

(3) After the Administrators, NRCS and EPA, have been informed of any expressed views of the administering agency and concurred in the proposed termination, the State Conservationist, NRCS, may, in writing (certified mail, return receipt requested), terminate the grant in whole or in part.

(4) Termination of all or part of the grant agreement may be carried out by either execution of a termination agreement by the State Conservationist, NRCS, or issuance of a grant termination notice by the State Conservationist, NRCS. The agreement or notice shall establish the effective date of termination of the grant, the basis for settlement of grant termination costs, and the amount and date of payment of any sums due either party.

(b) *Basis for termination.* A grant may be terminated by NRCS for good cause subject to negotiation and payment of appropriate termination settlement costs. Cause for termination by NRCS includes:

(1) Failure by the administering agency to make satisfactory progress toward achieving an adequate level of participation; or other evidence satisfactory to the NRCWCC, Administrator, EPA, and the Administrator, NRCS, that the administering agency has failed or is unable to perform in accordance with the provisions of the grant agreement; or

(2) Failure through no fault of the administering agency to achieve an adequate level of participation; or other evidence satisfactory to the NRCWCC, Administrator, EPA, and the Administrator, NRCS, that the planned actions approved in the project application cannot be achieved.

(c) *Effect of grant termination.* (1)(i) In those cases where cause for grant termination is based on the administering agency's failure or inability to perform (§634.17(b)(1)), upon termination, the administering agency must refund or credit to the United States that portion of the grant funds paid or owed to the administering agency and allocable to the terminated project work. Funds needed to meet unavoidable commitments may be retained. All other funds, including unexpended cost-sharing monies for existing RCWP con-

tracts executed prior to the termination date, shall be refunded to the United States. The administering agency shall not make any new commitments or enter into any new RCWP contracts. The administering agency shall reduce the amount of other outstanding commitments insofar as possible and report to the State Conservationist, NRCS, the uncommitted balance of funds awarded under the grant. The allowability of termination costs will be determined in conformance with applicable Federal cost principles.

(ii) Upon termination of a grant agreement, existing RCWP contracts and their related obligations will immediately, and in no case later than 5 calendar days be transferred to the ASCS county office to assure continuity in payments to participants. The State Conservationist, NRCS, will immediately initiate action under §634.15 to establish a new administering agency for completion of the project.

(2) In those cases where cause for grant termination is based on failure to achieve the planned actions through no fault of the administering agency, the termination agreement and amended grant agreement are to permit the administering agency to fulfill the obligations of its existing RCWP contracts. The administering agency shall not make any new commitments or enter into any new RCWP contracts without NRCS approval.

§ 634.18 Termination of project.

(a) An RCWP project is terminated by the State Conservationist because an adequate level of participation cannot be achieved. Upon this determination, the State Conservationist shall publish in a newspaper of public record in the project area a notice of intent to terminate all or part of the grant agreement and the project (§634.7(c)), and an announcement of the time and place of a public hearing.

(b) No sooner than 15 days from the publication of the notice of intent to terminate all or part of the project and grant agreement, the State Conservationist will conduct a public hearing in the project area.

§ 634.19

(c) If, based on the hearing record, the performance record of the administering agency, and the recommendations of the SRCWCC, the State Conservationist determines that the project will be terminated pursuant to § 634.17(c), the State Conservationist will enter into a grant termination agreement or issue a grant termination notice.

(d) The existing RCWP contracts will be transferred to the ASCS county office pursuant to § 634.17(c)(1)(ii).

(e) The State Conservationist will prepare a project close-out report summarizing the actions accomplished.

§ 634.19 Project completion and close-out.

(a) The maximum total life of a project shall be fifteen (15) years or less.

(b) The allowable contracting period may be increased if an adequate level of participation has been achieved and the designated management agency assures a significant increase in participation can be reached in a reasonable time.

(c) The grant or fund transfer agreement with an administering agency shall expire when the administering agency has fulfilled all of its obligations in the long-term RCWP contracts.

(d) When a project is completed, the administering agency is to provide the State Conservationist, NRCS, a close-out report which summarizes the actions accomplished.

Subpart C—Participant RCWP Contracts

§ 634.20 Eligible land.

RCWP is only applicable to privately owned land. Land owned by corporations whose ownership is public (i.e., their stock is publicly traded over the market) is eligible for program assistance only if the corporation can document that the installation of BMP's places an inappropriate financial burden on the corporation.

§ 634.21 Eligible participants.

(a) Any landowner or operator whose land or activities in a project area is contributing to the area's agricultural

7 CFR Ch. VI (1–1–16 Edition)

nonpoint source water quality problems and who has an approved water quality plan is eligible to enter into an RCWP contract.

(b) This program will be conducted in compliance with all nondiscrimination requirements as contained in the Civil Rights Act of 1964 and amendments thereto and the Regulations of the Secretary of Agriculture (7 CFR 15.1 through 15.12).

§ 634.22 Application for assistance.

(a) Landowners or operators must apply for RCWP assistance through the office of the administering agency or its designee(s) by completing the prescribed application form.

(b) The priority for assistance among landowners and operators in developing water quality plans is to be determined jointly, through an agreed-to process, by the county ASC committee and the soil conservation district, with technical assistance from NRCS.

(c) Applications that are ineligible or technically infeasible are to be returned to the applicant with a letter stating the reasons for disapproval. Applications that are of a low priority will be retained and the applicant will be sent a notice that the application is being held for a period to be determined locally for future consideration.

§ 634.23 Water quality plan.

(a) The participant's water quality plan, developed with technical assistance by the NRCS or its designee, is to include appropriate BMP's identified in the approved agricultural portion of the 208 water quality management plan. Such BMP's must reduce the amount of pollutants that enter a stream or lake by:

(1) Methods, such as reducing the application rates or changing the application methods of potential pollutants, and

(2) Methods, such as practices or combinations of practices which prevent potential pollutants from leaving source areas or reduce the amount of potential pollutants that reach a stream or lake after leaving a source area.

(b) Participant's water quality plans shall as a minimum include BMP's for all critical areas or sources. The plans
