**§ 206.3**

(v) The sum of packers' reported estimates of the maximum total number of swine that potentially could be delivered during each of the next 6 and 12 months if all expansion clauses in current contracts are executed. The report will indicate the sum of estimated maximum potential deliveries by geographic reporting region and by contract type.

(h) *Where and how do I file a waiver request?* The waiver request must be submitted in writing and include a statement that the packer does not procure swine using marketing agreements. The packer must send the waiver re-

quest to the GIPSA Regional Office in Des Moines, Iowa. If the waiver request is approved, GIPSA will inform the packer in writing that it has been granted a waiver for 12 months following the date of receipt of the waiver request unless the status of the packer changes during that year. The packer will be notified to submit the information required in this part if it begins using marketing agreements during the waiver period or if GIPSA determines that the packer utilizes marketing agreements.
