§ 94.27 Transit shipment of articles.

Meat, meat products, and other edible products derived from bovines, ovines, or caprines that are otherwise prohibited importation into the United States in accordance with § 94.18 through § 94.26 may transit air and ocean ports in the United States for immediate export if the conditions of paragraphs (a) through (c) this section are met. Meat, meat products, and other edible products derived from bovines, ovines, or caprines are eligible to transit the United States by overland transportation if the requirements of paragraphs (a) through (d) of this section are met:

(a) The articles must be sealed in leakproof containers bearing serial numbers during transit. Each container must remain sealed during the entire time that it is in the United States.

(b) The person moving the articles must notify, in writing, the inspector at both the place in the United States where the articles will arrive and the port of export before such transit. The notification must include the:

(1) Times and dates of arrival in the United States;

(2) Times and dates of exportation from the United States;

(3) Mode of transportation; and

(4) Serial numbers of the sealed containers.

(c) The articles must transit the United States in Customs bond.

(d) The commodities must be eligible to enter the United States in accordance with the provisions of this part and must be accompanied by the certification required by that section. Additionally, the following conditions must be met:

(1) The shipment must be exported from the United States within 7 days of its entry; and

(2) The commodities may not be transloaded while in the United States,

except for direct transloading under the supervision of an authorized inspector, who must break the seals of the national government of the region of origin on the means of conveyance that carried the commodities into the United States and seal the means of conveyance that will carry the commodities out of the United States with seals of the U.S. Government.

§ 94.28 Restrictions on the importation of poultry meat and products, and live birds and poultry, from the APHIS-defined EU Poultry Trade Region.

(a) *Poultry meat and products.* In addition to meeting all other applicable provisions of this part, poultry meat and poultry products, including eggs and egg products (other than hatching eggs) imported from the APHIS-defined EU Poultry Trade Region must meet the following conditions:

(1) The poultry meat and products must not have been derived from birds and poultry that were in any of the following regions or zones, unless the birds and poultry were slaughtered after the periods described, or unless the poultry meat and products are accompanied by a certificate specifying that the articles were cooked and processed in accordance with the regulations in § 94.6(b)(3) or (b)(4):

(i) Any region when the region was classified in § 94.6(a)(1)(i) as one in which Newcastle disease is considered to exist, or any region when the region was listed in accordance with § 94.6(a)(2)(i) as one in which HPAI is considered to exist, except for the APHIS-defined EU Poultry Trade Region;

(ii) A restricted zone in the APHIS-defined EU Poultry Trade Region established because of detection of Newcastle disease or HPAI in commercial poultry, from the time of detection until the designation of the zone as a restricted zone is removed by the competent veterinary authority of the Member State or until 3 months (90 days) following depopulation of the poultry on affected premises in the restricted zone and the cleaning and dis-

infection of the last affected premises in the zone, whichever is later; or

(iii) A restricted zone in the APHIS-defined EU Poultry Trade Region established because of detection of Newcastle disease or HPAI in racing pigeons, backyard flocks, or wild birds, from the time of detection until the designation of the zone as a restricted zone is removed by the competent veterinary authority of the Member State.

(2) The poultry meat and products must not have been commingled with poultry meat and products derived from other birds and poultry that were in any of the regions or zones described in paragraphs (a)(1)(i) through (a)(1)(iii) of this section. Additionally, the poultry meat and products must not have been derived from poultry that were commingled with other poultry that were in any of the regions or zones described in paragraphs (a)(1)(i) through (a)(1)(iii) of this section.

(3) No equipment or materials used in transporting the birds or poultry from which the poultry meat and products were derived from the farm of origin to the slaughtering establishment may have been used previously for transporting live birds or poultry that do not meet the requirements of § 94.28(b), unless the equipment and materials have first been cleaned and disinfected.

(4) The poultry meat and products, including eggs and egg products (other than hatching eggs) must be accompanied by a certificate issued by an official of the competent veterinary authority of the APHIS-defined EU Poultry Trade Region Member State who is authorized to issue the inspection certificate required by § 93.205 of this subchapter, stating that the applicable provisions of paragraphs (a)(1) through (a)(3) of this section have been met. The certification for poultry meat and products may be placed on the foreign meat inspection certificate required by § 381.196 of this title or may be contained in a separate document.

(b) *Live birds and poultry.* In addition to meeting all other applicable provisions of this title, live birds and poultry, except hatching eggs, imported from the APHIS-defined EU Poultry Trade Region must meet the following conditions:
