. Final inspection and tests will begin within 10 calendar days after the date specified in the Contractor’s notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

(End of clause)

As prescribed in 546.710(a), insert the following clause in solicitations and contracts that include FAR 52.246-17, Warranty of Supplies of a Noncomplex Nature.

**ADDITIONAL CONTRACT WARRANTY PROVISIONS FOR SUPPLIES OF A NONCOMPLEX NATURE**

(a) Definitions. Correction, as used in this clause, means the elimination of a defect.

(b) Contractor’s obligations. When return, correction, or replacement is required, the Contractor shall be responsible for all costs attendant to the return, correction, or replacement of the nonconforming supplies. Any removal in connection with the above shall be done by the Contractor at its expense.

(c) Remedies available to the Government. When the nature of the defect in the nonconforming item is such that the defect affects an entire batch or lot of material, then the equitable price adjustment shall apply to the entire batch or lot of material from which the nonconforming item was taken.

(End of clause)
552.246–78 Inspection at Destination.

As prescribed in 546.302–72 insert the following clause:

INSPECTION AT DESTINATION (JUL 99)

Inspection of all purchases under this contract will be made at destination by an authorized Government representative.

(End of clause)

[74 FR 26110, June 1, 2009]

552.252–5 Authorized Deviations in Provisions.

As prescribed in 552.107–70(a), insert the following provision:

(DEVIATION FAR 52.252–5) (SEP 1999)

(a) Deviations to FAR provisions. (b) Amendments to solicitations. If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).

(c) Submission, modification, revision, and withdrawal of proposals. (1) Unless other
methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, proposals and modifications to proposals shall be submitted in paper media in sealed envelopes or packages. The Government makes award and it meets at least one of the following conditions:

(i) It was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th).

(ii) It was sent by mail (or telegram or facsimile, if authorized) or hand-carried (including delivery by a commercial carrier) if it is determined by the Government that the late receipt was due primarily to Government mishandling after receipt at the Government installation.

(iii) It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, post office receiving clerk on the “Express Mail Next Day Service-Post Office to Addressee” label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service, “Postmark” has the same meaning as defined in paragraph (c)(2)(viii) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull’s eye postmark on both the receipt and the envelope or wrapper.

(iv) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the proposal wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(v) The only acceptable evidence to establish the date of mailing of a late offer, modification or revision, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the “Express Mail Next Day Service-Post Office to Addressee” label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service, “Postmark” has the same meaning as defined in paragraph (c)(2)(viii) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors or respondents should request the postal clerk to place a legible hand cancellation bull’s eye postmark on both the receipt and the envelope or wrapper.

(vi) Notwithstanding paragraph (c)(2)(v) of this provision, a late modification or revision of an otherwise successful proposal that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.

(vii) An offeror may withdraw its proposal by written notice or telegram (including facsimile) received at any time before award. If the solicitation authorizes facsimile proposals, an offeror may withdraw its proposal via facsimile received at any time before award, subject to the conditions specified in the provision entitled “Facsimile Proposals.” Proposals may be withdrawn in person by an offeror or an authorized representative, if the representative’s identity is made known and the representative signs a receipt for the proposal before award.

(viii) If an emergency or unanticipated event interrupts normal Government processes so that proposals cannot be received at...
the office designated for receipt of proposals by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or either notice of an extension of the closing date, the time specified for receipt of proposals will be deemed to be extended to the same time of day specified in the solicitation on the first working condition normal Government processes resume. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office.

(3) Any information given to a prospective offeror concerning this solicitation will be furnished promptly to all other prospective offerors, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offeror.

(4) Offerors may submit modifications to their proposals at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.

(5) Offerors may submit revised proposals only if requested or allowed by the Contracting Officer.

(6) The Government will construe an offer to be in full and complete with this solicitation unless the offer describes any deviation in the offer.

(7) Offerors may submit proposals that depart from stated requirements. Such a proposal shall clearly identify why the acceptance of the proposal would be advantageous to the Government. The proposal must clearly identify and explicitly define any deviations from the terms and conditions of the solicitation, as well as the comparative advantage to the Government. The Government reserves the right to amend the solicitation to allow all offerors an opportunity to submit revised proposals based on the revised requirements.

(d) Restriction on disclosure and use of data. An offeror that includes in its proposal data that it does not want disclosed to the public for any purpose, or use by the Government except for evaluation purposes, must meet both of the following conditions:

1. Mark the title page with the following legend:
   This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a lease is awarded to this offeror as a result of—or in connection with—the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government’s right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [insert numbers or other identification of sheets].

2. Mark each sheet of data it wishes to restrict with the following legend:
   Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal.

(e) Lease award. (1) The Government intends to award a lease resulting from this solicitation to the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.

(2) The Government may reject any or all proposals if such action is in the Government’s interest.

(3) The Government may waive informalities and minor irregularities in proposals received.

(4) The Government intends to evaluate proposals and award a lease after conducting discussions with offerors whose proposals have been determined to be within the competitive range. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals. Therefore, the offeror’s initial proposal should contain the offeror’s best terms from a price and technical standpoint.

(5) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the Government.

(6) The Government may determine that a proposal is unacceptable if the price proposed are materially unbalanced between line terms or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or underestimated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

(7) The execution and delivery of the Lease contract by the Government establishes a valid award and contract.

(8) The Government may disclose the following information in postaward debriefings to other offerors:

(i) The overall evaluated cost or price and technical rating of the successful offeror;

(ii) The overall making of all offerors, when any making was developed by the agency during source selection; and

(iii) A summary of the rationale for award.

(f) Paperwork collection. The information collection requirements contained in this solicitation/contract are either
required by regulation or approved by the Office of Management and Budget pursuant to the Paperwork Reduction Act and assigned OMB Control No. 3090-0163.

(End of provision)

Alternate I (MAR 1998). As prescribed in 570.702, substitute the following paragraph for paragraph (c)(2)(i) of the basic provision:

(i) Any offer received at the office designated in the solicitation after the exact time specified for receipt of final proposal revisions will not be considered unless it is received before award is made and it meets one of the following conditions—

Alternate II (MAR 1998). As prescribed in 570.702, substitute the following paragraph for paragraph (c)(2)(i) of the basic provision:

(4) The Government intends to evaluate proposals and award a lease without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror’s initial proposal should contain the offeror’s best terms from a cost or price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

552.270–2 Historic Preference.

As prescribed in 570.702, insert the following provision:

HISTORIC PREFERENCE (SEP 2004)

(a) The Government will give preference to offers of space in historic properties following this hierarchy of consideration:

(1) Historic properties within historic districts.

(2) Non-historic developed and non-historic undeveloped sites within historic districts.

(3) Historic properties outside of historic districts.

(b) Definitions. (1) Determination of eligibility means a decision by the Department of the Interior that a district, site, building, structure or object meets the National Register criteria for evaluation although the property is not formally listed in the National Register (36 CFR 60.3(c)).

(2) Historic district means a geographically definable area, urban or rural, possessing a significant concentration, linkage, or continuity of sites, buildings, structures, or objects united by past events or aesthetically by plan or physical development. A district may also comprise individual elements separated geographically but linked by association or history (36 CFR 60.3(d)). The historic district must be included in or be determined eligible for inclusion in the National Register of Historic Places.

(3) Historic property means any pre-historic or historic district, site, building, structure, or object included in or been determined eligible for inclusion in the National Register of Historic Places maintained by the Secretary of the Interior (36 CFR 800.16(l)).

(4) National Register of Historic Places means the National Register of districts, sites, buildings, structures and objects significant in American history, architecture, archeology, engineering and culture that the Secretary of the Interior is authorized to expand and maintain under the National Historic Preservation Act (36 CFR 60.1).

(c) The offer of space must meet the terms and conditions of this solicitation. The Contracting Officer has discretion to accept alternatives to certain architectural characteristics and safety features defined elsewhere in this solicitation to maintain the historical integrity of an historic building, such as high ceilings and wooden floors, or to maintain the integrity of an historic district, such as setbacks, floor-to-ceiling heights, and location and appearance of parking.

(d) When award will be based on the lowest price technically acceptable source selection process, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

(1) First to suitable historic properties within historic districts, a 10 percent price preference.

(2) If no suitable historic property within an historic district is offered, or the 10 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

(3) If no suitable non-historic developed or undeveloped site within an historic district is offered, or the 2.5 percent preference does not result in such property being the lowest price technically acceptable offer, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

General Services Administration

552.270–4

(4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(e) When award will be based on the best value tradeoff source selection process, which permits tradeoffs among price and non-price factors, the Government will give a price evaluation preference, based on the total annual square foot (ANSI/BOMA Office Area) cost to the Government, to historic properties as follows:

   (1) First to suitable historic properties within historic districts, a 10 percent price preference.

   (2) If no suitable historic property within a historic district is offered or remains in the competition, the Government will give a 2.5 percent price preference to suitable non-historic developed or undeveloped sites within historic districts.

   (3) If no suitable non-historic developed or undeveloped site within an historic district is offered or remains in the competition, the Government will give a 10 percent price preference to suitable historic properties outside of historic districts.

   (4) Finally, if no suitable historic property outside of historic districts is offered, no historic price preference will be given to any property offered.

(f) The Government will compute price evaluation preferences by reducing the price(s) of the offerors qualifying for a price evaluation preference by the applicable percentage provided in this provision. The price evaluation preference will be used for price evaluation purposes only. The Government will award a contract in the amount of the actual price(s) proposed by the successful offeror and accepted by the Government.

(g) To qualify for a price evaluation preference, offerors must provide satisfactory documentation in their offer that their property qualifies as one of the following:

   (1) An historic property within an historic district.

   (2) A non-historic developed or undeveloped site within an historic district.

   (3) An historic property outside of an historic district.

   (End of provision)

As prescribed in 570.703, insert the following clause:

A lease with an individual doing business as a firm shall be signed by that individual, and the signature shall be followed by the individual’s typed, stamped, or printed name and the words, “an individual doing business as ___ [insert name of firm].”

(b) If the Lessor is a partnership, the lease must be signed in the partnership name, followed by the name of the legally authorized partner signing the same, and a copy of either the partnership agreement or current Certificate of Limited Partnership shall accompany the lease.

(c) If the Lessor is a corporation, the lease must be signed in the corporate name, followed by the signature and title of the officer or other person signing the lease on its behalf, duly attested, and, if requested by the Government, evidence of this authority to so act shall be furnished.

(d) If the Lessor is a joint venture, the lease must be signed by each participant in the joint venture in the manner prescribed in paragraphs (a) through (c) of this provision for each type of participant. When a corporation is participating in the joint venture, the corporation shall provide evidence that the corporation is authorized to participate in the joint venture.

(e) If the lease is executed by an attorney, agent, or trustee on behalf of the Lessor, an authenticated copy of the power of attorney, or other evidence to act on behalf of the Lessor, must accompany the lease.

The purpose of this clause is to promote the ease with which the Government may inspect the building. Nothing in this clause shall act to relieve the Lessor of any duty to inspect or liability which might arise as a result of Lessor’s failure to inspect for or correct a hazardous condition.

552.270–11 Successors Bound.

(4) Amount of space, provided the Lessor consents to the change.

(b) If any such change causes an increase or decrease in Lessor’s cost of or the time required for performance under this lease, whether or not changed by the order, the Contracting Officer shall modify this lease to provide for one or more of the following:

(1) A modification of the delivery date.

(2) An equitable adjustment in the rental rate.

(3) A lump sum equitable adjustment.

(4) An equitable adjustment of the annual operating costs per ABOA square foot specified in this lease.

(c) The Lessor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the change order and must submit a proposal for adjustment. The Lessor’s failure to assert its right for adjustment within the time frame specified herein shall be a waiver of the Lessor’s right to an adjustment under this paragraph. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause excuses the lessor from proceeding with the change as directed.

(d) Absent such written change order, the Government is not liable to Lessor under this clause.

[End of clause]

552.270–15 Liquidated Damages.

As prescribed in 570.703, insert the following clause:

In case of failure on the part of the Lessor to complete the work within the time fixed in the lease contract or letter of award, the Lessor shall pay the Government as fixed and agreed liquidated damages, pursuant to this clause, the sum $ for each and every calendar day that the delivery is delayed beyond the date specified for delivery of all the space ready for occupancy by the Government. This remedy is not exclusive and is in addition to any other remedies which may be available under this lease or at law.

[End of clause]

552.270–16 Adjustment for Vacant Premises.

As prescribed in 570.703, insert the following clause:

ADJUSTMENT FOR VACANT PREMISES (JUN 2011)

(a) If the Government fails to occupy any portion of the leased premises or vacates the premises in whole or in part before the lease term expires, the rental rate will be reduced. The reduction shall occur after the Government gives 30 calendar days notice to the Lessor, and shall continue in effect until the Government occupies or reoccupies the vacant premises or the lease expires or is terminated.

(b) The rate will be reduced by that portion of the costs per ABOA square foot of operating expenses not required to maintain the space. In addition, at the first operating cost adjustment after the notice of reduction to the rent, the base cost of services subject to escalation will be reduced by said amount. In the event that the Government occupies or reoccupies the vacant premises on the lease anniversary date following the occupation of the vacant premises, the base cost of services subject to escalation will be increased by said amount.

(c) The reduction in operating costs shall be negotiated and stated in the lease.

[End of clause]

552.270–17 Delivery and Condition.

As prescribed in 570.703, insert the following clause:

DELIVERY AND CONDITION (SEP 1999)

(a) Unless the Government elects to have the space occupied in increments, the space must be delivered ready for occupancy as a complete unit. The Government reserves the right to determine when the space is substantially complete.

(b) If the premises do not in every respect comply with the provisions of this lease the Contracting Officer may, in accordance with the Failure in Performance clause of this lease, elect to reduce the rent payments.

[End of clause]

552.270–18 Default in Delivery—Time Extensions.

As prescribed in 570.703, insert the following clause:

DEFAULT IN DELIVERY—TIME EXTENSIONS (SEP 1999)

(a) With respect to Lessor’s obligation to deliver the premises substantially complete by the delivery date, time is of the essence.
If the Lessor fails to work diligently to ensure its substantial completion by the delivery date or fails to substantially complete the work by such date, the Government may by notice to the Lessor terminate this lease. Such termination is effective when received by Lessor. The Lessor and the Lessor’s sureties, if any, are jointly and severally liable for any damages to the Government resulting from such termination, as provided in this clause. The Government is entitled to the following damages:

1. The Government’s aggregate rent, estimated real estate tax, and operating cost adjustments for the firm term and all option terms of its replacement lease or leases, in excess of the aggregate rent and estimated real estate tax and operating cost adjustments for the term. If the Government procures replacement premises for a term (including all option terms) in excess of this lease term, the Lessor is not liable for excess Government rent or adjustments during such excess lease term.

2. All administrative and other costs the Government incurs in procuring a replacement lease or leases.

3. Other, additional relief provided for in this lease, at law, or in equity.

(b) Damages to which the Government is entitled under this clause are due and payable thirty (30) days following the date Lessor receives notice from the Contracting Officer specifying such damages.

(c) Delivery by Lessor of less than the minimum ABOA square footage required by this lease shall in no event be construed as substantial completion, except as the Contracting Officer permits.

(d) The Government shall not terminate this lease under this clause nor charge the Lessor with damages under this clause, if (1) the delay in substantially completing the work arises from excusable delays, and (2) the Lessor within 10 days from the beginning of any such delay (unless extended in writing by the Lessor) provides notice to the Contracting Officer of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of delay. If the facts warrant, the Contracting Officer shall extend the delivery date, to the extent of such delay at no additional costs to the Government. A time extension is the sole remedy of the Lessor.

(End of clause)

48 CFR Ch. 5 (10–1–16 Edition)

PROGRESSIVE OCCUPANCY (SEP 1999)

The Government shall have the right to elect to occupy the space in partial increments prior to the substantial completion of the entire leased premises, and the Lessor agrees to schedule its work so as to deliver the space incrementally as elected by the Government. The Government shall pay rent commencing with the first business day following substantial completion of the entire leased premise unless the Government has elected to occupy the leased premises incrementally. In case of incremental occupancy, the Government shall pay rent pro rata upon the first business day following substantial completion of each incremental unit. Rental payments shall become due on the first workday of the month following the month in which an increment of space is substantially complete, except that should an increment of space be substantially completed after the fifteenth day of the month, the payment due date will be the first workday of the second month following the month in which it was substantially complete. The commencement date of the firm lease term will be a complete determined from all rent commencement dates.

(End of clause)

552.270–20 Payment.

As prescribed in 570.703, insert the following clause:

PAYMENT (SEP 1999)

(a) When space is offered and accepted, ABOA square footage delivered will be confirmed by either:

1. The Government’s measurement of plans submitted by the successful offeror as approved by the Government, and an inspection of the space to verify that the delivered space conforms with such plans.

2. A mutual on-site measurement of the space if the Contracting Officer determines it necessary.

(b) The Government will not pay for space in excess of the amount of ABOA square footage stated in the lease.

(c) If the amount of ABOA square footage delivered is less than the amount agreed to in the lease, the lease will be modified to reflect the amount of ABOA space delivered and the annual rental will be adjusted as follows:

ABOA square feet not delivered multiplied by one plus the common area factor (CAF), multiplied by the rate per rentable square foot (RSF). That is:

\[
\text{Annual Rent} = \text{ABOA square footage delivered} \times (1 + \text{CAF}) \times \text{Rate per RSF}
\]
552.270–21 Effect of Acceptance and Occupancy.

As prescribed in 570.703, insert the following clause:

EFFECT OF ACCEPTANCE AND OCCUPANCY (SEP 1999)

Neither the Government’s acceptance of the premises for occupancy, nor the Government’s occupancy thereof, shall be construed as a waiver of any requirement of or right of the Government under this Lease, or as otherwise prejudicing the Government with respect to any such requirement or right.

(End of clause)

As prescribed in 570.703, insert the following clause:

DEFAULT BY LESSOR DURING THE TERM (SEP 1999)

(a) Each of the following shall constitute a default by Lessor under this lease:

(1) Failure to maintain, repair, operate or service the premises as and when specified in this lease, or failure to perform any other requirement of this lease as and when required provided any such failure shall remain uncured for a period of thirty (30) days next following Lessor’s receipt of notice thereof from the Contracting Officer or an authorized representative.

(2) Repeated and unexcused failure by Lessor to comply with one or more requirements of this lease shall constitute a default notwithstanding that one or all such failures shall have been timely cured pursuant to this clause.

(b) If a default occurs, the Government may, by notice to Lessor, terminate this lease for default and if so terminated, the Government shall be entitled to the damages specified in the Default in Delivery-Time Extensions clause.

(End of clause)

[64 FR 37229, July 9, 1999, as amended at 76 FR 30846, May 27, 2011]
such purchasers and transferees will be deemed to have assumed all obligations of the Lessor under this lease, so as to establish direct privity of estate and contract between Government and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Government; provided, further, that the Contracting Officer and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.

(d) None of the foregoing provisions may be deemed or construed to imply a waiver of the Government’s rights as a sovereign.

(b) Letters issued pursuant to this clause are subject to the following conditions:

(1) That they are based solely upon a reasonably diligent review of the Contracting Officer’s lease file as of the date of issuance;

(2) That the Government shall not be held liable because of any defect in or condition of the premises or building;

(3) That the Contracting Officer does not warrant or represent that the premises or building comply with applicable Federal, State and local law; and

(4) That the Lessor, and each prospective lender and purchaser are deemed to have constructive notice of such facts as would be ascertainable by reasonable prepurchase and precommitment inspection of the Premises and Building and by inquiry to appropriate Federal, State and local Government officials.

[End of clause]

[64 FR 37229, July 9, 1999, as amended at 76 FR 30847, May 27, 2011]

[End of clause]

[64 FR 37229, July 9, 1999, as amended at 76 FR 30847, May 27, 2011]

552.270–26 No Waiver.

As prescribed in 570.703, insert the following clause:

NO WAIVER (SEP 1999)

No failure by either party to insist upon the strict performance of any provision of this lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance of full or partial rent or other performance by either party during the continuance of any such breach shall constitute a waiver of any such breach of such provision.

[End of clause]

[64 FR 37229, July 9, 1999, as amended at 76 FR 30847, May 27, 2011]

As prescribed in 570.703, insert the following clause:
552.270-31 Prompt Payment.

As prescribed in 570.703, insert the following clause:

PROMPT PAYMENT (JUN 2011)

The Government will make payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or an electronic funds transfer is made. All days referred to in this clause are calendar days, unless otherwise specified.

(a) Payment due date—(1) Rental payments. Rent shall be paid monthly in arrears and will be due on the first workday of each month, and only as provided for by the lease.

(i) When the date for commencement of rent falls on the 15th day of the month or earlier, the initial monthly rental payment under this contract shall become due on the first workday of the month following the month in which the commencement of the rent is effective.

(ii) When the date for commencement of rent falls after the 15th day of the month, the initial monthly rental payment under this contract shall become due on the first workday of the second month following the month in which the commencement of the rent is effective.

(2) Other payments. The due date for making payments other than rent shall be the later of the following two events:

(End of clause)

[76 FR 30847, May 27, 2011]
(a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or any payment delays due to disagreement between the Government and Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233–1, Disputes.

(4) Interest penalties are not required on payment delays due to disagreement between the Government and Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233–1, Disputes.

(2) The 30th day after the designated billing office has received a proper invoice from the Contractor.

(ii) The 30th day after Government acceptance of the work or service. However, if the designated billing office fails to annotate the invoice with the actual date of receipt, the invoice payment due date shall be deemed to be the 30th day after the Contractor's invoice is dated, provided a proper invoice is received and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(b) Invoice and inspection requirements for payments other than rent. (1) The Contractor shall prepare and submit an invoice to the designated billing office after completion of the work. A proper invoice shall include the following items:

(i) Name and address of the Contractor.

(ii) Invoice date.

(iii) Lease number.

(iv) Government's order number or other authorization.

(v) Description, price, and quantity of work or services delivered.

(vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the remittance address in the lease or the order).

(vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(2) The Government will inspect and determine the acceptability of the work performed or services delivered within seven days after the receipt of a proper invoice or notification of completion of the work or services unless a different period is specified at the time the order is placed. If actual acceptance occurs later, for the purpose of determining the payment due date and calculation of interest, acceptance will be deemed to occur on the last day of the seven day inspection period. If the work or service is rejected for failure to conform to the technical requirements of the contract, the seven days will be counted beginning with receipt of a new invoice or notification. In either case, the Contractor is not entitled to any payment or interest unless actual acceptance by the Government occurs.

(c) Interest Penalty. (1) An interest penalty shall be paid automatically by the Government, without request from the Contractor, if payment is not made by the due date.

(ii) The interest penalty shall be at the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date. This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the FEDERAL REGISTER semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the payment amount approved by the Government and be compounded in 30-day increments inclusive from the first day after the due date through the payment date.

(3) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233–1, Disputes, or for more than one year. Interest penalties of less than $1.00 need not be paid.

(d) Overpayments. If the Lessor becomes aware of a duplicate payment or that the Government has otherwise overpaid on a payment, the Contractor shall—

(1) Return the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the—

(i) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(ii) Affected lease number;

(iii) Affected lease line item or subline item, if applicable; and

(iv) Lessor point of contact.

(2) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(End of clause)

Alternate I (SEP 1999). If Alternate I is used, subparagraph (a)(1) of the basic clause should be designated as paragraph (a) and subparagraph (a)(2) and paragraph (b) should be deleted. Paragraph (c) of the basic clause should be redesignated as (b).

[76 FR 30847, May 27, 2011]

552.270–32 Covenant Against Contingent Fees.

As prescribed in 570.703, insert the following clause:

COVENANT AGAINST CONTINGENT FEES (JUN 2011)

(a) The Contractor warrants that no person or agency has been employed or retained to solicit or obtain this contract upon an agreement or understanding for a contingent fee, except a bona fide employee or agency. For breach or violation of this warranty, the Government shall have the right to annul this contract without liability or, in its discretion, to deduct from the contract price or
consideration, or otherwise recover the full amount of the contingent fee.

(b) Bona fide agency, as used in this clause, means an established commercial or selling agency (including licensed real estate agents or brokers), maintained by a Contractor for the purpose of securing business, that neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds itself out as being able to obtain any Government contract or contracts through improper influence.

Bona fide employee, as used in this clause, means a person, employed by a Contractor and subject to the Contractor’s supervision and control as to time, place, and manner of performance, who neither exerts nor proposes to exert improper influence to solicit or obtain Government contracts nor holds out as being able to obtain any Government contract or contracts through improper influence.

Contingent fee, as used in this clause, means any commission, percentage, brokerage, or other fee that is contingent upon the success that a person or concern has in securing a Government contract.

Improper influence, as used in this clause, means any influence that induces or tends to induce a Government employee or officer to give consideration or to act regarding a Government contract on any basis other than the merits of the matter.

c) [Reserved]

d) The FAR does not apply to leasehold acquisitions of real property. Where referenced in this part, FAR provisions have been adopted based on a statutory requirement applicable to such lease acquisitions or as a matter of policy, including, but not limited to “Federal agency procurement” as defined at FAR 3.104.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30848, May 27, 2011]

570.102 Definitions.

ANSI/BOMA Office Area (ABOA) means the area “where a tenant normally houses personnel, and/or furniture, for which a measurement is to be computed,” as stated by the American National Standards Institute/Building Owners and Managers Association (ANSI/BOMA) publication, Z65.1-1996.

Contract means lease.

Contractor means lessor.

Landlord or lessor means any individual, firm, partnership, trust, association, State or local government, or other legal entity that leases real property to the Government.

Lease or leasehold interest in real property means a conveyance to the Government of the right of exclusive possession of real property for a definite period of time by a landlord. It may include operational services provided by the landlord.

Lease acquisition means the acquiring by lease of an interest in improved real property for use by the Government, whether the space already exists or must be constructed.

Lease extension means extension of the expiration date of a lease to provide for continued occupancy on a short term basis.

Lease renewal (option) means the right, but not the obligation of the Government to continue a lease upon specified terms and conditions, including lease term and rent.

Lessee or tenant means the United States of America.

Operational services means services that support use of a leased property, such as heating, ventilation, air conditioning, utilities, and custodial services.

Simplified lease acquisition procedures mean the procedures for awarding leases at or below the simplified lease acquisition threshold.

Simplified lease acquisition threshold means the simplified acquisition threshold (see FAR 2.101), when applied to the average annual amount of rent for the term of the lease, including option periods and excluding the cost of services.

Small business means a concern including affiliates, which is organized for profit, is independently-owned and operated, is not dominant in the field of leasing commercial real estate, and that has annual average gross receipts for the preceding three fiscal years which are less than the size standard established by the Small Business Administration pursuant to 13 CFR Part 121. The size standards may be found at https://www.sba.gov/content/small-business-size-standards. For most lease procurements, the NAICS code is 531190.

Solicitation for Offers (SFO) means a request for proposals.

Substantially as follows or substantially the same as, when used in prescribing a provision or clause, means that the contracting officer may prepare and use a variation of that provision or clause to accommodate requirements peculiar to an individual acquisition. The variation must include the salient features of the FAR or GSAR provision or clause. It must also be consistent with the intent, principle, and substance of the FAR or GSAR provision or clause and related coverage on the subject matter.
Succeeding lease means a lease whose effective date immediately follows the expiration date of an existing lease for space in the same building.

Superseding lease means a lease that replaces an existing lease, prior to the scheduled expiration of the existing lease term.

570.103 Authority to lease.

(a) The Administrator of General Services is authorized by 40 U.S.C. §585 to enter into a lease agreement for the accommodation of a Federal agency in a building (or improvement) which is in existence or being erected by the lessor for the accommodation of the Federal agency. The lease agreement may not bind the Government for more than 20 years.

(b) The contracting officer has exclusive authority to enter into and administer leases on the Government’s behalf to the extent provided in the certificate of appointment as a contracting officer. Nothing in this paragraph is intended to limit the contracting officer’s authority to designate, consistent with statute and regulation, a contracting officer’s representative.

570.104 Competition.

Unless the contracting officer uses the simplified procedures in subpart 570.2, the competition requirements of FAR part 6 apply to acquisition of leasehold interests in real property.

570.105 Methods of contracting.

570.105–1 Contracting by negotiation.

Contracting by negotiation is appropriate for acquiring space in a building through a lease contract. The contracting officer will usually need to conduct discussions with offerors about their proposals and consider factors other than price in making the award.

570.105–2 Criteria for the use of two-phase design-build.

The contracting officer may use the two-phase design-build selection procedures in 41 U.S.C. 253m for lease construction projects. This includes lease construction projects with options to purchase the real property leased. Use the procedures in 41 U.S.C. 253m and FAR 36.3 when the conditions in (a) and (b) below are met:

(a) The contracting officer anticipates that the lease will involve the design and construction of a building, facility, or work for lease to the Government.

(b) The contracting officer determines whether the procedures are appropriate for entering into a lease construction contract based on the following:

(1) The contracting officer expects to receive three or more offers.

(2) Offerors will need to perform design work before developing a price.

(3) Offerors will incur a substantial amount of expense in preparing offers.

(4) The contracting officer considers criteria such as the following:

(i) The extent to which the project requirements have been adequately defined.

(ii) The time constraints for delivery of the project.

(iii) The capability and experience of potential contractors.

(iv) The past performance of potential contractors.

(v) The suitability of the project for use of the two-phase selection procedures.

(vi) The capability of the agency to manage the two-phase selection process.

(vii) Other criteria established by the HCA.

(c) See 570.305 for additional information.

570.106 Advertising, publicizing, and notifications to Congress.

(a) If a proposed acquisition is not exempt under FAR 5.202 or GSAR
570.106(e), and is for a leasehold interest in real property estimated to exceed 10,000 square feet, then the contracting officer must publicize the proposed acquisition in http://www.FBO.gov.

(b) For leasehold acquisitions where the solicitation requires the construction of a new building on a preselected site, the contracting officer, in accordance with the timeframes established in FAR 5.203, must publicize the proposed acquisition in http://www.FBO.gov regardless of size or value.

(c) For leasehold acquisitions not subject to a square foot measurement (e.g., antennas, piers, parking), contracting officers must publicize the proposed acquisition in http://www.FBO.gov when the contract action is expected to exceed $25,000, unless an exception under FAR 5.202 applies.

(d) Other than as identified in paragraphs (a) through (c) of this section, the contracting officer need not publicize the proposed acquisition of a leasehold interest in real property, including expansion requests within the scope of a lease (see 570.403), lease extensions under the conditions defined in 570.405, and building alterations within the scope of a lease (see 570.5). However, the contracting officer may publicize proposed lease acquisitions of any dollar value or square footage in http://www.FBO.gov or local newspapers if, in the opinion of the contracting officer, doing so is necessary to promote competition.

(e) The contracting officer may issue a consolidated advertisement for multiple leasing actions.

(f) Except as otherwise provided in paragraph (b) of this section, where publicizing of the proposed acquisition is required, the notice shall be published in http://www.FBO.gov not less than three calendar days prior to issuance of a solicitation.

(g) Except as otherwise provided in paragraph (b) of this section and as set forth in paragraphs (g) and (h) of this section, the contracting officer shall provide offerors not less than 20 calendar days between solicitation issuance and the date established for receipt of initial offers.

1 For a proposed acquisition using simplified lease acquisition procedures (see 570.2), consider the individual acquisition and establish a reasonable response time.

2 In cases of unusual and compelling urgency (FAR 6.303-2), provide as much time as reasonably possible under the circumstances and document the contract file.

(h) If a Member of Congress has specifically requested notification of award, the contracting officer must provide award notifications in accordance with 505.303.

[76 FR 30849, May 27, 2011]

570.106-1 Synopsis of lease awards.

(a) Except for lease actions described in paragraph (b) of this section, contracting officers must synopsize in http://www.FBO.gov awards exceeding $25,000 total contract value that are likely to result in the award of any subcontracts. However, the dollar threshold is not a prohibition against publicizing an award of a smaller amount when publicizing would be advantageous to industry or to the Government.

(b) A notice is not required if—

1 The notice would disclose the occupant agency’s needs and the disclosure of such needs would compromise the national security; or

2 The lease—

(i) Is for an amount not greater than the simplified lease acquisition threshold;

(ii) Was made through a means where access to the notice of proposed lease action was provided through http://www.FBO.gov; and

(iii) Permitted the public to respond to the solicitation electronically.

(c) Justifications for other than full and open competition must be posted in http://www.FBO.gov. Information exempt from public disclosure must be redacted.

[76 FR 30849, May 27, 2011]

570.107 Oral presentations.

The contracting officer may require oral presentations for acquisitions of
leasehold interests in real property. Follow the procedures in FAR 15.102.

(a) Determine that the prospective awardee is responsible with respect to the lease under consideration. The standards in FAR 9.104 apply. As part of the determination that a prospective contractor is otherwise qualified and eligible for award, review exclusions in the System for Award Management (SAM).

(b) The contracting officer’s signature on the contract is deemed an affirmative determination.

(c) If the contracting officer finds an offeror nonresponsible, sign and place in the contract file a determination of nonresponsibility. State the basis for the determination.

(d) If the contracting officer finds a small business concern nonresponsible, the procedures at FAR 19.6 apply. Place all documents and reports supporting a determination of responsibility or nonresponsibility in the lease file.

Before awarding a lease, review applicable representations and certifications for compliance with statute and regulations.

Before accepting the space, the contracting officer must verify that the space complies with the Government’s requirements and specifications and document this in an inspection report. The inspection and acceptance document must contain the square footage accepted and the acceptance date. Include the inspection and acceptance in the contract file. When space such as piers, antennas, and parking are leased, square footage may not be the manner in which the amount of space is specified; therefore, document that the space complies with the Government’s written requirements.

If the contracting officer receives an offer from an officer or employee of the Government, follow the procedures in FAR 3.6.

If a mistake in a lessor’s offer is discovered after award, the contracting officer should process it substantially in accordance with FAR 14.407–4 and GSAM 514.407–4.

(a) The policies and procedures of FAR 15.403 apply to lease contract actions.

(b) FAR 15.403–1 defines exceptions to and waivers for submitting cost or pricing data. Most leasing actions will have adequate price competition. For price analysis of offered rental rates, the contracting officer may use a market survey, an appraisal conducted using accepted real property appraisal procedures to establish a market price for comparison, or other relevant market research data. For price analysis of offered tenant improvement costs, obtain two offers or cost and pricing data.

(c) In exceptional cases, the requirement for submission of certified cost or pricing data may be waived under FAR 15.403–1(c)(4).

(d) If cost or pricing data are required, follow the procedures in FAR 15.403–4 and 15.406–2.

If a mistake in a lessor’s offer is discovered after award, the contracting officer should process it substantially in accordance with FAR 14.407–4 and GSAM 514.407–4.

(a) The policies and procedures of FAR 15.403 apply to lease contract actions.

(b) FAR 15.403–1 defines exceptions to and waivers for submitting cost or pricing data. Most leasing actions will have adequate price competition. For price analysis of offered rental rates, the contracting officer may use a market survey, an appraisal conducted using accepted real property appraisal procedures to establish a market price for comparison, or other relevant market research data. For price analysis of offered tenant improvement costs, obtain two offers or cost and pricing data.

(c) In exceptional cases, the requirement for submission of certified cost or pricing data may be waived under FAR 15.403–1(c)(4).

(d) If cost or pricing data are required, follow the procedures in FAR 15.403–4 and 15.406–2.

Before accepting the space, the contracting officer must verify that the space complies with the Government’s requirements and specifications and document this in an inspection report. The inspection and acceptance document must contain the square footage accepted and the acceptance date. Include the inspection and acceptance in the contract file. When space such as piers, antennas, and parking are leased, square footage may not be the manner in which the amount of space is specified; therefore, document that the space complies with the Government’s written requirements.

If the contracting officer receives an offer from an officer or employee of the Government, follow the procedures in FAR 3.6.

If a mistake in a lessor’s offer is discovered after award, the contracting officer should process it substantially in accordance with FAR 14.407–4 and GSAM 514.407–4.
570.203-3  Subpart 570.2—Simplified Lease Acquisition Procedures

570.201  Purpose.

This subpart prescribes simplified procedures for small leases. These procedures reduce administrative costs, while improving efficiency and economy, when acquiring small leasehold interests in real property.

570.202  Policy.

Use simplified lease acquisition procedures to the maximum extent practicable for actions at or below the simplified lease acquisition threshold.

570.203  Procedures.

570.203-1  Market survey.

Conduct a market survey to identify potential sources. Use information available in GSA or from other sources to identify locations that will meet the Government’s requirements.

570.203-2  Competition.

(a) To the maximum extent practicable, the contracting officer must solicit at least three sources to promote competition. If there are repeated requirements for space in the same market, invite two sources, if practicable, that are not included in the most recent solicitation to submit offers.

(b) If the contracting officer solicits only one source, document the file to explain the lack of competition.

570.203-3  Soliciting offers.

(a) The contracting officer must solicit offers by providing each prospective offeror a proposed short form lease GSA Form 3626 or SFO. The short form lease or SFO must:

(1) Describe the Government’s requirements.

(2) List all award factors, including price or cost, and any significant subfactors that the contracting officer will consider in awarding the lease.

(3) State the relative importance of the evaluation factors and subfactors.
(4) State whether all evaluation factors other than cost or price, when combined, are either:
   (i) Significantly more important than cost or price.
   (ii) Approximately equal in importance to cost or price.
   (iii) Significantly less important than cost or price.
(5) Include either in full text or by reference, applicable FAR provisions and contract clauses required by 570.6.
(6) Include sustainable design requirements.

(b) As necessary, review with prospective offerors the Government’s requirements, pricing matters, evaluation procedures and submission of offers.

[76 FR 30850, May 27, 2011]

570.203–4 Negotiation, evaluation, and award.
(a) If the contracting officer needs to conduct negotiations, use the procedures in 570.307.
(b) Evaluate offers in accordance with the solicitation. Evaluate prices and document the lease file to demonstrate whether the proposed contract prices are fair and reasonable. See 570.110.
(c) If the total price, including options, exceeds the amount established by FAR 15.403–4, consider whether the contracting officer needs cost and pricing data to determine that the price is fair and reasonable. In most cases, the exceptions at FAR 15.403–1 will apply.
(d) Regardless of the process used, the contracting officer must determine whether the price is fair and reasonable.
(e) If the total contract value of the lease, including options, will exceed the amount established by FAR 19.702(a), the proposed awardee must provide an acceptable small business subcontracting plan. This requirement does not apply if the proposed awardee is a small business concern.
(f) Make award to the responsible offeror whose proposal represents the best value to the Government considering price and other factors included in the solicitation.

[76 FR 30850, May 27, 2011]
570.305 Two-phase design-build selection procedures.

(a) These procedures apply to acquisitions of leasehold interests if the contracting officer uses the two-phase design-build selection procedures authorized by 570.105–2. Follow FAR 36.3.

(b) The SFO must include all the following information:

(1) The scope of work.

(2) The evaluation factors and subfactors to be used in evaluating phase-one proposals and their relative importance.

(3) The maximum number of offerors to be selected to submit competitive proposals in phase-two.

(4) The evaluation factors, including cost or price, and subfactors to be used in evaluating phase-two proposals and
selecting the successful offeror, and
their relative importance.
(c) The following procedures apply to
phase-one evaluation factors:
(1) Phase one factors include:
   (i) Specialized experience and tech-
        nical competence.
   (ii) Capability to perform.
   (iii) Past performance of the offeror’s
        team (including architect-engineer and
        construction members of the team).
   (iv) The planned participation of
        small disadvantaged business concerns
        in performance of the contract.
   (v) Other appropriate factors, such as
        site or location.
(2) The contracting officer shall not
require offerors to submit detailed de-
sign information or cost or price infor-
mation in phase one. The contracting
officer shall not use cost related or
price related evaluation factors.
(d) The contracting officer shall set
the maximum number of offerors to be
selected for phase-two to not exceed
five unless the contracting officer de-
termines that a number greater than
five is both:
   (1) In the government’s interest.
   (2) Consistent with the purpose and
       objectives of the two-phase selection
       process.
   (e) In phase-two, require detailed
       technical and price proposals. Evaluate
       the proposals using the procedures in
       570.306.
   [64 FR 37265, July 9, 1999, as amended at 76
FR 30851, May 27, 2011]

570.306 Evaluating offers.
(a) The contracting officer must
evaluate offers solely in accordance
with the factors and subfactors stated
in the SFO.
(b) Evaluate prices and document the
lease file to demonstrate that the pro-
posed contract price is fair and reason-
able. The contracting officer must re-
view the elements of the offeror’s pro-
posed rent to analyze whether the indi-
vidual elements are realistic and re-
flect the offeror’s clear understanding
of the work to be performed. The con-
tracting officer must discuss any in-
consistencies with the offeror. If the of-
feror refuses to support or make any
changes to the rent proposed, consider
the risk to the Government prior to
making any lease award.
(c) Evaluate past performance on pre-
vious lease projects in accordance with
515.305 and FAR 15.305(a)(2). Obtain in-
formation through:
   (1) Questionnaires tailored to the cir-
cumstances of the acquisition;
   (2) Interviews with program man-
       agers or contracting officers;
   (3) Other sources; or
   (4) Past performance information col-
       lected under FAR 42.15 and available
       through the Past Performance Infor-
       mation Retrieval System (PPIRS) at
(d) The contracting officer may ob-
tain information to evaluate an
offeror’s past performance on subcon-
tracting plan goals and small disadvan-
taged business participation, monetary
targets, and notifications under FAR
19.1202–4(b) from the following sources:
   (1) The Small Business Administra-
       tion;
   (2) Information on prior contracts
       from contracting officers and adminis-
       trative contracting officers;
   (3) Offeror’s references; and
   (4) Past performance information col-
       lected under FAR 42.15 and available
       through PPIRS.
(e) Document the evaluation of award
factors other than price listed in the
solicitation. The file must include the
basis for evaluation, an analysis of
each offer, and a summary of findings.
(f) Also see the requirements in
570.108, 570.109 and 570.111.
   [64 FR 37265, July 9, 1999, as amended at 76
FR 30851, May 27, 2011]

570.307 Negotiations.
(a) Follow the procedures in FAR
15.306 and 15.307 for exchanges (including
clarifications, communications, ne-
gotiations, discussions, and revisions).
(b) Place a written record of all ex-
changes in the lease file.
(c) Provide prompt written notice to
any offeror excluded from the competi-
tive range or otherwise eliminated
from the competition in accordance with
FAR 15.503(a).

570.308 Award.
(a) Make award to the responsible of-
feror whose proposal represents the
best value after evaluation in accordance
with the factors and subfactors in
the SFO.
570.402–4
(b) Make award in writing and in the timeframe specified in the SFO.
(1) If the contracting officer cannot make an award in that time, request in writing from each offeror an extension of the acceptance period through a specific date.
(2) If time is critical, the contracting officer may request the extensions orally. The contracting officer must make a record of the request and confirm it promptly in writing.
(c) Notify unsuccessful offerors in writing or electronically in accordance with FAR 15.501 and 15.503(b).
(d) The source selection authority may reject all proposals received in response to an SFO, if doing so is in the best interest of the Government.

570.309 Debriefings.
The procedures of FAR 15.505 and 15.506 apply to leasing actions.

Subpart 570.4—Special Aspects of Contracting for Continued Space Requirements

570.401 Renewal options.
(a) Exercise of options. Before exercising an option to renew, follow the procedures in 517.207. The contract must first provide the right to renew the lease. If a renewal option was not evaluated as part of the lease at award, then the addition of a renewal option during the lease term must satisfy the requirements of GSAM 506 regarding full and open competition.
(b) Market information review. Before exercising an option to renew a lease, review current market information to determine that the rental rate in the option is fair and reasonable.

570.402 Succeeding leases.
570.402–1 General.
(a) If a succeeding lease for the continued occupancy of space in a building does not exceed the simplified lease acquisition threshold, the contracting officer may use the simplified procedures in 570.2. Explain the absence of competition in the contract file.
(b) If a succeeding lease will exceed the simplified lease acquisition threshold, the contracting officer may enter into the lease under either of the following conditions:
(1) The contracting officer does not identify any potential acceptable locations.
(2) The contracting officer identifies potential acceptable locations, but a cost-benefit analysis indicates that award to an offeror other than the present lessor will result in substantial relocation costs or duplication of costs to the Government, and the Government cannot expect to recover such costs through competition.

570.402–2 Publicizing/Advertising.
The contracting officer must publish a notice if required by 570.106. The notice should:
(a) Indicate that the Government’s lease is expiring.
(b) Describe the requirements in terms of type and quantity of space.
(c) Indicate that the Government is interested in considering alternative space if economically advantageous, and that otherwise the Government intends to pursue a sole source acquisition.
(d) Advise prospective offerors that the Government will consider the cost of moving, alterations, etc., when deciding whether it should relocate.
(e) Provide a contact person for those interested in providing space to the Government.

570.402–3 Market survey.
Conduct a market survey following 570.301.

570.402–4 No potential acceptable locations.
If the contracting officer does not identify any potential acceptable locations through the advertisement or the market survey, prepare a written justification to negotiate directly with the present lessor. Fully document the efforts to locate alternative sources.
Prepare the justification and obtain approval following FAR 6.3 and 506.3.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30652, May 27, 2011]

570.402–5 Potential acceptable locations.

If the contracting officer identifies potential acceptable locations through the advertisement or market survey, conduct a cost-benefit analysis following the procedures in 570.402–6. Based on the results of the cost-benefit analysis, take appropriate action as follows:

(a) If the cost-benefit analysis indicates that the Government will recover relocation costs and duplication of costs through competition, develop an SFO and negotiate with all interested parties following 570.3.

(b) If the cost-benefit analysis indicates that the Government cannot expect to recover relocation costs and duplication of costs through competition, prepare a justification for approval in accordance with FAR 6.3 and 506.3. Explain both:
   (1) How the contracting officer performed the cost-benefit analysis.
   (2) That the cost-benefit analysis indicates that award to any other offeror will likely result in substantial costs to the Government that the Government cannot expect to recover through competition.

[64 FR 37265, July 9, 1999, as amended at 76 FR 30652, May 27, 2011]

570.402–6 Cost-benefit analysis.

(a) The cost-benefit analysis must consider all the following:
   (1) The prices of other potentially available properties.
   (2) Relocation costs, including estimated costs for moving, telecommunications, and alterations, amortized over the firm term of the lease.
   (3) Duplication of costs to the Government.
   (4) Other appropriate considerations.

(b) Establish the prices for other potentially available properties by requesting each prospective offeror to provide an informational quotation for standard space for comparison purposes.

(1) Adjust the prices quoted for standard space for any special requirements.

(2) You do not need a formal SFO to obtain the informational quotation. However, you must provide a general description of the Government's needs.

(3) If you obtain oral quotations, document the following information, as a minimum:
   (i) Name and address of the firm solicited.
   (ii) Name of the firm's representative providing the quote.
   (iii) Price(s) quoted.
   (iv) Description of the space and services for which the quote is provided.
   (v) Name of the Government employee soliciting the quotation.
   (vi) Date of the conversation.

(4) Compare the informational quotations to the present lessor's price, adjusted to reflect the anticipated price for a succeeding lease.

570.403 Expansion requests.

(a) If the expansion space is in the general scope of the lease, the contracting officer may acquire the space through a modification without further justification under FAR 6.3.

(b) If the expansion space needed is outside the general scope of the lease, the contracting officer must determine whether it is more prudent to provide the expansion space by supplemental agreement to the existing lease or to meet the expansion requirement and existing tenancy to the requirement by competitive means.

(1) Conduct a market survey to determine the availability of suitable alternative locations.

(2) If you identify alternate locations that can satisfy the total requirement, perform a cost-benefit analysis to determine whether it is in the Government's best interest to relocate. Consider, as appropriate:
   (i) The cost of the alternate space compared to the cost of expanding at the existing location.
   (ii) The cost of moving.
   (iii) The cost of duplicating existing improvements.
   (iv) The cost of the unexpired portion of the firm lease term. If a termination is possible, use the actual cost of such an action.
Subpart 570.5—Special Aspects of Contracting for Lease Alterations

570.501 General.

(a) The procedures in 570.502 apply to alterations acquired directly from a lessor by modification or supplemental lease agreement. This is allowed if the following conditions are met:

(1) The alterations fall within the scope of the lease. Consider whether the work can be regarded fairly and reasonably as part of the original lease requirement.

(2) The lessee is willing to perform the proposed alterations at a fair and reasonable price.

(3) It is in the Government’s interest to acquire the alterations from the lessor.

(b) If proposed alterations are outside the scope of the existing lease, decide whether to acquire the alterations through either:

(1) A supplemental lease agreement, as justified and approved under 570.502-1.

(2) Government performance or a separate contract. The lease must first...
provide the Government the right to perform alterations to the leased space.

570.502 Alterations by the lessor.

570.502–1 Justification and approval requirements.

If the proposed alterations are outside the general scope of the lease and the contracting officer plans to acquire them from the lessor without competition, the following justification and approval requirements apply:

(a) If the alteration project will not exceed the micro-purchase threshold identified in FAR 2.101(b), no justification and approval is required.

(b) If the alteration project will exceed the micro-purchase threshold identified in FAR 2.101(b), but not the simplified lease acquisition threshold, the contracting officer may use simplified acquisition procedures and explain the absence of competition in the file.

(c) If the alteration project will exceed the simplified lease acquisition threshold, the justification and approval requirements in FAR 6.3 and 506.3 apply.

570.502–2 Procedures.

(a) Scope of work. The contracting officer must prepare a scope of work for each alteration project.

(b) Independent Government estimate. The contracting officer must obtain an Independent Government estimate for each alteration project, including changes to existing alteration agreements with the lessor.

(c) Request for proposal. (1) The contracting officer must provide the scope of work to the lessor, including any plans and specifications, and request a proposal.

(2) The contracting officer must request sufficient cost or price information to permit a price analysis.

(d) Audits. If the contracting officer requires cost or pricing data and the alteration project will exceed the threshold identified in FAR 15.403–4, request an audit.

(e) Proposal evaluation. The contracting officer must—

(1) Determine if the proposal meets the Government’s requirements.

(2) Analyze price or cost information. At a minimum, compare the proposed cost to the independent estimate and, if applicable, any audit results received.

(3) Analyze profit following FAR 15.404–4.

(4) Document the analysis under this paragraph and the resulting negotiation objectives.

(f) Price negotiations. The contracting officer must—

(1) Exercise sound judgment. Make reasonable compromises as necessary.

(2) Provide the lessor with the greatest incentive for efficient and economical performance.

(3) Document negotiations in the contract file, including discussions regarding restoration cost or waiver of restoration cost.

(g) Order. For modifications not exceeding the simplified acquisition threshold, lease contracting officers may delegate alteration contracting authority to a warranted contracting officer’s representative in GSA or the tenant agency. Alterations awards must reference the lease number. If the modification does not exceed the simplified acquisition threshold, the contracting officer may use GSA Form 300, Order for Supplies or Services. Reference the lease on the form.

(h) Inspection and payment. The contracting officer must not make final payment for alterations until the work is:

(1) Inspected by a qualified Government employee or independent Government contractor.

(2) Confirmed as completed in a satisfactory manner.

570.503 Alterations by the Government or through a separate contract.

If the Government chooses to exercise its right to make the alterations rather than contracting directly with the lessor, the Government may either:

(a) Have Federal employees perform the work.

(b) Contract out the work using standard contracting procedures that
apply to a construction contract performed on Federal property. If the Government decides to contract for the work, invite the lessor, as well as all other prospective contractors, to submit offers for the project.

Subpart 570.6—Contracting for Overtime Services and Utilities in Leases

Source: 76 FR 30853, May 27, 2011, unless otherwise noted.

570.601 General.

(a) Lease tenant agencies may need overtime services and utilities on a regular or intermittent basis. Lease contracting officers may negotiate overtime rates for services and utilities and include those rates in leases where a need is projected. Only lease contracting officers may negotiate overtime rates.

(b) An independent government estimate is required in support of the negotiated rate.

(c) Order. To order overtime services and utilities, if the order does not exceed the simplified acquisition threshold, a warranted contracting officer’s representative, in GSA or the tenant agency, may place an order. The order must reference the lease number.

(d) Payment. Do not make final payment for services and utilities until confirmed as delivered in a satisfactory manner.

| (a) Insert clauses substantially the same as the following in solicitations and contracts for leasehold interests in real property that exceed the simplified lease acquisition threshold. |
| (g) If the estimated value of the acquisition exceeds the threshold identified in FAR 19.1202–2(a) and the contracting officer is using a best value trade off analysis in an acquisition includes an evaluation factor that considers the extent of participation of small disadvantaged business concerns in accordance with FAR 19.12. |
| (h) If the estimated value of the acquisition exceeds $10 million and the performance period is 120 days or more. |
| (i) If the value of the contract is expected to exceed $5 million and the performance period is 120 days or more. |

Subpart 601.2—Administration

601.201 Maintenance of the FAR.

601.201–1 The two councils.

The Office of the Procurement Executive (A/OPE) represents the Department of State (DOS) on the Civilian Agency Acquisition Council. The Procurement Executive shall appoint a representative for this purpose. A/OPE is responsible for coordinating with all interested DOS elements proposed FAR revisions and for advocating FAR revisions sought by the Department.

Subpart 601.3—Agency Acquisition Regulations

601.301 Policy.

(a) The Assistant Secretary of State for Administration is the agency head for the purposes of FAR 1.301. The Assistant Secretary of State for Administration redelegated to the Procurement Executive the authority to prescribe, promulgate, and amend DOS acquisition policies, rules, and regulations.

(b) The Department of State Acquisition Regulation (DOSAR) is prescribed under the authority of 22 U.S.C. 2658 and 40 U.S.C. 486(c).

(c) The DOSAR implements and supplements the FAR.

601.302 Limitations.

(a) The FAR and the DOSAR apply to all DOS acquisitions of personal property and services, including construction, both within and outside the United States, unless expressly excluded by this subpart, or exempt from the Federal Property and Administrative Services Act of 1949, as amended (40 U.S.C. 474(7)), or undertaken pursuant to section 208 of the State Department Basic Authorities Act of 1996, as amended (22 U.S.C. 4308), or the Foreign Service Buildings Act of 1926, as amended (22 U.S.C. 292 et seq.).

(b) At posts where Joint Administrative Offices have been formed and DOS is the procurement agency, the FAR and DOSAR apply to all administrative and technical support acquisitions.

601.303 Publication and codification.

(a) The DOSAR is issued as Chapter 6 of Title 48, Code of Federal Regulations. The DOSAR is established as Chapter 6 of the Federal Acquisition Regulations System. The DOSAR is divided into the same parts, subparts, sections, subsections, and paragraphs as is the FAR. However, when the FAR coverage is adequate by itself there will be no corresponding DOSAR coverage. Where the DOSAR implements a specific part, subpart, section, or subsection of the FAR, the DOSAR coverage is numbered and titled to correspond to the appropriate FAR number and title, except that the DOSAR number will include a 6 or 60 such that there will always be three numbers to the left of the decimal. For example, the DOSAR implementation of FAR 14.1 is shown as 614.1 and the DOSAR implementation of FAR 1.301 is shown as 601.301. Materials that supplement the FAR are assigned the numbers 70 and up. For example, DOSAR requires additional definitions than those used in FAR; this supplementary material is provided in 602.101–70.

(b) The DOSAR and its revisions are published in the FEDERAL REGISTER and in the Code of Federal Regulations, both of which may be purchased from the Superintendent of Documents, Government Printing Office, Washington, DC 20402.

(c) The DOSAR shall be referenced in the same manner as described at FAR 1.105–2(c).

Subpart 601.4—Deviations from the FAR

601.403 Individual deviations.
The Procurement Executive is the agency head’s designee for the purposes of FAR 1.403.

601.404 Class deviations.
The Procurement Executive is the agency head’s designee for the purposes of FAR 1.404(a).

601.405 Deviations pertaining to treaties and executive agreements.
The Procurement Executive shall determine whether a deviation pertaining to treaties and executive agreements is authorized under FAR 1.405 or that a request for deviation is required under FAR 1.405(e).

601.470 Deviations from the DOSAR
The authority to approve any deviations from the DOSAR is reserved to the Procurement Executive.

Subpart 601.5—Agency and Public Participation

601.570 Rulemaking.
(a) The DOSAR is promulgated and may be revised, as necessary, in accordance with FAR part 1.

(b) The Procurement Executive shall issue all DOS acquisition regulations.

[59 FR 66751, Dec. 28, 1994]

Subpart 601.6—Career Development, Contracting Authority, and Responsibilities

601.601 General.
The Procurement Executive is the agency head for the purposes of FAR 1.601.

601.601–70 Delegations of authority.
(a) Delegations. As stated in 601.603–3(a), there is no contracting officer authority conferred by virtue of position. Pursuant to 601.602–1(b), the Procurement Executive has designated the following as contracting activities as defined in FAR 2.101. These authorities are not redelegable. In addition, specific individuals are designated as heads of contracting activities (HCAs) (see FAR 2.101):

(1) Overseas posts. Each overseas post shall be regarded as a contracting activity to enter into and administer contracts for the expenditure of funds involved in the acquisition of supplies, equipment, publications, and services. The Principal Officer, the Management Officer, or the Supervisory General Services Officer are designated as HCAs; provided, that he/she has a contracting officer’s warrant issued by the Procurement Executive. The Procurement Executive (or authorized A/OPE staff) may delegate to a contracting officer, on a case-by-case basis, the authority to award a contract or modification which exceeds the contracting officer’s warrant level.

(i) No authority is delegated to enter into cost-reimbursement, fixed-price incentive, or fixed-price redeterminable contracts. Design/build solicitations and contracts may only be entered into with the written approval of A/OPE and OBO. Proposed construction contracts exceeding $500,000 and any related architect-engineer contracts must have prior A/OPE approval.

(ii) When expressly authorized by a U.S. Government agency which does not have a contracting officer at the post, the officers named in paragraph (a)(1) introductory text of this section may enter into contracts for that agency. Use of this authority is subject to the statutory authority of that agency and any special contract terms or other requirements necessary for compliance with any conditions or limitations applicable to the funds of that agency. The agency’s authorization shall cite the statute(s) and state any special contract terms or other requirements with which the acquisition so authorized must comply. In view of the contracting officer’s responsibility
for the legal, technical, and administrative sufficiency of contracts, questions regarding the propriety of contracting actions that the post is required to take pursuant to this authority may be referred to the Department for resolution with the headquarters of the agency concerned.

(2) Office of Logistics Management; Office of Acquisition Management (A/LM/AQM). The authority to enter into and administer contracts for the expenditure of funds involved in the acquisition of supplies and services, including construction, is delegated to the Director or designee as the HCA.

(3) Foreign Service Institute. The authority to enter into and administer contracts pursuant to Chapter 7, Title I, of the Foreign Service Act of 1980, as amended (22 U.S.C. 4021 et seq.), is delegated to the Director of the Foreign Service Institute, the Executive Director, the Deputy Executive Director, and the Supervisory Contracting Officer as the HCA.

(4) Office of Foreign Missions. The authority to enter into and administer contracts pursuant to Title II of the State Department Basic Authorities Act of 1956, as amended (22 U.S.C. 4301 et seq.), is delegated to the Director, Office of Foreign Missions, and the Administrative Officer as the HCA.

(5) U.S. Mission to the United Nations. The authority to enter into and administer contracts pursuant to the United Nations Participation Act of 1945, as amended (22 U.S.C. 287), is delegated to the Counselor for Administration as the HCA.

(b) Other delegations. Several DOS offices have been delegated limited procurement authority, although they have not been designated as HCAs. Matters requiring HCA resolution are referred to the A/LM/AQM. These delegations are provided only to warranted contracting officers in the respective offices. They are as follows:

(1) Office of Language Services. The authority to enter into and administer simplified acquisition transactions under FAR Part 13 and orders against existing contracts up to the maximum ordering threshold or limitation for interpreting, translating, conference reporting, and related language support and escort services.

(2) Office of Overseas Schools. The authority to enter into and administer simplified acquisition transactions under FAR Part 13 and orders against existing contracts up to the maximum ordering threshold or limitation pursuant to section 29 of the State Department Basic Authorities Act of 1956, as amended.

(3) Library. The authority to enter into and administer simplified acquisition transactions under FAR Part 13 and orders against existing contracts up to the maximum ordering threshold or limitation pursuant to section 29 of the Public Printing and Documents Act of 1968, as amended, and for the acquisition of newspapers, books, maps, and periodicals.

(4) Office of International Conferences. The authority to enter into and administer simplified acquisition transactions under FAR Part 13 and orders against existing contracts up to the maximum ordering threshold or limitation pursuant to section 5, Title I, of the Department of State Basic Authorities Act of 1956, as amended.

(5) Bureau of International Narcotics and Law Enforcement Affairs. The authority to enter into and administer simplified acquisition transactions under FAR part 13, to enter into and administer contracts over the simplified acquisition threshold but not exceeding $500,000 for non-commercial item acquisitions; up to $6.5 million for the acquisition of commercial items using the simplified acquisition procedures under the Test Program of FAR subpart 13.5; orders against existing contracts up to the maximum ordering threshold or limitation and personal services contracts pursuant to the Foreign Assistance Act of 1961, as amended; and, 48 CFR Chapter 7, Agency for International Development Acquisition Regulation (AIDAR), including any amendments thereto. INL follows the AIDAR guidance for doing personal service contracts. All other contracting actions follow the DOSAR and DoS regulations. These authorities extend to any acquisition performed by any Department of State contracting activity on behalf of INL.

(6) Office of Small and Disadvantaged Business Utilization. The authority to enter into and administer 8(a) purchase
orders and contracts as a third party pursuant to the Memorandum of Understanding signed with the Small Business Administration.  

(7) Bureau of Administration, Office of Operations. The authority to enter into and administer simplified acquisition transactions for emergency or contingency operations necessary to protect life or federal property. This authority is limited to cases when a contracting officer in the Office of Acquisitions Management is unavailable.  

(8) Regional Procurement Support Offices. The authority to enter into and administer contracts for the expenditure of funds involved in the acquisition of supplies, equipment, publications, and services on behalf of overseas posts is delegated to each Director, Regional Procurement Support Office (RPSO) at the following locations:  
(i) RPSO Frankfurt in conjunction with Consulate General Frankfurt; and  
(ii) RPSO Florida in conjunction with the Florida Regional Center.  
(c) Execution of delegated authority. (1) Whenever the contracting officer makes use of the various statutory authorities available to the Department to waive the application of the Federal Acquisition Regulation or laws governing acquisition, such as those provided in the Foreign Assistance Act (22 U.S.C. 2291) or the Foreign Service Buildings Act (22 U.S.C. 294), a written determination of the basis for using the authority must be prepared and included in the file.  
(2) If the statute or current practice of the requiring office does not specify a particular format, use the following format.

(3) The determination may be made for an individual acquisition or on a class basis, as appropriate. The Contracting Officer must ensure that the proper official makes the determination in question. There may already be a Department of State delegation of authority to a specific individual to make the determination.  

601.602 Contracting officers.  
601.602–1 Authority.  

(a) DOS contracts are awarded pursuant to the foreign affairs management responsibilities conferred on the Secretary of State (22 U.S.C. 2656), and the various laws, regulations, and Executive Orders relating thereto.  
(b) Except as otherwise provided by law, DOS regulations, and this DOSAR, the Procurement Executive has the authority to execute, award, and administer contracts, purchase orders, other contractual arrangements, and other agreements, including FAR-covered interagency acquisition agreements, for the expenditure of funds involved in the acquisition of personal property, services, and for the sale of personal property. The Procurement Executive may further delegate this authority to
601.602–3 Ratification of unauthorized commitments.

(b) Policy. (1) The Government generally is not bound by unauthorized commitments. Unauthorized commitments violate the Federal Property and Administrative Services Act, other Federal laws, the FAR, the DOSAR, and proper acquisition practice. Therefore, such unauthorized commitments are serious violations that could result in disciplinary action against the transgressor, e.g., withdrawal of a contracting officer’s warrant or a Contracting Officer’s Representative delegation or collection action.

(2)(i) Unauthorized commitments not exceeding $1,000. The head of the contracting activity is delegated the authority to serve as the ratifying official for unauthorized commitments not exceeding $1,000, including unauthorized commitments from other agencies where a DOS employee serves as the contracting officer for that action. The head of the contracting activity may refer any actions not exceeding $1,000 to the DOS Procurement Executive for ratification if he or she so chooses.

(ii) Unauthorized commitments exceeding $1,000. All DOS unauthorized commitments in excess of $1,000 shall be submitted to the DOS Procurement Executive for ratification if he or she so chooses.

(iii) Unauthorized commitments exceeding $1,000. All DOS unauthorized commitments in excess of $1,000 shall be submitted to the DOS Procurement Executive for ratification. Unauthorized commitments in excess of $1,000 from other agencies may be referred to the other agency’s representative at post for resolution in accordance with that agency’s ratification process.

(3) Claims. Unauthorized contractual commitments that would involve claims subject to resolution under the Contracts Dispute Act of 1978 shall be processed in accordance with FAR subpart 33.2 and subpart 633.2.

(4) Disciplinary action. The Procurement Executive may refer egregious cases of unauthorized commitments to HR/ER for possible disciplinary action in accordance with 3 FAM 4370 or 3 FAM 4540. Examples might include repeated unauthorized commitments knowingly made by an employee; failure to take responsibility for a deliberate unauthorized commitment; or similar reasons. The Procurement Executive may revoke the appointment certificate of any contracting officer who makes an unauthorized commitment. The Procurement Executive may direct a contracting officer to revoke the appointment memorandum of a Contracting Officer’s Representative or Government Technical Monitor who makes an unauthorized commitment.

[80 FR 6914, Feb. 9, 2015]
is no longer available to attest to the circumstances of the unauthorized commitment, an officer from the responsible office shall accomplish the requirements of this paragraph; the statement shall identify the individual responsible for the unauthorized commitment.

601.603–1 General.

Details of the Department’s acquisition career management program are described in 14 FAH–3, Acquisition Career Management Program Handbook, which is available on the Internet at http://www.state.gov/m/a/dir/regs/fah/14fah03/index.htm.

601.603–3 Appointment.

(a) General. There is no contracting officer authority conferred upon any DOS employee by virtue of position. The Procurement Executive appoints all DOS contracting officers, in conformance with FAR 1.603–3, with the one exception as noted in paragraph (b) of this section. The contracting officer shall retain the original copy of the Standard Form 1402, Certificate of Appointment, signed by the Procurement Executive. Only qualified employees shall be appointed as contracting officers. A/OPE is responsible for providing guidance and oversight in managing such appointments.

(b) Temporary warrants. The Chief of Mission is delegated the authority by the Procurement Executive to issue temporary contracting officer warrants for periods up to 90 calendar days in order to cover emergency, post-specific

These temporary appointments shall be executed on the Standard Form 1402, and a copy shall be furnished to A/OPE. The warrant shall contain both a dollar limitation of no more than $100,000 and a specific time period (not to exceed 90 days) during which the warrant is effective.

(c) Non-Federal employees. Only United States Government employees shall be appointed as contracting officers. For acquisitions at $25,000 and below only, this includes locally employed staff (i.e., Foreign Service Nationals and Third Country nationals). Personal services contractors are not eligible for appointment as DOS contracting officers.

(d) Personal services agreements. Individuals who may sign personal services agreements (PSAs) are limited to the following:

(1) The Human Resources Officer;  
(2) The Human Resources/Financial Management Officer; or,  
(3) The Management Officer or an American Foreign Service Officer designated to perform human resource functions.

(e) Real property leases. The FAR and DOSAR do not apply to leases of real property. A contracting officer certificate of appointment is not required. Authority to sign real property leases is as follows:

**Subpart 604.5—Electronic Commerce in Contracting**

**604.502 Policy.**

(b) The Assistant Secretary of State for Administration is the head of the agency for the purpose of FAR 4.502(b).

(1)(i) Materials not in automated format. For solicitations containing drawings or other materials that are not in an automated format, the contracting officer shall:

(A) Post as much of the solicitation as possible on the Internet; and,

(B) Make hard copies available for those parts of the solicitation that are not in an automated format.

(ii) Posting solicitations for overseas contracting activities. Contracting officers at overseas contracting activities shall post competitive local guard solicitations on the Internet using the Government-wide point of entry if U.S. firms may be competing. Posting of other solicitations is optional.

**Subpart 604.8—Government Contract Files**

604.802 Contract files.

Heads of contracting activities shall maintain standard procedures to conform to FAR 4.902 for file location and maintenance.
the time frames prescribed by FAR Part 4.

(b) Contracting activities are responsible for initiating each contract closeout. Contracting activities and requirements offices are jointly responsible for timely compliance with required contract closeout procedures.

(c) The contract closeout process shall begin as soon as possible after the contract is physically completed, which means that the contractor has delivered the required supplies and the Government has inspected and accepted them, or the contractor has performed and the Government has accepted all services required by the contract, and the base period and any option periods exercised have expired.

(d) Specific procedures. The normal steps for closing out a physically completed contract shall be as follows. These steps are summarized in the Contract Closeout Checklist, which shall be completed by the contracting officer and included in the contract file. The contracting officer shall indicate any items that are not applicable (e.g., patent reports, royalty reports, etc.).

1. The contracting officer shall verify that all work under the contract has been completed; obtain the COR’s assessment of the contractor’s performance; and conduct an initial funds status review, i.e., determine if the contract has excess funds that should be deobligated by contract modification. Contracting officers shall send a cover memo to the COR, to which should be attached the COR Completion Certificate, the applicable performance evaluation form (depending on whether the contract is for construction (SF–1420), architect-engineering services (SF–1421), or other supplies or services (DS–1771, Contractor Evaluation Statement)); and, a final payment and closeout memorandum. Contracting officers may require CORs to input past performance data directly into the Contractor Performance Assessment Reporting System (CPARS) as opposed to completing a paper evaluation form (see 642.1503–70).

2. After receipt of the COR’s response, and the contractor’s release, the contracting officer shall send a final payment memo to the office responsible for payment of invoices/vouchers.

3. An audit is required for cost-reimbursement contracts over $550,000, unless available data are considered adequate for a reasonableness determination, in which case the contract file shall be documented with the appropriate rationale. Requests for audits shall be submitted through the Office of the Inspector General. Cost-reimbursement contracts may be closed after receipt of the audit report and resolution of any issues raised. Quick closeout procedures may be followed, as prescribed in FAR 42.708. The contracting officer may request an audit of any contract, if warranted; however, audits should not be requested if the cost of the audit is likely to exceed potential cost recovery, except where fraud or misrepresentation is suspected.

4. The contracting officer shall send a letter to the contractor requesting release of claims, using the appropriate format. In addition, a Contractor Assignment Letter is required for certain contracts. To determine which format is applicable, contracting officers shall refer to the Payments clause in the contract.

5. The contracting officer shall reconcile the contract obligations and contractor payments, and then deobligate any excess funds remaining in the contract by issuing a contract modification on a SF–30. Close coordination with the finance office is necessary in order to receive the required information to perform a funds status review.

6. The contracting officer shall verify that all relevant documentation is included in the contract file (see 604.803–70).

7. Upon completion of 8(a) contracts, the contracting officer shall complete the Small Business Administration’s Contract Completion Form within ten (10) days of contract completion. One copy shall be forwarded to SBA, one copy shall be retained in the contract file, and one copy shall be sent to OSDBU.

8. For classified contracts, the contractor is required to return to the Department all classified material received or generated under the contract.
or to destroy all classified material, unless retention is requested and authorized by the Department. The contracting officer shall notify DS/PRD/IN of contract completion, final delivery of goods or services or the termination of the classified contract. The contracting officer shall ensure that any classified material contained in the contract file is properly marked and accounted for.

(9) Closeout documents are available on the Intranet at the A/OPE Web site.

(e) Contract files that have been closed out shall be retained in accordance with the schedule in FAR 4.805.

(f) Contract files for contracts using simplified acquisition procedures are considered closed when the contracting officer receives evidence of property/services and final payment. Disposal of such files shall be as prescribed in FAR 4.805.

604.805 Storage, handling, and disposal of contract files.

Heads of contracting activities shall prescribe procedures for handling, storing, and disposing of contract files. Additional guidance on records management may be found in 5 FAM.

Subpart 604.16—Unique Procurement Instrument Identifiers

SOURCE: 80 FR 6916, Feb. 9, 2015, unless otherwise noted.

604.1601 Policy.

(c)(1) Procurement Instrument Identifier (PIID). Uniform numbers shall be assigned to all DOS procurement instruments, domestic and overseas. The numbering system applies to all contracts, purchase orders, and other related instruments, including solicitation documents and delivery orders. This includes instruments executed by DOS contracting officers on behalf of other federal agencies. It does not include requisitions submitted to a contracting activity, or to instruments awarded under Federal assistance arrangements, e.g., grants, cooperative agreements, and loans. (2) Responsibility. Heads of contracting activities are responsible for enforcing compliance with the uniform numbering system. Heads of contracting activities shall develop and maintain a system for assigning and recording contract numbers that conforms to this section.

(3) Instrument identification numbers. A 13-character “alpha-numeric” designator shall be assigned to all DOS procurement instruments. Positions (beginning at the left) one through six shall identify the purchasing office; positions seven and eight, the fiscal year in which the number is assigned; position nine, a symbol designating a type of procurement instrument; and positions ten through thirteen, a four-position serial number.

(i) The first six positions shall commence with “S” to designate a DOS-issued contract. The remaining five characters shall identify the activity preparing the instrument. Domestic and overseas contracting activities shall assign the character codes using

(ii) The seventh and eighth positions shall be the last two digits of the fiscal year in which the number is assigned.

(iii) The ninth position shall be a capital letter assigned to indicate the type of instrument, as follows:

(iv)(A) The tenth through thirteenth positions shall be the serial number for the instrument. A separate set of serial numbers may be used for any type of instrument listed in paragraph (c)(3)(ii) of this section. Each series of numbers for the same activity shall begin with the number 0001 at the start of each fiscal year.

(v)(A) The following illustrates a properly configured contract number for the first number assigned to a fiscal year 2015 contract awarded by the Department of State, Embassy Ottawa: SCA525–15–C–0001

(B) Use of the dashes to separate the individual elements of the series is optional; however, when reporting individual contract actions to the Federal Procurement Data System (see FAR subpart 6.4), dashes shall not be used.

(C) Contracting activities are authorized to use the first digit of the serial number (position 10) to establish discrete series of numbers. For example, the “1000” series may be reserved for Bureau of Consular Affairs requirements (domestic), or the “1000” series may be reserved for Economic section requirements (overseas). Use of discrete series is appropriate generally for activities handling large numbers of transactions and can provide useful management information.

(4) Solicitation amendment and contract modification numbers. Solicitation amendments are to be numbered sequentially, beginning with the alpha designator “A,” e.g., A001. Contract modifications shall also be numbered sequentially, beginning with the alpha designator “M,” e.g., M001.

SOURCE: 80 FR 6916, Feb. 9, 2015, unless otherwise noted.

604.7001 Policy.

The contracting officer shall review each proposed contractual document and its supporting file for completeness and accuracy. Each contract file shall contain all pertinent information applicable to the proposed action. 604.7002 Procedures.

Subpart 604.71—Procurement Quality Assurance Program

Source: 80 FR 6916, Feb. 9, 2015, unless otherwise noted.

604.7101 Purpose.

A procurement quality assurance program is essential to the effective operation of each domestic contracting activity. Each domestic contracting activity and RPSO shall develop a quality assurance plan for review and approval of contract actions to ensure that all requirements of law, regulation, Departmental policy, and sound procurement practices are met, the taxpayer’s interests are adequately protected, and the Department’s mission is well-served. Post quality assurance includes A/OPE review of actions exceeding warrant levels and Staff Assistance Visits (SAVs).

604.7102 Contracting activity reviews.

604.7102–1 Peer reviews.

All contract actions above the simplified acquisition threshold shall be independently reviewed by at least one other qualified contracting professional. This includes solicitations, contracts, contract modifications, and delivery/task orders. This requirement is waived for overseas posts and RPSOs that have only one qualified contracting professional.

604.7102–2 Form and scope of review

(a) The review shall focus on both compliance with statutory/regulatory requirements as well as good contracting practices. Reviews shall be included in the official contract file along with documentation regarding the actions taken in response to the review.

(b) Reviews should be limited in time to prevent unnecessary procurement lead-time, but thorough in scope, considering all documents in the contract file and all relevant contracting issues. Checklists may be used to facilitate a thorough review, as appropriate.

604.7102–3 Approval.

The solicitation, contract, or contract modification being reviewed shall not be issued until all review comments requiring corrective action are satisfactorily resolved. Waivers shall not be granted except in unusual circumstances, and shall be approved in advance by the head of the contracting activity.

604.7103 Review by Assistant Legal Adviser for Buildings and Acquisitions (L/BA).

(a) L/BA shall review solicitations, contract awards, and delivery orders against GSA Federal Supply Schedule contracts exceeding $1 million that are generated by domestic contracting activities, including RPSOs. L/BA shall also review domestic contract modifications exceeding $1 million if the scope or ceiling of the contract may be in question. This review is not required for modifications exercising priced options, incremental funding modifications, and similar actions that do not involve questions regarding the scope or ceiling of the contract.

(b) L/BA shall also review and approve any nonpersonal services contract, purchase order or blanket purchase agreement to be awarded to an individual who is a U.S. citizen.

Subpart 604.72—Secure Procurement for Controlled Access Areas

604.7201 Policy.

GPE notices may be published for any acquisition where the contracting officer decides that publication would be in the Department’s best interests.

(b) Procedures. Contracting officers at overseas contracting activities are not required to prepare an individual determination and findings to document their decision to waive the GPE notice requirements.

(c) Competition requirements. Nothing in this section waives the requirement to obtain competition as required by FAR part 6 and DOSAR (48 CFR) part 606. Competition, including the use of written solicitation, shall be obtained in all cases to the extent feasible. If there are known U.S. firms or firms with U.S. affiliations in local residence capable of supplying the required supplies or services, the contracting activity shall ensure that those firms are included in the source list for the acquisition.

(i) How national security would be compromised if the Department of State’s (or other agencies’) needs were disclosed in the GPE;

(ii) Why the GPE notice cannot be worded in such a manner that national security would not be compromised;

(v) Number and value of contracts that the justification covers; and

(3) The contracting officer is responsible for soliciting offers from as many potential sources as is practicable under the circumstances. However, given the sensitivity required for acquisitions involving national security information, it is expected that requirements offices will work closely with the contracting officer in maximizing competition.

606.302–7 Public interest.

The authority to approve the determination prescribed in FAR 6.302–7(c) is reserved to the Secretary of State.

606.303 Justifications.

However, contracting officers should be aware that statutory ceilings apply to the acquisition of passenger vehicles (i.e., sedans and station wagons) (see P.L. 103–329), so other agencies shall not request that posts acquire vehicles without providing an analysis of how the price compares with this ceiling.

Upon receipt of such material, the fact-finding official shall notify the contractor and schedule a hearing date.

Metrication means any act that increases metric system use, including metric training and initiation or conversion of measurement sensitive processes and systems to the metric system.

Soft metric means the result of mathematical conversion of inch-pound measurements to metric equivalents. The physical dimensions, however, are not changed.

Traditional system of weights and measurements means the predominant weight and measurement system currently used in the United States, also referred to as the “inch-pound system.” The traditional system includes such commonly used units as inch, foot, yard, mile, pint, quart, gallon, bushel, ounce (fluid and avoirdupois), pound, degree Fahrenheit, ampere, candela, and second.

(d) Procedures. (1) DOS contracting activities shall implement the metric system in a manner consistent with 15 U.S.C. 205a, et seq.

(2) All DOS contracting activities shall use the metric system in acquisition consistent with security, operations, economic, technical, logistical, training and safety requirements.

(3) The Department shall encourage industry to adopt the metric system by acquiring commercially available metric products and services that meet the Department’s needs whenever practical. Toward this end, solicitations for DOS acquisitions shall:

(i) State all measurement sensitive requirements in metric terms whenever possible. Alternatives to hard metric are soft, dual and hybrid metric terms. The Metric Handbook for Federal Officials regarding the selection of proper metric units and symbols is available from the National Technical Information Service; and

(ii) For contracts expected to exceed $500,000 contracting officers shall return to the requirements office all specifications and statements of work that are not expressed in some form of metric terms unless the requirements office has prepared a justification, for the approval of the contracting officer, for the use of non-metric specifications or statements of work. The justification shall be in a format as prescribed by the head of the contracting activity. Option year prices shall be considered when computing the $500,000 threshold.

(4) Waivers are not required when ordering from Federal Supply Schedules.

(5) Valid justifications for non-metric specifications or statements of work include, but are not limited to:

(i) Existing specifications or standards are in inch-pound units, unless conversion of the existing specifications or standards is necessary or advantageous to the Government. Unnecessary retrofit of existing systems with new metric components should be avoided if the total cost of the retrofit, including redesign costs, exceeds $50,000;

(ii) Metric is not the accepted industry system with respect to a business-related activity; however, soft, hybrid, or dual systems may be used during the transition to hard metric;

(iii) The use of metric is impractical or is likely to cause significant inefficiencies or loss of markets to U.S. firms.

(6) The contracting officer shall review and, if acceptable, approve the waiver prior to the release of the solicitation. The waiver shall be placed in the contract file. If the waiver is not approved, the contracting officer shall return it to the requirements office with an explanation for the disapproval.

(7) The in-house operating metric costs shall be identified. Identification includes, but is not limited to, the cost of metric aids, tools, equipment, training and increased cost to develop metric specifications. All contracting activities and requirements offices shall maintain a record of any costs and/or savings brought about by metric conversion.

(8) Bulk (loose, unpacked) materials shall be specified and purchased in metric or dual units.

(9) Measuring devices, shop and laboratory equipment shall be purchased in metric or dual units.

313
Shipping allowances, bills of lading and other shipping documents shall be expressed in metric or dual units.

611.602 General.

(c)(1) Authority to use the DPAS is limited to the following circumstances:
(i) The contract or order must be placed with a U.S. firm; and,
(ii) The contract or order must be in support of the DOSESPP, which consists of work involving the security of overseas posts. The DOSESPP includes a wide range of elements of both physical and technical security, such as:
(A) New Embassy/Consulate Compound (NEC/NC) Program. This program involves the construction of new secure Embassies, Consulates, and related facilities, as well as renovations of newly acquired buildings when used as alternatives to the construction of new secure buildings.
(B) Physical security upgrade. This includes installation of forced entry/ballistic resistant (FE/BR) windows and doors, walls/fences, active anti-ram barriers, bollards (concrete and steel barriers), and related items.
(C) Forced entry/ballistic resistant (FE/BR) components. This includes doors, windows, and related facilities and items that can provide the necessary time to protect Government personnel from attack.
(D) Armored vehicles. This includes passenger vehicles with appropriate armoring.
(E) Entry control and building surveillance equipment. This includes walk-through metal detectors, X-ray equipment, surveillance cameras, explosive detection equipment, and other features to enhance the protection of Government personnel and facilities.
(2) DOC has assigned the following priority rating to DOSESPP contracts or orders: DO-H8.

(f) Department of State contracting officers are authorized to sign DO-H8 rated contracts or orders. It is the responsibility of the requirements office to determine which contracts or orders should be rated. All contracts with U.S. firms under the DOSESPP will not necessarily need to be assigned a priority rating.

(g) The contracting officer should place a DO-H8 rating on any contract or order if there is any doubt as to whether a contractor doing work for Embassy security protection will be able to deliver on time. If an unrated contract or order is not completed on time, the contracting officer may modify the contract or order to add the rating; however, the rating shall only be effective for the newly established delivery date, not the original delivery date.

619.202 Specific policies.

619.202-70 The Department of State Mentor-Protégé Program.

(a) Purpose. The Mentor-Protégé Program is designed to motivate and encourage firms to assist small businesses with business development, including small disadvantaged businesses, women-owned small businesses, HUBZone small businesses, veteran-owned small businesses and service-disabled veteran-owned small businesses. The program is also designed to improve the performance of DOS contracts and subcontracts, foster the establishment of long-term business relationships between small businesses and prime contractors, and increase the overall number of small businesses that receive DOS contract and subcontract awards. The program is limited to non-commercial item acquisitions.

(b) Definitions. The definitions of small business (SB), HUBZone small business concern (HUBZone), small disadvantaged business (SDB), women-owned small business (WOSB), veteran-owned small business (VOSB), and service-disabled veteran-owned small business (SDVOSB) are the same as found in FAR 2.101.

Mentor means a prime contractor that elects to promote and develop small business subcontractors by providing developmental assistance designed to enhance the business success of the protégé.

Protégé means a small business, HUBZone small business, small disadvantaged business, women-owned small business, veteran-owned small business, or service-disabled veteran-owned small business that is the recipient of developmental assistance pursuant to a mentor-protégé program.

(c) Non-affiliation. For purposes of the Small Business Act, a protégé firm is not considered an affiliate of a mentor firm solely because the protégé firm is receiving developmental assistance from the mentor firm under the program.

(d) General policy. (1) Eligible business prime contractors not included on the “List of Parties Excluded from Federal Procurement and Nonprocurement Programs” that are approved as mentor firms may enter into agreements with eligible protégé.

(2) A firm’s status as a protégé under a DOS contract shall not have an effect on the firm’s ability to seek other prime contracts or subcontracts.

(e) Incentives for prime contractor participation. (1) Under the Small Business Act (15 U.S.C. 637(d)(4)(E)), DOS is authorized to provide appropriate incentives to encourage subcontracting opportunities for small businesses consistent with the efficient and economical performance of the contract. This authority is limited to negotiated acquisitions.
(2) Before awarding a contract that requires a subcontracting plan, the existence of a mentor-protégé arrangement, and performance, if any, under an existing arrangement, may be considered by the contracting officer in:

(i) Evaluating the quality of a proposed subcontracting plan under FAR 19.704–5; and,

(ii) Assessing the prime contractor’s compliance with the subcontracting plans submitted in previous contracts as a factor in determining contractor responsibility under FAR 19.705–5(a)(1).

(3) A non-monetary award may be presented annually (or as often as appropriate) to the mentoring firm providing the most effective developmental support of a protégé. The Mentor-Protégé Program Manager will recommend an award winner to the Operations Director, OSDBU.

(f) Measurement of program success. The success of the DOS Mentor-Protégé Program will be measured by:

(1) The increase in the number and dollar value of contracts awarded to protégé firms under DOS contracts from the date the protégé enters the program;

(2) The increase in the number and dollar value of contracts and subcontracts awarded to the protégé under other Federal agencies and commercial contracts; and,

(3) The developmental assistance provided by the mentor firm and the resulting increase in the technical, managerial, financial or other capabilities of the protégé firm, as reported by the protégé.

(g) Eligibility of mentor firms. A mentor firm:

(1) May be either a large or small business;

(2) Must be eligible for award of U.S. Government contracts;

(3) Must be able to provide developmental assistance that will enhance the ability of protégé to perform as subcontractors; and,

(4) Will be encouraged to enter into arrangements with protégé and firms with whom they have established business relationships.

(h) Eligibility of protégé firms. (1) A protégé firm must be:

(i) A SB, HUBZone, SDB, WOSB, VOSB, or SDVOSB as those terms are defined in FAR 2.101;

(ii) Small in the NAICS code for the services or supplies to be provided by the protégé to the mentor; and,

(iii) Eligible for award of U.S. Government contracts.

(2) Except for SDB and HUBZone firms, a protégé firm may self-certify to a mentor firm that it meets the requirements set forth in paragraph (h)(1) of this subsection. Mentors may rely in good faith on written representations by potential protégé that they meet the specified eligibility requirements. SDB status eligibility and documentation requirements are determined by FAR 19.304. HUBZone status eligibility and documentation requirements are determined by FAR 19.1303.

(3) Protégé may have multiple mentors, protégé participating in mentor-protégé programs in addition to DOS’s program should maintain a system for preparing separate reports of mentoring activity for each agency’s program.

(i) Selection of protégé firms. (1) Mentor firms are solely responsible for selecting protégé firms. The mentor is encouraged to identify and select a broad base of protégé firms whose core competencies support DOS’s mission.

(2) Mentors may have multiple protégé.

(3) The selection of protégé firms by mentor firms may not be protested, except that any protest regarding the size or eligibility status of an entity selected by a mentor shall be handled in accordance with FAR and SBA regulations.

(j) Application and agreement process for mentor-protégé teams to participate in the program. (1) Firms interested in becoming a mentor firm shall apply in writing to OSDBU. The application (Form DS–4053, Department of State Mentor-Protégé Program Application), shall be evaluated by the nature and extent of technical and managerial support proposed as well as the extent of financial assistance in the form of equity investment, loans, joint-venture support, and traditional subcontracting support proposed.
(2) A proposed mentor shall submit the application form and associated information to OSDBU.

(k) OSDBU review of application. (1) OSDBU shall review the information to ensure the mentor and protégé are eligible and the information provided is complete. OSDBU shall consult with the contracting officer on the adequacy of the proposed mentor-protégé arrangement, and its review shall be complete no later than 30 calendar days after receipt of the application by OSDBU.

(2) Upon completion of the review, OSDBU will advise the mentor if its application is acceptable. The mentor may then implement the developmental assistance program in accordance with the approved agreement.

(3) The agreement defines the relationship between the mentor and protégé firms only. The agreement itself does not create any privity of contract between the mentor or protégé and the DOS.

(l) Developmental assistance. The forms of developmental assistance a mentor can provide to a protégé include:

(1) Management guidance relating to:
   (i) Financial management;
   (ii) Organizational management;
   (iii) Overall business management/planning;
   (iv) Business development; and,
   (v) Technical assistance.
(2) Loans;
(3) Rent-free use of facilities and/or equipment;
(4) Property;
(5) Temporary assignment of personnel to protégé for purpose of training; and,
(6) Any other types of permissible, mutually beneficial assistance.

(m) Obligation. (1) A mentor or protégé firm may voluntarily withdraw from the program. However, in no event shall such withdrawal impact the program mission and contractual requirements under the prime contract.

(2) Mentor and protégé firms shall submit to OSDBU annual reports on program progress of the mentor-protégé agreements. Large business mentors may submit these reports as part of their SB, HUBZone, SDB, WOSB, VOSB, and SDVOSB plan submission in accordance with the due date on the SF–295. DOS shall consider the following in evaluating these reports:

(i) Specific actions taken by the contractor, during the evaluation period, to increase the participation of protégés as suppliers to the U.S. Government and to commercial entities;
(ii) Specific actions taken by the mentor, during the evaluation period, to develop the technical and corporate administrative expertise of a protégé as defined in the agreement;
(iii) To what extent the protégé has met the developmental objectives in the agreement; and,
(iv) To what extent the mentor firm’s participation in the Mentor-Protégé Program resulted in the protégé receiving contract(s) and subcontract(s) from private firms and agencies other than the DOS.

(3) The DOS OSDBU shall submit the annual reports to the cognizant contracting officer regarding participating prime contractor(s) performance in the program.

(4) Mentor and protégé firms shall submit an evaluation to the OSDBU at the conclusion of the mutually agreed upon program period, the conclusion of the contract, or the voluntary withdrawal by either party from the program, whichever comes first.

(n) Internal controls. (1) OSDBU shall oversee the program and shall work with the cognizant contracting officer to achieve program objectives.

(2) DOS may rescind approval of an existing Mentor-Protégé agreement if it determines that such an action is in the Department’s best interest. The rescission shall be in writing and sent to the mentor and protégé firms after approval by the OSDBU Operations Director. Rescission of an agreement does not change the terms of the subcontract between the mentor and the protégé or the prime contractor’s obligations under its subcontracting plan.

(o) Solicitation provision and contract clause. (1) The contracting officer shall insert the provision at 652.219–72, Department of State Mentor-Protégé Program, in all unrestricted solicitations exceeding $650,000 ($1,500,000 for construction) that offer subcontracting opportunities.
(2) The contracting officer shall insert the clause at DOSAR 652.219-73, Mentor Requirements and Evaluation, in all contracts where the prime contractor has signed a Mentor-Protégé Agreement with the Department of State.

Subpart 628.3—Insurance

Source: 71 FR 34840, June 16, 2006, unless otherwise noted.

628.305 Overseas workers’ compensation and war-hazard insurance.

(b)(1) Acquisitions for services, including construction but excluding personal services contracts, requiring contractor personnel to perform work outside of the United States, shall include the contractual obligation for coverage under the Defense Base Act (42 U.S.C. Sections 1651–1654, as amended), for covered contractor employees. For the purposes of this section, “covered contractor employees” includes the following individuals:

(i) United States citizens or residents;

(ii) Individuals hired in the United States or its possessions, regardless of citizenship; and,

(iii) Local nationals and third country nationals where contract performance takes place in a country where there are no local workers’ compensation laws.

(2) Individuals who are self-employed (i.e., they have not incorporated) do not meet the definition of an employee. No Defense Base Act insurance is required when contracting with these individuals.

(3) Exceptions are discussed in paragraphs (e)(1) and (f) of this section.

(d) The authority to recommend a waiver from the Defense Base Act, as set forth in FAR 28.305(d), is reserved to the Secretary of State.

(e)(1) The Secretary of Labor has waived the applicability of the Defense Base Act to all DOS service contracts, including construction, for contractor employees who are local nationals or third country nationals. This waiver is conditioned on the requirement for the contractor to provide workers’ compensation benefits against the risk of work injury or death and assume liability toward the employees and their beneficiaries for war-hazard injury, death, capture, or detention as prescribed by the local workers’ compensation laws.

(2) In cases where a contract is performed in a country where there are no local workers’ compensation laws, local and third country national contractor employees are considered to be “covered contractor employees”, and the contractor shall acquire Defense Base Act insurance for those employees pursuant to the contract between the Department of State and the Defense Base Act insurance broker.

(f)(1) Section 16 of the State Department Basic Authorities Act (22 U.S.C. 2680a), as amended, provides that the Defense Base Act shall not apply with respect to such contracts as the Secretary of State determines are contracts with persons employed to perform work for the Department of State on an intermittent basis for not more than 90 days in a calendar year. The Department of State has established that “persons” includes employees hired by companies under contract with the Department. The Procurement Executive has the authority to issue the waivers for employees who
work on an intermittent or short-term basis. Waivers may be issued only for employees who are U.S. citizens and residents, and only where the contractor provides evidence of alternative workers’ compensation coverage for those employees. Waivers may not be issued for local or third country nationals.

(2) The contractor shall submit waiver requests to the contracting officer. The request shall contain the following information:

(i) Contract number;
(ii) Name of contractor;
(iii) Brief description of the services to be provided under the contract and country of performance;
(iv) Name and position title of individual(s);
(v) Nationality of individual(s) (must be U.S. citizen or resident);
(vi) Dates (or timeframe) of performance at the overseas location; and
(vii) Evidence of alternative workers’ compensation coverage for these employees (e.g., evidence that the State workers’ compensation program covers workers on short-term foreign assignments).

(3) The contracting officer shall review the request for completeness and accuracy. If the request is complete and accurate, the contracting officer shall forward the request to the Procurement Executive. If the contractor does not provide complete and accurate information, the contracting officer shall return the request to the contractor with an explanation as to what additional information is required.

(4) The Procurement Executive shall review requests for waiver forwarded by the contracting officer and either approve or disapprove the request. The Procurement Executive shall return the request indicating his/her approval or disapproval to the contracting officer. Any request that is not approved shall describe the reason(s) why the request was not approved. The contracting officer shall provide the contractor with the original of the approved or disapproved document and maintain a copy in the contract file.

Subpart 633.2—Disputes and Appeals

633.203  Applicability.

(b) The Procurement Executive is the agency head for the purposes of FAR 33.203(b).

[53 FR 26173, July 11, 1988, as amended at 80 FR 6922, Feb. 9, 2015]

633.214  Alternative Dispute Resolution (ADR)

633.214–70  DOS ADR program.

(a) Policy. The Department’s goal is to resolve contract disputes before the issuance of a contracting officer’s final decision under the Disputes statute (41 U.S.C. chapter 71). Contracting officers shall consider all possible means of reaching a negotiated settlement, consistent with the Government’s best interests, before issuing a final decision on a contractor claim under the process outlined in FAR 33.206 through 33.211.
(b) When to use ADR—(1) Factors favoring ADR. Contracting officers should consider using ADR in those cases where:
   (i) Only facts are in dispute;
   (ii) The facts are clearly not favorable to the Government;
   (iii) The anticipated costs (in time and money) are less than the anticipated costs of litigation;
   (iv) Settlement attempts have reached an impasse;
   (v) ADR techniques have been used successfully in similar situations;
   (vi) There is a need for independent expert analysis; or,
   (vii) The claim has merit but its value is overstated.
(2) Factors disfavoring ADR. The following circumstances do not favor use of ADR:
   (i) Cases involving disputes controlled by clear legal precedent, making compromise difficult;
   (ii) The resolution will have a significant impact on other pending cases or on the future conduct of Department business;
   (iii) The dispute is primarily over issues of law;
   (iv) A decision of precedential value is needed;
   (v) A significant policy question is involved;
   (vi) A full public record of the proceeding is important;
   (vii) The outcome could significantly involve persons who are not parties to the contract;
   (viii) The costs of pursuing an ADR procedure (in time and money) exceed the cost of litigation;
   (ix) The nature of the case may cause ADR to be used merely for delay or discovery; or,
   (x) The case involves criminal violations.
(3) Initial action. Immediately upon receipt of a claim, the contracting officer shall send a letter acknowledging receipt of the claim and soliciting the contractor's views on submitting this claim for ADR. In every dispute, the first step toward resolution shall be unassisted negotiations, in which the parties try to work out the disagreement among themselves. If this fails, before issuing a final decision, the contracting officer shall consult first with the head of the contracting activity, and contact the Office of the Legal Adviser and A/OPE to determine whether the disagreement appears susceptible to resolution by ADR. Consideration shall be given to pursuing additional fact-finding or designating a neutral expert in the disputed issue to provide an advisory opinion.
(c) Methods of ADR. If the initial action to resolve the dispute fails, and the contracting officer issues a final decision which is appealed, ADR may still be feasible. The CBCA issues a notice regarding ADR to all contractors who file appeals under the Contract Disputes Act. This notice describes the following ADR techniques, which contracting officers are urged to discuss with contractors at any time:
   (1) Settlement judge. A settlement judge is either an administrative judge or hearing examiner who is appointed by the parties in dispute for the purpose of facilitating settlement. The agenda is flexible and based on the specifics of the individual dispute. By holding a frank, in-depth discussion of the strengths and weaknesses of each party's position, the settlement judge may be able to foster a settlement of the dispute. The settlement judge may meet with the parties jointly or individually, and the settlement judge's recommendations are not binding. Typically, the settlement judge's opinions, based on his or her experience in handling prior disputes, will help the parties realize whether their arguments have merit or not.
   (2) Minitrial. A minitrial is not an actual trial but rather a flexible, expedited, but structured procedure in which each party presents an abbreviated version of its position both to a neutral advisor (who may be appointed by the CBCA) and to principals of the parties who have full contractual authority to conclude a settlement. The parties mutually decide on the form of presentation without regard to traditional judicial proceedings or rules of evidence. An advance agreement by the parties specifies the procedure to be followed in making presentations, as well as the role of the neutral advisor. Upon conclusion of the presentations, settlement negotiations are conducted.
The neutral advisor may assist the parties in negotiating settlement, including making non-binding recommendations.

(3) **Summary trial with binding decision.** A summary trial with binding decision is a procedure in which the scheduling of an appeal is expedited and the parties try their appeal informally before an administrative judge or panel of judges. The length of the trial and the time for presentation and decision are tailored to the needs of the particular case. Trial procedures and rules applicable to appeals are modified or eliminated to expedite resolution of the appeal. The parties must agree, however, that all decisions, rulings, and orders by the judge(s) are final, conclusive, and not appealable, and may not be set aside, except for fraud. A summary “bench” decision is issued at the conclusion of the trial or a summary written decision will be issued within ten (10) days of either the trial’s conclusion or receipt of a trial transcript.

(4) **Mediation.** Mediation is a process in which a neutral and impartial third party assists the Government and the contractor in conflict to negotiate an acceptable settlement of contested issues. The mediator is jointly selected and is asked by the disputing parties to assist them to reach a voluntary agreement. The mediator has no decision-making authority and cannot impose a decision. Mediation assistance involves working with the parties to improve their communications, clarify or interpret data, identify key issues to be discussed, design an effective negotiation process, generate settlement options, or help to identify or formulate areas of agreement. Additional information on alternative dispute resolution and mediation resources is available at the following address on the Internet: [http://www.adrr.com](http://www.adrr.com)

(5) **Arbitration.** Non-binding arbitration is a process in which a dispute is jointly submitted by the Government and a contractor to an impartial and neutral person or panel who provides a written, non-binding opinion used as a guide for negotiations toward a settlement. Although the Administrative Dispute Resolution Act of 1990 (Pub. L. 101–552) allows agencies to use binding arbitration, the law provides that the agency head may vacate any arbitration award within 30 days after it is served on all parties. For this reason, non-binding arbitration is preferable. Additional information on alternative dispute resolution and mediation resources is available at the following address on the Internet: [http://www.adrr.com](http://www.adrr.com)

(6) **Partnering.** Partnering involves an agreement in principle to share the risks involved in completing a project, and to establish and promote a partnership environment. Partnering itself is not a contractual agreement and it does not create any legally enforceable rights, but instead partnering seeks to create a new cooperative attitude in completing Government contracts. The three basic steps in partnering are:

(i) Establish the new relationship through personal contact among the principals for the Government and the contractor before the work begins;

(ii) Prepare a joint statement of goals establishing common objectives in specific detail for reaching the goals; and,

(iii) Identify specific dispute prevention processes designed to head off problems, evaluate performance, and promote cooperation. Additional information on alternative dispute resolution and mediation resources is available at the following address on the Internet: [http://www.adrr.com](http://www.adrr.com)

(d) **ADR procedures.** The ADR method shall be selected voluntarily by both the Government and the contractor. Both parties shall agree on the procedures to be followed, including the agenda and amount of time allowed for each party to present its case. The parties may choose not to have a written transcript or hearing on the record, as this might inhibit settlement. Also, the decision rendered, if any, should not be considered to establish any precedent for future litigation unless the parties agree otherwise. In cases where the parties agree to pay jointly for a third-party neutral advisor, it is recommended that the parties and the advisor agree on a fair and reasonable price. The Government would then issue a simplified acquisition (if the dollar amount does not exceed the simplified acquisition threshold) for 50% of the agreed price, and the advisor would
submit separate invoices (each for 50% of the price) to the Government and the contractor.

637.104 Personal services contracts.
(e) The Office of the Legal Adviser is the DOS legal counsel for the purposes of FAR 37.104(e).

637.104–70 DOS authorities for personal services contracts.
Pursuant to FAR 37.104(b), DOS statutory authorities for personal services contracts are—
(a) For the Department, section 2(c) of the State Department Basic Authorities Act of 1956, as amended (22 U.S.C. 2669);
(b) For the Bureau of Population, Refugees, and Migration, section 5(a)(6) of the Migration and Refugee Assistance Act of 1962, as amended (22 U.S.C. 2665);
(c) For the Bureau for International Narcotics and Law Enforcement Affairs, section 636(a)(3) of the Foreign Assistance Act of 1961, as amended (22 U.S.C. 2396);
(d) For the Foreign Service Institute, section 704(a)(4) of the Foreign Service Act of 1980, as amended (22 U.S.C. 4024);
(e) For the Office of Foreign Missions, section 208(d) of Title II—Authorities Relating to the Regulation of Foreign Missions, of the State Department Basic Authorities Act of 1956, as amended (22 U.S.C. 4308);
(f) For the Bureau of Overseas Buildings Operations, section 5 of the Foreign Service Buildings Act, 1926, as amended (22 U.S.C. 296);
(g) For the U.S. Mission to the United Nations, section 7 of the United Nations Participation Act of 1945, as amended (22 U.S.C. 287e);
(h) For the Bureau of International Organization Affairs, the separate State Department appropriations acts; and

637.104–71 Personal services agreements.
(a) Applicability. This section applies only to personal services agreements (PSAs) awarded under the authority of 22 U.S.C. 2669(c).
(b) Definition. “Personal Services Agreement (PSA)” is a method of employment using the statutory authority under 22 U.S.C. 2669(c). The Procurement Executive has delegated program management responsibility for PSAs awarded under the Department of State basic authority at 22 U.S.C. 2669(c). When applied to U.S. citizens hired under this authority, the term “PSA Plus” is normally used.
(c) Policy. DOS contracting officers at overseas posts should not award any personal services contracts that are subject to acquisition statutes and regulations.
(d) Authority. (1) The Foreign Relations Authorization Act, Fiscal Years 1994 and 1995, amended section 2(c) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2669(c)) by revising the Department’s authority. This language states: “and such contracts are authorized to be negotiated, the terms of the contracts to be prescribed, and the work to be performed, where necessary, without regard to such statutory provisions as relative to the negotiation, making, and performance of contracts and performance of work in the United States.”
(2) This authority was further amended under the National Defense Authorization Act for Fiscal Year 2002
which added subsection (n) to 22 U.S.C. 2669. This language states “exercise the
authority provided in section (c), upon
the request of the Secretary of Defense
or the head of any other department or
agency of the United States, to enter
into personal services contracts with
individuals to perform services in sup-
port of the Department of Defense or
such other department or agency, as
the case may be.” This authority al-
lowed the use of 22 U.S.C. 2669(c) by all
other agencies, provided they meet cer-
tain criteria and agree to follow cer-
tain guidelines laid out in a Memo-
randum of Agreement (MOA). That
MOA is not signed at the post level,
but by a senior official at the Depart-
ment of State and the other agency.
Without the MOA in place, other agen-
cies may not use this basic authority.
HR/OE has responsibility for imple-
mentation of the authority that came
with this legislative change. The HR/
OE Web site includes the latest listing
of agencies that have signed the MOA
and can use this authority.

(3) This statutory language has con-
tinuing effect and provides authority
to the Department of State, and now
other agencies, if they so agree, to ob-
tain personal services without adher-
ence to acquisition statutes. In fur-
therance of the authority provided by
the statute, the Procurement Execu-
tive has waived the applicability of ac-
quision regulations when obtaining
personal services under the authority
of 22 U.S.C. 2668(c). As a result, it is not
necessary for the individual executing
a PSA under the authority of 22 U.S.C.
2669(c) to have a contracting officer’s
certificate of appointment required
under FAR 1.603 and 601.603 (see 601.603–
3(d)).

e) Signatory authority. Only direct
hire U.S. citizens may sign PSAs. Pro-
vided the individual meets that cri-
teron, individuals who may sign PSAs
are limited to the following:

(1) The Human Resources Officer;
(2) The Human Resources/Financial
Management Officer; or
(3) The Management Officer or Amer-
ican FSO designated to perform human
resources functions (e.g., GSO, RSO,
etc.).

(1) The Office of the Legal Adviser;

(2) An individual one level above the contracting officer; and

(3) For overseas posts, A/SEP.

Termination for default under a contract’s default clause is appropriate when the circumstances giving rise to the debarment or suspension also constitute a default in the contractor’s performance of that contract. Debarment or suspension of the contractor for reasons unrelated to the performance of that contract may not support a termination for default.

(c) Termination for convenience or cancellation. Termination for convenience or cancellation under appropriate contract clauses should be considered when the contractor presents a significant risk to the Government in completing a current contract and when such termination for convenience or cancellation is determined to be in the Government’s best interests. In making this determination, the contracting officer should consider such factors as the—

(1) Seriousness of the cause for debarment or suspension;

(2) Extent of contract performance;

(3) Potential costs to the Government;

(4) Urgency of the requirement and the impact of the delay; and/or

(5) Availability of other safeguards to protect the Government’s interests.

649.106 Fraud or other criminal conduct.

If the Contracting Officer (CO) suspects fraud or other criminal conduct
related to the settlement of a terminated contract, the CO shall discontinue negotiations and report the facts to the Office of the Inspector General.

649.111 Review of proposed settlements.

All proposed termination settlements shall be reviewed and approved by the Office of the Legal Adviser for legal sufficiency. In addition,

(a) All proposed termination settlements from domestic contracting activities shall be approved by the head of the contracting activity, with the exception of termination settlements on simplified acquisitions and no-cost termination settlements; and,

If such a solicitation is considered competitively restrictive or does not appear properly conducive to competition and commercial practices, potential offerors are encouraged first to contact the contracting officer for the solicitation. 652.216-70 Ordering—Indefinite-Delivery Contract.

As prescribed in 616.506-70, insert the following clause:

ORDERING—INDEFINITE-DELIVERY CONTRACTS (APR 2004)

The Government shall use one of the following forms to issue orders under this contract:

(a) The Optional Form 347, Order for Supplies or Services, and Optional Form 348, Order for Supplies or Services Schedule—Continuation; or,
652.216–71 Price Adjustment.

As prescribed in 616.203–4, insert a clause substantially the same as follows:

**PRICE ADJUSTMENT (AUG 1999)**

(a) The contract price may be increased or decreased in actual costs of direct service labor which result directly from laws enacted and effective during the term of this contract by the [insert name of country] Government. Direct service labor costs include only the costs of wages and direct benefits (such as social security, health insurance, unemployment compensation insurance) paid to or incurred for the direct benefit of personnel performing services under one of the categories listed in Section [identify section number] of this contract. Price adjustments will include only changes in direct service labor costs incurred in order to comply with the requirements of the law. No adjustment will be made under this clause with respect to labor costs of personnel not performing direct service labor under the categories of Section [identify section], nor for overhead, profit, general and administrative (G&A) costs, taxes or any other costs whatsoever.

(b) For the contracting officer to consider any request for adjustment, the contractor shall demonstrate in writing:

1. That the change in the law occurred during the term of this contract and subsequent to the award date of this contract; and,

2. That the change in the law could not have been reasonably anticipated prior to contract award; and,

3. How the change in the law directly affects the contractor’s costs under this contract.

(c) The contractor shall present data that clearly supports any request for adjustment. This data shall be submitted no later than 30 calendar days after the changes in the law have been made public. This data shall include, but not be limited to, the following:

1. The calculation of the amount of adjustment requested; and,

2. Documentation which identifies and provides the appropriate portions of the text of the particular law from which the request is derived.

(d) In order to establish the change between the requested adjusted rate and the original rate, the contractor shall support the appropriate data and composition of the original rate and the requested adjusted rate. This shall include details regarding specific hourly rates paid to individual employees. For contracts paid in U.S. dollars, the contractor’s request for price adjustment shall present data reflecting:

1. The exchange rate in effect on the date of the contractor’s proposal that was accepted for the basic contract; and

2. The current exchange rate and its effect on payment of workers in local currency. The allowable adjustment shall be limited to the extent to which increases in direct service labor costs due to host country law changes are not offset by exchange rate gains.

(e) Only direct cost changes mandated by enacted laws shall be considered for adjustment under this contract. Changes for purposes of maintaining parity of pay between employees at the minimum mandated levels and employees already paid at levels above the newly mandated minimums shall not be considered. Therefore, if the contractor elects to increase payments to employees who are already being paid at or above the mandated amounts, such increased costs shall be borne solely by the contractor and shall not be justification for an increase in the hourly and monthly rates under this contract.

(f) Any request for adjustment shall be presented by signature of an officer or general partner of the contractor having overall responsibility for the conduct of the contractor’s affairs.

(g) No adjustment shall be made to the contract price that relates to any indirect, overhead, or fixed costs, profit or fee. Only the changes in direct service labor wages (and any benefits based directly on wages) shall be considered by the U.S. Government as basis for contract price changes.

(h) No request by the contractor for an adjustment under this clause shall be allowed if asserted after final payment has been made under this contract.

(i) This clause shall only apply to laws enacted by the [insert name of country] Government meeting the criterion set forth above in paragraph (b). No adjustments shall be made due to currency fluctuations in exchange rates.

(a) Section 8(a) of the U.S. Export Administration Act of 1979, as amended (50 U.S.C. 2407(a)), prohibits compliance by U.S. persons with any boycott fostered by a foreign country against a country which is friendly to the United States and which is not itself the object of any form of boycott pursuant to United States law or regulation. The contractor agrees to perform the contract up to the point at which the total amount paid and payable by the Government (including amounts payable for subcontracts and settlement costs if this contract is terminated for convenience) approximates but does not exceed the total amount obligated.

(c)(1) It is contemplated that funds now obligated under this contract will cover the work to be performed until [contracting officer insert date].

(2) If the contractor considers the funds obligated under this contract to be insufficient to cover the work to be performed until that date, or another date agreed to by the parties, the contractor shall notify the contracting officer in writing and indicate the date on which it expects expended funds to approximate 75 percent of the total amount obligated. The notice shall state the estimated amount of additional funds required to continue performance through the date...
specified in paragraph (c)(1) of this clause or another date agreed to by the parties.

(3) If, after notification is provided pursuant to paragraph (c)(2) of this clause, additional funds are not obligated, or an earlier date than the date in paragraph (c)(1) of this clause is not agreed to, the contractor shall not be obligated to continue performance under this contract (including actions under the termination clause of this contract) beyond the funds obligated for contract performance.

(d) When additional funds are obligated from time to time for continued performance of this contract, the contract shall be modified to increase the funds obligated and to include a period of performance for which funds are applicable. The contractor may notify the contracting officer as provided in paragraph (c)(2) of this clause regarding any additional funds obligated.

(e) If the contractor incurs additional costs or is delayed in the performance of work under this contract, solely by reason of the Government’s failure to obligate additional funds in amounts sufficient for the timely performance of this contract, an equitable adjustment may be made to the price, or time of delivery, or both.

(f) This clause shall become inoperative upon obligation of funds sufficient to cover the full price stated in the contract, except for rights and obligations then existing under this clause.

(g) Nothing in this clause shall affect the Government’s right to terminate the contract for convenience or default.

(End of clause)

For these purposes, the contractor shall:

1. Provide appropriate safety barricades, signs and signal lights;

The contractor shall report this data in the manner prescribed by the contracting officer.

(c) Subcontracts. The contractor shall be responsible for its subcontractors’ compliance with this clause.

(e) Notification. The contracting officer shall notify the contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the contractor or the contractor’s representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving
the notice, the contractor shall immediately take corrective action. If the contractor fails or refuses to promptly take corrective action, the contracting officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any suspension of work order issued under this clause.

As prescribed in 636.570(b), insert the following provision:

STATEMENT OF QUALIFICATIONS FOR THE OMNIBUS DIPLOMATIC SECURITY AND ANTITERRORISM ACT (FEB 2015)

(a) This solicitation is subject to Section 402 of the Omnibus Diplomatic Security and Antiterrorism Act of 1986 (P.L. 99–399; 22 U.S.C. 4852). The Act limits certain construction projects abroad to United States persons or United States joint venture persons. This Statement of Qualifications shall be used to determine if a bidder/offeror meets
the definition of a “United States person” or a “United States joint venture person.”

(b) Definition. As used in this provision—

U.S. person means a company, partnership, or joint venture that the Government determines, after consideration of all available information, including but not limited to that provided by the bidder/offeror in response to this solicitation, to be qualified pursuant to Section 402.

(c) Representation. The bidder/offeror represents as part of its bid/offer that it does not meet the qualifications as a U.S. person as set forth in Section 402 of the Act.

[Complete a Statement of Qualifications for Purposes of Determining Status as a U.S. Person if the offeror represents that it is eligible. See paragraph (d) of this provision.]

Warning: Any material misrepresentation made in the Statement of Qualifications may, at the discretion of the Government, result in disqualification of a bidder/offeror and reference for consideration of suspension or debarment or for prosecution under Federal law (cf. 18 U.S.C. 1001). Bidder/offeror qualifications will be determined primarily on the basis of information submitted in the Statement of Qualifications, including attachments thereto, but the Government may, at its discretion, rely on information contained elsewhere in the bidder/offeror’s bid/proposal or obtained from other sources.

(d) Statement of Qualifications for Purposes of Determining Status as a U.S. Person (22 U.S.C. 4852). A bidder/offeror that represents that it is a U.S. person must provide the following information.

Statement of Qualifications for Purposes of Determining Status as a U.S. Person (22 U.S.C. 4852)

Name and address of U.S. person organization providing this information:

Introduction. Section 402 of the Omnibus Diplomatic Security and Antiterrorism Act (Public Law 99-399) provides that a “United States person” or a “qualified United States joint venture” must meet certain requirements, listed in sections 402(c)(2) and (3) of the Act, to be eligible to compete. To assist business entities to determine whether they qualify as a U.S. person or U.S. joint venture person, guidance is hereby provided. For ease of reference, the statutory language is quoted immediately before the definitions that apply to it. Space for the required information is provided immediately following each definition.

NOTE: The Statement of Qualifications shall provide information correctly applicable to the U.S. corporations being certified, and shall not include information pertaining to corporate affiliates or subsidiaries. Organizations that wish to use the experience or financial resources of any other legally dependent organization or individual, including parent companies, subsidiaries, or other related organizations, must do so by way of a joint venture. A prospective bidder/offeror may be an individual organization or firm, a formal joint venture in which the co-venturers have reduced their arrangement to writing, or a de facto joint venture where no formal agreement has been reached, but the offering entity relies upon the experience of a related U.S. firm that guarantees performance. To be considered a “qualified United States joint venture person,” the joint venture must have at least one firm or organization that itself meets all the requirements of a U.S. person listed in Section 402. By signing this bid/proposal, the U.S. person co-venturer agrees to be individually responsible for performance of the contract, notwithstanding the terms of any joint venture agreement.

1. Section 402(c)(2)(A): “The term ‘United States person’ means a person which—(A) is incorporated or legally organized under the laws of the United States, including the District of Columbia, and local laws.”

Definitions for purposes of Section 402 determinations of eligibility—

Incorporated means the successful de jure incorporation of a business organization pursuant to the laws of any United States jurisdiction or component thereof.

Legally organized means the legally recognized existence of an organization other than a de jure corporation (e.g., a partnership) under the laws of any United States jurisdiction or component thereof. Only organizations that have a legal status, including the right to bring suit, to sign contracts, and to hold property under the law of the jurisdiction where they are doing business will qualify as legally organized. A natural person who is a United States citizen acting in his or her entrepreneurial capacity will be deemed to be a “person legally organized” within the scope of this definition, provided that the prospective bidder/offeror holds all required licenses to do business in the jurisdiction where he or she is located.

United States means any jurisdiction that is one of the fifty States, the District of Columbia, a United States territory, a United States possession, or the Commonwealths of Puerto Rico and the Northern Mariana Islands.

Question 1. The organization seeking eligibility under Section 402 is incorporated or is legally organized under the laws of what jurisdiction?

2. Section 402(c)(2)(B): “The term ‘United States person’ means a person which—(B) has its principal place of business in the United States.”

Definitions for purposes of Section 402 determinations of eligibility—
Principal place of business means the main location of the prospective bidder/offeror. For purposes of this section, a prospective bidder/offeror shall identify only one principal place of business, and such location shall include at least the offices of the chief operating officer and headquarters staff. The named location must be a United States jurisdiction from which a tax return has been filed or will be filed during the calendar year in which the prospective bidder/offeror submits this bid/offer.

United States means any jurisdiction that is one of the fifty States, the District of Columbia, a United States territory, a United States possession, or the Commonwealths of Puerto Rico and the Northern Mariana Islands.

Question 3(a). The organization seeking eligibility has its principal place of business in what city and state?

Question 2(b). What kind of tax return was or will be filed, and in what jurisdiction, during the current calendar year?

(i) Jurisdiction:
   (e.g., federal, state, city)
(ii) Type of return (e.g., income tax, franchise tax, etc.). Include all that apply:

3. Section 402(c)(2)(C): “The term ‘United States person’ means a person which has been incorporated or legally organized in the United States—

(i) for more than 5 (five) years before the issuance date of the invitation for bids or request for proposals with respect to a construction project under subsection (a)(1); and,
(ii) for more than 2 (two) years before the issuance date of the invitation for bids or request for proposals with respect to a construction or design project abroad that involves technical security under subsection (a)(2).”

Definitions for purposes of Section 402 determinations of eligibility—

Has been incorporated or legally organized means that the organization can show continuity as an ongoing business. Organizations that have changed only their names meet the continuity requirement of this subsection. Organizations that have been bought, sold, merged, or otherwise substantially altered or enlarged their principal business activities will have the burden of proving that there have been ongoing operations by the same business entity for the required period of time. If the successor entity has acquired all of the assets and liabilities of the predecessor business and the predecessor business has no further existence, the successor may claim the incorporation date of the predecessor. In any other circumstance, the prospective bidder/offeror must show that the law of the jurisdiction in which it operates regards the prospective bidder/offeror as the complete successor in interest of the predecessor business for purposes of contractual obligations.

Issuance date means the date in Block 3 of the Standard Form 1442 accompanying this solicitation.

Years means calendar years measured from day of the month to day of the month. For example, January 1, 2002 through December 31, 2002 is one calendar year, as is July 1, 2002 through July 1, 2003.

Question 3:

(i) On what date was the organization seeking eligibility incorporated or legally organized?

(ii) If this date is less than the required number of years before the issuance date, on the basis of what documentation does the organization seeking eligibility claim that it has been in business for the requisite period of time?

Administrative and technical, professional, or construction services means the kind of work in which the prospective bidder/offeror is interested. If the proposed contract is for construction management services, the prospective bidder/offeror will be expected to demonstrate construction management expertise. In general, “administrative” means the capacity or ability to manage; “technical” means the specific skills peculiar to the type of work required; “professional” means expert services resulting from advanced training in the type of work required; and “construction” experience if it has not directly performed all of the actual construction activities. Thus, an entity whose only construction work experience was performed by its legally distinct subsidiary or parent will not be considered to have construction experience.

Complexity means the physical size and technical size and demands of the project.

“Performed” means projects that have been fully completed by the prospective bidder/offeror and accepted by the owner or other party to the transaction. Projects still in progress have not yet been performed for purposes of this definition.
Type of construction means the overall nature of the facilities to be built, including the kinds of materials to be used. Thus, if the contract will require the construction of a multi-story office building, the prospective bidder/offeror will be expected to demonstrate experience with facilities of this type.

Value means the total contract price of the project, not to the profit or loss to the bidder/offeror.

Within the United States means a United States jurisdiction that is the place where the subject matter of the contract or other arrangement was in fact completed. It does not mean the place where the contract or other arrangement was negotiated or signed.

The term ‘United States’ means any jurisdiction that is one of the 50 states, the District of Columbia, a United States territory, a United States possession, or the Commonwealth of Puerto Rico and the Northern Mariana Islands.

Location: (City and State, or Country)

Type of service: (administrative, etc.)

Complexity: (office building, etc.)

Type of construction:

Value of project:

If the prospective bidder/offeror’s participation was as a partner or co-venturer, indicate the percentage of the project performed by the prospective offeror:

% (list year and amount).

Within the United States means the United States jurisdiction that is the place where the contract or other arrangement was negotiated or signed.

The term ‘United States’ means any jurisdiction that is one of the 50 states, the District of Columbia, a United States territory, a United States possession, or the Commonwealth of Puerto Rico and the Northern Mariana Islands.

Principal management positions refers to every general partner. In the case of a partnership, the term refers to every general partner. In the case of a partnership, the term refers to every general partner. In the case of a corporation, the term refers to those officers of the corporation who are active in running its day-to-day operations. Members of corporation boards of directors who do not have operational responsibilities do not occupy “principal management positions” simply by virtue of their service on the board. In all cases, the term “principal management positions” also includes the position or positions held by the individual or individuals who will have primary corporate management oversight responsibility for this contract if the prospective bidder/offeror is awarded the contract. Each prospective bidder/offeror is responsible for listing all of its
principal management positions and identifying their current occupants by name and citizenship.

Supervisory positions means all positions with significant authority to direct the work of others as well as those for which access to classified or controlled documents is required. Such positions will be identified in each contract.

United States citizen means natural persons with United States citizenship by virtue of birth or of naturalization.

Question 6(a): The bidder/offeror has the following staff:

(i) Principal management positions in the United States:

Chief Operating Officer:

(name)

(citizenship)

(ii) For each individual reporting directly to the above-named Chief Operating Officer, list position, name, and citizenship:

(iii) Individual(s) expected to have primary management oversight responsibility for contract if it is awarded:

Question 6(b): Number of permanent, full-time positions in the United States:

Question 6(c): Number of United States citizens currently employed in permanent, full-time positions in the United States:

(name typed or printed)

7. Section 402(c)(2)(G): “The term ‘United States person’ means a person which has the existing technical and financial resources in the United States to perform this contract.”

Definitions for purposes of Section 402 determinations of eligibility—

Existing technical and financial resources means the capability of the prospective bidder/offeror to mobilize adequate staffing and monetary arrangements from within the United States sufficient to perform the contract. Adequate staffing levels may be demonstrated by presenting the resumes of current United States citizens and resident aliens with skills and expertise necessary for the work in which the prospective bidder/offeror is interested or some other indication of available United States citizen or permanent legal resident human resources. Demonstration of adequate financial resources must be issued by entities that are subject to the jurisdiction of United States courts and have agents located within the United States for acceptance of service of process.

Question 7: Submit, as an Attachment to this Statement, materials demonstrating existing technical and financial resources in the United States.

8. Section 402(c)(3): “The term ‘qualified United States joint venture person’ means a joint venture in which a United States person or persons owns at least 51 percent of the assets of the joint venture.”

Definitions for purposes of Section 402 determinations of eligibility—

Assets means tangible and intangible things of value conveyed or made available to the joint venture by the co-venturers.

Joint venture means a formal or de facto arrangement by and through which two or more persons or entities associate for the purpose of carrying out the prospective contract. Prospective bidders/offerors are advised that a joint venture may not be acceptable to projects requiring a Department of Defense facility security clearance because each co-venturer may pose particular problems in obtaining security clearances. To be acceptable, all members of a joint venture must be individually and severally liable for the full performance of and resolution of any and all matters arising out of the contract, notwithstanding any provision of the joint venture agreement of law of the jurisdiction under which the joint venture was created.

Question 8(a): The bidder/offeror is not a joint venture.

Question 8(b): If the bidder/offeror is a joint venture, the U.S. person participant is:

COMPENSATORY TIME OFF (DEC 1994)

(a) Compensatory time off means time from work during the personal service contract employee’s basic work week in exchange for performing an equal amount of irregular of occasional overtime work which is officially ordered or approved.

(b) At the discretion of the Contracting Officer’s Representative (COR), the contractor may earn compensatory time off in accordance with 3 FAM Section 232.6—Compensatory Time Off. Compensation time off remaining to the credit of a personal services contract employee at the end of a 16-week period and/or at the end of the contract period shall be forfeited.

652.237–71 [Reserved]

652.237–72 Observance of Legal Holidays and Administrative Leave.

As prescribed in 637.110(b), insert the following clause:

OBSERVANCE OF LEGAL HOLIDAYS AND ADMINISTRATIVE LEAVE (FEB 2015)

(a) The Department of State observes the following days as holidays:

New Year’s Day
Martin Luther King’s Birthday
Washington’s Birthday
Memorial Day
Independence Day
Labor Day
Columbus Day
Veterans Day
Thanksgiving Day
Christmas Day
Any other day designated by Federal law, Executive Order, or Presidential Proclamation.

(b) When New Year’s Day, Independence Day, Veterans Day or Christmas Day falls on a Sunday, the following Monday is observed; when it falls on Saturday, the preceding Friday is observed. Observance of such days by Government personnel shall not be cause for additional period of performance or entitlement to compensation except as set forth in the contract. If the contractor’s personnel work on a holiday, no form of holiday or other premium compensation will be reimbursed either as a direct or indirect cost, unless authorized pursuant to an overtime clause elsewhere in this contract.

(c) When the Department of State grants administrative leave to its Government employees, assigned contractor personnel in Government facilities shall also be dismissed. However, the contractor agrees to continue to provide sufficient personnel to perform round-the-clock requirements of critical tasks already in operation or scheduled, and shall be guided by the instructions issued by the contracting officer or his/her duly authorized representative.

(d) For fixed-price contracts, if services are not required or provided because the building is closed due to inclement weather, unanticipated holidays declared by the President, failure of Congress to appropriate funds, or similar reasons, deductions will be computed as follows:

(1) The deduction rate in dollars per day will be equal to the per month contract price divided by 21 days per month.

(2) The deduction rate in dollars per day will be multiplied by the number of days services are not required or provided. If services are provided for portions of days, appropriate adjustment will be made by the contracting officer to ensure that the contractor is compensated for services provided.

(e) If administrative leave is granted to contractor personnel as a result of conditions stipulated in any “Excusable Delays” clause of this contract, it will be without loss to the contractor. The cost of salaries and wages to the contractor for the period of any such excused absence shall be a reimbursable item of direct cost hereunder for employees whose regular time is normally charged, and a reimbursable item of indirect cost for employees whose time is normally
charged indirectly in accordance with the contractor's accounting policy.

(End of clause)

As prescribed in 637.110(c), insert the following provision:

STATEMENT OF QUALIFICATIONS FOR PREFERENCE AS A U.S. PERSON (APR 2004)

(a) This solicitation is subject to Section 136 of the Foreign Relations Authorization Act, Fiscal Years 1990 and 1991 (22 U.S.C. 4864). The Act encourages the participation of United States persons and qualified United States joint venture persons in the provision of local guard services overseas, and provides for a preference for eligible offers.

(b) Definitions. As used in this provision—

Eligible offer means an offer that (1) is otherwise responsive to the solicitation; and (2) contains a fully prepared Statement of Qualifications (see paragraph (d) of this provision), which upon review is determined by the Government to meet the requirements of Section 136 for assignment of preference as a U.S. person. Preference means subtraction by the Government of ten percent (10%) from the total evaluated price of an offer.

U.S. person means a company, partnership, or joint venture that the Government determines, after consideration of all available information, including but not limited to that provided by the offeror in response to the solicitation, to be qualified for assignment of preference pursuant to Section 136.

(c) Representation. The offeror represents as part of its offer that it is, is not eligible for preference as a U.S. person. [Complete a Statement of Qualifications for Purposes of Obtaining Preference as a U.S. Person if the offeror represents that it is eligible. See paragraph (d) of this provision.]

Warning: Any material misrepresentation made in the Statement of Qualifications may be the basis for disqualification of an offeror and reference for consideration of suspension or debarment or for prosecution under Federal law (cf. 18 U.S.C. 1001). The Government will determine offeror qualifications primarily on the basis of information submitted in the Statement of Qualifications, including Attachments thereto, but the Government may, at its discretion, rely on information contained elsewhere in the offeror's proposal or obtained from other sources.

(d) Statement of Qualifications for Purposes of Obtaining Preference as a U.S. Person (22 U.S.C. 4864).

An offeror that represents that it is eligible for preference as a U.S. person must provide the following information. This Statement of Qualifications must be a complete and certified document, and submitted as a separate Volume 5, with all necessary attachments, as defined in Section L of this solicitation.

Statement of Qualifications for Purposes of Obtaining Preference as a U.S. Person (22 U.S.C. 4864)

Name and address of U.S. person or organization providing this information:

Introduction. Section 136 of the Foreign Relations Authorization Act for Fiscal Years 1990 and 1991, Public Law 101–246 (22 U.S.C. 4864), as amended, provides that a “United States person” or a “qualified United States joint venture” must meet certain requirements, listed in the Act, to be eligible for the statutory preference. To assist business entities to determine whether they qualify as a U.S. person or U.S. joint venture person entitled to preference under Section 136, guidance is hereby provided. Only those prospective offerors submitting a properly completed and certified Volume 5 with their initial proposals will be considered in the determination of eligibility for assignment of preference as a U.S. person or U.S. joint venture person. For ease of reference, statutory language is quoted immediately before the definitions that apply to it. Space for the required information is provided immediately following each definition.

NOTE: The Statement of Qualifications shall provide information correctly applicable to the U.S. person whose qualifications are being certified, and shall not include information pertaining to corporate affiliates or subsidiaries. Organizations that wish to use the experience or financial resources of another organization or individual, including parent companies, subsidiaries, or local, national or offshore organizations, must do so by way of a joint venture. The contract resulting from this solicitation shall not allow subcontracting. A prospective offeror may be a sole proprietorship, a formal joint venture in which the co-venturers have reduced their arrangement to writing, or a de facto joint venture with no written agreement. To be considered a “qualified joint venture person,” the joint venture must have at least one firm or organization that itself meets all the requirements of a U.S. joint venture person listed in Section 136. By signing this proposal, the U.S. person co-venturer agrees to be individually responsible for performance of the contract, notwithstanding the terms of any joint venture agreement.
1. Section 136(d)(1): “The term ‘United States person’ means a person which—(A) is incorporated or legally organized under the laws of the United States, including the laws of any State, locality, or the District of Columbia.”

Definitions for purposes of Section 136 determinations of eligibility—

Incorporated means the state of legal recognition as an artificial person that may be afforded to a business entity pursuant to the laws of any United States jurisdiction or component thereof.

Legally organized means the state of legal recognition that may be afforded to a business entity that is other than a corporation pursuant to the laws of any United States jurisdiction or component thereof. This is the least form of legal recognition that will qualify an offeror for this preference. Only those prospective offerors that have legal status, including the right to bring suit, to sign contracts, and to hold property under the law of the jurisdiction under which they are doing business will qualify as legally organized. A natural person who is a United States citizen acting in his or her entrepreneurial capacity will be deemed to be a “person legally organized” within the scope of this definition, provided that the prospective offeror holds all required licenses to do business in the jurisdiction where he or she is located.

United States means any jurisdiction that is one of the fifty States, the District of Columbia, a United States territory, the Commonwealth of Puerto Rico and the Northern Mariana Islands.

Question 1. The organization seeking eligibility under Section 136 is incorporated or is legally organized under the laws of what jurisdiction?

2. Section 136(d)(1): “The term ‘United States person’ means a person that—(B) has its principal place of business in the United States.”

Definitions for purposes of Section 136 determinations of eligibility—

Principal place of business means the geographic location of the main office or seat of management of the prospective offeror. For purposes of this Statement, a prospective offeror shall identify only one principal place of business, and such location shall include at least the offices of the chief operating officer and headquarters staff. The named location must be a United States jurisdiction in which the prospective offeror may bring suit and be sued and in which service of process shall be accepted.

Question 2(a). The organization seeking eligibility has its principal office in what city and state?

Question 2(b). What kind of tax return was or will be filed, and in what jurisdiction, during the current calendar year? The jurisdiction identified herein need not be the same jurisdiction identified in Question 2(a).

(i) Jurisdiction:

(ii) Type of return (e.g., income tax, franchise tax, etc.). Include all that apply:

3. Section 136(d)(1): “The term ‘United States person’ means a person which—(C) has been incorporated or legally organized in the United States—(i) for more than 2 (two) years before the issuance date of the invitation for bids or request for proposal with respect to the contract under subsection (c) of this section.”

Definitions for purposes of Section 136 determinations of eligibility—

Has been incorporated or legally organized means that the organization can show continuity as an ongoing business. Organizations that have changed only their names meet the continuity requirement of this subsection. Organizations that have been bought, sold, merged, or otherwise substantially altered or enlarged their principal business activities will have the burden of proving that there have been ongoing operations by the same business entity for the required period of time. If the successor entity has acquired all of the assets and liabilities of the predecessor entity and the predecessor entity has no further existence, the successor may claim the incorporation or legal organization date of the predecessor. In any other circumstance, the prospective offeror must show that the law of the jurisdiction in which it operates regards the prospective offeror as the complete successor in interest of the predecessor entity for purpose of contractual obligations.

Issuance date means the date in Block 5 of the Standard Form 33 accompanying this solicitation.

Years means calendar years measured from day of the month to day of the month. For example, January 1, 2002 through December 31, 2002 is one calendar year, as is July 1, 2002 through July 1, 2003.

Question 3:

(i) On what date was the organization seeking eligibility incorporated or legally organized?

(ii) If this date is less than two years before the issuance date, on the basis of what documentation does the organization seeking eligibility claim that it has been in business for the requisite period of time?

(Identify, and forward copies as an Attachment to this Statement).

4. Section 136(d)(1): “The term ‘United States person’ means a person which—(D)

When goods are ready for shipment, the Contractor shall prepare four (4) copies of the packing list, indicating the contract and, if applicable, order numbers; case number; itemized list of contents; net and gross weights in kilograms; and outside dimensions, including all clears, of each shipping container.
