

Pt. 14

(b) Unless otherwise provided in this part, the production of an agricultural commodity on land determined by NRCS to be prior-converted cropland is exempted by law from these regulations for the area which was converted. Maintenance or improvement of drainage systems on prior-converted croplands are not subject to this rule so long as the prior-converted croplands are used for the production of food, forage, or fiber and as long as such actions do not alter the hydrology of nearby wetlands or do not make possible the production of an agricultural commodity on these other wetlands. Other wetlands under this section means any natural wetland, farmed wetland, farmed-wetland pasture, or any converted wetland that is not exempt under §12.5 of this part.

(c) Abandonment is the cessation for five consecutive years of management or maintenance operations related to the use of a farmed wetland or a farmed-wetland pasture. Unless the criteria for receiving an exemption under §12.5(b)(1)(iii) are met, such land is considered to be abandoned when the land meets the wetland criteria of §12.31. In order for documentation of site conditions to be considered adequate under §12.5(b)(1)(iii), the affected person must provide to NRCS available information concerning the extent of hydrological manipulation, the extent of woody vegetation, and the history of use. In accordance with §12.5(b)(1)(iii), participation in a USDA approved wetland restoration, set-aside, diverted acres, or similar programs shall not be deemed to constitute abandonment.

(d) The maintenance of the drainage capacity or any alteration or manipulation, including the maintenance of a natural waterway operated and maintained as a drainage outlet, that affects the circulation and flow of water made to a farmed wetland or farmed-wetland pasture would not cause a person to be determined to be ineligible under this part, provided that the maintenance does not exceed the scope and effect of the original alteration or manipulation, as determined by NRCS, and provided that the area is not abandoned. Any resultant conversion of wetlands is to be at the minimum ex-

§ 14.1 Purpose.

(a) Part 14 sets forth criteria to be used by the Secretary of Agriculture in determining the primary purpose of certain payments received by persons under applicable programs. Determining the primary purpose for which applicable payments are made is one step toward the exclusion of all or part of the payments from gross income for Federal income tax purposes.

(b) The criteria set forth in part 14 apply only to the determinations to be made by the Secretary of Agriculture.

§ 14.2 Applicability.

(a) Part 14 applies only to payments received under the programs listed in paragraphs (a)(1) through (10) of this section. Payments received under programs not listed in paragraphs (a)(1) through (10) of this section, are not considered eligible for exclusion from gross income under this part.

(1) The rural clean water program authorized by section 208(j) of the Federal Water Pollution Control Act (33 U.S.C. 1288(j)).

(2) The rural abandoned mine program authorized by section 406 of the

Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1236).

(3) The water bank program authorized by the Water Bank Act (16 U.S.C. 1301 *et seq.*).

(4) The emergency conservation measures program authorized by title IV of the Agricultural Credit Act of 1978 (16 U.S.C. 2201 *et seq.*).

(5) The agricultural conservation program authorized by the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590a).

(6) The Great Plains conservation program authorized by section 16 of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590p(b)).

(7) The resource conservation and development program authorized by the Bankhead-Jones Farm Tenant Act and by the Soil Conservation and Domestic Allotment Act (7 U.S.C. 1010; 16 U.S.C. 590a *et seq.*).

(8) The forestry incentives program authorized by section 4 of the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103).

(9) Any small watershed program administered by the Secretary of Agriculture that is determined by the Secretary of the Treasury or his delegate to be substantially similar to the type of programs described in paragraphs (a)(1) through (8) of this section.

(10) Any program of a State, a possession of the United States, a political subdivision of a State or a possession of the United States, the District of Columbia, or a combination of any of the foregoing under which payments are made primarily for the purpose of conserving soil and water resources, protecting or restoring the environment, improving forests, or providing a habitat for wildlife.

(b) The criteria set forth in §14.5 for determining the primary purpose of payments with respect to their eligibility for exclusion from gross income shall also be used to determine the applicability of this part to payments received under non-Federal programs as provided in §14.2(a)(10).

§ 14.3 Objective.

The objective of the determinations made under part 14 is to provide maximum conservation, environmental, forestry improvement, and wildlife

benefits to the general public from the operation of applicable programs.

§ 14.4 Policy.

Federal tax, conservation, natural resource, and environmental policies should complement rather than conflict with one another. Therefore, the Federal income tax liability on applicable payments should be reduced or eliminated to the extent that the payments yield conservation, environmental, forestry improvement, or wildlife benefits to the general public beyond the benefits that accrue to those who receive the payments.

§ 14.5 Procedure.

(a) The portion of an applicable payment that may be excluded from gross income under part 14 shall be that portion or all, as appropriate, that—

(1) Is determined to be made primarily for the purpose of conserving soil and water resources, protecting or restoring the environment, improving forests, or providing wildlife habitat; and

(2) Is determined by the Secretary of the Treasury as not increasing substantially the annual income derived from the property associated with the payment.

(b) *Primary purpose* means the principal, fundamental, predominant, or independent objective for which a payment is made. The following shall be considered in determining the primary purpose of a payment:

(1) *Single-purpose* payments shall be considered as having that purpose as their primary purpose.

(2) *Multiple-purpose payments*. If a payment is made for several purposes, it may be considered as having soil and water conservation, environmental protection or restoration, forestry improvement, or providing wildlife habitat as its primary purpose to the extent of the portion of the payment that is made for one or more of such purposes.

(3) Where a purpose of a payment, or portion thereof, is in doubt, the following sources should be considered—

(i) Authorizing legislation, legislative history, administrative regulation, administrative history, interpretive
