(1) The bank’s operational risk exposure adjusted for qualifying operational risk mitigants minus eligible operational risk offsets (if any); or

(2) 0.8 multiplied by the difference between:

(i) The bank’s operational risk exposure; and

(ii) Eligible operational risk offsets (if any).

(c) The bank’s risk-weighted asset amount for operational risk equals the bank’s dollar risk-based capital requirement for operational risk determined under paragraph (a) or (b) of this section multiplied by 12.5.

PART VIII. DISCLOSURE

Section 71. Disclosure Requirements

(a) Each bank must publicly disclose each quarter its total and tier 1 risk-based capital ratios and their components (that is, tier 1 capital, tier 2 capital, total qualifying capital, and total risk-weighted assets).

(b) A bank must comply with paragraph (b) of section 71 of appendix G to the Federal Reserve Board’s Regulation Y (12 CFR part 225, appendix G) unless it is a consolidated subsidiary of a bank holding company or depository institution that is subject to these requirements.

PART IX. TRANSITION PROVISIONS

Section 81. Optional Transition Provisions Related to the Implementation of Consolidation Requirements Under FAS 167

(a) Scope, applicability, and purpose. This section provides optional transition provisions for a State nonmember bank that is required for financial and regulatory reporting purposes, as a result of its implementation of Statement of Financial Accounting Standards No. 167, Amendments to FASB Interpretation No. 46(R) (FAS 167), to consolidate certain variable interest entities (VIEs) as defined under GAAP. These transition provisions apply through the end of the fourth quarter following the date of a bank’s implementation of FAS 167 (implementation date).

(b) Exclusion period—(1) Exclusion of risk-weighted assets for the first and second quarters. For the first two quarters after the implementation date (exclusion period), including for the two calendar quarter-end regulatory report dates within those quarters, a bank may exclude from risk-weighted assets:

(i) Subject to the limitations in paragraph (d) of this section 81, assets held by a VIE, provided that the following conditions are met:

(A) The VIE existed prior to the implementation date,

(B) The bank did not consolidate the VIE on its balance sheet for calendar quarter-end regulatory report dates prior to the implementation date,

(C) The bank must consolidate the VIE on its balance sheet beginning as of the implementation date as a result of its implementation of FAS 167, and

Other public disclosure requirements continue to apply—for example, Federal securities law and regulatory reporting requirements.
(D) The bank excludes all assets held by VIEs described in paragraphs (b)(1)(i)(A) through (C) of this section 81; and

(ii) Subject to the limitations in paragraph (d) of this section, assets held by a VIE that is a consolidated ABCP program, provided that the following conditions are met:

(A) The bank is the sponsor of the ABCP program.

(B) Prior to the implementation date, the bank consolidated the VIE onto its balance sheet, under GAAP and excluded the VIE’s assets from the bank’s risk-weighted assets, and

(C) The bank chooses to exclude all assets held by ABCP program VIEs described in paragraphs (b)(1)(ii)(A) and (B) of this section 81.

2 Risk-weighted assets during exclusion period. During the exclusion period, including for the two calendar quarter-end regulatory report dates within the exclusion period, a bank adopting the optional provisions in paragraph (b) of this section must calculate risk-weighted assets for its contractual exposures to the VIEs referenced in paragraph (b)(1) of this section 81 on the implementation date and include this calculated amount in risk-weighted assets. Such contractual exposures may include direct-credit substitutes, recourse obligations, residual interests, liquidity facilities, and loans.

3 Inclusion of ALLL in Tier 2 capital for the first and second quarters. During the exclusion period, including for the two calendar quarter-end regulatory report dates within the exclusion period, a bank that excludes VIE assets from risk-weighted assets pursuant to paragraph (b)(1) of this section 81 may include in Tier 2 capital the full amount of the ALLL calculated as of the implementation date that is attributable to the assets it excludes pursuant to paragraph (b)(1) of this section 81 (inclusion amount). The amount of ALLL includable in Tier 2 capital in accordance with this paragraph shall not be subject to the limitations set forth in section 13(a)(2) and (b) of this Appendix.

(c) Phase-in period—(1) Exclusion amount. For purposes of this paragraph (c), exclusion amount is defined as the amount of risk-weighted assets excluded in paragraph (b)(1) of this section as of the implementation date.

(2) Risk-weighted assets for the third and fourth quarters. A bank that excludes assets of consolidated VIEs from risk-weighted assets pursuant to paragraph (b)(1) of this section, may, for the third and fourth quarters after the implementation date (phase-in period), including for the two calendar quarter-end regulatory report dates within those quarters, exclude from risk-weighted assets 50 percent of the exclusion amount, provided that the bank may not include in risk-weighted assets pursuant to this paragraph an amount less than the aggregate risk-weighted assets calculated pursuant to paragraph (b)(2) of this section 81.

3 Inclusion of ALLL in Tier 2 capital for the third and fourth quarters. A bank that excludes assets of consolidated VIEs from risk-weighted assets pursuant to paragraph (c)(2) of this section may, for the phase-in period, include in Tier 2 capital 50 percent of the inclusion amount it included in Tier 2 capital during the exclusion period, notwithstanding the limit on including ALLL in Tier 2 capital in section 13(a)(2) and (b) of this Appendix.

(d) Implicit recourse limitation. Notwithstanding any other provision in this section 81, assets held by a VIE to which the bank has provided recourse through credit enhancement beyond any contractual obligation to support assets it has sold may not be excluded from risk-weighted assets.

PART 326—MINIMUM SECURITY DEVICES AND PROCEDURES AND BANK SECRECY ACT COMPLIANCE

Subpart A—Minimum Security Procedures

Sec. 326.0 Authority, purpose, and scope.
326.1 Definitions.
326.2 Designation of security officer.
326.3 Security program.
326.4 Reports.

Subpart B—Procedures for Monitoring Bank Secrecy Act Compliance

326.5 Bank Secrecy Act compliance.

Subpart A—Minimum Security Procedures

SOURCE: 56 FR 13581, Apr. 3, 1991, unless otherwise noted.

§ 326.0 Authority, purpose, and scope.

(a) This part is issued by the Federal Deposit Insurance Corporation ("FDIC") pursuant to section 3 of the Bank Secrecy Act.
§ 326.1 Definitions.

For the purposes of this part—

(a) The term insured nonmember bank means any bank, including a foreign bank having a branch the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act, which is not a member of the Federal Reserve System. The term does not include any institution chartered or licensed by the Comptroller of the Currency, any District bank, or any savings association.

(b) The term banking office includes any branch of an insured nonmember bank, and, in the case of an insured state nonmember bank, it includes the main office of that bank.

(c) The term branch for a bank chartered under the laws of any state of the United States includes any branch bank, branch office, branch agency, additional office, or any branch place of business located in any state or territory of the United States, District of Columbia, Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, the Northern Mariana Islands or the Virgin Islands at which deposits are received or checks paid or money lent. In the case of a foreign bank, as defined in §347.202 of this chapter, the term branch has the same meaning given in §347.202 of this chapter.

§ 326.2 Designation of security officer.

Upon the issuance of federal deposit insurance, the board of directors of each insured nonmember bank shall designate a security officer who shall have the authority, subject to the approval of the board of directors, to develop, within a reasonable time, but no later than 180 days, and to administer a written security program for each banking office.

§ 326.3 Security program.

(a) Contents of security program. The security program shall:

(1) Establish procedures for opening and closing for business and for the safekeeping of all currency, negotiable securities, and similar valuables at all times;

(2) Establish procedures that will assist in identifying persons committing crimes against the bank and that will preserve evidence that may aid in their identification and prosecution; such procedures may include, but are not limited to:

(i) Retaining a record of any robbery, burglary, or larceny committed against the bank;

(ii) Maintaining a camera that records activity in the banking office; and

(iii) Using identification devices, such as prerecorded serial-numbered bills, or chemical and electronic devices;

(3) Provide for initial and periodic training of officers and employees in their responsibilities under the security program and in proper employee conduct during and after a robbery, burglary or larceny; and

(4) Provide for selecting, testing, operating and maintaining appropriate security devices, as specified in paragraph (b) of this section.

(b) Security devices. Each insured nonmember bank shall have, at a minimum, the following security devices:

(1) A means of protecting cash or other liquid assets, such as a vault, safe, or other secure space;

(2) The term board of directors includes the managing official of an insured branch of a foreign bank for purposes of 12 CFR 326.0–326.4.
(2) A lighting system for illuminating, during the hours of darkness, the area around the vault, if the vault is visible from outside the banking office;

(3) An alarm system or other appropriate device for promptly notifying the nearest responsible law enforcement officers of an attempted or perpetrated robbery or burglary;

(4) Tamper-resistant locks on exterior doors and exterior windows that may be opened; and

(5) Such other devices as the security officer determines to be appropriate, taking into consideration:

(i) The incidence of crimes against financial institutions in the area;

(ii) The amount of currency or other valuables exposed to robbery, burglary, and larceny;

(iii) The distance of the banking office from the nearest responsible law enforcement officers;

(iv) The cost of the security devices;

(v) Other security measures in effect at the banking office; and

(vi) The physical characteristics of the structure of the banking office and its surroundings.

§ 326.4 Reports.

The security officer for each insured nonmember bank shall report at least annually to the bank’s board of directors on the implementation, administration, and effectiveness of the security program.

Subpart B—Procedures for Monitoring Bank Secrecy Act Compliance

§ 326.8 Bank Security Act compliance.

(a) Purpose. This subpart is issued to assure that all insured nonmember banks as defined in 12 CFR 326.1 establish and maintain procedures reasonably designed to assure and monitor their compliance with the requirements of subchapter II of chapter 53 of title 31, United States Code, and the implementing regulations promulgated thereunder by the Department of Treasury at 31 CFR Chapter X.

(b) Compliance procedures—(1) Program requirement. Each bank shall develop and provide for the continued administration of a program reasonably designed to assure and monitor compliance with recordkeeping and reporting requirements set forth in subchapter II of chapter 53 of title 31, United States Code, and the implementing regulations issued by the Department of Treasury at 31 CFR Chapter X. The compliance program shall be written, approved by the bank’s board of directors, and noted in the minutes.

(2) Customer identification program. Each bank is subject to the requirements of 31 U.S.C. 5318(l) and the implementing regulation jointly promulgated by the FDIC and the Department of the Treasury at 31 CFR 1020.220.

(c) Contents of compliance program. The compliance program shall, at a minimum:

(1) Provide for a system of internal controls to assure ongoing compliance;

(2) Provide for independent testing for compliance to be conducted by bank personnel or by an outside party;

(3) Designate an individual or individuals responsible for coordinating and monitoring day-to-day compliance; and

(4) Provide training for appropriate personnel.

[76 FR 14793, Mar. 18, 2011, as amended at 77 FR 30371, May 23, 2012]
§ 327.1 Purpose and scope.

(a) Scope. This part 327 applies to any insured depository institution, including any insured branch of a foreign bank.

(b) Purpose. (1) Except as specified in paragraph (b)(2) of this section, this part 327 sets forth the rules for:

(i) The time and manner of filing certified statements by insured depository institutions;

(ii) The time and manner of payment of assessments by such institutions;

(iii) The payment of assessments by depository institutions whose insured status has terminated;

(iv) The classification of depository institutions for risk; and

(v) The processes for review of assessments.

(2) Deductions from the assessment base of an insured branch of a foreign bank are stated in subpart B part 347 of this chapter.

§ 327.2 Certified statements.

(a) Required. (1) The certified statement shall also be known as the quarterly certified statement invoice. Each insured depository institution shall file and certify its quarterly certified statement invoice in the manner and form set forth in this section.

(2) The quarterly certified statement invoice shall reflect the institution’s risk assignment, assessment base, assessment computation, and assessment amount, for each quarterly assessment period.

(b) Availability and access. (1) The Corporation shall make available to each insured depository institution via the FDIC’s e-business Web site FDICConnect a quarterly certified statement invoice each assessment period.

(2) Insured depository institutions shall access their quarterly certified statement invoices via FDICConnect, unless the FDIC provides notice to insured depository institutions of a successor system. In the event of a contingency, the FDIC may employ an alternative means of delivering the quarterly certified statement invoices. A quarterly certified statement invoice delivered by any alternative means will be treated as if it had been downloaded from FDICConnect.

(3) Institutions that do not have Internet access may request a renewable one-year exemption from the requirement that quarterly certified statement invoices be accessed through FDICConnect. Any exemption request must be submitted in writing to the Manager of the Assessments Section.

(4) Each assessment period, the FDIC will provide courtesy e-mail notification to insured depository institutions indicating that new quarterly certified statement invoices are available and may be accessed on FDICConnect. E-mail notification will be sent to all individuals with FDICConnect access to quarterly certified statement invoices.

(5) E-mail notification may be used by the FDIC to communicate with insured depository institutions regarding quarterly certified statement invoices and other assessment-related matters.
Federal Deposit Insurance Corporation

§ 327.3 Payment of assessments.

(a) Required—(1) In general. Each insured depository institution shall pay to the Corporation for each assessment period an assessment determined in accordance with this part 327.

(2) Notice of designated deposit account. For the purpose of making such payments, each insured depository institution shall designate a deposit account for direct debit by the Corporation. No later than 30 days prior to the next payment date specified in paragraph (b)(2) of this section, each institution shall provide notice to the Corporation via FDICconnect of the account designated, including all information and authorizations needed by the Corporation for direct debit of the account.

(c) Review by institution. The president of each insured depository institution, or such other officer as the institution’s president or board of directors or trustees may designate, shall review the information shown on each quarterly certified statement invoice.

(d) Retention by institution. If the appropriate officer of the insured depository institution agrees that, to the best of his or her knowledge and belief, the information shown on the quarterly certified statement invoice is true, correct, and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued under it, the institution shall pay the amount specified on the quarterly certified statement invoice and shall retain it in the institution’s files for three years as specified in section 7(b)(4) of the Federal Deposit Insurance Act.

(e) Amendment by institution. If the appropriate officer of the insured depository institution determines that, to the best of his or her knowledge and belief, the information shown on the quarterly certified statement invoice is not true, correct, and complete and in accordance with the Federal Deposit Insurance Act and the regulations issued under it, the institution shall pay the amount specified on the quarterly certified statement invoice and may:

(1) Amend its report of condition, or other similar report, to correct any data believed to be inaccurate on the quarterly certified statement invoice; amendments to such reports timely filed under section 7(g) of the Federal Deposit Insurance Act but not permitted to be made by an institution’s primary federal regulator may be filed with the FDIC for consideration in determining deposit insurance assessments; or

(2) Amend and sign its quarterly certified statement invoice to correct a calculation believed to be inaccurate and return it to the FDIC by the applicable payment date specified in §327.3(b)(2).

(f) Certification. Data used by the Corporation to complete the quarterly certified statement invoice has been previously attested to by the institution in its reports of condition, or other similar reports, filed with the institution’s primary federal regulator. When an insured institution pays the amount shown on the quarterly certified statement invoice and does not correct that invoice as provided in paragraph (e) of this section, the information on that invoice shall be deemed true, correct, complete, and certified for purposes of paragraph (a) of this section and section 7(c) of the Federal Deposit Insurance Act.

(g) Requests for revision of assessment computation. (1) The timely filing of an amended report of condition or other similar report under paragraph (e)(1) of this section, or the timely filing of an amended quarterly certified statement invoice under paragraph (e)(2), that will result in a change to deposit insurance assessments owed or paid by an insured depository institution, shall be treated as a timely filed request for revision of computation of quarterly assessment payment under §327.3(f).

(2) The assessment rate on the quarterly certified statement invoice shall be amended only if it is inconsistent with the assessment risk assignment(s) provided to the institution by the Corporation for the assessment period in question pursuant to §327.4(a). Agreement with the assessment rate shall not be deemed to constitute agreement with the assessment risk assignment. An institution may request review of an assessment risk assignment it believes to be incorrect pursuant to §327.4(c).
After the initial notice of the designated account, no further notice is required unless the institution designates a different account for assessment debit by the Corporation, in which case the requirements of the preceding sentence apply.

(3) Transition Rule for Financing Corporation (FICO) Payments. Quarterly FICO payments shall be collected by the FDIC without interruption during the assessment system transitional period in 2007. All insured depository institutions shall make scheduled quarterly FICO payments on January 2, 2007 (unless prepaid on December 30, 2006), and March 30, 2007, based upon, respectively, their September 30, 2006, and December 31, 2006 reported assessment bases, which shall be the final assessment bases calculated pursuant to 12 CFR 327.5(a) and (b) (2006). Simultaneous collection of deposit insurance assessments and FICO assessments will resume in June of 2007, based on the March 31, 2007 reported assessment base.

(b) Assessment payment—(1) Quarterly certified statement invoice. Starting with the first assessment period of 2007, no later than 15 days prior to the payment date specified in paragraph (b)(2) of this section, the Corporation will provide to each insured depository institution a quarterly certified statement invoice showing the amount of the assessment payment due from the institution for the prior quarter (net of credits or dividends, if any), and the computation of that amount. Subject to paragraph (e) of this section, the invoiced amount on the quarterly certified statement invoice shall be the product of the following: the assessment base of the institution for the prior quarter computed in accordance with §327.5 multiplied by the institution’s rate for that prior quarter as assigned to the institution pursuant to §327.4(a) and §327.9 or §327.16.

(2) Quarterly payment date and manner. The Corporation will cause the amount stated in the applicable quarterly certified statement invoice to be directly debited on the appropriate payment date from the deposit account designated by the insured depository institution for that purpose, as follows:

(1) In the case of the assessment payment for the quarter that begins on January 1, the payment date is the following June 30;
(2) In the case of the assessment payment for the quarter that begins on April 1, the payment date is the following September 30;
(3) In the case of the assessment payment for the quarter that begins on July 1, the payment date is the following December 30; and
(4) In the case of the assessment payment for the quarter that begins on October 1, the payment date is the following March 30.

(c) Necessary action, sufficient funding by institution. Each insured depository institution shall take all actions necessary to allow the Corporation to debit assessments from the insured depository institution’s designated deposit account. Each insured depository institution shall, prior to each payment date indicated in paragraph (b)(2) of this section, ensure that funds in an amount at least equal to the amount on the quarterly certified statement invoice are available in the designated account for direct debit by the Corporation. Failure to take any such action or to provide such funding of the account shall be deemed to constitute nonpayment of the assessment. Penalties for failure to timely pay assessments are provided for at 12 CFR 308.132(d)(9).

(d) Business days. If a payment date specified in paragraph (b)(2) falls on a date that is not a business day, the applicable date shall be the previous business day.

(e) Payment adjustments in succeeding quarters. Quarterly certified statement invoices provided by the Corporation may reflect adjustments, initiated by the Corporation or an institution, resulting from such factors as amendments to prior quarterly reports of condition, retroactive revision of the institution’s assessment risk assignment, and revision of the Corporation’s assessment computations for prior quarters.

(1) Request for revision of computation of quarterly assessment payment—(1) In general. An institution may submit a written request for revision of the computation of the institution’s quarterly assessment payment. A request for revision shall be submitted on a form prescribed by the Corporation. The Corporation shall consider the institution’s request for revision. The Corporation’s response to the request shall be provided to the institution in writing. The Corporation’s response shall specify the amount of the assessment payment that would have been due in the absence of the proposed revision and the reason for the difference. A request for revision of the computation of the institution’s quarterly assessment payment shall be treated as a request for payment of the difference to the extent any such difference is attributable to the Corporation’s failure to adjust the assessment payment in accordance with this section. A request for revision shall not be granted if the Corporation determines that the revision is not reasonably necessary.

(2) Frequency of adjustments. Each request for revision shall specify the frequency with which the revision is requested to be applied. The Corporation shall consider the institution’s request for revision. The Corporation’s response to the request shall be provided to the institution in writing. The Corporation’s response shall specify the amount of the assessment payment that would have been due in the absence of the proposed revision and the reason for the difference. A request for revision of the computation of the institution’s quarterly assessment payment shall be treated as a request for payment of the difference to the extent any such difference is attributable to the Corporation’s failure to adjust the assessment payment in accordance with this section. A request for revision shall not be granted if the Corporation determines that the revision is not reasonably necessary.
assessment payment as shown on the quarterly certified statement invoice in the following circumstances:

(i) The institution disagrees with the computation of the assessment base as stated on the quarterly certified statement invoice;

(ii) The institution determines that the rate applied by the Corporation is inconsistent with the assessment risk assignment(s) provided to the institution in writing by the Corporation for the assessment period for which the payment is due; or

(iii) The institution believes that the quarterly certified statement invoice does not fully or accurately reflect adjustments provided for in paragraph (e) of this section.

(2) Inapplicability. This paragraph (f) is not applicable to requests for review of an institution’s assessment risk assignment, which are covered by §327.4(c) of this part.

(3) Requirements. Any such request for revision must be submitted within 90 days from the date the computation being challenged appears on the institution’s quarterly certified statement invoice. The request for revision shall be submitted to the Manager of the Assessments Section and shall provide documentation sufficient to support the change sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the request for additional information. Any institution submitting a timely request for revision will receive written notice from the Corporation regarding the outcome of its request. Upon completion of a review, the DOF Director (or designee) shall promptly notify the institution in writing of his or her determination of whether revision is warranted. If the institution requesting revision disagrees with that determination, it may appeal to the FDIC’s Assessment Appeals Committee. Notice of the procedures applicable to appeals will be included with the written determination.

(g) Quarterly certified statement invoice unavailable. Any institution whose quarterly certified statement invoice is unavailable on FDICconnect by the fifteenth day of the month in which the payment is due shall promptly notify the Corporation. Failure to provide prompt notice to the Corporation shall not affect the institution’s obligation to make full and timely assessment payment. Unless otherwise directed by the Corporation, the institution shall preliminarily pay the amount shown on its quarterly certified statement invoice for the preceding assessment period, subject to subsequent correction.

§327.4 Assessment rates.

(a) Assessment risk assignment. For the purpose of determining the annual assessment rate for insured depository institutions under §327.9 or §327.16, each insured depository institution will be provided an assessment risk assignment. Notice of an institution’s current assessment risk assignment will be provided to the institution with each quarterly certified statement invoice. Adjusted assessment risk assignments for prior periods may also be provided by the Corporation. Notice of the procedures applicable to reviews will be included with the notice of assessment risk assignment provided pursuant to paragraph (a) of this section.

(b) Payment of assessment at rate assigned. Institutions shall make timely payment of assessments based on the assessment risk assignment in the notice provided to the institution pursuant to paragraph (a) of this section. Timely payment is required notwithstanding any request for review filed pursuant to paragraph (c) of this section. Assessment risk assignments remain in effect for future assessment periods until changed. If the risk assignment in the notice is subsequently changed, any excess assessment paid by the institution will be credited by the Corporation, with interest, and any additional assessment owed shall be paid by the institution, with interest, in the next assessment payment after such subsequent assignment or change. Interest payable under this paragraph shall be determined in accordance with §327.7.

(c) Requests for review. An institution that believes any assessment risk assignment provided by the Corporation
pursuant to paragraph (a) of this section is incorrect and seeks to change it must submit a written request for review of that risk assignment. An institution cannot request review through this process of the CAMELS ratings assigned by its primary federal regulator or challenge the appropriateness of any such rating; each federal regulator has established procedures for that purpose. An institution may also request review of a determination by the FDIC to assess the institution as a large, highly complex, or a small institution (§§ 327.9(e)(3) and 327.16(f)(3)) or a determination by the FDIC that the institution is a new institution (§§ 327.9(f)(5) and 327.16(g)(5)). Any request for review must be submitted within 90 days from the date the assessment risk assignment being challenged pursuant to paragraph (a) of this section appears on the institution’s quarterly certified statement invoice. The request shall be submitted to the Corporation’s Director of the Division of Insurance and Research in Washington, DC, and shall include documentation sufficient to support the change sought by the institution. If additional information is requested by the Corporation, such information shall be provided by the institution within 21 days of the date of the request for additional information. Any institution submitting a timely request for review will receive written notice from the Corporation regarding the outcome of its request. Upon completion of a review, the Director of the Division of Insurance and Research (or designee) or the Director of the Division of Supervision and Consumer Protection (or designee) or any successor divisions, as appropriate, shall promptly notify the institution in writing of his or her determination of whether a change is warranted. If the institution requesting review disagrees with that determination, it may appeal to the FDIC’s Assessment Appeals Committee. Notice of the procedures applicable to appeals will be included with the written determination.

(d) Disclosure restrictions. The portion of an assessment risk assignment provided to an institution by the Corporation pursuant to paragraph (a) of this section that reflects any supervisory evaluation or confidential information is deemed to be exempt information within the scope of §309.5(g)(8) of this chapter and, accordingly, is governed by the disclosure restrictions set out at §309.6 of this chapter.

(e) Limited use of assessment risk assignment. Any assessment risk assignment provided to a depository institution under this part 327 is for purposes of implementing and operating the FDIC’s risk-based assessment system. Unless permitted by the Corporation or otherwise required by law, no institution may state in any advertisement or promotional material, or in any other public place or manner, the assessment risk assignment provided to it pursuant to this part.

(f) Effective date for changes to risk assignment. Changes to an insured institution’s risk assignment resulting from a supervisory ratings change become effective as of the date of written notification to the institution by its primary federal regulator or state authority of its supervisory rating (even when the CAMELS component ratings have not been disclosed to the institution). If the FDIC, after taking into account other information that could affect the rating, agrees with the rating. If the FDIC does not agree, the FDIC will notify the institution of the FDIC’s supervisory rating; resulting changes to an insured institution’s risk assignment become effective as of the date of written notification to the institution by the FDIC.

(g) Designated Reserve Ratio. The designated reserve ratio for the Deposit Insurance Fund is 2 percent.

§327.5 Assessment base.

(a) Assessment base for all insured depository institutions. Except as provided in paragraphs (b), (c), and (d) of this section, the assessment base for an insured depository institution shall equal the average consolidated total assets of the insured depository institution during the assessment period minus the average tangible equity of the insured depository institution during the assessment period.
(1) Average consolidated total assets defined and calculated. Average consolidated total assets are defined in the schedule of quarterly averages in the Consolidated Reports of Condition and Income, using either a daily averaging method or a weekly averaging method as described in paragraphs (a)(1)(i) or (ii) of this section. The amounts to be reported as daily averages are the sum of the gross amounts of consolidated total assets for each calendar day during the quarter divided by the number of calendar days in the quarter. The amounts to be reported as weekly averages are the sum of the gross amounts of consolidated total assets for each Wednesday during the quarter divided by the number of Wednesdays in the quarter. For days that an office of the reporting institution (or any of its subsidiaries or branches) is closed (e.g., Saturdays, Sundays, or holidays), the amounts outstanding from the previous business day will be used. An office is considered closed if there are no transactions posted to the general ledger as of that date. For institutions that begin operating during the calendar quarter, the amounts to be reported as daily averages are the sum of the gross amounts of consolidated total assets for each calendar day the institution was operating during the quarter divided by the number of calendar days the institution was operating during the quarter.

(i) Institutions that must report average consolidated total assets using a daily averaging method. All insured depository institutions that report $1 billion or more in quarter-end consolidated total assets on their March 31, 2011 Consolidated Report of Condition and Income or Thrift Financial Report (or successor report), and all institutions that become insured after March 31, 2011, shall report average consolidated total assets as of the close of business on each Wednesday during the calendar quarter, or may at any time opt permanently to report average consolidated total assets on a daily basis as set forth in paragraph (a)(1)(i) of this section. Once an institution that reports average consolidated total assets using a weekly average reports average consolidated total assets equal to or greater than $1 billion for two consecutive quarters, it shall permanently report average consolidated total assets using daily averaging starting in the next quarter.

(ii) Mergers and consolidations. The average calculation of the assets of the surviving or resulting institution in a merger or consolidation shall include the assets of all the merged or consolidated institutions for the days in the quarter prior to the merger or consolidation, whether reported by the daily or weekly method.

(2) Average tangible equity defined and calculated. Tangible equity is defined as Tier 1 capital.

(i) Calculation of average tangible equity. Except as provided in paragraph (a)(2)(ii) of this section, average tangible equity shall be calculated using monthly averaging. Monthly averaging means the average of the three month-end balances within the quarter.

(ii) Alternate calculation of average tangible equity. Institutions that report less than $1 billion in quarter-end consolidated total assets on their March 31, 2011 Consolidated Reports of Condition and Income or Thrift Financial Reports may report average tangible equity using an end-of-quarter balance or may at any time opt permanently to report average tangible equity using a monthly average balance. An institution that reports average tangible equity using an end-of-quarter balance and reports average daily or weekly consolidated assets of $1 billion or more for two consecutive quarters shall permanently report average tangible equity using monthly averaging starting in the next quarter. Newly insured institutions shall report using monthly averaging.

(iii) Calculation of average tangible equity for the surviving institution in a
merger or consolidation. For the surviving institution in a merger or consolidation, Tier 1 capital shall be calculated as if the merger occurred on the first day of the quarter in which the merger or consolidation occurred.

(3) Consolidated subsidiaries—

(i) Reporting for insured depository institutions with consolidated subsidiaries that are not insured depository institutions. For insured institutions with consolidated subsidiaries that are not insured depository institutions, assets, including those assets eliminated in consolidation, shall be calculated using a daily or weekly averaging method, corresponding to the daily or weekly averaging requirement of the parent institution. The Consolidated Report of Condition and Income instructions in effect for the quarter for which data is being reported shall govern calculation of the average amount of subsidiaries’ assets, including those assets eliminated in consolidation. An insured depository institution that reports average tangible equity using a monthly averaging method and that has subsidiaries that are not insured depository institutions shall use monthly average reporting for the subsidiaries. The monthly average data for these subsidiaries, however, may be calculated for the current quarter or for the prior quarter consistent with the method used to report average consolidated total assets and in conformity with Consolidated Reports of Condition and Income requirements. Once the method of reporting the subsidiaries’ assets and tangible equity is chosen, however (current quarter or prior quarter), insured depository institutions cannot change the reporting method from quarter to quarter. An institution that reports consolidated assets and tangible equity using data for the prior quarter may switch to concurrent reporting on a permanent basis.

(ii) Reporting for insured depository institutions with consolidated insured depository subsidiaries. Insured depository institutions that consolidate with other insured depository institutions for financial reporting purposes shall report for the parent and for each subsidiary individually, daily average consolidated total assets or weekly average consolidated total assets, as appropriate under paragraph (a)(1)(i) or (ii) above, and tangible equity, without consolidating their insured depository institution subsidiaries into the calculations. Investments in insured depository institution subsidiaries should be included in total assets using the equity method of accounting.

(b) Assessment base for banker’s banks—

(1) Bankers bank defined. A banker’s bank for purposes of calculating deposit insurance assessments shall meet the definition of banker’s bank as that term is used in 12 U.S.C. 24. Banker’s banks that have funds from government capital infusion programs (such as TARP and the Small Business Lending Fund), and stock owned by the FDIC resulting from banks failures, as well as non-bank-owned stock resulting from equity compensation programs, are not thereby excluded from the definition of banker’s banks.

(2) Self-certification. Institutions that meet the requirements of paragraph (b)(1) of this section shall so certify to that effect each quarter on the Consolidated Reports of Condition and Income or Thrift Financial Report or successor report.

(3) Assessment base calculation for banker’s banks. A banker’s bank shall pay deposit insurance assessments on its assessment base as calculated in paragraph (a) of this section provided that it conducts 50 percent or more of its business with entities other than its parent holding company or entities other than those controlled (control has the same meaning as in section 3(w)(5) of the FDI Act) either directly or indirectly by its parent holding company. The assessment base will exclude the average (daily or weekly depending on how the institution calculates its average consolidated total assets) amount of reserve balances passed through to the Federal Reserve, the average amount of reserve balances held at the Federal Reserve for its own account (including all balances due from the Federal Reserve as described in the instructions to line 4 of Schedule RC–A of the Consolidated Report of Condition and Income as of December 31, 2010), and the average amount of the institution’s federal funds sold, but in
Federal Deposit Insurance Corporation § 327.6

no case shall the amount excluded exceed the sum of the bank’s average amount of total deposits of commercial banks and other depository institutions in the United States and the average amount of its federal funds purchased.

(c) Assessment base for custodial banks—(1) Custodial bank defined. A custodial bank for purposes of calculating deposit insurance assessments shall be an insured depository institution with previous calendar-year trust assets (fiduciary and custody and safekeeping assets, as described in the instructions to Schedule RC–T of the Consolidated Report of Condition and Income) of at least $50 billion or an insured depository institution that derived more than 50 percent of its total revenue (interest income plus non-interest income) from trust activity over the previous calendar year.

(2) Assessment base calculation for custodial banks. A custodial bank shall pay deposit insurance assessments on its assessment base as calculated in paragraph (a) of this section, but the FDIC will exclude from that assessment base the daily or weekly average (depending on how the bank reports its average consolidated total assets) of all asset types described in the instructions to lines 1, 2, and 3 of Schedule RC of the Consolidated Report of Condition and Income with a standardized approach risk weight of 0 percent, regardless of maturity, plus 50 percent of those asset types described in the instructions to lines 1, 2, and 3 of Schedule RC of the Consolidated Report of Condition and Income, with a standardized approach risk-weight greater than 0 and up to and including 20 percent, regardless of maturity, subject to the limitation that the daily or weekly average value of those deposits that are classified as transaction accounts in the instructions to Schedule RC–E of the Consolidated Report of Condition and Income and that are identified by the institution as being directly linked to a fiduciary or custodial and safekeeping account asset.

(d) Assessment base for insured branches of foreign banks. Average consolidated total assets for an insured branch of a foreign bank are defined as total assets of the branch (including net due from related depository institutions) in accordance with the schedule of assets and liabilities in the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks as of the assessment period for which the assessment is being calculated, but measured using the definition for reporting total assets in the schedule of quarterly averages in the Consolidated Reports of Condition and Income, and calculated using the appropriate daily or weekly averaging method under paragraph (a)(1)(i) or (ii) of this section. Tangible equity for an insured branch of a foreign bank is eligible assets (determined in accordance with §347.210 of the FDIC’s regulations) less the book value of liabilities (exclusive of liabilities due to the foreign bank’s head office, other branches, agencies, offices, or wholly owned subsidiaries) calculated on a monthly or end-of-quarter basis, according to the branch’s size.

(e) Newly insured institutions. A newly insured institution shall pay an assessment for the assessment period during which it became insured. The FDIC will prorate the newly insured institution’s assessment amount to reflect the number of days it was insured during the period.

§ 327.6 Mergers and consolidations; other terminations of insurance.

(a) Final quarterly certified invoice for acquired institution. An institution that is not the resulting or surviving institution in a merger or consolidation must file a report of condition for every assessment period prior to the assessment period in which the merger or consolidation occurs. The surviving or resulting institution shall be responsible for ensuring that these reports of condition are filed and shall be liable for any unpaid assessments on the part of the institution that is not the resulting or surviving institution.

(b) Assessment for quarter in which the merger or consolidation occurs. For an
assessment period in which a merger or consolidation occurs, consolidated total assets for the surviving or resulting institution shall include the consolidated total assets of all insured depository institutions that are parties to the merger or consolidation as if the merger or consolidation occurred on the first day of the assessment period. Tier 1 capital shall be reported in the same manner.

(c) Other termination. When the insured status of an institution is terminated, and the deposit liabilities of such institution are not assumed by another insured depository institution—

(1) Payment of assessments; quarterly certified statement invoices. The depository institution whose insured status is terminating shall continue to file and certify its quarterly certified statement invoice and pay assessments for the assessment period its deposits are insured. Such institution shall not be required to certify its quarterly certified statement invoice and pay further assessments after it has paid in full its deposit liabilities and the assessment to the Corporation required to be paid for the assessment period in which its deposit liabilities are paid in full, and after it, under applicable law, goes out of business or transfers all or substantially all of its assets and liabilities to other institutions or otherwise ceases to be obliged to pay subsequent assessments.

(2) Payment of deposits; certification to Corporation. When the deposit liabilities of the depository institution have been paid in full, the depository institution shall certify to the Corporation that the deposit liabilities have been paid in full and give the date of the final payment. When the depository institution has unclaimed deposits, the certification shall further state the amount of the unclaimed deposits and the disposition made of the funds to be held to meet the claims. For assessment purposes, the following will be considered as payment of the unclaimed deposits:

(i) The transfer of cash funds in an amount sufficient to pay the unclaimed and unpaid deposits to the public official authorized by law to receive the same; or

(ii) If no law provides for the transfer of funds to a public official, the transfer of cash funds or compensatory assets to an insured depository institution in an amount sufficient to pay the unclaimed and unpaid deposits in consideration for the assumption of the deposit obligations by the insured depository institution.

(3) Notice to depositors. (i) The depository institution whose insured status is terminating shall give sufficient advance notice of the intended transfer to the owners of the unclaimed deposits to enable the depositors to obtain their deposits prior to the transfer. The notice shall be mailed to each depositor and shall be published in a local newspaper of general circulation. The notice shall advise the depositors of the liquidation of the depository institution, request them to call for and accept payment of their deposits, and state the disposition to be made of their deposits if they fail to promptly claim the deposits.

(ii) If the unclaimed and unpaid deposits are disposed of as provided in paragraph (c)(2)(i) of this section, a certified copy of the public official’s receipt issued for the funds shall be furnished to the Corporation.

(iii) If the unclaimed and unpaid deposits are disposed of as provided in paragraph (c)(2)(ii) of this section, an affidavit of the publication and of the mailing of the notice to the depositors, together with a copy of the notice and a certified copy of the contract of assumption, shall be furnished to the Corporation.

(4) Notice to Corporation. The depository institution whose insured status is terminating shall advise the Corporation of the date on which it goes out of business or transfers all or substantially all of its assets and liabilities to other institutions or otherwise ceases to be obliged to pay subsequent assessments and the method whereby the termination has been effected.

(d) Resumption of insured status before insurance of deposits ceases. If a depository institution whose insured status has been terminated is permitted by the Corporation to continue or resume its status as an insured depository institution before the insurance of its deposits has ceased, the institution will
be deemed, for assessment purposes, to continue as an insured depository institution and must thereafter file and certify its quarterly certified statement invoices and pay assessments as though its insured status had not been terminated. The procedure for applying for the continuance or resumption of insured status is set forth in §303.248 of this chapter.

[76 FR 10706, Feb. 25, 2011]

§ 327.7 Payment of interest on assessment underpayments and overpayments.

(a) Payment of interest—(1) Payment by institutions. Each insured depository institution shall pay interest to the Corporation on any underpayment of the institution’s assessment.

(2) Payment by Corporation. The Corporation will pay interest on any overpayment by the institution on any overpayment by the institution of its assessment.

(3) Accrual of interest. (i) Interest on an amount owed to or by the Corporation for the underpayment or overpayment of an assessment shall accrue interest at the relevant interest rate.

(ii) Interest on an amount specified in paragraph (a)(3)(i) of this section shall begin to accrue on the day following the regular payment date, as provided for in §327.3(b)(2), for the amount so overpaid or underpaid, provided, however, that interest shall not begin to accrue on any overpayment until the day following the date such overpayment was received by the Corporation. Interest shall continue to accrue through the date on which the overpayment or underpayment (together with any interest thereon) is discharged.

(iii) The relevant interest rate shall be redetermined for each quarterly assessment interval. A quarterly assessment interval begins on the day following a regular payment date, as specified in §327.3(b)(2), and ends on the immediately following regular payment date.

(b) Interest rates. (1) The relevant interest rate for a quarterly assessment interval that includes the month of January, April, July, and October, respectively, is the coupon equivalent yield of the average discount rate set on the 3-month Treasury bill at the last auction held by the United States Treasury Department during the preceding December, March, June, and September, respectively.

(2) The relevant interest rate for a quarterly assessment interval will apply to any amounts overpaid or underpaid on the payment date immediately prior to the beginning of the quarterly assessment interval. The relevant interest rate will also apply to any amounts owed for previous overpayments or underpayments (including any interest thereon) that remain outstanding, after any adjustments to such overpayments or underpayments have been made thereon, at the end of the regular payment date immediately prior to the beginning of the quarterly assessment interval. Interest will be compounded daily.

§ 327.8 Definitions.

For the purpose of this part 327:

(a) Deposits. The term deposit has the meaning specified in section 3(l) of the Federal Deposit Insurance Act.

(b) Quarterly report of condition. The term quarterly report of condition means a report required to be filed pursuant to section 7(a)(3) of the Federal Deposit Insurance Act.

(c) Assessment period—in general. The term assessment period means a period beginning on January 1 of any calendar year and ending on March 31 of the same year, or a period beginning on April 1 of any calendar year and ending on June 30 of the same year; or a period beginning on July 1 of any calendar year and ending on September 30 of the same year; or a period beginning on October 1 of any calendar year and ending on December 31 of the same year.

(d) Acquiring institution. The term acquiring institution means an insured depository institution that assumes some or all of the deposits of another insured depository institution in a terminating transfer.

(e) Small institution. An insured depository institution with assets of less than $10 billion as of December 31, 2006, and an insured branch of a foreign institution shall be classified as a small institution. If, after December 31, 2006, an institution classified as large under paragraph (f) of this section (other than an institution classified as large
for purposes of §§327.9(e) and 327.16(f) reports assets of less than $10 billion in its quarterly reports of condition for four consecutive quarters, the FDIC will reclassify the institution as small beginning the following quarter.

(f) Large institution. An institution classified as large for purposes of §§327.9(e) and 327.16(f) or an insured depository institution with assets of $10 billion or more as of December 31, 2006 (other than an insured branch of a foreign bank or a highly complex institution) shall be classified as a large institution. If, after December 31, 2006, an institution classified as small under paragraph (e) of this section reports assets of $10 billion or more in its quarterly reports of condition for four consecutive quarters, the FDIC will reclassify the institution as large beginning the following quarter.

(g) Highly complex institution. (1) A highly complex institution is:

(i) An insured depository institution (excluding a credit card bank) that has had $50 billion or more in total assets for at least four consecutive quarters that is controlled by a U.S. parent holding company that has had $500 billion or more in total assets for four consecutive quarters, or controlled by one or more intermediate U.S. parent holding companies that are controlled by a U.S. holding company that has had $500 billion or more in assets for four consecutive quarters; or

(ii) A processing bank or trust company.

(2) Control has the same meaning as in section 3(w)(5) of the FDI Act. A U.S. parent holding company is a parent holding company incorporated or organized under the laws of the United States or any State, as the term “State” is defined in section 3(a)(3) of the FDI Act. If, after December 31, 2010, an institution classified as highly complex under paragraph (g)(1)(i) of this section falls below $10 billion in total assets for four consecutive quarters, the FDIC will reclassify the institution beginning the following quarter. If, after December 31, 2010, an institution classified as highly complex under paragraph (a)(1)(ii) of this section falls below $10 billion in total assets for four consecutive quarters, the FDIC will reclassify the institution beginning the following quarter.

(h) CAMELS composite and CAMELS component ratings. The terms CAMELS composite ratings and CAMELS component ratings shall have the same meaning as in the Uniform Financial Institutions Rating System as published by the Federal Financial Institutions Examination Council.

(i) ROCA supervisory ratings. ROCA supervisory ratings rate risk management, operational controls, compliance, and asset quality.

(j) New depository institution. A new insured depository institution is a bank or savings association that has been federally insured for less than five years as of the last day of any quarter for which it is being assessed.

(k) Established depository institution. An established insured depository institution is a bank or savings association that has been federally insured for at least five years as of the last day of any quarter for which it is being assessed.

(l) Merger or consolidation involving new and established institution(s). Subject to paragraphs (k)(2), (3), (4), and (5) of this section and §§327.9(f)(3) and (4) and 327.16 (g)(3) and (4), when an established institution merges into or consolidates with a new institution, the resulting institution is a new institution unless:

(i) The assets of the established institution, as reported in its report of condition for the quarter ending immediately before the merger, exceeded the assets of the new institution, as reported in its report of condition for the quarter ending immediately before the merger; and

(ii) Substantially all of the management of the established institution continued as management of the resulting or surviving institution.

(ii) Consolidation involving established institutions. When established institutions consolidate, the resulting institution is an established institution.

(3) Grandfather exception. If a new institution merges into an established institution, and the merger agreement was entered into on or before July 11,
Federal Deposit Insurance Corporation § 327.8

2006, the resulting institution shall be deemed to be an established institution for purposes of this part.

(4) Subsidiary exception. Subject to paragraph (k)(5) of this section, a new institution will be considered established if it is a wholly owned subsidiary of:

(i) A company that is a bank holding company under the Banking Holding Company Act of 1956 or a savings and loan holding company under the Home Owners' Loan Act, and:

(A) At least one eligible depository institution (as defined in 12 CFR 303.2(r)) that is owned by the holding company has been chartered as a bank or savings association for at least five years as of the date that the otherwise new institution was established; and

(B) The holding company has a composite rating of at least “2” for bank holding companies or an above average or “A” rating for savings and loan holding companies and at least 75 percent of its insured depository institution assets are assets of eligible depository institutions, as defined in 12 CFR 303.2(r); or

(ii) An eligible depository institution, as defined in 12 CFR 303.2(r), that has been chartered as a bank or savings association for at least five years as of the date that the otherwise new institution was established.

(5) Effect of credit union conversion. In determining whether an insured depository institution is new or established, the FDIC will include any period of time that the institution was a federally insured credit union.

(l) Risk assignment. Under §327.9, for all small institutions and insured branches of foreign banks, risk assignment includes assignment to Risk Category I, II, III, or IV and, within Risk Category I, assignment to an assessment rate. Under §327.16, for all new small institutions and insured branches of foreign banks, risk assignment includes assignment to Risk Category I, assignment to an assessment rate or rates. For all established small institutions, and all large institutions and all highly complex institutions, risk assignment includes assignment to an assessment rate.

(m) Unsecured debt—For purposes of the unsecured debt adjustment as set forth in §§327.9(d)(1) and 327.16(e)(1) and the depository institution debt adjustment as set forth in §§327.9(d)(2) and 327.16(e)(2), unsecured debt shall include senior unsecured liabilities and subordinated debt.

(n) Senior unsecured liability.—For purposes of the unsecured debt adjustment as set forth in §§327.9(d)(1) and 327.16(e)(1) and the depository institution debt adjustment as set forth in §§327.9(d)(2) and 327.16(e)(2), senior unsecured liabilities shall be the unsecured portion of other borrowed money as defined in the quarterly report of condition for the reporting period as defined in paragraph (b) of this section, but shall not include any senior unsecured debt that the FDIC has guaranteed under the Temporary Liquidity Guarantee Program, 12 CFR part 370.

(o) Subordinated debt.—For purposes of the unsecured debt adjustment as set forth in §§327.9(d)(1) and 327.16(e)(1) and the depository institution debt adjustment as set forth in §§327.9(d)(2) and 327.16(e)(2), subordinated debt shall be as defined in the quarterly report of condition for the reporting period; however, subordinated debt shall also include limited-life preferred stock as defined in the quarterly report of condition for the reporting period.

(p) Long-term unsecured debt.—For purposes of the unsecured debt adjustment as set forth in §§327.9(d)(1) and 327.16(e)(1) and the depository institution debt adjustment as set forth in §§327.9(d)(2) and 327.16(e)(2), long-term unsecured debt shall be unsecured debt with at least one year remaining until maturity; however, any such debt where the holder of the debt has a redemption option that is exercisable within one year of the reporting date shall not be deemed long-term unsecured debt.

(q) Reciprocal deposits—Deposits that an insured depository institution receives through a deposit placement network on a reciprocal basis, such that: (1) for any deposit received, the institution (as agent for depositors) places the same amount with other insured depository institutions through the network; and (2) each member of the network sets the interest rate to be
paid on the entire amount of funds it places with other network members.

(v) Parent holding company—A parent holding company has the same meaning as “depository institution holding company,” as defined in §3(w) of the FDI Act.

(s) Processing bank or trust company—A processing bank or trust company is an institution whose last three years’ non-lending interest income, fiduciary revenues, and investment banking fees, combined, exceed 50 percent of total revenues (and its last three years fiduciary revenues are non-zero), and whose total fiduciary assets total $500 billion or more, and whose total assets for at least four consecutive quarters have been $10 billion or more.

(t) Credit card bank—A credit card bank is a bank for which credit card receivables plus securitized receivables exceed 50 percent of assets plus securitized receivables.

(u) Control—Control has the same meaning as in section 2 of the Bank Holding Company Act of 1956, 12 U.S.C. 1841(a)(2).

(v) Established small institution. An established small institution is a “small institution” as defined under paragraph (k) of this section that meets the definition of “established depository institution” under paragraph (k) of this section.

(w) New small institution. A new small institution is a “small institution” as defined under paragraph (k) of this section that meets the definition of “new depository institution” under paragraph (j) of this section.

(x) Deposit Insurance Fund and DIF. The Deposit Insurance Fund as defined in 12 U.S.C. 1813(y)(1).

(y) Reserve ratio of the DIF. The reserve ratio as defined in 12 U.S.C. 1813(y)(3).

§327.9 Assessment pricing methods.

The following pricing methods shall apply through the later of June 30, 2016, or the subsequent calendar quarter in which the reserve ratio of the DIF reaches 1.15 percent.

(a) Small institutions—(1) Risk Categories. Each small insured depository institution shall be assigned to one of the following four Risk Categories based upon the institution’s capital evaluation and supervisory evaluation as defined in this section.

(i) Risk Category I. Small institutions in Supervisory Group A that are Well Capitalized will be assigned to Risk Category I.

(ii) Risk Category II. Small institutions in Supervisory Group A that are Adequately Capitalized, and small institutions in Supervisory Group B that are either Well Capitalized or Adequately Capitalized will be assigned to Risk Category II.

(iii) Risk Category III. Small institutions in Supervisory Groups A and B that are Undercapitalized, and small institutions in Supervisory Group C that are Well Capitalized or Adequately Capitalized will be assigned to Risk Category III.

(iv) Risk Category IV. Small institutions in Supervisory Group C that are Undercapitalized will be assigned to Risk Category IV.

(2) Capital evaluations. Each small institution will receive one of the following three capital evaluations on the basis of data reported in the institution’s Consolidated Reports of Condition and Income or Thrift Financial Report (or successor report, as appropriate) dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(i) Well Capitalized. A Well Capitalized institution is one that satisfies each of the following capital ratio standards: Total risk-based capital ratio, 10.0 percent or greater; tier 1 risk-based capital ratio, 8.0 percent or greater; leverage ratio, 5.0 percent or greater; and common equity tier 1 capital ratio, 6.5 percent or greater.

(ii) Adequately Capitalized. An Adequately Capitalized institution is one that does not satisfy the standards of Well Capitalized in paragraph (a)(2)(i) of this section but satisfies each of the following capital ratio standards: Total
risk-based capital ratio, 8.0 percent or greater; tier 1 risk-based capital ratio, 6.0 percent or greater; leverage ratio, 4.0 percent or greater; and common equity tier 1 capital ratio, 4.5 percent or greater.

(iii) Undercapitalized. An undercapitalized institution is one that does not qualify as either Well Capitalized or Adequately Capitalized under paragraphs (a)(2)(i) and (ii) of this section.

(3) Supervisory evaluations. Each small institution will be assigned to one of three Supervisory Groups based on the Corporation’s consideration of supervisory evaluations provided by the institution’s primary federal regulator. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information that the primary federal regulator determines to be relevant. In addition, the Corporation will take into consideration such other information (such as state examination findings, as appropriate) as it determines to be relevant to the institution’s financial condition and the risk posed to the Deposit Insurance Fund. The three Supervisory Groups are:

(i) Supervisory Group “A.” This Supervisory Group consists of financially sound institutions with only a few minor weaknesses;

(ii) Supervisory Group “B.” This Supervisory Group consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the Deposit Insurance Fund; and

(iii) Supervisory Group “C.” This Supervisory Group consists of institutions that pose a substantial probability of loss to the Deposit Insurance Fund unless effective corrective action is taken.

(4) Financial ratios method. A small insured depository institution in Risk Category I shall have its initial base assessment rate determined using the financial ratios method.

(i) Under the financial ratios method, each of six financial ratios and a weighted average of CAMELS component ratings will be multiplied by a corresponding pricing multiplier. The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum initial base assessment rate in effect for Risk Category I institutions for that quarter. An institution’s initial base assessment rate, subject to adjustment pursuant to paragraphs (d)(1), (2), and (3) of this section, as appropriate (resulting in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate), and adjusted for the actual assessment rates set by the Board under §327.10(f), will equal an institution’s assessment rate. The six financial ratios are: Leverage ratio; Loans past due 30–89 days/gross assets; Nonperforming assets/gross assets; Net income before taxes/risk-weighted assets; and the Adjusted brokered deposit ratio. The ratios are defined in Table A.1 of Appendix A to this subpart. The ratios will be determined for an assessment period based upon information contained in an institution’s report of condition filed as of the last day of the assessment period as set out in paragraph (a)(2) of this section. The weighted average of CAMELS component ratings is created by multiplying each component by the following percentages and adding the products: Capital adequacy—25%, Asset quality—20%, Management—25%, Earnings—10%, Liquidity—10%, and Sensitivity to market risk—10%. The following table sets forth the initial values of the pricing multipliers:

<table>
<thead>
<tr>
<th>Risk measures *</th>
<th>Pricing multipliers **</th>

<tr>
<td>Adjusted brokered deposit ratio</td>
<td>0.065</td>
</tr>
<tr>
<td>Weighted Average CAMELS Component Rating</td>
<td>1.095</td>
</tr>
</tbody>
</table>

* Ratios are expressed as percentages.
** Multipliers are rounded to three decimal places.

(ii) The six financial ratios and the weighted average CAMELS component
rating will be multiplied by the respective pricing multiplier, and the products will be summed. To this result will be added the uniform amount. The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum initial base assessment rate in effect for Risk Category I institutions for that quarter.

(iii) Uniform amount and pricing multipliers. Except as adjusted for the actual assessment rates set by the Board under §327.10(f), the uniform amount shall be:

(A) 4.861 whenever the assessment rate schedule set forth in §327.10(a) is in effect;
(B) 2.861 whenever the assessment rate schedule set forth in §327.10(b) is in effect;
(C) 1.861 whenever the assessment rate schedule set forth in §327.10(c) is in effect; or
(D) 0.861 whenever the assessment rate schedule set forth in §327.10(d) is in effect.

(iv) Implementation of CAMELS rating changes—(A) Changes between risk categories. If, during a quarter, a CAMELS composite rating change occurs that results in an institution moving from Risk Category II, III or IV to Risk Category I, then the financial ratios method shall apply for the portion of the quarter that it was in Risk Category I, subject to adjustment pursuant to paragraphs (d)(1), (2) and (3) of this section, as appropriate, and adjusted for the actual assessment rates set by the Board under §327.10(f). For the portion of the quarter that the institution was not in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (d)(1), (2), and (3) of this section shall be determined under the assessment schedule for the appropriate Risk Category.

(B) Changes within Risk Category I. If, during a quarter, an institution’s CAMELS component ratings change in a way that will change the institution’s initial base assessment rate within Risk Category I, the initial base assessment rate for the period before the change shall be determined under the financial ratios method using the CAMELS component ratings in effect before the change, subject to adjustment pursuant to paragraphs (d)(1), (2), and (3) of this section, as appropriate. Beginning on the date of the CAMELS component ratings change, the initial base assessment rate for the remainder of the quarter shall be determined using the CAMELS component ratings in effect after the change, again subject to adjustment pursuant to paragraphs (d)(1), (2), and (3) of this section, as appropriate.

(b) Large and Highly Complex institutions—(1) Assessment scorecard for large institutions (other than highly complex institutions). (i) A large institution other than a highly complex institution shall have its initial base assessment rate determined using the scorecard for large institutions.

SCORECARD FOR LARGE INSTITUTIONS

P.1.1 ... Weighted Average CAMELS Rating
P.2 ... Ability to Withstand Asset-Related Stress. Leverage ratio
(ii) The scorecard for large institutions produces two scores: performance score and loss severity score.

(A) Performance score for large institutions. The performance score for large institutions is a weighted average of the scores for three measures: the weighted average CAMELS rating score, weighted at 30 percent; the ability to withstand asset-related stress score, weighted at 50 percent; and the ability to withstand funding-related stress score, weighted at 20 percent.

(ii) A weighted average CAMELS rating converts to a score that ranges from 25 to 100. A weighted average rating of 1 equals a score of 25 and a weighted average of 3.5 or greater equals a score of 100. Weighted average CAMELS ratings between 1 and 3.5 are assigned a score between 25 and 100. The score increases at an increasing rate as the weighted average CAMELS rating increases. Appendix B of this subpart describes the conversion of a weighted average CAMELS rating to a score.

(ii) The Leverage ratio and the ratio of core earnings to average quarter-end total assets are described in appendix A and the method of calculating the scores is described in appendix C of this subpart.

(iii) The score for the concentration measure is the greater of the higher-risk assets to Tier 1 capital and reserves score or the growth-adjusted portfolio concentrations score. Both ratios are described in appendix C.

(iv) The score for the credit quality measure is the greater of the criticized and classified items to Tier 1 capital and reserves score or the underperforming assets to Tier 1 capital and reserves score.

(c) The following table shows the cutoff values and weights for the measures:

<table>

*Average of five quarter-end total assets (most recent and four prior quarters)
used to calculate the ability to withstand asset-related stress score. Appendix B of this subpart describes how each measure is converted to a score between 0 and 100 based upon the minimum and maximum cutoff values, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

### CUTOFF VALUES AND WEIGHTS FOR MEASURES TO CALCULATE ABILITY TO WITHSTAND ASSET-RELATED STRESS SCORE

<tr>
<td>Underperforming Assets/Tier 1 Capital and Reserves</td>
<td>2</td>
<td>35</td>
</tr>
</tbody>
</table>

* Average of five quarter-end total assets (most recent and four prior quarters).

(vi) The score for each measure in the table in paragraph (b)(1)(ii)(A)(2)(v) is multiplied by its respective weight and the resulting weighted score is summed to arrive at the score for an ability to withstand asset-related stress, which can range from 0 to 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

(3) Ability to withstand funding-related stress score. Two measures are used to compute the ability to withstand funding-related stress score: a core deposits to total liabilities ratio, and a balance sheet liquidity ratio. Appendix A of this subpart describes these measures. Appendix B of this subpart describes how these measures are converted to a score between 0 and 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk. The ability to withstand funding-related stress score is the weighted average of the scores for the two measures. In the following table, cutoff values and weights are used to derive an institution’s ability to withstand funding-related stress score:

### CUTOFF VALUES AND WEIGHTS TO CALCULATE ABILITY TO WITHSTAND FUNDING-RELATED STRESS SCORE

<table>
<thead>
<tr>
<th>Measures of the ability to withstand funding-related stress</th>
<th>Cutoff values</th>
<th>Weights (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Minimum (percent)</td>
<td>Maximum (percent)</td>
</tr>
<tr>
<td>Core Deposits/Total Liabilities</td>
<td>5</td>
<td>87</td>
</tr>
<tr>
<td>Balance Sheet Liquidity Ratio</td>
<td>7</td>
<td>243</td>
</tr>
</tbody>
</table>

(4) Calculation of Performance Score. In paragraph (b)(1)(ii)(A)(3), the scores for the weighted average CAMELs rating, the ability to withstand asset-related stress, and the ability to withstand funding-related stress are multiplied by their respective weights (30 percent, 50 percent and 20 percent, respectively) and the results are summed to arrive at the performance score. The performance score cannot be less than 0 or more than 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

(B) Loss severity score. The loss severity score is based on a loss severity measure that is described in appendix D of this subpart. Appendix B also describes how the loss severity measure is converted to a score between 0 and 100. The loss severity score cannot be less than 0 or more than 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.
Federal Deposit Insurance Corporation

§ 327.9

Cutoff values for the loss severity measure are:

<table>
<thead>
<tr>
<th>CUTOFF VALUES TO CALCULATE LOSS SEVERITY SCORE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Measure of loss severity</td>
</tr>
<tr>
<td>---------------------------</td>
</tr>
<tr>
<td>Minimum (percent)</td>
</tr>
<tr>
<td>Loss Severity</td>
</tr>
</tbody>
</table>

(C) Total score. The performance and loss severity scores are combined to produce a total score. The loss severity score is converted into a loss severity factor that ranges from 0.8 (score of 5 or lower) to 1.2 (score of 85 or higher). Scores at or below the minimum cutoff of 5 receive a loss severity factor of 0.8, and scores at or above the maximum cutoff of 85 receive a loss severity factor of 1.2. The following linear interpolation converts loss severity scores between the cutoffs into a loss severity factor:

\[
\text{Loss Severity Factor} = 0.8 + [0.005 \times (\text{Loss Severity Score} - 5)]
\]

The performance score is multiplied by the loss severity factor to produce a total score (total score = performance score \times loss severity factor). The total score can be up to 20 percent higher or lower than the performance score but cannot be less than 30 or more than 90. The total score is subject to adjustment, up or down, by a maximum of 15 points, as set forth in paragraph (b)(3) of this section. The resulting total score after adjustment cannot be less than 30 or more than 90.

(D) Initial base assessment rate. A large institution with a total score of 30 pays the minimum initial base assessment rate and an institution with a total score of 90 pays the maximum initial base assessment rate. For total scores between 30 and 90, initial base assessment rates rise at an increasing rate as the total score increases, calculated according to the following formula:

\[
\text{Rate} = \text{Minimum Rate} + \left[ \left( \frac{1.4245 \times \text{Score}}{100} \right)^{-0.0385} \times (\text{Maximum Rate} - \text{Minimum Rate}) \right]
\]

where Rate is the initial base assessment rate (expressed in basis points), Maximum Rate is the maximum initial base assessment rate then in effect (expressed in basis points), and Minimum Rate is the minimum initial base assessment rate then in effect (expressed in basis points). Initial base assessment rates are subject to adjustment pursuant to paragraphs (b)(3), (d)(1), (d)(2), of this section; large institutions that are not well capitalized or have a CAMELS composite rating of 3, 4 or 5 shall be subject to the adjustment at paragraph (d)(3); these adjustments shall result in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate.

(2) Assessment scorecard for highly complex institutions. (i) A highly complex institution shall have its initial base assessment rate determined using the scorecard for highly complex institutions.

\[
\text{SCORECARD FOR HIGHLY COMPLEX INSTITUTIONS}
\]

<table>
<thead>

<tr>
<td>L ..........................</td>
<td>Loss Severity Score</td>
<td>100</td>
</tr>
<tr>
<td>L.1 ....................</td>
<td>Loss Severity</td>
<td>100</td>
</tr>
</tbody>
</table>

(ii) The scorecard for highly complex institutions produces two scores: performance and loss severity.
§ 327.9

(A) Performance score for highly complex institutions. The performance score for highly complex institutions is the weighted average of the scores for three components: weighted average CAMELS rating, weighted at 30 percent; ability to withstand asset-related stress score, weighted at 50 percent; and ability to withstand funding-related stress score, weighted at 20 percent.

(i) Weighted average CAMELS rating score. (i) To compute the score for the weighted average CAMELS rating, a weighted average of an institution’s CAMELS component ratings is calculated using the following weights:

<table>
<thead>
<tr>
<th>CAMELS Component</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>C</td>
<td>25%</td>
</tr>
<tr>
<td>A</td>
<td>20%</td>
</tr>
<tr>
<td>M</td>
<td>25%</td>
</tr>
<tr>
<td>E</td>
<td>10%</td>
</tr>
<tr>
<td>L</td>
<td>10%</td>
</tr>
<tr>
<td>S</td>
<td>10%</td>
</tr>
</tbody>
</table>

(ii) A weighted average CAMELS rating converts to a score that ranges from 25 to 100. A weighted average rating of 1 equals a score of 25 and a weighted average of 3.5 or greater equals a score of 100. Weighted average CAMELS ratings between 1 and 3.5 are assigned a score between 25 and 100. The score increases at an increasing rate as the weighted average CAMELS rating increases. Appendix B of this subpart describes the conversion of a weighted average CAMELS rating to a score.

(2) Ability to withstand asset-related stress score. (i) The ability to withstand asset-related stress score is a weighted average of the scores for four measures: Leverage ratio; concentration measure; ratio of core earnings to average quarter-end total assets; credit quality measure and market risk measure. Appendix A of this subpart describes these measures.

(ii) The Leverage ratio and the ratio of core earnings to average quarter-end total assets are described in appendix A and the method of calculating the scores is described in appendix B of this subpart.

(iii) The score for the concentration measure for highly complex institutions is the greatest of the higher-risk assets to the sum of Tier 1 capital and reserves score, the top 20 counterparty exposure to the sum of Tier 1 capital and reserves score, or the largest counterparty exposure to the sum of Tier 1 capital and reserves score. Each ratio is described in appendix A of this subpart. The method used to convert the concentration measure into a score is described in appendix C of this subpart.

(iv) The credit quality score is the greater of the criticized and classified items to Tier 1 capital and reserves score or the underperforming assets to Tier 1 capital and reserves score. The market risk score is the weighted average of three scores—the trading revenue volatility to Tier 1 capital score, the market risk capital to Tier 1 capital score, and the level 3 trading assets to Tier 1 capital score. All of these ratios are described in appendix A of this subpart and the method of calculating the scores is described in appendix B. Each score is multiplied by its respective weight, and the resulting weighted score is summed to compute the score for the market risk measure. An overall weight of 35 percent is allocated between the scores for the credit
quality measure and market risk measure. The allocation depends on the ratio of average trading assets to the sum of average securities, loans and trading assets (trading asset ratio) as follows:

(v) Weight for credit quality score = 35 percent * (1—trading asset ratio); and,

(vi) Weight for market risk score = 35 percent * trading asset ratio.

(vii) Each of the measures used to calculate the ability to withstand asset-related stress score is assigned the following cutoff values and weights:

<table>
<thead>
<tr>
<th>Measures of the ability to withstand asset-related stress</th>
<th>Cutoff values</th>
<th>Market risk measure</th>
<th>Weights</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Minimum (percent)</td>
<td>Maximum (percent)</td>
<td>(percent)</td>
</tr>
<tr>
<td>Leverage ratio</td>
<td>6</td>
<td>13</td>
<td>10</td>
</tr>
<tr>
<td>Concentration Measure</td>
<td>135</td>
<td>200</td>
<td>20</td>
</tr>
<tr>
<td>Higher Risk Assets/Tier 1 Capital and Reserves; or:</td>
<td>0</td>
<td>125</td>
<td>10</td>
</tr>
<tr>
<td>Largest Counterparty Exposure/Tier 1 Capital and Reserves.</td>
<td>0</td>
<td>20</td>
<td>10</td>
</tr>
<tr>
<td>Core Earnings/Average Quarter-end Total Assets</td>
<td>0</td>
<td>2</td>
<td>10</td>
</tr>
<tr>
<td>Credit Quality Measure *</td>
<td>7</td>
<td>100</td>
<td>35</td>
</tr>
<tr>
<td>Criticized and Classified items to Tier 1 Capital and Reserves; or: Underperforming Assets/Tier 1 Capital and Reserves.</td>
<td>2</td>
<td>35</td>
<td>35</td>
</tr>
<tr>
<td>Market Risk Measure *</td>
<td>0</td>
<td>2</td>
<td>35</td>
</tr>
<tr>
<td>Trading Revenue Volatility/Tier 1 Capital</td>
<td>0</td>
<td>2</td>
<td>35</td>
</tr>
<tr>
<td>Level 3 Trading Assets/Tier 1 Capital</td>
<td>0</td>
<td>2</td>
<td>35</td>
</tr>
</tbody>
</table>

*Combined, the credit quality measure and the market risk measure are assigned a 35 percent weight. The relative weight of each of the two scores depends on the ratio of average trading assets to the sum of average securities, loans and trading assets (trading asset ratio).

(viii) [Reserved]

(ix) The score of each measure is multiplied by its respective weight and the resulting weighted score is summed to compute the ability to withstand asset-related stress score, which can range from 0 to 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

(3) Ability to withstand funding related stress score. Three measures are used to calculate the score for the ability to withstand funding-related stress: a core deposits to total liabilities ratio, a balance sheet liquidity ratio, and average short-term funding to average total assets ratio. Appendix A of this subpart describes these ratios. Appendix B of this subpart describes how each measure is converted to a score. The ability to withstand funding-related stress score is the weighted average of the scores for the three measures. In the following table, cutoff values and weights are used to derive an institution’s ability to withstand funding-related stress score:

<table>
<thead>
<tr>
<th>Measures of the ability to withstand funding-related stress</th>
<th>Cutoff values</th>
<th>Weights (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Minimum (percent)</td>
<td>Maximum (percent)</td>
</tr>
<tr>
<td>Core Deposits/Total Liabilities</td>
<td>5</td>
<td>87</td>
</tr>
<tr>
<td>Balance Sheet Liquidity Ratio</td>
<td>7</td>
<td>243</td>
</tr>
<tr>
<td>Average Short-term Funding/Average Total Assets</td>
<td>2</td>
<td>19</td>
</tr>
</tbody>
</table>

(4) Calculation of Performance Score. The weighted average CAMELS score, the ability to withstand asset-related stress score, and the ability to withstand funding-related stress score are multiplied by their respective weights (30 percent, 50 percent and 20 percent, respectively) and the results are
summed to arrive at the performance score, which cannot be less than 0 or more than 100.

(B) Loss severity score. The loss severity score is based on a loss severity measure described in appendix D of this subpart. Appendix B of this subpart also describes how the loss severity measure is converted to a score between 0 and 100. Cutoff values for the loss severity measure are:

<table>
<thead>
<tr>
<th>Measure of loss severity</th>
<th>Cutoff values</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Minimum (percent)</td>
</tr>
<tr>
<td>Loss Severity</td>
<td>0</td>
</tr>
</tbody>
</table>

(C) Total Score. The performance and loss severity scores are combined to produce a total score. The loss severity score is converted into a loss severity factor that ranges from 0.8 (score of 5 or lower) to 1.2 (score of 85 or higher). Scores at or below the minimum cutoff of 5 receive a loss severity factor of 0.8, and scores at or above the maximum cutoff of 85 receive a loss severity factor of 1.2. The following linear interpolation converts loss severity scores between the cutoffs into a loss severity factor: *(Loss Severity Factor = 0.8 + [0.005 * (Loss Severity Score - 5)].* The performance score is multiplied by the loss severity factor to produce a total score (total score = performance score * loss severity factor). The total score can be up to 20 percent higher or lower than the performance score but cannot be less than 30 or more than 90. The total score is subject to adjustment, up or down, by a maximum of 15 points, as set forth in paragraph (b)(3) of this section. The resulting total score after adjustment cannot be less than 30 or more than 90.

(D) Initial base assessment rate. A highly complex institution with a total score of 30 pays the minimum initial base assessment rate and an institution with a total score of 90 pays the maximum initial base assessment rate. For total scores between 30 and 90, initial base assessment rates rise at an increasing rate as the total score increases, calculated according to the following formula:

\[
Rate = Minimum\ Rate + \left( 1.4245 \times \left( \frac{Score}{100} \right)^3 \right) - 0.0385 \times (Maximum\ Rate - Minimum\ Rate)
\]

where Rate is the initial base assessment rate (expressed in basis points), Maximum Rate is the maximum initial base assessment rate then in effect (expressed in basis points), and Minimum Rate is the minimum initial base assessment rate then in effect (expressed in basis points). Initial base assessment rates are subject to adjustment pursuant to paragraphs (b)(3), (d)(1), and (d)(2) of this section; highly complex institutions that are not well capitalized or have a CAMELS composite rating of 3, 4 or 5 shall be subject to the adjustment at paragraph (d)(3); these adjustments shall result in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate.

(3) Adjustment to total score for large institutions and highly complex institutions. The total score for large institutions and highly complex institutions is subject to adjustment, up or down, by a maximum of 15 points, based upon significant risk factors that are not adequately captured in the appropriate scorecard. In making such adjustments, the FDIC may consider such information as financial performance and condition information and other market or supervisory information. The FDIC will also consult with an institution’s primary federal regulator and, for state chartered institutions, state banking supervisor.

(i) Prior notice of adjustments—(A) Prior notice of upward adjustment. Prior to making any upward adjustment to an institution’s total score because of considerations of additional risk information, the FDIC will formally notify the institution and its primary federal
Federal Deposit Insurance Corporation

§ 327.9

regulator and provide an opportunity to respond. This notification will include the reasons for the adjustment and when the adjustment will take effect.

(B) Prior notice of downward adjustment. Prior to making any downward adjustment to an institution’s total score because of considerations of additional risk information, the FDIC will formally notify the institution’s primary federal regulator and provide an opportunity to respond.

(ii) Determination whether to adjust upward; effective period of adjustment. After considering an institution’s and the primary federal regulator’s responses to the notice, the FDIC will determine whether the adjustment to an institution’s total score is warranted, taking into account any revisions to scorecard measures, as well as any actions taken by the institution to address the FDIC’s concerns described in the notice. The FDIC will evaluate the need for the adjustment each subsequent assessment period. Except as provided in paragraph (b)(3)(iv) of this section, the amount of adjustment cannot exceed the proposed adjustment amount contained in the initial notice unless additional notice is provided so that the primary federal regulator and the institution may respond.

(iii) Determination whether to adjust downward; effective period of adjustment. After considering the primary federal regulator’s responses to the notice, the FDIC will determine whether the adjustment to total score is warranted, taking into account any revisions to scorecard measures. Any downward adjustment in an institution’s total score will remain in effect for subsequent assessment periods until the FDIC determines that an adjustment is no longer warranted. Downward adjustments will be made without notification to the institution. However, the FDIC will provide advance notice to an institution and its primary federal regulator and give them an opportunity to respond before removing a downward adjustment.

(iv) Adjustment without notice. Notwithstanding the notice provisions set forth above, the FDIC may change an institution’s total score without advance notice under this paragraph, if the institution’s supervisory ratings or the scorecard measures deteriorate.

(c) Insured branches of foreign banks—

(1) Risk categories for insured branches of foreign banks. Insured branches of foreign banks shall be assigned to risk categories as set forth in paragraph (a)(1) of this section.

(2) Capital evaluations for insured branches of foreign banks. Each insured branch of a foreign bank will receive one of the following three capital evaluations on the basis of data reported in the institution’s Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(i) Well Capitalized. An insured branch of a foreign bank is Well Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (c)(2) of this section.

(ii) Adequately Capitalized. An insured branch of a foreign bank is Adequately Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (c)(2) of this section; and

(C) Does not meet the definition of a Well Capitalized insured branch of a foreign bank.

(iii) Undercapitalized. An insured branch of a foreign bank is undercapitalized institution if it does not qualify as either Well Capitalized or
§ 327.9

Adequately Capitalized under paragraphs (c)(2)(i) and (ii) of this section.

(3) Supervisory evaluations for insured branches of foreign banks. Each insured branch of a foreign bank will be assigned to one of three supervisory groups as set forth in paragraph (a)(3) of this section.

(4) Assessment method for insured branches of foreign banks in Risk Category I. Insured branches of foreign banks in Risk Category I shall be assessed using the weighted average ROCA component rating.

(i) Weighted average ROCA component rating. The weighted average ROCA component rating shall equal the sum of the products that result from multiplying ROCA component ratings by the following percentages: Risk Management—35%, Operational Controls—25%, Compliance—25%, and Asset Quality—15%. The weighted average ROCA rating will be multiplied by 5.076 (which shall be the pricing multiplier). To this result will be added a uniform amount. The resulting sum—the initial base assessment rate—will equal an institution's total base assessment rate; provided, however, that no institution's total base assessment rate will be less than the minimum total base assessment rate in effect for Risk Category I institutions for that quarter nor greater than the maximum total base assessment rate in effect for Risk Category I institutions for that quarter.

(ii) Uniform amount. Except as adjusted for the actual assessment rates set by the Board under §327.10(f), the uniform amount for all insured branches of foreign banks shall be:

(A) −3.127 whenever the assessment rate schedule set forth in §327.10(a) is in effect;

(B) −5.127 whenever the assessment rate schedule set forth in §327.10(b) is in effect;

(C) −6.127 whenever the assessment rate schedule set forth in §327.10(c) is in effect; or

(D) −7.127 whenever the assessment rate schedule set forth in §327.10(d) is in effect.

(iii) Insured branches of foreign banks not subject to certain adjustments. No insured branch of a foreign bank in any risk category shall be subject to the adjustments in paragraphs (b)(3), (d)(1), or (d)(3) of this section.

(iv) Implementation of changes between Risk Categories for insured branches of foreign banks. If, during a quarter, a ROCA rating change occurs that results in an insured branch of a foreign bank moving from Risk Category I to Risk Category II, III or IV, the institution's initial base assessment rate for the portion of the quarter that it was in Risk Category I shall be determined using the weighted average ROCA component rating. For the portion of the quarter that the institution was not in Risk Category I, the institution's initial base assessment rate shall be determined under the assessment schedule for the appropriate Risk Category. If, during a quarter, a ROCA rating change occurs that results in an insured branch of a foreign bank moving from Risk Category II, III or IV to Risk Category I, the institution's assessment rate for the portion of the quarter that it was in Risk Category I shall equal the rate determined as provided using the weighted average ROCA component rating. For the portion of the quarter that the institution was not in Risk Category I, the institution's initial base assessment rate shall be determined under the assessment schedule for the appropriate Risk Category.

(v) Implementation of changes within Risk Category I for insured branches of foreign banks. If, during a quarter, an insured branch of a foreign bank remains in Risk Category I, but a ROCA component rating changes that will affect the institution's initial base assessment rate, separate assessment rates for the portion(s) of the quarter before and after the change(s) shall be determined under this paragraph (c)(4) of this section.

(d) Adjustments—(1) Unsecured debt adjustment to initial base assessment rate for all institutions. All institutions, except new institutions as provided under paragraphs (f)(1) and (2) of this section and insured branches of foreign banks as provided under paragraph (c)(4)(iii) of this section, shall be subject to an adjustment of assessment rates for unsecured debt. Any unsecured debt adjustment shall be made after any adjustment under paragraph (b)(3) of this section.
Federal Deposit Insurance Corporation

§ 327.9

(i) Application of unsecured debt adjustment. The unsecured debt adjustment shall be determined as the sum of the initial base assessment rate plus 40 basis points; that sum shall be multiplied by the ratio of an insured depository institution's long-term unsecured debt to its assessment base. The amount of the reduction in the assessment rate due to the adjustment is equal to the dollar amount of the adjustment divided by the amount of the assessment base.

(ii) Limitation—No unsecured debt adjustment for any institution shall exceed the lesser of 5 basis points or 50 percent of the institution's initial base assessment rate.

(iii) Applicable quarterly reports of condition—Unsecured debt adjustment ratios for any given quarter shall be calculated from quarterly reports of condition (Consolidated Reports of Condition and Income and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.

(2) Depository institution debt adjustment to initial base assessment rate for all institutions. All institutions shall be subject to an adjustment of assessment rates for unsecured debt held that is issued by another depository institution. Any such depository institution debt adjustment shall be made after any adjustment under paragraphs (b)(3) and (d)(1) of this section.

(i) Application of depository institution debt adjustment. An insured depository institution shall pay a 50 basis point adjustment on the amount of unsecured debt it holds that is issued by another depository institution to the extent that such debt exceeds 3 percent of the institution's Tier 1 capital. The amount of long-term unsecured debt issued by another insured depository institution shall be calculated using the same valuation methodology used to calculate the amount of such debt for reporting on the asset side of the balance sheets.

(ii) Applicable quarterly reports of condition. Depository institution debt adjustment ratios for any given quarter shall be calculated from quarterly reports of condition (Consolidated Reports of Condition and Income and

(3) Brokersed Deposit Adjustment. All small institutions in Risk Categories II, III, and IV, all large institutions and all highly complex institutions, except large and highly complex institutions that are well capitalized and have a CAMEL’s composite rating of 1 or 2, shall be subject to an assessment rate adjustment for brokered deposits. Any such brokered deposit adjustment shall be made after any adjustment under paragraphs (b)(3), (d)(1), and (d)(2) of this section. The brokered deposit adjustment includes all brokered deposits as defined in Section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f), and 12 CFR 337.6, including reciprocal deposits as defined in §327.8(p), and brokered deposits that consist of balances swept into an insured institution from another institution. The adjustment under this paragraph is limited to those institutions whose ratio of brokered deposits to domestic deposits is greater than 10 percent; asset growth rates do not affect the adjustment. Insured branches of foreign banks are not subject to the brokered deposit adjustment as provided in paragraph (c)(4)(iii) of this section.

(i) Application of brokered deposit adjustment. The brokered deposit adjustment shall be determined by multiplying 25 basis points by the ratio of the difference between an insured depository institution's brokered deposits and 10 percent of its domestic deposits to its assessment base.

(ii) Limitation. The maximum brokered deposit adjustment will be 10 basis points; the minimum brokered deposit adjustment will be 0.

(iii) Applicable quarterly reports of condition. Brokered deposit ratios for any given quarter shall be calculated from the quarterly reports of condition (Call Reports and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.

(e) Request to be treated as a large institution—(1) Procedure. Any institution with assets of between $5 billion and
§ 327.9

12 CFR Ch. III (1–1–17 Edition)

$10 billion may request that the FDIC determine its assessment rate as a large institution. The FDIC will consider such a request provided that it has sufficient information to do so. Any such request must be made to the FDIC’s Division of Insurance and Research. Any approved change will become effective within one year from the date of the request. If an institution whose request has been granted subsequently reports assets of less than $5 billion in its report of condition for four consecutive quarters, the institution shall be deemed a small institution for assessment purposes.

(2) Time limit on subsequent request for alternate method. An institution whose request to be assessed as a large institution is granted by the FDIC shall not be eligible to request that it be assessed as a small institution for a period of three years from the first quarter in which its approved request to be assessed as a large institution became effective. Any request to be assessed as a small institution must be made to the FDIC’s Division of Insurance and Research.

(3) An institution that disagrees with the FDIC’s determination that it is a large, highly complex, or small institution may request review of that determination pursuant to § 327.4(c).

(f) New and established institutions and exceptions—(1) New small institutions. A new small Risk Category I institution shall be assessed the Risk Category I maximum initial base assessment rate for the relevant assessment period. No new small institution in any Risk Category shall be subject to the unsecured debt adjustment as determined under paragraph (d)(1) of this section. All new small institutions in any Risk Category shall be subject to the depository institution debt adjustment as determined under paragraph (d)(2) of this section. All new small institutions in Risk Categories II, III, and IV shall be subject to the brokered deposit adjustment as determined under paragraph (d)(3) of this section.

(2) New large institutions and new highly complex institutions. All new large institutions and all new highly complex institutions shall be assessed under the appropriate method provided at paragraph (b)(1) or (2) of this section and subject to the adjustments provided at paragraphs (b)(3), (d)(2), and (d)(3) of this section. No new highly complex or large institutions are entitled to adjustment under paragraph (d)(1) of this section. If a large or highly complex institution has not yet received CAMELS ratings, it will be given a weighted CAMELS rating of 2 for assessment purposes until actual CAMELS ratings are assigned.

(3) CAMELS ratings for the surviving institution in a merger or consolidation. When an established institution merges with or consolidates into a new institution, if the FDIC determines the resulting institution to be an established institution under § 327.8(k)(1), its CAMELS ratings for assessment purposes will be based upon the established institution’s ratings prior to the merger or consolidation until new ratings become available.

(4) Rate applicable to institutions subject to subsidiary or credit union exception. A small Risk Category I institution that is established under § 327.8(k)(4) or (5), but does not have CAMELS component ratings, shall be assessed at 2 basis points above the minimum initial base assessment rate applicable to Risk Category I institutions until it receives CAMELS component ratings. Thereafter, the assessment rate will be determined by annualizing, where appropriate, financial ratios obtained from all quarterly reports of condition that have been filed, until the institution files four quarterly reports of condition. If a large or highly complex institution is considered established under § 327.8(k)(4) or (5), but does not have CAMELS component ratings, it will be given a weighted CAMELS rating of 2 for assessment purposes until actual CAMELS ratings are assigned.

(5) Request for review. An institution that disagrees with the FDIC’s determination that it is a new institution may request review of that determination pursuant to § 327.4(c).

(g) Assessment rates for bridge depository institutions and conservatorships. Institutions that are bridge depository institutions under 12 U.S.C. 1821(n) and institutions for which the Corporation has been appointed or serves as conservator shall, in all cases, be assessed at
the Risk Category I minimum initial base assessment rate, which shall not be subject to adjustment under paragraphs (b)(3), (d)(1), (2) or (3) of this section.

EFFECTIVE DATE NOTE: At 79 FR 70437, Nov. 26, 2014, § 327.9 was amended by revising paragraphs (a)(2)(i) and (ii), effective Jan. 1, 2018. For the convenience of the user, the revised text is set forth as follows:

§ 327.9 Assessment pricing methods.
(a) * * *
(2) * * *
(i) Well Capitalized. A Well Capitalized institution is one that satisfies each of the following capital ratio standards: Total risk-based capital ratio, 10.0 percent or greater; tier 1 risk-based capital ratio, 8.0 percent or greater; leverage ratio, 5.0 percent or greater; common equity tier 1 capital ratio, 6.5 percent or greater; and, if the institution is an insured depository institution subject to the enhanced supplementary leverage ratio standards under 12 CFR 6.4(c)(2)(iv)(B), 12 CFR 208.43(c)(2)(iv)(B), or 12 CFR 324.403(b)(2)(vi), as each may be amended from time to time, a supplementary leverage ratio of 6.0 percent or greater.

(ii) Adequately Capitalized. An Adequately Capitalized institution is one that does not satisfy the standards of Well Capitalized in paragraph (a)(2)(i) of this section but satisfies each of the following capital ratio standards: Total risk-based capital ratio, 8.0 percent or greater; tier 1 risk-based capital ratio, 6.0 percent or greater; leverage ratio, 4.0 percent or greater; common equity tier 1 capital ratio, 4.5 percent or greater; and, if the institution is subject to the advanced approaches risk-based capital rules under 12 CFR 6.4(c)(2)(iv)(B), 12 CFR 208.43(c)(2)(iv)(B), or 12 CFR 324.403(b)(2)(vi), as each may be amended from time to time, a supplementary leverage ratio of 3.0 percent or greater.

§ 327.10 Assessment rate schedules.
(a) Assessment rate schedules before the reserve ratio of the DIF reaches 1.15 percent—(1) Applicability. The assessment rate schedules in paragraph (a) of this section will cease to be applicable when the reserve ratio of the DIF first reaches 1.15 percent.

(2) Initial Base Assessment Rate Schedule. Before the reserve ratio of the DIF reaches 1.15 percent, the initial base assessment rate for an insured depository institution shall be the rate prescribed in the following schedule:

<table>
<thead>
<tr>
<th>Initial base assessment rate before the reserve ratio of the DIF reaches 1.15 percent</th>
<th>Risk category I</th>
<th>Risk category II</th>
<th>Risk category III</th>
<th>Risk category IV</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>5–9</td>
<td>14</td>
<td>23</td>
<td>35</td>
</tr>
</tbody>
</table>

*All amounts for all risk categories are in basis points annually. Initial base rates that are not the minimum or maximum rate will vary between these rates.

(i) Risk Category I Initial Base Assessment Rate Schedule. The annual initial base assessment rates for all institutions in Risk Category I shall range from 5 to 9 basis points.

(ii) Risk Category II, III, and IV Initial Base Assessment Rate Schedule. The annual initial base assessment rates for Risk Categories II, III, and IV shall be 14, 23, and 35 basis points, respectively.

(iii) All institutions in any one risk category, other than Risk Category I, will be charged the same initial base assessment rate, subject to adjustment as appropriate.

(iv) Large and Highly Complex Institutions Initial Base Assessment Rate Schedule. The annual initial base assessment rates for all large and highly complex institutions shall range from 5 to 35 basis points.

(3) Total Base Assessment Rate Schedule after Adjustments. Before the reserve ratio of the DIF reaches 1.15 percent, the total base assessment rates after adjustments for an insured depository institution shall be as prescribed in the following schedule.
**TOTAL BASE ASSESSMENT RATE SCHEDULE (AFTER ADJUSTMENTS)* BEFORE THE RESERVE RATIO OF THE DIF REACHES 1.15 PERCENT**

</tr>
</tbody>
</table>

* All amounts for all risk categories are in basis points annually. Total base rates that are not the minimum or maximum rate will vary between these rates.

** Total base assessment rates do not include the depository institution debt adjustment.

(i) **Risk Category I Total Base Assessment Rate Schedule.** The annual total base assessment rates for all institutions in Risk Category I shall range from 2.5 to 9 basis points.

(ii) **Risk Category II Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category II shall range from 9 to 24 basis points.

(iii) **Risk Category III Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category III shall range from 18 to 33 basis points.

(iv) **Risk Category IV Total Base Assessment Rate Schedule.** The annual total base assessment rates for Risk Category IV shall range from 30 to 45 basis points.

(v) **Large and Highly Complex Institutions Total Base Assessment Rate Schedule.** The annual total base assessment rates for all large and highly complex institutions shall range from 2.5 to 45 basis points.

(b) Assessment rate schedules for established small institutions and large and highly complex institutions applicable in the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and in all subsequent assessment periods where the reserve ratio of the DIF as of the end of the prior assessment period is less than 2 percent.

(1) **Initial base assessment rate schedule for established small institutions and large and highly complex institutions.** In the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods where the reserve ratio as of the end of the prior assessment period is less than 2 percent, the initial base assessment rate for established small institutions and large and highly complex institutions, except as provided in paragraph (f) of this section, shall be the rate prescribed in the following schedule:

<table>
<thead>
<tr>
<th>Established small institutions</th>
<th>Large &amp; highly complex institutions</th>
</tr>
</thead>
<tbody>
<tr>
<td>CAMELS composite</td>
<td>1 or 2</td>
</tr>
<tr>
<td>3 to 16</td>
<td>6 to 30</td>
</tr>
</tbody>
</table>

1 All amounts for all risk categories are in basis points annually. Initial base rates that are not the minimum or maximum rate will vary between these rates.

(i) **CAMELS composite 1- and 2-rated established small institutions initial base assessment rate schedule.** The annual initial base assessment rates for all established small institutions with a CAMELS composite rating of 1 or 2 shall range from 3 to 16 basis points.
(i) CAMELS composite 1- and 2-rated established small institutions initial base assessment rate schedule. The annual initial base assessment rates for all established small institutions with a CAMELS composite rating of 1 or 2 shall range from 1.5 to 16 basis points.

(ii) CAMELS composite 3-rated established small institutions initial base assessment rate schedule. The annual initial base assessment rates for all established small institutions with a CAMELS composite rating of 3 shall range from 6 to 30 basis points.

(iii) CAMELS composite 4- and 5-rated established small institutions initial base assessment rate schedule. The annual initial base assessment rates for all established small institutions with a CAMELS composite rating of 4 or 5 shall range from 16 to 30 basis points.

(iv) Large and highly complex institutions initial base assessment rate schedule. The annual initial base assessment rates for all large and highly complex institutions shall range from 6 to 30 basis points.

(2) Total base assessment rate schedule after adjustments. In the first assessment period after June 30, 2016, that the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods where the reserve ratio for the prior assessment period is less than 2 percent, the total base assessment rates after adjustments for established small institutions and large and highly complex institutions, except as provided in paragraph (f) of this section, shall be as prescribed in the following schedule:

**Total Base Assessment Rate Schedule (After Adjustments)**

1 The depository institution debt adjustment, which is not included in the table, can increase total base assessment rates above the maximum assessment rates shown in the table.

2 All amounts for all risk categories are in basis points annually. Total base rates that are not the minimum or maximum rate will vary between these rates.

(i) CAMELS composite 1- and 2-rated established small institutions total base assessment rate schedule. The annual total base assessment rates for all established small institutions with a CAMELS composite rating of 1 or 2 shall range from 0.5 to 13 basis points.

(ii) CAMELS composite 3-rated established small institutions total base assessment rate schedule. The annual total base assessment rates for all established small institutions with a CAMELS composite rating of 3 shall range from 2 to 25 basis points.

(iii) CAMELS composite 4- and 5-rated established small institutions total base assessment rate schedule. The annual total base assessment rates for all established small institutions with a CAMELS composite rating of 4 or 5 shall range from 8 to 25 basis points.

(iv) Large and highly complex institutions total base assessment rate schedule. The annual total base assessment rates for all large and highly complex institutions shall range from 0.5 to 35 basis points.

(e) Assessment rate schedules for new institutions and insured branches of foreign banks. (1) New depository institutions, as defined in §327.8(j), shall be subject to the assessment rate schedules as follows:

(i) Prior to the reserve ratio of the DIF first reaching 1.15 percent on or after June 30, 2016. Prior to the reserve ratio of the DIF reaching 1.15 percent for the first time on or after June 30, 2016, all new institutions shall be subject to the initial and total base assessment rate schedules provided for in paragraph (a) of this section.

(ii) Assessment rate schedules for new large and highly complex institutions once the DIF reserve ratio first reaches 1.15 percent on or after June 30, 2016. In the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods, even if the reserve ratio equals or exceeds 2 percent or 2.5 percent, new large and new highly complex institutions shall be subject to the initial and total base assessment rate schedules provided for in paragraph (b) of this section.

(iii) Assessment rate schedules for new small institutions beginning the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods—(A) Initial base assessment rate schedule for new small institutions. In the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods, the initial base assessment rate for a new small institution shall be the rate prescribed in the following schedule, even if the reserve ratio equals or exceeds 2 percent or 2.5 percent:
Federal Deposit Insurance Corporation

§ 327.10

INITIAL BASE ASSESSMENT RATE SCHEDULE BEGINNING THE FIRST ASSESSMENT PERIOD AFTER JUNE 30, 2016, WHERE THE RESERVE RATIO AS OF THE END OF THE PRIOR ASSESSMENT PERIOD HAS REACHED 1.15 PERCENT, AND FOR ALL SUBSEQUENT ASSESSMENT PERIODS

<table>
<thead>
<tr>

</table>

1. The depository institution debt adjustment, which is not included in the table, can increase total base assessment rates above the maximum assessment rates shown in the table.

2. All amounts for all risk categories are in basis points annually. Initial and total base rates that are not the minimum or maximum rate will vary between these rates.

(A) Risk category I initial and total base assessment rate schedule. The annual initial and total base assessment rates for an insured branch of a foreign bank in Risk Category I shall range from 3 to 7 basis points.

(B) Risk category II, III, and IV initial and total base assessment rate schedule. The annual initial and total base assessment rates for Risk Categories II, III, and IV shall be 12, 19, and 30 basis points, respectively.

(C) All insured branches of foreign banks in any one risk category, other than Risk Category I, will be charged the same initial base assessment rate, subject to adjustment as appropriate.

(ii) Assessment rate schedule for insured branches of foreign banks if the reserve ratio of the DIF as of the end of the prior assessment period is equal to or greater than 2 percent and less than 2.5 percent.

If the reserve ratio of the DIF as of the end of the prior assessment period is equal to or greater than 2 percent and less than 2.5 percent, the initial and total base assessment rates for an insured branch of a foreign bank, except as provided in paragraph (f) of this section, shall be the rate prescribed in the following schedule:

**INITIAL AND TOTAL BASE ASSESSMENT RATE SCHEDULE**

1. The depository institution debt adjustment, which is not included in the table, can increase total base assessment rates above the maximum assessment rates shown in the table.

2. All amounts for all risk categories are in basis points annually. Initial and total base rates that are not the minimum or maximum rate will vary between these rates.

(A) Risk category I initial and total base assessment rate schedule. The annual initial and total base assessment rates for an insured branch of a foreign bank in Risk Category I shall range from 2 to 6 basis points.

(B) Risk category II, III, and IV initial and total base assessment rate schedule. The annual initial and total base assessment rates for Risk Categories II, III, and IV shall be 10, 17, and 28 basis points, respectively.

(C) All insured branches of foreign banks in any one risk category, other than Risk Category I, will be charged the same initial base assessment rate, subject to adjustment as appropriate.

(iii) Assessment rate schedule for insured branches of foreign banks if the reserve ratio of the DIF as of the end of the prior assessment period is greater than 2.5 percent.

If the reserve ratio of the DIF as of the end of the prior assessment period is greater than 2.5 percent, the initial and total base assessment rate
Federal Deposit Insurance Corporation

§ 327.11

for an insured branch of foreign bank, except as provided in paragraph (f) of this section, shall be the rate prescribed in the following schedule:

INITIAL AND TOTAL BASE ASSESSMENT RATE SCHEDULE 1 IF THE RESERVE RATIO AS OF THE END OF THE PRIOR ASSESSMENT PERIOD IS GREATER THAN OR EQUAL TO 2.5 PERCENT 2

1 The depository institution debt adjustment, which is not included in the table, can increase total base assessment rates above the maximum assessment rates shown in the table.

2 All amounts for all risk categories are in basis points annually. Initial and total base rates that are not the minimum or maximum rate will vary between these rates.

(A) Risk category I initial and total base assessment rate schedule. The annual initial and total base assessment rates for an insured branch of a foreign bank in Risk Category I shall range from 1 to 5 basis points.

(B) Risk category II, III, and IV initial and total base assessment rate schedule. The annual initial and total base assessment rates for Risk Categories II, III, and IV shall be 9, 15, and 25 basis points, respectively.

(C) All insured branches of foreign banks in any one risk category, other than Risk Category I, will be charged the same initial base assessment rate, subject to adjustment as appropriate.

(f) Total base assessment rate schedule adjustments and procedures—(1) Board rate adjustments. The Board may increase or decrease the total base assessment rate schedule in paragraphs (a) through (e) of this section up to a maximum increase of 2 basis points or a fraction thereof or a maximum decrease of 2 basis points or a fraction thereof (after aggregating increases and decreases), as the Board deems necessary. Any such adjustment shall apply uniformly to each rate in the total base assessment rate schedule. In no case may such rate adjustments result in a total base assessment rate that is mathematically less than zero or in a total base assessment rate schedule that, at any time, is more than 2 basis points above or below the total base assessment rate schedule for the Deposit Insurance Fund in effect pursuant to paragraph (b) of this section, nor may any one such adjustment constitute an increase or decrease of more than 2 basis points.

(2) Amount of revenue. In setting assessment rates, the Board shall take into consideration the following:

(i) Estimated operating expenses of the Deposit Insurance Fund;

(ii) Case resolution expenditures and income of the Deposit Insurance Fund;

(iii) The projected effects of assessments on the capital and earnings of the institutions paying assessments to the Deposit Insurance Fund;

(iv) The risk factors and other factors taken into account pursuant to 12 U.S.C. 1817(b)(1); and

(v) Any other factors the Board may deem appropriate.

(3) Adjustment procedure. Any adjustment adopted by the Board pursuant to this paragraph (f) will be adopted by rulemaking, except that the Corporation may set assessment rates as necessary to manage the reserve ratio, within set parameters not exceeding cumulatively 2 basis points, pursuant to paragraph (f)(1) of this section, without further rulemaking.

(4) Announcement. The Board shall announce the assessment schedules and the amount and basis for any adjustment thereto not later than 30 days before the quarterly certified statement invoice date specified in § 327.3(b) for the first assessment period for which the adjustment shall be effective. Once set, rates will remain in effect until changed by the Board.

[76 FR 10717, Feb. 25, 2011, as amended at 81 FR 32201, May 20, 2016]

§ 327.11 Surcharges and assessments required to raise the reserve ratio of the DIF to 1.35 percent.

(a) Surcharge—(1) Institutions subject to surcharge. The following insured depository institutions are subject to the surcharge described in this paragraph:
§ 327.11

(i) Large institutions, as defined in §327.8(f);
(ii) Highly complex institutions, as defined in §327.8(g); and
(iii) Insured branches of foreign banks whose assets are equal to or exceed $10 billion, as reported in Schedule RAL of the branch’s most recent quarterly Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks.

(2) Surcharge period. The surcharge period shall begin the later of the first day of the assessment period following the assessment period in which the reserve ratio of the DIF first reaches or exceeds 1.15 percent, or the assessment period beginning on July 1, 2016. The surcharge period shall continue through the earlier of the assessment period ending December 31, 2018, or the end of the assessment period in which the reserve ratio of the DIF first reaches or exceeds 1.35 percent.

(3) Notification of surcharge. The FDIC shall notify each insured depository institution subject to the surcharge of the amount of such surcharge no later than 15 days before such surcharge is due, as described in paragraph (a)(4) of this section.

(4) Payment of any surcharge. Each insured depository institution subject to the surcharge shall pay to the Corporation any surcharge imposed under paragraph (a) of this section in compliance with and subject to the provisions of §§327.3, 327.6 and 327.7. The payment date for any surcharge shall be the date provided in §327.3(b)(2) for the institution’s quarterly certified statement invoice for the assessment period in which the surcharge was imposed.

(5) Calculation of surcharge. An insured depository institution’s surcharge for each assessment period during the surcharge period shall be determined by multiplying 1.125 basis points times the institution’s surcharge base for the assessment period.

(i) Surcharge base—Insured depository institution that has no affiliated insured depository institution subject to the surcharge. The surcharge base for an assessment period for an insured depository institution subject to the surcharge that has no affiliated insured depository institution subject to the surcharge shall equal:

(A) The institution’s deposit insurance assessment base for the assessment period, determined according to §327.5; plus
(B) The greater of the increase amount determined according to paragraph (a)(5)(iii) of this section or zero; minus
(C) $10 billion; provided, however, that an institution’s surcharge base for an assessment period cannot be negative.

(ii) Surcharge base—Insured depository institution that has one or more affiliated insured depository institutions subject to the surcharge. The surcharge base for an assessment period for an insured depository institution subject to the surcharge that has one or more affiliated insured depository institutions subject to the surcharge shall equal:

(A) The institution’s deposit insurance assessment base for the assessment period, determined according to §327.5; plus
(B) The greater of the increase amount determined according to paragraph (a)(5)(iii) of this section or zero; minus
(C) $10 billion; provided, however, that an institution’s surcharge base for an assessment period cannot be negative.

(iii) Surcharge base—determination of increase amount. The increase amount for an assessment period shall equal:

(A) The amount of the aggregate deposit insurance assessment bases for the assessment period, determined according to §327.5, of all of the institution’s affiliated insured depository institutions that are not subject to the surcharge, minus
(B) The product of the increase multiplier set out in paragraph (a)(5)(iv) of this section and the aggregate deposit insurance assessment bases, determined according to §327.5, as of December 31, 2015, of all of the small institutions, as defined in §327.8(e), that were the institution’s affiliated insured depository institutions for the assessment period ending December 31, 2015.
(iv) Increase multiplier for the assessment periods during the surcharge period.

574
During the surcharge period, the increase multiplier shall be the amount prescribed in the following schedule:

<table>

</table>

(A) For the assessment period ending September 30, 2016, the increase multiplier shall be 1.0740995.

(B) For the assessment period ending December 31, 2016, the increase multiplier shall be 1.1000000.

(C) For the assessment period ending March 31, 2017, the increase multiplier shall be 1.1265251.

(D) For the assessment period ending June 30, 2017, the increase multiplier shall be 1.1536897.

(E) For the assessment period ending September 30, 2017, the increase multiplier shall be 1.1815094.

(F) For the assessment period ending December 31, 2017, the increase multiplier shall be 1.2100000.

(G) For the assessment period ending March 31, 2018, the increase multiplier shall be 1.2391776.

(H) For the assessment period ending June 30, 2018, the increase multiplier shall be 1.2690587.

(I) For the assessment period ending September 30, 2018, the increase multiplier shall be 1.2996604.

(J) For the assessment period ending December 31, 2018, the increase multiplier shall be 1.3310000.

(v) Surcharge base—institution's portion. For purposes of paragraphs (a)(5)(ii)(B) and (C) of this section, an institution's portion shall equal the ratio of the institution's deposit insurance base for the assessment period, determined according to §327.5, to the sum of the institution's deposit insurance base for the assessment period, determined according to §327.5, and the deposit insurance assessment base for the assessment period, determined according to §327.5, of all of the institution's affiliated insured depository institutions subject to the surcharge.

(vi) For the purposes of this section, an affiliated insured depository institution is an insured depository institution that meets the definition of 'affiliate' in section 3 of the FDI Act, 12 U.S.C. 1813(w)(6).

(6) Effect of mergers and consolidations on surcharge base. (i) If an insured depository institution acquires another insured depository institution through merger or consolidation during the surcharge period, the acquirer’s surcharge base will be calculated consistent with §327.6 and §327.11(a)(5). For the purposes of the surcharge, a merger or consolidation means any transaction in which an insured depository institution merges or consolidates with any other insured depository institution, and includes transactions in which an insured depository institution either directly or indirectly acquires all or substantially all of the assets, or assumes all or substantially all of the deposit liabilities of any other insured depository institution where there is not a legal merger or consolidation of the two insured depository institutions.

(ii) If an insured depository institution not subject to the surcharge is the surviving or resulting institution in a merger or consolidation with an insured depository institution that is subject to the surcharge or acquires all or substantially all of the assets, or assumes all or substantially all of the deposit liabilities, of an insured depository institution subject to the surcharge, then the surviving or resulting insured depository institution that acquires such assets or assumes such deposit liabilities is subject to the surcharge.

(b) Shortfall assessment.—(1) Institutions subject to shortfall assessment. Any insured depository institution that was subject to a surcharge under paragraph (a)(1) of this section, in any assessment period during the surcharge period described in paragraph (a)(2) of this section, shall be subject to the shortfall assessment described in this paragraph.

(b) If surcharges under paragraph (a) of this section have not been in effect,
the insured depository institutions subject to the shortfall assessment described in this paragraph (b) will be the insured depository institutions described in paragraph (a)(1) of this section as of the assessment period in which the reserve ratio of the DIF reaches or exceeds 1.15 percent.

(2) Notification of shortfall. The FDIC shall notify each insured depository institution subject to the shortfall assessment of the amount of such institution’s share of the shortfall assessment described in paragraph (b)(5) of this section no later than 15 days before such shortfall assessment is due, as described in paragraph (b)(3) of this section.

(3) Payment of any shortfall assessment. Each insured depository institution subject to the shortfall assessment shall pay to the Corporation such institution’s share of any shortfall assessment as described in paragraph (b)(5) of this section in compliance with and subject to the provisions of §§ 327.3, 327.6 and 327.7. The payment date for any shortfall assessment shall be the date provided in §327.3(b)(2) for the institution’s quarterly certified statement invoice for the assessment period in which the shortfall assessment is imposed.

(4) Amount of aggregate shortfall assessment. (i) If the reserve ratio of the DIF is at least 1.15 percent but has not reached or exceeded 1.35 percent as of December 31, 2018, the shortfall assessment shall be imposed on March 31, 2019, and shall equal 1.35 percent of estimated insured deposits as of December 31, 2018, minus the actual DIF balance as of that date.

(ii) If the reserve ratio of the DIF is less than 1.15 percent and has not reached or exceeded 1.35 percent by December 31, 2018, the shortfall assessment shall be imposed on March 31, 2019, during which the reserve ratio first reaches or exceeds 1.15 percent and shall equal 0.2 percent of estimated insured deposits as of the end of the calendar quarter in which the reserve ratio first reaches or exceeds 1.15 percent.

(5) Institutions’ shares of aggregate shortfall assessment. Each insured depository institution’s share of the aggregate shortfall assessment shall be determined by apportioning the aggregate amount of the shortfall assessment among all institutions subject to the shortfall assessment in proportion to each institution’s shortfall assessment base as described in this paragraph.

(i) Shortfall assessment base if surcharges have been in effect. If surcharges have been in effect, an institution’s shortfall assessment base shall equal the average of the institution’s surcharge bases during the surcharge period. For purposes of determining the average surcharge base, if an institution was not subject to the surcharge during any assessment period of the surcharge period, its surcharge base shall equal zero for that assessment period.

(ii) Shortfall assessment base if surcharges have not been in effect. If surcharges have not been in effect, an institution’s shortfall assessment base shall equal the average of what its surcharge bases would have been over the four assessment periods ending with the assessment period in which the reserve ratio first reaches or exceeds 1.15 percent. If an institution would not have been subject to a surcharge during one of those assessment periods, its surcharge base shall equal zero for that assessment period.

(6) Effect of mergers and consolidations on shortfall assessment. (i) If an insured depository institution, through merger or consolidation, acquires another insured depository institution that paid surcharges for one or more assessment periods, the acquirer will be subject to a shortfall assessment and its average surcharge base will be increased by the average surcharge base of the acquired institution, consistent with paragraph (b)(5) of this section.

(ii) For the purposes of the shortfall assessment, a merger or consolidation means any transaction in which an insured depository institution merges or consolidates with any other insured depository institution, and includes transactions in which an insured depository institution either directly or indirectly acquires all or substantially all of the assets, or assumes all or substantially all of the deposit liabilities
of any other insured depository institution where there is not a legal merger or consolidation of the two insured depository institutions.

(c) Assessment credits. (1)(i) Eligible Institutions. For the purposes of this paragraph (c) an insured depository institution will be considered an eligible institution, if, for at least one assessment period during the credit calculation period, the institution was a credit accruing institution.

(ii) Credit accruing institutions. A credit accruing institution is an institution that, for a particular assessment period, is not:

(A) A large institution, as defined in §327.8(f);

(B) A highly complex institution, as defined in §327.8(g); or

(C) An insured branch of a foreign bank whose assets are equal to or exceed $10 billion, as reported in Schedule RAL of the branch’s most recent quarterly Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks.

(2) Credit calculation period. The credit calculation period shall begin the first day of the assessment period after the reserve ratio of the DIF reaches or exceeds 1.15 percent, and shall continue through the earlier of the assessment period that the reserve ratio of the DIF reaches or exceeds 1.35 percent or the assessment period that ends December 31, 2018.

(3) Determination of aggregate assessment credit awards to all eligible institutions. The FDIC shall award an aggregate amount of assessment credits equal to the product of the fraction of quarterly regular deposit insurance assessments paid by credit accruing institutions during the credit calculation period and the amount by which the DIF increase, as determined under paragraph (c)(3)(ii) or (iii) of this section, exceeds total surcharges imposed under paragraph (b) of this section; provided, however, that the aggregate amount of assessment credits cannot exceed the aggregate amount of quarterly deposit insurance assessments paid by credit accruing institutions during the credit calculation period.

(i) Fraction of quarterly regular deposit insurance assessments paid by credit accruing institutions. The fraction of assessments paid by credit accruing institutions shall equal quarterly deposit insurance assessments, as determined under §327.9, paid by such institutions for each assessment period during the credit calculation period, divided by the total amount of quarterly deposit insurance assessments paid by all insured depository institutions during the credit calculation period, excluding the aggregate amount of surcharges imposed under paragraph (b) of this section.

(ii) DIF increase if the DIF reserve ratio has reached 1.35 percent by December 31, 2018. If the DIF reserve ratio has reached 1.35 percent by December 31, 2018, the DIF increase shall equal 0.2 percent of estimated insured deposits as of the date that the DIF reserve ratio first reaches or exceeds 1.35 percent.

(iii) DIF Increase if the DIF reserve ratio has not reached 1.35 percent by December 31, 2018. If the DIF reserve ratio has not reached 1.35 percent by December 31, 2018, the DIF increase shall equal the DIF balance on December 31, 2018, minus 1.15 percent of estimated insured deposits on that date.

(4) Determination of individual eligible institutions’ shares of aggregate assessment credit. —

(i) Assessment credit share. To determine an eligible institution’s assessment credit share, the aggregate assessment credits awarded by the FDIC shall be apportioned among all eligible institutions in proportion to their respective assessment credit bases, as described in paragraph (c)(4)(ii) of this section.

(ii) Assessment credit base. An eligible institution’s assessment credit base shall equal the average of its quarterly deposit insurance assessment bases, as determined under §327.5, during the credit calculation period, as defined in paragraph (c)(2) of this section. An eligible institution’s credit base shall be deemed to equal zero for any assessment period during which the institution was not a credit accruing institution.

(iii) Limitation. The assessment credits awarded to an eligible institution shall not exceed the total amount of
§ 327.11 12 CFR Ch. III (1–1–17 Edition)

quarterly deposit insurance assessments paid by that institution for assessment periods during the credit calculation period in which it was a credit accruing institution.

(5) Effect of merger or consolidation on assessment credit base. If an eligible institution acquires another eligible institution through merger or consolidation before the reserve ratio of the DIF reaches 1.35 percent, the acquirer's quarterly deposit insurance assessment base (for purposes of calculating the acquirer's assessment credit base) shall be deemed to include the acquired institution's deposit insurance assessment base for the assessment periods during the credit calculation period that were prior to the merger or consolidation and in which the acquired institution was a credit accruing institution.

(6) Effect of call report amendments. Amendments to the quarterly Reports of Condition and Income or the quarterly Reports of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks that occur subsequent to the payment date for the final assessment period of the credit calculation period shall not affect an eligible institution's credit share.

(7) Award and notice of assessment credits—(i) Award of assessment credits. As soon as practicable after the earlier of either December 31, 2018, or the date on which the reserve ratio of the DIF reaches 1.35 percent, the FDIC shall notify an eligible institution of the FDIC's preliminary estimate of such institution's assessment credits and the manner in which the FDIC calculated such credits.

(ii) Notice of assessment credits. The FDIC shall provide eligible institutions with periodic updated notices reflecting adjustments to the institution's assessment credits resulting from requests for review or appeals, mergers or consolidations, or the FDIC's application of credits to an institution's quarterly deposit insurance assessments.

(8) Requests for review and appeal of assessment credits. Any institution that disagrees with the FDIC's computation of or basis for its assessment credits, as determined under this paragraph (c), may request review of the FDIC's determination or appeal that determination. Such requests for review or appeal shall be filed pursuant to the procedures set forth in paragraph (d) of this section.

(9) Successors. If an insured depository institution acquires an eligible institution through merger or consolidation after the reserve ratio of the DIF reaches 1.35 percent, the acquirer is successor to any assessment credits of the acquired institution.

(10) Mergers and consolidations include only legal mergers and consolidations. For the purposes of this paragraph (c), a merger or consolidation does not include transactions in which an insured depository institution either directly or indirectly acquires the assets of, or assumes liability to pay any deposits made in, any other insured depository institution, but there is not a legal merger or consolidation of the two insured depository institutions.

(11) Use of credits. (i) The FDIC shall apply assessment credits awarded under paragraph (c) of this section to an institution's deposit insurance assessments, as calculated under §327.9, only for assessment periods in which the reserve ratio of the DIF exceeds 1.38 percent.

(ii) The FDIC shall apply assessment credits to reduce an institution's quarterly deposit insurance assessments by the amount of credits. The assessment credit applied to each institution's deposit insurance assessment for any assessment period shall not exceed the institution's total deposit insurance assessment for that assessment period.

(iii) The amount of credits applied each quarter will not be recalculated as a result of amendments to the Quarterly Reports of Condition and Income or the quarterly Reports of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks pertaining to any quarter in which credits have been applied.

(12) Transfer or sale of credits. Other than through merger or consolidation, credits may not be sold or transferred.

(d) Request for review and appeals of assessment credits. (1) An institution that disagrees with the basis for its assessment credits, or the Corporation's computation of its assessments credits
under paragraph (c) of this section and seeks to change it must submit a written request for review and any supporting documentation to the FDIC’s Director of the Division of Finance.

(2) Timing. (i) Any request for review under this paragraph must be submitted within 30 days from

(A) The initial notice provided by the FDIC to the insured depository institution under paragraph (c)(7) of this section stating the FDIC’s preliminary estimate of an eligible institution’s assessment credit and the manner in which the assessment credit was calculated; or

(B) Any updated notice provided by the FDIC to the insured depository institution under paragraph (c)(7) of this section.

(ii) Any requests submitted after the deadline in paragraph (d)(2)(i) of this section will be considered untimely filed and the institution will be subsequently barred from submitting a request for review of its assessment credit.

(3) Process of review. (i) Upon receipt of a request for review, the FDIC shall temporarily freeze the amount of the assessment credit being reviewed until a final determination is made by the Corporation.

(ii) The FDIC may request, as part of its review, additional information from the insured depository institution involved in the request and any such information must be submitted to the FDIC within 21 days of the FDIC’s request:

(iii) The FDIC’s Director of the Division of Finance, or his or her designee, will notify the requesting institution of his or her determination of whether a change is warranted within 60 days of receipt by the FDIC of the request for review, or if additional information had been requested from the FDIC, within 60 days of receipt of any such additional information.

(4) Appeal. If the requesting institution disagrees with the final determination from the Director of the Division of Finance, that institution may appeal its assessment credit determination to the FDIC’s Assessment Appeals Committee within 30 days from the date of the Director’s written determination. Notice of the procedures applicable to an appeal before the Assessment Appeals Committee will be included in the Director’s written determination.

(5) Adjustments to assessment credits. Once the Director of the Division of Finance, or the Assessment Appeals Committee, as appropriate, has notified the requesting bank of its final determination, the FDIC will make appropriate adjustments to assessment credit amounts consistent with that determination. Adjustments to an insured depository institution’s assessment credit amounts will not be applied retroactively to reduce or increase the quarterly deposit insurance assessment for a prior assessment period.

§ 327.12 Prepayment of quarterly risk-based assessments.

(a) Requirement to prepay assessment. On December 30, 2009, each insured depository institution shall pay to the FDIC a prepaid assessment, which shall equal its estimated quarterly risk-based assessments aggregated for the fourth quarter of 2009, and all of 2010, 2011, and 2012 (the “prepayment period”).

(b) Calculation of prepaid assessment—(1) Prepaid assessment—(i) Fourth quarter 2009 and all of 2010. An institution’s prepaid assessment for the fourth quarter of 2009 and for all of 2010 shall be determined by multiplying its prepaid assessment rate as defined in paragraph (b)(2) of this section times the corresponding prepaid assessment base for each quarter as determined pursuant to paragraph (b)(3) of this section.

(ii) All of 2011 and 2012. An institution’s prepaid assessment for each quarter of 2011 and 2012 shall be determined by multiplying the sum of its prepaid assessment rate as defined in paragraph (b)(2) of this section times .75 basis points (which implements the 3 basis point increase in annual assessment rates adopted by the Board on September 29, 2009), times the corresponding prepaid assessment base for each quarter determined pursuant to paragraph (b)(3) of this section.

(2) Prepaid assessment rate. For each quarter of the prepayment period, an institution’s prepaid assessment rate shall equal the total base assessment rate
rate that the institution would have paid for the third quarter of 2009 had the institution’s CAMELS ratings in effect on September 30, 2009, and, where applicable, long-term debt issuer ratings in effect on September 30, 2009, been in effect for the entire third quarter of 2009.

(3) Prepaid assessment base. For each quarter of the prepayment period, an institution’s prepaid assessment base shall be calculated by increasing its third quarter 2009 assessment base at an annual rate of 5 percent.

(4) Finality of prepaid assessment. The prepaid assessment rate and prepaid assessment base defined in paragraphs (b)(2) and (3) of this section shall be determined based upon data in the FDIC’s computer systems as of December 24, 2009. Changes to data underlying an institution’s adjusted total base assessment rate or assessment base, whether by amendment to a report of condition or otherwise, received by the FDIC after December 24, 2009, shall not affect an institution’s prepaid assessment.

(5) Prepaid assessment rates for mergers and consolidations. For mergers and consolidations recorded in the FDIC’s computer systems no later than December 24, 2009, the acquired institution’s prepaid assessment rate under paragraph (b)(2) of this section shall be the prepaid assessment rate of the acquiring institution.

(c) Invoicing of prepaid assessment. The FDIC shall advise each insured depository institution of the amount and calculation of its prepaid assessment at the same time the FDIC provides the institution’s quarterly certified statement invoice for the third quarter of 2009. The FDIC will re-invoice through FDICconnect based upon any data changes as provided in paragraph (b)(4) of this section.

(d) Payment of prepaid assessment. Each insured depository institution shall pay to the Corporation the amount of its prepaid assessment as required under paragraph (a) of this section in compliance with and subject to the provisions of §§327.3 and 327.7 of subpart A.

(1) Exception to ACH payment. If an institution’s prepaid assessment is greater than $99 million, the institution shall make payment by wire transfer to the FDIC, rather than by funding its designated deposit account for payment via ACH as provided in §327.3 of subpart A.

(2) One-time assessment credits. The FDIC will not apply an institution’s one-time assessment credit under subpart B of this part 327 to reduce an institution’s prepaid assessment. The FDIC will apply an institution’s remaining one-time assessment credits under Part 327 subpart B to its quarterly deposit insurance assessments before applying its prepaid assessments.

(e) Use of prepaid assessments. Prepaid assessments shall only be used to offset regular quarterly risk-based deposit insurance assessments payable under this subpart A. The FDIC will begin offsetting regular quarterly risk-based deposit insurance assessments against prepaid assessments on March 30, 2010. The FDIC will continue to make such offsets until the earlier of the exhaustion of the institution’s prepaid assessment or June 30, 2013. Any prepaid assessment remaining after collection of the amount due on June 30, 2013, shall be returned to the institution. If the FDIC, in its discretion, determines that its liquidity needs allow, it may return any remaining prepaid assessment to the institution prior to June 30, 2013.

(f) Transfers. An insured depository institution may enter into an agreement to transfer, but not pledge, any portion of that institution’s prepaid assessment to another insured depository institution, provided that the parties to the agreement notify the FDIC’s Division of Finance and submit a written agreement, signed by legal representatives of both institutions. The parties must include documentation stating that each representative has the legal authority to bind the institution. The institution transferring its prepaid assessment shall submit the required notice and documentation through FDICconnect. That information will be presented by the FDIC through FDICconnect to the institution acquiring the prepaid assessments for its acceptance. The adjustment to the amount of the prepaid assessment for each institution involved in the transfer will be made in the next assessment.
§ 327.12

Invoice that is sent at least 10 days after the FDIC’s receipt of acceptance by the institution acquiring the prepaid assessments.

(g) Prepaid assessments following a merger. In the event that an insured depository institution merges with, or consolidates into, another insured depository institution, the surviving or resulting institution will be entitled to use any unused portion of the acquired institution’s prepaid assessment not otherwise transferred pursuant to paragraph (f) of this section.

(h) Disposition in the event of failure or termination of insured status. In the event of failure of an insured depository institution, any amount of its prepaid assessment remaining (other than any amounts needed to satisfy its assessment obligations not yet offset against the prepaid amount) will be refunded to the institution’s receiver. In the event that an insured depository institution’s insured status terminates, any amount of its prepaid assessment remaining (other than any amounts needed to satisfy its assessment obligations not yet offset against the prepaid amount) will be refunded to the institution, subject to the provisions of § 327.6 of subpart A.

(i) Exemptions—

(1) Exemption without application. The FDIC, after consultation with an institution’s primary Federal regulator, will exercise its discretion as supervisor and insurer to exempt an institution from the prepaid payment requirement under paragraph (a) of this section if the FDIC determines that the prepayment would adversely affect the safety and soundness of that institution. No application is required for this review and the FDIC will notify any affected institution of its exemption by November 23, 2009.

(2) Application for exemption. An institution may also apply to the FDIC for an exemption from the prepayment requirement under paragraph (a) of this section if the prepayment would significantly impair the institution’s liquidity, or would otherwise create extraordinary hardship. Written applications for exemption from the prepayment obligation must be submitted to the Director of the Division of Supervision and Consumer Protection on or before December 1, 2009, by electronic mail (prepaidassessment@fdic.gov) or fax (202–898–6676). The application must contain a full explanation of the need for the exemption and provide supporting documentation, including current financial statements, cash flow projections, and any other relevant information, including any information the FDIC may request. The FDIC will exercise its discretion in deciding whether to exempt an institution that files an application for exemption. An application shall be deemed denied unless the FDIC notifies an applying institution by December 15, 2009, either that the institution is exempt from the prepaid assessment or the FDIC has postponed determination under paragraph (i)(4) of this section. The FDIC’s denial of applications for exemption will be final and not subject to further agency review.

(3) Application for withdrawal of exemption. An institution that has received an exemption under paragraph (i)(1) of this section may request that the FDIC withdraw the exemption. Written applications for withdrawal of exemption must be submitted to the Director of the Division of Supervision and Consumer Protection on or before December 1, 2009, by electronic mail (prepaidassessment@fdic.gov) or fax (202–898–6676). The application must contain a full explanation of the reasons the exemption is not needed and provide supporting documentation, including current financial statements, cash flow projections, and any other relevant information, including any information the FDIC may request. The FDIC, after consultation with the institution’s primary Federal regulator, will exercise its discretion in deciding whether to withdraw the exemption. The FDIC will notify an institution of its decision to withdraw the exemption by December 15, 2009; that determination will be final and not subject to further agency review. An application shall be deemed denied unless the FDIC notifies an applying institution by December 15, 2009, that the exemption is withdrawn.

(4) Postponement of determination. The FDIC may postpone making a determination on any application for exemption filed under paragraph (i)(2) of
§ 327.15 Emergency special assessments.

(a) Emergency special assessment imposed on June 30, 2009. On June 30, 2009, the FDIC shall impose an emergency special assessment of 20 basis points on each insured depository institution based on the institution’s assessment base calculated pursuant to § 327.5 for the second assessment period of 2009.

(b) Emergency special assessments after June 30, 2009. After June 30, 2009, if the reserve ratio of the Deposit Insurance Fund is estimated to fall to a level that the Board believes would adversely affect public confidence or to a level which shall be close to zero or negative at the end of a calendar quarter, an emergency special assessment of up to 10 basis points may be imposed by a vote of the Board on all insured depository institutions based on each institution’s assessment base calculated pursuant to § 327.5 for the corresponding assessment period.

(1) Estimation process. For purposes of any emergency special assessment under this paragraph (b), the FDIC shall estimate the reserve ratio of the Deposit Insurance Fund for the applicable calendar quarter end from available data on, or estimates of, insurance fund assessment income, investment income, operating expenses, other revenue and expenses, and loss provisions, including provisions for anticipated failures. The FDIC will assume that estimated insured deposits will increase during the quarter at the average quarterly rate over the previous four quarters.

(2) Imposition and announcement of emergency special assessments. Any emergency special assessment under this paragraph (b) shall be on the last day of a calendar quarter and shall be announced by the end of such quarter. As soon as practicable after announcement, the FDIC will have a notice published in the Federal Register of the emergency special assessment.

(c) Invoicing of any emergency special assessments. The FDIC shall advise each insured depository institution of the amount and calculation of any emergency special assessment imposed under paragraph (a) or (b) of this section. This information shall be provided at the same time as the institution’s quarterly certified statement invoice for the quarter in which the emergency special assessment was imposed.

(d) Payment of any emergency special assessment. Each insured depository institution shall pay to the Corporation any emergency special assessment imposed under paragraph (a) or (b) of this section in compliance with and subject to the provisions of §§ 327.3, 327.6 and 327.7 of subpart A, and the provisions of subpart B. The payment date for any emergency special assessment shall be the date provided in § 327.3(b)(2) for the institution’s quarterly certified statement invoice for the calendar quarter in which the emergency special assessment was imposed.

[74 FR 9341, Mar. 3, 2009]

§ 327.16 Assessment pricing methods—beginning the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the prior assessment period has reached or exceeded 1.15 percent.

(a) Established small institutions. Beginning the first assessment period after June 30, 2016, where the reserve ratio of the DIF as of the end of the
prior assessment period has reached or exceeded 1.15 percent, and for all subsequent assessment periods, an established small institution shall have its initial base assessment rate determined by using the financial ratios methods set forth in paragraph (a)(1) of this section.

(1) Under the financial ratios method, each of seven financial ratios and a weighted average of CAMELS component ratings will be multiplied by a corresponding pricing multiplier. The sum of these products will be added to a uniform amount. The resulting sum shall equal the institution’s initial base assessment rate; provided, however, that no institution’s initial base assessment rate shall be less than the minimum initial base assessment rate in effect for established small institutions with a particular CAMELS composite rating for that assessment period nor greater than the maximum initial base assessment rate in effect for established small institutions with a particular CAMELS composite rating for that assessment period. An institution’s initial base assessment rate, subject to adjustment pursuant to paragraphs (e)(1) and (2) of this section, as appropriate (resulting in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate), and adjusted for the actual assessment rates set by the Board under §327.10(f), will equal an institution’s assessment rate. The seven financial ratios are: Leverage Ratio (%); Net Income before Taxes/Total Assets (%); Nonperforming Loans and Leases/Gross Assets (%); Other Real Estate Owned/Gross Assets (%); Brokered Deposit Ratio (%); One Year Asset Growth (%); and Loan Mix Index. The ratios and the weighted average of CAMELS component ratings are defined in paragraph (a)(1)(ii) of this section. The ratios will be determined for an assessment period based upon information contained in an institution’s report of condition filed as of the last day of the assessment period as set out in paragraph (a)(2) of this section. The weighted average of CAMELS component ratings is created by multiplying each component by the following percentages and adding the products: Capital adequacy—25%, Asset quality—20%, Management—25%, Earnings—10%, Liquidity—10%, and Sensitivity to market risk—10%. The following tables set forth the values of the pricing multipliers:

### Pricing Multipliers Applicable Beginning the First Assessment Period After June 30, 2016, Where the Reserve Ratio as of the End of the Prior Assessment Period Has Reached 1.15 Percent, and for All Subsequent Assessment Periods Where the Reserve Ratio as of the End of the Prior Assessment Period Is Less Than 2 Percent

</tbody>
</table>

1. Ratios are expressed as percentages.
2. Multipliers are rounded to three decimal places.

(i) Uniform amount. Except as adjusted for the actual assessment rates set by the Board under §327.10(f), the uniform amount shall be:
(A) 7.352 whenever the assessment rate schedule set forth in §327.10(b) is in effect;
(B) 6.188 whenever the assessment rate schedule set forth in §327.10(c) is in effect; or
(C) 4.870 whenever the assessment rate schedule set forth in §327.10(d) is in effect.

(ii) Definitions of measures used in the financial ratios method—(A) Definitions.

The following table lists and defines the measures used in the financial ratios method:

<table>
<thead>
<tr>
<th>Variables</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leverage Ratio (%)</td>
<td>Tier 1 capital divided by adjusted average assets. (Numerator and denominator are both based on the definition for prompt corrective action.)</td>
</tr>
<tr>
<td>Net Income before Taxes/Total Assets</td>
<td>Income (before applicable income taxes and discontinued operations) for the most recent twelve months divided by total assets.1</td>
</tr>
<tr>
<td>Nonperforming Loans and Leases/Gross Assets</td>
<td>Sum of total loans and lease financing receivables past due 90 or more days and still accruing interest and total nonaccrual loans and lease financing receivables (excluding, in both cases, the maximum amount recoverable from the U.S. Government, its agencies or government-sponsored enterprises, under guarantee or insurance provisions) divided by gross assets.2</td>
</tr>
<tr>
<td>Other Real Estate Owned/Gross Assets (%)</td>
<td>Other real estate owned divided by gross assets.2</td>
</tr>
<tr>
<td>Brokered Deposit Ratio</td>
<td>The ratio of the difference between brokered deposits and 10 percent of total assets to total assets. For institutions that are well capitalized and have a CAMELS composite rating of 1 or 2, reciprocal deposits are deducted from brokered deposits. If the ratio is less than zero, the value is set to zero.</td>
</tr>
<tr>
<td>Weighted Average of C, A, M, E, L, and S Component Ratings</td>
<td>The weighted sum of the “C,” “A,” “M,” “E,” “L,” and “S” CAMELS components, with weights of 25 percent each for the “C” and “M” components, 20 percent for the “A” component, and 10 percent each for the “E,” “L,” and “S” components.</td>
</tr>
<tr>
<td>Loan Mix Index</td>
<td>A measure of credit risk described paragraph (a)(1)(ii)(B) of this section.</td>
</tr>
<tr>
<td>One-Year Asset Growth (%)</td>
<td>Growth in assets (adjusted for mergers1) over the previous year in excess of 10 percent.4 If growth is less than 10 percent, the value is set to zero.</td>
</tr>
</tbody>
</table>

1. The ratio of Net Income before Taxes to Total Assets is bounded below by (and cannot be less than) 25 percent and is bounded above by (and cannot exceed) 3 percent.
2. Gross assets are total assets plus the allowance for loan and lease financing receivable losses (ALLL).
3. Growth in assets is also adjusted for acquisitions of failed banks.
4. The maximum value of the Asset Growth measure is 230 percent; that is, asset growth (merger adjusted) over the previous year in excess of 240 percent (230 percentage points in excess of the 10 percent threshold) will not further increase a bank’s assessment rate.

(B) Definition of loan mix index. The Loan Mix Index assigns loans in an institution’s loan portfolio to the categories of loans described in the following table. The Loan Mix Index is calculated by multiplying the ratio of an institution’s amount of loans in a particular loan category to its total assets by the associated weighted average charge-off rate for that loan category, and summing the products for all loan categories. The table gives the weighted average charge-off rate for each category of loan. The Loan Mix Index excludes credit card loans.

<table>

(iii) Implementation of CAMELS rating changes—(A) Composite rating change. If, during an assessment period, a CAMELS composite rating change occurs in a way that changes the institution’s initial base assessment rate, then the institution’s initial base assessment rate for the portion of the assessment period prior to the change shall be determined using the assessment schedule for the appropriate CAMELS composite rating in effect before the change, including any minimum or maximum initial base assessment rates, and subject to adjustment pursuant to paragraphs (e)(1) and (2) of this section, as appropriate, and adjusted for actual assessment rates set by the Board under § 327.10(f). For the portion of the assessment period after the CAMELS composite rating change, the institution’s initial base assessment rate shall be determined using the assessment schedule for the applicable CAMELS composite rating in effect, including any minimum or maximum initial base assessment rates, and subject to adjustment pursuant to paragraphs (e)(1) and (2) of this section, as appropriate, and adjusted for actual assessment rates set by the Board under § 327.10(f).

(B) Component ratings changes. If, during an assessment period, a CAMELS component rating change occurs in a way that changes the institution’s initial base assessment rate, the initial base assessment rate for the period before the change shall be determined under the financial ratios method using the CAMELS component ratings in effect before the change, subject to adjustment under paragraphs (e)(1) and (2) of this section, as appropriate. Beginning on the date of the CAMELS component rating change, the initial base assessment rate for the remainder of the assessment period shall be determined under the financial ratios method using the CAMELS component ratings in effect after the change, again subject to adjustment under paragraphs (e)(1) and (2) of this section, as appropriate.

(iv) No CAMELS composite rating or no CAMELS component ratings—(A) No CAMELS composite rating. If, during an assessment period, an institution has no CAMELS composite rating, its initial assessment rate will be 2 basis points above the minimum initial assessment rate for established small institutions until it receives a CAMELS composite rating.

(B) No CAMELS component ratings. If, during an assessment period, an institution has a CAMELS composite rating but no CAMELS component ratings, the initial base assessment rate for that institution shall be determined under the financial ratios method using the CAMELS composite rating for its weighted average CAMELS component rating and, if the institution has not yet filed four quarterly reports of condition, by annualizing, where appropriate, financial ratios obtained from all quarterly reports of condition that have been filed.

(2) Applicable quarterly reports of condition. The financial ratios used to determine the assessment rate for an established small institution shall be based upon information contained in an institution’s Consolidated Reports of Condition and Income (or successor report, as appropriate) dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(b) Large and highly complex institutions—(1) Assessment scorecard for large institutions (other than highly complex institutions). (i) A large institution other than a highly complex institution shall have its initial base assessment rate determined using the scorecard for large institutions.

585
(ii) The scorecard for large institutions produces two scores: Performance score and loss severity score.

(A) *Performance score for large institutions*. The performance score for large institutions is a weighted average of the scores for three measures: The weighted average CAMELS rating score, weighted at 30 percent; the ability to withstand asset-related stress score, weighted at 50 percent; and the ability to withstand funding-related stress score, weighted at 20 percent.

(1) *Weighted average CAMELS rating score*. (i) To compute the weighted average CAMELS rating score, a weighted average of an institution’s CAMELS component ratings is calculated using the following weights:

<table>
<thead>
<tr>
<th>CAMELS component</th>
<th>Weight (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>C</td>
<td>25</td>
</tr>
<tr>
<td>A</td>
<td>20</td>
</tr>
<tr>
<td>M</td>
<td>25</td>
</tr>
<tr>
<td>E</td>
<td>10</td>
</tr>
<tr>
<td>L</td>
<td>10</td>
</tr>
<tr>
<td>S</td>
<td>10</td>
</tr>
</tbody>
</table>

(ii) A weighted average CAMELS rating converts to a score that ranges from 25 to 100. A weighted average rating of 1 equals a score of 25 and a weighted average of 3.5 or greater equals a score of 100. Weighted average CAMELS ratings between 1 and 3.5 are assigned a score between 25 and 100. The score increases at an increasing rate as the weighted average CAMELS rating increases. Appendix B of this subpart describes the conversion of a weighted average CAMELS rating to a score.

(2) *Ability to withstand asset-related stress score*. (i) The ability to withstand asset-related stress score is a weighted average of the scores for four measures: Leverage ratio; concentration measure; the ratio of core earnings to average quarter-end total assets; and the credit quality measure. Appendices A and C of this subpart define these measures.

(ii) The Leverage ratio and the ratio of core earnings to average quarter-end total assets are described in appendix A and the method of calculating the scores is described in appendix C of this subpart.

(iii) The score for the concentration measure is the greater of the higher-risk assets to Tier 1 capital and reserves score or the growth-adjusted portfolio concentrations score. Both ratios are described in appendix C of this subpart.

(iv) The score for the credit quality measure is the greater of the criticized and classified items to Tier 1 capital and reserves score or the underperforming assets to Tier 1 capital and reserves score.

(v) The following table shows the cut-off values and weights for the measures used to calculate the ability to withstand asset-related stress score. Appendix B of this subpart describes how each measure is converted to a score between 0 and 100 based upon the minimum and maximum cutoff values, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

<table>

</tr>
</tbody>
</table>

1 Average of five quarter-end total assets (most recent and four prior quarters).

(3) Ability to withstand funding-related stress score. Two measures are used to compute the ability to withstand funding-related stress score: a core deposits to total liabilities ratio, and a balance sheet liquidity ratio. Appendix A of this subpart describes these measures. Appendix B of this subpart describes how these measures are converted to a score between 0 and 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk. The ability to withstand funding-related stress score is the weighted average of the scores for the two measures. In the following table, cutoff values and weights are used to derive an institution’s ability to withstand funding-related stress score:

CUTOFF VALUES AND WEIGHTS TO CALCULATE ABILITY TO WITHSTAND FUNDING-RELATED STRESS SCORE

<table>
<thead>
<tr>
<th>Measures of the ability to withstand funding-related stress</th>
<th>Cutoff values</th>
<th>Weights (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>

</tr>
<tr>
<td>Core Deposits/Total Liabilities</td>
<td>5</td>
<td>87</td>
</tr>
<tr>
<td>Balance Sheet Liquidity Ratio</td>
<td>7</td>
<td>243</td>
</tr>
</tbody>
</table>

(4) Calculation of performance score. In paragraph (b)(1)(iii)(A)(3) of this section, the scores for the weighted average CAMELS rating, the ability to withstand asset-related stress, and the ability to withstand funding-related stress are multiplied by their respective weights (30 percent, 50 percent and 20 percent, respectively) and the results are summed to arrive at the performance score. The performance score cannot be less than 0 or more than 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

(B) Loss severity score. The loss severity score is based on a loss severity measure that is described in appendix D of this subpart. Appendix B of this subpart also describes how the loss severity measure is converted to a score between 0 and 100. The loss severity score cannot be less than 0 or more than 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk. Cutoff values for the loss severity measure are:
(C) **Total score.** (1) The performance and loss severity scores are combined to produce a total score. The loss severity score is converted into a loss severity factor that ranges from 0.8 (score of 5 or lower) to 1.2 (score of 85 or higher). Scores at or below the minimum cutoff of 5 receive a loss severity factor of 0.8, and scores at or above the maximum cutoff of 85 receive a loss severity factor of 1.2. The following linear interpolation converts loss severity scores between the cutoffs into a loss severity factor:

\[ \text{Loss Severity Factor} = 0.8 + \left[ 0.005 \times (\text{Loss Severity Score} - 5) \right] \]

(2) The performance score is multiplied by the loss severity factor to produce a total score (total score = performance score * loss severity factor).

The total score can be up to 20 percent higher or lower than the performance score but cannot be less than 30 or more than 90. The total score is subject to adjustment, up or down, by a maximum of 15 points, as set forth in paragraph (b)(3) of this section. The resulting total score after adjustment cannot be less than 30 or more than 90.

(D) **Initial base assessment rate.** A large institution with a total score of 30 pays the minimum initial base assessment rate and an institution with a total score of 90 pays the maximum initial base assessment rate. For total scores between 30 and 90, initial base assessment rates rise at an increasing rate as the total score increases, calculated according to the following formula:

\[ \text{Rate} = \text{Minimum Rate} + \left[ \left( 1.4245 \times \left( \frac{\text{Score}}{100} \right) \right) - 0.0385 \right] \times (\text{Maximum Rate} - \text{Minimum Rate}) \]

Where:
- Rate is the initial base assessment rate (expressed in basis points);
- Maximum Rate is the maximum initial base assessment rate then in effect (expressed in basis points); and
- Minimum Rate is the minimum initial base assessment rate then in effect (expressed in basis points). Initial base assessment rates are subject to adjustment pursuant to paragraphs (b)(3) and (e)(1) and (2) of this section; large institutions that are not well capitalized or have a CAMELS composite rating of 3, 4 or 5 shall be subject to the adjustment at paragraph (e)(3) of this section; these adjustments shall result in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate.

(2) **Assessment scorecard for highly complex institutions.** (1) A highly complex institution shall have its initial base assessment rate determined using the scorecard for highly complex institutions.

### Scorecard for Highly Complex Institutions

<table>
<thead>

<td>Leverage ratio</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Concentration Measure</td>
<td></td>
</tr>
</tbody>
</table>
(ii) The scorecard for highly complex institutions produces two scores: Performance and loss severity.

(A) Performance score for highly complex institutions. The performance score for highly complex institutions is the weighted average of the scores for three components: Weighted average CAMELS rating, weighted at 30 percent; ability to withstand asset-related stress score, weighted at 50 percent; and ability to withstand funding-related stress score, weighted at 20 percent.

(i) Weighted average CAMELS rating score. (i) To compute the score for the weighted average CAMELS rating, a weighted average of an institution’s CAMELS component ratings is calculated using the following weights:

<table>
<thead>
<tr>
<th>CAMELS component</th>
<th>Weight (%)</th>
</tr>
</thead>
<tbody>
<tr>
<td>C</td>
<td>25</td>
</tr>
<tr>
<td>A</td>
<td>20</td>
</tr>
<tr>
<td>M</td>

</tr>
<tr>
<td>E</td>
<td>10</td>
</tr>
<tr>
<td>L</td>
<td>10</td>
</tr>
<tr>
<td>S</td>
<td>10</td>
</tr>
</tbody>
</table>

(ii) A weighted average CAMELS rating converts to a score that ranges from 25 to 100. A weighted average rating of 1 equals a score of 25 and a weighted average of 3.5 or greater equals a score of 100. Weighted average CAMELS ratings between 1 and 3.5 are assigned a score between 25 and 100. The score increases at an increasing rate as the weighted average CAMELS rating increases. Appendix B of this subpart describes the conversion of a weighted average CAMELS rating to a score.

(ii) Ability to withstand asset-related stress score. (i) The ability to withstand asset-related stress score is a weighted average of the scores for four measures: Leverage ratio; concentration measure; ratio of core earnings to average quarter-end total assets; credit quality measure and market risk measure. Appendix A of this subpart describes these measures.

(ii) The Leverage ratio and the ratio of core earnings to average quarter-end total assets are described in appendix A of this subpart and the method of calculating the scores is described in appendix B of this subpart.

(iii) The score for the concentration measure for highly complex institutions is the greatest of the higher-risk assets to the sum of Tier 1 capital and reserves score, the top 20 counterparty exposure to the sum of Tier 1 capital and reserves score, or the largest counterparty exposure to the sum of Tier 1 capital and reserves score. Each ratio is described in appendix A of this subpart. The method used to convert the concentration measure into a score is described in appendix C of this subpart.

(iv) The credit quality score is the greater of the criticized and classified items to Tier 1 capital and reserves score or the underperforming assets to Tier 1 capital and reserves score. The market risk score is the weighted average of three scores—the trading revenue volatility to Tier 1 capital score, the market risk capital to Tier 1 capital score, and the level 3 trading assets to Tier 1 capital score. All of these ratios are described in appendix A of this subpart and the method of calculating the scores is described in appendix B of this subpart. Each score is multiplied by its respective weight, and the resulting weighted score is summed to compute the score for the performance score.
§ 327.16

market risk measure. An overall weight of 35 percent is allocated between the scores for the credit quality measure and market risk measure. The allocation depends on the ratio of average trading assets to the sum of average securities, loans and trading assets (trading asset ratio) as follows:

(v) Weight for credit quality score = 35 percent * (1 – trading asset ratio); and,

(vi) Weight for market risk score = 35 percent * trading asset ratio.

(vii) Each of the measures used to calculate the ability to withstand asset-related stress score is assigned the following cutoff values and weights:

CUTOFF VALUES AND WEIGHTS FOR MEASURES TO CALCULATE THE ABILITY TO WITHSTAND ASSET-RELATED STRESS SCORE

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

1 Combined, the credit quality measure and the market risk measure are assigned a 35 percent weight. The relative weight of each of the two scores depends on the ratio of average trading assets to the sum of average securities, loans and trading assets (trading asset ratio).

(viii) [Reserved]

(ix) The score of each measure is multiplied by its respective weight and the resulting weighted score is summed to compute the ability to withstand asset-related stress score, which can range from 0 to 100, where a score of 0 reflects the lowest risk and a score of 100 reflects the highest risk.

(3) Ability to withstand funding related stress score. Three measures are used to calculate the score for the ability to withstand funding-related stress: A core deposits to total liabilities ratio, a balance sheet liquidity ratio, and average short-term funding to average total assets ratio. Appendix A of this subpart describes these ratios. Appendix B of this subpart describes how each measure is converted to a score. The ability to withstand funding-related stress score is the weighted average of the scores for the three measures. In the following table, cutoff values and weights are used to derive an institution’s ability to withstand funding-related stress score:

CUTOFF VALUES AND WEIGHTS TO CALCULATE ABILITY TO WITHSTAND FUNDING-RELATED STRESS MEASURES

<table>
<thead>
<tr>
<th>Measures of the ability to withstand funding-related stress</th>
<th>Cutoff values</th>
<th>Weights (percent)</th>
</tr>

CUTOFF VALUES AND WEIGHTS TO CALCULATE ABILITY TO WITHSTAND FUNDING-RELATED STRESS MEASURES—Continued

<table>
<thead>
<tr>
<th>Measures of the ability to withstand funding-related stress</th>
<th>Cutoff values</th>
<th>Weights (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Average Short-term Funding/Average Total Assets</td>
<td>2 19</td>
<td>20</td>
</tr>
</tbody>
</table>

(4) Calculation of performance score. The weighted average CAMELS score, the ability to withstand asset-related stress score, and the ability to withstand funding-related stress score are multiplied by their respective weights (30 percent, 50 percent and 20 percent, respectively) and the results are summed to arrive at the performance score, which cannot be less than 0 or more than 100.

(B) Loss severity score. The loss severity score is based on a loss severity measure described in appendix D of this subpart. Appendix B of this subpart also describes how the loss severity measure is converted to a score between 0 and 100. Cutoff values for the loss severity measure are:

CUTOFF VALUES FOR LOSS SEVERITY MEASURE

<table>
<thead>
<tr>
<th>Measure of loss severity</th>
<th>Cutoff values</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Loss Severity</td>
<td>0 28</td>
<td></td>
</tr>
</tbody>
</table>

(C) Total score. The performance and loss severity scores are combined to produce a total score. The loss severity score is converted into a loss severity factor that ranges from 0.8 (score of 5 or lower) to 1.2 (score of 85 or higher). Scores at or below the minimum cutoff of 5 receive a loss severity factor of 0.8, and scores at or above the maximum cutoff of 85 receive a loss severity factor of 1.2. The following linear interpolation converts loss severity scores between the cutoffs into a loss severity factor: (Loss Severity Factor = 0.8 + [0.005 * (Loss Severity Score − 5)]. The performance score is multiplied by the loss severity factor to produce a total score (total score = performance score * loss severity factor). The total score can be up to 20 percent higher or lower than the performance score but cannot be less than 30 or more than 90. The total score is subject to adjustment, up or down, by a maximum of 15 points, as set forth in paragraph (b)(3) of this section. The resulting total score after adjustment cannot be less than 30 or more than 90.

(D) Initial base assessment rate. A highly complex institution with a total score of 30 pays the minimum initial base assessment rate and an institution with a total score of 90 pays the maximum initial base assessment rate. For total scores between 30 and 90, initial base assessment rates rise at an increasing rate as the total score increases, calculated according to the following formula:

\[
Rate = Minimum\ Rate + \left[ \left( 1.4245 \times \left( \frac{Score}{100} \right) \right) - 0.0385 \right] \times (Maximum\ Rate - Minimum\ Rate)
\]

Where: Rate is the initial base assessment rate (expressed in basis points);
Maximum Rate is the maximum initial base assessment rate then in effect (expressed in basis points); and

Minimum Rate is the minimum initial base assessment rate then in effect (expressed in basis points). Initial base assessment rates are subject to adjustment pursuant to paragraphs (b)(3) and (e)(1) and (2) of this section; highly complex institutions that are not well capitalized or have a CAMELS composite rating of 3, 4 or 5 shall be subject to the adjustment at paragraph (e)(3) of this section; these adjustments shall result in the institution’s total base assessment rate, which in no case can be lower than 50 percent of the institution’s initial base assessment rate.

(3) Adjustment to total score for large institutions and highly complex institutions. The total score for large institutions and highly complex institutions is subject to adjustment, up or down, by a maximum of 15 points, based upon significant risk factors that are not adequately captured in the appropriate scorecard. In making such adjustments, the FDIC may consider such information as financial performance and condition information and other market or supervisory information. The FDIC will also consult with an institution’s primary federal regulator and, for state chartered institutions, state banking supervisor.

(i) Prior notice of adjustments—(A) Prior notice of upward adjustment. Prior to making any upward adjustment to an institution’s total score because of considerations of additional risk information, the FDIC will formally notify the institution and its primary federal regulator and provide an opportunity to respond. This notification will include the reasons for the adjustment and when the adjustment will take effect.

(B) Prior notice of downward adjustment. Prior to making any downward adjustment to an institution’s total score because of considerations of additional risk information, the FDIC will formally notify the institution and its primary federal regulator and provide an opportunity to respond. This notification will include the reasons for the adjustment and when the adjustment will take effect.

(iv) Adjustment without notice. Notwithstanding the notice provisions set forth in paragraph (b)(3) of this section, the FDIC may change an institution’s total score without advance notice, if the institution’s supervisory ratings or the scorecard measures deteriorate.

(c) New small institutions—(1) Risk categories. Each new small institution shall be assigned to one of the following four Risk Categories based upon the institution’s capital evaluation and supervisory evaluation as defined in this section.

(i) Risk category I. New small institutions in Supervisory Group A that are Well Capitalized will be assigned to Risk Category I.

(ii) Risk category II. New small institutions in Supervisory Group A that are Adequately Capitalized, and new small institutions in Supervisory
Group B that are either Well Capitalized or Adequately Capitalized will be assigned to Risk Category II.

(iii) Risk category III. New small institutions in Supervisory Groups A and B that are Undercapitalized, and new small institutions in Supervisory Group C that are Well Capitalized or Adequately Capitalized will be assigned to Risk Category III.

(iv) Risk category IV. New small institutions in Supervisory Group C that are Undercapitalized will be assigned to Risk Category IV.

(2) Capital evaluations. Each new small institution will receive one of the following three capital evaluations on the basis of data reported in the institution’s Consolidated Reports of Condition and Income or Thrift Financial Report (or successor report, as appropriate) dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(i) Well capitalized. A Well Capitalized institution is one that satisfies each of the following capital ratio standards: Total risk-based capital ratio, 10.0 percent or greater; tier 1 risk-based capital ratio, 8.0 percent or greater; leverage ratio, 5.0 percent or greater; and common equity tier 1 capital ratio, 6.5 percent or greater, and after January 1, 2018, if the institution is an insured depository institution subject to the advanced approaches risk-based capital rules under 12 CFR 6.4(c)(2)(iv)(B), 12 CFR 208.43(c)(2)(iv)(B), or 12 CFR 324.403(b)(2)(vi), as each may be amended from time to time, a supplementary leverage ratio of 3.0 percent or greater.

(ii) Adequately capitalized. An Adequately Capitalized institution is one that does not qualify as either Well Capitalized or Adequately Capitalized under paragraphs (c)(2)(i) and (ii) of this section.

(iii) Undercapitalized. An undercapitalized institution is one that does not qualify as either Well Capitalized or Adequately Capitalized under paragraphs (c)(2)(i) and (ii) of this section.

(3) Supervisory evaluations. Each new small institution will be assigned to one of three Supervisory Groups based on the Corporation’s consideration of supervisory evaluations provided by the institution’s primary federal regulator. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information that the primary federal regulator determines to be relevant. In addition, the Corporation will take into consideration such other information (such as state examination findings, as appropriate) as it determines to be relevant to the institution’s financial condition and the risk posed to the Deposit Insurance Fund. The three Supervisory Groups are:

(i) Supervisory group “A.” This Supervisory Group consists of financially sound institutions with only a few minor weaknesses;

(ii) Supervisory group “B.” This Supervisory Group consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the Deposit Insurance Fund; and

(iii) Supervisory group “C.” This Supervisory Group consists of institutions that pose a substantial probability of loss to the Deposit Insurance Fund unless effective corrective action is taken.

(4) Assessment method for new small institutions in risk category I—(i) Maximum initial base assessment rate for risk category I new small institutions. A new small institution in Risk Category I shall be assessed the maximum initial base assessment rate for Risk Category
§ 327.16 I small institutions in the relevant assessment period.

(ii) New small institutions not subject to certain adjustments. No new small institution in any risk category shall be subject to the adjustment in paragraph (e)(1) of this section.

(iii) Implementation of CAMELS rating changes—(A) Changes between risk categories. If, during an assessment period, a CAMELS composite rating change occurs that results in a Risk Category I institution moving from Risk Category I to Risk Category II, III or IV, the institution’s initial base assessment rate for the portion of the assessment period that it was in Risk Category I shall be the maximum initial base assessment rate for the relevant assessment period, subject to adjustment pursuant to paragraph (e)(2) of this section, as appropriate, and adjusted for the actual assessment rates set by the Board under §327.10(f). For the portion of the assessment period that the institution was not in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (e)(2) and (3) of this section, as appropriate, shall be determined under the assessment schedule for the appropriate Risk Category. If, during an assessment period, a CAMELS composite rating change occurs that results in an institution moving from Risk Category II, III or IV to Risk Category I, then the maximum initial base assessment rate for new small institutions in Risk Category I shall apply for the portion of the assessment period that it was in Risk Category I, subject to adjustment pursuant to paragraph (e)(2) of this section, as appropriate, and adjusted for the actual assessment rates set by the Board under §327.10(f). For the portion of the assessment period that the institution was not in Risk Category I, the institution’s initial base assessment rate, which shall be subject to adjustment pursuant to paragraphs (e)(2) and (3) of this section, as appropriate, shall be determined under the assessment schedule for the appropriate Risk Category.

(B) [Reserved]

(d) Insured branches of foreign banks—(1) Risk categories for insured branches of foreign banks. Insured branches of foreign banks shall be assigned to risk categories as set forth in paragraph (c)(1) of this section.

(2) Capital evaluations for insured branches of foreign banks. Each insured branch of a foreign bank will receive one of the following three capital evaluations on the basis of data reported in the institution’s Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks dated as of March 31 for the assessment period beginning the preceding January 1; dated as of June 30 for the assessment period beginning the preceding April 1; dated as of September 30 for the assessment period beginning the preceding July 1; and dated as of December 31 for the assessment period beginning the preceding October 1.

(i) Well Capitalized. An insured branch of a foreign bank is Well Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 108 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (d)(2) of this section.

(ii) Adequately Capitalized. An insured branch of a foreign bank is Adequately Capitalized if the insured branch:

(A) Maintains the pledge of assets required under §347.209 of this chapter; and

(B) Maintains the eligible assets prescribed under §347.210 of this chapter at 106 percent or more of the average book value of the insured branch’s third-party liabilities for the quarter ending on the report date specified in paragraph (d)(2) of this section; and

(C) Does not meet the definition of a Well Capitalized insured branch of a foreign bank.

(iii) Undercapitalized. An insured branch of a foreign bank is undercapitalized institution if it does not qualify as either Well Capitalized or Adequately Capitalized under paragraphs (d)(2)(1) and (ii) of this section.

(3) Supervisory evaluations for insured branches of foreign banks. Each insured branch of a foreign bank will be assigned to one of three supervisory
groups as set forth in paragraph (c)(3) of this section.

(4) Assessment method for insured branches of foreign banks in risk category I. Insured branches of foreign banks in Risk Category I shall be assessed using the weighted average ROCA component rating.

(i) Weighted average ROCA component rating. The weighted average ROCA component rating shall equal the sum of the products that result from multiplying ROCA component ratings by the following percentages: Risk Management—35%, Operational Controls—25%, Compliance—25%, and Asset Quality—15%. The weighted average ROCA rating will be multiplied by 5.076 (which shall be the pricing multiplier). To this result will be added a uniform amount. The resulting sum—the initial base assessment rate—will equal an institution’s total base assessment rate; provided, however, that no institution’s total base assessment rate will be less than the minimum total base assessment rate in effect for Risk Category I institutions for that assessment period nor greater than the maximum total base assessment rate in effect for Risk Category I institutions for that assessment period.

(ii) Uniform amount. Except as adjusted for the actual assessment rates set by the Board under §327.10(f), the uniform amount for all insured branches of foreign banks shall be:

(A) −5.127 whenever the assessment rate schedule set forth in §327.10(b) is in effect;

(B) −6.127 whenever the assessment rate schedule set forth in §327.10(c) is in effect; or

(C) −7.127 whenever the assessment rate schedule set forth in §327.10(d) is in effect.

(iii) Insured branches of foreign banks not subject to certain adjustments. No insured branch of a foreign bank in any risk category shall be subject to the adjustments in paragraph (b)(3) or (e)(1) or (3) of this section.

(iv) Implementation of changes between risk categories for insured branches of foreign banks. If, during an assessment period, a ROCA component rating change occurs that results in an insured branch of a foreign bank moving from Risk Category I to Risk Category II, III or IV, the institution’s initial base assessment rate for the portion of the assessment period that it was in Risk Category I shall be determined using the weighted average ROCA component rating. For the portion of the assessment period that the institution was not in Risk Category I, the institution’s initial base assessment rate shall be determined under the assessment schedule for the appropriate Risk Category. If, during an assessment period, a ROCA rating change occurs that results in an insured branch of a foreign bank moving from Risk Category II, III or IV to Risk Category I, the institution’s assessment rate for the portion of the assessment period that it was in Risk Category I shall equal the rate determined as provided using the weighted average ROCA component rating. For the portion of the assessment period that the institution was not in Risk Category I, the institution’s initial base assessment rate shall be determined under the assessment schedule for the appropriate Risk Category.

(v) Implementation of changes within risk category I for insured branches of foreign banks. If, during an assessment period, an insured branch of a foreign bank remains in Risk Category I, but a ROCA component rating changes that will affect the institution’s initial base assessment rate, separate assessment rates for the portion(s) of the assessment period before and after the change(s) shall be determined under this paragraph (d)(4).

(e) Adjustments—(1) Unsecured debt adjustment to initial base assessment rate for all institutions. All institutions, except new institutions as provided under paragraphs (g)(1) and (2) of this section and insured branches of foreign banks as provided under paragraph (d)(4)(iii) of this section, shall be subject to an adjustment of assessment rates for unsecured debt. Any unsecured debt adjustment shall be made after any adjustment under paragraph (b)(3) of this section.

(i) Application of unsecured debt adjustment. The unsecured debt adjustment shall be determined as the sum of the initial base assessment rate plus 40 basis points; that sum shall be multiplied by the ratio of an insured depository institution’s long-term unsecured
§ 327.16

12 CFR Ch. III (1–1–17 Edition)

debt to its assessment base. The amount of the reduction in the assessment rate due to the adjustment is equal to the dollar amount of the adjustment divided by the amount of the assessment base.

(ii) Limitation. No unsecured debt adjustment for any institution shall exceed the lesser of 5 basis points or 50 percent of the institution’s initial base assessment rate.

(iii) Applicable quarterly reports of condition. Unsecured debt adjustment ratios for any given quarter shall be calculated from quarterly reports of condition (Consolidated Reports of Condition and Income and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.

(2) Depository institution debt adjustment to initial base assessment rate for all institutions. All institutions shall be subject to an adjustment of assessment rates for unsecured debt held that is issued by another depository institution. Any such depository institution debt adjustment shall be made after any adjustment under paragraphs (b)(3) and (e)(1) and (2) of this section. The depository institution debt adjustment includes all unsecured debt as defined in Section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f), and 12 CFR 337.6, including reciprocal deposits as defined in §327.8(p), and brokered deposits that consist of balances swept into an insured institution from another institution. The adjustment under this paragraph is limited to those institutions whose ratio of brokered deposits to domestic deposits is greater than 10 percent; asset growth rates do not affect the adjustment. Insured branches of foreign banks are not subject to the brokered deposit adjustment as provided in paragraph (d)(4)(iii) of this section.

(i) Application of brokered deposit adjustment. The brokered deposit adjustment shall be determined by multiplying 25 basis points by the ratio of the difference between an insured depository institution’s brokered deposits and 10 percent of its domestic deposits to its assessment base.

(ii) Limitation. The maximum brokered deposit adjustment will be 10 basis points; the minimum brokered deposit adjustment will be 0.

(iii) Applicable quarterly reports of condition. The brokered deposit adjustment for any given quarter shall be calculated from the quarterly reports of condition (Call Reports and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.

(3) Brokered deposit adjustment. All new small institutions in Risk Categories II, III, and IV, all large institutions and all highly complex institutions, except large and highly complex institutions (including new large and new highly complex institutions) that are well capitalized and have a CAMELs composite rating of 1 or 2, shall be subject to an assessment rate adjustment for brokered deposits. Any such brokered deposit adjustment shall be made after any adjustment under paragraphs (b)(3) and (e)(1) and (2) of this section. The brokered deposit adjustment includes all brokered deposits as defined in Section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f), and 12 CFR 337.6, including reciprocal deposits as defined in §327.8(p), and brokered deposits that consist of balances swept into an insured institution from another institution. The adjustment under this paragraph is limited to those institutions whose ratio of brokered deposits to domestic deposits is greater than 10 percent; asset growth rates do not affect the adjustment. Insured branches of foreign banks are not subject to the brokered deposit adjustment as provided in paragraph (d)(4)(iii) of this section.

(i) Application of brokered deposit adjustment. The brokered deposit adjustment shall be determined by multiplying 25 basis points by the ratio of the difference between an insured depository institution’s brokered deposits and 10 percent of its domestic deposits to its assessment base.

(ii) Limitation. The maximum brokered deposit adjustment will be 10 basis points; the minimum brokered deposit adjustment will be 0.

(iii) Applicable quarterly reports of condition. The brokered deposit adjustment for any given quarter shall be calculated from the quarterly reports of condition (Call Reports and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.

(3) Brokered deposit adjustment. All new small institutions in Risk Categories II, III, and IV, all large institutions and all highly complex institutions, except large and highly complex institutions (including new large and new highly complex institutions) that are well capitalized and have a CAMELs composite rating of 1 or 2, shall be subject to an assessment rate adjustment for brokered deposits. Any such brokered deposit adjustment shall be made after any adjustment under paragraphs (b)(3) and (e)(1) and (2) of this section. The brokered deposit adjustment includes all brokered deposits as defined in Section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f), and 12 CFR 337.6, including reciprocal deposits as defined in §327.8(p), and brokered deposits that consist of balances swept into an insured institution from another institution. The adjustment under this paragraph is limited to those institutions whose ratio of brokered deposits to domestic deposits is greater than 10 percent; asset growth rates do not affect the adjustment. Insured branches of foreign banks are not subject to the brokered deposit adjustment as provided in paragraph (d)(4)(iii) of this section.

(i) Application of brokered deposit adjustment. The brokered deposit adjustment shall be determined by multiplying 25 basis points by the ratio of the difference between an insured depository institution’s brokered deposits and 10 percent of its domestic deposits to its assessment base.

(ii) Limitation. The maximum brokered deposit adjustment will be 10 basis points; the minimum brokered deposit adjustment will be 0.

(iii) Applicable quarterly reports of condition. The brokered deposit adjustment for any given quarter shall be calculated from the quarterly reports of condition (Call Reports and Thrift Financial Reports, or any successor reports to either, as appropriate) filed by each institution as of the last day of the quarter.
FDIC’s Division of Insurance and Research. Any approved change will become effective within one year from the date of the request. If an institution whose request has been granted subsequently reports assets of less than $5 billion in its report of condition for four consecutive quarters, the institution shall be deemed a small institution for assessment purposes.

(2) Time limit on subsequent request for alternate method. An institution whose request to be assessed as a large institution is granted by the FDIC shall not be eligible to request that it be assessed as a small institution for a period of three years from the first quarter in which its approved request to be assessed as a large institution became effective. Any request to be assessed as a small institution must be made to the FDIC’s Division of Insurance and Research.

(3) Request for review. An institution that disagrees with the FDIC’s determination that it is a large, highly complex, or small institution may request review of that determination pursuant to §327.4(c).

(g) New and established institutions and exceptions—(1) New small institutions. A new small Risk Category I institution shall be assessed the Risk Category I maximum initial base assessment rate for the relevant assessment period. No new small institution in any risk category shall be subject to the unsecured debt adjustment as determined under paragraph (e)(1) of this section. All new small institutions in any Risk Category shall be subject to the depository institution debt adjustment as determined under paragraph (e)(2) of this section. All new small institutions in Risk Categories II, III, and IV shall be subject to the brokered deposit adjustment as determined under paragraph (e)(3) of this section.

(2) New large institutions and new highly complex institutions. All new large institutions and all new highly complex institutions shall be assessed under the appropriate method provided at paragraph (b)(1) or (2) of this section and subject to the adjustments provided at paragraphs (b)(3) and (e)(2) and (3) of this section. No new highly complex or large institutions are entitled to adjustment under paragraph (e)(1) of this section. If a large or highly complex institution has not yet received CAMELS ratings, it will be given a weighted CAMELS rating of 2 for assessment purposes until actual CAMELS ratings are assigned.

(3) CAMELS ratings for the surviving institution in a merger or consolidation. When an established institution merges with or consolidates into a new institution, if the FDIC determines the resulting institution to be an established institution under §327.8(k)(1), its CAMELS ratings for assessment purposes will be based upon the established institution’s ratings prior to the merger or consolidation until new ratings become available.

(4) Rate applicable to institutions subject to subsidiary or credit union exception—(i) Established small institutions. A small institution that is established under §327.8(k)(4) or (5) shall be assessed as follows:

(A) If the institution does not have a CAMELS composite rating, its initial base assessment rate shall be 2 basis points above the minimum initial base assessment rate applicable to established small institutions until it receives a CAMELS composite rating.

(B) If the institution has a CAMELS composite rating but no CAMELS component ratings, its initial assessment rate shall be determined using the financial ratios method, as set forth in paragraph (a)(1) of this section, but its CAMELS composite rating will be substituted for its weighted average CAMELS component rating and, if the institution has not filed four quarterly reports of condition, then the assessment rate will be determined by annualizing, where appropriate, financial ratios from all quarterly reports of condition that have been filed.

(ii) Large or highly complex institutions. If a large or highly complex institution is considered established under §327.8(k)(4) or (5), but does not have CAMELS component ratings, it will be given a weighted CAMELS rating of 2 for assessment purposes until actual CAMELS ratings are assigned.

(5) Request for review. An institution that disagrees with the FDIC’s determination that it is a new institution may request review of that determination pursuant to §327.4(c).
APPENDIX A TO SUBPART A OF PART 327—METHOD TO DERIVE PRICING MULTIPLIERS AND UNIFORM AMOUNT

I. INTRODUCTION

The uniform amount and pricing multipliers are derived from:

- A model (the Statistical Model) that estimates the probability that a Risk Category I institution will be downgraded to a composite CAMELS rating of 3 or worse within one year;
- The minimum initial base assessment rate applicable to Risk Category I;
- The maximum initial base assessment rate for Risk Category I, equal to 12 basis points, and
- The maximum initial base assessment rate for Risk Category I, which is four basis points higher than the minimum rate.

II. THE STATISTICAL MODEL

The Statistical Model is defined in equations 1 and 3 below.

Equation 1

\[
\text{Downgrade}(0,1) = \beta_0 + \beta_1 (\text{Leverage ratio}) + \beta_2 (\text{Loans past due 30 to 89 days ratio}) + \beta_3 (\text{Nonperforming asset ratio}) + \beta_4 (\text{Net loan charge-off ratio}) + \beta_5 (\text{Net income before taxes ratio}) + \beta_6 (\text{Adjusted brokered deposit ratio}) + \beta_7 \text{ (Weighted average CAMELS component rating)}
\]

Equation 2

\[
B_{i,t} = \left( \frac{\text{Brokered Deposits}_{i,t}}{\text{Domestic Deposits}_{i,t}} - 0.10 \right) \cdot A_{i,t}
\]

where \(A_{i,t} = \left( \frac{\text{Gross Assets}_{t} - \text{Gross Assets}_{t-4}}{\text{Gross Assets}_{t-4}} \right) - \frac{0.4}{3} \), subject to \(0 \leq A_{i,t} \leq 1\) and \(B_{i,t} \geq 0\).

The component rating for sensitivity to market risk (the "S" rating) is not available for years prior to 1997. As a result, and as described in Table A.1, the Statistical Model is estimated using a weighted average of five component ratings excluding the "S" component. Delinquency and non-accrual data on
governments guaranteed loans are not available before 1993 for Call Report filers and before the third quarter of 2005 for TFR filers. As a result, and as described in Table A.1, the Statistical Model is estimated without deducting delinquent or past due government guaranteed loans from either the loans past due 30–89 days to gross assets ratio or the nonperforming assets to gross assets ratio. Reciprocal deposits are not presently reported in the Call Report or TFR. As a result, and as also described in Table A.1, the Statistical Model is estimated without deducting reciprocal deposits from brokered deposits in determining the adjusted brokered deposit ratio.

### TABLE A.1—Definitions of Regressors

<table>
<thead>
<tr>
<th>Regressor</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leverage ratio (%)</td>
<td>Tier 1 capital for Prompt Corrective Action (PCA) divided by adjusted average assets based on the definition for prompt corrective action.</td>
</tr>
<tr>
<td>Loans Past Due 30–89 Days/Gross Assets (%)</td>
<td>Total loans and lease financing receivables past due 30 through 89 days and still accruing interest divided by gross assets.</td>
</tr>
<tr>
<td>Nonperforming Assets/Gross Assets (%)</td>
<td>Sum of total loans and lease financing receivables past due 90 or more days and still accruing interest, total nonaccrual loans and lease financing receivables, and other real estate owned divided by gross assets.</td>
</tr>
<tr>
<td>Net Loan Charge-Offs/Gross Assets (%)</td>
<td>Total charged-off loans and lease financing receivables debited to the allowance for loan and lease losses less total recoveries credited to the allowance to loan and lease losses for the most recent twelve months divided by gross assets.</td>
</tr>
<tr>
<td>Net Income before Taxes/Risk-Weighted Assets (%)</td>
<td>Income before income taxes and extraordinary items and other adjustments for the most recent twelve months divided by risk-weighted assets.</td>
</tr>
<tr>
<td>Adjusted brokered deposit ratio (%)</td>
<td>Brokered deposits divided by domestic deposits less 0.10 multiplied by the asset growth rate factor (which is the term ) as defined in equation 2 above) that ranges between 0 and 1.</td>
</tr>
<tr>
<td>Weighted Average of C, A, M, E and L Component Ratings</td>
<td>The weighted sum of the “C,” “A,” “M,” “E,” and “L” CAMELS components, with weights of 28 percent each for the “C” and “M” components, 22 percent for the “A” component, and 11 percent each for the “E” and “L” components. For the regression, the “S” component is omitted.</td>
</tr>
</tbody>
</table>

The financial variable regressors used to estimate the downgrade probabilities are obtained from quarterly reports of condition (Reports of Condition and Income and Thrift Financial Reports). The weighted average of the “C,” “A,” “M,” “E,” and “L” component ratings regressor is based on component ratings obtained from the most recent bank examination conducted within 24 months before the date of the report of condition.

The Statistical Model uses ordinary least squares (OLS) regression to estimate downgrade probabilities. The model is estimated with data from a multi-year period (as explained below) for all institutions in Risk Category I, except for institutions established within five years before the date of the report of condition.

The OLS regression estimates coefficients, \( \beta_j \) for a given regressor \( j \) and a constant amount, \( \beta_0 \), as specified in equation 1. As shown in equation 2 below, these coefficients are multiplied by values of risk measures at time \( T \), which is the date of the report of condition corresponding to the end of the quarter for which the assessment rate is computed. The sum of the products is then added to the constant amount to produce an estimated probability, \( d_{iT} \), that an institution will be downgraded to 3 or worse within 3 to 12 months from time \( T \). The risk measures are financial ratios as defined in Table A.1, except that: (1) The loans past due 30 to 89 days ratio and the nonperforming asset ratio are adjusted to exclude the maximum amount recoverable from the U.S. Government, its agencies or government-sponsored agencies, under guarantee or insurance provisions; (2) the weighted sum of six CAMELS component ratings is used, with weights of 25 percent each for the “C” and “M” components, 20 percent for the “A” component, and 10 percent each for the “E,” “L,” and “S” components; and (3) reciprocal deposits are deducted from brokered deposits in determining the adjusted brokered deposit ratio.

Equation 3

\[
d_{iT} = \beta_0 + \beta_1 \text{(Leverage ratio)}_T + \beta_2 \text{(Loans past due 30 to 89 days ratio)}_T + \beta_3 \text{(Nonperforming asset ratio)}_T + \beta_4 \text{(Net loan charge-off ratio)}_T + \beta_5 \text{(Net income before taxes ratio)}_T + \beta_6 \text{(Adjusted brokered deposit ratio)}_T + \beta_7 \text{(Weighted average CAMELS component rating)}_T
\]

### III. Minimum and Maximum Downgrade Probability Cutoff Values

The pricing multipliers are also determined by minimum and maximum downgrade probability cutoff values, which will be computed as follows:
• The minimum downgrade probability cutoff value will be the maximum downgrade probability among the twenty-five percent of all small insured institutions in Risk Category I (excluding new institutions) with the lowest estimated downgrade probabilities, computed using values of the risk measures as of June 30, 2008.12 The minimum downgrade probability cutoff value is 0.0182.

• The maximum downgrade probability cutoff value will be the minimum downgrade probability among the fifteen percent of all small insured institutions in Risk Category I (excluding new institutions) with the highest estimated downgrade probabilities, computed using values of the risk measures as of June 30, 2008. The maximum downgrade probability cutoff value is 0.1506.

IV. DERIVATION OF UNIFORM AMOUNT AND PRICING MULTIPLIERS

The uniform amount and pricing multipliers used to compute the annual base assessment rate in basis points, \( P_{iT} \), for any such institution \( i \) at a given time \( T \) will be determined from the Statistical Model, the minimum and maximum downgrade probability cutoff values, and minimum and maximum initial base assessment rates in Risk Category I as follows:

\[ P_{iT} = \alpha_0 + \alpha_1 \cdot d_T \]

where \( \alpha_0 \) and \( \alpha_1 \) are a constant term and a scale factor used to convert \( d_T \) (the estimated downgrade probability for institution \( i \) at a given time \( T \) from the Statistical Model) to an assessment rate, respectively, and \( Min \) is the minimum initial base assessment rate expressed in basis points. \( (P_{iT} \) is expressed as an annual rate, but the actual rate applied in any quarter will be \( P_{iT}/4 \).) The maximum initial base assessment rate is 4 basis points above the minimum (\( Min + 4 \)).

Solving equation 4 for minimum and maximum initial base assessment rates simultaneously,

\[ Min = \alpha_0 + \alpha_1 \cdot 0.0182 \]

and

\[ Min + 4 = \alpha_0 + \alpha_1 \cdot 0.1506 \]

where 0.0182 is the minimum downgrade probability cutoff value and 0.1506 is the maximum downgrade probability cutoff value, results in values for the constant amount, \( \alpha_0 \), and the scale factor, \( \alpha_1 \):

\[ \alpha_0 = Min - \frac{4 \cdot 0.0182}{0.1506 - 0.0182} = Min - 0.550 \]

\[ \alpha_1 = \frac{4}{0.1506 - 0.0182} = 30.211 \]

Substituting equations 3, 5 and 6 into equation 4 produces an annual initial base assessment rate for institution \( i \) at time \( T \), \( P_{iT} \), in terms of the uniform amount, the pricing multipliers and the ratios and weighted average CAMELS component rating referred to in 12 CFR 327.9(d)(2)(i):

\[ P_{iT} = (Min - 0.550) + 30.211 \cdot [\beta_1 \cdot (\text{Leverage ratio}_{iT}) + 30.211 \cdot [\beta_2 \cdot (\text{Loans past due 30 to 89 days ratio}_{iT}) + 30.211 \cdot [\beta_3 \cdot (\text{Nonperforming asset ratio}_{iT}) + 30.211 \cdot [\beta_4 \cdot (\text{Net loan charge-off ratio}_{iT}) + 30.211 \cdot [\beta_5 \cdot (\text{Net income before taxes ratio}_{iT}) + 30.211 \cdot [\beta_6 \cdot (\text{Adjusted brokered deposit ratio}_{iT}) + 30.211 \cdot [\beta_7 \cdot (\text{Weighted average CAMELS component rating}_{iT})]]]]]]\]

again subject to \( Min \leq P_{iT} \leq Min + 4 \)

where \((Min - 0.550) + 30.211 \cdot \beta_6\) equals the uniform amount, 30.211 \( \cdot \beta_i \) is a pricing multiplier for the associated risk measure \( j \), and \( T \) is the date of the report of condition corresponding to the end of the quarter for which the assessment rate is computed.

V. UPDATING THE STATISTICAL MODEL, UNIFORM AMOUNT, AND PRICING MULTIPLIERS

The initial Statistical Model is estimated using year-end financial ratios and the weighted average of the “C,” “A,” “M,” “E” and “L” component ratings over the 1988 to 2006 period and downgrade data from the 1989 to 2007 period. The FDIC may, from time to time

---

1 As used in this context, a “new institution” means an institution that has been chartered as a bank or thrift for less than five years.

2 For purposes of calculating the minimum and maximum downgrade probability cutoff values, institutions that have less than $100,000 in domestic deposits are assumed to have no brokered deposits.
Federal Deposit Insurance Corporation

Pt. 327, Subpt. A, App. A

time, but no more frequently than annually, re-estimate the Statistical Model with updated data and publish a new formula for determining initial base assessment rates—equation 7—based on updated uniform amounts and pricing multipliers. However, the minimum and maximum downgrade probability cutoff values will not change without additional notice-and-comment rulemaking. The period covered by the analysis will be lengthened by one year each year; however, from time to time, the FDIC may drop some earlier years from its analysis.

VI. DESCRIPTION OF SCORECARD MEASURES

<table>
<thead>
<tr>
<th>Scorecard measures 1</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Leverage ratio</td>
<td>Tier 1 capital for Prompt Corrective Action (PCA) divided by adjusted average assets based on the definition for prompt corrective action. The concentration score for large institutions is the higher of the following two scores: Sum of construction and land development (C&amp;D) loans (funded and unfunded), higher-risk C&amp;I loans (funded and unfunded), nontraditional mortgages, higher-risk consumer loans, and higher-risk securitizations divided by Tier 1 capital and reserves. See Appendix C for the detailed description of the ratio.</td>
</tr>
<tr>
<td></td>
<td>Concentration Measure for Large Insured depository institutions (excluding Highly Complex Institutions).</td>
</tr>
<tr>
<td></td>
<td>(1) Higher-Risk Assets/Tier 1 Capital and Reserves.</td>
</tr>
<tr>
<td>(2) Growth-Adjusted Portfolio Concentrations</td>
<td></td>
</tr>
<tr>
<td>(1) Concentration levels (as a ratio to Tier 1 capital and reserves) are calculated for each broad portfolio category: C&amp;D, Other commercial real estate loans, First lien residential mortgages (including non-agency residential mortgage-backed securities), Closed-end junior liens and home equity lines of credit (HELOCs), Commercial and industrial loans, Credit card loans, and Other consumer loans.</td>
<td></td>
</tr>
<tr>
<td>(2) Risk weights are assigned to each loan category based on historical loss rates.</td>
<td></td>
</tr>
<tr>
<td>(3) Concentration levels are multiplied by risk weights and squared to produce a risk-adjusted concentration ratio for each portfolio.</td>
<td></td>
</tr>
<tr>
<td>(4) Three-year merger-adjusted portfolio growth rates are then scaled to a growth factor of 1 to 1.2 where a 3-year cumulative growth rate of 20 percent or less equals a factor of 1 and a growth rate of 80 percent or greater equals a factor of 1.2. If three years of data are not available, a growth factor of 1 will be assigned.</td>
<td></td>
</tr>
<tr>
<td>(5) The risk-adjusted concentration ratio for each portfolio is multiplied by the growth factor and resulting values are summed. See Appendix C for the detailed description of the measure.</td>
<td></td>
</tr>
<tr>
<td>Concentration Measure for Highly Complex Institutions</td>
<td>Concentration score for highly complex institutions is the highest of the following three scores: Sum of C&amp;D loans (funded and unfunded), higher-risk C&amp;I loans (funded and unfunded), nontraditional mortgages, higher-risk consumer loans, and higher-risk securitizations divided by Tier 1 capital and reserves. See Appendix C for the detailed description of the measure.</td>
</tr>
</tbody>
</table>

601
(2) Top 20 Counterparty Exposure/Tier 1 Capital and Reserves.

Sum of the 20 largest total exposure amounts to counterparties divided by Tier 1 capital and reserves. The total exposure amount is equal to the sum of the institution’s exposure amounts to one counterparty (or borrower) for derivatives, securities financing transactions (SFTs), and cleared transactions, and its gross lending exposure (including all unfunded commitments) to that counterparty (or borrower). A counterparty includes an entity’s own affiliates. Exposures to entities that are affiliates of each other are treated as exposures to one counterparty (or borrower). Counterparty exposure excludes all counterparty exposure to the U.S. government and departments or agencies of the U.S. government that is unconditionally guaranteed by the full faith and credit of the United States. The exposure amount for derivatives, including OTC derivatives, cleared transactions that are derivative contracts, and netting sets of derivative contracts, must be calculated using the methodology set forth in 12 CFR 324.34(a), but without any reduction for collateral other than cash collateral that is all or part of variation margin and that satisfies the requirements of 12 CFR 324.10(c)(4)(i)(C)(1)–(7). The exposure amount associated with SFTs, including cleared transactions that are SFTs, must be calculated using the standardized approach set forth in 12 CFR 324.37(b) or (c). For both derivatives and SFT exposures, the exposure amount to central counterparties must also include the default fund contribution.2

(3) Largest Counterparty Exposure/Tier 1 Capital and Reserves.

The largest total exposure amount to one counterparty divided by Tier 1 capital and reserves. The total exposure amount is equal to the sum of the institution’s exposure amounts to one counterparty (or borrower) for derivatives, SFTs, and cleared transactions, and its gross lending exposure (including all unfunded commitments) to that counterparty (or borrower). A counterparty includes an entity’s own affiliates. Exposures to entities that are affiliates of each other are treated as exposures to one counterparty (or borrower). Counterparty exposure excludes all counterparty exposure to the U.S. government and departments or agencies of the U.S. government that is unconditionally guaranteed by the full faith and credit of the United States. The exposure amount for derivatives, including OTC derivatives, cleared transactions that are derivative contracts, and netting sets of derivative contracts, must be calculated using the methodology set forth in 12 CFR 324.34(a), but without any reduction for collateral other than cash collateral that is all or part of variation margin and that satisfies the requirements of 12 CFR 324.10(c)(4)(i)(C)(1)–(7). The exposure amount associated with SFTs, including cleared transactions that are SFTs, must be calculated using the standardized approach set forth in 12 CFR 324.37(b) or (c). For both derivatives and SFT exposures, the exposure amount to central counterparties must also include the default fund contribution.2

Core Earnings/Average Quarter-End Total Assets

Core earnings are defined as net income less extraordinary items and tax-adjusted realized gains and losses on available-for-sale (AFS) and held-to-maturity (HTM) securities, adjusted for mergers. The ratio takes a four-quarter sum of merger-adjusted core earnings and divides it by an average of five quarter-end total assets (most recent and four prior quarters). If four quarters of data on core earnings are not available, data for quarters that are available will be added and annualized. If five quarters of data on total assets are not available, data for quarters that are available will be averaged.

Credit Quality Measure

(1) Criticized and Classified Items/Tier 1 Capital and Reserves.

The credit quality score is the higher of the following two scores: Sum of criticized and classified items divided by the sum of Tier 1 capital and reserves. Criticized and classified items include items an institution or its primary federal regulator have graded “Special Mention” or worse and include retail items under Uniform Retail Classification Guidelines, securities, funded and unfunded loans, other real estate owned (ORE), other assets, and marked-to-market counterparty positions, less credit valuation adjustments.2 Criticized and classified items include loans and securities in trading books, and the amount recoverable from the U.S. government, its agencies, or government-sponsored enterprises, under guarantee or insurance provisions.
### Federal Deposit Insurance Corporation

#### Pt. 327, Subpt. A, App. B

<table>
<thead>
<tr>
<th>Scorecard measures</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>(2) Underperforming Assets/Tier 1 Capital and Reserves.</td>
<td>Sum of loans that are 30 days or more past due and still accruing interest, nonaccrual loans, restructured loans (including restructured 1-4 family loans), and ORE, excluding the maximum amount recoverable from the U.S. government, its agencies, or government-sponsored enterprises, under guarantee or insurance provisions, divided by a sum of Tier 1 capital and reserves.</td>
</tr>
<tr>
<td>Core Deposits/Total Liabilities</td>
<td>Total domestic deposits excluding brokered deposits and uninsured non-brokered time deposits divided by total liabilities.</td>
</tr>
<tr>
<td>Balance Sheet Liquidity Ratio</td>
<td>Sum of cash and balances due from depository institutions, federal funds sold and securities purchased under agreements to resell, and the market value of available for sale and held to maturity agency securities (excludes agency mortgage-backed securities but includes all other agency securities issued by the U.S. Treasury, U.S. government agencies, and U.S. government-sponsored enterprises) divided by the sum of federal funds purchased and repurchase agreements, other borrowings (including FHLB), with a remaining maturity of one year or less, 5 percent of insured domestic deposits, and 10 percent of uninsured domestic and foreign deposits.</td>
</tr>
<tr>
<td>Potential Losses/Total Domestic Deposits (Loss Severity Measure).</td>
<td>Potential losses to the DIF in the event of failure divided by total domestic deposits. Appendix D describes the calculation of the loss severity measure in detail.</td>
</tr>
<tr>
<td>Market Risk Measure for Highly Complex Institutions</td>
<td>The market risk score is a weighted average of the following three scores:</td>
</tr>
<tr>
<td>(1) Trading Revenue Volatility/Tier 1 Capital</td>
<td>Trailing 4-quarter standard deviation of quarterly trading revenue (merger-adjusted) divided by Tier 1 capital.</td>
</tr>
<tr>
<td>(2) Market Risk Capital/Tier 1 Capital</td>
<td>Market risk capital divided by Tier 1 capital.</td>
</tr>
<tr>
<td>(3) Level 3 Trading Assets/Tier 1 Capital</td>
<td>Level 3 trading assets divided by Tier 1 capital.</td>
</tr>
<tr>
<td>Average Short-term Funding/Average Total Assets</td>
<td>Quarterly average of federal funds purchased and repurchase agreements divided by the quarterly average of total assets as reported on Schedule RC-K of the Call Reports.</td>
</tr>
</tbody>
</table>

1. The FDIC retains the flexibility, as part of the risk-based assessment system, without the necessity of additional notice-and-comment rulemaking, to update the minimum and maximum cutoff values for all measures used in the scorecard. The FDIC may update the minimum and maximum cutoff values for the higher-risk assets to Tier 1 capital and reserves ratio in order to maintain an approximately similar distribution of higher-risk assets to Tier 1 capital and reserves ratio scores as reported prior to April 1, 2013, or to avoid changing the overall amount of assessment revenue collected. 76 FR 10672, 10700 (February 25, 2011). The FDIC will review changes in the distribution of the higher-risk assets to Tier 1 capital and reserves ratio scores and the resulting effect on total assessments and risk differentiation between banks when determining changes to the cutoffs. The FDIC may update the cutoff values for the higher-risk assets to Tier 1 capital and reserves ratio more frequently than annually. The FDIC will provide banks with a minimum one quarter advance notice of changes in the cutoff values for the higher-risk assets to Tier 1 capital and reserves ratio with their quarterly deposit insurance invoice. |

2. EAD and SFTs are defined and described in the compilation issued by the Basel Committee on Banking Supervision in its June 2006 document, “International Convergence of Capital Measurement and Capital Standards.” The definitions are described in detail in Annex 4 of the document. Any updates to the Basel II capital treatment of counterparty credit risk would be implemented as they are adopted. http://www.bis.org/publ/bcbs138.pdf. |

3. A marked-to-market counterparty position is equal to the sum of the net marked-to-market derivative exposures for each counterparty. The net marked-to-market counterparty position is equal to the sum of all positive marked-to-market exposures net of legally enforceable netting provisions and net of all collateral held under a legally enforceable CSA plus any exposure where excess collateral has been posted to the counterparty. For purposes of the Criticized and Classified Items/Tier 1 Capital and Reserve definition a marked-to-market counterparty position less any credit valuation adjustment can never be less than zero. |

5. Market risk capital is defined in Appendix C of part 325 of the FDIC Rules and Regulations or subpart F of Part 324 of the FDIC Rules and Regulations, as applicable. |

603
For those measures, a value between the minimum and maximum cutoff values is converted linearly to a score between 0 and 100, according to the following formula:

\[ S = \frac{(V - \text{Min}) \times 100}{(\text{Max} - \text{Min})}, \]

where \( S \) is score (rounded to three decimal points), \( V \) is the value of the measure, \( \text{Min} \) is the minimum cutoff value and \( \text{Max} \) is the maximum cutoff value.

For other scorecard measures, a lower value represents higher risk and a higher value represents lower risk. These measures include:

- Leverage ratio;
- Core earnings to average quarter-end total assets ratio;
- Core deposits to total liabilities ratio;
- Balance sheet liquidity ratio.

For those measures, a value between the minimum and maximum cutoff values is converted linearly to a score between 0 and 100, according to the following formula:

\[ S = \frac{(\text{Max} - V) \times 100}{(\text{Max} - \text{Min})}, \]

where \( S \) is score (rounded to three decimal points), \( V \) is the value of the measure, \( \text{Max} \) is the maximum cutoff value and \( \text{Min} \) is the minimum cutoff value.

1. Construction and Land Development Loans

Construction and land development loans include construction and land development loans outstanding and unfunded commitments to fund construction and land development loans, whether irrevocable or unconditionally cancellable.\(^3\)

\(^{1}\)For the purposes of this Appendix, the term “bank” means insured depository institution.

\(^{2}\)The higher-risk concentration ratio is rounded to two decimal points.

\(^{3}\)Construction and land development loans are as defined in the instructions to Call Report Schedule RC-C Part I—Loans and Leases, as they may be amended from time to time, and include items reported on line items RC-C 1.a.1 (1-4 family residential construction loans), RC-C 1.a.2. (Other construction loans and all land development and other land loans), and RC-O M.10.a (Total unfunded commitments to fund construction, land development, and other land loans secured by real estate), and exclude RC-O M.10.b (Portion of unfunded commitments to fund construction, land development and other loans that are guaranteed or insured by the U.S. government, excluding FDIC loss sharing agreements), RC-O M.13.a (Portion of funded construction, land development, and other land loans guaranteed or insured by the U.S. government, excluding FDIC loss sharing agreements), RC-C M.13a.1.a.1. (1-4 family construction and land development loans covered by loss sharing agreements with the FDIC), and RC-O M.13a.1.a.2 (Other construction loans and all land development loans covered by loss sharing agreements with the FDIC).
2. Higher-Risk Commercial and Industrial (C&I) Loans and Securities

Definitions

Higher-Risk C&I Loans and Securities

Higher-risk C&I loans and securities are:
(a) All commercial and industrial (C&I) loans (including funded amounts and the amount of unfunded commitments, whether irrevocable or unconditionally cancellable) owed to the reporting bank (i.e., the bank filing its report of condition and income, or Call Report) by a higher-risk C&I borrower, as that term is defined herein, regardless when the loans were made; and
(b) All securities, except securities classified as trading book, issued by a higher-risk C&I borrower, as that term is defined herein, that are owned by the reporting bank, without regard to when the securities were purchased; however, higher-risk C&I loans and securities exclude:
(a) The maximum amount that is recoverable from the U.S. government under guarantee or insurance provisions;
(b) Loans (including syndicated or participated loans) that are fully secured by cash collateral as provided herein;
(c) Loans that are eligible for the asset-based lending exclusion, described herein, provided the bank’s primary federal regulator (PFR) has not cited a criticism (included in the Matters Requiring Attention, or MRA) of the bank’s controls or administration of its asset-based loan portfolio; and
(d) Loans that are eligible for the floor plan lending exclusion, described herein, provided the bank’s PFR has not cited a criticism (included in the MRA) of the bank’s controls or administration of its floor plan loan portfolio.

Higher-Risk C&I Borrower

A “higher-risk C&I borrower” is a borrower that:
(a) Owes the reporting bank on a C&I loan originally made on or after April 1, 2013, if:
(i) The C&I loan has an original amount (including funded amounts and the amount of unfunded commitments, whether irrevocable or unconditionally cancellable) of at least $5 million;

4 Commercial and industrial loans are as defined as commercial and industrial loans in the instructions to Call Report Schedule RC-C Part I—Loans and Leases, as they may be amended from time to time. This definition includes purchased credit impaired loans and overdrafts.

5 Unfunded commitments are defined as unused commitments, as this term is defined in the instructions to Call Report Schedule RC-L, Derivatives and Off-Balance Sheet Items, as they may be amended from time to time.

(ii) The loan meets the purpose and materiality tests described herein; and
(iii) When the loan is made, the borrower meets the leverage test described herein; or
(b) Obtains a refinance, as that term is defined herein, of an existing C&I loan, where the refinance occurs on or after April 1, 2013, and the refinanced loan is owed to the reporting bank, if:
(i) The refinanced loan is in an amount (including funded amounts and the amount of unfunded commitments, whether irrevocable or unconditionally cancellable) of at least $5 million;
(ii) The C&I loan being refinanced met the purpose and materiality tests (described herein) when it was originally made;
(iii) The original loan was made no more than 5 years before the refinanced loan; and
(iv) When the loan is refinanced, the borrower meets the leverage test.

When a bank acquires a C&I loan originally made on or after April 1, 2013, by another lender, it must determine whether the borrower is a higher-risk borrower as a result of the loan as soon as reasonably practicable, but not later than one year after acquisition. When a bank acquires loans from another entity on a recurring or programmatic basis, however, the bank must determine whether the borrower is a higher-risk borrower as a result of the loan as soon as practicable, but not later than three months after the date of acquisition.

A borrower ceases to be a “higher-risk C&I borrower” only if:
(a) The borrower no longer has any C&I loans owed to the reporting bank that, when originally made, met the purpose and materiality tests described herein;
(b) The borrower has such loans outstanding owed to the reporting bank, but they have all been refinanced more than 5 years after originally being made; or
(c) The reporting bank makes a new C&I loan or refinances an existing C&I loan and the borrower no longer meets the leverage test described herein.

Original Amount

The original amount of a loan, including the amounts to aggregate for purposes of arriving at the original amount, as described herein, is:
(a) For C&I loans drawn down under lines of credit or loan commitments, the amount of the line of credit or loan commitment on the date of its most recent approval, extension or renewal prior to the date of the most recent Call Report; if, however, the amount currently outstanding on the loan as of the date of the bank’s most recent Call Report exceeds this amount, then the original amount of the loan is the amount outstanding as of the date of the bank’s most recent Call Report.
(b) For syndicated or participated C&I loans, the total amount of the loan, rather than just the syndicated or participated portion held by the individual reporting bank.

(c) For all other C&I loans (whether term or non-revolver loans), the total amount of the loan as of origination or the amount outstanding as of the date of the bank’s most recent Call Report, whichever is larger.

For purposes of defining original amount and a higher-risk C&I borrower:

(a) All C&I loans that a borrower owes to the reporting bank that meet the purpose test when made, and that are made within six months of each other, must be aggregated to determine the original amount of the loan; however, only loans in the original amount of $1 million or more must be aggregated; and further provided, that loans made before the April 1, 2013, need not be aggregated.

(b) When a C&I loan is refinanced through more than one loan, and the loans are made within six months of each other, they must be aggregated to determine the original amount.

Refinance

For purposes of a C&I loan, a refinance includes:

(a) Replacing an original obligation by a new or modified obligation or loan agreement;

(b) Increasing the master commitment of the line of credit (but not adjusting sub-limits under the master commitment);

(c) Disbursing additional money other than amounts already committed to the borrower;

(d) Extending the legal maturity date;

(e) Rescheduling principal or interest payments to create or increase a balloon payment;

(f) Releasing a substantial amount of collateral;

(g) Consolidating multiple existing obligations; or

(h) Increasing or decreasing the interest rate.

A refinance of a C&I loan does not include a modification or series of modifications to a commercial loan other than as described above or modifications to a commercial loan that would otherwise meet this definition of refinance, but that result in the classification of a loan as a troubled debt restructuring (TDR), as this term is defined in the glossary of the Call Report instructions, as they may be amended from time to time.

Purpose Test

A loan or refinance meets the purpose test if it is to finance:

(a) A buyout, defined as the purchase or repurchase by the borrower of the borrower’s outstanding equity, including, but not limited to, an equity buyout or funding an Employee Stock Ownership Plan (ESOP);

(b) An acquisition, defined as the purchase by the borrower of any equity interest in another company, or the purchase of all or a substantial portion of the assets of another company; or

(c) A capital distribution, defined as a dividend payment or other transaction designed to enhance shareholder value, including, but not limited to, a repurchase of stock.

At the time of refinance, whether the original loan met the purpose test may not be easily determined by a new lender. In such a case, the new lender must use its best efforts and reasonable due diligence to determine whether the original loan met the test.

Materiality Test

A loan or refinance meets the materiality test if:

(a) The original amount of the loan (including funded amounts and the amount of unfunded commitments, whether irrevocable or unconditionally cancellable) equals or exceeds 20 percent of the total funded debt of the borrower; total funded debt of the borrower is to be determined as of the date of the original loan and does not include the loan to which the materiality test is being applied; or

(b) Before the loan was made, the borrower had no funded debt.

When multiple loans must be aggregated to determine the original amount, the materiality test is applied as of the date of the most recent loan.

At the time of refinance, whether the original loan met the materiality test may not be easily determined by a new lender. In such a case, the new lender must use its best efforts and reasonable due diligence to determine whether the original loan met the test.

Leverage Test

A borrower meets the leverage test if:

(a) The ratio of the borrower’s total debt to trailing twelve-month EBITDA (commonly known as the operating leverage ratio) is greater than 4; or

(b) The ratio of the borrower’s senior debt to trailing twelve-month EBITDA (also commonly known as the operating leverage ratio) is greater than 3.

EBITDA is defined as earnings before interest, taxes, depreciation, and amortization. Total debt is defined as all interest-bearing financial obligations and includes, but is not limited to, overdrafts, borrowings, purchase agreements (repos), trust receipts, bankers acceptances, debentures, bonds, loans (including those secured by mortgages), sinking funds, capital (finance) lease obligations (including those obligations that are convertible, redeemable or retractable), mandatory redeemable preferred and trust
preference to be funded and unfunded balance of the loan). For the exclusion to apply to a revolving line of credit, the cash collateral must be equal to or greater than the amount of the total loan commitment (the aggregate funded and unfunded balance of the loan).

Asset-Based and Floor Plan Lending Exclusions

The FDIC retains the authority to verify that banks have sound internal controls and administration practices for asset-based and floor plan loans that are excluded from a bank’s reported higher-risk C&I loans and securities totals. If the bank’s PFR has cited a criticism of the bank’s controls or administration of its asset-based or floor plan loan portfolios in an MRA, the bank is not eligible for the asset-based or floor plan lending exclusions.

Asset-Based Lending Conditions

Asset-based loans (loans secured by accounts receivable and inventory) that meet all the following conditions are excluded from a bank’s higher-risk C&I loan totals:

(a) The loan is managed by a loan officer or group of loan officers at the reporting bank who have experience in asset-based lending and collateral monitoring, including, but not limited to, experience in reviewing the following: Collateral reports, borrowing base certificates (which are discussed herein), collateral audit reports, loan-to-collateral values (LTV), and loan limits, using procedures common to the industry.

(b) The bank has taken, or has the legally enforceable ability to take, dominion over the borrower’s deposit accounts such that proceeds of collateral are applied to the loan balance as collected. Security agreements must be in place in all cases; in addition, if a borrower’s deposit account is held at a bank other than the lending bank, an account control agreement must also be in place.

(c) The bank has a perfected first priority security interest in all assets included in the borrowing base certificate.

(d) If the loan is a credit facility (revolving or term loan), it must be fully secured by

---

6 An account control agreement, for purposes of this Appendix, means a written agreement between the lending bank (the secured party), the borrower, and the bank that holds the deposit account serving as collateral (the depository bank), that the depository bank will comply with instructions originated by the secured party directing disposition of the funds in the deposit account without further consent by the borrower (or any other party).
self-liquidating assets. Other non-self-liquidating assets may be part of the borrowing base, but the outstanding balance of the loan must be determined by the portion of the borrowing base that is composed of self-liquidating assets. Fully secured is defined as a 100 percent or lower LTV ratio after applying the appropriate discounts (determined by the loan agreement) to the collateral. If an over advance (including a seasonal over advance) causes the LTV to exceed 100 percent, the loan may not be extended from higher-risk C&I loans owed by a higher-risk C&I borrower. Additionally, the bank must have the ability to withhold funding of a draw or advance if the loan amount exceeds the amount allowed by the collateral formula.

(c) A bank’s lending policy or procedures must address the maintenance of an accounts receivable loan agreement with the borrower. This loan agreement must establish a maximum percentage advance, which cannot exceed 85 percent, against eligible accounts receivable, include a maximum dollar amount due from any one account debtor, address the financial strength of debtor accounts, and define eligible receivables. The definition of eligible receivables must consider the receivables’ quality, the turnover and dilution rates of receivables pledged, the aging of accounts receivable, the concentrations of debtor accounts, and the performance of the receivables related to their terms of sale.

Concentration of debtor accounts is the percentage value of receivables associated with one or a few customers relative to the total value of receivables. Turnover of receivables is the velocity at which receivables are collected. The dilution rate is the uncollectible accounts receivable as a percentage of sales.

Ineligibles must be established for any debtor account where there is concern that the debtor may not pay according to terms. Monthly accounts receivable aging must be received in sufficient detail to allow the bank to compute the required ineligibles. At a minimum, the following items must be deemed ineligible accounts receivable:

(1) Accounts receivable balances over 90 days beyond invoice date or 60 days past due (depending upon custom with respect to a particular industry with appropriate adjustments made for dated billings); (ii) Time account balances where over 50 percent of the account is over 60 days past due or 90 days past invoice date.

(iii) Accounts including from other than trade (e.g., royalties, rebates); (iv) Consignment or guaranteed sales; (v) Notes receivable; (vi) Progress billings; (vii) Account balances in excess of limits appropriate to account debtor’s credit worthiness or unduly concentrated by industry, location or customer; and (viii) Affiliate and intercompany accounts; and

(ix) Foreign accounts receivable.

(e) Loans against inventory must be made with advance rates no more than 85 percent of eligible inventory (at the lower of cost valued on a first-in, first-out (FIFO) basis or market) based on an analysis of realizable value. When an appraisal is obtained, or there is a readily determinable market price for the inventory, however, up to 85 percent of the net orderly liquidation value (NOLV) or the market price of the inventory may be financed. Inventory must be valued or appraised by an independent third-party appraiser using NOLV, fair value, or forced sale value (versus a “going concern” value), whichever is appropriate, to arrive at a net realizable value. Appraisals are to be prepared in accordance with industry standards, unless there is a readily available and determinable market price for the inventory (e.g., in the case of various commodities), from a recognized exchange or third-party industry source, and a readily available market (e.g., for aluminum, crude oil, steel, and other traded commodities); in that case, inventory may be valued using current market value. When relying upon current market value rather than an independent appraisal, the reporting bank’s management must update the value of inventory as market prices for the product change. Valuation updates must be as frequent as needed to ensure compliance with margin requirements. In addition, appropriate mark-to-market reserves must be established to protect against excessive inventory price fluctuations. An asset has a readily identifiable and publicly available market price if the asset’s price is quoted routinely in a widely disseminated publication that is readily available to the general public.

(f) A bank’s lending policy or procedures must address the maintenance of an inventory loan agreement with the borrower. This loan agreement must establish a maximum percentage advance rate against acceptable inventory, address acceptable appraisal and valuation requirements, and define acceptable and ineligible inventory. Ineligibles must be established for inventory that exhibit characteristics that make it difficult to
to achieve a realizable value or to obtain possession of the inventory. Monthly inventory agings must be received in sufficient detail to allow the bank to compute the required payments. Minimum, ineligible inventory must include:

(i) Slow moving, obsolete inventory and items turning materially slower than industry average;

(ii) Inventory with value to the client only, which is generally work in process, but may include raw materials used solely in the client’s manufacturing process;

(iii) Consigned inventory or other inventory where a perfected security interest cannot be obtained;

(iv) Off-premise inventory subject to a mechanic’s or other lien; and

(v) Specialized, high technology or other inventory subject to rapid obsolescence or valuation problems.

(b) The bank must maintain documentation of borrowing base certificate reviews and collateral trend analyses to demonstrate that collateral values are actively, routinely and consistently monitored. A borrowing base certificate is a form prepared by the borrower that reflects the current status of the collateral. A new borrowing base certificate must be obtained within 30 days before or after each draw or advance on a loan. A bank is required to validate the borrowing base through asset-based tracking reports. The borrowing base validation process must include the bank requesting from the borrower a list of accounts receivable by creditor and a list of individual items of inventory and the bank certifying that the outstanding balance of the loan remains within the collateral formula prescribed by the loan agreement. Any discrepancies between the list of accounts receivable and inventory and the borrowing base certificate must be reconciled with the borrower. Periodic, but no less than annual, field examinations (audits) must also be performed by individuals who are independent of the credit origination or administration process. There must be a process in place to ensure that the bank is correcting audit exceptions.

Floor Plan Lending Conditions

Floor plan loans may include, but are not limited to, loans to finance the purchase of various vehicles or equipment including automobiles, boat or marine equipment, recreational vehicles (RV), motorized watersports vehicles such as jet skis, or motorized lawn and garden equipment such as tractor lawn mowers. Floor plan loans that meet all the following conditions are excluded from a bank’s higher-risk C&I loan totals:

(a) The loan is managed by a loan officer or a group of loan officers at the reporting bank who are experienced in floor plan lending and monitoring collateral to ensure the borrower remains in compliance with floor plan limits and repayment requirements. Loan officers must have experience in reviewing certain items, including but not limited to: Collateral reports, floor plan limits, floor plan aging reports, vehicle inventory audits or inspections, and LTV ratios. The bank must obtain and review financial statements of the borrower (e.g., tax returns, company-prepared financial statements, or dealer statements) on at least a quarterly basis to ensure that adequate controls are in place. (A “dealer statement” is the standard format financial statement issued by Original Equipment Manufacturers (OEMs) and used by nationally recognized automobile dealer floor plan lenders.)

(b) For automobile floor plans, each loan advance must be made against a specific automobile under a borrowing base certificate held as collateral at no more than 100 percent of (i) dealer invoice plus freight charges (for new vehicles) or (ii) the cost of a used automobile at auction or the wholesale value using the prevailing market guide (e.g., NADA, Black Book, Blue Book). The advance rate of 100 percent of dealer invoice plus freight charges on new automobiles, and the advance rate of the cost of a used automobile at auction or the wholesale value may only be used where there is a manufacturer repurchase agreement or an aggressive curtailment program in place that is tracked by the bank over time and subject to strong controls. Otherwise, permissible advance rates must be lower than 100 percent.

(c) Advance rates on vehicles other than automobiles must conform to industry standards for advance rates on such inventory, but may never exceed 100 percent of dealer invoice plus freight charges on new vehicles or 100 percent of the cost of a used vehicle at auction or its wholesale value.

(d) Each loan is self-liquidating (i.e., if the borrower defaulted on the loan, the collateral could be easily liquidated and the proceeds of the sale of the collateral would be used to pay down the loan advance).

(e) Vehicle inventories and collateral values are closely monitored, including the completion of regular (at least quarterly) dealership automotive or other vehicle dealer inventory audits or inspections to ensure accurate accounting for all vehicles held as collateral. The lending bank or a third party must prepare inventory audit reports and inspection reports for loans to automotive dealerships, or loans to other vehicle dealers, and the lending bank must review the reports at least quarterly. The reports must list all vehicles held as collateral and verify that the collateral is in the dealer’s possession.

(f) Floor plan aging reports must be reviewed by the bank as frequently as required.
under the loan agreement, but no less frequently than quarterly. Floor plan aging reports must reflect specific information about each automobile or vehicle being financed (e.g., the make, model, and color of the automobile or other vehicle, and origination date of the loan to finance the automobile or vehicle). Curtailment programs should be instituted where necessary and banks must ensure that curtailment payments are made on a monthly or quarterly basis (depending on the terms of the loan agreement) to monitor compliance with the covenants outlined in the loan agreement. Non-compliance with any covenants must be promptly addressed.

(e) Dealership Automotive Inventory or Other Vehicle Inventory Audits or Inspections: The bank or a third party must prepare inventory audit reports or inspection reports for loans to automotive dealerships and other vehicle dealerships. The bank must review the reports at least quarterly. The reports must list all vehicles held as collateral and verify that the collateral is in the dealer’s possession.

(f) Floor Plan Aging Reports: Borrowers must submit floor plan aging reports on a monthly or quarterly basis (depending on the terms of the loan agreement). These reports must reflect specific information about each automobile or other type of vehicle being financed (e.g., the make, model, and color of the automobile or other type of vehicle, and origination date of the loan to finance the automobile or other type of vehicle).

3. Higher-Risk Consumer Loans

Definitions

Higher-risk consumer loans are defined as all consumer loans where, as of origination, or, if the loan has been refinanced, as of refinancing, the probability of default (PD) within two years (the two-year PD) is greater than 20 percent, excluding those consumer loans that meet the definition of a nontraditional mortgage loan.8,9

Higher-risk consumer loans exclude:

(a) The maximum amounts recoverable from the U.S. government under guarantee or insurance provisions; and

(b) Loans fully secured by cash collateral.

To exclude a loan based on cash collateral, the cash must be in the form of a savings or time deposit held by a bank. The lending bank (or lead or agent bank in the case of a participation or syndication) must, in all cases, (including instances in which cash collateral is held at another bank or banks) have a perfected first priority security interest under applicable state law, a security agreement in place, and all necessary documents executed and measures taken as required to result in such perfection and priority. In addition, the lending bank must place a hold on the deposit account that alerts the bank’s employees to an attempted withdrawal. For the exclusion to apply to a loan, the make, model, and color of the automobile or other type of vehicle must be listed on the borrowing base certificate. Monthly accounts payable agings must be received in sufficient detail to allow the lender to compute the required ineligible amounts.

Examples of detailed reports that must be provided to the asset-based and floor plan lending bank include:

(a) Borrowing Base Certificates: Borrowing base certificates, along with supporting information, must include:

(i) The accounts receivable balance (rolled forward from the previous certificate);

(ii) Sales (reported as gross billings) with detailed adjustments for returns and allowances to allow for proper tracking of dilution and other reductions in collateral;

(iii) Detailed inventory information (e.g., raw materials, work-in-process, finished goods); and

(iv) Detail of loan activity.

(b) Accounts Receivable and Inventory Detail: A listing of accounts receivable and inventory that is included on the borrowing base certificate. Monthly accounts receivable and inventory aging reports must be received in sufficient detail to allow the lender to compute the required ineligible amounts.

(c) Accounts Payable Detail: A listing of each accounts payable owed to the borrower. Monthly accounts payable agings must be received to monitor payable performance and anticipated working capital needs.

(d) Covenant Compliance Certificates: A listing of each loan covenant and the borrower’s compliance with each one. Borrowers must submit Covenant Compliance Certificates, generally on a monthly or quarterly basis (depending on the terms of the loan agreement) to monitor compliance with the covenants outlined in the loan agreement. Non-compliance with any covenants must be promptly addressed.

(e) Dealership Automotive Inventory or Other Vehicle Inventory Audits or Inspections: The bank or a third party must prepare inventory audit reports or inspection reports for loans to automotive dealerships and other vehicle dealerships. The bank must review the reports at least quarterly. The reports must list all vehicles held as collateral and verify that the collateral is in the dealer’s possession.

(f) Floor Plan Aging Reports: Borrowers must submit floor plan aging reports on a monthly or quarterly basis (depending on the terms of the loan agreement). These reports must reflect specific information about each automobile or other type of vehicle being financed (e.g., the make, model, and color of the automobile or other type of vehicle, and origination date of the loan to finance the automobile or other type of vehicle).

*For the purposes of this rule, consumer loans consist of all loans secured by 1-4 family residential properties as well as loans and leases made to individuals for household, family, and other personal expenditures, as defined in the instructions to the Call Report, Schedule RC-G, as the instructions may be amended from time to time. Higher-risk consumer loans include purchased credit-impaired loans that meet the definition of higher-risk consumer loans.

*The FDIC has the flexibility, as part of its risk-based assessment system, to change the 20 percent threshold for identifying higher-risk consumer loans without further notice-and-comment rulemaking as a result of reviewing data for up to the first two reporting periods after the effective date of this rule. Before making any such change, the FDIC will analyze the potential effect of changing the PD threshold on the distribution of higher-risk consumer loans among banks and the resulting effect on assessments collected from the industry. The FDIC will provide banks with at least one quarter advance notice of any such change to the PD threshold through a Financial Institution Letter.
revolving line of credit, the cash collateral must be equal to, or greater than, the amount of the total loan commitment (the aggregate funded and unfunded balance of the loan).

Banks must determine the PD of a consumer loan as of the date the loan was originated, or, if the loan has been refinanced, as of the date it was refinanced. The two-year PD must be estimated using an approach that conforms to the requirements detailed herein.

Loans Originated or Refinanced Before April 1, 2013, and all Acquired Loans

For loans originated or refinanced by a bank before April 1, 2013, and all acquired loans regardless of the date of acquisition, if information as of the date the loan was originated or refinanced is not available, then the bank must use the oldest available information to determine the PD. If no information is available, then the bank must obtain recent, refreshed data from the borrower or other appropriate third party to determine the PD. Refreshed data is defined as the most recent data available, and must be as of a date that is no earlier than three months before the acquisition of the loan. In addition, for loans acquired on or after April 1, 2013, the acquiring bank shall have six months from the date of acquisition to determine the PD.

When a bank acquires loans from another entity on a recurring or programmatic basis, the acquiring bank may determine whether the loan meets the definition of a higher-risk consumer loan using the origination criteria and analysis performed by the original lender only if the acquiring bank verifies the information provided. Loans acquired from another entity are acquired on a recurring basis if a bank has acquired other loans from that entity at least once within the calendar year of the acquisition of the loans in question or in the previous calendar year. If the acquiring bank cannot or does not verify the information provided by the original lender, the acquiring bank must obtain the necessary information from the borrower or other appropriate third party to make its own determination of whether the purchased assets should be classified as a higher-risk consumer loan.

Loans That Meet Both Higher-Risk Consumer Loans and Nontraditional Mortgage Loans Definitions

A loan that meets both the nontraditional mortgage loan and higher-risk consumer loan definitions at the time of origination, or, if the loan has been refinanced, as of refinancing, must be reported only as a nontraditional mortgage loan. If, however, the loan ceases to meet the nontraditional mortgage loan definition but continues to meet the definition of a higher-risk consumer loan, the loan is to be reported as a higher-risk consumer loan.

General Requirements for PD Estimation

Scorable Consumer Loans

Estimates of the two-year PD for a loan must be based on the observed, stress period default rate (defined herein) for loans of a similar product type made to consumers with credit risk comparable to the borrower being evaluated. While a bank may consider additional risk factors beyond the product type and credit score (e.g., geography) in estimating the PD of a loan, it must at a minimum account for these two factors. The credit risk assessment must be determined using third party or internal scores derived using a scoring system that qualifies as empirically derived, demonstrably and statistically sound as defined in 12 CFR 202.2(p), as it may be amended from time to time, and has been approved by the bank’s model risk oversight and governance process and internal audit mechanism. In the case of a consumer loan with a co-signer or co-borrower, the PD may be determined using the most favorable individual credit score.

In estimating the PD based on such scores, banks must adhere to the following requirements:

(a) The PD must be estimated as the average of the two, 24-month default rates observed from July 2007 to June 2009, and July 2009 to June 2011, where the average is calculated according to the following formula and DR, is the observed default rate over the 24-month period beginning in July of year t:

\[
PD = 1 - \sqrt{(1 - DR_{2007})(1 - DR_{2009})}
\]

(b) The default rate for each 24-month period must be calculated as the number of active loans that experienced at least one default event during the period divided by the total number of active loans as of the observation date (i.e., the beginning of the 24-month period). An ‘active’ loan is defined as any loan that was open and not in default as
of the observation date, and on which a payment was made within the 12 months prior to the observation date.

(c) The default rate for each 24-month period must be calculated using a stratified random sample of loans that is sufficient in size to derive statistically meaningful results for the product type and credit score (and any additional risk factors) being evaluated. The product strata must be as homogeneous as possible with respect to the factors that influence default, such that products with distinct risk characteristics are evaluated separately. The loans should be sampled based on the credit score as of the observation date, and each 24-month default rate must be calculated using a random sample of at least 1,200 active loans.

(d) Credit score strata must be determined by partitioning the entire credit score range generated by a given scoring system into a minimum of 15 bands. While the width of the credit score bands may vary, the scores within each band must reflect a comparable level of credit risk. Because performance data for scores at the upper and lower extremes of the population distribution is likely to be limited, however, the top and bottom bands may include a range of scores that suggest some variance in credit quality.

(e) Each credit score will need to have a unique PD associated with it. Therefore, when the number of score bands is less than the number of unique credit scores (as will almost always be the case), banks must use a linear interpolation between adjacent default rates to determine the PD for a particular score. The observed default rate for each band must be assumed to correspond to the midpoint of the range for the band. For example, if one score band ranges from 621 to 625 and has an observed default rate of 4 percent, while the next lowest band ranges from 616 to 620 and has an observed default rate of 6 percent, a 620 score must be assigned a default rate of 5.2 percent, calculated as

\[
\left(\frac{.04 - .06}{623 - 618}\right) \times (620 - 618) + .06 = .052
\]

When evaluating scores that fall below the midpoint of the lowest score band or above the midpoint of the highest score band, the interpolation must be based on an assumed adjacent default rate of 1 or 0, respectively.

(f) The credit scores represented in the historical sample must have been produced by the same vendor using the same or substantially similar methodology as the methodology used to derive the credit scores to which the default rates will be applied. For example, the default rate for a particular vendor score cannot be evaluated based on the score-to-default rate relationship for a different vendor, even if the range of scores under both systems is the same. On the other hand, if the current and historical scores were produced by the same vendor using slightly different versions of the same scoring system and equivalent scores represent a similar likelihood of default, then the historical experience could be applied.

(g) A loan is to be considered in default when it is 90 days past due, charged-off, or the borrower enters bankruptcy.

Unscorable Consumer Loans
For unscorable consumer loans—where the available information about a borrower is insufficient to determine a credit score—the bank will be unable to assign a PD to the loan according to the requirements described above. If the total outstanding balance of the unscorable consumer loans of a particular product type (including, but not limited to, student loans) exceeds 5 percent of the total outstanding balance for that product type, including both foreign and domestic loans, the excess amount shall be treated as higher risk (the de minimis approach). Otherwise, the total outstanding balance of unscorable consumer loans of a particular product type will not be considered higher risk. The consumer product types used to determine whether the 5 percent test is satisfied shall correspond to the product types listed in the table used for reporting PD estimates.

A bank may not develop PD estimates for unscorable loans based on internal data. If, after the origination or refinancing of the loan, an unscorable consumer loan becomes scorable, a bank must reclassify the loan using a PD estimated according to the general requirements above. Based upon that PD, the loan will be determined to be either higher risk or not, and that determination will remain in effect until a refinancing occurs, at which time the loan must be re-evaluated. An unscorable loan must be reviewed at least annually to determine if a credit score has become available.

Alternative Methodologies
A bank may use internally derived default rates that were calculated using fewer observations or score bands than specified above under certain conditions. The bank must submit a written request to the FDIC either in advance of, or concurrent with, reporting under the requested approach. The
request must explain in detail how the proposed approach differs from the rule specifications and the bank must provide support for the statistical appropriateness of the proposed methodology. The request must include, at a minimum, a table with the default rates and number of observations used in each score and product segment. The FDIC will evaluate the proposed methodology and may request additional information from the bank, which the bank must provide. The bank may report using its proposed approach while the FDIC evaluates the methodology. If, after reviewing the request, the FDIC determines that the bank’s methodology is unacceptable, the bank will be required to amend its Call Reports and report according to the generally applicable specifications for PD estimation. The bank will be required to submit amended information for no more than the two most recently dated and filed Call Reports preceding the FDIC’s determination.

Foreign Consumer Loans

A bank must estimate the PD of a foreign consumer loan according to the general requirements described above unless doing so would be unduly complex or burdensome (e.g., if a bank had to develop separate PD mappings for many different countries). A bank may request to use default rates calculated using fewer observations or score bands than the specified minimums, either in advance of, or concurrent with, reporting under that methodology, but must comply with the requirements detailed above for using an alternative methodology.

When estimating a PD according to the general requirements described above would be unduly complex or burdensome, a bank that is required to calculate PDs for foreign consumer loans under the requirements of the Basel II capital framework may: (1) Use the Basel II approach discussed herein, subject to the terms discussed herein; (2) submit a written request to the FDIC to use its own methodology, but may not use the methodology until approved by the FDIC; or (3) treat the loan as an unscorable consumer loan subject to the de minimis approach described above.

When estimating a PD according to the general requirements described above would be unduly complex or burdensome, a bank that is not required to calculate PDs for foreign consumer loans under the requirements of the Basel II capital framework may: (1) Treat the loan as an unscorable consumer loan subject to the de minimis approach described above; or (2) submit a written request to the FDIC to use its own methodology, but may not use the methodology until approved by the FDIC.

When a bank submits a written request to the FDIC to use its own methodology, the FDIC may request additional information from the bank regarding the proposed methodology and the bank must provide the information. The FDIC may grant a bank tentative approval to use the methodology while the FDIC considers it in more detail. If the FDIC ultimately disapproves the methodology, the bank may be required to amend its Call Reports; however, the bank will be required to amend no more than the two most recently dated and filed Call Reports preceding the FDIC’s determination. In the amended Call Reports, the bank must treat any loan whose PD had been estimated using the disapproved methodology as an unscorable domestic consumer loan subject to the de minimis approach described above.

Basel II Approach

A bank that is required to calculate PDs for foreign consumer loans under the requirements of the Basel II capital framework may estimate the two-year PD of a foreign consumer loan based on the one-year PD used for Basel II capital purposes. The bank must submit a written request to the FDIC in advance of, or concurrent with, reporting under that methodology. The request must explain in detail how one-year PDs calculated under the Basel II framework are translated to two-year PDs that meet the requirements above. While the range of acceptable approaches is potentially broad, any proposed methodology must meet the following requirements:

(a) The bank must use data on a sample of loans for which both the one-year Basel II PDs and two-year final rule PDs can be calculated. The sample may contain both foreign and domestic loans.

(b) The bank must use the sample data to demonstrate that a meaningful relationship exists between the two types of PD estimates, and the significance and nature of the relationship must be determined using accepted statistical principles and methodologies. For example, to the extent that a linear relationship exists in the sample data, the bank may use an ordinary least-squares regression to determine the best linear translation of Basel II PDs to final rule PDs. The estimated equation should fit the data reasonably well based on standard statistics such as the coefficient of determination; and

(c) The method must account for any significant variation in the relationship between the two types of PD estimates that exists across consumer products based on the

10 Using these Basel II PDs for this purpose does not imply that a bank’s PFR has approved use of these PDs for the Basel II capital framework. If a bank’s PFR requires it to revise its Basel II PD methodology, the bank must use revised Basel II PDs to calculate (or recalculate if necessary) corresponding PDs under this Basel II approach.
empirical analysis of the data. For example, if the bank is using a linear regression to determine the relationship between PD estimates, it should test whether the parameter estimates are significantly different by product type.

The bank may report using this approach (if it first notifies the FDIC of its intention to do so), while the FDIC evaluates the methodology. If, after reviewing the methodology, the FDIC determines that the methodology is unacceptable, the bank will be required to submit amended information for no more than the two most recently dated and filed Call Reports preceding the FDIC’s determination.

Refinance
For purposes of higher-risk consumer loans, a refinance includes:
(a) Extending new credit or additional funds on an existing loan;
(b) Replacing an existing loan with a new or modified obligation;
(c) Consolidating multiple existing obligations;
(d) Disbursing additional funds to the borrower. Additional funds include a material disbursement of additional funds or, with respect to a line of credit, a material increase in the amount of the line of credit, but not a disbursement, draw, or the writing of convenience checks within the original limits of the line of credit. A material increase in the amount of a line of credit is defined as a 10 percent or greater increase in the quarter-end line of credit limit; however, a temporary increase in a credit card line of credit is not a material increase;
(e) Increasing or decreasing the interest rate (except as noted herein for credit card loans); or
(f) Rescheduling principal or interest payments to create or increase a balloon payment or extend the legal maturity date of the loan by more than six months.

A refinance for this purpose does not include:
(a) A re-aging, defined as returning a delinquent, open-end account to current status without collecting the total amount of principal, interest, and fees that are contractually due, provided:
(i) The re-aging is part of a program that, at a minimum, adheres to the re-aging guidelines recommended in the interagency approved Uniform Retail Credit Classification and Account Management Policy;\(^1\)

\(^1\) Among other things, for a loan to be considered for re-aging, the following must be true: (1) The borrower must have demonstrated a renewed willingness and ability to repay the loan; (2) the loan must have existed for at least nine months; and (3) the borrower must have made at least three consecutive minimum monthly payments or the equivalent cumulative amount.

(ii) The program has clearly defined policy guidelines and parameters for re-aging, as well as internal methods of ensuring the reasonableness of those guidelines and monitoring their effectiveness; and
(iii) The bank monitors both the number and dollar amount of re-aged accounts, collects and analyzes data to assess the performance of re-aged accounts, and determines the effect of re-aging practices on past due ratios;
(b) Modifications to a loan that would otherwise meet this definition of refinance, but result in the classification of a loan as a TDR;
(c) Any modification made to a consumer loan pursuant to a government program, such as the Home Affordable Modification Program or the Home Affordable Refinance Program;
(d) Deferrals under the Servicemembers Civil Relief Act;
(e) A contractual deferral of payments or change in interest rate that is consistent with the terms of the original loan agreement (e.g., as allowed in some student loans);
(f) Except as provided above, a modification or series of modifications to a closed-end consumer loan;
(g) An advance of funds, an increase in the line of credit, or a change in the interest rate that is consistent with the terms of the loan agreement for an open-end or revolving line of credit (e.g., credit cards or home equity lines of credit);
(h) For credit card loans:
(i) Replacing an existing card because the original is expiring, for security reasons, or because of a new technology or a new system;
(ii) Reissuing a credit card that has been temporarily suspended (as opposed to closed);
(iii) Temporarily increasing the line of credit;
(iv) Providing access to additional credit when a bank has internally approved a higher credit line than it has made available to the customer; or
(v) Changing the interest rate of a credit card line when mandated by law (such as in the case of the Credit CARD Act).

4. Nontraditional mortgage loans
Nontraditional mortgage loans include all residential loan products that allow the borrower to defer repayment of principal or interest and include all interest-only products, teaser rate mortgages, and negative amortizing mortgages, with the exception of home equity lines of credit (HELOCs) or reverse mortgages. A teaser-rate mortgage loan is defined as a mortgage with a discounted initial rate where the lender offers a lower rate
and lower payments for part of the mortgage term. A mortgage loan is no longer considered a nontraditional mortgage loan once the teaser rate has expired. An interest-only loan is no longer considered. In making nontraditional mortgage loan once the loan begins to amortize.

Banks must determine whether residential loans meet the definition of a nontraditional mortgage loan as of origination, or, if the loan has been refinanced, as of refinance, as refinanced is defined in this Appendix for purposes of higher-risk consumer loans. When a bank acquires a residential loan, it must determine whether the loan meets the definition of a nontraditional mortgage loan using the origination criteria and analysis performed by the original lender. If this information is unavailable, the bank must obtain refreshed data from the borrower or other appropriate third party. Refreshed data for residential loans is defined as the most recent data available. The data, however, must be as of a date that is no earlier than three months before the acquisition of the residential loan. The acquiring bank must also determine whether an acquired loan is higher risk not later than three months after acquisition.

When a bank acquires loans from another entity on a recurring or programmatic basis, however, the acquiring bank may determine whether the loan meets the definition of a nontraditional mortgage loan using the origination criteria and analysis performed by the original lender only if the acquiring bank verifies the information provided. Loans acquired from another entity are acquired on a recurring basis if a bank has acquired other loans from that entity at least once within the calendar year or the previous calendar year of the acquisition of the loans in question.

5. Higher-Risk Securitizations

Higher-risk securitizations are defined as securitizations or securitization exposures (except securitizations classified as trading book), where, in aggregate, more than 50 percent of the assets backing the securitization meet either the criteria for higher-risk C & I loans or securities, higher-risk consumer loans, or nontraditional mortgage loans, except those classified as trading book. A securitization is as defined in 12 CFR part 325, Appendix A, Section II(B)(16), or in 12 CFR 324.2, as applicable, as they may be amended from time to time. A higher-risk securitization excludes the maximum amount that is recoverable from the U.S. government under guarantee or insurance provisions.

A bank must determine whether a securitization is higher risk based upon information as of the date of issuance (i.e., the date the securitization is sold on a market to the public for the first time). The bank must make this determination within the time limit that would apply under this Appendix if the bank were directly acquiring loans or securities of the type underlying the securitization. In making the determination, a bank must use one of the following methods:

(a) For a securitization collateralized by a static pool of loans, whose underlying collateral changes due to the sale or amortization of these loans, the 50 percent threshold is to be determined based upon the amount of higher-risk assets, as defined in this Appendix, owned by the securitization on the date of issuance of the securitization.

(b) For a securitization collateralized by a dynamic pool of loans, whose underlying collateral may change by the purchase of additional assets, including purchases made during a ramp-up period, the 50 percent threshold is to be determined based upon the highest amount of higher-risk assets, as defined in this Appendix, allowable under the portfolio guidelines of the securitization.

A bank is not required to evaluate a securitization on a continuous basis when the securitization is collateralized by a dynamic pool of loans; rather, the bank is only required to evaluate the securitization once. A bank is required to use the information that is reasonably available to a sophisticated investor in reasonably determining whether a securitization meets the 50 percent threshold. Information reasonably available to a sophisticated investor includes, but is not limited to, offering memoranda, indentures, trustee reports, and requests for information from servicers, collateral managers, issuers, trustees, or similar third parties. When determining whether a revolving trust or similar securitization meets the threshold, a bank may use established criteria, model portfolios, or limitations published in the offering memorandum, indenture, trustee report, or similar documents.

Sufficient information necessary for a bank to make a definitive determination may not, in every case, be reasonably available to the bank as a sophisticated investor. In such a case, the bank may exercise its judgment in making the determination. In some cases, the bank need not rely upon all of the aforementioned pieces of information to make a higher-risk determination if fewer documents provide sufficient data to make the determination.

In cases in which a securitization is required to be consolidated on the balance sheet as a result of SFAS 166 and SFAS 167, and a bank has access to the necessary information, a bank may opt for an alternative method of evaluating the securitization to determine whether it is higher risk. The bank may evaluate individual loans in the securitization on a loan-by-loan basis and only report as higher risk those loans that
meet the definition of a higher-risk asset; any loan within the securitization that does not meet the definition of a higher-risk asset need not be reported as such. When making this evaluation, the bank must follow the provisions of section I.B herein. Once a bank evaluates a securitization for higher-risk asset designation using this alternative evaluation method, it must continue to evaluate all securitizations that it has consolidated on the balance sheet as a result of SFAS 166 and SFAS 167, and for which it has the required information, using the alternative evaluation method. For securitizations for which the bank does not have access to information on a loan-by-loan basis, the bank must determine whether the securitization meets the 50 percent threshold in the manner previously described for other securitizations.

B. Application of Definitions

Section I of this Appendix applies to:

(1) All construction and land development loans, whenever originated or purchased;

(2) C&I loans (as that term is defined in this Appendix) owed to a reporting bank by a higher-risk C&I borrower (as that term is defined in this Appendix) and all securities issued by a higher-risk C&I borrower, except securitizations of C&I loans, that are owned by the reporting bank;

(3) Consumer loans (as defined in this Appendix), except securitizations of consumer loans, whenever originated or purchased;

(4) Securitizations of C&I and consumer loans (as defined in this Appendix) issued on or after April 1, 2013, including those securitizations issued on or after April 1, 2013, that are partially or fully collateralized by loans originated before April 1, 2013.

For C&I loans that are either originated or refinanced by a reporting bank before April 1, 2013, or purchased by a reporting bank before April 1, 2013, where the loans are owed to the reporting bank by a borrower that does not meet the definition of a higher-risk C&I borrower as that term is defined in this Appendix (which requires, among other things, that the borrower have obtained a C&I loan or refinanced an existing C&I loan on or after April 1, 2013) and securities purchased before April 1, 2013, that are issued by an entity that does not meet the definition of a higher-risk C&I borrower, as that term is defined in this Appendix, banks must continue to use the transition guidance in the September 2012 Call Report instructions to determine whether to report the loan or security as a higher-risk asset for purposes of the higher-risk assets to Tier 1 capital and reserves ratio. A bank may opt to apply the definition of higher-risk C&I loans and securities in this Appendix to all of its C&I loans and securities, but, if it does so, it must also apply the definition of a higher-risk C&I borrower in this Appendix without regard to when the loan is originally made or refinanced (i.e., whether made or refinanced before or after April 1, 2013).

For consumer loans (other than securitizations of consumer loans) originated or purchased prior to April 1, 2013, a bank must determine whether the loan met the definition of a higher-risk consumer loan no later than June 30, 2013.

For all securitizations issued before April 1, 2013, banks must either (1) continue to use the transition guidance or (2) apply the definitions in this Appendix to all of its securitizations. If a bank applies the definition of higher-risk C&I loans and securities in this Appendix to its securitizations, it must also apply the definition of a higher-risk C&I borrower in this Appendix to all C&I borrowers without regard to when the loans to those borrowers were originally made or refinanced (i.e., whether made or refinanced before or after April 1, 2013).

II. GROWTH-ADJUSTED PORTFOLIO CONCENTRATION MEASURE

The growth-adjusted concentration measure is the sum of the values of concentrations in each of the seven portfolios, each of the values being first adjusted for risk weights and growth. The product of the risk weight and the concentration ratio is first squared and then multiplied by the growth factor. The measure is calculated as:

$$N_i = \sum_{k=1}^{7} w_k \times \left( \frac{\text{Amount of exposure}_{i,k}}{\text{Tier 1 Capital + Reserves}} \right)^2 \times g_k$$

Where:

- $N_i$ is bank $i$'s growth-adjusted portfolio concentration measure;\(^{12}\)

\(^{12}\)The growth-adjusted portfolio concentration measure is rounded to two decimal points.
Federal Deposit Insurance Corporation

Pt. 327, Subpt. A, App. C.

All loan concentrations should include the fair value of purchased credit impaired loans.

Each loan concentration category should exclude the amount of loans recoverable from the U.S. government under guarantee or insurance provisions.

The growth factor, $g$, is based on a three-year merger-adjusted growth rate for a given portfolio; $g$ ranges from 1 to 1.2 where a 20 percent growth rate equals a factor of 1 and an 80 percent growth rate equals a factor of 1.2. For growth rates less than 20 percent, $g$ is 1; for growth rates greater than 80 percent, $g$ is 1.2. For growth rates between 20 percent and 80 percent, the growth factor is calculated as:

$$g_{i,k} = 1 + \frac{1}{3} \left( G_{i,k} - 0.20 \right)$$

Where:

$$G_{i,k} = \frac{V_{i,k,t}}{V_{i,k,t-12}} - 1,$$

V is the portfolio amount as reported on the Call Report/TFR and $t$ is the quarter for which the assessment is being determined.

The risk weight for each portfolio reflects relative peak loss rates for banks at the 90th percentile during the 1990–2009 period. These loss rates were converted into equivalent risk weights as shown in Table C.1.

<table>
<thead>
<tr>
<th>Portfolio</th>
<th>Loss rates (90th percentile)</th>
<th>Risk weights</th>
</tr>
</thead>
<tbody>
<tr>
<td>First-Lien Mortgages</td>
<td>2.3%</td>
<td>0.5</td>
</tr>
<tr>
<td>Second/Junior Lien Mortgages</td>
<td>4.6%</td>
<td>0.9</td>
</tr>
<tr>
<td>Commercial and Industrial (C&amp;I) Loans</td>
<td>5.0%</td>
<td>1.0</td>
</tr>
<tr>
<td>Construction and Development (C&amp;D) Loans</td>
<td>15.0%</td>
<td>3.0</td>
</tr>
<tr>
<td>Commercial Real Estate Loans, excluding C&amp;D</td>
<td>4.3%</td>
<td>0.9</td>
</tr>
<tr>
<td>Credit Card Loans</td>
<td>11.8%</td>
<td>2.4</td>
</tr>
<tr>
<td>Other Consumer Loans</td>
<td>5.9%</td>
<td>1.2</td>
</tr>
</tbody>
</table>

C&I loans, which is given a risk weight of 1. The peak loss rates were derived as follows. The loss rate for each loan category for each bank with over $5 billion in total assets was calculated for each of the last twenty calendar years (1990–2009). The highest value of the 90th percentile of each loan category over the twenty year period was selected as the peak loss rate.
APPENDIX D TO SUBPART A OF PART 327—DESCRIPTION OF THE LOSS SÉVERITY MEASURE

The loss severity measure applies a standardized set of assumptions to an institution’s balance sheet to measure possible losses to the FDIC in the event of an institution’s failure. To determine an institution’s loss severity rate, the FDIC first applies assumptions about uninsured deposit and other unsecured liability runoff, and growth in insured deposits to adjust the size and composition of the institution’s liabilities. Assets are then reduced to match any reduction in liabilities. The institution’s asset values are then further reduced so that the Leverage ratio reaches 2 percent. In both cases, assets are adjusted pro rata to preserve the institution’s asset composition. Assumptions regarding loss rates at failure for a given asset category and the extent of secured liabilities are then applied to estimated assets and liabilities at failure to determine whether the institution has enough unencumbered assets to cover domestic deposits. Any projected shortfall is divided by current domestic deposits to obtain an end-of-period loss severity ratio. The loss severity measure is an average loss severity ratio for the three most recent quarters of data available.

Runoff and Capital Adjustment Assumptions

Table D.1 contains run-off assumptions.

<table>
<thead>
<tr>
<th>Liability type</th>
<th>Runoff rate * (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Insured Deposits</td>
<td>(10)</td>
</tr>
<tr>
<td>Uninsured Deposits</td>
<td>58</td>
</tr>
<tr>
<td>Foreign Deposits</td>
<td>80</td>
</tr>
<tr>
<td>Federal Funds Purchased</td>
<td>100</td>
</tr>
<tr>
<td>Repurchase Agreements</td>
<td>75</td>
</tr>
<tr>
<td>Trading Liabilities</td>
<td>50</td>
</tr>
<tr>
<td>Unsecured Borrowings ≤ 1 Year</td>
<td>75</td>
</tr>
<tr>
<td>Secured Borrowings ≤ 1 Year</td>
<td>25</td>
</tr>
<tr>
<td>Subordinated Debt and Limited Liability Preferred Stock</td>
<td>15</td>
</tr>
</tbody>
</table>

* A negative rate implies growth.

Given the resulting total liabilities after runoff, assets are then reduced pro rata to preserve the relative amount of assets in each of the following asset categories and to achieve a Leverage ratio of 2 percent:
- Cash and Interest Bearing Balances;
- Trading Account Assets;
- Federal Funds Sold and Repurchase Agreements;
- Treasury and Agency Securities;
- Municipal Securities;
- Other Securities;
- Construction and Development Loans;
- Nonresidential Real Estate Loans;
- 1-4 Family Closed-End First Liens;
- 1-4 Family Closed-End Junior Liens;
- Revolving Home Equity Loans; and
- Agricultural Real Estate Loans.

Recovery Value of Assets at Failure

Table D.2 shows loss rates applied to each of the asset categories as adjusted above.

<table>
<thead>
<tr>
<th>Asset category</th>
<th>Loss rate (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and Interest Bearing Balances</td>
<td>0.0</td>
</tr>
<tr>
<td>Trading Account Assets</td>
<td>0.0</td>
</tr>
<tr>
<td>Federal Funds Sold and Repurchase Agreements</td>
<td>0.0</td>
</tr>
<tr>
<td>Treasury and Agency Securities</td>
<td>0.0</td>
</tr>
<tr>
<td>Municipal Securities</td>
<td>10.0</td>
</tr>
<tr>
<td>Other Securities</td>
<td>15.0</td>
</tr>
<tr>
<td>Construction and Development Loans</td>
<td>38.2</td>
</tr>
<tr>
<td>Nonresidential Real Estate Loans</td>
<td>17.6</td>
</tr>
</tbody>
</table>

1In most cases, the model would yield reductions in liabilities and assets prior to failure. Exceptions may occur for institutions primarily funded through insured deposits, which the model assumes to grow prior to failure.

2Of course, in reality, runoff and capital declines occur more or less simultaneously as an institution approaches failure. The loss severity measure assumptions simplify this process for ease of modeling.
§ 327.31 Definitions.

For purposes of this subpart and subpart C:
(a) The average assessment rate for any assessment period means the aggregate assessment charged all insured depository institutions for that period divided by the aggregate assessment base for that period.
(b) Board means the Board of Directors of the FDIC.
(c) De facto rule means any transaction in which an insured depository institution assumes substantially all of the deposit liabilities and acquires substantially all of the assets of any other insured depository institution at the time of the transaction.
(d) An eligible insured depository institution:
(1) Means an insured depository institution that:

Subpart B—Implementation of One-Time Assessment Credit

SOURCE: 71 FR 61383, Oct. 18, 2006, unless otherwise noted.

§ 327.30 Purpose and scope.

(a) Scope. This subpart B of part 327 implements the one-time assessment credit required by section 7(e)(3) of the Federal Deposit Insurance Act, 12 U.S.C. 1817(e)(3) and applies to insured depository institutions.

(b) Purpose. This subpart B of part 327 sets forth the rules for:

(1) Determination of the aggregate amount of the one-time credit;

(2) Identification of eligible insured depository institutions;

(3) Determination of the amount of each eligible institution’s December 31, 1966 assessment base ratio and one-time credit;

(4) Transferability of credit amounts among insured depository institutions;

(5) Application of such credit amounts against assessments; and

(6) An institution’s request for review of the FDIC’s determination of a credit amount.

§ 327.31 Definitions.

For purposes of this subpart and subpart C:
(a) The average assessment rate for any assessment period means the aggregate assessment charged all insured depository institutions for that period divided by the aggregate assessment base for that period.
(b) Board means the Board of Directors of the FDIC.
(c) De facto rule means any transaction in which an insured depository institution assumes substantially all of the deposit liabilities and acquires substantially all of the assets of any other insured depository institution at the time of the transaction.
(d) An eligible insured depository institution:
(1) Means an insured depository institution that:

Secured Liabilities at Failure

Federal home loan bank advances, secured federal funds purchased and repurchase agreements are assumed to be fully secured.

Foreign deposits are treated as fully secured because of the potential for ring fencing.

Loss Severity Ratio Calculation

The FDIC’s loss given failure (LGD) is calculated as:

\[
LGD = \frac{\text{InsuredDeposits}_{\text{failure}}}{\text{DomesticDeposits}_{\text{failure}}} \times (\text{DomesticDeposits}_{\text{failure}} - \text{RecoveryValueofAssets}_{\text{failure}} + \text{SecuredLiabilities}_{\text{failure}})
\]

An end-of-quarter loss severity ratio is LGD divided by total domestic deposits at quarter-end and the loss severity measure for the scorecard is an average of end-of-period loss severity ratios for three most recent quarters.

[76 FR 10724, Feb. 25, 2011]

(i) Was in existence on December 31, 1996, and paid a deposit insurance assessment before December 31, 1996; or

(ii) Is a successor to an insured depository institution referred to in paragraph (d)(1)(i) of this section; and

(2) does not include an institution if its insured status has terminated as of or after the effective date of this regulation.

(e) Merger means any transaction in which an insured depository institution merges or consolidates with any other insured depository institution. Notwithstanding part 303, subpart D, for purposes of this subpart B and subpart C of this part, merger does not include transactions in which an insured depository institution either directly or indirectly acquires the assets of, or assumes liability to pay any deposits made in, any other insured depository institution, but there is not a legal merger or consolidation of the two insured depository institutions.

(f) Resulting institution refers to the acquiring, assuming, or resulting institution in a merger.

(g) Successor means a resulting institution or an insured depository institution that acquired part of another insured depository institution’s 1996 assessment base ratio under paragraph 327.33(c) of this subpart under the de facto rule.

§ 327.32 Determination of aggregate credit amount.

The aggregate amount of the one-time credit shall equal $4,707,580,238.19.

§ 327.33 Determination of eligible institution’s credit amount.

(a) Subject to paragraph (c) of this section, allocation of the one-time credit shall be based on each eligible insured depository institution’s 1996 assessment base ratio.

(b) Subject to paragraph (c) of this section, an eligible insured depository institution’s 1996 assessment base ratio shall consist of:

(1) Its assessment base as of December 31, 1996 (adjusted as appropriate to reflect the assessment base of December 31, 1996, of all institutions for which it is the successor), as the numerator; and

(2) The combined aggregate assessment bases of all eligible insured depository institutions, including any successor institutions, as of December 31, 1996, as the denominator.

(c) If an insured depository institution is a successor to an eligible insured depository institution under the de facto rule, as defined in paragraph 327.31(c) of this subpart, the successor and the eligible insured depository institution will divide the eligible insured depository institution’s 1996 assessment base ratio pro rata, based on the deposit liabilities assumed in the transaction. In any subsequent transaction involving an insured depository institution that previously engaged in a transaction to which the de facto rule applied, the insured depository institution may not be deemed to have transferred more than its remaining 1996 assessment base ratio. If the transferring institution is no longer an insured depository institution after the transfer, the last successor will acquire the transferring institution’s remaining 1996 assessment base ratio.

§ 327.34 Transferability of credits.

(a) Any remaining amount of the one-time assessment credit and the associated 1996 assessment base ratio shall transfer to a successor of an eligible insured depository institution.

(b) Prior to the final determination of its 1996 assessment base and one-time assessment credit amount by the FDIC, an eligible insured depository institution may enter into an agreement to transfer any portion of such institution’s one-time credit amount and 1996 assessment base ratio to another insured depository institution. The parties to the agreement shall notify the FDIC’s Division of Finance and submit a written agreement, signed by legal representatives of both institutions. The parties must include documentation stating that each representative has the legal authority to bind the institution. The adjustment to credit amount and the associated 1996 assessment base ratio shall be made in the next assessment invoice that is sent at least 10 days after the FDIC’s receipt of the written agreement.

(c) An eligible insured depository institution may enter into an agreement...
Federal Deposit Insurance Corporation

§ 327.36 Requests for review of credit amount.

(a)(1) As soon as practicable after the publication date of this rule, the FDIC shall notify each insured depository institution by FDICconnect or mail of its 1996 assessment base ratio and credit amount in a Statement of One-Time Credit (“Statement”), if any. An insured depository institution may submit a request for review of the FDIC’s determination of the institution’s 1996 assessment base ratio or credit amount as shown on the Statement within 30 days after the effective date of this rule. Such review may be requested if:

(i) The institution disagrees with a determination as to eligibility for the credit that relates to that institution’s credit amount;

(ii) The institution disagrees with the calculation of the credit as stated on the Statement; or

(iii) The institution believes that the 1996 assessment base ratio attributed to the institution on the Statement does not fully or accurately reflect its own 1996 assessment base or appropriate adjustments for successors.

(2) If an institution does not submit a timely request for review, that institution is barred from subsequently requesting review of its credit amount, subject to paragraph (e) of this section.

(b)(1) An insured depository institution may submit a request for review of the FDIC’s adjustment to the credit amount in a quarterly invoice within
30 days of the date on which the FDIC provides the invoice. Such review may be requested if:

(i) The institution disagrees with the calculation of the credit as stated on the invoice; or

(ii) The institution believes that the 1996 assessment base ratio attributed to the institution due to the adjustment to the invoice does not fully or accurately reflect appropriate adjustments for successors since the last quarterly invoice.

(2) If an institution does not submit a timely request for review, that institution is barred from subsequently requesting review of its credit amount, subject to paragraph (e) of this section.

(c) The request for review shall be submitted to the Division of Finance and shall provide documentation sufficient to support the change sought by the institution. At the time of filing with the FDIC, the requesting institution shall notify, to the extent practicable, any other insured depository institution that would be directly and materially affected by granting the request for review and provide such institution with copies of the request for review, the supporting documentation, and the FDIC’s procedures for requests under this subpart. In addition, the FDIC also shall make reasonable efforts, based on its official systems of records, to determine that such institutions have been identified and notified.

(d) During the FDIC’s consideration of the request for review, the amount of credit in dispute shall not be available for use by any institution.

(e) Within 30 days of being notified of the filing of the request for review, those institutions identified as potentially affected by the request for review may submit a response to such request, along with any supporting documentation, to the Division of Finance, and shall provide copies to the requesting institution. If an institution that was notified under paragraph (c) does not submit a response to the request for review, that institution may not:

(i) Subsequently dispute the information submitted by other institutions on the transaction(s) at issue in the review process; or

(ii) Appeal the decision by the Director of the Division of Finance.

(f) If additional information is requested of the requesting or affected institutions by the FDIC, such information shall be provided by the institution within 21 days of the date of the FDIC’s request for additional information.

(g) Any institution submitting a timely request for review will receive a written response from the FDIC’s Director of the Division of Finance, (or his or her designee), notifying the requesting and affected institutions of the determination of the Director as to whether the requested change is warranted. Notice of the procedures applicable to appeals under paragraph (h) of this section will be included with the Director’s written determination. Whenever feasible, the FDIC will provide the institution with the aforesaid written response the later of:

(1) Within 60 days of receipt by the FDIC of the request for revision;

(2) If additional institutions have been notified by the requesting institution or the FDIC, within 60 days of the date of the last response to the notification; or

(3) If additional information has been requested by the FDIC, within 60 days of receipt of the additional information.

(h) Subject to paragraph (e) of this section, the insured depository institution that requested review under this section, or an insured depository institution materially affected by the Director’s determination, that disagrees with that determination may appeal to the FDIC’s Assessment Appeals Committee on the same grounds as set forth under paragraph (a) of this section. Any such appeal must be submitted within 30 calendar days from the date of the Director’s written determination. Notice of the procedures applicable to appeals under this section will be included with the Director’s written determination. The decision of the Assessment Appeals Committee shall be the final determination of the FDIC.

(i) Any adjustment to an institution’s credits resulting from a determination by the Director of the FDIC’s Assessment Appeals Committee shall
be reflected in the institution's next assessment invoice. The adjustment to credits shall affect future assessments only and shall not result in a retroactive adjustment of assessment amounts owed for prior periods.

Subpart C—Implementation of Dividend Requirements

SOURCE: 73 FR 73162, Dec. 2, 2008, unless otherwise noted.

§ 327.50 Dividends.

(a) Suspension of dividends. The Board will suspend dividends indefinitely whenever the DIF reserve ratio exceeds 1.50 percent at the end of any year.

(b) Assessment rate schedule if DIF reserve ratio exceeds 1.50 Percent. In lieu of dividends, when the DIF reserve ratio exceeds 1.50 percent, assessment rates shall be determined as set forth in section 327.10, as appropriate.

[76 FR 10725, Feb. 25, 2011]

PART 328—ADVERTISEMENT OF MEMBERSHIP

Sec. 328.0 Scope.

328.1 Official sign.

328.2 Display and procurement of official sign.

328.3 Official advertising statement requirements.

328.4 Prohibition against receiving deposits at same teller station or window as non-insured institution.

AUTHORITY: 12 U.S.C. 1818(a), 1819 (Tenth), 1828(a).

SOURCE: 72 FR 66102, Nov. 13, 2006, unless otherwise noted.

§ 328.0 Scope.

Part 328 describes the official sign of the FDIC and prescribes its use by insured depository institutions. It also prescribes the official advertising statement insured depository institutions must include in their advertisements. For purposes of part 328, the term “insured depository institution” includes insured branches of a foreign depository institution. Part 328 does not apply to non-insured offices or branches of insured depository institutions located in foreign countries.

§ 328.1 Official sign.

(a) The official sign referred to in this part shall be 7" by 3" in size, with black lettering and gold background, and of the following design:

(b) The “symbol” of the Corporation, as used in this part, shall be that portion of the official sign consisting of “FDIC” and the two lines of smaller type above and below “FDIC.”

§ 328.2 Display and procurement of official sign.

(a) Display of official sign. Each insured depository institution shall continuously display the official sign at each station or window where insured deposits are usually and normally received in the depository institution’s principal place of business and in all its branches.

(1) Other locations—(i) Within the institution. In addition to locations where display of the official sign is required under this § 328.2(a), an insured depository institution may display the official sign in other locations at the institution.

(ii) Other facilities. An insured depository institution may display the official sign on or at Remote Service Facilities. If an insured depository institution displays the official sign at a Remote Service Facility, and if there are any noninsured institutions that share in the Remote Service Facility, any insured depository institution that displays the official sign must clearly show that the sign refers only to a designated insured depository institution(s). As used in this part, the term “Remote Service Facility” includes any automated teller machine, cash dispensing machine, point-of-sale terminal, or other remote electronic facility where deposits are received.

(2) Varied signs. Instead of displaying the official sign, an insured depository institution may display signs that vary from the official sign in size, color, or material at any location where display of the official sign is required or permitted under this § 328.2(a). However, any such varied sign that is displayed in locations where display of the official sign is required under this § 328.2(a) must not be smaller in size than the official sign and must have the same color for the text and symbols.

(3) Newly insured institutions. A depository institution shall display the official sign no later than its twenty-first day of operation as an insured depository institution, unless the institution promptly requested the official sign from the Corporation, but did not receive it before that date.

(b) Procuring official sign. An insured depository institution may procure the official sign from the Corporation for official use at no charge. Information on obtaining the official sign is posted on the FDIC’s internet Web site, http://www.fdic.gov. Alternatively, insured depository institutions may, at their expense, procure from commercial suppliers signs that vary from the official sign in size, color, or material. Any insured depository institution which has promptly submitted a written request for an official sign to the Corporation shall not be deemed to have violated this § 328.2 by failing to display the official sign, unless the insured depository institution fails to display the official sign after receipt thereof.

(c) Required changes in sign. The Corporation may require any insured depository institution, upon at least thirty (30) days’ written notice, to change the wording of the official sign in a manner deemed necessary for the protection of depositors or others.

§ 328.3 Official advertising statement requirements.

(a) Advertisement defined. The term “advertisement,” as used in this part, shall mean a commercial message, in any medium, that is designed to attract public attention or patronage to a product or business.

(b) Official advertising statement. The official advertising statement shall be in substance as follows: “Member of the Federal Deposit Insurance Corporation.”

(1) Optional short title and symbol. The short title “Member of FDIC” or “Member FDIC,” or a reproduction of the symbol of the Corporation (as described in § 328.1(b)), may be used by insured depository institutions at their option as the official advertising statement.

(2) Size and print. The official advertising statement shall be of such size and print to be clearly legible. If the symbol of the Corporation is used as the official advertising statement, and the symbol must be reduced to such proportions that the two lines of smaller type above and below “FDIC” are indistinct and illegible, those lines of smaller type may be blocked out or dropped.

(c) Use of official advertising statement in advertisements—(1) General requirement. Except as provided in § 328.3(d),
each insured depository institution shall include the official advertising statement prescribed in § 328.3(b) in all advertisements that either promote deposit products and services or promote non-specific banking products and services offered by the institution. For purposes of this § 328.3, an advertisement promotes non-specific banking products and services if it includes the name of the insured depository institution but does not list or describe particular products or services offered by the institution. An example of such an advertisement would be, “Anytown Bank, offering a full range of banking services.”

(2) Foreign depository institutions. When a foreign depository institution has both insured and noninsured U.S. branches, the depository institution must also identify which branches are insured and which branches are not insured in all of its advertisements requiring use of the official advertising statement.

(3) Newly insured institutions. A depository institution shall include the official advertising statement in its advertisements no later than its twenty-first day of operation as an insured depository institution.

(d) Types of advertisements which do not require the official advertising statement. The following types of advertisements do not require use of the official advertising statement:

(1) Statements of condition and reports of condition of an insured depository institution which are required to be published by State or Federal law;

(2) Insured depository institution supplies such as stationery (except when used for circular letters), envelopes, deposit slips, checks, drafts, signature cards, deposit passbooks, certificates of deposit, etc.;

(3) Signs or plates in the insured depository institution offices or attached to the building or buildings in which such offices are located;

(4) Listings in directories;

(5) Advertisements not setting forth the name of the insured depository institution;

(6) Entries in a depository institution directory, provided the name of the insured depository institution is listed on any page in the directory with a symbol or other descriptive matter indicating it is a member of the Federal Deposit Insurance Corporation;

(7) Joint or group advertisements of depository institution services where the names of insured depository institutions and noninsured institutions are listed and form a part of such advertisements;

(8) Advertisements by radio or television, other than display advertisements, which do not exceed thirty (30) seconds in time;

(9) Advertisements which are of the type or character that make it impractical to include the official advertising statement, including, but not limited to, promotional items such as calendars, matchbooks, pens, pencils, and key chains; and

(10) Advertisements which contain a statement to the effect that the depository institution is a member of the Federal Deposit Insurance Corporation, or that the depository institution is insured by the Federal Deposit Insurance Corporation, or that its deposits or depositors are insured by the Federal Deposit Insurance Corporation to at least $100,000 for each depositor.

(e) Restrictions on using the official advertising statement when advertising non-deposit products—(1) Definitions—

(i) Non-deposit product. As used in this part, the term “non-deposit product” shall include, but is not limited to, insurance products, annuities, mutual funds, and securities. For purposes of this definition, a credit product is not a non-deposit product.

(ii) Hybrid product. As used in this part, the term “hybrid product” shall mean a product or service that has both deposit product features and non-deposit product features. A sweep account is an example of a hybrid product.

(2) Non-deposit product advertisements. Except as provided in § 328.3(e)(4), an insured depository institution shall not include the official advertising statement, or any other statement or symbol which implies or suggests the existence of Federal deposit insurance, in any advertisement relating solely to non-deposit products.

(3) Hybrid product advertisements. Except as provided in § 328.3(e)(4), an insured depository institution shall not
§ 328.4 Prohibition against receiving deposits at same teller station or window as noninsured institution.

(a) Prohibition. An insured depository institution may not receive deposits at any teller station or window where any noninsured institution receives deposits or similar liabilities.

(b) Exception. This § 328.4 does not apply to deposits received at a Remote Service Facility.

PART 329—LIQUIDITY RISK MEASUREMENT STANDARDS

Subpart A—General Provisions

Sec.
329.1 Purpose and applicability.
329.2 Reservation of authority.
329.3 Definitions.
329.4 Certain operational requirements.

Subpart B—Liquidity Coverage Ratio

329.10 Liquidity coverage ratio.

Subpart C—High-Quality Liquid Assets

329.20 High-quality liquid asset criteria.
329.21 High-quality liquid asset amount.
329.22 Requirements for eligible high-quality liquid assets.

Subpart D—Total Net Cash Outflow

329.30 Total net cash outflow.
329.31 Determining maturity.
329.32 Outflow amounts.
Holding Companies reporting form (FR Y–9C), or, if the covered depository institution holding company is not required to report on the FR Y–9C, its estimated total consolidated assets as of the most recent year-end, calculated in accordance with the instructions to the FR Y–9C:

(B) A depository institution that has total consolidated assets equal to $250 billion or more, as reported on the most recent year-end Consolidated Report of Condition and Income;

(C) A covered depository institution holding company or depository institution that has total consolidated on-balance sheet foreign exposure at the most recent year-end equal to $10 billion or more (where total on-balance sheet foreign exposure equals total cross-border claims less claims with a head office or guarantor located in another country plus redistributed guaranteed amounts to the country of the head office or guarantor plus local country claims on local residents plus revaluation gains on foreign exchange and derivative transactions products, calculated in accordance with the Federal Financial Institutions Examination Council (FFIEC) 009 Country Exposure Report); or

(D) A covered nonbank company.

(iv) The FDIC has determined that application of this part is appropriate in light of the FDIC-supervised institution’s asset size, level of complexity, risk profile, scope of operations, affiliation with foreign or domestic covered entities, or risk to the financial system.

(2) Subject to the transition periods set forth in subpart F of this part:

(i) An FDIC-supervised institution that is subject to the minimum liquidity standard and other requirements of this part under paragraph (b)(1) of this section on September 30, 2014, must comply with the requirements of this part beginning on January 1, 2015;

(ii) An FDIC-supervised institution that becomes subject to the minimum liquidity standard and other requirements of this part under paragraphs (b)(1)(i) through (iii) of this section after September 30, 2014, must comply with the requirements of this part beginning April 1 of the year in which the An FDIC-supervised institution becomes subject to the minimum liquidity standard and other requirements of this part, except:

(A) From April 1 to December 31 of the year in which the FDIC-supervised institution becomes subject to the minimum liquidity standard and other requirements of this part, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio monthly, on each calculation date that is the last business day of the applicable calendar month; and

(B) Beginning January 1 of the year after the first year in which the [BANK] becomes subject to the minimum liquidity standard and other requirements of this part under paragraph (b)(1) of this section, and thereafter, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date; and

(iii) An FDIC-supervised institution that becomes subject to the minimum liquidity standard and other requirements of this part under paragraph (b)(1)(iv) of this section after September 30, 2014, must comply with the requirements of this part subject to a transition period specified by the FDIC.

(3) This part does not apply to:

(i) A bridge financial company as defined in 12 U.S.C. 5381(a)(3), or a subsidiary of a bridge financial company; or

(ii) A new depository institution or a bridge depository institution, as defined in 12 U.S.C. 1813(i).

(4) An FDIC-supervised institution subject to a minimum liquidity standard under this part shall remain subject until the FDIC determines in writing that application of this part to the FDIC-supervised institution is not appropriate in light of the FDIC-supervised institution’s asset size, level of complexity, risk profile, scope of operations, affiliation with foreign or domestic covered entities, or risk to the financial system.

(5) In making a determination under paragraphs (b)(1)(iv) or (4) of this section, the FDIC will apply notice and response procedures in the same manner and to the same extent as the notice
§ 329.2 Reservation of authority.

(a) The FDIC may require an FDIC-supervised institution to hold an amount of high-quality liquid assets (HQLA) greater than otherwise required under this part, or to take any other measure to improve the FDIC-supervised institution’s liquidity risk profile, if the FDIC determines that the FDIC-supervised institution’s liquidity requirements as calculated under this part are not commensurate with the FDIC-supervised institutions’ liquidity risks. In making determinations under this section, the FDIC will apply notice and response procedures as set forth in 12 CFR 324.5.

(b) Nothing in this part limits the authority of the FDIC under any other provision of law or regulation to take supervisory or enforcement action, including action to address unsafe or unsound practices or conditions, deficient liquidity levels, or violations of law.

§ 329.3 Definitions.

For the purposes of this part:

Affiliated depository institution means with respect to an FDIC-supervised institution that is a depository institution, another depository institution that is a consolidated subsidiary of a bank holding company or savings and loan holding company of which the FDIC-supervised institution is also a consolidated subsidiary.

Asset exchange means a transaction in which, as of the calculation date, the counterparties have previously exchanged non-cash assets, and have each agreed to return such assets to each other at a future date. Asset exchanges do not include secured funding and secured lending transactions.

Bank holding company is defined in section 2 of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1841 et seq.).

Brokered deposit means any deposit held at the FDIC-supervised institution that is obtained, directly or indirectly, from or through the mediation or assistance of a deposit broker as that term is defined in section 29 of the Federal Deposit Insurance Act (12 U.S.C. 1831f(g)), and includes a reciprocal brokered deposit and a brokered sweep deposit.

Brokered sweep deposit means a deposit held at the FDIC-supervised institution by a customer or counterparty through a contractual feature that automatically transfers to the FDIC-supervised institution from another regulated financial company at the close of each business day amounts identified under the agreement governing the account from which the amount is being transferred.

Calculation date means any date on which an FDIC-supervised institution calculates its liquidity coverage ratio under § 329.10.

Client pool security means a security that is owned by a customer of the FDIC-supervised institution that is not an asset of the FDIC-supervised institution, regardless of a FDIC-supervised institution’s hypothecation rights with respect to the security.

Collateralized deposit means:

(1) A deposit of a public sector entity held at the FDIC-supervised institution that is secured under applicable law by a lien on assets owned by the FDIC-supervised institution and that gives the depositor, as holder of the lien, priority over the assets in the event the FDIC-supervised institution enters into receivership, bankruptcy, insolvency, liquidation, resolution, or similar proceeding; or

(2) A deposit of a fiduciary account held at the FDIC-supervised institution for which the FDIC-supervised institution is a fiduciary and sets aside assets owned by the FDIC-supervised institution as security under 12 CFR 9.10 (national bank) or 12 CFR 150.300 through 150.320 (Federal savings associations) and that gives the depositor priority over the assets in the event the FDIC-supervised institution enters into receivership, bankruptcy, insolvency, liquidation, resolution, or similar proceeding.

Committed means, with respect to a credit facility or liquidity facility, that under the terms of the legally binding written agreement governing the facility:
The FDIC-supervised institution may not refuse to extend credit or funding under the facility; or

(2) The FDIC-supervised institution may refuse to extend credit under the facility (to the extent permitted under applicable law) only upon the satisfaction or occurrence of one or more specified conditions not including change in financial condition of the borrower, customary notice, or administrative conditions.

Company means a corporation, partnership, limited liability company, depository institution, business trust, special purpose entity, association, or similar organization.

Consolidated subsidiary means a company that is consolidated on the balance sheet of an FDIC-supervised institution or other company under GAAP.

Controlled subsidiary means, with respect to a company or an FDIC-supervised institution a consolidated subsidiary or a company that otherwise meets the definition of "subsidiary" in section 2(d) of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(d)).

Covered depository institution holding company means a top-tier bank holding company or savings and loan holding company domiciled in the United States other than:

(1) A top-tier savings and loan holding company that is:

(i) A grandfathered unitary savings and loan holding company as defined in section 10(c)(9)(A) of the Home Owners' Loan Act (12 U.S.C. 1461 et seq.); and

(ii) As of June 30 of the previous calendar year, derived 50 percent or more of its total consolidated assets or 50 percent of its total revenues on an enterprise-wide basis (as calculated under GAAP) from activities that are not financial in nature under section 4(k) of the Bank Holding Company Act (12 U.S.C. 1842(k)); and

(2) A top-tier depository institution holding company that is an insurance underwriting company; or

(3)(i) A top-tier depository institution holding company that, as of June 30 of the previous calendar year, held 25 percent or more of its total consolidated assets in subsidiaries that are insurance underwriting companies (other than assets associated with insurance for credit risk); and

(ii) For purposes of paragraph 3(i) of this definition, the company must calculate its total consolidated assets in accordance with GAAP, or if the company does not calculate its total consolidated assets under GAAP for any regulatory purpose (including compliance with applicable securities laws), the company may estimate its total consolidated assets, subject to review and adjustment by the Board of Governors of the Federal Reserve System.

Covered nonbank company means a designated company that the Board of Governors of the Federal Reserve System has required by rule or order to comply with the requirements of 12 CFR part 249.

Credit facility means a legally binding agreement to extend funds if requested at a future date, including a general working capital facility such as a revolving credit facility for general corporate or working capital purposes. A credit facility does not include a legally binding written agreement to extend funds at a future date to a counterparty that is made for the purpose of refinancing the debt of the counterparty when it is unable to obtain a primary or anticipated source of funding. See liquidity facility.

Customer short position means a legally binding written agreement pursuant to which the customer must deliver to the FDIC-supervised institution a non-cash asset that the customer has already sold.

Deposit means "deposit" as defined in section 3(l) of the Federal Deposit Insurance Act (12 U.S.C. 1813(l)) or an equivalent liability of the FDIC-supervised institution in a jurisdiction outside of the United States.

Deposit insurance means deposit insurance provided by the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act (12 U.S.C. 1811 et seq.).

Derivative transaction means a financial contract whose value is derived from the values of one or more underlying assets, reference rates, or indices.
of asset values or reference rates. Derivative contracts include interest rate derivative contracts, exchange rate derivative contracts, equity derivative contracts, commodity derivative contracts, credit derivative contracts, forward contracts, and any other instrument that poses similar counterparty credit risks. Derivative contracts also include unsettled securities, commodities, and foreign currency exchange transactions with a contractual settlement or delivery lag that is longer than the lesser of the market standard for the particular instrument or five business days. A derivative does not include any identified banking product, as that term is defined in section 402(b) of the Legal Certainty for Bank Products Act of 2000 (7 U.S.C. 27(b)), that is subject to section 403(a) of that Act (7 U.S.C. 27a(a)).

Designated company means a company that the Financial Stability Oversight Council has determined under section 113 of the Dodd-Frank Act (12 U.S.C. 5323) shall be supervised by the Board of Governors of the Federal Reserve System and for which such determination is still in effect.

Eligible HQLA means a high-quality liquid asset that meets the requirements set forth in §329.22.

Fair value means fair value as determined under GAAP.

FDIC means the Federal Deposit Insurance Corporation.

FDIC-supervised institution means any state nonmember bank or state savings association.

Financial sector entity means an investment adviser, investment company, pension fund, non-regulated fund, regulated financial company, or identified company.

Foreign withdrawable reserves means a FDIC-supervised institution’s balances held by or on behalf of the FDIC-supervised institution at a foreign central bank that are not subject to restrictions on the FDIC-supervised institution’s ability to use the reserves.

GAAP means generally accepted accounting principles as used in the United States.

High-quality liquid asset (HQLA) means an asset that is a level 1 liquid asset, level 2A liquid asset, or level 2B liquid asset, in accordance with the criteria set forth in §329.20.

HQLA amount means the HQLA amount as calculated under §329.21.

Identified company means any company that the FDIC has determined should be treated for the purposes of this part the same as a regulated financial company, investment company, non-regulated fund, pension fund, or investment adviser, based on activities similar in scope, nature, or operations to those entities.

Individual means a natural person, and does not include a sole proprietorship.

Investment adviser means a company registered with the SEC as an investment adviser under the Investment Advisers Act of 1940 (15 U.S.C. 80b–1 et seq.) or foreign equivalents of such company.

Investment company means a person or company registered with the SEC under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) or foreign equivalents of such persons or companies.

Liquid and readily-marketable means, with respect to a security, that the security is traded in an active secondary market with:

1. More than two committed market makers;
2. A large number of non-market maker participants on both the buying and selling sides of transactions;
3. Timely and observable market prices; and
4. A high trading volume.

Liquidity facility means a legally binding written agreement to extend funds at a future date to a counterparty that is made for the purpose of refinancing the debt of the counterparty when it is unable to obtain a primary or anticipated source of funding. A liquidity facility includes an agreement to provide liquidity support to asset-backed commercial paper by lending to, or purchasing assets from, any structure, program or conduit in the event that funds are required to repay maturing asset-backed commercial paper. Liquidity facilities exclude facilities that are established
solely for the purpose of general working capital, such as revolving credit facilities for general corporate or working capital purposes. If a facility has characteristics of both credit and liquidity facilities, the facility must be classified as a liquidity facility. See credit facility.

_Multilateral development bank_ means the International Bank for Reconstruction and Development, the Multilateral Investment Guarantee Agency, the International Finance Corporation, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the European Investment Bank, the European Investment Fund, the Nordic Investment Bank, the Caribbean Development Bank, the Islamic Development Bank, the Council of Europe Development Bank, and any other entity that provides financing for national or regional development in which the U.S. government is a shareholder or contributing member or which the FDIC determines poses comparable risk.

_Non-regulated fund_ means any hedge fund or private equity fund whose investment adviser is required to file SEC Form PF (Reporting Form for Investment Advisers to Private Funds and Certain Commodity Pool Operators and Commodity Trading Advisors), other than a small business investment company as defined in section 102 of the Small Business Investment Act of 1958 (15 U.S.C. 661 et seq.).

_Nonperforming exposure_ means an exposure that is past due by more than 90 days or nonaccrual.

_Operational deposit_ means unsecured wholesale funding or a collateralized deposit that is necessary for the FDIC-supervised institution to provide operational services as an independent third-party intermediary, agent, or administrator to the wholesale customer or counterparty providing the unsecured wholesale funding or collateralized deposit. In order to recognize a deposit as an operational deposit for purposes of this part, an FDIC-supervised institution must comply with the requirements of §329.4(b) with respect to that deposit.

_Operational services_ means the following services, provided they are performed as part of cash management, clearing, or custody services:

1. Payment remittance;
2. Administration of payments and cash flows related to the safekeeping of investment assets, not including the purchase or sale of assets;
3. Payroll administration and control over the disbursement of funds;
4. Transmission, reconciliation, and confirmation of payment orders;
5. Daylight overdraft;
6. Determination of intra-day and final settlement positions;
7. Settlement of securities transactions;
8. Transfer of capital distributions and recurring contractual payments;
9. Customer subscriptions and redemptions;
10. Scheduled distribution of customer funds;
11. Escrow, funds transfer, stock transfer, and agency services, including payment and settlement services, payment of fees, taxes, and other expenses; and
12. Collection and aggregation of funds.

_Pension fund_ means an employee benefit plan as defined in paragraphs (3) and (32) of section 3 of the Employee Retirement Income and Security Act of 1974 (29 U.S.C. 1001 et seq.), a “governmental plan” (as defined in 29 U.S.C. 1002(32)) that complies with the tax deferral qualification requirements provided in the Internal Revenue Code, or any similar employee benefit plan established under the laws of a foreign jurisdiction.

_Public sector entity_ means a state, local authority, or other governmental subdivision below the U.S. sovereign entity level.

_Publicly traded_ means, with respect to an equity security, that the equity security is traded on:

1. Any exchange registered with the SEC as a national securities exchange under section 6 of the Securities Exchange Act of 1934 (15 U.S.C. 78f); or
2. Any non-U.S.-based securities exchange that:
   1. Is registered with, or approved by, a national securities regulatory authority; and
§ 329.3

(ii) Provides a liquid, two-way market for the security in question.

Qualifying master netting agreement means a written, legally enforceable agreement provided that:

(1) The agreement creates a single legal obligation for all individual transactions covered by the agreement upon an event of default following any stay permitted by paragraph (2) of this definition, including upon an event of receivership, insolvency, conservatorship, liquidation, or similar proceeding, of the counterparty;

(2) The agreement provides the FDIC-supervised institution the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default, including upon an event of receivership, conservatorship, insolvency, liquidation, or similar proceeding, of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions, other than:

(i) In receivership, conservatorship, or resolution under the Federal Deposit Insurance Act, Title II of the Dodd-Frank Act, or under any similar insolvency law applicable to GSEs, or laws of foreign jurisdictions that are substantially similar to the U.S. laws referenced in this paragraph (2)(i) in order to facilitate the orderly resolution of the defaulting counterparty; or

(ii) Where the agreement is subject by its terms to, or incorporates, any of the laws referenced in paragraph (2)(i) of this definition;

(3) The agreement does not contain a walkaway clause (that is, a provision that permits a non-defaulting counterparty to make a lower payment than it otherwise would make under the agreement, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the agreement); and

(4) In order to recognize an agreement as a qualifying master netting agreement for purposes of this subpart, an FDIC-supervised institution must comply with the requirements of §329.4(a) with respect to that agreement.

Reciprocal brokered deposit means a brokered deposit that an FDIC-supervised institution receives through a deposit placement network on a reciprocal basis, such that:

(1) For any deposit received, the FDIC-supervised institution (as agent for the depositors) places the same amount with other depository institutions through the network; and

(2) Each member of the network sets the interest rate to be paid on the entire amount of funds it places with other network members.

Regulated financial company means:

(1) A depository institution holding company or designated company;

(2) A company included in the organization chart of a depository institution holding company on the Form FR Y–6, as listed in the hierarchy report of the depository institution holding company produced by the National Information Center (NIC) Web site, provided that the top-tier depository institution holding company is subject to a minimum liquidity standard under 12 CFR part 249;

(3) A depository institution; foreign bank; credit union; industrial loan company, industrial bank, or other similar institution described in section 2 of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1841 et seq.); national bank, state member bank, or state non-member bank that is not a depository institution;

(4) An insurance company;

(5) A securities holding company as defined in section 618 of the Dodd-Frank Act (12 U.S.C. 1850a); broker or dealer registered with the SEC under section 15 of the Securities Exchange Act (15 U.S.C. 78o); futures commission merchant as defined in section 1a of the Commodity Exchange Act of 1936 (7 U.S.C. 1 et seq.); swap dealer as defined in section 1a of the Commodity Exchange Act (7 U.S.C. 1a); or security-
based swap dealer as defined in section 3 of the Securities Exchange Act (15 U.S.C. 78c);

(6) A designated financial market utility, as defined in section 803 of the Dodd-Frank Act (12 U.S.C. 5462); and

(7) Any company not domiciled in the United States (or a political subdivision thereof) that is supervised and regulated in a manner similar to entities described in paragraphs (1) through (6) of this definition (e.g., a foreign banking organization, foreign insurance company, foreign securities broker or dealer or foreign financial market utility).

(8) A regulated financial company does not include:

(i) U.S. government-sponsored enterprises;

(ii) Small business investment companies, as defined in section 102 of the Small Business Investment Act of 1958 (15 U.S.C. 661 et seq.);

(iii) Entities designated as Community Development Financial Institutions (CDFIs) under 12 U.S.C. 4701 et seq. and 12 CFR part 1805; or

(iv) Central banks, the Bank for International Settlements, the International Monetary Fund, or multilateral development banks.

_Reserve Bank balances_ means:

(1) Balances held in a master account of the FDIC-supervised institution at a Federal Reserve Bank, less any balances that are attributable to any respondent of the FDIC-supervised institution if the FDIC-supervised institution is a correspondent for a pass-through account as defined in section 204.2(l) of Regulation D (12 CFR 204.2(l));

(2) Balances held in a master account of a correspondent of the FDIC-supervised institution that are attributable to the FDIC-supervised institution if the FDIC-supervised institution is a respondent for a pass-through account as defined in section 204.2(l) of Regulation D;

(3) “Excess balances” of the FDIC-supervised institution as defined in section 204.2(aa) of Regulation D (12 CFR 204.2(aa)) if the FDIC-supervised institution is an excess balance account participant; or

(4) “Term deposits” of the FDIC-supervised institution as defined in section 204.2(dd) of Regulation D (12 CFR 204.2(dd)) if such term deposits are offered and maintained pursuant to terms and conditions that:

(i) Explicitly and contractually permit such term deposits to be withdrawn upon demand prior to the expiration of the term, or that

(ii) Permit such term deposits to be pledged as collateral for term or automatically-renewing overnight advances from the Federal Reserve Bank.

_Retail customer or counterparty_ means a customer or counterparty that is:

(1) An individual;

(2) A business customer, but solely if and to the extent that:

(i) The FDIC-supervised institution manages its transactions with the business customer, including deposits, unsecured funding, and credit facility and liquidity facility transactions, in the same way it manages its transactions with individuals;

(ii) Transactions with the business customer have liquidity risk characteristics that are similar to comparable transactions with individuals; and

(iii) The total aggregate funding raised from the business customer is less than $1.5 million; or

(3) A living or testamentary trust that:

(i) Is solely for the benefit of natural persons;

(ii) Does not have a corporate trustee; and

(iii) Terminates within 21 years and 10 months after the death of grantors or beneficiaries of the trust living on the effective date of the trust or within 25 years, if applicable under state law.

_Retail deposit_ means a demand or term deposit that is placed with the FDIC-supervised institution by a retail customer or counterparty, other than a brokered deposit.

_Retail mortgage_ means a mortgage that is primarily secured by a first or subsequent lien on one-to-four family residential property.

_Savings and loan holding company_ means a savings and loan holding company as defined in section 10 of the

SEC means the Securities and Exchange Commission.

Secured funding transaction means any funding transaction that is subject to a legally binding agreement as of the calculation date and gives rise to a cash obligation of the FDIC-supervised institution to a counterparty that is secured under applicable law by a lien on assets owned by the FDIC-supervised institution, which gives the counterparty, as holder of the lien, priority over the assets in the event the FDIC-supervised institution enters into receivership, bankruptcy, insolvency, liquidation, resolution, or similar proceeding. Secured funding transactions include repurchase transactions, loans of collateral to the FDIC-supervised institution’s customers to effect short positions, other secured loans, and borrowings from a Federal Reserve Bank.

Secured lending transaction means any lending transaction that is subject to a legally binding agreement of the calculation date and gives rise to a cash obligation of a counterparty to the FDIC-supervised institution that is secured under applicable law by a lien on assets owned by the counterparty, which gives the FDIC-supervised institution, as holder of the lien, priority over the assets in the event the counterparty enters into receivership, bankruptcy, insolvency, liquidation, resolution, or similar proceeding, including reverse repurchase transactions and securities borrowing transactions.

Sovereign entity means a central government (including the U.S. government) or an agency, department, ministry, or central bank of a central government.

Special purpose entity means a company organized for a specific purpose, the activities of which are significantly limited to those appropriate to accomplish a specific purpose, and the structure of which is intended to isolate the credit risk of the special purpose entity.

Stable retail deposit means a retail deposit that is entirely covered by deposit insurance and:

1. Is held by the depositor in a transactional account; or
2. The depositor that holds the account has another established relationship with the FDIC-supervised institution such as another deposit account, a loan, bill payment services, or any similar service or product provided to the depositor that the FDIC-supervised institution demonstrates to the satisfaction of the FDIC would make deposit withdrawal highly unlikely during a liquidity stress event.

Structured security means a security whose cash flow characteristics depend upon one or more indices or that has embedded forwards, options, or other derivatives or a security where an investor’s investment return and the issuer’s payment obligations are contingent on, or highly sensitive to, changes in the value of underlying assets, indices, interest rates, or cash flows.

Structured transaction means a secured transaction in which repayment of obligations and other exposures to the transaction is largely derived, directly or indirectly, from the cash flow generated by the pool of assets that secures the obligations and other exposures to the transaction.

Two-way market means a market where there are independent bona fide offers to buy and sell so that a price reasonably related to the last sales price or current bona fide competitive bid and offer quotations can be determined within one day and settled at that price within a relatively short time frame conforming to trade custom.

U.S. government-sponsored enterprise means an entity established or chartered by the Federal government to serve public purposes specified by the United States Congress, but whose debt obligations are not explicitly guaranteed by the full faith and credit of the United States government.

Unsecured wholesale funding means a liability or general obligation of the FDIC-supervised institution to a wholesale customer or counterparty that is not secured under applicable law by a lien on assets owned by the...
§ 329.4 Certain operational requirements.

(a) Qualifying master netting agreements. In order to recognize an agreement as a qualifying master netting agreement as defined in §329.3, an FDIC-supervised institution must:

(1) Conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that:

(i) The agreement meets the requirements of the definition of qualifying master netting agreement in §329.3; and

(ii) In the event of a legal challenge (including one resulting from default or from receivership, bankruptcy, insolvency, liquidation, resolution, or similar proceeding) the relevant judicial and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions; and

(2) Establish and maintain written procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of the definition of qualifying master netting agreement in §329.3; and

(b) Operational deposits. In order to recognize a deposit as an operational deposit as defined in §329.3:

(1) The related operational services must be performed pursuant to a legally binding written agreement, and:

(i) The termination of the agreement must be subject to a minimum 30 calendar-day notice period; or

(ii) As a result of termination of the agreement or transfer of services to a third-party provider, the customer providing the deposit would incur significant contractual termination costs or switching costs (switching costs include significant technology, administrative, and legal service costs incurred in connection with the transfer of the operational services to a third-party provider);

(2) The deposit must be held in an account designated as an operational account;

(3) The customer must hold the deposit at the FDIC-supervised institution for the primary purpose of obtaining the operational services provided by the FDIC-supervised institution;

(4) The deposit account must not be designed to create an economic incentive for the customer to maintain excess funds therein through increased revenue, reduction in fees, or other offered economic incentives;

(5) The FDIC-supervised institution must demonstrate that the deposit is empirically linked to the operational services and that it has a methodology that takes into account the volatility of the average balance for identifying any excess amount, which must be excluded from the operational deposit amount;

(6) The deposit must not be provided in connection with the FDIC-supervised institution’s provision of prime brokerage services, which, for the purposes of this part, are a package of services offered by the FDIC-supervised institution whereby the FDIC-supervised institution, among other services, executes, clears, settles, and finances transactions entered into by the customer or a third-party entity on behalf of the customer (such as an executing broker), and where the FDIC-supervised institution has a right to use or rehypothecate assets provided by the customer, including in connection with the extension of margin and other similar financing of the customer, subject to applicable law, and includes operational services provided to a non-regulated fund; and

(7) The deposits must not be for arrangements in which the FDIC-supervised institution (as correspondent) holds deposits owned by another depository institution bank (as respondent) and the respondent temporarily places excess funds in an overnight deposit with the FDIC-supervised institution.
§ 329.10 Liquidity coverage ratio.

(a) Minimum liquidity coverage ratio requirement. Subject to the transition provisions in subpart F of this part, an FDIC-supervised institution must calculate and maintain a liquidity coverage ratio that is equal to or greater than 1.0 on each business day in accordance with this part. An FDIC-supervised institution must calculate its liquidity coverage ratio as of the same time on each business day (elected calculation time). The FDIC-supervised institution must select this time by written notice to the FDIC prior to the effective date of this rule. The FDIC-supervised institution may not thereafter change its elected calculation time without prior written approval from the FDIC.

(b) Calculation of the liquidity coverage ratio. A FDIC-supervised institution’s liquidity coverage ratio equals:

(1) The FDIC-supervised institution’s HQLA amount as of the calculation date, calculated under subpart C of this part; divided by

(2) The FDIC-supervised institution’s total net cash outflow amount as of the calculation date, calculated under subpart D of this part.

Subpart C—High-Quality Liquid Assets

§ 329.20 High-quality liquid asset criteria.

(a) Level 1 liquid assets. An asset is a level 1 liquid asset if it is one of the following types of assets:

(1) Reserve Bank balances;

(2) Foreign withdrawable reserves;

(3) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury;

(4) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, a U.S. government agency (other than the U.S. Department of the Treasury) whose obligations are fully and explicitly guaranteed by the full faith and credit of the U.S. government, provided that the security is liquid and readily-marketable;

(5) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, a sovereign entity, the Bank for International Settlements, the International Monetary Fund, the European Central Bank, European Community, or a multilateral development bank, that is:

(i) Assigned a zero percent risk weight under subpart D of 12 CFR part 324 as of the calculation date;

(ii) Liquid and readily-marketable;

(iii) Issued or guaranteed by an entity whose obligations have a proven record as a reliable source of liquidity in repurchase or sales markets during stressed market conditions; and

(iv) Not an obligation of a financial sector entity and not an obligation of a consolidated subsidiary of a financial sector entity; or

(6) A security issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, a sovereign entity that is not assigned a zero percent risk weight under subpart D of 12 CFR part 324, where the sovereign entity issues the security in its own currency, the security is liquid and readily-marketable, and the FDIC-supervised institution holds the security in order to meet its net cash outflows in the jurisdiction of the sovereign entity, as calculated under subpart D of this part.

(b) Level 2A liquid assets. An asset is a level 2A liquid asset if the asset is liquid and readily-marketable and is one of the following types of assets:

(1) A security issued by, or guaranteed as to the timely payment of principal and interest by, a U.S. government-sponsored enterprise, that is investment grade under 12 CFR part 1 as of the calculation date, provided that the claim is senior to preferred stock; or

(2) A security that is issued by, or guaranteed as to the timely payment of principal and interest by, a sovereign entity or multilateral development bank that is:

(i) Not included in level 1 liquid assets;
Federal Deposit Insurance Corporation § 329.20

(ii) Assigned no higher than a 20 percent risk weight under subpart D of 12 CFR part 324 as of the calculation date;

(iii) Issued or guaranteed by an entity whose obligations have a proven record as a reliable source of liquidity in repurchase or sales markets during stressed market conditions, as demonstrated by:

(A) The market price of the security or equivalent securities of the issuer declining by no more than 10 percent during a 30 calendar-day period of significant stress, or

(B) The market haircut demanded by counterparties to secured lending and secured funding transactions that are collateralized by the security or equivalent securities of the issuer increasing by no more than 10 percentage points during a 30 calendar-day period of significant stress; and

(iv) Not an obligation of a financial sector entity, and not an obligation of a consolidated subsidiary of a financial sector entity.

(c) Level 2B liquid assets. An asset is a level 2B liquid asset if the asset is liquid and readily-marketable and is one of the following types of assets:

(1) A corporate debt security that is:

(i) Investment grade under 12 CFR part 1 as of the calculation date;

(ii) Issued or guaranteed by an entity whose obligations have a proven record as a reliable source of liquidity in repurchase or sales markets during stressed market conditions, as demonstrated by:

(A) The market price of the corporate debt security or equivalent securities of the issuer declining by no more than 20 percent during a 30 calendar-day period of significant stress, or

(B) The market haircut demanded by counterparties to secured lending and secured funding transactions that are collateralized by the corporate debt security or equivalent securities of the issuer increasing by no more than 20 percentage points during a 30 calendar-day period of significant stress; and

(iv) Not an obligation of a financial sector entity and not issued by a consolidated subsidiary of a financial sector entity; or

(2) A publicly traded common equity share that is:

(i) Included in:

(A) The Russell 1000 Index; or

(B) An index that an FDIC-supervised institution supervisor in a foreign jurisdiction recognizes for purposes of including equity shares in level 2B liquid assets under applicable regulatory policy, if the share is held in that foreign jurisdiction;

(ii) Issued in:

(A) U.S. dollars; or

(B) The currency of a jurisdiction where the FDIC-supervised institution operates and the FDIC-supervised institution holds the common equity share in order to cover its net cash outflows in that jurisdiction, as calculated under subpart D of this part;

(iii) Issued by an entity whose publicly traded common equity shares have a proven record as a reliable source of liquidity in repurchase or sales markets during stressed market conditions, as demonstrated by:

(A) The market price of the security or equivalent securities of the issuer declining by no more than 40 percent during a 30 calendar-day period of significant stress, or

(B) The market haircut demanded by counterparties to securities borrowing and lending transactions that are collateralized by the publicly traded common equity shares or equivalent securities of the issuer increasing by no more than 40 percentage points, during a 30 calendar day period of significant stress;

(iv) Not issued by a financial sector entity and not issued by a consolidated subsidiary of a financial sector entity;

(v) If held by a depository institution, is not acquired in satisfaction of a debt previously contracted (DPC); and

(vi) If held by a consolidated subsidiary of a depository institution, the depository institution can include the publicly traded common equity share in its level 2B liquid assets only if the share is held to cover net cash outflows of the depository institution’s consolidated subsidiary in which the publicly traded common equity share is held, as calculated by the FDIC-supervised institution under subpart D of this part.
§ 329.21 High-quality liquid asset amount.

(a) Calculation of the HQLA amount. As of the calculation date, a FDIC-supervised institution’s HQLA amount equals:

(1) The level 1 liquid asset amount; plus

(2) The level 2A liquid asset amount; plus

(3) The level 2B liquid asset amount; minus

(4) The greater of:

(i) The unadjusted excess HQLA amount; and

(ii) The adjusted excess HQLA amount.

(b) Calculation of liquid asset amounts.

(1) Level 1 liquid asset amount. The level 1 liquid asset amount equals the fair value of all level 1 liquid assets held by the FDIC-supervised institution as of the calculation date that are eligible HQLA, less the amount of the reserve balance requirement under section 204.5 of Regulation D (12 CFR 204.5).

(2) Level 2A liquid asset amount. The level 2A liquid asset amount equals 85 percent of the fair value of all level 2A liquid assets held by the FDIC-supervised institution as of the calculation date that are eligible HQLA.

(3) Level 2B liquid asset amount. The level 2B liquid asset amount equals 50 percent of the fair value of all level 2B liquid assets held by the FDIC-supervised institution as of the calculation date that are eligible HQLA.

(c) Calculation of the unadjusted excess HQLA amount. As of the calculation date, the unadjusted excess HQLA amount equals:

(1) The level 2 cap excess amount; plus

(2) The level 2B cap excess amount.

(d) Calculation of the level 2 cap excess amount. As of the calculation date, the level 2 cap excess amount equals the greater of:

(1) The level 2A liquid asset amount plus the level 2B liquid asset amount minus 0.6667 times the level 1 liquid asset amount; and

(2) 0.

(e) Calculation of the level 2B cap excess amount. As of the calculation date, the level 2B excess amount equals the greater of:

(1) The level 2B liquid asset amount minus the level 2 cap excess amount minus 0.1765 times the sum of the levels 1 and 2A liquid asset amounts; and

(2) 0.

(f) Calculation of adjusted liquid asset amounts. (1) Adjusted level 1 liquid asset amount. A FDIC-supervised institution’s adjusted level 1 liquid asset amount equals the fair value of all level 1 liquid assets that would be eligible HQLA and would be held by the FDIC-supervised institution upon the unwind of any secured funding transaction (other than a collateralized deposit), secured lending transaction, asset exchange, or collateralized derivatives transaction that matures within 30 calendar days of the calculation date where the FDIC-supervised institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that will be eligible HQLA; less the amount of the reserve balance requirement under section 204.5 of Regulation D (12 CFR 204.5).

(2) Adjusted level 2A liquid asset amount. A FDIC-supervised institution’s adjusted level 2A liquid asset amount equals 85 percent of the fair value of all level 2A liquid assets that would be eligible HQLA and would be held by the FDIC-supervised institution upon the unwind of any secured funding transaction (other than a collateralized deposit), secured lending transaction, asset exchange, or collateralized derivatives transaction that matures within 30 calendar days of the calculation date where the FDIC-supervised institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that will be eligible HQLA.

(3) Adjusted level 2B liquid asset amount. A FDIC-supervised institution’s adjusted level 2B liquid asset amount equals 50 percent of the fair value of all level 2B liquid assets that would be eligible HQLA and would be held by the FDIC-supervised institution upon the unwind of any secured funding transaction (other than a collateralized deposit), secured lending transaction, asset exchange, or collateralized derivatives transaction that matures within 30 calendar days of the calculation date where the FDIC-supervised institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that will be eligible HQLA; less the amount of the reserve balance requirement under section 204.5 of Regulation D (12 CFR 204.5).
of the calculation date where the FDIC-supervised institution will provide an asset that is eligible HQLA and the counterparty will provide an asset that will be eligible HQLA.

(g) Calculation of the adjusted excess HQLA amount. As of the calculation date, the adjusted excess HQLA amount equals:

(1) The adjusted level 2 cap excess amount; plus
(2) The adjusted level 2B cap excess amount.

(h) Calculation of the adjusted level 2 cap excess amount. As of the calculation date, the adjusted level 2 cap excess amount equals the greater of:

(1) The adjusted level 2A liquid asset amount plus the adjusted level 2B liquid asset amount minus 0.6667 times the adjusted level 1 liquid asset amount; and
(2) 0.

(i) Calculation of the adjusted level 2B excess amount. As of the calculation date, the adjusted level 2B excess liquid asset amount equals the greater of:

(1) The adjusted level 2B liquid asset amount minus the adjusted level 2 cap excess amount minus 0.1765 times the sum of the adjusted level 1 liquid asset amount and the adjusted level 2A liquid asset amount; and
(2) 0.

§ 329.22 Requirements for eligible high-quality liquid assets.

(a) Operational requirements for eligible HQLA. With respect to each asset that is eligible for inclusion in a FDIC-supervised institution’s HQLA amount, an FDIC-supervised institution must meet all of the following operational requirements:

(1) The FDIC-supervised institution must demonstrate the operational capability to monetize the HQLA by:

(i) Implementing and maintaining appropriate procedures and systems to monetize any HQLA at any time in accordance with relevant standard settlement periods and procedures; and
(ii) Periodically monetizing a sample of HQLA that reasonably reflects the composition of the FDIC-supervised institution’s eligible HQLA, including with respect to asset type, maturity, and counterparty characteristics;

(2) The FDIC-supervised institution in its place wherever it appears, must implement policies that require eligible HQLA to be under the control of the management function in the FDIC-supervised institution in its place wherever it appears, that is charged with managing liquidity risk, and this management function must evidence its control over the HQLA by either:

(i) Segregating the HQLA from other assets, with the sole intent to use the HQLA as a source of liquidity; or
(ii) Demonstrating the ability to monetize the assets and making the proceeds available to the liquidity management function without conflicting with a business or risk management strategy of the FDIC-supervised institution in its place wherever it appears;

(3) The fair value of the eligible HQLA must be reduced by the outflow amount that would result from the termination of any specific transaction hedging eligible HQLA;

(4) The FDIC-supervised institution in its place wherever it appears, must implement and maintain policies and procedures that determine the composition of its eligible HQLA on each calculation date, by:

(i) Identifying its eligible HQLA by legal entity, geographical location, currency, account, or other relevant identifying factors as of the calculation date;
(ii) Determining that eligible HQLA meet the criteria set forth in this section; and
(iii) Ensuring the appropriate diversification of the eligible HQLA by asset type, counterparty, issuer, currency, borrowing capacity, or other factors associated with the liquidity risk of the assets; and

(5) The FDIC-supervised institution in its place wherever it appears, must have a documented methodology that results in a consistent treatment for determining that the FDIC-supervised institutions eligible HQLA meet the requirements set forth in this section.

(b) Generally applicable criteria for eligible HQLA. A FDIC-supervised institutions eligible HQLA must meet all of the following criteria:

(1) The assets are unencumbered in accordance with the following criteria:
(i) The assets are free of legal, regulatory, contractual, or other restrictions on the ability of the FDIC-supervised institution to monetize the assets; and

(ii) The assets are not pledged, explicitly or implicitly, to secure or to provide credit enhancement to any transaction, but the assets may be considered unencumbered if the assets are pledged to a central bank or a U.S. government-sponsored enterprise where:

(A) Potential credit secured by the assets is not currently extended to the FDIC-supervised institution or its consolidated subsidiaries; and

(B) The pledged assets are not required to support access to the payment services of a central bank;

(2) The asset is not:

(i) A client pool security held in a segregated account; or

(ii) An asset received from a secured funding transaction involving client pool securities that were held in a segregated account;

(3) For eligible HQLA held in a legal entity that is a U.S. consolidated subsidiary of an FDIC-supervised institution:

(i) If the U.S. consolidated subsidiary is subject to a minimum liquidity standard under this part, the FDIC-supervised institution may include the eligible HQLA of the U.S. consolidated subsidiary in its HQLA amount up to:

(A) The amount of net cash outflows of the U.S. consolidated subsidiary calculated by the U.S. consolidated subsidiary for its own minimum liquidity standard under this part; plus

(B) Any additional amount of assets, including proceeds from the monetization of assets, that would be available for transfer to the top-tier FDIC-supervised institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions, including sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 12 U.S.C. 371c–1) and Regulation W (12 CFR part 223);

(ii) If the U.S. consolidated subsidiary is not subject to a minimum liquidity standard under this part, the FDIC-supervised institution may include the eligible HQLA of the U.S. consolidated subsidiary in its HQLA amount up to:

(A) The amount of net cash outflows of the U.S. consolidated subsidiary as of the 30th calendar day after the calculation date, as calculated by the FDIC-supervised institution for the FDIC-supervised institution’s minimum liquidity standard under this part; plus

(B) Any additional amount of assets, including proceeds from the monetization of assets, that would be available for transfer to the top-tier FDIC-supervised institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions, including sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 12 U.S.C. 371c–1) and Regulation W (12 CFR part 223);

(4) For HQLA held by a consolidated subsidiary of the FDIC-supervised institution that is organized under the laws of a foreign jurisdiction, the FDIC-supervised institution may include the eligible HQLA of the consolidated subsidiary organized under the laws of a foreign jurisdiction in its HQLA amount up to:

(i) The amount of net cash outflows of the consolidated subsidiary as of the 30th calendar day after the calculation date, as calculated by the FDIC-supervised institution for the consolidated subsidiary under this part; plus

(ii) Any additional amount of assets that are available for transfer to the top-tier FDIC-supervised institution during times of stress without statutory, regulatory, contractual, or supervisory restrictions;

(5) The FDIC-supervised institution must not include as eligible HQLA any assets, or HQLA resulting from transactions involving an asset that the FDIC-supervised institution received with rehypothecation rights, if the counterparty that provided the asset or the beneficial owner of the asset has a contractual right to withdraw the assets without an obligation to pay more than de minimis remuneration at any time during the 30 calendar days following the calculation date; and

(6) The FDIC-supervised institution has not designated the assets to cover operational costs.
(c) Maintenance of U.S. eligible HQLA. An FDIC-supervised institution is generally expected to maintain as eligible HQLA an amount and type of eligible HQLA in the United States that is sufficient to meet its total net cash outflow amount in the United States under subpart D of this part.

Subpart D—Total Net Cash Outflow

§ 329.30 Total net cash outflow amount.

(a) Calculation of total net cash outflow amount. As of the calculation date, a FDIC-supervised institution’s total net cash outflow amount equals:

(1) The sum of the outflow amounts calculated under § 329.32(a) through (l); minus

(2) The lesser of:

(i) The sum of the inflow amounts calculated under § 329.33(b) through (g); and

(ii) 75 percent of the amount calculated under paragraph (a)(1) of this section; plus

(3) The maturity mismatch add-on as calculated under paragraph (b) of this section.

(b) Calculation of maturity mismatch add-on. (1) For purposes of this section:

(i) The net cumulative maturity outflow amount for any of the 30 calendar days following the calculation date is equal to the sum of the outflow amounts for instruments or transactions identified in § 329.32(g), (h)(1), (h)(2), (h)(5), (j), (k), and (l) that have a maturity date prior to or on that calendar day minus the sum of the inflow amounts for instruments or transactions identified in § 329.33(c), (d), (e), and (f) that have a maturity date prior to or on that calendar day.

(ii) The net day 30 cumulative maturity outflow amount is equal to, as of the 30th day following the calculation date, the sum of the outflow amounts for instruments or transactions identified in § 329.32(g), (h)(1), (h)(2), (h)(5), (j), (k), and (l) that have a maturity date 30 calendar days or less from the calculation date minus the sum of the inflow amounts for instruments or transactions identified in § 329.33(c), (d), (e), and (f) that have a maturity date 30 calendar days or less from the calculation date.

(2) As of the calculation date, a FDIC-supervised institution’s maturity mismatch add-on is equal to:

(i) The greater of:

(A) 0; and

(B) The largest net cumulative maturity outflow amount as calculated under paragraph (b)(1)(i) of this section for any of the 30 calendar days following the calculation date; minus

(ii) The greater of:

(A) 0; and

(B) The net day 30 cumulative maturity outflow amount as calculated under paragraph (b)(1)(ii) of this section.

(3) Other than the transactions identified in § 329.32(h)(2), (h)(5), or (j) or § 329.33(d) or (f), the maturity of which is determined under § 329.31(a), transactions that have no maturity date are not included in the calculation of the maturity mismatch add-on.

§ 329.31 Determining maturity.

(a) For purposes of calculating its liquidity coverage ratio and the components thereof under this subpart, an FDIC-supervised institution shall assume an asset or transaction matures:

(1) With respect to an instrument or transaction subject to § 329.32, on the earliest possible contractual maturity date or the earliest possible date the transaction could occur, taking into account any option that could accelerate the maturity date or the date of the transaction as follows:

(i) If an investor or funds provider has an option that would reduce the maturity, the FDIC-supervised institution must assume that the investor or funds provider will exercise the option at the earliest possible date;

(ii) If an investor or funds provider has an option that would extend the maturity, the FDIC-supervised institution must assume that the investor or funds provider will not exercise the option to extend the maturity;

(iii) If the FDIC-supervised institution has an option that would reduce the maturity of an obligation, the FDIC-supervised institution must assume that the FDIC-supervised institution will exercise the option at the earliest possible date, except if either of
the following criteria are satisfied, in which case the maturity of the obligation for purposes of this part will be the original maturity date at issuance:

(A) The original maturity of the obligation is greater than one year and the option does not go into effect for a period of 180 days following the issuance of the instrument; or

(B) The counterparty is a sovereign entity, a U.S. government-sponsored enterprise, or a public sector entity.

(iv) If the FDIC-supervised institution has an option that would extend the maturity of an obligation it issued, the FDIC-supervised institution must assume the FDIC-supervised institution will not exercise that option to extend the maturity; and

(v) If an option is subject to a contractually defined notice period, the FDIC-supervised institution must determine the earliest possible contractual maturity date regardless of the notice period.

(2) With respect to an instrument or transaction subject to §329.33, on the latest possible contractual maturity date or the latest possible date the transaction could occur, taking into account any option that could extend the maturity or the date of the transaction as follows:

(i) If the borrower has an option that would extend the maturity, the FDIC-supervised institution must assume that the borrower will exercise the option to extend the maturity to the latest possible date;

(ii) If the borrower has an option that would reduce the maturity, the FDIC-supervised institution must assume that the borrower will not exercise the option to reduce the maturity;

(iii) If the FDIC-supervised institution has an option that would reduce the maturity of an instrument or transaction, the FDIC-supervised institution must assume the FDIC-supervised institution will not exercise the option to extend the maturity;

(iv) If the FDIC-supervised institution has an option that would extend the maturity of an instrument or transaction, the FDIC-supervised institution must assume the FDIC-supervised institution will exercise the option to extend the maturity to the latest possible date; and

(v) If an option is subject to a contractually defined notice period, the FDIC-supervised institution must determine the latest possible contractual maturity date based on the borrower using the entire notice period.

(3) With respect to a transaction subject to §329.33(f)(1)(iii) through (vii) (secured lending transactions) or §329.33(f)(2)(ii) through (x) (asset exchanges), to the extent the transaction is secured by collateral that has been pledged in connection with either a secured lending transaction or asset exchange that has a remaining maturity of 30 calendar days or less as of the calculation date, the maturity date is the later of the maturity date determined under paragraph (a)(2) of this section for the secured lending transaction or asset exchange or the maturity date determined under paragraph (a)(1) of this section for the secured funding transaction or asset exchange for which the collateral has been pledged.

(4) With respect to a transaction that has no maturity date, is not an operational deposit, and is subject to the provisions of §329.32(h)(2), (h)(5), (j), or (k) or §329.33(d) or (f), the maturity date is the first calendar day after the calculation date. Any other transaction that has no maturity date and is subject to the provisions of §329.32 must be considered to mature within 30 calendar days of the calculation date.

(5) With respect to a transaction subject to the provisions of §329.33(g), on the date of the next scheduled calculation of the amount required under applicable legal requirements for the protection of customer assets with respect to each broker-dealer segregated account, in accordance with the FDIC-supervised institution's normal frequency of recalculating such requirements.

(b) [Reserved]

§329.32 Outflow amounts.

(a) Retail funding outflow amount. A FDIC-supervised institution’s retail funding outflow amount as of the calculation date includes (regardless of maturity or collateralization):

(1) 3 percent of all stable retail deposits held at the FDIC-supervised institution;
Federal Deposit Insurance Corporation

§ 329.32

(2) 10 percent of all other retail deposits held at the FDIC-supervised institution;

(3) 20 percent of all deposits placed at the FDIC-supervised institution by a third party on behalf of a retail customer or counterparty that are not brokered deposits, where the retail customer or counterparty owns the account and the entire amount is covered by deposit insurance;

(4) 40 percent of all deposits placed at the FDIC-supervised institution by a third party on behalf of a retail customer or counterparty that are not brokered deposits, where the retail customer or counterparty owns the account and where less than the entire amount is covered by deposit insurance; and

(5) 40 percent of all funding from a retail customer or counterparty that is not:

(i) A retail deposit;

(ii) A brokered deposit provided by a retail customer or counterparty; or

(iii) A debt instrument issued by the FDIC-supervised institution that is owned by a retail customer or counterparty (see paragraph (h)(2)(ii) of this section).

(b) Structured transaction outflow amount. If the FDIC-supervised institution is a sponsor of a structured transaction where the issuing entity is not consolidated on the FDIC-supervised institution’s balance sheet under GAAP, the structured transaction outflow amount for each such structured transaction as of the calculation date is the greater of:

(1) 100 percent of the amount of all debt obligations of the issuing entity that mature 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (c)(2) of this section, less the contractual payments and collateral that the FDIC-supervised institution will make or deliver to the counterparty 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (c)(2) of this section, provided that the derivative transactions are subject to a qualifying master netting agreement; and

(2) The maximum contractual amount of funding the FDIC-supervised institution may be required to provide to the counterparty 30 calendar days or less from the calculation date through a liquidity facility, a return or repurchase of assets from the issuing entity, or other funding agreement.

(c) Net derivative cash outflow amount. The net derivative cash outflow amount as of the calculation date is the sum of the net derivative cash outflow amount for each counterparty.

(d) Mortgage commitment outflow amount. The mortgage commitment outflow amount as of a calculation date is 10 percent of the amount of funds the FDIC-supervised institution has contractually committed for its own origination of retail mortgages that can be drawn upon 30 calendar days or less from such calculation date.
(e) Commitment outflow amount. (1) A FDIC-supervised institution’s commitment outflow amount as of the calculation date includes:

(i) Zero percent of the undrawn amount of all committed credit and liquidity facilities extended by an FDIC-supervised institution to an affiliated depository institution to an affiliated depository institution that is subject to a minimum liquidity standard under this part;

(ii) 5 percent of the undrawn amount of all committed credit and liquidity facilities extended by the an FDIC-supervised institution to retail customers or counterparties;

(iii) 10 percent of the undrawn amount of all committed credit facilities extended by the an FDIC-supervised institution to a wholesale customer or counterparty that is not a financial sector entity or a consolidated subsidiary thereof, including a special purpose entity (other than those described in paragraph (e)(1)(viii) of this section) that is a consolidated subsidiary of such wholesale customer or counterparty;

(iv) 30 percent of the undrawn amount of all committed liquidity facilities extended by the an FDIC-supervised institution to a wholesale customer or counterparty that is not a financial sector entity or a consolidated subsidiary thereof, including a special purpose entity (other than those described in paragraph (e)(1)(viii) of this section) that is a consolidated subsidiary of such wholesale customer or counterparty;

(v) 50 percent of the undrawn amount of all committed credit and liquidity facilities extended by the an FDIC-supervised institution to a wholesale customer or counterparty that is not a financial sector entity or a consolidated subsidiary thereof, including a special purpose entity (other than those described in paragraph (e)(1)(viii) of this section) that is a consolidated subsidiary of such wholesale customer or counterparty;

(vi) 40 percent of the undrawn amount of all committed credit facilities extended by the an FDIC-supervised institution to a financial sector entity or a consolidated subsidiary thereof, including a special purpose entity (other than those described in paragraph (e)(1)(viii) of this section) that is a consolidated subsidiary of a financial sector entity, but excluding other commitments described in paragraph (e)(1)(i) or (v) of this section;

(vii) 100 percent of the undrawn amount of all committed liquidity facilities extended by the an FDIC-supervised institution to a financial sector entity or a consolidated subsidiary thereof, including a special purpose entity (other than those described in paragraph (e)(1)(viii) of this section) that is a consolidated subsidiary of a financial sector entity, but excluding other commitments described in paragraph (e)(1)(i) or (v) of this section and liquidity facilities included in paragraph (b)(2) of this section;

(viii) 100 percent of the undrawn amount of all committed credit and liquidity facilities extended to a special purpose entity that issues or has issued commercial paper or securities (other than equity securities issued to a company of which the special purpose entity is a consolidated subsidiary) to finance its purchases or operations, and excluding liquidity facilities included in paragraph (b)(2) of this section; and

(ix) 100 percent of the undrawn amount of all other committed credit or liquidity facilities extended by the an FDIC-supervised institution.

(2) For the purposes of this paragraph (e), the undrawn amount of a committed credit facility or committed liquidity facility is the entire unused amount of the facility that could be drawn upon within 30 calendar days of the calculation date under the governing agreement, less the amount of level 1 liquid assets and the amount of level 2A liquid assets securing the facility.

(3) For the purposes of this paragraph (e), the amount of level 1 liquid assets and level 2A liquid assets securing a committed credit or liquidity facility is the fair value of level 1 liquid assets and 85 percent of the fair value of level 2A liquid assets that are required to be pledged as collateral by the counterparty to secure the facility, provided that:

(i) The assets pledged upon a draw on the facility would be eligible HQLA; and

(ii) The FDIC-supervised institution has not included the assets as eligible HQLA under subpart C of this part as of the calculation date.
(f) Collateral outflow amount. The collateral outflow amount as of the calculation date includes:

(1) Changes in financial condition. 100 percent of all additional amounts of collateral the FDIC-supervised institution could be contractually required to pledge or to fund under the terms of any transaction as a result of a change in the FDIC-supervised institution’s financial condition;

(2) Derivative collateral potential valuation changes. 20 percent of the fair value of any collateral securing a derivative transaction pledged to a counterparty by the FDIC-supervised institution that is not a level 1 liquid asset;

(3) Potential derivative valuation changes. The absolute value of the largest 30-consecutive calendar day cumulative net mark-to-market collateral outflow or inflow realized during the preceding 24 months resulting from derivative transaction valuation changes;

(4) Excess collateral. 100 percent of the fair value of collateral that:
   (i) The FDIC-supervised institution could be required by contract to return to a counterparty because the collateral pledged to the FDIC-supervised institution exceeds the current collateral requirement of the counterparty under the governing contract;
   (ii) Is not segregated from the FDIC-supervised institution’s other assets such that it cannot be rehypothecated; and
   (iii) Is not already excluded as eligible HQLA by the FDIC-supervised institution under §329.22(b)(5);

(5) Contractually required collateral. 100 percent of the fair value of collateral that the FDIC-supervised institution is contractually required to pledge to a counterparty and, as of such calculation date, the FDIC-supervised institution has not yet pledged;

(6) Collateral substitution. (i) Zero percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 1 liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that qualify as level 1 liquid assets, without the consent of the FDIC-supervised institution;

(ii) 15 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty, where the collateral qualifies as level 1 liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that qualify as level 2A liquid assets, without the consent of the FDIC-supervised institution;

(iii) 50 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 1 liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that qualify as level 2B liquid assets, without the consent of the FDIC-supervised institution;

(iv) 100 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 1 liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that do not qualify as HQLA, without the consent of the FDIC-supervised institution;

(v) Zero percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 2A liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that do not qualify as HQLA, with the consent of the FDIC-supervised institution;

(vi) 35 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 2A liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that qualify as level 1 or level 2A liquid assets, without the consent of the FDIC-supervised institution.
§ 329.32

12 CFR Ch. III (1–1–17 Edition)

(vii) 85 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 2A liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that do not qualify as HQLA, without the consent of the FDIC-supervised institution;

(viii) Zero percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 2B liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with other assets that qualify as HQLA, without the consent of the FDIC-supervised institution; and

(ix) 50 percent of the fair value of collateral pledged to the FDIC-supervised institution by a counterparty where the collateral qualifies as level 2B liquid assets and eligible HQLA and where, under the contract governing the transaction, the counterparty may replace the pledged collateral with assets that do not qualify as HQLA, without the consent of the FDIC-supervised institution.

(g) Brokered deposit outflow amount for retail customers or counterparties. The brokered deposit outflow amount for retail customers or counterparties as of the calculation date includes:

(1) 100 percent of all brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty that are not described in paragraphs (g)(5) through (9) of this section and which mature 30 calendar days or less from the calculation date;

(2) 10 percent of all brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty that are not described in paragraphs (g)(5) through (9) of this section and which mature later than 30 calendar days from the calculation date;

(3) 20 percent of all brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty that are not described in paragraphs (g)(5) through (9) of this section and which are held in a transactional account with no contractual maturity date, where the entire amount is covered by deposit insurance;

(4) 40 percent of all brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty that are not described in paragraphs (g)(5) through (9) of this section and which are held in a transactional account with no contractual maturity date, where less than the entire amount is covered by deposit insurance;

(5) 10 percent of all reciprocal brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty, where the entire amount is covered by deposit insurance;

(6) 25 percent of all reciprocal brokered deposits at the FDIC-supervised institution provided by a retail customer or counterparty, where less than the entire amount is covered by deposit insurance;

(7) 10 percent of all brokered sweep deposits at the FDIC-supervised institution provided by a retail customer or counterparty:

(i) That are deposited in accordance with a contract between the retail customer or counterparty and the FDIC-supervised institution, a controlled subsidiary of the FDIC-supervised institution, or a company that is a controlled subsidiary of the same top-tier company of which the FDIC-supervised institution is a controlled subsidiary; and

(ii) Where the entire amount of the deposits is covered by deposit insurance;

(8) 25 percent of all brokered sweep deposits at the FDIC-supervised institution provided by a retail customer or counterparty:

(i) That are not deposited in accordance with a contract between the retail customer or counterparty and the FDIC-supervised institution, a controlled subsidiary of the FDIC-supervised institution, or a company that is a controlled subsidiary of the same top-tier company of which the FDIC-supervised institution is a controlled subsidiary; and
(ii) Where the entire amount of the deposits is covered by deposit insurance; and

(9) 40 percent of all brokered sweep deposits at the FDIC-supervised institution provided by a retail customer or counterparty where less than the entire amount of the deposit balance is covered by deposit insurance.

(h) Unsecured wholesale funding outflow amount. A FDIC-supervised institution’s unsecured wholesale funding outflow amount, for all transactions that mature within 30 calendar days or less of the calculation date, as of the calculation date includes:

(1) For unsecured wholesale funding that is not an operational deposit and is not provided by a financial sector entity or consolidated subsidiary of a financial sector entity:

(i) 20 percent of all such funding, where the entire amount is covered by deposit insurance and the funding is not a brokered deposit;

(ii) 40 percent of all such funding, where:

(A) Less than the entire amount is covered by deposit insurance; or

(B) The funding is a brokered deposit;

(2) 100 percent of all unsecured wholesale funding that is not an operational deposit and is not included in paragraph (h)(1) of this section, including:

(i) Funding provided by a company that is a consolidated subsidiary of the same top-tier company of which the FDIC-supervised institutions is a consolidated subsidiary; and

(ii) Debt instruments issued by the FDIC-supervised institutions, including such instruments owned by retail customers or counterparties;

(3) 5 percent of all operational deposits, other than operational deposits that are held in escrow accounts, where the entire deposit amount is covered by deposit insurance;

(4) 25 percent of all operational deposits not included in paragraph (h)(3) of this section; and

(5) 100 percent of all unsecured wholesale funding that is not otherwise described in this paragraph (h).

(i) Debt security buyback outflow amount. A FDIC-supervised institution’s debt security buyback outflow amount for debt securities issued by the FDIC-supervised institution that mature more than 30 calendar days after the calculation date and for which the FDIC-supervised institution or a consolidated subsidiary of the FDIC-supervised institution is the primary market maker in such debt securities includes:

(1) 3 percent of all such debt securities that are not structured securities; and

(2) 5 percent of all such debt securities that are structured securities.

(j) Secured funding and asset exchange outflow amount. (1) A FDIC-supervised institution’s secured funding outflow amount, for all transactions that mature within 30 calendar days or less of the calculation date, as of the calculation date includes:

(i) Zero percent of all funds the FDIC-supervised institution must pay pursuant to secured funding transactions, to the extent that the funds are secured by level 1 liquid assets;

(ii) 15 percent of all funds the FDIC-supervised institution must pay pursuant to secured funding transactions, to the extent that the funds are secured by level 2A liquid assets;

(iii) 25 percent of all funds the FDIC-supervised institution must pay pursuant to secured funding transactions with sovereign entities, multilateral development banks, or U.S. government-sponsored enterprises that are assigned a risk weight of 20 percent under subpart D of 12 CFR part 324, to the extent that the funds are not secured by level 1 or level 2A liquid assets;

(iv) 50 percent of all funds the FDIC-supervised institution must pay pursuant to secured funding transactions, to the extent that the funds are secured by level 2B liquid assets;

(v) 50 percent of all funds received from secured funding transactions that are customer short positions where the customer short positions are covered by other customers’ collateral and the collateral does not consist of HQLA; and

(vi) 100 percent of all other funds the FDIC-supervised institution must pay pursuant to secured funding transactions, to the extent that the funds are secured by assets that are not HQLA.
(2) If an outflow rate specified in paragraph (j)(1) of this section for a secured funding transaction is greater than the outflow rate that the FDIC-supervised institution is required to apply under paragraph (h) of this section to an unsecured wholesale funding transaction that is not an operational deposit with the same counterparty, the FDIC-supervised institution may apply to the secured funding transaction the outflow rate that applies to an unsecured wholesale funding transaction that is not an operational deposit with that counterparty, except in the case of:

(i) Secured funding transactions that are secured by collateral that was received by the FDIC-supervised institution under a secured lending transaction or asset exchange, in which case the FDIC-supervised institution must apply the outflow rate specified in paragraph (j)(1) of this section for the secured funding transaction; and

(ii) Collateralized deposits that are operational deposits, in which case the FDIC-supervised institution will receive level 1 liquid assets from the asset exchange counterparty.

(3) A FDIC-supervised institution’s asset exchange outflow amount, for all transactions that mature within 30 calendar days or less of the calculation date, as of the calculation date includes:

(i) Zero percent of the fair value of the level 1 liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive level 1 liquid assets from the asset exchange counterparty;

(ii) 15 percent of the fair value of the level 1 liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive level 2A liquid assets from the asset exchange counterparty;

(iii) 50 percent of the fair value of the level 1 liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive level 2B liquid assets from the asset exchange counterparty;

(iv) 100 percent of the fair value of the level 1 liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive assets that are not HQLA from the asset exchange counterparty;

(v) Zero percent of the fair value of the level 2A liquid assets that FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive level 2B liquid assets from the asset exchange counterparty;

(vi) 35 percent of the fair value of the level 2A liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive level 2B liquid assets from the asset exchange counterparty;

(vii) 85 percent of the fair value of the level 2A liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive assets that are not HQLA from the asset exchange counterparty;

(viii) Zero percent of the fair value of the level 2B liquid assets the FDIC-supervised institution must post to a counterparty pursuant to asset exchanges, not described in paragraphs (j)(3)(x) through (xiii) of this section, where the FDIC-supervised institution will receive HQLA from the asset exchange counterparty; and

(ix) 50 percent of the fair value of the level 2B liquid assets the FDIC-supervised institution must post to a
§ 329.33 Inflow amounts.

(a) The inflows in paragraphs (b) through (g) of this section do not include:

(1) Amounts the FDIC-supervised institution holds in operational deposits at other regulated financial companies;

(2) Amounts the FDIC-supervised institution expects, or is contractually entitled to receive, 30 calendar days or less from the calculation date due to forward sales of mortgage loans and any derivatives that are mortgage commitments subject to §329.32(d);

(3) The amount of any credit or liquidity facilities extended to the FDIC-supervised institution;

(4) The amount of any asset that is eligible HQLA and any amounts payable to the FDIC-supervised institution with respect to that asset;

(5) Any amounts payable to the FDIC-supervised institution from an obligation of a customer or counterparty that is a nonperforming asset as of the calculation date or that the FDIC-supervised institution has

§ 329.33 Inflow amounts.

(a) The inflows in paragraphs (b) through (g) of this section do not include:

(1) Amounts the FDIC-supervised institution holds in operational deposits at other regulated financial companies;

(2) Amounts the FDIC-supervised institution expects, or is contractually entitled to receive, 30 calendar days or less from the calculation date due to forward sales of mortgage loans and any derivatives that are mortgage commitments subject to §329.32(d);

(3) The amount of any credit or liquidity facilities extended to the FDIC-supervised institution;

(4) The amount of any asset that is eligible HQLA and any amounts payable to the FDIC-supervised institution with respect to that asset;

(5) Any amounts payable to the FDIC-supervised institution from an obligation of a customer or counterparty that is a nonperforming asset as of the calculation date or that the FDIC-supervised institution has
reason to expect will become a nonperforming exposure 30 calendar days or less from the calculation date; and
(6) Amounts payable to the FDIC-supervised institution with respect to any transaction that has no contractual maturity date or that matures after 30 calendar days of the calculation date (as determined by §329.31).

(b) Net derivative cash inflow amount.
The net derivative cash inflow amount as of the calculation date is the sum of the net derivative cash inflow amount for each counterparty. The net derivative cash inflow amount does not include amounts excluded from inflows under paragraph (a)(2) of this section. The net derivative cash inflow amount for a counterparty is the sum of:
(1) The amount, if greater than zero, of contractual payments and collateral that the FDIC-supervised institution will receive from the counterparty 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (b)(2) of this section, less the contractual payments and collateral that the FDIC-supervised institution will make or deliver to the counterparty 30 calendar days or less from the calculation date under derivative transactions other than transactions described in paragraph (b)(2) of this section, provided that the derivative transactions are subject to a qualifying master netting agreement; and
(2) The amount, if greater than zero, of contractual principal payments that the FDIC-supervised institution will receive from the counterparty 30 calendar days or less from the calculation date under foreign currency exchange derivative transactions that result in the full exchange of contractual cash principal payments in different currencies within the same business day, less the contractual principal payments that the FDIC-supervised institution will make to the counterparty 30 calendar days or less from the calculation date under foreign currency exchange derivative transactions that result in the full exchange of contractual cash principal payments in different currencies within the same business day.

(c) Retail cash inflow amount. The retail cash inflow amount as of the calculation date includes 50 percent of all payments contractually payable to the FDIC-supervised institution from retail customers or counterparties.

(d) Unsecured wholesale cash inflow amount. The unsecured wholesale cash inflow amount as of the calculation date includes:
(1) 100 percent of all payments contractually payable to the FDIC-supervised institution from financial sector entities, or from a consolidated subsidiary thereof, or central banks; and
(2) 50 percent of all payments contractually payable to the FDIC-supervised institution from wholesale customers or counterparties that are not financial sector entities or consolidated subsidiaries thereof, provided that, with respect to revolving credit facilities, the amount of the existing loan is not included in the unsecured wholesale cash inflow amount and the remaining undrawn balance is included in the outflow amount under §329.32(e)(1).

(e) Securities cash inflow amount. The securities cash inflow amount as of the calculation date includes 100 percent of all contractual payments due to the FDIC-supervised institution on securities it owns that are not eligible HQLA.

(f) Secured lending and asset exchange cash inflow amount. (1) A FDIC-supervised institution’s secured lending cash inflow amount as of the calculation date includes:
(i) Zero percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions, including margin loans extended to customers, to the extent that the payments are secured by collateral that has been rehypothecated in a transaction and, as of the calculation date, will not be returned to the FDIC-supervised institution within 30 calendar days;
(ii) 100 percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions not described in paragraph (f)(1)(vii) of this section, to the extent that the payments are secured by assets that are not eligible HQLA, but are still held by the FDIC-supervised institution and are available for...
Federal Deposit Insurance Corporation § 329.33

immediate return to the counterparty at any time;

(iii) Zero percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions not described in paragraphs (f)(1)(i) or (ii) of this section, to the extent that the payments are secured by level 1 liquid assets;

(iv) 15 percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions not described in paragraphs (f)(1)(i) or (ii) of this section, to the extent that the payments are secured by level 2A liquid assets;

(v) 50 percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions not described in paragraphs (f)(1)(i) or (ii) of this section, to the extent that the payments are secured by level 2B liquid assets;

(vi) 100 percent of all contractual payments due to the FDIC-supervised institution pursuant to secured lending transactions not described in paragraphs (f)(1)(i), (ii), or (vii) of this section, to the extent that the payments are secured by assets that are not HQLA; and

(vii) 50 percent of all contractual payments due to the FDIC-supervised institution pursuant to collateralized margin loans extended to customers, not described in paragraph (f)(1)(i) of this section, provided that the loans are secured by assets that are not HQLA.

(2) A FDIC-supervised institution’s asset exchange inflow amount as of the calculation date includes:

(i) Zero percent of the fair value of assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, to the extent that the asset received by the FDIC-supervised institution from the counterparty has been rehypothecated in a transaction and, as of the calculation date, will not be returned to the FDIC-supervised institution within 30 calendar days;

(ii) Zero percent of the fair value of level 1 liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post level 1 liquid assets to the asset exchange counterparty;

(iii) 15 percent of the fair value of level 1 liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post level 2A liquid assets to the asset exchange counterparty;

(iv) 50 percent of the fair value of level 1 liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post level 2B liquid assets to the asset exchange counterparty;

(v) 100 percent of the fair value of level 1 liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post assets that are not HQLA to the asset exchange counterparty;

(vi) Zero percent of the fair value of level 2A liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post level 1 or level 2A liquid assets to the asset exchange counterparty;

(vii) 35 percent of the fair value of level 2A liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post level 2B liquid assets to the asset exchange counterparty;

(viii) 85 percent of the fair value of level 2A liquid assets the FDIC-supervised institution will receive from a counterparty pursuant to asset exchanges, not described in paragraph (f)(2)(i) of this section, where the FDIC-supervised institution must post assets that are not HQLA to the asset exchange counterparty;
§ 329.40  Liquidity coverage shortfall: Supervisory framework.

(a) Notification requirements. must notify the FDIC on any business day when its liquidity coverage ratio is calculated to be less than the minimum requirement in § 329.10.

(b) Liquidity plan. (1) For the period during which an FDIC-supervised institution must calculate a liquidity coverage ratio on the last business day of each applicable calendar month under subpart F of this part, if the FDIC-supervised institution’s liquidity coverage ratio is below the minimum requirement in § 329.10 for any calculation date that is the last business day of the applicable calendar month, or if the FDIC has determined that the FDIC-supervised institution is otherwise materially noncompliant with the requirements of this part, the FDIC-supervised institution must promptly consult with the FDIC to determine whether the FDIC-supervised institution must provide to the FDIC a plan for achieving compliance with the minimum liquidity requirement in § 329.10 and all other requirements of this part.

(2) For the period during which an FDIC-supervised institution must calculate a liquidity coverage ratio each
business day under subpart F of this part, if a FDIC-supervised institution’s liquidity coverage ratio is below the minimum requirement in §329.10 for three consecutive business days, or if the FDIC has determined that the FDIC-supervised institution is otherwise materially noncompliant with the requirements of this part, the FDIC-supervised institution must promptly provide to the FDIC a plan for achieving compliance with the minimum liquidity requirement in §329.10 and all other requirements of this part.

(3) The plan must include, as applicable:

(i) An assessment of the FDIC-supervised institution’s liquidity position;

(ii) The actions the FDIC-supervised institution has taken and will take to achieve full compliance with this part, including:

(A) A plan for adjusting the FDIC-supervised institution’s risk profile, risk management, and funding sources in order to achieve full compliance with this part; and

(B) A plan for remediating any operational or management issues that contributed to noncompliance with this part;

(iii) An estimated time frame for achieving full compliance with this part; and

(iv) A commitment to report to the FDIC no less than weekly on progress to achieve compliance in accordance with this part.

(c) Supervisory and enforcement actions. The FDIC may, at its discretion, take additional supervisory or enforcement actions to address noncompliance with this part.

Subpart F—Transitions

§ 329.50 Transitions.

(a) Covered depository institution holding companies with $700 billion or more in total consolidated assets or $10 trillion or more in assets under custody, as reported on the company’s most recent Consolidated Financial Statements for Holding Companies (FR Y–9C), or $10 trillion or more in assets under custody, as reported on the company’s most recent Banking Organization Systemic Risk Report (FR Y–15), and any depository institution that is a consolidated subsidiary of such depository institution holding company that has total consolidated assets equal to $10 billion or more, as reported on the most recent year-end Consolidated Report of Condition and Income:

(1) Beginning January 1, 2015, through June 30, 2015, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio monthly, on each calculation date that is the last business day of the applicable calendar month, in accordance with this part that is equal to or greater than 0.80.

(2) Beginning July 1, 2015 through December 31, 2015, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date in accordance with this part that is equal to or greater than 0.80.

(3) Beginning January 1, 2016, through December 31, 2016, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date that is equal to or greater than 0.90.

(4) On January 1, 2017, and thereafter, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date that is equal to or greater than 1.0.

(b) Other FDIC-supervised institution’s For any FDIC-supervised institution subject to a minimum liquidity standard under this part not described in paragraph (a) of this section:

(1) Beginning January 1, 2015, through December 31, 2015, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio monthly, on each calculation date that is the last business day of the applicable calendar month, in accordance with this part, that is equal to or greater than 0.80.

(2) Beginning January 1, 2016, through June 30, 2016, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio monthly, on each calculation date that
(3) Beginning July 1, 2016, through December 31, 2016, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date in accordance with this part, that is equal to or greater than 0.90.

(4) On January 1, 2017, and thereafter, the FDIC-supervised institution must calculate and maintain a liquidity coverage ratio on each calculation date that is equal to or greater than 1.0.

PART 330—DEPOSIT INSURANCE COVERAGE

Sec.
330.1 Definitions.
330.2 Purpose.
330.3 General principles.
330.4 Continuation of separate deposit insurance after merger of insured depository institutions.
330.5 Recognition of deposit ownership and fiduciary relationships.
330.6 Single ownership accounts.

330.8 Annuity contract accounts.
330.9 Joint ownership accounts.
330.10 Revocable trust accounts.
330.11 Accounts of a corporation, partnership or unincorporated association.
330.12 Accounts held by a depository institution as the trustee of an irrevocable trust.
330.13 Irrevocable trust accounts.
330.14 Retirement and other employee benefit plan accounts.
330.15 Accounts held by government depositors.
330.16 [Reserved]
330.101 Premiums.

AUTHORITY: 12 U.S.C. 1813(l), 1813(m), 1817(i), 1818(q), 1819(a)(Tenth), 1820(f), 1820(g), 1821(a), 1821(d), 1822(c).

SOURCE: 63 FR 25756, May 11, 1998, unless otherwise noted.

§ 330.1 Definitions.

For the purposes of this part:

(a) Act means the Federal Deposit Insurance Act (12 U.S.C. 1811 et seq.).

(b) Corporation means the Federal Deposit Insurance Corporation.

(c) Default has the same meaning as provided under section 3(x) of the Act (12 U.S.C. 1813(x)).

(d) Deposit has the same meaning as provided under section 3(l) of the Act (12 U.S.C. 1813(l)).

(e) Deposit account records means account ledgers, signature cards, certificates of deposit, passbooks, corporate resolutions authorizing accounts in the possession of the insured depository institution and other books and records of the insured depository institution, including records maintained by computer, which relate to the insured depository institution’s deposit taking function, but does not mean account statements, deposit slips, items deposited or cancelled checks.

(f) FDIC means the Federal Deposit Insurance Corporation.

(g) Independent activity. A corporation, partnership or unincorporated association shall be deemed to be engaged in a “independent activity” if the entity is operated primarily for some purpose other than to increase deposit insurance.

(h) Insured branch means a branch of a foreign bank any deposits in which are insured in accordance with the provisions of the Act.

(i) Insured deposit has the same meaning as that provided under section 3(m)(1) of the Act (12 U.S.C. 1813(m)(1)) and this part.

(j) Insured depository institution is any depository institution whose deposits are insured pursuant to the Act, including a foreign bank having an insured branch.

(k) Interest, with respect to a deposit, means any payment to or for the account of any depositor as compensation for the use of funds constituting a deposit. A bank’s absorption of expenses incident to providing a normal banking function or its forbearance from charging a fee in connection with such a service is not considered a payment of interest.

(l) Natural person means a human being.

(m) Non-contingent trust interest means a trust interest capable of determination without evaluation of contingencies except for those covered by the present worth tables and rules of calculation for their use set forth in §20.2031–7 of the Federal Estate Tax Regulations (26 CFR 20.2031–7) or any
similar present worth or life expectancy tables which may be adopted by the Internal Revenue Service.

(n) **Sole proprietorship** means a form of business in which one person owns all the assets of the business, in contrast to a partnership or corporation.

(o) **Standard maximum deposit insurance amount**, referred to as the “SMDIA” hereafter, means $250,000 adjusted pursuant to subparagraph (F) of section 11(a)(1) of the FDI Act (12 U.S.C. 1821(a)(1)(F)).

(p) **Trust estate** means the determinable and beneficial interest of a beneficiary or principal in trust funds but does not include the beneficial interest of an heir or devisee in a decedent’s estate.

(q) **Trust funds** means funds held by an insured depository institution as trustee pursuant to any irrevocable trust established pursuant to any statute or written trust agreement.

(r) **Trust interest** means the interest of a beneficiary in an irrevocable express trust (other than an employee benefit plan) created either by written trust instrument or by statute, but does not include any interest retained by the settlor.

(s) [Reserved]

§ 330.2 Purpose.

The purpose of this part is to clarify the rules and define the terms necessary to afford deposit insurance coverage under the Act and provide rules for the recognition of deposit ownership in various circumstances.

§ 330.3 General principles.

(a) **Ownership rights and capacities.** The insurance coverage provided by the Act and this part is based upon the ownership rights and capacities in which deposit accounts are maintained at insured depository institutions. All deposits in an insured depository institution which are maintained in the same right and capacity (by or for the benefit of a particular depositor or de-

positors) shall be added together and insured in accordance with this part. Deposits maintained in different rights and capacities, as recognized under this part, shall be insured separately from each other. (Example: Single ownership and joint ownership accounts are insured separately from each other.)

(b) Deposits maintained in separate insured depository institutions or in separate branches of the same insured depository institution. Any deposit accounts maintained by a depositor at one insured depository institution are insured separately from, and without regard to, any deposit accounts that the same depositor maintains at any other separately chartered and insured depository institution, even if two or more separately chartered and insured depository institutions are affiliated through common ownership. (Example: Deposits held by the same individual at two different banks owned by the same bank holding company would be insured separately, per bank.)

The deposit accounts of a depositor maintained in the same right and capacity at different branches or offices of the same insured depository institution are not separately insured; rather they shall be added together and insured in accordance with this part.

(c) Deposits maintained by foreigners and deposits denominated in foreign currency. The availability of deposit insurance is not limited to citizens and residents of the United States. Any person or entity that maintains deposits in an insured depository institution is entitled to the deposit insurance provided by the Act and this part. In addition, deposits denominated in a foreign currency shall be insured in accordance with this part. Deposit insurance for such deposits shall be determined and paid in the amount of the deposit denominated in the foreign currency as of close of business on the date of default of the insured depository institution. The exchange rates to be used for such conversions are the 12 PM rates (the “noon buying rates for cable transfers”) quoted for major currencies by the Federal Reserve Bank of New York on
§ 330.3

12 CFR Ch. III (1–1–17 Edition)

the date of default of the insured depository institution, unless the deposit agreement specifies that some other widely recognized exchange rates are to be used for all purposes under that agreement, in which case, the rates so specified shall be used for such conversions.

(d) Deposits in insured branches of foreign banks. Deposits in an insured branch of a foreign bank which are payable by contract in the United States shall be insured in accordance with this part, except that any deposits to the credit of the foreign bank, or any office, branch, agency or any wholly owned subsidiary of the foreign bank, shall not be insured. All deposits held by a depositor in the same right and capacity in more than one insured branch of the same foreign bank shall be added together for the purpose of determining the amount of deposit insurance.

(e) Deposits payable outside of the United States and certain other locations.

(1) Any obligation of an insured depository institution which is payable solely at an office of that institution located outside any State, as the term “State” is defined in section 3(a)(3) of the Act (12 U.S.C. 1823(a)(3)), is not a deposit for the purposes of this part.

(2) Except as provided in paragraph (e)(3) of this section, any obligation of an insured depository institution which is carried on the books and records of an office of that institution located outside any State, as referred to in paragraph (e)(1) of this section, shall not be an insured deposit for purposes of this part, or any other provision of this part, notwithstanding that the obligation may also be payable at an office of that institution located within any State.

(3) Rule of construction. For purposes of this paragraph (e), Overseas Military Banking Facilities operated under Department of Defense regulations, 32 CFR Parts 230 and 231, are not considered to be offices located outside any State, as referred to in paragraph (e)(1) of this section.

(f) International banking facility deposits. An “international banking facility time deposit,” as defined by the Board of Governors of the Federal Reserve System in Regulation D (12 CFR 204.8(a)(2)), or in any successor regulation, is not a deposit for the purposes of this part.

(g) Bank investment contracts. As required by section 11(a)(8) of the Act (12 U.S.C. 1821(a)(8)), any liability arising under any investment contract between any insured depository institution and any employee benefit plan which expressly permits “benefit responsive withdrawals or transfers” (as defined in section 11(a)(8) of the Act) are not insured deposits for purposes of this part. The term “substantial penalty or adjustment” used in section 11(a)(8) of the Act means, in the case of a deposit having an original term which exceeds one year, all interest earned on the amount withdrawn from the date of deposit or for six months, whichever is less; or, in the case of a deposit having an original term of one year or less, all interest earned on the amount withdrawn from the date of deposit or three months, whichever is less.

(h) Application of state or local law to deposit insurance determinations. In general, deposit insurance is for the benefit of the owner or owners of funds on deposit. However, while ownership under state law of deposited funds is a necessary condition for deposit insurance, ownership under state law is not sufficient for, or decisive in, determining deposit insurance coverage. Deposit insurance coverage is also a function of the deposit account records of the insured depository institution and of the provisions of this part, which, in the interest of uniform national rules for deposit insurance coverage, are controlling for purposes of determining deposit insurance coverage.

(i) Determination of the amount of a deposit—(1) General rule. The amount of a deposit is the balance of principal and interest unconditionally credited to the deposit account as of the date of default of the insured depository institution, plus the ascertainable amount of interest to that date, accrued at the contract rate (or the anticipated or announced interest or dividend rate), which the insured depository institution in default would have paid if the deposit had matured on that date and the insured depository institution had not failed. In the absence of any such
announced or anticipated interest or dividend rate, the rate for this purpose shall be whatever rate was paid in the immediately preceding payment period.

(2) Discounted certificates of deposit. The amount of a certificate of deposit sold by an insured depository institution at a discount from its face value is its original purchase price plus the amount of accrued earnings calculated by compounding interest annually at the rate necessary to increase the original purchase price to the maturity value over the life of the certificate.

(3) Waiver of minimum requirements. In the case of a deposit with a fixed payment date, fixed or minimum term, or a qualifying or notice period that has not expired as of such date, interest thereon to the date of closing shall be computed according to the terms of the deposit contract as if interest had been credited and as if the deposit could have been withdrawn on such date without any penalty or reduction in the rate of earnings.

(j) Continuation of insurance coverage following the death of a deposit owner. The death of a deposit owner shall not affect the insurance coverage of the deposit for a period of six months following the owner’s death unless the deposit account is restructured. The operation of this grace period, however, shall not result in a reduction of coverage. If an account is not restructured within six months after the owner’s death, the insurance shall be provided on the basis of actual ownership in accordance with the provisions of §330.5(a)(1).

§330.5 Recognition of deposit ownership and fiduciary relationships.

(a) Recognition of deposit ownership—

(1) Evidence of deposit ownership. Except as indicated in this paragraph (a)(1) or as provided in §330.3(j), in determining the amount of insurance available to each depositor, the FDIC shall presume that deposited funds are actually owned in the manner indicated on the deposit account records of the insured depository institution. If the FDIC, in its sole discretion, determines that the deposit account records of the insured depository institution are clear and unambiguous, those records shall be considered binding on the depositor, and the FDIC shall consider no other records on the manner in which the funds are owned. If the deposit account records are ambiguous or unclear on the manner in which the funds are owned, then the FDIC may, in its sole discretion, determine that the deposit account records of the insured depository institution are clear and unambiguous, those records shall be considered binding on the depositor, and the FDIC shall consider no other records on the manner in which the funds are owned. If the deposit account records are ambiguous or unclear on the manner in which the funds are owned, then the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. Despite the general requirements of this paragraph (a)(1), if the FDIC has reason to believe...

§330.4 Continuation of separate deposit insurance after merger of insured depository institutions.

Whenever the liabilities of one or more insured depository institutions for deposits are assumed by another insured depository institution, whether by merger, consolidation, other statutory assumption or contract:

(a) The insured status of the institutions whose liabilities have been assumed terminates on the date of receipt by the FDIC of satisfactory evidence of the assumption; and

(b) The separate insurance of deposits assumed continues for six months from the date the assumption takes effect or, in the case of a time deposit, the earliest maturity date after the six-month period. In the case of time deposits which mature within six months of the date the deposits are assumed and which are renewed at the same dollar amount (either with or without accrued interest having been added to the principal amount) and for the same term as the original deposit, the separate insurance applies to the renewed deposits until the first maturity date after the six-month period. Time deposits that mature within six months of the deposit assumption and that are renewed on any other basis, or that are not renewed and thereby become demand deposits, are separately insured only until the end of the six-month period.
that the insured depository institution’s deposit account records misrepresent the actual ownership of deposited funds and such misrepresentation would increase deposit insurance coverage, the FDIC may consider all available evidence and pay claims for insured deposits on the basis of the actual rather than the misrepresented ownership.

(2) Recognition of deposit ownership in custodial accounts. In the case of custodial deposits, the interest of each beneficial owner may be determined on a fractional or percentage basis. This may be accomplished in any manner which indicates that where the funds of an owner are commingled with other funds held in a custodial capacity and a portion thereof is placed on deposit in one or more insured depository institutions without allocation, the owner’s insured interest in the deposit in any one insured depository institution would represent, at any given time, the same fractional share as his or her share of the total commingled funds.

(b) Fiduciary relationships—(1) Recognition. The FDIC will recognize a claim for insurance coverage based on a fiduciary relationship only if the relationship is expressly disclosed, by way of specific references, in the “deposit account records” (as defined in §330.1(e)) of the insured depository institution. Such relationships include, but are not limited to, relationships involving a trustee, agent, nominee, guardian, executor or custodian pursuant to which funds are deposited. The express indication that the account is held in a fiduciary capacity will not be necessary, however, in instances where the FDIC determines, in its sole discretion, that the titling of the deposit account and the underlying deposit account records sufficiently indicate the existence of a fiduciary relationship. This exception may apply, for example, where the deposit account title or records indicate that the account is held by an escrow agent, title company or a company whose business is to hold deposits and securities for others.

(2) Details of fiduciary relationships. If the deposit account records of an insured depository institution disclose the existence of a relationship which might provide a basis for additional insurance (including the exception provided for in paragraph (b)(1) of this section), the details of the relationship and the interests of other parties in the account must be ascertainable either from the deposit account records of the insured depository institution or from records maintained, in good faith and in the regular course of business, by the depositor or by some person or entity that has undertaken to maintain such records for the depositor.

(3) Multi-tiered fiduciary relationships. In deposit accounts where there are multiple levels of fiduciary relationships, there are two methods of satisfying paragraphs (b)(1) and (b)(2) of this section to obtain insurance coverage for the interests of the true beneficial owners of a deposit account.

(i) One method is to:
(A) Expressly indicate, on the deposit account records of the insured depository institution, the existence of each and every level of fiduciary relationships; and
(B) Disclose, at each level, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting.

(ii) An alternative method is to:
(A) Expressly indicate, on the deposit account records of the insured depository institution, that there are multiple levels of fiduciary relationships;
(B) Disclose the existence of additional levels of fiduciary relationships in records, maintained in good faith and in the regular course of business, by parties at subsequent levels; and
(C) Disclose, at each of the levels, the name(s) and interest(s) of the person(s) on whose behalf the party at that level is acting. No person or entity in the chain of parties will be permitted to claim that they are acting in a fiduciary capacity for others unless the possible existence of such a relationship is revealed at some previous level in the chain.

(4) Exceptions—(1) Deposits evidenced by negotiable instruments. If any deposit obligation of an insured depository institution is evidenced by a negotiable certificate of deposit, negotiable draft, negotiable cashier’s or officer’s check, negotiable certified check, negotiable traveler’s check, letter of credit or other negotiable instrument, the FDIC
will recognize the owner of such de-
posit obligation for all purposes of
claim for insured deposits to the same
extent as if his or her name and inter-
est were disclosed on the records of the
insured depository institution; pro-
vided, that the instrument was in fact
negotiated to such owner prior to the
date of default of the insured deposi-
tory institution. The owner must pro-
vide affirmative proof of such negotia-
tion, in a form satisfactory to the
FDIC, to substantiate his or her claim.
Receipt of a negotiable instrument di-
rectly from the insured depository in-
stitution in default shall, in no event,
be considered a negotiation of said in-
strument for purposes of this provision.

(ii) Deposit obligations for payment of
items forwarded for collection by deposi-
tory institution acting as agent. Where an
insured depository institution in de-
fault has become obligated for the pay-
ment of items forwarded for collection
by a depository institution acting sole-
ly as agent, the FDIC will recognize
the holders of such items for all pur-
poses of claim for insured deposits to
the same extent as if their name(s) and
interest(s) were disclosed as depositors
on the deposit account records of the
insured depository institution, when
such claim for insured deposits, if oth-
erwise payable, has been established by
the execution and delivery of pre-
scribed forms. The FDIC will recognize
such depository institution forwarding
such items for the holders thereof as
agent for such holders for the purpose
of making an assignment to the FDIC
of their rights against the insured de-
pository institution in default and for
the purpose of receiving payment on
their behalf.

§ 330.6 Single ownership accounts.

(a) Individual accounts. Funds owned
by a natural person and deposited in
one or more deposit accounts in his or
her own name shall be added together
and insured up to the SMDIA in the ag-
gregate. Exception: Despite the general
requirement in this paragraph (a), if
more than one natural person has the
right to withdraw funds from an indi-
vidual account (excluding persons who
have the right to withdraw by virtue of
a Power of Attorney), the account shall
be treated as a joint ownership account
(although not necessarily a qualifying
joint account) and shall be insured in
accordance with the provisions of
§ 330.9, unless the deposit account
records clearly indicate, to the satis-
faction of the FDIC, that the funds are
owned by one individual and that other
signatories on the account are merely
authorized to withdraw funds on behalf
of the owner.

(b) Sole proprietorship accounts. Funds
owned by a business which is a “sole
proprietorship” (as defined in §330.1(n))
and deposited in one or more deposit
accounts in the name of the business
shall be treated as the individual ac-
count(s) of the person who is the sole
proprietor, added to any other indi-
vidual accounts of that person, and in-
sured up to the SMDIA in the aggre-
gate.

(c) Single-name accounts containing
community property funds. Community
property funds deposited into one or
more deposit accounts in the name of
one member of a husband-wife commu-
nity shall be treated as the individual
account(s) of the named member, added
to any other individual accounts of
that person, and insured up to the
SMDIA in the aggregate.

(d) Accounts of a decedent and ac-
counts held by executors or administra-
tors of a decedent’s estate. Funds held in
the name of a decedent or in the name of
the executor, administrator, or other
personal representative of his or her es-
tate and deposited into one or more de-
posit accounts shall be added together
and insured up to the SMDIA in the ag-
gregate; provided, however, that noth-
ing in this paragraph (d) shall affect
the operation of §330.3(j). The deposit
insurance provided by this paragraph
(d) shall be separate from any insur-
ance coverage provided for the indi-
vidual deposit accounts of the execu-
tor, administrator, other personal rep-
resentative or the beneficiaries of the
estate.

[63 FR 25756, May 11, 1998, as amended at 71
FR 14631, Mar. 23, 2006; 76 FR 41395, July 14,
2011]
§ 330.7 Accounts held by an agent, nominee, guardian, custodian or conservator.

(a) Agency or nominee accounts. Funds owned by a principal or principals and deposited into one or more deposit accounts in the name of an agent, custodian or nominee, shall be insured to the same extent as if deposited in the name of the principal(s). When such funds are deposited by an insured depository institution acting as a trustee of an irrevocable trust, the insurance coverage shall be governed by the provisions of § 330.13.

(b) Guardian, custodian or conservator accounts. Funds held by a guardian, custodian, or conservator for the benefit of his or her ward, or for the benefit of a minor under the Uniform Gifts to Minors Act, and deposited into one or more accounts in the name of the guardian, custodian or conservator shall, for purposes of this part, be deemed to be agency or nominee accounts and shall be insured in accordance with paragraph (a) of this section.

(c) Accounts held by fiduciaries on behalf of two or more persons. Funds held by an agent, nominee, guardian, custodian, conservator or loan servicer, on behalf of two or more persons jointly, shall be treated as a joint ownership account and shall be insured in accordance with the provisions of § 330.9.

(d) Mortgage servicing accounts. Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of principal and interest, shall be insured for the cumulative balance paid into the account by the mortgagors, up to the limit of the SMDIA per mortgagor. Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of taxes and insurance premiums shall be added together and insured in accordance with the provisions of § 330.9.

§ 330.8 Annuity contract accounts.

(a) Funds held by an insurance company or other corporation in a deposit account for the sole purpose of funding life insurance or annuity contracts and any benefits incidental to such contracts, shall be insured separately in the amount of up to the SMDIA per annuitant, provided that, pursuant to a state statute:

(1) The corporation establishes a separate account for such funds;

(2) The account cannot be charged with the liabilities arising out of any other business of the corporation; and

(3) The account cannot be invaded by other creditors of the corporation in the event that the corporation becomes insolvent and its assets are liquidated.

(b) Such insurance coverage shall be separate from the insurance provided for any other accounts maintained by the corporation or the annuitants at the same insured depository institution.

§ 330.9 Joint ownership accounts.

(a) Separate insurance coverage. Qualifying joint accounts, whether owned as joint tenants with the right of survivorship, as tenants in common or as tenants by the entirety, shall be insured separately from any individually owned (single ownership) deposit accounts maintained by the co-owners.
Federal Deposit Insurance Corporation § 330.9

(Example: If A has a single ownership account and also is a joint owner of a qualifying joint account, A’s interest in the joint account would be insured separately from his or her interest in the individual account.) Qualifying joint accounts in the names of both husband and wife which are comprised of community property funds shall be added together and insured up to twice the SMDIA, separately from any funds deposited into accounts bearing their individual names.

(b) Determination of insurance coverage. The interests of each co-owner in all qualifying joint accounts shall be added together and the total shall be insured up to the SMDIA. (Example: “A&B” have a qualifying joint account with a balance of $150,000; “A&C” have a qualifying joint account with a balance of $200,000; and “A&B&C” have a qualifying joint account with a balance of $375,000. A’s combined ownership interest in all qualifying joint accounts would be $300,000 ($75,000 plus $100,000 plus $125,000); therefore, A’s interest would be insured in the amount of $250,000 ($75,000 plus $100,000 plus $125,000); therefore, A’s interest would be fully insured. B’s combined ownership interest in all qualifying joint accounts would be $200,000 ($75,000 plus $125,000); therefore, B’s interest would be fully insured. C’s combined ownership interest in all qualifying joint accounts would be $225,000 ($100,000 plus $125,000); therefore, C’s interest would be fully insured.

(c) Qualifying joint accounts. (1) A joint deposit account shall be deemed to be a qualifying joint account, for purposes of this section, only if:
   (i) All co-owners of the funds in the account are “natural persons” (as defined in §330.1(l)); and
   (ii) Each co-owner has personally signed a deposit account signature card; and
   (iii) Each co-owner possesses withdrawal rights on the same basis.

   (2) The signature-card requirement of paragraph (c)(1)(ii) of this section shall not apply to certificates of deposit, to any deposit obligation evidenced by a negotiable instrument, or to any account maintained by an agent, nominee, guardian, custodian or conservator on behalf of two or more persons.

   (3) All deposit accounts that satisfy the criteria in paragraph (c)(1) of this section, and those accounts that come within the exception provided for in paragraph (c)(2) of this section, shall be deemed to be jointly owned provided that, in accordance with the provisions of §330.5(a), the FDIC determines that the deposit account records of the insured depository institution are clear and unambiguous as to the ownership of the accounts. If the deposit account records are ambiguous or unclear as to the manner in which the deposit accounts are owned, then the FDIC may, in its sole discretion, consider evidence other than the deposit account records of the insured depository institution for the purpose of establishing the manner in which the funds are owned. The signatures of two or more persons on the deposit account signature card or the names of two or more persons on a certificate of deposit or other deposit instrument shall be conclusive evidence that the account is a joint account (although not necessarily a qualifying joint account) unless the deposit records as a whole are ambiguous and some other evidence indicates, to the satisfaction of the FDIC, that there is a contrary ownership capacity.

(d) Nonqualifying joint accounts. A deposit account held in two or more names which is not a qualifying joint account, for purposes of this section, shall be treated as being owned by each named owner, as an individual, corporation, partnership, or unincorporated association, as the case may be, and the actual ownership interest of each individual or entity in such account shall be added to any other single ownership accounts of such individual or other accounts of such entity, and shall be insured in accordance with the provisions of this part governing the insurance of such accounts.

(e) Determination of interests. The interests of the co-owners of qualifying joint accounts, held as tenants in common, shall be deemed equal, unless otherwise stated in the depository institution’s deposit account records. This section applies regardless of whether the conjunction “and” or “or” is used in the title of a joint deposit account, even when both terms are used, such as
§ 330.10 Revocable trust accounts.

(a) General rule. Except as provided in paragraph (e) of this section, the funds owned by an individual and deposited into one or more accounts with respect to which the owner evidences an intention that upon his or her death the funds shall belong to one or more beneficiaries shall be separately insured (from other types of accounts the owner has at the same insured depository institution) in an amount equal to the total number of different beneficiaries named in the account(s) multiplied by the SMDIA. This section applies to all accounts held in connection with informal and formal testamentary revocable trusts. Such informal trusts are commonly referred to as payable-on-death accounts, in-trust-for accounts or Totten Trust accounts, and such formal trusts are commonly referred to as living trusts or family trusts. (Example 1: Account Owner “A” has a living trust account with four different beneficiaries named in the trust. A has no other revocable trust accounts at the same FDIC-insured institution. The maximum insurance coverage would be $1,000,000, determined by multiplying 4 times $250,000 (the number of beneficiaries times the SMDIA). (Example 2: Account Owner “A” has a payable-on-death account naming his niece and cousin as beneficiaries, and A also has, at the same FDIC-insured institution, another payable-on-death account naming the same niece and a friend as beneficiaries. The maximum coverage available to A is $500,000, determined by multiplying 2 times $250,000 (the number of different beneficiaries times the SMDIA). A is uninsured in the amount of $100,000. This is because all funds that a depositor holds in both living trust accounts and payable-on-death accounts, at the same FDIC-insured institution and naming the same beneficiaries, are aggregated for insurance purposes and insured to the applicable coverage limits.)

(b) Required intention and naming of beneficiaries. (1) The required intention in paragraph (a) of this section that upon the owner’s death the funds shall belong to one or more beneficiaries must be manifested in the “title” of the account using commonly accepted terms such as, but not limited to, “in trust for,” “as trustee for,” “payable-on-death to,” or any acronym therefor. For purposes of this requirement, “title” includes the electronic deposit account records of the institution. (For example, the FDIC would recognize an account as a revocable trust account even if the title of the account signature card does not designate the account as a revocable trust account as long as the institution’s electronic deposit account records identify (through a code or otherwise) the account as a revocable trust account.) The settlor of a revocable trust shall be presumed to own the funds deposited into the account.

(2) For informal revocable trust accounts, the beneficiaries must be specifically named in the deposit account records of the insured depository institution.

(c) Definition of beneficiary. For purposes of this section, a beneficiary includes a natural person as well as a charitable organization and other non-profit entity recognized as such under the Internal Revenue Code of 1986, as amended.
(d) Interests of beneficiaries outside the definition of beneficiary in this section. If a beneficiary named in a trust covered by this section does not meet the definition of beneficiary in paragraph (c) of this section, the funds corresponding to that beneficiary shall be treated as the individually owned (single ownership) funds of the owner(s). As such, they shall be aggregated with any other single ownership accounts of such owner(s) and insured up to the SMDIA per owner. (Example: Account Owner “A” establishes a payable-on-death account naming a pet as beneficiary with a balance of $100,000. A also has an individual account at the same FDIC-insured institution with a balance of $175,000. Because the pet is not a “beneficiary,” the two accounts are aggregated and treated as a single ownership account. As a result, A is insured in the amount of $250,000, but is uninsured for the remaining $25,000.)

(e) Revocable trust accounts with aggregate balances exceeding five times the SMDIA and naming more than five different beneficiaries. Notwithstanding the general coverage provisions in paragraph (a) of this section, for funds owned by an individual in one or more revocable trust accounts naming more than five different beneficiaries and whose aggregate balance is more than five times the SMDIA, the maximum revocable trust account coverage for the account owner shall be the greater of either: five times the SMDIA or the aggregate amount of the interests of each different beneficiary named in the trusts, to a limit of the SMDIA per different beneficiary. (Example 1: Account Owner “A” has a living trust account with a balance of $1,500,000. Under the terms of the trust, upon A’s death, A’s three children are each entitled to $125,000, A’s friend is entitled to $15,000, and a designated charity is entitled to $175,000. The trust also provides that the remainder of the trust assets shall belong to A’s spouse. In this case, because the balance of the account exceeds $1,250,000 (5 times the SMDIA) and there are more than five different beneficiaries named in the trust, the maximum coverage available to A would be the greater of: $1,250,000 or the aggregate of each different beneficiary’s interest to a limit of $250,000 per beneficiary. The beneficial interests in the trust for purposes of determining coverage are: $125,000 for each of the children (totaling $375,000), $15,000 for the friend, $175,000 for the charity, and $250,000 for the spouse (because the spouse’s $935,000 is subject to the $250,000 per-beneficiary limitation). The aggregate beneficial interests total $815,000. Thus, the maximum coverage afforded to the account owner would be $1,250,000, the greater of $1,250,000 or $815,000.)

(f) Co-owned revocable trust accounts. (1) Where an account described in paragraph (a) of this section is established by more than one owner, the respective interest of each account owner (which shall be deemed equal) shall be insured separately, per different beneficiary, up to the SMDIA, subject to the limitation imposed in paragraph (e) of this section. (Example 1: A and B, two individuals, establish a payable-on-death account naming their three nieces as beneficiaries. Although A’s aggregated balance of $2 million is more than five times the SMDIA, A names only four different beneficiaries, and coverage under this paragraph (e) applies only if there are more than five different beneficiaries. A is insured in the amount of $1 million (4 beneficiaries times the SMDIA), and uninsured for the remaining $1 million.)
§ 330.10  12 CFR Ch. III (1–1–17 Edition)

of different beneficiaries (3). In this example, A would be entitled to revocable trust coverage of $750,000 and B would be entitled to revocable trust coverage of $750,000. (Example 2: A and B, two individuals, establish a payable-on-death account naming their two children, two cousins, and a charity as beneficiaries. The balance in the account is $1,750,000. Neither A nor B has any other revocable trust accounts at the same FDIC-insured institution. The maximum coverage would be determined (under paragraph (a) of this section) by multiplying the number of account owners (2) times the number of different beneficiaries (5) times $250,000, totaling $2,500,000. Because the account balance ($1,750,000) is less than the maximum coverage amount ($2,500,000), the account would be fully insured.) (Example 3: A and B, two individuals, establish a living trust account with a balance of $3.75 million. Under the terms of the trust, upon the death of both A and B, each of their three children is entitled to $600,000, B’s cousin is entitled to $380,000, A’s friend is entitled to $70,000, and the remaining amount ($1,500,000) goes to a charity. Under paragraph (e) of this section, the maximum coverage, as to each co-owned account owner, would be the greater of $1,250,000 or the aggregate amount (as to each co-owner) of the interest of each different beneficiary named in the trust, to a limit of $250,000 per account owner per beneficiary. The beneficial interests in the trust considered for purposes of determining coverage for account owner A are: $750,000 for the children (each child’s interest attributable to A, $300,000, is subject to the $250,000-per-beneficiary limitation), $190,000 for the cousin, $35,000 for the friend, and $250,000 for the charity (the charity’s interest attributable to A, $750,000, is subject to the $250,000 per-beneficiary limitation). As to A, the aggregate amount of the beneficial interests eligible for deposit insurance coverage totals $1,225,000. Thus, the maximum coverage afforded to account co-owner A would be $1,250,000, which is the greater of $1,250,000 or the aggregate of all the beneficial interests attributable to A (limited to $250,000 per beneficiary), which totaled slightly less at $1,225,000. Because B has equal ownership interest in the trust, the same analysis and coverage determination also would apply to B. Thus, of the total account balance of $3.75 million, $2.5 million would be insured and $1.25 million would be uninsured.)

(2) Notwithstanding paragraph (f)(1) of this section, where the owners of a co-owned revocable trust account are themselves the sole beneficiaries of the corresponding trust, the account shall be insured as a joint account under § 330.9 and shall not be insured under the provisions of this section. (Example: If A and B establish a payable-on-death account naming themselves as the sole beneficiaries of the account, the account will be insured as a joint account because the account does not satisfy the intent requirement (under paragraph (a) of this section) that the funds in the account belong to the named beneficiaries upon the owners’ death. The beneficiaries are in fact the actual owners of the funds during the account owners’ lifetimes.)

(g) For deposit accounts held in connection with a living trust that provides for a life-estate interest for designated beneficiaries, the FDIC shall value each such life estate interest as the SMDIA for purposes of determining the insurance coverage available to the account owner under paragraph (e) of this section. (Example: Account Owner ‘‘A’’ has a living trust account with a balance of $1,500,000. Under the terms of the trust, A provides a life estate interest for his spouse. Moreover, A’s three children are each entitled to $275,000, A’s friend is entitled to $15,000, and a designated charity is entitled to $175,000. The trust also provides that the remainder of the trust assets shall belong to A’s granddaughter. In this case, because the balance of the account exceeds $1,250,000 ((5) five times the SMDIA) and there are more than five different beneficiaries named in the trust, the maximum coverage available to A would be the greater of: $1,250,000 or the aggregate of each different beneficiary’s interest to a limit of $250,000 per beneficiary. The beneficial interests in the trust considered for purposes of determining coverage are: $250,000 for the spouse’s life estate, $750,000 for the children (because each
Federal Deposit Insurance Corporation

§ 330.11 Accounts of a corporation, partnership or unincorporated association.

(a) Corporate accounts. (1) The deposit accounts of a corporation engaged in any “independent activity” (as defined in §330.1(g)) shall be added together and insured up to the SMDIA in the aggregate. If a corporation has divisions or units which are not separately incorporated, the deposit accounts of those divisions or units shall be added to any other deposit accounts of the corporation. If a corporation maintains deposit accounts in a representative or fiduciary capacity, such accounts shall not be treated as the deposit accounts of the corporation but shall be treated as fiduciary accounts and insured in accordance with the provisions of §330.7. (2) Notwithstanding any other provision of this part, any trust or other business arrangement which has filed or is required to file a registration statement with the Securities and Exchange Commission pursuant to section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8) or that would be required so to register but for the fact it is not created under the laws of the United States or a state or but for sections 2(b), 3(c)(1), or 6(a)(1) of that act shall be deemed to be a corporation for purposes of determining deposit insurance coverage. An exception to this paragraph (a)(2) shall exist for any trust or other business arrangement established by a state or that is a state agency or state public instrumentality as part of a qualified tuition savings program under section 529 of the Internal Revenue Code (26 U.S.C. 529). A deposit account of such a trust or business arrangement shall not be deemed to be the deposit of a corporation provided that: The funds in the account may be traced to one or more particular investors or participants; and the existence of the trust relationships is disclosed in accordance with the requirements of §330.5. If these conditions are satisfied, each participant’s funds shall be insured as a deposit account of the participant.

(b) Partnership accounts. The deposit accounts of a partnership engaged in any “independent activity” (as defined in §330.1(g)) shall be added together and insured up to the SMDIA in the aggregate. Such insurance coverage shall be separate from any insurance provided for individually owned (single ownership) accounts maintained by the individual partners. A partnership shall be deemed to exist, for purposes of this paragraph, any time there is an association of two or more persons or entities formed to carry on, as co-owners, an unincorporated business for profit.

(c) Unincorporated association accounts. The deposit accounts of an unincorpo- rated association engaged in any independent activity shall be added together and insured up to the SMDIA in the aggregate, separately from the accounts of the person(s) or entity(ies) comprising the unincorporated association. An unincorporated association shall be deemed to exist, for purposes of this paragraph, whenever there is an association of two or
§ 330.12 Accounts held by a depository institution as the trustee of an irrevocable trust.

(a) Separate insurance coverage. Trust funds (as defined in §330.1(q)) held by an insured depository institution in its capacity as trustee of an irrevocable trust, whether held in its trust department, held or deposited in any other department of the fiduciary institution, or deposited by the fiduciary institution in another insured depository institution, shall be insured up to the SMDIA for each owner or beneficiary represented. This insurance shall be separate from, and in addition to, the insurance provided for any other deposits of the owners or the beneficiaries.

(b) Determination of interests. The insurance for funds held by an insured depository institution in its capacity as trustee of an irrevocable trust shall be determined in accordance with the following provisions:

(1) **Allocated funds of a trust estate.** If trust funds of a particular “trust estate” (as defined in §330.1(p)) are allocated by the fiduciary and deposited, the insurance with respect to such trust estate shall be determined by ascertaining the amount of its funds allocated, deposited and remaining to the credit of the claimant as fiduciary at the insured depository institution in default.

(2) **Interest of a trust estate in unallocated trust funds.** If funds of a particular trust estate are commingled with funds of other trust estates and deposited by the fiduciary institution in one or more insured depository institutions to the credit of the depository institution as fiduciary, without allocation of specific amounts from a particular trust estate to an account in such institution(s), the percentage interest of that trust estate in the unallocated deposits in any institution in default is the same as that trust estate’s percentage interest in the entire commingled investment pool.

(c) **Limitation on applicability.** This section shall not apply to deposits of trust funds belonging to a trust which is classified as a corporation under §330.11(a)(2).

§ 330.13 Irrevocable trust accounts.

(a) General rule. Funds representing the “non-contingent trust interest(s)” (as defined in §330.1(m)) of a beneficiary deposited into one or more deposit accounts established pursuant to one or more irrevocable trust agreements created by the same settlor(s) (grantor(s)) shall be added together and insured up to the SMDIA in the aggregate. Such insurance coverage shall be separate from the coverage provided for other accounts maintained by the settlor(s), trustee(s) or beneficiary(ies) of the irrevocable trust(s) at the same insured depository institution. Each “trust interest” (as defined in §330.1(r)) in any irrevocable trust established by two or more settlors shall be deemed to be derived from each settlor pro rata to his or her contribution to the trust.

(b) **Treatment of contingent trust interests.** In the case of any trust in which certain trust interests do not qualify as non-contingent trust interests, the funds representing those interests shall be added together and insured up to the SMDIA in the aggregate. Such insurance coverage shall be in addition to the coverage provided for the funds representing non-contingent trust interests which are insured pursuant to paragraph (a) of this section.

(c) **Commingled accounts of bankruptcy trustees.** Whenever a bankruptcy trustee appointed under title 11 of the United States Code commingles the
§ 330.14 Retirement and other employee benefit plan accounts.

(a) “Pass-through” insurance. Any deposits of an employee benefit plan in an insured depository institution shall be insured on a “pass-through” basis, in the amount of up to the SMDIA for the non-contingent interest of each plan participant, provided the rules in § 330.5 are satisfied. Deposits eligible for coverage under paragraph (b)(2) of this section that also are deposits of an employee benefit plan or deposits of an deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457) in an insured depository institution shall be insured on a “pass-through” basis in the amount of $250,000 for the non-contingent interest of each plan participant, provided the rules in § 330.5 are satisfied.

(b) Aggregation—(1) Multiple plans. Funds representing the non-contingent interests of a beneficiary in an employee benefit plan, or eligible deferred compensation plan described in section 457 of the Internal Revenue Code of 1986 (26 U.S.C. 457) in an insured depository institution shall be insured on a “pass-through” basis in the amount of $250,000 for the non-contingent interest of each plan participant, provided the rules in § 330.5 are satisfied.

(2) Defined benefit plans. The value of an employee’s non-contingent interest in a defined benefit plan shall be deemed to be the present value of the employee’s interest in the plan, evaluated in accordance with the method of calculation ordinarily used under such plan, as of the date of default of the insured depository institution.

(3) Amounts taken into account. For the purposes of applying the rule under paragraph (b)(2) of this section, only the present vested and ascertainable interests of each participant in an employee benefit plan or “457 Plan,” excluding any remainder interest created by, or as a result of, the plan, shall be taken into account in determining the amount of deposit insurance accorded to the deposits of the plan.

(d) Treatment of contingent interests. In the event that employees’ interests in an employee benefit plan are not capable of evaluation in accordance with the provisions of this section, or an account established for any such plan includes amounts for future participants in the plan, payment by the FDIC with respect to all such interests shall not exceed the SMDIA in the aggregate.
§ 330.15 Overfunded pension plan deposits.
Any portion of an employee benefit plan’s deposits which is not attributable to the interests of the beneficiaries under the plan shall be deemed attributable to the overfunded portion of the plan’s assets and shall be aggregated and insured up to the SMDIA, separately from any other deposits.

(f) Definitions of “depositor”, “employee benefit plan”, “employee organization” and “non-contingent interest”. Except as otherwise indicated in this section, for purposes of this section:

(1) The term depositor means the person(s) administering or managing an employee benefit plan.

(2) The term employee benefit plan has the same meaning given to such term in section 3(3) of the Employee Retirement Income Security Act of 1974 (ERISA) (29 U.S.C. 1002) and includes any plan described in section 401(d) of the Internal Revenue Code of 1986.

(3) The term employee organization means any labor union, organization, employee representation committee, association, group, or plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning an employee benefit plan, or other matters incidental to employment relationships; or any employees’ beneficiary association organized for the purpose, in whole or in part, of establishing such a plan.

(4) The term non-contingent interest means an interest capable of determination without evaluation of contingencies except for those covered by the present worth tables and rules of calculation for their use set forth in §20.2031–7 of the Federal Estate Tax Regulations (26 CFR 20.2031–7) or any similar present worth or life expectancy tables as may be published by the Internal Revenue Service.

668

§ 330.15 Accounts held by government depositors.
(a) Extent of insurance coverage—(1) Accounts of the United States. Each official custodian of funds of the United States lawfully depositing such funds in an insured depository institution shall be separately insured in the amount of:

(i) Up to the SMDIA in the aggregate for all time and savings deposits; and

(ii) Up to the SMDIA in the aggregate for all demand deposits.

(2) Accounts of a state, county, municipality or political subdivision. (i) Each official custodian of funds of any state of the United States, or any county, municipality, or political subdivision thereof, lawfully depositing such funds in an insured depository institution in the state comprising the public unit or wherein the public unit is located (including any insured depository institution having a branch in said state) shall be separately insured in the amount of:

(A) Up to the SMDIA in the aggregate for all time and savings deposits; and

(B) Up to the SMDIA in the aggregate for all demand deposits.

(ii) In addition, each such official custodian depositing such funds in an insured depository institution outside of the state comprising the public unit or wherein the public unit is located, shall be insured in the amount of up to the SMDIA in the aggregate for all deposits, regardless of whether they are time, savings or demand deposits.

(3) Accounts of the District of Columbia. (i) Each official custodian of funds of the District of Columbia lawfully depositing such funds in an insured depository institution in the District of Columbia (including an insured depository institution having a branch in the District of Columbia) shall be separately insured in the amount of:

(A) Up to the SMDIA in the aggregate for all time and savings deposits; and

(B) Up to the SMDIA in the aggregate for all demand deposits.

(ii) In addition, each such official custodian depositing such funds in an insured depository institution outside of the District of Columbia shall be insured in the amount of up to the SMDIA in the aggregate for all deposits, regardless of whether they are time, savings or demand deposits.

(4) Accounts of the Commonwealth of Puerto Rico and other government possessions and territories. (i) Each official...
custodian of funds of the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, Guam, or The Commonwealth of the Northern Mariana Islands, or of any county, municipality, or political subdivision thereof lawfully depositing such funds in an insured depository institution in Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, Guam, or The Commonwealth of the Northern Mariana Islands, respectively, shall be separately insured in the amount of:

(A) Up to the SMDIA in the aggregate for all time and savings deposits; and
(B) Up to the SMDIA in the aggregate for all demand deposits.

(ii) In addition, each such official custodian depositing such funds in an insured depository institution outside of the commonwealth, possession or territory comprising the public unit or wherein the public unit is located, shall be insured in the amount of up to the SMDIA in the aggregate for all deposits, regardless of whether they are time, savings or demand deposits.

(5) Accounts of an Indian tribe. Each official custodian of funds of an Indian tribe (as defined in 25 U.S.C. 1452(c)), including an agency thereof having official custody of tribal funds, lawfully depositing the same in an insured depository institution shall be separately insured in the amount of:

(i) Up to the SMDIA in the aggregate for all time and savings deposits; and
(ii) Up to the SMDIA in the aggregate for all demand deposits.

(b) Rules relating to the “official custodian”—(1) Qualifications for an “official custodian”. In order to qualify as an “official custodian” for the purposes of paragraph (a) of this section, such custodian must have plenary authority, including control, over funds owned by the public unit which the custodian is appointed or elected to serve. Control of public funds includes possession, as well as the authority to establish accounts for such funds in insured depository institutions and to make deposits, withdrawals, and disbursements of such funds.

(2) Official custodian of the funds of more than one public unit. For the purposes of paragraph (a) of this section, if the same person is an official custodian of the funds of more than one public unit, he or she shall be separately insured with respect to the funds held by him or her for each such public unit, but shall not be separately insured by virtue of holding different offices in such public unit or, except as provided in paragraph (c) of this section, holding such funds for different purposes.

(3) Split of authority or control over public unit funds. If the exercise of authority or control over the funds of a public unit requires action by, or the consent of, two or more officers, employees, or agents of such public unit, then they will be treated as one “official custodian” for the purposes of this section.

(c) Public bond issues. Where an officer, agent or employee of a public unit has custody of certain funds which by law or under a bond indenture are required to be set aside to discharge a debt owed to the holders of notes or bonds issued by the public unit, any deposit of such funds in an insured depository institution shall be deemed to be a deposit by a trustee of trust funds of which the noteholders or bondholders are pro rata beneficiaries, and the beneficial interest of each noteholder or bondholder in the deposit shall be separately insured up to the SMDIA.

(d) Definition of “political subdivision”. The term “political subdivision” includes drainage, irrigation, navigation, improvement, levee, sanitary, school or power districts, and bridge or port authorities and other special districts created by state statute or compacts between the states. It also includes any subdivision of a public unit mentioned in paragraphs (a)(2), (a)(3) and (a)(4) of this section or any principal department of such public unit:

(1) The creation of which subdivision or department has been expressly authorized by the law of such public unit;

(2) To which some functions of government have been delegated by such law; and

(3) Which is empowered to exercise exclusive control over funds for its exclusive use.

§ 330.16 [Reserved]

§ 330.101 Premiums.

This interpretive rule describes certain payments that are not deemed to be "interest" as defined in § 330.1(k).

(a) Premiums, whether in the form of merchandise, credit, or cash, given by a bank to the holder of a deposit will not be regarded as "interest" as defined in § 330.1(k) if:

(1) The premium is given to the depositor only at the time of the opening of a new account or an addition to an existing account;

(2) No more than two premiums per deposit are given in any twelve-month interval; and

(3) The value of the premium (in the case of merchandise, the total cost to the bank, including shipping, warehousing, packaging, and handling costs) does not exceed $10 for a deposit of less than $5,000 or $20 for a deposit of $5,000 or more.

(b) The costs of premiums may not be averaged.

(c) A bank may not solicit funds for deposit on the basis that the bank will divide the funds into several accounts for the purpose of enabling the bank to pay the depositor more than two premiums within a twelve-month interval on the solicited funds.

(d) The bank must retain sufficient information for examiners to determine that the requirements of this section have been satisfied.

(1) Notwithstanding paragraph (a) of this section, any premium that is not, directly or indirectly, related to or dependent on the balance in a demand deposit account and shall not be subject to the limitations in paragraph (a) of this section.

[76 FR 41395, July 14, 2011]

PART 331 [RESERVED]

PART 332—PRIVACY OF CONSUMER FINANCIAL INFORMATION

Sec. 332.1 Purpose and scope.
(3) Provides a method for consumers to prevent a financial institution from disclosing that information to most nonaffiliated third parties by "opting out" of that disclosure, subject to the exceptions in §§332.13, 332.14, and 332.15.

(b) Scope. (1) This part applies only to nonpublic personal information about individuals who obtain financial products or services primarily for personal, family, or household purposes from the institutions listed below. This part does not apply to information about companies or about individuals who obtain financial products or services for business, commercial, or agricultural purposes. This part applies to the United States offices of entities for which the Federal Deposit Insurance Corporation (FDIC) has primary federal supervisory authority. They are referred to in this part as "you." These are: banks insured by the FDIC (other than members of the Federal Reserve System), insured state branches of foreign banks, and certain subsidiaries of such entities.

(2) Nothing in this part modifies, limits, or supersedes the standards governing individually identifiable health information promulgated by the Secretary of Health and Human Services under the authority of sections 262 and 264 of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–1320d–8).

§ 332.2 Model privacy form and examples.

(a) Model privacy form. Use of the model privacy form in appendix A of this part, consistent with the instructions in appendix A, constitutes compliance with the notice content requirements of §§332.6 and 332.7 of this part, although use of the model privacy form is not required.

(b) Examples. The examples in this part are not exclusive. Compliance with an example, to the extent applicable, constitutes compliance with this part.

[74 FR 62935, Dec. 1, 2009]

§ 332.3 Definitions.

As used in this part, unless the context requires otherwise:

(a) Affiliate means any company that controls, is controlled by, or is under common control with another company.

(b)(1) Clear and conspicuous means that a notice is reasonably understandable and designed to call attention to the nature and significance of the information in the notice.

(2) Examples—(i) Reasonably understandable. You make your notice reasonably understandable if you:

(A) Present the information in the notice in clear, concise sentences, paragraphs, and sections;

(B) Use short explanatory sentences or bullet lists whenever possible;

(C) Use definite, concrete, everyday words and active voice whenever possible;

(D) Avoid multiple negatives;

(E) Avoid legal and highly technical business terminology whenever possible; and

(F) Avoid explanations that are imprecise and readily subject to different interpretations.

(ii) Designed to call attention. You design your notice to call attention to the nature and significance of the information in it if you:

(A) Use a plain-language heading to call attention to the notice;

(B) Use a typeface and type size that are easy to read;

(C) Provide wide margins and ample line spacing;

(D) Avoid boldface or italics for key words; and

(E) In a form that combines your notice with other information, use distinctive type size, style, and graphic devices, such as shading or sidebars, when you combine your notice with other information.

(ii) Notices on web sites. If you provide a notice on a web page, you design your notice to call attention to the nature and significance of the information in it if you use text or visual cues to encourage scrolling down the page if necessary to view the entire notice and ensure that other elements on the web site (such as text, graphics, hyperlinks, or sound) do not distract attention from the notice, and you either:

(A) Place the notice on a screen that consumers frequently access, such as a page on which transactions are conducted; or
(B) Place a link on a screen that consumers frequently access, such as a page on which transactions are conducted, that connects directly to the notice and is labeled appropriately to convey the importance, nature, and relevance of the notice.

(c) Collect means to obtain information that you organize or can retrieve by the name of an individual or by identifying number, symbol, or other identifying particular assigned to the individual, irrespective of the source of the underlying information.

(d) Company means any corporation, limited liability company, business trust, general or limited partnership, association, or similar organization.

(e)(1) Consumer means an individual who obtains or has obtained a financial product or service from you that is to be used primarily for personal, family, or household purposes, or that individual’s legal representative.

(ii) An individual who applies to you for credit for personal, family, or household purposes is a consumer of a financial service, regardless of whether the credit is extended.

(iii) An individual who provides non-public personal information to you in order to obtain a determination about whether he or she may qualify for a loan to be used primarily for personal, family, or household purposes is a consumer of a financial service, regardless of whether the loan is extended.

(iv) An individual who provides non-public personal information to you in connection with obtaining or seeking to obtain financial, investment, or economic advisory services is a consumer regardless of whether you establish a continuing advisory relationship.

(v) An individual who is a consumer of another financial institution is not your consumer solely because you act as agent for, or provide processing or other services to, that financial institution.

(vi) An individual is not your consumer solely because he or she has designated you as trustee for a trust.

(vii) An individual is not your consumer solely because he or she is a beneficiary of a trust for which you are a trustee.

(viii) An individual is not your consumer solely because he or she is a participant or a beneficiary of an employee benefit plan that you sponsor or for which you act as a trustee or fiduciary.

(f) Consumer reporting agency has the same meaning as in section 603(f) of the Fair Credit Reporting Act (15 U.S.C. 1681a(f)).

(g) Control of a company means:

(1) Ownership, control, or power to vote 25 percent or more of the outstanding shares of any class of voting security of the company, directly or indirectly, or acting through one or more other persons;

(2) Control in any manner over the election of a majority of the directors, trustees, or general partners (or individuals exercising similar functions) of the company; or

(3) The power to exercise, directly or indirectly, a controlling influence over the management or policies of the company, as the FDIC determines.

(h) Customer means a consumer who has a customer relationship with you.

(i)(1) Customer relationship means a continuing relationship between a consumer and you under which you provide one or more financial products or services to the consumer that are to be used primarily for personal, family, or household purposes.

(2) Examples—(i) Continuing relationship. A consumer has a continuing relationship with you if the consumer:

(A) Has a deposit or investment account with you;

(B) Obtains a loan from you;

(C) Has a loan for which you own the servicing rights;

(D) Purchases an insurance product from you;
Federal Deposit Insurance Corporation § 332.3

(E) Holds an investment product through you, such as when you act as a custodian for securities or for assets in an Individual Retirement Arrangement;

(F) Enters into an agreement or understanding with you whereby you undertake to arrange or broker a home mortgage loan for the consumer;

(G) Enters into a lease of personal property with you; or

(H) Obtains financial, investment, or economic advisory services from you for a fee.

(ii) No continuing relationship. A consumer does not, however, have a continuing relationship with you if:

(A) The consumer obtains a financial product or service only in isolated transactions, such as using your ATM to withdraw cash from an account at another financial institution or purchasing a casher’s check or money order;

(B) You sell the consumer’s loan and do not retain the rights to service that loan; or

(C) You sell the consumer airline tickets, travel insurance, or traveler’s checks in isolated transactions.

(j) Financial institution means:

(1) The Board of Governors of the Federal Reserve System;

(2) The Office of the Comptroller of the Currency;

(3) The Board of Directors of the Federal Deposit Insurance Corporation;

(4) The Director of the Office of Thrift Supervision;

(5) The National Credit Union Administration Board; and

(k)(1) Financial institution means any institution the business of which is engaging in activities that are financial in nature or incidental to such financial activities as described in section 4(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)).

(2) Financial institution does not include:

(i) Any person or entity with respect to any financial activity that is subject to the jurisdiction of the Commodity Futures Trading Commission under the Commodity Exchange Act (7 U.S.C. 1 et seq.);

(ii) The Federal Agricultural Mortgage Corporation or any entity chartered and operating under the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.); or

(iii) Institutions chartered by Congress specifically to engage in securitizations, secondary market sales (including sales of servicing rights), or similar transactions related to a transaction of a consumer, as long as such institutions do not sell or transfer non-public personal information to a non-affiliated third party.

(l)(1) Financial product or service means any product or service that a financial holding company could offer by engaging in an activity that is financial in nature or incidental to such a financial activity under section 4(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)),

(2) Financial service includes your evaluation or brokerage of information that you collect in connection with a request or an application from a consumer for a financial product or service.

(m)(1) Nonaffiliated third party means any person except:

(i) Your affiliate; or

(ii) A person employed jointly by you and any company that is not your affiliate (but nonaffiliated third party includes the other company that jointly employs the person).

(2) Nonaffiliated third party includes any company that is an affiliate solely by virtue of your or your affiliate’s direct or indirect ownership or control of the company in conducting merchant banking or investment banking activities of the type described in section 4(k)(4)(H) or insurance company investment activities of the type described in section 4(k)(4)(I) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)(4)(H) and (I)).

(n)(1) Nonpublic personal information means:

(i) Personally identifiable financial information; and

(ii) Any list, description, or other grouping of consumers (and publicly available information pertaining to them) that is derived using any personally identifiable financial information that is not publicly available.
§ 332.3  

(2) Nonpublic personal information does not include:
   (i) Publicly available information, except as included on a list described in paragraph (n)(1)(ii) of this section; or
   (ii) Any list, description, or other grouping of consumers (and publicly available information pertaining to them) that is derived without using any personally identifiable financial information that is not publicly available.

(3) Examples of lists—(i) Nonpublic personal information includes any list of individuals’ names and street addresses that is derived in whole or in part using personally identifiable financial information that is not publicly available, such as account numbers.
   (ii) Nonpublic personal information does not include any list of individuals’ names and addresses that contains only publicly available information, is not derived in whole or in part using personally identifiable financial information that is not publicly available, and is not disclosed in a manner that indicates that any of the individuals on the list is a consumer of a financial institution.

(o)(1) Person­ally identifiable financial in­formation means any information:
   (i) A consumer provides to you to obtain a financial product or service from you;
   (ii) About a consumer resulting from any transaction involving a financial product or service between you and a consumer; or
   (iii) You otherwise obtain about a consumer in connection with providing a financial product or service to that consumer.

(2) Examples—(i) Information included. Personally identifiable financial information includes:
   (A) Information a consumer provides to you on an application to obtain a loan, credit card, or other financial product or service;
   (B) Account balance information, payment history, overdraft history, and credit or debit card purchase information;
   (C) The fact that an individual is or has been one of your customers or has obtained a financial product or service from you;
   (D) Any information about your consumer if it is disclosed in a manner that indicates that the individual is or has been your consumer;
   (E) Any information that a consumer provides to you or that you or your agent otherwise obtain in connection with collecting on a loan or servicing a loan;
   (F) Any information you collect through an Internet “cookie” (an information collecting device from a web server); and
   (G) Information from a consumer report.

(ii) Information not included. Person­ally identifiable financial information does not include:
   (A) A list of names and addresses of customers of an entity that is not a financial institution; and
   (B) Information that does not identify a consumer, such as aggregate information or blind data that does not contain personal identifiers such as account numbers, names, or addresses.

(p)(1) Publicly available information means any information that you have a reasonable basis to believe is lawfully made available to the general public from:
   (i) Federal, State, or local government records;
   (ii) Widely distributed media; or
   (iii) Disclosures to the general public that are required to be made by Federal, State, or local law.

(2) Reasonable basis. You have a reasonable basis to believe that information is lawfully made available to the general public if you have taken steps to determine:
   (i) That the information is of the type that is available to the general public; and
   (ii) Whether an individual can direct that the information not be made available to the general public and, if so, that your consumer has not done so.

(3) Examples—(i) Government records. Publicly available information in government records includes information in government real estate records and security interest filings.
   (ii) Widely distributed media. Publicly available information from widely distributed media includes information from a telephone book, a television or
radio program, a newspaper, or a web site that is available to the general public on an unrestricted basis. A web site is not restricted merely because an Internet service provider or a site operator requires a fee or a password, so long as access is available to the general public.

(iii) Reasonable basis. (A) You have a reasonable basis to believe that mortgage information is lawfully made available to the general public if you have determined that the information is of the type included on the public record in the jurisdiction where the mortgage would be recorded.

(B) You have a reasonable basis to believe that an individual’s telephone number is lawfully made available to the general public if you have located the telephone number in the telephone book or the consumer has informed you that the telephone number is not un-listed.

(q) You means:

(1) A bank insured by the FDIC (other than a member of the Federal Reserve System);
(2) An insured state branch of a foreign bank; and
(3) A subsidiary of either such entity except:

(i) A broker or dealer that is registered under the Securities and Exchange Act of 1934 (15 U.S.C. 78a et seq.);
(ii) A registered investment adviser, properly registered by or on behalf of either the Securities Exchange Commission or any State, with respect to its investment advisory activities and its activities incidental to those investment advisory activities;

(iii) An investment company that is registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.); or

(iv) An insurance company, with respect to its insurance activities and its activities incidental to those insurance activities, that is subject to supervision by a State insurance regulator.

Federal Deposit Insurance Corporation

Subpart A—Privacy and Opt Out Notices

§ 332.4 Initial privacy notice to consumers required.

(a) Initial notice requirement. You must provide a clear and conspicuous notice that accurately reflects your privacy policies and practices to:

(1) Customer. An individual who becomes your customer, not later than when you establish a customer relationship, except as provided in paragraph (e) of this section; and

(2) Consumer. A consumer, before you disclose any nonpublic personal information about the consumer to any nonaffiliated third party, if you make such a disclosure other than as authorized by §§332.14 and 332.15.

(b) When initial notice to a consumer is not required. You are not required to provide an initial notice to a consumer under paragraph (a) of this section if:

(1) You do not disclose any nonpublic personal information about the consumer to any nonaffiliated third party, other than as authorized by §§332.14 and 332.15; and

(2) You do not have a customer relationship with the consumer.

(c) When you establish a customer relationship—(1) General rule. You establish a customer relationship when you and the consumer enter into a continuing relationship.

(2) Special rule for loans. You establish a customer relationship with a consumer when you originate a loan to the consumer for personal, family, or household purposes. If you subsequently transfer the servicing rights to that loan to another financial institution, the customer relationship transfers with the servicing rights.

(3) Examples of establishing customer relationship. You establish a customer relationship when the consumer:

(A) Opens a credit card account with you;

(B) Executes the contract to open a deposit account with you, obtains credit from you, or purchases insurance from you;

(C) Agrees to obtain financial, economic, or investment advisory services from you for a fee; or
§ 332.5 Annual privacy notice to customers required.

(a)(1) General rule. You must provide a clear and conspicuous notice to customers that accurately reflects your privacy policies and practices not less than annually during the continuation of the customer relationship. Annually means at least once in any period of 12 consecutive months during which that relationship exists. You may define the 12-consecutive-month period, but you must apply it to the customer on a consistent basis.

(2) Example. You provide a notice annually if you define the 12-consecutive-month period as a calendar year and provide the annual notice to the customer once in each calendar year following the calendar year in which you provided the initial notice. For example, if a customer opens an account on any day of year 1, you must provide an annual notice to that customer by December 31 of year 2.

(b)(1) Termination of customer relationship. You are not required to provide an annual notice to a former customer.
§ 332.6 Information to be included in privacy notices.

(a) General rule. The initial, annual and revised privacy notices that you provide under §§332.4, 332.5, and 332.8 must include each of the following items of information, in addition to any other information you wish to provide, that applies to you and to the consumers to whom you send your privacy notice:

1. The categories of nonpublic personal information that you collect;
2. The categories of nonpublic personal information that you disclose;
3. The categories of affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information, other than those parties to whom you disclose information under §§332.14 and 332.15;
4. The categories of nonpublic personal information about your former customers that you collect and the categories of affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information about your former customers, other than those parties to whom you disclose information under §§332.14 and 332.15;
5. If you disclose nonpublic personal information to a nonaffiliated third party under §332.13 (and no other exception in §332.14 or 332.15 applies to that disclosure), a separate statement of the categories of information you disclose and the categories of third parties with whom you have contracted;
6. An explanation of the consumer’s right under §332.10(a) to opt out of the disclosure of nonpublic personal information to nonaffiliated third parties, including the method(s) by which the consumer may exercise that right at that time;
7. Any disclosures that you make under section 603(d)(2)(A)(ii) of the Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(A)(ii)) (that is, notices regarding the ability to opt out of disclosures of information among affiliates);
8. Your policies and practices with respect to protecting the confidentiality and security of nonpublic personal information; and
9. Any disclosure that you make under paragraph (b) of this section.

(b) Description of nonaffiliated third parties subject to exceptions. If you disclose nonpublic personal information to third parties as authorized under §§332.14 and 332.15, you are not required to list those exceptions in the initial or annual privacy notices required by §§332.4 and 332.5. When describing the categories with respect to those parties, it is sufficient to state that you make disclosures to other nonaffiliated companies:

1. For your everyday business purposes, such as [include all that apply] to process transactions, maintain account(s), respond to court orders and legal investigations, or report to credit bureaus; or
2. As permitted by law.

(c) Examples—(1) Categories of nonpublic personal information that you collect. You satisfy the requirement to categorize the nonpublic personal information that you collect if you list the following categories, as applicable:

1. Information from the consumer;
(i) Information about the consumer’s transactions with you or your affiliates;

(ii) Information about the consumer’s transactions with nonaffiliated third parties; and

(iv) Information from a consumer reporting agency.

2) Categories of nonpublic personal information you disclose—(i) You satisfy the requirement to categorize the nonpublic personal information that you disclose if you list the categories described in paragraph (c)(1) of this section, as applicable, and a few examples to illustrate the types of information in each category.

(ii) If you reserve the right to disclose all of the nonpublic personal information about consumers that you collect, you may simply state that fact without describing the categories or examples of the nonpublic personal information you disclose.

3) Categories of affiliates and nonaffiliated third parties to whom you disclose. You satisfy the requirement to categorize the affiliates and nonaffiliated third parties to whom you disclose nonpublic personal information if you list the following categories, as applicable, and a few examples to illustrate the types of third parties in each category.

(i) Financial service providers;

(ii) Non-financial companies; and

(iii) Others.

4) Disclosures under exception for service providers and joint marketers. If you disclose nonpublic personal information under the exception in §332.13 to a nonaffiliated third party to market products or services that you offer alone or jointly with another financial institution, you satisfy the disclosure requirement of paragraph (a)(5) of this section if you:

(i) List the categories of nonpublic personal information you disclose, using the same categories and examples you used to meet the requirements of paragraph (a)(2) of this section, as applicable; and

(ii) State whether the third party is:

(A) A service provider that performs marketing services on your behalf or on behalf of you and another financial institution; or

(B) A financial institution with whom you have a joint marketing agreement.

5) Simplified notices. If you do not disclose, and do not wish to reserve the right to disclose, nonpublic personal information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under §§332.14 and 332.15, you may simply state that fact, in addition to the information you must provide under paragraphs (a)(1), (a)(8), (a)(9), and (b) of this section.

6) Confidentiality and security. You describe your policies and practices with respect to protecting the confidentiality and security of nonpublic personal information if you do both of the following:

(i) Describe in general terms who is authorized to have access to the information; and

(ii) State whether you have security practices and procedures in place to ensure the confidentiality of the information in accordance with your policy. You are not required to describe technical information about the safeguards you use.

(d) Short-form initial notice with opt out notice for non-customers—(1) You may satisfy the initial notice requirements in §§332.4(a)(2), 332.7(b), and 332.7(c) for a consumer who is not a customer by providing a short-form initial notice at the same time as you deliver an opt out notice as required in §332.7.

(2) A short-form initial notice must:

(i) Be clear and conspicuous;

(ii) State that your privacy notice is available upon request; and

(iii) Explain a reasonable means by which the consumer may obtain that notice.

(3) You must deliver your short-form initial notice according to §332.9. You are not required to deliver your privacy notice with your short-form initial notice. You instead may simply provide the consumer a reasonable notice. You deliver an opt out notice as required in §332.7.

(4) Examples of obtaining privacy notice. You provide a reasonable means by
which a consumer may obtain a copy of your privacy notice if you:

(i) Provide a toll-free telephone number that the consumer may call to request the notice; or

(ii) For a consumer who conducts business in person at your office, maintain copies of the notice on hand that you provide to the consumer immediately upon request.

(e) Future disclosures. Your notice may include:

(1) Categories of nonpublic personal information that you reserve the right to disclose in the future, but do not currently disclose; and

(2) Categories of affiliates or nonaffiliated third parties to whom you reserve the right in the future to disclose, but to whom you do not currently disclose, nonpublic personal information.

(f) Model privacy form. Pursuant to §332.2(a) of this part, a model privacy form that meets the notice content requirements of this section is included in appendix A of this part.

§332.7 Form of opt out notice to consumers; opt out methods.

(a) (1) Form of opt out notice. If you are required to provide an opt out notice under §332.10(a), you must provide a clear and conspicuous notice to each of your consumers that accurately explains the right to opt out under that section. The notice must state:

(i) That you disclose or reserve the right to disclose nonpublic personal information about your consumer to a nonaffiliated third party;

(ii) That the consumer has the right to opt out of that disclosure; and

(iii) A reasonable means by which the consumer may exercise the opt out right.

(2) Examples—(i) Adequate opt out notice. You provide adequate notice that the consumer can opt out of the disclosure of nonpublic personal information to a nonaffiliated third party if you:

(A) Identify all of the categories of nonpublic personal information that you disclose or reserve the right to disclose, and all of the categories of nonaffiliated third parties to which you disclose the information, as described in §332.6(a)(2) and (3), and state that the consumer can opt out of the disclosure of that information; and

(B) Identify the financial products or services that the consumer obtains from you, either singly or jointly, to which the opt out direction would apply.

(ii) Reasonable opt out means. You provide a reasonable means to exercise an opt out right if you:

(A) Designate check-off boxes in a prominent position on the relevant forms with the opt out notice;

(B) Include a reply form together with the opt out notice;

(C) Provide an electronic means to opt out, such as a form that can be sent via electronic mail or a process at your web site, if the consumer agrees to the electronic delivery of information; or

(D) Provide a toll-free telephone number that consumers may call to opt out.

(iii) Unreasonable opt out means. You do not provide a reasonable means of opting out if:

(A) The only means of opting out is for the consumer to write his or her own letter to exercise that opt out right; or

(B) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that you provide with the initial notice but did not include with the subsequent notice.

(iv) Specific opt out means. You may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.

(b) Same form as initial notice permitted. You may provide the opt out notice together with or on the same written or electronic form as the initial notice you provide in accordance with §332.4.

(c) Initial notice required when opt out notice delivered subsequent to initial notice. If you provide the opt out notice later than required for the initial notice in accordance with §332.4, you must also include a copy of the initial notice with the opt out notice in writing or, if the consumer agrees, electronically.
§ 332.8 Revised privacy notices.

(d) Joint relationships—(1) If two or more consumers jointly obtain a financial product or service from you, you may provide a single opt out notice. Your opt out notice must explain how you will treat an opt out direction by a joint consumer (as explained in paragraph (d)(5) of this section).

(2) Any of the joint consumers may exercise the right to opt out. You may either:
   (i) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or
   (ii) Permit each joint consumer to opt out separately.

(3) If you permit each joint consumer to opt out separately, you must permit one of the joint consumers to opt out on behalf of all of the joint consumers.

(4) You may not require all joint consumers to opt out before you implement any opt out direction.

(5) Example. If John and Mary have a joint checking account with you and arrange for you to send statements to John’s address, you may do any of the following, but you must explain in your opt out notice which opt out policy you will follow:
   (i) Send a single opt out notice to John’s address, but you must accept an opt out direction from either John or Mary.
   (ii) Treat an opt out direction by either John or Mary as applying to the entire account. If you do so, and John opts out, you may not require Mary to opt out as well before implementing John’s opt out direction.
   (iii) Permit John and Mary to make different opt out directions. If you do so:
      (A) You must permit John and Mary to opt out for each other;
      (B) If both opt out, you must permit both to notify you in a single response (such as on a form or through a telephone call); and
      (C) If John opts out and Mary does not, you may only disclose nonpublic personal information about Mary, but not about John and not about John and Mary jointly.

(e) Time to comply with opt out. You must comply with a consumer’s opt out direction as soon as reasonably practicable after you receive it.

(f) Continuing right to opt out. A consumer may exercise the right to opt out at any time.

(g) Duration of consumer’s opt out direction—(1) A consumer’s direction to opt out under this section is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.

(2) When a customer relationship terminates, the customer’s opt out direction continues to apply to the nonpublic personal information that you collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with you, the opt out direction that applied to the former relationship does not apply to the new relationship.

(h) Delivery. When you are required to deliver an opt out notice by this section, you must deliver it according to §332.9.

(1) Model privacy form. Pursuant to §332.2(a) of this part, a model privacy form that meets the notice content requirements of this section is included in Appendix A of this part.

[65 FR 35216, June 1, 2000, as amended at 74 FR 62936, Dec. 1, 2009]
(i) Disclose a new category of nonpublic personal information to any nonaffiliated third party;
(ii) Disclose nonpublic personal information to a new category of nonaffiliated third party; or
(iii) Disclose nonpublic personal information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt out right regarding that disclosure.

(2) A revised notice is not required if you disclose nonpublic personal information to a new nonaffiliated third party that you adequately described in your prior notice.

(c) Delivery. When you are required to deliver a revised privacy notice by this section, you must deliver it according to §332.9.

§ 332.9 Delivering privacy and opt out notices.

(a) How to provide notices. You must provide any privacy notices and opt out notices, including short-form initial notices, that this part requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.

(b) (1) Examples of reasonable expectation of actual notice. You may reasonably expect that a consumer will receive actual notice if you:

(i) Hand-deliver a printed copy of the notice to the consumer;

(ii) Mail a printed copy of the notice to the last known address of the consumer;

(iii) For the consumer who conducts transactions electronically, post the notice on the electronic site and require the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular financial product or service; or

(iv) For an isolated transaction with the consumer, such as an ATM transaction, post the notice on the ATM screen and require the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular financial product or service.

(2) Examples of unreasonable expectation of actual notice. You may not, however, reasonably expect that a consumer will receive actual notice of your privacy policies and practices if you:

(i) Only post a sign in your branch or office or generally publish advertisements of your privacy policies and practices; or

(ii) Send the notice via electronic mail to a consumer who does not obtain a financial product or service from you electronically.

(c) Annual notices only. You may reasonably expect that a customer will receive actual notice of your annual privacy notice if:

(1) The customer uses your web site to access financial products and services electronically and agrees to receive notices at the web site, and you post your current privacy notice continuously in a clear and conspicuous manner on the web site; or

(2) The customer has requested that you refrain from sending any information regarding the customer relationship, and your current privacy notice remains available to the customer upon request.

(d) Oral description of notice insufficient. You may not provide any notice required by this part solely by orally explaining the notice, either in person or over the telephone.

(e) Retention or accessibility of notices for customers—(1) For customers only, you must provide the initial notice required by §332.4(a)(1), the annual notice required by §332.5(a), and the revised notice required by §332.8 so that the customer can retain them or obtain them later in writing or, if the customer agrees, electronically.

(2) Examples of retention or accessibility. You provide a privacy notice to the customer so that the customer can retain it or obtain it later if you:

(i) Hand-deliver a printed copy of the notice to the customer;

(ii) Mail a printed copy of the notice to the last known address of the customer; or

(iii) Make your current privacy notice available on a web site (or a link to another web site) for the customer who obtains a financial product or service electronically and agrees to receive the notice at the web site.

(f) Joint notice with other financial institutions. You may provide a joint notice from you and one or more of your...
§ 332.10 Limits on disclosure of non-public personal information to non-affiliated third parties.

(a) (1) Conditions for disclosure. Except as otherwise authorized in this part, you may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer to a nonaffiliated third party unless:

(i) You have provided to the consumer an initial notice as required under §332.4;

(ii) You have provided to the consumer an opt out notice as required in §332.7;

(iii) You have given the consumer a reasonable opportunity, before you disclose the information to the nonaffiliated third party, to opt out of the disclosure; and

(iv) The consumer does not opt out.

(2) Opt out definition. Opt out means a direction by the consumer that you not disclose nonpublic personal information about that consumer to a nonaffiliated third party, other than as permitted by §§332.13, 332.14, and 332.15.

(b) Application of opt out to all consumers and all nonpublic personal information—(1) You must comply with this section, regardless of whether you and the consumer have established a customer relationship.

(2) Unless you comply with this section, you may not, directly or through any affiliate, disclose any nonpublic personal information about a consumer that you have collected, regardless of whether you collected it before or after receiving the direction to opt out from the consumer.

(c) Partial opt out. You may allow a consumer to select certain nonpublic personal information or certain nonaffiliated third parties with respect to which the consumer wishes to opt out.

§ 332.11 Limits on redisclosure and reuse of information.

(a)(1) Information you receive under an exception. If you receive nonpublic personal information from a nonaffiliated financial institution under an exception in §332.14 or 332.15 of this part, your disclosure and use of that information is limited as follows:

(i) You may disclose the information to the affiliates of the financial institution from which you received the information;

(ii) You may disclose the information to your affiliates, but your affiliates may, in turn, disclose and use the information only to the extent that you may disclose and use the information; and

(iii) You may disclose and use the information pursuant to an exception in §332.14 or 332.15 in the ordinary course of business to carry out the activity.
covered by the exception under which you received the information.

(2) Example. If you receive a customer list from a nonaffiliated financial institution in order to provide account processing services under the exception in §332.14(a), you may disclose that information under any exception in §332.14 or 332.15 in the ordinary course of business in order to provide those services. For example, you could disclose the information in response to a properly authorized subpoena or to your attorneys, accountants, and auditors. You could not disclose that information to a third party for marketing purposes or use that information for your own marketing purposes.

(b)(1) Information you receive outside of an exception. If you receive nonpublic personal information from a nonaffiliated financial institution other than under an exception in §332.14 or 332.15 of this part, you may disclose the information only:

(i) To the affiliates of the financial institution from which you received the information;

(ii) To your affiliates, but your affiliates may, in turn, disclose the information only to the extent that you can disclose the information; and

(iii) To any other person, if the disclosure would be lawful if made directly to that person by the financial institution from which you received the information.

(2) Example. If you obtain a customer list from a nonaffiliated financial institution outside of the exceptions in §332.14 and 332.15:

(i) You may use that list for your own purposes; and

(ii) You may disclose that list to another nonaffiliated third party only if the financial institution from which you purchased the list had lawfully disclosed the list to that third party. That is, you may disclose the list in accordance with the privacy policy of the financial institution from which you received the list, as limited by the opt out direction of each consumer whose nonpublic personal information you intend to disclose, and you may disclose the list in accordance with an exception in §332.14 or 332.15, such as to your attorneys or accountants.

(c) Information you disclose under an exception. If you disclose nonpublic personal information to a nonaffiliated third party under an exception in §332.14 or 32.15 of this part, the third party may disclose and use that information only as follows:

(1) The third party may disclose the information to your affiliates;

(2) The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose and use the information only to the extent that the third party may disclose and use the information; and

(3) The third party may disclose and use the information pursuant to an exception in §332.14 or 332.15 in the ordinary course of business to carry out the activity covered by the exception under which it received the information.

(d) Information you disclose outside of an exception. If you disclose nonpublic personal information to a nonaffiliated third party other than under an exception in §332.14 or 332.15 of this part, the third party may disclose the information only:

(1) To your affiliates;

(2) To its affiliates, but its affiliates, in turn, may disclose the information only to the extent the third party can disclose the information; and

(3) To any other person, if the disclosure would be lawful if you made it directly to that person.

§332.12 Limits on sharing account number information for marketing purposes.

(a) General prohibition on disclosure of account numbers. You must not, directly or through an affiliate, disclose, other than to a consumer reporting agency, an account number or similar form of access number or access code for a consumer’s credit card account, deposit account, or transaction account to any nonaffiliated third party for use in telemarketing, direct mail marketing, or other marketing through electronic mail to the consumer.

(b) Exceptions. Paragraph (a) of this section does not apply if you disclose an account number or similar form of access number or access code:
§ 332.13 Exception to opt out requirements for service providers and joint marketing.

(a) General rule. (1) The opt out requirements in §§332.7 and 332.10 do not apply when you provide nonpublic personal information to a nonaffiliated third party to perform services for you or functions on your behalf, if you:

(i) Enter into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which you disclosed the information, including use under an exception in §§332.14 or 332.15 in the ordinary course of business to carry out those purposes.

(ii) Provide the initial notice in accordance with §332.4; and

(2) Example. If you disclose nonpublic personal information under this section to a financial institution with which you perform joint marketing, your contractual agreement with that institution meets the requirements of paragraph (a)(1)(ii) of this section if it prohibits the institution from disclosing or using the nonpublic personal information except as necessary to carry out the joint marketing or under an exception in §§332.14 or 332.15 in the ordinary course of business to carry out that joint marketing.

(b) Service may include joint marketing. The services a nonaffiliated third party performs for you under paragraph (a) of this section may include marketing of your own products or services or marketing of financial products or services offered pursuant to joint agreements between you and one or more financial institutions.

(c) Definition of joint agreement. For purposes of this section, joint agreement means a written contract pursuant to which you and one or more financial institutions jointly offer, endorse, or sponsor a financial product or service.

§ 332.14 Exceptions to notice and opt out requirements for processing and servicing transactions.

(a) Exceptions for processing transactions at consumer’s request. The requirements for initial notice in §332.4(a)(2), for the opt out in §§332.7 and 332.10 and for service providers and joint marketing in §332.13 do not apply if you disclose nonpublic personal information as necessary to effect, administer, or enforce a transaction that a consumer requests or authorizes, or in connection with:

(1) Servicing or processing a financial product or service that a consumer requests or authorizes;

(2) Maintaining or servicing the consumer’s account with you, or with another entity as part of a private label credit card program or other extension of credit on behalf of such entity; or

(3) A proposed or actual securitization, secondary market sale (including sales of servicing rights), or similar transaction related to a transaction of the consumer.

(b) Necessary to effect, administer, or enforce a transaction means that the disclosure is:

(1) Required, or is one of the lawful or appropriate methods, to enforce your rights or the rights of other persons engaged in carrying out the financial transaction or providing the product or service; or

(2) Required, or is a usual, appropriate or acceptable method:
(i) To carry out the transaction or the product or service business of which the transaction is a part, and record, service, or maintain the consumer’s account in the ordinary course of providing the financial service or financial product;
(ii) To administer or service benefits or claims relating to the transaction or the product or service business of which it is a part;
(iii) To provide a confirmation, statement, or other record of the transaction, or information on the status or value of the financial service or financial product to the consumer or the consumer’s agent or broker;
(iv) To accrue or recognize incentives or bonuses associated with the transaction that are provided by you or any other party;
(v) To underwrite insurance at the consumer’s request or for reinsurance purposes, or for any of the following purposes as they relate to a consumer’s insurance: account administration, reporting, investigating, or preventing fraud or material misrepresentation, processing premium payments, processing insurance claims, administering insurance benefits (including utilization review activities), participating in research projects, or as otherwise required or specifically permitted by Federal or State law; or
(vi) In connection with:
(A) The authorization, settlement, billing, processing, clearing, transferring, reconciling or collection of amounts charged, debited, or otherwise paid using a debit, credit, or other payment card, check, or account number, or by other payment means;
(B) The transfer of receivables, accounts, or interests therein; or
(C) The audit of debit, credit, or other payment information.

§ 332.15 Other exceptions to notice and opt out requirements.

(a) Exceptions to opt out requirements. The requirements for initial notice in §332.4(a)(2), for the opt out in §§332.7 and 332.10, and for service providers and joint marketing in §332.13 do not apply when you disclose nonpublic personal information:
(1) With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction;
(2) (i) To protect the confidentiality or security of your records pertaining to the consumer, service, product, or transaction;
(ii) To protect against or prevent actual or potential fraud, unauthorized transactions, claims, or other liability;
(iii) For required institutional risk control or for resolving consumer disputes or inquiries;
(iv) To persons holding a legal or beneficial interest relating to the consumer; or
(v) To persons acting in a fiduciary or representative capacity on behalf of the consumer;
(3) To provide information to insurance rate advisory organizations, guaranty funds or agencies, agencies that are rating you, persons that are assessing your compliance with industry standards, and your attorneys, accountants, and auditors;
(4) To the extent specifically permitted or required under other provisions of law and in accordance with the Right to Financial Privacy Act of 1978 (12 U.S.C. 3410 et seq.), to law enforcement agencies (including a federal functional regulator, the Secretary of the Treasury, with respect to 31 U.S.C. Chapter 53, Subchapter II (Records and Reports on Monetary Instruments and Transactions) and 12 U.S.C. Chapter 21 (Financial Recordkeeping), a State insurance authority, with respect to any person domiciled in that insurance authority’s State that is engaged in providing insurance, and the Federal Trade Commission), self-regulatory organizations, or for an investigation on a matter related to public safety;
(5) (i) To a consumer reporting agency in accordance with the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), or
(ii) From a consumer report reported by a consumer reporting agency in accordance with the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), or
(6) In connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit if the disclosure of nonpublic personal information concerns solely consumers of such business or unit; or
(7) (i) To comply with Federal, State, or local laws, rules and other applicable legal requirements;
(ii) To comply with a properly authorized civil, criminal, or regulatory investigation, or subpoena or summons by Federal, State, or local authorities; or
(iii) To respond to judicial process or government regulatory authorities having jurisdiction over you for examination, compliance, or other purposes as authorized by law.

(b) Examples of consent and revocation of consent. (1) A consumer may specifically consent to your disclosure to a nonaffiliated insurance company of the fact that the consumer has applied to you for a mortgage so that the insurance company can offer homeowner's insurance to the consumer.
(2) A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of nonpublic personal information as permitted under §332.7(f).

Subpart D—Relation to Other Laws; Effective Date

§332.16 Protection of Fair Credit Reporting Act.

Nothing in this part shall be construed to modify, limit, or supersede the operation of the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), and no inference shall be drawn on the basis of the provisions of this part regarding whether information is transaction or experience information under section 603 of that Act.

§332.17 Relation to State laws.

(a) In general. This part shall not be construed as superseding, altering, or affecting any statute, regulation, order, or interpretation in effect in any State, except to the extent that such State statute, regulation, order, or interpretation is inconsistent with the provisions of this part, and then only to the extent of the inconsistency.

(b) Greater protection under State law. For purposes of this section, a State statute, regulation, order, or interpretation is not inconsistent with the provisions of this part if the protection such statute, regulation, order, or interpretation affords any consumer is greater than the protection provided under this part, as determined by the Federal Trade Commission, after consultation with the FDIC, on the Federal Trade Commission's own motion, or upon the petition of any interested party.

§332.18 Effective date; transition rule.

(a) Effective date. This part is effective November 13, 2000. In order to provide sufficient time for you to establish policies and systems to comply with the requirements of this part, the FDIC has extended the time for compliance with this part until July 1, 2001.

(b)(1) Notice requirement for consumers who are your customers on the compliance date. By July 1, 2001, you must have provided an initial notice, as required by §332.4, to consumers who are your customers on July 1, 2001.

(2) Example. You provide an initial notice to consumers who are your customers on July 1, 2001, if, by that date, you have established a system for providing an initial notice to all new customers and have mailed the initial notice to all your existing customers.

(c) Two-year grandfathering of service agreements. Until July 1, 2002, a contract that you have entered into with a nonaffiliated third party to perform services for you or functions on your behalf satisfies the provisions of §332.13(a)(1)(ii) of this part, even if the contract does not include a requirement that the third party maintain the confidentiality of nonpublic personal information, as long as you entered into the contract on or before July 1, 2000.
### Version 1: Model Form With No Opt-Out

**FACTS**

**WHAT DOES [NAME OF FINANCIAL INSTITUTION] DO WITH YOUR PERSONAL INFORMATION?**

**Why?**
Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

**What?**
The types of personal information we collect and share depend on the product or service you have with us. This information can include:
- Social Security number and [income]
- [account balances] and [payment history]
- [credit history] and [credit score]

When you are no longer our customer, we continue to share your information as described in this notice.

**How?**
All financial companies need to share customers’ personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers’ personal information; the reasons [name of financial institution] chooses to share; and whether you can limit this sharing.

<table>
<thead>

### Who we are

Who is providing this notice? [insert]

### What we do

**How does [name of financial institution] protect my personal information?**
To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

**How does [name of financial institution] collect my personal information?**
We collect your personal information, for example, when you
- [open an account] or [deposit money]
- [pay your bills] or [apply for a loan]
- [use your credit or debit card]

(We also collect your personal information from other companies.) OR
(We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.)

**Why can’t I limit all sharing?**
Federal law gives you the right to limit only
- sharing for affiliates’ everyday business purposes—information about your creditworthiness
- affiliates from using your information to market to you
- sharing for nonaffiliates to market to you

State laws and individual companies may give you additional rights to limit sharing. [See below for more on your rights under state law.]

### Definitions

**Affiliates**
Companies related by common ownership or control. They can be financial and nonfinancial companies.
- [affiliate information]

**Nonaffiliates**
Companies not related by common ownership or control. They can be financial and nonfinancial companies.
- [nonaffiliate information]

**Joint marketing**
A formal agreement between nonaffiliated financial companies that together market financial products or services to you.
- [joint marketing information]

B. General Instructions

1. How the Model Privacy Form Is Used
   (a) The model form may be used, at the option of a financial institution, including a group of financial institutions that use a common privacy notice, to meet the content requirements of the privacy notice and opt-out notice set forth in §§ 332.6 and 332.7 of this part.
   (b) The model form is a standardized form, including page layout, content, format, style, pagination, and shading. Institutions seeking to obtain the safe harbor through use of the model form may modify it only as described in these Instructions.
   (c) Note that disclosure of certain information, such as assets, income, and information from a consumer reporting agency, may give rise to obligations under the Fair Credit Reporting Act [15 U.S.C. 1681–1681x] (FCRA), such as a requirement to permit a consumer to opt out of disclosures to affiliates or designation as a consumer reporting agency if disclosures are made to nonaffiliated third parties.
   (d) The word “customer” may be replaced by the word “member” whenever it appears in the model form, as appropriate.

2. The Contents of the Model Privacy Form
   The model form consists of two pages, which may be printed on both sides of a single sheet of paper, or may appear on two separate pages. Where an institution provides a long list of institutions at the end of the model form in accordance with Instruction C.3(a)(1), or provides additional information in accordance with Instruction C.3(c), and such list or additional information exceeds the space available on page two of the model form, such list or additional information may extend to a third page.
   (a) Page One. The first page consists of the following components:
      (1) Date last revised (upper right-hand corner).
      (2) Title.
      (3) Key frame (Why?, What?, How?).
      (4) Disclosure table (“Reasons we can share your personal information”).
      (5) “To limit our sharing” box, as needed, for the financial institution’s opt-out information.
      (6) “Questions” box, for customer service contact information.
      (7) Mail-in opt-out form, as needed.
   (b) Page Two. The second page consists of the following components:
      (1) Heading (Page 2).
      (2) Frequently Asked Questions (“Who we are” and “What we do”).
      (3) Definitions.
      (4) “Other important information” box, as needed.

3. The Format of the Model Privacy Form
   The format of the model form may be modified only as described below.
   (a) Easily readable type font. Financial institutions that use the model form must use an easily readable type font. While a number of factors together produce easily readable type font, institutions are required to use a minimum of 10-point font (unless otherwise expressly permitted in these Instructions) and sufficient spacing between the lines of type.
   (b) Logo. A financial institution may include a corporate logo on any page of the notice, so long as it does not interfere with the
readability of the model form or the space constraints of each page.

(c) Page size and orientation. Each page of the model form must be printed on paper in portrait orientation, the size of which must be sufficient to meet the layout and minimum font size requirements, with sufficient white space on the top, bottom, and sides of the content.

(d) Color. The model form must be printed on white or light color paper (such as cream) with black or other contrasting ink color. Spot color may be used to achieve visual interest, so long as the color contrast is distinctive and the color does not detract from the readability of the model form. Logos may also be printed in color.

(e) Languages. The model form may be translated into languages other than English.

C. Information Required in the Model Privacy Form

The information in the model form may be modified only as described below:

1. Name of the Institution or Group of Affiliated Institutions Providing the Notice

Insert the name of the financial institution providing the notice or a common identity of affiliated institutions jointly providing the notice on the form wherever [name of financial institution] appears.

2. Page One

(a) Last revised date. The financial institution must insert in the upper right-hand corner the date on which the notice was last revised. The information shall appear in minimum 8-point font as “rev. [month/year]” using either the name or number of the month, such as “rev. July 2009” or “rev. 7/09”.

(b) General instructions for the “What?” box.

(1) The bulleted list identifies the types of personal information that the institution collects and shares. All institutions must use the term “Social Security number” in the first bullet.

(2) Institutions must use five (5) of the following terms to complete the bulleted list: income; account balances; payment history; transaction history; transaction or loss history; credit history; credit scores; assets; investment experience; credit-based insurance scores; insurance claim history; medical information; overdraft history; purchase history; account transactions; risk tolerance; medical-related debts; credit card or other debt; mortgage rates and payments; retirement assets; checking account information; employment information; wire transfer instructions.

(c) General instructions for the disclosure table. The left column lists reasons for sharing or using personal information. Each reason correlates to a specific legal provision described in paragraph C.2(d) of this Instruction. In the middle column, each institution must provide a “Yes” or “No” response that accurately reflects its information sharing policies and practices with respect to the reason listed on the left. In the right column, each institution must provide in each box one of the following three (3) responses, as applicable, that reflects whether a consumer can limit such sharing: “Yes” if it is required to or voluntarily provides an opt-out; “No” if it does not provide an opt-out; or “We don’t share” if it answers “No” in the middle column. Only the sixth row (“For our affiliates to market to you”) may be omitted at the option of the institution. See paragraph C.2(d)(6) of this Instruction.

(d) Specific disclosures and corresponding legal provisions. (1) For our everyday business purposes. This reason incorporates sharing information under §§332.14 and 332.15 and with service providers pursuant to §332.13 of this part other than the purposes specified in paragraphs C.2(d)(2) or C.2(d)(3) of these Instructions.

(2) For our marketing purposes. This reason incorporates sharing information with service providers by an institution for its own marketing pursuant to §332.13 of this part. An institution that shares for this reason may choose to provide an opt-out.

(3) For joint marketing with other financial companies. This reason incorporates sharing information under joint marketing agreements between two or more financial institutions and with any service provider used in connection with such agreements pursuant to §332.13 of this part. An institution that shares for this reason may choose to provide an opt-out.

(4) For our affiliates’ everyday business purposes—information about transactions and experiences. This reason incorporates sharing information specified in sections 603(d)(2)(A)(i) and (ii) of the FCRA. An institution that shares for this reason may choose to provide an opt-out.

(5) For our affiliates’ everyday business purposes—information about creditworthiness. This reason incorporates sharing information pursuant to section 609(d)(2)(A)(iii) of the FCRA. An institution that shares for this reason must provide an opt-out.

(6) For our affiliates to market to you. This reason incorporates sharing information specified in section 624 of the FCRA. This reason may be omitted from the disclosure table when: The institution does not have affiliates (or does not disclose personal information to its affiliates); the institution’s affiliates do not use personal information in a manner that requires an opt-out; or the institution provides the affiliate marketing notice separately. Institutions that include...
This reason must provide an opt-out of indefinite duration. An institution that is required to provide an affiliate marketing opt-out, but does not include that opt-out in the model form, must comply with section 624 of the FCRA and 12 CFR part 334, subpart C, with respect to the initial notice and opt-out and any subsequent renewal notice and opt-out. An institution not required to provide an opt-out under this subparagraph may elect to include this reason in the model form.

(f) For nonaffiliates to market to you. This reason incorporates sharing described in §§332.7 and 332.10(a) of this part. An institution that shares personal information for this reason must provide an opt-out.

(g) To limit our sharing: A financial institution must include this section of the model form only if it provides an opt-out. The word “choice” may be written in either the singular or plural, as appropriate. Institutions must select one or more of the applicable opt-out methods described: Telephone, such as by a toll-free number; a Web site; or use of a mail-in opt-out form. Institutions may include the words “toll-free” before telephone, as appropriate. An institution that allows consumers to opt out online must provide either a specific Web address that takes consumers directly to the opt-out page or a general Web address that provides a clear and conspicuous direct link to the opt-out page. The opt-out choices made available to the consumer who contacts the institution through these methods must correspond accurately to the “Yes” responses in the third column of the disclosure table. In the part titled “Please note” Institutions may insert a number that is 30 or greater in the space marked “[30].” Instructions on voluntary or state privacy law opt-out information are in accordance with paragraph C.2(d)(6) of these Instructions.

(h) Questions box. Customer service contact information must be inserted as appropriate, where [phone number] or [Web site] appear. Institutions may elect to provide either a phone number, such as a toll-free number, or a Web address, or both. Institutions may include the words “toll-free” before the telephone number, as appropriate.

(i) Mail-in opt-out form. Financial institutions must include this mail-in form only if they state in the “To limit our sharing” box that consumers can opt out by mail. The mail-in form must provide opt-out options that correspond accurately to the “Yes” responses in the third column in the disclosure table. Institutions that require customers to provide only name and address may omit the section identified as “[account #].” Institutions that require additional or different information, such as a random opt-out number or a truncated account number, to implement an opt-out election should modify the “[account #]” reference accordingly. This includes institutions that require customers with multiple accounts to identify each account to which the opt-out should apply. An institution must enter its opt-out mailing address. In the far right of this form (see version 3); or below the form (see version 4). The reverse side of the mail-in opt-out form must include any content of the model form.

(1) Joint accountholder. Only institutions that provide their joint accountholders the choice to opt out for only one accountholder, in accordance with paragraph C.3(a)(5) of these Instructions, must include in the far left column of the mail-in form the following statement: “If you have a joint account, your choice(s) will apply to everyone on your account unless you mark below: ☐ I(We) have a joint account and want to limit sharing of information to my(our) account only to me.” The word “choice” may be written in either the singular or plural, as appropriate. Financial institutions that provide insurance products or services, provide this option, and elect to use the model form may substitute the word “policy” for “account” in this statement. Institutions that do not provide this option may eliminate this left column from the mail-in form.

(2) FCRA Section 603(d)(2)(A)(iii) opt-out. If the institution shares personal information pursuant to section 603(d)(2)(A)(iii) of the FCRA, it must include in the mail-in opt-out form the following statement: “☐ Do not share information about my creditworthiness with your affiliates for their everyday business purposes.”

(3) FCRA Section 624 opt-out. If the institution incorporates section 624 of the FCRA in accordance with paragraph C.2(d)(6) of these Instructions, it must include in the mail-in opt-out form the following statement: “☐ Do not allow your affiliates to use my personal information to market to me.”

(4) Nonaffiliate opt-out. If the financial institution shares personal information pursuant to §332.10(a) of this part, it must include in the mail-in opt-out form the following statement: “☐ Do not share my personal information with nonaffiliates to market their products and services to me.”

(5) Additional opt-outs. Financial institutions that use the disclosure table to provide opt-out options beyond those required by Federal law must provide those opt-outs in this section of the model form. A financial institution that chooses to offer an opt-out for its own marketing in the mail-in opt-out form must include one of the two following statements: “☐ Do not share my personal information to market to me.” or “☐ Do not use my personal information to market to me.” A financial institution that chooses to offer an opt-out for joint marketing must include the following statement: “☐ Do not share my personal information with other financial institutions to jointly market to me.”
(b) Barcodes. A financial institution may elect to include a barcode and/or "tagline" (an internal identifier) in 6-point font at the bottom of page one, as needed for information internal to the institution, so long as these do not interfere with the clarity or text of the form.

3. Page Two

(a) General Instructions for the Questions. Certain of the Questions may be customized as follows:

(1) "Who is providing this notice?" This question may be omitted where only one financial institution provides the model form and that institution is clearly identified in the title on page one. Two or more financial institutions that jointly provide the model form must use this question to identify themselves as required by §332.9(f) of this part. Where the list of institutions exceeds four (4) lines, the institution must describe in the response to this question the general types of institutions jointly providing the notice and must separately identify those institutions, in minimum 8-point font, directly following the "Other important information" box, or, if that box is not included in the institution's form, directly following the "Definitions." The list may appear in a multi-column format.

(2) "How does [name of financial institution] protect my personal information?" The financial institution may only provide additional information pertaining to its safeguards practices following the designated response to this question. Such information may include information about the institution’s use of cookies or other measures it uses to safeguard personal information. Institutions are limited to a maximum of 30 additional words.

(3) "How does [name of financial institution] collect my personal information?" Institutions must use five (5) of the following terms to complete the bulleted list for this question: Open an account; deposit money; pay your bills; apply for a loan; use your credit or debit card; seek financial or tax advice; apply for insurance; pay insurance premiums; file an insurance claim; seek advice about your investments; buy securities from us; sell securities to us; direct us to buy securities; make deposits or withdrawals from your account; enter into an investment advisory contract; give us your income information; provide employment information; give us your employment history; tell us about your investment or retirement portfolio; tell us about your investment or retirement earnings; apply for financing; apply for a lease; provide deposit information; give us your contact information; pay us by check; give us your wage statements; provide your mortgage information; make a wire transfer; tell us who receives the money; tell us where to send the money; show your government-issued ID; show your driver’s license; order a commodity futures or option trade. Institutions that collect personal information from their affiliates and/or credit bureaus must include after the bulleted list the following statement: "We also collect your personal information from others, such as credit bureaus, affiliates, or other companies that do not collect personal information from their affiliates or credit bureaus but do collect information from other companies must include the following statement instead: "We also collect your personal information from other companies."" Only institutions that do not collect any personal information from affiliates, credit bureaus, or other companies can omit both statements.

(4) "Why can’t I limit all sharing?" Institutions that describe state privacy law provisions in the "Other important information" box must use the bracketed sentence: "See below for more on your rights under state law." Other institutions must omit this sentence.

(5) "What happens when I limit sharing for an account I hold jointly with someone else?" Only financial institutions that provide opt-out options must use this question. Other institutions must omit this question. Institutions must choose one of the following two statements to respond to this question: "Your choices will apply to everyone on your account." or "Your choices will apply to everyone on your account— unless you tell us otherwise." Financial institutions that provide insurance products or services and elect to use the model form may substitute the word "policy" for "account" in these statements.

(b) General Instructions for the Definitions. The financial institution must customize the space below the responses to the three definitions in this section. This specific information must be in italicized lettering to set off the information from the standardized definitions.

(1) Affiliates. As required by §332.6(a)(3) of this part, where [affilate information] appears, the financial institution must:

(i) If it has no affiliates, state: "[name of financial institution] has no affiliates";

(ii) If it has affiliates but does not share personal information, state: "[name of financial institution] does not share with our affiliates";

(iii) If it shares with its affiliates, state, as applicable: "Our affiliates include companies with a [common corporate identity of financial institution] name; financial companies such as [insert illustrative list of companies]; non-financial companies, such as [insert illustrative list of companies]; and others, such as [insert illustrative list]."

(2) Nonaffiliates. As required by §332.6(c)(3) of this part, where [nonaffiliate information] appears, the financial institution must:
Federal Deposit Insurance Corporation

§ 333.4 Conversions from mutual to stock form.

(a) Scope. This section applies to the conversion of insured mutual state savings banks to the stock form of ownership. It supplements the procedural and other requirements for such conversions in subpart I of part 303 of this chapter. This section also applies, to the extent appropriate, to the reorganization of insured mutual state savings banks to the mutual holding company form of ownership. As determined by the Board of Directors of the FDIC on a case-by-case basis, the requirements of paragraphs (d), (e), and (f) of this section do not apply to mutual-to-stock conversions of insured mutual state savings banks whose capital category under §325.103 of this chapter or §324.403, as applicable, is “undercapitalized”, “significantly undercapitalized” or “critically undercapitalized”. As provided in §303.162 of this chapter, the Board of Directors of the FDIC may grant a waiver in writing from any requirement of this section for good cause shown.

(b) Definition of Eligible Depositor. For purposes of this section, eligible depositors are depositors holding qualifying deposits at the bank as of a date designated in the bank’s plan of conversion that is not less than one year prior to the date of adoption of the plan of conversion by the converting bank’s board of directors/trustees.

(c) Requirements. In addition to other requirements that may be imposed by the applicable state statutes and regulations and other federal statutes and regulations, including subpart I of part...
§ 333.101  Prior consent not required.

(a) The extension by any State nonmember insured bank of its business to include personal, character or installment loans, or the extension by an industrial bank of its business to include the business of a commercial bank, is not a change in the general character or type of business requiring the prior written consent of the Corporation.

established pursuant to the Medicare Prescription Drug Improvement, and Modernization Act of 2003 (26 U.S.C. 223), and other similar accounts without the prior written consent of the Corporation provided:

(1) The bank’s duties as trustee or custodian are essentially custodial or ministerial in nature,

(2) The bank is required to invest the funds from such plans only

(i) In its own time or savings deposits, or

(ii) In any other assets at the direction of the customer, provided the bank does not exercise any investment discretion or provide any investment advice with respect to such account assets, and

(3) The bank’s acceptance of such accounts without trust powers is not contrary to applicable State law.

334.90 Duties regarding the detection, prevention, and mitigation of identity theft.

APPENDIXES A–I TO PART 334 [RESERVED]

APPENDIX J TO PART 334—INTERAGENCY GUIDELINES ON IDENTITY THEFT DETECTION, PREVENTION, AND MITIGATION

SOURCE: 69 FR 77618, Dec. 28, 2004, unless otherwise noted.

§ 334.3 Definitions.

For purposes of this part, unless explicitly stated otherwise:

(a) Act means the Fair Credit Reporting Act (15 U.S.C. 1681 et seq.).

(b) Affiliate means any company that is related by common ownership or common corporate control with another company.

(c) [Reserved]

(d) Company means any corporation, limited liability company, business trust, general or limited partnership, association, or similar organization.

(e) Consumer means an individual.

(f)–(h) [Reserved]

(i) Common ownership or common corporate control means a relationship between two companies under which:

(1) One company has, with respect to the other company:

(i) Ownership, control, or power to vote 25 percent or more of the outstanding shares of any class of voting
§§ 334.80–334.82

Subpart I—Records Disposal

§ 334.80 Disposal of consumer information.

(a) In general. You must properly dispose of any consumer information that you maintain or otherwise possess in accordance with the Interagency Guidelines Establishing Information Security Standards, as set forth in appendix B to part 364 of this chapter, prescribed pursuant to section 216 of the Fair and Accurate Credit Transactions Act of 2003 (15 U.S.C. 1681w) and section 501(b) of the Gramm-Leach-Bliley Act (15 U.S.C. 6801(b)), to the extent the Guidelines are applicable to you.

(b) Rule of construction. Nothing in this section shall be construed to:

(1) Require you to maintain or destroy any record pertaining to a consumer that is not imposed under any other law; or

(2) Alter or affect any requirement imposed under any other provision of law to maintain or destroy such a record.

Subpart J—Identity Theft Red Flags

§ 334.90 Duties regarding the detection, prevention, and mitigation of identity theft.

(a) Scope. This section applies to a financial institution or creditor that is an insured state nonmember bank, State savings association whose deposits are insured by the Federal Deposit Insurance Corporation, insured state licensed branch of a foreign bank, or a subsidiary of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

(b) Definitions. For purposes of this section and Appendix J, the following definitions apply:

(1) Account means any account or other account established by a person with a financial institution or creditor to obtain a product or service for personal, family, household or business purposes.
Federal Deposit Insurance Corporation

§ 334.90

(i) An extension of credit, such as the purchase of property or services involving a deferred payment; and
(ii) A deposit account.

(2) The term board of directors includes:
(i) In the case of a branch or agency of a foreign bank, the managing official in charge of the branch or agency; and
(ii) In the case of any other creditor that does not have a board of directors, a designated employee at the level of senior management.

(3) Covered account means:
(i) An account that a financial institution or creditor offers or maintains, primarily for personal, family, or household purposes, that involves or is designed to permit multiple payments or transactions, such as a credit card account, mortgage loan, automobile loan, margin account, cell phone account, utility account, checking account, or savings account; and
(ii) Any other account that the financial institution or creditor offers or maintains for which there is a reasonably foreseeable risk to customers or to the safety and soundness of the financial institution or creditor from identity theft, including financial, operational, compliance, reputation, or litigation risks.

(4) Credit has the same meaning as in 15 U.S.C. 1681a(e)(5).

(5) Creditor has the same meaning as in 15 U.S.C. 1681m(e)(4).

(6) Customer means a person that has a covered account with a financial institution or creditor.

(7) Financial institution has the same meaning as in 15 U.S.C. 1681a(t).

(8) Identity theft has the same meaning as in 16 CFR 603.2(a).

(9) Red Flag means a pattern, practice, or specific activity that indicates the possible existence of identity theft.

(10) Service provider means a person that provides a service directly to the financial institution or creditor.

(11) State savings association has the same meaning as in section 3(b)(3) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(b)(3).

(c) Periodic identification of covered accounts. Each financial institution or creditor must periodically determine whether it offers or maintains covered accounts. As a part of this determination, a financial institution or creditor must conduct a risk assessment to determine whether it offers or maintains covered accounts described in paragraph (b)(3)(ii) of this section, taking into consideration:
(1) The methods it provides to open its accounts;
(2) The methods it provides to access its accounts; and
(3) Its previous experiences with identity theft.

(1) Establishment of an Identity Theft Prevention Program—(1) Program requirement. Each financial institution or creditor that offers or maintains one or more covered accounts must develop and implement a written Identity Theft Prevention Program (Program) that is designed to detect, prevent, and mitigate identity theft in connection with the opening of a covered account or any existing covered account. The Program must be appropriate to the size and complexity of the financial institution or creditor and the nature and scope of its activities.

(2) Elements of the Program. The Program must include reasonable policies and procedures to:
(i) Identify relevant Red Flags for the covered accounts that the financial institution or creditor offers or maintains, and incorporate those Red Flags into its Program;
(ii) Detect Red Flags that have been incorporated into the Program of the financial institution or creditor;
(iii) Respond appropriately to any Red Flags that are detected pursuant to paragraph (d)(2)(ii) of this section to prevent and mitigate identity theft; and
(iv) Ensure the Program (including the Red Flags determined to be relevant) is updated periodically, to reflect changes in risks to customers and to the safety and soundness of the financial institution or creditor from identity theft.

(e) Administration of the Program. Each financial institution or creditor that is required to implement a Program must provide for the continued administration of the Program and must:
(1) Obtain approval of the initial written Program from either its board
of directors or an appropriate committee of the board of directors;
(2) Involve the board of directors, an appropriate committee thereof, or a
designated employee at the level of senior management in the oversight,
development, implementation and administration of the Program;
(3) Train staff, as necessary, to effectively implement the Program; and
(4) Exercise appropriate and effective oversight of service provider arrangements.

(f) Guidelines. Each financial institution or creditor that is required to im-
plement a Program must consider the guidelines in Appendix J of this part and include in its Program those guide-
lines that are appropriate.

§ 334.91 Duties of card issuers regarding changes of address.

(a) Scope This section applies to an issuer of a debit or credit card (card issuer) that is an insured state non-
member bank, state savings association whose deposits are insured by the Federal Deposit Insurance Corporation,
insured state licensed branch of a foreign bank, or a subsidiary of such enti-
ties (except brokers, dealers, persons providing insurance, investment com-
panies, or investment advisers).

(b) Definitions. For purposes of this section:

(1) Cardholder means a consumer who has been issued a credit or debit card.

(2) Clear and conspicuous means reason-
ably understandable and designed to call attention to the nature and sig-
nificance of the information presented.

(3) State savings association has the
same meaning as in section 3(b)(3) of the Federal Deposit Insurance Act, 12
U.S.C. 1813(b)(3).

(c) Address validation requirements. A
card issuer must establish and imple-
ment reasonable policies and proce-
dures to assess the validity of a change
of address if it receives notification of
a change of address for a consumer's
debit or credit card account and, with-
in a short period of time afterwards
(during at least the first 30 days after
it receives such notification), the card
issuer receives a request for an addi-
tional or replacement card for the
same account. Under these cir-
cumstances, the card issuer may not
issue an additional or replacement
card, until, in accordance with its rea-
sonable policies and procedures and for
the purpose of assessing the validity of
the change of address, the card issuer:

(1)(i) Notifies the cardholder of the
request:

(A) At the cardholder's former ad-
dress; or

(B) By any other means of commu-
nication that the card issuer and the

cardholder have previously agreed to
use; and

(ii) Provides to the cardholder a rea-
sonable means of promptly reporting
incorrect address changes; or

(ii) Otherwise assesses the validity of
the change of address in accordance
with the policies and procedures the

card issuer has established pursuant to
§ 334.90 of this part.

(d) Alternative timing of address valida-
tion. A card issuer may satisfy the re-
quirements of paragraph (c) of this sec-
tion if it validates an address pursuant

to the methods in paragraph (c)(1) or

(c)(2) of this section when it receives an
address change notification, before it
receives a request for an additional or
replacement card.

(e) Form of notice. Any written or
electronic notice that the card issuer
provides under this paragraph must be

clear and conspicuous and provided
separately from its regular correspond-
ence with the cardholder.

[72 FR 63761, Nov. 9, 2007, as amended at 80
FR 65919, Oct. 28, 2015]

APPENDIXES A–I TO PART 334

[RESERVED]

APPENDIX J TO PART 334—INTERAGENCY
GUIDELINES ON IDENTITY THEFT DE-
TECTION, PREVENTION, AND MITIGA-
TION

Section 334.90 of this part requires each fi-
nancial institution and creditor that offers
or maintains one or more covered accounts,
as defined in §334.90(b)(3) of this part, to de-
velop and provide for the continued adminis-
tration of a written Program to detect, pre-
vent, and mitigate identity theft in connec-
tion with the opening of a covered account
or any existing covered account. These
guidelines are intended to assist financial in-
stitutions and creditors in the formulation
Federal Deposit Insurance Corporation

and maintenance of a Program that satisfies the requirements of §334.90 of this part.

I. The Program

In designing its Program, a financial institution or creditor may incorporate, as appropriate, its existing policies, procedures, and other arrangements that control reasonably foreseeable risks to customers or to the safety and soundness of the financial institution or creditor from identity theft.

II. Identifying Relevant Red Flags

(a) Risk Factors. A financial institution or creditor should consider the following factors in identifying relevant Red Flags for covered accounts, as appropriate:

(1) The types of covered accounts it offers or maintains;
(2) The methods it provides to open its covered accounts;
(3) The methods it provides to access its covered accounts; and
(4) Its previous experiences with identity theft.

(b) Sources of Red Flags. Financial institutions and creditors should incorporate relevant Red Flags from sources such as:

(1) Incidents of identity theft that the financial institution or creditor has experienced;
(2) Methods of identity theft that the financial institution or creditor has identified that reflect changes in identity theft risks; and
(3) Applicable supervisory guidance.

(c) Categories of Red Flags. The Program should include relevant Red Flags from the following categories, as appropriate. Examples of Red Flags from each of these categories are appended as Supplement A to this Appendix J.

(1) Alerts, notifications, or other warnings received from consumer reporting agencies or service providers, such as fraud detection services;
(2) The presentation of suspicious documents;
(3) The presentation of suspicious personal identifying information, such as a suspicious address change;
(4) The unusual use of, or other suspicious activity related to, a covered account; and
(5) Notice from customers, victims of identity theft, law enforcement authorities, or other persons regarding possible identity theft in connection with covered accounts held by the financial institution or creditor.

III. Detecting Red Flags

The Program’s policies and procedures should address the detection of Red Flags in connection with the opening of covered accounts and existing covered accounts, such as by:

(a) Obtaining identifying information about, and verifying the identity of, a person opening a covered account, for example, using the policies and procedures regarding identification and verification set forth in the Customer Identification Program rules implementing 31 U.S.C. 5318(l) (31 CFR 1020.220); and
(b) Authenticating customers, monitoring transactions, and verifying the validity of change of address requests, in the case of existing covered accounts.

IV. Preventing and Mitigating Identity Theft

The Program’s policies and procedures should provide for appropriate responses to the Red Flags the financial institution or creditor has detected that are commensurate with the degree of risk posed. In determining an appropriate response, a financial institution or creditor should consider aggravating factors that may heighten the risk of identity theft, such as a data security incident that results in unauthorized access to a customer’s account records held by the financial institution, creditor, or third party, or notice that a customer has provided information related to a covered account held by the financial institution or creditor to someone fraudulently claiming to represent the financial institution or creditor or to a fraudulent Web site. Appropriate responses may include the following:

(a) Monitoring a covered account for evidence of identity theft;
(b) Contacting the customer;
(c) Changing any passwords, security codes, or other security devices that permit access to a covered account;
(d) Reopening a covered account with a new account number;
(e) Not opening a new covered account;
(f) Closing an existing covered account;
(g) Not attempting to collect on a covered account or not selling a covered account to a debt collector;
(h) Notifying law enforcement; or
(i) Determining that no response is warranted under the particular circumstances.

V. Updating the Program

Financial institutions and creditors should update the Program (including the Red Flags determined to be relevant) periodically, to reflect changes in risks to customers or to the safety and soundness of the financial institution or creditor from identity theft, based on factors such as:

(a) The experiences of the financial institution or creditor with identity theft;
(b) Changes in methods of identity theft;
(c) Changes in methods to detect, prevent, and mitigate identity theft;
(d) Changes in the types of accounts that the financial institution or creditor offers or maintains; and
VI. Methods for Administering the Program

(a) Oversight of Program. Oversight by the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management should include:

(1) Assigning specific responsibility for the Program’s implementation;

(2) Reviewing reports prepared by staff regarding compliance by the financial institution or creditor with §334.90 of this part; and

(3) Approving material changes to the Program as necessary to address changing identity theft risks.

(b) Reports. (1) In general. Staff of the financial institution or creditor responsible for development, implementation, and administration of its Program should report to the board of directors, an appropriate committee of the board, or a designated employee at the level of senior management, at least annually, on compliance by the financial institution or creditor with §334.90 of this part.

(2) Contents of report. The report should address material matters related to the Program and evaluate issues such as: the effectiveness of the policies and procedures of the financial institution or creditor in addressing the risk of identity theft in connection with the opening of covered accounts and with respect to existing covered accounts; service provider arrangements; significant incidents involving identity theft and management’s response; and recommendations for material changes to the Program.

(c) Oversight of service provider arrangements. Whenever a financial institution or creditor engages a service provider to perform an activity in connection with one or more covered accounts the financial institution or creditor should take steps to ensure that the activity of the service provider is conducted in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft. For example, a financial institution or creditor could require the service provider by contract to have policies and procedures to detect relevant Red Flags that may arise in the performance of the service provider’s activities, and either report the Red Flags to the financial institution or creditor, or to take appropriate steps to prevent or mitigate identity theft.

VII. Other Applicable Legal Requirements

Financial institutions and creditors should be mindful of other related legal requirements that may be applicable, such as:

(a) For financial institutions and creditors that are subject to 31 U.S.C. 5318(g), filing a Suspicious Activity Report in accordance with applicable law and regulation;

(b) Implementing any requirements under 15 U.S.C. 1681c-1(h) regarding the circumstances under which credit may be extended when the financial institution or creditor detects a fraud or active duty alert;

(c) Implementing any requirements for furnishing of information to consumer reporting agencies under 15 U.S.C. 1681s-2, for example, to correct or update inaccurate or incomplete information, and to not report information that the furnisher has reasonable cause to believe is inaccurate; and

(d) Complying with the prohibitions in 15 U.S.C. 1681m on the sale, transfer, and placement for collection of certain debts resulting from identity theft.

Supplement A to Appendix J

In addition to incorporating Red Flags from the sources recommended in section II.b. of the Guidelines in Appendix J of this part, each financial institution or creditor may consider incorporating into its Program, whether singly or in combination, Red Flags from the following illustrative examples in connection with covered accounts:

Alerts, Notifications or Warnings from a Consumer Reporting Agency

1. A fraud or active duty alert is included with a consumer report.

2. A consumer reporting agency provides a notice of credit freeze in response to a request for a consumer report.

3. A consumer reporting agency provides a notice of address discrepancy, as defined in 12 CFR 1022.82(b).

4. A consumer report indicates a pattern of activity that is inconsistent with the history and usual pattern of activity of an applicant or customer, such as:

   a. A recent and significant increase in the volume of inquiries;
   b. An unusual number of recently established credit relationships;
   c. A material change in the use of credit, especially with respect to recently established credit relationships; or
   d. An account that was closed for cause or identified for abuse of account privileges by a financial institution or creditor.

Suspicious Documents

5. Documents provided for identification appear to have been altered or forged.

6. The photograph or physical description on the identification is not consistent with the appearance of the applicant or customer presenting the identification.

7. Other information on the identification is not consistent with information provided by the person opening a new covered account or customer presenting the identification.

704
8. Other information on the identification is not consistent with readily accessible information that is on file with the financial institution or creditor, such as a signature card or a recent check.

9. An application appears to have been altered or forged, or gives the appearance of having been destroyed and reassembled.

**Suspicious Personal Identifying Information**

10. Personal identifying information provided is inconsistent when compared against external information sources used by the financial institution or creditor. For example:
   - a. The address does not match any address in the consumer report; or
   - b. The Social Security Number (SSN) has not been issued, or is listed on the Social Security Administration’s Death Master File.

11. Personal identifying information provided by the customer is not consistent with other personal identifying information provided by the customer. For example, there is a lack of correlation between the SSN range and date of birth.

12. Personal identifying information provided is associated with known fraudulent activity as indicated by internal or third-party sources used by the financial institution or creditor. For example:
   - a. The address on an application is the same as the address provided on a fraudulent application; or
   - b. The phone number on an application is the same as the number provided on a fraudulent application.

13. Personal identifying information provided is of a type commonly associated with fraudulent activity as indicated by internal or third-party sources used by the financial institution or creditor. For example:
   - a. The address on an application is fictitious, a mail drop, or a prison; or
   - b. The phone number is invalid, or is associated with a pager or answering service.

14. The SSN provided is the same as that submitted by other persons opening an account or other customers.

15. The address or telephone number provided is the same as or similar to the address or telephone number submitted by an unusually large number of other persons opening accounts or by other customers.

16. The person opening the covered account or the customer fails to provide all required personal identifying information on an application or in response to notification that the application is incomplete.

17. Personal identifying information provided is not consistent with personal identifying information that is on file with the financial institution or creditor.

18. For financial institutions and creditors that use challenge questions, the person opening the covered account or the customer cannot provide authenticating information beyond that which generally would be available from a wallet or consumer report.

**Unusual Use of, or Suspicious Activity Related to, the Covered Account**

19. Shortly following the notice of a change of address for a covered account, the institution or creditor receives a request for a new, additional, or replacement card or a cell phone, or for the addition of authorized users on the account.

20. A new revolving credit account is used in a manner commonly associated with known patterns of fraud. For example:
   - a. The majority of available credit is used for cash advances or merchandise that is easily convertible to cash (e.g., electronics equipment or jewelry); or
   - b. The customer fails to make the first payment or makes an initial payment but no subsequent payments.

21. A covered account is used in a manner that is not consistent with established patterns of activity on the account. There is, for example:
   - a. Nonpayment when there is no history of late or missed payments;
   - b. A material increase in the use of available credit;
   - c. A material change in purchasing or spending patterns;
   - d. A material change in electronic fund transfer patterns in connection with a deposit account; or
   - e. A material change in telephone call patterns in connection with a cellular phone account.

22. A covered account that has been inactive for a reasonably lengthy period of time is used (taking into consideration the type of account, the expected pattern of usage and other relevant factors).

23. Mail sent to the customer is returned repeatedly as undeliverable although transactions continue to be conducted in connection with the customer’s covered account.

24. The financial institution or creditor is notified that the customer is not receiving paper account statements.

25. The financial institution or creditor is notified of unauthorized charges or transactions in connection with a customer’s covered account.

**Notice From Customers, Victims of Identity Theft, Law Enforcement Authorities, or Other Persons Regarding Possible Identity Theft in Connection With Covered Accounts Held by the Financial Institution or Creditor**

26. The financial institution or creditor is notified by a customer, a victim of identity theft, a law enforcement authority, or any other person that it has opened a fraudulent account.
account for a person engaged in identity theft.

PART 335—SECURITIES OF STATE NONMEMBER BANKS AND STATE SAVINGS ASSOCIATIONS

Sec.
335.101 Scope of part, authority and OMB control number.
335.111 Forms and schedules.
335.121 Listing standards related to audit committees.
335.201 Securities exempted from registration.
335.211 Registration and reporting.

335.612 Statement of changes in beneficial ownership of securities (Form 4).
335.613 Annual statement of beneficial ownership of securities (Form 5).
335.701 Filing requirements, public reference, and confidentiality.
335.801 Inapplicable SEC regulations; FDIC substituted regulations; additional information.

AUTHORITY: 12 U.S.C. 1819; 15 U.S.C. 78j-1, 78l, 78m, 78n(a), 78n(c), 78n(d), 78n(f), and 78p.

§ 335.101 Scope of part, authority and OMB control number.

(a) This part is issued by the Federal Deposit Insurance Corporation (the FDIC) under section 12(i) of the Securities Exchange Act of 1934, 15 U.S.C. 78 et seq. (the Exchange Act), and applies to all securities of FDIC-insured State nonmember banks (including foreign banks having an insured branch) and State savings associations that are subject to the registration requirements of section 12(b) or section 12(g) of the Exchange Act. The FDIC is vested with the powers, functions, and duties of the Securities and Exchange Commission (SEC) to administer and enforce sections 10A(m), 12, 13, 14(a), 14(c), 14(d), 14(f), and 16 of the Exchange Act (15 U.S.C. 78j-1, 78l, 78m, 78n(a), 78n(c), 78n(d), 78n(f), and 78p), and sections 302, 303, 304, 306, 401(b), 404, 406, and 407 of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7241, 7242, 7243, 7244, 7261, 7262, 7264, and 7265) regarding State nonmember banks and State savings associations with one or more classes of securities subject to the registration provisions of sections 12(b) or 12(g) of the Exchange Act.

(b) Part 335 generally incorporates through cross reference the regulations of the SEC as these regulations are issued, revised, or updated from time to time under sections 10A(m), 12, 13, 14(a), 14(c), 14(d), 14(f), and 16 of the Exchange Act and sections 302, 303, 304, 306, 401(b), 404, 406, and 407 of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley Act), except as provided at §335.801 of this part. References to the Commission in the regulations of the SEC are deemed to refer to the FDIC unless the context otherwise requires.

§ 335.111 Forms and schedules.

The Exchange Act regulations of the SEC, which are cross referenced under this part, require the filing of forms and schedules as applicable. Reference is made to SEC Exchange Act regulation 17 CFR part 249 regarding the availability of all applicable SEC Exchange Act forms. Required schedules are codified and are found within the context of the SEC’s regulations. All forms and schedules shall be titled...
§ 335.261 Exemptions, terminations, and definitions.

(b) The requirements for Financial Statements can generally be found in Regulation S–X (17 CFR part 210). Banks and State savings associations may also refer to the instructions for Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income when preparing unaudited interim statements. The requirements for Management’s Discussion and Analysis of Financial Condition and Results of Operations can be found at 17 CFR part 229. Additional requirements are provided at Industry Guide 3, Statistical Disclosure by Bank Holding Companies, which is found at 17 CFR part 229.

(c) The provisions of the applicable and currently effective SEC regulations shall be followed as codified at 17 CFR part 243.

§ 335.231 Certification, suspension of trading, and removal from listing by exchanges.

The provisions of the applicable and currently effective SEC regulations under section 12(d) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.241 Unlisted trading.

The provisions of the applicable and currently effective SEC regulations under section 12(f) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.251 Forms for notification of action taken by national securities exchanges.

The applicable forms for notification of action taken by national securities exchanges are codified in 17 CFR part 249. All forms shall be filed with the FDIC as appropriate and shall be titled with the name of the FDIC instead of the SEC.

§ 335.261 Exemptions, terminations, and definitions.

(b) The requirements for Financial Statements can generally be found in Regulation S–X (17 CFR part 210). Banks and State savings associations may also refer to the instructions for Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income when preparing unaudited interim statements. The requirements for Management’s Discussion and Analysis of Financial Condition and Results of Operations can be found at 17 CFR part 229. Additional requirements are provided at Industry Guide 3, Statistical Disclosure by Bank Holding Companies, which is found at 17 CFR part 229.

(c) The provisions of the applicable and currently effective SEC regulations shall be followed as codified at 17 CFR part 243.

§ 335.231 Certification, suspension of trading, and removal from listing by exchanges.

The provisions of the applicable and currently effective SEC regulations under section 12(d) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.241 Unlisted trading.

The provisions of the applicable and currently effective SEC regulations under section 12(f) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.251 Forms for notification of action taken by national securities exchanges.

The applicable forms for notification of action taken by national securities exchanges are codified in 17 CFR part 249. All forms shall be filed with the FDIC as appropriate and shall be titled with the name of the FDIC instead of the SEC.

§ 335.261 Exemptions, terminations, and definitions.

(b) The requirements for Financial Statements can generally be found in Regulation S–X (17 CFR part 210). Banks and State savings associations may also refer to the instructions for Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income when preparing unaudited interim statements. The requirements for Management’s Discussion and Analysis of Financial Condition and Results of Operations can be found at 17 CFR part 229. Additional requirements are provided at Industry Guide 3, Statistical Disclosure by Bank Holding Companies, which is found at 17 CFR part 229.

(c) The provisions of the applicable and currently effective SEC regulations shall be followed as codified at 17 CFR part 243.

§ 335.231 Certification, suspension of trading, and removal from listing by exchanges.

The provisions of the applicable and currently effective SEC regulations under section 12(d) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.241 Unlisted trading.

The provisions of the applicable and currently effective SEC regulations under section 12(f) of the Exchange Act shall be followed as codified at 17 CFR part 240.

§ 335.251 Forms for notification of action taken by national securities exchanges.

The applicable forms for notification of action taken by national securities exchanges are codified in 17 CFR part 249. All forms shall be filed with the FDIC as appropriate and shall be titled with the name of the FDIC instead of the SEC.

§ 335.261 Exemptions, terminations, and definitions.

(b) The requirements for Financial Statements can generally be found in Regulation S–X (17 CFR part 210). Banks and State savings associations may also refer to the instructions for Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income when preparing unaudited interim statements. The requirements for Management’s Discussion and Analysis of Financial Condition and Results of Operations can be found at 17 CFR part 229. Additional requirements are provided at Industry Guide 3, Statistical Disclosure by Bank Holding Companies, which is found at 17 CFR part 229.

(c) The provisions of the applicable and currently effective SEC regulations shall be followed as codified at 17 CFR part 243.
§ 335.301 Reports of issuers of securities registered pursuant to section 12.

The provisions of the applicable and currently effective SEC regulations under section 13(a) of the Exchange Act shall be followed as codified at 17 CFR part 240.

[75 FR 73949, Nov. 30, 2010]

§ 335.311 Forms for annual, quarterly, current, and other reports of issuers.

(a) The applicable forms for annual, quarterly, current, and other reports are codified in 17 CFR part 249. All forms shall be filed with the FDIC as appropriate and shall be titled with the name of the FDIC instead of the SEC.

(b) The requirements for Financial Statements can generally be found in Regulation S-X (17 CFR part 210). Banks and State savings associations may also refer to the instructions for FFIEC Consolidated Reports of Condition and Income when preparing unaudited interim reports. The requirements for Management’s Discussion and Analysis of Financial Condition and Results of Operations can be found at 17 CFR part 229. Additional requirements are included in Industry Guide 3, Statistical Disclosure by Bank Holding Companies, which is found at 17 CFR part 229.

§ 335.321 Maintenance of records and issuer’s representations in connection with required reports.

The provisions of the applicable and currently effective SEC regulations under 13(b) of the Exchange Act shall be followed as codified at 17 CFR part 240.

[75 FR 73949, Nov. 30, 2010]

§ 335.331 Acquisition statements, acquisition of securities by issuers, and other matters.

The provisions of the applicable and currently effective SEC regulations under sections 13(d) and 13(e) of the Exchange Act shall be followed as codified at 17 CFR part 240.

[75 FR 73949, Nov. 30, 2010]

§ 335.401 Solicitations of proxies.

The provisions of the applicable and currently effective SEC regulations under sections 14(a) and 14(c) of the Exchange Act shall be followed as codified at 17 CFR part 240.

[75 FR 73950, Nov. 30, 2010]

§ 335.501 Tender offers.

The provisions of the applicable and currently effective SEC regulations under sections 14(d), 14(e), and 14(f) of the Exchange Act shall be followed as codified at 17 CFR part 240.

[75 FR 73950, Nov. 30, 2010]

Persons subject to section 16 of the Exchange Act with respect to securities registered under this part shall follow the applicable and currently effective SEC regulations issued under section 16 of the Exchange Act (17 CFR part 240), except that the forms described in §335.611 (FDIC Form 3), §335.612 (FDIC Form 4), and §335.613 (FDIC Form 5) shall be used in lieu of SEC Form 3, Form 4, and Form 5, respectively. FDIC Forms 3, 4, and 5 shall be filed electronically on FDICconnect at https://www2.fdicconnect.gov/index.asp. Copies of FDIC Forms 3, 4, and 5 and the instructions thereto can be printed and downloaded at https://www.fdic.gov/regulations/laws/forms.

[75 FR 73950, Nov. 30, 2010]

§ 335.611 Initial statement of beneficial ownership of securities (Form 3).

This form shall be filed in lieu of SEC Form 3 pursuant to SEC rules for initial statements of beneficial ownership of securities. The FDIC is authorized to solicit the information required by this form pursuant to sections 16(a) and 23(a) of the Exchange Act (15 U.S.C. 78p and 78w) and the rules and regulations thereunder. SEC regulations referenced in this form are codified at 17 CFR part 240.

[75 FR 73950, Nov. 30, 2010]
§ 335.612 Statement of changes in beneficial ownership of securities (Form 4).

This form shall be filed in lieu of SEC Form 4 pursuant to SEC Rules for statements of changes in beneficial ownership of securities. The FDIC is authorized to solicit the information required by this form pursuant to sections 16(a) and 23(a) of the Exchange Act (15 U.S.C. 78p and 78w) and the rules and regulations thereunder. SEC regulations referenced in this form are codified at 17 CFR part 240.

[75 FR 73950, Nov. 30, 2010]

§ 335.613 Annual statement of beneficial ownership of securities (Form 5).

This form shall be filed in lieu of SEC Form 5 pursuant to SEC Rules for annual statements of beneficial ownership of securities. The FDIC is authorized to solicit the information required by this form pursuant to sections 16(a) and 23(a) of the Exchange Act (15 U.S.C. 78p and 78w) and the rules and regulations thereunder. SEC regulations referenced in this form are codified at 17 CFR part 240.

[75 FR 73950, Nov. 30, 2010]

§ 335.701 Filing requirements, public reference, and confidentiality.

(a) Filing requirements. Unless otherwise indicated in this part, one original and four conformed copies of all papers required to be filed with the FDIC under the Exchange Act or regulations thereunder shall be filed at its office in Washington, DC. Official filings may be filed electronically at https://www2.fdicconnect.gov/index.asp except for FDIC Beneficial Ownership Forms 3, 4, and 5 for which electronic filing is mandatory as described in §335.801(b). Paper filings should be submitted to the FDIC’s office in Washington, DC, and should be addressed as follows: Accounting and Securities Disclosure Section, Division of Risk Management Supervision, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, DC 20429. Material may be filed by delivery to the FDIC through the mails or otherwise. The date on which paper filings are actually received by the designated FDIC office shall be the date of filing.

(b) Inspection. Except as provided in paragraph (c) of this section, all information filed regarding a security registered with the FDIC will be available for inspection at the Federal Deposit Insurance Corporation, Accounting and Securities Disclosure Section, Division of Risk Management Supervision, 550 17th Street NW., Washington, DC. Beneficial ownership report forms and other official filings that are electronically submitted to the FDIC are available for inspection on the FDIC’s Web site at http://www2.fdic.gov/efr/

(c) Nondisclosure of certain information filed. Any person filing any statement, report, or document with the FDIC under the Exchange Act may make a written objection to the public disclosure of any information contained therein in accordance with the procedure set forth in this paragraph (c) or the instructions provided for electronic filing available on the FDIC’s Web site https://www2.fdicconnect.gov/index.asp.

(1) The person shall omit from the statement, report, or document, when it is filed, the portion thereof that it desires to keep undisclosed (hereinafter called the confidential portion). In lieu thereof, it shall indicate at the appropriate place in the statement, report, or document that the confidential portion has been so omitted and filed separately with the FDIC.

(2) The person shall file with the copies of the statement, report, or document filed with the FDIC:

(i) As many copies of the confidential portion, each clearly marked “Confidential Treatment,” as there are copies of the statement, report, or document filed with the FDIC and with each exchange, if any. Each copy shall contain the complete text of the item and, notwithstanding that the confidential portion does not constitute the whole of the answer, the entire answer thereto; except that in the case where the confidential portion is part of a financial statement or schedule, only the particular financial statement or schedule need be included. All copies of the confidential portion shall be in the same form as the remainder of the statement, report, or document;
§ 335.801 Inapplicable SEC regulations; FDIC substituted regulations; additional information.

(a) Filing fees. Filing fees will not be charged relative to any filings or submissions of materials made with the FDIC pursuant to the cross reference to regulations of the SEC issued under sections 10A(m), 12, 13, 14, and 16 of the Securities Exchange Act of 1934 (15 U.S.C. 78), sections 302, 303, 304, 306, 401(b), 404, 406, and 407 of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7241, 7242, 7243, 7244, 7261, 7262, 7264, and 7265), and this part.

(b) Electronic filings. (1) The FDIC does not participate in the SEC’s EDGAR (Electronic Data Gathering Analysis and Retrieval) electronic filing program (17 CFR part 232). The FDIC permits voluntary electronically transmitted filings and submissions of correspondence and other materials in electronic format to the FDIC, with the exception of Beneficial Ownership Reports (Forms 3, 4, and 5) for which electronic filing is mandatory. Beneficial Ownership Report filing requirements are provided in paragraph (b)(2) of this section.

(2) All reporting persons must electronically file Beneficial Ownership Reports (FDIC Forms 3, 4, and 5), including amendments and exhibits thereto, using the Internet-based interagency Beneficial Ownership Filings System, except that a reporting person that has obtained a continuing hardship exemption under these rules may file the forms with the FDIC in paper.
format. For electronic filing purposes, FDIC Forms 3, 4, and 5 are accessible at the Internet-based interagency Web site for Beneficial Ownership Filings at FDICconnect at https://www2.fdicconnect.gov/index.asp. These forms and the instructions thereto are available for printing and downloading at http://www2.fdic.gov/regulations/laws/forms. A reporting person that has obtained a continuing hardship exemption under these rules may file the appropriate forms with the FDIC in paper format. Instructions for continuing hardship exemptions are provided in paragraph (b)(6) of this section.

(3) Electronic filings of FDIC beneficial ownership report Forms 3, 4, and 5 must be submitted to the FDIC through the interagency Beneficial Ownership Filings system. Beneficial ownership reports and any amendments are deemed filed with the FDIC upon electronic receipt on business days from 8 a.m. through 10 p.m., Eastern Standard Time or Eastern Daylight Saving Time, whichever is currently in effect (Eastern Time). Business days include each day, except Saturdays, Sundays and Federal holidays. All filings submitted electronically to the FDIC commencing after 10 p.m. Eastern Time on business days shall be deemed filed as of 8 a.m. on the following business day. All filings submitted electronically to the FDIC on non-business days shall be deemed filed as of 8 a.m. on the following business day.

(4) Adjustment of the filing date. If an electronic filer in good faith attempts to file a beneficial ownership report with the FDIC in a timely manner but the filing is delayed due to technical difficulties beyond the electronic filer’s control, the electronic filer may request an adjustment of the filing date of such submission. The FDIC may grant the request if it appears that such adjustment is appropriate and consistent with the public interest and the protection of investors.

(5) Exhibits. (i) Exhibits to an electronic filing that have not previously been filed with the FDIC shall be filed in electronic format, absent a hardship exemption.

(ii) Previously filed exhibits, whether in paper or electronic format, may be incorporated by reference into an electronic filing to the extent permitted by applicable SEC rules under the Exchange Act. An electronic filer may, at its option, restate in electronic format an exhibit incorporated by reference that originally was filed in paper format.

(iii) Any document filed in paper format in violation of mandated electronic filing requirements shall not be incorporated by reference into an electronic filing.

(6) Continuing Hardship Exemption. The FDIC will not accept in paper format any beneficial ownership report filing required to be submitted electronically under this part unless the filer satisfies the requirements for a continuing hardship exemption:

(i) A filer may apply in writing for a continuing hardship exemption if all or part of a filing or group of filings otherwise required to be filed in electronic format cannot be so filed without undue burden or expense. Such written application shall be made at least ten business days prior to the required due date of the filing(s) or the proposed filing date, as appropriate, or within such shorter period as may be permitted. The written application shall be sent to the Accounting and Securities Disclosure Section, Division of Risk Management Supervision, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, DC 20429, and shall contain the information set forth in paragraph (b)(6)(ii) of this section.

(A) The application shall not be deemed granted until the applicant is notified by the FDIC.

(B) If the FDIC denies the application for a continuing hardship exemption, the filer shall file the required document in electronic format on the required due date or the proposed filing date or such other date as may be permitted.

(C) If the FDIC determines that the grant of the exemption is appropriate and consistent with the public interest and the protection of investors and so notifies the applicant, the filer shall follow the procedures set forth in paragraph (b)(6)(ii) of this section.

(ii) The request for the continuing hardship exemption shall include, but not be limited to, the following:
(A) The reason(s) that the necessary hardware and software are not available without unreasonable burden and expense;

(B) The burden and expense involved to employ alternative means to make the electronic submission; and/or

(C) The reasons for not submitting electronically the document or group of documents, as well as justification for the requested time period for the exemption.

(iii) If the request for a continuing hardship exemption is granted, the electronic filer shall submit the document or group of documents for which the exemption is granted in paper format on the required due date specified in the applicable form, rule or regulation, or the proposed filing date, as appropriate. The paper format document(s) shall have placed at the top of page 1, or at the top of an attached cover page, a legend in capital letters:

IN ACCORDANCE WITH 12 CFR 335.801(b), THIS (SPECIFY DOCUMENT) IS BEING FILED IN PAPER PURSUANT TO A CONTINUING HARDSHIP EXEMPTION.

(iv) Where a continuing hardship exemption is granted with respect to an exhibit only, the paper format exhibit shall be filed with the FDIC under Form SE (17 CFR part 249). The name of the FDIC shall be substituted for the name of the SEC on the form. Form SE shall be filed as a paper cover sheet to all exhibits to Beneficial Ownership Reports submitted to the FDIC in paper form pursuant to a hardship exemption.

(v) Form SE may be filed with the FDIC up to six business days prior to, or on the date of filing of, the electronic form to which it relates but shall not be filed after such filing date. If a paper exhibit is submitted in this manner, requirements that the exhibit be filed with, provided with, or accompany the electronic filing shall be satisfied. Any requirements as to delivery or furnishing the information to persons other than the FDIC shall not be affected by this section.

(7) Signatures. (i) Required signatures to, or within, any electronic submission must be in typed form. When used in connection with an electronic filing, the term “signature” means an electronic entry or other form of computer data compilation of any letters or series of letters or characters comprising a name, executed, adopted or authorized as a signature.

(ii) Each signatory to an electronic filing shall manually sign a signature page or other document authenticating, acknowledging or otherwise adopting his or her signature that appears in typed form within the electronic filing. Such document shall be executed before or at the time the electronic filing is made and shall be retained by the filer for a period of five years. Upon request, an electronic filer shall furnish to the FDIC a copy of any or all documents retained pursuant to this section.

(iii) Where the FDIC’s rules require a filer to furnish a national securities exchange, a national securities association, a bank, or State savings association, paper copies of a document filed with the FDIC in electronic format, signatures to such paper copies may be in typed form.

(c) Legal proceedings. Whenever this part or cross referenced provisions of the SEC regulations require disclosure of legal proceedings, administrative or judicial proceedings arising under section 8 of the Federal Deposit Insurance Act shall be deemed material and shall be described.

(d) Indebtedness of management. Whenever this part of cross referenced provisions of the SEC regulations require disclosure of indebtedness of management, extensions of credit to specified persons in excess of ten (10) percent of the equity capital accounts of the bank or State savings association or $5 million, whichever is less, shall be deemed material and shall be disclosed in addition to any other required disclosure. The disclosure of this material indebtedness shall include the largest aggregate amount of indebtedness (in dollar amounts, and as a percentage of total equity capital accounts at the time), including extensions of credit or overdrafts, endorsements and guarantees outstanding at any time since the beginning of the bank or State savings association’s last fiscal year, and as of the latest practicable date.

(1) If aggregate extensions of credit to all specified persons as a group exceeded 20 percent of the equity capital
accounts of the bank or State savings association at any time since the beginning of the last fiscal year, the aggregate amount of such extensions of credit shall also be disclosed.

(2) Other loans are deemed material and shall be disclosed where:

(i) The extension(s) of credit was not made on substantially the same terms, including interest rates, collateral and repayment terms as those prevailing at the time for comparable transactions with other than the specified persons;

(ii) The extension(s) of credit was not made in the ordinary course of business; or

(iii) The extension(s) of credit has involved or presently involves more than a normal risk of collectibility or other unfavorable features including the restructuring of an extension of credit, or a delinquency as to payment of interest or principal.

(e) **Proxy material required to be filed.**

(1) Three preliminary copies of each information statement, proxy statement, form of proxy, and other item of soliciting material to be furnished to security holders concurrently therewith, shall be filed with the FDIC by the bank, State savings association, or any other person making a solicitation subject to 12 CFR 335.401 at least ten calendar days (or 15 calendar days in the case of other than routine meetings, as defined in paragraph (e)(2) of this section) prior to the date such item is first sent or given to any security holders, or such shorter date as may be authorized.

(2) For the purposes of this paragraph (e), a routine meeting means:

(i) A meeting with respect to which no one is soliciting proxies subject to 12 CFR 335.401 other than on behalf of the bank or State savings association and at which the bank or State savings association intends to present no matters other than:

(A) The election of directors;

(B) The election, approval or ratification of accountants;

(C) A Security holder proposal included pursuant to SEC Rule 14(a)-8 (17 CFR 240.14a-8); and

(D) The approval or ratification of a plan as defined in paragraph (a)(7)(ii) of Item 402 of SEC Regulation S-K (17 CFR 229.402(a)(7)(ii)) or amendments to such a plan; and

(ii) The bank or State savings association does not comment upon or refer to a solicitation in opposition (as defined in 17 CFR 240.14a–6) in connection with the meeting in its proxy material.

(3) Where preliminary copies of material are filed with the FDIC under this section, the printing of definitive copies for distribution to security holders should be deferred until the comments of the FDIC’s staff have been received and considered.

(f) **Additional information; filing of other statements in certain cases.** (1) In addition to the information expressly required to be included in a statement, form, schedule or report, there shall be added such further material information, if any, as may be necessary to make the required statements, in light of the circumstances under which they are made, not misleading.

(2) The FDIC may, upon the written request of the bank or State savings association, and where consistent with the protection of investors, permit the omission of one or more of the statements or disclosures herein required, or the filing in substitution thereof of appropriate statements or disclosures of comparable character.

(3) The FDIC may also require the filing of other statements or disclosures in addition to, or in substitution for those herein required in any case where such statements are necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required, or disclosure about which is otherwise necessary for the protection of investors.

PART 336—FDIC EMPLOYEES

Subpart A—Employee Responsibilities and Conduct

Sec. 336.1 Cross-reference to employee ethical conduct standards and financial disclosure regulations.

Subpart B—Minimum Standards of Fitness for Employment With the Federal Deposit Insurance Corporation

AUTHORITY: 12 U.S.C. 1819 (Tenth), 1822(f).

§ 336.2 Authority, purpose and scope.

(a) Authority. This part is adopted pursuant to section 12(f) of the Federal Deposit Insurance Act, 12 U.S.C. 1822, and the rulemaking authority of the Federal Deposit Insurance Corporation (FDIC) found at 12 U.S.C. 1819. This part is in addition to, and not in lieu of, any other statutes or regulations which may apply to standards for ethical conduct or fitness for employment with the FDIC and is consistent with the goals and purposes of 18 U.S.C. 201, 203, 205, 208, and 209.

(b) Purpose. The purpose of this part is to state the minimum standards of fitness and integrity required of individuals who provide service to or on behalf of the FDIC and provide procedures for implementing these requirements.

(c) Scope. (1) This part applies to applicants for employment with the FDIC under title 5 of the U.S. Code appointing authority in either the excepted or competitive service, including Special Government Employees. This part applies to all appointments, regardless of tenure, including intermittent, temporary, time-limited and permanent appointments.

(2) In addition, this part applies to all employees of the FDIC who serve under an appointing authority under chapter 21 of title 5 of the U.S. Code.

(3) Further, this part applies to any individual who, pursuant to a contract or any other arrangement, performs functions or activities of the Corporation, under the direct supervision of an officer or employee of the Corporation.

§ 336.3 Definitions.

For the purposes of this part:

(a) Company means any corporation, firm, partnership, society, joint venture, business trust, association or similar organization, or any other trust unless by its terms it must terminate within twenty-five years or not later than twenty-one years and ten
months after the death of individuals living on the effective date of the trust, or any other organization or institution, but shall not include any corporation the majority of the shares of which are owned by the United States, any state, or the District of Columbia.

(b) Control means the power to vote, directly or indirectly, 25 percent or more of any class of the voting stock of a company, the ability to direct in any manner the election of a majority of a company's directors or trustees, or the ability to exercise a controlling influence over the company's management and policies. For purposes of this definition, a general partner of a limited partnership is presumed to be in control of that partnership. For purposes of this part, an entity or individual shall be presumed to have control of a company if the entity or individual directly or indirectly, or acting in concert with one or more entities or individuals, or through one or more subsidiaries, owns or controls 25 percent or more of its equity, or otherwise controls or has power to control its management or policies.

(c) Default on a material obligation means a loan or advance from an insured depository institution which is or was delinquent for 90 or more days as to payment of principal or interest, or any combination thereof.

(d) Employee means any officer or employee, including a liquidation graded or temporary employee, providing service to or on behalf of the FDIC who has been appointed to a position under an authority contained in title 5 of the U.S. Code. This definition excludes those individuals designated by title 5 of the U.S. Code as officials in the Federal Executive Schedule.

(e) Federal banking agency means the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, or the Federal Deposit Insurance Corporation, or their predecessors or successors.

(f) Federal deposit insurance fund means the Deposit Insurance Fund, the former Bank Insurance Fund, the former Savings Association Insurance Fund, the Federal Savings and Loan Insurance Corporation (FSLIC) Resolution Trust, or the funds formerly maintained by the Resolution Trust Corporation (RTC), or their successors, for the benefit of insured depositors.

(g) FDIC means the Federal Deposit Insurance Corporation, in its receivership and corporate capacities.

(h) Insured depository institution means any bank or savings association the deposits of which are insured by the FDIC.

(i) Pattern or practice of defalcation regarding obligations means:

(1) A history of financial irresponsibility with regard to debts owed to insured depository institutions which are in default in excess of $50,000 in the aggregate. Examples of such financial irresponsibility include, without limitation:

(i) Failure to pay a debt or debts totalling more than $50,000 secured by an uninsured property which is destroyed; or

(ii) Abuse of credit cards or incurring excessive debt well beyond the individual's ability to repay resulting in default(s) in excess of $50,000 in the aggregate.

(2) Wrongful refusal to fulfill duties and obligations to insured depository institutions. Examples of such wrongful refusal to fulfill duties and obligations include, without limitation:

(i) Any use of false financial statements;

(ii) Misrepresentation as to the individual’s ability to repay debts;

(iii) Concealing assets from the insured depository institution;

(iv) Any instance of fraud, embezzlement or similar misconduct in connection with an obligation to the insured depository institution; and

(v) Any conduct described in any civil or criminal judgment against an individual for breach of any obligation, contractual or otherwise, or any duty of loyalty or care that the individual owed to an insured depository institution.

(3) Defaults shall not be considered a pattern or practice of defalcation where the defaults are caused by catastrophic events beyond the control of the employee such as death, disability, illness or loss of financial support.

(j) Substantial loss to federal deposit insurance funds—(1) Substantial loss to federal deposit insurance funds means:
(i) A loan or advance from an insured depository institution, which is now owed to the FDIC, RTC, FSLIC or their successors, or any federal deposit insurance fund, that is delinquent for ninety (90) or more days as to payment of principal, interest, or a combination thereof and on which there remains a legal obligation to pay an amount in excess of $50,000; or

(ii) A final judgment in excess of $50,000 in favor of any federal deposit insurance fund, the FDIC, RTC, FSLIC, or their successors regardless of whether it becomes forgiven in whole or in part in a bankruptcy proceeding.

(2) For purposes of computing the $50,000 ceiling in paragraphs (j)(1)(i) and (ii) of this section, all delinquent judgments, loans, or advances currently owed to the FDIC, RTC, FSLIC or their successors, or any federal deposit insurance fund, shall be aggregated. In no event shall delinquent loans or advances from different insured depository institutions be separately considered.

§ 336.4 Minimum standards for appointment to a position with the FDIC.

(a) No person shall become employed on or after June 18, 1994, by the FDIC or otherwise perform any service for or on behalf of the FDIC who has:

(1) Been convicted of any felony;

(2) Been removed from, or prohibited from participating in the affairs of, any insured depository institution pursuant to any final enforcement action by any appropriate federal banking agency;

(3) Demonstrated a pattern or practice of defalcation regarding obligations to insured depository institutions; or

(4) Caused a substantial loss to federal deposit insurance funds.

(b) Prior to an offer of employment, any person applying for employment with the FDIC shall sign a certification of compliance with the minimum standards listed in paragraphs (a) (1) through (4) of this section. In addition, any person applying for employment with the FDIC shall provide as an attachment to the certification any instance in which the applicant, or a company under the applicant’s control, defaulted on a material obligation to an insured depository institution within the preceding five years.

(c) Incumbent employees who separate from the FDIC and are subsequently reappointed after a break in service of more than three days are subject to the minimum standards listed in paragraphs (a) (1) through (4) of this section. The former employee is required to submit a new certification statement including attachments, as provided in paragraph (b) of this section, prior to appointment to the new position.

§ 336.5 Minimum standards for employment with the FDIC.

(a) No person who is employed by the FDIC shall continue in employment in any manner whatsoever or perform any service for or on behalf of the FDIC who, beginning June 18, 1994 and thereafter:

(1) Is convicted of any felony;

(2) Is prohibited from participating in the affairs of any insured depository institution pursuant to any final enforcement action by any appropriate federal banking agency;

(3) Demonstrates a pattern or practice of defalcation regarding obligations to insured depository institution(s); or

(4) Causes a substantial loss to federal deposit insurance funds.

(b) Any noncompliance with the standards listed in paragraphs (a) (1) through (4) of this section is a basis for removal from employment with the FDIC.

§ 336.6 Verification of compliance.

The FDIC’s Division of Administration shall order appropriate investigations as authorized by 12 U.S.C. 1819 and 1822 on newly appointed employees, either prior to or following appointment, to verify compliance with the minimum standards listed under §336.4 (a) (1) through (4).
§ 336.7 Employee responsibility, counseling and distribution of regulation.

(a) Each employee is responsible for being familiar with and complying with the provisions of this part.

(b) The Ethics Counselor shall provide a copy of this part to each new employee within 30 days of initial appointment.

(c) An employee who believes that he or she may not be in compliance with the minimum standards provided under §336.5(a)(1) through (4), or who receives a demand letter from the FDIC for any reason, shall make a written report of all relevant facts to the Ethics Counselor within ten (10) business days after the employee discovers the possible noncompliance, or after the receipt of a demand letter from the FDIC.

(d) The Ethics Counselor shall provide guidance to employees regarding the appropriate statutes, regulations and corporate policies affecting employee’s ethical responsibilities and conduct under this part.

(e) The Ethics Counselor shall provide the Personnel Services Branch with notice of an employee’s noncompliance.

§ 336.8 Sanctions and remedial actions.

(a) Any employee found not in compliance with the minimum standards except as provided in paragraph (b) of this section below shall be terminated and prohibited from providing further service for or on behalf of the FDIC in any capacity. No other remedial action is authorized for sanctions for noncompliance.

(b) Any employee found not in compliance with the minimum standards under §336.5(a)(3) based on financial irresponsibility as defined in §336.3(1) shall be terminated consistent with applicable procedures and prohibited from providing future services for or on behalf of the FDIC in any capacity. No other remedial action is authorized for sanctions for noncompliance.

(1) Upon written notification by the Corporation of financial irresponsibility, the employee will be allowed a reasonable period of time to establish an agreement that satisfies the creditor and the FDIC as to resolution of outstanding indebtedness or otherwise resolves the matter to the satisfaction of the FDIC prior to the initiation of a termination action.

(2) As part of the agreement described in paragraph (b)(1) of this section, the employee shall provide authority to the creditor to report any violation by the employee of the terms of the agreement directly to the FDIC Ethics Counselor.

§ 336.9 Finality of determination.

Any determination made by the FDIC pursuant to this part shall be at the FDIC’s sole discretion and shall not be subject to further review.

Subpart C—One-Year Restriction on Post-Employment Activities of Senior Examiners

SOURCE: 70 FR 69639, Nov. 17, 2005, unless otherwise noted.

AUTHORITY: 12 U.S.C. 1819 and 1820(k).

§ 336.10 Purpose and scope.

This subpart applies to officers or employees of the FDIC who are subject to the post-employment restrictions set forth in section 10(k) of the Federal Deposit Insurance Act, 12 U.S.C. 1820(k), and implements those restrictions as they apply to officers and employees of the FDIC.

§ 336.11 Definitions.

For purposes of this subpart:

(a) Bank holding company has the meaning given to such term in section 2 of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(a)).

(b) A consultant for an insured depository institution or other company shall include only individuals who work directly on matters for, or on behalf of, such institution or other company.

(c) Control has the meaning given to such term in section 336.3(b), and a foreign bank shall be deemed to control any insured branch of the foreign bank.

(d) Depository institution means any bank or savings association, including a branch of a foreign bank, if such branch is located in the United States.
§ 336.12 One-year post-employment restriction.

(a) Prohibition. An officer or employee of the FDIC who serves as a senior examiner of an insured depository institution for at least 2 months during the last 12 months of that individual’s employment with the FDIC may not, within 1 year after the termination date of his or her employment with the FDIC, knowingly accept compensation as an employee, officer, director, or consultant from—

(1) The insured depository institution; or

(2) Any company (including a bank holding company or savings and loan holding company) that controls such institution.

(b) Waivers. The post-employment restrictions in paragraph (a) of this section will not apply to a senior examiner if the FDIC Chairperson certifies in writing and on a case-by-case basis that a waiver of the restrictions will not affect the integrity of the FDIC’s supervisory program. 

(c) Effective Date. The post-employment restrictions in paragraph (a) of this section will not apply to any officer or employee of the FDIC, or any former officer or employee of the FDIC, who ceased to be an officer or employee of the FDIC before December 17, 2005.

§ 336.13 Penalties.

(a) Penalties under section 10(k) of the FDI Act. A senior examiner of the FDIC who violates the post-employment restrictions set forth in §336.12 shall be subject to the following penalties—

(1) An order—

(i) Removing such person from office or prohibiting such person from further participation in the affairs of the relevant insured depository institution or company (including a bank holding company or savings and loan holding company) that controls such institution for a period of up to five years, and

(ii) Prohibiting any further participation by such person, in any manner, in the affairs of any insured depository institution for a period of up to five years; or

(2) A civil monetary penalty of not more than $250,000; or

(3) Both.

(b) Enforcement by appropriate Federal banking agency of hiring entity. Violations of §336.12 shall be enforced by the appropriate Federal banking agency of the depository institution, depository institution holding company, or other company at which the violation occurred, as determined under section 10(k)(6), which may be an agency other than the FDIC.

(c) Scope of prohibition orders. Any senior examiner who is subject to an order issued under paragraph (a)(1) of this section shall, as required by 12 U.S.C. 1820(k)(6)(B), be subject to paragraphs (6) and (7) of section 8(e) in the same manner and to the same extent as a person subject to an order issued under section 8(e).

(d) Other penalties. The penalties set forth in paragraph (a) of this section are not exclusive, and a senior examiner who violates the restrictions in §336.12 may also be subject to other administrative, civil, or criminal remedies or penalties as provided by law.

PART 337—UNSAFE AND UNSOUND BANKING PRACTICES

Sec.
337.1 Scope.
Federal Deposit Insurance Corporation

§ 337.2 Standby letters of credit.

§ 337.3 Limits on extensions of credit to executive officers, directors, and principal shareholders of insured nonmember banks.

§ 337.4 [Reserved]

§ 337.5 Exemption.

§ 337.6 Brokered deposits.

§ 337.7–337.9 [Reserved]

§ 337.10 Waiver.

§ 337.11 Effect on other banking practices.

§ 337.12 Frequency of examination.

Authority: 12 U.S.C. 375a(4), 375b, 1463(a)(1), 1816, 1818(a), 1818(b), 1819, 1820(d), 1828(j)(2), 1831, 1831f, 5412.

Source: 39 FR 29179, Aug. 14, 1974, unless otherwise noted.

§ 337.1 Scope.

The provisions of this part apply to certain banking practices which are likely to have adverse effects on the safety and soundness of insured State nonmember banks or which are likely to result in violations of law, rule, or regulation.

§ 337.2 Standby letters of credit.

(a) Definition. As used in this section, the term standby letter of credit means any letter of credit, or similar arrangement however named or described, which represents an obligation to the beneficiary on the part of the issuer: (1) To repay money borrowed by or advanced to or for the account of the account party, or (2) to make payment on account of any indebtedness undertaken by the account party, or (3) to make payment on account of any default (including any statement of default) by the account party in the performance of an obligation. The term similar arrangement includes the creation of an acceptance or similar undertaking.

(b) Restriction. A standby letter of credit issued by an insured State nonmember bank shall be combined with all other standby letters of credit and all loans for purposes of applying any legal limitation on loans of the bank (including limitations on loans to any one borrower, on loans to affiliates of the bank, or on aggregate loans); provided, however, That if such standby letter of credit is subject to separate limitation under applicable State or federal law, then the separate limitation shall apply in lieu of the loan limitation.

(c) Exceptions. All standby letters of credit shall be subject to the provisions of paragraph (b) of this section except where:

(1) Prior to or at the time of issuance, the issuing bank is paid an amount equal to the bank’s maximum liability under the standby letter of credit; or,

(2) Prior to or at the time of issuance, the issuing bank has set aside sufficient funds in a segregated deposit account, clearly earmarked for that purpose, to cover the bank’s maximum liability under the standby letter of credit.

(d) Disclosure. Each insured State nonmember bank must maintain adequate control and subsidiary records of its standby letters of credit comparable to the records maintained in connection with the bank’s direct loans so that at all times the bank’s potential liability thereunder and the bank’s compliance with this section may be readily determined. In addition, all such standby letters of credit must be adequately reflected on the bank’s published financial statements.

§ 337.3 Limits on extensions of credit to executive officers, directors, and principal shareholders of insured nonmember banks.

(a) With the exception of 12 CFR 215.5(b), 215.5(c)(3), 215.5(c)(4), and 215.11, insured nonmember banks are subject to the restrictions contained in subpart A of Federal Reserve Board Regulation O (12 CFR part 215, subpart A) to the same extent and to the same manner as though they were member banks.

1As defined in this paragraph (a), the term standby letter of credit would not include commercial letters of credit and similar instruments where the issuing bank expects the beneficiary to draw upon the issuer, which do not “guaranty” payment of a money obligation of the account party and which do not provide that payment is occasioned by default on the part of the account party.

2Where the standby letter of credit is subject to a non-recourse participation agreement with another bank or other banks, this section shall apply to the issuer and each participant in the same manner as in the case of a participated loan.
§ 337.3

(b) For the purposes of compliance with § 215.4(b) of Federal Reserve Board Regulation O, no insured nonmember bank may extend credit or grant a line of credit to any of its executive officers, directors, or principal shareholders or to any related interest of any such person in an amount that, when aggregated with the amount of all other extensions of credit and lines of credit by the bank to that person and to all related interests of that person, exceeds the greater of $25,000 or five percent of the bank’s capital and unimpaired surplus, or $500,000 unless (1) the extension of credit or line of credit has been approved in advance by a majority of the entire board of directors of that bank and (2) the interested party has abstained from participating directly or indirectly in the voting.

(c)(1) No insured nonmember bank may extend credit in an aggregate amount greater than the amount permitted in paragraph (c)(2) of this section to a partnership in which one or more of the bank’s executive officers are partners and, either individually or together, hold a majority interest. For the purposes of paragraph (c)(2) of this section, the total amount of credit extended by an insured nonmember bank to such partnership is considered to be extended to each executive officer of the insured nonmember bank who is a member of the partnership.

(2) An insured nonmember bank is authorized to extend credit to any executive officer of the bank for any other purpose not specified in § 215.5(c)(1) and (2) of Federal Reserve Board Regulation O (12 CFR 215.5(c)(1) and (2)) if the aggregate amount of such other extensions of credit does not exceed at any one time the higher of 2.5 percent of the bank’s capital and unimpaired surplus or $25,000 but in no event more than $100,000, provided, however, that no such extension of credit shall be subject to this limit if the extension of credit is secured by:

(i) A perfected security interest in bonds, notes, certificates of indebtedness, or Treasury bills of the United States or in other such obligations fully guaranteed as to principal and interest by the United States;

(ii) Unconditional takeout commitments or guarantees of any department, agency, bureau, board, commission or establishment of the United States or any corporation wholly owned directly or indirectly by the United States; or

(iii) A perfected security interest in a segregated deposit account in the lending bank.

(3) Any extension of credit that was outstanding on May 28, 1992 and that would if made on or after that date violate paragraph (c)(1) or paragraph (c)(2) of this § 337.3 shall be reduced in amount by May 28, 1993 so that the extension of credit is in compliance with the lending limit set forth in paragraphs (c)(1) and (c)(2) of this section. Any renewal or extension of such an extension of credit on or after May 28, 1992 shall be made only on terms that will bring the extension of credit into compliance with the lending limit of paragraphs (c)(1) and (c)(2) of this section by May 28, 1993, however, any extension of credit made before May 28, 1992 that bears a specific maturity date of May 28, 1993 or later shall be repaid in accordance with its repayment schedule in existence on or before May 28, 1992.

(4) An insured nonmember bank that is unable to bring all extensions of credit outstanding as of May 28, 1992 into compliance as required by paragraph (c)(3) of this § 337.3, the bank may at the discretion of the appropriate FDIC regional director (Division of Supervision and Consumer Protection (DSCP)) obtain, for good cause shown, not more than two additional one-year periods to come into compliance.

(5) For the purposes of paragraph (c) of this section, the definitions of the terms used in Federal Reserve Board Regulation O shall apply including the exclusion of executive officers of a bank’s parent bank holding company and executive officers of any other subsidiary of that bank holding company from the definition of executive officer for the purposes of complying with the loan restrictions contained in section 22(g) of the Federal Reserve Act. For the purposes of complying with

---

3For the purposes of §337.3, an insured nonmember bank’s capital and unimpaired surplus shall have the same meaning as found in §215.2(f) of Federal Reserve Board Regulation O (12 CFR 215.2(f)).
§ 337.6 Brokered deposits.

(a) Definitions. For the purposes of this §337.6, the following definitions apply:

(1) Appropriate Federal banking agency has the same meaning as provided under section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)).

(2) Brokered deposit means any deposit that is obtained, directly or indirectly, from or through the mediation or assistance of a deposit broker.

(3) Capital categories. (i) For purposes of section 29 of the Federal Deposit Insurance Act and this §337.6, the terms well capitalized, adequately capitalized, and undercapitalized,11 shall have the same meaning as to each insured depository institution as provided under regulations implementing section 38 of the Federal Deposit Insurance Act issued by the appropriate federal banking agency for that institution.12

(ii) If the appropriate federal banking agency reclassifies a well capitalized insured depository institution as adequately capitalized pursuant to section 38 of the Federal Deposit Insurance Act, the institution so reclassified shall be subject to the provisions applicable to such lower capital category under this §337.6.

(iii) An insured depository institution shall be deemed to be within a given capital category for purposes of this §337.6 as of the date the institution is notified of, or is deemed to have notice of, its capital category, under regulations implementing section 38 of the Federal Deposit Insurance Act issued by the appropriate federal banking agency for that institution.13

(4) Deposit has the same meaning as provided under section 3(l) of the Federal Deposit Insurance Act (12 U.S.C. 1813(l)).

11The term undercapitalized includes any institution that is significantly undercapitalized or critically undercapitalized under regulations implementing section 38 of the Federal Deposit Insurance Act and issued by the appropriate federal banking agency for that institution.

12For the most part, the capital measure terms are defined in the following regulations: FDIC—12 CFR part 325, subpart B or 12 CFR part 324, subpart H, as applicable; Board of Governors of the Federal Reserve System—12 CFR part 208; and Office of the Comptroller of the Currency—12 CFR part 6.

13The regulations implementing section 38 of the Federal Deposit Insurance Act and issued by the federal banking agencies generally provide that an insured depository institution is deemed to have been notified of its capital levels and its capital category as of the most recent date: (1) A Consolidated Report of Condition and Income is required to be filed with the appropriate federal banking agency; (2) A final report of examination is delivered to the institution; or (3) Written notice is provided by the appropriate federal banking agency to the institution of its capital category for purposes of section 38 of the Federal Deposit Insurance Act and implementing regulations or that the institution’s capital category has changed. Provisions specifying the effective date of determination of capital category are generally published in the following regulations: FDIC—12 CFR 325.102 or 12 CFR 324.402, as applicable; Board of Governors of the Federal Reserve System—12 CFR 208.32; Office of the Comptroller of the Currency—12 CFR 6.3.
(5) Deposit broker. (i) The term deposit broker means:
(A) Any person engaged in the business of placing deposits, or facilitating the placement of deposits, of third parties with insured depository institutions, or the business of placing deposits with insured depository institutions for the purpose of selling interests in those deposits to third parties; and
(B) An agent or trustee who establishes a deposit account to facilitate a business arrangement with an insured depository institution to use the proceeds of the account to fund a pre-arranged loan.

(ii) The term deposit broker does not include:
(A) An insured depository institution, with respect to funds placed with that depository institution;
(B) An employee of an insured depository institution, with respect to funds placed with the employing depository institution;
(C) A trust department of an insured depository institution, if the trust or other fiduciary relationship in question has not been established for the primary purpose of placing funds with insured depository institutions;
(D) The trustee of a pension or other employee benefit plan, with respect to funds of the plan;
(E) A person acting as a plan administrator or an investment adviser in connection with a pension plan or other employee benefit plan provided that person is performing managerial functions with respect to the plan;
(F) The trustee of a testamentary account;
(G) The trustee of an irrevocable trust (other than one described in paragraph (a)(5)(i)(B) of this section), as long as the trust in question has not been established for the primary purpose of placing funds with insured depository institutions;
(H) A trustee or custodian of a pension or profit-sharing plan qualified under section 401(d) or 403(a) of the Internal Revenue Code of 1986 (26 U.S.C. 401(d) or 403(a));
(I) An agent or nominee whose primary purpose is not the placement of funds with depository institutions; or
(J) An insured depository institution acting as an intermediary or agent of a U.S. government department or agency for a government sponsored minority or women-owned depository institution deposit program.

(iii) Notwithstanding paragraph (a)(5)(i) of this section, the term deposit broker includes any insured depository institution that is not well-capitalized, and any employee of any such insured depository institution, which engages, directly or indirectly, in the solicitation of deposits by offering rates of interest (with respect to such deposits) which are significantly higher than the prevailing rates of interest on deposits offered by other insured depository institutions in such depository institution’s normal market area.

(6) Employee means any employee: (i) Who is employed exclusively by the insured depository institution;
(ii) Whose compensation is primarily in the form of a salary;
(iii) Who does not share such employee’s compensation with a deposit broker; and
(iv) Whose office space or place of business is used exclusively for the benefit of the insured depository institution which employs such individual.

(7) FDIC means the Federal Deposit Insurance Corporation.

(8) Insured depository institution means any bank, savings association, or branch of a foreign bank insured under the provisions of the Federal Deposit Insurance Act (12 U.S.C. 1811 et seq.).

(b) Solicitation and acceptance of brokered deposits by insured depository institutions. (1) A well capitalized insured depository institution may solicit and accept, renew or roll over any brokered deposit without restriction by this section.

(2)(i) An adequately capitalized insured depository institution may not accept, renew or roll over any brokered deposit unless it has applied for and been granted a waiver of this prohibition by the FDIC in accordance with the provisions of this section.

(ii) Any adequately capitalized insured depository institution that has been granted a waiver to accept, renew or roll over a brokered deposit may not pay an effective yield on any such deposit which, at the time that such deposit is accepted, renewed or rolled...
over, exceeds by more than 75 basis points:

(A) The effective yield paid on deposits of comparable size and maturity in such institution’s normal market area for deposits accepted from within its normal market area; or
(B) The national rate paid on deposits of comparable size and maturity for deposits accepted outside the institution’s normal market area. For purposes of this paragraph (b)(2)(ii)(B), the national rate shall be a simple average of rates paid by all insured depository institutions and branches for which data are available. This rate shall be determined by the FDIC.

(3)(i) An undercapitalized insured depository institution may not accept, renew or roll over any brokered deposit.

(ii) An undercapitalized insured depository institution may not solicit deposits by offering an effective yield that exceeds by more than 75 basis points the prevailing effective yields on insured deposits of comparable maturity in such institution’s normal market area or in the market area in which such deposits are being solicited.

(c) Waiver. The FDIC may, on a case-by-case basis and upon application by an adequately capitalized insured depository institution, waive the prohibition on the acceptance, renewal or rollover of brokered deposits upon a finding that such acceptance, renewal or rollover does not constitute an unsafe or unsound practice with respect to such institution. The FDIC may conclude that it is not unsafe or unsound and may grant a waiver when the acceptance, renewal or rollover of brokered deposits is determined to pose no undue risk to the institution. Any waiver granted may be revoked at any time by written notice to the institution. For filing requirements, consult 12 CFR 303.243.

(d) Exclusion for institutions in FDIC conservatorship. No insured depository institution for which the FDIC has been appointed conservator shall be subject to the prohibition on the acceptance, renewal or rollover of brokered deposits contained in this §337.6 or section 29 of the Federal Deposit Insurance Act for 90 days after the date on which the institution was placed in conservatorship. During this 90-day period, the institution shall, nevertheless, be subject to the restriction on the payment of interest contained in paragraph (b)(2)(ii) of the section. After such 90-day period, the institution may not accept, renew or roll over any brokered deposit.

(e) A market is any readily defined geographical area in which the rates offered by any one insured depository institution soliciting deposits in that area may affect the rates offered by other insured depository institutions operating in the same area. The effective yield on a deposit with an odd maturity shall be determined by interpolating between the yields offered by other insured depository institutions on deposits of the next longer and shorter maturities offered in the market.

For purposes of this §337.6, a presumption shall exist that the prevailing rate or effective yield in the relevant market is the national rate as defined in paragraph (b)(2)(ii)(B) of this section unless the FDIC determines, in its sole discretion based on available evidence, that the effective yield in that market differs from the national rate. Evidence of the effective yield in a particular market may include (but is not limited to) the following:

(1) Evidence as to the rates paid by other insured depository institutions in the same State, county or metropolitan statistical area (though the FDIC shall not be obligated to recognize each State, county or metropolitan statistical area as a separate market area);

(2) Evidence as to the rates paid by credit unions in the same market area if the FDIC determines that the insured depository institution competes directly with these credit unions; and

(3) Evidence as to the different rates paid on different deposit products in the same market area (though the FDIC shall not be obligated to recognize all alleged distinctions among various deposit products). Example: For a particular market, evidence exists that the rates on money market deposit accounts (MMDAs) differ from the rates on negotiable order of withdrawal (NOW) accounts. MMDAs are distinguishable from NOW accounts in that the two types of accounts are subject
to different legal requirements. Under these circumstances, for this market, the FDIC could recognize that the prevailing rate on MMDAs is different than the prevailing rate on NOW accounts.)

§§ 337.7–337.9 [Reserved]

§ 337.10 Waiver.

An insured State nonmember bank has the right to petition the Board of Directors of the Corporation for a waiver of this part or any subpart thereof with respect to any particular transaction or series of similar transactions. A waiver may be granted at the discretion of the Board upon a showing of good cause. All such petitions should be filed with the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

§§ 337.7–337.9 [Reserved]

§ 337.11 Effect on other banking practices.

Nothing in this part shall be construed as restricting in any manner the Corporation’s authority to deal with any banking practice which is deemed to be unsafe or unsound or otherwise not in accordance with law, rule, or regulation; or which violates any condition imposed in writing by the Corporation in connection with the granting of any application or other request by an insured State nonmember bank, or any written agreement entered into by such bank with the Corporation. Compliance with the provisions of this part shall not relieve an insured State nonmember bank from its duty to conduct its operations in a safe and sound manner nor prevent the Corporation from taking whatever action it deems necessary and desirable to deal with specific acts or practices which, although they do not violate the provisions of this part, are considered detrimental to the safety and sound operation of the bank engaged therein.

§ 337.12 Frequency of examination.

(a) General. The Federal Deposit Insurance Corporation examines insured state nonmember banks pursuant to authority conferred by section 10 of the Federal Deposit Insurance Act (12 U.S.C. 1820) and examines insured State savings associations pursuant to authority conferred by section 10 of the Federal Deposit Insurance Act (12 U.S.C. 1820) and section 4 of the Home Owners’ Loan Act (12 U.S.C. 1463). The FDIC is required to conduct a full-scope, on-site examination of every insured state nonmember bank and insured State savings association at least once during each 12-month period.

(b) 18-month rule for certain small institutions. The FDIC may conduct a full-scope, on-site examination of an insured state nonmember bank or insured State savings association at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the following conditions are satisfied:

(1) The institution has total assets of less than $1 billion;

(2) The institution is well capitalized as defined in § 324.403(b)(1) of this chapter;

(3) At the most recent FDIC or applicable State agency examination, the FDIC:

(i) Assigned the institution a rating of 1 or 2 for management as part of the institution's composite rating under the Uniform Financial Institutions Rating System (commonly referred to as CAMELS); and

(ii) Assigned the institution a composite rating of 1 or 2 under the Uniform Financial Institutions Rating System (copies of which are available at the addresses specified in § 309.4 of this chapter);

(4) The institution currently is not subject to a formal enforcement proceeding or order by the FDIC, OCC, or the Board of Governors of the Federal Reserve System; and

(5) No person acquired control of the institution during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(c) Authority to conduct more frequent examinations. This section does not
Federal Deposit Insurance Corporation

limit the authority of the FDIC to examine any insured state nonmember bank or insured State savings association as frequently as the agency deems necessary.

[81 FR 10069, Feb. 29, 2016]

PART 338—FAIR HOUSING

Subpart A—Advertising

Sec.
338.1 Purpose.
338.2 Definitions applicable to subpart A of this part.
338.3 Nondiscriminatory advertising.
338.4 Fair housing poster.

Subpart B—Recordkeeping

338.5 Purpose.
338.6 Definitions applicable to this subpart B.
338.7 Recordkeeping requirements.
338.8 Compilation of loan data in register format.
338.9 Mortgage lending of a controlled entity.

Subpart A—Advertising

§ 338.1 Purpose.

The purpose of this subpart A is to prohibit insured state nonmember banks from engaging in discriminatory advertising with regard to residential real estate-related transactions. This subpart A also requires insured state nonmember banks to publicly display either the Equal Housing Lender poster set forth in §338.4(b) of the FDIC’s regulations or the Equal Housing Opportunity poster prescribed by part 110 of the regulations of the United States Department of Housing and Urban Development (24 CFR part 110). This subpart A enforces section 805 of title VIII of the Civil Rights Act of 1968, 42 U.S.C. 3601–3619 (Fair Housing Act), as amended by the Fair Housing Amendments Act of 1988.

§ 338.2 Definitions applicable to subpart A of this part.

For purposes of subpart A of this part:

(a) Bank means an insured State nonmember bank as defined in section 3 of the Federal Deposit Insurance Act.

(b) Dwelling means any building, structure, or portion thereof which is occupied as, or designed or intended for occupancy as, a residence by one or more families, and any vacant land which is offered for sale or lease for the construction or location thereon of any such building, structure, portion thereof.

(c) Handicap means, with respect to a person:

(1) A physical or mental impairment which substantially limits one or more of such person's major life activities;

(2) A record of having such an impairment; or

(3) Being regarded as having such an impairment, but such term does not include current, illegal use of or addition to a controlled substance (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802)).

(d) Familial status means one or more individuals (who have not attained the age of 18 years) being domiciled with:

(1) A parent or another person having legal custody of such individual or individuals; or

(2) The designee of such parent or other person having such custody, with the written permission of such parent or other person.

The protections afforded against discrimination on the basis of familial status shall apply to any person who is pregnant or is in the process of securing legal custody of any individual who has not attained the age of 18 years.

[56 FR 50039, Oct. 3, 1991]

§ 338.3 Nondiscriminatory advertising.

(a) Any bank which directly or through third parties engages in any form of advertising of any loan for the purpose of purchasing, constructing, improving, repairing, or maintaining a dwelling or any loan secured by a dwelling shall prominently indicate in such advertisement, in a manner appropriate to the advertising medium and format utilized, that the bank
§ 338.4  

makes such loans without regard to race, color, religion, national origin, sex, handicap, or familial status.

(1) With respect to written and visual advertisements, this requirement may be satisfied by including in the advertisement a copy of the logotype with the Equal Housing Lender legend contained in the Equal Housing Lender poster prescribed in §338.4(b) of the FDIC's regulations or a copy of the logotype with the Equal Housing Opportunity legend contained in the Equal Housing Opportunity poster prescribed in §110.25(a) of the United States Department of Housing and Urban Development's regulations (24 CFR 110.25(a)).

(2) With respect to oral advertisements, this requirement may be satisfied by a statement, in the spoken text of the advertisement, that the bank is an “Equal Housing Lender” or an “Equal Opportunity Lender.”

(3) When an oral advertisement is used in conjunction with a written or visual advertisement, the use of either of the methods specified in paragraphs (a) (1) and (2) of this section will satisfy the requirements of this paragraph (a).

(b) No advertisement shall contain any words, symbols, models or other forms of communication which express, imply, or suggest a discriminatory preference or policy of exclusion in violation of the provisions of the Fair Housing Act or the Equal Credit Opportunity Act.

§ 338.4  Fair housing poster.

(a) Each bank engaged in extending loans for the purpose of purchasing, constructing, improving, repairing, or maintaining a dwelling or any loan secured by a dwelling shall conspicuously display either the Equal Housing Lender poster set forth in paragraph (b) of this section or the Equal Housing Opportunity poster prescribed by §110.25(a) of the United States Department of Housing and Urban Development's regulations (24 CFR 110.25(a)), in a central location within the bank where deposits are received or where such loans are made in a manner clearly visible to the general public entering the area, where the poster is displayed.

(b) The Equal Housing Lender Poster shall be at least 11 by 14 inches in size and have the following text:
(c) The Equal Housing Lender Poster specified in this section was adopted under §110.25(b) of the United States Department of Housing and Urban Development’s rules and regulations as an authorized substitution for the poster.
§ 338.5 Purpose.

The purpose of this subpart B is two-fold. First, this subpart B notifies all insured state nonmember banks of their duty to collect and retain certain information about a home loan applicant’s personal characteristics in accordance with Regulation B of the Board of Governors of the Federal Reserve System (12 CFR part 202) in order to monitor an institution’s compliance with the Equal Credit Opportunity Act of 1974 (15 U.S.C. 1691 et seq.). Second, this subpart B notifies certain insured state nonmember banks of their duty to maintain, update and report a register of home loan applications in accordance with Regulation C of the Board of Governors of the Federal Reserve System (12 CFR part 203), which implements the Home Mortgage Disclosure Act (12 U.S.C. 2801 et seq.).

§ 338.6 Definitions applicable to this subpart B.

For purposes of this subpart B—

(a) Bank means an insured state nonmember bank as defined in section 3 of the Federal Deposit Insurance Act.

(b) Controlled entity means a corporation, partnership, association, or other business entity with respect to which a bank possesses, directly or indirectly, the power to direct or cause the direction of management and policies, whether through the ownership of voting securities, by contract, or otherwise.

§ 338.7 Recordkeeping requirements.

All banks that receive an application for credit primarily for the purchase or refinancing of a dwelling occupied or to be occupied by the applicant as a principal residence where the extension of credit will be secured by the dwelling shall request and retain the monitoring information required by Regulation B of the Board of Governors of the Federal Reserve System (12 CFR part 202).

§ 338.8 Compilation of loan data in register format.

Banks and other lenders required to file a Home Mortgage Disclosure Act loan application register (LAR) with the Federal Deposit Insurance Corporation shall maintain, update and report such LAR in accordance with Regulation C of the Board of Governors of the Federal Reserve System (12 CFR part 203).

§ 338.9 Mortgage lending of a controlled entity.

Any bank which refers any applicants to a controlled entity and which purchases any home purchase loans or home improvement loans as defined in Regulation C of the Board of Governors of the Federal Reserve Board (12 CFR part 203) originated by the controlled entity, as a condition to transacting any business with the controlled entity, shall require the controlled entity to enter into a written agreement with the bank. The written agreement shall provide that the entity shall:

(a) Comply with the requirements of §§338.3, 338.4 and 338.7, and, if otherwise subject to Regulation C of the Board of Governors of the Federal Reserve System (12 CFR part 203), §338.8;

(b) Open its books and records to examination by the Federal Deposit Insurance Corporation; and

(c) Comply with all instructions and orders issued by the Federal Deposit Insurance Corporation with respect to its home loan practices.

PART 339—LOANS IN AREAS HAVING SPECIAL FLOOD HAZARDS

Sec.
339.1 Authority, purpose, and scope.
339.2 Definitions.
339.3 Requirement to purchase flood insurance where available.
339.4 Exemptions.
339.5 Escrow requirement.
§ 339.1 Authority, purpose, and scope.
(a) Authority. This part is issued pursuant to 12 U.S.C. 1462a, 1463, 1464, 1819 (Tenth), 5412(b)(2)(C) and 42 U.S.C. 4012a, 4104a, 4104b, 4106, and 4128.

(b) Purpose. The purpose of this part is to implement the requirements of the National Flood Insurance Act of 1968 and the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001–4129).

(c) Scope. This part, except for §§339.6 and 339.8, applies to loans secured by buildings or mobile homes located or to be located in areas determined by the Administrator of the Federal Emergency Management Agency to have special flood hazards. Sections 339.6 and 339.8 apply to loans secured by buildings or mobile homes, regardless of location.

§ 339.2 Definitions.

As used in this part:

Administrator of FEMA means the Administrator of the Federal Emergency Management Agency.

Building means a walled and roofed structure, other than a gas or liquid storage tank, that is principally above ground and affixed to a permanent site, and a walled and roofed structure while in the course of construction, alteration, or repair.

Community means a State or a political subdivision of a State that has zoning and building code jurisdiction over a particular area having special flood hazards.

Designated loan means a loan secured by a building or mobile home that is located or to be located in a special flood hazard area in which flood insurance is available under the Act.

FDIC-supervised institution means any insured depository institution for which the Federal Deposit Insurance Corporation is the appropriate Federal banking agency pursuant to section 3(q) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(q).

Mobile home means a structure, transportable in one or more sections, that is built on a permanent chassis and designed for use with or without a permanent foundation when attached to the required utilities. The term mobile home does not include a recreational vehicle. For purposes of this part, the term mobile home means a mobile home on a permanent foundation. The term mobile home includes a manufactured home as that term is used in the NFIP.

NFIP means the National Flood Insurance Program authorized under the Act.

Residential improved real estate means real estate upon which a home or other residential building is located or to be located.

Servicer means the person responsible for:

1. Receiving any scheduled, periodic payments from a borrower under the terms of a loan, including amounts for taxes, insurance premiums, and other charges with respect to the property securing the loan; and

2. Making payments of principal and interest and any other payments from the amounts received from the borrower as may be required under the terms of the loan.

Special flood hazard area means the land in the flood plain within a community having at least a one percent chance of flooding in any given year, as designated by the Administrator of FEMA.

Table funding means a settlement at which a loan is funded by a contemporaneous advance of loan funds and an
assignment of the loan to the person
advancing the funds.

§339.3 Requirement to purchase flood insurance where available.

(a) In general. An FDIC-supervised 
institution shall not make, increase, extend, or renew any designated loan unless the building or mobile home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the Act. Flood insurance coverage under the Act is limited to the building or mobile home and any personal property that secures a loan and not the land itself.

(b) Table funded loans. An FDIC-supervised institution that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purpose of this part.

§339.4 Exemptions.
The flood insurance requirement prescribed by §339.3 does not apply with respect to:

(a) Any state-owned property covered under a policy of self-insurance satisfactory to the Administrator of FEMA, who publishes and periodically revises the list of states falling within this exemption;

(b) Property securing any loan with an original principal balance of $5,000 or less and a repayment term of one year or less; or

(c) Any structure that is a part of any residential property but is detached from the primary residential structure of such property and does not serve as a residence. For purposes of this paragraph (c):

(1) “A structure that is a part of a residential property” is a structure used primarily for personal, family, or household purposes, and not used primarily for agricultural, commercial, industrial, or other business purposes;

(2) A structure is “detached” from the primary residential structure if it is not joined by any structural connection to that structure; and

(3) “Serve as a residence” shall be based upon the good faith determination of the FDIC-supervised institution that the structure is intended for use or actually used as a residence, which generally includes sleeping, bathroom, or kitchen facilities.

§339.5 Escrow requirement.

(a) In general—(1) Applicability. Except as provided in paragraphs (a)(2) or (c) of this section, an FDIC-supervised institution, or a servicer acting on its behalf, shall require the escrow of all premiums and fees for any flood insurance required under §339.3(a) for any designated loan secured by residential improved real estate or a mobile home that is made, increased, extended, or renewed on or after January 1, 2016, payable with the same frequency as payments on the designated loan are required to be made for the duration of the loan.

(2) Exceptions. Paragraph (a)(1) of this section does not apply if:

(i) The loan is an extension of credit primarily for business, commercial, or agricultural purposes;

(ii) The loan is in a subordinate position to a senior lien secured by the same residential improved real estate or mobile home for which the borrower has obtained flood insurance coverage that meets the requirements of §339.3(a);

(iii) Flood insurance coverage for the residential improved real estate or mobile home is provided by a policy that:

(A) Meets the requirements of §339.3(a);

(B) Is provided by a condominium association, cooperative, homeowners association, or other applicable group; and

(C) The premium for which is paid by the condominium association, cooperative, homeowners association, or other applicable group as a common expense;

(iv) The loan is a home equity line of credit;

(v) The loan is a nonperforming loan, which is a loan that is 90 or more days past due and remains nonperforming until it is permanently modified or until the entire amount past due, including principal, accrued interest, and
penalty interest incurred as the result of past due status, is collected or otherwise discharged in full; or
(vi) The loan has a term of not longer than 12 months.

(3) Duration of exception. If an FDIC-supervised institution, or a servicer acting on its behalf, determines at any time during the term of a designated loan secured by residential improved real estate or a mobile home that is made, increased, extended, or renewed on or after January 1, 2016, that an exception under paragraph (a)(2) of this section does not apply, then the FDIC-supervised institution or its servicer shall require the escrow of all premiums and fees for any flood insurance required under §339.3(a) as soon as reasonably practicable and, if applicable, shall provide any disclosure required under section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA).

(4) Escrow account. The FDIC-supervised institution, or a servicer acting on its behalf, shall deposit the flood insurance premiums and fees on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of RESPA, which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Administrator of FEMA or other provider of flood insurance that premiums are due, the FDIC-supervised institution, or a servicer acting on its behalf, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

(b) Notice. For any loan for which an FDIC-supervised institution is required to escrow under paragraph (a) or paragraph (c)(2) of this section or may be required to escrow under paragraph (a)(3) of this section during the term of the loan, the FDIC-supervised institution, or a servicer acting on its behalf, shall mail or deliver a written notice with the notice provided under §339.9 informing the borrower that the FDIC-supervised institution is required to escrow all premiums and fees for required flood insurance, using language that is substantially similar to model clauses on the escrow requirement in appendix A.

(c) Small lender exception—(1) Qualification. Except as may be required under applicable State law, paragraphs (a), (b) and (d) of this section do not apply to an FDIC-supervised institution:
(i) That has total assets of less than $1 billion as of December 31 of either of the two prior calendar years; and
(ii) On or before July 6, 2012:
(A) Was not required under Federal or State law to deposit taxes, insurance premiums, fees, or any other charges in an escrow account for the entire term of any loan secured by residential improved real estate or a mobile home; and
(B) Did not have a policy of consistently and uniformly requiring the deposit of taxes, insurance premiums, fees, or any other charges in an escrow account for any loans secured by residential improved real estate or a mobile home.

(2) Change in status. If an FDIC-supervised institution previously qualified for the exception in paragraph (c)(1) of this section, but no longer qualifies for the exception because it had assets of $1 billion or more for two consecutive calendar year ends, the FDIC-supervised institution must escrow premiums and fees for flood insurance pursuant to paragraph (a) for any designated loan made, increased, extended, or renewed on or after July 1 of the first calendar year of changed status.

(d) Option to escrow—(1) In general. An FDIC-supervised institution, or a servicer acting on its behalf, shall offer and make available to the borrower the option to escrow all premiums and fees for any flood insurance required under §339.3 for any loan secured by residential improved real estate or a mobile home that is outstanding on January 1, 2016, or July 1 of the first calendar year in which the FDIC-supervised institution has had a change in status pursuant to paragraph (c)(2) of this section, unless:
(i) The loan or the FDIC-supervised institution qualifies for an exception from the escrow requirement under
paragraphs (a)(2) or (c) of this section, respectively:

(ii) The borrower is already escrowing all premiums and fees for flood insurance for the loan; or

(iii) The FDIC-supervised institution is required to escrow flood insurance premiums and fees pursuant to paragraph (a) of this section.

(2) Notice. For any loan subject to paragraph (d) of this section, the FDIC-supervised institution, or a servicer acting on its behalf, shall mail or deliver to the borrower no later than June 30, 2016, or September 30 of the first calendar year in which the FDIC-supervised institution has had a change in status pursuant to paragraph (c)(2) of this section, a notice in writing, or if the borrower agrees, electronically, informing the borrower of the option to escrow all premiums and fees for any required flood insurance and the method(s) by which the borrower may request the escrow, using language similar to the model clause in appendix B to this part.

(3) Timing. The FDIC-supervised institution or servicer must begin escrowing premiums and fees for flood insurance as soon as reasonably practicable after the FDIC-supervised institution or servicer receives the borrower’s request to escrow.

[80 FR 43252, July 21, 2015]

§ 339.6 Required use of standard flood hazard determination form.

(a) Use of form. An FDIC-supervised institution shall use the standard flood hazard determination form developed by the Administrator of FEMA when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. An FDIC-supervised institution may obtain the standard flood hazard determination form from FEMA’s Web site at www.fema.gov.

(b) Retention of form. An FDIC-supervised institution shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the FDIC-supervised institution owns the loan.

§ 339.7 Force placement of flood insurance.

(a) Notice and purchase of coverage. If an FDIC-supervised institution, or a servicer acting on its behalf, determines at any time during the term of a designated loan, that the building or mobile home and any personal property securing the designated loan is not covered by flood insurance or is covered by flood insurance in an amount less than the amount required under § 339.3, then the FDIC-supervised institution or its servicer shall notify the borrower that the borrower should obtain flood insurance, at the borrower’s expense, in an amount at least equal to the amount required under § 339.3, for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the FDIC-supervised institution or its servicer shall purchase insurance on the borrower’s behalf. The FDIC-supervised institution or its servicer may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance, including premiums or fees incurred for coverage beginning on the date on which flood insurance coverage lapsed or did not provide a sufficient coverage amount.

(b) Termination of force-placed insurance—(1) Termination and refund. Within 30 days of receipt by an FDIC-supervised institution, or a servicer acting on its behalf, of a confirmation of a borrower’s existing flood insurance coverage, the FDIC-supervised institution or its servicer shall:

(i) Notify the insurance provider to terminate any insurance purchased by the FDIC-supervised institution or its servicer under paragraph (a) of this section; and

(ii) Refund to the borrower all premiums paid by the borrower for any insurance purchased by the FDIC-supervised institution or its servicer under paragraph (a) of this section during any period during which the borrower’s flood insurance coverage and the insurance coverage purchased by the FDIC-supervised institution or its servicer were each in effect, and any related
§ 339.8 Determination fees.

(a) General. Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001–4129), any FDIC-supervised institution, or a servicer acting on its behalf, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) Borrower fee. The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:

(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;

(2) Reflects the Administrator of FEMA’s revision or updating of floodplain areas or flood-risk zones;

(3) Reflects the Administrator of FEMA’s publication of a notice or compendium that:

(i) Affects the area in which the building or mobile home securing the loan is located; or

(ii) By determination of the Administrator of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the lender or its servicer on behalf of the borrower under §339.7.

(c) Purchaser or transferee fee. The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee of a loan in the case of the sale or transfer of the loan.

§ 339.9 Notice of special flood hazards and availability of Federal disaster relief assistance.

(a) Notice requirement. When an FDIC-supervised institution makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the FDIC-supervised institution shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the Act for the collateral securing the loan.

(b) Contents of notice. The written notice must include the following information:

(1) A warning, in a form approved by the Administrator of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available from private insurance companies that issue standard flood insurance policies on behalf of the NFIP or directly from the NFIP;

(4) A statement that flood insurance that provides the same level of coverage as a standard flood insurance policy under the NFIP may also be available from a private insurance company that issues policies on behalf of the company.

(5) A statement that the borrower is encouraged to compare the flood insurance coverage, deductibles, exclusions, conditions, and premiums associated with flood insurance policies issued on behalf of the NFIP and policies issued on behalf of private insurance companies and that the borrower should direct inquiries regarding the availability, cost, and comparisons of flood insurance coverage to an insurance agent; and
§ 339.10 Notice of servicer’s identity.

(a) Notice requirement. When an FDIC-supervised institution makes, increases, extends, renewal, sells or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, the FDIC-supervised institution shall notify the Administrator of FEMA (or the Administrator of FEMA’s designee) in writing of the identity of the servicer of the loan. The Administrator of FEMA has designated the insurance provider to receive the FDIC-supervised institution’s notice of the servicer’s identity. This notice may be provided electronically if electronic transmission is satisfactory to the Administrator of FEMA’s designee.

(b) Transfer of servicing rights. The FDIC-supervised institution shall notify the Administrator of FEMA (or the Administrator of FEMA’s designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Administrator or his or her designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

APPENDIX A TO PART 339—SAMPLE FORM OF NOTICE OF SPECIAL FLOOD HAZARDS AND AVAILABILITY OF FEDERAL DISASTER RELIEF ASSISTANCE

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Administrator of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA’s Flood Insurance Rate Map or the Flood Hazard Boundary Map for the following community: [Community Name]. This area has a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year flood) in any given year.

During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Administrator of FEMA to review the determination of whether the property securing the loan is located...

(6) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally declared disaster.

(c) Timing of notice. The FDIC-supervised institution shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the FDIC-supervised institution provides notice to the borrower and in any event no later than the time the FDIC-supervised institution provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) Record of receipt. The FDIC-supervised institution shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time the FDIC-supervised institution owns the loan.

(e) Alternate method of notice. Instead of providing the notice to the borrower required by paragraph (a) of this section, an FDIC-supervised institution may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The FDIC-supervised institution shall retain a record of the written assurance from the seller or lessor for the period of time the FDIC-supervised institution owns the loan.

(f) Use of sample form of notice. An FDIC-supervised institution will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this part within a reasonable time before the completion of the transaction. The notice presented in appendix A to this part satisfies the borrower notice requirements of the Act.

[80 FR 43249, July 21, 2015, as amended at 80 FR 43253, July 21, 2015]
Federal Deposit Insurance Corporation

in a special flood hazard area. If you would like to make such a request, please contact us for further information.

The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

- At a minimum, flood insurance purchased must cover the lesser of:
  - (1) the outstanding principal balance of the loan; or
  - (2) the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the building or mobile home and any personal property that secures your loan and not the land itself.

- Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community’s participation in the NFIP is in accordance with NFIP requirements.

- Although you may not be required to maintain flood insurance on all structures, you may still wish to do so, and your mortgage lender may still require you to do so to protect the collateral securing the mortgage. If you choose not to maintain flood insurance on a structure and it floods, you are responsible for all flood losses relating to that structure.

Availability of Private Flood Insurance Coverage

Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance that provides the same level of coverage as a standard flood insurance policy under the NFIP may be available from private insurers that do not participate in the NFIP. You should compare the flood insurance coverage, deductibles, exclusions, conditions, and premiums associated with flood insurance policies issued on behalf of the NFIP and policies issued on behalf of private insurance companies and contact an insurance agent as to the availability, cost, and comparisons of flood insurance coverage.

(Escrow Requirement for Residential Loans

Federal law may require a lender or its servicer to escrow all premiums and fees for flood insurance that covers any residential building or mobile home securing a loan that is located in an area with special flood hazards. If your lender notifies you that an escrow account is required for your loan, then you must pay your flood insurance premiums and fees to the lender or its servicer with the same frequency as you make loan payments for the duration of your loan. These premiums and fees will be deposited in the escrow account, which will be used to pay the flood insurance provider.)

Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally declared flood disaster.

[80 FR 43253, July 21, 2015]

APPENDIX B TO PART 339—SAMPLE CLAUSE FOR OPTION TO ESCROW FOR OUTSTANDING LOANS

Escrow Option Clause

You have the option to escrow all premiums and fees for the payment on your flood insurance policy that covers any residential building or mobile home that is located in an area with special flood hazards and that secures your loan. If you choose this option:

- Your payments will be deposited in an escrow account to be paid to the flood insurance provider.
- The escrow amount for flood insurance will be added to the regular mortgage payment that you make to your lender or its servicer.
- The payments you make into the escrow account will accumulate over time and the funds will be used to pay your flood insurance policy when your lender or servicer receives a notice from your flood insurance provider that the flood insurance premium is due.

To choose this option, follow the instructions below. If you have any questions about the option, contact [Insert Name of Lender or Servicer] at [Insert Contact Information]. [Insert Instructions for Selecting to Escrow]

[80 FR 43254, July 21, 2015]
PART 340—RESTRICTIONS ON SALE OF ASSETS OF A FAILED INSTITUTION BY THE FEDERAL DEPOSIT INSURANCE CORPORATION

Sec. 340.1 What is the statutory authority for the regulation, what are its purpose and scope, and can the FDIC have other policies on related topics?

(a) Authority. The statutory authority for adopting this part is section 11(p) of the Federal Deposit Insurance Act (FDI Act), 12 U.S.C. 1821(p). Section 11(p) was added to the FDI Act by section 20 of the Resolution Trust Corporation Completion Act (Pub. L. 103–204, 107 Stat. 2369 (1993)).

(b) Purpose. The purpose of this part is to prohibit individuals or entities that improperly profited or engaged in wrongdoing at the expense of a failed institution or covered financial company, or seriously mismanaged a failed institution, from buying assets of a failed institution from the Federal Deposit Insurance Corporation (FDIC).

(c) Scope. (1) The restrictions of this part generally apply to sales of assets of failed institutions owned or controlled by the FDIC in any capacity.

(2) The restrictions in this section apply to the sale of assets of a subsidiary of a failed institution or a bridge depository institution if the FDIC controls the terms of the sale by agreement or in its role as shareholder.

(3) Unless we determine otherwise, this part does not apply to the sale of securities in connection with the investment of corporate and receivership funds pursuant to the Investment Policy for Liquidation Funds managed by the FDIC as it is in effect from time to time.

(4) In the case of a sale of securities backed by a pool of assets that may include assets of failed institutions by a trust or other entity, this part applies only to the sale of assets by the FDIC to an underwriter in an initial offering, and not to any other purchaser of the securities.

(5) The restrictions of this part do not apply to a sale of a security or a group or index of securities, a commodity, or any qualified financial contract that, in each case, customarily is traded through a financial intermediary, as defined in §340.2, where the seller cannot control selection of the purchaser and the sale is consummated through that customary practice.

(6) The restrictions of this part do not apply to a judicial sale or a trustee’s sale of property that secures an obligation to the FDIC where the sale is not conducted or controlled by the FDIC.

(d) The FDIC retains the authority to establish other policies restricting asset sales. Neither 12 U.S.C. 1821(p) nor this part in any way limits the authority of the FDIC to establish policies prohibiting the sale of assets to prospective purchasers who have injured any failed institution, or to other prospective purchasers, such as certain employees or contractors of the FDIC, or individuals who are not in compliance with the terms of any debt or duty owed to the FDIC. Any such policies may be independent of, in conjunction with, or in addition to the restrictions set forth in this part.
§ 340.2 Definitions.

Many of the terms used in this part are defined in the Federal Deposit Insurance Act, 12 U.S.C. 1811, et seq. Additionally, for the purposes of this part, the following terms are defined:

(a) **Associated person of an individual or entity** means:

(1) With respect to an individual:

(i) The individual’s spouse or dependent child or any member of his or her immediate household;

(ii) A partnership of which the individual is or was a general or limited partner;

(iii) A limited liability company of which the individual is or was a member; or

(iv) A corporation of which the individual is or was an officer or director.

(2) With respect to a partnership, a managing or general partner of the partnership or with respect to a limited liability company, a manager; or

(3) With respect to any entity, an individual or entity who, acting individually or in concert with one or more individuals or entities, owns or controls 25 percent or more of the entity.

(b) **Default** means any failure to comply with the terms of an obligation to such an extent that:

(1) A judgment has been rendered in favor of the FDIC or a failed institution; or

(2) In the case of a secured obligation, the property securing such obligation is foreclosed on.

(c) **FDIC** means the Federal Deposit Insurance Corporation.

(d) **Failed institution** means any insured depository institution (as defined in 12 U.S.C. 1813(c)) that has been under the conservatorship or receivership of the FDIC or any of its predecessors.

(e) **Financial intermediary** means any broker, dealer, bank, underwriter, exchange, clearing agency registered with the Securities and Exchange Commission (SEC) under section 17A of the Securities Exchange Act of 1934, transfer agent (as defined in section 3(a)(23) of the Securities Exchange Act of 1934), central counterparty or any other entity whose role is to facilitate a transaction by, as a riskless intermediary, purchasing a security or qualified financial contract from one counterparty and then selling it to another.

(f) **Obligation** means any debt or duty to pay money owed to the FDIC or a failed institution, including any guaranty of any such debt or duty.

(g) **Person** means an individual, or an entity with a legally independent existence, including: A trustee; the beneficiary of at least a 25 percent share of the proceeds of a trust; a partnership; a corporation; an association; or other organization or society.

(b) **Substantial loss** means:

(1) An obligation that is delinquent for ninety (90) or more days and on which there remains an outstanding balance of more than $50,000;

(2) An unpaid final judgment in excess of $50,000 regardless of whether it becomes forgiven in whole or in part in a bankruptcy proceeding;

(3) A deficiency balance following a foreclosure of collateral in excess of $50,000 regardless of whether it becomes discharged in whole or in part in a bankruptcy proceeding;

(4) Any loss in excess of $50,000 evidenced by an IRS Form 1099–C (Information Reporting for Cancellation of Debt).

§ 340.3 What are the restrictions on the sale of assets by the FDIC if the buyer wants to finance the purchase with a loan from the FDIC?

A person may not borrow money or accept credit from the FDIC in connection with the purchase of any assets of a failed institution from the FDIC if:

(a) There has been a default with respect to one or more obligations totaling in excess of $1,000,000 owed by that person or its associated person; and

(b) The person or its associated person made any fraudulent misrepresentations in connection with any such obligation(s).

§ 340.4 What are the restrictions on the sale of assets by the FDIC regardless of the method of financing?

(a) A person may not acquire any assets of a failed institution from the FDIC if the person or its associated person:

(1) Has participated, as an officer or director of a failed institution or of an affiliate of a failed institution, in a
material way in one or more trans-
action(s) that caused a substantial loss
to that failed institution;
(2) Has been removed from, or prohib-
ited from participating in the affairs of,
a failed institution pursuant to any
final enforcement action by the Office
of the Comptroller of the Currency, the
Board of Governors of the Federal Re-
serve System, the FDIC, or any of their
predecessors or successors;
(3) Has demonstrated a pattern or
practice of defalcation regarding obli-
gations to any failed institution;
(4) Has been convicted of committing
or conspiring to commit any offense
under 18 U.S.C. 215, 656, 657, 1005, 1006,
1007, 1008, 1014, 1032, 1341, 1343 or 1344 af-
fected any failed institution and there
has been a default with respect to one
or more obligations owed by that per-
son or its associated person; or
(5) Would be prohibited from pur-
chasing the assets of a covered financial
company from the FDIC under 12
U.S.C. 5390(r) or its implementing regu-
lation at 12 CFR part 380.13.
(b) For purposes of paragraph (a) of
this section, a person has participated
''in a material way in a transaction
that caused a substantial loss to a
failed institution'' if, in connection
with a substantial loss to a failed insti-
tution, the person has been found in a
final determination by a court or ad-
ministrative tribunal, or is alleged in a
judicial or administrative action
brought by the FDIC or by any compo-
nent of the government of the United
States or of any state:
(1) To have violated any law, regula-
tion, or order issued by a federal or
state banking agency, or breached or
defaulted on a written agreement with
a federal or state banking agency, or
breached a written agreement with a
failed institution;
(2) To have engaged in an unsafe or
unsound practice in conducting the af-
fairs of a failed institution; or
(3) To have breached a fiduciary duty
owed to a failed institution.
(c) For purposes of paragraph (a) of
this section, a person or its associated
person has demonstrated a ''pattern or
practice of defalcation'' regarding obli-
gations to a failed institution if the
person or associated person has:
(1) Engaged in more than one trans-
action that created an obligation on
the part of such person or its associ-
ated person with intent to cause a loss
to any insured depository institution
or with reckless disregard for whether
such transactions would cause a loss to
any such insured depository institu-
tion; and
(2) The transactions, in the aggre-
gate, caused a substantial loss to one
or more failed institution(s).
Receiverships or designee in his or her discretion so requires, a certification need not be provided by:

(1) A state or political subdivision of a state;

(2) A federal agency or instrumentality such as the Government National Mortgage Association;

(3) A federally-regulated, government-sponsored enterprise such as the Federal National Mortgage Association or Federal Home Loan Mortgage Corporation; or

(4) A bridge depository institution.

§ 340.8 Does this part apply in the case of a workout, resolution, or settlement of obligations?

The restrictions of §§340.3 and 340.4 do not apply if the sale or transfer of an asset resolves or settles, or is part of the resolution or settlement of, one or more obligations or claims that have been, or could have been, asserted by the FDIC against the person with whom the FDIC is settling regardless of the amount of such obligations or claims.

PART 341—REGISTRATION OF SECURITIES TRANSFER AGENTS

Sec.
341.1 Scope.
341.2 Definitions.
341.3 Registration as securities transfer agent.
341.4 Amendments to registration.
341.5 Withdrawal from registration.
341.6 Reports.

AUTHORITY: Secs. 2, 3, 17, 17A and 23(a), Securities Exchange Act of 1934, as amended (15 U.S.C. 78b, 78c, 78q, 78q–1 and 78w(a)).

SOURCE: 47 FR 38106, Aug. 30, 1982, unless otherwise noted.

§ 341.1 Scope.

This part is issued by the Federal Deposit Insurance Corporation (the FDIC) under sections 2, 3(a)(34)(B), 17, 17A and 23(a) of the Securities Exchange Act of 1934 (the Act), as amended (15 U.S.C. 78b, 78c(a)(34)(B), 78q, 78q–1 and 78w(a)) and applies to all insured State nonmember banks, insured State savings associations, or subsidiaries of such institutions, that act as transfer agents for securities registered under section 12 of the Act (15 U.S.C. 78l), or for securities exempt from registration under subsections (g)(2)(B) or (g)(2)(G) of section 12 (15 U.S.C. 78l(g)(2)(B) and (G)) (securities of investment companies, including mutual funds, and certain insurance companies). Such securities are qualifying securities for purposes of this part.

[81 FR 27297, May 6, 2016]

§ 341.2 Definitions.

For the purpose of this part, including all forms and instructions promulgated for use in connection herewith, unless the context otherwise requires:

(a) The term transfer agent means any person who engages on behalf of an issuer of qualifying securities or on behalf of itself as an issuer of qualifying securities in: (1) Countersigning such securities upon issuance;

(2) Monitoring the issuance of such securities with a view to preventing unauthorized issuance, a function commonly performed by a person called a registrar;

(3) Registering the transfer of such securities;

(4) Exchanging or converting such securities; or

(5) Transferring record ownership of securities by bookkeeping entry without physical issuance of such securities certificates. The term transfer agent includes any person who performs these functions as a co-transfer agent with respect to equity or debt issues, and any person who performs these functions as registrar or co-registrar with respect to debt issued by corporations.

NOTE: The following examples are illustrative of the kinds of activities engaged in by transfer agents under this part.

1. A transfer agent of stock or shares in a mutual fund maintains the records of shareholders and transfers stock from one shareholder to another by cancellation of the surrendered certificates and issuance of new certificates in the name of the new shareholder. A co-transfer agent also performs these functions.

2. A registrar of stock or shares in a mutual fund monitors the issuance of such securities to prevent over-issuance of shares, affixing its signature of each stock certificate issued to
signify its authorized issuance. A co-registrar also performs these functions.

3. A registrar of corporate debt securities maintains the records of ownership of registered bonds; makes changes in such records; issues, transfers, and exchanges such certificates; and monitors the securities to prevent over-issuance of certificates. A co-registrar also performs these functions.

c) The acronym ARA means the appropriate regulatory agency, as defined in section 3(a)(34)(B) of the Act.

(d) The phrase Federal bank regulators means the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation.

(e) The term Form TA–1 means the form and any attachments to that form, whether filed as a registration or an amendment to a registration.

(f) The term registrant means the entity on whose behalf Form TA–1 is filed.

(g) The acronym SEC means the Securities and Exchange Commission.

(h) The term covered institution means an insured State nonmember bank, an insured State savings association, and any subsidiary of such institutions.

(i) The term qualifying securities means:

(1) Securities registered on a national securities exchange (15 U.S.C. 78l(b)); or

(2) Securities required to be registered under section 12(g)(1) of the Act (15 U.S.C. 78l(g)(1)), except for securities exempted from registration with the SEC by section 12(g)(2) (C, D, E, F, and H) of the Act.

§ 341.4 Amendments to registration.

(a) Within 60 calendar days following the date which any information reported on Form TA–1 becomes inaccurate, misleading, or incomplete, the registrant shall file an amendment on Form TA–1 correcting the inaccurate, misleading, or incomplete information.

(b) The filing of an amendment to an application for registration as a transfer agent under § 341.3, which registration has not become effective, shall postpone the effective date of the registration for 30 days following the date on which the amendment is filed unless the FDIC accelerates, denies, or postpones the registration in accordance with section 17A(c) of the Act.

§ 341.5 Withdrawal from registration.

(a) Notice of withdrawal from registration. Any transfer agent registered under this part that ceases to engage in the functions of a transfer agent as defined in § 341.2(a) shall file a written notice of withdrawal from registration.
with the FDIC. A registered transfer agent that ceases to engage in one or more of the functions of transfer agent as defined in §341.2(a), but continues to engage in another such function, shall not withdraw from registration.

(b) A notice of withdrawal shall be filed with the FDIC at its Washington, DC headquarters. Deregistration shall be effective upon receipt of notice of withdrawal by the FDIC. A Request for Deregistration form is available electronically from www.fdic.gov or by request from the Director, Division of Risk Management Supervision (RMS), FDIC, Washington, DC 20429.

c) If the FDIC finds that any registered transfer agent for which it is the ARA, is no longer in existence or has ceased to do business as a transfer agent, FDIC shall cancel or deny the registration by order of the Board of Directors.

(d) Registration of a transfer agent with another ARA shall cancel registration of the transfer agent with FDIC.

§ 341.6 Reports.

Every registration or amendment filed under this section shall constitute a report or application within the meaning of sections 17, 17A(c), and 32(a) of the Act.

PART 342 [RESERVED]

PART 343—CONSUMER PROTECTION IN SALES OF INSURANCE

§ 343.10 Purpose and scope.

This part establishes consumer protections in connection with retail sales practices, solicitations, advertising, or offers of any insurance product or annuity to a consumer by:

(a) Any bank; or

(b) Any other person that is engaged in such activities at an office of the bank or on behalf of the bank.

§ 343.20 Definitions.

As used in this part:

(a) Affiliate means a company that controls, is controlled by, or is under common control with another company.

(b) Bank means an FDIC-insured, state-chartered commercial or savings bank that is not a member of the Federal Reserve System and for which the FDIC is the appropriate federal banking agency pursuant to section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)).

(c) Company means any corporation, partnership, business trust, association or similar organization, or any other trust (unless by its terms the trust must terminate within twenty-five years or not later than twenty-one years and ten months after the death of individuals living on the effective date of the trust). It does not include any corporation the majority of the shares of which are owned by the United States or by any State, or a qualified family partnership, as defined in section 2(o)(10) of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1841(o)(10)).

(d) Consumer means an individual who purchases, applies to purchase, or is solicited to purchase from you insurance products or annuities primarily for personal, family, or household purposes.

(e) Control of a company has the same meaning as in section 3(w)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(w)(5)).

(f) Domestic violence means the occurrence of one or more of the following acts by a current or former family member, household member, intimate partner, or caretaker:

1. Attempting to cause or causing or threatening another person physical
§ 343.30 Prohibited practices.

(a) Anticoercion and antitying rules. You may not engage in any practice that would lead a consumer to believe that an extension of credit, in violation of section 106(b) of the Bank Holding Company Act Amendments of 1970 (12 U.S.C. 1972), is conditional upon either:

(1) The purchase of an insurance product or annuity from the bank or any of its affiliates; or

(2) An agreement by the consumer not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(b) Prohibition on misrepresentations generally. You may not engage in any practice or use any advertisement at any office of, or on behalf of, the bank or a subsidiary of the bank that could mislead any person or otherwise cause a reasonable person to reach an erroneous belief with respect to:

(1) The fact that an insurance product or annuity sold or offered for sale by you or any subsidiary of the bank is not backed by the Federal government or the bank, or the fact that the insurance product or annuity is not insured by the Federal Deposit Insurance Corporation;

(2) In the case of an insurance product or annuity that involves investment risk, the fact that there is an investment risk, including the potential that principal may be lost and that the product may decline in value; or

(3) In the case of a bank or subsidiary of the bank at which insurance products or annuities are sold or offered for sale, the fact that:

(i) The approval of an extension of credit to a consumer by the bank or subsidiary may not be conditioned on the purchase of an insurance product or annuity by the consumer from the bank or a subsidiary of the bank; and

(ii) The consumer is free to purchase the insurance product or annuity from another source.

(c) Prohibition on domestic violence discrimination. You may not sell or offer for sale, as principal, agent, or broker, any life or health insurance product if the status of the applicant or insured as a victim of domestic violence or as
Federal Deposit Insurance Corporation
§ 343.40

(a) Insurance disclosures. In connection with the initial purchase of an insurance product or annuity by a consumer from you, you must disclose to the consumer, except to the extent the disclosure would not be accurate, that:

(1) The insurance product or annuity is not a deposit or other obligation of, or guaranteed by, the bank or an affiliate of the bank;
(2) The insurance product or annuity is not insured by the Federal Deposit Insurance Corporation (FDIC) or any other agency of the United States, the bank, or (if applicable) an affiliate of the bank; and
(3) In the case of an insurance product or annuity that involves an investment risk, there is investment risk associated with the product, including the possible loss of value.
(b) Credit disclosure. In the case of an application for credit in connection with which an insurance product or annuity is solicited, offered, or sold, you must disclose that the bank may not condition an extension of credit on either:

(1) The consumer’s purchase of an insurance product or annuity from the bank or any of its affiliates; or
(2) The consumer’s agreement not to obtain, or a prohibition on the consumer from obtaining, an insurance product or annuity from an unaffiliated entity.

(c) Timing and method of disclosures—
(1) In general. The disclosures required by paragraph (a) of this section must be provided orally and in writing before the completion of the initial sale of an insurance product or annuity to a consumer. The disclosure required by paragraph (b) of this section must be made orally and in writing at the time the consumer applies for an extension of credit in connection with which an insurance product or annuity is solicited, offered, or sold.
(2) Exception for transactions by mail. If a sale of an insurance product or annuity is conducted by mail, you are not required to make the oral disclosures required by paragraph (a) of this section. If you take an application for credit by mail, you are not required to make the oral disclosure required by paragraph (b).
(3) Exception for transactions by telephone. If a sale of an insurance product or annuity is conducted by telephone, you may provide the written disclosures required by paragraph (a) of this section by mail within 3 business days beginning on the first business day after the sale, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a). If you take an application for credit by telephone, you may provide the written disclosure required by paragraph (b) of this section by mail, provided you mail it to the consumer within three days beginning the first business day after the application is taken, excluding Sundays and the legal public holidays specified in 5 U.S.C. 6103(a).
(4) Electronic form of disclosures. (i) Subject to the requirements of section 101(c) of the Electronic Signatures in Global and National Commerce Act (12 U.S.C. 7001(c)), you may provide the written disclosures required by paragraph (a) and (b) of this section through electronic media instead of on paper, if the consumer affirmatively consents to receiving the disclosures electronically and if the disclosures are provided in a format that the consumer may retain or obtain later, for example, by printing or storing electronically (such as by downloading).
(ii) Any disclosure required by paragraphs (a) or (b) of this section that is provided by electronic media is not required to be provided orally.
(5) Disclosures must be readily understandable. The disclosures provided shall be conspicuous, simple, direct, readily understandable, and designed to call attention to the nature and significance of the information provided. For instance, you may use the following disclosures in visual media, such as television broadcasting, ATM screens, billboards, signs, posters and
written advertisements and promotional materials, as appropriate and consistent with paragraphs (a) and (b) of this section:

- NOT A DEPOSIT
- NOT FDIC-INSURED
- NOT INSURED BY ANY FEDERAL GOVERNMENT AGENCY
- NOT GUARANTEED BY THE BANK
- MAY GO DOWN IN VALUE

(6) **Disclosures must be meaningful.** (i) You must provide the disclosures required by paragraphs (a) and (b) of this section in a meaningful form. Examples of the types of methods that could call attention to the nature and significance of the information provided include:

(A) A plain-language heading to call attention to the disclosures;
(B) A typeface and type size that are easy to read;
(C) Wide margins and ample line spacing;
(D) Boldface or italics for key words; and
(E) Distinctive type size, style, and graphic devices, such as shading or sidebars, when the disclosures are combined with other information.

(ii) You have not provided the disclosures in a meaningful form if you merely state to the consumer that the required disclosures are available in printed material, but do not provide the printed material when required and do not orally disclose the information to the consumer when required.

(iii) With respect to those disclosures made through electronic media for which paper or oral disclosures are not required, the disclosures are not meaningfully provided if the consumer may bypass the visual text of the disclosures before purchasing an insurance product or annuity.

(7) **Consumer acknowledgment.** You must obtain from the consumer, at the time a consumer receives the disclosures required under paragraphs (a) or (b) of this section, or at the time of the initial purchase by the consumer of an insurance product or annuity, a written acknowledgment by the consumer that the consumer received the disclosures. You may permit a consumer to acknowledge receipt of the disclosures electronically or in paper form. If the disclosures required under paragraphs (a) or (b) of this section are provided in connection with a transaction that is conducted by telephone, you must:

(i) Obtain an oral acknowledgment of receipt of the disclosures and maintain sufficient documentation to show that the acknowledgment was given; and

(ii) Make reasonable efforts to obtain a written acknowledgment from the consumer.

(d) **Advertisements and other promotional material for insurance products or annuities.** The disclosures described in paragraph (a) of this section are required in advertisements and promotional material for insurance products or annuities unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the bank.

§ 343.50 **Where insurance activities may take place.**

(a) **General rule.** A bank must, to the extent practicable, keep the area where the bank conducts transactions involving insurance products or annuities physically segregated from areas where retail deposits are routinely accepted from the general public, identify the areas where insurance product or annuity sales activities occur, and clearly delineate and distinguish those areas from the areas where the bank’s retail deposit-taking activities occur.

(b) **Referrals.** Any person who accepts deposits from the public in an area where such transactions are routinely conducted in the bank may refer a consumer who seeks to purchase an insurance product or annuity to a qualified person who sells that product only if the person making the referral receives no more than a one-time, nominal fee of a fixed dollar amount for each referral that does not depend on whether the referral results in a transaction.

§ 343.60 **Qualification and licensing requirements for insurance sales personnel.**

A bank may not permit any person to sell or offer for sale any insurance product or annuity in any part of its office or on its behalf, unless the person is at all times appropriately qualified and licensed under applicable State insurance licensing standards.
with regard to the specific products being sold or recommended.

Appendix A to Part 343—Consumer Grievance Process

Any consumer who believes that any bank or any other person selling, soliciting, advertising, or offering insurance products or annuities to the consumer at an office of the bank or on behalf of the bank has violated the requirements of this part should contact the Division of Supervision and Consumer Protection (DSC), Federal Deposit Insurance Corporation, at the following address: 550 17th Street, NW., Washington, DC 20429, or telephone 202-942-3100 or 800-934-3342, or e-mail dcainternet@fdic.gov.

§ 344.2 Exceptions.

(a) An FDIC-supervised institution effecting securities transactions for customers is not subject to all or part of this part 344 to the extent that they qualify for one or more of the following exceptions:

(1) Small number of transactions. The requirements of §§344.4(a)(2) through (4) and 344.8(a)(1) through (3) do not apply to an FDIC-supervised institution effecting an average of fewer than 500 securities transactions per year for customers over the prior three calendar year period. The calculation of this average does not include transactions in government securities.

(2) Government securities. The recordkeeping requirements of §344.4 do not apply to FDIC-supervised institutions effecting fewer than 500 government securities brokerage transactions per year. This exemption does not apply to government securities dealer transactions by FDIC-supervised institutions.

(4) Foreign branches. Activities of foreign branches of FDIC-supervised institutions shall not be subject to the requirements of this part.

(5) Transactions effected by registered broker/dealers. (i) This part does not apply to securities transactions effected for an FDIC-supervised institution’s customer by a registered broker/dealer if:

(A) The broker/dealer is fully disclosed to the customer; and

(B) The customer has a direct contractual agreement with the broker/dealer.

(ii) This exemption extends to arrangements with broker/dealers which
involve FDIC-supervised institution employees when acting as employees of, and subject to the supervision of, the registered broker/dealer when soliciting, recommending, or effecting securities transactions.

(b) *Safe and sound operations.* Notwithstanding this section, every FDIC-supervised institution effecting securities transactions for customers shall maintain, directly or indirectly, effective systems of records and controls regarding their customer securities transactions to ensure safe and sound operations. The records and systems maintained must clearly and accurately reflect the information required under this part and provide an adequate basis for an audit.

§ 344.3 Definitions.

(a) *Asset-backed security* means a security that is serviced primarily by the cash flows of a discrete pool of receivables or other financial assets, either fixed or revolving, that by their terms convert into cash within a finite time period plus any rights or other assets designed to assure the servicing or timely distribution of proceeds to the security holders.

(b) *Cash management sweep account* means a prearranged, automatic transfer of funds above a certain dollar level from a deposit account to purchase a security or securities, or any prearranged, automatic redemption or sale of a security or securities when a deposit account drops below a certain level with the proceeds being transferred into a deposit account.

(c) *Collective investment fund* means funds held by an FDIC-supervised institution as fiduciary and, consistent with local law, invested collectively:

(1) In a common trust fund maintained by such FDIC-supervised institution exclusively for the collective investment and reinvestment of monies contributed thereto by the FDIC-supervised institution in its capacity as trustee, executor, administrator, guardian, or custodian under the Uniform Gifts to Minors Act; or

(2) In a fund consisting solely of assets of retirement, pension, profit sharing, stock bonus or similar trusts which are exempt from Federal income taxation under the Internal Revenue Code (26 U.S.C.).

(d) *Completion of the transaction* means:

(1) For purchase transactions, the time when the customer pays the FDIC-supervised institution any part of the purchase price (or the time when the FDIC-supervised institution makes the book-entry for any part of the purchase price, if applicable), however, if the customer pays for the security prior to the time payment is requested or becomes due, then the transaction shall be completed when the FDIC-supervised institution transfers the security into the account of the customer; and

(2) For sale transactions, the time when the FDIC-supervised institution transfers the security out of the account of the customer or, if the security is not in its custody, then the time when the security is delivered to it, however, if the customer delivers the security to the FDIC-supervised institution prior to the time delivery is requested or becomes due then the transaction shall be completed when the FDIC-supervised institution makes payment into the account of the customer.

(e) *Crossing of buy and sell orders* means a security transaction in which the same FDIC-supervised institution acts as agent for both the buyer and the seller.

(f) *Customer* means any person or account, including any agency, trust, estate, guardianship, or other fiduciary account for which an FDIC-supervised institution effecting the purchase or sale of securities, but does not include a broker, dealer, insured depository institution acting as a broker or a dealer, issuer of the securities that are the subject of the transaction or a person or account having a direct, contractual agreement with a fully disclosed broker/dealer.

(g) *Debt security* means any security, such as a bond, debenture, note, or any other similar instrument that evidences a liability of the issuer (including any security of this type that is convertible into stock or a similar security) and fractional or participation interests in one or more of any of the
foregoing; provided, however, that securities issued by an investment company registered under the Investment Company Act of 1940, 15 U.S.C. 80a—1 et seq., shall not be included in this definition.

(h) FDIC-supervised institution means any insured depository institution for which the Federal Deposit Insurance Corporation is the appropriate Federal banking agency pursuant to section 3(q) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(q).

(i) Government security means:

(1) A security that is a direct obligation of, or obligation guaranteed as to principal and interest by, the United States;

(2) A security that is issued or guaranteed by a corporation in which the United States has a direct or indirect interest and which is designated by the Secretary of the Treasury for exemption as necessary or appropriate in the public interest or for the protection of investors;

(3) A security issued or guaranteed as to principal and interest by any corporation whose securities are designated by statute specifically naming the corporation, to constitute exempt securities within the meaning of the laws administered by the Securities and Exchange Commission; or

(4) Any put, call, straddle, option, or privilege on a security described in paragraph (1)(1), (2), or (3) of this section other than a put, call, straddle, option, or privilege that is traded on one or more national securities exchanges, or for which quotations are disseminated through an automated quotation system operated by a registered securities association.

(j) Investment discretion means that, with respect to an account, an FDIC-supervised institution directly or indirectly:

(1) Is authorized to determine what securities or other property shall be purchased or sold by or for the account; or

(2) Makes decisions as to what securities or other property shall be purchased or sold by or for the account even though some other person may have responsibility for these investment decisions.

(k) Municipal security means a security which is a direct obligation of, or an obligation guaranteed as to principal or interest by, a State or any political subdivision, or any agency or instrumentality of a State or any political subdivision, or any municipal corporate instrumentality of one or more States or any security which is an industrial development bond (as defined in 26 U.S.C. 103(c)(2)) the interest on which is excludable from gross income under 26 U.S.C. 103(a)(1) if, by reason of the application of paragraph (4) or (6) of 26 U.S.C. 103(c) (determined as if paragraphs (4)(A), (5) and (7) were not included in 26 U.S.C. 103(c), paragraph (1) of 26 U.S.C. 103(c) does not apply to such security. See 15. U.S.C. 78c(a)(29).

(l) Periodic plan means any written authorization for an FDIC-supervised institution to act as agent to purchase or sell for a customer a specific security or securities, in a specific amount (calculated in security units or dollars) or to the extent of dividends and funds available, at specific time intervals, and setting forth the commission or charges to be paid by the customer or the manner of calculating them. Periodic plans include dividend reinvestment plans, automatic investment plans, and employee stock purchase plans.

(m) Security means any note, stock, treasury stock, bond, debenture, certificate of interest or participation in any profit-sharing agreement or in any oil, gas, or other mineral royalty or lease, any collateral-trust certificate, reorganization certificate or subscription, transferable share, investment contract, voting-trust certificate, and any put, call, straddle, option, or privilege on any security or group or index of securities (including any interest therein or based on the value thereof), or, in general, any instrument commonly known as a “security”; or any certificate of interest or participation in, temporary or interim certificate for, receipt for, or warrant or right to subscribe to or purchase, any of the foregoing. The term security does not include:

(1) A deposit or share account in a federally or state insured depository institution;

(2) A loan participation;
§ 344.4 Recordkeeping.

(a) General rule. An FDIC-supervised institution effecting securities transactions for customers shall maintain the following records for at least three years:

(1) Chronological records. An itemized daily record of each purchase and sale of securities maintained in chronological order, and including:

(i) Account or customer name for which each transaction was effected;
(ii) Description of the securities;
(iii) Unit and aggregate purchase or sale price;
(iv) Trade date; and
(v) Name or other designation of the broker/dealer or other person from whom the securities were purchased or to whom the securities were sold;

(2) Account records. Account records for each customer, reflecting:

(i) Purchases and sales of securities;
(ii) Receipts and deliveries of securities;
(iii) Receipts and disbursements of cash; and
(iv) Other debits and credits pertaining to transactions in securities;

(3) A separate memorandum (order ticket) of each order to purchase or sell securities (whether executed or canceled), which shall include:

(i) The accounts for which the transaction was effected;
(ii) Whether the transaction was a market order, limit order, or subject to special instructions;
(iii) The time the order was received by the trader or other FDIC-supervised institution employee responsible for effecting the transaction;
(iv) The time the order was placed with the broker/dealer, or if there was no broker/dealer, time the order was executed or canceled;
(v) The price at which the order was executed; and
(vi) The broker/dealer utilized;

(4) Record of broker/dealers. A record of all broker/dealers selected by the FDIC-supervised institution to effect securities transactions and the amount of commissions paid or allocated to each broker during the calendar year; and

(5) Notifications. A copy of the written notification required by §§ 344.5 and 344.6.

(b) Manner of maintenance. Records may be maintained in whatever manner, form or format an FDIC-supervised institution deems appropriate, provided however, the records required by this section must clearly and accurately reflect the information required and provide an adequate basis for the audit of the information. Records may be maintained in hard copy, automated or electronic form provided the records are easily retrievable, readily available for inspection, and capable of being reproduced in a hard copy. An FDIC-supervised institution may contract with third party service providers, including broker/dealers, to maintain records required under this part.

§ 344.5 Content and time of notification.

Every FDIC-supervised institution effecting a securities transaction for a customer shall give or send, by mail, facsimile or other means of electronic transmission, to the customer at or before completion of the transaction one of the types of written notification identified below:

(a) Broker/dealer’s confirmations. (1) A copy of the confirmation of a broker/dealer relating to the securities transaction. An FDIC-supervised institution may either have the broker/dealer send the confirmation directly to the FDIC-supervised institution’s customer or send a copy of the broker/dealer’s confirmation to the customer upon receipt of the confirmation by the FDIC-supervised institution. If an FDIC-supervised
institution chooses to send a copy of the broker/dealer’s confirmation, it must be sent within one business day from the institution’s receipt of the broker/dealer’s confirmation; and

(2) If the FDIC-supervised institution is to receive remuneration from the customer or any other source in connection with the transaction, a statement of the source and amount of any remuneration to be received if such would be required under paragraph (b)(6) of this section; or

(b) Written notification. A written notification disclosing:

(1) Name of the FDIC-supervised institution;
(2) Name of the customer;
(3) Whether the FDIC-supervised institution is acting as agent for such customer, as agent for both such customer and some other person, as principal for its own account, or in any other capacity;
(4) The date and time of execution, or the fact that the time of execution will be furnished within a reasonable time upon written request of the customer, and the identity, price, and number of shares or units (or principal amount in the case of debt securities) of the security purchased or sold by the customer;
(5) The amount of any remuneration received or to be received, directly or indirectly, by any broker/dealer from such customer in connection with the transaction;
(6)(i) The amount of any remuneration received or to be received by the FDIC-supervised institution from the customer, and the source and amount of any other remuneration received or to be received by the FDIC-supervised institution in connection with the transaction, unless:
   (A) Remuneration is determined pursuant to a prior written agreement between the FDIC-supervised institution and the customer; or
   (B) In the case of government securities and municipal securities, the FDIC-supervised institution received the remuneration in other than an agency transaction; or
   (C) In the case of open end investment company securities, the FDIC-supervised institution has provided the customer with a current prospectus which discloses all current fees, loads and expenses at or before completion of the transaction;
   (ii) If the FDIC-supervised institution elects not to disclose the source and amount of remuneration it has received or will receive from a party other than the customer pursuant to paragraph (b)(6)(i)(A), (B), or (C) of this section, the written notification must disclose whether the FDIC-supervised institution has received or will receive remuneration from a party other than the customer, and that the FDIC-supervised institution will furnish within a reasonable time the source and amount of this remuneration upon written request of the customer. This election is not available, however, if, with respect to a purchase, the FDIC-supervised institution was participating in a distribution of that security; or, with respect to a sale, the FDIC-supervised institution was participating in a tender offer for that security;
(7) Name of the broker/dealer utilized; or where there is no broker/dealer, the name of the person from whom the security was purchased or to whom the security was sold, or a statement that the FDIC-supervised institution will furnish this information within a reasonable time upon written request;
(8) In the case of a transaction in a debt security subject to redemption before maturity, a statement to the effect that the debt security may be redeemed in whole or in part before maturity, that the redemption could affect the yield represented and that additional information is available upon request;
(9) In the case of a transaction in a debt security effected exclusively on the basis of a dollar price:
   (i) The dollar price at which the transaction was effected; and
   (ii) The yield to maturity calculated from the dollar price, provided however, that this shall not apply to a transaction in a debt security that either has a maturity date that may be extended by the issuer thereof, with a variable interest payable thereon, or is an asset-backed security that represents an interest in or is secured by a pool of receivables or other financial assets that are subject continuously to prepayment;
(10) In the case of a transaction in a debt security effected on the basis of yield:
   (i) The yield at which the transaction was effected, including the percentage amount and its characterization (e.g., current yield, yield to maturity, or yield to call) and if effected at yield to call, the type of call, the call date and call price;
   (ii) The dollar price calculated from the yield at which the transaction was effected; and
   (iii) If effected on a basis other than yield to maturity and the yield to maturity is lower than the represented yield, the yield to maturity as well as the represented yield; provided however, that this paragraph (b)(10) shall not apply to a transaction in a debt security that either has a maturity date that may be extended by the issuer with a variable interest rate payable thereon, or is an asset-backed security that represents an interest in or is secured by a pool of receivables or other financial assets that are subject continuously to prepayment;

(11) In the case of a transaction in a debt security that is an asset-backed security, which represents an interest in or is secured by a pool of receivables or other financial assets that are subject continuously to prepayment, a statement indicating that the actual yield of the asset-backed security may vary according to the rate at which the underlying receivables or other financial assets are prepaid and a statement of the fact that information concerning the factors that affect yield (including at a minimum estimated yield, weighted average life, and the prepayment assumptions underlying yield) will be furnished upon written request of the customer; and

(12) In the case of a transaction in a debt security, other than a government security, that the security is unrated by a nationally recognized statistical rating organization, if that is the case.

§ 344.6 Notification by agreement; alternative forms and times of notification.

An FDIC-supervised institution may elect to use the following alternative notification procedures if the transaction is effected for:

(a) Notification by agreement. Accounts (except periodic plans) where the FDIC-supervised institution does not exercise investment discretion and the FDIC-supervised institution and the customer agree in writing to a different arrangement as to the time and content of the written notification; provided however, that such agreement makes clear the customer’s right to receive the written notification pursuant to §344.5(a) or (b) at no additional cost to the customer.

(b) Trust accounts. Accounts (except collective investment funds) where the FDIC-supervised institution exercises investment discretion in other than in an agency capacity, in which instance it shall, upon request of the person having the power to terminate the account or, if there is no such person, upon the request of any person holding a vested beneficial interest in such account, give or send to such person the written notification within a reasonable time. The FDIC-supervised institution may charge such person a reasonable fee for providing this information.

(c) Agency accounts. Accounts where the FDIC-supervised institution exercises investment discretion in an agency capacity, in which instance:
   (1) The FDIC-supervised institution shall give or send to each customer not less frequently than once every three months an itemized statement which shall specify the funds and securities in the custody or possession of the FDIC-supervised institution at the end of such period and all debits, credits and transactions in the customer’s accounts during such period; and
   (2) If requested by the customer, the FDIC-supervised institution shall give or send to each customer within a reasonable time the written notification described in §344.5. The FDIC-supervised institution may charge a reasonable fee for providing the information described in §344.5.

(d) Cash management sweep accounts. An FDIC-supervised institution effecting a securities transaction for a cash management sweep account shall give or send its customer a written statement, in the same form as required under paragraph (f) of this section, for each month in which a purchase or sale
§ 344.7 Settlement of securities transactions.

(a) An FDIC-supervised institution shall not effect or enter into a contract for the purchase or sale of a security (other than an exempted security as defined in 15 U.S.C. 78c(a)(12), government security, municipal security, commercial paper, bankers’ acceptances, or commercial bills) that provides for payment of funds and delivery of securities later than the third business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(b) Paragraphs (a) and (c) of this section shall not apply to contracts:

(1) For the purchase or sale of limited partnership interests that are not listed on an exchange or for which quotations are not disseminated through an automated quotation system of a registered securities association; or

(2) For the purchase or sale of securities that the Securities and Exchange Commission (SEC) may from time to time, taking into account then existing market practices, exempt by order from the requirements of paragraph (a) of SEC Rule 15c6–1, 17 CFR 240.15c6–1(a), either unconditionally or on specified terms and conditions, if the SEC determines that an exemption is consistent with the public interest and the protection of investors.

(c) Paragraph (a) of this section shall not apply to contracts for the sale for cash of securities that are priced after 4:30 p.m. Eastern time on the date the securities are priced and that are sold by an issuer to an underwriter pursuant to a firm commitment underwritten offering registered under the Securities Act of 1933, 15 U.S.C. 77a et seq., or sold to an initial purchaser by an FDIC-supervised institution participating in the offering. An FDIC-supervised institution shall not effect or enter into a contract for the purchase or sale of the securities that provides for payment of funds and delivery of securities later than the fourth business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

(d) For the purposes of paragraphs (a) and (c) of this section, the parties to a contract shall be deemed to have expressly agreed to an alternate date for payment of funds and delivery of securities at the time of the transaction for
§ 344.8  Securities trading policies and procedures.

(a) Policies and procedures. Every FDIC-supervised institution effecting securities transactions for customers shall establish written policies and procedures providing:

(1) Assignment of responsibility for supervision of all officers or employees who:
   (i) Transmit orders to or place orders with broker/dealers; or
   (ii) Execute transactions in securities for customers;

(2) Assignment of responsibility for supervision and reporting, separate from those in paragraph (a)(1) of this section, with respect to all officers or employees who process orders for notification or settlement purposes, or perform other back office functions with respect to securities transactions effected for customers;

(3) For the fair and equitable allocation of securities and prices to accounts when orders for the same security are received at approximately the same time and are placed for execution either individually or in combination; and

(4) Where applicable, and where permissible under local law, for the crossing of buy and sell orders on a fair and equitable basis to the parties to the transaction.

§ 344.9  Personal securities trading reporting by officers and employees of FDIC-supervised institutions.

(a) Officers and employees subject to reporting. FDIC-supervised institution officers and employees who:

(1) Make investment recommendations or decisions for the accounts of customers;

(2) Participate in the determination of such recommendations or decisions; or

(3) In connection with their duties, obtain information concerning which securities are being purchased or sold or recommend such action, must report to the FDIC-supervised institution, within 30-calendar days after the end of the calendar quarter, all transactions in securities made by them or on their behalf, either at the FDIC-supervised institution or elsewhere in which they have a beneficial interest. The report shall identify the securities purchased or sold and indicate the dates of the transactions and whether the transactions were purchases or sales.

(b) Exempt transactions. Excluded from this reporting requirement are:

(1) Transactions for the benefit of the officer or employee over which the officer or employee has no direct or indirect influence or control;

(2) Transactions in registered investment company shares;

(3) Transactions in government securities; and

(4) All transactions involving in the aggregate $10,000 or less during the calendar quarter.

(c) Alternative report. Where an FDIC-supervised institution acts as an investment adviser to an investment company registered under the Investment Company Act of 1940, the FDIC-supervised institution’s officers and employees may fulfill their reporting requirement under paragraph (a) of this section by filing with the FDIC-supervised institution the “access persons” personal securities trading report required by SEC Rule 17j–1, 17 CFR 270.17j–1.

§ 344.10  Waivers.

The Board of Directors of the FDIC, in its discretion, may waive for good cause all or any part of this part 344.

PART 345—COMMUNITY REINVESTMENT

Subpart A—General

Sec.
345.11 Authority, purposes, and scope.
345.12 Definitions.
Federal Deposit Insurance Corporation

§ 345.11 Authority, purposes, and scope.

(a) Authority and OMB control number—(1) Authority. The authority for this part is 12 U.S.C. 1814–1817, 1819–1820, 1828, 1831u and 2901–2907, 3103–3104, and 3108(a).

(2) OMB control number. The information collection requirements contained in this part were approved by the Office of Management and Budget under the provisions of 44 U.S.C. 3501 et seq. and have been assigned OMB control number 3064–0092.

(b) Purposes. In enacting the Community Reinvestment Act (CRA), the Congress required each appropriate Federal financial supervisory agency to assess an institution’s record of helping to meet the credit needs of the local communities in which the institution is chartered, consistent with the safe and sound operation of the institution, and to take this record into account in the agency’s evaluation of an application for a deposit facility by the institution. This part is intended to carry out the purposes of the CRA by:

(1) Establishing the framework and criteria by which the Federal Deposit Insurance Corporation (FDIC) assesses a bank’s record of helping to meet the credit needs of its entire community, including low- and moderate-income neighborhoods, consistent with the safe and sound operation of the bank; and

(2) Providing that the FDIC takes that record into account in considering certain applications.

(c) Scope—(1) General. Except for certain special purpose banks described in paragraph (c)(3) of this section, this part applies to all insured State nonmember banks, including insured State branches as described in paragraph (c)(2) and any uninsured State branch that results from an acquisition described in section 5(a)(8) of the International Banking Act of 1978 (12 U.S.C. 3103(a)(8)).

(2) Insured State branches. Insured State branches are branches of a foreign bank established and operating under the laws of any State, the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act. In the case of insured State branches, references in this part to main office mean the principal branch within the United States and the term branch or branches refers to any insured State branch or branches located within the United States. The assessment area of an insured State branch is the community or communities served by the branch as described in §345.41.

(3) Certain special purpose banks. This part does not apply to special purpose banks that do not perform commercial or retail banking services by granting credit to the public in the ordinary course of business, other than as incident to their specialized operations. These banks include banker’s banks, as defined in 12 U.S.C. 24 (Seventh), and banks that engage only in one or more of the following activities: providing...
§ 345.12 Definitions.

For purposes of this part, the following definitions apply:

(a) **Affiliate** means any company that controls, is controlled by, or is under common control with another company. The term control has the meaning given to that term in 12 U.S.C. 1841(a)(2), and a company is under common control with another company if both companies are directly or indirectly controlled by the same company.

(b) **Area median income** means:

(1) The median family income for the MSA, if a person or geography is located in an MSA, or for the metropolitan division, if a person or geography is located in an MSA that has been subdivided into metropolitan divisions; or

(2) The statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

(c) **Assessment area** means a geographic area delineated in accordance with §345.41.

(d) **Remote Service Facility** (RSF) means an automated, unstaffed banking facility owned or operated by, or operated exclusively for, the bank, such as an automated teller machine, cash dispensing machine, point-of-sale terminal, or other remote electronic facility, at which deposits are received, cash dispersed, or money lent.

(e) **Bank** means a State nonmember bank, as that term is defined in section 3(e)(2) of the Federal Deposit Insurance Act, as amended (FDIA) (12 U.S.C. 1813(e)(2)), with Federally insured deposits, except as provided in §345.11(c). The term bank also includes an insured State branch as defined in §345.11(c).

(f) **Branch** means a staffed banking facility authorized as a branch, whether shared or unshared, including, for example, a mini-branch in a grocery store or a branch operated in conjunction with any other local business or nonprofit organization. The term “branch” only includes a “domestic branch” as that term is defined in section 3(o) of the FDIA (12 U.S.C. 1831(o)).

(g) **Community development** means:

(1) Affordable housing (including multifamily rental housing) for low- or moderate-income individuals;

(2) Community services targeted to low- or moderate-income individuals;

(3) Activities that promote economic development by financing businesses or farms that meet the size eligibility standards of the Small Business Administration’s Development Company or Small Business Investment Company programs (13 CFR 121.301) or have gross annual revenues of $1 million or less;

(4) Activities that revitalize or stabilize—

(i) Low-or moderate-income geographies;

(ii) Designated disaster areas; or

(iii) Distressed or underserved nonmetropolitan middle-income geographies designated by the Board of Governors of the Federal Reserve System, FDIC, and Office of the Comptroller of the Currency, based on—

(A) Rates of poverty, unemployment, and population loss; or

(B) Population size, density, and dispersion. Activities revitalize and stabilize geographies designated based on population size, density, and dispersion if they help to meet essential community needs, including needs of low- and moderate-income individuals; or

(5) Loans, investments, and services that—

(i) Support, enable or facilitate projects or activities that meet the “eligible uses” criteria described in Section 2301(c) of the Housing and Economic Recovery Act of 2008 (HERA), Public Law 110–289, 122 Stat. 2654, as amended, and are conducted in designated target areas identified in plans approved by the United States Department of Housing and Urban Development in accordance with the Neighborhood Stabilization Program (NSP);

(ii) Are provided no later than two years after the last date funds appropriated for the NSP are required to be spent by grantees; and

(iii) Benefit low-, moderate-, and middle-income individuals and geographies in the bank’s assessment area(s) or areas outside the bank’s assessment area(s) provided the bank has adequately addressed the community...
Federal Deposit Insurance Corporation

§ 345.12

Development needs of its assessment area(s).

(h) Community development loan means a loan that:

(1) Has as its primary purpose community development; and

(2) Except in the case of a wholesale or limited purpose bank:

(i) Has not been reported or collected by the bank or an affiliate for consideration in the bank’s assessment as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in appendix A to part 1003 of this title); and

(ii) Benefits the bank’s assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(i) Community development service means a service that:

(1) Has as its primary purpose community development;

(2) Is related to the provision of financial services; and

(3) Has not been considered in the evaluation of the bank’s retail banking services under § 345.24(d).

(j) Consumer loan means a loan to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. Consumer loans include the following categories of loans:

(1) Motor vehicle loan, which is a consumer loan extended for the purchase of and secured by a motor vehicle;

(2) Credit card loan, which is a line of credit for household, family, or other personal expenditures that is accessed by a borrower’s use of a “credit card,” as this term is defined in §1026.2 of this title;

(3) Home equity loan, which is a consumer loan secured by a residence of the borrower;

(4) Other secured consumer loan, which is a secured consumer loan that is not included in one of the other categories of consumer loans; and

(5) Other unsecured consumer loan, which is an unsecured consumer loan that is not included in one of the other categories of consumer loans.

(k) Geography means a census tract delineated by the United States Bureau of the Census in the most recent decennial census.

(l) Home mortgage loan means a “home improvement loan,” “home purchase loan,” or a “refinancing” as defined in §1003.2 of this title.

(m) Income level includes:

(1) Low-income, which means an individual income that is less than 50 percent of the area median income or a median family income that is less than 50 percent in the case of a geography.

(2) Moderate-income, which means an individual income that is at least 50 percent and less than 80 percent of the area median income or a median family income that is at least 50 and less than 80 percent in the case of a geography.

(3) Middle-income, which means an individual income that is at least 80 percent and less than 120 percent of the area median income or a median family income that is at least 80 and less than 120 percent in the case of a geography.

(4) Upper-income, which means an individual income that is 120 percent or more of the area median income or a median family income that is 120 percent or more in the case of a geography.

(n) Limited purpose bank means a bank that offers only a narrow product line (such as credit card or motor vehicle loans) to a regional or broader market and for which a designation as a limited purpose bank is in effect, in accordance with §345.25(b).

(o) Loan location. A loan is located as follows:

(1) A consumer loan is located in the geography where the borrower resides;

(2) A home mortgage loan is located in the geography where the property to which the loan relates is located; and

(3) A small business or small farm loan is located in the geography where the main business facility or farm is located or where the loan proceeds otherwise will be applied, as indicated by the borrower.

(p) Loan production office means a staffed facility, other than a branch, that is open to the public and that provides lending-related services, such as loan information and applications.
§ 345.21

(q) Metropolitan division means a metropolitan division as defined by the Director of the Office of Management and Budget.

(r) MSA means a metropolitan statistical area as defined by the Director of the Office of Management and Budget.

(s) Nonmetropolitan area means any area that is not located in an MSA.

(t) Qualified investment means a lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

(u) Small bank—(1) Definition. Small bank means a bank that, as of December 31 of either of the prior two calendar years, had assets of less than $1.216 billion. Intermediate small bank means a small bank with assets of at least $304 million as of December 31 of both of the prior two calendar years and less than $1.216 billion as of December 31 of either of the prior two calendar years.

(2) Adjustment. The dollar figures in paragraph (u)(1) of this section shall be adjusted annually and published by the FDIC, based on the year-to-year change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers, not seasonally adjusted, for each twelve-month period ending in November, with rounding to the nearest million.

(v) Small business loan means a loan included in “loans to small businesses” as defined in the instructions for preparation of the Consolidated Report of Condition and Income.

(w) Small farm loan means a loan included in “loans to small farms” as defined in the instructions for preparation of the Consolidated Report of Condition and Income.

(x) Wholesale bank means a bank that is not in the business of extending home mortgage, small business, small farm, or consumer loans to retail customers, and for which a designation as a wholesale bank is in effect, in accordance with § 345.25(b).

12 CFR Ch. III (1–1–17 Edition)

Subpart B—Standards for Assessing Performance

§ 345.21 Performance tests, standards, and ratings, in general.

The FDIC assesses the CRA performance of a bank in an examination as follows:

(a) Performance tests and standards. The FDIC applies the lending, investment, and service tests, as provided in §§ 345.22 through 345.24, in evaluating the performance of a bank, except as provided in paragraphs (a)(2), (a)(3), and (a)(4) of this section.

(b) Strategic plan. The FDIC applies the community development test for wholesale or limited purpose banks, as provided in § 345.25, except as provided in paragraph (a)(4) of this section.

(3) Small bank performance standards. The FDIC applies the small bank performance standards as provided in § 345.26 in evaluating the performance of a small bank or a bank that was a small bank during the prior calendar year, unless the bank elects to be assessed as provided in paragraphs (a)(1), (a)(2), or (a)(4) of this section. The bank may elect to be assessed as provided in paragraph (a)(1) of this section only if it collects and reports the data required for other banks under § 345.12.

(4) Strategic plan. The FDIC evaluates the performance of a bank under a strategic plan if the bank submits, and the FDIC approves, a strategic plan as provided in § 345.27.

(b) Performance context. The FDIC applies the tests and standards in paragraph (a) of this section and also considers whether to approve a proposed strategic plan in the context of:

(1) Demographic data on median income levels, distribution of household income, nature of housing stock, housing costs, and other relevant data pertaining to a bank’s assessment area(s);

(2) Any information about lending, investment, and service opportunities in the bank’s assessment area(s) maintained by the bank or obtained from community organizations, state, local,
§ 345.22 Lending test.

(a) Scope of test. (1) The lending test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) through its lending activities by considering a bank’s home mortgage, small business, small farm, and community development lending. If consumer lending constitutes a substantial majority of a bank’s business, rowers, particularly in its assessment area(s), who have an individual income that is less than 50 percent of the area median income. For purposes of this paragraph, “low-cost education loans” means any education loan, as defined in section 140(a)(7) of the Truth in Lending Act (15 U.S.C. 1650(a)(7)) (including a loan under a state or local education loan program), originated by the bank for a student at an “institution of higher education,” as that term is generally defined in sections 101 and 102 of the Higher Education Act of 1965 (20 U.S.C. 1001 and 1002) and the implementing regulations published by the U.S. Department of Education, with interest rates and fees no greater than those of comparable education loans offered directly by the U.S. Department of Education. Such rates and fees are specified in section 455 of the Higher Education Act of 1965 (20 U.S.C. 1087e).

(f) Activities in cooperation with minority- or women-owned financial institutions and low-income credit unions. In assessing and taking into account the record of a nonminority-owned and nonwomen-owned bank under this part, the FDIC considers as a factor capital investment, loan participation, and other ventures undertaken by the bank in cooperation with minority- and women-owned financial institutions and low-income credit unions. Such activities must help meet the credit needs of local communities in which the minority- and women-owned financial institutions and low-income credit unions are chartered. To be considered, such activities need not also benefit the bank’s assessment area(s) or the broader statewide or regional area that includes the bank’s assessment area(s).

§ 345.22 12 CFR Ch. III (1–1–17 Edition)

the FDIC will evaluate the bank’s consumer lending in one or more of the following categories: motor vehicle, credit card, home equity, other secured, and other unsecured loans. In addition, at a bank’s option, the FDIC will evaluate one or more categories of consumer lending, if the bank has collected and maintained, as required in §345.42(c)(1), the data for each category that the bank elects to have the FDIC evaluate.

(2) The FDIC considers originations and purchases of loans. The FDIC will also consider any other loan data the bank may choose to provide, including data on loans outstanding, commitments and letters of credit.

(3) A bank may ask the FDIC to consider loans originated or purchased by consortia in which the bank participates or by third parties in which the bank has invested only if the loans meet the definition of community development loans and only in accordance with paragraph (d) of this section. The FDIC will not consider these loans under any criterion of the lending test except the community development lending criterion.

(b) Performance criteria. The FDIC evaluates a bank’s lending performance pursuant to the following criteria:

(1) Lending activity. The number and amount of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, in the bank’s assessment area(s);

(2) Geographic distribution. The geographic distribution of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on the loan location, including:

(i) The proportion of the bank’s lending in the bank’s assessment area(s);

(ii) The dispersion of lending in the bank’s assessment area(s); and

(iii) The number and amount of loans in low-, moderate-, middle-, and upper-income geographies in the bank’s assessment area(s);

(3) Borrower characteristics. The distribution, particularly in the bank’s assessment area(s), of the bank’s home mortgage, small business, small farm, and consumer loans, if applicable, based on borrower characteristics, including the number and amount of:

(i) Home mortgage loans to low-, moderate-, middle-, and upper-income individuals;

(ii) Small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(iii) Small business and small farm loans by loan amount at origination; and

(iv) Consumer loans, if applicable, to low-, moderate-, middle-, and upper-income individuals;

(4) Community development lending. The bank’s community development lending, including the number and amount of community development loans, and their complexity and innovativeness; and

(5) Innovative or flexible lending practices. The bank’s use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies.

(c) Affiliate lending. (1) At a bank’s option, the FDIC will consider loans by an affiliate of the bank, if the bank provides data on the affiliate’s loans pursuant to §345.42.

(2) The FDIC considers affiliate lending subject to the following constraints:

(i) No affiliate may claim a loan origination or loan purchase if another institution claims the same loan origination or purchase; and

(ii) If a bank elects to have the FDIC consider loans within a particular lending category made by one or more of the bank’s affiliates in a particular assessment area, the bank shall elect to have the FDIC consider, in accordance with paragraph (c)(1) of this section, all the loans within that lending category in that particular assessment area made by all of the bank’s affiliates.

(3) The FDIC does not consider affiliate lending in assessing a bank’s performance under paragraph (b)(2)(i) of this section.

(d) Lending by a consortium or a third party. Community development loans originated or purchased by a consortium in which the bank participates or by a third party in which the bank has invested:

(1) Will be considered, at the bank’s option, if the bank reports the data
§ 345.24 Service test.

(a) Scope of test. The service test evaluates a bank’s record of helping to meet the credit needs of its assessment area(s) by analyzing both the availability and effectiveness of a bank’s systems for delivering retail banking services and the extent and innovativeness of its community development services.

(b) Area(s) benefited. Community development services must benefit a bank’s assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(c) Affiliate service. At a bank’s option, the FDIC will consider, in its assessment of a bank’s service performance, a community development service provided by an affiliate of the bank, if the community development service is not claimed by any other institution.

(d) Performance criteria—retail banking services. The FDIC evaluates the availability and effectiveness of a bank’s systems for delivering retail banking services, pursuant to the following criteria:

(1) The current distribution of the bank’s branches among low-, moderate-, middle-, and upper-income geographies;

(2) In the context of its current distribution of the bank’s branches, the bank’s record of opening and closing branches, particularly branches located in low- or moderate-income geographies or primarily serving low- or moderate-income individuals;

(3) The availability and effectiveness of alternative systems for delivering retail banking services (e.g., RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs) in low- and moderate-
income geographies and to low- and moderate-income individuals; and
(4) The range of services provided in low-, moderate-, middle-, and upper-income geographies and the degree to which the services are tailored to meet the needs of those geographies.

(e) Performance criteria—community development services. The FDIC evaluates community development services pursuant to the following criteria:
(1) The extent to which the bank provides community development services; and
(2) The innovativeness and responsiveness of community development services.

(f) Service performance rating. The FDIC rates a bank’s service performance as provided in Appendix A of this part.

§ 345.25 Community development test for wholesale or limited purpose banks.

(a) Scope of test. The FDIC assesses a wholesale or limited purpose bank’s record of helping to meet the credit needs of its assessment area(s) through its community development lending, qualified investments, or community development services.

(b) Designation as a wholesale or limited purpose bank. In order to receive a designation as a wholesale or limited purpose bank, a bank shall file a request, in writing, with the FDIC, at least three months prior to the proposed effective date of the designation. If the FDIC approves the designation, it remains in effect until the bank requests revocation of the designation or until one year after the FDIC notifies the bank that the FDIC has revoked the designation on its own initiative.

(c) Performance criteria. The FDIC evaluates the community development performance of a wholesale or limited purpose bank pursuant to the following criteria:
(1) The number and amount of community development loans (including originations and purchases of loans and other community development loan data provided by the bank, such as data on loans outstanding, commitments, and letters of credit), qualified investments, or community development services;
(2) The use of innovative or complex qualified investments, community development loans, or community development services and the extent to which the investments are not routinely provided by private investors; and
(3) The bank’s responsiveness to credit and community development needs.

(d) Indirect activities. At a bank’s option, the FDIC will consider in its community development performance assessment:
(1) Qualified investments or community development services provided by an affiliate of the bank, if the investments or services are not claimed by any other institution; and
(2) Community development lending by affiliates, consortia and third parties, subject to the requirements and limitations in §345.22 (c) and (d).

(e) Benefit to assessment area(s)—(1) Benefit inside assessment area(s). The FDIC considers all qualified investments, community development loans, and community development services that benefit areas within the bank’s assessment area(s) or a broader statewide or regional area that includes the bank’s assessment area(s).

(2) Benefit outside assessment area(s). The FDIC considers the qualified investments, community development loans, and community development services that benefit areas outside the bank’s assessment area(s), if the bank has adequately addressed the needs of its assessment area(s).

(f) Community development performance rating. The FDIC rates a bank’s community development performance as provided in Appendix A of this part.

§ 345.26 Small bank performance standards.

(a) Performance criteria—(1) Small banks that are not intermediate small banks. The FDIC evaluates the record of a small bank that is not, or that was not during the prior calendar year, an intermediate small bank, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraph (b) of this section.

(2) Intermediate small banks. The FDIC evaluates the record of a small bank
Federal Deposit Insurance Corporation § 345.27

that is, or that was during the prior calendar year, an intermediate small bank, of helping to meet the credit needs of its assessment area(s) pursuant to the criteria set forth in paragraphs (b) and (c) of this section.

(b) Lending test. A small bank’s lending performance is evaluated pursuant to the following criteria:

(1) The bank’s loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;

(2) The percentage of loans and, as appropriate, other lending-related activities located in the bank’s assessment area(s);

(3) The bank’s record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes;

(4) The geographic distribution of the bank’s loans; and

(5) The bank’s record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

(c) Community development test. An intermediate small bank’s community development performance also is evaluated pursuant to the following criteria:

(1) The number and amount of community development loans;

(2) The number and amount of qualified investments;

(3) The extent to which the bank provides community development services; and

(4) The bank’s responsiveness through such activities to community development lending, investment, and services needs.

(d) Small bank performance rating. The FDIC rates the performance of a bank evaluated under this section as provided in appendix A of this part.

§ 345.27 Strategic plan.

(a) Alternative election. The FDIC will assess a bank’s record of helping to meet the credit needs of its assessment area(s) under a strategic plan if:

(1) The bank has submitted the plan to the FDIC as provided for in this section;

(2) The FDIC has approved the plan;

(3) The plan is in effect; and

(4) The bank has been operating under an approved plan for at least one year.

(b) Data reporting. The FDIC’s approval of a plan does not affect the bank’s obligation, if any, to report data as required by §345.42.

(c) Plans in general—(1) Term. A plan may have a term of no more than five years, and any multi-year plan must include annual interim measurable goals under which the FDIC will evaluate the bank’s performance.

(2) Multiple assessment areas. A bank with more than one assessment area may prepare a single plan for all of its assessment areas or one or more plans for one or more of its assessment areas.

(3) Treatment of affiliates. Affiliated institutions may prepare a joint plan if the plan provides measurable goals for each institution. Activities may be allocated among institutions at the institutions’ option, provided that the same activities are not considered for more than one institution.

(d) Public participation in plan development. Before submitting a plan to the FDIC for approval, a bank shall:

(1) Informally seek suggestions from members of the public in its assessment area(s) covered by the plan while developing the plan;

(2) Once the bank has developed a plan, formally solicit public comment on the plan for at least 30 days by publishing notice in at least one newspaper of general circulation in each assessment area covered by the plan; and

(3) During the period of formal public comment, make copies of the plan available for review by the public at no cost at all offices of the bank in any assessment area covered by the plan, and provide copies of the plan upon request for a reasonable fee to cover copying and mailing, if applicable.

(e) Submission of plan. The bank shall submit its plan to the FDIC at least three months prior to the proposed effective date of the plan. The bank shall also submit with its plan a description
The Federal Deposit Insurance Corporation (FDIC) may require a bank to develop a Community Reinvestment Act (CRA) plan. This plan is intended to help ensure that banks serve the credit needs of their communities, particularly low- and moderate-income areas and individuals. The plan must address measurable goals, confidential information, satisfactory and outstanding goals, and election if satisfactory goals not substantially met.

The FDIC will evaluate the plan and may request an amendment if there is a material change in circumstances. The plan will be assessed under specific criteria, and the FDIC will assign a rating of "outstanding," "satisfactory," or "needs improvement."
to improve,” or “substantial non-compliance” based on the bank’s performance under the lending, investment and service tests, the community development test, the small bank performance standards, or an approved strategic plan, as applicable.

(b) Lending, investment, and service tests. The FDIC assigns a rating for a bank assessed under the lending, investment, and service tests in accordance with the following principles:

(1) A bank that receives an “outstanding” rating on the lending test receives an assigned rating of at least “satisfactory”;

(2) A bank that receives an “outstanding” rating on both the service test and the investment test and a rating of at least “high satisfactory” on the lending test receives an assigned rating of “outstanding”; and

(3) No bank may receive an assigned rating of “satisfactory” or higher unless it receives a rating of at least “low satisfactory” on the lending test.

(c) Effect of evidence of discriminatory or other illegal credit practices. (1) The FDIC’s evaluation of a bank’s CRA performance is adversely affected by evidence of discriminatory or other illegal credit practices in any geography by the bank or in any assessment area by any affiliate whose loans have been considered as part of the bank’s lending performance. In connection with any type of lending activity described in §345.22(a), evidence of discriminatory or other credit practices that violate an applicable law, rule, or regulation includes, but is not limited to:

(i) Discrimination against applicants on a prohibited basis in violation, for example, of the Equal Credit Opportunity Act or the Fair Housing Act;

(ii) Violations of the Home Ownership and Equity Protection Act;

(iii) Violations of section 5 of the Federal Trade Commission Act;

(iv) Violations of section 8 of the Real Estate Settlement Procedures Act; and

(v) Violations of the Truth in Lending Act provisions regarding a consumer’s right of rescission.

(2) In determining the effect of evidence of practices described in paragraph (c)(1) of this section on the bank’s assigned rating, the FDIC considers the nature, extent, and strength of the evidence of the practices; the policies and procedures that the bank (or affiliate, as applicable) has in place to prevent the practices; any corrective action that the bank (or affiliate, as applicable) has taken or has committed to take, including voluntary corrective action resulting from self-assessment; and any other relevant information.

§ 345.29 Effect of CRA performance on applications.

(a) CRA performance. Among other factors, the FDIC takes into account the record of performance under the CRA of each applicant bank in considering an application for approval of:

(1) The establishment of a domestic branch or other facility with the ability to accept deposits;

(2) The relocation of the bank’s main office or a branch;

(3) The merger, consolidation, acquisition of assets, or assumption of liabilities; and

(4) Deposit insurance for a newly chartered financial institution.

(b) New financial institutions. A newly chartered financial institution shall submit with its application for deposit insurance a description of how it will meet its CRA objectives. The FDIC takes the description into account in considering the application and may deny or condition approval on that basis.

(c) Interested parties. The FDIC takes into account any views expressed by interested parties that are submitted in accordance with the FDIC’s procedures set forth in part 303 of this chapter in considering CRA performance in an application listed in paragraphs (a) and (b) of this section.

(d) Denial or conditional approval of application. A bank’s record of performance may be the basis for denying or conditioning approval of an application listed in paragraph (a) of this section.

Subpart C—Records, Reporting, and Disclosure Requirements

SOURCE: 60 FR 22201, May 4, 1995, unless otherwise noted.
§ 345.41 Assessment area delineation.

(a) In general. A bank shall delineate one or more assessment areas within which the FDIC evaluates the bank’s record of helping to meet the credit needs of its community. The FDIC does not evaluate the bank’s delineation of its assessment area(s) as a separate performance criterion, but the FDIC reviews the delineation for compliance with the requirements of this section.

(b) Geographic area(s) for wholesale or limited purpose banks. The assessment area(s) for a wholesale or limited purpose bank must consist generally of one or more MSAs or metropolitan divisions (using the MSA or metropolitan division boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns, in which the bank has its main office, branches, and deposit-taking ATMs.

(c) Geographic area(s) for other banks. The assessment area(s) for a bank other than a wholesale or limited purpose bank must:

(1) Consist generally of one or more MSAs or metropolitan divisions (using the MSA or metropolitan division boundaries that were in effect as of January 1 of the calendar year in which the delineation is made) or one or more contiguous political subdivisions, such as counties, cities, or towns; and

(2) Include the geographies in which the bank has its main office, its branches, and its deposit-taking RSFs, as well as the surrounding geographies in which the bank has originated or purchased a substantial portion of its loans (including home mortgage loans, small business and small farm loans, and any other loans the bank chooses, such as those consumer loans on which the bank elects to have its performance assessed).

(d) Adjustments to geographic area(s). A bank may adjust the boundaries of its assessment area(s) to include only the portion of a political subdivision that it reasonably can be expected to serve. An adjustment is particularly appropriate in the case of an assessment area that otherwise would be extremely large, of unusual configuration, or divided by significant geographic barriers.

(e) Limitations on the delineation of an assessment area. Each bank’s assessment area(s):

(1) Must consist only of whole geographies;

(2) May not reflect illegal discrimination;

(3) May not arbitrarily exclude low- or moderate-income geographies, taking into account the bank’s size and financial condition; and

(4) May not extend substantially beyond an MSA boundary or beyond a state boundary unless the assessment area is located in a multistate MSA. If a bank serves a geographic area that extends substantially beyond a state boundary, the bank shall delineate separate assessment areas for the areas in each state. If a bank serves a geographic area that extends substantially beyond an MSA boundary, the bank shall delineate separate assessment areas for the areas inside and outside the MSA.

(f) Banks serving military personnel. Notwithstanding the requirements of this section, a bank whose business predominantly consists of serving the needs of military personnel or their dependents who are not located within a defined geographic area may delineate its entire deposit customer base as its assessment area.

(g) Use of assessment area(s). The FDIC uses the assessment area(s) delineated by a bank in its evaluation of the bank’s CRA performance unless the FDIC determines that the assessment area(s) do not comply with the requirements of this section.

§ 345.42 Data collection, reporting, and disclosure.

(a) Loan information required to be collected and maintained. A bank, except a small bank, shall collect, and maintain in machine readable form (as prescribed by the FDIC) until the completion of its next CRA examination, the following data for each small business or small farm loan originated or purchased by the bank:
(1) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
(2) The loan amount at origination;
(3) The loan location; and
(4) An indicator whether the loan was to a business or farm with gross annual revenues of $1 million or less.

(b) Loan information required to be reported. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall report annually by March 1 to the FDIC in machine readable form (as prescribed by the FDIC) the following data for the prior calendar year:

(1) Small business and small farm loan data. For each geography in which the bank originated or purchased a small business or small farm loan, the aggregate number and amount of loans:
   (i) With an amount at origination of $100,000 or less;
   (ii) With an amount at origination of more than $100,000 but less than or equal to $250,000;
   (iii) With an amount at origination of more than $250,000;
   and
   (iv) To businesses and farms with gross annual revenues of $1 million or less (using the revenues that the bank considered in making its credit decision);

(2) Community development loan data. The aggregate number and aggregate amount of community development loans originated or purchased;

(3) Home mortgage loans. If the bank is subject to reporting under part 1003 of this title, the location of each home mortgage loan application, origination, or purchase outside the MSAs in which the bank has a home or branch office (or outside any MSA) in accordance with the requirements of part 1003 of this title.

(c) Optional data collection and maintenance—(1) Consumer loans. A bank may collect and maintain in machine readable form (as prescribed by the FDIC) data for consumer loans originated or purchased by the bank for consideration under the lending test. A bank may maintain data for one or more of the following categories of consumer loans: motor vehicle, credit card, home equity, other secured, and other unsecured. If the bank maintains data for loans in a certain category, it shall maintain data for all loans originated or purchased within that category. The bank shall maintain data separately for each category, including for each loan:
   (i) A unique number or alpha-numeric symbol that can be used to identify the relevant loan file;
   (ii) The loan amount at origination or purchase;
   (iii) The loan location; and
   (iv) The gross annual income of the borrower that the bank considered in making its credit decision.

(2) Other loan data. At its option, a bank may provide other information concerning its lending performance, including additional loan distribution data.

(d) Data on affiliate lending. A bank that elects to have the FDIC consider loans by an affiliate, for purposes of the lending or community development test or an approved strategic plan, shall collect, maintain, and report for those loans the data that the bank would have collected, maintained, and reported pursuant to paragraphs (a), (b), and (c) of this section had the loans been originated or purchased by the bank. For home mortgage loans, the bank shall also be prepared to identify the home mortgage loans reported under part 1003 of this title by the affiliate.

(e) Data on lending by a consortium or a third party. A bank that elects to have the FDIC consider community development loans by a consortium or third party, for purposes of the lending or community development tests or an approved strategic plan, shall report for those loans the data that the bank would have reported under paragraph (b)(2) of this section had the loans been originated or purchased by the bank.

(f) Small banks electing evaluation under the lending, investment, and service tests. A bank that qualifies for evaluation under the small bank performance standards but elects evaluation under the lending, investment, and service tests shall collect, maintain, and report the data required for other banks pursuant to paragraphs (a) and (b) of this section.

(g) Assessment area data. A bank, except a small bank or a bank that was a small bank during the prior calendar
year, shall collect and report to the FDIC by March 1 of each year a list for each assessment area showing the geographies within the area.

(h) CRA Disclosure Statement. The FDIC prepares annually for each bank that reports data pursuant to this section a CRA Disclosure Statement that contains, on a state-by-state basis:

(1) For each county (and for each assessment area smaller than a county) with a population of 500,000 persons or fewer in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in low-, moderate-, middle-, and upper-income geographies;

(ii) A list grouping each geography according to whether the geography is low-, moderate-, middle-, or upper-income;

(iii) A list showing each geography in which the bank reported a small business or small farm loan;

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(2) For each county (and for each assessment area smaller than a county) with a population in excess of 500,000 persons in which the bank reported a small business or small farm loan:

(i) The number and amount of small business and small farm loans reported as originated or purchased located in geographies with median income relative to the area median income of less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(ii) A list grouping each geography according to whether the median income in the geography relative to the area median income is less than 10 percent, 10 or more but less than 20 percent, 20 or more but less than 30 percent, 30 or more but less than 40 percent, 40 or more but less than 50 percent, 50 or more but less than 60 percent, 60 or more but less than 70 percent, 70 or more but less than 80 percent, 80 or more but less than 90 percent, 90 or more but less than 100 percent, 100 or more but less than 110 percent, 110 or more but less than 120 percent, and 120 percent or more;

(iii) A list showing each geography in which the bank reported a small business or small farm loan; and

(iv) The number and amount of small business and small farm loans to businesses and farms with gross annual revenues of $1 million or less;

(3) The number and amount of small business and small farm loans located inside each assessment area reported by the bank and the number and amount of small business and small farm loans located outside the assessment area(s) reported by the bank; and

(4) The number and amount of community development loans reported as originated or purchased.

(i) Aggregate disclosure statements. The FDIC, in conjunction with the Board of Governors of the Federal Reserve System and the Office of the Comptroller of the Currency, prepares annually, for each MSA or metropolitan division (including an MSA or metropolitan division that crosses a state boundary) and the nonmetropolitan portion of each state, an aggregate disclosure statement of small business and small farm lending by all institutions subject to reporting under this part or parts 25, 195, or 228 of this title. These disclosure statements indicate, for each geography, the number and amount of all small business and small farm loans originated or purchased by reporting institutions, except that the FDIC may adjust the form of the disclosure if necessary, because of special circumstances, to protect the privacy of a borrower or the competitive position of an institution.

(j) Central data depositories. The FDIC makes the aggregate disclosure statements, described in paragraph (i) of this section, and the individual bank CRA Disclosure Statements, described
§ 345.43 Content and availability of public file.

(a) Information available to the public. A bank shall maintain a public file that includes the following information:

(1) All written comments received from the public for the current year and each of the prior two calendar years that specifically relate to the bank’s performance in helping to meet community credit needs, and any response to the comments by the bank, if neither the comments nor the responses contain statements that reflect adversely on the good name or reputation of any persons other than the bank or publication of which would violate specific provisions of law;

(2) A copy of the public section of the bank’s most recent CRA Performance Evaluation prepared by the FDIC. The bank shall place this copy in the public file within 30 business days after its receipt from the FDIC;

(3) A list of the bank’s branches, their street addresses, and geographies;

(4) A list of branches opened or closed by the bank during the current year and each of the prior two calendar years, their street addresses, and geographies;

(5) A list of services (including hours of operation, available loan and deposit products, and transaction fees) generally offered at the bank’s branches and descriptions of material differences in the availability or cost of services at particular branches, if any. At its option, a bank may include information regarding the availability of alternative systems for delivering retail banking services (e.g., RSFs, RSFs not owned or operated by or exclusively for the bank, banking by telephone or computer, loan production offices, and bank-at-work or bank-by-mail programs);

(6) A map of each assessment area showing the boundaries of the area and identifying the geographies contained within the area, either on the map or in a separate list; and

(7) Any other information the bank chooses.

(b) Additional information available to the public—(1) Banks other than small banks. A bank, except a small bank or a bank that was a small bank during the prior calendar year, shall include in its public file the following information pertaining to the bank and its affiliates, if applicable, for each of the prior two calendar years:

(i) If the bank has elected to have one or more categories of its consumer loans considered under the lending test, for each of these categories, the number and amount of loans:

(A) To low-, moderate-, middle-, and upper-income individuals;

(B) Located in low-, moderate-, middle-, and upper-income census tracts; and

(C) Located inside the bank’s assessment area(s) and outside the bank’s assessment area(s);

(ii) The bank’s CRA Disclosure Statement. The bank shall place the statement in the public file within three business days of its receipt from the FDIC.

(2) Banks required to report Home Mortgage Disclosure Act (HMDA) data. A bank required to report home mortgage loan data pursuant part 1003 of this title shall include in its public file a copy of the HMDA Disclosure Statement provided by the Federal Financial Institutions Examination Council pertaining to the bank for each of the prior two calendar years. In addition, a bank that elected to have the FDIC consider the mortgage lending of an affiliate for any of these years shall include in its public file the affiliate’s HMDA Disclosure Statement for those years. The bank shall place the statement(s) in the public file within three business days after receipt.

(3) Small banks. A small bank or a bank that was a small bank during the prior calendar year shall include in its public file:

(i) The bank’s loan-to-deposit ratio for each quarter of the prior calendar year and, at its option, additional data on its loan-to-deposit ratio; and

(ii) The bank’s CRA Disclosure Statement. The bank shall place the statement in the public file within three business days of its receipt from the FDIC.
(ii) The information required for other banks by paragraph (b)(1) of this section, if the bank has elected to be evaluated under the lending, investment, and service tests.

(4) Banks with strategic plans. A bank that has been approved to be assessed under a strategic plan shall include in its public file a copy of that plan. A bank need not include information submitted to the FDIC on a confidential basis in conjunction with the plan.

(5) Banks with less than satisfactory ratings. A bank that received a less than satisfactory rating during its most recent examination shall include in its public file a description of its current efforts to improve its performance in helping to meet the credit needs of its entire community. The bank shall update the description quarterly.

(c) Location of public information. A bank shall make available to the public for inspection upon request and at no cost the information required in this section as follows:

(1) At the main office and, if an interstate bank, at one branch office in each state, all information in the public file; and

(2) At each branch:

(i) A copy of the public section of the bank’s most recent CRA Performance Evaluation and a list of services provided by the branch; and

(ii) Within five calendar days of the request, all the information in the public file relating to the assessment area in which the branch is located.

(d) Copies. Upon request, a bank shall provide copies, either on paper or in another form acceptable to the person making the request, of the information in its public file. The bank may charge a reasonable fee not to exceed the cost of copying and mailing (if applicable).

(e) Updating. Except as otherwise provided in this section, a bank shall ensure that the information required by this section is current as of April 1 of each year.

§ 345.44 Public notice by banks.

A bank shall provide in the public lobby of its main office and each of its branches the appropriate public notice set forth in Appendix B of this part. Only a branch of a bank having more than one assessment area shall include the bracketed material in the notice for branch offices. Only a bank that is an affiliate of a holding company shall include the last sentence of the notices. A bank shall include the last sentence of the notices only if it is an affiliate of a holding company that is not prevented by statute from acquiring additional banks.

§ 345.45 Publication of planned examination schedule.

The FDIC publishes at least 30 days in advance of the beginning of each calendar quarter a list of banks scheduled for CRA examinations in that quarter.

APPENDIX A TO PART 345—RATINGS

(a) Ratings in general. (1) In assigning a rating, the FDIC evaluates a bank’s performance under the applicable performance criteria in this part, in accordance with §§345.21 and 345.28. This includes consideration of low-cost education loans provided to low-income borrowers and activities in cooperation with minority- or women-owned financial institutions and low-income credit unions, as well as adjustments on the basis of evidence of discriminatory or other illegal credit practices.

(2) A bank’s performance need not fit each aspect of a particular rating profile in order to receive that rating, and exceptionally strong performance with respect to some aspects may compensate for weak performance in others. The bank’s overall performance, however, must be consistent with safe and sound banking practices and generally with the appropriate rating profile as follows.

(b) Banks evaluated under the lending, investment, and service tests—(1) Lending performance rating. The FDIC assigns each bank’s lending performance one of the five following ratings.

(i) Outstanding. The FDIC rates a bank’s lending performance “outstanding” if, in general, it demonstrates:

(A) Excellent responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A substantial majority of its loans are made in its assessment area(s);

(C) An excellent geographic distribution of loans in its assessment area(s);
(D) An excellent distribution, particularly in its assessment area(s), of loans among individuals of different income levels and business (including farms) of different sizes, given the product lines offered by the bank;

(E) An excellent record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Extensive use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It is a leader in making community development loans.

(ii) High satisfactory. The FDIC rates a bank’s lending performance “high satisfactory” if, in general, it demonstrates:

(A) Good responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A high percentage of its loans are made in its assessment area(s);

(C) A good geographic distribution of loans in its assessment area(s);

(D) A good distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) A good record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made a relatively high level of community development loans.

(iii) Low satisfactory. The FDIC rates a bank’s lending performance “low satisfactory” if, in general, it demonstrates:

(A) Adequate responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) An adequate percentage of its loans are made in its assessment area(s);

(C) An adequate geographic distribution of loans in its assessment area(s);

(D) An adequate distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) An adequate record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Limited use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made an adequate level of community development loans.

(iv) Needs to improve. The FDIC rates a bank’s lending performance “needs to improve” if, in general, it demonstrates:

(A) Poor responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A small percentage of its loans are made in its assessment area(s);

(C) A poor geographic distribution of loans, particularly to low- or moderate-income geographies, in its assessment area(s);

(D) A poor distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) A poor record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;

(F) Little use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and

(G) It has made a low level of community development loans.

(v) Substantial noncompliance. The FDIC rates a bank’s lending performance as being in “substantial noncompliance” if, in general, it demonstrates:

(A) A very poor responsiveness to credit needs in its assessment area(s), taking into account the number and amount of home mortgage, small business, small farm, and consumer loans, if applicable, in its assessment area(s);

(B) A very poor percentage of its loans are made in its assessment area(s);

(C) A very poor geographic distribution of loans, particularly to low- or moderate-income geographies, in its assessment area(s);

(D) A very poor distribution, particularly in its assessment area(s), of loans among individuals of different income levels and businesses (including farms) of different sizes, given the product lines offered by the bank;

(E) A very poor record of serving the credit needs of highly economically disadvantaged areas in its assessment area(s), low-income individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;
individuals, or businesses (including farms) with gross annual revenues of $1 million or less, consistent with safe and sound operations;
(F) No use of innovative or flexible lending practices in a safe and sound manner to address the credit needs of low- or moderate-income individuals or geographies; and
(G) It has made few, if any, community development loans.

(2) Investment performance rating. The FDIC assigns each bank’s investment performance one of the five following ratings:
(i) Outstanding. The FDIC rates a bank’s investment performance “outstanding” if, in general, it demonstrates:
(A) An excellent level of qualified investments, particularly those that are not routinely provided by private investors, often in a leadership position;
(B) Extensive use of innovative or complex qualified investments; and
(C) Excellent responsiveness to credit and community development needs.
(ii) High satisfactory. The FDIC rates a bank’s investment performance “high satisfactory” if, in general, it demonstrates:
(A) An adequate level of qualified investments, particularly those that are not routinely provided by private investors, occasionally in a leadership position;
(B) Significant use of innovative or complex qualified investments; and
(C) Good responsiveness to credit and community development needs.
(iii) Low satisfactory. The FDIC rates a bank’s investment performance “low satisfactory” if, in general, it demonstrates:
(A) An adequate level of qualified investments, particularly those that are not routinely provided by private investors, although rarely in a leadership position;
(B) Occasional use of innovative or complex qualified investments; and
(C) Adequate responsiveness to credit and community development needs.
(iv) Needs to improve. The FDIC rates a bank’s investment performance “needs to improve” if, in general, it demonstrates:
(A) A poor level of qualified investments, particularly those that are not not routinely provided by private investors;
(B) Rare use of innovative or complex qualified investments; and
(C) Poor responsiveness to credit and community development needs.
(v) Substantial noncompliance. The FDIC rates a bank’s investment performance as being in “substantial noncompliance” if, in general, it demonstrates:
(A) Few, if any, qualified investments, particularly those that are not routinely provided by private investors;
(B) No use of innovative or complex qualified investments; and
(C) Very poor responsiveness to credit and community development needs.

(3) Service performance rating. The FDIC assigns each bank’s service performance one of the five following ratings:
(i) Outstanding. The FDIC rates a bank’s service performance “outstanding” if, in general, the bank demonstrates:
(A) Its service delivery systems are readily accessible to geographies and individuals of different income levels in its assessment area(s);
(B) To the extent changes have been made, its record of opening and closing branches has improved the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;
(C) Its services (including, where appropriate, business hours) are tailored to the convenience and needs of its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and
(D) It is a leader in providing community development services.
(ii) High satisfactory. The FDIC rates a bank’s service performance “high satisfactory” if, in general, the bank demonstrates:
(A) Its service delivery systems are accessible to geographies and individuals of different income levels in its assessment area(s);
(B) To the extent changes have been made, its record of opening and closing branches has not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals;
(C) Its services (including, where appropriate, business hours) do not vary in a way that inconveniences its assessment area(s), particularly low- and moderate-income geographies and low- and moderate-income individuals; and
(D) It provides a relatively high level of community development services.
(iii) Low satisfactory. The FDIC rates a bank’s service performance “low satisfactory” if, in general, the bank demonstrates:
(A) Its service delivery systems are reasonably accessible to geographies and individuals of different income levels in its assessment area(s);
(B) To the extent changes have been made, its record of opening and closing branches has generally not adversely affected the accessibility of its delivery systems, particularly in low- and moderate-income geographies and to low- and moderate-income individuals;
(C) Its services (including, where appropriate, business hours) do not vary in a way that inconveniences its assessment area(s), particularly low- and moderate-income geographies and low- and moderate-income individuals; and
(D) It provides an adequate level of community development services.
(iv) Needs to improve. The FDIC rates a bank’s service performance “needs to improve” if, in general, the bank demonstrates:

(A) Its service delivery systems are unreasonably inaccessible to significant portions of its assessment area(s), particularly to low- or moderate-income geographies or to low- or moderate-income individuals;

(B) To the extent changes have been made, its record of opening and closing branches has adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;

(C) Its services (including, where appropriate, business hours) vary in a way that inconveniences its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and

(D) It provides a limited level of community development services.

(v) Substantial noncompliance. The FDIC rates a bank’s service performance as being “substantial noncompliance” if, in general, the bank demonstrates:

(A) Its service delivery systems are unreasonably inaccessible to significant portions of its assessment area(s), particularly to low- or moderate-income geographies or to low- or moderate-income individuals;

(B) To the extent changes have been made, its record of opening and closing branches has significantly adversely affected the accessibility of its delivery systems, particularly in low- or moderate-income geographies or to low- or moderate-income individuals;

(C) Its services (including, where appropriate, business hours) vary in a way that significantly inconveniences its assessment area(s), particularly low- or moderate-income geographies or low- or moderate-income individuals; and

(D) It provides few, if any, community development services.

(c) Wholesale or limited purpose banks. The FDIC assigns each wholesale or limited purpose bank’s community development performance one of the four following ratings.

(i) Outstanding. The FDIC rates a wholesale or limited purpose bank’s community development performance “outstanding” if, in general, it demonstrates:

(A) A high level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(B) Extensive use of innovative or complex qualified investments, community development loans, or community development services; and

(C) Excellent responsiveness to credit and community development needs in its assessment area(s).

(ii) Satisfactory. The FDIC rates a wholesale or limited purpose bank’s community performance “satisfactory” if, in general, it demonstrates:

(A) An adequate level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(B) Occasional use of innovative or complex qualified investments, community development loans, or community development services; and

(C) Adequate responsiveness to credit and community development needs in its assessment area(s).

(iii) Needs to improve. The FDIC rates a wholesale or limited purpose bank’s community development performance “needs to improve” if, in general, it demonstrates:

(A) A poor level of community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(B) Rare use of innovative or complex qualified investments, community development loans, or community development services; and

(C) Very poor responsiveness to credit and community development needs in its assessment area(s).

(iv) Substantial noncompliance. The FDIC rates a wholesale or limited purpose bank’s community development performance in “substantial noncompliance” if, in general, it demonstrates:

(A) Few, if any, community development loans, community development services, or qualified investments, particularly investments that are not routinely provided by private investors;

(B) No use of innovative or complex qualified investments, community development loans, or community development services; and

(C) Very poor responsiveness to credit and community development needs in its assessment area(s).

(d) Banks evaluated under the small bank performance standards—(1) Lending test rating—(i) Eligibility for a satisfactory lending test rating. The FDIC rates a small bank’s lending performance “satisfactory” if, in general, the bank demonstrates:

(A) A reasonable loan-to-deposit ratio (considering seasonal variations) given the bank’s size, financial condition, the credit needs of its assessment area(s), and taking into account, as appropriate, other lending-related activities such as loan originations for sale to the secondary markets and community development loans and qualified investments;

(B) A majority of its loans and, as appropriate, other lending-related activities, are in its assessment area;

(C) A distribution of loans to and, as appropriate, other lending-related activities for
individuals of different income levels (including low- and moderate-income individuals) and businesses and farms of different sizes that is reasonable given the demographics of the bank’s assessment area(s);

(D) A record of taking appropriate action, when warranted, in response to written complaints, if any, about the bank’s performance in helping to meet the credit needs of its assessment area(s); and

(E) A reasonable geographic distribution of loans given the bank’s assessment area(s).

(ii) Eligibility for an “outstanding” lending test rating. A small bank that meets each of the standards for a “satisfactory” rating under this paragraph and exceeds some or all of those standards may warrant consideration for a lending test rating of “outstanding.”

(iii) Needs to improve or substantial noncompliance ratings. A small bank may also receive a lending test rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(b) Community development test ratings for intermediate small banks—(i) Eligibility for a satisfactory community development test rating.

The FDIC rates an intermediate small bank’s community development performance “satisfactory” if the bank demonstrates adequate responsiveness to the community development needs of its assessment area(s) through community development activities, its assessment area’s need for such community development services, the adequacy of the bank’s response will depend on its capacity for such community development activities, its assessment area’s need for such community development services, and the availability of such opportunities for community development in the bank’s assessment area(s).

(ii) Eligibility for an outstanding community development test rating. The FDIC rates an intermediate small bank’s community development performance “outstanding” if the bank demonstrates excellent responsiveness to community development needs in its assessment area(s) through community development activities, its assessment area’s need for such community development services, as appropriate, considering the bank’s capacity and the need and availability of such opportunities for community development in the bank’s assessment area(s).

(iii) Needs to improve or substantial noncompliance ratings. An intermediate small bank may also receive a community development test rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(c) Overall rating—(i) Eligibility for a satisfactory overall rating. No intermediate small bank may receive an assigned overall rating of “satisfactory” unless it receives a rating of at least “satisfactory” on both the lending test and the community development test.

(ii) Eligibility for an outstanding overall rating. (A) An intermediate small bank that receives an “outstanding” rating on one test and at least “satisfactory” on the other test may receive an assigned overall rating of “outstanding.”

(B) A small bank that is not an intermediate small bank that meets each of the standards for a “satisfactory” rating under the lending test and exceeds some or all of those standards may warrant consideration for an overall rating of “outstanding.” In assessing whether the bank’s performance is “outstanding,” the FDIC considers the extent to which the bank exceeds each of the performance standards for a “satisfactory” rating and its performance in making qualified investments and its performance in providing branches and other services and delivery systems that enhance credit availability in its assessment area(s).

(iii) Needs to improve or substantial noncompliance overall ratings. A small bank may also receive a rating of “needs to improve” or “substantial noncompliance” depending on the degree to which its performance has failed to meet the standards for a “satisfactory” rating.

(d) Strategic plan assessment and rating—(1) Satisfactory goals. The FDIC approves as “satisfactory” measurable goals that adequately help to meet the credit needs of the bank’s assessment area(s).

(2) Outstanding goals. If the plan identifies a separate group of measurable goals that substantially exceed the levels approved as “satisfactory,” the FDIC will approve those goals as “outstanding.”

(3) Rating. The FDIC assesses the performance of a bank operating under an approved plan to determine if the bank has met its plan goals:

(i) If the bank substantially achieves its plan goals for a satisfactory rating, the FDIC will rate the bank’s performance under the plan as “satisfactory.”

(ii) If the bank exceeds its plan goals for a satisfactory rating and substantially achieves its plan goals for an outstanding rating, the FDIC will rate the bank’s performance under the plan as “outstanding.”

(iii) If the bank fails to meet substantially its plan goals for a satisfactory rating, the FDIC will rate the bank as either “needs to improve” or “substantial noncompliance,” depending on the extent to which it falls short of its plan goals, unless the bank elects in its plan to be rated otherwise, as provided in §345.37(f)(4).

COMMUNITY REINVESTMENT ACT NOTICE

Under the Federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation (FDIC) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them; the public section of our most recent CRA Performance Evaluation, prepared by the FDIC; and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of the banks that are scheduled for CRA examination in that quarter. This list is available from the Regional Manager, Division of Supervision and Consumer Protection (DSC), FDIC (address). You may send written comments about our performance in helping to meet community credit needs to (name and address of official at bank) and FDIC Regional Manager. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be made public.

You may ask to look at any comments received by the FDIC Regional Manager. You may also request from the FDIC Regional Manager an announcement of our applications covered by the CRA filed with the FDIC. We are an affiliate of (name of holding company), a bank holding company. You may request from the (title of responsible official), Federal Reserve Bank of (address) an announcement of applications covered by the CRA filed by bank holding companies.

COMMUNITY REINVESTMENT ACT NOTICE

Under the Federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation (FDIC) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA. You may review today the public section of our most recent CRA evaluation, prepared by the FDIC, and a list of services provided at this branch. You may also have access to the following additional information, which we will make available to you at this branch within five calendar days after you make a request to us: (1) a map showing the assessment area containing this branch, which is the area in which the FDIC evaluates our CRA performance in this community; (2) information about our branches in this assessment area; (3) a list of services we provide at those locations; (4) data on our lending performance in this assessment area; and (5) copies of all written comments received by us that specifically relate to our CRA performance in this assessment area, and any responses we have made to those comments. If we are operating under an approved strategic plan, you may also have access to a copy of the plan.

(If you would like to review information about our CRA performance in other communities served by us, the public file for our entire bank is available at (name of office located in state), located at (address).) At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of the banks that are scheduled for CRA examination in that quarter. This list is available from the Regional Manager, Division of Supervision and Consumer Protection (DSC), FDIC (address). You may send written comments about our performance in helping to meet community credit needs to (name and address of official at bank) and the FDIC Regional Manager. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be made public.

You may request from the (title of responsible official), Federal Reserve Bank of (address) an announcement of applications covered by the CRA filed by bank holding companies.

PART 346—DISCLOSURE AND REPORTING OF CRA-RELATED AGREEMENTS

Sec. 346.1 Purpose and scope of this part.
346.2 Definition of covered agreement.
346.3 CRA communications.
346.4 Fulfillment of the CRA.
§ 346.1 Purpose and scope of this part.

(a) General. This part implements section 711 of the Gramm-Leach-Bliley Act (12 U.S.C. 1831y). That section requires any nongovernmental entity or person, insured depository institution, or affiliate of an insured depository institution that enters into a covered agreement to—

(1) Make the covered agreement available to the public and the appropriate Federal banking agency; and

(2) File an annual report with the appropriate Federal banking agency concerning the covered agreement.

(b) Scope of this part. The provisions of this part apply to—

(1) State nonmember insured banks;
(2) Subsidiaries of state nonmember insured banks;
(3) Nongovernmental entities or persons that enter into covered agreements with any company listed in paragraphs (b)(1), (2), (4) and (5) of this section;
(4) State savings associations; and
(5) Subsidiaries of State savings associations.

(c) Relation to Community Reinvestment Act. This part does not affect in any way the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) or the FDIC’s Community Reinvestment regulation found at 12 CFR part 345, or the FDIC’s interpretations or administration of that Act or regulation.

(d) Examples. (1) The examples in this part are not exclusive. Compliance with an example, to the extent applicable, constitutes compliance with this part.

(2) Examples in a paragraph illustrate only the issue described in the paragraph and do not illustrate any other issues that may arise in this part.

§ 346.2 Definition of covered agreement.

(a) General definition of covered agreement. A covered agreement is any contract, arrangement, or understanding that meets all of the following criteria—

(1) The agreement is in writing.

(2) The parties to the agreement include—

(i) One or more insured depository institutions or affiliates of an insured depository institution; and

(ii) One or more nongovernmental entities or persons (referred to hereafter as NGEPs).

(3) The agreement provides for the insured depository institution or any affiliate to—

(i) Provide to one or more individuals or entities (whether or not parties to the agreement) cash payments, grants, or other consideration (except loans) that have an aggregate value of more than $10,000 in any calendar year; or

(ii) Make to one or more individuals or entities (whether or not parties to the agreement) loans that have an aggregate principal amount of more than $50,000 in any calendar year.

(4) The agreement is made pursuant to, or in connection with, the fulfillment of the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) (CRA), as defined in § 346.4.

(5) The agreement is with a NGEP that has had a CRA communication as described in § 346.3 prior to entering into the agreement.

(b) Examples concerning written arrangements or understandings—

(1) Example 1. A NGEP meets with an insured depository institution and states that the institution needs to make more community development investments in the NGEP’s community. The NGEP and insured depository institution do not reach an agreement concerning the community development investments the institution should make in the community, and the parties do not reach any mutual arrangement or understanding. Two weeks later, the institution unilaterally issues a press release announcing that it has established a general goal of making $100 million of community development grants in low- and moderate-income neighborhoods served by
the insured depository institution over the next 5 years. The NGEP is not identified in the press release. The press release is not a written arrangement or understanding.

(2) Example 2. A NGEP meets with an insured depository institution and states that the institution needs to offer new loan programs in the NGEP’s community. The NGEP and the insured depository institution reach a mutual arrangement or understanding that the institution will provide additional loans in the NGEP’s community. The institution tells the NGEP that it will issue a press release announcing the program. Later, the insured depository institution issues a press release announcing the loan program. The press release incorporates the key terms of the understanding reached between the NGEP and the insured depository institution. The written press release reflects the mutual arrangement or understanding of the NGEP and the insured depository institution and is, therefore, a written arrangement or understanding.

(3) Example 3. An NGEP sends a letter to an insured depository institution requesting that the institution provide a $15,000 grant to the NGEP. The insured depository institution responds in writing and agrees to provide the grant in connection with its annual grant program. The exchange of letters constitutes a written arrangement or understanding.

(c) Loan agreements that are not covered agreements. A covered agreement does not include—

(1) Any individual loan that is secured by real estate; or

(2) Any specific contract or commitment for a loan or extension of credit to an individual, business, farm, or other entity, or group of such individuals or entities if—

(i) The funds are loaned at rates that are not substantially below market rates; and

(ii) The loan application or other loan documentation does not indicate that the borrower intends or is authorized to use the borrowed funds to make a loan or extension of credit to one or more third parties.

(4) Examples concerning loan agreements—

(1) Example 1. An insured depository institution provides an organization with a $1 million loan that is documented in writing and is secured by real estate owned or to-be-acquired by the organization. The agreement is an individual mortgage loan and is exempt from coverage under paragraph (c)(1) of this section, regardless of the interest rate on the loan or whether the organization intends or is authorized to re-loan the funds to a third party.

(2) Example 2. An insured depository institution commits to provide a $500,000 line of credit to a small business that is documented by a written agreement. The loan is made at rates that are within the range of rates offered by the institution to similarly situated small businesses in the market and the loan documentation does not indicate that the small business intends or is authorized to re-lend the borrowed funds. The agreement is exempt from coverage under paragraph (c)(2) of this section.

(3) Example 3. An insured depository institution offers small business loans that are guaranteed by the Small Business Administration (SBA). A small business obtains a $75,000 loan, documented in writing, from the institution under the institution’s SBA loan program. The loan documentation does not indicate that the borrower intends or is authorized to re-lend the funds. Although the rate charged on the loan is well below that charged by the institution on commercial loans, the rate is within the range of rates that the institution would charge a similarly situated small business for a similar loan under the SBA loan program. Accordingly, the loan is not made at substantially below market rates and is exempt from coverage under paragraph (c)(2) of this section.

(4) Example 4. A bank holding company enters into a written agreement with a community development organization that provides that insured depository institutions owned by the bank holding company will make $250 million in small business loans in the community over the next 5 years. The written agreement is not a specific contract or commitment for a loan or an extension of credit and, thus, is not
§ 346.3 CRA communications.

(a) Definition of CRA communication. A CRA communication is any of the following—

(1) Any written or oral comment or testimony provided to a Federal banking agency concerning the adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate.

(2) Any written comment submitted to the insured depository institution that discusses the adequacy of the performance under the CRA of the institution and must be included in the institution’s CRA public file.

(3) Any discussion or other contact with the insured depository institution or any affiliate about—

(i) Providing (or refraining from providing) written or oral comments or testimony to a Federal banking agency concerning the adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate;

(ii) Providing (or refraining from providing) written comments to the insured depository institution that concern the adequacy of the institution’s performance under the CRA and must be included in the institution’s CRA public file; or

(iii) The adequacy of the performance under the CRA of the insured depository institution, any affiliated insured depository institution, or any CRA affiliate.

(b) Discussions or contacts that are not CRA communications—(1) Timing of contacts with a Federal banking agency. An oral or written communication with a Federal banking agency is not a CRA communication if it occurred more than 3 years before the parties entered into the agreement.

(2) Timing of contacts with insured depository institutions and affiliates. A communication with an insured depository institution or affiliate is not a CRA communication if the communication occurred—

(i) More than 3 years before the parties entered into the agreement, in the case of any written communication;

(ii) More than 3 years before the parties entered into the agreement, in the case of any oral communication in which the NGEP discusses providing (or refraining from providing) comments or testimony to a Federal banking agency or written comments that must be included in the institution’s CRA public file in connection with a request to, or agreement by, the institution or affiliate to take (or refrain from taking) any action that is in fulfillment of the CRA; or

(iii) More than 1 year before the parties entered into the agreement, in the case of any other oral communication not described in paragraph (b)(2)(ii) of this section.

(3) Knowledge of communication by insured depository institution or affiliate—

(i) A communication is only a CRA communication under paragraph (a) of this section if the insured depository institution or its affiliate has knowledge of the communication under this

§ 346.3

12 CFR Ch. III (1–1–17 Edition)
paragraph (b)(3)(i) or (iii) of this section.

(ii) Communication with insured depository institution or affiliate. An insured depository institution or affiliate has knowledge of a communication by the NGEP to the institution or its affiliate under this paragraph only if one of the following representatives of the insured depository institution or any affiliate has knowledge of the communication—

(A) An employee who approves, directs, authorizes, or negotiates the agreement with the NGEP; or

(B) An employee designated with responsibility for compliance with the CRA or executive officer if the employee or executive officer knows that the institution or affiliate is negotiating, intends to negotiate, or has been informed by the NGEP that it expects to request that the institution or affiliate negotiate an agreement with the NGEP.

(iii) Other communications. An insured depository institution or affiliate is deemed to have knowledge of—

(A) Any testimony provided to a Federal banking agency at a public meeting or hearing;

(B) Any comment submitted to a Federal banking agency that is conveyed in writing by the agency to the insured depository institution or affiliate; and

(C) Any written comment submitted to the insured depository institution that must be and is included in the institution’s CRA public file.

(4) Communication where NGEP has knowledge. A NGEP has a CRA communication with an insured depository institution or affiliate only if any of the following individuals has knowledge of the communication—

(i) A director, employee, or member of the NGEP who approves, directs, authorizes, or negotiates the agreement with the insured depository institution or affiliate;

(ii) A person who functions as an executive officer of the NGEP and who knows that the NGEP is negotiating or intends to negotiate an agreement with the insured depository institution or affiliate; or

(iii) Where the NGEP is an individual, the NGEP.

(c) Examples of CRA communications—

(1) Examples of actions that are CRA communications. The following are examples of CRA communications. These examples are not exclusive and assume that the communication occurs within the relevant time period as described in paragraph (b)(1) or (2) of this section and the appropriate representatives have knowledge of the communication as specified in paragraphs (b)(3) and (4) of this section.

(i) Example 1. A NGEP files a written comment with a Federal banking agency that states that an insured depository institution successfully addresses the credit needs of its community. The written comment is in response to a general request from the agency for comments on an application of the insured depository institution to open a new branch and a copy of the comment is provided to the institution.

(ii) Examples 2. A NGEP meets with an executive officer of an insured depository institution and states that the institution must improve its CRA performance.

(iii) Example 3. A NGEP meets with an executive officer of an insured depository institution and states that the institution needs to make more mortgage loans in low- and moderate-income neighborhoods in its community.

(iv) Example 4. A bank holding company files an application with a Federal banking agency to acquire an insured depository institution. Two weeks later, the NGEP meets with an executive officer of the bank holding company to discuss the adequacy of the performance under the CRA of the target insured depository institution. The insured depository institution was an affiliate of the bank holding company at the time the NGEP met with the target institution. (See §346.11(a).) Accordingly, the NGEP had a CRA communication with an affiliate of the bank holding company.

(2) Examples of actions that are not CRA communications. The following are examples of actions that are not by themselves CRA communications. These examples are not exclusive.

(i) Example 1. A NGEP provides to a Federal banking agency comments or
§ 346.4 Fulfillment of the CRA.

(a) List of factors that are in fulfillment of the CRA. Fulfillment of the CRA, for purposes of this part, means the following list of factors—

(1) Comments to a Federal banking agency or included in CRA public file. Providing or refraining from providing written or oral comments or testimony to any Federal banking agency concerning the performance under the CRA of an insured depository institution or CRA affiliate that is a party to a covered agreement that involves multiple NGEPs is not required to comply with the requirements of this part if—

(i) The NGEP has not had a CRA communication; and

(ii) No representative of the NGEP identified in paragraph (b)(4) of this section has knowledge at the time of the agreement that another NGEP that is a party to the agreement has had a CRA communication.

(2) An insured depository institution or affiliate that is a party to a covered agreement that involves multiple insured depository institutions or affiliates is not required to comply with the disclosure and annual reporting requirements in §§ 346.6 and 346.7 if—

(i) No NGEP that is a party to the agreement has had a CRA communication concerning the insured depository institution or any affiliate; and

(ii) No representative of the insured depository institution or any affiliate identified in paragraph (b)(3) of this section has knowledge at the time of the agreement that an NGEP that is a party to the agreement has had a CRA communication concerning any other insured depository institution or affiliate that is a party to the agreement.

(b) Multiparty covered agreements.

(1) A NGEP that is a party to a covered agreement that involves multiple NGEPs is not required to comply with the requirements of this part if—

(i) The NGEP has not had a CRA communication; and

(ii) No representative of the NGEP identified in paragraph (b)(4) of this section has knowledge at the time of the agreement that another NGEP that is a party to the agreement has had a CRA communication.

(2) An insured depository institution or affiliate that is a party to a covered agreement that involves multiple insured depository institutions or affiliates is not required to comply with the disclosure and annual reporting requirements in §§ 346.6 and 346.7 if—

(i) No NGEP that is a party to the agreement has had a CRA communication concerning the insured depository institution or any affiliate; and

(ii) No representative of the insured depository institution or any affiliate identified in paragraph (b)(3) of this section has knowledge at the time of the agreement that an NGEP that is a party to the agreement has had a CRA communication concerning any other insured depository institution or affiliate that is a party to the agreement.

§ 346.4 Fulfillment of the CRA.

(a) List of factors that are in fulfillment of the CRA. Fulfillment of the CRA, for purposes of this part, means the following list of factors—

(1) Comments to a Federal banking agency or included in CRA public file. Providing or refraining from providing written or oral comments or testimony to any Federal banking agency concerning the performance under the CRA of an insured depository institution or CRA affiliate that is a party to a covered agreement that involves multiple NGEPs is not required to comply with the requirements of this part if—

(i) The NGEP has not had a CRA communication; and

(ii) No representative of the NGEP identified in paragraph (b)(4) of this section has knowledge at the time of the agreement that another NGEP that is a party to the agreement has had a CRA communication.

(2) An insured depository institution or affiliate that is a party to a covered agreement that involves multiple insured depository institutions or affiliates is not required to comply with the disclosure and annual reporting requirements in §§ 346.6 and 346.7 if—

(i) No NGEP that is a party to the agreement has had a CRA communication concerning the insured depository institution or any affiliate; and

(ii) No representative of the insured depository institution or any affiliate identified in paragraph (b)(3) of this section has knowledge at the time of the agreement that an NGEP that is a party to the agreement has had a CRA communication concerning any other insured depository institution or affiliate that is a party to the agreement.
the agreement or an affiliate of a party to the agreement or written comments that are required to be included in the CRA public file of any such insured depository institution; or

(2) Activities given favorable CRA consideration. Performing any of the following activities if the activity is of the type that is likely to receive favorable consideration by a Federal banking agency in evaluating the performance under the CRA of the insured depository institution that is a party to the agreement or an affiliate of a party to the agreement—

(i) Home-purchase, home-improvement, small business, small farm, community development, and consumer lending, as described in 12 CFR 345.22, including loan purchases, loan commitments, and letters of credit;

(ii) Making investments, deposits, or grants, or acquiring membership shares, that have as their primary purpose community development, as described in 12 CFR 345.23;

(iii) Delivering retail banking services as described in 12 CFR 345.24(d);

(iv) Providing community development services, as described in 12 CFR 345.24(e);

(v) In the case of a wholesale or limited-purpose insured depository institution, community development lending, including originating and purchasing loans and making loan commitments and letters of credit, making qualified investments, or providing community development services, as described in 12 CFR 345.25(c);

(vi) In the case of a small insured depository institution, any lending or other activity described in 12 CFR 345.26(a); or

(vii) In the case of an insured depository institution that is evaluated on the basis of a strategic plan, any element of the strategic plan, as described in 12 CFR 345.27(f).

(b) Agreements relating to activities of CRA affiliates. An insured depository institution or affiliate that is a party to a covered agreement that concerns any activity described in paragraph (a) of this section of a CRA affiliate must, prior to the time the agreement is entered into, notify each NGEP that is a party to the agreement that the agreement concerns a CRA affiliate.

§346.5 Related agreements considered a single agreement.

The following rules must be applied in determining whether an agreement is a covered agreement under §346.2.

(a) Agreements entered into by same parties. All written agreements to which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement if the agreements—

(1) Are entered into with the same NGEP;

(2) Were entered into within the same 12-month period; and

(3) Are each in fulfillment of the CRA.

(b) Substantively related contracts. All written contracts to which an insured depository institution or an affiliate of the insured depository institution is a party shall be considered to be a single agreement, without regard to whether the other parties to the contracts are the same or whether each such contract is in fulfillment of the CRA, if the contracts were negotiated in a coordinated fashion and a NGEP is a party to each contract.

§346.6 Disclosure of covered agreements.

(a) Applicability date. This section applies only to covered agreements entered into after November 12, 1999.

(b) Disclosure of covered agreements to the public—(1) Disclosure required. Each NGEP and each insured depository institution or affiliate that enters into a covered agreement must promptly make a copy of the covered agreement available to any individual or entity upon request.

(2) Non disclosure of confidential and proprietary information permitted. In responding to a request for a covered agreement from any individual or entity under paragraph (b)(1) of this section, a NGEP, insured depository institution, or affiliate may withhold from public disclosure confidential or proprietary information that the party believes the relevant supervisory agency could withhold from disclosure under the Freedom of Information Act (5 U.S.C. 552 et seq.) (FOIA).

(3) Information that must be disclosed. Notwithstanding paragraph (b)(2) of
this section, a party must disclose any of the following information that is contained in a covered agreement—

(i) The names and addresses of the parties to the agreement;

(ii) The amount of any payments, fees, loans, or other consideration to be made or provided by any party to the agreement;

(iii) Any description of how the funds or other resources provided under the agreement are to be used;

(iv) The term of the agreement (if the agreement establishes a term); and

(v) Any other information that the relevant supervisory agency determines is not properly exempt from public disclosure.

(4) Request for review of withheld information. Any individual or entity may request that the relevant supervisory agency review whether any information in a covered agreement withheld by a party must be disclosed. Any requests for agency review of withheld information must be filed, and will be processed in accordance with, the relevant supervisory agency’s rules concerning the availability of information (see the FDIC’s rules regarding Disclosure of Information (12 CFR part 309)).

(5) Duration of obligation. The obligation to disclose a covered agreement to the public terminates 12 months after the end of the term of the agreement.

(6) Reasonable copy and mailing fees. Each NGEP and each insured depository institution or affiliate may charge an individual or entity that requests a copy of a covered agreement a reasonable fee not to exceed the cost of copying and mailing the agreement.

(7) Use of CRA public file by insured depository institution or affiliate. An insured depository institution and any affiliate of an insured depository institution may fulfill its obligation under this paragraph (b) by placing a copy of the covered agreement in the insured depository institution’s CRA public file if the institution makes the agreement available in accordance with the procedures set forth in 12 CFR 345.43.

(c) Disclosure by NGEPs of covered agreements to the relevant supervisory agency. (1) Each NGEP that is a party to a covered agreement must provide the following within 30 days of receiving a request from the relevant supervisory agency—

(i) A complete copy of the agreement; and

(ii) In the event the NGEP proposes the withholding of any information contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information and an explanation justifying the exclusions. Any public version must include the information described in paragraph (b)(3) of this section.

(2) The obligation of a NGEP to provide a covered agreement to the relevant supervisory agency terminates 12 months after the end of the term of the covered agreement.

(d) Disclosure by insured depository institution or affiliate of covered agreements to the relevant supervisory agency—(1) In general. Within 60 days of the end of each calendar quarter, each insured depository institution and affiliate must provide each relevant supervisory agency with—

(i) (A) A complete copy of each covered agreement entered into by the insured depository institution or affiliate during the calendar quarter; and

(B) In the event the institution or affiliate proposes the withholding of any information contained in the agreement in accordance with paragraph (b)(2) of this section, a public version of the agreement that excludes such information (other than any information described in paragraph (b)(3) of this section) and an explanation justifying the exclusions; or

(ii) A list of all covered agreements entered into by the insured depository institution or affiliate during the calendar quarter that contains—

(A) The name and address of each insured depository institution or affiliate that is a party to the agreement;

(B) The name and address of each NGEP that is a party to the agreement;

(C) The date the agreement was entered into;

(D) The estimated total value of all payments, fees, loans, and other consideration to be provided by the institution or any affiliate of the institution under the agreement; and

(E) The date the agreement terminates.
(2) Prompt filing of covered agreements contained in list required. (i) If an insured depository institution or affiliate files a list of the covered agreements entered into by the institution or affiliate pursuant to paragraph (d)(1)(ii) of this section, the institution or affiliate must provide any relevant supervisory agency a complete copy and public version of any covered agreement referenced in the list within 7 calendar days of receiving a request from the agency for a copy of the agreement.

(ii) The obligation of an insured depository institution or affiliate to provide a covered agreement to the relevant supervisory agency under this paragraph (d)(2) terminates 36 months after the end of the term of the agreement.

(3) Joint filings. In the event that 2 or more insured depository institutions or affiliates are parties to a covered agreement, the insured depository institution(s) and affiliate(s) may jointly file the documents required by this paragraph (d). Any joint filing must identify the insured depository institution(s) and affiliate(s) for whom the filings are being made.

§ 346.7 Annual reports.

(a) Applicability date. This section applies only to covered agreements entered into on or after May 12, 2000.

(b) Annual report required. Each NGEP and each insured depository institution or affiliate that is a party to a covered agreement must file an annual report with each relevant supervisory agency concerning the disbursement, receipt, and uses of funds or other resources under the covered agreement.

(c) Duration of reporting requirement—

(1) NGEPs. A NGEP must file an annual report for a covered agreement for any fiscal year in which the NGEP receives or uses funds or other resources under the agreement.

(2) Insured depository institutions and affiliates. An insured depository institution or affiliate must file an annual report for a covered agreement for any fiscal year in which the institution or affiliate—

(i) Provides or receives any payments, fees, or loans under the covered agreement that must be reported under paragraphs (e)(1)(iii) and (iv) of this section; or

(ii) Has data to report on loans, investments, and services provided by a party to the covered agreement under the covered agreement under paragraph (e)(1)(vi) of this section.

(d) Annual reports filed by NGEP—(1) Contents of report. The annual report filed by a NGEP under this section must include the following—

(i) The name and mailing address of the NGEP filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The amount of funds or resources received under the covered agreement during the fiscal year and

(iv) A detailed, itemized list of how any funds or resources received by the NGEP under the covered agreement were used during the fiscal year, including the total amount used for—

(A) Compensation of officers, directors, and employees;

(B) Administrative expenses;

(C) Travel expenses;

(D) Entertainment expenses;

(E) Payment of consulting and professional fees; and

(F) Other expenses and uses (specify expense or use).

(2) More detailed reporting of uses of funds or resources permitted—(i) In general. If a NGEP allocated and used funds received under a covered agreement for a specific purpose, the NGEP may fulfill the requirements of paragraph (d)(1)(iv) of this section with respect to such funds by providing—

(A) A brief description of each specific purpose for which the funds or other resources were used; and

(B) The amount of funds or resources used during the fiscal year for each specific purpose.

(ii) Specific purpose defined. A NGEP allocates and uses funds for a specific purpose if the NGEP receives and uses the funds for a purpose that is more specific and limited than the categories listed in paragraph (d)(1)(iv) of this section.
(3) Use of other reports. The annual report filed by a NGEP may consist of or incorporate a report prepared for any other purpose, such as the Internal Revenue Service Return of Organization Exempt From Income Tax on Form 990, or any other Internal Revenue Service form, state tax form, report to members or shareholders, audited or unaudited financial statements, audit report, or other report, so long as the annual report filed by the NGEP contains all of the information required by this paragraph (d).

(4) Consolidated reports permitted. A NGEP that is a party to 2 or more covered agreements may file with each relevant supervisory agency a single consolidated annual report covering all the covered agreements. Any consolidated report must contain all the information required by this paragraph (d). The information reported under paragraphs (d)(1)(iv) and (d)(2) of this section may be reported on an aggregate basis for all covered agreements.

(5) Examples of annual report requirements for NGEPs—

(i) Example 1. A NGEP receives an unrestricted grant of $15,000 under a covered agreement, includes the funds in its general operating budget, and uses the funds during its fiscal year. The NGEP’s annual report for the fiscal year must provide the name and mailing address of the NGEP, information sufficient to identify the agreement, and state that the NGEP received $15,000 during the fiscal year. The report must also indicate the total expenditures made by the NGEP during the fiscal year for compensation, administrative expenses, travel expenses, entertainment expenses, consulting and professional fees, and other expenses and uses. The NGEP’s annual report may provide this information by submitting an Internal Revenue Service Form 990 that includes the required information. If the Internal Revenue Service Form does not include information for all of the required categories listed in this part, the NGEP must report the total expenditures in the remaining categories either by providing that information directly or by providing another form or report that includes the required information.

(ii) Example 2. An organization receives $15,000 from an insured depository institution under a covered agreement and allocates and uses the $15,000 during the fiscal year to purchase computer equipment to support its functions. The organization’s annual report must include the name and address of the organization, information sufficient to identify the agreement, and a statement that the organization received $15,000 during the year. In addition, since the organization allocated and used the funds for a specific purpose that is more narrow and limited than the categories of expenses included in the detailed, itemized list of expenses, the organization would have the option of providing either the total amount it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section, or a statement that it used the $15,000 to purchase computer equipment and a brief description of the equipment purchased.

(iii) Example 3. A community group receives $50,000 from an insured depository institution under a covered agreement. During its fiscal year, the community group specifically allocates and uses $5,000 of the funds to pay for a particular business trip and uses the remaining $45,000 for general operating expenses. The group’s annual report for the fiscal year must include the name and address of the group, information sufficient to identify the agreement, and a statement that the group received $50,000. Because the group did not allocate and use all of the funds for a specific purpose, the group’s annual report must provide the total amount of funds it used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section. The group’s annual report also could state that it used $5,000 for a particular business trip and include a brief description of the trip.

(iv) Example 4. A community development organization is a party to two separate covered agreements with two unaffiliated insured depository institutions. Under each agreement, the organization receives $15,000 during its fiscal year and uses the funds to support its activities during that year. If the
organization elects to file a consolidated annual report, the consolidated report must identify the organization and the two covered agreements, state that the organization received $15,000 during the fiscal year under each agreement, and provide the total amount that the organization used during the year for each category of expenses included in paragraph (d)(1)(iv) of this section.

(e) Annual report filed by insured depository institution or affiliate—(1) General. The annual report filed by an insured depository institution or affiliate must include the following—

(i) The name and principal place of business of the insured depository institution or affiliate filing the report;

(ii) Information sufficient to identify the covered agreement for which the annual report is being filed, such as by providing the names of the parties to the agreement and the date the agreement was entered into or by providing a copy of the agreement;

(iii) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans provided by the insured depository institution or affiliate under the covered agreement to any other party to the agreement during the fiscal year;

(iv) The aggregate amount of payments, aggregate amount of fees, and aggregate amount of loans received by the insured depository institution or affiliate under the covered agreement from any other party to the agreement during the fiscal year;

(v) A general description of the terms and conditions of any payments, fees, or loans reported under paragraphs (e)(1)(iii) and (iv) of this section, or, in the event such terms and conditions are set forth—

(A) In the covered agreement, a statement identifying the covered agreement and the date the agreement (or a list identifying the agreement) was filed with the relevant supervisory agency; or

(B) In a previous annual report filed by the insured depository institution or affiliate, a statement identifying the date the report was filed with the relevant supervisory agency; and

(vi) The aggregate amount and number of loans, aggregate amount and number of investments, and aggregate amount of services provided under the covered agreement to any individual or entity not a party to the agreement—

(A) By the insured depository institution or affiliate during its fiscal year; and

(B) By any other party to the agreement, unless such information is not known to the insured depository institution or affiliate filing the report or such information is or will be contained in the annual report filed by another party under this section.

(2) Consolidated reports permitted—(1) Party to multiple agreements. An insured depository institution or affiliate that is a party to 2 or more covered agreements may file a single consolidated annual report with each relevant supervisory agency concerning all the covered agreements.

(ii) Affiliated entities party to the same agreement. An insured depository institution and its affiliates that are parties to the same covered agreement may file a single consolidated annual report relating to the agreement with each relevant supervisory agency for the covered agreement.

(iii) Content of report. Any consolidated annual report must contain all the information required by this paragraph (e). The amounts and data required to be reported under paragraphs (e)(1)(iv) and (vi) of this section may be reported on an aggregate basis for all covered agreements.

(f) Time and place of filing—(1) General. Each party must file its annual report with each relevant supervisory agency for the covered agreement no later than six months following the end of the fiscal year covered by the report.

(2) Alternative method of fulfilling annual reporting requirement for a NGEP. (i) A NGEP may fulfill the filing requirements of this section by providing the following materials to an insured depository institution or affiliate that is a party to the agreement no later than six months following the end of the NGEP’s fiscal year—

(A) A copy of the NGEP’s annual report required under paragraph (d) of this section for the fiscal year; and

(B) Written instructions that the insured depository institution or affiliate promptly forward the annual report to
§ 346.8 Release of information under FOIA.

The FDIC will make covered agreements and annual reports available to the public in accordance with the Freedom of Information Act (5 U.S.C. 552 et seq.) and the FDIC’s rules regarding Disclosure of Information (12 CFR part 309). A party to a covered agreement may request confidential treatment of proprietary and confidential information in a covered agreement or an annual report under those procedures.

§ 346.9 Compliance provisions.

(a) Willful failure to comply with disclosure and reporting obligations. (1) If the FDIC determines that a NGEP has willfully failed to comply in a material way with §§346.6 or 346.7, the FDIC will notify the NGEP in writing of that determination and provide the NGEP a period of 90 days (or such longer period as the FDIC finds to be reasonable under the circumstances) to comply.

(2) If the NGEP does not comply within the time period established by the FDIC, the agreement shall thereafter be unenforceable by that NGEP by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y).

(3) The FDIC may assist any insured depository institution or affiliate that is a party to a covered agreement that is unenforceable by a NGEP by operation of section 48 of the Federal Deposit Insurance Act (12 U.S.C. 1831y) in identifying a successor to assume the NGEP’s responsibilities under the agreement.

(b) Diversion of funds. If a court or other body of competent jurisdiction determines that funds or resources received under a covered agreement have been diverted contrary to the purposes of the covered agreement for an individual’s personal financial gain, the FDIC may take either or both of the following actions—

(1) Order the individual to disgorge the diverted funds or resources received under the agreement.

(2) Prohibit the individual from being a party to any covered agreement for a period not to exceed 10 years.

(c) Notice and opportunity to respond. Before making a determination under paragraph (a)(1) of this section, or taking any action under paragraph (b) of this section, the FDIC will provide written notice and an opportunity to present information to the FDIC concerning any relevant facts or circumstances relating to the matter.

(d) Inadvertent or de minimis errors. Inadvertent or de minimis errors in annual reports or other documents filed with the FDIC under §§346.6 or 346.7 will not subject the reporting party to any penalty.

(e) Enforcement of provisions in covered agreements. No provision of this part shall be construed as authorizing the FDIC to enforce the provisions of any covered agreement.

§ 346.10 Transition provisions.

(a) Disclosure of covered agreements entered into before the effective date of this part—(1) Disclosure to the public. Each NGEP and each insured depository institution or affiliate that was a party to the agreement must make the agreement available to the public under §346.6 until at least April 1, 2002.

(2) Disclosure to the relevant supervisory agency. (i) Each NGEP that was a party to the agreement must make the agreement available to the relevant supervisory agency under §346.6 until at least April 1, 2002.

(ii) Each insured depository institution or affiliate that was a party to the agreement must, by June 30, 2001, provide each relevant supervisory agency either—

(A) A copy of the agreement under §346.6(d)(1)(i); or

(B) The information described in §346.6(d)(1)(ii) for each agreement.

(b) Filing of annual reports that relate to fiscal years ending on or before December 31, 2000. In the event that a NGEP, insured depository institution or affiliate has any information to report under §346.7 for a fiscal year that ends
§ 346.11 Other definitions and rules of construction used in this part.

(a) Affiliate. “Affiliate” means—

1. Any company that controls, is controlled by, or is under common control with another company; and

2. For the purpose of determining whether an agreement is a covered agreement under §346.2, an “affiliate” includes any company that would be under common control or merged with another company on consummation of any transaction pending before a Federal banking agency at the time—

(i) The parties enter into the agreement; and

(ii) The NGEP that is a party to the agreement makes a CRA communication, as described in §346.3.

(b) Control. “Control” is defined in section 2(a) of the Bank Holding Company Act (12 U.S.C. 1841(a)).

(c) CRA affiliate. A “CRA affiliate” of an insured depository institution is any company that is an affiliate of an insured depository institution to the extent, and only to the extent, that the activities of the affiliate were considered by the appropriate Federal banking agency when evaluating the CRA performance of the institution at its most recent CRA examination prior to the agreement. An insured depository institution or affiliate also may designate any company as a CRA affiliate at any time prior to the time a covered agreement is entered into by informing the NGEP that is a party to the agreement of such designation.

(d) CRA public file. “CRA public file” means the public file maintained by an insured depository institution and described in 12 CFR 345.43.

(e) Executive officer. The term “executive officer” has the same meaning as in §215.2(e)(1) of the Board of Governors of the Federal Reserve System’s Regulation O (12 CFR 215.2(e)(1)).

(f) Federal banking agency; appropriate Federal banking agency. The terms “Federal banking agency” and “appropriate Federal banking agency” have the same meanings as in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(g) Fiscal year. (1) The fiscal year for a NGEP that does not have a fiscal year shall be the calendar year.

(2) Any NGEP, insured depository institution, or affiliate that has a fiscal year may elect to have the calendar year be its fiscal year for purposes of this part.

(h) Insured depository institution. “Insured depository institution” has the same meaning as in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(i) NGEP. “NGEP” means a nongovernmental entity or person.

(j) Nongovernmental entity or person—

1. General. A “nongovernmental entity or person” is any partnership, association, trust, joint venture, joint stock company, corporation, limited liability corporation, company, firm, society, other organization, or individual.

2. Exclusions. A nongovernmental entity or person does not include—

(i) The United States government, a state government, a unit of local government (including a county, city, town, township, parish, village, or other general-purpose subdivision of a state) or an Indian tribe or tribal organization established under Federal, state or Indian tribal law (including the Department of Hawaiian Home Lands), or a department, agency, or instrumentality of any such entity;

(ii) A federally-chartered public corporation that receives Federal funds appropriated specifically for that corporation;

(iii) An insured depository institution or affiliate of an insured depository institution; or

(iv) An officer, director, employee, or representative (acting in his or her capacity as an officer, director, employee, or representative) of an entity listed in paragraphs (j)(2)(i) through (iii) of this section.

(k) Party. The term “party”. The authority citation for part 405 continues on or before December 31, 2000, and that concerns a covered agreement entered into between May 12, 2000, and December 31, 2000, the annual report for that fiscal year must be provided no later than June 30, 2001, to—

1. Each relevant supervisory agency;

2. In the case of a NGEP, to an insured depository institution or affiliate that is a party to the agreement in accordance with §346.7(f)(2).
to read as follows: with respect to a covered agreement means each NGEP and each insured depository institution or affiliate that entered into the agreement.

(l) Relevant supervisory agency. The "relevant supervisory agency" for a covered agreement means the appropriate Federal banking agency for—

(1) Each insured depository institution (or subsidiary thereof) that is a party to the covered agreement;

(2) Each insured depository institution (or subsidiary thereof) or CRA affiliate that makes payments or loans or provides services that are subject to the covered agreement; and

(3) Any company (other than an insured depository institution or subsidiary thereof) that is a party to the covered agreement.

(m) State savings association. "State savings association" has the same meaning as in section 3(b)(3) of the Federal Deposit Insurance Act (12 U.S.C. 1813(b)(3)).

(n) Term of agreement. An agreement that does not have a fixed termination date is considered to terminate on the last date on which any party to the agreement makes any payment or provides any loan or other resources under the agreement, unless the relevant supervisory agency for the agreement otherwise notifies each party in writing.

PART 347—INTERNATIONAL BANKING

Subpart A—Foreign Banking and Investment by Insured State Nonmember Banks

Sec.
347.101 Authority, purpose, and scope.
347.102 Definitions.
347.103 Effect of state law on actions taken under this subpart.
347.104 Insured state nonmember bank investment in foreign organizations.
347.105 Permissible financial activities outside the United States.
347.106 Going concerns.
347.107 Joint ventures.
347.108 Portfolio investments.
347.109 Limitations on indirect investments in nonfinancial organizations.
347.110 Affiliate holdings.
347.111 Underwriting and dealing limits applicable to foreign organizations held by insured state nonmember banks.
347.112 Restrictions applicable to foreign organizations that act as futures commission merchants.
347.113 Restrictions applicable to activities by a foreign organization in the United States.
347.114 Extensions of credit to foreign organizations held by insured state nonmember banks; shares of foreign organizations held in connection with debts previously contracted.
347.115 Permissible activities for a foreign branch of an insured state nonmember bank.
347.116 Recordkeeping and supervision of the foreign activities of insured state nonmember banks.
347.117 General consent.
347.118 Expedited processing.
347.119 Specific consent.
347.120 Computation of investment amounts.
347.121 Requirements for insured state nonmember bank to close a foreign branch.
347.122 Limitations applicable to the authority provided in this subpart.

Subpart B—Foreign Banks

347.201 Authority, purpose, and scope.
347.202 Definitions.
347.203 Deposit insurance required for all branches of foreign banks engaged in domestic retail deposit activity in the same state.
347.204 Commitment to be examined and provide information.
347.205 Record maintenance.
347.206 Domestic retail deposit activity requiring deposit insurance by U.S. branch of a foreign bank.
347.207 Disclosure of supervisory information to foreign supervisors.
347.208 Assessment base deductions by insured branch.
347.209 Pledge of assets.
347.210 Asset maintenance.
347.211 Examination of branches of foreign banks.
347.212 FDIC approval to conduct activities that are not permissible for federal branches.
347.213 Establishment or operation of noninsured foreign branch.
347.214 Branch established under section 5 of the International Banking Act.
347.215 Exemptions from deposit insurance requirement.
347.216 Depositor notification.

Subpart C—International Lending

347.301 Purpose, authority, and scope.
347.302 Definitions.
§ 347.102 Definitions.

For the purposes of this subpart:

(a) An affiliate of an insured state nonmember bank means:

(1) Any entity of which the insured state nonmember bank is a direct or indirect subsidiary or which otherwise controls the insured state nonmember bank;

(2) Any organization which is a direct or indirect subsidiary of such entity or which is otherwise controlled by such entity; or

(3) Any other organization that is a direct or indirect subsidiary of the insured state nonmember bank or is otherwise controlled by the insured state nonmember bank.

(b) Control means the ability to control in any manner the election of a majority of an organization’s directors or trustees; or the ability to exercise a controlling influence over the management and policies of an organization. An insured state nonmember bank is deemed to control an organization of which it is a general partner or its affiliate is a general partner.

(c) Domestic means United States.

(d) Eligible insured state nonmember bank means an eligible depository institution as defined in §303.2(r) of this chapter.

(e) Equity interest means any ownership interest or rights in an organization, whether through an equity security, contribution to capital, general or limited partnership interest, debt or warrants convertible into ownership interests or rights, loans providing profit participation, binding commitments to acquire any such items, or some other form of business transaction.

(f) Equity security means voting or nonvoting shares, stock, investment contracts, or other interests representing ownership or participation in a company or similar enterprise, as well as any instrument convertible to any such interest at the option of the holder without payment of substantial additional consideration.

(g) FRB means the Board of Governors of the Federal Reserve System.

(h) Foreign bank means an organization that is organized under the laws of a foreign country, a territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands that:

(1) Is recognized as a bank by the bank supervisory or monetary authority of the country of its organization or the country in which its principal banking operations are located;

(2) Receives deposits to a substantial extent in the regular course of its business; and

(3) Has the power to accept demand deposits.

(i) Foreign banking organization means a foreign organization that is formed for the sole purpose of either holding shares of a foreign bank or performing nominee, fiduciary, or other banking services incidental to the activities of a foreign branch or foreign bank affiliate of the insured state nonmember bank.

(j) Foreign branch means an office or place of business located outside the United States, its territories, Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands,
or the Virgin Islands, at which banking operations are conducted, but does not include a representative office.

(k) Foreign country means any country other than the United States and includes any territory, dependency, or possession of any such country or of the United States.

(l) Foreign organization means an organization that is organized under the laws of a foreign country.

(m) Insured state nonmember bank or bank means a state bank, as defined by §3(a)(2) of the Federal Deposit Insurance Act (12 U.S.C. 1813(a)(2)), whose deposits are insured by the FDIC and that is not a member of the Federal Reserve System.

(n) Indirectly means investments held or activities conducted by a subsidiary of an organization.

(o) Investment grade means a security that is rated in one of the four highest categories by:

(1) Two or more NRSROs; or

(2) One NRSRO if the security is rated by only one NRSRO.

(p) Loan or extension of credit means all direct and indirect advances of funds to a person, government, or entity made on the basis of any obligation of that person, government, or entity to repay funds.

(q) Organization or entity means a corporation, partnership, association, bank, or other similar entity.

(r) NRSRO means a nationally recognized statistical rating organization as designated by the Securities and Exchange Commission.

(s) Representative office means an office that engages solely in representative functions such as soliciting new business for its home office or acting as liaison between the home office and local customers, but which has no authority to make business or contracting decisions other than those relating to the personnel and premises of the representative office.

(t) Subsidiary means any organization more than 50 percent of the voting equity interests of which are directly or indirectly held by another organization.

(u) Tier 1 capital means Tier 1 capital as defined in §325.2 of this chapter or §324.2 of this chapter, as applicable.

(v) Well capitalized means well capitalized as defined in §325.103 of this chapter or §324.403 of this chapter, as applicable.

[70 FR 17560, Apr. 6, 2005, as amended at 78 FR 55595, Sept. 10, 2013]

§ 347.103 Effect of state law on actions taken under this subpart.

A bank may acquire and retain equity interests in a foreign organization or establish a foreign branch, subject to the requirements of this subpart, if it is authorized to do so by the law of the state in which the bank is chartered.

§ 347.104 Insured state nonmember bank investments in foreign organizations.

(a) Investment in foreign banks or foreign banking organizations. A bank may directly or indirectly acquire and retain equity interests in a foreign bank or foreign banking organization.

(b) Investment in other foreign organizations. A bank may only:

(1) acquire and retain equity interests in foreign organizations, other than foreign banks or foreign banking organizations in amounts of 50 percent or less of the foreign organization’s voting equity interests, if the equity interest is held through a domestic or foreign subsidiary; and

(2) The bank meets its minimum capital requirements.

§ 347.105 Permissible financial activities outside the United States.

(a) Limitation on authorized activities. A bank may not directly or indirectly acquire or hold equity interests in a foreign organization that will result in the bank and its affiliates:

(1) Holding more than 50 percent, in the aggregate, of the voting equity interest in such foreign organization; or

(2) Controlling such foreign organization, unless the activities of a foreign organization are limited to those authorized under paragraph (b) of this section.

(b) Authorized activities. The following financial activities are authorized outside the United States:

(1) Commercial and other banking activities.
(2) Financing, including commercial financing, consumer financing, mortgage banking, and factoring, subject to compliance with any attendant restrictions contained in 12 CFR 225.28(b).

(3) Leasing real or personal property, acting as agent, broker or advisor in leasing real or personal property, subject to compliance with any attendant restrictions in 12 CFR 225.28(b).

(4) Acting as a fiduciary, subject to compliance with any attendant restrictions in 12 CFR 225.28(b).

(5) Underwriting credit life, credit accident and credit health insurance.

(6) Providing services for other direct or indirect operations of a domestic banking organization, including representative functions, sale of long-term debt, name saving, liquidating assets acquired to prevent loss on a debt previously contracted in good faith, and other activities that are permissible for a bank holding company under sections 4(a)(2)(A) and 4(c)(1)(C) of the Bank Holding Company Act.

(7) Holding the premises of a branch of an Edge corporation or insured state nonmember bank or the premises of a direct or indirect subsidiary, or holding or leasing the residence of an officer or employee of a branch or a subsidiary.

(8) Providing investment, financial, or economic services, subject to compliance with any attendant restrictions in 12 CFR 225.28(b).

(9) General insurance agency and brokerage.

(10) Data processing.

(11) Organizing, sponsoring, and managing a mutual fund if the fund’s shares are not sold or distributed in the United States or to U.S. residents and the fund does not exercise management control over the firms in which it invests.

(12) Performing management consulting services, provided that such services when rendered with respect to the domestic market must be restricted to the initial entry.

(13) Underwriting, distributing, and dealing in debt securities outside the United States.

(14) With the prior approval of the FDIC under section 347.119(d), underwriting, distributing, and dealing in equity securities outside the United States.

(15) Operating a travel agency in connection with financial services offered outside the United States by the bank or others.

(16) Providing futures commission merchant services, subject to compliance with any attendant restrictions in 12 CFR 225.28(b).

(17) Engaging in activities that the FRB has determined in Regulation Y (12 CFR 225.28(b)) are closely related to banking under section 4(c)(8) of the Bank Holding Company Act.

(18) Engaging in other activities, with the prior approval of the FDIC.

(c) Limitation on activities authorized under Regulation Y. If a bank relies solely on the cross-reference to Regulation Y contained in paragraph (b)(17) of this section as authority to engage in an activity, compliance with any attendant restrictions on the activity that are contained in 12 CFR 225.28(b) is required.

(d) Approval of other activities. Activities that are not specifically authorized by this section, but that are authorized by 12 CFR 211.10 or FRB interpretations of activities authorized by that section, may be authorized by specific consent of the FDIC on an individual basis and upon such terms and conditions as the FDIC may consider appropriate. Activities that will be engaged in as principal (defined by reference to section 362.1(b) of this chapter), and that are not authorized by 12 CFR 211.10 or FRB interpretations of activities authorized under that section, must satisfy the requirements of part 362 of this chapter and be approved by the FDIC under this part as well as part 362 of this chapter.

§ 347.106 Going concerns.

Going concerns. If a bank acquires an equity interest in a foreign organization that is a going concern, no more than 5 percent of either the consolidated assets or revenues of the foreign organization may be attributable to activities that are not permissible under §347.105(b).

§ 347.107 Joint ventures.

(a) Joint ventures. If a bank, directly or indirectly, acquires or holds an equity interest in a foreign organization that is a joint venture, and the bank or
§ 347.108 Portfolio investments.

(a) Portfolio investments. If a bank, directly or indirectly, acquires or holds an equity interest in a foreign organization as a portfolio investment and the foreign organization is not controlled, directly or indirectly, by the bank or its affiliates:

(1) No more than 10 percent of either the consolidated assets or revenues of the foreign organization may be attributable to activities that are not permissible under §347.105(b); and

(2) Any loans or extensions of credit made by the bank and its affiliates to the foreign organization must be on substantially the same terms, including interest rates and collateral, as those prevailing at the same time for comparable transactions between the bank or its affiliates and nonaffiliated organizations.

(b) Portfolio investment defined. For purposes of this section, the term “portfolio investment” means an investment in an organization in which less than 20 percent of the voting equity interests, in the aggregate, are directly or indirectly held by a bank or its affiliates.

§ 347.109 Limitations on indirect investments in nonfinancial foreign organizations.

(a) A bank may, through a subsidiary authorized by §§347.105 or 347.106, or an Edge corporation if also authorized by the FRB, acquire and hold equity interests in foreign organizations that are not foreign banks or foreign banking organizations and that engage generally in activities beyond those listed in §347.105(b), subject to the following:

(1) The amount of the investment does not exceed 15 percent of the bank’s Tier 1 capital;

(2) The aggregate holding of voting equity interests of one foreign organization by the bank and its affiliates must be less than:

   (i) 20 percent of the foreign organization’s voting equity interests; and

   (ii) 40 percent of the foreign organization’s voting and nonvoting equity interests;

(b) The bank or its affiliates must not otherwise control the foreign organization; and

(c) Loans or extensions of credit made by the bank and its affiliates to the foreign organization must be on substantially the same terms, including interest rates and collateral, as those prevailing at the same time for comparable transactions between the bank or its affiliates and nonaffiliated organizations.

§ 347.110 Affiliate holdings.

References in §§347.107, 347.108, and 347.109 to equity interests of foreign organizations held by an affiliate of a bank include equity interests held in connection with an underwriting or for distribution or dealing by an affiliate permitted to do so by §§362.8 or 362.18 of this chapter or section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)).

§ 347.111 Underwriting and dealing limits applicable to foreign organizations held by insured state nonmember banks.

A bank that holds an equity interest in one or more foreign organizations which underwrite, deal, or distribute equity securities outside the United States as authorized by §347.105(b)(14) is subject to the following limitations:

(a) Underwriting commitment limits. (1) The aggregate underwriting commitments by the foreign organizations for the equity securities of a single entity, taken together with underwriting commitments by any affiliate of the bank under the authority of 12 CFR 211.10(b), may not exceed the lesser of $60 million or 25 percent of the bank’s Tier 1 capital, except as otherwise provided in this paragraph.
(2) Underwriting commitments in excess of this limit must be either:
(i) Covered by binding commitments from subunderwriters or purchasers; or
(ii) Deducted from the capital of the bank, with at least 50 percent of the deduction being taken from Tier 1 capital, with the bank remaining well capitalized after this deduction.
(b) Distribution and dealing limits. The equity securities of any single entity held for distribution or dealing by the foreign organizations, taken together with equity securities held for distribution or dealing by any affiliate of the bank under the authority of 12 CFR 211.10:
(1) May not exceed the lesser of $30 million or 5 percent of the bank’s Tier 1 capital, subject to the following:
(i) Any equity securities acquired pursuant to any underwriting commitment extending up to 90 days after the payment date for the underwriting may be excluded from this limit;
(ii) Any equity securities of the entity held under the authority of §§347.105 through 347.109 or 12 CFR 211.10 for purposes other than distribution or dealing must be included in this limit; and
(iii) Up to 75 percent of the position in an equity security may be reduced by netting long and short positions in the same security, or offsetting cash positions against derivative instruments referenced to the same security so long as the derivatives are part of a prudent hedging strategy; and
(2) Must be included in calculating the general consent limits under §347.117(b)(3) if the bank relies on the general consent provisions as authority to acquire equity interests of the same foreign entity for investment or trading.
(c) Additional distribution and dealing limits. With the exception of equity securities acquired pursuant to any underwriting commitment extending up to 90 days after the payment date for the underwriting, equity securities of a single entity held for distribution or dealing by all affiliates of the bank (this includes shares held in connection with an underwriting or for distribution or dealing by an affiliate permitted to do so by §§362.8 or 362.18 of this chapter or section 4(c)(5) of the Bank Holding Company Act), combined with any equity interests held for investment or trading purposes by all affiliates of the bank, must conform to the limits of §§347.105 through 347.109.
(d) Combined limits. The aggregate of the following may not exceed 25 percent of the bank’s Tier 1 capital:
(1) All equity interests of foreign organizations held for investment or trading under §347.109 or by an affiliate of the bank under the corresponding paragraph of 12 CFR 211.10.
(2) All underwriting commitments under paragraph (a) of this section, taken together with all underwriting commitments by any affiliate of the bank under the authority of 12 CFR 211.10, after excluding the amount of any underwriting commitment:
(i) Covered by binding commitments from subunderwriters or purchasers under paragraph (a)(1) of this section or the comparable provision of 12 CFR 211.10; or
(ii) Already deducted from the bank’s capital under paragraph (a)(2) of this section, or the appropriate affiliate’s capital under the comparable provisions of 12 CFR 211.10; and
(3) All equity securities held for distribution or dealing under paragraph (b) of this section, taken together with all equity securities held for distribution or dealing by any affiliate of the bank under the authority of 12 CFR 211.10, after reducing by up to 75 percent the position in any equity security by netting and offset, as permitted by paragraph (b)(1)(iii) of this section or the comparable provision of 12 CFR 211.10.
§347.112 Restrictions applicable to foreign organizations that act as futures commission merchants.
(a) If a bank acquires or retains an equity interest in a foreign organization that acts as a futures commission merchant pursuant to §347.105(b)(16), the foreign organization may not be a member of an exchange or clearing association that requires members to guarantee or otherwise contract to cover losses suffered by other members unless the:
(1) Foreign organization’s liability does not exceed two percent of the bank’s Tier 1 capital, or...
§ 347.113 Restrictions applicable to activities by a foreign organization in the United States.

(a) A bank, acting under the authority provided in this subpart, may not directly or indirectly hold:

(1) Equity interests of any foreign organization that engages in the general business of buying or selling goods, wares, merchandise, or commodities in the United States; or

(2) More than 5 percent of the equity interests of any foreign organization that engages in activities in the United States unless any activities in which the foreign organization engages in the United States are incidental to its international or foreign business.

(b) For purposes of this section:

(1) A foreign organization is not engaged in any business or activities in the United States unless it maintains an office in the United States other than a representative office.

(2) The following activities are incidental to international or foreign business:

(i) Activities that are permissible for an Edge corporation in the United States under 12 CFR 211.6; or

(ii) Other activities approved by the FDIC.

§ 347.114 Extensions of credit to foreign organizations held by insured state nonmember banks; shares of foreign organizations held in connection with debts previously contracted.

(a) Loans or extensions of credit. A bank that directly or indirectly holds equity interests in a foreign organization pursuant to the authority of this subpart may make loans or extensions of credit to or for the accounts of the organization without regard to the provisions of section 18(j) of the FDI Act (12 U.S.C. 1829(j)).

(b) Debts previously contracted. Equity interests acquired to prevent a loss upon a debt previously contracted in good faith are not subject to the limitations or procedures of this subpart; however, they must be disposed of promptly but in no event later than two years after their acquisition, unless the FDIC authorizes retention for a longer period.

§ 347.115 Permissible activities for a foreign branch of an insured state nonmember bank.

In addition to its general banking powers and if permitted by the law of the state in which the bank is chartered, a foreign branch of a bank may conduct the following activities to the extent that they are consistent with banking practices in a foreign country where the bank maintains a branch:

(a) Guarantees. Guarantee debts, or otherwise agree to make payments on the occurrence of readily ascertainable events including, without limitation, nonpayment of taxes, rentals, customs duties, or costs of transport and loss or nonconformance of shipping documents, if:

(1) The guarantee or agreement specifies a maximum monetary liability; and

(2) To the extent the guarantee or agreement is not subject to a separate amount limit under state or federal law, the amount of the guarantee or agreement is combined with loans and other obligations for purposes of applying any legal lending limits.

(b) Government obligations. Engage in the following types of transactions with respect to the obligations of foreign countries, so long as aggregate investments, securities held in connection with distribution and dealing, and underwriting commitments do not exceed ten percent of the bank's Tier 1 capital:

(1) Underwrite, distribute and deal, invest in, or trade obligations of:

(i) The national government of the country in which the branch is located or its political subdivisions; and

(ii) An agency or instrumentality of such national government if supported by the taxing authority, guarantee, or full faith and credit of the national government.

(2) Underwrite, distribute and deal, invest in or trade obligations of:

(i) The national government of the country in which the branch is located or its political subdivisions; and

(ii) An agency or instrumentality of such national government if supported by the taxing authority, guarantee, or full faith and credit of the national government.

1 If the obligation is an equity interest, it must be held through a subsidiary of the foreign branch and the insured state nonmember bank must meet its minimum capital requirements.
Federal Deposit Insurance Corporation

§ 347.116 Recordkeeping and supervision of foreign activities of insured state nonmember banks.

(a) Records, controls and reports. A bank with any foreign branch, any investment in a foreign organization of 20 percent or more of the organization’s voting equity interests, or control of a foreign organization must maintain a system of records, controls and reports that, at minimum, provide for the following:

(1) Risk assets. To permit assessment of exposure to loss, information furnished or available to the main office should be sufficient to permit periodic and systematic appraisals of the quality of risk assets, including loans and other extensions of credit. Coverage should extend to a substantial portion of the risk assets in the branch or foreign organization, and include the status of all large credit lines and of credits to customers also borrowing from other offices or affiliates of the bank. Appropriate information on risk assets may include:

(i) A recent financial statement of the borrower or obligee and current information on the borrower’s or obligee’s financial condition;
(ii) Terms, conditions, and collateral;
(iii) Data on any guarantors;
(iv) Payment history; and
(v) Status of corrective measures employed.

(b) Approval of other activities. Activities that are not specifically authorized by this section, but that are authorized by 12 CFR 211.4 or FRB interpretations of activities authorized by that section, may be authorized by specific consent of the FDIC on an individual basis and upon such terms and conditions as the FDIC may consider appropriate. Activities that will be engaged in as principal (defined by reference to section 362.1(b) of this chapter), and that are not authorized by 12 CFR 211.4 or FRB interpretations of activities authorized under that section, must satisfy the requirements of part 362 of this chapter and be approved by the FDIC under this part as well as part 362 of this chapter.

2 If a branch has recently been acquired by the bank and the branch was not previously required to file a Call Report, branch deposits as of the acquisition date must be used.
§ 347.117 General consent.

(a) General consent to establish or relocate a foreign branch. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.182(a) and consistent with the requirements of this subpart, for an:

(1) Eligible bank to establish a foreign branch conducting activities authorized by section 347.115 of this section in any foreign country in which:

(i) The bank already operates one or more foreign branches or foreign bank subsidiaries;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) Insured state nonmember bank to relocate an existing foreign branch within a foreign country.

(b) General consent to invest in a foreign organization. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.183(a) (unless no notification is required because the investment is acquired for trading purposes) and consistent with the requirements of this subpart, for an eligible bank to make investments in foreign organizations, directly or indirectly, if:

(1) The bank operates at least one foreign bank subsidiary or foreign branch, an affiliated bank or Edge or Agreement corporation operates at least one foreign bank subsidiary or foreign branch, or the bank’s holding company operates at least one foreign bank subsidiary in the country where the foreign organization will be located;

(2) In any instance where the bank and its affiliates will hold 20 percent or more of the foreign organization’s voting equity interests or control the foreign organization, at least one state nonmember bank has a foreign bank subsidiary or foreign branch (other than a shell branch) in the country where the foreign organization will be located; and

(3) The investment is within one of the following limits:

(i) The investment is acquired at net asset value from an affiliate;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) The FDIC may from time to time require a bank to make and submit such reports and information as may be necessary to implement and enforce the provisions of this subpart, and the bank shall submit an annual report of condition for each foreign branch pursuant to instructions provided by the FDIC.

§ 347.117 General consent.

(a) General consent to establish or relocate a foreign branch. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.182(a) and consistent with the requirements of this subpart, for an:

(1) Eligible bank to establish a foreign branch conducting activities authorized by section 347.115 of this section in any foreign country in which:

(i) The bank already operates one or more foreign branches or foreign bank subsidiaries;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) Insured state nonmember bank to relocate an existing foreign branch within a foreign country.

(b) General consent to invest in a foreign organization. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.183(a) (unless no notification is required because the investment is acquired for trading purposes) and consistent with the requirements of this subpart, for an eligible bank to make investments in foreign organizations, directly or indirectly, if:

(1) The bank operates at least one foreign bank subsidiary or foreign branch, an affiliated bank or Edge or Agreement corporation operates at least one foreign bank subsidiary or foreign branch, or the bank’s holding company operates at least one foreign bank subsidiary in the country where the foreign organization will be located;

(2) In any instance where the bank and its affiliates will hold 20 percent or more of the foreign organization’s voting equity interests or control the foreign organization, at least one state nonmember bank has a foreign bank subsidiary or foreign branch (other than a shell branch) in the country where the foreign organization will be located; and

(3) The investment is within one of the following limits:

(i) The investment is acquired at net asset value from an affiliate;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) The FDIC may from time to time require a bank to make and submit such reports and information as may be necessary to implement and enforce the provisions of this subpart, and the bank shall submit an annual report of condition for each foreign branch pursuant to instructions provided by the FDIC.

§ 347.117 General consent.

(a) General consent to establish or relocate a foreign branch. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.182(a) and consistent with the requirements of this subpart, for an:

(1) Eligible bank to establish a foreign branch conducting activities authorized by section 347.115 of this section in any foreign country in which:

(i) The bank already operates one or more foreign branches or foreign bank subsidiaries;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) Insured state nonmember bank to relocate an existing foreign branch within a foreign country.

(b) General consent to invest in a foreign organization. General consent of the FDIC is granted, subject to the written notification requirement contained in section 303.183(a) (unless no notification is required because the investment is acquired for trading purposes) and consistent with the requirements of this subpart, for an eligible bank to make investments in foreign organizations, directly or indirectly, if:

(1) The bank operates at least one foreign bank subsidiary or foreign branch, an affiliated bank or Edge or Agreement corporation operates at least one foreign bank subsidiary or foreign branch, or the bank’s holding company operates at least one foreign bank subsidiary in the country where the foreign organization will be located;

(2) In any instance where the bank and its affiliates will hold 20 percent or more of the foreign organization’s voting equity interests or control the foreign organization, at least one state nonmember bank has a foreign bank subsidiary or foreign branch (other than a shell branch) in the country where the foreign organization will be located; and

(3) The investment is within one of the following limits:

(i) The investment is acquired at net asset value from an affiliate;

(ii) The bank’s holding company operates a foreign bank subsidiary; or

(iii) An affiliated bank or Edge or Agreement corporation operates one or more foreign branches or foreign bank subsidiaries.

(2) The FDIC may from time to time require a bank to make and submit such reports and information as may be necessary to implement and enforce the provisions of this subpart, and the bank shall submit an annual report of condition for each foreign branch pursuant to instructions provided by the FDIC.
Federal Deposit Insurance Corporation

§ 347.122 Limitations applicable to the authority provided in this subpart.

The FDIC may impose such conditions on authority granted in this subpart as it considers appropriate. If a bank is unable or fails to comply with the requirements of this subpart or any

(iii) The total investment, directly or indirectly, in a single foreign organization in any transaction or series of transactions during a twelve-month period does not exceed 2 percent of the bank’s Tier 1 capital, and such investments in all foreign organizations in the aggregate do not exceed:

(A) 5 percent of the bank’s Tier 1 capital during a 12-month period; and

(B) Up to an additional 5 percent of the bank’s Tier 1 capital if the investments are acquired for trading purposes.

§ 347.118 Expedited processing.

(a) Expedited processing of branch applications. An eligible bank may establish a foreign branch conducting activities authorized by §347.115 in an additional foreign country, after complying with the expedited processing requirements contained in §303.182(b) and (c)(1), if any of the following are located in two or more foreign countries:

(1) Foreign branches or foreign bank subsidiaries of the eligible bank;

(2) Foreign branches or foreign bank subsidiaries of banks and Edge or Agreement corporations affiliated with the eligible bank; and

(3) Foreign bank subsidiaries of the eligible bank’s holding company.

(b) Expedited processing of applications for investment in foreign organizations. An investment that does not qualify for general consent but is otherwise in conformity with the limits and requirements of this subpart may be made 45 days after an eligible bank files a substantially complete application with the FDIC in compliance with the expedited processing requirements contained in §303.183(b) and (c)(1), or within such earlier time as authorized by the FDIC.

§ 347.119 Specific consent.

General consent and expedited processing under this subpart do not apply in the following circumstances:

(a) Limitation on access to supervisory information in foreign country. (1) Applicable law or practice in the foreign country where the foreign organization or foreign branch would be located would limit the FDIC’s access to information for supervisory purposes; and

(i) A bank would hold 20 percent or more of the voting equity interests of a foreign organization or control such organization as a result of a foreign investment; or

(ii) A bank would be establishing a foreign branch.

(b) World Heritage site. A foreign branch of a bank would be located on a site on the World Heritage List or on the foreign country’s equivalent of the National Register of Historic Places, in accordance with section 403 of the National Historic Preservation Act Amendments of 1980 (16 U.S.C. 470a–2).

(c) Modification or suspension of general consent or expedited processing. The FDIC at any time notifies the bank that the FDIC is modifying or suspending its general consent or expedited processing procedure.

(d) Specific consent. Direct or indirect investments in or activities of foreign organizations by banks, the establishment of foreign branches or issues regarding the types or amounts of activity that can be engaged in by foreign branches, which are not authorized under §§347.117 or 347.118 require prior review and specific consent of the FDIC.

§ 347.120 Computation of investment amounts.

In computing the amount that may be invested in any foreign organization under §§347.117 through 347.119, any investments held by an affiliate of a bank must be included.

§ 347.121 Requirements for insured state nonmember bank to close a foreign branch.

A bank must comply with the written notification requirement contained in §303.182(d) when it closes a foreign branch.

§ 347.122 Limitations applicable to the authority provided in this subpart.

The FDIC may impose such conditions on authority granted in this subpart as it considers appropriate. If a bank is unable or fails to comply with the requirements of this subpart or any
Subpart B—Foreign Banks

§ 347.201 Authority, purpose, and scope.
(a) This subpart is issued pursuant to sections 5(c) and 10(b)(4) of the Federal Deposit Insurance Act (FDI Act) (12 U.S.C. 1815(c) and 1820(b)(4)) and sections 6, 7, and 15 of the International Banking Act of 1978 (IBA) (12 U.S.C. 3104, 3105, and 3109).

(b) This subpart implements the insured branch asset pledge and examination commitment requirement for foreign banks in the FDI Act. It also implements the deposit insurance, permissible activity, and cross-border cooperation provisions of the IBA regarding the FDIC. Sections 347.203–347.211 apply to state and federal branches whose deposits are insured. Sections 347.204 and 347.207 are applicable to depository institution subsidiaries of a foreign bank. Section 347.212 applies to insured state branches and §§ 347.213–347.216 apply to state branches whose deposits are not insured by the FDIC.

§ 347.202 Definitions.
For the purposes of this subpart:
(a) Affiliate means any entity that controls, is controlled by, or is under common control with another entity. An entity shall be deemed to “control” another entity if the entity directly or indirectly owns, controls, or has the power to vote 25 percent or more of any class of voting securities of the other entity or controls in any manner the election of a majority of the directors or trustees of the other entity.

(b) Branch means any office or place of business of a foreign bank located in any state of the United States at which deposits are received. The term does not include any office or place of business deemed by the state licensing authority or the Comptroller of the Currency to be an agency.

(c) Deposit has the same meaning as that term in section 3(l) of the Federal Deposit Insurance Act (12 U.S.C. 1813(l)).

(d) Depository means any insured state bank, national bank, or insured branch.

(e) Domestic retail deposit activity means the acceptance by a Federal or State branch of any initial deposit of less than an amount equal to the standard maximum deposit insurance amount (“SMDIA”).

(g) Foreign bank means any company organized under the laws of a foreign country, any territory of the United States, Puerto Rico, Guam, American Samoa, the Northern Mariana Islands, or the Virgin Islands, which engages in the business of banking. The term includes foreign commercial banks, foreign merchant banks and other foreign institutions that engage in banking activities usual in connection with the business of banking in the countries where such foreign institutions are organized and operating. Except as otherwise specifically provided by the Federal Deposit Insurance Corporation, banks organized under the laws of a foreign country, any territory of the United States, Puerto Rico, Guam, American Samoa, the Northern Mariana Islands, or the Virgin Islands which are insured banks other than by reason of having an insured branch are not considered to be foreign banks for purposes of §§ 347.204, 347.205, 347.209, and 347.210.

(h) Foreign business means any entity including, but not limited to, a corporation, partnership, sole proprietorship, association, foundation or trust, which is organized under the laws of a foreign country or any United States entity which is owned or controlled by an entity which is organized under the laws of a foreign country or a foreign national.

(i) Foreign country means any country other than the United States and includes any colony, dependency or possession of any such country.
(j) FRB means the Board of Governors of the Federal Reserve System.

(k) Home state of a foreign bank means the state so determined by the election of the foreign bank, or in default of such election, by the Board of Governors of the Federal Reserve System.

(l) Immediate family member of a natural person means the spouse, father, mother, brother, sister, son or daughter of that natural person.

(m) Initial deposit means the first deposit transaction between a depositor and the branch where there is no existing deposit relationship. The initial deposit may be placed into different deposit accounts or into different kinds of deposit accounts, such as demand, savings or time. Deposit accounts that are held by a depositor in the same right and capacity may be added together for the purposes of determining the dollar amount of the initial deposit.

(n) Insured bank means any bank, including a foreign bank with an insured branch, the deposits of which are insured in accordance with the provisions of the Federal Deposit Insurance Act.

(o) Insured branch means a branch of a foreign bank any deposits of which branch are insured in accordance with the provisions of the Federal Deposit Insurance Act.

(p) Large United States business means any entity including, but not limited to, a corporation, partnership, sole proprietorship, association, foundation or trust which is organized under the laws of the United States or any state thereof, and:

(1) Whose securities are registered on a national securities exchange or quoted on the National Association of Securities Dealers Automated Quotation System; or

(2) Has annual gross revenues in excess of $1,000,000 for the fiscal year immediately preceding the initial deposit.

(q) A majority owned subsidiary means a company the voting stock of which is more than 50 percent owned or controlled by another company.

(r) Noninsured branch means a branch of a foreign bank deposits of which branch are not insured in accordance with the provisions of the Federal Deposit Insurance Act.

(s) OCC means the Office of the Comptroller of the Currency.

(t) Person means an individual, bank, corporation, partnership, trust, association, foundation, joint venture, pool, syndicate, sole proprietorship, unincorporated organization, or any other form of entity.

(u) Significant risk to the deposit insurance fund shall be understood to be present whenever there is a high probability that the Deposit Insurance Fund administered by the FDIC may suffer a loss.

(v) Standard maximum deposit insurance amount, referred to as the “SMDIA” hereafter, means $250,000 adjusted pursuant to subparagraph (F) of section 11(a)(1) of the FDI Act (12 U.S.C. 1821(a)(1)(F)).

(w) State means any state of the United States or the District of Columbia.

(x) State branch means a branch of a foreign bank established and operating under the laws of any state.

(y) Wholly owned subsidiary means a company the voting stock of which is 100 percent owned or controlled by another company except for a nominal number of directors’ shares.

§ 347.203 Deposit insurance required for all branches of foreign banks engaged in domestic retail deposit activity in the same State.

The FDIC will not insure deposits in any branch of a foreign bank unless the foreign bank agrees that every branch established or operated by the foreign bank in the same state that engages in domestic retail deposit activity will be an insured branch.

§ 347.204 Commitment to be examined and provide information.

(a) In connection with an application for deposit insurance for a U.S. branch or depository institution subsidiary of a foreign bank that has been determined to be subject to comprehensive consolidated supervision by the appropriate Federal banking agency, as defined in section 3(q) of the FDI Act (12 U.S.C. 1813(q)), the foreign bank shall
provide binding written commitments (including a consent to U.S. jurisdiction and designation of agent for service, acceptable to the FDIC) to the following terms:

(1) The FDIC will be provided with any information about the foreign bank and its affiliates located outside of the United States that the FDIC requests to determine:
   (i) The relationship between the U.S. branch or depository institution subsidiary and its affiliates; and
   (ii) The effect of such relationship on such U.S. branch or depository institution subsidiary;

(2) The FDIC will be allowed to examine the affairs of any office, agency, branch or affiliate of the foreign bank located in the United States and will be provided any information requested to determine:
   (i) The relationship between the U.S. branch or depository institution subsidiary and such offices, agencies, branches or affiliates; and
   (ii) The effect of such relationship on such U.S. branch or depository institution subsidiary.

(3) The FDIC will not process a deposit insurance application for any U.S. branch or depository institution subsidiary of a foreign bank if the foreign bank fails to provide the written commitments, consent to U.S. jurisdiction, and designation of agent for service required by this section.

(b) The FDIC will consider the existence and extent of any prohibition or restrictions, if any, on its ability to utilize the commitments, consent to U.S. jurisdiction, and designation of agent for service required by this section, in determining whether to grant or deny a deposit insurance application for the U.S. branch or depository institution subsidiary of the foreign bank. In addition, the FDIC may consider any additional assurances or commitments provided by the foreign bank, including that it will cooperate and assist the FDIC, without limitation, by seeking to obtain waivers and exemptions from applicable confidentiality or secrecy restrictions or requirements to enable the foreign bank or its affiliates to make information about the foreign bank and its affiliates located outside of the United States available to the FDIC for review.

(c) The foreign bank's commitments, consent to U.S. jurisdiction, and designation of agent for service shall be signed by an officer of the foreign bank who has been so authorized by the foreign bank's board of directors and in all instances will be executed in a manner acceptable to the FDIC and shall be included with the branch or depository institution application for insurance. Any documents that are not in English shall be accompanied by an English translation.

§ 347.205 Record maintenance.

The records of each insured branch shall be kept as though it were a separate entity, with its assets and liabilities separate from the other operations of the head office, other branches or agencies of the foreign bank and its subsidiaries or affiliates. Each insured branch must keep a set of accounts and records in the words and figures of the English language that accurately reflects the business transactions of the insured branch on a daily basis. A foreign bank that has more than one insured branch in a state may treat such insured branches as one entity for record-keeping purposes and may designate one branch to maintain records for all the branches in the state.

§ 347.206 Domestic retail deposit activity requiring deposit insurance by U.S. branch of a foreign bank.

(a) Domestic retail deposit activity. To initiate or conduct domestic retail deposit activity requiring deposit insurance protection in any state after December 19, 1991, a foreign bank must establish one or more insured U.S. bank subsidiaries for that purpose.

(b) Exception. Paragraph (a) of this section does not apply to any bank organized under the laws of any territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands the deposits of which are insured by the FDIC pursuant to the Federal Deposit Insurance Act.

(c) Grandfathered insured branches. Domestic retail accounts with balances of less than an amount equal to the SMDIA that require deposit insurance...
protection may be accepted or maintained in an insured branch of a foreign bank only if such branch was an insured branch on December 19, 1991.

(d) Change in ownership of grandfathered insured branch. The grandfathered status of an insured branch may not be transferred, except in certain merger and acquisition transactions that the FDIC determines are not designed, or motivated by the desire, to avoid compliance with section 6(d)(1) of the International Banking Act (12 U.S.C. 3104(d)(1)).

[70 FR 17560, Apr. 6, 2005, as amended at 74 FR 47718, Sept. 17, 2009]

§ 347.207 Disclosure of supervisory information to foreign supervisors.

(a) Disclosure by the FDIC. The FDIC may disclose information obtained in the course of exercising its supervisory or examination authority to a foreign bank regulatory or supervisory authority, if the FDIC determines that disclosure is appropriate for bank supervisory or regulatory purposes and will not prejudice the interests of the United States.

(b) Confidentiality. Before making any disclosure of information pursuant to paragraph (a) of this section, the FDIC will obtain, to the extent necessary, the agreement of the foreign bank regulatory or supervisory authority to maintain the confidentiality of such information to the extent possible under applicable law. The disclosure or transfer of information to a foreign bank regulatory or supervisory authority under this section will not waive any privilege applicable to the information that is disclosed or transferred.

§ 347.208 Assessment base deductions by insured branch.

Deposits in an insured branch to the credit of the foreign bank or any of its offices, branches, agencies, or wholly owned subsidiaries may be deducted from the assessment base of the insured branch.

§ 347.209 Pledge of assets.

(a) Purpose. A foreign bank that has an insured branch must pledge assets for the benefit of the FDIC or its designee(s). Whenever the FDIC is obligated under section 11(f) of the Federal Deposit Insurance Act (12 U.S.C. 1821(f)) to pay the insured deposits of an insured branch, the assets pledged under this section must become the property of the FDIC and be used to the extent necessary to protect the Deposit Insurance Fund.

(b) Amount of assets to be pledged. (1) For a newly insured branch, a foreign bank must pledge assets equal to at least 5 percent of the liabilities of the branch, based on the branch’s projection of its liabilities at the end of each of the first three years of operations. For all other insured branches, a foreign bank must pledge assets equal to the appropriate percentage applicable to the insured branch, as determined by reference to the risk-based assessment schedule contained in this paragraph, of the insured branch’s average liabilities for the last 30 days of the most recent calendar quarter. 4

(2) Risk-based assessment schedule. The risk-based asset pledge required by paragraph (b)(1) will be determined by utilizing the following risk-based assessment schedule:

<table>
<thead>
<tr>
<th>Asset maintenance level</th>
<th>Supervisory risk subgroup</th>
</tr>
</thead>
<tbody>
<tr>
<td>Equal to or greater than 108%</td>
<td>A (%) B (%) C (%)</td>
</tr>
<tr>
<td>Equal to or greater than 106%</td>
<td>2 3 4</td>
</tr>
</tbody>
</table>

4This average must be computed by using the sum of the close of business figures for the 30 calendar days of the most recent calendar quarter, ending with and including the last day of the calendar quarter, divided by 30. For days on which the branch is closed, however, balances from the previous business day are to be used in determining its average liabilities. In determining its average liabilities, the insured branch may exclude liabilities to other offices, agencies, branches, and wholly owned subsidiaries of the foreign bank. The value of the pledged assets must be computed based on the lesser of the principal amount (par value) or market value of such assets at the time of the original pledge and thereafter as of the last day of the most recent calendar quarter.
§ 347.209 12 CFR Ch. III (1–1–17 Edition)

<table>
<thead>
<tr>
<th>Asset maintenance level</th>
<th>Supervisory risk subgroup</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 106%</td>
<td>A (%)  B (%)  C (%)</td>
</tr>
<tr>
<td></td>
<td>6       7      8</td>
</tr>
</tbody>
</table>

The appropriate asset pledge percentage will be determined based on the supervisory risk subgroup and asset maintenance level applicable to the insured branch.

(3) Supervisory risk factors. For purposes of this section, within each asset maintenance group, each institution will be assigned to one of three subgroups based on consideration by the FDIC of supervisory evaluations provided by the primary federal regulator for the insured branch. The supervisory evaluations include the results of examination findings by the primary federal regulator, as well as other information the primary federal regulator determines to be relevant. In addition, the FDIC will take into consideration such other information (such as state examination findings, if appropriate) as it determines to be relevant to the financial condition and the risk posed to the Deposit Insurance Fund. The three supervisory subgroups are:

(i) Subgroup "A". This subgroup consists of financially sound institutions with only a few minor weaknesses;

(ii) Subgroup "B". This subgroup consists of institutions that demonstrate weaknesses which, if not corrected, could result in significant deterioration of the institution and increased risk of loss to the deposit insurance fund; and

(iii) Subgroup "C". This subgroup consists of institutions that pose a substantial probability of loss to the deposit insurance fund.

(4) The FDIC may require a foreign bank to pledge additional assets or to compute its pledge on a daily basis whenever the FDIC determines that the condition of the foreign bank or the insured branch is such that the assets pledged under this section will not adequately protect the deposit insurance fund. In requiring a foreign bank to pledge additional assets, the FDIC will consult with the primary regulator for the insured branch. Among the factors to be considered in imposing these requirements are the concentration of risk to any one borrower or group of related borrowers, the concentration of transfer risk related to any one country, including the country in which the foreign bank’s head office is located or any other factor the FDIC determines is relevant.

(5) Each insured branch must separately comply with the requirements of this section. A foreign bank which has more than one insured branch in a state may, however, treat all of its insured branches in the same state as one entity and will designate one insured branch to be responsible for compliance with this section.

(c) Depository. A foreign bank must place pledged assets for safekeeping at any depository which is located in any state. However, a depository may not be an affiliate of the foreign bank whose insured branch is seeking to use the depository. A foreign bank must obtain the FDIC's prior written approval of the depository selected, and such approval may be revoked and dismissal of the depository required whenever the depository does not fulfill any one of its obligations under the pledge agreement. A foreign bank shall appoint and constitute the depository as its attorney in fact for the sole purpose of transferring title to pledged assets to the FDIC as may be required to effectuate the provisions of paragraph (a) of this section.

(d) Assets that may be pledged. Subject to the right of the FDIC to require substitution, a foreign bank may pledge any of the kinds of assets listed in this paragraph (d) such assets must be denominated in United States dollars. A foreign bank shall be deemed to have pledged any such assets for the benefit of the FDIC or its designee at such time as any such asset is placed with the depository, as follows:

(1)(i) Negotiable certificates of deposit that are payable in the United States and that are issued by any state bank, national bank, state or federal savings association, or branch of a foreign bank which has executed a valid
waiver of offset agreement or similar debt instruments that are payable in the United States and that are issued by any agency of a foreign bank which has executed a valid waiver of offset agreement; provided, that the maturity of any certificate or issuance is not greater than one year; and provided further, that the issuing branch or agency of a foreign bank is not an affiliate of the pledging bank or from the same country as the pledging bank’s domicile;

(ii) Non-negotiable certificates of deposit, subject to the terms specified in paragraph (d)(1)(i) of this section other than the requirement of negotiability, that were pledged as collateral to the FDIC on March 18, 2005, until maturity according to the original terms of the existing deposit agreement.

(2) Treasury bills, interest bearing bonds, notes, debentures, or other direct obligations of or obligations fully guaranteed as to principal and interest by the United States or any agency or instrumentality thereof;

(3) Commercial paper that is rated P–1 or P–2, or their equivalent by a nationally recognized rating service; provided, that any conflict in a rating shall be resolved in favor of the lower rating;

(4) Banker’s acceptances that are payable in the United States and that are issued by any state bank, national bank, state or federal savings association, or branch or agency of a foreign bank; provided, that the maturity of any acceptance is not greater than 180 days; and provided further, that the branch or agency issuing the acceptance is not an affiliate of the pledging bank or from the same country as the pledging bank’s domicile;

(5) General obligations of any state of the United States, or any county or municipality of any state of the United States, or any agency, instrumentality, or political subdivision of the foregoing or any obligation guaranteed by a state of the United States or any county or municipality of any state of the United States; provided, that such obligations have a credit rating within the top two rating bands of a nationally recognized rating service (with any conflict in a rating resolved in favor of the lower rating);

(7) Notes issued by bank and thrift holding companies, banks, or savings associations organized under the laws of the United States or any state thereof or notes issued by United States branches or agencies of foreign banks, provided, that the notes have a credit rating within the top two rating bands of a nationally recognized rating service (with any conflict in a rating resolved in favor of the lower rating) and that they are payable in the United States, and provided further, that the issuer is not an affiliate of the foreign bank pledging the note; or

(8) Any other asset determined by the FDIC to be acceptable.

(e) Pledge agreement. A foreign bank shall not pledge any assets unless a pledge agreement in form and substance satisfactory to the FDIC has been executed by the foreign bank and the depository. The agreement, in addition to other terms not inconsistent with this paragraph (e), shall give effect to the following terms:

(1) Original pledge. The foreign bank shall place with the depository assets of the kind described in paragraph (d) of this section, having an aggregate value in the amount as required pursuant to paragraph (b) of this section.

(2) Additional assets required to be pledged. Whenever the foreign bank is required to pledge additional assets for the benefit of the FDIC or its designees pursuant to paragraph (b)(4) of this section, it shall deliver (within two business days after the last day of the most recent calendar quarter, unless otherwise ordered) additional assets of the kind described in paragraph (d) of this section, having an aggregate value in the amount required by the FDIC.

(3) Substitution of assets. The foreign bank, at any time, may substitute any assets for pledged assets, and, upon such substitution, the depository shall promptly release any such assets to the foreign bank; provided, that:

(i) The foreign bank pledges assets of the kind described in paragraph (d) of this section having an aggregate value not less than the value of the pledged
assets for which they are substituted and certified as such by the foreign bank; and

(ii) The FDIC has not by written notification to the foreign bank, a copy of which shall be provided to the depository, suspended or terminated the foreign bank’s right of substitution.

(4) Delivery of other documents. Concurrently with the pledge of any assets, the foreign bank will deliver to the depository all documents and instruments necessary or advisable to effectuate the transfer of title to any such assets and thereafter, from time to time, at the request of the FDIC, deliver to the depository any such additional documents or instruments. The foreign bank shall provide copies of all such documents described in this paragraph (e)(4) to the appropriate regional director concurrently with their delivery to the depository.

(5) Acceptance and safekeeping responsibilities of the depository. (i) The depository will accept and hold any assets pledged by the foreign bank pursuant to the pledge agreement for safekeeping free and clear of any lien, charge, right of offset, credit, or preference in connection with any claim the depository may assert against the foreign bank and shall designate any such assets as a special pledge for the benefit of the FDIC or its designee. The depository shall not accept the pledge of any such assets unless, concurrently with such pledge, the foreign bank delivers to the depository the documents and instruments necessary for the transfer of title thereto as provided in this part.

(ii) The depository shall hold any such assets separate from all other assets of the foreign bank or the depository. Such assets may be held in book-entry form but must at all times be segregated on the records of the depository and clearly identified as assets subject to the pledge agreement.

(b) Reporting requirements of the insured branch and the depository—(i) Initial reports. Upon the original pledge of assets as provided in paragraph (e)(1) of this section:

(A) The depository shall provide to the foreign bank and to the appropriate FDIC regional director a written report in the form of a receipt identifying each asset pledged and specifying in reasonable detail with respect to each such asset the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date and call date; and

(B) The foreign bank shall provide to the appropriate regional director a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, and which states that the aggregate value of all such assets is at least equal to the amount required pursuant to paragraph (b) of this section and that all such assets are of the kind described in paragraph (d) of this section.

(ii) Quarterly reports. Within ten calendar days after the end of the most recent calendar quarter:

(A) The depository shall provide to the appropriate regional director a written report specifying in reasonable detail with respect to each asset currently pledged (including any asset pledged to satisfy the requirements of paragraph (b)(4) of this section and identified as such), as of two business days after the end of the most recent calendar quarter, the complete title, interest rate, series, serial number (if any), principal amount (par value), maturity date, and call date, provided, that if no substitution of any asset has occurred during the reporting period, the reporting need only specify that no substitution of assets has occurred; and

(B) The foreign bank shall provide as of two business days after the end of the most recent calendar quarter to the appropriate regional director a written report certified as correct by the foreign bank which sets forth the value of each pledged asset and the aggregate value of all such assets, which states that the aggregate value of all such assets is at least equal to the amount required pursuant to paragraph (b) of this section and that all such assets are of the kind described in paragraph (d) of this section, and which states the average of the liabilities of each insured branch of the foreign bank computed in the manner and for the period prescribed in paragraph (b) of this section.

(iii) Additional reports. The foreign bank shall, from time to time, as may
be required, provide to the appropriate regional director a written report in the form specified containing the information requested with respect to any asset then currently pledged.

(7) Access to assets. With respect to any asset pledged pursuant to the pledge agreement, the depository will provide representatives of the FDIC or the foreign bank with access (during regular business hours of the depository and at the location where any such asset is held, without other limitation or qualification) to all original instruments, documents, books, and records evidencing or pertaining to any such asset.

(8) Release upon the order of the FDIC. The depository shall release to the foreign bank any pledged assets, as specified in a written notification of the appropriate regional director, upon the terms and conditions provided in such notification, including without limitation the waiver of any requirement that any assets be pledged by the foreign bank in substitution of any released assets.

(9) Release to the FDIC. Whenever the FDIC is obligated under section 11(f) of the Federal Deposit Insurance Act to pay insured deposits of an insured branch, the FDIC by written certification shall so inform the depository; and the depository, upon receipt of such certification, shall thereupon promptly release and transfer title to any pledged assets to the FDIC or release such assets to the foreign bank, as specified in the certification. Upon release and transfer of title to all pledged assets specified in the certification, the depository shall be discharged from any further obligation under the pledge agreement.

(10) Interest earned on assets. The foreign bank may retain any interest earned with respect to the assets currently pledged unless the FDIC by written notice prohibits retention of interest by the foreign bank, in which case the notice shall specify the disposition of any such interest.

(11) Expenses of agreement. The FDIC shall not be required to pay any fees, costs, or expenses for services provided by the depository to the foreign bank pursuant to, or in connection with, the pledge agreement.

(12) Substitution of depository. The depository may resign, or the foreign bank may discharge the depository, from its duties and obligations under the pledge agreement by giving at least 60 days' written notice thereof to the other party and to the appropriate regional director. The FDIC, upon 30 days' written notice to the foreign bank and the depository, may require the foreign bank to dismiss the depository if the FDIC in its discretion determines that the depository is in breach of the pledge agreement. The depository shall continue to function as such until the appointment of a successor depository becomes effective and the depository has released to the successor depository the pledged assets and documents and instruments to effectuate transfer of title in accordance with the written instructions of the foreign bank as approved by the FDIC. The appointment by the foreign bank of a successor depository shall not be effective until:

(i) The FDIC has approved in writing the successor depository; and

(ii) A pledge agreement in form and substance satisfactory to the FDIC has been executed.

(13) Waiver of terms. The FDIC may by written order waive compliance by the foreign bank or the depository with any term or condition of the pledge agreement.

§ 347.210 Asset maintenance.

(a) An insured branch of a foreign bank shall maintain on a daily basis eligible assets in an amount not less than 106 percent of the preceding quarter's average book value of the insured branch's liabilities or, in the case of a newly-established insured branch, the estimated book value of its liabilities at the end of the first full quarter of operation, exclusive of liabilities due to the foreign bank's head office, other branches, agencies, offices, or wholly owned subsidiaries. The Director of the Division of Supervision and Consumer Protection or his designee may impose a computation of total liabilities on a daily basis in those instances where it is found necessary for supervisory purposes. The FDIC Board of Directors,
after consulting with the insured branch’s primary regulator, may require that a higher ratio of eligible assets be maintained if the financial condition of the insured branch warrants such action. Among the factors which will be considered in requiring a higher ratio of eligible assets are the concentration of risk to any one borrower or group of related borrowers, the concentration of transfer risk to any one country, including the country in which the foreign bank’s head office is located or any other factor the FDIC determines is relevant. Eligible assets shall be payable in United States dollars.

(b) In determining eligible assets for the purposes of compliance with paragraph (a) of this section, the insured branch shall exclude the following:

1. Any asset due from the foreign bank’s head office, or its other branches, agencies, offices or affiliates;
2. Any asset classified “Value Impaired,” to the extent of the required Allocated Transfer Risk Reserves or equivalent write down, or “Loss” in the most recent state or federal examination report;
3. Any deposit of the insured branch in a bank unless the bank has executed a valid waiver of offset agreement;
4. Any asset not supported by sufficient credit information to allow a review of the asset’s credit quality, as determined at the most recent state or federal examination, as follows:
   (i) Whether an asset has sufficient credit information will be a function of the size of the borrower and the location within the foreign bank of the responsibility for authorizing and monitoring extensions of credit to the borrower. For large, well known companies, when credit responsibility is located in an office of the foreign bank outside the insured branch, the insured branch must have adequate documentation to show that the asset is of good quality and is being supervised adequately by the foreign bank. In such cases, copies of periodic memoranda that include an analysis of the borrower’s recent financial statements and a report on recent developments in the borrower’s operations and borrowing relationships with the foreign bank generally would constitute sufficient information. For other borrowers, periodic memoranda must be supplemented by information such as copies of recent financial statements, recent correspondence concerning the borrower’s financial condition and repayment history, credit terms and collateral, data on any guarantors, and where necessary, the status of any corrective measures being employed;
   (ii) Subsequent to the determination that an asset lacks sufficient credit information, an insured branch may not include the amount of that asset among eligible assets until the FDIC determines that sufficient documentation exists. Such a determination may be made either at the next federal examination, or upon request of the insured branch, by the appropriate regional director;
5. Any asset not in the insured branch’s actual possession unless the insured branch holds title to such asset and the insured branch maintains records sufficient to enable independent verification of the insured branch’s ownership of the asset, as determined at the most recent state or federal examination;
6. Any intangible asset;
7. Any other asset not considered bankable by the FDIC.
(c) A foreign bank which has more than one insured branch in a state may treat all of its insured branches in the same state as one entity for purposes of compliance with paragraph (a) of this section and shall designate one insured branch to be responsible for maintaining the records of the insured branches’ compliance with this section.
(d) The average book value of the insured branch’s liabilities for a quarter shall be, at the insured branch’s option, either an average of the balances as of the close of business for each day of the quarter or an average of the balances as of the close of business on each Wednesday during the quarter. Quarters end on March 31, June 30, September 30, and December 31 of any given year. For days on which the insured branch is closed, balances from the previous business day are to be used. Calculations of the average book value of the insured branch’s liabilities for a quarter shall be retained by the
§ 347.211 Examination of branches of foreign banks.

(a) Frequency of on-site examination. Each branch or agency of a foreign bank shall be examined on-site at least once during each 12-month period (beginning on the date the most recent examination of the office ended) by:

(1) The FRB;
(2) The FDIC, if an insured branch;
(3) The OCC, if the branch or agency of the foreign bank is licensed by the OCC; or
(4) The state supervisor, if the office of the foreign bank is licensed or chartered by the state.

(b) 18-month cycle for certain small institutions—

(1) Mandatory standards. The FDIC may conduct a full-scope, on-site examination at least once during each 18-month period, rather than each 12-month period as provided in paragraph (a) of this section, if the insured branch:

(i) Has total assets of less than $1 billion;
(ii) Has received a composite ROCA supervisory rating (which rates risk management, operational controls, compliance, and asset quality) of 1 or 2 at its most recent examination;
(iii) Satisfies the requirement of either the following paragraph (b)(iii)(A) or (B):
   (A) The foreign bank’s most recently reported capital adequacy position consists of, or is equivalent to, Tier 1 and total risk-based capital ratios of at least 6 percent and 10 percent, respectively, on a consolidated basis; or
   (B) The insured branch has maintained on a daily basis, over the past three quarters, eligible assets in an amount not less than 108 percent of the preceding quarter’s average third party liabilities (determined consistent with applicable federal and state law) and sufficient liquidity is currently available to meet its obligations to third parties;
(iv) Is not subject to a formal enforcement action or order by the FRB, FDIC, or the OCC; and
(v) Has not experienced a change in control during the preceding 12-month period in which a full-scope, on-site examination would have been required but for this section.

(2) Discretionary standards. In determining whether an insured branch that meets the standards of paragraph (b)(1) of this section should not be eligible for an 18-month examination cycle pursuant to this paragraph (b), the FDIC may consider additional factors, including whether:

(i) Any of the individual components of the ROCA supervisory rating of an insured branch is rated “3” or worse;
(ii) The results of any off-site monitoring indicate a deterioration in the condition of the insured branch;
(iii) The size, relative importance, and role of a particular insured branch when reviewed in the context of the foreign bank’s entire U.S. operations otherwise necessitate an annual examination; and
(iv) The condition of the parent foreign bank gives rise to such a need.

(c) Authority to conduct more frequent examinations. Nothing in paragraphs (a) and (b) of this section limits the authority of the FDIC to examine any insured branch as frequently as it deems necessary.

§ 347.212 FDIC approval to conduct activities that are not permissible for federal branches.

(a) Scope. A foreign bank operating an insured state branch which desires to engage in or continue to engage in any type of activity that is not permissible for a federal branch, pursuant to the National Bank Act (12 U.S.C. 21 et seq.) or any other federal statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction, must file a written application for permission to conduct such activity with the FDIC.

(b) Exceptions. If the FDIC has already determined, pursuant to part 362 of this chapter, “Activities and Investment of Insured State Banks,” that an activity does not present a significant risk to the Deposit Insurance Fund, no application is required under paragraph (a) of this section for a foreign bank operating an insured branch to engage
or continue to engage in the same activity.

(c) Agency activities. A foreign bank operating an insured state branch is not required to submit an application pursuant to paragraph (a) of this section to engage in or continue engaging in an activity conducted as agent if the activity is:

(1) permissible agency activity for a state-chartered bank located in the state which the state-licensed insured branch of the foreign bank is located;
(2) permissible agency activity for a state-licensed branch of a foreign bank located in that state; and
(3) permissible pursuant to any other applicable federal law or regulation.

(d) Conditions of approval. (1) Approval of such an application required by paragraph (a) of this section may be conditioned on the agreement by the foreign bank and its insured state branch to conduct the activity subject to specific limitations, which may include pledging of assets in excess of the asset pledge and asset maintenance requirements contained in §§347.209 and 347.210.

(2) In the case of an application to initially engage in an activity, as opposed to an application to continue to conduct an activity, the insured state branch shall not commence the activity until it has been approved in writing by the FDIC pursuant to this part and the FRB, and any and all conditions imposed in such approvals have been satisfied.

(e) Divestiture or cessation. (1) If an application for permission to continue to conduct an activity is not approved by the FDIC or the FRB, the applicant shall submit a plan of divestiture or cessation of the activity to the appropriate regional director.

(2) A foreign bank operating an insured state branch which elects not to apply to the FDIC for permission to continue to conduct an activity which is rendered impermissible by any change in statute, regulation, official bulletin or circular, written order or interpretation, or decision of a court of competent jurisdiction shall submit a plan of divestiture or cessation to the appropriate regional director.

(3) All plans of divestitures or cessation required by this paragraph must be completed within one year from the date of the disapproval, or within such shorter period as the FDIC may direct.

(f) Procedures. Procedures for applications under this section are set out in section 303.187.

[70 FR 17560, Apr. 6, 2005; 70 FR 20704, Apr. 21, 2005, as amended at 71 FR 20527, Apr. 21, 2006]

§347.213 Establishment or operation of noninsured foreign branch.

(a) A foreign bank may establish or operate a state branch, as provided by state law, without federal deposit insurance whenever:

(1) The branch only accepts initial deposits in an amount equal to the SMDIA or greater; or
(2) The branch meets the criteria set forth in §347.214 or §347.215.

(b) [Reserved]

[70 FR 17560, Apr. 6, 2005, as amended at 74 FR 47718, Sept. 17, 2009]

§347.214 Branch established under section 5 of the International Banking Act.

A foreign bank may operate any state branch as a noninsured branch whenever the foreign bank has entered into an agreement with the FRB to accept at that branch only those deposits as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act (12 U.S.C. 611 et seq.) and implementing rules and regulations administered by the FRB (12 CFR 211).

§347.215 Exemptions from deposit insurance requirement.

(a) Deposit activities not requiring insurance. A State branch will not be considered to be engaged in domestic retail deposit activity that requires the foreign bank parent to establish an insured U.S. bank subsidiary if the State branch accepts initial deposits only in an amount of less than an amount equal to the SMDIA that are derived solely from the following:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;
(2) Individuals who:
(i) Are not citizens of the United States;
(ii) Are residents of the United States; and

VerDate Sep<11>2014 10:20 Mar 27, 2017 Jkt 241039 PO 00000 Frm 00816 Fmt 8010 Sfmt 8010 Y:\SGML\241039.XXX 241039jstallworth on DSK7TPTVN1PROD with CFR
(iii) Are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of natural persons) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past twelve months or has entered into a written agreement to provide such services within the next twelve months;

(4) Foreign businesses, large United States businesses, and persons from whom an Edge or agreement corporation may accept deposits under 12 CFR 211.6(a)(1);

(5) Any governmental unit, including the United States government, any state government, any foreign government and any political subdivision or agency of any of the foregoing, and recognized international organizations;

(6) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for the transmission of funds or the transmission of such funds by any electronic means; and

(7) Any other depositor, but only if:

(i) The branch’s average deposits under this paragraph (a)(7) do not exceed one percent of the branch’s average total deposits, as calculated under paragraph (a)(7)(ii) if this section (de minimis exception).

(ii) For purposes of calculating this exception:

(A) The branch’s average deposits under this paragraph and the average total deposits must be computed by summing the close of business figures for each of the last 30 calendar days, ending with and including the last day of the calendar quarter, and dividing the resulting sum by 30;

(B) For days on which the branch is closed, balances from the last previous business day are to be used;

(C) The branch may exclude deposits in the branch of other offices, branches, agencies or wholly owned subsidiaries of the bank to determine its average deposits;

(D) The branch must not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public; and

(E) A foreign bank that has more than one state branch in the same state may aggregate deposits in such branches (excluding deposits of other branches, agencies or wholly owned subsidiaries of the bank) for the purpose of this paragraph (a)(7).

(b) Application for an exemption. (1) Whenever a foreign bank proposes to accept at a State branch initial deposits of less than an amount equal to the SMDIA and such deposits are not otherwise exempted under paragraph (a) of this section, the foreign bank may apply to the FDIC for consent to operate the branch as a noninsured branch. The Board of Directors may exempt the branch from the insurance requirement if the branch is not engaged in domestic retail deposit activities requiring insurance protection. The Board of Directors will consider the size and nature of depositors and deposit accounts, the importance of maintaining and improving the availability of credit to all sectors of the United States economy, including the international trade finance sector of the United States economy, whether the exemption would give the foreign bank an unfair competitive advantage over United States banking organizations, and any other relevant factors in making this determination.

(2) Procedures for applications under this section are set out in § 303.186.

(c) Transition period. A noninsured state branch may maintain a retail deposit lawfully accepted prior to April 1, 1996 pursuant to regulations in effect prior to July 1, 1996:

(1) If the deposit qualifies pursuant to paragraph (a) or (b) of this section; or

(2) If the deposit does not qualify pursuant to paragraph (a) or (b) of this section, in the case of a time deposit, no later than the first maturity date of the time deposit after April 1, 1996.

[70 FR 17560, Apr. 6, 2005, as amended at 74 FR 47718, Sept. 17, 2009]

§ 347.216 Depositor notification.

Any state branch that is exempt from the insurance requirement pursuant to § 347.215 shall:
§ 347.301 Purpose, authority, and scope.

§ 347.302 Definitions.

For the purposes of this subpart:
(a) Administrative cost means those costs which are specifically identified with negotiating, processing and consummating the loan. These costs include, but are not necessarily limited to: legal fees; costs of preparing and processing loan documents; and an allocable portion of salaries and related benefits of employees engaged in the international lending function. No portion of supervisory and administrative expenses or other indirect expenses such as occupancy and other similar overhead costs shall be included.

(b) Banking institution means an insured state nonmember bank.

(c) Federal banking agencies means the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation.

(d) International assets means those assets required to be included in banking institutions’ “Country Exposure Report” form (FFIEC No. 009).

(e) International loan means a loan as defined in the instructions to the “Report of Condition and Income” for the respective banking institution (FFIEC Nos. 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.

(f) Restructured international loan means a loan that meets the following criteria:
(1) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and
(2) Either:
   (i) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or
   (ii) A new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(g) Transfer risk means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of, needed foreign exchange in the country of the obligor.

§ 347.303 Allocated transfer risk reserve.

(a) Establishment of Allocated Transfer Risk Reserve. A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the FDIC in accordance with this section.

(b) Procedures and standards—(1) Joint agency determination. At least annually, the federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:
   (i) Which international assets subject to transfer risk warrant establishment of an ATRR;
   (ii) The amount of the ATRR for the specified assets; and
(iii) Whether an ATRR established for specified assets may be reduced.

(2) Standards for requiring ATRR—(i) Evaluation of assets. The federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(A) Whether the quality of a banking institution’s assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(1) Such obligors have failed to make full interest payments on external indebtedness; or
(2) Such obligors have failed to comply with the terms of any restructured indebtedness; or
(3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or
(B) Whether no definite prospects exist for the orderly restoration of debt service.

(ii) Determination of amount of ATRR.

(A) In determining the amount of the ATRR, the federal banking agencies shall consider:

(1) The length of time the quality of the asset has been impaired;
(2) Recent actions taken to restore debt service capability;
(3) Prospects for restored asset quality; and
(4) Such other factors as the federal banking agencies may consider relevant to the quality of the asset.

(B) The initial year’s provision for the ATRR shall be ten percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be fifteen percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the federal banking agencies.

(3) FDIC notification. Based on the joint agency determinations under paragraph (b)(i) of this section, the FDIC shall notify each banking institution holding assets subject to an ATRR:

(a) Of the amount of the ATRR to be established by the institution for specified international assets; and
(b) That an ATRR established for specified assets may be reduced.

(c) Accounting treatment of ATRR—(1) Charge to current income. A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution’s capital or surplus.

(2) Separate accounting. A banking institution shall account for an ATRR separately from the Allowance for Loan and Lease Losses, and shall deduct the ATRR from “gross loans and leases” to arrive at “net loans and leases.” The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) Consolidation. A banking institution shall establish an ATRR, as required, on a consolidated basis. For banks, consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of Consolidated Reports of Condition and Income (FFIEC Nos. 031, 032, 033 and 034).

(4) Alternative accounting treatment. A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph (c)(4), international assets may be written down by a charge to the Allowance for Loan and Lease Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset; provided, that only those international assets that may be charged to the Allowance for Loan and Lease Losses pursuant to generally accepted accounting principles may be written down by a charge to the Allowance for Loan and Lease Losses. However, the Allowance for Loan and Lease Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution’s loan and lease portfolio.

(5) Reduction of ATRR. A banking institution may reduce an ATRR when
§ 347.304 Accounting for fees on international loans.

(a) Restrictions on fees for restructured international loans. No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative cost of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) Accounting treatment. Subject to paragraph (a) of this section, banking institutions shall account for fees on international loans in accordance with generally accepted accounting principles.

§ 347.305 Reporting and disclosure of international assets.

(a) Requirements. (1) Pursuant to section 907(a) of ILSA, a banking institution shall submit to the FDIC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA, a banking institution shall submit to the FDIC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the FDIC on request.

(b) Procedures. The format, content and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the federal banking agencies. The requirements to be prescribed by the federal banking agencies may include changes to existing forms (such as revisions to the Country Exposure Report, Form FFIEC No. 009) or such other requirements as the federal banking agencies deem appropriate. The federal banking agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the federal banking agencies’ judgment, have de minimis holdings of international assets.

(c) Reservation of Authority. Nothing contained in this subpart shall preclude the FDIC from requiring from a banking institution such additional or more frequent information on the institution’s holdings of international assets as the agency may consider necessary.

PART 348—MANAGEMENT OFFICIAL INTERLOCKS

Sec. 348.1 Purpose and scope.
348.2 Other definitions and rules of construction.
348.3 Prohibitions.
348.4 Interlocking relationships permitted by statute.
348.5 Small market share exemption.
348.6 General exemption.
348.7 Change in circumstances.
348.8 Enforcement.

SOURCE: 80 FR 79252, Dec. 21, 2015, unless otherwise noted.

§ 348.1 Purpose and scope.

(a) Authority. This part is issued under the provisions of the Depository Institution Management Interlocks Act (Interlocks Act) (12 U.S.C. 3201 et seq.), as amended.

(b) Purpose. The purpose of the Interlocks Act and this part is to foster competition by generally prohibiting a management official from serving two nonaffiliated depository organizations in situations where the management interlock likely would have an anti-competitive effect.

(c) Scope. This part applies to management officials of FDIC-supervised institutions and their affiliates.

§ 348.2 Other definitions and rules of construction.

For purposes of this part, the following definitions apply:

(a) Affiliate. (1) The term affiliate has the meaning given in section 202 of the Interlocks Act (12 U.S.C. 3201). For purposes of section 202, shares held by an individual include shares held by members of his or her immediate family. “Immediate family” means spouse, mother, father, child, grandchild, sister, brother or any of their spouses,
whether or not any of their shares are held in trust.

(2) For purposes of section 202(3)(B) of the Interlocks Act (12 U.S.C. 3201(3)(B)), an affiliate relationship involving an FDIC-supervised institution based on common ownership does not exist if the FDIC determines, after giving the affected persons the opportunity to respond, that the asserted affiliation was established in order to avoid the prohibitions of the Interlocks Act and does not represent a true commonality of interest between the depository organizations. In making this determination, the FDIC considers, among other things, whether a person, including members of his or her immediate family whose shares are necessary to constitute the group, owns a nominal percentage of the shares of one of the organizations and the percentage is substantially disproportionate to that person's ownership of shares in the other organization.

(b) Area median income means:

(1) The median family income for the metropolitan statistical area (MSA), if a depository organization is located in an MSA; or

(2) The statewide nonmetropolitan median family income, if a depository organization is located outside an MSA.

(c) Community means a city, town, or village, and contiguous or adjacent cities, towns, or villages.

(d) Contiguous or adjacent cities, towns, or villages means cities, towns, or villages whose borders touch each other or whose borders are within 10 road miles of each other at their closest points. The property line of an office located in an unincorporated city, town, or village is the boundary line of that city, town, or village for the purpose of this definition.

(e) Depository holding company means a bank holding company or a savings and loan holding company (as more fully defined in section 202 of the Interlocks Act (12 U.S.C. 3201)) having its principal office located in the United States.

(f) Depository institution means a commercial bank (including a private bank), a savings bank, a trust company, a savings and loan association, a building and loan association, a home-stead association, a cooperative bank, an industrial bank, or a credit union, chartered under the laws of the United States and having a principal office located in the United States. Additionally, a United States office, including a branch or agency, of a foreign commercial bank is a depository institution.

(g) Depository institution affiliate means a depository institution that is an affiliate of a depository organization.

(h) Depository organization means a depository institution or a depository holding company.

(i) FDIC-supervised institution means either an insured state nonmember bank or a State savings association.

(j) Low- and moderate-income areas means census tracts (or, if an area is not in a census tract, block numbering areas delineated by the United States Bureau of the Census) where the median family income is less than 100 percent of the area median income.

(k) Management official. (1) The term management official means:

(i) A director;

(ii) An advisory or honorary director of a depository institution with total assets of $100 million or more;

(iii) A senior executive officer as that term is defined in 12 CFR 303.101(b).

(iv) A branch manager;

(v) A trustee of a depository organization under the control of trustees; and

(vi) Any person who has a representative or nominee serving in any of the capacities in this paragraph (j)(1).

(2) The term management official does not include:

(i) A person whose management functions relate exclusively to the business of retail merchandising or manufacturing;

(ii) A person whose management functions relate principally to the business outside the United States of a foreign commercial bank; or

(iii) A person described in the provisions of section 202(4) of the Interlocks Act (12 U.S.C. 3201(4)) (referring to an officer of a State-chartered savings bank, cooperative bank, or trust company that neither makes real estate mortgage loans nor accepts savings).
(l) **Office** means a principal or branch office of a depository institution located in the United States. Office does not include a representative office of a foreign commercial bank, an electronic terminal, or a loan production office.

(m) **Person** means a natural person, corporation, or other business entity.

(n) **Relevant metropolitan statistical area (RMSA)** means an MSA, a primary MSA, or a consolidated MSA that is not comprised of designated Primary MSAs to the extent that these terms are defined and applied by the Office of Management and Budget.

(o) **Representative or nominee** means a natural person who serves as a management official and has an obligation to act on behalf of another person with respect to management responsibilities. The FDIC will find that a person has an obligation to act on behalf of another person only if the first person has an agreement, express or implied, to act on behalf of the second person with respect to management responsibilities. The FDIC will determine, after giving the affected persons an opportunity to respond, whether a person is a representative or nominee.

(p) **State savings association** has the same meaning as in section (3)(b)(3) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(b)(3).

(q) **Total assets.** (1) The term **total assets** includes assets measured on a consolidated basis and reported in the most recent fiscal year-end Consolidated Report of Condition and Income.

(2) The term **total assets** does not include:

(i) Assets of a diversified savings and loan holding company as defined by section 10(a)(1)(F) of the Home Owners’ Loan Act (12 U.S.C. 1467a(a)(1)(F)) other than the assets of its depository institution affiliate;

(ii) Assets of a bank holding company that are exempt from the prohibitions of section 4 of the Bank Holding Company Act of 1956 pursuant to an order issued under section 4(d) of that Act (12 U.S.C. 1843(d)) other than the assets of its depository institution affiliate; or

(iii) Assets of offices of a foreign commercial bank other than the assets of its United States branch or agency.

(r) **United States** means the United States of America, any State or territory of the United States of America, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands.

§ 348.3 Prohibitions.

(a) **Community.** A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same community.

(b) **RMSA.** A management official of a depository organization may not serve at the same time as a management official of an unaffiliated depository organization if the depository organizations in question (or a depository institution affiliate thereof) have offices in the same RMSA and each depository organization has total assets of $50 million or more.

(c) **Major assets.** A management official of a depository organization with total assets exceeding $2.5 billion (or any affiliate of such an organization) may not serve at the same time as a management official of an unaffiliated depository organization with total assets exceeding $1.5 billion (or any affiliate of such an organization), regardless of the location of the two depository organizations. The FDIC will adjust these thresholds, as necessary, based on the year-to-year change in the average of the Consumer Price Index for the Urban Wage Earners and Clerical Workers, not seasonally adjusted, with rounding to the nearest $100 million. The FDIC will announce the revised thresholds by publishing a final rule without notice and comment in the **Federal Register**.

§ 348.4 Interlocking relationships permitted by statute.

The prohibitions of §348.3 do not apply in the case of any one or more of the following organizations or to a subsidiary thereof:

(a) A depository organization that has been placed formally in liquidation, or which is in the hands of a receiver, conservator, or other official exercising a similar function;

(b) A corporation operating under section 25 or section 25A of the Federal
§ 348.5 Small market share exemption.

(a) Exemption. A management interlock that is prohibited by §348.3 is permissible, if:

(1) The interlock is not prohibited by §348.3(c); and

(2) The FDIC may disapprove a notice of proposed service if it finds that:

(i) The service cannot be structured or limited so as to preclude an anti-competitive effect in financial services in any part of the United States;

(ii) The service would lead to substantial conflicts of interest or unsafe or unsound practices; or

(iii) The notificant failed to furnish all the information required by the FDIC.

(3) The FDIC may require that any interlock permitted under this paragraph (h) be terminated if a change in circumstances occurs with respect to one of the interlocked depository organizations that would have provided a basis for disapproval of the interlock during the notice period; and

(j) Any FDIC-supervised institution which is a State savings association that has issued stock in connection with a qualified stock issuance pursuant to section 10(q) of the Home Owners’ Loan Act, except that this paragraph (j) shall apply only with regard to service as a single management official of such State savings association or any subsidiary of such State savings association by a single management official of a savings and loan holding company which purchased the stock issued in connection with such qualified stock issuance, and shall apply only when the FDIC has determined that such service is consistent with the purposes of the Interlocks Act and the Home Owners’ Loan Act.

§ 348.5 Small market share exemption.

(b) Confirmation and records. Each depository organization must maintain
records sufficient to support its determination of eligibility for the exemption under paragraph (a) of this section, and must reconfirm that determination on an annual basis.

§ 348.6 General exemption.

(a) Exemption. The FDIC may by agency order exempt an interlock from the prohibitions in §348.3 if the FDIC finds that the interlock would not result in a monopoly or substantial lessening of competition and would not present safety and soundness concerns.

(b) Presumptions. In reviewing an application for an exemption under this section, the FDIC will apply a rebuttable presumption that an interlock will not result in a monopoly or substantial lessening of competition if the depository organization seeking to add a management official:

(1) Primarily serves low- and moderate-income areas;

(2) Is controlled or managed by persons who are members of a minority group, or women;

(3) Is a depository institution that has been chartered for less than two years; or

(4) Is deemed to be in “troubled condition” as defined in §303.101(c).

(c) Duration. Unless a shorter expiration period is provided in the FDIC approval, an exemption permitted by paragraph (a) of this section may continue so long as it does not result in a monopoly or substantial lessening of competition, or is unsafe or unsound. If the FDIC grants an interlock exemption in reliance upon a presumption under paragraph (b) of this section, the interlock may continue for three years, unless otherwise provided by the FDIC in writing.

(d) Procedures. Procedures for applying for an exemption under this section are set forth in 12 CFR 303.249.

§ 348.7 Change in circumstances.

(a) Termination. A management official shall terminate his or her service or apply for an exemption if a change in circumstances causes the service to become prohibited. A change in circumstances may include an increase in asset size of an organization, a change in the delineation of the RMSA or community, the establishment of an office, an increase in the aggregate deposits of the depository organization, or an acquisition, merger, consolidation, or reorganization of the ownership structure of a depository organization that causes a previously permissible interlock to become prohibited.

(b) Transition period. A management official described in paragraph (a) of this section may continue to serve the FDIC-supervised institution involved in the interlock for 15 months following the date of the change in circumstances. The FDIC may shorten this period under appropriate circumstances.

§ 348.8 Enforcement.

Except as provided in this section, the FDIC administers and enforces the Interlocks Act with respect to FDIC-supervised institutions and their affiliates and may refer any case of a prohibited interlocking relationship involving these entities to the Attorney General of the United States to enforce compliance with the Interlocks Act and this part. If an affiliate of an FDIC-supervised institution is subject to the primary regulation of another federal depository organization supervisory agency, then the FDIC does not administer and enforce the Interlocks Act with respect to that affiliate.

PART 349—DERIVATIVES

Subpart A—Margin and Capital Requirements for Covered Swap Entities

Sec. 349.1 Authority, purpose, scope, exemptions and compliance dates.
349.2 Definitions.
349.3 Initial margin.
349.4 Variation margin.
349.5 Netting arrangements, minimum transfer amount and satisfaction of collecting and posting requirements.
349.6 Eligible collateral.
349.7 Segregation of collateral.
349.8 Initial margin models and standardized amounts.
349.9 Cross-border application of margin requirements.
349.10 Documentation of margin matters.
349.11 Special rules for affiliates.
349.12 Capital.

APPENDIX A TO SUBPART A OF PART 349—STANDARDIZED MINIMUM INITIAL MARGIN REQUIREMENTS FOR NON-CLEARED SWAPS
§ 349.1 Authority, purpose, scope, exemptions and compliance dates.

(a) Authority. This subpart is issued by the Federal Deposit Insurance Corporation (FDIC) under section 4s(e) of the Commodity Exchange Act (7 U.S.C. 6s(e)), section 15F(e) of the Securities Exchange Act of 1934 (15 U.S.C. 78o–10(e)), section 8 of the Federal Deposit Insurance Act (12 U.S.C. 1818), and section 13 of the Federal Deposit Insurance Act (12 U.S.C. 1819).

(b) Purpose. Section 4s of the Commodity Exchange Act (7 U.S.C. 6s) and section 15F of the Securities Exchange Act of 1934 (15 U.S.C. 78o–10) require the FDIC to establish capital and margin requirements for any FDIC-insured state-chartered bank that is not a member of the Federal Reserve System or FDIC-insured state-chartered savings association that is registered as a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant with respect to all non-cleared swaps and non-cleared security-based swaps. This subpart implements section 4s of the Commodity Exchange Act and section 15F of the Securities Exchange Act of 1934 by defining terms used in the statutes and related terms, establishing capital and margin requirements, and explaining the statutes' requirements.

(c) Scope. This subpart establishes minimum capital and margin requirements for each covered swap entity subject to this subpart with respect to all non-cleared swaps and non-cleared security-based swaps. This subpart applies to any non-cleared swap or non-cleared security-based swap entered into by a covered swap entity on or after the relevant compliance date set forth in paragraph (e) of this section. Nothing in this subpart is intended to prevent a covered swap entity from collecting margin in amounts greater than are required under this subpart.

(d) Exemptions—(1) Swaps. The requirements of this part (except for § 349.12) shall not apply to a non-cleared swap if the counterparty:

(i) Qualifies for an exception from clearing under section 2(h)(7)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(A)) and implementing regulations;

(ii) Qualifies for an exemption from clearing under a rule, regulation, or order that the Commodity Futures Trading Commission issued pursuant to its authority under section 4(c)(1) of the Commodity Exchange Act of 1936 (7 U.S.C. 6(c)(1)) concerning cooperative entities that would otherwise be subject to the requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(1)(A)); or

(iii) Satisfies the criteria in section 2(h)(7)(D) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(D)) and implementing regulations.

(2) Security-based swaps. The requirements of this part (except for § 349.12) shall not apply to a non-cleared security-based swap if the counterparty:

(i) Qualifies for an exception from clearing under section 3C(g)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78o–3(g)(1)) and implementing regulations; or

(e) Compliance dates. Covered swap entities shall comply with the minimum margin requirements of this subpart on or before the following dates for non-cleared swaps and non-cleared security-based swaps entered into on or after the following dates:

(1) September 1, 2016 with respect to the requirements in §349.3 for initial margin and §349.4 for variation margin for any non-cleared swaps and non-cleared security-based swaps, where both:
   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2016 that exceeds $3 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(1)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(2) March 1, 2017 with respect to the requirements in §349.4 for variation margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

(3) September 1, 2017 with respect to the requirements in §349.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:
   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2017 that exceeds $2.25 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(3)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(4) September 1, 2018 with respect to the requirements in §349.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:
   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2018 that exceeds $1.5 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(4)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(5) September 1, 2019 with respect to the requirements in §349.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:
   (i) The covered swap entity combined with all its affiliates; and
   (ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2019 that exceeds $0.75 trillion, where such amounts are calculated only for business days; and
   (iii) In calculating the amounts in paragraphs (e)(5)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.
Federal Deposit Insurance Corporation

§ 349.2

trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(5)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(6) September 1, 2020 with respect to the requirements in § 349.3 for initial margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

(f) Once a covered swap entity must comply with the margin requirements for non-cleared swaps and non-cleared security-based swaps with respect to a particular counterparty based on the compliance dates in paragraph (e) of this section, the covered swap entity shall remain subject to the requirements of this subpart with respect to that counterparty.

(g)(1) If a covered swap entity’s counterparty changes its status such that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to stricter margin requirements under this subpart (such as if the counterparty’s status changes from a financial end user without material swaps exposure to a financial end user with material swaps exposure), then the covered swap entity shall comply with the stricter margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status.

(2) If a covered swap entity’s counterparty changes its status such that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to less strict margin requirements under this subpart (such as if the counterparty’s status changes from a financial end user with material swaps exposure to a financial end user without material swaps exposure), then the covered swap entity may comply with the less strict margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status as well as for any outstanding non-cleared swap or non-cleared security-based swap entered into after the applicable compliance date in paragraph (e) of this section and before the counterparty changed its status.

[80 FR 74912, Nov. 30, 2015]

§ 349.2 Definitions.

Affiliate. A company is an affiliate of another company if:

(1) Either company consolidates the other on financial statements prepared in accordance with U.S. Generally Accepted Accounting Principles, the International Financial Reporting Standards, or other similar standards;

(2) Both companies are consolidated with a third company on a financial statement prepared in accordance with such principles or standards;

(3) For a company that is not subject to such principles or standards, if consolidation as described in paragraph (1) or (2) of this definition would have occurred if such principles or standards had applied; or

(4) The FDIC has determined that a company is an affiliate of another company, based on FDIC’s conclusion that either company provides significant support to, or is materially subject to the risks or losses of, the other company.

Broker has the meaning specified in section 3(a)(4) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(4)).

Business day means any day other than a Saturday, Sunday, or legal holiday.

Clearing agency has the meaning specified in section 3(a)(23) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(23)).

Company means a corporation, partnership, limited liability company, business trust, special purpose entity, association, or similar organization.
§ 349.2  Counterparty means, with respect to any non-cleared swap or non-cleared security-based swap to which a person is a party, each other party to such non-cleared swap or non-cleared security-based swap.

Covered swap entity means any FDIC-insured state-chartered bank that is not a member of the Federal Reserve System or FDIC-insured state-chartered savings association that is a swap entity, or any other entity that the FDIC determines.

Cross-currency swap means a swap in which one party exchanges with another party principal and interest rate payments in one currency for principal and interest rate payments in another currency, and the exchange of principal occurs on the date the swap is entered into, with a reversal of the exchange of principal at a later date that is agreed upon when the swap is entered into.

Currency of settlement means a currency in which a party has agreed to discharge payment obligations related to a non-cleared swap, a non-cleared security-based swap, a group of non-cleared swaps, or a group of non-cleared security-based swaps subject to a master agreement at the regularly occurring dates on which such payments are due in the ordinary course.

Day of execution means the calendar day at the time the parties enter into a non-cleared swap or non-cleared security-based swap, provided:

(1) If each party is in a different calendar day at the time the parties enter into the non-cleared swap or non-cleared security-based swap, the day of execution is deemed the latter of the two dates; and

(2) If a non-cleared swap or non-cleared security-based swap is:

(i) Entered into after 4:00 p.m. in the location of a party; or

(ii) Entered into on a day that is not a business day in the location of a party, then the non-cleared swap or non-cleared security-based swap is deemed to have been entered into on the immediately succeeding day that is a business day for both parties, and both parties shall determine the day of execution with reference to that business day.

Dealer has the meaning specified in section 3(a)(5) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(5)).

Depositary institution has the meaning specified in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c)).

Derivatives clearing organization has the meaning specified in section 1a(15) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(15)).

Eligible collateral means collateral described in § 349.6.

Eligible master netting agreement means a written, legally enforceable agreement provided that:

(1) The agreement creates a single legal obligation for all individual transactions covered by the agreement upon an event of default following any stay permitted by paragraph (2) of this definition, including upon an event of receivership, conservatorship, insolvency, liquidation, or similar proceeding, of the counterparty;

(2) The agreement provides the covered swap entity the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default, including upon an event of receivership, conservatorship, insolvency, liquidation, or similar proceeding, of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions, other than:

(i) In receivership, conservatorship, or resolution under the Federal Deposit Insurance Act (12 U.S.C. 1811 et seq.), Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 5381 et seq.), the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended (12 U.S.C. 2183 and 2279cc), or laws of foreign jurisdictions that are substantially similar to the U.S. laws referenced in this paragraph (2)(i) in order to facilitate the orderly resolution of the defaulting counterparty; or

(ii) Where the agreement is subject by its terms to, or incorporates, any of
§ 349.2

Federal Deposit Insurance Corporation

the laws referenced in paragraph (2)(i) of this definition;

(3) The agreement does not contain a walkaway clause (that is, a provision that permits a non-defaulting counterparty to make a lower payment than it otherwise would make under the agreement, or no payment at all, to a defaulter or the estate of a defaulter, even if the defaulter or the estate of the defaulter is a net creditor under the agreement); and

(4) A covered swap entity that relies on the agreement for purposes of calculating the margin required by this part must:

(i) Conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that:

(A) The agreement meets the requirements of paragraph (2) of this definition; and

(B) In the event of a legal challenge (including one resulting from default or from receivership, conservatorship, insolvency, liquidation, or similar proceeding), the relevant court and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions; and

(ii) Establish and maintain written procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of this definition.

Financial end user means:

(1) Any counterparty that is not a swap entity and that is:

(i) A bank holding company or an affiliate thereof; a savings and loan holding company; a U.S. intermediate holding company established or designated for purposes of compliance with 12 CFR 252.153; or a nonbank financial institution supervised by the Board of Governors of the Federal Reserve System under Title I of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 5323);

(ii) A depository institution; a foreign bank; a Federal credit union or State credit union as defined in section 2 of the Federal Credit Union Act (12 U.S.C. 17521 & (6)); an institution that functions solely in a trust or fiduciary capacity as described in section 2(c)(2)(D) of the Bank Holding Company Act (12 U.S.C. 1811(c)(2)(D)); an industrial loan company, an industrial bank, or other similar institution described in section 2(c)(2)(H) of the Bank Holding Company Act (12 U.S.C. 1811(c)(2)(H));

(iii) An entity that is state-licensed or registered as:

(A) A credit or lending entity, including a finance company; money lender; installment lender; consumer lender or lending company; mortgage lender, broker, or bank; motor vehicle title pledge lender; payday or deferred deposit lender; premium finance company; commercial finance or lending company; or commercial mortgage company; except entities registered or licensed solely on account of financing the entity’s direct sales of goods or services to customers;

(B) A money services business, including a check casher; money transmitter; currency dealer or exchange; or money order or traveler’s check issuer;

(iv) A regulated entity as defined in section 1303(20) of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992, as amended (12 U.S.C. 4502(20)) or any entity for which the Federal Housing Finance Agency or its successor is the primary federal regulator;

(v) Any institution chartered in accordance with the Farm Credit Act of 1971, as amended, 12 U.S.C. 2001 et seq., that is regulated by the Farm Credit Administration;

(vi) A securities holding company; a broker or dealer; an investment adviser as defined in section 202(a) of the Investment Advisers Act of 1940 (15 U.S.C. 80b–2(a)); an investment company registered with the U.S. Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.); or a company that has elected to be regulated as a business development company pursuant to section 54(a) of the Investment Company Act of 1940 (15 U.S.C. 80a–53(a));

(vii) A private fund as defined in section 202(a) of the Investment Advisers Act of 1940 (15 U.S.C. 80b–2(a)); an entity that would be an investment company under section 3 of the Investment Company Act of 1940 (15 U.S.C. 80a–3) but for section 3(c)(5)(C); or an entity that is deemed not to be an investment
company under section 3 of the Investment Company Act of 1940 pursuant to Investment Company Act Rule 3a–7 (17 CFR 270.3a–7) of the U.S. Securities and Exchange Commission;

(viii) A commodity pool, a commodity pool operator, or a commodity trading advisor as defined, respectively, in section 1a(10), 1a(11), and 1a(12) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(10), 1a(11), and 1a(12)); a floor broker, a floor trader, or introducing broker as defined, respectively, in 1a(22), 1a(23) and 1a(31) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(22), 1a(23), and 1a(31)); or a futures commission merchant as defined in 1a(28) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(28));

(ix) An employee benefit plan as defined in paragraphs (3) and (32) of section 3 of the Employee Retirement Income and Security Act of 1974 (29 U.S.C. 1002);

(x) An entity that is organized as an insurance company, primarily engaged in writing insurance or reinsuring risks underwritten by insurance companies, or is subject to supervision as such by a State insurance regulator or foreign insurance regulator;

(xi) An entity, person or arrangement that is, or holds itself out as being, an entity, person, or arrangement that raises money from investors, accepts money from clients, or uses its own money primarily for the purpose of investing or trading in loans, securities, swaps, funds or other assets for resale or other disposition or otherwise trading in loans, securities, swaps, funds or other assets; or

(xii) An entity that would be a financial end user described in paragraph (1) of this definition or a swap entity, if it were organized under the laws of the United States or any State thereof.

(2) The term “financial end user” does not include any counterparty that is:

(i) A sovereign entity;

(ii) A multilateral development bank;

(iii) The Bank for International Settlements;

(iv) An entity that is exempt from the definition of financial entity pursuant to section 2(h)(7)(C)(iii) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(C)(iii)) and implementing regulations; or

Foreign bank means an organization that is organized under the laws of a foreign country and that engages directly in the business of banking outside the United States.

Foreign exchange forward has the meaning specified in section 1a(24) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(24)).

Foreign exchange swap has the meaning specified in section 1a(25) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(25)).

Initial margin means the collateral as calculated in accordance with §349.8 that is posted or collected in connection with a non-cleared swap or non-cleared security-based swap.

Initial margin collection amount means:

(1) In the case of a covered swap entity that does not use an initial margin model, the amount of initial margin with respect to a non-cleared swap or non-cleared security-based swap that is required under appendix A of this subpart; and

(2) In the case of a covered swap entity that uses an initial margin model pursuant to §349.8, the amount of initial margin with respect to a non-cleared swap or non-cleared security-based swap that is required under the initial margin model.

Initial margin model means an internal risk management model that:

(1) Has been developed and designed to identify an appropriate, risk-based amount of initial margin that the covered swap entity must collect with respect to one or more non-cleared swaps or non-cleared security-based swaps to which the covered swap entity is a party; and

(2) Has been approved by the FDIC pursuant to §349.8.

Initial margin threshold amount means an aggregate credit exposure of $50 million resulting from all non-cleared
swaps and non-cleared security-based swaps between a covered swap entity and its affiliates, and a counterparty and its affiliates. For purposes of this calculation, an entity shall not count a swap or security-based swap that is exempt pursuant to §349.1(d).

Major currency means:
(1) United States Dollar (USD);
(2) Canadian Dollar (CAD);
(3) Euro (EUR);
(4) United Kingdom Pound (GBP);
(5) Japanese Yen (JPY);
(6) Swiss Franc (CHF);
(7) New Zealand Dollar (NZD);
(8) Australian Dollar (AUD);
(9) Swedish Kronor (SEK);
(10) Danish Kroner (DKK);
(11) Norwegian Krone (NOK); or
(12) Any other currency as determined by the FDIC.

Margin means initial margin and variation margin.

Market intermediary means a securities holding company; a broker or dealer; a futures commission merchant as defined in 1a(28) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(28)); a swap dealer as defined in section 1a(49) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(49)); or a security-based swap dealer as defined in section 3(a)(71) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(71)).

Material swaps exposure for an entity means that an entity and its affiliates have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards, and foreign exchange swaps with all counterparties for June, July, and August of the previous calendar year that exceeds $8 billion, where such amount is calculated only for business days. An entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time. For purposes of this calculation, an entity shall not count a swap or security-based swap that is exempt pursuant to §349.1(d).

Multilateral development bank means the International Bank for Reconstruction and Development, the Multilateral Investment Guarantee Agency, the International Finance Corporation, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the European Investment Bank, the European Investment Fund, the Nordic Investment Bank, the Caribbean Development Bank, the Islamic Development Bank, the Council of Europe Development Bank, and any other entity that provides financing for national or regional development in which the U.S. government is a shareholder or contributing member or which the FDIC determines poses comparable credit risk.

Non-cleared swap means a swap that is not cleared by a derivatives clearing organization registered with the Commodity Futures Trading Commission pursuant to section 5(b) of the Commodity Exchange Act of 1936 (7 U.S.C. 7a–1(b)) or by a clearing organization that the Commodity Futures Trading Commission has exempted from registration by rule or order pursuant to section 5(b)(1) of the Commodity Exchange Act of 1936 (7 U.S.C. 7a–1(h)).

Non-cleared security-based swap means a security-based swap that is not, directly or indirectly, submitted to and cleared by a clearing agency registered with the U.S. Securities and Exchange Commission pursuant to section 17A of the Securities Exchange Act of 1934 (15 U.S.C. 78q–1) or by a clearing agency that the U.S. Securities and Exchange Commission has exempted from registration by rule or order pursuant to section 17A of the Securities Exchange Act of 1934 (15 U.S.C. 78q–1).

Prudential regulator has the meaning specified in section 1a(39) of the Commodity Exchange Act of 1936 (7 U.S.C. 1a(39)).

Savings and loan holding company has the meaning specified in section 10(n) of the Home Owners’ Loan Act (12 U.S.C. 1467a(n)).

Securities holding company has the meaning specified in section 618 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 1850a).

§ 349.3 Initial margin.

(a) Collection of margin. A covered swap entity shall collect initial margin with respect to any non-cleared swap or non-cleared security-based swap from a counterparty that is a financial end user with material swaps exposure or that is a swap entity in an amount that is no less than the greater of:

(1) Zero; or

(2) The initial margin collection amount for such non-cleared swap or non-cleared security-based swap less the initial margin threshold amount (not including any portion of the initial margin threshold amount already applied by the covered swap entity or its affiliates to other non-cleared swaps or non-cleared security-based swaps with the counterparty or its affiliates), as applicable.

(b) Posting of margin. A covered swap entity shall post initial margin with respect to any non-cleared swap or non-cleared security-based swap to a counterparty that is a financial end user with material swaps exposure. Such initial margin shall be in an
amount at least as large as the covered swap entity would be required to collect under paragraph (a) of this section if it were in the place of the counterparty.

(c) **Timing.** A covered swap entity shall comply with the initial margin requirements described in paragraphs (a) and (b) of this section on each business day, for a period beginning on or before the business day following the day of execution and ending on the date the non-cleared swap or non-cleared security-based swap terminates or expires.

(d) **Other counterparties.** A covered swap entity is not required to collect or post initial margin with respect to any non-cleared swap or non-cleared security-based swap described in §349.1(d). For any other non-cleared swap or non-cleared security-based swap between a covered swap entity and a counterparty that is neither a financial end user nor a swap entity, the covered swap entity shall collect variation margin at such times and in such forms and such amounts (if any), that the covered swap entity determines appropriately addresses the credit risk posed by the counterparty and the risks of such non-cleared swap or non-cleared security-based swap.

§ 349.5 Netting arrangements, minimum transfer amount, and satisfaction of collecting and posting requirements.

(a) **Netting arrangements.** (1) For purposes of calculating and complying with the initial margin requirements of §349.3 using an initial margin model as described in §349.8, or with the variation margin requirements of §349.4, a covered swap entity may net non-cleared swaps or non-cleared security-based swaps in accordance with this subsection.

(2) To the extent that one or more non-cleared swaps or non-cleared security-based swaps are executed pursuant to an eligible master netting agreement between a covered swap entity and its counterparty that is a swap entity or financial end user, a covered swap entity may calculate and comply with the applicable requirements of this subpart on an aggregate net basis with respect to all non-cleared swaps and non-cleared security-based swaps governed by such agreement, subject to paragraph (a)(3) of this section.

(3)(i) Except as permitted in paragraph (a)(3)(ii) of this section, if an eligible master netting agreement covers non-cleared swaps and non-cleared security-based swaps entered into on or after the applicable compliance date set forth in §349.1(e) or (g), all the non-cleared swaps and non-cleared security-based swaps covered by that agreement are subject to the requirements...
§ 349.6 Eligible collateral.

(a) Non-cleared swaps and non-cleared security-based swaps with a swap entity. For a non-cleared swap or non-cleared security-based swap with a swap entity, a covered swap entity shall collect initial margin and variation margin required pursuant to this subpart solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:
   (i) U.S. dollars or another major currency; or
   (ii) The currency of settlement for the non-cleared swap or non-cleared security-based swap;

(2) With respect to initial margin only:
   (i) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury;
   (ii) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, a U.S. government agency (other than the U.S. Department of the Treasury) whose obligations are fully...
guaranteed by the full faith and credit of the United States government;

(iii) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in § 349.12;

(iv) A publicly traded debt security issued by, or an asset-backed security fully guaranteed as to the payment of principal and interest by, a U.S. Government-sponsored enterprise that is operating with capital support or another form of direct financial assistance received from the U.S. government that enables the repayments of the U.S. Government-sponsored enterprise’s eligible securities;

(v) A publicly traded debt security that meets the terms of 12 CFR 1.2(d) and is issued by a U.S. Government-sponsored enterprise not operating with capital support or another form of direct financial assistance from the U.S. government, and is not an asset-backed security;

(vi) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the Bank for International Settlements, the International Monetary Fund, or a multilateral development bank;

(vii) A security solely in the form of:

(A) Publicly traded debt not otherwise described in paragraph (a)(2) of this section that meets the terms of 12 CFR 1.2(d) and is not an asset-backed security;

(B) Publicly traded common equity that is included in:

(1) The Standard & Poor’s Composite 1500 index or any other similar index of liquid and readily marketable equity securities as determined by the FDIC;

(2) An index that a covered swap entity’s supervisor in a foreign jurisdiction recognizes for purposes of including publicly traded common equity as initial margin under applicable regulatory policy, if held in that foreign jurisdiction;

(viii) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder’s proportional interest in the fund’s net assets and that are issued and redeemed only on the basis of the market value of the fund’s net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:

(A) The fund’s investments are limited to the following:

(1) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, immediately-available cash funds denominated in U.S. dollars; or

(2) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in § 349.12, and immediately-available cash funds denominated in the same currency; and

(B) Assets of the fund may not be transferred through securities lending, securities borrowing, repurchase agreements, reverse repurchase agreements, or other means that involve the fund having rights to acquire the same or similar assets from the transferee; or

(ix) Gold.

(b) Non-cleared swaps and non-cleared security-based swaps with a financial end user. For a non-cleared swap or non-cleared security-based swap with a financial end user, a covered swap entity shall collect and post initial margin and variation margin required pursuant to this subpart solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:

(i) U.S. dollars or another major currency; or

(ii) The currency of settlement for the non-cleared swap or non-cleared security-based swap;

(2) A security that is issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury;

(3) A security that is issued by, or unconditionally guaranteed as to the
§ 349.6 Timely payment of principal and interest by, a U.S. government agency (other than the U.S. Department of Treasury) whose obligations are fully guaranteed by the full faith and credit of the United States government;

(4) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §349.12;

(5) A publicly traded debt security issued by, or an asset-backed security fully guaranteed as to the payment of principal and interest by, a U.S. Government-sponsored enterprise that is operating with capital support or another form of direct financial assistance received from the U.S. government that enables the repayments of the U.S. Government-sponsored enterprise’s eligible securities;

(6) A publicly traded debt security that meets the terms of 12 CFR 1.2(d) and is issued by a U.S. Government-sponsored enterprise not operating with capital support or another form of direct financial assistance from the U.S. government, and is not an asset-backed security;

(7) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the Bank for International Settlements, the International Monetary Fund, or a multilateral development bank;

(8) A security solely in the form of:

(i) Publicly traded debt not otherwise described in this paragraph (b) that meets the terms of 12 CFR 1.2(d) and is not an asset-backed security;

(ii) Publicly traded common equity that is included in:

(A) The Standard & Poor’s Composite 1500 Index or any other similar index of liquid and readily marketable equity securities as determined by the FDIC; or

(B) An index that a covered swap entity’s supervisor in a foreign jurisdiction recognizes for purposes of including publicly traded common equity as initial margin under applicable regulatory policy, if held in that foreign jurisdiction;

(9) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder’s proportional interest in the fund’s net assets and that are issued and redeemed only on the basis of the market value of the fund’s net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:

(i) The fund’s investments are limited to the following:

(A) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, and immediately-available cash funds denominated in U.S. dollars; or

(B) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §349.12, and immediately-available cash funds denominated in the same currency; and

(ii) Assets of the fund may not be transferred through securities lending, securities borrowing, repurchase agreements, reverse repurchase agreements, or other means that involve the fund having rights to acquire the same or similar assets from the transferee; or

(10) Gold.

(c)(1) The value of any eligible collateral collected or posted to satisfy margin requirements pursuant to this subpart is subject to the sum of the following discounts, as applicable:

(i) An 8 percent discount for variation margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for immediately available cash funds denominated in U.S. dollars or another major currency;

(ii) An 8 percent discount for initial margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or
non-cleared security-based swap, except for eligible types of collateral denominated in a single termination currency designated as payable to the non-posting counterparty as part of the eligible master netting agreement; and

(iii) For variation and initial margin non-cash collateral, the discounts described in appendix B of this subpart.

(2) The value of variation margin or initial margin collateral is computed as the product of the cash or market value of the eligible collateral asset times one minus the applicable discounts pursuant to paragraph (c)(1) of this section expressed in percentage terms. The total value of all variation margin or initial margin collateral is calculated as the sum of those values for each eligible collateral asset.

(d) Notwithstanding paragraphs (a) and (b) of this section, eligible collateral for initial margin and variation margin required by this subpart does not include a security issued by:

(1) The party or an affiliate of the party pledging such collateral;

(2) A bank holding company, a savings and loan holding company, a U.S. intermediate holding company established or designated for purposes of compliance with 12 CFR 252.153, a foreign bank, a depository institution, a market intermediary, a company that would be any of the foregoing if it were organized under the laws of the United States or any State, or an affiliate of any of the foregoing institutions; or

(e) A covered swap entity shall monitor the market value and eligibility of all collateral collected and posted to satisfy the minimum initial margin and minimum variation margin requirements of this subpart. To the extent that the market value of such collateral has declined, the covered swap entity shall promptly collect or post such additional eligible collateral as is necessary to maintain compliance with the margin requirements of this subpart. To the extent that the collateral is no longer eligible, the covered swap entity shall promptly collect or post sufficient eligible replacement collateral to comply with the margin requirements of this subpart.

(f) A covered swap entity may collect or post initial margin and variation margin that is required by §349.3(d) or §349.4(c) or that is not required pursuant to this subpart in any form of collateral.

[80 FR 74912, Nov. 30, 2015]

§ 349.7 Segregation of collateral.

(a) A covered swap entity that posts any collateral other than for variation margin with respect to a non-cleared swap or a non-cleared security-based swap shall require that all funds or other property other than variation margin provided by the covered swap entity be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(b) A covered swap entity that collects initial margin required by §349.3(a) with respect to a non-cleared swap or a non-cleared security-based swap shall require that such initial margin be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(c) For purposes of paragraphs (a) and (b) of this section, the custodian must act pursuant to a custody agreement that:

(1) Prohibits the custodian from rehypothecating, repledging, reusing, or otherwise transferring (through securities lending, securities borrowing, repurchase agreement, reverse repurchase agreement or other means) the collateral held by the custodian, except that cash collateral may be held in a general deposit account with the custodian if the funds in the account are used to purchase an asset described in §349.6(a)(2) or (b), such asset is held in compliance with this §349.7, and such purchase takes place within a time period reasonably necessary to consummate such purchase after the cash collateral is posted as initial margin; and

(2) Is a legal, valid, binding, and enforceable agreement under the laws of all relevant jurisdictions, including in
the event of bankruptcy, insolvency, or a similar proceeding.

(d) Notwithstanding paragraph (c)(1) of this section, a custody agreement may permit the posting party to substitute or direct any reinvestment of posted collateral held by the custodian, provided that, with respect to collateral collected by a covered swap entity pursuant to §349.3(a) or posted by a covered swap entity pursuant to §349.3(b), the agreement requires the posting party to:

(1) Substitute only funds or other property that would qualify as eligible collateral under §349.6, and for which the amount net of applicable discounts described in appendix B of this subpart would be sufficient to meet the requirements of §349.3; and

(2) Direct reinvestment of funds only in assets that would qualify as eligible collateral under §349.6, and for which the amount net of applicable discounts described in appendix B of this subpart would be sufficient to meet the requirements of §349.3.

§ 349.8 Initial margin models and standardized amounts.

(a) Standardized amounts. Unless a covered swap entity’s initial margin model conforms to the requirements of this section, the covered swap entity shall calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §349.3 on a daily basis pursuant to appendix A of this subpart.

(b) Use of initial margin models. A covered swap entity may calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §349.3 on a daily basis using an initial margin model only if the initial margin model meets the requirements of this section.

(c) Requirements for initial margin model. (1) A covered swap entity must obtain the prior written approval of the FDIC before using any initial margin model to calculate the initial margin required in this subpart.

(2) A covered swap entity must demonstrate that the initial margin model satisfies all of the requirements of this section on an ongoing basis.

(3) A covered swap entity must notify the FDIC in writing 60 days prior to:

(i) Extending the use of an initial margin model that the FDIC has approved under this section to an additional product type;

(ii) Making any change to any initial margin model approved by the FDIC under this section that would result in a material change in the covered swap entity’s assessment of initial margin requirements; or

(iii) Making any material change to modeling assumptions used by the initial margin model.

(4) The FDIC may rescind its approval of the use of any initial margin model, in whole or in part, or may impose additional conditions or requirements if the FDIC determines, in its sole discretion, that the initial margin model no longer complies with this section.

(d) Quantitative requirements. (1) The covered swap entity’s initial margin model must calculate an amount of initial margin that is equal to the potential future exposure of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. Potential future exposure is an estimate of the one-tailed 99 percent confidence interval for an increase in the value of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps due to an instantaneous price shock that is equivalent to a movement in all material underlying risk factors, including prices, rates, and spreads, over a holding period equal to the shorter of ten business days or the maturity of the non-cleared swap, non-cleared security-based swap or netting portfolio.

(2) All data used to calibrate the initial margin model must be based on an equally weighted historical observation period of at least one year and not more than five years and must incorporate a period of significant financial stress for each broad asset class that is appropriate to the non-cleared swaps and non-cleared security-based swaps.
to which the initial margin model is applied.

(3) The covered swap entity’s initial margin model must use risk factors sufficient to measure all material price risks inherent in the transactions for which initial margin is being calculated. The risk categories must include, but should not be limited to, foreign exchange or interest rate risk, credit risk, equity risk, and commodity risk, as appropriate. For material exposures in significant currencies and markets, modeling techniques must capture spread and basis risk and must incorporate a sufficient number of segments of the yield curve to capture differences in volatility and imperfect correlation of rates along the yield curve.

(4) In the case of a non-cleared cross-currency swap, the covered swap entity’s initial margin model need not recognize any risks or risk factors associated with the fixed, physically-settled foreign exchange transaction associated with the exchange of principal embedded in the non-cleared cross-currency swap. The initial margin model must recognize all material risks and risk factors associated with all other payments and cash flows that occur during the life of the non-cleared cross-currency swap.

(5) The initial margin model may calculate initial margin for a non-cleared swap or non-cleared security-based swap or a netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. It may reflect offsetting exposures, diversification, and other hedging benefits for non-cleared swaps and non-cleared security-based swaps that are governed by the same eligible master netting agreement by incorporating empirical correlations within the following broad risk categories, provided the covered swap entity validates and demonstrates the reasonableness of its process for modeling and measuring hedging benefits: Commodity, credit, equity, and foreign exchange or interest rate. Empirical correlations under an eligible master netting agreement may be recognized by the initial margin model within each broad risk category, but not across broad risk categories.

(6) If the initial margin model does not explicitly reflect offsetting exposures, diversification, and hedging benefits between subsets of non-cleared swaps or non-cleared security-based swaps within a broad risk category, the covered swap entity must calculate an amount of initial margin separately for each subset within which such relationships are explicitly recognized by the initial margin model. The sum of the initial margin amounts calculated for each subset of non-cleared swaps and non-cleared security-based swaps within a broad risk category will be used to determine the aggregate initial margin due from the counterparty for the portfolio of non-cleared swaps and non-cleared security-based swaps within the broad risk category.

(7) The sum of the initial margin amounts calculated for each broad risk category will be used to determine the aggregate initial margin due from the counterparty.

(8) The initial margin model may not permit the calculation of any initial margin collection amount to be offset by, or otherwise take into account, any initial margin that may be owed or otherwise payable by the covered swap entity to the counterparty.

(9) The initial margin model must include all material risks arising from the nonlinear price characteristics of option positions or positions with embedded optionality and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates, prices, or other material risk factors.

(10) The covered swap entity may not omit any risk factor from the calculation of its initial margin that the covered swap entity uses in its initial margin model unless it has first demonstrated to the satisfaction of the FDIC that such omission is appropriate.

(11) The covered swap entity may not incorporate any proxy or approximation used to capture the risks of the covered swap entity’s non-cleared swaps or non-cleared security-based swaps unless it has first demonstrated to the satisfaction of the FDIC that
§ 349.8 12 CFR Ch. III (1–1–17 Edition)

such proxy or approximation is appropriate.

(12) The covered swap entity must have a rigorous and well-defined process for re-estimating, re-evaluating, and updating its internal margin model to ensure continued applicability and relevance.

(13) The covered swap entity must review and, as necessary, revise the data used to calibrate the initial margin model at least annually, and more frequently as market conditions warrant, to ensure that the data incorporate a period of significant financial stress appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(14) The level of sophistication of the initial margin model must be commensurate with the complexity of the non-cleared swaps and non-cleared security-based swaps to which it is applied. In calculating an initial margin collection amount, the initial margin model may make use of any of the generally accepted approaches for modeling the risk of a single instrument or portfolio of instruments.

(15) The FDIC may in its sole discretion require a covered swap entity using an initial margin model to collect a greater amount of initial margin than that determined by the covered swap entity’s initial margin model if the FDIC determines that the additional collateral is appropriate due to the nature, structure, or characteristics of the covered swap entity’s transaction(s), or is commensurate with the risks associated with the transaction(s).

(e) Periodic review. A covered swap entity must periodically, but no less frequently than annually, review its initial margin model in light of developments in financial markets and modeling technologies, and enhance the initial margin model as appropriate to ensure that the initial margin model continues to meet the requirements for approval in this section.

(f) Control, oversight, and validation mechanisms. (1) The covered swap entity must maintain a risk control unit that reports directly to senior management and is independent from the business trading units.

(2) The covered swap entity’s risk control unit must validate its initial margin model prior to implementation and on an ongoing basis. The covered swap entity’s validation process must be independent of the development, implementation, and operation of the initial margin model, or the validation process must be subject to an independent review of its adequacy and effectiveness. The validation process must include:

(i) An evaluation of the conceptual soundness of (including developmental evidence supporting) the initial margin model;

(ii) An ongoing monitoring process that includes verification of processes and benchmarking by comparing the covered swap entity’s initial margin model outputs (estimation of initial margin) with relevant alternative internal and external data sources or estimation techniques. The benchmark(s) must address the chosen model’s limitations. When applicable, the covered swap entity should consider benchmarks that allow for non-normal distributions such as historical and Monte Carlo simulations. When applicable, validation shall include benchmarking against observable margin standards to ensure that the initial margin required is not less than what a derivatives clearing organization or a clearing agency would require for similar cleared transactions; and

(iii) An outcomes analysis process that includes backtesting the initial margin model. This analysis must recognize and compensate for the challenges inherent in back-testing over periods that do not contain significant financial stress.

(3) If the validation process reveals any material problems with the initial margin model, the covered swap entity must promptly notify the FDIC of the problems, describe to the FDIC any remedial actions being taken, and adjust the initial margin model to ensure an appropriately conservative amount of required initial margin is being calculated.

(4) The covered swap entity must have an internal audit function independent of business-line management and the risk control unit that at least annually assesses the effectiveness of
the controls supporting the covered swap entity’s initial margin model measurement systems, including the activities of the business trading units and risk control unit, compliance with policies and procedures, and calculation of the covered swap entity’s initial margin requirements under this subpart. At least annually, the internal audit function must report its findings to the covered swap entity’s board of directors or a committee thereof.

(g) Documentation. The covered swap entity must adequately document all material aspects of its initial margin model, including the management and valuation of the non-cleared swaps and non-cleared security-based swaps to which it applies, the control, oversight, and validation of the initial margin model, any review processes and the results of such processes.

(h) Escalation procedures. The covered swap entity must adequately document internal authorization procedures, including escalation procedures, that require review and approval of any change to the initial margin calculation under the initial margin model, demonstrable analysis that any basis for any such change is consistent with the requirements of this section, and independent review of such demonstrable analysis and approval.

§ 349.9 Cross-border application of margin requirements.

(a) Transactions to which this rule does not apply. The requirements of §§349.3 through 349.8 and §§349.10 through 349.12 shall not apply to any foreign non-cleared swap or foreign non-cleared security-based swap of a foreign covered swap entity.

(b) For purposes of this section, a foreign non-cleared swap or foreign non-cleared security-based swap is any non-cleared swap or non-cleared security-based swap with respect to which neither the counterparty to the foreign covered swap entity nor any party that provides a guarantee of either party’s obligations under the non-cleared swap or non-cleared security-based swap is:

(1) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) A swap entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(c) For purposes of this section, a foreign covered swap entity is any covered swap entity that is not:

(1) An entity organized under the laws of the United States or any State, including a U.S. branch, agency, or subsidiary of a foreign bank;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) An entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(d) Transactions for which substituted compliance determination may apply—(1) Determinations and reliance. For non-cleared swaps and non-cleared security-based swaps entered into by covered swap entities described in paragraph (d)(3) of this section, a covered swap entity may satisfy the provisions of this subpart by complying with the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that the prudential regulators jointly, conditionally or unconditionally, determine by public order satisfy the corresponding requirements of §§349.3 through 349.8 and §§349.10 through 349.12.

(2) Standard. In determining whether to make a determination under paragraph (d)(1) of this section, the prudential regulators will consider whether the requirements of such foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that the prudential regulators jointly, conditionally or unconditionally, determine by public order satisfy the corresponding requirements of §§349.3 through 349.8 and §§349.10 through 349.12.

(3) Covered swap entities eligible for substituted compliance. A covered swap entity may rely on a determination under paragraph (d)(1) of this section only if:
§ 349.9

(i) The covered swap entity’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (other than a U.S. branch or agency of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State; and

(ii) The covered swap entity is:

(A) A foreign covered swap entity;

(B) A U.S. branch or agency of a foreign bank; or

(C) An entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation.

(4) Compliance with foreign margin collection requirement. A covered swap entity satisfies its requirement to post initial margin under § 349.3(b) by posting to its counterparty initial margin in the form and amount, and at such times, that its counterparty is required to collect pursuant to a foreign regulatory framework, provided that the counterparty is subject to the foreign regulatory framework and the prudential regulators have made a determination under paragraph (d)(1) of this section, unless otherwise stated in that determination, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(i) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(ii) A branch or office of an entity organized under the laws of the United States or any State.

(e) Requests for determinations. (1) A covered swap entity described in paragraph (d)(3) of this section may request that the prudential regulators make a determination pursuant to this section. A request for a determination must include a description of:

(i) The scope and objectives of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps;

(ii) The specific provisions of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that govern:

(A) The scope of transactions covered;

(B) The determination of the amount of initial margin and variation margin required and how that amount is calculated;

(C) The timing of margin requirements;

(D) Any documentation requirements;

(E) The forms of eligible collateral;

(F) Any segregation and rehypothecation requirements; and

(G) The approval process and standards for models used in calculating initial margin and variation margin;

(iii) The supervisory compliance program and enforcement authority exercised by a foreign financial regulatory authority or authorities in such system to support its oversight of the application of the non-cleared swap or non-cleared security-based swap regulatory framework and how that framework applies to the non-cleared swaps or non-cleared security-based swaps of the covered swap entity; and

(iv) Any other descriptions and documentation that the prudential regulators determine are appropriate.

(2) A covered swap entity described in paragraph (d)(3) of this section may make a request under this section only if the non-cleared swap or non-cleared security-based swap activities of the covered swap entity are directly supervised by the authorities administering the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps.

(f) Segregation unavailable. Sections 3(b) and 7 do not apply to a non-cleared swap or non-cleared security-based swap entered into by:

(1) A foreign branch of a covered swap entity that is a depository institution; or

(2) A covered swap entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation, if:

(i) Inherent limitations in the legal or operational infrastructure in the
§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 349.10 Foreign jurisdiction make it impracticable for the covered swap entity and the counterparty to post any form of eligible initial margin collateral recognized pursuant to §349.6(b) in compliance with the segregation requirements of §349.7:

(ii) The covered swap entity is subject to foreign regulatory restrictions that require the covered swap entity to transact in the non-cleared swap or non-cleared security-based swap with the counterparty through an establishment within the foreign jurisdiction and do not accommodate the posting of collateral for the non-cleared swap or non-cleared security-based swap outside the jurisdiction;

(iii) The counterparty to the non-cleared swap or non-cleared security-based swap is not, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State;

(iv) The covered swap entity collects initial margin for the non-cleared swap or non-cleared security-based swap in accordance with §349.3(a) in the form of cash pursuant to §349.6(b)(1), and posts and collects variation margin in accordance with §349.4(a) in the form of cash pursuant to §349.6(b)(1); and

(v) The FDIC provides the covered swap entity with prior written approval for the covered swap entity’s reliance on this paragraph (f) for the foreign jurisdiction.

(g) Guarantee means an arrangement pursuant to which one party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a third-party guarantor, with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. For these purposes, a party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a guarantor if the party has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from the guarantor with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. In addition, any arrangement pursuant to which the guarantor has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from any other third party guarantor with respect to the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap, such arrangement will be deemed a guarantee of the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap by the other guarantor.

§ 349.10 Foreign jurisdiction make it impracticable for the covered swap entity and the counterparty to post any form of eligible initial margin collateral recognized pursuant to §349.6(b) in compliance with the segregation requirements of §349.7:

(ii) The covered swap entity is subject to foreign regulatory restrictions that require the covered swap entity to transact in the non-cleared swap or non-cleared security-based swap with the counterparty through an establishment within the foreign jurisdiction and do not accommodate the posting of collateral for the non-cleared swap or non-cleared security-based swap outside the jurisdiction:

(iii) The counterparty to the non-cleared swap or non-cleared security-based swap is not, and the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State;

(iv) The covered swap entity collects initial margin for the non-cleared swap or non-cleared security-based swap in accordance with §349.3(a) in the form of cash pursuant to §349.6(b)(1), and posts and collects variation margin in accordance with §349.4(a) in the form of cash pursuant to §349.6(b)(1); and

(v) The FDIC provides the covered swap entity with prior written approval for the covered swap entity’s reliance on this paragraph (f) for the foreign jurisdiction.

(g) Guarantee means an arrangement pursuant to which one party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a third-party guarantor, with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. For these purposes, a party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a guarantor if the party has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from the guarantor with respect to its counterparty’s obligations under the non-cleared swap or non-cleared security-based swap. In addition, any arrangement pursuant to which the guarantor has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from any other third party guarantor with respect to the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap, such arrangement will be deemed a guarantee of the counterparty’s obligations under the non-cleared swap or non-cleared security-based swap by the other guarantor.

§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.

§ 349.10 Documentation of margin matters.

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security-based swaps entered into between the covered swap entity and the counterparty.
§ 349.11 Special rules for affiliates.

(a) Affiliates. This subpart applies to a non-cleared swap or non-cleared security-based swap of a covered swap entity with its affiliate, unless the swap or security-based swap is excluded from coverage under §349.1(d) or as otherwise provided in this section. To the extent of any inconsistency between this section and any other provision of this subpart, this section will apply.

(b) Initial margin—(1) Posting of initial margin. The requirement for a covered swap entity to post initial margin under §349.3(b) does not apply with respect to any non-cleared swap or non-cleared security-based swap with a counterparty that is an affiliate. A covered swap entity shall calculate the amount of initial margin that would be required to be posted to an affiliate that is a financial end user with material swaps exposure pursuant to §349.3(b) and provide documentation of such amount to each affiliate on a daily basis.

(2) Initial margin threshold amount. For purposes of calculating the amount of initial margin to be collected from an affiliate counterparty in accordance with §349.3(a) or calculating the amount of initial margin that would have been posted to an affiliate counterparty in accordance with paragraph (b)(1) of this section, the initial margin threshold amount is an aggregate credit exposure of $20 million resulting from all non-cleared swaps and non-cleared security-based swaps between the covered swap entity and that affiliate. For purposes of this calculation, an entity shall not count a non-cleared swap or non-cleared security-based swap that is exempt pursuant to §349.1(d).

(c) Variation margin. A covered swap entity shall collect and post variation margin with respect to a non-cleared swap or non-cleared security-based swap with any counterparty that is an affiliate as provided in §349.4.

(d) Custodian for non-cash collateral. To the extent that a covered swap entity collects initial margin required by §349.3(a) from an affiliate with respect to any non-cleared swap or non-cleared security-based swap in the form of collateral other than cash collateral, the custodian for such collateral may be the covered swap entity or an affiliate of the covered swap entity.

(e) Model holding period and netting—(1) Model holding period. For any non-cleared swap or non-cleared security-based swap (or netting portfolio) between a covered swap entity and an affiliate that would be subject to the clearing requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1936 or section 3C(a)(1) of the Securities Exchange Act of 1934 but for an exemption under section 2(h)(7)(C)(iii) or (D) or section 4(c)(1) of the Commodity Exchange Act of 1936 or regulations of the Commodity Futures Trading Commission or section 3C(g)(4) of the Securities Exchange Act of 1934 or regulations of the U.S. Securities and Exchange Commission, the covered swap entity’s initial margin model calculation as described in §349.8(d)(1) may use a holding period equal to the shorter of five business days or the maturity of the non-cleared swap or non-cleared security-based swap (or netting portfolio).

(2) Netting arrangements. Any netting portfolio that contains any non-cleared swap or non-cleared security-based swap with a model holding period equal to the shorter of five business days or the maturity of the non-cleared swap or non-cleared security-based swap pursuant to paragraph (e)(1) of this section must be identified and separate from any other netting portfolio for purposes of calculating and complying with the initial margin requirements of this subpart.

(f) Standardized amounts. If a covered swap entity’s initial margin model does not conform to the requirements of §349.8, the covered swap entity shall calculate the amount of initial margin required to be collected for one or more non-cleared swaps or non-cleared security-based swaps with a given affiliate counterparty pursuant to section §349.3 on a daily basis pursuant to Appendix A with the gross initial margin multiplied by 0.7.

§ 349.12 Capital.

A covered swap entity shall comply with the capital requirements that are applicable to the covered swap entity under part 324 of this chapter.

[80 FR 74912, Nov. 30, 2015]
ble master netting agreement that is calculated according to Appendix A will be computed as follows:

\[ \text{NGR} = \frac{\text{Net Current Replacement Cost}}{\text{Gross Current Replacement Cost}} \]

where:

- \( \text{NGR} \) is the net-to-gross ratio (that is, the ratio of the net current replacement cost to the gross current replacement cost).
- \( \text{Net Current Replacement Cost} \) is the net amount of the eligible swap or security-based swap subject to the eligible master netting agreement.
- \( \text{Gross Current Replacement Cost} \) is the gross amount of the eligible swap or security-based swap subject to the eligible master netting agreement.

*The initial margin amount applicable to multiple non-cleared swaps or non-cleared security-based swaps subject to an eligible master netting agreement that is calculated according to Appendix A will be computed as follows:

\[ \text{Initial Margin} = 0.4 \times \text{Gross Initial Margin} + 0.6 \times \text{NGR} \times \text{Gross Initial Margin} \]

where:

- \( \text{Gross Initial Margin} \) is the sum of the product of each non-cleared swap’s or non-cleared security-based swap’s effective notional amount and the gross initial margin requirement for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement,
- \( \text{NGR} \) is the net-to-gross ratio (that is, the ratio of the net current replacement cost to the gross current replacement cost). In calculating NGR, the gross current replacement cost equals the sum of the replacement cost for each non-cleared swap and non-cleared security-based swap subject to the eligible master netting agreement for which the cost is positive. The net current replacement cost equals the total replacement cost for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement. In cases where the gross replacement cost is zero, the NGR should be set to 1.0.*

*The discount to be applied to an eligible investment fund is the weighted average discount on all assets within the eligible investment fund at the end of the prior month. The weights to be applied in the weighted average should be calculated as a fraction of the fund’s total market value that is invested in each asset with a given discount amount. As an example, an eligible investment fund that is comprised solely of $100 of 91 day Treasury bills and $100 of 3 year US Treasury bonds would receive a discount of (100/200)*0.5+(100/200)*2.0=(0.5)*0.5+(0.5)*2.0=1.25 percent.*
§ 349.13 Authority, purpose, and scope.

(a) Authority. An FDIC-supervised insured depository institution that engages in retail forex transactions shall comply with the requirements of this part.

(b) Purpose. This part establishes rules applicable to retail forex transactions engaged in by FDIC-supervised insured depository institutions and applies on or after the effective date.

(c) Scope. Except as provided in paragraph (d) of this section, this part applies to FDIC-supervised insured depository institutions.

(d) International applicability. Sections 349.15 and 349.17 through 349.28 do not apply to retail foreign exchange transactions between a foreign branch of an FDIC-supervised IDI and a non-U.S. customer. With respect to those transactions, an FDIC-supervised IDI must comply with any disclosure, recordkeeping, capital, margin, reporting, business conduct, documentation, and other requirements of applicable foreign law.

[76 FR 40789, July 12, 2011. Redesignated and amended at 80 FR 74912, Nov. 30, 2015]

§ 349.14 Definitions.

For purposes of this part—

The following terms have the same meaning as in the Commodity Exchange Act: “Affiliated person of a futures commission merchant”; “Associated person”; “Contract of sale”; “Commodity”; “Eligible contract participant”; “Futures commission merchant”; “Security”; and “Security futures product”.

Affiliate has the same meaning as in §2(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(k)).

Commodity Exchange Act means the Commodity Exchange Act (7 U.S.C. 1 et seq.).

FDIC-supervised insured depository institution means any insured depository institution for which the Federal Deposit Insurance Corporation is the appropriate Federal banking agency pursuant to §3(q) of the Federal Deposit Insurance Act, 12 U.S.C. 1813(q).

Forex means foreign exchange.

Institution-affiliated party or IAP has the same meaning as in 12 U.S.C. 1813(u)(1), (2), or (3).

Insured depository institution or IDI has the same meaning as in 12 U.S.C. 1813(c)(2).

Introducing broker means any person who solicits or accepts orders from a retail forex customer in connection with retail forex transactions.

Related person, when used in reference to a retail forex counterparty, means:

(1) Any general partner, officer, director, or owner of ten percent or more of the capital stock of the FDIC-supervised insured depository institution;

(2) An associated person or employee of the retail forex counterparty, if the retail forex counterparty is not an FDIC-supervised insured depository institution;

(3) An IAP, if the retail forex counterparty is an FDIC-supervised insured depository institution;

(4) Any relative or spouse of any of the foregoing persons, or any relative of such spouse, who shares the same home as any of the foregoing persons.

Retail forex account means the account of a retail forex customer, established with an FDIC-supervised insured depository institution, in which retail forex transactions with the FDIC-supervised insured depository institution as counterparty are undertaken, or the account of a retail forex customer that is established in order to enter into such transactions.

Retail forex account agreement means the contractual agreement between an FDIC-supervised insured depository institution and a retail forex customer that contains the terms governing the customer’s retail forex account with the FDIC-supervised insured depository institution.

Retail forex business means engaging in one or more retail forex transactions with the intent to derive income from those transactions, either directly or indirectly.

Retail forex counterparty includes, as appropriate:

(1) An FDIC-supervised insured depository institution;

(2) A retail foreign exchange dealer;
§ 349.15 Prohibited transactions.

(a) Fraudulent conduct prohibited. No FDIC-supervised insured depository institution or its IAPs may, directly or indirectly, in or in connection with any retail forex transaction:

(3) A futures commission merchant; and

(4) An affiliated person of a futures commission merchant.

Retail forex customer means a customer that is not an eligible contract participant, acting on his, her, or its own behalf and engaging in retail forex transactions.

Retail forex obligations means obligations of a retail forex customer with respect to retail forex transactions, including, but not limited to, trading losses, fees, and commissions.

Retail forex proprietary account means:

(a) The retail forex account carried on the books of an FDIC-supervised insured depository institution for one of the following persons; a retail forex account of which 10 percent or more is owned by one of the following persons; or a retail forex account of which an aggregate of 10 percent or more of which is owned by more than one of the following persons:

(i) The FDIC-supervised insured depository institution;

(ii) An officer, director or owner of ten percent or more of the capital stock of the FDIC-supervised insured depository institution; or

(iii) An employee of the FDIC-supervised insured depository institution, whose duties include:

(A) The management of the FDIC-supervised insured depository institution's business;

(B) The handling of the FDIC-supervised insured depository institution’s retail forex transactions;

(C) The keeping of records, including without limitation the software used to make or maintain those records, pertaining to the FDIC-supervised insured depository institution’s retail forex transactions; or

(D) The signing or co-signing of checks or drafts on behalf of the FDIC-supervised insured depository institution;

(ii) A spouse or minor dependent living in the same household as of any of the foregoing persons; or

(iii) An affiliate of the FDIC-supervised insured depository institution;

Retail forex transaction means an agreement, contract, or transaction in foreign currency, other than an identified banking product or a part of an identified banking product, that is offered or entered into by FDIC-supervised insured depository institution with a person that is not an eligible contract participant and that is:

(1) A contract of sale of a commodity for future delivery or an option on such a contract;

(2) An option, other than an option executed or traded on a national securities exchange registered pursuant to §6(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78f(a)); or

(3) Offered or entered into on a leveraged or margined basis, or financed by an FDIC-supervised insured depository institution, its affiliate, or any person acting in concert with the FDIC-supervised insured depository institution or its affiliate on a similar basis, other than:

(A) A security that is not a security futures product as defined in §1a(47) of the Commodity Exchange Act (7 U.S.C. 1a(47)); or

(B) A contract of sale that—

(A) Results in actual delivery within two days; or

(B) Creates an enforceable obligation to deliver between a seller and buyer that have the ability to deliver and accept delivery, respectively, in connection with their line of business; or

(ii) An agreement, contract, or transaction that the FDIC determines is not functionally or economically similar to:

(A) A contract of sale of a commodity for future delivery or an option on such a contract; or

(B) An option, other than an option executed or traded on a national securities exchange registered pursuant to Section 6(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78f(a)).

Retail forex obligations means obligations of a retail forex customer with respect to retail forex transactions, including, but not limited to, trading losses, fees, and commissions.

[76 FR 40789, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]
§ 349.16 Filing procedures.

(a) General. Before commencing a retail forex business, an FDIC-supervised insured depository institution shall provide the FDIC prior written notice and obtain the FDIC’s prior written consent.

(b) Where to file. A notice required by this section shall be submitted in writing to the appropriate FDIC office.

(c) Contents of filing. A complete letter notice shall include the following information:

(1) Filings generally. (i) A brief description of the FDIC-supervised institution’s proposed retail forex business and the manner in which it will be conducted;

(ii) The amount of the institution’s existing or proposed direct or indirect investment in the retail forex business as well as calculations sufficient to indicate compliance with all capital requirements in §349.20 and all other applicable capital standards;

(iii) A copy of the FDIC-supervised insured depository institution’s comprehensive business plan that includes a discussion of, among other things, how the operation of the retail forex business is consistent with the institution’s overall strategy;

(iv) A description of the FDIC-supervised insured depository institution’s target customers for its proposed retail forex business and related information, including without limitation credit evaluations, customer appropriateness, and “know your customer” documentation;

(v) A resolution by the FDIC-supervised insured depository institution’s board of directors that the proposed retail forex business is an appropriate activity for the institution and that the institution’s written policies, procedures, and risk measurement and management systems and controls address conducting retail forex business in a safe and sound manner and in compliance with this part;

(vi) Sample risk disclosures sufficient to demonstrate compliance with §349.18.

(2) Copy of application or notice filed with another agency. If an FDIC-supervised insured depository institution has filed an application or notice with another regulatory authority which contains all of the information required by subparagraph (c)(1) of this part, the institution may submit a copy to the FDIC in lieu of a separate filing.

(3) Additional information. The FDIC may request additional information to complete the processing of the notification.

(d) Treatment of Existing Retail Forex Business. Any FDIC-supervised insured depository institution that is engaged in retail forex business on July 15, 2011 may continue to do so for up to six months, subject to an extension of time by the FDIC, provided that it notifies the FDIC of its retail forex business and requests the FDIC’s written consent in accordance with paragraph (a) of this section.

(e) Compliance with the Commodities Exchange Act. Any FDIC-supervised insured depository institution that is engaged in retail forex business on July 15, 2011 shall be deemed, during the six-month period (including any extension) provided in paragraph (e) of this section, to be acting pursuant to a rule or regulation described in §2(c)(2)(E)(ii)(I) of the Commodity Exchange Act (7 U.S.C. 2(c)(2)(E)(ii)(I)).
§ 349.17 Application and closing out of offsetting long and short positions.

(a) Application of purchases and sales. Any FDIC-supervised insured depository institution that—

(1) Engages in a retail forex transaction involving the purchase of any currency for the account of any retail forex customer when the account of such retail forex customer at the time of such purchase has an open retail forex transaction for the sale of the same currency;

(2) Engages in a retail forex transaction involving the sale of any currency for the account of any retail forex customer when the account of such retail forex customer at the time of such sale has an open retail forex transaction for the purchase of the same currency;

(3) Purchases a put or call option involving foreign currency for the account of any retail forex customer when the account of such retail forex customer at the time of such purchase has a short put or call option position with the same underlying currency, strike price, and expiration date as that purchased; or

(4) Sells a put or call option involving foreign currency for the account of any retail forex customer when the account of such retail forex customer at the time of such sale has a long put or call option position with the same underlying currency, strike price, and expiration date as that sold shall:

(i) Immediately apply such purchase or sale against such previously held opposite transaction; and

(ii) Promptly furnish such retail forex customer with a statement showing the financial result of the transactions involved and the name of any introducing broker to the account.

(b) Close-out against oldest open position. In all instances where the short or long position in a customer’s retail forex account immediately prior to an offsetting purchase or sale is greater than the quantity purchased or sold, the FDIC-supervised insured depository institution shall apply such offsetting purchase or sale to the oldest portion of the previously held short or long position.

(c) Transactions to be applied as directed by customer. Notwithstanding paragraphs (a) and (b) of this section, the offsetting transaction shall be applied as directed by a retail forex customer’s specific instructions. These instructions may not be made by the FDIC-supervised insured depository institution or an IAP.

[76 FR 40789, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]

§ 349.18 Disclosure.

(a) Risk disclosure statement required. No FDIC-supervised insured depository institution may open or maintain open an account that will engage in retail forex transactions for a retail forex customer unless the FDIC-supervised insured depository institution has furnished the retail forex customer with a separate written disclosure statement containing only the language set forth in paragraph (d) of this section and the disclosures required by paragraphs (e) and (f) of this section.

(b) Acknowledgement of risk disclosure statement required. The FDIC-supervised insured depository institution must receive from the retail forex customer a written acknowledgement signed and dated by the customer that the customer received and understood the written disclosure statement required by paragraph (a) of this section.

(c) Placement of risk disclosure statement. The disclosure statement may be attached to other documents as the initial page(s) of such documents and as the only material on such page(s).

(d) Content of risk disclosure statement. The language set forth in the written disclosure statement required by paragraph (a) of this section shall be as follows:

RISK DISCLOSURE STATEMENT

Retail forex transactions involve the leveraged trading of contracts denominated in foreign currency with an FDIC-supervised insured depository institution as your counterparty. Because of the leverage and the other risks disclosed here, you can rapidly lose all of the funds or property you give the FDIC-supervised insured depository institution as margin for such trading and you may lose more than you pledge as margin.

Your FDIC-supervised insured depository institution is prohibited from applying losses that you experience on retail forex transactions on any funds or property of yours other than funds or property that you have
§ 349.18  Disclosure of profitable accounts ratio. Immediately following the language set forth in paragraph (d) of this section, the statement required by

12 CFR Ch. III (1–1–17 Edition)
paragraph (a) of this section shall include, for each of the most recent four calendar quarters during which the FDIC-supervised insured depository institution maintained retail forex customer accounts:

(i) The total number of retail forex customer accounts maintained by the FDIC-supervised insured depository institution over which the FDIC-supervised insured depository institution does not exercise investment discretion;

(ii) The percentage of such accounts that were profitable for retail forex customer accounts during the quarter; and

(iii) The percentage of such accounts that were not profitable for retail forex customer accounts during the quarter.

(2) The FDIC-supervised insured depository institution’s statement of profitable trades shall include the following legend: “Past performance is not necessarily indicative of future results.” Each FDIC-supervised insured depository institution shall provide, upon request, to any retail forex customer or prospective retail forex customer the total number of retail forex accounts maintained by the FDIC-supervised insured depository institution for which the FDIC-supervised insured depository institution does not exercise investment discretion, the percentage of such accounts that were profitable, and the percentage of such accounts that were not profitable for each calendar quarter during the most recent five-year period during which the FDIC-supervised insured depository institution maintained such accounts.

(f) Disclosure of fees and other charges. Immediately following the language required by paragraph (e) of this section, the statement required by paragraph (a) of this section shall include:

(1) The amount of any fee, charge, commission, or spreads that the FDIC-supervised insured depository institution may impose on the retail forex customer in connection with a retail forex account or retail forex transaction;

(2) An explanation of how the FDIC-supervised insured depository institution will determine the amount of such fees, charges, commissions, or spreads; and

(3) The circumstances under which the FDIC-supervised insured depository institution may impose such fees, charges, commissions, or spreads.

(g) Future disclosure requirements. If, with regard to a retail forex customer, the FDIC-supervised insured depository institution changes any fee, charge, commission or spreads required to be disclosed under paragraph (f) of this section, then the FDIC-supervised insured depository institution shall mail or deliver to the retail forex customer a notice of the changes at least 15 days prior to the effective date of the change.

(h) Form of disclosure requirements. The disclosures required by this section shall be clear and conspicuous and designed to call attention to the nature and significance of the information provided.

(i) Other disclosure requirements unaffected. This section does not relieve an FDIC-supervised insured depository institution from any other disclosure obligation it may have under applicable law.

[76 FR 40789, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]

§ 349.19 Recordkeeping.

(a) General rule. An FDIC-supervised insured depository institution engaging in retail forex transactions shall keep full, complete and systematic records, together with all pertinent data and memoranda, pertaining to its retail forex business, including:

(1) Retail forex account records. For each retail forex account:

(i) The name and address of the person for whom the account is carried or introduced and the principal occupation or business of the person.

(ii) The name of any other person guaranteeing the account or exercising trading control with respect to the account;

(iii) The establishment or termination of the account; and

(iv) A means to identify the person who has solicited and is responsible for the account or assign account numbers in such a manner as to identify that person.

(v) The funds in the account, net of any commissions and fees;
§ 349.19  

12 CFR Ch. III (1–1–17 Edition)  

(vi) The account’s net profits and losses on open trades;  
(vii) The funds in the account plus or minus the net profits and losses on open trades, adjusted for the net option value in the case of open options positions;  
(viii) Financial ledger records that show separately for each retail forex customer all charges against and credits to such retail forex customer’s account, including deposits, withdrawals, and transfers, and charges or credits resulting from losses or gains on closed transactions; and  
(ix) A list of all retail forex transactions executed for the account, with the details specified in paragraph (a)(2) of this section;  
(2) Retail forex transaction records. For each retail forex transaction:  
(i) The price at which the FDIC-supervised insured depository institution placed the order, or, in the case of an option, the premium that the retail forex customer paid;  
(ii) The customer account identification information;  
(iii) The currency pair;  
(iv) The size or quantity of the order;  
(v) Whether the order was a buy or sell order;  
(vi) The type of order, if the order was not a market order;  
(vii) The size and price at which the order is executed, or in the case of an option, the amount of the premium paid for each option purchased, or the amount credited for each option sold;  
(viii) For options, whether the option is a put or call, expiration date, quantity, underlying contract for future delivery or underlying physical, strike price, and details of the purchase price of the option, including premium, mark-up, commission, and fees; and  
(ix) For futures, the delivery date; and  
(x) If the order was made on a trading platform:  
(A) The price quoted on the trading platform when the order was placed, or, in the case of an option, the premium quoted;  
(B) The date and time the order was transmitted to the trading platform; and  
(C) The date and time the order was executed;  
(3) Price changes on a trading platform. If a trading platform is used, daily logs showing each price change on the platform, the time of the change to the nearest second, and the trading volume at that time and price;  
(4) Methods or algorithms. Any method or algorithm used to determine the bid or asked price for any retail forex transaction or the prices at which customer orders are executed, including, but not limited to, any markups, fees, commissions or other items which affect the profitability or risk of loss of a retail forex customer’s transaction;  
(5) Daily records which show for each business day complete details of:  
(i) All retail forex transactions that are futures transactions executed on that day, including the date, price, quantity, market, currency pair, delivery date, and the person for whom such transaction was made;  
(ii) All retail forex transactions that are option transactions executed on that day, including the date, whether the transaction involved a put or call, the expiration date, quantity, currency pair, delivery date, strike price, details of the purchase price of the option, including premium, mark-up, commission and fees, and the person for whom the transaction was made;  
(iii) All other retail forex transactions executed on that day for such account, including the date, price, quantity, currency and the person for whom such transaction was made; and  
(6) Other records. Written acknowledgements of receipt of the risk disclosure statement required by §349.18(b), records required under paragraph (b) through (f) of this section, trading cards, signature cards, street books, journals, ledgers, payment records, copies of statements of purchase, and all other records, data and memoranda that have been prepared in the course of the FDIC-supervised insured depository institution’s retail forex business.  
(b) Ratio of profitable accounts. (1) With respect to its active retail forex customer accounts over which it did not exercise investment discretion and that are not retail forex proprietary accounts open for any period of time during the quarter, an FDIC-supervised insured depository institution shall
prepare and maintain on a quarterly basis (calendar quarter):

(i) A calculation of the percentage of such accounts that were profitable;

(ii) A calculation of the percentage of such accounts that were not profitable; and

(iii) Data supporting the calculations described in paragraphs (b)(1)(i) and (b)(1)(ii) of this section.

(2) In calculating whether a retail forex account was profitable or not profitable during the quarter, the FDIC-supervised insured depository institution shall compute the realized and unrealized gains or losses on all retail forex transactions carried in the retail forex account at any time during the quarter, and subtract all fees, commissions, and any other charges posted to the retail forex account during the quarter, and add any interest income and other income or rebates credited to the retail forex account during the quarter. All deposits and withdrawals of funds made by the retail forex customer during the quarter must be excluded from the computation of whether the retail forex account was profitable or not profitable during the quarter. Computations that result in a zero or negative number shall be considered a retail forex account that was not profitable. Computations that result in a positive number shall be considered a retail forex account that was profitable.

(3) A retail forex account shall be considered “active” for purposes of paragraph (b)(1) of this section if and only if, for the relevant calendar quarter, a retail forex transaction was executed in that account or the retail forex account contained an open position resulting from a retail forex transaction.

(c) Records related to possible violations of law. An FDIC-supervised insured depository institution engaging in retail forex transactions shall make a record of all communications, including customer complaints, received by the FDIC-supervised insured depository institution or its IAPs concerning facts giving rise to possible violations of law related to the FDIC-supervised insured depository institution’s retail forex business. The record shall contain: the name of the complainant, if provided; the date of the communication; the relevant agreement, contract, or transaction; the substance of the communication; the name of the person who received the communication; and the final disposition of the matter.

(d) Records for noncash margin. An FDIC-supervised insured depository institution shall maintain a record of all noncash margin collected pursuant to §349.21. The record shall show separately for each retail forex customer:

(1) A description of the securities or property received;

(2) The name and address of such retail forex customer;

(3) The dates when the securities or property were received;

(4) The identity of the depositories or other places where such securities or property are segregated or held, if applicable;

(5) The dates in which the FDIC-supervised insured depository institution placed or removed such securities or property into or from such depositories; and

(6) The dates of return of such securities or property to such retail forex customer, or other disposition thereof, together with the facts and circumstances of such other disposition.

(e) Order Tickets. (1) Except as provided in paragraph (e)(2) of this section, immediately upon the receipt of a retail forex transaction order, an FDIC-supervised insured depository institution must prepare an order ticket for the order (whether unfulfilled, executed, or canceled). The order ticket must include:

(i) Account identification (account or customer name with which the retail forex transaction was effected);

(ii) Order number;

(iii) Type of order (market order, limit order, or subject to special instructions);

(iv) Date and time, to the nearest minute, the retail forex transaction order was received (as evidenced by timestamp or other timing device);

(v) Time, to the nearest minute, the retail forex transaction order was executed; and

(vi) Price at which the retail forex transaction was executed.

(2) Post-execution allocation of bunched orders. Specific identifiers for retail
forex accounts included in bunched orders need not be recorded at time of order placement or upon report of execution as required under paragraph (e)(1) of this section if the following requirements are met:

(i) The FDIC-supervised insured depository institution placing and directing the allocation of an order eligible for post-execution allocation has been granted written investment discretion with regard to participating customer accounts and makes the following information available to retail forex customers upon request:

(A) The general nature of the post-execution allocation methodology the FDIC-supervised insured depository institution will use;

(B) Whether the FDIC-supervised insured depository institution has any interest in accounts which may be included with customer accounts in bunched orders eligible for post-execution allocation; and

(C) Summary or composite data sufficient for that customer to compare its results with those of other comparable customers and, if applicable, any account in which the FDIC-supervised insured depository institution has an interest.

(ii) Post-execution allocations are made as soon as practicable after the entire transaction is executed;

(iii) Post-execution allocations are fair and equitable, with no account or group of accounts receiving consistently favorable or unfavorable treatment; and

(iv) The post-execution allocation methodology is sufficiently objective and specific to permit the FDIC to verify the fairness of the allocations using that methodology.

(f) Record of monthly statements and confirmations. An FDIC-supervised insured depository institution shall retain a copy of each monthly statement and confirmation required by §349.22.

(g) Manner of maintenance. The records required by this section must clearly and accurately reflect the information required and provide an adequate basis for the audit of the information. Record maintenance may include the use of automated or electronic records provided that the records are easily retrievable, readily available for inspection, and capable of being reproduced in hard copy.

(h) Length of maintenance. An FDIC-supervised insured depository institution shall keep each record required by this section for at least five years from the date the record is created.

[76 FR 40789, July 12, 2011. Redesignated and amended at 80 FR 74912, Nov. 30, 2015]

§ 349.20 Capital requirements.

An FDIC-supervised insured depository institution offering or entering into retail forex transactions must be well capitalized as defined by 12 CFR part 325 or 12 CFR part 324, as applicable, unless specifically exempted by the FDIC in writing.

§ 349.21 Margin requirements.

(a) Margin required. An FDIC-supervised insured depository institution engaging, or offering to engage, in retail forex transactions must collect from each retail forex customer an amount of margin not less than:

(1) Two percent of the notional value of the retail forex transaction for major currency pairs and 5 percent of the notional value of the retail forex transaction for all other currency pairs;

(2) For short options, 2 percent for major currency pairs and 5 percent for all other currency pairs of the notional value of the retail forex transaction, plus the premium received by the retail forex customer; or

(3) For long options, the full premium charged and received by the FDIC-supervised insured depository institution.

(b)(1) Form of margin. Margin collected under paragraph (a) of this section or pledged by a retail forex customer for retail forex transactions in excess of the requirements of paragraph (a) of this section must be in the form of cash or the following financial instruments:

(i) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States;

(ii) General obligations of any State or of any political subdivision thereof;
(iii) General obligations issued or guaranteed by any enterprise, as defined in 12 U.S.C. 4502(10); 
(iv) Certificates of deposit issued by an insured depository institution, as defined in § 3(c)(2) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c)(2)); 
(v) Commercial paper; 
(vi) Corporate notes or bonds; 
(vii) General obligations of a sovereign nation; 
(viii) Interests in money market mutual funds; and 
(ix) Such other financial instruments as the FDIC deems appropriate.

(2) Haircuts. An FDIC-supervised insured depository institution shall establish written policies and procedures that include:
(i) Haircuts for noncash margin collected under this section; and 
(ii) Annual evaluation, and, if appropriate, modification of the haircuts.

(c) Separate margin account. Margin collected by the FDIC-supervised insured depository institution from a retail forex customer for retail forex transactions or pledged by a retail forex customer for retail forex transactions shall be placed into a separate account containing only such margin.

(d) Margin calls; liquidation of position. For each retail forex customer, at least once per day, an FDIC-supervised insured depository institution shall:
(1) Mark the value of the retail forex customer’s open retail forex positions to market; 
(2) Mark the value of the margin collected under this section from the retail forex customer to market; 
(3) Determine if, based on the marks in paragraphs (c)(1) and (2) of this section, the FDIC-supervised insured depository institution has collected margin from the retail forex customer sufficient to satisfy the requirements of this section; and 
(4) Collect such margin from the retail forex customer as the FDIC-supervised insured depository institution may require to satisfy the requirements of this section, or liquidate the retail forex customer’s retail forex transactions.

(e) Set-off prohibited. An FDIC-supervised insured depository institution may not:

(1) Apply a retail forex customer’s retail forex obligations against any funds or other asset of the retail forex customer other than margin in the separate margin account described in paragraph (c) of this section; 
(2) Apply a retail forex customer’s retail forex obligations to increase the amount owed by the retail forex customer to the FDIC-supervised insured depository institution under any loan; or 
(3) Collect the margin required under this section by use of any right of set-off.

§ 349.22 Required reporting to customers.

(a) Monthly statements. Each FDIC-supervised insured depository institution must promptly furnish to each retail forex customer, as of the close of the last business day of each month or as of any regular monthly date selected, except for accounts in which there are neither open positions at the end of the statement period nor any changes to the account balance since the prior statement period, but in any event not less frequently than once every three months, a statement that clearly shows:
(1) For each retail forex customer:
(i) The open retail forex transactions with prices at which acquired; 
(ii) The net unrealized profits or losses in all open retail forex transactions marked to the market; 
(iii) Any money, securities or other property in the separate margin account required by § 349.21(c); and 
(iv) A detailed accounting of all financial charges and credits to the retail forex customer’s retail forex accounts during the monthly reporting period, including: money, securities, or property received from or disbursed to such customer; realized profits and losses; and fees, charges, commissions, and spreads.

(2) For each retail forex customer engaging in retail forex transactions that are options:
§ 349.23 Unlawful representations.

(a) No implication or representation of limiting losses. No FDIC-supervised insured depository institution engaged in retail foreign exchange transactions or its IAPs may imply or represent that it will, with respect to any retail customer forex account, for or on behalf of any person:

(1) Guarantee such person or account against loss;

(2) Limit the loss of such person or account; or

(3) Not call for or attempt to collect margin as established for retail forex customers.

(b) Confirmation statement. Each FDIC-supervised insured depository institution must, not later than the next business day after any retail forex transaction, send:

(1) To each retail forex customer, a written confirmation of each retail forex transaction caused to be executed by it for the customer, including offsetting transactions executed during the same business day and the rollover of an open retail forex transaction to the next business day;

(2) To each retail forex customer engaging in forex option transactions, a written confirmation of each forex option transaction, containing at least the following information:

(i) The retail forex customer’s account identification number;

(ii) A separate listing of the actual amount of the premium, as well as each mark-up thereon, if applicable, and all other commissions, costs, fees and other charges incurred in connection with the forex option transaction;

(iii) The strike price;

(iv) The underlying retail forex transaction or underlying currency;

(v) The final exercise date of the forex option purchased or sold; and

(vi) The date the forex option transaction was executed.

(3) To each retail forex customer engaging in forex option transactions, upon the expiration or exercise of any option, a written confirmation statement thereof, which statement shall include the date of such occurrence, a description of the option involved, and, in the case of exercise, the details of the retail forex or physical currency position which resulted therefrom including, if applicable, the final trading date of the retail forex transaction underlying the option.

(c) Notwithstanding the provisions of paragraphs (b)(1) through (3) of this section, a retail forex transaction that is caused to be executed for a pooled investment vehicle that engages in retail forex transactions need be confirmed only to the operator of such pooled investment vehicle.

(d) Controlled accounts. With respect to any account controlled by any person other than the retail forex customer for whom such account is carried, each FDIC-supervised insured depository institution shall promptly furnish in writing to such other person the information required by paragraphs (a) and (b) of this section.

(e) Introduced accounts. Each statement provided pursuant to the provisions of this section must, if applicable, show that the account for which the FDIC-supervised insured depository institution was introduced by an introducing broker and the name of the introducing broker.

§ 349.25 Trading and operational standards.

(a) Internal rules, procedures, and controls required. An FDIC-supervised insured depository institution engaging in retail forex transactions shall establish and implement internal policies, procedures, and controls designed, at a minimum, to:

(1) Ensure, to the extent reasonable, that each order received from a retail forex transaction that is executable at or near the price that the FDIC-supervised insured depository institution has quoted to the retail forex customer is entered for execution before any order in any retail forex transaction for:

(i) A any proprietary account;
(ii) An account in which a related person has an interest, or any account for which such a related person may originate orders without the prior specific consent of the account owner if the related person has gained knowledge of the retail forex customer’s order prior to the transmission of an order for a proprietary account;
(iii) an account in which such a related person has an interest, if the related person has gained knowledge of the retail forex customer’s order prior to the transmission of an order for a proprietary account;
(iv) an account in which such a related person may originate orders without the prior specific consent of the account owner if the related person has gained knowledge of the retail forex customer’s order prior to the transmission of an order for a proprietary account.

(b) Requirements for specific authorization. A retail forex transaction is “specifically authorized” for purposes of this section if the retail forex customer specifies:

(1) The precise retail forex transaction to be effected;
(2) The exact amount of the foreign currency to be purchased or sold; and
(3) In the case of an option, the identity of the foreign currency or contract that underlies the option.

[76 FR 40789, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]
§ 349.26 Supervision.

(a) Supervision by the FDIC-supervised insured depository institution. An FDIC-supervised insured depository institution engaging in retail forex transactions shall diligently supervise the handling by its officers, employees, and agents (or persons occupying a similar

(b) Disclosure of retail forex transactions. No FDIC-supervised insured depository institution engaging in retail forex transactions may disclose that an order of another person is being held by the FDIC-supervised insured depository institution, unless the disclosure is necessary to the effective execution of such order or the disclosure is made at the request of the FDIC.

(c) Handling of retail forex accounts of related persons of retail forex counterparties. No FDIC-supervised insured depository institution engaging in retail forex transactions may knowingly handle the retail forex account of an employee of another retail forex counterparty’s retail forex business unless the FDIC-supervised insured depository institution:

(1) Receives written authorization from a person designated by the other retail forex counterparty with responsibility for the surveillance over the account pursuant to paragraph (a)(2) of this section;

(2) Prepares immediately upon receipt of an order for the account a written record of the order, including the account identification and order number, and records thereon to the nearest minute, by time-stamp or other timing device, the date and time the order is received; and

(3) Transmits on a regular basis to the other retail forex counterparty copies of all statements for the account and of all written records prepared by the other retail forex counterparty upon receipt of orders for such account pursuant to paragraph (a)(2) of this section.

(d) Related person of FDIC-supervised insured depository institution establishing account at another retail forex counterparty. No related person of an FDIC-supervised insured depository institution working in the institution’s retail forex business may have an account, directly or indirectly, with another retail forex counterparty unless the other retail forex counterparty:

(1) Receives written authorization to open and maintain the account from a person designated by the FDIC-supervised insured depository institution of which it is a related person with responsibility for the surveillance over the account pursuant to paragraph (a)(2) of this section; and

(2) Transmits on a regular basis to the FDIC-supervised insured depository institution copies of all statements for such account and of all written records prepared by the other retail forex counterparty upon receipt of orders for the account pursuant to paragraph (c)(2) of this section are transmitted on a regular basis to the retail forex counterparty of which it is a related person.

(e) Prohibited trading practices. No FDIC-supervised insured depository institution engaging in retail forex transactions may:

(1) Enter into a retail forex transaction, to be executed pursuant to a market or limit order at a price that is not at or near the price at which other retail forex customers, during that same time period, have executed retail forex transactions with the FDIC-supervised insured depository institution;

(2) Adjust or alter prices for a retail forex transaction after the transaction has been confirmed to the retail forex customer;

(3) Provide a retail forex customer a new bid price for a retail forex transaction that is higher than its previous bid without providing a new asked price that is also higher than its previous asked price by a similar amount;

(4) Provide a retail forex customer a new bid price for a retail forex transaction that is lower than its previous bid without providing a new asked price that is also lower than its previous asked price by a similar amount; or

(5) Establish a new position for a retail forex customer (except one that offsets an existing position for that retail forex customer) where the FDIC-supervised insured depository institution holds outstanding orders of other retail forex customers for the same currency pair at a comparable price.

[76 FR 30739, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]
status or performing a similar function) of all retail forex accounts carried, operated, or advised by at the FDIC-supervised insured depository institution and all activities of its officers, employees, and agents (or persons occupying a similar status or performing a similar function) relating to its retail forex business.

(b) Supervision by officers, employees, or agents. An officer, employee, or agent of an FDIC-supervised insured depository institution must diligently supervise his or her subordinates' handling of all retail forex accounts at the FDIC-supervised insured depository institution and all the subordinates' activities relating to the FDIC-supervised insured depository institution's retail forex business.

[76 FR 40789, July 12, 2011. Redesignated at 80 FR 74912, Nov. 30, 2015]

§ 349.28 Customer dispute resolution.

(a) Voluntary submission of claims to dispute or settlement procedures. No FDIC-supervised insured depository institution may enter into any agreement or understanding with a retail forex customer in which the customer agrees, prior to the time a claim or grievance arises, to submit such claim or grievance to any settlement procedure.

(b) Election of forum. (1) Within ten business days after receipt of notice from the retail forex customer that the customer intends to submit a claim to arbitration, the FDIC-supervised insured depository institution must provide the customer with a list of persons qualified in dispute resolution.

(2) The customer shall, within 45 days after receipt of such list, notify the FDIC-supervised insured depository institution of the person selected. The customer's failure to provide such notice shall give the FDIC-supervised insured depository institution the right to select a person from the list.

(c) Enforceability. A dispute settlement procedure may require parties using such procedure to agree, under applicable state law, submission agreement or otherwise, to be bound by an award rendered in the procedure, provided that the agreement to submit the claim or grievance to the voluntary procedure under paragraph (a) of this section or that agreement to submit the claim or grievance was made after the claim or grievance arose. Any award so rendered shall be enforceable in accordance with applicable law.

(d) Time limits for submission of claims. The dispute settlement procedure used
by the parties shall not include any unreasonably short limitation period foreclosing submission of a customer’s claims or grievances or counterclaims. (e) Counterclaims. A procedure for the settlement of a retail forex customer’s claims or grievances against an FDIC-supervised insured depository institution or employee thereof may permit the submission of a counterclaim in the procedure by a person against whom a claim or grievance is brought. Such a counterclaim may be permitted where it arises out of the transaction or occurrence that is the subject of the customer’s claim or grievance and does not require for adjudication the presence of essential witnesses, parties, or third persons over which the settlement process lacks jurisdiction.

§ 350.5 Alternative annual disclosure statements.

§ 350.6 Signature and attestation.

§ 350.7 Notice and availability.

§ 350.8 Delivery.

§ 350.9 Disclosure of examination reports.

§ 350.10 Prohibited conduct and penalties.

§ 350.11 Safe harbor provision.

§ 350.12 Disclosure required by applicable banking or securities law or regulations.

AUTHORITY: 12 U.S.C. 1817(a)(1), 1819 “Seventh” and “Tenth”.

SOURCE: 52 FR 49379, Dec. 31, 1987, unless otherwise noted.

§ 350.1 Scope.

This part applies to FDIC-insured state-chartered banks that are not members of the Federal Reserve System, and to FDIC-Insured state-licensed branches of foreign banks.

§ 350.2 Definitions.

(a) Bank. For purposes of this part, the term bank means an FDIC-insured state-chartered organization that is not a member of the Federal Reserve System, and an FDIC-insured state-licensed branch of a foreign bank.

(b) Call Report. For purposes of this part, the term Call Report means the report filed by a bank pursuant to 12 U.S.C. 1817(a)(1).

§ 350.3 Requirement for annual disclosure statement.

(a) Contents. Each bank shall prepare as of December 31 and make available on request an annual disclosure statement. The statement shall contain information required by §350.4(a) and (b) and may include other information that bank management believes appropriate, as provided in §350.4(c).

(b) Availability. A bank shall make its annual disclosure statement available to the public beginning not later than the following March 31 or, if the bank mails an annual report to its shareholders, beginning not later than five days after the mailing of such reports, whichever occurs first. A bank shall make a disclosure statement available continuously until the disclosure statement for the succeeding year becomes available.

§ 350.4 Contents of annual disclosure statement.

(a) Financial reports. The annual disclosure statement for any year shall reflect a fair presentation of the bank’s financial condition at the end of that year and the preceding year and, except for state-licensed branches of foreign banks, the results of operations for each such year. The annual disclosure statement may, at the option of bank management, consist of the bank’s entire Call Report, or applicable portions thereof, for the relevant dates and periods. At a minimum, the statement must contain information comparable to that provided in the following Call Report schedules:

(i) Schedule RC (Balance Sheet);

(ii) Schedule RC-N (Past Due and Nonaccrual, Loans, Leases, and Other Assets—column A covering financial instruments past due 30 through 89
§ 350.7 Notice and availability.

(a) Shareholders. If the bank provides written notice of the annual meeting of
§ 350.8 Shareholders, the bank shall include with or as part of, that notice an announcement that the bank's annual disclosure statement will be sent to the shareholder either automatically or upon request. For disclosure statements available on request, the announcement shall indicate at a minimum an address and telephone number to which requests may be directed. The first copy of the annual disclosure statement shall be provided to a shareholder without charge.

(b) Customers and the general public. In the lobby of its main office and each branch, the bank shall at all times display a notice that the annual disclosure statement may be obtained from the bank. The notice shall include at a minimum an address and telephone number of which requests should be directed. The first copy of the annual disclosure statement shall be provided to a requester free of charge.

§ 350.9 Disclosure of examination reports.

Except as permitted under specific provisions of the FDIC’s regulations (12 CFR part 309), a bank may not disclose any report of examination or report of supervisory activity or any portion thereof prepared by the FDIC. The bank also shall not make any representation concerning such report or the findings therein.

§ 350.10 Prohibited conduct and penalties.

(a) Misrepresentations. No officer, director, employee, agent, or other person participating in the affairs of a bank, shall, directly or indirectly:

(1) Disclose or cause to be disclosed false or misleading information in the annual disclosure statement, or omit or cause the omission of pertinent or required information in the annual disclosure statement; or

(2) Represent that the FDIC, or any employee thereof, has reviewed, or confirmed the accuracy or relevance of the disclosure statement.

(b) Participating persons. For purposes of this part, a person participating in the affairs of a bank shall include (but not be limited to) any person who provides information contained in, or directly or indirectly assists in the preparation of, the annual disclosure statement.

(c) Enforcement actions. Conduct that violates paragraph (a) of this section may constitute an unsafe or unsound banking practice or otherwise serve as a basis for an enforcement action by the FDIC.

§ 350.11 Safe harbor provision.

The provisions of §350.10 shall not apply unless it is shown that the information disclosed was included without a reasonable basis or other than in good faith.

§ 350.12 Disclosure required by applicable banking or securities law or regulations.

The requirements of this part are not intended to replace or waive any disclosure required to be made under applicable banking or securities law or regulations.

Federal Deposit Insurance Corporation § 351.2

Subpart C—Covered Fund Activities and Investments

351.10 Prohibition on acquiring or retaining an ownership interest in and having certain relationships with a covered fund.
351.11 Permitted organizing and offering, underwriting, and market making with respect to a covered fund.
351.12 Permitted investment in a covered fund.
351.13 Other permitted covered fund activities and investments.
351.14 Limitations on relationships with a covered fund.
351.15 Other limitations on permitted covered fund activities and investments.
351.16 Ownership of interests in and sponsorship of issuers of certain collateralized debt obligations backed by trust-preferred securities.
351.17-351.19 [Reserved]

Subpart D—Compliance Program Requirement; Violations

351.20 Program for compliance; reporting.
351.21 Termination of activities or investments; penalties for violations.

APPENDIX A TO PART 351—REPORTING AND RECORDKEEPING REQUIREMENTS FOR COVERED TRADING ACTIVITIES

APPENDIX B TO PART 351—ENHANCED MINIMUM STANDARDS FOR COMPLIANCE PROGRAMS

AUTHORITY: 12 U.S.C. 1851; 1811 et seq.; 3101 et seq.; and 5412.

SOURCE: 79 FR 5805, Jan. 31, 2014, unless otherwise noted.

Subpart A—Authority and Definitions

§ 351.1 Authority, purpose, scope, and relationship to other authorities.

(a) Authority. This part is issued by the FDIC under section 13 of the Bank Holding Company Act of 1956, as amended (12 U.S.C. 1851).

(b) Purpose. Section 13 of the Bank Holding Company Act establishes prohibitions and restrictions on proprietary trading and investments in or relationships with covered funds by certain banking entities, including any insured depository institution as defined in section 3(c)(2) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c)(2)) and certain subsidiaries thereof for which the FDIC is the appropriate Federal banking agency as defined in section 3(q) of the Federal Deposit Insurance Act, and certain subsidiaries of the foregoing.

(c) Scope. This part implements section 13 of the Bank Holding Company Act with respect to insured depository institutions for which the FDIC is the appropriate Federal banking agency, as defined in section 3(q) of the Federal Deposit Insurance Act, and certain subsidiaries of the foregoing.

(d) Relationship to other authorities. Except as otherwise provided in under section 13 of the Bank Holding Company Act, and notwithstanding any other provision of law, the prohibitions and restrictions under section 13 of Bank Holding Company Act shall apply to the activities and investments of a banking entity, even if such activities and investments are authorized for a banking entity under other applicable provisions of law.

(e) Preservation of authority. Nothing in this part limits in any way the authority of the FDIC to impose on a banking entity identified in paragraph (c) of this section additional requirements or restrictions with respect to any activity, investment, or relationship covered under section 13 of the Bank Holding Company Act or this part, or additional penalties for violation of this part provided under any other applicable provision of law.

(79 FR 5805, Jan. 31, 2014)

§ 351.2 Definitions.

Unless otherwise specified, for purposes of this part:

(a) Affiliate has the same meaning as in section 2(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(k)).

(b) Bank holding company has the same meaning as in section 2 of the Bank Holding Company Act of 1956 (12 U.S.C. 1841).

(c) Banking entity. (1) Except as provided in paragraph (c)(2) of this section, banking entity means:

(i) Any insured depository institution;

(ii) Any company that controls an insured depository institution;
(iii) Any company that is treated as a bank holding company for purposes of section 8 of the International Banking Act of 1978 (12 U.S.C. 3106); and

(iv) Any affiliate or subsidiary of any entity described in paragraphs (c)(1)(i), (ii), or (iii) of this section.

(2) Banking entity does not include:

(i) A covered fund that is not itself a banking entity under paragraphs (c)(1)(i), (ii), or (iii) of this section;

(ii) A portfolio company held under the authority contained in section 4(k)(4)(H) or (I) of the BHC Act (12 U.S.C. 1843(k)(4)(H), (I)), or any portfolio concern, as defined under 13 CFR 107.50, that is controlled by a small business investment company, as defined in section 103(3) of the Small Business Investment Act of 1958 (15 U.S.C. 662), so long as the portfolio company or portfolio concern is not itself a banking entity under paragraphs (c)(1)(i), (ii), or (iii) of this section;

(iii) The FDIC acting in its corporate capacity or as conservator or receiver under the Federal Deposit Insurance Act or Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

(d) Board means the Board of Governors of the Federal Reserve System.

(e) CFTC means the Commodity Futures Trading Commission.

(f) Dealer has the same meaning as in section 3(a)(5) of the Exchange Act (15 U.S.C. 78c(a)(5)).

(g) Depository institution has the same meaning as in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c)).

(h) Derivative. (1) Except as provided in paragraph (h)(2) of this section, derivative means:

(i) Any swap, as that term is defined in section 1a(47) of the Commodity Exchange Act (7 U.S.C. 1a(47)), or foreign exchange swap (as that term is defined in section 1a(24)) of the Commodity Exchange Act (7 U.S.C. 1a(24)) or foreign exchange swap (as that term is defined in section 1a(24)) of the Commodity Exchange Act (7 U.S.C. 1a(24));

(ii) Any agreement, contract, or transaction in a commodity other than foreign currency described in section 2(c)(2)(D)(i) of the Commodity Exchange Act (7 U.S.C. 2(c)(2)(D)(i)); and

(iii) Any transaction authorized under section 19 of the Commodity Exchange Act (7 U.S.C. 23(a) or (b));

(2) A derivative does not include:

(i) Any consumer, commercial, or other agreement, contract, or transaction that the CFTC and SEC have further defined by joint regulation, interpretation, guidance, or other action as not within the definition of swap, as that term is defined in section 1a(47) of the Commodity Exchange Act (7 U.S.C. 1a(47)), or security-based swap, as that term is defined in section 3(a)(68) of the Commodity Exchange Act (7 U.S.C. 3(a)(68)); or

(ii) Any identified banking product, as defined in section 402(b) of the Legal Certainty for Bank Products Act of 2000 (7 U.S.C. 27a(a)), that is subject to section 403(a) of that Act (7 U.S.C. 27a(a)).

(i) Employee includes a member of the immediate family of the employee.

(k) Excluded commodity has the same meaning as in section 1a(19) of the Commodity Exchange Act (7 U.S.C. 1a(19)).

(l) FDIC means the Federal Deposit Insurance Corporation.

(m) Federal banking agencies means the Board, the Office of the Comptroller of the Currency, and the FDIC.

(n) Foreign banking organization has the same meaning as in section 211.21(o) of the Board’s Regulation K (12 CFR 211.21(o)), but does not include a foreign bank, as defined in section 1(b)(7) of the International Banking Act of 1978 (12 U.S.C. 3101(7)), that is organized under the laws of the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, or any other foreign country;
§ 351.2

Federal Deposit Insurance Corporation

Islands, or the Commonwealth of the Northern Mariana Islands.

(o) Foreign insurance regulator means the insurance commissioner, or a similar official or agency, of any country other than the United States that is engaged in the supervision of insurance companies under foreign insurance law.

(p) General account means all of the assets of an insurance company except those allocated to one or more separate accounts.

(q) Insurance company means a company that is organized as an insurance company, primarily and predominantly engaged in writing insurance or reinsuring risks underwritten by insurance companies, subject to supervision as such by a state insurance regulator or a foreign insurance regulator, and not operated for the purpose of evading the provisions of section 13 of the BHC Act (12 U.S.C. 1851).

(r) Insured depository institution has the same meaning as in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c)), but does not include an insured depository institution that is described in section 2(c)(2)(D) of the BHC Act (12 U.S.C. 1841(c)(2)(D)).

(s) Loan means any loan, lease, extension of credit, or secured or unsecured receivable that is not a security or derivative.

(t) Primary financial regulatory agency has the same meaning as in section 2(12) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 5301(12)).

(u) Purchase includes any contract to buy, purchase, or otherwise acquire. For security futures products, purchase includes any contract, agreement, or transaction for future delivery. With respect to a commodity future, purchase includes any contract, agreement, or transaction for future delivery. With respect to a derivative, such terms include the execution, termination (prior to its scheduled maturity date), assignment, exchange, or similar transfer or conveyance of, or extinguishing of rights or obligations under, a derivative, as the context may require.

(v) Security has the meaning specified in section 3(a)(10) of the Exchange Act (15 U.S.C. 78c(a)(10)).

(aa) Security-based swap dealer has the same meaning as in section 3(a)(71) of the Exchange Act (15 U.S.C. 78c(a)(71)).

(bb) Separate account means an account established and maintained by an insurance company in connection with one or more insurance contracts to hold assets that are legally segregated from the insurance company’s other assets, under which income, gains, and losses, whether or not realized, from assets allocated to such account, are, in accordance with the applicable contract, credited to or charged against such account without regard to other income, gains, or losses of the insurance company.

(cc) State means any State, the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(dd) Subsidiary has the same meaning as in section 2(d) of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(d)).

(ee) State insurance regulator means the insurance commissioner, or a similar official or agency, of a State that is engaged in the supervision of insurance companies under State insurance law.

(ff) Swap dealer has the same meaning as in section 1(a)(49) of the Commodity Exchange Act (7 U.S.C. 1a(49)).
§ 351.3 Prohibition on proprietary trading.

(a) Prohibition. Except as otherwise provided in this subpart, a banking entity may not engage in proprietary trading. Proprietary trading means engaging as principal for the trading account of the banking entity in any purchase or sale of one or more financial instruments.

(b) Definition of trading account. (1) Trading account means any account that is used by a banking entity to:

(i) Purchase or sell one or more financial instruments principally for the purpose of:

(A) Short-term resale;

(B) Benefitting from actual or expected short-term price movements;

(C) Realizing short-term arbitrage profits; or

(D) Hedging one or more positions resulting from the purchases or sales of financial instruments described in paragraphs (b)(1)(i)(A), (B), or (C) of this section;

(ii) Purchase or sell one or more financial instruments that are both market risk capital rule covered positions and trading positions (or hedges of other market risk capital rule covered positions), if the banking entity, or any affiliate of the banking entity, is an insured depository institution, bank holding company, or savings and loan holding company, and calculates risk-based capital ratios under the market risk capital rule; or

(iii) Purchase or sell one or more financial instruments for any purpose, if the banking entity:

(A) Is licensed or registered, or is required to be licensed or registered, to engage in the business of a dealer, swap dealer, or security-based swap dealer, to the extent the instrument is purchased or sold in connection with the activities that require the banking entity to be licensed or registered as such; or

(B) Is engaged in the business of a dealer, swap dealer, or security-based swap dealer outside of the United States, to the extent the instrument is purchased or sold in connection with the activities of such business.

(2) Rebuttable presumption for certain purchases and sales. The purchase (or sale) of a financial instrument by a banking entity shall be presumed to be for the trading account of the banking entity under paragraph (b)(1)(i) of this section if the banking entity holds the financial instrument for fewer than sixty days or substantially transfers the risk of the financial instrument within sixty days of the purchase (or sale), unless the banking entity can demonstrate, based on all relevant facts and circumstances, that the banking entity did not purchase (or sell) the financial instrument principally for any of the purposes described in paragraph (b)(1)(i) of this section.

(c) Financial instrument. (1) Financial instrument means:

(i) A security, including an option on a security;

(ii) A derivative, including an option on a derivative; or

(iii) A contract of sale of a commodity for future delivery, or option on a contract of sale of a commodity for future delivery.

(2) A financial instrument does not include:

(i) A loan;

(ii) A commodity that is not:

(A) An excluded commodity (other than foreign exchange or currency);

(B) A derivative;

(C) A contract of sale of a commodity for future delivery; or

(D) An option on a contract of sale of a commodity for future delivery; or

(iii) Foreign exchange or currency.

(d) Proprietary trading. Proprietary trading does not include:

(1) Any purchase or sale of one or more financial instruments by a banking entity that arises under a repurchase or reverse repurchase agreement pursuant to which the banking entity has simultaneously agreed, in writing, to both purchase and sell a stated asset, at stated prices, and on stated dates or on demand with the same counterparty;

(2) Any purchase or sale of one or more financial instruments by a banking entity that arises under a transaction in which the banking entity
lends or borrows a security temporarily to or from another party pursuant to a written securities lending agreement under which the lender retains the economic interests of an owner of such security, and has the right to terminate the transaction and to recall the loaned security on terms agreed by the parties;

(3) Any purchase or sale of a security by a banking entity for the purpose of liquidity management in accordance with a documented liquidity management plan of the banking entity that:
   (i) Specifically contemplates and authorizes the particular securities to be used for liquidity management purposes, the amount, types, and risks of these securities that are consistent with liquidity management, and the liquidity circumstances in which the particular securities may or must be used;
   (ii) Requires that any purchase or sale of securities contemplated and authorized by the plan be principally for the purpose of managing the liquidity of the banking entity, and not for the purpose of short-term resale, benefiting from actual or expected short-term price movements, realizing short-term arbitrage profits, or hedging a position taken for such short-term purposes;
   (iii) Requires that any securities purchased or sold for liquidity management purposes be highly liquid and limited to securities the market, credit, and other risks of which the banking entity does not reasonably expect to give rise to appreciable profits or losses as a result of short-term price movements;
   (iv) Limits any securities purchased or sold for liquidity management purposes, together with any other instruments purchased or sold for such purposes, to an amount that is consistent with the banking entity’s near-term funding needs, including deviations from normal operations of the banking entity or any affiliate thereof, as estimated and documented pursuant to methods specified in the plan;
   (v) Includes written policies and procedures, internal controls, analysis, and independent testing to ensure that the purchase and sale of securities that are not permitted under §§351.6(a) or (b) of this subpart are for the purpose of liquidity management and in accordance with the liquidity management plan described in paragraph (d)(3) of this section; and
   (vi) Is consistent with the FDIC’s supervisory requirements, guidance, and expectations regarding liquidity management;

(4) Any purchase or sale of one or more financial instruments by a banking entity that is a derivatives clearing organization or a clearing agency in connection with clearing financial instruments;

(5) Any excluded clearing activities by a banking entity that is a member of a clearing agency, a member of a derivatives clearing organization, or a member of a designated financial market utility:

(6) Any purchase or sale of one or more financial instruments by a banking entity, so long as:
   (i) The purchase (or sale) satisfies an existing delivery obligation of the banking entity or its customers, including to prevent or close out a failure to deliver, in connection with delivery, clearing, or settlement activity; or
   (ii) The purchase (or sale) satisfies an obligation of the banking entity in connection with a judicial, administrative, self-regulatory organization, or arbitration proceeding;

(7) Any purchase or sale of one or more financial instruments by a banking entity that is acting solely as agent, broker, or custodian;

(8) Any purchase or sale of one or more financial instruments by a banking entity through a deferred compensation, stock-bonus, profit-sharing, or pension plan of the banking entity that is established and administered in accordance with the law of the United States or a foreign sovereign, if the purchase or sale is made directly or indirectly by the banking entity as trustee for the benefit of persons who are or were employees of the banking entity; or

(9) Any purchase or sale of one or more financial instruments by a banking entity in the ordinary course of collecting a debt previously contracted
§ 351.3 12 CFR Ch. III (1–1–17 Edition)

in good faith, provided that the banking entity divests the financial instrument as soon as practicable, and in no event may the banking entity retain such instrument for longer than such period permitted by the FDIC.

(e) Definition of other terms related to proprietary trading. For purposes of this subpart:

(1) Anonymous means that each party to a purchase or sale is unaware of the identity of the other party(ies) to the purchase or sale.

(2) Clearing agency has the same meaning as in section 3(a)(23) of the Exchange Act (15 U.S.C. 78c(a)(23)).

(3) Commodity has the same meaning as in section 1a(9) of the Commodity Exchange Act (7 U.S.C. 1a(9)), except that a commodity does not include any security;

(4) Contract of sale of a commodity for future delivery means a contract of sale (as that term is defined in section 1a(13) of the Commodity Exchange Act (7 U.S.C. 1a(13)) for future delivery (as that term is defined in section 1a(27) of the Commodity Exchange Act (7 U.S.C. 1a(27))).

(5) Derivatives clearing organization means:

(i) A derivatives clearing organization registered under section 5b of the Commodity Exchange Act (7 U.S.C. 7a–1);

(ii) A derivatives clearing organization that, pursuant to CFTC regulation, is exempt from the registration requirements under section 5b of the Commodity Exchange Act (7 U.S.C. 7a–1); or

(iii) A foreign derivatives clearing organization that, pursuant to CFTC regulation, is permitted to clear for a foreign board of trade that is registered with the CFTC.

(6) Exchange, unless the context otherwise requires, means any designated contract market, swap execution facility, or foreign board of trade registered with the CFTC, or, for purposes of securities or security-based swaps, an exchange, as defined under section 3(a)(1) of the Exchange Act (15 U.S.C. 78c(a)(1)), or security-based swap execution facility, as defined under section 3(a)(77) of the Exchange Act (15 U.S.C. 78c(a)(77)).

(7) Excluded clearing activities means:

(i) With respect to customer transactions cleared on a derivatives clearing organization, a clearing agency, or a designated financial market utility, any purchase or sale necessary to correct trading errors made by or on behalf of a customer provided that such purchase or sale is conducted in accordance with, for transactions cleared on a derivatives clearing organization, the Commodity Exchange Act, CFTC regulations, and the rules or procedures of the derivatives clearing organization, or, for transactions cleared on a clearing agency, the rules or procedures of the clearing agency, or, for transactions cleared on a designated financial market utility that is neither a derivatives clearing organization nor a clearing agency, the rules or procedures of the designated financial market utility;

(ii) Any purchase or sale in connection with and related to the management of a default or threatened imminent default of a customer provided that such purchase or sale is conducted in accordance with, for transactions cleared on a derivatives clearing organization, the Commodity Exchange Act, CFTC regulations, and the rules or procedures of the derivatives clearing organization, or, for transactions cleared on a clearing agency, the rules or procedures of the clearing agency, or, for transactions cleared on a designated financial market utility that is neither a derivatives clearing organization nor a clearing agency, the rules or procedures of the designated financial market utility;

(iii) Any purchase or sale in connection with and related to the management of a default or threatened imminent default of a member of a clearing agency, a member of a derivatives clearing organization, or a member of a designated financial market utility;

(iv) Any purchase or sale in connection with and related to the management of the default or threatened default of a clearing agency, a derivatives clearing organization, or a designated financial market utility; and

(v) Any purchase or sale that is required by the rules or procedures of a clearing agency, a derivatives clearing organization, or a designated financial market utility to mitigate the risk to
the clearing agency, derivatives clearing organization, or designated financial market utility that would result from the clearing by a member of security-based swaps that reference the member or an affiliate of the member.

(8) Designated financial market utility has the same meaning as in section 803(4) of the Dodd-Frank Act (12 U.S.C. 5462(4)).

(9) Issuer has the same meaning as in section 2(a)(4) of the Securities Act of 1933 (15 U.S.C. 77b(a)(4)).

(10) Market risk capital rule covered position and trading position means a financial instrument that is both a covered position and a trading position, as those terms are respectively defined:

(i) In the case of a banking entity that is a bank holding company, savings and loan holding company, or insured depository institution, under the market risk capital rule that is applicable to the banking entity; and

(ii) In the case of a banking entity that is affiliated with a bank holding company, other than a banking entity to which a market risk capital rule is applicable, under the market risk capital rule that is applicable to the affiliated bank holding company.

(11) Market risk capital rule means the market risk capital rule that is contained in subpart F of 12 CFR part 3, 12 CFR parts 208 and 225, or 12 CFR part 324, as applicable.

(12) Municipal security means a security that is a direct obligation of or issued by, or an obligation guaranteed as to principal or interest by, a State or any political subdivision thereof, or any agency or instrumentality of a State or any political subdivision thereof, or any municipal corporate instrumentality of one or more States or political subdivisions thereof.

(13) Trading desk means the smallest discrete unit of organization of a banking entity that purchases or sells financial instruments for the trading account of the banking entity or an affiliate thereof.

§ 351.4 Permitted underwriting and market making-related activities.

(a) Underwriting activities—(1) Permitted underwriting activities. The prohibition contained in §351.3(a) does not apply to a banking entity’s underwriting activities conducted in accordance with this paragraph (a).

(2) Requirements. The underwriting activities of a banking entity are permitted under paragraph (a)(1) of this section only if:

(i) The banking entity is acting as an underwriter for a distribution of securities and the trading desk’s underwriting position is related to such distribution;

(ii) The amount and type of the securities in the trading desk’s underwriting position are designed not to exceed the reasonably expected near term demands of clients, customers, or counterparties, and reasonable efforts are made to sell or otherwise reduce the underwriting position within a reasonable period, taking into account the liquidity, maturity, and depth of the market for the relevant type of security;

(iii) The banking entity has established and implements, maintains, and enforces an internal compliance program required by subpart D of this part that is reasonably designed to ensure the banking entity’s compliance with the requirements of paragraph (a) of this section, including reasonably designed written policies and procedures, internal controls, analysis and independent testing identifying and addressing:

(A) The products, instruments or exposures each trading desk may purchase, sell, or manage as part of its underwriting activities;

(B) Limits for each trading desk, based on the nature and amount of the trading desk’s underwriting activities, including the reasonably expected near term demands of clients, customers, or counterparties, on the:

(1) Amount, types, and risk of its underwriting position;

(2) Level of exposures to relevant risk factors arising from its underwriting position; and

(3) Period of time a security may be held;

(C) Internal controls and ongoing monitoring and analysis of each trading desk’s compliance with its limits; and
§ 351.4

(D) Authorization procedures, including escalation procedures that require review and approval of any trade that would exceed a trading desk’s limit(s), demonstrable analysis of the basis for any temporary or permanent increase to a trading desk’s limit(s), and independent review of such demonstrable analysis and approval;

(iv) The compensation arrangements of persons performing the activities described in this paragraph (a) are designed not to reward or incentivize prohibited proprietary trading; and

(v) The banking entity is licensed or registered to engage in the activity described in this paragraph (a) in accordance with applicable law.

(3) Definition of distribution. For purposes of this paragraph (a), a distribution of securities means:

(i) An offering of securities, whether or not subject to registration under the Securities Act of 1933, that is distinguished from ordinary trading transactions by the presence of special selling efforts and selling methods; or

(ii) An offering of securities made pursuant to an effective registration statement under the Securities Act of 1933.

(4) Definition of underwriter. For purposes of this paragraph (a), underwriter means:

(i) A person who has agreed with an issuer or selling security holder to:

(A) Purchase securities from the issuer or selling security holder for distribution;

(B) Engage in a distribution of securities for or on behalf of the issuer or selling security holder; or

(C) Manage a distribution of securities for or on behalf of the issuer or selling security holder;

(ii) A person who has agreed to participate or is participating in a distribution of such securities for or on behalf of the issuer or selling security holder.

(5) Definition of selling security holder. For purposes of this paragraph (a), selling security holder means any person, other than an issuer, on whose behalf a distribution is made.

(6) Definition of underwriting position. For purposes of this paragraph (a), underwriting position means the long or short positions in one or more securities held by a banking entity or its affiliate, and managed by a particular trading desk, in connection with a particular distribution of securities for which such banking entity or affiliate is acting as an underwriter.

(7) Definition of client, customer, and counterparty. For purposes of this paragraph (a), the terms client, customer, and counterparty, on a collective or individual basis, refer to market participants that may transact with the banking entity in connection with a particular distribution for which the banking entity is acting as underwriter.

(b) Market making-related activities—

(1) Permitted market making-related activities. The prohibition contained in §351.3(a) does not apply to a banking entity’s market making-related activities conducted in accordance with this paragraph (b).

(2) Requirements. The market making-related activities of a banking entity are permitted under paragraph (b)(1) of this section only if:

(i) The trading desk that establishes and manages the financial exposure routinely stands ready to purchase and sell one or more types of financial instruments related to its financial exposure and is willing and available to quote, purchase and sell, or otherwise enter into long and short positions in those types of financial instruments for its own account, in commercially reasonable amounts and throughout market cycles on a basis appropriate for the liquidity, maturity, and depth of the market for the relevant types of financial instruments;

(ii) The amount, types, and risks of the financial instruments in the trading desk’s market-maker inventory are designed not to exceed, on an ongoing basis, the reasonably expected near term demands of clients, customers, or counterparties, based on:

(A) The liquidity, maturity, and depth of the market for the relevant types of financial instrument(s); and

(B) Demonstrable analysis of historical customer demand, current inventory of financial instruments, and market and other factors regarding the amount, types, and risks, of or associated with financial instruments in

860
which the trading desk makes a market, including through block trades:

(iii) The banking entity has established and implements, maintains, and enforces an internal compliance program required by subpart D of this part that is reasonably designed to ensure the banking entity's compliance with the requirements of paragraph (b) of this section, including reasonably designed written policies and procedures, internal controls, analysis and independent testing identifying and addressing:

(A) The financial instruments each trading desk stands ready to purchase and sell in accordance with paragraph (b)(2)(1) of this section;

(B) The actions the trading desk will take to demonstrably reduce or otherwise significantly mitigate promptly the risks of its financial exposure consistent with the limits required under paragraph (b)(2)(iii)(C) of this section; the products, instruments, and exposures each trading desk may use for risk management purposes; the techniques and strategies each trading desk may use to manage the risks of its market making-related activities and inventory; and the process, strategies, and personnel responsible for ensuring that the actions taken by the trading desk to mitigate these risks are and continue to be effective;

(C) Limits for each trading desk, based on the nature and amount of the trading desk’s market making-related activities, that address the factors prescribed by paragraph (b)(2)(ii) of this section, on:

(1) The amount, types, and risks of its market-maker inventory;

(2) The amount, types, and risks of the products, instruments, and exposures the trading desk may use for risk management purposes;

(3) The level of exposures to relevant risk factors arising from its financial exposure; and

(4) The period of time a financial instrument may be held;

(D) Internal controls and ongoing monitoring and analysis of each trading desk’s compliance with its limits; and

(E) Authorization procedures, including escalation procedures that require review and approval of any trade that would exceed a trading desk’s limit(s), demonstrable analysis that the basis for any temporary or permanent increase to a trading desk’s limit(s) is consistent with the requirements of this paragraph (b), and independent review of such demonstrable analysis and approval;

(iv) To the extent that any limit identified pursuant to paragraph (b)(2)(iii)(C) of this section is exceeded, the trading desk takes action to bring the trading desk into compliance with the limits as promptly as possible after the limit is exceeded;

(v) The compensation arrangements of persons performing the activities described in this paragraph (b) are designed not to reward or incentivize prohibited proprietary trading; and

(vi) The banking entity is licensed or registered to engage in activity described in this paragraph (b) in accordance with applicable law.

(3) Definition of client, customer, and counterparty. For purposes of paragraph (b) of this section, the terms client, customer, and counterparty, on a collective or individual basis refer to market participants that make use of the banking entity’s market making-related services by obtaining such services, responding to quotations, or entering into a continuing relationship with respect to such services, provided that:

(i) A trading desk or other organizational unit of another banking entity is not a client, customer, or counterparty of the trading desk if that other entity has trading assets and liabilities of $50 billion or more as measured in accordance with §351.20(d)(1) of subpart D, unless:

(A) The trading desk documents how and why a particular trading desk or other organizational unit of the entity should be treated as a client, customer, or counterparty of the trading desk if that other entity has trading assets and liabilities of $50 billion or more as measured in accordance with §351.20(d)(1) of subpart D, unless:

(A) The trading desk documents how and why a particular trading desk or other organizational unit of the entity should be treated as a client, customer, or counterparty of the trading desk if that other entity has trading assets and liabilities of $50 billion or more as measured in accordance with §351.20(d)(1) of subpart D, unless:

(1) The amount, types, and risks of its market-maker inventory;

(2) The amount, types, and risks of the products, instruments, and exposures the trading desk may use for risk management purposes;

(3) The level of exposures to relevant risk factors arising from its financial exposure; and

(4) The period of time a financial instrument may be held;

(D) Internal controls and ongoing monitoring and analysis of each trading desk’s compliance with its limits; and

(E) Authorization procedures, including escalation procedures that require review and approval of any trade that
any associated loans, commodities, or foreign exchange or currency, held by a banking entity or its affiliate and managed by a particular trading desk as part of the trading desk’s market making-related activities.

(5) Definition of market-maker inventory. For the purposes of this paragraph (b), market-maker inventory means all of the positions in the financial instruments for which the trading desk stands ready to make a market in accordance with paragraph (b)(2)(i) of this section, that are managed by the trading desk, including the trading desk’s open positions or exposures arising from open transactions.

§ 351.5 Permitted risk-mitigating hedging activities.

(a) Permitted risk-mitigating hedging activities. The prohibition contained in §351.3(a) does not apply to the risk-mitigating hedging activities of a banking entity in connection with and related to individual or aggregated positions, contracts, or other holdings of the banking entity and designed to reduce the specific risks to the banking entity in connection with and related to such positions, contracts, or other holdings.

(b) Requirements. The risk-mitigating hedging activities of a banking entity are permitted under paragraph (a) of this section only if:

(1) The banking entity has established and implements, maintains and enforces an internal compliance program required by subpart D of this part that is reasonably designed to ensure the banking entity’s compliance with the requirements of this section, including:

(i) Reasonably designed written policies and procedures regarding the positions, techniques and strategies that may be used for hedging, including documentation indicating what positions, contracts or other holdings a particular trading desk may use in its risk-mitigating hedging activities, as well as position and aging limits with respect to such positions, contracts or other holdings;

(ii) Internal controls and ongoing monitoring, management, and authorization procedures, including relevant escalation procedures; and

(iii) The conduct of analysis, including correlation analysis, and independent testing designed to ensure that the positions, techniques and strategies that may be used for hedging may reasonably be expected to demonstrably reduce or otherwise significantly mitigate the specific, identifiable risk(s) being hedged, and such correlation analysis demonstrates that the hedging activity demonstrably reduces or otherwise significantly mitigates the specific, identifiable risk(s) being hedged;

(2) The risk-mitigating hedging activity:

(i) Is conducted in accordance with the written policies, procedures, and internal controls required under this section;

(ii) At the inception of the hedging activity, including, without limitation, any adjustments to the hedging activity, is designed to reduce or otherwise significantly mitigate and demonstrably reduces or otherwise significantly mitigates one or more specific, identifiable risks, including market risk, counterparty or other credit risk, currency or foreign exchange risk, interest rate risk, commodity price risk, basis risk, or similar risks, arising in connection with and related to identified positions, contracts, or other holdings of the banking entity, based upon the facts and circumstances of the identified underlying and hedging positions, contracts or other holdings and the risks and liquidity thereof;

(iii) Does not give rise, at the inception of the hedge, to any significant new or additional risk that is not itself hedged contemporaneously in accordance with this section;

(iv) Is subject to continuing review, monitoring and management by the banking entity that:

(A) Is consistent with the written hedging policies and procedures required under paragraph (b)(1) of this section;

(B) Is designed to reduce or otherwise significantly mitigate and demonstrably reduces or otherwise significantly mitigates the specific, identifiable risks that develop over time from the risk-mitigating hedging activities undertaken under this section and the underlying positions, contracts, and
§ 351.6 Other permitted proprietary trading activities.

(a) Permitted trading in domestic government obligations. The prohibition contained in §351.3(a) does not apply to the purchase or sale by a banking entity of a financial instrument that is:

1. An obligation of, or issued or guaranteed by, the United States;
2. An obligation, participation, or other instrument of, or issued or guaranteed by, an agency of the United States, the Government National Mortgage Association, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, a Federal Home Loan Bank, the Federal Agricultural Mortgage Corporation or a Farm Credit System institution chartered under and subject to the provisions of the Farm Credit Act of 1971 (12 U.S.C. 2001 et seq.);
3. An obligation of any State or any political subdivision thereof, including any municipal security; or
4. An obligation of the FDIC, or any entity formed by or on behalf of the FDIC for purpose of facilitating the disposal of assets acquired or held by the FDIC in its corporate capacity as conservator or receiver under the Federal Deposit Insurance Act or Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

(b) Permitted trading in foreign government obligations—(1) Affiliates of foreign banking entities in the United States. The prohibition contained in §351.3(a) does not apply to the purchase or sale of a

other holdings of the banking entity, based upon the facts and circumstances of the underlying and hedging positions, contracts and other holdings of the banking entity and the risks and liquidity thereof; and

(C) Requires ongoing recalibration of the hedging activity by the banking entity to ensure that the hedging activity satisfies the requirements set out in paragraph (b)(2) of this section and is not prohibited proprietary trading; and

(3) The compensation arrangements of persons performing risk-mitigating hedging activities are designed not to reward or incentivize prohibited proprietary trading.

(c) Documentation requirement—(1) A banking entity must comply with the requirements of paragraphs (c)(2) and (3) of this section with respect to any purchase or sale of financial instruments made in reliance on this section for risk-mitigating hedging purposes that is:

(i) Not established by the specific trading desk establishing or responsible for the underlying positions, contracts, or other holdings the risks of which the hedging activity is designed to reduce;
(ii) Established by the specific trading desk establishing or responsible for the underlying positions, contracts, or other holdings the risks of which the purchases or sales are designed to reduce, but that is effected through a financial instrument, exposure, technique, or strategy that is not specifically identified in the trading desk’s written policies and procedures established under paragraph (b)(1) of this section or under §351.4(b)(1)(B) of this subpart as a product, instrument, exposure, technique, or strategy such trading desk may use for hedging;
(iii) Established to hedge aggregated positions across two or more trading desks.

(2) In connection with any purchase or sale identified in paragraph (c)(1) of this section, a banking entity must, at a minimum, and contemporaneously with the purchase or sale, document:

(i) The specific, identifiable risk(s) of the identified positions, contracts, or other holdings of the banking entity that the purchase or sale is designed to reduce;
(ii) The specific risk-mitigating strategy that the purchase or sale is designed to fulfill; and
(iii) The trading desk or other business unit that is establishing and responsible for the hedge.

(3) A banking entity must create and retain records sufficient to demonstrate compliance with the requirements of this paragraph (c) for a period that is no less than five years in a form that allows the banking entity to promptly produce such records to the FDIC on request, or such longer period as required under other law or this part.
 §351.6 12 CFR Ch. III (1–1–17 Edition)

financial instrument that is an obligation of, or issued or guaranteed by, a foreign sovereign (including any multinational central bank of which the foreign sovereign is a member), or any agency or political subdivision of such foreign sovereign, by a banking entity, so long as:

(i) The banking entity is organized under or is directly or indirectly controlled by a banking entity that is organized under the laws of a foreign sovereign and is not directly or indirectly controlled by a top-tier banking entity that is organized under the laws of the United States;

(ii) The financial instrument is an obligation of, or issued or guaranteed by, the foreign sovereign under the laws of which the foreign entity referred to in paragraph (b)(1)(i) of this section is organized (including any multinational central bank of which the foreign sovereign is a member), or any agency or political subdivision of that foreign sovereign; and

(iii) The purchase or sale as principal is not made by an insured depository institution.

(2) Foreign affiliates of a U.S. banking entity. The prohibition contained in §351.3(a) does not apply to the purchase or sale of a financial instrument that is an obligation of, or issued or guaranteed by, a foreign sovereign under the laws of which the foreign banking entity referred to in paragraph (b)(1)(i) of this section is organized (including any multinational central bank of which the foreign sovereign is a member), or any agency or political subdivision of that foreign sovereign, by a foreign entity that is owned or controlled by a banking entity organized or established under the laws of the United States or any State, so long as:

(i) The foreign entity is a foreign bank, as defined in section 211.2(j) of the Board’s Regulation K (12 CFR 211.2(j)), or is regulated by the foreign sovereign as a securities dealer;

(ii) The financial instrument is an obligation of, or issued or guaranteed by, the foreign sovereign under the laws of which the foreign entity is organized (including any multinational central bank of which the foreign sovereign is a member), or any agency or political subdivision of that foreign sovereign; and

(iii) The financial instrument is owned by the foreign entity and is not financed by an affiliate that is located in the United States or organized under the laws of the United States or of any State.

(c) Permitted trading on behalf of customers—(1) Fiduciary transactions. The prohibition contained in §351.3(a) does not apply to the purchase or sale of financial instruments by a banking entity acting as trustee or in a similar fiduciary capacity, so long as:

(i) The transaction is conducted for the account of, or on behalf of, a customer; and

(ii) The banking entity does not have or retain beneficial ownership of the financial instruments.

(2) Riskless principal transactions. The prohibition contained in §351.3(a) does not apply to the purchase or sale of financial instruments by a banking entity acting as riskless principal in a transaction in which the banking entity, after receiving an order to purchase (or sell) a financial instrument from a customer, purchases (or sells) the financial instrument for its own account to offset a contemporaneous sale to (or purchase from) the customer.

(d) Permitted trading by a regulated insurance company. The prohibition contained in §351.3(a) does not apply to the purchase or sale of financial instruments by a banking entity that is an insurance company or an affiliate of an insurance company if:

(1) The insurance company or its affiliate purchases or sells the financial instruments solely for:

(i) The general account of the insurance company; or

(ii) A separate account established by the insurance company;

(2) The purchase or sale is conducted in compliance with, and subject to, the insurance company investment laws, regulations, and written guidance of the State or jurisdiction in which such insurance company is domiciled; and

(3) The appropriate Federal banking agencies, after consultation with the Financial Stability Oversight Council and the relevant insurance commissioners of the States and foreign jurisdictions, as appropriate, have not jointly determined, after notice and comment, that a particular law, regulation, or written guidance described in

864
paragraph (d)(2) of this section is insufficient to protect the safety and soundness of the covered banking entity, or the financial stability of the United States.

(e) Permitted trading activities of foreign banking entities.

(1) The prohibition contained in §351.3(a) does not apply to the purchase or sale of financial instruments by a banking entity if:

(i) The banking entity is not organized or directly or indirectly controlled by a banking entity that is organized under the laws of the United States or of any State;

(ii) The purchase or sale by the banking entity is made pursuant to paragraph (9) or (13) of section 4(c) of the BHC Act; and

(iii) The purchase or sale meets the requirements of paragraph (e)(3) of this section.

(2) A purchase or sale of financial instruments by a banking entity is made pursuant to paragraph (9) or (13) of section 4(c) of the BHC Act for purposes of paragraph (e)(1)(ii) of this section only if:

(i) The purchase or sale is conducted in accordance with the requirements of paragraph (e) of this section; and

(ii)(A) With respect to a banking entity that is a foreign banking organization, the banking entity meets the qualifying foreign banking organization requirements of section 211.23(a), (c) or (e) of the Board’s Regulation K (12 CFR 211.23(a), (c) or (e)), as applicable; or

(B) With respect to a banking entity that is not a foreign banking organization, the banking entity is not organized under the laws of the United States or of any State and the banking entity, on a fully-consolidated basis, meets at least two of the following requirements:

(1) Total assets of the banking entity held outside of the United States exceed total assets of the banking entity held in the United States;

(2) Total revenues derived from the business of the banking entity outside of the United States exceed total revenues derived from the business of the banking entity in the United States; or

(3) Total net income derived from the business of the banking entity outside of the United States exceeds total net income derived from the business of the banking entity in the United States.

(3) A purchase or sale by a banking entity is permitted for purposes of this paragraph (e) if:

(i) The banking entity engaging as principal in the purchase or sale (including any personnel of the banking entity or its affiliate that arrange, negotiate or execute such purchase or sale) is not located in the United States or organized under the laws of the United States or of any State;

(ii) The banking entity (including relevant personnel) that makes the decision to purchase or sell as principal is not located in the United States or organized under the laws of the United States or of any State;

(iii) The purchase or sale, including any transaction arising from risk-mitigating hedging related to the instruments purchased or sold, is not accounted for as principal directly or on a consolidated basis by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State;

(iv) No financing for the banking entity’s purchases or sales is provided, directly or indirectly, by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State; and

(v) The purchase or sale is not conducted with or through any U.S. entity, other than:

(A) A purchase or sale with the foreign operations of a U.S. entity if no personnel of such U.S. entity that are located in the United States are involved in the arrangement, negotiation, or execution of such purchase or sale;

(B) A purchase or sale with an unaffiliated market intermediary acting as principal, provided the purchase or sale is promptly cleared and settled through a clearing agency or derivatives clearing organization acting as a central counterparty; or

(C) A purchase or sale through an unaffiliated market intermediary acting as agent, provided the purchase or sale is conducted anonymously on an exchange or similar trading facility and is promptly cleared and settled.
§ 351.7 Limitations on permitted proprietary trading activities.

(a) No transaction, class of transactions, or activity may be deemed permissible under §§351.4 through 351.6 if the transaction, class of transactions, or activity would:

(1) Involve or result in a material conflict of interest between the banking entity and its clients, customers, or counterparties;

(2) Result, directly or indirectly, in a material exposure by the banking entity to a high-risk asset or a high-risk trading strategy; or

(3) Pose a threat to the safety and soundness of the banking entity or to the financial stability of the United States.

(b) Definition of material conflict of interest.

(1) For purposes of this section, a material conflict of interest between a banking entity and its clients, customers, or counterparties exists if the banking entity engages in any transaction, class of transactions, or activity that would involve or result in the banking entity’s interests being materially adverse to the interests of its client, customer, or counterparty with respect to such transaction, class of transactions, or activity, and the banking entity has not taken at least one of the actions in paragraph (b)(2) of this section.

(2) Prior to effecting the specific transaction or class or type of transactions, or engaging in the specific activity, the banking entity:

(i) Timely and effective disclosure. (A) Has made clear, timely, and effective disclosure of the conflict of interest, together with other necessary information, in reasonable detail and in a manner sufficient to permit a reasonable client, customer, or counterparty to meaningfully understand the conflict of interest; and

(B) Such disclosure is made in a manner that provides the client, customer, or counterparty the opportunity to negotiate, or substantially mitigate, any materially adverse effect on the client, customer, or counterparty created by the conflict of interest; or

(ii) Information barriers. Has established, maintained, and enforced information barriers that are memorialized in written policies and procedures, such as physical separation of personnel, or functions, or limitations on types of activity, that are reasonably designed, taking into consideration the nature of the banking entity’s business, to prevent the conflict of interest from involving or resulting in a materially adverse effect on a client, customer, or counterparty created by the conflict of interest; or

(ii) Information barriers. Has established, maintained, and enforced information barriers that are memorialized in written policies and procedures, such as physical separation of personnel, or functions, or limitations on types of activity, that are reasonably designed, taking into consideration the nature of the banking entity’s business, to prevent the conflict of interest from involving or resulting in a materially adverse effect on a client, customer, or counterparty created by the conflict of interest; or
knows or should reasonably know that, notwithstanding the banking entity's establishment of information barriers, the conflict of interest may involve or result in a materially adverse effect on a client, customer, or counterparty.

(c) Definition of high-risk asset and high-risk trading strategy. For purposes of this section:

(1) High-risk asset means an asset or group of related assets that would, if held by a banking entity, significantly increase the likelihood that the banking entity would incur a substantial financial loss or would pose a threat to the financial stability of the United States.

(2) High-risk trading strategy means a trading strategy that would, if engaged in by a banking entity, significantly increase the likelihood that the banking entity would incur a substantial financial loss or would pose a threat to the financial stability of the United States.

§§ 351.8–351.9 [Reserved]

Subpart C—Covered Funds Activities and Investments

§ 351.10 Prohibition on acquiring or retaining an ownership interest in and having certain relationships with a covered fund.

(a) Prohibition. (1) Except as otherwise provided in this subpart, a banking entity may not, as principal, directly or indirectly, acquire or retain any ownership interest in or sponsor a covered fund.

(2) Paragraph (a)(1) of this section does not include acquiring or retaining an ownership interest in a covered fund by a banking entity:

(i) Acting solely as agent, broker, or custodian, so long as:

(A) The activity is conducted for the account of, or on behalf of, a customer; and

(B) The banking entity and its affiliates do not have or retain beneficial ownership of such ownership interest.

(ii) Through a deferred compensation, stock-bonus, profit-sharing, or pension plan of the banking entity (or an affiliate thereof) that is established and administered in accordance with the law of the United States or a foreign sovereign, if the ownership interest is held or controlled directly or indirectly by the banking entity as trustee for the benefit of persons who are or were employees of the banking entity (or an affiliate thereof);

(iii) In the ordinary course of collecting a debt previously contracted in good faith, provided that the banking entity divests the ownership interest as soon as practicable, and in no event may the banking entity retain such ownership interest for longer than such period permitted by the FDIC; or

(iv) On behalf of customers as trustee or in a similar fiduciary capacity for a customer that is not a covered fund, so long as:

(A) The activity is conducted for the account of, or on behalf of, the customer; and

(B) The banking entity and its affiliates do not have or retain beneficial ownership of such ownership interest.

(b) Definition of covered fund. (1) Except as provided in paragraph (c) of this section, covered fund means:

(i) An issuer that would be an investment company, as defined in the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.), but for section 3(c)(1) or 3(c)(7) of that Act (15 U.S.C. 80a–3(c)(1) or (7));

(ii) Any commodity pool under section 1a(10) of the Commodity Exchange Act (7 U.S.C. 1a(10)) for which:

(A) The commodity pool operator has claimed an exemption under 17 CFR 4.7; or

(B)(i) A commodity pool operator is registered with the CFTC as a commodity pool operator in connection with the operation of the commodity pool;

(ii) Substantially all participation units of the commodity pool are owned by qualified eligible persons under 17 CFR 4.7(a)(2) and (3); and

(iii) Participation units of the commodity pool have not been publicly offered to persons who are not qualified eligible persons under 17 CFR 4.7(a)(2) and (3); or

(iv) For any banking entity that is, or is controlled directly or indirectly by a banking entity that is, located in or organized under the laws of the United States or of any State, an entity that:
§ 351.10

(A) Is organized or established outside the United States and the ownership interests of which are offered and sold solely outside the United States;

(B) Is, or holds itself out as being, an entity or arrangement that raises money from investors primarily for the purpose of investing in securities for resale or other disposition or otherwise trading in securities; and

(C)(1) Has as its sponsor that banking entity (or an affiliate thereof); or

(2) Has issued an ownership interest that is owned directly or indirectly by that banking entity (or an affiliate thereof).

(2) An issuer shall not be deemed to be a covered fund under paragraph (b)(1)(iii) of this section if, were the issuer subject to U.S. securities laws, the issuer could rely on an exclusion or exemption from the definition of “investment company” under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) other than the exclusions contained in section 3(c)(1) and 3(c)(7) of that Act.

(3) For purposes of paragraph (b)(1)(iii) of this section, a U.S. branch, agency, or subsidiary of a foreign banking entity is located in the United States; however, the foreign bank that operates or controls that branch, agency, or subsidiary is not considered to be located in the United States solely by virtue of operating or controlling the U.S. branch, agency, or subsidiary.

(c) Notwithstanding paragraph (b) of this section, unless the appropriate Federal banking agencies, the SEC, and the CFTC jointly determine otherwise, a covered fund does not include:

(1) Foreign public funds. (i) Subject to paragraphs (ii) and (iii) below, an issuer that:

(A) Is organized or established outside of the United States;

(B) Is authorized to offer and sell ownership interests to retail investors in the issuer’s home jurisdiction; and

(C) Sells ownership interests predominantly through one or more public offerings outside of the United States.

(ii) With respect to a banking entity that is, or is controlled directly or indirectly by a banking entity that is, located in or organized under the laws of the United States or of any State and any issuer for which such banking entity acts as sponsor, the sponsoring banking entity may not rely on the exemption in paragraph (c)(1)(i) of this section for such issuer unless ownership interests in the issuer are sold predominantly to persons other than:

(A) Such sponsoring banking entity;

(B) Such issuer;

(C) Affiliates of such sponsoring banking entity or such issuer; and

(D) Directors and employees of such entities.

(iii) For purposes of paragraph (c)(1)(i)(C) of this section, the term “public offering” means a distribution (as defined in §351.4(a)(3) of subpart B) of securities in any jurisdiction outside the United States to investors, including retail investors, provided that:

(A) The distribution complies with all applicable requirements in the jurisdiction in which such distribution is being made;

(B) The distribution does not restrict availability to investors having a minimum level of net worth or net investment assets; and

(C) The issuer has filed or submitted, with the appropriate regulatory authority in such jurisdiction, offering disclosure documents that are publicly available.

(2) Wholly-owned subsidiaries. An entity, all of the outstanding ownership interests of which are owned directly or indirectly by the banking entity (or an affiliate thereof), except that:

(i) Up to five percent of the entity’s outstanding ownership interests, less any amounts outstanding under paragraph (c)(2)(ii) of this section, may be held by employees or directors of the banking entity or such affiliate (including former employees or directors if their ownership interest was acquired while employed by or in the service of the banking entity); and

(ii) Up to 0.5 percent of the entity’s outstanding ownership interests may be held by a third party if the ownership interest is acquired or retained by the third party for the purpose of establishing corporate separateness or addressing bankruptcy, insolvency, or similar concerns.

(3) Joint ventures. A joint venture between a banking entity or any of its affiliates and one or more unaffiliated
§ 351.10

persons, provided that the joint venture:
(i) Is comprised of no more than 10 unaffiliated co-venturers;
(ii) Is in the business of engaging in activities that are permissible for the banking entity or affiliate, other than investing in securities for resale or other disposition; and
(iii) Is not, and does not hold itself out as being, an entity or arrangement that raises money from investors primarily for the purpose of investing in securities for resale or otherwise trading in securities.

(4) Acquisition vehicles. An issuer:
(i) Formed solely for the purpose of engaging in a bona fide merger or acquisition transaction; and
(ii) That exists only for such period as necessary to effectuate the transaction.

(5) Foreign pension or retirement funds. A plan, fund, or program providing pension, retirement, or similar benefits that is:
(i) Organized and administered outside the United States;
(ii) A broad-based plan for employees or citizens that is subject to regulation as a pension, retirement, or similar plan under the laws of the jurisdiction in which the plan, fund, or program is organized and administered; and
(iii) Established for the benefit of citizens or residents of one or more foreign sovereigns or any political subdivision thereof.

(6) Insurance company separate accounts. A separate account, provided that no banking entity other than the insurance company participates in the account’s profits and losses.

(7) Bank owned life insurance. A separate account that is used solely for the purpose of allowing one or more banking entities to purchase a life insurance policy for which the banking entity or entities is beneficiary, provided that no banking entity that purchases the policy:
(i) Controls the investment decisions regarding the underlying assets or holdings of the separate account; or
(ii) Participates in the profits and losses of the separate account other than in compliance with applicable supervisory guidance regarding bank owned life insurance.

(8) Loan securitizations. (i) Scope. An issuing entity for asset-backed securities that satisfies all the conditions of this paragraph (c)(8) and the assets or holdings of which are comprised solely of:
(A) Loans as defined in § 351.2(s) of subpart A;
(B) Rights or other assets designed to assure the servicing or timely distribution of proceeds to holders of such securities and rights or other assets that are related or incidental to purchasing or otherwise acquiring and holding the loans, provided that each asset meets the requirements of paragraph (c)(8)(iii) of this section;
(C) Interest rate or foreign exchange derivatives that meet the requirements of paragraph (c)(8)(iv) of this section; and
(D) Special units of beneficial interest and collateral certificates that meet the requirements of paragraph (c)(8)(v) of this section.

(ii) Impermissible assets. For purposes of this paragraph (c)(8), the assets or holdings of the issuing entity shall not include any of the following:
(A) A security, including an asset-backed security, or an interest in an equity or debt security other than as permitted in paragraph (c)(8)(iii) of this section;
(B) A derivative, other than a derivative that meets the requirements of paragraph (c)(8)(iv) of this section; or
(C) A commodity forward contract.

(iii) Permitted securities. Notwithstanding paragraph (c)(8)(i)(A) of this section, the issuing entity may hold securities if those securities are:
(A) Cash equivalents for purposes of the rights and assets in paragraph (c)(8)(i)(B) of this section; or
(B) Securities received in lieu of debts previously contracted with respect to the loans supporting the asset-backed securities.

(iv) Derivatives. The holdings of derivatives by the issuing entity shall be limited to interest rate or foreign exchange derivatives that satisfy all of the following conditions:
(A) The written terms of the derivative directly relate to the loans, the asset-backed securities, or the contractual rights of other assets described in
paragraph (c)(8)(i)(B) of this section; and

(B) The derivatives reduce the interest rate and/or foreign exchange risks related to the loans, the asset-backed securities, or the contractual rights or other assets described in paragraph (c)(8)(i)(B) of this section.

(v) Special units of beneficial interest and collateral certificates. The assets or holdings of the issuing entity may include collateral certificates and special units of beneficial interest issued by a special purpose vehicle, provided that:

(A) The special purpose vehicle that issues the special unit of beneficial interest or collateral certificate meets the requirements in this paragraph (c)(8);

(B) The special unit of beneficial interest or collateral certificate is used for the sole purpose of transferring to the issuing entity for the loan securitization the economic risks and benefits of the assets that are permissible for loan securitizations under this paragraph (c)(8) and does not directly or indirectly transfer any interest in any other economic or financial exposure;

(C) The special unit of beneficial interest or collateral certificate is created solely to satisfy legal requirements or otherwise facilitate the structuring of the loan securitization; and

(D) The special purpose vehicle that issues the special unit of beneficial interest or collateral certificate and the issuing entity are established under the direction of the same entity that initiated the loan securitization.

(9) Qualifying asset-backed commercial paper conduits. (i) An issuing entity for asset-backed commercial paper that satisfies all of the following requirements:

(A) The asset-backed commercial paper conduit holds only:

1. Loans and other assets permissible for a loan securitization under paragraph (c)(8)(i) of this section; and

2. Asset-backed securities supported solely by assets that are permissible for loan securitizations under paragraph (c)(8)(i) of this section and acquired by the asset-backed commercial paper conduit as part of an initial issuance either directly from the issuing entity of the asset-backed securities or directly from an underwriter in the distribution of the asset-backed securities;

(B) The asset-backed commercial paper conduit issues only asset-backed securities, comprised of a residual interest and securities with a legal maturity of 365 days or less; and

(C) A regulated liquidity provider has entered into a legally binding commitment to provide full and unconditional liquidity coverage with respect to all of the outstanding asset-backed securities issued by the asset-backed commercial paper conduit (other than any residual interest) in the event that funds are required to redeem maturing asset-backed securities.

(ii) For purposes of this paragraph (c)(9), a regulated liquidity provider means:

(A) A depository institution, as defined in section 3(c) of the Federal Deposit Insurance Act (12 U.S.C. 1813(c));

(B) A bank holding company, as defined in section 2(a) of the Bank Holding Company Act of 1956 (12 U.S.C. 1841(a)), or a subsidiary thereof;

(C) A savings and loan holding company, as defined in section 10a of the Home Owners’ Loan Act (12 U.S.C. 1467a), provided all or substantially all of the holding company’s activities are permissible for a financial holding company under section 4(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)), or a subsidiary thereof;

(D) A foreign bank whose home country supervisor, as defined in §211.21(q) of the Board’s Regulation K (12 CFR 211.21(q)), has adopted capital standards consistent with the Capital Accord for the Basel Committee on Banking Supervision, as amended, and that is subject to such standards, or a subsidiary thereof; or

(E) The United States or a foreign sovereign.

(10) Qualifying covered bonds—(i) Scope. An entity owning or holding a dynamic or fixed pool of loans or other assets as provided in paragraph (c)(8) of this section for the benefit of the holders of covered bonds, provided that the assets in the pool are comprised solely of assets that meet the conditions in paragraph (c)(8)(i) of this section.
(ii) Covered bond. For purposes of this paragraph (c)(10), a covered bond means:

(A) A debt obligation issued by an entity that meets the definition of foreign banking organization, the payment obligations of which are fully and unconditionally guaranteed by an entity that meets the conditions set forth in paragraph (c)(10)(i) of this section; or

(B) A debt obligation of an entity that meets the conditions set forth in paragraph (c)(10)(i) of this section, provided that the payment obligations are fully and unconditionally guaranteed by an entity that meets the definition of foreign banking organization and the entity is a wholly-owned subsidiary, as defined in paragraph (c)(2) of this section, of such foreign banking organization.

(11) SBICs and public welfare investment funds. An issuer:

(i) That is a small business investment company, as defined in section 103(3) of the Small Business Investment Act of 1958 (15 U.S.C. 662), or that has received from the Small Business Administration notice to proceed to qualify for a license as a small business investment company, which notice or license has not been revoked; or

(ii) The business of which is to make investments that are:

(A) Designed primarily to promote the public welfare, of the type permitted under paragraph (c)(11) of section 5136 of the Revised Statutes of the United States (12 U.S.C. 24), including the welfare of low- and moderate-income communities or families (such as providing housing, services, or jobs); or

(B) Qualified rehabilitation expenditures with respect to a qualified rehabilitated building or certified historic structure, as such terms are defined in section 47 of the Internal Revenue Code of 1986 or a similar State historic tax credit program.

(12) Registered investment companies and excluded entities. An issuer:

(i) That is registered as an investment company under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), or that is formed and operated pursuant to a written plan to become a business development company as described in §351.20(e)(3) of subpart D and that complies with the requirements of section 18 of the Investment Company Act of 1940 (15 U.S.C. 80a–18);

(ii) That may rely on an exclusion or exemption from the definition of “investment company” under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) other than the exclusions contained in section 3(c)(1) and 3(c)(7) of that Act; or

(iii) That has elected to be regulated as a business development company pursuant to section 54(a) of that Act (15 U.S.C. 80a–53) and has not withdrawn its election, or that is formed and operated pursuant to a written plan to become a business development company as described in §351.20(e)(3) of subpart D and that complies with the requirements of section 61 of the Investment Company Act of 1940 (15 U.S.C. 80a–60).

(13) Issuers in conjunction with the FDIC’s receivership or conservatorship operations. An issuer that is an entity formed by or on behalf of the FDIC for the purpose of facilitating the disposal of assets acquired in the FDIC’s capacity as conservator or receiver under the Federal Deposit Insurance Act or Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

(14) Other excluded issuers. (i) Any issuer that the appropriate Federal banking agencies, the SEC, and the CFTC jointly determine the exclusion of which is consistent with the purposes of section 13 of the BHC Act.

(ii) A determination made under paragraph (c)(14)(i) of this section will be promptly made public.

(d) Definition of other terms related to covered funds. For purposes of this subpart:

(1) Applicable accounting standards means U.S. generally accepted accounting principles, or such other accounting standards applicable to a banking entity that the FDIC determines are appropriate and that the banking entity uses in the ordinary course of its business in preparing its consolidated financial statements.

(3) Director has the same meaning as provided in section 215.2(d)(1) of the
§351.10

Board’s Regulation O (12 CFR 215.2(d)(1)).

(4) Issuer has the same meaning as in section 2(a)(22) of the Investment Company Act of 1940 (15 U.S.C. 80a-2(a)(22)).

(5) Issuing entity means with respect to asset-backed securities the special purpose vehicle that owns or holds the pool assets underlying asset-backed securities and in whose name the asset-backed securities supported or serviced by the pool assets are issued.

(6) Ownership interest—(i) Ownership interest means any equity, partnership, or other similar interest. An “other similar interest” means an interest that:

(A) Has the right to participate in the selection or removal of a general partner, managing member, member of the board of directors or trustees, investment manager, investment adviser, or commodity trading advisor of the covered fund (excluding the rights of a creditor to exercise remedies upon the occurrence of an event of default or an acceleration event);

(B) Has the right under the terms of the interest to receive a share of the income, gains or profits of the covered fund;

(C) Has the right to receive all or a portion of excess spread (the positive difference, if any, between the aggregate interest payments received from the underlying assets of the covered fund and the aggregate interest paid to the holders of other outstanding interests);

(E) Provides under the terms of the interest that the amounts payable by the covered fund with respect to the interest could be reduced based on losses arising from the underlying assets of the covered fund, such as allocation of losses, write-downs or charge-offs of the outstanding principal balance, or reductions in the amount of interest due and payable on the interest;

(F) Receives income on a pass-through basis from the covered fund, or has a rate of return that is determined by reference to the performance of the underlying assets of the covered fund; or

(G) Any synthetic right to have, receive, or be allocated any of the rights in paragraphs (d)(6)(i)(A) through (F) of this section.

(ii) Ownership interest does not include: Restricted profit interest. An interest held by an entity (or an employee or former employee thereof) to share in the profits of the covered fund as performance compensation for the investment management, investment advisory, commodity trading advisory, or other services provided to the covered fund by the entity (or employee or former employee thereof), provided that the entity (or employee or former employee thereof) may be obligated under the terms of such interest to return profits previously received;

(B) All such profit, once allocated, is distributed to the entity (or employee or former employee thereof) promptly after being earned or, if not so distributed, is retained by the covered fund for the sole purpose of establishing a reserve amount to satisfy contractual obligations with respect to subsequent losses of the covered fund and such undistributed profit of the entity (or employee or former employee thereof) does not share in the subsequent investment gains of the covered fund;

(C) Any amounts invested in the covered fund, including any amounts paid by the entity (or employee or former employee thereof) in connection with obtaining the restricted profit interest, are within the limits of §351.12 of this subpart; and

(D) The interest is not transferable by the entity (or employee or former employee thereof) except to an affiliate thereof (or an employee of the banking entity or affiliate), to immediate family members, or through the intestacy, of the employee or former employee, or in connection with a sale of the business that gave rise to the restricted
profit interest by the entity (or employee or former employee thereof) to an unaffiliated party that provides investment management, investment advisory, commodity trading advisory, or other services to the fund.

(7) Prime brokerage transaction means any transaction that would be a covered transaction, as defined in section 23A(b)(7) of the Federal Reserve Act (12 U.S.C. 371c(b)(7)), that is provided in connection with custody, clearance and settlement, securities borrowing or lending services, trade execution, financing, or data, operational, and administrative support.

(8) Resident of the United States means a person that is a “U.S. person” as defined in rule 902(k) of the SEC’s Regulation S (17 CFR 230.902(k)).

(9) Sponsor means, with respect to a covered fund:

(i) To serve as a general partner, managing member, or trustee of a covered fund, or to serve as a commodity pool operator with respect to a covered fund as defined in (b)(1)(ii) of this section;

(ii) In any manner to select or to control (or to have employees, officers, or directors, or agents who constitute) a majority of the directors, trustees, or management of a covered fund; or

(iii) To share with a covered fund, for corporate, marketing, promotional, or other purposes, the same name or a variation of the same name.

(10) Trustee.

(i) For purposes of paragraph (d)(9) of this section and §351.11 of subpart C, a trustee does not include:

(A) A trustee that does not exercise investment discretion with respect to a covered fund, including a trustee that is subject to the direction of an unaffiliated named fiduciary who is not a trustee pursuant to section 403(a)(1) of the Employee’s Retirement Income Security Act (29 U.S.C. 1103(a)(1)); or

(B) A trustee that is subject to fiduciary standards imposed under foreign law that are substantially equivalent to those described in paragraph (d)(10)(i)(A) of this section;

(ii) Any entity that directs a person described in paragraph (d)(10)(i) of this section, or that possesses authority and discretion to manage and control the investment decisions of a covered fund for which such person serves as trustee, shall be considered to be a trustee of such covered fund.

§ 351.11 Permitted organizing and offering, underwriting, and market making with respect to a covered fund.

(a) Organizing and offering a covered fund in general. Notwithstanding §351.10(a) of this subpart, a banking entity is not prohibited from acquiring or retaining an ownership interest in, or acting as sponsor to, a covered fund in connection with, directly or indirectly, organizing and offering a covered fund, including serving as a general partner, managing member, trustee, or commodity pool operator of the covered fund and in any manner selecting or controlling (or having employees, officers, directors, or agents who constitute) a majority of the directors, trustees, or management of the covered fund, including any necessary expenses for the foregoing, only if:

(1) The banking entity (or an affiliate thereof) provides bona fide trust, fiduciary, investment advisory, or commodity trading advisory services;

(2) The covered fund is organized and offered only in connection with the provision of bona fide trust, fiduciary, investment advisory, or commodity trading advisory services and only to persons that are customers of such services of the banking entity (or an affiliate thereof), pursuant to a written plan or similar documentation outlining how the banking entity or such affiliate intends to provide advisory or similar services to its customers through organizing and offering such fund;

(3) The banking entity and its affiliates do not acquire or retain an ownership interest in the covered fund except as permitted under §351.12 of this subpart;

(4) The banking entity and its affiliates comply with the requirements of §351.14 of this subpart;

(5) The banking entity and its affiliates do not, directly or indirectly, guarantee, assume, or otherwise insure the obligations or performance of the covered fund or of any covered fund in which such covered fund invests.
§351.11  12 CFR Ch. III (1–1–17 Edition)

(6) The covered fund, for corporate, marketing, promotional, or other purposes:

(i) Does not share the same name or a variation of the same name with the banking entity (or an affiliate thereof); and

(ii) Does not use the word “bank” in its name;

(7) No director or employee of the banking entity (or an affiliate thereof) takes or retains an ownership interest in the covered fund, except for any director or employee of the banking entity or such affiliate who is directly engaged in providing investment advisory, commodity trading advisory, or other services to the covered fund at the time the director or employee takes the ownership interest; and

(8) The banking entity:

(i) Clearly and conspicuously discloses, in writing, to any prospective and actual investor in the covered fund (such as through disclosure in the covered fund’s offering documents):

(A) That “any losses in [such covered fund] will be borne solely by investors in [the covered fund] and not by [the banking entity] or its affiliates; therefore, [the banking entity’s] losses in [such covered fund] will be limited to losses attributable to the ownership interests in the covered fund held by [the banking entity] and any affiliate in its capacity as investor in the [covered fund] or as beneficiary of a restricted profit interest held by [the banking entity] or any affiliate”;

(B) That such investor should read the fund offering documents before investing in the covered fund;

(C) That the “ownership interests in the covered fund are not insured by the FDIC, and are not deposits, obligations of, or endorsed or guaranteed in any way, by any banking entity” (unless that happens to be the case); and

(D) The role of the banking entity and its affiliates and employees in sponsoring or providing any services to the covered fund; and

(ii) Complies with any additional rules of the appropriate Federal banking agencies, the SEC, or the CFTC, as provided in section 13(b)(2) of the BHC Act, designed to ensure that losses in such covered fund are borne solely by investors in the covered fund and not by the covered banking entity and its affiliates.

(b) Organizing and offering an issuing entity of asset-backed securities. (1) Notwithstanding §351.10(a) of this subpart, a banking entity is not prohibited from acquiring or retaining an ownership interest in, or acting as sponsor to, a covered fund that is an issuing entity of asset-backed securities in connection with, directly or indirectly, organizing and offering that issuing entity, so long as the banking entity and its affiliates comply with all of the requirements of paragraph (a)(3) through (8) of this section.

(2) For purposes of this paragraph (b), organizing and offering a covered fund that is an issuing entity of asset-backed securities means acting as the securitizer, as that term is used in section 15G(a)(3) of the Exchange Act (15 U.S.C. 78o–11(a)(3)) of the issuing entity, or acquiring or retaining an ownership interest in the issuing entity as required by section 15G of that Act (15 U.S.C.78o–11) and the implementing regulations issued thereunder.

(c) Underwriting and market making in ownership interests of a covered fund. The prohibition contained in §351.10(a) of this subpart does not apply to a banking entity’s underwriting activities or market making-related activities involving a covered fund so long as:

(1) Those activities are conducted in accordance with the requirements of §351.4(a) or §351.4(b) of subpart B, respectively;

(2) With respect to any banking entity (or any affiliate thereof) that: Acts as a sponsor, investment adviser or commodity trading advisor to a particular covered fund or otherwise acquires and retains an ownership interest in such covered fund and is either a securitizer, as that term is used in section 15G(a)(3) of the Exchange Act (15 U.S.C. 78o–11(a)(3)), or is acquiring and retaining an ownership interest in such covered fund compliance with section 15G of that Act (15 U.S.C.78o–11) and the implementing regulations issued thereunder each as permitted by
§ 351.12 Permitted investment in a covered fund.

(a) Authority and limitations on permitted investments in covered funds. (1) Notwithstanding the prohibition contained in §351.10(a) of this subpart, a banking entity may acquire and retain an ownership interest in a covered fund that the banking entity or an affiliate thereof organizes and offers pursuant to §351.11, for the purposes of:

(i) Establishment. Establishing the fund and providing the fund with sufficient initial equity for investment to permit the fund to attract unaffiliated investors, subject to the limits contained in paragraphs (a)(2)(i) and (iii) of this section; or

(ii) De minimis investment. Making and retaining an investment in the covered fund subject to the limits contained in paragraphs (a)(2)(ii) and (iii) of this section.

(2) Investment limits—(1) Seeding period. With respect to an investment in any covered fund made or held pursuant to paragraph (a)(1)(i) of this section, the banking entity and its affiliates:

(A) Must actively seek unaffiliated investors to reduce, through redemption, sale, dilution, or other methods, the aggregate amount of all ownership interests of the banking entity in the covered fund to the amount permitted in paragraph (a)(2)(i)(B) of this section; and

(B) Must, no later than 1 year after the date of establishment of the fund (or such longer period as may be provided by the Board pursuant to paragraph (e) of this section), conform its ownership interest in the covered fund to the limits in paragraph (a)(2)(ii) of this section;

(ii) Per-fund limits. (A) Except as provided in paragraph (a)(2)(ii)(B) of this section, an investment by a banking entity and its affiliates in any covered fund made or held pursuant to paragraph (a)(1)(ii) of this section may not exceed 3 percent of the total number or value of the outstanding ownership interests of the fund.

(B) An investment by a banking entity and its affiliates in a covered fund that is an issuing entity of asset-backed securities may not exceed 3 percent of the total fair market value of the ownership interests of the fund measured in accordance with paragraph (b)(3) of this section, unless a greater percentage is retained by the banking entity and its affiliates in compliance with the requirements of section 15G of the Exchange Act (15 U.S.C. 78o–11) and the implementing regulations issued thereunder, in which case the investment by the banking entity and its affiliates in the covered fund may not exceed the amount, number, or value of ownership interests of the fund required under section 15G of the Exchange Act and the implementing regulations issued thereunder.

(iii) Aggregate limit. The aggregate value of all ownership interests of the banking entity and its affiliates in all covered funds acquired or retained under this section may not exceed 3 percent of the tier 1 capital of the banking entity, as provided under paragraph (c) of this section, and shall be calculated as of the last day of each calendar quarter.
(iv) Date of establishment. For purposes of this section, the date of establishment of a covered fund shall be:

(A) In general. The date on which the investment adviser or similar entity to the covered fund begins making investments pursuant to the written investment strategy for the fund;

(B) Issuing entities of asset-backed securities. In the case of an issuing entity of asset-backed securities, the date on which the assets are initially transferred into the issuing entity of asset-backed securities.

(b) Rules of construction—(1) Attribution of ownership interests to a covered banking entity. (i) For purposes of paragraph (a)(2) of this section, the amount and value of a banking entity’s permitted investment in any single covered fund shall include any ownership interest held under §351.12 directly by the banking entity, including any affiliate of the banking entity.

(ii) Treatment of registered investment companies, SEC-regulated business development companies and foreign public funds. For purposes of paragraph (b)(1)(i) of this section, a registered investment company, SEC-regulated business development companies or foreign public fund as described in §351.10(c)(1) of this subpart will not be considered to be an affiliate of the banking entity so long as the banking entity:

(A) Does not own, control, or hold with the power to vote 25 percent or more of the voting shares of the company or fund; and

(B) Provides investment advisory, commodity trading advisory, administrative, and other services to the company or fund in compliance with the limitations under applicable regulation, order, or other authority.

(iii) Covered funds. For purposes of paragraph (b)(1)(i) of this section, a covered fund will not be considered to be an affiliate of a banking entity so long as the covered fund is held in compliance with the requirements of this subpart.

(iv) Treatment of employee and director investments financed by the banking entity. For purposes of paragraph (b)(1)(i) of this section, an investment by a director or employee of a banking entity who acquires an ownership interest in his or her personal capacity in a covered fund sponsored by the banking entity will be attributed to the banking entity if the banking entity, directly or indirectly, extends financing for the purpose of enabling the director or employee to acquire the ownership interest in the fund and the financing is used to acquire such ownership interest in the covered fund.

(2) Calculation of permitted ownership interests in a single covered fund. Except as provided in paragraph (b)(3) or (4), for purposes of determining whether an investment in a single covered fund complies with the restrictions on ownership interests under paragraphs (a)(2)(i)(B) and (a)(2)(ii)(A) of this section:

(i) The aggregate number of the outstanding ownership interests held by the banking entity shall be the total number of ownership interests held under this section by the banking entity, including any affiliate of the banking entity;

(ii) The aggregate value of the outstanding ownership interests held by the banking entity shall be the aggregate fair market value of all investments in and capital contributions made to the covered fund by the banking entity, divided by the value of all investments in and capital contributions made to that covered fund by all entities, as of the last day of each calendar quarter (both measured without regard to committed funds not yet called for investment);

(iii) For purposes of the calculation under paragraph (b)(2)(ii) of this section, once a valuation methodology is chosen, the banking entity must calculate the value of its investment and the investments of all others in the covered fund in the same manner and according to the same standards.
(3) Issuing entities of asset-backed securities. In the case of an ownership interest in an issuing entity of asset-backed securities, for purposes of determining whether an investment in a single covered fund complies with the restrictions on ownership interests under paragraphs (a)(2)(i)(B) and (a)(2)(ii)(B) of this section:

(i) For securitizations subject to the requirements of section 15G of the Exchange Act (15 U.S.C. 78o–11), the calculations shall be made as of the date and according to the valuation methodology applicable pursuant to the requirements of section 15G of the Exchange Act (15 U.S.C. 78o–11) and the implementing regulations issued thereunder; or

(ii) For securitization transactions completed prior to the compliance date of such implementing regulations, the calculations shall be made as of the date of establishment as defined in paragraph (a)(2)(iv)(B) of this section or such earlier date on which the transferred assets have been valued for purposes of transfer to the covered fund, and thereafter only upon the date on which additional securities of the issuing entity of asset-backed securities are priced for purposes of the sale of ownership interests to unaffiliated investors.

(iii) For securitization transactions completed prior to the compliance date of such implementing regulations, the aggregate value of the outstanding ownership interests in the covered fund shall be the fair market value of the assets transferred to the issuing entity of the securitization and any other assets otherwise held by the issuing entity at such time, determined in a manner that is consistent with its determination of the fair market value of those assets for financial statement purposes.

(iv) For purposes of the calculation under paragraph (b)(3)(iii) of this section, the valuation methodology used to calculate the fair market value of the ownership interests must be the same for both the ownership interests held by a banking entity and the ownership interests held by all others in the covered fund in the same manner and according to the same standards.

(4) Multi-tier fund investments—(1) Master-feeder fund investments. If the principal investment strategy of a covered fund (the “feeder fund”) is to invest substantially all of its assets in another single covered fund (the “master fund”), then for purposes of the investment limitations in paragraphs (a)(2)(i)(B) and (a)(2)(ii)(B) of this section, the banking entity’s permitted investment in such funds shall be measured only by reference to the value of the master fund. The banking entity’s permitted investment in the master fund shall include any investment by the banking entity in the master fund, as well as the banking entity’s pro-rata share of any ownership interest of the master fund that is held through the feeder fund; and

(ii) Fund-of-funds investments. If a banking entity organizes and offers a covered fund pursuant to §351.11 of this subpart for the purpose of investing in other covered funds (a “fund of funds”) and that fund of funds itself invests in another covered fund that the banking entity is permitted to own, then the banking entity’s permitted investment in that other fund shall include any investment by the banking entity in that other fund, as well as the banking entity’s pro-rata share of any ownership interest of the fund that is held through the fund of funds. The investment of the banking entity may not represent more than 3 percent of the amount or value of any single covered fund.

(c) Aggregate permitted investments in all covered funds. (1) For purposes of paragraph (a)(2)(iii) of this section, the aggregate value of all ownership interests held by a banking entity shall be the sum of all amounts paid or contributed by the banking entity in connection with acquiring or retaining an ownership interest in covered funds (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under §351.10(d)(6)(ii) of this subpart), on a historical cost basis.

(2) Calculation of tier 1 capital. For purposes of paragraph (a)(2)(iii) of this section:
§ 351.12  12 CFR Ch. III (1–1–17 Edition)

(i) Entities that are required to hold and report tier 1 capital. If a banking entity is required to calculate and report tier 1 capital, the banking entity’s tier 1 capital shall be equal to the amount of tier 1 capital of the banking entity as of the last day of the most recent calendar quarter, as calculated under applicable home country standards.

(ii) If a banking entity is not required to calculate and report tier 1 capital, the banking entity’s tier 1 capital shall be determined to be equal to:

(A) In the case of a banking entity that is controlled, directly or indirectly, by a depository institution that calculates and reports tier 1 capital, be equal to the amount of tier 1 capital reported by such controlling depository institution in the manner described in paragraph (c)(2)(i) of this section;

(B) In the case of a banking entity that is not controlled, directly or indirectly, by a depository institution that calculates and reports tier 1 capital:

(1) Bank holding company subsidiaries. If the banking entity is a subsidiary of a bank holding company or company that is treated as a bank holding company, be equal to the amount of tier 1 capital reported by the top-tier affiliate of such covered banking entity that calculates and reports tier 1 capital in the manner described in paragraph (c)(2)(i) of this section; and

(2) Other holding companies and any subsidiary or affiliate thereof. If the banking entity is not a subsidiary of a bank holding company or company that is treated as a bank holding company, be equal to the total amount of shareholders’ equity of the top-tier affiliate within such organization as of the last day of the most recent calendar quarter that has ended, as determined under applicable accounting standards.

(iii) Treatment of foreign banking entities—(A) Foreign banking entities. Except as provided in paragraph (c)(2)(i)(B) of this section, with respect to a banking entity that is not itself, and is not controlled directly or indirectly by, a banking entity that is located or organized under the laws of the United States or of any State and is controlled by a foreign banking entity identified under paragraph (c)(2)(iii)(A) of this section, the banking entity’s tier 1 capital shall be as calculated under paragraphs (c)(2)(i) or (ii) of this section.

(B) U.S. affiliates of foreign banking entities. With respect to a banking entity that is located or organized under the laws of the United States or of any State and is controlled by a foreign banking entity identified under paragraph (c)(2)(iii)(A) of this section, the banking entity’s tier 1 capital shall be as calculated under paragraphs (c)(2)(i) or (ii) of this section.

(d) Capital treatment for a permitted investment in a covered fund. For purposes of calculating compliance with the applicable regulatory capital requirements, a banking entity shall deduct from the banking entity’s tier 1 capital (as determined under paragraph (c)(2) of this section) the greater of:

(1) The sum of all amounts paid or contributed by the banking entity in connection with acquiring or retaining an ownership interest (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under § 351.10(d)(6)(ii) of subpart C), on a historical cost basis, plus any earnings received; and

(2) The fair market value of the banking entity’s ownership interests in the covered fund as determined under paragraph (b)(2)(i) or (b)(3) of this section (together with any amounts paid by the entity (or employee thereof) in connection with obtaining a restricted profit interest under § 351.10(d)(6)(i) of subpart C), if the banking entity accounts for the profits (or losses) of the fund investment in its financial statements.

(e) Extension of time to divest an ownership interest. (1) Upon application by a banking entity, the Board may extend the period under paragraph (a)(2)(i) of this section for up to 2 additional years if the Board finds that an extension would be consistent with safety and soundness and not detrimental to the public interest. An application for extension must:

(i) Be submitted to the Board at least 90 days prior to the expiration of the applicable time period;

(ii) Provide the reasons for application, including information that addresses the factors in paragraph (e)(2) of this section; and
(iii) Explain the banking entity’s plan for reducing the permitted investment in a covered fund through redemption, sale, dilution or other methods as required in paragraph (a)(2) of this section.

(2) Factors governing Board determinations. In reviewing any application under paragraph (e)(1) of this section, the Board may consider all the facts and circumstances related to the permitted investment in a covered fund, including:

(i) Whether the investment would result, directly or indirectly, in a material exposure by the banking entity to high-risk assets or high-risk trading strategies;

(ii) The contractual terms governing the banking entity’s interest in the covered fund;

(iii) The date on which the covered fund is expected to have attracted sufficient investments from investors unaffiliated with the banking entity to enable the banking entity to comply with the limitations in paragraph (a)(2)(i) of this section;

(iv) The total exposure of the covered banking entity to the investment and the risks that disposing of, or maintaining, the investment in the covered fund may pose to the banking entity and the financial stability of the United States;

(v) The cost to the banking entity of divesting or disposing of the investment within the applicable period;

(vi) Whether the investment or the divestiture or conformance of the investment would involve or result in a material conflict of interest between the banking entity and unaffiliated parties, including clients, customers or counterparties to which it owes a duty;

(vii) The banking entity’s prior efforts to reduce through redemption, sale, dilution, or other methods its ownership interests in the covered fund, including activities related to the marketing of interests in such covered fund;

(viii) Market conditions; and

(ix) Any other factor that the Board believes appropriate.

(3) Authority to impose restrictions on activities or investment during any extension period. The Board may impose such conditions on any extension approved under paragraph (e)(1) of this section as the Board determines are necessary or appropriate to protect the safety and soundness of the banking entity or the financial stability of the United States, address material conflicts of interest or other unsound banking practices, or otherwise further the purposes of section 13 of the BHC Act and this part.

(4) Consultation. In the case of a banking entity that is primarily regulated by another Federal banking agency, the SEC, or the CFTC, the Board will consult with such agency prior to acting on an application by the banking entity for an extension under paragraph (e)(1) of this section.

§ 351.13 Other permitted covered fund activities and investments.

(a) Permitted risk-mitigating hedging activities. (1) The prohibition contained in §351.10(a) of this subpart does not apply with respect to an ownership interest in a covered fund acquired or retained by a banking entity that is designed to demonstrably reduce or otherwise significantly mitigate the specific, identifiable risks to the banking entity in connection with a compensation arrangement with an employee of the banking entity or an affiliate thereof that directly provides investment advisory, commodity trading advisory or other services to the covered fund.

(2) Requirements. The risk-mitigating hedging activities of a banking entity are permitted under this paragraph (a) only if:

(i) The banking entity has established and implements, maintains and enforces an internal compliance program required by subpart D of this part that is reasonably designed to ensure the banking entity’s compliance with the requirements of this section, including:

(A) Reasonably designed written policies and procedures; and

(B) Internal controls and ongoing monitoring, management, and authorization procedures, including relevant escalation procedures; and

(ii) The acquisition or retention of the ownership interest:

(A) Is made in accordance with the written policies, procedures and internal controls required under this section;
§ 351.13  12 CFR Ch. III (1–1–17 Edition)

(B) At the inception of the hedge, is designed to reduce or otherwise significantly mitigate and demonstrably reduces or otherwise significantly mitigates one or more specific, identifiable risks arising in connection with the compensation arrangement with the employee that directly provides investment advisory, commodity trading advisory, or other services to the covered fund;

(C) Does not give rise, at the inception of the hedge, to any significant new or additional risk that is not itself hedged contemporaneously in accordance with this section; and

(D) Is subject to continuing review, monitoring and management by the banking entity.

(iii) The compensation arrangement relates solely to the covered fund in which the banking entity or any affiliate has acquired an ownership interest pursuant to this paragraph and such compensation arrangement provides that any losses incurred by the banking entity on such ownership interest will be offset by corresponding decreases in amounts payable under such compensation arrangement.

(b) Certain permitted covered fund activities and investments outside of the United States. (1) The prohibition contained in §351.10(a) of this subpart does not apply to the acquisition or retention of any ownership interest in, or the sponsorship of, a covered fund by a banking entity only if:

(i) The banking entity is not organized or directly or indirectly controlled by a banking entity that is organized under the laws of the United States or of one or more States;

(ii) The activity or investment by the banking entity is pursuant to paragraph (9) or (13) of section 4(c) of the BHC Act;

(iii) No ownership interest in the covered fund is offered for sale or sold to a resident of the United States; and

(iv) The activity or investment occurs solely outside of the United States.

(2) An activity or investment by the banking entity is pursuant to paragraph (9) or (13) of section 4(c) of the BHC Act for purposes of paragraph (b)(1)(ii) of this section only if:

(i) The activity or investment is conducted in accordance with the requirements of this section; and

(ii)(A) With respect to a banking entity that is a foreign banking organization, the banking entity meets the qualifying foreign banking organization requirements of section 211.23(a), (c) or (e) of the Board’s Regulation K (12 CFR 211.23(a), (c) or (e)), as applicable; or

(B) With respect to a banking entity that is not a foreign banking organization, the banking entity is not organized under the laws of the United States or of one or more States and the banking entity, on a fully-consolidated basis, meets at least two of the following requirements:

(1) Total assets of the banking entity held outside of the United States exceed total assets of the banking entity held in the United States;

(2) Total revenues derived from the business of the banking entity outside of the United States exceed total revenues derived from the business of the banking entity in the United States; or

(3) Total net income derived from the business of the banking entity outside of the United States exceeds total net income derived from the business of the banking entity in the United States.

(3) An ownership interest in a covered fund is not offered for sale or sold to a resident of the United States for purposes of paragraph (b)(1)(iii) of this section only if it is sold or has been sold pursuant to an offering that does not target residents of the United States.

(4) An activity or investment occurs solely outside of the United States for purposes of paragraph (b)(1)(iv) of this section only if:

(i) The banking entity acting as sponsor, or engaging as principal in the acquisition or retention of an ownership interest in the covered fund, is not itself, and is not controlled directly or indirectly by, a banking entity that is located in the United States or organized under the laws of the United States or of any State;

(ii) The banking entity (including relevant personnel) that makes the decision to acquire or retain the ownership interest or act as sponsor to the
covered fund is not located in the United States or organized under the laws of the United States or of any State;

(iii) The investment or sponsorship, including any transaction arising from risk-mitigating hedging related to an ownership interest, is not accounted for as principal directly or indirectly on a consolidated basis by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State; and

(iv) No financing for the banking entity's ownership or sponsorship is provided, directly or indirectly, by any branch or affiliate that is located in the United States or organized under the laws of the United States or of any State.

(5) For purposes of this section, a U.S. branch, agency, or subsidiary of a foreign bank, or any subsidiary thereof, is located in the United States; however, a foreign bank of which that branch, agency, or subsidiary is a part is not considered to be located in the United States solely by virtue of operation of the U.S. branch, agency, or subsidiary.

(c) Permitted covered fund interests and activities by a regulated insurance company. The prohibition contained in §351.10(a) of this subpart does not apply to the acquisition or retention by an insurance company, or an affiliate thereof, of any ownership interest in, or the sponsorship of, a covered fund only if:

(1) The insurance company or its affiliate acquires and retains the ownership interest solely for the general account of the insurance company or for one or more separate accounts established by the insurance company;

(2) The acquisition and retention of the ownership interest is conducted in compliance with, and subject to, the insurance company investment laws, regulations, and written guidance of the State or jurisdiction in which such insurance company is domiciled; and

(3) The appropriate Federal banking agencies, after consultation with the Financial Stability Oversight Council and the relevant insurance commissioners of the States and foreign jurisdictions, as appropriate, have not jointly determined, after notice and comment, that a particular law, regulation, or written guidance described in paragraph (c)(2) of this section is insufficient to protect the safety and soundness of the banking entity, or the financial stability of the United States.

§ 351.14 Limitations on relationships with a covered fund.

(a) Relationships with a covered fund.

(1) Except as provided for in paragraph (a)(2) of this section, no banking entity that serves, directly or indirectly, as the investment manager, investment adviser, commodity trading advisor, or sponsor to a covered fund, that organizes and offers a covered fund pursuant to §351.11 of this subpart, or that continues to hold an ownership interest in accordance with §351.11(b) of this subpart, and no affiliate of such entity, may enter into a transaction with the covered fund, or with any other covered fund that is controlled by such covered fund, that would be a covered transaction as defined in section 23A of the Federal Reserve Act (12 U.S.C. 371c(b)(7)), as if such banking entity and the affiliate thereof were a member bank and the covered fund were an affiliate thereof.

(2) Notwithstanding paragraph (a)(1) of this section, a banking entity may:

(i) Acquire and retain any ownership interest in a covered fund in accordance with the requirements of §351.11, §351.12, or §351.13 of this subpart; and

(ii) Enter into any prime brokerage transaction with any covered fund in which a covered fund managed, sponsored, or advised by such banking entity (or an affiliate thereof) has taken an ownership interest, if:

(A) The banking entity is in compliance with each of the limitations set forth in §351.11 of this subpart with respect to a covered fund organized and offered by such banking entity (or an affiliate thereof); and

(B) The chief executive officer (or equivalent officer) of the banking entity certifies in writing annually to the FDIC (with a duty to update the certification if the information in the certification materially changes) that the
banking entity does not, directly or indirectly, guarantee, assume, or otherwise insure the obligations or performance of the covered fund or of any covered fund in which such covered fund invests; and

(C) The Board has not determined that such transaction is inconsistent with the safe and sound operation and condition of the banking entity.

(b) Restrictions on transactions with covered funds. A banking entity that serves, directly or indirectly, as the investment manager, investment adviser, commodity trading advisor, or sponsor to a covered fund, or that organizes and offers a covered fund pursuant to §351.11 of this subpart, or that continues to hold an ownership interest in accordance with §351.11(b) of this subpart, shall be subject to section 23B of the Federal Reserve Act (12 U.S.C. 371c–1), as if such banking entity were a member bank and such covered fund were an affiliate thereof.

(c) Restrictions on prime brokerage transactions. A prime brokerage transaction permitted under paragraph (a)(2)(ii) of this section shall be subject to section 23B of the Federal Reserve Act (12 U.S.C. 371c–1) as if the counterparty were an affiliate of the banking entity.

§351.15 Other limitations on permitted covered fund activities.

(a) No transaction, class of transactions, or activity may be deemed permissible under §§351.11 through 351.13 of this subpart if the transaction, class of transactions, or activity would:

(1) Involve or result in a material conflict of interest between the banking entity and its clients, customers, or counterparties; and

(2) Result, directly or indirectly, in a material exposure by the banking entity to a high-risk asset or a high-risk trading strategy; or

(3) Pose a threat to the safety and soundness of the banking entity or to the financial stability of the United States.

(b) Definition of material conflict of interest. (1) For purposes of this section, a material conflict of interest between a banking entity and its clients, customers, or counterparties exists if the banking entity engages in any transaction, class of transactions, or activity that would involve or result in the banking entity's interests being materially adverse to the interests of its client, customer, or counterparty with respect to such transaction, class of transactions, or activity, and the banking entity has not taken at least one of the actions in paragraph (b)(2) of this section.

(2) Prior to effecting the specific transaction or class or type of transactions, or engaging in the specific activity, the banking entity:

(i) Timely and effective disclosure. (A) Has made clear, timely, and effective disclosure of the conflict of interest, together with other necessary information, in reasonable detail and in a manner sufficient to permit a reasonable client, customer, or counterparty to meaningfully understand the conflict of interest; and

(B) Such disclosure is made in a manner that provides the client, customer, or counterparty the opportunity to negotiate, or substantially mitigate, any materially adverse effect on the client, customer, or counterparty created by the conflict of interest; or

(ii) Information barriers. Has established, maintained, and enforced information barriers that are memorialized in written policies and procedures, such as physical separation of personnel, or functions, or limitations on types of activity, that are reasonably designed, taking into consideration the nature of the banking entity's business, to prevent the conflict of interest from involving or resulting in a materially adverse effect on a client, customer, or counterparty. A banking entity may not rely on such information barriers if, in the case of any specific transaction, class or type of transactions or activity, the banking entity knows or should reasonably know that, notwithstanding the banking entity's establishment of information barriers, the conflict of interest may involve or result in a materially adverse effect on a client, customer, or counterparty.

(c) Definition of high-risk asset and high-risk trading strategy. For purposes of this section:

(1) High-risk asset means an asset or group of related assets that would, if held by a banking entity, significantly
§ 351.20 Program for compliance; reporting

(a) Program requirement. Each banking entity shall develop and provide for the continued administration of a compliance program reasonably designed to ensure and monitor compliance with the prohibitions and restrictions on proprietary trading and covered fund activities and investments set forth in section 13 of the BHC Act and this part. The terms, scope and detail of the compliance program shall be appropriate for the types, size, scope and complexity of activities and business structure of the banking entity.

(b) Contents of compliance program. Except as provided in paragraph (f) of this section, the compliance program required by paragraph (a) of this section, at a minimum, shall include:

(1) Written policies and procedures reasonably designed to document, describe, monitor and limit trading activities subject to subpart B (including those permitted under §§ 351.3 to 351.6 of subpart B), including setting, monitoring and managing required limits set out in § 351.4 and § 351.5, and activities and investments with respect to a covered fund subject to subpart C (including those permitted under §§ 351.11 through 351.14 of subpart C) conducted by the banking entity to ensure that all activities and investments conducted by the banking entity that are subject to section 13 of the BHC Act and this part comply with section 13 of the BHC Act and this part;

(2) A system of internal controls reasonably designed to monitor compliance with section 13 of the BHC Act and this part comply with section 13 of the BHC Act and this part;

(3) The banking entity acquired such interest on or before December 10, 2013 or acquired such interest in connection with a merger with or acquisition of a banking entity that acquired the interest on or before December 10, 2013.

(b) For purposes of this § 351.16, Qualifying TruPS Collateral shall mean any trust preferred security or subordinated debt instrument issued prior to May 19, 2010 by a depository institution holding company that, as of the end of any reporting period within 12 months immediately preceding the issuance of such trust preferred security or subordinated debt instrument, had total consolidated assets of less than $15,000,000,000 or issued prior to May 19, 2010 by a mutual holding company.

(c) Notwithstanding paragraph (a)(3) of this section, a banking entity may act as a market maker with respect to the interests of an issuer described in paragraph (a) of this section in accordance with the applicable provisions of §§ 351.4 and 351.11.

(d) Without limiting the applicability of paragraph (a) of this section, the Board, the FDIC and the OCC will make public a non-exclusive list of issuers that meet the requirements of paragraph (a). A banking entity may rely on the list published by the Board, the FDIC and the OCC.

(79 FR 5228, Jan. 31, 2014)

§§ 351.17–351.19 [Reserved]

Subpart D—Compliance Program Requirement; Violations

§ 351.20 Program for compliance; reporting

(a) Program requirement. Each banking entity shall develop and provide for the continued administration of a compliance program reasonably designed to ensure and monitor compliance with the prohibitions and restrictions on proprietary trading and covered fund activities and investments set forth in section 13 of the BHC Act and this part. The terms, scope and detail of the compliance program shall be appropriate for the types, size, scope and complexity of activities and business structure of the banking entity.

(b) Contents of compliance program. Except as provided in paragraph (f) of this section, the compliance program required by paragraph (a) of this section, at a minimum, shall include:

(1) Written policies and procedures reasonably designed to document, describe, monitor and limit trading activities subject to subpart B (including those permitted under §§ 351.3 to 351.6 of subpart B), including setting, monitoring and managing required limits set out in § 351.4 and § 351.5, and activities and investments with respect to a covered fund subject to subpart C (including those permitted under §§ 351.11 through 351.14 of subpart C) conducted by the banking entity to ensure that all activities and investments conducted by the banking entity that are subject to section 13 of the BHC Act and this part comply with section 13 of the BHC Act and this part;

(2) A system of internal controls reasonably designed to monitor compliance with section 13 of the BHC Act and this part comply with section 13 of the BHC Act and this part;

(3) The banking entity acquired such interest on or before December 10, 2013 or acquired such interest in connection with a merger with or acquisition of a banking entity that acquired the interest on or before December 10, 2013.

(b) For purposes of this § 351.16, Qualifying TruPS Collateral shall mean any trust preferred security or subordinated debt instrument issued prior to May 19, 2010 by a depository institution holding company that, as of the end of any reporting period within 12 months immediately preceding the issuance of such trust preferred security or subordinated debt instrument, had total consolidated assets of less than $15,000,000,000 or issued prior to May 19, 2010 by a mutual holding company.

(c) Notwithstanding paragraph (a)(3) of this section, a banking entity may act as a market maker with respect to the interests of an issuer described in paragraph (a) of this section in accordance with the applicable provisions of §§ 351.4 and 351.11.

(d) Without limiting the applicability of paragraph (a) of this section, the Board, the FDIC and the OCC will make public a non-exclusive list of issuers that meet the requirements of paragraph (a). A banking entity may rely on the list published by the Board, the FDIC and the OCC.

(79 FR 5228, Jan. 31, 2014)

§§ 351.17–351.19 [Reserved]
§ 351.20 12 CFR Ch. III (1–1–17 Edition)

(3) A management framework that clearly delineates responsibility and accountability for compliance with section 13 of the BHC Act and this part and includes appropriate management review of trading limits, strategies, hedging activities, investments, incentive compensation and other matters identified in this part or by management as requiring attention;

(4) Independent testing and audit of the effectiveness of the compliance program conducted periodically by qualified personnel of the banking entity or by a qualified outside party;

(5) Training for trading personnel and managers, as well as other appropriate personnel, to effectively implement and enforce the compliance program; and

(6) Records sufficient to demonstrate compliance with section 13 of the BHC Act and this part, which a banking entity must promptly provide to the FDIC upon request and retain for a period of no less than 5 years or such longer period as required by the FDIC.

(c) Additional standards. In addition to the requirements in paragraph (b) of this section, the compliance program of a banking entity must satisfy the requirements and other standards contained in Appendix B, if:

(1) The banking entity engages in proprietary trading permitted under subpart B and is required to comply with the reporting requirements described in Appendix A, if:

(i) The banking entity (other than a foreign banking entity as provided in paragraph (d)(1)(ii) of this section) has, together with its affiliates and subsidiaries, trading assets and liabilities (excluding trading assets and liabilities involving obligations of or guaranteed by the United States or any agency of the United States) the average gross sum of which (on a worldwide consolidated basis) over the previous consecutive four quarters, as measured as of the last day of each of the four prior calendar quarters, equals or exceeds the threshold established in paragraph (d)(2) of this section;

(ii) In the case of a foreign banking entity, the average gross sum of the trading assets and liabilities of the combined U.S. operations of the foreign banking entity (including all subsidiaries, affiliates, branches and agencies of the foreign banking entity operating, located or organized in the United States) over the previous consecutive four quarters, as measured as of the last day of each of the four prior calendar quarters, equals or exceeds the threshold established in paragraph (d)(2) of this section; or

(iii) The FDIC notifies the banking entity in writing that it must satisfy the reporting requirements contained in Appendix A.

(2) The threshold for reporting under paragraph (d)(1) of this section shall be $50 billion beginning on June 30, 2014; $25 billion beginning on April 30, 2016; and $10 billion beginning on December 31, 2016.

(3) Frequency of reporting: Unless the FDIC notifies the banking entity in writing that it must report on a different basis, a banking entity with $50 billion or more in trading assets and liabilities (as calculated in accordance with paragraph (d)(1) of this section) shall report the information required by Appendix A for each calendar month within 30 days of the end of the relevant calendar month; beginning with information for the month of January 2015, such information shall be reported
within 10 days of the end of each calendar month. Any other banking entity subject to Appendix A shall report the information required by Appendix A for each calendar quarter within 30 days of the end of that calendar quarter unless the FDIC notifies the banking entity in writing that it must report on a different basis.

(e) Additional documentation for covered funds. Any banking entity that has more than $10 billion in total consolidated assets as reported on December 31 of the previous two calendar years shall maintain records that include:

(1) Documentation of the exclusions or exemptions other than sections 3(c)(1) and 3(c)(7) of the Investment Company Act of 1940 relied on by each fund sponsored by the banking entity (including all subsidiaries and affiliates) in determining that such fund is not a covered fund;

(2) For each fund sponsored by the banking entity (including all subsidiaries and affiliates) for which the banking entity relies on one or more of the exclusions from the definition of covered fund provided by §§351.10(c)(1), 351.10(c)(5), 351.10(c)(8), 351.10(c)(9), or 351.10(c)(10) of subpart C, documentation supporting the banking entity’s determination that the fund is not a covered fund pursuant to one or more of those exclusions;

(3) For each seeding vehicle described in §351.10(c)(12)(i) or (iii) of subpart C that will become a registered investment company or SEC-regulated business development company, a written plan documenting the banking entity’s determination that the seeding vehicle will become a registered investment company or SEC-regulated business development company; the period of time during which the vehicle will operate as a seeding vehicle; and the banking entity’s plan to market the vehicle to third-party investors and convert it into a registered investment company or SEC-regulated business development company within the time period specified in §351.12(a)(2)(i)(B) of subpart C;

(4) For any banking entity that is, or is controlled directly or indirectly by a banking entity that is, located in or organized under the laws of the United States or of any State, if the aggregate amount of ownership interests in foreign public funds that are described in §351.10(c)(1) of subpart C owned by such banking entity (including ownership interests owned by any affiliate that is controlled directly or indirectly by a banking entity that is located in or organized under the laws of the United States or of any State) exceeds $50 million at the end of two or more consecutive calendar quarters, beginning with the next succeeding calendar quarter, documentation of the value of the ownership interests owned by the banking entity (and such affiliates) in each foreign public fund and each jurisdiction in which any such foreign public fund is organized, calculated as of the end of each calendar quarter, which documentation must continue until the banking entity’s aggregate amount of ownership interests in foreign public funds is below $50 million for two consecutive calendar quarters; and

(5) For purposes of paragraph (e)(4) of this section, a U.S. branch, agency, or subsidiary of a foreign banking entity is located in the United States; however, the foreign bank that operates or controls that branch, agency, or subsidiary is not considered to be located in the United States solely by virtue of operating or controlling the U.S. branch, agency, or subsidiary.

(f) Simplified programs for less active banking entities—(1) Banking entities with no covered activities. A banking entity that does not engage in activities or investments pursuant to subpart B or subpart C (other than trading activities permitted under §351.6(a) of subpart B) may satisfy the requirements of this section by establishing the required compliance program prior to becoming engaged in such activities or making such investments (other than trading activities permitted pursuant to §351.6(a) of subpart B).

(2) Banking entities with modest activities. A banking entity with total consolidated assets of $10 billion or less as reported on December 31 of the previous two calendar years that engages in activities or investments pursuant to subpart B or subpart C (other than trading activities permitted under §351.6(a) of subpart B) may satisfy the requirements of this section by including in its existing compliance policies and procedures appropriate references
§ 351.21 Termination of activities or investments; penalties for violations.

(a) Any banking entity that engages in an activity or makes an investment in violation of section 13 of the BHC Act or this part, or acts in a manner that functions as an evasion of the requirements of section 13 of the BHC Act or this part, including through an abuse of any activity or investment permitted under subparts B or C, or otherwise violates the restrictions and requirements of section 13 of the BHC Act or this part, shall, upon discovery, promptly terminate the activity and, as relevant, dispose of the investment.

(b) Whenever the FDIC finds reasonable cause to believe any banking entity has engaged in an activity or made an investment in violation of section 13 of the BHC Act or this part, or engaged in any activity or made any investment that functions as an evasion of the requirements of section 13 of the BHC Act or this part, the FDIC may take any action permitted by law to enforce compliance with section 13 of the BHC Act and this part, including directing the banking entity to restrict, limit, or terminate any or all activities under this part and dispose of any investment.

APPENDIX A TO PART 351—REPORTING AND RECORDKEEPING REQUIREMENTS FOR COVERED TRADING ACTIVITIES

I. PURPOSE

a. This appendix sets forth reporting and recordkeeping requirements that certain banking entities must satisfy in connection with the restrictions on proprietary trading set forth in subpart B ("proprietary trading restrictions"). Pursuant to §351.20(d), this appendix generally applies to a banking entity that, together with its affiliates and subsidiaries, has significant trading assets and liabilities. These entities are required to (i) furnish periodic reports to the FDIC regarding a variety of quantitative measurements of their covered trading activities, which vary depending on the scope and size of covered trading activities, and (ii) create and maintain records documenting the preparation and content of these reports. The requirements of this appendix must be incorporated into the banking entity's internal compliance program under §351.20 and Appendix B.

b. The purpose of this appendix is to assist banking entities and the FDIC in:

(i) Better understanding and evaluating the scope, type, and profile of the banking entity's covered trading activities;

(ii) Monitoring the banking entity's covered trading activities;

(iii) Identifying covered trading activities that warrant further review or examination by the banking entity to verify compliance with the proprietary trading restrictions;

(iv) Evaluating whether the covered trading activities of trading desks engaged in market making-related activities subject to §351.4(b) are consistent with the requirements governing permitted market making-related activities;

(v) Evaluating whether the covered trading activities of trading desks that are engaged in permitted trading activity subject to §§351.4, 351.5, or 351.6(a)-(b) (i.e., underwriting and market making-related related activity, risk-mitigating hedging, or trading in certain government obligations) are consistent with the requirement that such activity not result, directly or indirectly, in a material exposure to high-risk assets or high-risk trading strategies;

(vi) Identifying the profile of particular covered trading activities of the banking entity, and the individual trading desks of the banking entity, to help establish the appropriate frequency and scope of examination by the FDIC of such activities; and

(vii) Assessing and addressing the risks associated with the banking entity's covered trading activities.

c. The quantitative measurements that must be furnished pursuant to this appendix are not intended to serve as a dispositive tool for the identification of permissible or impermissible activities.

d. In order to allow banking entities and the Agencies to evaluate the effectiveness of these metrics, banking entities must collect and report these metrics for all trading desks beginning on the dates established in §351.20 of the final rule. The Agencies will review the data collected and revise this collection requirement as appropriate based on a review of the data collected prior to September 30, 2015.

e. In addition to the quantitative measurements required in this appendix, a banking entity may need to develop and implement other quantitative measurements in order to effectively monitor its covered trading activities for compliance with section 13 of the BHC Act and this part and to have an effective compliance program, as required by §351.20 and Appendix B to this part. The effectiveness of particular quantitative measurements may differ based on the profile of
the banking entity’s businesses in general and, more specifically, of the particular trading desk, including types of instruments traded, trading activities and strategies, and history and experience (e.g., whether the trading desk is an established, successful market maker or a new entrant to a competitive market). In all cases, banking entities must ensure that they have robust measures in place to identify and monitor the risks taken in their trading activities, to ensure that the activities are within risk tolerances established by the banking entity, and to monitor and examine for compliance with the proprietary trading restrictions in this part.

1. On an ongoing basis, banking entities must carefully monitor, review, and evaluate all furnished quantitative measurements, as well as any others that they choose to utilize in order to maintain compliance with section 13 of the BHC Act and this part. All measurement results that indicate a heightened risk of impermissible proprietary trading, including with respect to otherwise-permitted activities under §§351.4 through 351.6(a) and (b), or that result in a material exposure to high-risk assets or high-risk trading strategies, must be escalated within the banking entity for review, further analysis, explanation to the FDIC, and remediation, where appropriate. The quantitative measurements discussed in this appendix should be helpful to banking entities in identifying and managing the risks related to their covered trading activities.

II. DEFINITIONS

The terms used in this appendix have the same meanings as set forth in §§351.2 and 351.3. In addition, for purposes of this appendix, the following definitions apply:

**Calculation period** means the period of time for which a particular quantitative measurement must be calculated.

**Comprehensive profit and loss** means the net profit or loss of a trading desk’s material sources of trading revenue over a specific period of time, including, for example, any increase or decrease in the market value of a trading desk’s holdings, dividend income, and interest income and expense.

**Covered trading activity** means trading conducted by a trading desk under §§§351.4, 351.5, 351.6(a), or 351.6(b). A banking entity may include trading under §§351.3(d), 351.6(c), 351.6(d) or 351.6(e).

**Measurement frequency** means the frequency with which a particular quantitative metric must be calculated and recorded.

**Trading desk** means the smallest discrete unit of organization of a banking entity that purchases or sells financial instruments for the trading account of the banking entity or an affiliate thereof.

---

<table>
<thead>
<tr>
<th><strong>III. REPORTING AND RECORDKEEPING OF QUANTITATIVE MEASUREMENTS</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>a. Scope of Required Reporting</strong></td>
</tr>
</tbody>
</table>

**General scope.** Each banking entity made subject to this part by §351.20 must furnish the following quantitative measurements for each trading desk of the banking entity, calculated in accordance with this appendix:

- Risk and Position Limits and Usage;
- Risk Factor Sensitivities;
- Value-at-Risk and Stress VaR;
- Comprehensive Profit and Loss Attribution;
- Inventory Turnover;
- Inventory Aging; and
- Customer-Facing Trade Ratio

**b. Frequency of Required Calculation and Reporting**

A banking entity must calculate any applicable quantitative measurement for each trading day. A banking entity must report each applicable quantitative measurement to the FDIC on the reporting schedule established in §351.20 unless otherwise requested by the FDIC. All quantitative measurements for any calendar month must be reported within the time period required by §351.20.

**c. Recordkeeping**

A banking entity must, for any quantitative measurement furnished to the FDIC pursuant to this appendix and §351.20(d), create and maintain records documenting the preparation and content of these reports, as well as such information as is necessary to permit the FDIC to verify the accuracy of such reports, for a period of 5 years from the end of the calendar year for which the measurement was taken.

---

<table>
<thead>
<tr>
<th><strong>IV. QUANTITATIVE MEASUREMENTS</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>a. Risk-Management Measurements</strong></td>
</tr>
</tbody>
</table>

1. **Risk and Position Limits and Usage**

**1. Description:** For purposes of this appendix, Risk and Position Limits are the constraints that define the amount of risk that a trading desk is permitted to take at a point in time, as defined by the banking entity for a specific trading desk. Usage represents the portion of the trading desk’s limits that are accounted for by the current activity of the desk. Risk and position limits and their usage are key risk management tools used to control and monitor risk taking and include, but are not limited, to the limits set out in §351.4 and §351.5. A number of the metrics that are described below, including “Risk Factor Sensitivities” and “Value-at-Risk and Stress Value-at-Risk,” relate to a trading desk’s risk and position limits and are useful in evaluating and setting these limits in the broader context of...
the trading desk’s overall activities, particularly for the market making activities under §351.4(b) and hedging activity under §351.5. Accordingly, the limits required under §351.4(b)(2)(i) and §351.5(b)(1)(i) must meet the applicable requirements under §351.4(b)(2)(iii) and §351.5(b)(1)(i) and also must include appropriate metrics for the trading desk limits including, at a minimum, the “Risk Factor Sensitivities” and “Value-at-Risk and Stress Value-at-Risk” metrics except to the extent any of the “Risk Factor Sensitivities” or “Value-at-Risk and Stress Value-at-Risk” metrics are demonstrably ineffective for measuring and monitoring the risks of a trading desk based on the types of positions traded by, and risk exposures of, that desk.

B. The methods used by a banking entity to calculate sensitivities to a common factor shared by multiple trading desks, such as an equity price factor, must be applied consistently across its trading desks so that the sensitivities can be compared from one trading desk to another.

### 2. Risk Factor Sensitivities

#### i. Description

For purposes of this appendix, Risk Factor Sensitivities are changes in a trading desk’s Comprehensive Profit and Loss that are expected to occur in the event of a change in one or more underlying variables that are significant sources of the trading desk’s profitability and risk.

#### ii. General Calculation Guidance

A banking entity must report the Risk Factor Sensitivities that are monitored and managed as part of the trading desk’s overall risk management policy. The underlying data and methods used to compute a trading desk’s Risk Factor Sensitivities will depend on the specific function of the trading desk and the internal risk management models employed. The number and type of Risk Factor Sensitivities that are monitored and managed by a trading desk, and furnished to the FDIC, will depend on the explicit risks assumed by the trading desk. In general, however, reported Risk Factor Sensitivities must be sufficiently granular to account for a preponderance of the expected price variation in the trading desk’s holdings.

#### A. Trading desks must take into account any relevant factors in calculating Risk Factor Sensitivities, including, for example, the following with respect to particular asset classes:

- **Commodity derivative positions:** risk factors with respect to the related commodities set out in 17 CFR 20.2, the maturity of the positions, volatility and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), and the maturity profile of the positions;
- **Credit positions:** risk factors with respect to credit spreads that are sufficiently granular to account for specific credit sectors and market segments, the maturity profile of the positions, and risk factors with respect to interest rates of all relevant maturities;
- **Credit-related derivative positions:** risk factor sensitivities, for example credit spreads, shifts (parallel and non-parallel) in credit spreads—volatility, and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), and the maturity profile of the positions;
- **Equity derivative positions:** risk factor sensitivities such as equity positions, volatility, and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), and the maturity profile of the positions;
- **Equity positions:** risk factors for equity prices and risk factors that differentiate between important equity market sectors and segments, such as a small capitalization equities and international equities;
- **Foreign exchange derivative positions:** risk factors with respect to major currency pairs and maturities, exposure to interest rates at relevant maturities, volatility, and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), as well as the maturity profile of the positions; and
- **Interest rate positions, including interest rate derivative positions:** risk factors with respect to major interest rate categories and maturities and volatility and/or correlation sensitivities (expressed in a manner that demonstrates any significant non-linearities), and shifts (parallel and non-parallel) in the interest rate curve, as well as the maturity profile of the positions.

#### iii. Calculation Period: One trading day.

### 3. Value-at-Risk and Stress Value-at-Risk

#### i. Description

For purposes of this appendix, Value-at-Risk (“VaR”) is the commonly used percentile measurement of the risk of future financial loss in the value of a given set of aggregated positions over a specified period of time, based on current market conditions. For purposes of this appendix, Stress
Value-at-Risk ("Stress VaR") is the percentile measurement of the risk of future financial loss in the value of a given set of aggregated positions over a specified period of time, based on market conditions during a period of significant financial stress.

ii. General Calculation Guidance: Banking entities must compute and report VaR and Stress VaR by employing generally accepted standards and methods of calculation. VaR should reflect a loss in a trading desk that is expected to be exceeded less than one percent of the time over a one-day period. For those banking entities that are subject to regulatory capital requirements imposed by a Federal banking agency, VaR and Stress VaR must be computed and reported in a manner that is consistent with such regulatory capital requirements. In cases where a trading desk does not have a standalone VaR or Stress VaR calculation but is part of a larger aggregation of positions for which a VaR or Stress VaR calculation is performed, a VaR or Stress VaR calculation that includes only the trading desk’s holdings must be performed consistent with the VaR or Stress VaR model and methodology used for the larger aggregation of positions.

iii. Calculation Period: One trading day.

b. Source-of-Revenue Measurements

1. Comprehensive Profit and Loss Attribution

i. Description: For purposes of this appendix, Comprehensive Profit and Loss Attribution is an analysis that attributes the daily fluctuation in the value of a trading desk’s positions to various sources. First, the daily profit and loss of the aggregated positions is divided into three categories: (i) profit and loss attributable to new positions resulting from the current day’s trading activity (“new positions”); (ii) profit and loss attributable to new positions resulting from the current day’s trading activity (“existing positions”); and (iii) residual profit and loss that cannot be specifically attributed to existing positions or new positions. The sum of (i), (ii), and (iii) must equal the trading desk’s comprehensive profit and loss at each point in time. In addition, profit and loss measurements must calculate volatility of comprehensive profit and loss (i.e., the standard deviation of the trading desk’s one-day profit and loss, in dollar terms) for the reporting period for at least a 30-, 60-, and 90-day lag period, from the end of the reporting period, and any other period that the banking entity deems necessary to meet the requirements of the rule.

A. The comprehensive profit and loss associated with existing positions must reflect changes in the value of these positions on the applicable day. The comprehensive profit and loss from existing positions must be further attributed, as applicable, to changes in (i) the specific Risk Factors and other factors that are monitored and managed as part of the trading desk’s overall risk management policies and procedures; and (ii) any other applicable elements, such as cash flows, carry, changes in reserves, and the correction, cancellation, or exercise of a trade.

B. The comprehensive profit and loss attributed to new positions must reflect commissions and fees income or expense and market gains or losses associated with transactions executed on the applicable day. New positions include purchases and sales of financial instruments and other assets/liabilities and negotiated amendments to existing positions. The comprehensive profit and loss from new positions may be reported in the aggregate and does not need to be further attributed to specific sources.

C. The portion of comprehensive profit and loss that cannot be specifically attributed to known sources must be allocated to a residual category identified as an unexplained portion of the comprehensive profit and loss. Significant unexplained profit and loss must be escalated for further investigation and analysis.

ii. General Calculation Guidance: The specific categories used by a trading desk in the attribution analysis and amount of detail for the analysis should be tailored to the type and amount of trading activities undertaken by the trading desk. The new position attribution must be computed by calculating the difference between the prices at which instruments were bought and/or sold and the prices at which those instruments are marked to market at the close of business on that day multiplied by the notional or principal amount of each purchase or sale. Any fees, commissions, or other payments received (paid) that are associated with transactions executed on that day must be added (subtracted) from such difference. These factors must be measured consistently over time to facilitate historical comparisons.

iii. Calculation Period: One trading day.

c. Customer-Facing Activity Measurements

1. Inventory Turnover

i. Description: For purposes of this appendix, Inventory Turnover is a ratio that measures the turnover of a trading desk’s inventory. The numerator of the ratio is the absolute value of all transactions over the reporting period. The denominator of the ratio is the value of the trading desk’s inventory at the beginning of the reporting period.

ii. General Calculation Guidance: For purposes of this appendix, for derivatives, other than options and interest rate derivatives,
value means gross notional value, for options, value means delta adjusted notional value, and for interest rate derivatives, value means 10-year bond equivalent value.

iii. Calculation Period: 30 days, 60 days, and 90 days.

2. Inventory Aging

1. Description: For purposes of this appendix, Inventory Aging generally describes a schedule of the trading desk’s aggregate assets and liabilities and the amount of time that those assets and liabilities have been held. Inventory Aging should measure the age profile of the trading desk’s assets and liabilities.

ii. General Calculation Guidance: In general, Inventory Aging must be computed using a trading desk’s trading activity data and must identify the value of a trading desk’s aggregate assets and liabilities. Inventory Aging must include two schedules, an asset-aging schedule and a liability-aging schedule. Each schedule must record the value of assets or liabilities held over all holding periods. For derivatives, other than options, and interest rate derivatives, value means gross notional value, for options, value means delta adjusted notional value and, for interest rate derivatives, value means 10-year bond equivalent value.

iii. Calculation Period: One trading day.

3. Customer-Facing Trade Ratio—Trade Count Based and Value Based

1. Description: For purposes of this appendix, the Customer-Facing Trade Ratio is a ratio comparing (i) the transactions involving a counterparty that is a customer of the trading desk to (ii) the transactions involving a counterparty that is not a customer of the trading desk. A trade count based ratio must be computed that records the number of transactions involving a counterparty that is a customer of the trading desk and the number of transactions involving a counterparty that is not a customer of the trading desk. A value based ratio must be computed that records the value of transactions involving a counterparty that is a customer of the trading desk and the value of transactions involving a counterparty that is not a customer of the trading desk.

ii. General Calculation Guidance: For purposes of calculating the Customer-Facing Trade Ratio, a counterparty is considered to be a customer of the trading desk if the counterparty is a market participant that makes use of the banking entity’s market making-related services by obtaining such services, responding to quotations, or entering into a continuing relationship with respect to such services. However, a trading desk or other organizational unit of another banking entity would not be a client, customer, or counterparty of the trading desk if the other entity has trading assets and liabilities of $50 billion or more as measured in accordance with §351.20(d)(1) unless the trading desk documents how and why a particular trading desk or other organizational unit of the entity should be treated as a client, customer, or counterparty of the trading desk. Transactions conducted anonymously on an exchange or similar trading facility that permits trading on behalf of a broad range of market participants would be considered transactions with customers of the trading desk. For derivatives, other than options, and interest rate derivatives, value means gross notional value, for options, value means delta adjusted notional value, and for interest rate derivatives, value means 10-year bond equivalent value.

iii. Calculation Period: 30 days, 60 days, and 90 days.

APPENDIX B TO PART 351—ENHANCED MINIMUM STANDARDS FOR COMPLIANCE PROGRAMS

I. OVERVIEW

Section 351.20(c) requires certain banking entities to establish, maintain, and enforce an enhanced compliance program that includes the requirements and standards in this Appendix as well as the minimum written policies and procedures, internal controls, management framework, independent testing, training, and recordkeeping provisions outlined in §351.20. This Appendix sets forth additional minimum standards with respect to the establishment, oversight, maintenance, and enforcement by these banking entities of an enhanced internal compliance program for ensuring and monitoring compliance with the prohibitions and restrictions on proprietary trading and covered fund activities and investments set forth in section 13 of the BHC Act and this part.

b. This compliance program must:

1. Be reasonably designed to identify, document, monitor, and report the permitted trading and covered fund activities and investments of the banking entity; identify, monitor and promptly address the risks of these covered activities and investments and potential areas of noncompliance; and prevent activities or investments prohibited by, or that do not comply with, section 13 of the BHC Act and this part;

2. Establish and enforce appropriate limits on the covered activities and investments of the banking entity, including limits on the size, scope, complexity, and risks of the individual activities or investments consistent with the requirements of section 13 of the BHC Act and this part;
3. Subject the effectiveness of the compliance program to periodic independent review and testing, and ensure that the entity’s internal audit, corporate compliance and internal control functions involved in review and testing are effective and independent;
4. Make senior management, and others as appropriate, accountable for the effective implementation of the compliance program, and ensure that the board of directors and chief executive officer (or equivalent) of the banking entity review the effectiveness of the compliance program; and
5. Facilitate supervision and examination by the Agencies of the banking entity’s permitted trading and covered fund activities and investments.

II. ENHANCED COMPLIANCE PROGRAM

a. Proprietary Trading Activities. A banking entity must establish, maintain and enforce a compliance program that includes written policies and procedures that are appropriate for the types, size, and complexity of, and risks associated with, its permitted trading activities. The compliance program may be tailored to the types of trading activities conducted by the banking entity, and must include a detailed description of controls established by the banking entity to reasonably ensure that its trading activities are conducted in accordance with the requirements and limitations applicable to those trading activities under section 13 of the BHC Act and this part, and provide for appropriate revision of the compliance program before expansion of the trading activities of the banking entity. A banking entity must devote adequate resources and use knowledgeable personnel in conducting, supervising and managing its trading activities, and promote consistency, independence and rigor in implementing its risk controls and compliance efforts. The compliance program must be updated with a frequency sufficient to account for changes in the activities of the banking entity, results of independent testing of the program, identification of weaknesses in the program, and changes in legal, regulatory or other requirements.

1. Trading Desks: The banking entity must have written policies and procedures governing each trading desk that include a description of:

i. The process for identifying, authorizing and documenting financial instruments each trading desk may purchase or sell, with separate documentation for market making-related activities conducted in reliance on §351.4(b) and for hedging activity conducted in reliance on §351.5;

ii. A mapping for each trading desk to the division, business line, or other organizational structure that is responsible for managing and overseeing the trading desk’s activities;

iii. The mission (i.e., the type of trading activity, such as market-making, trading in sovereign debt, etc.) and strategy (i.e., methods for conducting authorized trading activities) of each trading desk;

iv. The activities that the trading desk is authorized to conduct, including (i) authorized instruments and products, and (ii) authorized hedging strategies, techniques and instruments;

v. The types and amount of risks allocated by the banking entity to each trading desk to implement the mission and strategy of the trading desk, including an enumeration of material risks resulting from the activities in which the trading desk is authorized to engage (including but not limited to price risks, such as basis, volatility and correlation risks, as well as counterparty credit risk). Risk assessments must take into account both the risks inherent in the trading activity and the strength and effectiveness of controls designed to mitigate those risks;

vi. How the risks allocated to each trading desk will be measured;

vii. Why the allocated risks levels are appropriate to the activities authorized for the trading desk;

viii. The limits on the holding period of, and the risk associated with, financial instruments under the responsibility of the trading desk;

ix. The process for setting new or revised limits, as well as escalation procedures for granting exceptions to any limits or to any policies or procedures governing the desk, the analysis that will be required to support revising limits or granting exceptions, and the process for independently reviewing and documenting those exceptions and the underlying analysis;

x. The process for identifying, documenting and approving new products, trading strategies, and hedging strategies;

xi. The types of clients, customers, and counterparties with whom the trading desk may trade; and

xii. The compensation arrangements, including incentive arrangements, for employees associated with the trading desk, which may not be designed to reward or incentivize prohibited proprietary trading or excessive or imprudent risk-taking.

2. Description of risks and risk management processes: The compliance program for the banking entity must include a comprehensive description of the risk management program for the trading activity of the banking entity. The compliance program must also include a description of the governance, approval, reporting, escalation, review and other processes the banking entity will use to reasonably ensure that trading activity is conducted in compliance with section 13 of the BHC Act and this part. Trading activity in similar financial instruments should be
subject to similar governance, limits, testing, controls, and review, unless the banking entity specifically determines to establish different limits or processes and documents those differences. Descriptions must include, at a minimum, the following:

1. A description of the supervisory and risk management structure governing all trading activities, including a description of processes for initial and senior-level review of new products and new strategies;  
2. A description of the process for developing, documenting, testing, approving and reviewing all models used for valuing, identifying and monitoring the risks of trading activity and related positions, including the process for periodic independent testing of the reliability and accuracy of those models;  
3. A description of the process for developing, documenting, testing, approving and reviewing the limits established for each trading desk;  
4. A description of the process by which a security may be purchased or sold pursuant to the liquidity management plan, including the process for authorizing and monitoring such activity to ensure compliance with the banking entity’s liquidity management plan and the restrictions on liquidity management activities in this part;  
5. A description of the management review process, including escalation procedures, for approving any temporary exceptions or permanent adjustments to limits on the activities, positions, strategies, or risks associated with each trading desk; and  
6. The role of the audit, compliance, risk management and other relevant units for conducting independent testing of trading and hedging activities and hedging activity and management will be monitored and the personnel responsible for such monitoring.

3. Authorized risks, instruments, and products. The banking entity must implement and enforce limits and internal controls for each trading desk that are reasonably designed to ensure that trading activity is conducted in conformance with section 13 of the BHC Act and this part and with the banking entity’s written policies and procedures. The banking entity must establish and enforce risk limits appropriate for the activity of each trading desk. These limits should be based on probabilistic and non-probabilistic measures of potential loss (e.g., Value-at-Risk and notional exposure, respectively), and measured under normal and stress market conditions. At a minimum, these internal controls must monitor, establish and enforce limits on:  
1. The financial instruments (including, at a minimum, by type and exposure) that the trading desk may trade;  
2. The types and levels of risks that may be taken by each trading desk; and  
3. The types of hedging instruments used, hedging strategies employed, and the amount of risk effectively hedged.
i. Internal controls and written policies and procedures reasonably designed to ensure the accuracy and integrity of quantitative measurements;

ii. Ongoing, timely monitoring and review of calculated quantitative measurements;

iii. The establishment of numerical thresholds and appropriate trading measures for each trading desk, and heightened review of trading activity not consistent with those thresholds to ensure compliance with section 13 of the BHC Act and this part, including analysis of the measurement results or other information, appropriate escalation procedures, and documentation related to the review; and

iv. Immediate review and compliance investigation of the trading desk’s activities, escalation to senior management with oversight responsibilities for the applicable trading desk, timely notification to the FDIC, appropriate remedial action (e.g., divesting of impermissible positions, cessation of impermissible activity, disciplinary actions), and documentation of the investigation findings and remedial action taken when quantitative measurements or other information, considered together with the facts and circumstances, or findings of internal audit, independent testing or other review suggest a reasonable likelihood that the trading desk has violated any part of section 13 of the BHC Act or this part.

6. Other Compliance Matters. In addition to the requirements specified above, the banking entity’s compliance program must:

i. Identify activities of each trading desk that will be conducted in reliance on exemptions contained in §§ 351.4 through 351.6, including an explanation of:

A. How and where in the organization the activity occurs; and

B. Which exemption is being relied on and how the activity meets the specific requirements for reliance on the applicable exemption;

ii. Include an explanation of the process for documenting, approving and reviewing actions taken pursuant to the liquidity management plan, where in the organization this activity occurs, the securities permissible for liquidity management, the process for ensuring that liquidity management activities are not conducted for the purpose of prohibited proprietary trading, and the process for ensuring that securities purchased as part of the liquidity management plan are highly liquid and conform to the requirements of this part;

iii. Describe how the banking entity monitors for and prohibits potential or actual material exposure to high-risk assets or high-risk trading strategies presented by each trading desk that relies on the exemptions contained in §§ 351.3(d)(3), and 351.4 through 351.6, which must take into account potential or actual exposure to:

A. Assets whose values cannot be externally priced or, where valuation is reliant on pricing models, whose model inputs cannot be externally validated;

B. Assets whose changes in value cannot be adequately mitigated by effective hedging;

C. New products with rapid growth, including those that do not have a market history;

D. Assets or strategies that include significant embedded leverage;

E. Assets or strategies that have demonstrated significant historical volatility;

F. Assets or strategies for which the application of capital and liquidity standards would not adequately account for the risk; and

G. Assets or strategies that result in large and significant concentrations to sectors, risk factors, or counterparties;

iv. Establish responsibility for compliance with the reporting and recordkeeping requirements of subpart B and § 351.20; and

v. Establish policies for monitoring and prohibiting potential or actual material conflicts of interest between the banking entity and its clients, customers, or counterparties.

7. Remediation of violations. The banking entity’s compliance program must be reasonably designed and established to effectively monitor and identify for further analysis any trading activity that may indicate potential violations of section 13 of the BHC Act and this part and to prevent actual violations of section 13 of the BHC Act and this part. The compliance program must describe procedures for identifying and remedying violations of section 13 of the BHC Act and this part, and must include, at a minimum, a requirement to promptly document, address and remedy any violation of section 13 of the BHC Act or this part, and document all proposed and actual remediation efforts. The compliance program must include specific written policies and procedures that are reasonably designed to assess the extent to which any activity indicates that modification to the banking entity’s compliance program is warranted and to ensure that appropriate modifications are implemented. The written policies and procedures must provide for prompt notification to appropriate management, including senior management and the board of directors, of any material weakness or significant deficiencies in the design or implementation of the compliance program of the banking entity.

b. Covered Fund Activities or Investments. A banking entity must establish, maintain and enforce a compliance program that includes written policies and procedures that are appropriate for the types, size, complexity and risks of the covered fund and related activities conducted and investments made by the banking entity.
1. **Identification of covered funds.** The banking entity’s compliance program must provide a process, which must include appropriate management review and independent testing, for identifying and documenting covered funds that each unit within the banking entity’s organization sponsors or organizes and offers, and covered funds in which each such unit invests. In addition to the documentation requirements for covered funds, as specified under §351.20(e), the documentation must include information that identifies all pools that the banking entity sponsors or has an interest in and the type of exemption from the Commodity Exchange Act (whether or not the pool relies on section 4.7 of the regulations under the Commodity Exchange Act), and the amount of ownership interest the banking entity has in those pools.

2. **Identification of covered fund activities and investments.** The banking entity’s compliance program must identify, document and map each unit within the organization that is permitted to acquire or hold an interest in any covered fund or sponsor any covered fund and map each unit to the division, business line, or other organizational structure that will be responsible for managing and overseeing that unit’s activities and investments.

3. **Explanation of compliance.** The banking entity’s compliance program must explain how:
   - i. The banking entity monitors for and prohibits potential or actual material conflicts of interest between the banking entity and its clients, customers, or counterparties related to its covered fund activities and investments;
   - ii. The banking entity monitors for and prohibits potential or actual transactions or activities that may threaten the safety and soundness of the banking entity related to its covered fund activities and investments; and
   - iii. The banking entity monitors for and prohibits potential or actual material exposure to high-risk assets or high-risk trading strategies presented by its covered fund activities and investments, taking into account potential or actual exposure to:
     - A. Assets whose values cannot be externally priced or, where valuation is reliant on pricing models, whose model inputs cannot be externally validated;
     - B. Assets whose changes in values cannot be adequately mitigated by effective hedging;
     - C. New products with rapid growth, including those that do not have a market history;
     - D. Assets or strategies that include significant embedded leverage;
     - E. Assets or strategies that have demonstrated significant historical volatility;
     - F. Assets or strategies for which the application of capital and liquidity standards would not adequately account for the risk; and
   - G. Assets or strategies that expose the banking entity to large and significant concentrations with respect to sectors, risk factors, or counterparties;

4. **Description and documentation of covered fund activities and investments.** For each organizational unit engaged in covered fund activities and investments, the banking entity’s compliance program must document:
   - i. The covered fund activities and investments that the unit is authorized to conduct;
   - ii. The banking entity’s plan for actively seeking unaffiliated investors to ensure that any investment by the banking entity conforms to the limits contained in §351.12 or registered in compliance with the securities laws and thereby exempt from those limits within the time periods allotted in §351.12; and
   - iii. How it complies with the requirements of subpart C.

5. **Internal Controls.** A banking entity must establish, maintain, and enforce internal controls that are reasonably designed to ensure that its covered fund activities or investments comply with the requirements of section 13 of the BHC Act and this part and are appropriate given the limits on risk established by the banking entity. These written internal controls must be reasonably designed and established to effectively monitor and identify for further analysis any covered fund activity or investment that may indicate potential violations of section 13 of the BHC Act or this part. The internal controls must, at a minimum require:
   - i. Monitoring and limiting the banking entity’s individual and aggregate investments in covered funds;
   - ii. Monitoring the amount and timing of seed capital investments for compliance with the limitations under subpart C (including but not limited to the redemption, sale or disposition requirements) of §351.12, and the effectiveness of efforts to seek unaffiliated investors to ensure compliance with those limits;
   - iii. Calculating the individual and aggregate levels of ownership interests in one or more covered fund required by §351.12;
   - iv. Attributing the appropriate instruments to the individual and aggregate ownership interest calculations above;
   - v. Making disclosures to prospective and actual investors in any covered fund organized and offered or sponsored by the banking entity, as provided under §351.11(a)(d);
   - vi. Monitoring for and preventing any relationship or transaction between the banking entity and a covered fund that is prohibited under §351.14, including where the banking entity has been designated as the sponsor, investment manager, investment adviser, or commodity trading advisor to a covered fund by another banking entity; and
vii. Appropriate management review and supervision across legal entities of the banking entity to ensure that services and products provided by all affiliated entities comply with the limitations on services and products contained in §351.14.

6. Remediation of violations. The banking entity’s compliance program must be reasonably designed and established to effectively monitor and identify for further analysis any covered fund activity or investment that may indicate potential violations of section 13 of the BHC Act or this part and to prevent actual violations of section 13 of the BHC Act and this part. The banking entity’s compliance program must describe procedures for identifying and remedying violations of section 13 of the BHC Act and this part, and must include, at a minimum, a requirement to promptly document, address and remedy any violation of section 13 of the BHC Act or this part, including §351.21, and document all proposed and actual remediation efforts. The compliance program must include specific written policies and procedures that are reasonably designed to assess the extent to which any activity or investment indicates that modification to the banking entity’s compliance program is warranted and to ensure that appropriate modifications are implemented. The written policies and procedures must provide for prompt notification to appropriate management, including senior management and the board of directors, of any material weakness or significant deficiencies in the design or implementation of the compliance program of the banking entity.

III. RESPONSIBILITY AND ACCOUNTABILITY FOR THE COMPLIANCE PROGRAM

a. A banking entity must establish, maintain, and enforce a governance and management framework to manage its business and employees with a view to preventing violations of section 13 of the BHC Act and this part. A banking entity must have an appropriate management framework reasonably designed to ensure that: appropriate personnel are responsible and accountable for the effective implementation and enforcement of the compliance program; a clear reporting line with a chain of responsibility is delineated; and the compliance program is reviewed periodically by senior management. The board of directors (or equivalent governance body) and senior management should have the appropriate authority and access to personnel and information within the organization as well as appropriate resources to conduct their oversight activities effectively.

1. Corporate governance. The banking entity must adopt a written compliance program approved by the board of directors, an appropriate committee of the board, or equivalent governance body, and senior management.

2. Management procedures. The banking entity must establish, maintain, and enforce a governance framework that is reasonably designed to achieve compliance with section 13 of the BHC Act and this part, which, at a minimum, provides for:

i. The designation of appropriate senior management or committee of senior management with authority to carry out the management responsibilities of the banking entity for each trading desk and for each organizational unit engaged in covered fund activities;

ii. Written procedures addressing the management of the activities of the banking entity that are reasonably designed to achieve compliance with section 13 of the BHC Act and this part, including:

A. A description of the management system, including the titles, qualifications, and locations of managers and the specific responsibilities of each person with respect to the banking entity’s activities governed by section 13 of the BHC Act and this part; and

B. Procedures for determining compensation arrangements for traders engaged in underwriting or market making-related activities under §351.4 or risk-mitigating hedging activities under §351.5 so that such compensation arrangements are designed not to reward or incentivize prohibited proprietary trading and appropriately balance risk and financial results in a manner that does not encourage employees to expose the banking entity to excessive or imprudent risk.

3. Business line managers. Managers with responsibility for one or more trading desks of the banking entity are accountable for the effective implementation and enforcement of the compliance program with respect to the applicable trading desk(s).

4. Board of directors, or similar corporate body, and senior management. The board of directors, or similar corporate body, and senior management are responsible for setting and communicating an appropriate culture of compliance with section 13 of the BHC Act and this part and ensuring that appropriate policies regarding the management of trading activities and covered fund activities or investments are adopted to comply with section 13 of the BHC Act and this part. The board of directors or similar corporate body (such as a designated committee of the board or an equivalent governance body) must ensure that senior management is fully capable, qualified, and properly motivated to manage compliance with this part in light of the organization’s business activities and the expectations of the board of directors. The board of directors or similar corporate body must also ensure that senior management has established appropriate incentives and adequate resources to support compliance with this part, including the implementation
IV. INDEPENDENT TESTING

a. Independent testing must occur with a frequency appropriate to the size, scope, and risk profile of the banking entity’s trading and covered fund activities or investments, which shall be at least annually. This independent testing must include an evaluation of:

1. The overall adequacy and effectiveness of the banking entity’s compliance program, including an analysis of the extent to which the program contains all the required elements of this appendix;

2. The effectiveness of the banking entity’s internal controls, including an analysis and documentation of instances in which such internal controls have been breached, and how such breaches were addressed and resolved; and

3. The effectiveness of the banking entity’s management procedures.

b. A banking entity must ensure that independent testing regarding the effectiveness of the banking entity’s compliance program is conducted by a qualified independent party, such as the banking entity’s internal audit department, compliance personnel or risk managers independent of the organizational unit being tested, outside auditors, consultants, or other qualified independent consultants, or other qualified independent parties. A banking entity must promptly take appropriate action to remedy any significant deficiencies or material weaknesses in its compliance program and to terminate any violations of section 13 of the BHC Act or this part.

V. TRAINING

Banking entities must provide adequate training to personnel and managers of the banking entity engaged in activities or investments governed by section 13 of the BHC Act or this part, as well as other appropriate supervisory, risk, independent testing, and audit personnel, in order to effectively implement and enforce the compliance program. This training should occur with a frequency appropriate to the size and the risk profile of the banking entity’s trading activities and covered fund activities or investments.

VI. RECORDKEEPING

Banking entities must create and retain records sufficient to demonstrate compliance and support the operations and effectiveness of the compliance program. A banking entity must retain these records for a period that is no less than 5 years or such longer period as required by the FDIC in a form that allows it to promptly produce such records to the FDIC on request.

PART 352—NONDISCRIMINATION ON THE BASIS OF DISABILITY

Sec.
352.1 Purpose.
352.2 Application.
352.3 Definitions.
352.4 Nondiscrimination in any program or activity conducted by the FDIC.
352.5 Accessibility to electronic and information technology.
352.6 Employment.
352.7 Accessibility of programs, and activities: Existing facilities.
352.8 Program accessibility: New construction and alterations.
352.9 Communications.
352.10 Compliance procedures.
352.11 Notice.

AUTHORITY: 12 U.S.C. 1819(a); 29 U.S.C. 794d.

SOURCE: 69 FR 26492, May 13, 2004, unless otherwise noted.

§ 352.1 Purpose.

(a) One purpose of this part is to implement the spirit of section 504 of the
Rehabilitation Act of 1973 (the Rehabilitation Act) as amended by section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 and the Workforce Investment Act of 1998. Section 504 prohibits discrimination on the basis of disability in programs and activities conducted by a federal executive agency. Although the FDIC does not believe that Congress contemplated coverage of non-appropriated, independent regulatory agencies such as the FDIC, the FDIC has chosen to promulgate this final regulation to ensure that, to the extent practicable, persons with disabilities are provided with equal access to FDIC programs and activities.

(b) This part is also intended to implement section 508 of the Rehabilitation Act as amended. Section 508 requires each federal agency or department to ensure that the electronic and information technology they procure allows individuals with disabilities access to that technology comparable to the access of those who are not disabled, unless the agency would incur an undue burden.

§ 352.2 Application.

(a) This part applies to all programs, activities, and electronic and information technology developed, procured, maintained, used or conducted by the FDIC. The following programs and activities involve the direct provision of benefits and services to, or participation by, members of the public:

(1) Attending Board of Directors meetings open to the public and all other public meetings;
(2) Making inquiries or filing complaints at the FDIC Office of Legislative Affairs and Office of Public Affairs;
(3) Using the FDIC library in Washington, DC;
(4) Using the FDIC Web site on the Internet;
(5) Visiting an insured bank at which they conducted business (or an alternative liquidation site selected by the FDIC) and which has become insolvent, or been purchased by another bank under FDIC supervision, for the purpose of:

(i) Collecting FDIC checks for the insured amount of their deposits previously held in such bank; and/or
(ii) Discussing with FDIC representatives matters related to the repayment of debts which they previously owed to such bank, prior to its failure or purchase by another bank under FDIC supervision;
(6) Seeking employment with the FDIC;

(b) This regulation governs the conduct of FDIC personnel in their interaction with employees of insured banks and employees of other state or federal agencies while discharging the FDIC’s statutory obligations as insurer and/or receiver of financial institutions. It does not apply to financial institutions insured by the FDIC.

(c) Although application for employment and employment with the FDIC are programs and activities of the FDIC for purposes of this regulation, they shall be governed only by the standards set forth in §352.6 of this part.

§ 352.3 Definitions.

For purposes of this part, the term—

(a) “Auxiliary aids” means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and enjoy the benefits of, the FDIC programs or activities, and Electronic and Information Technology set forth in §352.2.

(b) “Electronic and Information Technology” (“EIT”) has the same meaning as “information technology” except EIT also includes any equipment or interconnected system or subsystem of equipment that is used in the creation, conversion, or duplication of data or information. The term EIT includes, but is not limited to, telecommunication products (such as telephones), information kiosks and transaction machines, worldwide web sites, multimedia, and office equipment (such as copiers and fax machines).

(c) “Facility” means all or any portion of buildings, structures, equipment, roads, walks, parking lots and other real or personal property. As used in this definition, “personal property” means only furniture, carpeting
§ 352.4 Nondiscrimination in any program or activity conducted by the FDIC.

In accordance with section 504 of the Rehabilitation Act, no qualified individual with a disability shall, solely by reason of his or her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program or activity conducted by the FDIC.

§ 352.5 Accessibility to electronic and information technology.

(a) In accordance with section 508 of the Rehabilitation Act, the FDIC shall ensure, absent an undue burden, that the electronic and information technology the agency develops, procures, maintains or allows:

(1) Individuals with disabilities who are FDIC employees or applicants to have access to and use of information and data that is comparable to the access to and use of information and data by FDIC employees or applicants who are not individuals with disabilities; and

(2) Individuals with disabilities who are members of the public seeking information or services from the FDIC to have access to and use of information and data that is comparable to the access to and use of information and data by members of the public who are not individuals with disabilities.

(b) When development or procurement of electronic and information technology that meets the standards published by the Architectural and Transportation Barriers Compliance Board, 36 CFR 1194, would pose an undue burden, the FDIC shall provide individuals with disabilities covered by paragraph (a) of this section with the information and data by an alternative means of access that allows the individuals to use the information and data.

§ 352.6 Employment.

No qualified individual with a disability shall, on the basis of that disability, be subjected to discrimination in employment in any program or activity conducted by the FDIC. The definitions, requirements, and procedures (including those pertaining to employment discrimination complaints) of sections 501 of the Rehabilitation Act of 1973, as established in 29 CFR parts 1614 and 1630, shall apply to employment in the FDIC.
§ 352.7 Accessibility of programs and activities: Existing facilities.

The FDIC shall operate each of the programs or activities set forth in §352.2 of this part so that when viewed in its entirety, the program or activity is readily accessible to and usable by individuals with disabilities.

§ 352.8 Program accessibility: New construction and alterations.

Each building or part of a building, whether newly constructed, or substantially altered, in which FDIC programs or activities will be conducted, shall be designed, constructed or altered so as to be readily accessible to, and usable by, individuals with disabilities.

§ 352.9 Communications.

(a) The FDIC shall take appropriate steps to ensure effective communication with participants in FDIC programs, activities and EIT.

(i) The FDIC shall furnish appropriate auxiliary aids where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy the benefits of, the FDIC programs or activities.

(ii) In determining what type of auxiliary aid is necessary, the FDIC shall give primary consideration to any reasonable requests of the individual with a disability.

(ii) The FDIC need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(b) Where the FDIC communicates by telephone, it shall use telecommunications devices for deaf persons (TDD’s) or equally effective telecommunication systems with hearing impaired participants and beneficiaries.

(b) The FDIC shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, facilities and EIT. Interested persons may obtain such information by calling, writing or visiting the FDIC Office of Minority and Women Inclusion (OMWI), located at 3501 Fairfax Drive, Arlington, VA 22231. The FDIC telephone number is (877) 275-3342 or (703) 562-2473 (TTY).

[c] The FDIC shall provide information at a primary entrance to each of its facilities where programs or activities are conducted, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

§ 352.10 Compliance procedures.

(a) Applicability. Paragraph (b) of this section applies to employment complaints. The remaining sections concern complaints alleging disability discrimination in FDIC programs or activities and denial of technology access.

(c) Informal process. A complainant shall first exhaust informal administrative procedures before filing a formal complaint alleging disability discrimination in FDIC programs or activities, or a denial of technology access. The FDIC’s Office of Minority and Women Inclusion shall be responsible for coordinating implementation of this section. An aggrieved individual initiates the process by filing an informal complaint with OMWI within 180 calendar days from the date of the alleged disability discrimination or denial of access to electronic information technology. An informal complaint with respect to any FDIC program or activity must include a written statement containing the individual’s name and address which describes the FDIC’s action in sufficient detail to inform the FDIC of the nature and date of the alleged violation of these regulations. An informal complaint for denial of technology access must clearly identify the individual and the manner in which the EIT was inaccessible. All informal complaints shall be signed by the complainant or one authorized to do so on
§ 352.11 Notice.

The FDIC shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the FDIC, and make such information available to them in such manner as the Chairman or designee finds necessary to apprise such persons of the protections against discrimination under section 504 or technology access provided under section 508 and this regulation.

PART 353—SUSPICIOUS ACTIVITY REPORTS

Sec.
353.1 Purpose and scope.
353.2 Definitions.
353.3 Reports and records.

SOURCE: 61 FR 6099, Feb. 16, 1996, unless otherwise noted.

§ 353.1 Purpose and scope.

The purpose of this part is to ensure that an insured state nonmember bank files a Suspicious Activity Report when it detects a known or suspected criminal violation of federal law or a suspicious transaction related to a money laundering activity or a violation of the Bank Secrecy Act. This part applies to all insured state nonmember banks as well as any insured, state-licensed branches of foreign banks.

12 CFR Ch. III (1–1–17 Edition)
§ 353.2 Definitions.
For the purposes of this part:
(a) FinCEN means the Financial Crimes Enforcement Network of the Department of the Treasury.
(b) Institution-affiliated party means any institution-affiliated party as that term is defined in sections 3(u) and 8(b)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1813(u) and 1818(b)(5)).

§ 353.3 Reports and records.
(a) Suspicious activity reports required.
A bank shall file a suspicious activity report with the appropriate federal law enforcement agencies and the Department of the Treasury, in accordance with the form’s instructions, by sending a completed suspicious activity report to FinCEN in the following circumstances:
(1) Insider abuse involving any amount. Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, where the bank believes it was either an actual or potential victim of a criminal violation, or series of criminal violations, or that the bank was used to facilitate a criminal transaction, and the bank has a substantial basis for identifying one of the bank’s directors, officers, employees, agents, or other institution-affiliated parties as having committed or aided in the commission of the criminal violation, regardless of the amount involved in the violation;
(2) Transactions aggregating $5,000 or more where a suspect can be identified. Whenever the bank detects any known or suspected federal criminal violation, or pattern of criminal violations, committed or attempted against the bank or involving a transaction or transactions conducted through the bank, and involving or aggregating $5,000 or more in funds or other assets, where the bank knows, suspects, or has reason to suspect that:
   (i) The transaction involves funds derived from illegal activities or is intended or conducted in order to hide or disguise funds or assets derived from illegal activities (including, without limitation, the ownership, nature, source, location, or control of such funds or assets) as part of a plan to violate or evade any federal law or regulation or to avoid any transaction reporting requirement under federal law;
   (ii) The transaction is designed to evade any regulations promulgated under the Bank Secrecy Act; or
(iii) The transaction has no business or apparent lawful purpose or is not the sort of transaction in which the particular customer would normally be expected to engage, and the bank knows of no reasonable explanation for the transaction after examining the available facts, including the background and possible purpose of the transaction.

(b) Time for reporting. (1) A bank shall file the suspicious activity report no later than 30 calendar days after the date of initial detection of facts that may constitute a basis for filing a suspicious activity report. If no suspect was identified on the date of detection of the incident requiring the filing, a bank may delay filing a suspicious activity report for an additional 30 calendar days to identify a suspect. In no case shall reporting be delayed more than 60 calendar days after the date of initial detection of a reportable transaction.

(2) In situations involving violations requiring immediate attention, such as when a reportable violation is ongoing, the bank shall immediately notify, by telephone, an appropriate law enforcement agency and the appropriate FDIC regional office (Division of Supervision and Consumer Protection (DSC)) in addition to filing a timely report.

(c) Reports to state and local authorities. A bank is encouraged to file a copy of the suspicious activity report with state and local law enforcement agencies where appropriate.

(d) Exemptions. (1) A bank need not file a suspicious activity report for a robbery or burglary committed or attempted, that is reported to appropriate law enforcement authorities.

(2) A bank need not file a suspicious activity report for lost, missing, counterfeit, or stolen securities if it files a report pursuant to the reporting requirements of 17 CFR 240.17j-1.

(e) Retention of records. A bank shall maintain a copy of any suspicious activity report filed and the original or business record equivalent of any supporting documentation for a period of five years from the date of filing the suspicious activity report. Supporting documentation shall be identified and maintained by the bank as such, and shall be deemed to have been filed with the suspicious activity report. A bank must make all supporting documentation available to appropriate law enforcement authorities upon request.

(f) Notification to board of directors. The management of a bank shall promptly notify its board of directors, or a committee thereof, of any report filed pursuant to this section. The term “board of directors” includes the managing official of an insured state-licensed branch of a foreign bank for purposes of this part.

(g) Confidentiality of suspicious activity reports. Suspicious activity reports are confidential. Any bank subpoenaed or otherwise requested to disclose a suspicious activity report or the information contained in a suspicious activity report shall decline to produce the suspicious activity report or to provide any information that would disclose that a suspicious activity report has been prepared or filed citing this part, applicable law (e.g., 31 U.S.C. 5318(g)), or both, and notify the appropriate FDIC regional office (Division of Supervision and Consumer Protection (DSC)).

(h) Safe harbor. The safe harbor provisions of 31 U.S.C. 5318(g), which exempts any bank that makes a disclosure of any possible violation of law or regulation from liability under any law or regulation of the United States, or any constitution, law or regulation of any state or political subdivision, cover all reports of suspected or known criminal violations and suspicious activities to law enforcement and financial institution supervisory authorities, including supporting documentation, regardless of whether such reports are filed pursuant to this part or are filed on a voluntary basis.

PART 357—DETERMINATION OF ECONOMICALLY DEPRESSED REGIONS

Authority: 12 U.S.C. 1819, 1823(k)(5).

§357.1 Economically depressed regions.

(a) Purpose. Section 13(k)(5) of the Federal Deposit Insurance Act (12 U.S.C. 1823(k)(5)) provides that the
Federal Deposit Insurance Corporation

§ 359.0 Scope.

(a) This part limits and/or prohibits, in certain circumstances, the ability of insured depository institutions, their subsidiaries and affiliated depository institution holding companies to enter into contracts to pay and to make golden parachute and indemnification payments to institution-affiliated parties (IAPs).

(b) The limitations on golden parachute payments apply to troubled insured depository institutions which seek to enter into contracts to pay or to make golden parachute payments to their IAPs. The limitations also apply to depository institution holding companies which are troubled and seek to enter into contracts to pay or to make golden parachute payments to their IAPs as well as healthy holding companies which seek to enter into contracts to pay or to make golden parachute payments to IAPs of a troubled insured depository institution subsidiary. A “golden parachute payment” is generally considered to be any payment to an IAP which is contingent on the termination of that person’s employment and is received when the insured depository institution making the payment is troubled or, if the payment is being made by an affiliated holding company, either the holding company itself or the insured depository institution employing the IAP, is troubled. The definition of golden parachute payment does not include payments pursuant to qualified retirement plans, non-qualified bona fide deferred compensation plans, nondiscriminatory severance pay plans, other types of common benefit plans, state statutes and death benefits. Certain limited exceptions to the golden parachute payment prohibition are provided for in cases involving the hiring of a white knight and unassisted changes in control. A procedure is also set forth whereby an institution or IAP can request permission to make what would otherwise be a prohibited golden parachute payment.

(c) The limitations on indemnification payments apply to all insured depository institutions, their subsidiaries and affiliated depository institution holding companies from indemnifying an IAP for that portion of the costs...
sustained with regard to an administrative or civil enforcement action commenced by any federal banking agency which results in a final order or settlement pursuant to which the IAP is assessed a civil money penalty, removed from office, prohibited from participating in the affairs of an insured depository institution or required to cease and desist from or take an affirmative action described in section 8(b) (12 U.S.C. 1818(b)) of the Federal Deposit Insurance Act (FDI Act). However, there are exceptions to this general prohibition. First, an institution or holding company may purchase commercial insurance to cover such expenses, except judgments and penalties. Second, the institution or holding company may advance legal and other professional expenses to an IAP directly (except for judgments and penalties) if its board of directors makes certain specific findings and the IAP agrees in writing to reimburse the institution if it is ultimately determined that the IAP violated a law, regulation or other fiduciary duty.

§ 359.1 Definitions.

(a) Act means the Federal Deposit Insurance Act, as amended (12 U.S.C. 1811, et seq.).

(b) Appropriate federal banking agency, bank holding company, depository institution holding company and savings and loan holding company have the meanings given to such terms in section 3 of the Act.

(c) Benefit plan means any plan, contract, agreement or other arrangement which is an “employee welfare benefit plan” as that term is defined in section 3(1) of the Employee Retirement Income Security Act of 1974, as amended (29 U.S.C. 1002(1)), or other usual and customary plans such as dependent care, tuition reimbursement, group legal services or cafeteria plans; provided however, that such term shall not include any plan intended to be subject to paragraphs (f)(2)(iii) and (v) of this section.

(d) Bona fide deferred compensation plan or arrangement means any plan, contract, agreement or other arrangement whereby:

(1) An IAP voluntarily elects to defer all or a portion of the reasonable compensation, wages or fees paid for services rendered which otherwise would have been paid to such party at the time the services were rendered (including a plan that provides for the crediting of a reasonable investment return on such elective deferrals) and the insured depository institution or depository institution holding company either:

(ii) Segregates or otherwise sets aside assets in a trust which may only be used to pay plan and other benefits, except that the assets of such trust may be available to satisfy claims of the institution’s or holding company’s creditors in the case of insolvency; or

(2) An insured depository institution or depository institution holding company establishes a nonqualified deferred compensation or supplemental retirement plan, other than an elective deferral plan described in paragraph (e)(1) of this section:

(i) Primarily for the purpose of providing benefits for certain IAPs in excess of the limitations on contributions and benefits imposed by sections 415, 401(a)(17), 402(g) or any other applicable provision of the Internal Revenue Code of 1986 (26 U.S.C. 415, 401(a)(17), 402(g)); or

(ii) Primarily for the purpose of providing supplemental retirement benefits or other deferred compensation for a select group of directors, management or highly compensated employees (excluding severance payments described in paragraph (f)(2)(v) of this section and permissible golden parachute payments described in §359.4); and

(3) In the case of any nonqualified deferred compensation or supplemental retirement plans as described in paragraphs (d) (1) and (2) of this section, the following requirements shall apply:

(i) The plan was in effect at least one year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(ii) Any payment made pursuant to such plan is made in accordance with the terms of the plan as in effect no
Federal Deposit Insurance Corporation

§ 359.1

later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section and in accordance with any amendments to such plan during such one year period that do not increase the benefits payable thereunder;

(iii) The IAP has a vested right, as defined under the applicable plan document, at the time of termination of employment to payments under such plan;

(iv) Benefits under such plan are accrued each period only for current or prior service rendered to the employer (except that an allowance may be made for service with a predecessor employer);

(v) Any payment made pursuant to such plan is not based on any discretionary acceleration of vesting or accrual of benefits which occurs at any time later than one year prior to any of the events described in paragraph (f)(1)(ii) of this section;

(vi) The insured depository institution or depository institution holding company has previously recognized compensation expense and accrued a liability for the benefit payments according to GAAP or segregated or otherwise set aside assets in a trust which may only be used to pay plan benefits, except that the assets of such trust may be available to satisfy claims of the institution’s or holding company’s creditors in the case of insolvency; and

(vii) Payments pursuant to such plans shall not be in excess of the accrued liability computed in accordance with GAAP.

(e) Corporation means the Federal Deposit Insurance Corporation, in its corporate capacity.

(f) Golden parachute payment. (1) The term golden parachute payment means any payment (or any agreement to make any payment) in the nature of compensation by any insured depository institution or an affiliated depository institution holding company for the benefit of any current or former IAP pursuant to an obligation of such institution or holding company that:

(i) Is contingent on, or by its terms is payable on or after, the termination of such party’s primary employment or affiliation with the institution or holding company; and

(ii) Is received on or after, or is made in contemplation of, any of the following events:

(A) The insolvency (or similar event) of the insured depository institution which is making the payment or bankruptcy or insolvency (or similar event) of the depository institution holding company which is making the payment; or

(B) The appointment of any conservator or receiver for such insured depository institution; or

(C) A determination by the insured depository institution’s or depository institution holding company’s appropriate federal banking agency, respectively, that the insured depository institution or depository institution holding company is in a troubled condition, as defined in the applicable regulations of the appropriate federal banking agency (§303.101(c) of this chapter); or

(D) The insured depository institution is assigned a composite rating of 4 or 5 by the appropriate federal banking agency or informed in writing by the Corporation that it is rated a 4 or 5 under the Uniform Financial Institutions Rating System of the Federal Financial Institutions Examination Council, or the depository institution holding company is assigned a composite rating of 4 or 5 or unsatisfactory by its appropriate federal banking agency; or

(E) The insured depository institution is subject to a proceeding to terminate or suspend deposit insurance for such institution; and

(iii)(A) Is payable to an IAP whose employment by or affiliation with an insured depository institution is terminated at a time when the insured depository institution by which the IAP is employed or with which the IAP is affiliated satisfies any of the conditions enumerated in paragraphs (f)(1)(ii) (A) through (E) of this section, or in contemplation of any of these conditions; or

(B) Is payable to an IAP whose employment by or affiliation with an insured depository institution holding company is terminated at a time when the insured depository institution holding company by which the IAP is
employed or with which the IAP is affiliated satisfies any of the conditions enumerated in paragraphs (f)(1)(ii)(A), (C) or (D) of this section, or in contemplation of any of these conditions.

(2) Exceptions. The term golden parachute payment shall not include:

(i) Any payment made pursuant to a pension or retirement plan which is qualified (or is intended within a reasonable period of time to be qualified) under section 401 of the Internal Revenue Code of 1986 (26 U.S.C. 401) or pursuant to a pension or other retirement plan which is governed by the laws of any foreign country; or

(ii) Any payment made pursuant to a benefit plan as that term is defined in paragraph (c) of this section; or

(iii) Any payment made pursuant to a bona fide deferred compensation plan or arrangement as defined in paragraph (d) of this section; or

(iv) Any payment made by reason of death or by reason of termination caused by the disability of an institution-affiliated party; or

(v) Any payment made pursuant to a nondiscriminatory severance pay plan or arrangement which provides for payment of severance benefits to all eligible employees upon involuntary termination other than for cause, voluntary resignation, or early retirement; provided, however, that no employee shall receive any such payment which exceeds the base compensation paid to such employee during the twelve months (or such longer period or greater benefit as the Corporation shall consent to) immediately preceding termination of employment, resignation or early retirement, and such severance pay plan or arrangement shall not have been adopted or modified to increase the amount or scope of severance benefits at a time when the insured depository institution or depository institution holding company was in a condition specified in paragraph (f)(1)(ii) of this section or in contemplation of such a condition without the prior written consent of the appropriate federal banking agency; or

(vi) Any severance or similar payment which is required to be made pursuant to a state statute or foreign law which is applicable to all employees within the appropriate jurisdiction (with the exception of employers that may be exempt due to their small number of employees or other similar criteria); or

(vii) Any other payment which the Corporation determines to be permissible in accordance with §359.4.

(g) Insured depository institution means any bank or savings association the deposits of which are insured by the Corporation pursuant to the Act, or any subsidiary thereof.

(h) Institution-affiliated party (IAP) means:

(1) Any director, officer, employee, or controlling stockholder (other than a depository institution holding company) of, or agent for, an insured depository institution or depository institution holding company;

(2) Any other person who has filed or is required to file a change-in-control notice with the appropriate federal banking agency under section 7(j) of the Act (12 U.S.C. 1817(j));

(3) Any shareholder (other than a depository institution holding company), consultant, joint venture partner, and any other person as determined by the appropriate federal banking agency (by regulation or case-by-case) who participates in the conduct of the affairs of an insured depository institution or depository institution holding company; and

(4) Any independent contractor (including any attorney, appraiser, or accountant) who knowingly or recklessly participates in: Any violation of any law or regulation, any breach of fiduciary duty, or any unsafe or unsound practice, which caused or is likely to cause more than a minimal financial loss to, or a significant adverse effect on, the insured depository institution or depository institution holding company.

(i) Liability or legal expense means:

(1) Any legal or other professional fees and expenses incurred in connection with any claim, proceeding, or action;

(2) The amount of, and any cost incurred in connection with, any settlement of any claim, proceeding, or action; and
(3) The amount of, and any cost incurred in connection with, any judgment or penalty imposed with respect to any claim, proceeding, or action.

(j) Nondiscriminatory means that the plan, contract or arrangement in question applies to all employees of an insured depository institution or depository institution holding company who meet reasonable and customary eligibility requirements applicable to all employees, such as minimum length of service requirements. A nondiscriminatory plan, contract or arrangement may provide different benefits based only on objective criteria such as salary, total compensation, length of service, job grade or classification, which are applied on a proportionate basis (with a variance in severance benefits relating to any criterion of plus or minus ten percent) to groups of employees consisting of not less than the lesser of 33 percent of employees or 1,000 employees.

(k) Payment means:
(1) Any direct or indirect transfer of any funds or any asset;
(2) Any forgiveness of any debt or other obligation;
(3) The conferring of any benefit, including but not limited to stock options and stock appreciation rights; and
(4) Any segregation of any funds or assets, the establishment or funding of any trust or the purchase of or arrangement for any letter of credit or other instrument, for the purpose of making, or pursuant to any agreement to make, any payment on or after the date on which such funds or assets are segregated, or at the time of or after such trust is established or letter of credit or other instrument is made available, without regard to whether the obligation to make such payment is contingent on:
   (i) The determination, after such date, of the liability for the payment of such amount; or
   (ii) The liquidation, after such date, of the amount of such payment.

(l) Prohibited indemnification payment. (1) The term prohibited indemnification payment means any payment (or any agreement or arrangement to make any payment) by any insured depository institution or an affiliated depository institution holding company for the benefit of any person who is or was an IAP of such insured depository institution or holding company, to pay or reimburse such person for any civil money penalty or judgment resulting from any administrative or civil action instituted by any federal banking agency, or any other liability or legal expense with regard to any administrative proceeding or civil action instituted by any federal banking agency which results in a final order or settlement pursuant to which such person:
   (i) Is assessed a civil money penalty;
   (ii) Is removed from office or prohibited from participating in the conduct of the affairs of the insured depository institution; or
   (iii) Is required to cease and desist from or take any affirmative action described in section 8(b) of the Act with respect to such institution.

(2) Exceptions. (i) The term prohibited indemnification payment shall not include any reasonable payment by an insured depository institution or depository institution holding company which is used to purchase any commercial insurance policy or fidelity bond, provided that such insurance policy or bond shall not be used to pay or reimburse an IAP for the cost of any judgment or civil money penalty assessed against such person in an administrative proceeding or civil action commenced by any federal banking agency, but may pay any legal or professional expenses incurred in connection with such proceeding or action or the amount of any restitution to the insured depository institution, depository institution holding company or receiver.
   (ii) The term prohibited indemnification payment shall not include any reasonable payment by an insured depository institution or depository institution holding company that represents partial indemnification for legal or professional expenses specifically attributable to particular charges for which there has been a formal and final adjudication or finding in connection with a settlement that the IAP has not violated certain banking laws or regulations or has not engaged in certain unsafe or unsound banking practices or breaches of fiduciary duty, unless the
§ 359.2 Golden parachute payments prohibited.

No insured depository institution or depository institution holding company shall make or agree to make any golden parachute payment, except as provided in this part.

§ 359.3 Prohibited indemnification payments.

No insured depository institution or depository institution holding company shall make or agree to make any prohibited indemnification payment, except as provided in this part.

§ 359.4 Permissible golden parachute payments.

(a) An insured depository institution or depository institution holding company may agree to make or may make a golden parachute payment if and to the extent that:

(1) The appropriate federal banking agency, with the written concurrence of the Corporation, determines that such a payment or agreement is permissible; or

(2) Such an agreement is made in order to hire a person to become an IAP either at a time when the insured depository institution or depository institution holding company satisfies or in an effort to prevent it from immediately satisfying any of the criteria set forth in §359.1(f)(1)(i), and the institution’s appropriate federal banking agency and the Corporation consent in writing to the amount and terms of the golden parachute payment. Such consent by the FDIC and the institution’s appropriate federal banking agency shall not improve the IAP’s position in the event of the insolvency of the institution since such consent can neither bind a receiver nor affect the provability of receivership claims. In the event that the institution is placed into receivership or conservatorship, the FDIC and/or the institution’s appropriate federal banking agency shall not be obligated to pay the promised golden parachute and the IAP shall not be accorded preferential treatment on the basis of such prior approval; or

(3) Such a payment is made pursuant to an agreement which provides for a reasonable severance payment, not to exceed twelve months salary, to an IAP in the event of a change in control of an insured depository institution; provided, however, that an insured depository institution or depository institution holding company shall obtain the consent of the appropriate federal banking agency prior to making such a payment and this paragraph (a)(3) shall not apply to any change in control of an insured depository institution which results from an assisted transaction as described in section 13 of the Act (12 U.S.C. 1823) or the insured depository institution being placed into conservatorship or receivership; and

(4) An insured depository institution, depository institution holding company or IAP making a request pursuant to paragraphs (a)(1) through (3) of this section shall demonstrate that it does not possess and is not aware of any information, evidence, documents or other materials which would indicate that there is a reasonable basis to believe, at the time such payment is proposed to be made, that:

(i) The IAP has committed any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the depository institution or depository institution holding company that has had or is likely to have a material adverse effect on the institution or holding company;

(ii) The IAP is substantially responsible for the insolvency of, the appointment of a conservator or receiver for, or the troubled condition, as defined by applicable regulations of the appropriate federal banking agency, of the insured depository institution, depository institution holding company or any insured depository institution subsidiary of such holding company;

(iii) The IAP has materially violated any applicable federal or state banking law or regulation that has had or is likely to have a material effect on the insured depository institution or depository institution holding company; and

(iv) The IAP has violated or conspired to violate section 215, 656, 657,
§ 359.5 Permissible indemnification payments.

(a) An insured depository institution or depository institution holding company may make or agree to make reasonable indemnification payments to an IAP with respect to an administrative proceeding or civil action initiated by any federal banking agency if:

1. The insured depository institution’s or depository institution holding company’s board of directors, in good faith, determines in writing after due investigation and consideration that the institution-affiliated party acted in good faith and in a manner he/she believed to be in the best interests of the institution;

2. The insured depository institution’s or depository institution holding company’s board of directors, respectively, in good faith, determines in writing after due investigation and consideration that the payment of such expenses will not materially adversely affect the institution’s or holding company’s safety and soundness;

3. The indemnification payments do not constitute prohibited indemnification payments as that term is defined in § 359.1(1); and

4. The IAP agrees in writing to reimburse the insured depository institution or depository institution holding company, to the extent not covered by payments from insurance or bonds purchased pursuant to § 359.1(2), for that portion of the advanced indemnification payments which subsequently become prohibited indemnification payments, as defined in § 359.1(1).

(b) An IAP requesting indemnification payments shall not participate in any way in the board’s discussion and approval of such payments; provided, however, that such IAP may present his/her request to the board and respond to any inquiries from the board concerning his/her involvement in the circumstances giving rise to the administrative proceeding or civil action.

(c) In the event that a majority of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the remaining members of the board may authorize independent legal counsel to review the indemnification request and provide the remaining members of the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the remaining members of the board of directors may rely on such opinion in authorizing the requested indemnification.

(d) In the event that all of the members of the board of directors are named as respondents in an administrative proceeding or civil action and request indemnification, the board shall authorize independent legal counsel to review the indemnification request and provide the board with a written opinion of counsel as to whether the conditions delineated in paragraph (a) of this section have been met. If independent legal counsel opines that said conditions have been met, the board of directors may rely on such opinion in authorizing the requested indemnification.
§ 359.6  Filing instructions.

Requests to make excess nondiscriminatory severance plan payments pursuant to § 359.1(f)(2)(v) and golden parachute payments permitted by § 359.4 shall be submitted in writing to the appropriate regional director (DSC). For filing requirements, consult 12 CFR 363.244. In the event that the consent of the institution’s primary federal regulator is required in addition to that of the FDIC, the requesting party shall submit a copy of its letter to the FDIC to the institution’s primary federal regulator. In the case of national banks, such written requests shall be submitted to the OCC. In the case of state member banks and bank holding companies, such written requests shall be submitted to the Federal Reserve district bank where the institution or holding company, respectively, is located. In the case of savings associations and savings association holding companies, such written requests shall be submitted to the OTS regional office where the institution or holding company, respectively, is located. In cases where only the prior consent of the institution’s primary federal regulator is required and that agency is not the FDIC, a written request satisfying the requirements of this section shall be submitted to the primary federal regulator as described in this section.

[63 FR 44751, Aug. 20, 1998]

§ 359.7  Applicability in the event of receivership.

The provisions of this part, or any consent or approval granted under the provisions of this part by the FDIC (in its corporate capacity), shall not in any way bind any receiver of a failed insured depository institution. Any consent or approval granted under the provisions of this part by the FDIC or any other federal banking agency shall not in any way obligate any such agency or receiver to pay any claim or obligation pursuant to any golden parachute, severance, indemnification or other agreement. Claims for employee welfare benefits or other benefits which are contingent, even if otherwise vested, when the FDIC is appointed as receiver for any depository institution, including any contingency for termination of employment, are not provable claims or actual, direct compensatory damage claims against such receiver. Nothing in this part may be construed to permit the payment of salary or any liability or legal expense of any IAP contrary to 12 U.S.C. 1828(k)(3).

PART 360—RESOLUTION AND RECEIVERSHIP RULES

Sec.
360.1  Least-cost resolution.
360.2  Federal Home Loan banks as secured creditors.

APPENDIX F TO PART 360—Customer File Structure
APPENDIX G TO PART 360—Deposit-Customer Join File Structure
APPENDIX H TO PART 360—Possible File Combinations for Deposit Data

§ 360.1  Least-cost resolution.

(a) General rule. Except as provided in section 13(c)(4)(G) of the FDI Act (12 U.S.C. 1823 (c)(4)(G)), the FDIC shall not take any action, directly or indirectly, under sections 13(c), 13(d), 13(f), 13(h) or 13(k) of the FDI Act (12 U.S.C. 1823 (c), (d), (f), (h) or (k)) with respect to any insured depository institution
that would have the effect of increasing losses to any insurance fund by protecting:

(1) Depositors for more than the insured portion of their deposits (determined without regard to whether such institution is liquidated); or

(2) Creditors other than depositors.

(b) Purchase and assumption transactions. Subject to the requirement of section 13(c)(4)(A) of the FDI Act (12 U.S.C. 1823(c)(4)(A)), paragraph (a) of this section shall not be construed as prohibiting the FDIC from allowing any person who acquires any assets or assumes any liabilities of any insured depository institution, for which the FDIC has been appointed conservator or receiver, to acquire uninsured deposit liabilities of such institution as long as the applicable insurance fund does not incur any loss with respect to such uninsured deposit liabilities in an amount greater than the loss which would have been incurred with respect to such liabilities if the institution had been liquidated.

§ 360.2 Federal Home Loan banks as secured creditors.

(a) Notwithstanding any other provisions of federal or state law or any other provisions of these regulations, the receiver of a borrower from a Federal Home Loan Bank shall recognize the priority of any security interest granted to a Federal Home Loan Bank by any member of any Federal Home Loan Bank or any affiliate of any such member, whether such security interest is in specifically designated assets or a blanket interest in all assets or categories of assets, over the claims and rights of any other party (including any receiver, conservator, trustee or similar party having rights of a lien creditor) other than claims and rights that

(1) Would be entitled to priority under otherwise applicable law; and

(2) Are held by actual bona fide purchasers for value or by actual secured parties that are secured by actual perfected security interests.

(b) If the receiver rather than the Bank shall have possession of any collateral consisting of notes, securities, other instruments, chattel paper or cash securing advances of the Bank, the receiver shall, upon request by the Bank, promptly deliver possession of such collateral to the Bank or its designee.

(c) In the event that a receiver is appointed for any member of a Federal Home Loan Bank, the following procedures shall apply:

(1) The receiver and the Bank shall immediately seek and develop a mutually agreeable plan for the payment of any advances made by the Bank to such borrower or for the servicing, foreclosure upon and liquidation of the collateral securing any such advances, taking into account the nature and amount of such collateral, the markets in which such collateral is normally traded or sold and other relevant factors.

(2) In the event that the receiver and the Bank shall not, in good faith, be able to develop such a mutually agreeable plan, or, in the interim, the Bank in good faith reasonably concludes that the value of such collateral is decreasing, because of interest rate or other market changes, at such a rate that to delay liquidation or other exercise of the Bank’s rights as a secured party for the development of a mutually agreeable plan could reasonably cause the value of such collateral to decrease to an amount that is insufficient to satisfy the Bank’s claim in full, the Bank may, at any time thereafter if permitted to do so by the terms of the advances or other security agreement with such borrower or otherwise by applicable law, proceed to foreclose upon, sell, lease or otherwise dispose of such collateral (or any portion thereof), or otherwise exercise its rights as a secured party, provided that the Bank acts in good faith and in a commercially reasonable manner and otherwise in accordance with applicable law.

(3) The foregoing provisions of this paragraph (c) shall not apply in the event that a purchase and assumption transaction is entered into regarding any such member.

(d) The Bank’s rights pursuant to the second sentence of section 10(d) of the Federal Home Loan Bank Act shall not
§ 360.3  

be affected or diminished by any provisions of state law that may be applicable to a security interest in property of the member.

(e) The receiver for a borrower from a Federal Home Loan Bank shall allow a claim for a prepayment fee by the Bank if, and only if:

(1) The claim is made pursuant to a written contract that provides for a prepayment fee, provided, however, that such prepayment fee allowed by the receiver shall not exceed the present value of the loss attributable to the difference between the contract rate of the secured borrowing and the reinvestment rate then available to the Bank; and

(2) The indebtedness owed to the Bank by such borrower is secured by sufficient collateral in which a perfected security interest in favor of the Bank exists or as to which the Bank’s security interest is entitled to priority under section 306(d) of the Competitive Equality Banking Act of 1987 (CEBA) (12 U.S.C. 1430(e), footnote (1), otherwise so that the aggregate of the outstanding principal on the advances secured by such collateral, the accrued but unpaid interest thereon and the prepayment fee applicable to such advances can be paid in full from the amounts realized from such collateral. For purposes of this paragraph (e)(2), the adequacy of such collateral shall be determined as of the date such prepayment fees shall be due and payable under the terms of the written contract providing therefor.

§ 360.3 Priorities.

(a) Unsecured claims against an association or the receiver that are proved to the satisfaction of the receiver shall have priority in the following order:

(1) Administrative expenses of the receiver, including the costs, expenses, and debts of the receiver;

(2) Administrative expenses of the association, provided that such expenses were incurred within thirty (30) days prior to the receiver’s taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees which were authorized and reimbursable under a pre-existing expense reimbursement policy, that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the association;

(3) Claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefit plans, earned prior to the appointment of the receiver by an employee of the association whom the receiver determines it is in the best interests of the receivership to engage or retain for a reasonable period of time;

(4) If authorized by the receiver, claims for wages and salaries, including vacation and sick leave pay and contributions to employee benefit plans, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars ($3,000) per person, by an employee of the association not engaged or retained pursuant to a determination by the receiver pursuant to the third category above;

(5) Claims of governmental units for unpaid taxes, other than Federal income taxes, except to the extent subordinated pursuant to applicable law; but no other claim of a governmental unit shall have a priority higher than that of a general creditor under paragraph (a)(6) of this section;

(6) Claims for withdrawable accounts, including those of the Corporation as subrogee or transferee, and all other claims which have accrued and become unconditionally fixed on or before the date of default, whether liquidated or unliquidated, except as provided in paragraphs (a)(1) through (a)(5) of this section, provided, however, that if the association is chartered and was operated under the laws of a state that provided a priority for holders of withdrawable accounts over such other claims or general creditors, such priority within this paragraph (a)(6) shall be observed by the receiver; and provided further, that if deposits of a Federal association are booked or registered at an office of such association...
§ 360.5 Definition of qualified financial contracts.

(a) Authority and purpose. Sections 11(e) (8) through (10) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e) (8) through (10), provide special rules for the treatment of qualified financial contracts of an insured depository institution for which the FDIC is appointed conservator or receiver, including rules describing the manner in

that is located in a State that provides such priority with respect to State-chartered associations, such deposits in a Federal association shall have priority over such other claims or general creditors, which shall be observed by the receiver:

(7) Claims other than those that have accrued and become unconditionally fixed on or before the date of default, including claims for interest after the date of default on claims under paragraph (a)(6) of this section, Provided that any claim based on an agreement for accelerated, stipulated, or liquidated damages, which claim did not accrue prior to the date of default, shall be considered as not having accrued and become unconditionally fixed on or before the date of default;

(8) Claims of the United States for unpaid Federal income taxes;

(9) Claims that have been subordinated in whole or in part to general creditor claims, which shall be given the priority specified in the written instruments that evidence such claims; and

(10) Claims by holders of nonwithdrawable accounts, including stock, which shall have priority within this paragraph (a)(10) in accordance with the terms of the written instruments that evidence such claims.

(b) Interest after the date of default on claims under paragraph (a)(6) of this section shall be at a rate or rates adjusted monthly to reflect the average rate for U.S. Treasury bills with maturities of not more than ninety-one (91) days during the preceding three (3) months.

(c) [Reserved]

(d) All unsecured claims of any category or class or priority described in paragraphs (a)(1) through (a)(10) of this section shall be paid in full, or provision made for such payment, before any claims of lesser priority are paid. If there are insufficient funds to pay all claims of a category or class in full, distribution to claimants in such category or class shall be made pro rata. Notwithstanding anything to the contrary herein, the receiver may, at any time, and from time to time, prior to the payment in full of all claims of a category or class with higher priority, make such distributions to claimants in priority classes outlined in paragraphs (a)(1) through (a)(6) of this section as the receiver believes are reasonably necessary to conduct the receivership.

Provided that the receiver determines that adequate funds exist or will be recovered during the receivership to pay in full all claims of any higher priority.

(e) If the association is in mutual form, and a surplus remains after making distribution in full of allowed claims as set forth in paragraphs (a) and (b) of this section, such surplus shall be distributed to the depositors in proportion to their accounts as of the date of default.

(f) Under the provisions of section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), the provisions of this § 360.3 do not apply to any receivership established and liquidation or other resolution occurring after August 10, 1993.

§ 360.4 Administrative expenses.

The priority for administrative expenses of the receiver, as that term is used in section 11(d)(11) of the Act (12 U.S.C. 1821(d)(11)), shall include those necessary expenses incurred by the receiver in liquidating or otherwise resolving the affairs of a failed insured depository institution. Such expenses shall include pre-failure and post-failure obligations that the receiver determines are necessary and appropriate to facilitate the smooth and orderly liquidation or other resolution of the institution.

[60 FR 35488, July 10, 1995]

§ 360.5 Definition of qualified financial contracts.

(a) Authority and purpose. Sections 11(e) (8) through (10) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e) (8) through (10), provide special rules for the treatment of qualified financial contracts of an insured depository institution for which the FDIC is appointed conservator or receiver, including rules describing the manner in
which qualified financial contracts may be transferred or closed out. Section 11(e)(8)(D)(i) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e)(8)(D)(i), grants the Corporation authority to determine by regulation whether any agreement, other than those identified within section 11(e)(8)(D), should be recognized as qualified financial contracts under the statute. The purpose of this section is to identify additional agreements which the Corporation has determined to be qualified financial contracts.

(b) Repurchase agreements. The following agreements shall be deemed “repurchase agreements” under section 11(e)(8)(D)(v) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(v)): A repurchase agreement on qualified foreign government securities is an agreement or combination of agreements (including master agreements) which provides for the transfer of securities that are direct obligations of, or that are fully guaranteed by, the central governments (as set forth at 12 CFR part 325, appendix A, section II.C, n. 17, as may be amended from time to time or 12 CFR 324.2 (definition of sovereign exposure), as applicable) of the OECD-based group of countries (as set forth at 12 CFR part 325, appendix A, section II.B.2., note 12 as generally discussed in 12 CFR 324.32) against the transfer of funds by the transferee of such securities with a simultaneous agreement by such transferee to transfer to the transferor thereof securities as described above, at a date certain not later than one year after such transfers or on demand, against the transfer of funds.

(c) Swap agreements. The following agreements shall be deemed “swap agreements” under section 11(e)(8)(D)(vi) of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1821(e)(8)(D)(vi)): A spot foreign exchange agreement is any agreement providing for or effecting the purchase or sale of one currency in exchange for another currency (or a unit of account established by an intergovernmental organization such as the European Currency Unit) with a maturity date of two days or less after the agreement has been entered into, and includes short-dated transactions such as tomorrow/next day and same day/tomorrow transactions.

(d) Nothing in this section shall be construed as limiting or changing a party’s obligation to comply with all reasonable trading practices and requirements, non-insolvency law requirements and any other requirements imposed by other provisions of the FDI Act. This section in no way limits the authority of the Corporation to take supervisory or enforcement actions, or to otherwise manage the affairs of a financial institution for which the Corporation has been appointed conservator or receiver.

[60 FR 66865, Dec. 27, 1995, as amended at 78 FR 55595, Sept. 10, 2013]

§ 360.6 Treatment of financial assets transferred in connection with a securitization or participation.

(a) Definitions—

(1) Applicable compliance date means, with respect to a securitization, the date on which compliance with Section 15G of the Securities Exchange Act, 15 U.S.C. 78a et seq., added by Section 941(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act is required with respect to that securitization.

(2) Financial asset means cash or a contract or instrument that conveys to one entity a contractual right to receive cash or another financial instrument from another entity.

(3) Investor means a person or entity that owns an obligation issued by an issuing entity.

(4) Issuing entity means an entity that owns a financial asset or financial assets transferred by the sponsor and issues obligations supported by such asset or assets. Issuing entities may include, but are not limited to, corporations, partnerships, trusts, and limited liability companies and are commonly referred to as special purpose vehicles or special purpose entities. To the extent a securitization is structured as a multi-step transfer, the term issuing entity would include both the issuer of the obligations and any intermediate entities that may be a transferee. Notwithstanding the foregoing, a Specified GSE or an entity established or guaranteed by a Specified GSE shall not constitute an issuing entity.
(5) Monetary default means a default in the payment of principal or interest when due following the expiration of any cure period.

(6) Obligation means a debt or equity (or mixed) beneficial interest or security that is primarily serviced by the cash flows of one or more financial assets or financial asset pools, either fixed or revolving, that by their terms convert into cash within a finite time period, or upon the disposition of the underlying financial assets, and by any rights or other assets designed to assure the servicing or timely distributions of proceeds to the security holders issued by an issuing entity. The term may include beneficial interests in a grantor trust, common law trust or similar issuing entity to the extent that such interests satisfy the criteria set forth in the preceding sentence, but does not include LLC interests, partnership interests, common or preferred equity, or similar instruments evidencing ownership of the issuing entity.

(7) Participation means the transfer or assignment of an undivided interest in all or part of a financial asset, that has all of the characteristics of a "participating interest," from a seller, known as the "lead," to a buyer, known as the "participant," without recourse to the lead, pursuant to an agreement between the lead and the participant. "Without recourse" means that the participation is not subject to any agreement that requires the lead to repurchase the participant's interest or to otherwise compensate the participant upon the borrower's default on the underlying obligation.

(8) Securitization means the issuance by an issuing entity of obligations for which the investors are relying on the cash flow or market value characteristics and the credit quality of transferred financial assets (together with any external credit support permitted by this section) to repay the obligations.

(9) Servicer means any entity responsible for the management or collection of some or all of the financial assets on behalf of the issuing entity or making allocations or distributions to holders of the obligations, including reporting on the overall cash flow and credit characteristics of the financial assets supporting the securitization to enable the issuing entity to make payments to investors on the obligations. The term "servicer" does not include a trustee for the issuing entity or the holders of obligations that makes allocations or distributions to holders of the obligations if the trustee receives such allocations or distributions from a servicer and the trustee does not otherwise perform the functions of a servicer.

(10) Specified GSE means each of the following:

(i) The Federal National Mortgage Association and any affiliate thereof;

(ii) Federal Home Loan Mortgage Corporation and any affiliate thereof;

(iii) The Government National Mortgage Association; and

(iv) Any federal or state sponsored mortgage finance agency.

(11) Sponsor means a person or entity that organizes and initiates a securitization by transferring financial assets, either directly or indirectly, including through an affiliate, to an issuing entity, whether or not such person owns an interest in the issuing entity or owns any of the obligations issued by the issuing entity.

(12) Transfer means:

(i) The conveyance of a financial asset or financial assets to an issuing entity or

(ii) The creation of a security interest in such asset or assets for the benefit of the issuing entity.

(b) Coverage. This section shall apply to securitizations that meet the following criteria:

(1) Capital Structure and Financial Assets. The documents creating the securitization must define the payment structure and capital structure of the transaction.

(i) Requirements applicable to all securitizations:

(A) The securitization shall not consist of re-securitizations of obligations or collateralized debt obligations unless the documents creating the securitization require that disclosures required in paragraph (b)(2) of this section are made available to investors for the underlying assets supporting the securitization at initiation and while obligations are outstanding; and

915
(B) The documents creating the securitization shall require that payment of principal and interest on the securitization obligation must be primarily based on the performance of financial assets that are transferred to the issuing entity and, except for interest rate or currency mismatches between the financial assets and the obligations, shall not be contingent on market or credit events that are independent of such financial assets. The securitization may not be an unfunded securitization or a synthetic transaction.

(ii) Requirements applicable only to securitizations in which the financial assets include any residential mortgage loans:

(A) The capital structure of the securitization shall be limited to no more than six credit tranches and cannot include “sub-tranches,” grantor trusts or other structures. Notwithstanding the foregoing, the most senior credit tranche may include time-based sequential pay or planned amortization and companion sub-tranches; and

(B) The credit quality of the obligations cannot be enhanced at the issuing entity or pool level through external credit support or guarantees. However, the credit quality of the obligations may be enhanced by credit support or guarantees provided by Specified GSEs and the temporary payment of interest following appointment of the FDIC as conservator or receiver. Individual financial assets transferred into a securitization may be guaranteed, insured or otherwise benefit from credit support at the loan level through mortgage and similar insurance or guarantees, including by private companies, agencies or other governmental entities, or government-sponsored enterprises, and/or through co-signers or other guarantees.

(2) Disclosures. The documents shall require that the sponsor, issuing entity, and/or servicer, as appropriate, shall make available to investors, information describing the financial assets, obligations, capital structure, compensation of relevant parties, and relevant historical performance data set forth in paragraph (b)(2) of this section.

(i) Requirements applicable to all securitizations:

(A) The documents shall require that, on or prior to issuance of obligations and at the time of delivery of any periodic distribution report and, in any event, at least once per calendar quarter, while obligations are outstanding, information about the obligations and the securitized financial assets shall be disclosed to all potential investors at the financial asset or pool level, as appropriate for the financial assets, and security-level to enable evaluation and analysis of the credit risk and performance of the obligations and financial assets. The documents shall require that such information and its disclosure, at a minimum, shall comply with the requirements of Securities and Exchange Commission Regulation AB, 17 CFR 229.1100 through 1123 (to the extent then in effect) or any successor disclosure requirements for public issuances, even if the obligations are issued in a private placement or are not otherwise required to be registered. Information that is unknown or not available to the sponsor or the issuer after reasonable investigation may be omitted if the issuer includes a statement in the offering documents disclosing that the specific information is otherwise unavailable;

(B) The documents shall require that, on or prior to issuance of obligations, the structure of the securitization and the credit and payment performance of the obligations shall be disclosed, including the capital or tranche structure, the priority of payments and specific subordination features; representations and warranties made with respect to the financial assets, the remedies for and the time permitted for cure of any breach of representations and warranties, including the repurchase of financial assets, if applicable; liquidity facilities and any credit enhancements permitted by this rule, any waterfall triggers or priority of payment reversal features; and policies governing delinquencies, servicer advances, loss mitigation, and write-offs of financial assets;

(C) The documents shall require that while obligations are outstanding, the
issuing entity shall provide to investors information with respect to the credit performance of the obligations and the financial assets, including periodic and cumulative financial asset performance data, delinquency and modification data for the financial assets, substitutions and removal of financial assets, servicer advances, as well as losses that were allocated to such tranche and remaining balance of financial assets supporting such tranche, if applicable, and the percentage of each tranche in relation to the securitization as a whole; and

(D) In connection with the issuance of obligations, the documents shall require that the nature and amount of compensation paid to the originator, sponsor, rating agency or third-party advisor, any mortgage or other broker, and the servicer(s), and the extent to which any risk of loss on the underlying assets is retained by any of them for such securitization be disclosed. The securitization documents shall require the issuer to provide to investors while obligations are outstanding any changes to such information and the amount and nature of payments of any deferred compensation or similar arrangements to any of the parties.

(ii) Requirements applicable only to securitizations in which the financial assets include any residential mortgage loans:

(A) Prior to issuance of obligations, sponsors shall disclose loan level information about the financial assets including, but not limited to, loan type, loan structure (for example, fixed or adjustable, resets, interest rate caps, balloon payments, etc.), maturity, interest rate and/or Annual Percentage Rate, and location of property; and

(B) Prior to issuance of obligations, sponsors shall affirm compliance in all material respects with applicable statutory and regulatory standards for origination of mortgage loans, including but not limited to, representations and warranties made with respect to the financial assets; and

(C) The documents shall require that prior to issuance of obligations and while obligations are outstanding, servicers shall disclose any ownership interest by the servicer or an affiliate of the servicer in other whole loans secured by the same real property that secures a loan included in the financial asset pool. The ownership of an obligation, as defined in this regulation, shall not constitute an ownership interest requiring disclosure.

(3) Documentation and recordkeeping. The documents creating the securitization must specify the respective contractual rights and responsibilities of all parties and include the requirements described in paragraph (b)(3) of this section and use as appropriate any available standardized documentation for each different asset class.

(i) Requirements applicable to all securitizations. The documents shall define the contractual rights and responsibilities of the parties, including but not limited to representations and warranties and ongoing disclosure requirements, and any measures to avoid conflicts of interest; and provide authority for the parties, including but not limited to the originator, sponsor, servicer, and investors, to fulfill their respective duties and exercise their rights under the contracts and clearly distinguish between any multiple roles performed by any party.

(ii) Requirements applicable only to securitizations in which the financial assets include any residential mortgage loans:

(A) Servicing and other agreements must provide servicers with authority, subject to contractual oversight by any master servicer or oversight advisor, if any, to mitigate losses on financial assets consistent with maximizing the net present value of the financial asset. Servicers shall have the authority to modify assets to address reasonably foreseeable default, and to take other
action to maximize the value and minimize losses on the securitized financial assets. The documents shall require that the servicers apply industry best practices for asset management and servicing. The documents shall require the servicer to act for the benefit of all investors, and not for the benefit of any particular class of investors, that the servicer maintain records of its actions to permit full review by the trustee or other representative of the investors and that the servicer must commence action to mitigate losses no later than ninety (90) days after an asset first becomes delinquent unless all delinquencies have been cured, provided that this requirement shall not be deemed to require that the documents include any provision concerning loss mitigation that requires any action that may conflict with the requirements of Regulation X (12 CFR part 1024), as Regulation X may be amended or modified from time to time.

(B) The servicing agreement shall not require a primary servicer to advance delinquent payments of principal and interest for more than three payment periods, unless financing or reimbursement facilities are available, which may include, but are not limited to, the obligations of the master servicer or issuing entity to fund or reimburse the primary servicer, or alternative reimbursement facilities. Such "financing or reimbursement facilities" under this paragraph shall not be dependent for repayment on foreclosure proceeds.

(4) Compensation. The following requirements apply only to securitizations in which the financial assets include any residential mortgage loans. Compensation to parties involved in the securitization of such financial assets must be structured to provide incentives for sustainable credit and the long-term performance of the financial assets and securitization as follows:

(i) The documents shall require that any fees or other compensation for services payable to credit rating agencies or similar third-party evaluation companies shall be payable, in part, over the five (5) year period after the first issuance of the obligations based on the performance of surveillance services and the performance of the financial assets, with no more than sixty (60) percent of the total estimated compensation due at closing; and

(ii) The documents shall provide that compensation to servicers shall include incentives for servicing, including payment for loan restructuring or other loss mitigation activities, which maximizes the net present value of the financial assets. Such incentives may include payments for specific services, and actual expenses, to maximize the net present value or a structure of incentive fees to maximize the net present value, or any combination of the foregoing that provides such incentives.

(5) Origination and retention requirements—(1) Requirements applicable to all securitizations. (A) Prior to the applicable compliance date for regulations required under Section 15G of the Securities Exchange Act, 15 U.S.C. 78a et seq., added by Section 941(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the documents creating the securitization shall require that the sponsor retain an economic interest in a material portion, defined as not less than five (5) percent, of the credit risk of the financial assets. This retained interest may be either in the form of an interest of not less than five (5) percent in each of the credit tranches sold or transferred to the investors or in a representative sample of the securitized financial assets equal to not less than five (5) percent of the principal amount of the financial assets at transfer. This retained interest may not be sold, pledged or hedged, except for the hedging of interest rate or currency risk, during the term of the securitization.

(B) For any securitization that closes upon or following the applicable compliance date for regulations required under Section 15G of the Securities Exchange Act, 15 U.S.C. 78a et seq., added by Section 941(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the documents creating the securitization shall instead require retention of an economic interest in the credit risk of the financial assets in accordance with such regulations, including the restrictions on sale, pledging and hedging set forth therein.

918
Federal Deposit Insurance Corporation § 360.6

(C) Notwithstanding paragraph (b)(5)(i)(A) of this section, for any securitization that closes following November 24, 2015 and prior to the applicable compliance date for regulations required under Section 15G of the Securities Exchange Act, 15 U.S.C. 78a et seq., added by Section 941(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, at the option of the sponsor, the requirements of paragraph (b)(5)(i)(B) of this section may be satisfied if (in lieu of the requirement set forth in paragraph (b)(5)(i)(A) of this section) the documents creating the securitization require retention of an economic interest in the credit risk of the financial assets in accordance with the requirements of the Section 15G regulations as though such regulations were then in effect.

(ii) Requirements applicable only to securitizations in which the financial assets include any residential mortgage loans:

(A) The documents shall require the establishment of a reserve fund equal to at least five (5) percent of the cash proceeds of the securitization payable to the sponsor to cover the repurchase of any financial assets required for breach of representations and warranties. The balance of such fund, if any, shall be released to the sponsor one year after the date of issuance.

(B) The documents shall include a representation that the assets shall have been originated in all material respects in compliance with statutory, regulatory, and originator underwriting standards in effect at the time of origination. The documents shall include a representation that the mortgages included in the securitization were underwritten at the fully indexed rate, based upon the borrowers’ ability to repay the mortgage according to its terms, and rely on documented income and comply with all existing supervisory guidance governing the underwriting of residential mortgages, including the Interagency Guidance on Non-Traditional Mortgage Products, October 5, 2006, and the Interagency Statement on Subprime Mortgage Lending, July 10, 2007, and such other or additional regulations or guidance applicable to insured depository institutions at the time of loan origination.

Residential mortgages originated prior to the issuance of such guidance shall meet all supervisory guidance governing the underwriting of residential mortgages then in effect at the time of loan origination.

(c) Other requirements.

(1) The transaction should be an arms length, bona fide securitization transaction. The documents shall require that the obligations issued in a securitization shall not be predominantly sold to an affiliate (other than a wholly-owned subsidiary consolidated for accounting and capital purposes with the sponsor) or insider of the sponsor;

(2) The securitization agreements are in writing, approved by the board of directors of the bank or its loan committee (as reflected in the minutes of a meeting of the board of directors or committee), and have been, continuously, from the time of execution in the official record of the bank;

(3) The securitization was entered into in the ordinary course of business, not in contemplation of insolvency and with no intent to hinder, delay or defraud the bank or its creditors;

(4) The transfer was made for adequate consideration;

(5) The transfer and/or security interest was properly perfected under the UCC or applicable state law;

(6) The transfer and duties of the sponsor as transferor must be evidenced in a separate agreement from its duties, if any, as servicer, custodian, paying agent, credit support provider or in any capacity other than the transferor; and

(7) The documents shall require that the sponsor separately identify in its financial asset data bases the financial assets transferred into any securitization and maintain an electronic or paper copy of the closing documents for each securitization and issuing entity. The documents shall provide that to the extent serving as servicer, custodian or paying agent for the securitization, the
§ 360.6

12 CFR Ch. III (1–1–17 Edition)

sponsor shall not comingle amounts received with respect to the financial assets with its own assets except for the time, not to exceed two business days, necessary to clear any payments received. The documents shall require that the sponsor shall make these records readily available for review by the FDIC promptly upon written request.

(d) Safe harbor—(1) Participations. With respect to transfers of financial assets made in connection with participations, the FDIC as conservator or receiver shall not, in the exercise of its statutory authority to disaffirm or repudiate contracts, reclaim, recover, or recharacterize as property of the institution or the receivership any such transferred financial assets, provided that such transfer satisfies the conditions for sale accounting treatment under generally accepted accounting principles, except for the “legal isolation” condition that is addressed by this section. The foregoing paragraph shall apply to a last-in, first-out participation, provided that the transfer of a portion of the financial asset satisfies the conditions for sale accounting treatment under generally accepted accounting principles that would have applied to such portion if it had met the definition of a “participating interest,” except for the “legal isolation” condition that is addressed by this section.

(2) Transition period safe harbor. With respect to:

(i) Any participation or securitization for which transfers of financial assets were made on or before December 31, 2010 or

(ii) Any obligations of revolving trusts or master trusts, for which one or more obligations were issued as of the date of adoption of this rule, or

(iii) Any obligations issued under open commitments up to the maximum amount of such commitments as of the date of adoption of this rule if one or more obligations were issued under such commitments on or before December 31, 2010, the FDIC as conservator or receiver shall not, in the exercise of its statutory authority to disaffirm or repudiate contracts, reclaim, recover, or recharacterize as property of the institution or the receivership the transferred financial assets notwithstanding that the transfer of such financial assets does not satisfy all conditions for sale accounting treatment under generally accepted accounting principles as effective for reporting periods after November 15, 2009, provided that such transfer satisfied the conditions for sale accounting treatment under generally accepted accounting principles in effect for reporting periods before November 15, 2009, except for the “legal isolation” condition that is addressed by this paragraph and the transaction otherwise satisfied the provisions of § 360.6 in effect prior to the effective date of this regulation.

(3) For securitizations meeting sale accounting requirements. With respect to any securitization for which transfers of financial assets were made after December 31, 2010, or from a master trust or revolving trust established after adoption of this rule or from any open commitments that do not meet the requirements of paragraph (d)(2) of this section, and which complies with the requirements applicable to that securitization as set forth in paragraphs (b) and (c) of this section, the FDIC as conservator or receiver shall not, in the exercise of its statutory authority to disaffirm or repudiate contracts, reclaim, recover, or recharacterize as property of the institution or the receivership such transferred financial assets, provided that such transfer satisfies the conditions for sale accounting treatment under generally accepted accounting principles in effect for reporting periods after November 15, 2009, except for the “legal isolation” condition that is addressed by this paragraph (d)(3).

(4) For securitization not meeting sale accounting requirements. With respect to any securitization for which transfers of financial assets were made after December 31, 2010, or from a master trust or revolving trust established after adoption of this rule or from any open commitments that do not meet the requirements of paragraph (d)(2) or (d)(3) of this section, and which complies with the requirements applicable to that securitization as set forth in paragraphs (b) and (c) of this section, but where the transfer does not satisfy the
conditions for sale accounting treatment set forth by generally accepted accounting principles in effect for reporting periods after November 15, 2009:

(i) Monetary default. If at any time after appointment, the FDIC as conservator or receiver is in a monetary default under a securitization due to its failure to pay or apply collections from the financial assets received by it in accordance with the securitization documents, whether as servicer or otherwise, and remains in monetary default for ten (10) business days after actual delivery of a written notice to the FDIC pursuant to paragraph (f) of this section requesting the exercise of contractual rights because of such monetary default, the FDIC hereby consents pursuant to 12 U.S.C. 1821(e)(13)(C) and 12 U.S.C. 1825(b)(2) to the exercise of any contractual rights in accordance with the documents governing such securitization, including but not limited to taking possession of the financial assets and exercising self-help remedies as a secured creditor under the transfer agreements, provided no involvement of the receiver or conservator is required other than such consents, waivers, or execution of transfer documents as may be reasonably requested in the ordinary course of business in order to facilitate the exercise of such contractual rights. For purposes of this paragraph, the damages due shall be in an amount equal to the par value of the obligations outstanding on the date of appointment of the conservator or receiver, less any payments of principal received by the investors through the date of repudiation, plus unpaid, accrued interest through the date of repudiation in accordance with the contract documents to the extent actually received through payments on the financial assets received through the date of repudiation. Upon payment of such repudiation damages, all liens or claims on the financial assets created pursuant to the securitization documents shall be released. Such consent shall not waive or otherwise deprive the FDIC or its assignees of any seller's interest or other obligation or interest issued by the issuing entity and held by the FDIC or its assignees, but shall serve as full satisfaction of the obligations of the insured depository institution in conservatorship or receivership and the FDIC as conservator or receiver for all amounts due.

(ii) Repudiation. If the FDIC as conservator or receiver provides a written notice of repudiation of the securitization agreement pursuant to which the financial assets were transferred, and the FDIC does not pay damages, defined in this paragraph, within ten (10) business days following the effective date of the notice, the FDIC hereby consents pursuant to 12 U.S.C. 1821(e)(13)(C) and 12 U.S.C. 1825(b)(2) to the exercise of any contractual rights in accordance with the documents governing such securitization, including but not limited to taking possession of the financial assets and exercising self-help remedies as a secured creditor under the transfer agreements, provided no involvement of the receiver or conservator is required other than such consents, waivers, or execution of transfer documents as may be reasonably requested in the ordinary course of business in order to facilitate the exercise of such contractual rights. For purposes of this paragraph, the damages due shall be in an amount equal to the par value of the obligations outstanding on the date of appointment of the conservator or receiver, less any payments of principal received by the investors through the date of repudiation, plus unpaid, accrued interest through the date of repudiation in accordance with the contract documents to the extent actually received through payments on the financial assets received through the date of repudiation. Upon payment of such repudiation damages, all liens or claims on the financial assets created pursuant to the securitization documents shall be released. Such consent shall not waive or otherwise deprive the FDIC or its assignees of any seller's interest or other obligation or interest issued by the issuing entity and held by the FDIC or its assignees, but shall serve as full satisfaction of the obligations of the insured depository institution in conservatorship or receivership and the FDIC as conservator or receiver for all amounts due.

(e) Consent to certain actions. Prior to repudiation or, in the case of a monetary default referred to in paragraph (d)(4)(i) of this section, prior to the effectiveness of the consent referred to therein, the FDIC as conservator or receiver consents pursuant to 12 U.S.C. 1821(e)(13)(C) to the making of, or if serving as servicer, shall make, the
§ 360.7 Post-insolvency interest.

(a) Purpose and scope. This section establishes rules governing the calculation and distribution of post-insolvency interest to creditors with proven claims in all FDIC-administered receiverships established after June 13, 2002.

(b) Definitions—(1) Equityholder. The owner of an equity interest in a failed depository institution, whether such ownership is represented by stock, membership in a mutual association, or otherwise.

(2) Post-insolvency interest. Interest calculated from the date the receivership is established on proven creditor claims in receiverships with surplus funds.
§ 360.8 Method for determining deposit and other liability account balances at a failed insured depository institution.

(a) Purpose. The purpose of this section is to describe the process the FDIC will use to determine deposit and other liability account balances for insurance coverage and receivership purposes at a failed insured depository institution.

(b) Definitions—(1) The FDIC Cutoff Point means the point in time the FDIC establishes after it has been appointed receiver of a failed insured depository institution and takes control of the failed institution.

(2) The Applicable Cutoff Time for a specific type of deposit account transaction means the earlier of either the failed institution’s normal cutoff time for that specific type of transaction or the FDIC Cutoff Point.

(3) Close-of-Business Account Balance means the closing end-of-day ledger balance of a deposit or other liability account on the day of failure of an insured depository institution determined by using the Applicable Cutoff Times. This balance may be adjusted to reflect steps taken by the receiver to ensure that funds are not received by or removed from the institution after the FDIC Cutoff Point.

(4) A sweep account is an account held pursuant to a contract between an insured depository institution and its customer involving the pre-arranged, automated transfer of funds from a deposit account to either another account or investment vehicle located within the depository institution (internal sweep account), or an investment vehicle located outside the depository institution (external sweep account).

(c) Principles—(1) In making deposit insurance determinations and in determining the value and nature of claims against the receivership on the institution’s date of failure, the FDIC, as insuror and receiver, will treat deposits and other liabilities of the failed institution according to the ownership and nature of the underlying obligations based on end-of-day ledger balances for each account using, except as expressly provided otherwise in this section, the

VerDate Sep<11>2014 10:20 Mar 27, 2017 Jkt 241039 PO 00000 Frm 00933 Fmt 8010 Sfmt 8010 Y:\SGML\241039.XXX 241039jstallworth on DSK7TPTVN1PROD with CFR
depository institution’s normal posting procedures.

(2) In its role as receiver of a failed insured depository institution, in order to ensure the proper distribution of the failed institution’s assets under the FDI Act (12 U.S.C. 1821(d)(11)) as of the FDIC Cutoff Point, the FDIC will use its best efforts to take all steps necessary to stop the generation, via transactions or transfers coming from or going outside the institution, of new liabilities or extinguishing existing liabilities for the depository institution.

(3) End-of-day ledger balances are subject to corrections for posted transactions that are inconsistent with the above principles.

(d) Determining closing day balances—

(1) In determining account balances for insurance coverage and receivership purposes at a failed insured depository institution, the FDIC will use Close-of-Business Account Balances.

(2) A check posted to the Close-of-Business Account Balance but not collected by the depository institution will be included as part of the balance, subject to the correction of errors and omissions and adjustments for uncollectible items that the FDIC may make in its role as receiver of the failed depository institution.

(3) In determining Close-of-Business Account Balances involving sweep accounts:

(i) For internal sweep accounts, the FDIC will determine the ownership of the funds and the nature of the receivership claim based on the records established and maintained by the institution for that specific account or investment vehicle as of the closing day end-of-day ledger balance. (For example, if a sweep account entails the daily transfer of funds from a demand deposit account to a Eurodollar account at a foreign branch of the insured depository institution, if the institution should fail on that day, the FDIC would treat the funds swept to the Eurodollar account, as reflected on the institution’s end-of-day records, as an unsecured general creditor’s claim against the receivership.);

(ii) For external sweep accounts, the FDIC will treat swept funds consistent with their status in the end-of-day ledger balances of the depository institution and the external entity, as long as the transfer of funds is completed prior to the Applicable Cutoff Time. (For example, if funds held in connection with a money market sweep account are wired from a customer’s deposit account to the insured depository institution to the mutual fund prior to the Applicable Cutoff Time, if the institution should fail on that day, the FDIC would recognize that sweep transaction as completed for claims and receivership purposes.);

(iii) For repurchase agreement sweep accounts, where, as a result of the sweep transaction, the customer becomes either the legal owner of identified assets subject to repurchase or obtains a perfected security interest in those assets, the FDIC will recognize, for receivership purposes, the customer’s ownership interest or security interest in the assets.

(4) For deposit insurance and receivership purposes in connection with the failure of an insured depository institution, the FDIC will determine the rights of the depositor or other liability holder as of the point the Close-of-Business Account Balance is calculated.

(e) Disclosure requirements. Beginning July 1, 2009, in all new sweep account contracts, in renewals of existing sweep account contracts and within sixty days after July 1, 2009, and no less than annually thereafter, institutions must prominently disclose in writing to sweep account customers whether their swept funds are deposits within the meaning of 12 U.S.C. 1813(l). If the funds are not deposits, the institution must further disclose the status such funds would have if the institution failed—for example, general creditor status or secured creditor status. Such disclosures must be consistent with how the institution reports such funds on its quarterly Consolidated Reports of Condition and Income or Thrift Financial Reports. The disclosure requirements imposed under this provision do not apply to sweep accounts where: The transfers are within a single account, or a sub-account; or the sweep account involves only deposit-to-deposit sweeps, such as zero-balance accounts, unless the sweep results in a...
§ 360.9 Large-bank deposit insurance determination modernization.

(a) Purpose and scope. This section is intended to allow the deposit and other operations of a large insured depository institution (defined as a “Covered Institution”) to continue functioning on the day following failure. It also is intended to permit the FDIC to fulfill its legal mandates regarding the resolution of failed insured institutions to provide liquidity to depositors promptly, enhance market discipline, ensure equitable treatment of depositors at different institutions and reduce the FDIC’s costs by preserving the franchise value of a failed institution.

(b) Definitions.

(1) A covered Institution means an insured depository institution which, based on items as defined in Reports of Income and Condition or Thrift Financial Reports filed with the applicable federal regulator, has at least $2 billion in deposits and at least either:

(i) 250,000 deposit accounts; or

(ii) $20 billion in total assets, regardless of the number of deposit accounts.

(2) Deposits, number of deposit accounts and total assets are as defined in the instructions for the filing of Reports of Income and Condition or Thrift Financial Reports, as applicable to the insured depository institution for determining whether it qualifies as a covered institution. A foreign deposit means an uninsured deposit liability maintained in a foreign branch of an insured depository institution. An international banking facility deposit is as defined by the Board of Governors of the Federal Reserve System in Regulation D (12 CFR § 204.8(a)(2)). A demand deposit account, NOW account, money market deposit account, savings deposit account and time deposit account are as defined in the instructions for the filing of reports of Income and Condition and Thrift Financial Reports.

(3) Sweep account arrangements consist of a deposit account linked to an interest-bearing investment vehicle whereby funds are swept to and from the deposit account according to prearranged rules, usually on a daily basis, where the sweep investment vehicle is not a deposit and is reflected on the books and records of the Covered Institution.

(4) Automated credit account arrangements consist of a deposit account into which funds are automatically credited from an interest-bearing investment vehicle where the funds in the interest-bearing investment vehicle were not invested by prearranged rules.

(5) Non-covered institution means an insured depository institution that does not meet the definition of a covered institution.

(6) Provisional hold means an effective restriction on access to some or all of a deposit or other liability account after the failure of an insured depository institution.

(c) Posting and removing provisional holds. (1) A covered institution shall have in place an automated process for implementing a provisional hold on deposit accounts, foreign deposit accounts and sweep and automated credit account arrangements immediately following the determination of the close-of-business account balances, as defined in § 360.8(b)(3), at the failed covered institution.

(2) The system requirements under paragraph (c)(1) must have the capability of placing the provisional holds prescribed under that provision no later than 9 a.m. local time the day following the FDIC cutoff point, as defined in § 360.8(b)(1).

(3) Pursuant to instructions to be provided by the FDIC, a covered institution must notify the FDIC of the person(s) responsible for producing the standard data download and administering provisional holds, both while the functionality is being constructed and on an ongoing basis.

(4) For deposit accounts held in domestic offices of an insured depository institution, the provisional hold algorithm must be designed to exempt accounts below a specific account balance threshold, as determined by the FDIC. The account balance threshold could be any amount, including zero. For accounts above the account balance threshold determined by the FDIC, the algorithm must be designed to calculate and place a hold equal to the dollar amount of funds in excess of

VerDate Sep<11>2014 10:20 Mar 27, 2017 Jkt 241039 PO 00000 Frm 00935 Fmt 8010 Sfmt 8010 Y:\SGML\241039.XXX 241039jstallworth on DSK7TPTVN1PROD with CFR
§ 360.9

the account balance threshold multiplied by the provisional hold percentage determined by the FDIC. The provisional hold percentage could be any amount, from zero to one hundred percent. The account balance threshold as well as the provisional hold percentage could vary for the following four categories, as the covered institution customarily defines consumer accounts:

(i) Consumer demand deposit, NOW and money market deposit accounts;
(ii) Other consumer deposit accounts (time deposit and savings accounts, excluding NOW and money market deposit accounts);
(iii) Non-consumer demand deposit, NOW and money market deposit accounts; and
(iv) Other non-consumer deposit accounts (time deposit and savings accounts, excluding NOW and money market deposit accounts).

(5) For deposit accounts held in foreign offices of an insured depository institution, other than those connected to a sweep or automated credit arrangement, the provisional hold algorithm will apply a provisional hold percentage to the entire account balance. For deposit accounts held in foreign offices the provisional hold percentage may differ from that applied to deposit accounts. Also, the provisional hold percentage would not vary by account category (i.e., consumer versus non-consumer and transaction versus non-transaction) as is the case with deposit accounts.

(6) For international banking facility deposits, other than those connected to a sweep or automated credit arrangements, the provisional hold algorithm will apply a provisional hold percentage to the entire account balance. For IBF deposits the provisional hold percentage may differ from that applied to deposit or foreign deposit accounts. Also, the provisional hold percentage would not vary by account category (i.e., consumer versus non-consumer and transaction versus non-transaction) as is the case with deposit accounts.

(7) For the interest-bearing investment vehicle of a sweep arrangement, the provisional hold algorithm must be designed with the capability to place a provisional hold on the interest-bearing investment vehicle with possibly a different account balance threshold and a different hold percentage according to the type of interest-bearing investment vehicle.

(8) For the interest-bearing investment vehicle of an automated credit account arrangement, the provisional hold algorithm must be designed with the capability to place a provisional hold on the interest-bearing investment vehicle with possibly a different account balance threshold and a different hold percentage according to the type of interest-bearing investment vehicle.

(9) For the interest-bearing investment vehicle of a sweep arrangement, the provisional hold algorithm must be designed with the capability to place a provisional hold on the interest-bearing investment vehicle with possibly a different account balance threshold and a different hold percentage according to the type of interest-bearing investment vehicle.

(10) The automated process for provisional holds required by paragraph (c)(1) of this section must include the capability of removing provisional holds in batch mode and, during the same processing cycle, applying debits, credits or additional holds on the deposit or other accounts from which the provisional holds were removed, as determined by the FDIC. The FDIC will provide files listing the accounts subject to: removal of provisional holds or additional holds (file format as specified in appendix A); application of debits or credits (file format as specified in appendix B); and application of additional holds (file format as specified in appendix A). In addition to the batch process used to remove provisional holds, the Covered Institution is required to have in place a mechanism for manual removal of provisional holds on a case-by-case basis.
Federal Deposit Insurance Corporation § 360.9

(d) Providing a standard data format for generating deposit account and customer data. (1) A covered institution must have in place practices and procedures for providing the FDIC in a standard format upon the close of any day’s business with required depositor and customer data for all deposit accounts held in domestic and foreign offices and interest-bearing investment accounts connected with sweep and automated credit arrangements. Such standard data files are to be created through a mapping of pre-existing data elements and internal institution codes into standard data formats. Deposit account and customer data provided must be current as of the close of business for that day.

(2) The requirements of paragraph (d)(1) of this section shall be provided in five separate files, as indicated in the appendices C through G to this part 360.

(3) Upon request by the FDIC, a covered institution must submit the data required by paragraph (d)(1) of this section to the FDIC, in a manner prescribed by the FDIC.

(4) In providing the data required under paragraph (d)(1) of this section to the FDIC, the Covered Institution must be able to reconcile the total deposit balances and the number of deposit accounts to the institution’s subsidiary system control totals.

(e) Implementation requirements. (1) A covered institution must comply with the requirements of this section no later than February 18, 2010.

(2) An insured depository institution not within the definition of a covered institution on the effective date of this section must comply with the requirements of this section no later than eighteen months following the effective date of the merger. This provision, however, does not supplant any preexisting implementation date requirement, in place prior to the date of the merger, for the individual covered institution(s) involved in the merger.

(5) Upon the merger of one or more covered institutions with one or more non-covered institutions, the merged institution(s) must comply with the requirements of this section within eighteen months following the effective date of the merger. This provision, however, does not supplant any preexisting implementation date requirement for the individual covered institution(s) involved in the merger.

(6) Notwithstanding the general requirements of this paragraph (e), on a case-by-case basis, the FDIC may accelerate, upon notice, the implementation timeframe of all or part of the requirements of this section for a covered institution that: Has a composite rating of 3, 4, or 5 under the Uniform Financial Institution’s Rating System, or in the case of an insured branch of a foreign bank, an equivalent rating; is undercapitalized, as defined under the prompt corrective action provisions of 12 CFR part 325 or 12 CFR part 324, as applicable; or is determined by the appropriate Federal banking agency or the FDIC in consultation with the appropriate Federal banking agency to be experiencing a significant deterioration of capital or significant funding difficulties or liquidity stress, notwithstanding the composite rating of the institution by its appropriate Federal banking agency in its most recent report of examination. In implementing this paragraph (e)(6), the FDIC must consult with the covered institution’s primary federal regulator and consider the: Complexity of the institution’s deposit systems and operations, extent of the institution’s asset quality difficulties, volatility of the institution’s funding sources, expected near-term changes in the institution’s capital levels, and other relevant factors appropriate for the FDIC to consider in its roles as insurer and possible receiver of the institution.
(7) Notwithstanding the general requirements of this paragraph (e), a covered institution may request, by letter, that the FDIC extend the deadline for complying with the requirements of this section. A request for such an extension is subject to the FDIC’s rules of general applicability under 12 CFR 303.251.

(f) A covered institution may apply to the FDIC for an exemption from the requirements of this §360.9 if it has a high concentration of deposits incidental to credit card operations. The FDIC will consider such applications on a case-by-case basis in light of the objectives of this section.

(g) Requests for exemptions from the requirements of this section, for flexibility in the use of provisional holds or for extensions of the implementation requirements of this section and the submission of point-of-contact information should be submitted in writing to: Office of the Director, Division of Resolutions and Receiverships, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429–0002.

(h) Testing requirements. Covered institutions must provide appropriate assistance to the FDIC in its testing of the systems required by this section. The FDIC will provide testing details to covered institutions through the issuance of subsequent procedures and/or guidelines.

§360.10 Resolution plans required for insured depository institutions with $50 billion or more in total assets.

(a) Scope and purpose. This section requires each insured depository institution with $50 billion or more in total assets to submit periodically to the FDIC a plan for the resolution of such institution in the event of its failure. This section also establishes the rules and requirements regarding the submission and content of a resolution plan as well as procedures for review by the FDIC of a resolution plan. This section requires a covered insured depository institution to submit a resolution plan that should enable the FDIC, as receiver, to resolve the institution under Sections 11 and 13 of the Federal Deposit Insurance Act (“FDI Act”), 12 U.S.C. 1821 and 1823, in a manner that ensures that depositors receive access to their insured deposits within one business day of the institution’s failure (two business days if the failure occurs on a day other than Friday), maximizes the net present value return from the sale or disposition of its assets and minimizes the amount of any loss realized by the creditors in the resolution. This rule is intended to ensure that the FDIC has access to all of the material information it needs to resolve efficiently a covered insured depository institution in the event of its failure.

(b) Definitions—(1) Affiliate has the same meaning given such term in Section 3(w)(6) of the FDI Act, 12 U.S.C. 1813(w)(6).

(2) Company has the same meaning given such term in §362.2(d) of the FDIC’s Regulations, 12 CFR 362.2(d).

(3) Core business lines means those business lines of the covered insured depository institution (“CIDI”), including associated operations, services, functions and support, that, in the view of the CIDI, upon failure would result in a material loss of revenue, profit, or franchise value.

(4) Covered insured depository institution (“CIDI”) means an insured depository institution with $50 billion or more in total assets, as determined based upon the average of the institution’s four most recent Reports of Condition and Income or Thrift Financial Reports, as applicable to the insured depository institution.

(5) Critical services means services and operations of the CIDI, such as servicing, information technology support and operations, human resources and personnel that are necessary to continue the day-to-day operations of the CIDI.

(6) Foreign-based company means any company that is not incorporated or organized under the laws of the United States.

(7) Insured depository institution shall have the meaning given such term in Section 3(c)(2) of the FDI Act, 12 U.S.C. 1813(c)(2).

(8) Material entity means a company that is significant to the activities of a critical service or core business line.
(9) **Parent company** means the company that controls, directly or indirectly, an insured depository institution. In a multi-tiered holding company structure, parent company means the top-tier of the multi-tiered holding company only.

(10) **Parent company affiliate** means any affiliate of the parent company other than the CIDI and subsidiaries of the CIDI.

(11) **Resolution plan** means the plan described in paragraph (c) of this section for resolving the CIDI under Sections 11 and 13 of the FDI Act, 12 U.S.C. 1821 and 1823.

(12) **Subsidiary** has the same meaning given such term in Section 3(w)(4) of the FDI Act, 12 U.S.C. 1813(w)(4).

(13) **Total assets** are defined in the instructions for the filing of Reports of Condition and Income and Thrift Financial Reports, as applicable to the insured depository institution, for determining whether it qualifies as a CIDI.

(14) **United States** means the United States and includes any state of the United States, the District of Columbia, any territory of the United States, Puerto Rico, Guam, American Samoa and the Virgin Islands.

(c) **Resolution Plans to be submitted by CIDI to FDIC**—(1) **General.** (i) **Initial Resolution Plans Required.** Each CIDI shall submit a resolution plan to the FDIC, Attention: Office of Complex Financial Institutions, 550 17th Street NW., Washington, DC 20429, on or before the date set forth below ("Initial Submission Date"): (A) July 1, 2012, with respect to a CIDI whose parent company, as of November 30, 2011, had $250 billion or more in total nonbank assets (or in the case of a parent company that is a foreign-based company, such company’s total U.S. nonbank assets); (B) July 1, 2013, with respect to any CIDI not described in paragraph (c)(1)(i)(A) of this section whose parent company, as of November 30, 2011, had $100 billion or more in total nonbank assets (or, in the case of a parent company that is a foreign-based company, such company’s total U.S. nonbank assets); and (C) December 31, 2013, with respect to any CIDI not described in of this paragraph (c)(1)(i)(A) or (B) of this section.

(ii) **Submission by New CIDIs.** An insured depository institution that becomes a CIDI after April 1, 2012 shall submit its initial resolution plan no later than the next July 1 following the date the insured depository institution becomes a CIDI, provided such date occurs no earlier than 270 days after the date on which the insured depository institution became a CIDI.

(iii) **After filing its initial Resolution Plan pursuant to paragraph (c)(1)(i) or (c)(1)(ii) of this section, each CIDI shall submit a Resolution Plan to the FDIC annually on or before each anniversary date of its Initial Submission Date.

(iv) **Notwithstanding anything to the contrary in this paragraph (c)(1), the FDIC may determine that a CIDI shall file its initial or annual Resolution Plan by a date other than as provided in this paragraph (c). The FDIC shall provide a CIDI with written notice of a determination under this paragraph (c)(1)(iv) no later than 180 days prior to the date on which the FDIC determines to require the CIDI to submit its Resolution Plan.

(v) **Notice of Material Events.** (A) Each CIDI shall file with the FDIC a notice no later than 45 days after any event, occurrence, change in conditions or circumstances or other change that results in, or could reasonably be foreseen to have, a material effect on the resolution plan of the CIDI. Such notice shall describe the event, occurrence or change and explain why the event, occurrence or change may require changes to the resolution plan. The CIDI shall address any event, occurrence or change with respect to which it has provided notice pursuant hereto in the following resolution plan submitted by the CIDI.

(B) A CIDI shall not be required to file a notice under paragraph (c)(1)(v)(A) of this section if the date on which the CIDI would be required to submit a notice under paragraph (c)(1)(v)(A) would be within 90 days prior to the date on which the CIDI is required to file an annual Resolution Plan under paragraph (c)(1)(iii) of this section.
(vi) Incorporation of data and other information from a Dodd-Frank Act resolution plan. The CIDI may incorporate data and other information from a resolution plan filed pursuant to Section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, 12 U.S.C. 5365(d), by its parent company.

(2) Content of the Resolution Plan. The resolution plan submitted should enable the FDIC, as receiver, to resolve the CIDI in the event of its insolvency under the FDI Act in a manner that ensures that depositors receive access to their insured deposits within one business day of the institution’s failure (two business days if the failure occurs on a day other than Friday), maximizes the net present value return from the sale or disposition of its assets and minimizes the amount of any loss realized by the creditors in the resolution in accordance with Sections 11 and 13 of the FDI Act, 12 U.S.C. 1821 and 1823. The resolution plan strategies should take into account that failure of the CIDI may occur under the baseline, adverse and severely adverse economic conditions developed by the Board of Governors of the Federal Reserve System pursuant to 12 U.S.C. 5365(i)(1)(B); provided, however, a CIDI may submit its initial plan assuming the baseline conditions only, or, if a baseline scenario is not then available, a reasonable substitute developed by the CIDI. At a minimum, the resolution plan shall:

(i) Executive Summary. Include an executive summary describing the key elements of the CIDI’s strategic plan for resolution under the FDI Act in the event of its insolvency. After the CIDI files its initial plan, each annual resolution plan shall also describe:

(A) Material events, such as acquisitions, sales, litigation and operational changes, since the most recently filed plan that may have a material effect on the plan;

(B) Material changes to the CIDI’s resolution plan from its most recently filed plan; and

(C) Any actions taken by the CIDI since filing of the previous plan to improve the effectiveness of its resolution plan or remediate or otherwise mitigate any material weaknesses or impediments to the effective and timely execution of the resolution plan.

(ii) Organizational Structure: Legal Entities; Core Business Lines and Branches. Provide the CIDI’s, parent company’s, and affiliates’ legal and functional structures and identify core business lines. Provide a mapping of core business lines, including material asset holdings and liabilities related thereto, to material entities. Discuss the CIDI’s overall deposit activities including, among other things, unique aspects of the deposit base or underlying systems that may create operational complexity for the FDIC, result in extraordinary resolution expenses in the event of failure and a description of the branch organization, both domestic and foreign. Identify key personnel tasked with managing core business lines and deposit activities and the CIDI’s branch organization.

(iii) Critical Services. Identify critical services and providers of critical services. Provide a mapping of critical services to material entities and core business lines. Describe the CIDI’s strategy for continuing critical services in the event of the CIDI’s failure. When critical services are provided by the parent company or a parent company affiliate, describe the CIDI’s strategy for continuing critical services in the event of the parent company’s or parent company affiliate’s failure. Assess the ability of each parent company affiliate providing critical services to function on a stand-alone basis in the event of the parent company’s failure.

(iv) Interconnectedness to Parent Company’s Organization; Potential Barriers or Material Obstacles to Orderly Resolution. Identify the elements or aspects of the parent company’s organizational structure, the interconnectedness of its legal entities, the structure of legal or contractual arrangements, or its overall business operations that would, in the event the CIDI were placed in receivership, diminish the CIDI’s franchise value, obstruct its continued business operations or increase the operational complexity to the FDIC of resolution of the CIDI. Identify potential barriers or other material obstacles to an orderly resolution of the
CIDI, inter-connections and inter-dependencies that hinder the timely and effective resolution of the CIDI, and include the remediation steps or mitigating responses necessary to eliminate or minimize such barriers or obstacles.

(v) Strategy to Separate from Parent Company’s Organization. Provide a strategy to unwind or separate the CIDI and its subsidiaries from the organizational structure of its parent company in a cost-effective and timely fashion. Describe remediation or mitigating steps that could be taken to eliminate or mitigate obstacles to such separation.

(vi) Strategy for the Sale or Disposition of Deposit Franchise, Business Lines and Assets. Provide a strategy for the sale or disposition of the deposit franchise, including branches, core business lines and major assets of the CIDI in a manner that ensures that depositors receive access to their insured deposits within one business day of the institution’s failure (two business days if the failure occurs on a day other than Friday), maximizes the net present value return from the sale or disposition of such assets and minimizes the amount of any loss realized in the resolution of cases.

(vii) Least Costly Resolution Method. Describe how the strategies for the separation of the CIDI and its subsidiaries from its parent company’s organization and sale or disposition of deposit franchise, core business lines and major assets can be demonstrated to be the least costly to the Deposit Insurance Fund of all possible methods for resolving the CIDI.

(viii) Asset Valuation and Sales. Provide a detailed description of the processes the CIDI employs for:
   (A) Determining the current market values and marketability of core business lines and material asset holdings;
   (B) Assessing the feasibility of the CIDI’s plans, under baseline, adverse and severely adverse economic condition scenarios for executing any sales, divestitures, restructurings, recapitalizations, or similar actions contemplated in the CIDI’s resolution plan; and
   (C) Assessing the impact of any sales, divestitures, restructurings, recapitalizations, or other similar actions on the value, funding and operations of the CIDI and its core business lines.

(ix) Major Counterparties. Identify the major counterparties of the CIDI and describe the interconnections, inter-dependencies and relationships with such major counterparties. Analyze whether the failure of each major counterparty would likely have an adverse impact on or result in the material financial distress or failure of the CIDI.

(x) Off-balance-sheet Exposures. Describe any material off-balance-sheet exposures (including unfunded commitments, guarantees and contractual obligations) of the CIDI and map those exposures to core business lines.

(xi) Collateral Pledged. Identify and describe processes used by the CIDI to:
   (A) Determine to whom the CIDI has pledged collateral;
   (B) Identify the person or entity that holds such collateral; and
   (C) Identify the jurisdiction in which the collateral is located; and if different, the jurisdiction in which the security interest in the collateral is enforceable against the CIDI.

(xii) Trading, derivatives and hedges. Describe the practices of the CIDI and its core business lines related to the booking of trading and derivative activities. Identify each system on which the CIDI conducts a material number or value amount of trades. Map each trading system to the CIDI’s legal entities and core business lines. Identify material hedges of the CIDI and its core business lines related to trading and derivative activities, including a mapping to legal entity. Describe hedging strategies of the CIDI.

(xiii) Unconsolidated Balance Sheet of CIDI; Material Entity Financial Statements. Provide an unconsolidated balance sheet for the CIDI and a consolidating schedule for all material entities that are subject to consolidation with the CIDI. Provide financial statements for material entities. When available, audited financial statements should be provided.

(xiv) Payment, clearing and settlement systems. Identify each payment, clearing and settlement system of which the
CIDI, directly or indirectly, is a member. Map membership in each such system to the CIDI’s legal entities and core business lines.

(xv) **Capital Structure; Funding Sources.** Provide detailed descriptions of the funding, liquidity and capital needs of, and resources available to, the CIDI and its material entities, which shall be mapped to core business lines and critical services. Describe the material components of the liabilities of the CIDI and its material entities and identify types and amounts of short-term and long-term liabilities by type and term to maturity, secured and unsecured liabilities and subordinated liabilities.

(xvi) **Affiliate Funding, Transactions, Accounts, Exposures and Concentrations.** Describe material affiliate funding relationships, accounts, and exposures, including terms, purpose, and duration, that the CIDI or any of its subsidiaries have with its parent or any parent company affiliate. Include in such description material affiliate financial exposures, claims or liens, lending or borrowing lines and relationships, guaranties, asset accounts, deposits, or derivatives transactions. Clearly identify the nature and extent to which parent company or parent company affiliates serve as a source of funding to the CIDI and its subsidiaries, the terms of any contractual arrangements, including any capital maintenance agreements, the location of related assets, funds or deposits and the mechanisms by which funds can be downstreamed from the parent company to the CIDI and its subsidiaries.

(xvii) **Systemically Important Functions.** Describe systemically important functions that the CIDI, its subsidiaries and affiliates provide, including the nature and extent of the institution’s involvement in payment systems, custodial or clearing operations, large sweep programs, and capital markets operations in which it plays a dominant role. Discuss critical vulnerabilities, estimated exposure and potential losses, and why certain attributes of the businesses detailed in previous sections could pose a systemic risk to the broader economy.

(xviii) **Cross-Border Elements.** Describe material components of the CIDI’s structure that are based or located outside the United States, including foreign branches, subsidiaries and offices. Provide detail on the location and amount of foreign deposits and assets. Discuss the nature and extent of the CIDI’s cross-border assets, operations, interrelationships and exposures and map to legal entities and core business lines.

(xix) **Management Information Systems; Software Licenses; Intellectual Property.** Provide a detailed inventory and description of the key management information systems and applications, including systems and applications for risk management, accounting, and financial and regulatory reporting, used by the CIDI and its subsidiaries. Identify the legal owner or licensor of the systems identified above; describe the use and function of the system or application, and provide a listing of service level agreements and any software and systems licenses or associated intellectual property related thereto. Identify and discuss any disaster recovery or other backup plans. Identify common or shared facilities and systems as well as personnel necessary to operate such facilities and systems. Describe the capabilities of the CIDI’s processes and systems to collect, maintain, and report the information and other data underlying the resolution plan to management of the CIDI and, upon request to the FDIC. Describe any deficiencies, gaps or weaknesses in such capabilities and the actions the CIDI intends to take to promptly address such deficiencies, gaps, or weaknesses, and the time frame for implementing such actions.

(xx) **Corporate Governance.** Include a detailed description of:

(A) How resolution planning is integrated into the corporate governance structure and processes of the CIDI;

(B) The CIDI’s policies, procedures, and internal controls governing preparation and approval of the resolution plan; and

(C) The identity and position of the senior management official of the CIDI who is primarily responsible and accountable for the development, maintenance, implementation, and filing of the resolution plan and for the CIDI’s compliance with this section.
(xxi) Assessment of the Resolution Plan. Describe the nature, extent, and results of any contingency planning or similar exercise conducted by the CIDI since the date of the most recently filed resolution plan to assess the viability of or improve the resolution plan.

(xxii) Any other material factor. Identify and discuss any other material factor that may impede the resolution of the CIDI.

(3) Approval. The CIDI’s board of directors must approve the resolution plan. Such approval shall be noted in the Board minutes.

(4) Review of Resolution Plan.

(i) Each resolution plan submitted shall be credible. A resolution plan is credible if its strategies for resolving the CIDI, and the detailed information required by this section, are well-founded and based on information and data related to the CIDI that are observable or otherwise verifiable and employ reasonable projections from current and historical conditions within the broader financial markets.

(ii) After receiving a resolution plan, the FDIC shall determine whether the submitted plan satisfies the minimum informational requirements of paragraph (c)(2) of this section; and either acknowledge acceptance of the plan for review or return the resolution plan if the FDIC determines that it is incomplete or that substantial additional information is required to facilitate review of the resolution plan.

(iii) If the FDIC determines that a resolution plan is informationally incomplete or that additional information is necessary to facilitate review of the plan, the FDIC shall inform the CIDI in writing of the area(s) in which the plan is informationally incomplete or with respect to which additional information is required.

(iv) The CIDI shall resubmit an informationally complete resolution plan or such additional information as requested to facilitate review of the resolution plan no later than 30 days after receiving the notice described in paragraph (c)(4)(iii) of this section, or such other time period as the FDIC may determine.

(v) Upon acceptance of a resolution plan as informationally complete, the FDIC will review the resolution plan in consultation with the appropriate Federal banking agency for the CIDI and its parent company. If, after consultation with the appropriate Federal banking agency for the CIDI, the FDIC determines that the resolution plan of a CIDI submitted is not credible, the FDIC shall notify the CIDI in writing of such determination. Any notice provided under this paragraph shall identify the aspects of the resolution plan that the FDIC determines to be deficient.

(vi) Within 90 days of receiving a notice of deficiencies issued pursuant to the preceding paragraph, or such shorter or longer period as the FDIC may determine, a CIDI shall submit a revised resolution plan to the FDIC that addresses the deficiencies identified by the FDIC and discusses in detail the revisions made to address such deficiencies.

(vii) Upon its own initiative or a written request by a CIDI, the FDIC may extend any time period under this section. Each extension request shall be in writing and shall describe the basis and justification for the request.

(d) Implementation Matters. (1) In order to allow evaluation of the resolution plan, each CIDI must provide the FDIC such information and access to such personnel of the CIDI as the FDIC determines is necessary to assess the credibility of the resolution plan and the ability of the CIDI to implement the resolution plan. The FDIC will rely to the fullest extent possible on examinations conducted by or on behalf of the appropriate Federal banking agency for the relevant company.

(2) Within a reasonable period of time, as determined by the FDIC, following its Initial Submission Date, the CIDI shall demonstrate its capability to produce promptly, in a time frame and format acceptable to the FDIC, the information and data underlying its resolution plan. The FDIC will consult with the appropriate Federal banking agency for the CIDI before finding that the CIDI’s capability to produce the information and data underlying its resolution plan is unacceptable.

(3) Notwithstanding the general requirements of paragraph (c)(1) of this section, on a case-by-case basis, the
§ 360.11 Records of failed insured depository institutions.

(a) Definitions. For purposes of this section, the following definitions apply—

(1) Failed insured depository institution is an insured depository institution for which the FDIC has been appointed receiver pursuant to 12 U.S.C. 1821(c)(1).

(2) Insured depository institution has the same meaning as provided by 12 U.S.C. 1813(c)(2).

(3) Records means any reasonably accessible document, book, paper, map, photograph, microfiche, microfilm, computer or electronically-created record generated or maintained by an insured depository institution in the course of and necessary to its transaction of business.

(i) Examples of records include, without limitation, board or committee meeting minutes, contracts to which the insured depository institution was a party, deposit account information,

FDIC may extend, on its own initiative or upon written request, the implementation and updating time frames for all or part of the requirements of this section.

(4) FDIC may, on its own initiative or upon written request, exempt a CIDI from one or more of the requirements of this section.

(e) No limiting effect on FDIC. No resolution plan provided pursuant to this section shall be binding on the FDIC as supervisor, deposit insurer or receiver for a CIDI or otherwise require the FDIC to act in conformance with such plan.

(f) Form of Resolution Plans; Confidential Treatment of Resolution Plans. (1) Each resolution plan of a CIDI shall be divided into a Public Section and a Confidential Section. Each CIDI shall segregate and separately identify the Public Section from the Confidential Section. The Public Section shall consist of an executive summary of the resolution plan that describes the business of the CIDI and includes, to the extent material to an understanding of the CIDI:

(i) The names of material entities;
(ii) A description of core business lines;
(iii) Consolidated financial information regarding assets, liabilities, capital and major funding sources;
(iv) A description of derivative activities and hedging activities;
(v) A list of memberships in material payment, clearing and settlement systems;
(vi) A description of foreign operations;
(vii) The identities of material supervisory authorities;
(viii) The identities of the principal officers;
(ix) A description of the corporate governance structure and processes related to resolution planning;
(x) A description of material management information systems; and
(xi) A description, at a high level, of the CIDI’s resolution strategy, covering such items as the range of potential purchasers of the CIDI, its material entities and core business lines.

(2) The confidentiality of resolution plans and related materials are protected pursuant to Section 18(x) of the FDI Act, 12 U.S.C. 1828(x).

[77 FR 3084, Jan. 23, 2012]
(ii) Records do not include:
(A) Multiple copies of records; or
(B) Examination, operating, or condition reports prepared by, on behalf of, or for the use of the FDIC or any agency responsible for the regulation or supervision of insured depository institutions.

(b) Determination of records. In determining whether particular documentary material obtained from a failed insured depository institution is a record for purposes of 12 U.S.C. 1821(d)(15)(D), the FDIC in its discretion will consider the following factors:
(1) Whether the documentary material related to the business of the insured depository institution,
(2) Whether the documentary material was generated or maintained as records in the regular course of the business of the insured depository institution in accordance with its own recordkeeping practices and procedures or pursuant to standards established by its regulators,
(3) Whether the documentary material is needed by the FDIC to carry out its receivership function, and
(4) The expected evidentiary needs of the FDIC.

c) The FDIC’s determination that documentary material from a failed insured depository institution constitutes records is solely for the purpose of identifying that documentary material that must be maintained pursuant to 12 U.S.C. 1821(d)(15)(D) and shall not bear on the discoverability or admissibility of such documentary material in any court, tribunal or other adjudicative proceeding, nor on whether such documentary material is subject to release under the Freedom of Information Act, the Privacy Act or other law.

(d) Destruction of records. (1) Except as provided in paragraph (d)(2) of this section, after the end of the six-year period beginning on the date the FDIC is appointed as receiver of a failed insured depository institution, the FDIC may destroy any records of an institution which the FDIC, in its discretion, determines to be unnecessary unless directed not to do so by a court of competent jurisdiction or governmental agency, prohibited by law, or subject to a legal hold imposed by the FDIC.

(2) Notwithstanding paragraph (d)(1) of this section, the FDIC may destroy records of a failed insured depository institution which are at least 10 years old as of the date on which the FDIC is appointed as the receiver of such institution in accordance with paragraph (d)(1) of this section at any time after such appointment is final, without regard to the six-year period of limitation contained in paragraph (d)(1) of this section.

(e) Transfer of records. If the FDIC transfers records to a third party in connection with a transaction involving the purchase and assumption of assets and liabilities of an insured depository institution, the recordkeeping requirements of 12 U.S.C. 1821(d)(15)(D), and paragraph (d) of this section shall be satisfied if the transferee agrees that it will not destroy such records for at least six years from the date the FDIC was appointed as receiver of such failed insured depository institution unless otherwise notified in writing by the FDIC.

(f) Policies and procedures. The FDIC may establish policies and procedures with respect to the retention and destruction of records that are consistent with this section.

[78 FR 54376, Sept. 4, 2013]
### APPENDIX B TO PART 360—DEBIT/CREDIT FILE STRUCTURE

This is the structure of the data file the FDIC will provide to apply debits and credits to an individual account or sub-account after the removal of FDIC holds. The file will be in a tab- or pipe-delimited ASCII format and provided through FDICconnect or Direct Connect. The file will be encrypted using an FDIC-supplied algorithm.

**APPENDIX C TO PART 360—DEPOSIT FILE STRUCTURE**

This is the structure for the data file to provide deposit data to the FDIC. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution’s FDIC Certificate Number, an indication that it is a deposit file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit to the covered institution the encryption algorithm over FDICConnect.

The total deposit balances and the number of deposit accounts in each deposit file must be reconciled to the subsidiary system control totals.

The FDIC intends to fully utilize a covered institution’s understanding of its customers and the data maintained around deposit accounts. Should additional data elements be provided, a complete data dictionary for these elements must be supplied along with a description of how this information could be best used to establish account ownership or insurance category.

The deposit data elements provide information specific to deposit account balances and account data. The sequencing of these elements, their physical data structures and the field data format and field length must be provided to the FDIC along with the data structures identified below.

A header record will also be required at the beginning of this file. This record will contain the number of accounts to be included in this file, the maximum number of characters contained in largest account title field maintained within the deposit file and the maximum number of characters contained in largest address field maintained within the deposit file.

**NOTE:** Each record must contain the account title/name and current account statement mailing address. Fields 17–33 relate to the account name and address information. Some systems provide for separate fields for account title/name, street address, city, state, ZIP, and country, all of which are parsed out. Others systems may simply provide multiple lines for name, street address, city, state, ZIP, with no distinction. Populate fields that best fit the system’s data, either fields 17–27 or fields 28–33.

**APPENDIX D TO PART 360—Sweep/Automated Credit Account File Structure**

This is the structure of the data file to provide information to the FDIC on funds residing in investment vehicles linked to each non-closed deposit account or sub-account: (1) Involved in sweep activity where the sweep investment vehicle is not a deposit and is reflected on the books and records of the covered institution or (2) which accepts automated credits. A single record should be used for each instance where funds affiliated with the deposit account are held in an alternative investment vehicle. For any alternative investment vehicle, a separate account may or may not exist. If an account...
exists for the investment vehicle, it should be noted in the record. If no account exists, then a null value for the Sweep/Automated Credit Account Identifiers should be provided, but the remainder of the data fields defined below should be populated.

For data provided in the Sweep/Automated Credit Account File, the total account balances and the number of accounts must be reconciled to subsidiary system control totals. The file will be in a tab- or pipe-delimited ASCII format. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

### Appendix E to Part 360—Hold File Structure

This is the structure of the data file to provide information to the FDIC for each legal or collateral hold placed on a deposit account or sub-account. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution’s FDIC Certificate Number, an indication that it is a hold data file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

APPENDIX G TO PART 360—DEPOSIT-CUSTOMER JOIN FILE STRUCTURE

This is the structure of the data file to provide to the FDIC information necessary to link the records in the deposit and customer files. If data or information are not maintained or do not apply, a null value in the appropriate field should be indicated. The file will be in a tab- or pipe-delimited ASCII format. Each file name will contain the institution’s FDIC Certificate Number, an indication that it is a join file type and the date of the extract. The files will be encrypted using an FDIC-supplied algorithm. The FDIC will transmit the encryption algorithm over FDICconnect.

The deposit-customer join file will have one or more records for each deposit account, depending on the number of relationships to each account. A simple individual account, for example, will be associated with only one record in the deposit-customer join file indicating the owner of the account. A joint account with two owners will be associated with two records in the deposit-customer join file, one for each owner. The deposit-customer join file will contain other records associated with a deposit account to designate, among other things, beneficiaries, custodians, trustees and agents. This methodology allows the FDIC to know all of the possible relationships for an individual account and also whether a single customer is involved in many accounts.

APPENDIX H TO PART 360—POSSIBLE FILE COMBINATIONS FOR DEPOSIT DATA

A covered institution must provide deposit data using separate deposit, sweep/automated credit, hold, customer, and deposit-customer join files. The simplest file structure involves providing one of each file. This basic file format is shown in Figure 1.
Multiple combinations of deposit, sweep/automated credit, hold, customer, and deposit-customer join files are permissible, but only in the following circumstances:

1. Each separate deposit file must have companion sweep/automated credit and hold files covering the same deposit accounts.

2. A single customer file may be submitted covering customers affiliated with deposit accounts in one or more deposit files as long as the customer file contains information on all of the customers affiliated with the deposit files.

3. Several customer files may be submitted as long as each separate customer file contains information on all of the customers affiliated with the associated deposit files.

Figure 2 shows a permissible file configuration using a single Customer File affiliated with Deposit File A and Deposit File B. As required, Deposit File A has a companion Sweep/Automated Credit File A and Hold File A. The same is true for Deposit File B.

Another permissible combination of files is shown in Figure 3, which is a variation of the basic data file structure shown in Figure 1.
Figure 2. Multiple Deposit Files, Single Customer File.
PART 361—MINORITY AND WOMEN OUTREACH PROGRAM CONTRACTING

Sec. 361.1 Why do minority- and women-owned businesses need this outreach regulation?

361.2 Why does the FDIC have this outreach program?

361.3 Who may participate in this outreach program?

361.4 What contracts are eligible for this outreach program?

361.5 What are the FDIC’s oversight and monitoring responsibilities in administering this program?
§ 361.6 What outreach efforts are included in this program?

AUTHORITY: 12 U.S.C. 1833e.

SOURCE: 65 FR 31253, May 17, 2000, unless otherwise noted.

§ 361.1 Why do minority- and women-owned businesses need this outreach regulation?

The purpose of the FDIC Minority and Women Outreach Program (MWOP) is to ensure that minority- and women-owned businesses (MWOBs) are given the opportunity to participate fully in all contracts entered into by the FDIC.

§ 361.2 Why does the FDIC have this outreach program?

It is the policy of the FDIC that minorities and women, and businesses owned by them have the maximum practicable opportunity to participate in contracts awarded by the FDIC.

§ 361.3 Who may participate in this outreach program?

For purposes of this part:

(a) Minority has the same meaning as defined by the Small Business Administration at 13 CFR 124.103(b).

(b) Legal Services means all services provided by attorneys or law firms (including services of support staff).

§ 361.4 What contracts are eligible for this outreach program?

The FDIC outreach program applies to all contracts entered into by the FDIC. The outreach program is incorporated into FDIC policies and guidelines governing contracting and the retention of legal services.

§ 361.5 What are the FDIC’s oversight and monitoring responsibilities in administering this program?

(a) The FDIC Office of Minority and Women Inclusion (OMWI) has overall responsibility for nationwide outreach oversight, which includes, but is not limited to, the monitoring, review and interpretation of relevant regulations. In addition, the OMWI is responsible for providing the FDIC with technical assistance and guidance to facilitate the identification, registration, and solicitation of MWOBs.

(b) Each FDIC office that performs contracting or outreach activities will submit information to the OMWI on a quarterly basis, or upon request. Quarterly submissions will include, at a minimum, statistical information on contract awards and solicitations by designated demographic categories.

§ 361.6 What outreach efforts are included in this program?

(a) Each office engaged in contracting with the private sector will designate one or more MWOP coordinators. The coordinators will perform outreach activities for MWOP and act as liaison between the FDIC and the public on MWOP issues. On a quarterly basis, or as requested by the OMWI, the coordinators will report to the OMWI on their implementation of the outreach program.

(b) Outreach includes the identification and registration of MWOBs who can provide goods and services utilized by the FDIC. This includes distributing information concerning the MWOP.

(c) The identification of MWOBs for the provision of legal and non-legal services will primarily be accomplished by:

(1) Obtaining various lists and directories of MWOBs maintained by other federal, state, and local governmental agencies;

(2) Participating in conventions, seminars and professional meetings comprised of, or attended predominately by, MWOBs;

(3) Conducting seminars, meetings, workshops and other various functions to promote the identification and registration of MWOBs;

(4) Placing MWOP promotional advertisements indicating opportunities with the FDIC in minority- and women-owned media; and

(5) Monitoring to assure that FDIC staff interfacing with the contracting community are knowledgeable of, and actively promoting, the MWOP.

PART 362—ACTIVITIES OF INSURED STATE BANKS AND INSURED SAVINGS ASSOCIATIONS

Subpart A—Activities of Insured State Banks

Sec.
362.1 Purpose and scope.
362.2 Definitions.
362.3 Activities of insured State banks.

Sec.
362.14 Purpose and scope.
362.15 Acquiring or establishing a subsidiary; conducting new activities through a subsidiary.

Subpart E—Financial Subsidiaries of Insured State Nonmember Banks

Sec.
362.16 Purpose and scope.
362.17 Definitions.
362.18 Financial subsidiaries of insured state nonmember banks.

AUTHORITY: 12 U.S.C. 1816, 1818, 1819(a)/(Tenth), 1828(j), 1829(m), 1832a, 1831a, 1831e, 1831w, 1843(l).

SOURCE: 63 FR 66326, Dec. 1, 1998, unless otherwise noted.

Subpart A—Activities of Insured State Banks

§ 362.1 Purpose and scope.

(a) This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter, implements the provisions of section 24 of the Federal Deposit Insurance Act (12 U.S.C. 1831a) that restrict and prohibit insured State banks and their subsidiaries from engaging in activities and investments that are not permissible for national banks and their subsidiaries. The phrase “activity permissible for a national bank” means any activity authorized for national banks under any statute including the National Bank Act (12 U.S.C. 21 et seq.), as well as activities recognized as permissible for a national bank in regulations, official circulars, bulletins, orders or written interpretations issued by the Office of the Comptroller of the Currency (OCC).

(b) This subpart does not cover the following activities:

(1) Activities conducted other than “as principal,” defined for purposes of this subpart as activities conducted as agent for a customer, conducted in a brokerage, custodial, advisory, or administrative capacity, or conducted as trustee, or in any substantially similar capacity. For example, this subpart does not cover acting solely as agent for the sale of insurance, securities, real estate, or travel services; nor does it cover acting as trustee, providing personal financial planning advice, or safekeeping services;

(2) Interests in real estate in which the real property is used or intended in good faith to be used within a reasonable time by an insured State bank or its subsidiaries as offices or related facilities for the conduct of its business or future expansion of its business or used as public welfare investments of a type permissible for national banks; and

(3) Equity investments acquired in connection with debts previously contracted (DPC) if the insured State bank does not hold the property for speculation and takes only such actions as would be permissible for a national bank’s DPC. The bank must dispose of the property within the shorter of the period set by Federal law for national banks or the period allowed under State law. For real estate, national banks may not hold DPC for more than 10 years. For equity securities, national banks must generally divest...
DPC as soon as possible consistent with obtaining a reasonable return. 

(c) A subsidiary of an insured state bank may not engage in real estate investment activities that are not permissible for a subsidiary of a national bank unless the bank does so through a subsidiary of which the bank is a majority owner, is in compliance with applicable capital standards, and the FDIC has determined that the activity poses no significant risk to the appropriate deposit insurance fund. This subpart provides standards for majority-owned subsidiaries of insured state banks engaging in real estate investment activities that are not permissible for a subsidiary of a national bank.

(d) The FDIC intends to allow insured State banks and their subsidiaries to undertake only safe and sound activities and investments that do not present significant risks to the Deposit Insurance Fund and that are consistent with the purposes of Federal deposit insurance and other applicable law. This subpart does not authorize any insured State bank to make investments or to conduct activities that are not authorized or that are prohibited by either State or Federal law.

§ 362.2 Definitions.

For the purposes of this subpart, the following definitions will apply:

(a) Bank, State bank, savings association, State savings association, depository institution, insured depository institution, insured State bank, Federal savings association, and insured State nonmember bank shall each have the same respective meaning contained in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(b) Activity means the conduct of business by a state-chartered depository institution, including acquiring or retaining an equity investment or other investment.

(c) Change in control means any transaction:

(1) By a State bank or its holding company for which a notice is required to be filed with the FDIC, or the Board of Governors of the Federal Reserve System (FRB), pursuant to section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) except a transaction that is presumed to be an acquisition of control under the FDIC’s or FRB’s regulations implementing section 7(j); 

(2) As a result of which a State bank eligible for the exception described in §362.3(a)(2)(iii) is acquired by or merged into a depository institution that is not eligible for the exception, or as a result of which its holding company is acquired by or merged into a holding company which controls one or more bank subsidiaries not eligible for the exception; or

(3) In which control of the State bank is acquired by a bank holding company in a transaction requiring FRB approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842), other than a one bank holding company formation in which all or substantially all of the shares of the holding company will be owned by persons who were shareholders of the bank.

(d) Company means any corporation, partnership, limited liability company, business trust, association, joint venture, pool, syndicate or other similar business organization.

(e) Control means the power to vote, directly or indirectly, 25 percent or more of any class of the voting securities of a company, the ability to control in any manner the election of a majority of a company’s directors or trustees, or the ability to exercise a controlling influence over the management and policies of a company.

(f) Convert its charter means an insured State bank undergoes any transaction that causes the bank to operate under a different form of charter than it had as of December 19, 1991, except a change from mutual to stock form shall not be considered a charter conversion.

(g) Equity investment means an ownership interest in any company; any membership interest that includes a voting right in any company; any interest in real estate; any transaction which in substance falls into any of these categories even though it may be
structured as some other form of business transaction; and includes an equity security. The term “equity investment” does not include any of the foregoing if the interest is taken as security for a loan.

(h) Equity security means any stock (other than adjustable rate preferred stock, money market (auction rate) preferred stock, or other newly developed instrument determined by the FDIC to have the character of debt securities), certificate of interest or participation in any profit-sharing agreement, collateral-trust certificate, preorganization certificate or subscription, transferable share, investment contract, or voting-trust certificate; any security immediately convertible at the option of the holder without payment of substantial additional consideration into such a security; any security carrying any warrant or right to subscribe to or purchase any such security; and any certificate of interest or participation in, temporary or interim certificate for, or receipt for any of the foregoing.

(i) Extension of credit, executive officer, director, principal shareholder, and related interest each has the same respective meaning as is applicable for the purposes of section 22(h) of the Federal Reserve Act (12 U.S.C. 375b) and §337.3 of this chapter.

(j) Institution shall have the same meaning as “state-chartered depository institution.”

(k) Majority-owned subsidiary means any corporation in which the parent insured State bank owns a majority of the outstanding voting stock.

(l) National securities exchange means a securities exchange that is registered as a national securities exchange by the Securities and Exchange Commission pursuant to section 6 of the Securities Exchange Act of 1934 (15 U.S.C. 78f) and the National Market System, i.e., the top tier of the National Association of Securities Dealers Automated Quotation System.

(m) Real estate investment activity means any interest in real estate (other than as security for a loan) held directly or indirectly that is not permissible for a national bank.

(n) Residents of the state includes individuals living in the State, individuals employed in the State, any person to whom the company provided insurance as principal without interruption since such person resided in or was employed in the State, and companies or partnerships incorporated in, organized under the laws of, licensed to do business in, or having an office in the State.

(o) Security has the same meaning as it has in part 344 of this chapter.

(p) Significant risk to the Deposit Insurance Fund shall be understood to be present whenever the FDIC determines there is a high probability that the Deposit Insurance Fund administered by the FDIC may suffer a loss. Such risk may be present either when an activity contributes or may contribute to the decline in condition of a particular state-chartered depository institution or when a type of activity is found by the FDIC to contribute or potentially contribute to the deterioration of the overall condition of the banking system.

(q) State-chartered depository institution means any State bank or State savings association insured by the FDIC.

(r) Subsidiary means any company that is owned or controlled directly or indirectly by one or more insured depository institutions.

(s) Tier one capital has the same meaning as set forth in part 324 or 325 of this chapter, as applicable, for an insured State nonmember bank. For other state-chartered depository institutions, the term “tier one capital” has the same meaning as set forth in the capital regulations adopted by the appropriate Federal banking agency.

(t) Well-capitalized has the same meaning set forth in part 324 or 325 of this chapter, as applicable, for an insured State nonmember bank. For other state-chartered depository institutions, the term “well-capitalized” has the same meaning as set forth in the capital regulations adopted by the appropriate Federal banking agency.

§ 362.3 Activities of insured State banks.

(a) Equity investments—(1) Prohibited equity investments. No insured State bank may directly or indirectly acquire or retain as principal any equity investment of a type that is not permissible for a national bank unless one of the exceptions in paragraph (a)(2) of this section applies.

(2) Exceptions— (i) Equity investment in majority-owned subsidiaries. An insured State bank may acquire or retain an equity investment in a subsidiary of which the bank is a majority owner, provided that the subsidiary is engaging in activities that are allowed pursuant to the provisions of or by application under §362.4(b).

(ii) Investments in qualified housing projects. An insured State bank may invest as a limited partner in a partnership, or as a noncontrolling interest holder of a limited liability company, the sole purpose of which is to invest in the acquisition, rehabilitation, or new construction of a qualified housing project, provided that the bank’s aggregate investment (including legally binding commitments) does not exceed, when made, 2 percent of total assets as of the date of the bank’s most recent consolidated report of condition prior to making the investment. For the purposes of this paragraph (a)(2)(ii), Aggregate investment means the total book value of the bank’s investment in the real estate calculated in accordance with the instructions for the preparation of the consolidated report of condition. Qualified housing project means residential real estate intended to primarily benefit lower income persons throughout the period of the bank’s investment including any project that has received an award of low income housing tax credits under section 42 of the Internal Revenue Code (26 U.S.C. 42) (such as a reservation or allocation of credits) from a State or local housing credit agency. A residential real estate project that does not qualify for the tax credit under section 42 of the Internal Revenue Code will qualify under this exception if 50 percent or more of the housing units are to be occupied by lower income persons. A project will be considered residential despite the fact that some portion of the total square footage of the project is utilized for commercial purposes, provided that such commercial use is not the primary purpose of the project. Lower income has the same meaning as “low income” and “moderate income” as defined for the purposes of §345.12(n) (1) and (2) of this chapter.

(iii) Grandfathered investments in common or preferred stock; shares of investment companies— (A) General. An insured State bank that is located in a State which as of September 30, 1991, authorized investment in:

(1) Common or preferred stock listed on a national securities exchange (listed stock); or

(2) Shares of an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) (registered shares); and

(B) Loss of grandfather exception. The exception for grandfathered investments under paragraph (a)(2)(iii)(A) of this section shall no longer apply if the bank converts its charter or the bank or its parent holding company undergoes a change in control. If any of these events occur, the bank may retain its existing investments unless directed by the FDIC or other applicable authority to divest the listed stock or registered shares.

(C) Maximum permissible investment. A bank’s aggregate investment in listed
stock and registered shares under paragraph (a)(2)(iii)(A) of this section shall in no event exceed, when made, 100 percent of the bank’s tier one capital as measured on the bank’s most recent consolidated report of condition (call report) prior to making any such investment. The lower of the bank’s cost as determined in accordance with call report instructions or the market value of the listed stock and shares shall be used to determine compliance. The FDIC may determine when acting upon a notice filed in accordance with paragraph (a)(2)(iii)(A)(2) of this section that the permissible limit for any particular insured State bank is something less than 100 percent of tier one capital.

(iv) Stock investment in insured depository institutions owned exclusively by other banks and savings associations. An insured State bank may acquire or retain the stock of an insured depository institution if the insured depository institution engages only in activities permissible for national banks; the insured depository institution is subject to examination and regulation by a State bank supervisor; the voting stock is owned by 20 or more insured depository institutions, but no one institutional owner owns more than 15 percent of the voting stock; and the insured depository institution’s stock (other than directors’ qualifying shares or shares held under or acquired through a plan established for the benefit of the officers and employees) is owned only by insured depository institutions.

(v) Stock investment in insurance companies—(A) Stock of director and officer liability insurance company. An insured State bank may acquire and retain up to 10 percent of the outstanding stock of a corporation that solely provides or reinsures directors’, trustees’, and officers’ liability insurance coverage or bankers’ blanket bond group insurance coverage for insured depository institutions.

(B) Stock of savings bank life insurance company. An insured State bank located in Massachusetts, New York, or Connecticut may own stock in a savings bank life insurance company, provided that the savings bank life insurance company provides written disclosures to purchasers or potential purchasers of life insurance policies, other insurance products, and annuities that are consistent with the disclosures described in the Interagency Statement on the Retail Sale of Nondeposit Investment Products (FIL–9–94, February 17, 1994) or any successor requirement which indicates that the policies, products, and annuities are not FDIC insured deposits, are not guaranteed by the bank and are subject to investment risks, including possible loss of the principal amount invested.

(b) Activities other than equity investments—(1) Prohibited activities. An insured State bank may not directly or indirectly engage as principal in any activity, that is not an equity investment, and is of a type not permissible for a national bank unless one of the exceptions in paragraph (b)(2) of this section applies.

(2) Exceptions—(i) Consent obtained through application. An insured State bank that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may conduct activities prohibited by paragraph (b)(1) of this section if the bank obtains the FDIC’s prior written consent. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with §303.121 of this chapter and will be processed under §303.122(b) of this chapter. Approvals granted under §303.122(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(ii) Insurance underwriting—(A) Savings bank life insurance. An insured State bank that is located in Massachusetts, New York or Connecticut may provide as principal savings bank life insurance through a department of
the bank, provided that the department meets the core standards of paragraph (c) of this section or submits an application in compliance with §303.121 of this chapter and the FDIC grants its consent under the procedures in §303.122(b) of this chapter, and the department provides purchasers or potential purchasers of life insurance policies, other insurance products and annuities written disclosures that are consistent with the disclosures described in the Interagency Statement on the Retail Sale of Nondeposit Investment Products (FIL–9–94, February 17, 1994) and any successor requirement which indicates that the policies, products and annuities are not FDIC insured deposits, are not guaranteed by the bank, and are subject to investment risks, including the possible loss of the principal amount invested. 

(B) Federal crop insurance. Any insured State bank that was providing insurance as principal on or before September 30, 1991, which was reinsured in whole or in part by the Federal Crop Insurance Corporation, may continue to do so.

(C) Grandfathered insurance underwriting. A well-capitalized insured State bank that on November 21, 1991, was lawfully providing insurance as principal through a department of the bank may continue to provide the same types of insurance as principal to the residents of the State or States in which the bank did so on such date provided that the bank’s department meets the core standards of paragraph (c) of this section, or submits an application in compliance with §303.121 of this chapter and the FDIC grants its consent under the procedures in §303.122(b) of this chapter.

(iii) Acquiring and retaining adjustable rate and money market preferred stock. (A) An insured State bank’s investment of up to 15 percent of the bank’s tier one capital in adjustable rate preferred stock or money market (auction rate) preferred stock does not represent a significant risk to the Deposit Insurance Fund. An insured State bank may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(B) An insured State bank may acquire or retain other instruments of a type determined by the FDIC to have the character of debt securities and not to represent a significant risk to the Deposit Insurance Fund. Such instruments shall be included in the 15 percent of tier one capital limit imposed in paragraph (b)(2)(iii)(A) of this section. An insured State bank may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(c) Core standards. For any insured State bank to be eligible to conduct insurance activities listed in paragraph (b)(2)(ii)(A) or (C) of this section, the bank must conduct the activities in a department that meets the following core separation and operating standards:

(1) The department is physically distinct from the remainder of the bank;

(2) The department maintains separate accounting and other records;

(3) The department has assets, liabilities, obligations and expenses that are separate and distinct from those of the remainder of the bank;

(4) The department is subject to State statute that requires its obligations, liabilities and expenses be satisfied only with the assets of the department; and

(5) The department informs its customers that only the assets of the department may be used to satisfy the obligations of the department.

§ 362.4 Subsidiaries of insured State banks.  

(a) Prohibition. A subsidiary of an insured State bank may not engage as principal in any activity that is not of a type permissible for a subsidiary of a national bank, unless it meets one of the exceptions in paragraph (b) of this section.  

(b) Exceptions—(1) Consent obtained through application. A subsidiary of an insured State bank may conduct otherwise prohibited activities if the bank obtains the FDIC's prior written consent and the insured State bank meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with § 303.121 of this chapter and will be processed under § 303.122(b) of this chapter. Approvals granted under § 303.122(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.  

(2) Grandfathered insurance underwriting subsidiaries. A subsidiary of an insured State bank may:  

(i) Engage in grandfathered insurance underwriting if the insured State bank or its subsidiary on November 21, 1991, was lawfully providing insurance as principal. The subsidiary may continue to provide the same types of insurance as principal to the residents of the State or states in which the bank or subsidiary did so on such date provided that:  

(A)(1) The bank meets the capital requirements of paragraph (e) of this section; and  

(2) The subsidiary is an “eligible subsidiary” as described in paragraph (c)(2) of this section; or  

(B) The bank submits an application in compliance with § 303.121 of this chapter and the FDIC grants its consent under the procedures in § 303.122(b) of this chapter.  

(ii) Continue to provide as principal title insurance, provided the bank was required before June 1, 1991, to provide title insurance as a condition of the bank’s initial chartering under State law and neither the bank nor its parent holding company undergoes a change in control.  

(iii) May continue to provide as principal insurance which is reinsured in whole or in part by the Federal Crop Insurance Corporation if the subsidiary was engaged in the activity on or before September 30, 1991.  

(3) Majority-owned subsidiaries’ ownership of equity investments that represent a control interest in a company. The FDIC has determined that investment in the following by a majority-owned subsidiary of an insured State bank does not represent a significant risk to the Deposit Insurance Fund:  

(i) Equity investment in a company engaged in real estate or securities activities authorized in paragraph (b)(5) of this section if the bank complies with the following restrictions and files a notice in compliance with § 303.121 of this chapter and the FDIC processes the notice without objection under § 303.122(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activity if the facts and circumstances warrant such action. If changes to the management or business plan of the company at any time result in material changes to the nature of the company’s business or the manner in which its business is conducted, the insured State bank shall advise the appropriate regional director (DSC) in writing within 10 business days after such change. Investment under this paragraph is authorized if:  

(A) The majority-owned subsidiary controls the company;  

(B) The bank meets the core eligibility criteria of paragraph (c)(1) of this section;  

(C) The majority-owned subsidiary meets the core eligibility criteria of paragraph (c)(2) of this section (including any modifications thereof applicable under paragraph (b)(5)(i) of this section), or the company is a corporation meeting such criteria;
(D) The bank’s transactions with the majority-owned subsidiary, and the bank’s transactions with the company, comply with the investment and transaction limits of paragraph (d) of this section;

(E) The bank complies with the capital requirements of paragraph (e) of this section with respect to the majority-owned subsidiary and the company; and

(F) To the extent the company is engaged in securities activities authorized by paragraph (b)(5)(ii) of this section, the bank and the company comply with the additional requirements therein as if the company were a majority-owned subsidiary.

(ii) Equity securities of a company engaged in the following activities, if the majority-owned subsidiary controls the company or the company is controlled by insured depository institutions, and the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The FDIC consents that a majority-owned subsidiary may conduct such activity without first obtaining the FDIC’s consent. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activity if the facts and circumstances warrant such action:

(A) Any activity that is permissible for a national bank, including such permissible activities that may require the company to register as a securities broker;

(B) Acting as an insurance agency;

(C) Engaging in any activity permissible for an insured State bank under §362.3(b)(2)(ii) to the same extent permissible for the insured bank thereunder, so long as instruments held under this paragraph (b)(3)(ii)(C), paragraph (b)(7) of this section, and §362.3(b)(2)(ii) in the aggregate do not exceed the limit set by §362.3(b)(2)(iii);

(D) Engaging in any activity permissible for a majority-owned subsidiary of an insured State bank under paragraph (b)(6) of this section to the same extent and manner permissible for the majority-owned subsidiary thereunder; and

(4) Majority-owned subsidiary’s ownership of certain securities that do not represent a control interest—(i) Grandfathered investments in common or preferred stock and shares of investment companies. Any insured State bank that has received approval to invest in common or preferred stock or shares of an investment company pursuant to §362.3(a)(2)(iii) may conduct the approved investment activities through a majority-owned subsidiary of the bank without any additional approval from the FDIC provided that any conditions or restrictions imposed with regard to the approval granted under §362.3(a)(2)(iii) are met.

(ii) Bank stock. An insured State bank may indirectly through a majority-owned subsidiary organized for such purpose invest in up to ten percent of the outstanding stock of another insured bank.

(5) Majority-owned subsidiaries conducting real estate investment activities and securities underwriting. The FDIC has determined that the following activities do not represent a significant risk to the Deposit Insurance Fund, provided that the activities are conducted by a majority-owned subsidiary of an insured State bank in compliance with the core eligibility requirements listed in paragraph (c) of this section; any additional requirements listed in paragraph (b)(5)(i) or (ii) of this section; the bank complies with the investment and transaction limitations of paragraph (d) of this section; and the bank meets the capital requirements of paragraph (e) of this section. The FDIC consents that these listed activities may be conducted by a majority-owned subsidiary of an insured State bank if the bank files a notice in compliance with §303.121 of this chapter and the FDIC processes the notice without objection under §303.122(a) of this chapter. The FDIC is not precluded from taking any appropriate action or imposing additional requirements with respect to the activities if the facts and circumstances warrant such action. If changes to the management or business plan of the majority-owned subsidiary at any time result in material changes to the nature of the majority-owned subsidiary’s business or the...
manner in which its business is conducted, the insured State bank shall advise the appropriate regional director (DSC) in writing within 10 business days after such change. Such a majority-owned subsidiary may:

(i) Real estate investment activities. Engage in real estate investment activities. However, the requirements of paragraph (c)(2) (ii), (v), (vi), and (xi) of this section need not be met if the bank’s investment in the equity securities of the subsidiary does not exceed 2 percent of the bank’s tier one capital; the bank has only one subsidiary engaging in real estate investment activities; and the bank’s total investment in the subsidiary does not include any extensions of credit from the bank to the subsidiary, any debt instruments issued by the subsidiary, or any other transaction originated by the bank that is used to benefit the subsidiary.

(ii) Securities activities. Engage in the public sale, distribution or underwriting of securities that are not permissible for a national bank under section 16 of the Banking Act of 1933 (12 U.S.C. 24 Seventh), provided that the insured state nonmember bank lawfully controlled or acquired the subsidiary and had an approved notice or order from the FDIC prior to November 12, 1999 and provided that the following additional conditions are, and continue to be, met:

(A) The state-chartered depository institution adopts policies and procedures, including appropriate limits on exposure, to govern the institution’s participation in financing transactions underwritten or arranged by an underwriting majority-owned subsidiary;

(B) The state-chartered depository institution may not express an opinion on the value or the advisability of the purchase or sale of securities underwritten or dealt in by a majority-owned subsidiary unless the state-chartered depository institution notifies the customer that the majority-owned subsidiary is underwriting or distributing the security;

(C) The majority-owned subsidiary is registered with the Securities and Exchange Commission, is a member in good standing with the appropriate self-regulatory organization, and promptly informs the appropriate regional director (DSC) in writing of any material actions taken against the majority-owned subsidiary or any of its employees by the State, the appropriate self-regulatory organizations or the Securities and Exchange Commission; and

(D) The state-chartered depository institution does not knowingly purchase as principal or fiduciary during the existence of any underwriting or selling syndicate any securities underwritten by the majority-owned subsidiary unless the purchase is approved by the state-chartered depository institution’s board of directors before the securities are initially offered for sale to the public.

(ii) Real estate leasing. A majority-owned subsidiary of an insured State bank acting as lessor under a real property lease which is the equivalent of a financing transaction, meeting the lease criteria of paragraph (b)(6)(i) of this section and the underlying real estate requirements of paragraph (b)(6)(ii) of this section, does not represent a significant risk to the Deposit Insurance Fund. A majority-owned subsidiary may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activity if the facts and circumstances warrant such action.

(i) Lease criteria—(A) Capital lease. The lease must qualify as a capital lease as to the lessor under generally accepted accounting principles.

(B) Nonoperating basis. The bank and the majority-owned subsidiary shall not, directly or indirectly, provide or be obligated to provide servicing, repair, or maintenance to the property, except that the lease may include provisions permitting the subsidiary to protect the value of the leased property in the event of a change in circumstances that increases the subsidiary’s exposure to loss, or the subsidiary may take reasonable and appropriate action to salvage or protect the
value of the leased property in such circumstances.

(ii) Underlying real property requirements—(A) Acquisition. The majority-owned subsidiary may acquire specific real estate to be leased only after the subsidiary has entered into:

(1) A lease meeting the requirements of paragraph (b)(6)(i) of this section; and

(2) A legally binding written commitment to enter into such a lease; or

(3) A legally binding written agreement that indemnifies the subsidiary against loss in connection with its acquisition of the property.

(B) Improvements. Any expenditures by the majority-owned subsidiary to make reasonable repairs, renovations, and improvements necessary to render the property suitable to the lessee shall not exceed 25 percent of the majority-owned subsidiary’s full investment in the real estate.

(C) Divestiture. At the expiration of the initial lease (including any renewals or extensions thereof), the majority-owned subsidiary shall, as soon as practicable but in any event no less than two years, either:

(1) Re-lease the property under a lease meeting the requirement of paragraph (b)(6)(i)(B) of this section; or

(2) Divest itself of all interest in the property.

(7) Acquiring and retaining adjustable rate and money market preferred stock and similar instruments. The FDIC has determined it does not present a significant risk to the Deposit Insurance Fund for a majority-owned subsidiary of an insured State bank to engage in any activity permissible for an insured State bank under §362.3(b)(2)(iii), so long as instruments held under this paragraph, paragraph (b)(3)(ii)(C) of this section, and §362.3(b)(2)(iii) in the aggregate do not exceed the limit set by §362.3(b)(2)(iii). A majority-owned subsidiary may conduct this activity without first obtaining the FDIC’s consent, provided that the bank meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activity if the facts and circumstances warrant such action.

(c) Core eligibility requirements. If specifically required by this part or by FDIC order, any state-chartered depository institution that wishes to be eligible and continue to be eligible to conduct as principal activities through a subsidiary that are not permissible for a subsidiary of a national bank must be an “eligible depository institution” and the subsidiary must be an “eligible subsidiary”.

(1) A state-chartered depository institution is an “eligible depository institution” if it:

(i) Has been chartered and operating for three or more years, unless the appropriate regional director (DSC) finds that the state-chartered depository institution is owned by an established, well-capitalized, well-managed holding company or is managed by seasoned management;

(ii) Has an FDIC-assigned composite rating of 1 or 2 assigned under the Uniform Financial Institutions Rating System (UFIRS) (or such other comparable rating system as may be adopted in the future) as a result of its most recent Federal or State examination for which the FDIC assigned a rating;

(iii) Received a rating of 1 or 2 under the “management” component of the UFIRS as assigned by the institution’s appropriate Federal banking agency;

(iv) Has a satisfactory or better Community Reinvestment Act rating at its most recent examination conducted by the institution’s appropriate Federal banking agency;

(v) Has a compliance rating of 1 or 2 at its most recent examination conducted by the institution’s appropriate Federal banking agency; and

(vi) Is not subject to a cease and desist order, consent order, prompt corrective action directive, formal or informal written agreement, or other administrative agreement with its appropriate Federal banking agency or chartering authority.

(2) A subsidiary of a state-chartered depository institution is an “eligible subsidiary” if it:

(i) Meets applicable statutory or regulatory capital requirements and has sufficient operating capital in light of
the normal obligations that are reasonably foreseeable for a business of its size and character within the industry;

(ii) Is physically separate and distinct in its operations from the operations of the state-chartered depository institution, provided that this requirement shall not be construed to prohibit the state-chartered depository institution and its subsidiary from sharing the same facility if the area where the subsidiary conducts business with the public is clearly distinct from the area where customers of the state-chartered depository institution conduct business with the institution. The extent of the separation will vary according to the type and frequency of customer contact;

(iii) Maintains separate accounting and other business records;

(iv) Observes separate business entity formalities such as separate board of directors' meetings;

(v) Has a chief executive officer of the subsidiary who is not an employee of the institution;

(vi) Has a majority of its board of directors who are neither directors nor executive officers of the state-chartered depository institution;

(vii) Conducts business pursuant to independent policies and procedures designed to inform customers and prospective customers of the subsidiary that the subsidiary is a separate organization from the state-chartered depository institution and that the state-chartered depository institution is not responsible for and does not guarantee the obligations of the subsidiary;

(viii) Has only one business purpose within the types described in paragraphs (b)(2) and (b)(5) of this section;

(ix) Has a current written business plan that is appropriate to the type and scope of business conducted by the subsidiary;

(x) Has qualified management and employees for the type of activity contemplated, including all required licenses and memberships, and complies with industry standards; and

(xi) Establishes policies and procedures to ensure adequate computer, audit and accounting systems, internal risk management controls, and has necessary operational and managerial infrastructure to implement the business plan.

(d) Investment and transaction limits—

(1) General. If specifically required by this part or FDIC order, the following conditions and restrictions apply to an insured State bank and its subsidiaries that engage in and wish to continue to engage in activities which are not permissible for a national bank subsidiary.

(2) Investment limits—(i) Aggregate investment in subsidiaries. An insured state bank’s aggregate investment in all subsidiaries conducting activities subject to this paragraph (d) shall not exceed 20 percent of the insured State bank’s tier one capital.

(ii) Definition of investment. (A) For purposes of this paragraph (d), the term “investment” means:

(I) Any extension of credit to the subsidiary by the insured State bank;

(2) Any debt securities, as such term is defined in part 344 of this chapter, issued by the subsidiary held by the insured State bank;

(3) The acceptance by the insured State bank of securities issued by the subsidiary as collateral for an extension of credit to any person or company; and

(4) Any extensions of credit by the insured State bank to any third party for the purpose of making a direct investment in the subsidiary, making any investment in which the subsidiary has an interest, or which is used for the benefit of, or transferred to, the subsidiary.

(B) For the purposes of this paragraph (d), the term “investment” does not include:

(1) Extensions of credit by the insured State bank to finance sales of assets by the subsidiary which do not involve more than the normal degree of risk of repayment and are extended on terms that are substantially similar to those prevailing at the time for comparable transactions with or involving unaffiliated persons or companies;

(2) An extension of credit by the insured State bank to the subsidiary that is fully collateralized by government securities, as such term is defined in §344.3 of this chapter; or

(3) An extension of credit by the insured State bank to the subsidiary that
is fully collateralized by a segregated deposit in the insured State bank.

(3) Transaction requirements—(i) Arm’s length transaction requirement. With the exception of giving the subsidiary immediate credit for uncollected items received in the ordinary course of business, an insured State bank may not carry out any of the following transactions with a subsidiary subject to this paragraph (d) unless the transaction is on terms and conditions that are substantially the same as those prevailing at the time for comparable transactions with unaffiliated parties:

(A) Make an investment in the subsidiary;
(B) Purchase from or sell to the subsidiary any assets (including securities);
(C) Enter into a contract, lease, or other type of agreement with the subsidiary;
(D) Pay compensation to a majority-owned subsidiary or any person or company who has an interest in the subsidiary; or
(E) Engage in any such transaction in which the proceeds thereof are used for the benefit of, or are transferred to, the subsidiary.

(ii) Prohibition on purchase of low quality assets. An insured State bank is prohibited from purchasing a low quality asset from a subsidiary subject to this paragraph (d). For purposes of this subsection, “low quality asset” means:

(A) An asset classified as “substandard”, “doubtful”, or “loss” or treated as “other assets especially mentioned” in the most recent report of examination of the bank;
(B) An asset in a nonaccrual status;
(C) An asset on which principal or interest payments are more than 30 days past due; or
(D) An asset whose terms have been renegotiated or compromised due to the deteriorating financial condition of the obligor.

(iii) Insider transaction restriction. Neither the insured State bank nor the subsidiary subject to this paragraph (d) may enter into any transaction (exclusive of those covered by §337.3 of this chapter) with the bank’s executive officers, directors, principal shareholders or related interests of such persons which relate to the subsidiary’s activities unless:

(A) The transactions are on terms and conditions that are substantially the same as those prevailing at the time for comparable transactions with persons not affiliated with the insured State bank; or
(B) The transactions are pursuant to a benefit or compensation program that is widely available to employees of the bank, and that does not give preference to the bank’s executive officers, directors, principal shareholders or related interests of such persons over other bank employees.

(iv) Anti-tying restriction. Neither the insured State bank nor the majority-owned subsidiary may require a customer to either buy any product or use any service from the other as a condition of entering into a transaction.

(4) Collateralization requirements. (i) An insured State bank is prohibited from making an investment in a subsidiary subject to this paragraph (d) unless such transaction is fully-collateralized at the time the transaction is entered into. No insured State bank may accept a low quality asset as collateral. An extension of credit is fully collateralized if it is secured at the time of the transaction by collateral having a market value equal to at least:

(A) 100 percent of the amount of the transaction if the collateral is composed of:

(1) Obligations of the United States or its agencies;
(2) Obligations fully guaranteed by the United States or its agencies as to principal and interest;
(3) Notes, drafts, bills of exchange or bankers acceptances that are eligible for rediscount or purchase by the Federal Reserve Bank; or
(4) A segregated, earmarked deposit account with the insured State bank;

(B) 110 percent of the amount of the transaction if the collateral is composed of obligations of any State or political subdivision of any State;
(C) 120 percent of the amount of the transaction if the collateral is composed of other debt instruments, including receivables; or
§ 362.5 Approvals previously granted.

(a) FDIC consent by order or notice. An insured State bank that previously filed an application or notice under part 362 in effect prior to January 1, 1999 (see 12 CFR part 362 revised as of January 1, 1998), and obtained the FDIC’s consent to engage in an activity or to acquire or retain a majority-owned subsidiary engaging as principal in an activity or acquiring and retaining any investment that is prohibited under this subpart may continue that activity or retain that investment without seeking the FDIC’s consent, provided that the insured State bank and its subsidiary, if applicable, continue to meet the conditions and restrictions of the approval. An insured State bank which was granted approval based on conditions which differ from the requirements of § 362.4(c)(2), (d), and (e) will be considered to meet the conditions and restrictions of the approval relating to being an eligible subsidiary, meeting investment and transactions limits, and meeting capital requirements if the insured State bank and subsidiary meet the requirements of § 362.4(c)(2), (d), and (e). If the majority-owned subsidiary is engaged in real estate investment activities not exceeding 2 percent of the tier one capital of a bank and meeting the other conditions of § 362.4(b)(5)(i), the majority-owned subsidiary’s compliance with § 362.4(c)(2) under the preceding sentence may be pursuant to the modifications authorized by § 362.4(b)(5)(i). Once an insured State bank elects to comply with § 362.4(c)(2), (d), and (e), it may not revert to the corresponding provisions of the approval order.

(b) Approvals by regulation—

(1)–(5) [Reserved]

(6) Adjustable rate or money market preferred stock. An insured State bank owning adjustable rate or money market preferred stock shall be included as part of the amount limited in § 362.3(b)(2)(iii) if prior to January 1, 1999 (see 12 CFR part 362 revised as of January 1, 1998), the bank elected to comply with § 362.4(c)(3)(v). An insured State bank elects to comply with § 362.4(c)(3)(v) in effect prior to January 1, 1999, in excess of the amount limit in § 362.3(b)(2)(ii)(iiii) may continue to hold any overlimit shares of such stock acquired before January 1, 1999, until redeemed or repurchased by the issuer, but such stock shall be included as part of the amount limited in § 362.3(b)(2)(ii)(iiii).
(c) Charter conversions. (1) An insured State bank that has converted its charter from an insured state savings association may continue activities through a majority-owned subsidiary that were permissible prior to the time it converted its charter only if the insured State bank receives the FDIC’s consent. Except as provided in paragraph (c)(2) of this section, the insured State bank should apply under §362.4(b)(1), submit any notice required under §362.4(b) (4) or (5), or comply with the provisions of §362.4(b) (3), (6), or (7) if applicable, to continue the activity.

(2) Exception for prior consent. If the FDIC had granted consent to the savings association under section 28 of the Federal Deposit Insurance Act (12 U.S.C. 1831(e)) prior to the time the savings association converted its charter, the insured State bank may continue the activities without providing notice or making application to the FDIC, provided that the bank and its subsidiary as applicable are in compliance with:

(i) The terms of the FDIC approval order; and

(ii) The provisions of §362.4(c)(2), (d), and (e) regarding operating as an “eligible subsidiary”, “investment and transaction limits”, and “capital requirements”.

(3) Divestiture. An insured State bank that does not receive FDIC consent shall divest of the nonconforming investment as soon as practical but in no event later than two years from the date of charter conversion.

§362.8 Restrictions on activities of insured state nonmember banks affiliated with certain securities companies.

(a) The FDIC has found that an unrestricted affiliation between an insured state nonmember bank and certain companies may have adverse effects on the safety and soundness of insured state nonmember banks. This subpart contains the required prudential separations between certain securities underwriting affiliates and insured state nonmember banks. The standards only will apply to affiliates of insured state nonmember banks that are not controlled by an entity that is supervised by a federal banking agency.

[66 FR 1028, Jan. 5, 2001]

§362.7 Definitions.

For the purposes of this subpart, the following definitions apply:

(a) Affiliate has the same meaning contained in section 3 of the Federal Deposit Insurance Act (12 U.S.C. 1813).

(b) Activity, company, control, equity security, insured state nonmember bank, security and subsidiary have the same meaning as provided in subpart A of this part.

requirement shall not be construed to prohibit the bank and its affiliate from sharing the same facility if the area where the affiliate conducts retail sales activity with the public is physically distinct from the routine deposit taking area of the bank;

(2) The affiliate conducts business pursuant to independent policies and procedures designed to inform customers and prospective customers of the affiliate that the affiliate is a separate organization from the bank and the state-chartered depository institution is not responsible for and does not guarantee the obligations of the affiliate;

(3) The bank adopts policies and procedures, including appropriate limits on exposure, to govern its participation in financing transactions underwritten by an underwriting affiliate;

(4) The bank does not express an opinion on the value or the advisability of the purchase or sale of securities underwritten or dealt in by an affiliate unless it notifies the customer that the entity underwriting, making a market, distributing or dealing in the securities is an affiliate of the bank; and

(5) The bank complies with the investment and transaction limitations in sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 371c–1) with respect to the affiliate.

[66 FR 1028, Jan. 5, 2001]

Subpart C—Activities of Insured State Savings Associations

§ 362.9 Purpose and scope.

(a) This subpart, along with the notice and application procedures in subpart H of part 303 of this chapter, implements the provisions of section 28(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831e(a)) that restrict and prohibit insured state savings associations and their service corporations from engaging in activities and investments of a type that are not permissible for a Federal savings association and their service corporations. This subpart also implements the provision of section 28(d) of the Federal Deposit Insurance Act (12 U.S.C. 1831e(d)) that restricts state and federal savings associations from investing in certain corporate debt securities. The phrase “activity permissible for a Federal savings association” means any activity authorized for a Federal savings association under any statute including the Home Owners’ Loan Act (HOLA) (12 U.S.C. 1461 et seq.), as well as activities recognized as permissible for a Federal savings association in regulations issued by the Office of the Comptroller of the Currency (OCC) or in bulletins, orders or written interpretations issued by the OCC, or by the former Office of Thrift Supervision until modified, terminated, set aside, or superseded by the OCC.

(b) This subpart does not cover the following activities:

(1) Activities conducted by the insured state savings association other than “as principal”, defined for purposes of this subpart as activities conducted as agent for a customer, conducted in a brokerage, custodial, advisory, or administrative capacity, or conducted as trustee, or in any substantially similar capacity. For example, this subpart does not cover acting solely as agent for the sale of insurance, securities, real estate, or travel services; nor does it cover acting as trustee, providing personal financial planning advice, or safekeeping services.

(2) Interests in real estate in which the real property is used or intended in good faith to be used within a reasonable time by an insured savings association or its service corporations as offices or related facilities for the conduct of its business or future expansion of its business or used as public welfare investments of a type and in an amount permissible for Federal savings associations.

(3) Equity investments acquired in connection with debts previously contracted (DPC) if the insured savings association or its service corporation takes only such actions as would be permissible for a Federal savings association’s or its service corporation’s DPC holdings.

(c) The FDIC intends to allow insured state savings associations and their service corporations to undertake only safe and sound activities and investments that do not present significant risks to the Deposit Insurance Fund.
and that are consistent with the purposes of Federal deposit insurance and other applicable law. This subpart does not authorize any insured state savings association to make investments or conduct activities that are not authorized or that are prohibited by either Federal or state law.

§ 362.10 Definitions.

For the purposes of this subpart, the definitions provided in §362.2 apply. Additionally, the following definitions apply to this subpart:

(a) **Affiliate** has the same meaning as provided in subpart B of this part.

(b) **Corporate debt securities not of investment grade** means any corporate debt security that when acquired was not rated among the four highest rating categories by at least one nationally recognized statistical rating organization. The term shall not include any obligation issued or guaranteed by a corporation that may be held by a Federal savings association without limitation as to percentage of assets under subparagraphs (D), (E), or (F) of section 5(c)(1) of HOLA (12 U.S.C. 1464(c)(1) (D), (E), (F)).

(c) **Insured state savings association** means any state-chartered savings association insured by the FDIC.

(d) **Qualified affiliate** means, in the case of a stock insured state savings association, an affiliate other than a subsidiary or an insured depository institution. In the case of a mutual savings association, “qualified affiliate” means a subsidiary other than an insured depository institution provided that all of the savings association’s investments in, and extensions of credit to, the subsidiary are deducted from the savings association’s capital.

(e) **Service corporation** means any corporation the capital stock of which is available for purchase by savings associations.

§ 362.11 Activities of insured savings associations.

(a) **Equity investments**—(1) **Prohibited investments.** No insured state savings association may directly acquire or retain as principal any equity investment of a type, or in an amount, that is not permissible for a Federal savings association unless the exception in paragraph (a)(2) of this section applies.

(2) **Exception: Equity investment in service corporations.** An insured state savings association that is and continues to be in compliance with the applicable capital standards as prescribed by the appropriate Federal banking agency may acquire or retain an equity investment in a service corporation:

(i) Not permissible for a Federal savings association to the extent the service corporation is engaging in activities that are allowed pursuant to the provisions of or an application under §362.12(b); or

(ii) Of a type permissible for a Federal savings association, but in an amount exceeding the investment limits applicable to Federal savings associations, if the insured state savings association obtains the FDIC’s prior consent. Consent will be given only if the FDIC determines that the amount of the investment in a service corporation engaged in such activities does not present a significant risk to the Deposit Insurance Fund. Applications should be filed in accordance with §303.141 of this chapter and will be processed under §303.142(b) of this chapter. Approvals granted under §303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from significant risk, to prevent unsafe or unsound practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law.

(b) **Activities other than equity investments**—(1) **Prohibited activities.** An insured state savings association may not directly engage as principal in any activity, that is not an equity investment, of a type not permissible for a Federal savings association, and an insured state savings association shall not make nonresidential real property loans in an amount exceeding that described in section 5(c)(2)(B) of HOLA (12 U.S.C. 1464(c)(2)(B)), unless one of the exceptions in paragraph (b)(2) of this section applies. This section shall not
§ 362.11

be read to require the divestiture of any asset (including a nonresidential real estate loan), if the asset was acquired prior to August 9, 1989; however, any activity conducted with such asset must be conducted in accordance with this subpart. On and after July 21, 2012, an insured savings association directly or through a subsidiary (other than, in the case of a mutual savings association, a subsidiary that is a qualified affiliate), shall not acquire or retain a corporate debt security unless the savings association, prior to acquiring the security and periodically thereafter, determines that the issuer of the security has adequate capacity to meet all financial commitments under the security for the projected life of the security. Saving associations have until January 1, 2013 to come into compliance with this treatment of corporate debt securities. 

(2) Exceptions—(i) Consent obtained through application. An insured state savings association that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may directly conduct activities prohibited by paragraph (b)(1) of this section if the savings association obtains the FDIC’s prior consent. Consent will be given only if the FDIC determines that conducting the activity designated poses no significant risk to the Deposit Insurance Fund. Applications should be filed in accordance with § 303.141 of this chapter and the FDIC will process the application without objection under § 303.142(a) of this chapter. Consent will be given only if the FDIC determines that engaging in such lending in the amount designated poses no significant risk to the Deposit Insurance Fund.

(ii) Nonresidential realty loans permissible for a Federal savings association conducted in an amount not permissible. An insured state savings association that meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency may make nonresidential real property loans in an amount exceeding the amount described in section 5(c)(2)(B) of HOLA, if the savings association files a notice in compliance with § 303.141 of this chapter and the FDIC processes the notice without objection under § 303.142(a) of this chapter. Consent will be given only if the FDIC determines that engaging in such lending in the amount designated poses no significant risk to the Deposit Insurance Fund.

(iii) Acquiring and retaining adjustable rate and money market preferred stock. (A) An insured state savings association’s investment of up to 15 percent of the association’s tier one capital in adjustable rate preferred stock or money market (auction rate) preferred stock does not represent a significant risk to the Deposit Insurance Fund. An insured state savings association may conduct this activity without first obtaining the FDIC’s consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(B) An insured state savings association may acquire or retain other instruments of a type determined by the FDIC to have the character of debt securities and not to represent a significant risk to the Deposit Insurance Fund. Such instruments shall be included in the 15 percent of tier one capital limit imposed in paragraph (b)(2)(iii)(A) of this section. An insured state savings association may conduct this activity without first obtaining the FDIC’s consent, provided that the association meets and continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(3) Activities permissible for a Federal savings association conducted in an
§ 362.12 Service corporations of insured State savings associations.

(a) Prohibition. A service corporation of an insured state savings association may not engage in any activity that is not permissible for a service corporation of a Federal savings association, unless it meets one of the exceptions in paragraph (b) of this section.

(b) Exceptions—(1) Consent obtained through application. A service corporation of an insured state savings association may conduct activities prohibited by paragraph (a) of this section if the savings association obtains the FDIC’s prior written consent and the insured state savings association meets and continues to meet the applicable capital standards set by the appropriate Federal banking agency. Consent will be given only if the FDIC determines that the activity poses no significant risk to the Deposit Insurance Fund. Applications for consent should be filed in accordance with §303.141 of this chapter and will be processed under §303.142(b) of this chapter. Approvals granted under §303.142(b) of this chapter may be made subject to any conditions or restrictions found by the FDIC to be necessary to protect the Deposit Insurance Fund from risk, to prevent unsafe or unsound banking practices, and/or to ensure that the activity is consistent with the purposes of Federal deposit insurance and other applicable law. The activities covered by this paragraph may include, but are not limited to, acquiring and retaining equity securities of a company engaged in the public sale distribution or underwriting of securities.

(2) Service corporations conducting unrestricted activities. The FDIC has determined that the following activities do not represent a significant risk to the Deposit Insurance Fund:

(i) A service corporation of an insured state savings association may acquire and retain equity securities of a company engaged in the public sale distribution or underwriting of securities.

(ii) A service corporation of an insured state savings association may acquire and retain equity securities of a company engaged in the following activities, if the service corporation controls the company or the company is controlled by insured depository institutions, and the association continues to meet the applicable capital standards as prescribed by the appropriate Federal banking agency. The FDIC consents that such activity may be conducted by a service corporation of an insured state savings association without first obtaining the FDIC’s consent. The fact that prior consent is not required by this subpart does not preclude the FDIC from taking any appropriate action with respect to the activities if the facts and circumstances warrant such action.

(A) Equity securities of a company that engages in permissible activities. A service corporation may own the equity securities of a company that engages in any activity permissible for a Federal savings association.

(B) Equity securities of a company that acquires and retains adjustable-rate and money market preferred stock. A service corporation may own the equity securities of a company that engages in any activity permissible for an insured state savings association under §362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(ii)(B), paragraph (b)(2)(iv) of this section, and §362.11(b)(2)(iii) in the aggregate do not exceed the limit set by §362.11(b)(2)(iii).
(C) Equity securities of a company acting as an insurance agency. A service corporation may own the equity securities of a company that acts as an insurance agency.

(iii) Activities that are not conducted “as principal”. A service corporation controlled by the insured state savings association may engage in activities which are not conducted “as principal” such as acting as an agent for a customer, acting in a brokerage, custodial, advisory, or administrative capacity, or acting as trustee, or in any substantially similar capacity.

(iv) Acquiring and retaining adjustable-rate and money market preferred stock. A service corporation may engage in any activity permissible for an insured state savings association under §362.11(b)(2)(iii) so long as instruments held under this paragraph (b)(2)(iv), paragraph (b)(2)(ii)(B) of this section, and §362.11(b)(2)(iii) in the aggregate do not exceed the limit set by §362.11(b)(2)(iii).

(3)–(4) [Reserved]

(c) Investment and transaction limits. The restrictions detailed in §362.4(d) apply to transactions between an insured state savings association and any service corporation engaging in activities which are not permissible for a service corporation of a Federal savings association if specifically required by this part or FDIC order. For purposes of applying the investment limits in §362.4(d)(2), the term “investment” includes only those items described in §362.4(d)(2)(i)(A)(3) and (4). For purposes of applying §362.4(d)(2), (3), and (4) to this paragraph (c), references to the terms “insured State bank” and “subsidiary” in §362.4(d)(2), (3), and (4), shall be deemed to refer, respectively, to the insured state savings association and the service corporation. For purposes of applying §362.4(d)(5), references to the terms “insured State bank” and “subsidiary” in §362.4(d)(5) shall be deemed to refer, respectively, to the insured state savings association and the service corporations or subsidiaries.

(d) Capital requirements. If specifically required by this part or by FDIC order, an insured state savings association that wishes to conduct as principal activities through a service corporation which are not permissible for a service corporation of a Federal savings association must:

(1) Be well-capitalized after deducting from its capital any investment in the service corporation, both equity and debt.

(2) Use such regulatory capital amount for the purposes of the insured state savings association’s assessment risk classification under part 327 of this chapter.

§ 362.13 Approvals previously granted.

FDIC consent by order or notice. An insured state savings association that previously filed an application and obtained the FDIC’s consent to engage in an activity or to acquire or retain an investment in a service corporation engaging as principal in an activity or acquiring and retaining any investment that is prohibited under this subpart may continue that activity or retain that investment without seeking the FDIC’s consent, provided the insured state savings association and the service corporation, if applicable, continue to meet the conditions and restrictions of approval. An insured state savings association which was granted approval based on conditions which differ from the requirements of §§362.4(c)(2) and 362.12 (c) and (d) will be considered to meet the conditions and restrictions of the approval if the insured state savings association and any applicable service corporation meet the requirements of §§362.4(c)(2) and 362.12 (c) and (d). For the purposes of applying §362.4(c)(2), references to the terms “eligible subsidiary” and “subsidiary” in §362.4(c)(2) shall be deemed to refer, respectively, to the eligible service corporation and the service corporation.

Subpart D—Acquiring, Establishing, or Conducting New Activities Through a Subsidiary by an Insured Savings Association

§ 362.14 Purpose and scope.

This subpart implements section 18(m) of the Federal Deposit Insurance...
Federal Deposit Insurance Corporation § 362.17

Act (12 U.S.C. 1828(m)) which requires that prior notice be given the FDIC when an insured savings association establishes or acquires a subsidiary or engages in any new activity in a subsidiary. For the purposes of this subpart, the term “subsidiary” does not include any insured depository institution as that term is defined in the Federal Deposit Insurance Act. Unless otherwise indicated, the definitions provided in §362.2 apply to this subpart.

§ 362.15 Acquiring or establishing a subsidiary; conducting new activities through a subsidiary.

No state or Federal insured savings association may establish or acquire a subsidiary, or conduct any new activity through a subsidiary, unless it files a notice in compliance with §303.142(c) of this chapter at least 30 days prior to establishment of the subsidiary or commencement of the activity and the FDIC does not object to the notice. This requirement does not apply to any Federal savings bank that was chartered prior to October 15, 1982, as a savings bank under State law or any savings association that acquired its principal assets from such an institution.

Subpart E—Financial Subsidiaries of Insured State Nonmember Banks

SOURCE: 66 FR 1029, Jan. 5, 2001, unless otherwise noted.

§ 362.16 Purpose and scope.

(a) This subpart, along with the notice and application procedures in subpart G of part 303 of this chapter, implements section 46 of the Federal Deposit Insurance Act (12 U.S.C. 1831w) and requires that an insured state nonmember bank certify certain facts and file a notice with the FDIC before the insured state nonmember bank may control or hold an interest in a financial subsidiary under section 46(a) of the Federal Deposit Insurance Act. This subpart also implements the statutory Community Reinvestment Act (CRA) (12 U.S.C. 2901 et seq.) requirement set forth in subsection (4)(l)(2) of the Bank Holding Company Act (12 U.S.C. 1844(l)(2)), which is applicable to state nonmember banks that conduct new activities through a financial subsidiary or directly or indirectly acquire control of a company engaged in an activity under section 46(a).

(b) This subpart does not cover activities conducted other than “as principal”. For purposes of this subpart, activities conducted other than “as principal” are defined as activities conducted as agent for a customer, conducted in a brokerage, custodial, advisory, or administrative capacity, or conducted as trustee, or in any substantially similar capacity. For example, this subpart does not cover acting solely as agent for the sale of insurance, securities, real estate, or travel services; nor does it cover acting as trustee, providing personal financial planning advice, or safekeeping services.

§ 362.17 Definitions.

For the purposes of this subpart, the following definitions will apply:

(a) Activity, company, control, insured depository institution, insured state bank, insured state nonmember bank and subsidiary have the same meaning as provided in subpart A of this part.

(b) Affiliate has the same meaning provided in subpart B of this part.

(c) Financial subsidiary means any company that is controlled by one or more insured depository institutions other than:

(1) A subsidiary that only engages in activities that the state nonmember bank is permitted to engage in directly and that are conducted on the same terms and conditions that govern the conduct of the activities by the state nonmember bank; or

(2) A subsidiary that the state nonmember bank is specifically authorized to control by the express terms of a federal statute (other than section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w)), and not by implication or interpretation, such as the Bank Service Company Act (12 U.S.C. 1861 et seq.).

(d) Tangible equity and Tier 2 capital have the same meaning as set forth in part 325 of this chapter or part 324 of this chapter, as applicable.

(e) Well-managed means:

(1) Unless otherwise determined in writing by the appropriate federal...
§ 362.18 Financial subsidiaries of insured state nonmember banks.

(a) "As principal" activities. An insured state nonmember bank may not obtain control of or hold an interest in a financial subsidiary that engages in activities as principal or commence any such new activity pursuant to section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) unless the insured state nonmember bank files a notice containing the information required in §303.121(b) of this chapter and certifies that:

(1) The insured state nonmember bank is well-managed;

(2) The insured state nonmember bank and all of its insured depository institution affiliates are well-capitalized as defined in the appropriate capital regulation and guidance of each institution’s primary federal regulator; and

(3) The insured state nonmember bank will deduct the aggregate amount of its outstanding equity investment, including retained earnings, in all financial subsidiaries that engage in activities as principal pursuant to section 46(a) of the Federal Deposit Act (12 U.S.C. 1831w(a)), from the bank’s total assets and tangible equity and deduct such investment from its total risk-based capital (this deduction shall be made equally from tier 1 and tier 2 capital) or from common equity tier 1 capital in accordance with 12 CFR part 324, subpart C, as applicable.

(b) Community Reinvestment Act (CRA). An insured state nonmember bank may not commence any new activity subject to section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) or directly or indirectly acquire control of a company engaged in any such activity pursuant to §362.18(a)(1), if the bank or any of its insured depository institution affiliates received a CRA rating of less than “satisfactory record of meeting community credit needs” in its most recent CRA examination.

(c) Other requirements. An insured state nonmember bank controlling or holding an interest in a financial subsidiary under section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) must meet and continue to meet the requirements set forth in paragraph (a) of this section as long as the insured state nonmember bank holds the financial subsidiary and:

(1) Disclose and continue to disclose the capital separation required in paragraph (a)(3) in any published financial statements;

(2) Comply and continue to comply with sections 23A and 23B of the Federal Reserve Act (12 U.S.C. 371c and 371c–1) as if the subsidiary were a financial subsidiary of a national bank; and

(3) Comply and continue to comply with the financial and operational standards provided by section 5136A(d) of the Revised Statutes of the United States (12 U.S.C. 24A(d)), unless otherwise determined by the FDIC.

(d) Securities underwriting. If the financial subsidiary of the insured state nonmember bank will engage in the public sale, distribution or underwriting of stocks, bonds, debentures, notes, or other securities activity of a type permissible for a national bank only through a financial subsidiary, then the state nonmember bank and the financial subsidiary also must comply and continue to comply with the following additional requirements:

(1) The securities business of the financial subsidiary must be physically separate and distinct in its operations from the operations of the bank, provided that this requirement shall not be construed to prohibit the bank and its financial subsidiary from sharing...
Federal Deposit Insurance Corporation § 362.18

the same facility if the area where the financial subsidiary conducts securities business with the public is physically distinct from the routine deposit taking area of the bank;

(2) The financial subsidiary must conduct its securities business pursuant to independent policies and procedures designed to inform customers and prospective customers of the financial subsidiary that the financial subsidiary is a separate organization from the insured state nonmember bank and that the insured state nonmember bank is not responsible for and does not guarantee the obligations of the financial subsidiary;

(3) The bank must adopt policies and procedures, including appropriate limits on exposure, to govern its participation in financing transactions underwritten by its financial subsidiary; and

(4) The bank must not express an opinion on the value or the advisability of the purchase or sale of securities underwritten or dealt in by its financial subsidiary unless the bank notifies the customer that the entity underwriting, making a market, distributing or dealing in the securities is a financial subsidiary of the bank.

(e) Applications for exceptions to certain requirements. Any insured state nonmember bank that is unable to comply with the well-managed requirement of §362.18(a)(1) and (c)(1), any state nonmember bank that has appropriate reasons for not meeting the financial subsidiary requirements unless the bank notifies the customer that the entity underwriting, making a market, distributing or dealing in the securities is a financial subsidiary of the bank.

(f) Failure to meet requirements—(1) Notification by FDIC. The FDIC will notify the insured state nonmember bank in writing and identify the areas of non-compliance, if:

(i) The FDIC finds that an insured state nonmember bank or any of its insured depository institution affiliates is not in compliance with the CRA requirement of §362.18(b) at the time any new activity is commenced or control of the financial subsidiary is acquired;

(ii) The FDIC finds that the facts to which an insured state nonmember bank certified under §362.18(a) are not accurate in whole or in part; or

(iii) The FDIC finds that the insured state nonmember bank or any of its insured depository institution affiliates or the financial subsidiary fails to meet or continue to comply with the requirements of §362.18(c) and (d), if applicable, and the FDIC has not granted an exception under the procedures set forth in §362.18(e) and in §303.122(b) of this chapter.

(2) Notification by state nonmember bank. An insured state nonmember bank that controls or holds an interest in a financial subsidiary must promptly notify the FDIC if the bank becomes aware that any depository institution affiliate of the bank has ceased to be well-capitalized.

(3) Subsequent action by FDIC. The FDIC may take any appropriate action or impose any limitations, including requiring that the insured state nonmember bank to divest control of any such financial subsidiary, on the conduct or activities of the insured state nonmember bank or any financial subsidiary of the insured state bank that fails to:

(i) Meet the requirements listed in §362.18(a) and (b) at the time that any new section 46 activity is commenced or control of a financial subsidiary is acquired by an insured state nonmember bank; or

(ii) Meet and continue to meet the requirements listed in §362.18(c) and (d), as applicable.

(g) Coordination with section 24 of the Federal Deposit Insurance Act—(1) Continuing authority under section 24. Notwithstanding §362.18(a) through (f), an insured state bank may retain its interest in any subsidiary:

(i) That was conducting a financial activity with authorization in accordance with section 24 of the Federal Deposit Insurance Act (12 U.S.C. 1831a)
and the applicable implementing regulation found in subpart A of this part 362 before the date on which any such activity became for the first time permissible for a financial subsidiary of a national bank; and

(ii) Which insured state nonmember bank and its subsidiary continue to meet the conditions and restrictions of the section 24 order or regulation approving the activity as well as other applicable law.

(2) Continuing authority under section 24(f) of the Federal Deposit Insurance Act. Notwithstanding §362.18(a) through (f), an insured state bank with authority under section 24(f) of the Federal Deposit Insurance Act (12 U.S.C. 1831a(f)) to hold equity securities may continue to establish new subsidiaries to engage in that investment activity.

(3) Relief from conditions. Any state nonmember bank that meets the requirements of paragraph (g)(1) of this section or that is subject to section 46(b) of the Federal Deposit Insurance Act (12 U.S.C. 1831w(b)) may submit an application in compliance with §303.121 of this chapter and seek the consent of the FDIC under the procedure in §303.122(b) of this chapter for modification of any conditions or restrictions the FDIC previously imposed in connection with a section 24 order or regulation approving the activity.

(4) New financial subsidiaries. Notwithstanding subpart A of this part 362, an insured state bank may not, on or after November 12, 1999, acquire control of, or acquire an interest in, a financial subsidiary that engages in activities as principal or commences any new activity under section 46(a) of the Federal Deposit Insurance Act (12 U.S.C. 1831w) other than as provided in this section.

APPENDIX A TO PART 363—GUIDELINES AND INTERPRETATIONS

APPENDIX B TO PART 363—ILLUSTRATIVE MANAGEMENT REPORTS

AUTHORITY: 12 U.S.C. 1831m.

SOURCE: 74 FR 35745, July 20, 2009, unless otherwise noted.

§ 363.0 OMB control number.

The information collection requirements in this part have been approved by the Office of Management and Budget under OMB control number 3064–0113.

§ 363.1 Scope and definitions.

(a) Applicability. This part applies to any insured depository institution with respect to any fiscal year in which its consolidated total assets as of the beginning of such fiscal year are $500 million or more. The requirements specified in this part are in addition to any other statutory and regulatory requirements otherwise applicable to an insured depository institution.

(b) Compliance by subsidiaries of holding companies. (1) For an insured depository institution that is a subsidiary of a holding company, the audited financial statements requirement of §363.2(a) may be satisfied:

(i) For fiscal years ending on or before June 14, 2010, by audited consolidated financial statements of the top-tier or any mid-tier holding company.

(ii) For fiscal years ending on or after June 15, 2010, by audited consolidated financial statements of the top-tier or any mid-tier holding company provided that the consolidated total assets of the insured depository institution (or the consolidated total assets of all of the holding company’s insured depository institution subsidiaries, regardless of size, if the holding company owns or controls more than one insured depository institution) comprise 75 percent or more of the consolidated total assets of this top-tier or mid-tier holding company as of the beginning of its fiscal year.

(ii) For fiscal years ending on or after June 15, 2010, by audited consolidated financial statements of the top-tier or any mid-tier holding company provided that the consolidated total assets of the insured depository institution (or the consolidated total assets of all of the holding company’s insured depository institution subsidiaries, regardless of size, if the holding company owns or controls more than one insured depository institution) comprise 75 percent or more of the consolidated total assets of this top-tier or mid-tier holding company as of the beginning of its fiscal year.

(2) The other requirements of this part for an insured depository institution that is a subsidiary of a holding company may be satisfied by the top-tier or any mid-tier holding company if the insured depository institution meets the criterion specified in §363.1(b)(1) and if:
§ 363.2 Annual reporting requirements.

(a) Audited financial statements. Each insured depository institution shall prepare annual financial statements in accordance with GAAP, which shall be audited by an independent public accountant. The annual financial statements must reflect all material correcting adjustments necessary to conform with GAAP that were identified by the independent public accountant.

(b) Management report. Each insured depository institution annually shall prepare, as of the end of the institution’s most recent fiscal year, a management report that must contain the following:

(1) A statement of management’s responsibilities for preparing the institution’s annual financial statements, for establishing and maintaining an adequate internal control structure and procedures for financial reporting, and for complying with laws and regulations relating to safety and soundness that are designated by the FDIC and the appropriate Federal banking agency;

(2) An assessment by management of the insured depository institution’s compliance with such laws and regulations during such fiscal year. The assessment must state management’s conclusion as to whether the insured depository institution has complied with the designated safety and soundness laws and regulations during the fiscal year and disclose any noncompliance with these laws and regulations; and

(3) For an insured depository institution with consolidated total assets of $1 billion or more as of the beginning of such fiscal year, an assessment by management of the effectiveness of such internal control structure and procedures as of the end of such fiscal year that must include the following:
§ 363.3 Independent public accountant.

(a) Annual audit of financial statements. Each insured depository institution shall engage an independent public accountant to audit and report on its annual financial statements in accordance with generally accepted auditing standards or the PCAOB's auditing standards, if applicable, and section 37 of the Federal Deposit Insurance Act (12 U.S.C. 1831n). The scope of the audit engagement shall be sufficient to permit such accountant to determine and report whether the financial statements are presented fairly and in accordance with GAAP.

(b) Internal control over financial reporting. For each insured depository institution with total assets of $1 billion or more at the beginning of the institution's fiscal year, the independent public accountant who audits the institution's financial statements shall examine, attest to, and report separately on the assertion of management concerning the effectiveness of the institution's internal control structure and procedures for financial reporting. The attestation and report shall be made in accordance with generally accepted standards for attestation engagements.

§ 363.3

(i) A statement identifying the internal control framework used by management to evaluate the effectiveness of the insured depository institution's internal control over financial reporting;

(ii) A statement that the assessment included controls over the preparation of regulatory financial statements in accordance with regulatory reporting instructions including identification of such regulatory reporting instructions; and

(iii) A statement expressing management's conclusion as to whether the insured depository institution's internal control over financial reporting is effective as of the end of its fiscal year. Management must disclose all material weaknesses in internal control over financial reporting, if any, that it has identified that have not been remediated prior to the insured depository institution's fiscal year-end. Management is precluded from concluding that the institution's internal control over financial reporting is effective if there are one or more material weaknesses.

(c) Management report signatures. Subject to the criteria specified in §363.1(b):

(1) If the audited financial statements requirement specified in §363.2(a) is satisfied at the insured depository institution level and the management report requirement specified in §363.2(b) is satisfied in its entirety at the insured depository institution level, the management report must be signed by the chief executive officer and the chief accounting officer or chief financial officer of the insured depository institution;

(2) If the audited financial statements requirement specified in §363.2(a) is satisfied at the holding company level and the management report requirement specified in §363.2(b) is satisfied in its entirety at the holding company level, the management report must be signed by the chief executive officer and the chief accounting officer or chief financial officer of the holding company; and

(3) If the audited financial statements requirement specified in §363.2(a) is satisfied at the holding company level and (i) the management report requirement specified in §363.2(b) is satisfied at the holding company level and the remaining components of the management report are satisfied at the insured depository institution level, the management report must be signed by the chief executive officers and the chief accounting officers or chief financial officers of both the holding company and the insured depository institution and the management report must clearly indicate the level (institution or holding company) at which each of its components is being satisfied.

14For example, in the United States, the Committee of Sponsoring Organizations (COSO) of the Treadway Commission has published Internal Control—Integrated Framework, including an addendum on safeguarding assets. Known as the COSO report, this publication provides a suitable and available framework for purposes of management's assessment.
or the PCAOB’s auditing standards, if applicable. The accountant’s report must not be dated prior to the date of the management report and management’s assessment of the effectiveness of internal control over financial reporting. Notwithstanding the requirements set forth in applicable professional standards, the accountant’s report must include the following:

(1) A statement identifying the internal control framework used by the independent public accountant, which must be the same as the internal control framework used by management, to evaluate the effectiveness of the insured depository institution’s internal control over financial reporting;

(2) A statement that the independent public accountant’s evaluation included controls over the preparation of regulatory financial statements in accordance with regulatory reporting instructions including identification of such regulatory reporting instructions; and

(3) A statement expressing the independent public accountant’s conclusion as to whether the insured depository institution’s internal control over financial reporting is effective as of the end of its fiscal year. The report must disclose all material weaknesses in internal control over financial reporting that the independent public accountant has identified that have not been remediated prior to the insured depository institution’s fiscal year-end. The independent public accountant is precluded from concluding that the insured depository institution’s internal control over financial reporting is effective if there are one or more material weaknesses.

(c) Notice by accountant of termination of services. An independent public accountant performing an audit under this part who ceases to be the accountant for an insured depository institution shall notify the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor in writing of such termination within 15 days after the occurrence of such event, and set forth in reasonable detail the reasons for such termination. The written notice shall be filed at the place identified in §363.4(f).

(d) Communications with audit committee. In addition to the requirements for communications with audit committees set forth in applicable professional standards, the independent public accountant must report the following on a timely basis to the audit committee:

(1) All critical accounting policies and practices related to material items that the independent public accountant has discussed with management, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent public accountant, and

(3) Other written communications the independent public accountant has provided to management, such as a management letter or schedule of unadjusted differences.

(e) Retention of working papers. The independent public accountant must retain the working papers related to the audit of the insured depository institution’s financial statements and, if applicable, the evaluation of the institution’s internal control over financial reporting for seven years from the report release date, unless a longer period of time is required by law.

(f) Independence. The independent public accountant must comply with the independence standards and interpretations of the AICPA, the SEC, and the PCAOB. To the extent that any of the rules within any one of these independence standards (AICPA, SEC, and PCAOB) is more or less restrictive than the corresponding rule in the other independence standards, the independent public accountant must comply with the more restrictive rule.

(g) Peer reviews and inspection reports.

(1) Prior to commencing any services for an insured depository institution under this part, the independent public accountant must have received a peer review, or be enrolled in a peer review program, that meets acceptable guidelines. Acceptable peer reviews include peer reviews performed in accordance with the AICPA’s Peer Review Standards and inspections conducted by the PCAOB.
§ 363.4 Filing and notice requirements.

(a) Part 363 Annual Report. (1) Each insured depository institution shall file with each of the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor, two copies of its Part 363 Annual Report. A Part 363 Annual Report must contain audited comparative annual financial statements, the independent public accountant’s report thereon, a management report, and, if applicable, the independent public accountant’s attestation report on management’s assessment concerning the institution’s internal control structure and procedures for financial reporting as required by §§363.2(a), 363.3(a), 363.2(b), and 363.3(b), respectively.

(2) Subject to the criteria specified in §363.1(b), each insured depository institution with consolidated total assets of less than $1 billion as of the beginning of its fiscal year that is required to file, or whose parent holding company is required to file, management’s assessment of the effectiveness of internal control over financial reporting with the SEC or the appropriate Federal banking agency in accordance with section 404 of SOX must submit a copy of such assessment to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor with its Part 363 Annual Report as additional information. This assessment will not be considered part of the institution’s Part 363 Annual Report.

(b) Public availability. Except for the annual report in paragraph (a)(1) of this section and the peer reviews and inspection reports in §363.3(g), which shall be available for public inspection, the FDIC has determined that all other reports and notifications required by this part are exempt from public disclosure by the FDIC.

(c) Independent public accountant’s letters and reports. Except for the independent public accountant’s reports that are included in its Part 363 Annual Report, each insured depository institution shall file with the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor, a copy of any management letter or other report issued by its independent public accountant with respect to such institution and the services provided by such accountant pursuant to this part within 15 days after receipt. Such reports include, but are not limited to:

(1) Any written communication regarding matters that are required to be communicated to the audit committee (for example, critical accounting policies, alternative accounting treatments discussed with management, and any schedule of unadjusted differences),
(2) Any written communication of significant deficiencies and material weaknesses in internal control required by the AICPA’s or the PCAOB’s auditing standards;

(3) For institutions with total assets of less than $1 billion as of the beginning of their fiscal year that are public companies or subsidiaries of public companies that meet the criterion specified in §363.1(b)(1), any independent public accountant’s report on the audit of internal control over financial reporting required by section 404 of SOX and the PCAOB’s auditing standards; and

(4) For all institutions that are public companies or subsidiaries of public companies that meet the criterion specified in §363.1(b)(1), any independent public accountant’s written communication of all deficiencies in internal control over financial reporting that are of a lesser magnitude than significant deficiencies required by the PCAOB’s auditing standards.

(d) Notice of engagement or change of accountants. Each insured depository institution shall provide, within 15 days after the occurrence of any such event, written notice to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor of the engagement of an independent public accountant, or the resignation or dismissal of the independent public accountant previously engaged. The notice shall include a statement of the reasons for any such resignation or dismissal in reasonable detail.

(e) Notification of late filing. No extensions of time for filing reports required by §363.4 shall be granted. An insured depository institution that is unable to timely file all or any portion of its Part 363 Annual Report or any other report or notice required by §363.4 shall submit a written notice of late filing to the FDIC, the appropriate Federal banking agency, and any appropriate State bank supervisor. The notice shall disclose the institution’s inability to timely file all or specified portions of its Part 363 Annual Report or any other report or notice and the reasons therefore in reasonable detail. The late filing notice shall also state the date by which the report or notice will be filed. The written notice shall be filed on or before the deadline for filing the Part 363 Annual Report or any other report or notice, as appropriate.

(f) Place for filing. The Part 363 Annual Report, any written notification of late filing, and any other report or notice required by §363.4 should be filed as follows:

1. FDIC: Appropriate FDIC Regional or Area Office (Division of Supervision and Consumer Protection), i.e., the FDIC regional or area office in the FDIC region or area that is responsible for monitoring the institution or, in the case of a subsidiary institution of a holding company, the consolidated company. A filing made on behalf of several covered institutions owned by the same parent holding company should be accompanied by a transmittal letter identifying all of the institutions covered.

5. State bank supervisor: The filing office of the appropriate State bank supervisor.

§ 363.5 Audit committees.

(a) Composition and duties. Each insured depository institution shall establish an audit committee of its board of directors, the composition of which complies with paragraphs (a)(1), (2), and (3) of this section. The duties of the audit committee shall include the appointment, compensation, and oversight of the independent public accountant who performs services required under this part, and reviewing with management and the independent public accountant the basis for the reports issued under this part.

(1) Each insured depository institution with total assets of $1 billion or more as of the beginning of its fiscal year shall establish an independent audit committee of its board of directors, the members of which shall be outside directors who are independent of management of the institution.

(2) Each insured depository institution with total assets of $500 million or
more but less than $1 billion as of the beginning of its fiscal year shall establish an audit committee of its board of directors, the members of which shall be outside directors, the majority of whom shall be independent of management of the institution. The appropriate Federal banking agency may, by order or regulation, permit the audit committee of such an insured depository institution to be made up of less than a majority of outside directors who are independent of management. If the agency determines that the institution has encountered hardships in retaining and recruiting a sufficient number of competent outside directors to serve on the audit committee of the institution.

(b) Committees of large institutions. The audit committee of any insured depository institution with total assets of more than $3 billion as of the beginning of its fiscal year shall include members with banking or related financial management expertise, have access to its own outside counsel, and not include any large customers of the institution. If a large institution is a subsidiary of a holding company and relies on the audit committee of the holding company to comply with this rule, the holding company’s audit committee shall not include any members who are large customers of the subsidiary institution.

(c) Independent public accountant engagement letters. (1) In performing its duties with respect to the appointment of the institution’s independent public accountant, the audit committee shall ensure that engagement letters and any related agreements with the independent public accountant for services to be performed under this part do not contain any limitation of liability provisions that:

(i) Indemnify the independent public accountant against claims made by third parties;

(ii) Hold harmless or release the independent public accountant from liability for claims or potential claims that might be asserted by the client insured depository institution, other than claims for punitive damages; or

(iii) Limit the remedies available to the client insured depository institution.

(2) Alternative dispute resolution agreements and jury trial waiver provisions are not precluded from engagement letters provided that they do not incorporate any limitation of liability provisions set forth in paragraph (c)(1) of this section.

INTRODUCTION

Congress added section 36, "Early Identification of Needed Improvements in Financial Management" (section 36), to the Federal Deposit Insurance Act (FDI Act) in 1991. The FDIC Board of Directors adopted 12 CFR part 363 of its rules and regulations (the Rule) to implement those provisions of section 36 that require rulemaking. The FDIC also approved these "Guidelines and Interpretations" (the Guidelines) and directed that they be published with the Rule to facilitate a better understanding of, and full compliance with, the provisions of section 36. Although not contained in the Rule itself, some of the guidance offered restates or refers to statutory requirements of section 36 and is therefore mandatory. If that is the case, the statutory provision is cited.

Furthermore, upon adopting the Rule, the FDIC reiterated its belief that every insured depository institution, regardless of its size or charter, should have an annual audit of its financial statements performed by an independent public accountant, and should establish an audit committee comprised entirely of outside directors.

The following Guidelines reflect the views of the FDIC concerning the interpretation of section 36. The Guidelines are intended to assist insured depository institutions (institutions), their boards of directors, and their advisors, including their independent public accountants and legal counsel, and to clarify section 36 and the Rule. It is recognized that reliance on the Guidelines may result in compliance with section 36 and the Rule which may vary from institution to institution. Terms which are not explained in the Guidelines have the meanings given them in the Rule, the FDI Act, or professional accounting and auditing literature.

SCOPE OF RULE AND DEFINITIONS (§363.1)

1. Measuring Total Assets. To determine whether this part applies, an institution should use total assets as reported on its most recent Report of Condition (Call Report) or Thrift Financial Report (TFR), the date of which coincides with the end of its preceding fiscal year. If its fiscal year ends on a date other than the end of a calendar quarter, it should use Call Report or TFR for the quarter end immediately preceding the end of its fiscal year.

2. Insured Branches of Foreign Banks. Unlike other institutions, insured branches of foreign banks are not separately incorporated or capitalized. To determine whether this part applies, an insured branch should measure claims on non-related parties reported on its Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (form FFIEC 002).

3. Compliance by Holding Company Subsidiaries. Audited consolidated financial statements and other reports or notices required by this part that are submitted by a holding company for any subsidiary institution should be accompanied by a cover letter identifying all subsidiary institutions subject to part 363 that are included in the holding company’s submission. When submitting a Part 363 Annual Report, the cover letter should identify all subsidiary institutions subject to part 363 included in the consolidated financial statements and state whether the other annual report requirements (i.e., management’s statement of responsibilities, management’s assessment of compliance with designated safety and soundness laws and regulations, and, if applicable, management’s assessment of the effectiveness of internal control over financial reporting and the independent public accountant’s attestation report on management’s internal control assessment) are being satisfied for these institutions at the holding company level or at the institution level. An institution filing holding company consolidated financial statements as permitted by §363.1(b)(2) also may report on changes in its independent public accountant on a holding company basis. An institution that does not meet the criteria in §§363.1(b)(2) must satisfy the remaining provisions of this part on an individual institution basis and maintain its own audit committee. Subject to the criteria in §§363.1(b)(1) and (2), a multi-tiered holding company may satisfy all of the requirements of this part at the top-tier or any mid-tier holding company level.

4. Comparable Services and Functions. Services and functions will be considered “comparable” to those required by this part if the holding company:
   (a) Prepares reports used by the subsidiary institution to meet the requirements of this part;
   (b) Has an audit committee that meets the requirements of this part appropriate to its largest subsidiary institution; and
   (c) Prepares and submits management’s assessment of compliance with the Designated Laws and Regulations defined in guideline
that meets the criterion specified in §363.1(b)(1), and 90 days after the end of its fiscal year for an institution that is a public company or a subsidiary of a public company that meets the criterion specified in §363.1(b)(1), is not required to file a Part 363 Annual Report for the last fiscal year of its existence.

7. **Insured Branches of Foreign Banks.** An insured branch of a foreign bank should satisfy the financial statements requirement by filing one of the following for each of its two most recent fiscal years:

(a) Audited balance sheets, disclosing information about financial instruments with off-balance-sheet risk;

(b) Schedules RAL and L of form FFIEC 002, prepared and audited on the basis of the instructions for its preparation; or

(c) With written approval of the appropriate Federal banking agency, consolidated financial statements of the parent bank.

8. **Management Report.** Management should perform its own investigation and review of compliance with the Designated Laws and Regulations. The designated laws and regulations are the Federal laws and regulations concerning loans to insiders and the Federal and, if applicable, State laws and regulations concerning dividend restrictions (the Designated Laws and Regulations). Table 1 to this Appendix A lists the designated Federal laws and regulations pertaining to insider loans and dividend restrictions (but not the State laws and regulations pertaining to dividend restrictions) that are applicable to each type of institution.

9. **Management’s Reports on Internal Control over Financial Reporting under Part 363 and Section 404 of SOX.** An institution with a chief executive officer under Part 363 and Section 404 of SOX. An institution with a chief executive officer.
Federal Deposit Insurance Corporation

Pt. 363, App. A

billion or more in total assets as of the beginning of its fiscal year that is subject to both part 363 and the SEC’s rules implementing section 404 of SOX (as well as a public holding company permitted under part 363.1(b)(2)) to file an internal control report on behalf of one or more subsidiary institutions with $1 billion or more in total assets); or either of the following two options for filing management’s report on internal control over financial reporting:

(i) Management can prepare two separate reports on the institution’s or the holding company’s internal control over financial reporting to satisfy the FDIC’s part 363 requirements and the SEC’s section 404 requirements; or

(ii) Management can prepare a single report on internal control over financial reporting provided that it satisfies all of the FDIC’s part 363 requirements and all of the SEC’s section 404 requirements.

8B. Internal Control Reports and Part 363 Annual Reports for Acquired Businesses. Generally, the FDIC expects management’s and the related independent public accountant’s report on an institution’s internal control over financial reporting to include controls at an institution in its entirety, including all of its consolidated entities. However, it may not always be possible for management to conduct an assessment of the internal control over financial reporting of an acquired business in the period between the consummation date of the acquisition and the due date of management’s internal control assessment.

(a) In such instances, the acquired business’s internal control structure and procedures for financial reporting may be excluded from management’s assessment report and the accountant’s attestation report on internal control over financial reporting. However, the FDIC expects management’s assessment report to identify the acquired business, state that the acquired business is excluded, and indicate the significance of this business to the institution’s consolidated financial statements. Notwithstanding management’s exclusion of the acquired business’s internal control from its assessment, management should disclose any material change to the institution’s internal control over financial reporting due to the acquisition of this business. Also, management may not omit the assessment of the acquired business’s internal control from more than one annual part 363 assessment report on internal control over financial reporting. When the acquired business’s internal control over financial reporting is excluded from management’s assessment, the independent public accountant may likewise exclude this acquired business’s internal control over financial reporting from the accountant’s evaluation of internal control over financial reporting.

(b) If the acquired business is or has a consolidated subsidiary that is an insured depository institution subject to part 363 and the institution is not merged out of existence before the deadline for filing its Part 363 Annual Report (120 days after the end of its fiscal year for an institution that is neither a public company nor a subsidiary of a public company that meets the criterion specified in §363.1(b)(1)), and 90 days after the end of its fiscal year for an institution that is a public company or a subsidiary of public company that meets the criterion specified in §363.1(b)(1), the acquired institution must continue to comply with all of the applicable requirements of part 363, including filling its Part 363 Annual Report.

9C. Management’s Disclosure of Noncompliance with the Designated Laws and Regulations. Management’s disclosure of noncompliance, if any, with the Designated Laws and Regulations should separately indicate the number of instances or frequency of noncompliance with the Federal laws and regulations pertaining to insider loans and the Federal (and, if applicable, State) laws and regulations pertaining to dividend restrictions. The disclosure is not required to specifically identify by name the individuals (e.g., officers or directors) who were responsible for or were the subject of any such noncompliance. However, the disclosure should include appropriate qualitative and quantitative information to describe the nature, type, and severity of the noncompliance and the dollar amount of the insider loan(s) or dividend(s) involved. Similar instances of noncompliance may be aggregated as to number of instances and quantified as to the dollar amounts or the range of dollar amounts of insider loans and/or dividends for which noncompliance occurred. Management may also wish to describe any corrective actions taken in response to the instances of noncompliance as well any controls or procedures that are being developed or that have been developed and implemented to prevent or detect and correct future instances of noncompliance on a timely basis.

9. Safeguarding of Assets. “Safeguarding of assets,” as the term relates to internal control policies and procedures regarding financial reporting and which has precedent in accounting and auditing literature, should be encompassed in the management report and the independent public accountant’s attestation discussed in guideline 18. Testing the existence of and compliance with internal controls on the management of assets, including loan underwriting and documentation, represents a reasonable implementation of section 36. The FDIC expects such internal controls to be encompassed by the assertion in the management report, but the term “safeguarding of assets” need not be specifically
stated. The FDIC does not require the accountant to attest to the adequacy of safeguards, but does require the accountant to determine whether safeguarding policies exist.15

10. Standards for Internal Control. The management of each insured depository institution with $1 billion or more in total assets as of the beginning of its fiscal year should base its assessment of the effectiveness of the institution’s internal control over financial reporting on a suitable, recognized control framework established by a body of experts that followed due-process procedures, including the broad distribution of the framework for public comment. In addition to being available to users of management’s reports, a framework is suitable only when it:

• Is free from bias;
• Permits reasonably consistent qualitative and quantitative measurements of an institution’s internal control over financial reporting;
• Is sufficiently complete so that those relevant factors that would alter a conclusion about the effectiveness of an institution’s internal control over financial reporting are not omitted; and
• Is relevant to an evaluation of internal control over financial reporting.

In the United States, Internal Control—Integrated Framework, including its addendum on safeguarding assets, which was published by the Committee of Sponsoring Organizations of the Treadway Commission, and is known as the COSO report, provides a suitable and recognized framework for purposes of management’s assessment. Other suitable frameworks have been published in other countries or may be developed in the future. Such other suitable frameworks may be used by management and the institution’s independent public accountant in assessments, attestations, and audits of internal control over financial reporting.

11. Service Organizations. Although service organizations should be considered in determining if internal control over financial reporting is effective, an institution’s independent public accountant, its management, and its audit committee should exercise independent judgment concerning that determination. Onsite reviews of service organizations may not be necessary to prepare the report required by the Rule, and the FDIC does not intend that the Rule establish any such requirement.

12. [Reserved]

13. General Qualifications. To provide audit and attest services to insured depository institutions, an independent public accountant should be registered or licensed to practice as a public accountant, and be in good standing, under the laws of the State or other political subdivision of the United States in which the home office of the institution (or the insured branch of a foreign bank) is located. As required by section 36(g)(3)(A)(i), the accountant must agree to provide copies of any working papers, policies, and procedures relating to services performed under this part.

15. Peer Review Guidelines. The following peer review guidelines are acceptable:

(a) The external peer review should be conducted by an organization independent of the accountant or firm being reviewed, as frequently as is consistent with professional accounting practices;

(b) The peer review (other than a PCAOB inspection) should be generally consistent with AICPA Peer Review Standards; and

(c) The review should include, if available, at least one audit on an insured depository institution or consolidated depository institution holding company.

16. [Reserved]

17. Information to be Provided to the Independent Public Accountant. Attention is directed to section 36(h) which requires institutions to provide specified information to their accountants. An institution also should provide its accountant with copies of any notice that the institution’s capital category is being changed or reclassified under section 36 of the FDI Act, and any correspondence from the appropriate Federal banking agency concerning compliance with this part.

18. Attestation Report and Management Letters. The independent public accountant should provide the institution with any management letter and, if applicable, an internal control attestation report (as required by section 36(c)(1)) at the conclusion of the audit. The independent public accountant’s attestation report on internal control over financial reporting must specifically include a statement as to regulatory reporting. If a holding company subsidiary relies on its holding company’s management report to satisfy the Part 363 Annual Report requirements, the accountant may attest to and report on the management’s assertions in one report, without reporting separately on each subsidiary covered by the Rule. The FDIC has determined that management letters are exempt from public disclosure.
that the independent public accountant’s attestation and report on management’s assertion concerning the effectiveness of an institution’s internal control structure and procedures for financial reporting shall be made in accordance with generally accepted standards for attestation engagements or the PCAOB’s auditing standards, if applicable. The independent public accountant should follow the institution’s independent public accountant concerning internal control over financial reporting for institutions with $1 billion or more in total assets can be summarized as follows:

1. For an insured institution that is neither a public company nor a subsidiary of a public company, its independent public accountant need only follow the AICPA’s attestation standards.

2. For an insured institution that is a public company that is required to comply with the auditor attestation requirement of section 404 of SOX, its independent public accountant should follow the PCAOB’s auditing standards.

3. For an insured institution that is a public company but is not required to comply with the auditor attestation requirement of section 404 of SOX, its independent public accountant is not required to follow the PCAOB’s auditing standards. In this case, the accountant need only follow the AICPA’s attestation standards.

4. For an insured institution that is a subsidiary of a public company that is required to comply with the auditor attestation requirement of section 404 of SOX, but is not itself a public company, the institution and its independent public accountant have flexibility in complying with the internal control requirements of part 363. If the conditions specified in §363.1(b)(2) are met, management and the independent public accountant may choose to perform internal control over financial reporting at the consolidated holding company level. In this situation, the independent public accountant’s work would be performed for the public company in accordance with the PCAOB’s auditing standards. Alternatively, the institution may choose to comply with the internal control reporting requirements of part 363 at the institution level and its independent public accountant could follow the AICPA’s attestation standards.

5. If an independent public accountant need only follow the AICPA’s attestation standards, the accountant and the insured institution may instead agree to have the institution’s internal control attestation performed under the PCAOB’s auditing standards.

20. Notice of Termination. The notice of termination required by §363.3(c) should state whether the independent public accountant agrees with the assertions contained in any notice filed by the institution under §363.4(d), and whether the institution’s notice discloses all relevant reasons for the accountant’s termination. Subject to the criteria specified in §363.1(b)(1) regarding compliance with the audited financial statements requirement at the holding company level, the independent public accountant for an insured depository institution that is a public company and files reports with the SEC, a subsidiary of a public company that files reports with the SEC, or is a subsidiary of a public company that files reports with the FDIC, may submit the letter it furnished to management concerning a change in accountant to satisfy the notice requirements of §363.3(c). Alternatively, if the independent public accountant confirms that management has filed a current report (e.g., SEC Form 8–K) concerning a change in accountant to satisfy the notice requirements of §363.4(d) and includes an independent public accountant’s letter that satisfies the requirements of §363.3(c), the independent public accountant may rely on the work of the independent public accountant to satisfy the notice requirements of §363.3(c).

21. Reliance on Internal Auditors. Nothing in this part or this Appendix is intended to preclude the ability of the independent public accountant to rely on the work of an institution’s internal auditor.

FILING AND NOTICE REQUIREMENTS (§363.4)

22. [Reserved]

23. Notification of Late Filing. (a) An institution’s submission of a written notice of late filing does not cure the requirement to timely file the Part 363 Annual Report or other reports or notices required by §363.4. An institution’s failure to timely file is considered an apparent violation of part 363.

(b) If the late filing notice submitted pursuant to §363.4(e) relates only to a portion of a Part 363 Annual Report or any other report or notice, the insured depository institution should file the other components of the report or notice within the prescribed filing period together with a cover letter that indicates which components of its Part 363 Annual Report or other report or notice are omitted. An institution may combine the written late filing notice and the cover letter into a single notice that is submitted together with the other components of the report or notice that are being timely filed.
24. **Public Availability.** Each institution’s Part 363 Annual Report should be available for public inspection at its main and branch offices no later than 15 days after it is filed with the FDIC. Alternatively, an institution may elect to mail one copy of its Part 363 Annual Report to any person who requests it. The Part 363 Annual Report should remain available to the public until the Part 363 Annual Report for the next year is available. An institution may use its Part 363 Annual Report under this part to meet the annual disclosure statement required by 12 CFR 350.3, if the institution satisfies all other requirements of 12 CFR Part 350.

25. **Reserved**

26. **Notices Concerning Accountants.** With respect to any selection, change, or termination of an independent public accountant, an institution’s management and audit committee should be familiar with the notice requirements in §363.4(d) and guideline 20, and management should send a copy of any notice required under §363.4(d) to the independent public accountant when it is filed with the FDIC. An insured depository institution that is a public company and files reports required under the Federal securities laws with its appropriate Federal banking agency, or is a subsidiary of a public company that files such reports with the SEC, may use its current report (e.g., SEC Form 8–K) concerning a change in accountant to satisfy the notice requirements of §363.4(d) subject to the criterion of §363.1(b)(1) regarding compliance with the audited financial statements requirement at the holding company level.

**AUDIT COMMITTEES (§363.5)**

27. **Composition.** The board of directors of each institution should determine whether each existing or potential audit committee member meets the requirements of section 36 and this part. To do so, the board of directors should maintain an approved set of written criteria for determining whether a director who is to serve on the audit committee is an outside director (as defined in §363.5(a)(3)) and is independent of management. At least annually, the board of each institution should determine whether each existing or potential audit committee member is an outside director. In addition, at least annually, the board of an institution with $1 billion or more in total assets as of the beginning of its fiscal year should determine whether all existing and potential audit committee members are “independent of management of the institution” and the board of an institution with total assets of $500 million or more but less than $1 billion as of the beginning of its fiscal year should determine whether the majority of all existing and potential audit committee members are “independent of management of the institution.” The minutes of the board of directors should contain the results of and the basis for its determinations with respect to each existing and potential audit committee member. Because an insured branch of a foreign bank does not have a separate board of directors, the FDIC will not apply the audit committee requirements to such branch. However, any such branch is encouraged to maintain an approved set of written criteria for selecting audit committee members that are generally consistent with the Rule’s requirements for an institution the size of the insured branch.

28. **“Independent of Management” Considerations.** It is not possible to anticipate, or explicitly provide for, all circumstances that might signal potential conflicts of interest in, or that might bear on, an outside director’s relationship to an insured depository institution and whether the outside director should be deemed “independent of management.” When assessing an outside director’s relationship with an institution, the board of directors should consider the issue not merely from the standpoint of the director himself or herself, but also from the standpoint of persons or organizations with which the director has an affiliation. These relationships can include, but are not limited to, commercial, banking, consulting, charitable, and family relationships. To assist boards of directors in fulfilling their responsibility to determine whether existing and potential members of the audit committee are “independent of management,” paragraphs (a) through (d) of this guideline provide guidance for making this determination.

(a) If an outside director, either directly or indirectly, owns or controls, or has owned or controlled within the preceding fiscal year, 10 percent or more of any outstanding class of voting securities of the institution, the institution’s board of directors should determine, and document its basis and rationale for such determination, whether such ownership of voting securities would interfere with the outside director’s exercise of independent judgment in carrying out the responsibilities of an audit committee member, including the ability to evaluate objectively the propriety of management’s accounting, internal control, and reporting policies and practices. Notwithstanding the criteria set forth in paragraphs (b), (c), and (d) of this guideline, if the board of directors determines that such ownership of voting securities would interfere with the outside director’s exercise of independent judgment, the outside director will not be considered “independent of management.”

(b) The following list sets forth additional criteria that, at a minimum, a board of directors should consider when determining whether an outside director is “independent of management.” The board of directors may conclude that additional criteria are also
revenue or services in an amount which, in any one or more periods of the last three fiscal years, exceeds the greater of $200 thousand, or 5 percent of such entity’s consolidated gross revenues. This would include payments made by the institution or any of its affiliates to not-for-profit entities where the director is an executive officer or where an immediate family member of the director is an executive officer.

8) For purposes of paragraph (b) of this guideline:

(i) An “immediate family member” includes a person’s spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares such person’s home.

(ii) The term affiliate of, or a person affiliated with, a specified person, means a person or entity that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(iii) The term indirect compensation for consulting, advisory, or other services includes the acceptance of a fee for such services by a director’s immediate family member or by an organization in which the director is a partner or principal that provides accounting, consulting, legal, investment banking, or financial advisory services to the institution, any of its subsidiaries, or any of its affiliates.

(iv) The terms direct and indirect compensation and payments do not include payments such as dividends arising solely from investments in the institution’s equity securities, provided the same per share amounts are paid to all shareholders of that class; interest income from investments in the institution’s deposit accounts and debt securities; loans from the institution that conform to all regulatory requirements applicable to such loans except that interest payments or other fees paid in association with such loans would be considered payments; and payments under non-discretionary charitable contribution matching programs.

(c) An insured depository institution that is a public company and a listed issuer (as defined in Rule 10A–3 of the Securities Exchange Act of 1934 (Exchange Act)), or is a subsidiary of a public company that meets the criterion specified in §363.1(b)(1) and is a listed issuer, may choose to use the definition of audit committee member independence set forth in the listing standards applicable to the public institution or its public company parent for purposes of determining whether an outside director is “independent of management.”

(d) All other insured depository institutions may choose to use the definition of audit committee member independence set forth in the listing standards of a national securities exchange that is registered with the SEC pursuant to section 6 of the Exchange Act or a national securities association that is registered with the SEC pursuant to section 15A(a) of the Exchange Act for...
purposes of determining whether an outside director is "independent of management."

29. [Reserved]

30. Holding Company Audit Committees. (a) When an insured depository institution satisfies the requirements for the holding company exception specified in §§363.1(b)(1) and (2), the audit committee requirement of this part may be satisfied by the audit committee of the top-tier or any mid-tier holding company. Members of the audit committee of the holding company should meet all the membership requirements applicable to the largest subsidiary depository institution subject to part 363 and should perform all the duties of the audit committee of a subsidiary institution subject to part 363, even if the holding company directors are not directors of the institution.

(b) When an insured depository institution subsidiary with total assets of $1 billion or more as of the beginning of its fiscal year does not meet the requirements for the holding company exception specified in §§363.1(b)(1) and (2) or maintains its own separate audit committee to satisfy the requirements of this part, the members of the audit committee of the top-tier or any mid-tier holding company may serve on the audit committee of the subsidiary institution if they are otherwise independent of management of the subsidiary institution, and, if applicable, meet any other requirements for a large subsidiary institution covered by this part.

(c) When an insured depository institution with total assets of $500 million or more but less than $1 billion as of the beginning of its fiscal year does not meet the requirements for the holding company exception specified in §§363.1(b)(1) and (2) or maintains its own separate audit committee to satisfy the requirements of this part, the members of the audit committee of the top-tier or any mid-tier holding company may serve on the audit committee of the subsidiary institution if they are otherwise independent of management of the subsidiary institution, and, if applicable, meet any other requirements for a large subsidiary institution covered by this part.

(d) Officers and employees of a top-tier or any mid-tier holding company may not serve on the audit committee of a subsidiary institution subject to part 363.

31. Duties. The audit committee should perform all duties determined by the institution’s board of directors and it should maintain minutes and other relevant records of its meetings and decisions. The duties of the audit committee should be appropriate to the size of the institution and the complexity of its operations, and, at a minimum, should include the appointment, compensation, and oversight of the independent public accountant; reviewing with management and the independent public accountant the basis for their respective reports issued under §§363.2(a) and (b) and §§363.3(a) and (b); reviewing and satisfying itself as to the independent public accountant’s compliance with the required qualifications for independent public accountants set forth in §§363.3(c) and (g) and guidelines 10 through 16; ensuring that audit engagement letters comply with the provisions of §363.1(e) before engaging an independent public accountant; being familiar with the notice requirements in §363.4(d) and guideline 20 regarding the selection, change, or termination of an independent public accountant; and ensuring that management sends a copy of any notice required under §363.4(d) to the independent public accountant when it is filed with the FDIC. Appropriate additional duties could include:

(a) Reviewing with management and the independent public accountant the scope of services required by the audit, significant accounting policies, and audit conclusions regarding significant accounting estimates;

(b) Reviewing with management and the accountant their assessments of the effectiveness of internal control over financial reporting, and the resolution of identified material weaknesses and significant deficiencies in internal control over financial reporting, including the prevention or detection of management override or compromise of the internal control system;

(c) Reviewing with management the institution’s compliance with the Designated Laws and Regulations identified in guideline 7A;

(d) Discussing with management and the independent public accountant any significant disagreements between management and the independent public accountant; and

(e) Overseeing the internal audit function.

32. Banking or Related Financial Management Expertise. At least two members of the audit committee of a large institution shall have "banking or related financial management expertise" as required by section 36(g)(1)(C)(i). This determination is to be made by the board of directors of the insured depository institution. A person will be considered to have such required expertise if the person has significant executive, professional, educational, or regulatory experience in financial, auditing, accounting, or banking matters as determined by the board of directors. Significant experience as an officer or member of the board of directors or audit committee of a financial services company would satisfy these criteria. A person who has the attributes of an "audit committee financial expert" as set forth in the SEC's rules would also satisfy these criteria.

33. Large Customers. Any individual or entity (including a controlling person of any such entity) which, in the determination of the board of directors, has such significant direct or indirect credit or other relationships with the institution, the termination
of which likely would materially and adversely affect the institution’s financial condition or results of operations, should be considered a “large customer” for purposes of §363.5(b).

34. Access to Counsel. The audit committee should be able to retain counsel at its discretion without prior permission of the institution’s board of directors or its management. Section 36 does not preclude advice from the institution’s internal counsel or regular outside counsel. It also does not require retaining or consulting counsel, but if the committee elects to do either, it also may elect to consider issues affecting the counsel’s independence. Such issues would include whether to retain or consult only counsel not concurrently representing the institution or any affiliate, and whether to place limitations on any counsel representing the institution concerning matters in which such counsel previously participated personally and substantially as outside counsel to the committee.

35. Transition Period for Forming and Restructuring Audit Committees.
(a) When an insured depository institution’s total assets as of the beginning of its fiscal year are $500 million or more for the first time and it thereby becomes subject to part 363, no regulatory action will be taken if the institution (1) develops and approves a set of written criteria for determining whether a director who is to serve on the audit committee is an outside director and is independent of management and (2) forms or restructures its audit committee to comply with §363.5(a)(2) by the end of that fiscal year.
(b) When an insured depository institution’s total assets as of the beginning of its fiscal year are $1 billion or more for the first time, no regulatory action will be taken if the institution forms or restructures its audit committee to comply with §363.5(a)(1) by the end of that fiscal year, provided that the composition of its audit committee meets the requirements specified in §363.5(a)(2) at the beginning of that fiscal year, if such requirements were applicable.
(c) When an insured depository institution’s total assets as of the beginning of its fiscal year are $3 billion or more for the first time, no regulatory action will be taken if the institution forms or restructures its audit committee to comply with §363.5(b) by the end of that fiscal year, provided that the composition of its audit committee meets the requirements specified in §363.5(a)(1) at the beginning of that fiscal year, if such requirements were applicable.

### OTHER

36. Modifications of Guidelines. The FDIC’s Board of Directors has delegated to the Director of the FDIC’s Division of Supervision and Consumer Protection authority to make and publish in the Federal Register minor technical amendments to the Guidelines in this Appendix and the guidance and illustrative reports in Appendix B, in consultation with the other appropriate Federal banking agencies, to reflect the practical experience gained from implementation of this part. It is not anticipated any such modifications would be effective until affected institutions have been given reasonable advance notice of the modification. Any material modification or amendment will be subject to review and approval of the FDIC Board of Directors.

APPENDIX B TO PART 363—ILLUSTRATIVE MANAGEMENT REPORTS

TABLE OF CONTENTS

1. General
2. Reporting Scenarios for Institutions that are Holding Company Subsidiaries
3. Illustrative Statements of Management’s Responsibilities
4. Illustrative Reports on Management’s Assessment of Compliance with Designated Laws and Regulations
5. Illustrative Reports on Management’s Assessment of Internal Control Over Financial Reporting
7. Illustrative Cover Letter—Compliance by Holding Company Subsidiaries

1. General. The reporting scenarios, illustrative management reports, and the cover letter (when complying at the holding company level) in Appendix B to part 363 are intended to assist management of insured depository institutions in complying with the annual reporting requirements of §363.2 and guideline 3, Compliance by Holding Company Subsidiaries, of Appendix A to part 363. However, use of the illustrative management reports and cover letter is not required. The management of insured depository institutions are encouraged to tailor the wording of their management reports and cover letters to fit their particular circumstances, especially when reporting on material weaknesses in internal control over financial reporting or noncompliance with designated laws and regulations. Terms that are not explained in Appendix B have the meanings...
Federal Deposit Insurance Corporation

given them in part 363, the FDIC Act, or professional accounting and auditing literature. Instructions to the preparer of the management reports are shown in brackets within the illustrative report.

2. Reporting Scenarios for Institutions that are Holding Company Subsidiaries. (a) Subject to the criteria specified in §363.1(b), an insured depository institution that is a subsidiary of a holding company has flexibility in satisfying the reporting requirements of part 363. When reporting at the holding company level, the management report, or the individual components thereof, should identify those subsidiary institutions that are subject to part 363 and the extent to which they are included in the scope of the management report or a component of the report. The following reporting scenarios reflect how an insured depository institution that meets the criteria set forth in §363.1(b) could satisfy the annual reporting requirements of §363.2. Other reporting scenarios are possible.

(i) An institution that is a subsidiary of a holding company may satisfy the requirements for audited financial statements; management's statement of responsibilities; management's assessment of the institution's compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions; management's assertion as to the effectiveness of internal control over financial reporting, if applicable; and the independent public accountant's attestation on management's assertion as to the effectiveness of internal control over financial reporting, if applicable, at the insured depository institution level.

(ii) An institution that is a subsidiary of a holding company has flexibility in satisfying the reporting requirements of part 363. When reporting at the holding company level, the management report, or the individual components thereof, should identify those subsidiary institutions that are subject to part 363 and the extent to which they are included in the scope of the management report or a component of the report. The following reporting scenarios reflect how an insured depository institution that meets the criteria set forth in §363.1(b) could satisfy the annual reporting requirements of §363.2. Other reporting scenarios are possible.

(c) Financial statements prepared for regulatory reporting purposes encompass the schedules equivalent to the basic financial statements in an institution's appropriate regulatory report, e.g., the bank Consolidated Reports of Condition and Income (Call Report) and the Thrift Financial Report (TFR). Guideline 4A in Appendix A to part 363 identifies the schedules equivalent to the basic financial statements in the Call Report and TFR. When internal control assessments and attestations are performed at the holding company level, the FDIC believes that holding companies have flexibility in interpreting “financial reporting” as it relates to “regulatory reporting” and has not objected to several reporting approaches employed by holding companies to cover “regulatory reporting.” Certain holding companies have had management's assessment and the accountant's attestation cover the schedules equivalent to the basic financial statements that are included in the appropriate regulatory report, e.g., Call Report and the TFR, of each subsidiary institution subject to part 363. Other holding companies have had management's assessment and the accountant's attestation cover the schedules equivalent to...
Pt. 363, App. B

the basic financial statements that are included in the holding company’s year-end regulatory report (FR Y–9C report) to the Federal Reserve Board.

3. Illustrative Statements of Management’s Responsibilities. The following illustrative statements of management’s responsibilities satisfy the requirements of §363.2(b)(1).

(a) Statement Made at Insured Depository Institution Level

STATEMENT OF MANAGEMENT’S RESPONSIBILITIES

The management of ABC Depository Institution (the ‘‘Institution’’) is responsible for preparing the Institution’s annual financial statements in accordance with generally accepted accounting principles; for establishing and maintaining an adequate internal control structure and procedures for financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report]; and for complying with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions.

4. Illustrative Reports on Management’s Assessment of Compliance with Designated Laws and Regulations.

The following illustrative reports on management’s assessment of compliance with Designated Laws and Regulations satisfy the requirements of §363.2(b)(2).

(a) Statement Made at Insured Depository Institution Level—Compliance With Designated Laws and Regulations Pertaining to Insider Loans and Dividend Restrictions

MANAGEMENT’S ASSESSMENT OF COMPLIANCE WITH DESIGNATED LAWS AND REGULATIONS

The management of ABC Depository Institution (the ‘‘Institution’’) has assessed the Institution’s compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions during the fiscal year that ended on December 31, 20XX. Based upon its assessment, management has concluded that the Institution complied with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions during the fiscal year that ended on December 31, 20XX.

5. Illustrative Reports on Management’s Assessment of Internal Control Over Financial Reporting. The following illustrative reports on management’s assessment of internal control over financial reporting satisfy the requirements of §363.2(b)(3).

(a) Statement Made at Holding Company Level—No Material Weaknesses

MANAGEMENT’S ASSESSMENT OF INTERNAL CONTROL OVER FINANCIAL REPORTING

ABC Depository Institution’s (the “Institution”) internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, i.e., [specify the regulatory reports]. The Institution’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Institution; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, and that receipts and expenditures of the Institution are being made only in accordance with authorizations of management and directors of the Institution; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the Institution’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management is responsible for establishing and maintaining effective internal control over financial reporting including controls over the preparation of regulatory financial statements. Management assessed the effectiveness of the Institution’s internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, based on the framework set forth by the Committee on Sponsoring Organizations of the Treadway Commission in Internal Control—Integrated Framework. Based upon its assessment, management has concluded that, as of December 31, 20XX, the Institution’s internal control over financial reporting, including controls over
the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], is effective based on the criteria established in Internal Control—Integrated Framework.

Management’s assessment of the effectiveness of internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, has been audited by [name of auditing firm], an independent public accounting firm, as stated in their report dated March XX, 20XY.

(b) Management Report Made at Holding Company Level—Compliance With Designated Laws and Regulations Pertaining to Insider Loans and Dividend Restrictions and No Material Weaknesses in Internal Control Over Financial Reporting

MANAGEMENT REPORT

[Instruction]—The following illustrative introductory paragraph for the management report is applicable only if the same group of subsidiary institutions of the holding company that are subject to Part 363 are included in all three components of the management report required by Part 363: the statement of management’s responsibilities, the report on management’s assessment of compliance with the Designated Laws and Regulations pertaining to insider loans and dividend restrictions, and the report on management’s assessment of internal control over financial reporting.

In this management report, the following subsidiary institutions of the BCD Holding Company (the “Company”) that are subject to Part 363 are included in the statement of management’s responsibilities; the report on management’s assessment of compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions; and the report on management’s assessment of internal control over financial reporting: [Identify the subsidiary institutions.]

[Instruction]—The following illustrative introductory paragraph for the management report is applicable only if the same group of subsidiary institutions of the holding company that are subject to Part 363 are included in all three components of the management report required by Part 363: the statement of management’s responsibilities, the report on management’s assessment of compliance with the Designated Laws and Regulations pertaining to insider loans and dividend restrictions, but only some of the subsidiary institutions in the group are included in management’s assessment of internal control over financial reporting: [Identify the subsidiary institutions.]

In this management report, the following subsidiary institutions of BCD Holding Company (the “Company”) that are subject to Part 363 are included in the statement of management’s responsibilities and the report on management’s assessment of compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions: [Identify the subsidiary institutions.] In addition, the following subsidiary institutions of the Company that are subject to Part 363 are included in the report on management’s assessment of internal control over financial reporting: [Identify the subsidiary institutions.]
Statement of Management’s Responsibilities

The management of the Company is responsible for preparing the Company’s annual financial statements in accordance with generally accepted accounting principles; for establishing and maintaining an adequate internal control structure and procedures for financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report]; and for complying with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions.

Management’s Assessment of Compliance With Designated Laws and Regulations

The management of the Company has assessed the Company’s compliance with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions during the fiscal year that ended on December 31, 20XX. Based upon its assessment, management has concluded that the Company complied with the Federal laws and regulations pertaining to insider loans and the Federal and, if applicable, State laws and regulations pertaining to dividend restrictions during the fiscal year that ended on December 31, 20XX.

Management’s Assessment of Internal Control Over Financial Reporting

The Company’s internal control over financial reporting is a process effected by those charged with governance, management, and other personnel, designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of reliable financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, i.e., [specify the regulatory reports]. The Company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America and financial statements for regulatory reporting purposes, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention, or timely detection and correction of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent, or detect and correct misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

Management assessed the effectiveness of the Company’s internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, based on the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control—Integrated Framework. Based upon its assessment, management has concluded that, as of December 31, 20XX, the Company’s internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], is effective based on the criteria established in Internal Control—Integrated Framework.

Management’s assessment of the effectiveness of internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the instructions for the [specify the regulatory report], as of December 31, 20XX, has been audited by [name of auditing firm], an independent public accounting firm, as stated in their report dated March XX, 20XY.

III. Prohibition on Compensation That Constitutes an Unsafe and Unsound Practice.
A. Excessive compensation.
B. Compensation leading to material financial loss.

IV. Definitions.

A. Preservation of existing authority.

B. Definitions.

I. Introduction

1. Section 39 of the Federal Deposit Insurance Act (FDI Act) requires each Federal banking agency (collectively, the agencies) to establish certain safety and soundness standards by regulation or by guidelines for all insured depository institutions. Under section 39, the agencies must establish three types of standards: (1) Operational and managerial standards; (2) compensation standards; and (3) such standards relating to asset quality, earnings, and stock valuation as the agencies determine to be appropriate.

2. Section 39 requires the agencies to establish standards prohibiting as an unsafe and unsound practice any compensatory arrangements that would provide any executive officer, employee, director, or principal shareholder of the institution with excessive compensation, fees or benefits and any compensatory arrangement that could lead to material financial loss to an institution.

3. Section 39 also requires that the agencies establish standards that specify when compensation is excessive.

4. If an agency determines that an institution fails to meet any standard established by guidelines under subsection (a) or (b) of section 39, the agency may require the institution to submit to the agency an acceptable plan to achieve compliance with the standard. In the event that an institution fails to submit an acceptable plan within the time allowed by the agency or fails in any material respect to implement an accepted plan, the agency must, by order, require the institution to correct the deficiency. The agency may, and in some cases must, take other supervisory actions until the deficiency has been corrected.

5. The agencies have adopted amendments to their rules and regulations to establish deadlines for submission and review of compliance plans.

6. The following Guidelines set out the safety and soundness standards that the agencies use to identify and address problems at insured depository institutions before capital becomes impaired. The agencies believe that the standards adopted in these Guidelines serve this end without dictating how institutions must be managed and operated. These standards are designed to identify potential safety and soundness concerns and ensure that action is taken to address those concerns before they pose a risk to the Deposit Insurance Fund.

A. Preservation of Existing Authority

Neither section 39 nor these Guidelines in any way limits the authority of the agencies to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. Action under section 39 and these Guidelines may be taken independently of, in conjunction with, or in addition to any other enforcement action available to the agencies. Nothing in these Guidelines limits the authority of the FDIC pursuant to section 38(k)(2)(F) of the FDI Act (12 U.S.C. 1831i(o)) and Part 325 of Title 12 of the Code of Federal Regulations.

B. Definitions

1. In general. For purposes of these Guidelines, except as modified in the Guidelines or unless the context otherwise requires, the
terms used have the same meanings as set forth in sections 3 and 39 of the FDI Act (12 U.S.C. 1813 and 1831p–1).

2. **Board of directors**, in the case of a state-licensed insured branch of a foreign bank and in the case of a federal branch of a foreign bank, means the managing official in charge of the insured foreign branch.

3. **Compensation** means all direct and indirect payments or benefits, both cash and non-cash, granted to or for the benefit of any executive officer, employee, director, or principal shareholder, including but not limited to payments or benefits derived from an employment contract, compensation or benefit agreement, fee arrangement, perquisite, stock option plan, postemployment benefit, or other compensatory arrangement.

4. **Director** shall have the meaning described in 12 CFR 215.2(d).\(^3\)

5. **Executive officer** shall have the meaning described in 12 CFR 215.2(e).\(^4\)

6. **Principal shareholder** shall have the meaning described in 12 CFR 215.2(m).\(^5\)

**II. OPERATIONAL AND MANAGERIAL STANDARDS**

A. **Internal controls and information systems.** An institution should have internal controls and information systems that are appropriate to the size of the institution and the nature, scope and risk of its activities and that provide for:

1. An organizational structure that establishes clear lines of authority and responsibility for monitoring adherence to established policies;
2. Effective risk assessment;
3. Timely and accurate financial, operational and regulatory reports;
4. Adequate procedures to safeguard and manage assets; and
5. Compliance with applicable laws and regulations.

B. **Internal audit system.** An institution should have an internal audit system that is appropriate to the size of the institution and the nature and scope of its activities and that provides for:

1. Adequate monitoring of the system of internal controls through an internal audit function. For an institution whose size, complexity or scope of operations does not warrant a full scale internal audit function, a system of independent reviews of key internal controls may be used;
2. Independence and objectivity;
3. Qualified persons;
4. Adequate testing and review of information systems;
5. Adequate documentation of tests and findings and any corrective actions;
6. Verification and review of management actions to address material weaknesses; and
7. Review by the institution’s audit committee or board of directors of the effectiveness of the internal audit systems.

C. **Loan documentation.** An institution should establish and maintain loan documentation practices that:

1. Enable the institution to make an informed lending decision and to assess risk, as necessary, on an ongoing basis;
2. Identify the purpose of a loan and the source of repayment, and assess the ability of the borrower to repay the indebtedness in a timely manner;
3. Ensure that any claim against a borrower is legally enforceable;
4. Demonstrate appropriate administration and monitoring of a loan; and
5. Take account of the size and complexity of a loan.

D. **Credit underwriting.** An institution should establish and maintain prudent credit underwriting practices that:

1. Are commensurate with the types of loans the institution will make and consider the terms and conditions under which they will be made;
2. Consider the nature of the markets in which loans will be made;
3. Provide for consideration, prior to credit commitment, of the borrower’s overall financial condition and resources, the financial responsibility of any guarantor, the nature and value of any underlying collateral, and the borrower’s character and willingness to repay as agreed;
4. Establish a system of independent, ongoing credit review and appropriate communication to management and to the board of directors;
5. Take adequate account of concentration of credit risk; and
6. Are appropriate to the size of the institution and the nature and scope of its activities.

E. **Interest rate exposure.** An institution should:

1. Manage interest rate risk in a manner that is appropriate to the size of the institution and the complexity of its assets and liabilities; and
2. Provide for periodic reporting to management and the board of directors regarding interest rate risk with adequate information for management and the board of directors to assess the level of risk.

F. **Asset growth.** An institution’s asset growth should be prudent and consider:

1. The source, volatility and use of the funds that support asset growth;
2. Any increase in credit risk or interest rate risk as a result of growth; and
3. The effect of growth on the institution’s capital.

G. **Asset quality.** An insured depository institution should establish and maintain a system that is commensurate with the institution’s size and the nature and scope of its operations to identify problem assets and prevent deterioration in those assets. The institution should:
Pt. 364, App. B

12 CFR Ch. III (1–1–17 Edition)

1. Conduct periodic asset quality reviews to identify problem assets;
   2. Estimate the inherent losses in those assets and establish reserves that are sufficient to absorb estimated losses;
   3. Compare problem asset totals to capital;
   4. Take appropriate corrective action to resolve problem assets;
   5. Consider the size and potential risks of material asset concentrations; and
   6. Provide periodic asset reports with adequate information for management and the board of directors to assess the level of asset risk.

H. Earnings. An insured depository institution should establish and maintain a system that is commensurate with the institution’s size and the nature and scope of its operations to evaluate and monitor earnings and ensure that earnings are sufficient to maintain adequate capital and reserves. The institution should:
   1. Compare recent earnings trends relative to equity, assets, or other commonly used benchmarks to the institution’s historical results and those of its peers;
   2. Evaluate the adequacy of earnings given the size, complexity, and risk profile of the institution’s assets and operations;
   3. Assess the source, volatility, and sustainability of earnings, including the effect of nonrecurring or extraordinary income or expense;
   4. Take steps to ensure that earnings are sufficient to maintain adequate capital and reserves after considering the institution’s asset quality and growth rate; and
   5. Provide periodic earnings reports with adequate information for management and the board of directors to assess earnings performance.

I. Compensation, fees and benefits. An institution should maintain safeguards to prevent the payment of compensation, fees, and benefits that are excessive or that could lead to material financial loss to the institution.

III. Prohibition on Compensation That Constitutes an Unsafe and Unsound Practice

A. Excessive Compensation

Excessive compensation is prohibited as an unsafe and unsound practice. Compensation shall be considered excessive when amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director, or principal shareholder, considering the following:
   1. The combined value of all cash and noncash benefits provided to the individual;
   2. The compensation history of the individual and other individuals with comparable expertise at the institution;
   3. The financial condition of the institution;
   4. Comparable compensation practices at comparable institutions, based on such factors as asset size, geographic location, and the complexity of the loan portfolio or other assets;
   5. For postemployment benefits, the projected total cost and benefit to the institution;
   6. Any connection between the individual and any fraudulent act or omission, breach of trust or fiduciary duty, or insider abuse with regard to the institution; and
   7. Any other factors the agencies determine to be relevant.

B. Compensation Leading to Material Financial Loss

Compensation that could lead to material financial loss to an institution is prohibited as an unsafe and unsound practice.

2. For the Office of the Comptroller of the Currency, these regulations appear at 12 CFR Part 364; for the Board of Governors of the Federal Reserve System, these regulations appear at 12 CFR Part 263; and for the Federal Deposit Insurance Corporation, these regulations appear at 12 CFR Part 364, subpart R.

3. In applying these definitions for savings associations, pursuant to 12 U.S.C. 1464, savings associations shall use the terms “savings association” and “insured savings association” in place of the terms “member bank” and “insured bank”.

4. See footnote 3 in section I.B.4. of this appendix.

5. See footnote 3 in section I.B.4. of this appendix.

APPENDIX B TO PART 364—INTERAGENCY GUIDELINES ESTABLISHING INFORMATION SECURITY STANDARDS

TABLE OF CONTENTS

I. Introduction
   A. Scope
   B. Preservation of Existing Authority
II. Standards for Safeguarding Customer Information
   A. Information Security Program
   B. Objectives
III. Development and Implementation of Customer Information Security Program
   A. Involve the Board of Directors
   B. Assess Risk
The Interagency Guidelines Establishing Information Security Standards (Guidelines) set forth standards pursuant to section 39 of the Federal Deposit Insurance Act, 12 U.S.C. 1831p–1, and sections 581 and 595(p), 15 U.S.C. 6801 and 6805(b), of the Gramm-Leach-Bliley Act. These Guidelines address standards for developing and implementing administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of customer information. These Guidelines also address standards with respect to the proper disposal of consumer information pursuant to sections 221 and 222 of the Fair Credit Reporting Act (15 U.S.C. 1681 and 1681w).

A. Scope. The Guidelines apply to customer information maintained by or on behalf of, and to the disposal of consumer information by or on the behalf of, entities over which the Federal Deposit Insurance Corporation (FDIC) has authority. Such entities, referred to as “insured depository institution” or “institution” are banks insured by the FDIC (other than members of the Federal Reserve System), state savings associations insured by the FDIC, insured state branches of foreign banks, and any subsidiaries of such entities (except brokers, dealers, persons providing insurance, investment companies, and investment advisers).

B. Preservation of Existing Authority. Neither section 39 nor these Guidelines in any way limit the authority of the FDIC to address unsafe or unsound practices, violations of law, unsafe or unsound conditions, or other practices. The FDIC may take action under section 39 and these Guidelines independently of, in conjunction with, or in addition to, any other enforcement action available to the FDIC.

C. Definitions. 1. Except as modified in the Guidelines, or unless the context otherwise requires, the terms used in these Guidelines have the same meanings as set forth in sections 33 and 39 of the Federal Deposit Insurance Act (12 U.S.C. 1813 and 1831p–1).

2. For purposes of the Guidelines, the following definitions apply:
   a. Board of directors, in the case of a branch or agency of a foreign bank, means the managing official in charge of the branch or agency.
   b. Consumer Information means any record about an individual, whether in paper, electronic, or other form, that is a consumer report and that is maintained or otherwise possessed by or on behalf of the institution for a business purpose.

C. Manage and Control Risk
D. Oversee Service Provider Arrangements
E. Adjust the Program
F. Report to the Board
G. Implement the Standards

I. INTRODUCTION

The Federal Deposit Insurance Corporation Pt. 364, App. B

The term does not include any record that does not personally identify an individual.

i. Examples: (1) Consumer information includes:
   A. A consumer report that the institution obtains;
   B. information from a consumer report that the institution obtains from its affiliate after the consumer has been given a notice and has elected not to opt out of that sharing;
   C. information from a consumer report that the institution obtains from a consumer report that the institution obtains about an individual who applies for but does not receive a loan, including any loan sought by an individual for a business purpose;
   D. information from a consumer report that the institution obtains about an individual who guarantees a loan (including a loan to a business entity);
   E. information from a consumer report that the institution obtains about an employee or prospective employee.

(2) Consumer information does not include:
   A. aggregate information, such as the mean score, derived from a group of consumer reports; or
   B. blind data, such as payment history on accounts that are not personally identifiable, that may be used for developing credit scoring models or for other purposes.

C. Consumer Information means any record containing nonpublic personal information, as defined in §332.3(n) of this chapter, about a customer, whether in paper, electronic, or other form, that is maintained by or on behalf of the institution.

D. Customer Information systems means any methods used to access, collect, store, use, transmit, protect, or dispose of customer information.

E. Service provider means any person or entity that maintains, processes, or otherwise is permitted access to customer information or consumer information through its provision of services directly to the institution.

II. STANDARDS FOR INFORMATION SECURITY

A. Information Security Program. Each insured depository institution shall implement a comprehensive written information security program that includes administrative, technical, and physical safeguards appropriate to the size and complexity of the institution and the nature and scope of its activities. While all parts of the institution are not required to implement a uniform set of policies, all elements of the information security program must be coordinated.
B. Objectives. An institution’s information security program shall be designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of such information;
3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer; and
4. Ensure the proper disposal of customer information and consumer information.

III. DEVELOPMENT AND IMPLEMENTATION OF INFORMATION SECURITY PROGRAM

A. Involve the Board of Directors. The board of directors or an appropriate committee of the board of each insured depository institution shall:

1. Approve the institution’s written information security program; and
2. Oversee the development, implementation, and maintenance of the institution’s information security program, including assigning specific responsibility for its implementation and reviewing reports from management.

B. Assess Risk. Each institution shall:

1. Identify reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems.
2. Assess the likelihood and potential damage of these threats, taking into consideration the sensitivity of customer information.
3. Assess the sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.

C. Manage and Control Risk. Each institution shall:

1. Design its information security program to control the identified risks, commensurate with the sensitivity of the information as well as the complexity and scope of the institution’s activities. Each institution must consider whether the following security measures are appropriate for the institution and, if so, adopt those measures the institution concludes are appropriate:
   a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means.
   b. Access restrictions at physical locations containing customer information, such as buildings, computer facilities, and records storage facilities to permit access only to authorized individuals;
   c. Encryption of electronic customer information, including while in transit or in storage on networks or systems to which unauthorized individuals may have access;
   d. Procedures designed to ensure that customer information system modifications are consistent with the institution’s information security program;
   e. Procedures designed to ensure that customer information system modifications are consistent with the institution’s information security program.
2. Train staff to implement the institution’s information security program.
3. Regularly test the key controls, systems and procedures of the information security program. The frequency and nature of such tests should be determined by the institution’s risk assessment. Tests should be conducted or reviewed by independent third parties or staff independent of those that develop or maintain the security programs.
4. Develop, implement, and maintain, as part of its information security program, appropriate measures to properly dispose of customer information and consumer information in accordance with each of the requirements of this paragraph III.

D. Oversee Service Provider Arrangements. Each institution shall:

1. Exercise appropriate due diligence in selecting its service providers;
2. Require its service providers by contract to implement appropriate measures designed to meet the objectives of these Guidelines; and
3. Where indicated by the institution’s risk assessment, monitor its service providers to confirm that they have satisfied their obligations as required by paragraph D.2. As part of this monitoring, an institution should review audits, summaries of test results, or other equivalent evaluations of its service providers.

E. Adjust the Program. Each institution shall monitor, evaluate, and adjust, as appropriate, the information security program in light of any relevant changes in technology, the sensitivity of its customer information, internal or external threats to information, and the institution’s own changing business arrangements, such as mergers and
acquisitions, alliances and joint ventures, outsourcing arrangements, and changes to customer information systems.

F. Report to the Board. Each institution shall report to its board or an appropriate committee of the board at least annually. This report should describe the overall status of the information security program and the institution’s compliance with these Guidelines. The report, which will vary depending upon the complexity of each institution’s program should discuss material matters related to its program, addressing issues such as: Risk assessment; risk management and control decisions; results of testing; security breaches or violations, and management’s responses; and recommendations for changes in the information security program.

G. Implement the Standards. 1. Effective date. Each institution must implement an information security program pursuant to these Guidelines by July 1, 2001.

2. Two-year grandfathering of agreements with service providers. Until July 1, 2003, a contract that an institution has entered into with a service provider to perform services for it or functions on its behalf, satisfies the provisions of paragraph III.D., even if the contract does not include a requirement that the servicer maintain the security and confidentiality of customer information as long as the institution entered into the contract on or before March 5, 2001.

3. Effective date for measures relating to the disposal of consumer information. Each institution must satisfy these Guidelines with respect to the proper disposal of consumer information by July 1, 2005.

4. Exception for existing agreements with service providers relating to the disposal of consumer information. Notwithstanding the requirement in paragraph III.G.3., an institution’s contracts with its service providers that have access to consumer information and that may dispose of consumer information, entered into before July 1, 2005, must comply with the provisions of the Guidelines relating to the proper disposal of consumer information by July 1, 2006.

SUPPLEMENT A TO APPENDIX B TO PART 364
INTERAGENCY GUIDANCE ON RESPONSE PROGRAMS FOR UNAUTHORIZED ACCESS TO CUSTOMER INFORMATION AND CUSTOMER NOTICE

I. BACKGROUND

This Guidance1 interprets section 501(b) of the Gramm-Leach-Bliley Act (GLBA) and the Interagency Guidelines Establishing Information Security Standards (the Security Guidelines)2 and describes response programs, including customer notification procedures, that a financial institution should develop and implement to address unauthorized access to or use of customer information that could result in substantial harm or inconvenience to a customer. The scope of, and definitions of terms used in, this Guidance are identical to those of the Security Guidelines. For example, the term “customer information” is the same term used in the Security Guidelines, and means any record containing nonpublic personal information about a customer, whether in paper, electronic, or other form, maintained by or on behalf of the institution.

A. Interagency Security Guidelines

Section 501(b) of the GLBA required the Agencies to establish appropriate standards for financial institutions subject to their jurisdiction that include administrative, technical, and physical safeguards, to protect the security and confidentiality of customer information. Accordingly, the Agencies issued Security Guidelines requiring every financial institution to have an information security program designed to:

1. Ensure the security and confidentiality of customer information;
2. Protect against any anticipated threats or hazards to the security or integrity of such information; and
3. Protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to any customer.

B. Risk Assessment and Controls

1. The Security Guidelines direct every financial institution to assess the following risks, among others, when developing its information security program:
   a. Reasonably foreseeable internal and external threats that could result in unauthorized disclosure, misuse, alteration, or destruction of customer information or customer information systems;
   b. The likelihood and potential damage of threats, taking into consideration the sensitivity of customer information; and
   c. The sufficiency of policies, procedures, customer information systems, and other arrangements in place to control risks.3

2. Following the assessment of these risks, the Security Guidelines require a financial institution to design a program to address the identified risks. The particular security measures an institution should adopt will depend upon the risks presented by the complexity and scope of its business. At a minimum, the financial institution is required to consider the specific security measures enumerated in the Security Guidelines,4 and adopt those that are appropriate for the institution, including:
   a. Access controls on customer information systems, including controls to authenticate and permit access only to authorized
individuals and controls to prevent employees from providing customer information to unauthorized individuals who may seek to obtain this information through fraudulent means;

b. Background checks for employees with responsibilities for access to customer information; and

c. Response programs that specify actions to be taken when the financial institution suspects or detects that unauthorized individuals have gained access to customer information systems, including appropriate reports to regulatory and law enforcement agencies.\(^5\)

C. Service Providers

The Security Guidelines direct every financial institution to require its service providers by contract to implement appropriate measures designed to protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customers.\(^6\)

II. RESPONSE PROGRAM

Millions of Americans, throughout the country, have been victims of identity theft.\(^7\) Identity thieves misuse personal information they obtain from a number of sources, including financial institutions, to perpetrate identity theft. Therefore, financial institutions should take preventative measures to safeguard customer information against attempts to gain unauthorized access to the information. For example, financial institutions should place access controls on customer information systems and conduct background checks for employees who are authorized to access customer information.\(^8\) However, every financial institution should also develop and implement a risk-based response program to address incidents of unauthorized access to customer information in customer information systems that occur nonetheless. A response program should be a key part of an institution’s information security program.\(^9\) The program should be appropriate to the size and complexity of the institution and the nature and scope of its activities.

In addition, each institution should be able to address incidents of unauthorized access to customer information in customer information systems maintained by its domestic and foreign service providers. Therefore, consistent with the obligations in the Guidelines that relate to these arrangements, and with existing guidance on this topic issued by the Agencies,\(^10\) an institution’s contract with its service provider should require the service provider to take appropriate actions to address incidents of unauthorized access to the financial institution’s customer information, including notification to the institution as soon as possible of any such incident, to enable the institution to expeditiously implement its response program.

A. Components of a Response Program

1. At a minimum, an institution’s response program should contain procedures for the following:

a. Assessing the nature and scope of an incident, and identifying what customer information systems and types of customer information have been accessed or misused;

b. Notifying its primary Federal regulator as soon as possible when the institution becomes aware of an incident involving unauthorized access to or use of sensitive customer information, as defined below;

c. Consistent with the Agencies’ Suspicious Activity Report (“SAR”) regulations,\(^12\) notifying appropriate law enforcement authorities, in addition to filing a timely SAR in situations involving Federal criminal violations requiring immediate attention, such as when a reportable violation is ongoing;

d. Taking appropriate steps to contain and control the incident to prevent further unauthorized access to or use of customer information, for example, by monitoring, freezing, or closing affected accounts, while preserving records and other evidence;\(^13\) and

e. Notifying customers when warranted.

2. Where an incident of unauthorized access to customer information involves customer information systems maintained by an institution’s service providers, it is the responsibility of the financial institution to notify the institution’s customers and regulator. However, an institution may authorize or contract with its service provider to notify the institutions’ customers or regulator on its behalf.

III. CUSTOMER NOTICE

Financial institutions have an affirmative duty to protect their customers’ information against unauthorized access or use. Notifying customers of a security incident involving the unauthorized access or use of the customer’s information in accordance with the standard set forth below is a key part of that duty. Timely notification of customers is important to manage an institution’s reputation risk. Effective notice also may reduce an institution’s legal risk, assist in maintaining good customer relations, and enable the institution’s customers to take steps to protect themselves against the consequences of identity theft. When customer notification is warranted, an institution may not forgo notifying its customers of an incident because the institution believes that it may be potentially embarrassed or inconvenienced by doing so.

A. Standard for Providing Notice

When a financial institution becomes aware of an incident of unauthorized access
Federal Deposit Insurance Corporation

Pt. 364, App. B

to sensitive customer information, the institution should conduct a reasonable investigation to promptly determine the likelihood that the information has been or will be misused. If the institution determines that misuse of its information about a customer has occurred or is reasonably possible, it should notify the affected customer as soon as possible. Customer notice may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the institution with a written request for the delay. However, the institution should notify its customers as soon as notification will no longer interfere with the investigation.

1. Sensitive Customer Information

Under the Guidelines, an institution must protect against unauthorized access to or use of customer information that could result in substantial harm or inconvenience to any customer. Substantial harm or inconvenience is most likely to result from improper access to sensitive customer information because this type of information is most likely to be misused, as in the commission of identity theft. For purposes of this Guidance, sensitive customer information means a customer’s name, address, or telephone number, in conjunction with the customer’s social security number, driver’s license number, account number, credit or debit card number, or a personal identification number or password that would permit access to the customer’s account. Sensitive customer information also includes any combination of components of customer information that would allow someone to log onto or access the customer’s account, such as user name or password or account number.

2. Affected Customers

If a financial institution, based upon its investigation, can determine from its logs or other data precisely which customers’ information has been improperly accessed, it may limit notification to those customers with regard to whom the institution determines that misuse of their information has occurred or is reasonably possible. However, there may be situations where the institution determines that a group of files has been accessed improperly, but is unable to identify which specific customers’ information has been accessed. If the circumstances of the unauthorized access lead the institution to determine that misuse of the information is reasonably possible, it should notify all customers in the group.

B. Content of Customer Notice

1. Customer notice should be given in a clear and conspicuous manner. The notice should describe the incident in general terms and the type of customer information that was the subject of unauthorized access or use. It also should generally describe what the institution has done to protect the customers’ information from further unauthorized access. In addition, it should include a telephone number that customers can call for further information and assistance. The notice also should remind customers of the need to remain vigilant over the next twelve to twenty-four months, and to promptly report incidents of suspected identity theft to the institution. The notice should include the following additional items, when appropriate:

a. A recommendation that the customer review account statements and immediately report any suspicious activity to the institution;

b. A description of fraud alerts and an explanation of how the customer may place a fraud alert in the customer’s consumer reports to put the customer’s creditors on notice that the customer may be a victim of fraud;

c. A recommendation that the customer periodically obtain credit reports from each nationwide credit reporting agency and have information relating to fraudulent transactions deleted;

d. An explanation of how the customer may obtain a credit report free of charge; and

e. Information about the availability of the FTC’s online guidance regarding steps a consumer can take to protect against identity theft. The notice should encourage the customer to report any incidents of identity theft to the FTC, and should provide the FTC’s Web site address and toll-free telephone number that customers may use to obtain the identity theft guidance and report suspected incidents of identity theft.

2. The Agencies encourage financial institutions to notify the nationwide consumer reporting agencies prior to sending notices to a large number of customers that include contact information for the reporting agencies.

C. Delivery of Customer Notice

Customer notice should be delivered in any manner designed to ensure that a customer can reasonably be expected to receive it. For example, the institution may choose to contact all customers affected by telephone or by mail, or by electronic mail for those customers for whom it has a valid email address and who have agreed to receive communications electronically.

This Guidance was jointly issued by the Board of Governors of the Federal Reserve System (Board), the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of the Currency (OCC), and the Office of Thrift Supervision (OTS). Pursuant
to 12 U.S.C. 5412, the OTS is no longer a party to this Guidance.

3 See Security Guidelines, III.B.

4 See Security Guidelines, III.C.

5 See Security Guidelines, III.C.

6 See Security Guidelines, II.B, and III.D.

Further, the Agencies note that, in addition to contractual obligations to a financial institution, a service provider may be required to implement its own comprehensive information security program in accordance with the Safeguards Rule promulgated by the Federal Trade Commission (FTC), 12 CFR part 314.

Institutions should also conduct background checks of employees to ensure that the institution does not violate 12 U.S.C. 1829, which prohibits an institution from hiring an individual convicted of certain criminal offenses or who is subject to a prohibition order under 12 U.S.C. 1813(c)(6).

Under the Guidelines, an institution's customer information systems consist of all of the methods used to access, collect, store, use, transmit, protect, or dispose of customer information, including the systems maintained by its service providers. See Security Guidelines, I.C.2.d.

9 An institution’s obligations to file a SAR is set out in the Agencies' SAR regulations and agency guidance. See, for example, 12 CFR 21.11 (national banks, Federal branches and agencies); 12 CFR 163.180 (Federal savings associations); 12 CFR 208.62 (State member banks); 12 CFR 211.5(k) (Edge and agreement corporations); 12 CFR 211.24(f) (uninsured State branches and agencies of foreign banks); 12 CFR 225.4(f) (bank holding companies and their nonbank subsidiaries); and 12 CFR part 353 (FDIC-supervised institutions). National banks must file SARs in connection with computer intrusions and other computer crimes. See OCC Bulletin 2000–14, “Infrastructure Threats—Intrusion Risks” (May 15, 2000); Advisory Letter 97–9, “Reporting Computer Related Crimes” (November 19, 1997) (general guidance still applicable through instructions for new SAR form published in 65 FR 1229, 1230 (January 7, 2000)). See also Federal Reserve SR 01–11, Identity Theft and Pretext Calling, Apr. 26, 2001.

10 Currently, the FTC Web site for the ID Theft brochure and the FTC Hotline phone number are http://www.consumer.gov/idtheft and 1–877–IDTHEFT. The institution may also refer customers to any materials developed pursuant to section 151(b) of the FACT Act (educational materials developed by the FTC to teach the public how to prevent identity theft).

Subpart A—Real Estate Lending Standards

§ 365.1 Purpose and scope.
This subpart, issued pursuant to section 304 of the Federal Deposit Insurance Corporation Improvement Act of 1991, 12 U.S.C. 1828(o), prescribes standards for real estate lending to be used by insured state nonmember banks (including state-licensed insured branches of foreign banks) in adopting internal real estate lending policies.

§ 365.2 Real estate lending standards.
(a) Each insured state nonmember bank shall adopt and maintain written policies that establish appropriate limits and standards for extensions of credit that are secured by liens on or interests in real estate, or that are made for the purpose of financing permanent improvements to real estate.

(b)(1) Real estate lending policies adopted pursuant to this section must:
   (i) Be consistent with safe and sound banking practices;
   (ii) Be appropriate to the size of the institution and the nature and scope of its operations; and
   (iii) Be reviewed and approved by the bank's board of directors at least annually.

(2) The lending policies must establish:
   (i) Loan portfolio diversification standards;
   (ii) Prudent underwriting standards, including loan-to-value limits, that are clear and measurable;
   (iii) Loan administration procedures for the bank's real estate portfolio; and
   (iv) Documentation, approval, and reporting requirements to monitor compliance with the bank's real estate lending policies.

(c) Each insured state nonmember bank must monitor conditions in the real estate market in its lending area to ensure that its real estate lending policies continue to be appropriate for current market conditions.

(d) The real estate lending policies adopted pursuant to this section should reflect consideration of the Interagency Guidelines for Real Estate Lending Policies established by the Federal bank and thrift supervisory agencies.

APPENDIX A TO SUBPART A OF PART 365—INTERAGENCY GUIDELINES FOR REAL ESTATE LENDING POLICIES

The agencies' regulations require that each insured depository institution adopt and maintain a written policy that establishes appropriate limits and standards for all extensions of credit that are secured by liens on or interests in real estate or made for the purpose of financing the construction of a building or other improvements. These guidelines are intended to assist institutions in the formulation and maintenance of a real estate lending policy that is appropriate to the size of the institution and the nature and scope of its individual operations, as well as satisfies the requirements of the regulation.

Each institution's policies must be comprehensive, and consistent with safe and sound lending practices, and must ensure that the institution operates within limits and according to standards that are reviewed and approved at least annually by the board of directors. Real estate lending is an integral part of many institutions' business plans and, when undertaken in a prudent manner, will not be subject to examiner criticism.

LOAN PORTFOLIO MANAGEMENT CONSIDERATIONS

The lending policy should contain a general outline of the scope and distribution of the institution's credit facilities and the manner in which real estate loans are made, serviced, and collected. In particular, the institution's policies on real estate lending should:

• Identify the geographic areas in which the institution will consider lending.
• Establish a loan portfolio diversification policy and set limits for real estate loans by type and geographic market (e.g., limits on higher risk loans).
• Establish loan origination and approval procedures, both generally and by size and type of loan.
• Establish prudent underwriting standards that are clear and measurable, including loan-to-value limits, that are consistent with these supervisory guidelines.
• Establish review and approval procedures for exception loans, including loans with

VerDate Sep<11>2014 10:20 Mar 27, 2017 Jkt 241039 PO 00000 Frm 01023 Fmt 8010 Sfmt 8002 Y:\SGML\241039.XXX 241039jstallworth on DSK7TPTVN1PROD with CFR
The lending policies should reflect the level of risk that is acceptable to the board of directors and provide clear and measurable underwriting standards that enable the institution’s lending staff to evaluate these credit factors. The underwriting standards should address:

- The maximum loan amount by type of property.
- Maximum loan maturities by type of property.
- Amortization schedules.
- Pricing structure for different types of real estate loans.
- Loan-to-value limits by type of property.

For development and construction projects, and completed commercial properties, the policy should also establish, commensurate with the size and type of the project or property:

- Requirements for feasibility studies and sensitivity and risk analyses (e.g., sensitivity of income projections to changes in economic variables such as interest rates, vacancy rates, or operating expenses).
- Minimum requirements for initial investment and maintenance of hard equity by the borrower (e.g., cash or unencumbered investment in the underlying property).
- Minimum standards for net worth, cash flow, and debt service coverage of the borrower or underlying property.
- Standards for the acceptability of and limits on non-amortizing loans.
- Standards for the acceptability of and limits on the use of interest reserves.
- Pre-leasing and pre-sale requirements for income-producing property.
- Pre-sale and minimum unit release requirements for non-income-producing property loans.
- Limits on partial recourse or non-recourse loans and requirements for guarantor support.
- Requirements for takeout commitments.
- Minimum covenants for loan agreements.

**LOAN ADMINISTRATION**

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Documentation, including:
  - Type and frequency of financial statements, including requirements for verification of information provided by the borrower;
  - Type and frequency of collateral evaluations (appraisals and other estimates of value).
- Loan closing and disbursement.
- Payment processing.
- Escrow administration.
- Collateral administration.
- Loan payoffs.
- Collections and foreclosure, including:

**UNDERWRITING STANDARDS**

Prudently underwritten real estate loans should reflect all relevant credit factors, including:

- The capacity of the borrower, or income from the underlying property, to adequately service the debt.
- The value of the mortgaged property.
- The overall creditworthiness of the borrower.
- The level of equity invested in the property.
- Any secondary sources of repayment.
- Any additional collateral or credit enhancements (such as guarantees, mortgage insurance or takeout commitments).

The institution should consider both internal and external factors in the formulation of its loan policies and strategic plan. Factors that should be considered include:

- The size and financial condition of the institution.
- The expertise and size of the lending staff.
- The need to avoid undue concentrations of risk.
- Compliance with all real estate related laws and regulations, including the Community Reinvestment Act, anti-discrimination laws, and for savings associations, the Qualified Thrift Lender test.
- Market conditions.

The institution should monitor conditions in the real estate markets in its lending area so that it can react quickly to changes in market conditions that are relevant to its lending decisions. Market supply and demand factors that should be considered include:

- Demographic indicators, including population and employment trends.
- Zoning requirements.
- Current and projected vacancy, construction, and absorption rates.
- Current and projected lease terms, rental rates, and sales prices, including concessions.
- Current and projected operating expenses for different types of projects.
- Economic indicators, including trends and diversification of the lending area.
- Valuation trends, including discount and direct capitalization rates.

**LOAN ADMINISTRATION**

The institution should also establish loan administration procedures for its real estate portfolio that address:

- Documentation, including:
  - Type and frequency of financial statements, including requirements for verification of information provided by the borrower;
  - Type and frequency of collateral evaluations (appraisals and other estimates of value).
- Loan closing and disbursement.
- Payment processing.
- Escrow administration.
- Collateral administration.
- Loan payoffs.
- Collections and foreclosure, including:
Delinquency follow-up procedures;
Foreclosure timing;
Extensions and other forms of forbearance;
Acceptance of deeds in lieu of foreclosure.

- Claims processing (e.g., seeking recovery on a defaulted loan covered by a government guaranty or insurance program);
- Servicing and participation agreements.

**SUPERVISING LOAN-TO-VALUE LIMITS**

Institutions should establish their own internal loan-to-value limits for real estate loans. These internal limits should not exceed the following supervisory limits:

<table>
<thead>
<tr>
<th>Loan category</th>
<th>Loan-to-value limit (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Raw land</td>
<td>65</td>
</tr>
<tr>
<td>Land development</td>
<td>75</td>
</tr>
<tr>
<td>Construction:</td>
<td></td>
</tr>
<tr>
<td>Commercial, multifamily, 1 and other nonresidential</td>
<td>80</td>
</tr>
<tr>
<td>1- to 4-family residential</td>
<td>85</td>
</tr>
<tr>
<td>Improved property</td>
<td>85</td>
</tr>
<tr>
<td>Owner-occupied 1- to 4-family and home equity</td>
<td>(F)</td>
</tr>
</tbody>
</table>

1 Multifamily construction includes condominiums and cooperatives.
2 A loan-to-value limit has not been established for permanent mortgage or home equity loans on owner-occupied, 1- to 4-family residential property. However, for any such loan with a loan-to-value ratio that equals or exceeds 90 percent at origination, an institution should require appropriate credit enhancement in the form of either mortgage insurance or readily marketable collateral.

The supervisory loan-to-value limits should be applied to the underlying property that collateralizes the loan. For loans that fund multiple phases of the same real estate project (e.g., a loan for both land development and construction of an office building), the appropriate loan-to-value limit is the limit applicable to the final phase of the project funded by the loan; however, loan disbursements should not exceed actual development or construction outlays. In situations where a loan is fully cross-collateralized by two or more properties or is secured by a collateral pool of two or more properties, the appropriate maximum loan amount under supervisory loan-to-value limits is the sum of the value of each property, less senior liens, multiplied by the appropriate loan-to-value limit for each property. To ensure that collateral margins remain within the supervisory limits, lenders should redetermine conformity whenever collateral substitutions are made to the collateral pool.

In establishing internal loan-to-value limits, each lender is expected to carefully consider the institution-specific and market factors listed under “Loan Portfolio Management Considerations,” as well as any other relevant factors, such as the particular sub-category or type of loan. For any sub-category of loans that exhibits greater credit risk than the overall category, a lender should consider the establishment of an internal loan-to-value limit for that sub-category that is lower than the limit for the overall category.

The loan-to-value ratio is only one of several pertinent credit factors to be considered when underwriting a real estate loan. Other credit factors to be taken into account are highlighted in the “Underwriting Standards” section above. Because of these other factors, the establishment of these supervisory limits should not be interpreted to mean that loans at these levels will automatically be considered sound.

**LOANS IN EXCESS OF THE SUPERVISORY LOAN-TO-VALUE LIMITS**

The agencies recognize that appropriate loan-to-value limits vary not only among categories of real estate loans but also among individual loans. Therefore, it may be appropriate in individual cases to originate or purchase loans with loan-to-value ratios in excess of the supervisory loan-to-value limits, based on the support provided by other credit factors. Such loans should be identified in the institution’s records, and their aggregate amount reported at least quarterly to the institution’s board of directors. (See additional reporting requirements described under “Exceptions to the General Policy.”)

The aggregate amount of all loans in excess of the supervisory loan-to-value limits should not exceed 100 percent of total capital. Moreover, within the aggregate limit, total loans for all commercial, agricultural, multifamily or other non-1-to-4 family residential properties should not exceed 30 percent of total capital. An institution will come under increased supervisory scrutiny as the total of such loans approaches these levels.

**EXCLUDED TRANSACTIONS**

The agencies also recognize that there are a number of lending situations in which other factors significantly outweigh the need to apply the supervisory loan-to-value limits. These include:

- Loans guaranteed or insured by the U.S. government or its agencies, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

2 For insured state non-member banks, “total capital” refers to that term described in table I of appendix A to 12 CFR part 325 or 12 CFR 324.2, as applicable. For state savings associations, the term “total capital” is defined at 12 CFR part 390, subpart Z or 12 CFR 324.2, as applicable.
Loans backed by the full faith and credit of a state government, provided that the amount of the assurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit.

Loans guaranteed or insured by a state, municipal or local government, or an agency thereof, provided that the amount of the guaranty or insurance is at least equal to the portion of the loan that exceeds the supervisory loan-to-value limit, and provided that the lender has determined that the guarantor or insurer has the financial capacity and willingness to perform under the terms of the guaranty or insurance agreement.

Loans that are to be sold promptly after origination, without recourse, to a financially responsible third party.

Loans that are renewed, refinanced, or restructured without the advancement of new funds or an increase in the line of credit (except for reasonable closing costs), or loans that are renewed, refinanced, or restructured in connection with a workout situation, either with or without the advancement of new funds, where consistent with safe and sound banking practices and part of a clearly defined and well-documented program to achieve orderly liquidation of the debt, reduce risk of loss, or maximize recovery on the loan.

Loans that facilitate the sale of real estate acquired by the lender in the ordinary course of collecting a debt previously contracted in good faith.

Loans for which a lien on or interest in real property is taken as additional collateral through an abundance of caution by the lender (e.g., the institution takes a blanket lien on all or substantially all of the assets of the borrower, and the value of the real property is low relative to the aggregate value of all other collateral).

Loans, such as working capital loans, where the lender does not rely principally on real estate as security and the extension of credit is not used to acquire, develop, or construct permanent improvements on real property.

Loans for the purpose of financing permanent improvements to real property, but not secured by the property, if such security interest is not required by prudent underwriting practice.

**Exceptions to the General Lending Policy**

Some provision should be made for the consideration of loan requests from creditworthy borrowers whose credit needs do not fit within the institution’s general lending policy. An institution may provide for prudently underwritten exceptions to its lending policies, including loan-to-value limits, on a loan-by-loan basis. However, any exceptions from the supervisory loan-to-value limit should conform to the aggregate limits on such loans discussed above.

The board of directors is responsible for establishing standards for the review and approval of exception loans. Each institution should establish an appropriate internal process for the review and approval of loans that do not conform to its own internal policy standards. The approval of any such loan should be supported by a written justification that clearly sets forth all of the relevant credit factors that support the underwriting decision. The justification and approval documents for such loans should be maintained as a part of the permanent loan file. Each institution should monitor compliance with its real estate lending policy and individually report exception loans of a significant size to its board of directors.

**Supervisory Review of Real Estate Lending Policies and Practices**

The real estate lending policies of institutions will be evaluated by examiners during the course of their examinations to determine if the policies are consistent with safe and sound lending practices, these guidelines, and the requirements of the regulation. In evaluating the adequacy of the institution’s real estate lending policies and practices, examiners will take into consideration the following factors:
- The nature and scope of the institution’s real estate lending activities.
- The size and financial condition of the institution.
- The quality of the institution’s management and internal controls.
- The expertise and size of the lending and loan administration staff.
- Market conditions.

Lending policy exception reports will also be reviewed by examiners during the course of their examinations to determine whether the institutions’ exceptions are adequately documented and appropriate in light of all of the relevant credit considerations. An excessive volume of exceptions to an institution’s real estate lending policy may signal a weakening of its underwriting practices, or may suggest a need to revise the loan policy.

**Definitions**

For the purposes of these Guidelines:

*Construction loan* means an extension of credit for the purpose of erecting or rehabilitating buildings or other structures, including any infrastructure necessary for development.

*Extension of credit or loan* means:

1. The total amount of any loan, line of credit, or other legally binding lending commitment with respect to real property; and
2. The total amount, based on the amount of consideration paid, of any loan, line of...
credit, or other legally binding lending commitment acquired by a lender by purchase, assignment, or otherwise.

Improved property loan means an extension of credit secured by one of the following types of real property:

(1) Farmland, ranchland or timberland committed to ongoing management and agricultural production;

(2) 1- to 4-family residential property that is not owner-occupied;

(3) Residential property containing five or more individual dwelling units;

(4) Completed commercial property; or

(5) Other income-producing property that has been completed and is available for occupancy and use, except income-producing owner-occupied 1- to 4-family residential property.

Land development loan means an extension of credit for the purpose of improving unimproved real property prior to the erection of structures. The improvement of unimproved real property may include the laying or placement of sewers, water pipes, utility cables, streets, and other infrastructure necessary for future development.

Loan origination means the time of inception of the obligation to extend credit (i.e., when the last event or prerequisite, controllable by the lender, occurs causing the lender to become legally bound to fund an extension of credit).

Loan-to-value or loan-to-value ratio means the percentage or ratio that is derived at the time of loan origination by dividing an extension of credit by the total value of the property(ies) securing or being improved by the extension of credit plus the amount of any readily marketable collateral and other acceptable collateral that secures the extension of credit. The total amount of all senior liens on or interests in such property(ies) should be included in determining the loan-to-value ratio. When mortgage insurance or collateral is used in the calculation of the loan-to-value ratio, and such credit enhancement is later released or replaced, the loan-to-value ratio should be recalculated.

Other acceptable collateral means any collateral in which the lender has a perfected security interest, that has a quantifiable value, and is accepted by the lender in accordance with safe and sound lending practices. Other acceptable collateral should be appropriately discounted by the lender consistent with the lender’s usual practices for making loans secured by such collateral. Other acceptable collateral includes, among other items, unconditional irrevocable standby letters of credit for the benefit of the lender.

Owner-occupied, when used in conjunction with the term 1- to 4-family residential property means that the owner of the underlying real property occupies at least one unit of the real property as a principal residence of the owner.

Readily marketable collateral means insured deposits, financial instruments, and bullion in which the lender has a perfected interest. Financial instruments and bullion must be salable under ordinary circumstances with reasonable promptness at a fair market value determined by quotations based on actual transactions, on an auction or similarly available daily bid and ask price market. Readily marketable collateral should be appropriately discounted by the lender consistent with the lender’s usual practices for making loans secured by such collateral.

Value means an opinion or estimate, set forth in an appraisal or evaluation, whichever may be appropriate, of the market value of real property, prepared in accordance with the agency’s appraisal regulations and guidance. For loans to purchase an existing property, the term “value” means the lesser of the actual acquisition cost or the estimate of value.

1- to 4-family residential property means property containing fewer than five individual dwelling units, including manufactured homes permanently affixed to the underlying property (when deemed to be real property under state law).

Subpart B—Registration of Residential Mortgage Loan Originators

SOURCE: 75 FR 44692, July 28, 2010, unless otherwise noted.

§ 365.101 Authority, purpose, and scope.

(b) Purpose. This subpart implements the S.A.F.E. Act’s Federal registration requirement for mortgage loan originators. The S.A.F.E. Act provides that the objectives of this registration include aggregating and improving the flow of information to and between regulators; providing increased accountability and tracking of mortgage loan originators; enhancing consumer protections; supporting anti-fraud measures; and providing consumers with

1017
§ 365.102 Definitions.

For purposes of this subpart, the following definitions apply:

(a) Annual renewal period means November 1 through December 31 of each year.

(b)(1) Mortgage loan originator means an individual who:

(i) Takes a residential mortgage loan application; and

(ii) Offers or negotiates terms of a residential mortgage loan for compensation or gain.

(2) The term mortgage loan originator does not include:

(i) An individual who performs purely administrative or clerical tasks on behalf of an individual who is described in paragraph (b)(1) of this section;

(ii) An individual who only performs real estate brokerage activities (as defined in 12 U.S.C. 5102(3)(D)) and is licensed or registered as a real estate broker in accordance with applicable State law, unless the individual is compensated by a lender, a mortgage broker, or other mortgage loan originator or by any agent of such lender, mortgage broker, or other mortgage loan originator, and meets the definition of mortgage loan originator in paragraph (b)(1) of this section; or

(iii) An individual or entity solely involved in extensions of credit related to timeshare plans, as that term is defined in 11 U.S.C. 101(53D).

(c) Nationwide Mortgage Licensing System and Registry or Registry means the system developed and maintained by the Conference of State Bank Supervisors and the American Association of Residential Mortgage Regulators for the State licensing and registration of State-licensed mortgage loan originators and the registration of mortgage loan originators pursuant to 12 U.S.C. 5107.

(d) Registered mortgage loan originator or registrant means any individual who:

(1) Meets the definition of mortgage loan originator and is an employee of an insured State nonmember bank; and

(2) Is registered pursuant to this subpart with, and maintains a unique identifier through, the Registry.

(e) Residential mortgage loan means any loan primarily for personal, family, or household use that is secured by a mortgage, deed of trust, or other equivalent consensual security interest.

1 Appendix A of this subpart provides examples of activities that would, and would not, cause an employee to fall within this definition of mortgage loan originator.
Federal Deposit Insurance Corporation § 365.103

on a dwelling (as defined in section 103(v) of the Truth in Lending Act, 15 U.S.C. 1602(v)) or residential real estate upon which is constructed or intended to be constructed a dwelling, and includes refinancings, reverse mortgages, home equity lines of credit and other first and additional lien loans that meet the qualifications listed in this definition.

(f) Unique identifier means a number or other identifier that:

(1) Permanently identifies a registered mortgage loan originator;

(2) Is assigned by protocols established by the Nationwide Mortgage Licensing System and Registry, the Federal banking agencies, and the Farm Credit Administration to facilitate:

(i) Electronic tracking of mortgage loan originators; and

(ii) Uniform identification of, and public access to, the employment history of and the publicly adjudicated disciplinary and enforcement actions against mortgage loan originators; and

(3) Must not be used for purposes other than those set forth under the S.A.F.E. Act.

§ 365.103 Registration of mortgage loan originators.

(a) Registration requirement—(1) Employee registration. Each employee of an insured State nonmember bank who acts as a mortgage loan originator must register with the Registry, obtain a unique identifier, and maintain this registration in accordance with the requirements of this subpart. Any such employee who is not in compliance with the registration and unique identifier requirements set forth in this subpart is in violation of the S.A.F.E. Act and this subpart.

(b) Insured State nonmember bank requirement—(1) In general. An insured State nonmember bank that employs one or more individuals who act as a residential mortgage loan originator must require each such employee to register with the Registry, maintain this registration, and obtain a unique identifier in accordance with the requirements of this subpart.

(ii) Prohibition. An insured State nonmember bank must not permit an employee of the bank who is subject to the registration requirements of this subpart to act as a mortgage loan originator for the bank unless such employee is registered with the Registry pursuant to this subpart.

(3) Implementation period for initial registration. An employee of an insured State nonmember bank who is a mortgage loan originator must complete an initial registration with the Registry pursuant to this subpart within 180 days from the date that the FDIC provides in a public notice that the Registry is accepting registrations.

(4) Employees previously registered or licensed through the Registry—(i) In general. If an employee of an insured State nonmember bank was registered or licensed through, and obtained a unique identifier from, the Registry and has maintained this registration or license before the employee becomes subject to this subpart at this bank, then the registration requirements of the S.A.F.E. Act and this subpart are deemed to be met, provided that:

(A) The employment information in paragraphs (d)(1)(i)(C) and (d)(1)(ii) of this section is updated and the requirements of paragraph (d)(2) of this section are met;

(B) New fingerprints of the employee are submitted to the Registry for a background check, as required by paragraph (d)(1)(ix) of this section, unless the employee has fingerprints on file with the Registry that are less than 3 years old;

(C) The insured State nonmember bank information required in paragraphs (e)(1)(i) (to the extent the bank has not previously met these requirements) and (e)(2)(i) of this section is submitted to the Registry; and

(D) The registration is maintained pursuant to paragraphs (b) and (e)(1)(ii) of this section, as of the date that the employee becomes subject to this subpart.

(ii) Rule for certain acquisitions, mergers, or reorganizations. When registered or licensed mortgage loan originators become insured State nonmember bank employees as a result of an acquisition, merger, or reorganization, only the requirements of paragraphs (a)(4)(i)(A), (C), and (D) of this section must be met, and these requirements must be met within 60 days from the effective
§ 365.103 12 CFR Ch. III (1–1–17 Edition)

date of the acquisition, merger, or re-
organization.

(b) Maintaining registration. (1) A mortgage loan originator who is reg-
istered with the Registry pursuant to paragraph (a) of this section must:

(i) Except as provided in paragraph (b)(3) of this section, renew the reg-
istration during the annual renewal pe-
riod, confirming the responses set forth in paragraphs (d)(1)(i) through (viii) of
this section remain accurate and com-
plete, and updating this information,
as appropriate; and

(ii) Update the registration within 30
days of any of the following events:

(A) A change in the name of the reg-
istrant;

(B) The registrant ceases to be an
employee of the insured State non-
member bank; or

(C) The information required under
paragraphs (d)(1)(iii) through (viii) of
this section becomes inaccurate, in-
complete, or out-of-date.

(2) A registered mortgage loan origi-
nator must maintain his or her reg-
istration, unless the individual is no
longer engaged in the activity of a
mortgage loan originator.

(3) The annual registration renewal
requirement set forth in paragraph
(b)(1) of this section does not apply to
a registered mortgage loan originator
who has completed his or her registra-
tion with the Registry pursuant to
paragraph (a)(1) of this section less
than 6 months prior to the end of the
annual renewal period.

(c) Effective dates—(1) Registration. A registration pursuant to paragraph
(a)(1) of this section is effective on the
date the Registry transmits notifica-
tion to the registrant that the reg-
istrant is registered.

(2) Renewals or updates. A renewal or
update pursuant to paragraph (b) of
this section is effective on the date the
Registry transmits notification to the
registrant that the registration has
been renewed or updated.

(d) Required employee information—(1) In general. For purposes of the registra-
tion required by this section, an in-
"
regulated by the agency or authority or from engaging in a financial services-related business;

(vi) Final orders issued by a State or Federal regulatory agency or foreign financial regulatory authority based on violations of any law or regulation that prohibits fraudulent, manipulative, or deceptive conduct;

(vii) Revocation or suspension of the employee’s authorization to act as an attorney, accountant, or State or Federal contractor;

(viii) Customer-initiated financial services-related arbitration or civil action against the employee that required action, including settlements, or which resulted in a judgment; and

(ix) Fingerprints of the employee, in digital form if practicable, and any appropriate identifying information for submission to the Federal Bureau of Investigation and any governmental agency or entity authorized to receive such information in connection with a State and national criminal history background check; however, fingerprints provided to the Registry that are less than 3 years old may be used to satisfy this requirement.

(2) Employee authorizations and attestation. An employee registering as a mortgage loan originator or renewing or updating his or her registration under this subpart, and not the employing insured State nonmember bank or other employees of the insured State nonmember bank, must:

(i) Authorize the Registry and the employing institution to obtain information related to sanctions or findings in any administrative, civil, or criminal action, to which the employee is a party, made by any governmental jurisdiction;

(ii) Attest to the correctness of all information required by paragraph (d) of this section, whether submitted by the employee or on behalf of the employee by the employing bank; and

(iii) Authorize the Registry to make available to the public information required by paragraphs (d)(1)(i)(A) and (C), and (d)(1)(ii) through (viii) of this section.

(3) Submission of information. An insured State nonmember bank may identify one or more employees of the bank who may submit the information required by paragraph (d)(1) of this section to the Registry on behalf of the bank’s employees provided that this individual, and any employee delegated such authority, does not act as a mortgage loan originator, consistent with paragraph (e)(1)(i)(F) of this section. In addition, an insured State nonmember bank may submit to the Registry some or all of the information required by paragraphs (d)(1) and (e)(2) of this section for multiple employees in bulk through batch processing in a format to be specified by the Registry, to the extent such batch processing is made available by the Registry.

(e) Required bank information. An insured State nonmember bank must submit the following categories of information to the Registry:

(i) Bank record. (i) In connection with the registration of one or more mortgage loan originators:

(A) Name, main office address, and business contact information;

(B) Internal Revenue Service Employer Tax Identification Number (EIN);

(C) Research Statistics Supervision and Discount (RSSD) number, as issued by the Board of Governors of the Federal Reserve System;

(D) Identification of its primary Federal regulator;

(E) Name(s) and contact information of the individual(s) with authority to act as the bank’s primary point of contact for the Registry;

(F) Name(s) and contact information of the individual(s) with authority to enter the information required by paragraphs (d)(1) and (e) of this section to the Registry and who may delegate this authority to other individuals. For the purpose of providing information required by paragraph (e) of this section, this individual and their delegates must not act as mortgage loan originators unless the bank has 10 or fewer full time or equivalent employees and is not a subsidiary; and

(G) If a subsidiary of an insured State nonmember bank, indication that it is a subsidiary and the RSSD number of the parent bank.

(ii) Attestation. The individual(s) identified in paragraphs (e)(1)(i)(E) and (F) of this section must comply with
Registry protocols to verify their identity and must attest that they have the authority to enter data on behalf of the insured State nonmember bank, that the information provided to the Registry pursuant to this paragraph (e) is correct, and that the insured State nonmember bank will keep the information required by this paragraph (e) current and will file accurate supplementary information on a timely basis.

(iii) An insured State nonmember bank must update the information required by this paragraph (e) of this section within 30 days of the date that this information becomes inaccurate.

(iv) An insured State nonmember bank must renew the information required by paragraph (e) of this section on an annual basis.

(2) Employee information. In connection with the registration of each employee who acts as a mortgage loan originator:

(i) After the information required by paragraph (d) of this section has been submitted to the Registry, confirmation that it employs the registrant; and

(ii) Within 30 days of the date the registrant ceases to be an employee of the bank, notification that it no longer employs the registrant and the date the registrant ceased being an employee.

§ 365.104 Policies and procedures.

An insured State nonmember bank that employs one or more mortgage loan originators must adopt and follow written policies and procedures designed to assure compliance with this subpart. These policies and procedures must be appropriate to the nature, size, complexity, and scope of the mortgage lending activities of the bank, and apply only to those employees acting within the scope of their employment at the bank. At a minimum, these policies and procedures must:

(a) Establish a process for identifying which employees of the bank are required to be registered mortgage loan originators;

(b) Require that all employees of the insured State nonmember bank who are mortgage loan originators be informed of the registration requirements of the S.A.F.E. Act and this subpart and be instructed on how to comply with such requirements and procedures;

(c) Establish procedures to comply with the unique identifier requirements in §365.105;

(d) Establish reasonable procedures for confirming the adequacy and accuracy of employee registrations, including updates and renewals, by comparisons with its own records;

(e) Establish reasonable procedures and tracking systems for monitoring compliance with registration and renewal requirements and procedures;

(f) Provide for independent testing for compliance with this subpart to be conducted at least annually by bank personnel or by an outside party;

(g) Provide for appropriate action in the case of any employee who fails to comply with the registration requirements of the S.A.F.E. Act, this subpart, or the bank’s related policies and procedures, including prohibiting such employees from acting as mortgage loan originators or other appropriate disciplinary actions;

(h) Establish a process for reviewing employee criminal history background reports received pursuant to this subpart, taking appropriate action consistent with applicable Federal law, including section 19 of the Federal Deposit Insurance Act (12 U.S.C. 1829) and implementing regulations with respect to these reports, and maintaining records of these reports and actions taken with respect to applicable employees; and

(i) Establish procedures designed to ensure that any third party with which the bank has arrangements related to mortgage loan origination has policies and procedures to comply with the S.A.F.E. Act, including appropriate licensing and/or registration of individuals acting as mortgage loan originators.

§ 365.105 Use of unique identifier.

(a) The insured State nonmember bank shall make the unique identifier(s) of its registered mortgage loan originator(s) available to consumers in a manner and method practicable to the institution.
Federal Deposit Insurance Corporation

(b) A registered mortgage loan originator shall provide his or her unique identifier to a consumer:
(1) Upon request;
(2) Before acting as a mortgage loan originator; and
(3) Through the originator’s initial written communication with a consumer, if any, whether on paper or electronically.

APPENDIX A TO SUBPART B OF PART 365—EXAMPLES OF MORTGAGE LOAN ORIGINATOR ACTIVITIES

This Appendix provides examples to aid in the understanding of activities that would cause an employee of an insured State nonmember bank to fall within or outside the definition of mortgage loan originator. The examples in this appendix are not all inclusive. They illustrate only the issue described and do not illustrate any other issues that may arise under this subpart. For purposes of the examples below, the term “loan” refers to a residential mortgage loan.

(a) Taking a loan application. The following examples illustrate when an employee takes, or does not take, a loan application.
(1) Taking an application includes: receiving information provided in connection with a request for a loan to be used to determine whether the consumer qualifies for a loan, even if the employee:
(i) Has received the consumer’s information indirectly in order to make an offer or negotiate a loan;
(ii) Is not responsible for verifying information;
(iii) Is inputting information into an online application or other automated system on behalf of the consumer; or
(iv) Is not engaged in approval of the loan, including determining whether the consumer qualifies for the loan.
(2) Taking an application does not include any of the following activities performed solely or in combination:
(i) Contacting a consumer to verify the information in the loan application by obtaining documentation, such as tax returns or payroll receipts;
(ii) Receiving a loan application through the mail and forwarding it, without review, to loan approval personnel;
(iii) Assisting a consumer who is filling out an application by clarifying what type of information is necessary for the application or otherwise explaining the qualifications or criteria necessary to obtain a loan product;
(iv) Describing the steps that a consumer would need to take to provide information to be used to determine whether the consumer qualifies for a loan or otherwise explaining the loan application process;
(v) In response to an inquiry regarding a prequalified offer that a consumer has received from a bank, collecting only basic identifying information about the consumer and forwarding the consumer to a mortgage loan originator; or
(vi) Receiving information in connection with a modification to the terms of an existing loan to a borrower whose loss mitigation efforts when the borrower is reasonably likely to default.

(b) Offering or negotiating terms of a loan. The following examples are designed to illustrate when an employee offers or negotiates terms of a loan, and conversely, what does not constitute offering or negotiating terms of a loan.
(1) Offering or negotiating the terms of a loan includes:
(i) Presenting a loan offer to a consumer for acceptance, either verbally or in writing, including, but not limited to, providing a disclosure of the loan terms after application under the Truth in Lending Act, even if that disclosure of the loan terms after application under the Truth in Lending Act, even if that disclosure of the loan terms includes an offer that a consumer has not requested;
(A) Further verification of information is necessary;
(B) The offer is conditional;
(C) Other individuals must complete the loan process; or
(D) Only the rate approved by the bank’s loan approval mechanism function for a specific loan product is communicated without authority to negotiate the rate.
(ii) Responding to a consumer’s request for a lower rate or lower points on a pending loan application by presenting to the consumer a revised loan offer, either verbally or in writing, that includes a lower interest rate or lower points than the original offer.
(2) Offering or negotiating terms of a loan does not include solely or in combination:
(i) Providing general explanations or descriptions in response to consumer queries regarding qualification for a specific loan product, such as explaining loan terminology (i.e., debt-to-income ratio); lending policies (i.e., the loan-to-value ratio policy of the insured State nonmember bank); or product-related services;
(ii) In response to a consumer’s request, informing a consumer of the loan rate that are publicly available, such as on the insured State nonmember bank’s Web site, for specific types of loan products without communicating to the consumer whether qualifications are met for that loan product;
(iii) Collecting information about a consumer in order to provide the consumer with information on loan products for which the consumer generally may qualify, without presenting a specific loan offer to the consumer for acceptance, either verbally or in writing;
(iv) Arranging the loan closing or other aspects of the loan process, including communicating with a consumer about those arrangements, provided that communication
with the consumer only verifies loan terms already offered or negotiated;

(v) Providing a consumer with information unrelated to loan terms, such as the best days of the month for scheduling loan closings at the bank;

(vi) Making an underwriting decision about whether the consumer qualifies for a loan;

(vii) Explaining or describing the steps or process that a consumer would need to take in order to obtain a loan offer, including qualifications or criteria that would need to be met without providing guidance specific to that consumer’s circumstances; or

(viii) Communicating on behalf of a mortgage loan originator that a written offer, including disclosures provided pursuant to the Truth in Lending Act, has been sent to a consumer without providing any details of that offer.

(c) Offering or negotiating a loan for compensation or gain. The following examples illustrate when an employee does or does not offer or negotiate terms of a loan “for compensation or gain.”

(1) Offering or negotiating terms of a loan for compensation or gain includes engaging in any of the activities in paragraph (b)(1) of this Appendix in the course of carrying out employment duties, even if the employee does not receive a referral fee or commission or other special compensation for the loan.

(2) Offering or negotiating terms of a loan for compensation or gain does not include engaging in a seller-financed transaction for the employee’s personal property that does not involve the insured State nonmember bank.

SOURCE: 67 FR 69991, Nov. 20, 2002, unless otherwise noted.

§ 366.0 Definitions.

As used in this part:

(a) The word person refers to an individual, corporation, partnership, or other entity with a legally independent existence.

(b) The terms we, our, and us refer to the Federal Deposit Insurance Corporation (FDIC), except when acting as conservator or operator of a bridge bank.

(c) The terms I, me, my, mine, you, and yourself refer to a person who submits an offer to perform or performs, directly or indirectly, contractual services or functions on our behalf.

(d) The phrase insured depository institution refers to any bank or savings association whose deposits are insured by the FDIC.

§ 366.1 What is the purpose of this part?

This part establishes the minimum standards of integrity and fitness that contractors, subcontractors, and employees of contractors and subcontractors must meet if they perform any service or function on our behalf. This part includes regulations governing conflicts of interest, ethical responsibility, and use of confidential information in accordance with section 12(f)(3) of the FDI Act, 12 U.S.C. 1822(f)(3), and the prohibitions and the requirements for submission of information in accordance with section 12(f)(4) of the FDI Act, 12 U.S.C. 1822(f)(4).
§ 366.2 What is the scope of this part?
(a) This part applies to a person who submits an offer to perform or performs, directly or indirectly, a contractual service or function on our behalf.
(b) This part does not apply to:
(1) An FDIC employee for the purposes of title 18, United States Code; or
(2) The FDIC when we operate an insured depository institution such as a bridge bank or conservatorship.

§ 366.3 Who cannot perform contractual services for the FDIC?
We will not enter into a contract with you to perform a service or function on our behalf, if you or any person that owns or controls you, or any entity you own or control:
(a) Has a felony conviction;
(b) Was removed from or is prohibited from participating in the affairs of an insured depository institution as a result of a federal banking agency final enforcement action;
(c) Has a pattern or practice of defalcation; or
(d) Is responsible for a substantial loss to the Deposit Insurance Fund (or any predecessor deposit insurance fund).

[67 FR 69991, Nov. 20, 2002, as amended at 71 FR 20527, Apr. 21, 2006]

§ 366.4 When is there a pattern or practice of defalcation?
(a) You have a pattern or practice of defalcation under § 366.3(c) when you, any person that owns or controls you, or any entity you own or control has a legal responsibility for the payment on at least two obligations that are:
(1) To one or more insured depository institutions;
(2) More than 90 days delinquent in the payment of principal, interest, or a combination thereof; and
(3) More than $50,000 each.
(b) The following are examples of when you have or do not have a pattern or practice of defalcation. These examples are not inclusive.
(1) You have five loans at insured depository institutions. Three of them are 90 days past due. One of the two is with ABC Bank for $170,000. The other one is with XYZ bank for $60,000. You have a pattern or practice of defalcation.
(2) You have five loans at insured depository institutions. Three of them are 90 days past due. One of the three has an outstanding balance of more than $50,000. The other two have outstanding balances of less than $50,000. You do not have a pattern or practice of defalcation.
(3) You have five loans at insured depository institutions. Three of them have outstanding balances of more than $50,000. Two of those three were 90 days past due but are now current. You do not have a pattern or practice of defalcation.
(4) You have five loans at insured depository institutions. Three of them have outstanding balances of more than $50,000. Two of those three were 90 days past due but are now current. You do not have a pattern or practice of defalcation.

§ 366.5 What causes a substantial loss to a federal deposit insurance fund?
You cause a substantial loss to the Deposit Insurance Fund (or any predecessor deposit insurance fund) under § 366.3(d) when you, or any person that owns or controls you, or any entity you own or control has:
(a) An obligation to us that is delinquent for 90 days or more and on which there is an outstanding balance of principal, interest, or a combination thereof of more than $50,000;
(b) An unpaid final judgment in our favor that is in excess of $50,000, regardless of whether it becomes discharged in whole or in part in a bankruptcy proceeding;
(c) A deficiency balance following foreclosure of collateral on an obligation owed to us that is in excess of $50,000, regardless of whether it becomes discharged in whole or in part in a bankruptcy proceeding; or
(d) A loss to us that is in excess of $50,000 that we report on IRS Form 1099–C, Information Reporting for Discharge of Indebtedness.

[67 FR 69991, Nov. 20, 2002, as amended at 71 FR 20527, Apr. 21, 2006]

§ 366.6 How is my ownership or control determined?
(a) Your ownership or control is determined on a case-by-case basis. Your ownership or control depends on the specific facts of your situation and the...
§ 366.7

particular industry and legal entity involved. You must provide documentation to us to use in determining your ownership or control.

(b) The interest of a spouse or other family member in the same organization is imputed to you in determining your ownership or control.

(c) The following are examples of when your ownership or control may or may not exist. These examples are not inclusive.

(1) You have control if you are the president or chief executive officer of an organization.

(2) You have ownership or control if you are a partner in a small law firm. You might not have ownership or control if you are a partner in a large national law firm.

(3) You have control if you are a general partner of a limited partnership. You have ownership or control if you have a limited partnership interest of 25 percent or more.

(4) You have ownership or control if you have the:

(i) Power to vote, directly or indirectly, 25% or more interest of any class of voting stock of a company;

(ii) Ability to direct in any manner the election of a majority of a company’s directors or trustees; or

(iii) Ability to exercise a controlling influence over the company’s management and policies.

§ 366.8 Who can grant a waiver of a prohibition or conflict of interest?

The FDIC’s Board of Directors delegates to the Chairman, or his designee, authority to issue waivers and implement procedures for part 366.

§ 366.9 What other requirements could prevent me from performing contractual services for the FDIC?

You must avoid a conflict of interest, be ethically responsible, and maintain confidential information as described in §§366.10 through 366.13. You must also provide us with the information we require in §366.14. Failure to meet these requirements may prevent you from contracting with us.

§ 366.10 When would I have a conflict of interest?

(a) You have a conflict of interest when you, any person that owns or controls you, or any entity you own or control:

(1) Has a personal, business, or financial interest or relationship that relates to the services you perform under the contract;

(2) Is a party to litigation against us, or represents a party that is;

(3) Submits an offer to acquire an asset from us for which services were performed during the past three years, unless the contract allows for the acquisition; or

(4) Engages in an activity that would cause us to question the integrity of the service you provided, are providing or offer to provide us, or impairs your independence.

(b) The following are examples of a conflict of interest. These examples are not inclusive.

(1) You submit an offer to perform property management services for us and you own or manage a competing property.

(2) You audit a business under a contract with us and you or a partner in your firm has an ownership interest in that business.

(3) You perform loan services on a pool of loans we are selling, and you submit a bid to purchase one or more of the loans in the pool.

(4) You audit your own work or provide nonaudit services that are significant or material to the subject matter of the audit.

§ 366.11 Will the FDIC waive a conflict of interest?

(a) We may waive a conflict of interest for good cause shown at our discretion when our need to contract for your services outweighs all relevant factors. The statute does not allow us to waive the prohibitions for individuals.

(b) The following are examples of when we may grant you a waiver for a conflict of interest. These examples are not inclusive.

(1) You submit an offer to perform property management services for us and you own or manage a competing property.

(2) You audit a business under a contract with us and you or a partner in your firm has an ownership interest in that business.

(3) You perform loan services on a pool of loans we are selling, and you submit a bid to purchase one or more of the loans in the pool.

(4) You audit your own work or provide nonaudit services that are significant or material to the subject matter of the audit.
(1) We may grant a waiver to an outside counsel who has a representational conflict. We will weigh all relevant facts and circumstances in making our determination.

(2) We may grant a waiver to allow a contractor to acquire an asset from us who is providing or has provided services on that asset. We will consider whether granting the waiver will adversely affect the fairness of the sale, the type of services provided, and other facts and circumstances relevant to the sale in making our determination.

§ 366.12 What are the FDIC’s minimum standards of ethical responsibility?

(a) You and any person who performs services for us must not provide preferential treatment to any person in your dealings with the public on our behalf.

(b) You must ensure that any person you employ to perform services for us is informed about their responsibilities under this part.

(c) You must disclose to us waste, fraud, abuse or corruption. Contact the Inspector General at 1–800–964–FDIC or Ighotline@fdic.gov.

(d) You and any person who performs contract services to us must not:

   (1) Accept or solicit for yourself or others any favor, gift, or other item of monetary value from any person who you reasonably believe is seeking an official action from you on our behalf, or has an interest that the performance or nonperformance of your duties to us may substantially affect;
   (2) Use or allow the use of our property, except as specified in the contract;
   (3) Make an unauthorized promise or commitment on our behalf; or
   (4) Provide impermissible gifts or entertainment to an FDIC employee or other person providing services to us.

(e) The following are examples of when you are engaging in unethical behavior. These examples are not inclusive.

   (1) Using government resources, including our Internet connection, to conduct any business that is unrelated to the performance of your contract with us.

   (2) Submitting false invoices or claims, or making misleading or false statements.

   (3) Committing us to forgive or restructure a debt or portion of a debt, unless we provide you with written authority to do so.

§ 366.13 What is my obligation regarding confidential information?

(a) Neither you nor any person who performs services on your behalf may use or disclose information obtained from us or a third party in connection with an FDIC contract, unless:

   (1) The contract allows or we authorize the use or disclosure;
   (2) The information is generally available to the general public; or
   (3) We make the information available to the general public.

(b) The following are examples of when your use of confidential information is inappropriate. These examples are not inclusive.

   (1) Disclosing information about an asset, such as internal asset valuations, appraisals or environmental reports, except as part of authorized due diligence materials, to a prospective asset purchaser.

   (2) Disclosing a borrower’s or guarantor’s personal or financial information, such as a financial statement to an unauthorized party.

§ 366.14 What information must I provide the FDIC?

You must:

(a) Certify in writing that you can perform services for us under §366.3 and have no conflict of interest under §366.10(a).

(b) Submit a list and description of any instance during the preceding five years in which you, any person that owns or controls you, or any entity you own or control, defaulted on a material obligation to an insured depository institution. A default on a material obligation occurs when a loan or advance with an outstanding balance of more than $50,000 is or was delinquent for 90 days or more.

(c) Notify us within 10 business days after you become aware that you, or any person you employ to perform services for us, are not in compliance
with this part. Your notice must include a detailed description of the facts of the situation and how you intend to resolve the matter.

(d) Agree in writing that you will employ only persons who meet the requirements of this part to perform services on our behalf.

(e) Comply with any request from us for information.

(f) Retain any information you prepare or rely upon regarding the provisions of this part for a period of three years following termination or expiration and final payment of the related contract for services whichever occurs last.

§ 366.15 What advice or determinations will the FDIC provide me on the applicability of this part?

(a) We are available to you for consultation on those determinations you are responsible for making under this part, including those with respect to any person you employ or engage to perform services for us.

(b) We will determine if this part prohibits you from performing services for us prior to contract award, after contract award, and during the performance of a contract.

(c) We may determine what corrective action you must take.

(d) We may grant you a waiver for good cause shown where provided for under this part.

§ 366.16 When may I seek a reconsideration or review of an FDIC determination?

(a) You may seek reconsideration or review of our initial determination by sending a written request to the individual who issued you the initial decision.

(b) You must provide new information or explain a change in circumstances for our reconsideration of an initial decision. The individual who issued you the initial decision may either make a new determination or refer your request to a higher authority for review.

(c) You must provide an explanation of how you perceive that we misapplied this part that sets forth the legal or factual errors for our review of an initial decision.

§ 366.17 What are the possible consequences for violating this part?

Depending on the circumstances, violations of this part may result in rescission or termination of a contract, as well as administrative, civil, or criminal sanctions.

AUTHORITY: 12 U.S.C. 1822(f) (4) and (5).

SOURCE: 61 FR 68560, Dec. 30, 1996, unless otherwise noted.

§ 367.1 Authority, purpose, scope and application.

(a) Authority. This part is adopted pursuant to section 12(f) (4) and (5) of the Federal Deposit Insurance Act, 12 U.S.C. 1822(f) (4) and (5), and the rule-making authority of the Federal Deposit Insurance Corporation (FDIC) found at 12 U.S.C. 1819. Other regulations implementing these statutory directives appear at 12 CFR part 366.

(b) Purpose. This part is designed to inform contractors and subcontractors (including their affiliated business entities, key employees and management officials) regarding their rights to notice and an opportunity to be heard on FDIC actions involving suspension and exclusion from contracting and rescission of existing contracts. This part is
in addition to, and not in lieu of, any other statute or regulation that may apply to such contractual activities.

(c) Scope. This part applies to:

(1) Contractors, other than attorneys or law firms providing legal services, submitting offers to provide services or entering into contracts to provide services to the FDIC acting in any capacity; and

(2) Subcontractors entering into contracts to provide services under a proposed or existing contract with the FDIC.

(d) Application. (1) This part will apply to entities that become contractors, as defined in §367.2(f), on or after December 30, 1996. In addition, this part will apply to contractors as defined in §367.2(f) that are performing contracts on December 30, 1996.

(2) This part will also apply to actions initiated on or after December 30, 1996 regardless of the date of the cause giving rise to the actions.

(3) Contracts entered into by the former Resolution Trust Corporation (RTC) that were transferred to the FDIC will be treated in the same manner as FDIC contracts under this part.

(4) RTC actions taken under the RTC regulations on or before December 31, 1995, will be honored as if taken by the FDIC. A contractor subject to an RTC exclusion or suspension will be precluded thereby from participation in the FDIC’s contracting program unless that exclusion or suspension is modified or terminated under the provisions of this part.

§ 367.2 Definitions.

(a) Adequate evidence means information sufficient to support the reasonable belief that a particular act or omission has occurred.

(b) Affiliated business entity means a company that is under the control of the contractor, is in control of the contractor, or is under common control with the contractor.

(c) Civil judgment means a judgment of a civil offense or liability by any court of competent jurisdiction in the United States.

(d) Company means any corporation, firm, partnership, society, joint venture, business trust, association, consortium or similar organization.

(e) Conflict of interest means a situation in which:

(1) A contractor; any management officials or affiliated business entities of a contractor; or any employees, agents, or subcontractors of a contractor who will perform services under a proposed or existing contract with the FDIC:

(ii) Is an adverse party to the FDIC, RTC, the former Federal Savings and Loan Insurance Corporation (FSLIC), or their successors in a lawsuit; or

(iii) Has ever been suspended, excluded, or debarred from contracting with a federal entity or has ever had a contract with the FDIC, RTC, FSLIC or their successors rescinded or terminated prior to the contract’s completion and which rescission or termination involved issues of conflicts of interest or ethical responsibilities; or

(ii) A contractor’s affiliated business entities, key employees, and management officials of the contractor;

(2) Any other facts exist which the FDIC, in its sole discretion, determines may, through performance of a proposed or existing FDIC contract, provide a contractor with an unfair competitive advantage which favors the interests of the contractor or any person with whom the contractor has or is likely to have a personal or business relationship.

(f) Contractor means a person or company which has submitted an offer to perform services for the FDIC or has a contractual arrangement with the FDIC to perform services. For purposes of this part, contractor also includes:

(i) A contractor’s affiliated business entities, key employees, and management officials of the contractor;

(ii) Any subcontractor performing services for the FDIC and the management officials and key employees of such subcontractors; and

(iii) Any entity or organization seeking to perform services for the FDIC as a minority or woman-owned business (MWOB).

(g) Contract(s) means agreement(s) between FDIC and a contractor, including, but not limited to, agreements
identified as "Task Orders", for a contractor to provide services to FDIC. Contracts also mean contracts between a contractor and its subcontractor.

(h) *Control* means the power to vote, directly or indirectly, 25 percent or more of any class of the voting stock of a company; the ability to direct in any manner the election of a majority of a company's directors or trustees; or the ability to exercise a controlling influence over the company's management and policies. For purposes of this definition, a general partner of a limited partnership is presumed to be in control of that partnership.

(i) *Conviction* means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or plea, and includes pleas of nolo contendere.

(j) *FDIC* means the Federal Deposit Insurance Corporation acting in its receivership and corporate capacities, and FDIC officials or committees acting under delegated authority.

(k) *Indictment* shall include an information or other filing by a competent authority charging a criminal offense.

(l) *Key employee* means an individual who participates personally and substantially in the negotiation of, performance of, and/or monitoring for compliance under a contract with the FDIC. Such participation is made through, but is not limited to, decision, approval, disapproval, recommendation, or the rendering of advice under the contract.

(m) *Management official* means any shareholder, employee or partner who controls a company and any individual who directs the day-to-day operations of a company. With respect to a partnership, all partners are deemed to be management officials unless the partnership is governed by a management or executive committee with responsibility for the day-to-day operations. In partnerships with such committees, management official means only those partners who are a member of such a committee.

(n) *Material fact* means one that is necessary to determine the outcome of an issue or case and without which the case could not be supported.

(o) *Offer* means a proposal or other written or oral offer to provide services to FDIC.

(p) *Pattern or practice of defalcation regarding obligations* means two or more instances in which a loan or advance from an insured depository institution:

(1) Is in default for ninety (90) or more days as to payment of principal, interest, or a combination thereof, and there remains a legal obligation to pay an amount in excess of $50,000; or

(2) Where there has been a failure to comply with the terms of a loan or advance to such an extent that the collateral securing the loan or advance was foreclosed upon, resulting in a loss in excess of $50,000 to the insured depository institution.

(q) *Preponderance of the evidence* means proof by information that, compared with that opposing it, leads to the conclusion that the fact at issue is more probably true than not.

(r) *Subcontractor* means an entity or organization that enters into a contract with an FDIC contractor or another subcontractor to perform services under a proposed or existing contract with the FDIC.

(s) *Substantial loss to federal deposit insurance funds* means:

(1) A loan or advance from an insured depository institution, which is currently owed to the FDIC, RTC, FSLIC or their successors, or the former Bank Insurance Fund (BIF), the former Savings Association Insurance Fund (SAIF) or the Deposit Insurance Fund, the FSLIC Reserve Fund (FRF), or funds that were maintained by the RTC for the benefit of insured depositors, that is or has ever been delinquent for ninety (90) or more days as to payment of principal, interest, or a combination thereof and on which there remains a legal obligation to pay an amount in excess of $50,000;

(2) An obligation to pay an outstanding, unsatisfied, final judgment in excess of $50,000 in favor of the FDIC, RTC, FSLIC, or their successors, or the BIF, the SAIF, the FRF or the funds that were maintained by the RTC for the benefit of insured depositors; or

(3) A loan or advance from an insured depository institution which is currently owed to the FDIC, RTC, FSLIC or their successors, or the former BIF,
§ 367.6 Causes for exclusion.

The FDIC may exclude a contractor, in accordance with the procedures set forth in this part, upon a finding that:

(a) The contractor has been convicted of any felony;

(b) The contractor has been removed from, or prohibited from participating in the affairs of, any insured depository institution pursuant to any final enforcement action by the Office of the Comptroller of the Currency, the Office of Thrift Supervision, the Board of Governors of the Federal Reserve System, or the FDIC or their successors;

(c) The contractor has demonstrated a pattern or practice of defalcation;

(d) The contractor has caused a substantial loss to Deposit Insurance Fund (or any predecessor deposit insurance fund);
§ 367.7 Suspensions.

(a) The Ethics Counselor may suspend a contractor for any of the causes in § 367.8 using the procedures established in this section.

(b) Suspension is an action to be imposed when there exists adequate evidence of one or more of the causes set out in § 367.8. This includes, but is not limited to, situations where immediate action is necessary to protect the integrity of the FDIC contracting program and/or the security of FDIC assets during the pendency of legal or investigative proceedings initiated by FDIC, any federal agency or any law enforcement authority.

(c) The duration of any suspension action shall be for a temporary period pending the completion of an investigation and such other legal proceedings as may ensue.

(d) A suspension shall become effective immediately upon issuance of the notice specified in § 367.13(b).

(e) Contractors suspended from FDIC contracting programs are prohibited from entering into any new contracts with the FDIC for the duration of the period of suspension. The FDIC shall not solicit offers from, award contracts to, extend or modify existing contracts, award task orders under existing contracts, or consent to subcontracts with such contractors. Suspended contractors are also prohibited from conducting business with FDIC as agents or representatives of other contractors.

(m) The contractor has engaged in any conduct:

(1) Indicating a breach of trust, dishonesty, or lack of integrity that seriously and directly affects its ability to meet standards of present responsibility required of an FDIC contractor; or

(2) So serious or compelling in nature that it adversely affects the ability of a contractor to meet the minimum ethical standards required by 12 CFR part 366.
§ 367.8 Causes for suspension.

(a) Suspension may be imposed under the procedures set forth in this section upon adequate evidence:

1. Of suspension by another federal agency;

2. That a cause for exclusion under § 367.6 may exist;

3. Of the commission of any other offense indicating a breach of trust, dishonesty, or lack of integrity that seriously and directly affects the minimum ethical standards required of an FDIC contractor; or

4. Of any other cause so serious or compelling in nature that it adversely affects the ability of a contractor to meet the minimal ethical standards required by 12 CFR part 366.

(b) Indictment for any offense described in § 367.6 is adequate evidence to suspend a contractor.

(c) In assessing the adequacy of the evidence, FDIC will consider how much information is available, how credible it is given the circumstances, whether or not important allegations are corroborated and what inferences can reasonably be drawn as a result.

§ 367.9 Imputation of causes.

(a) Where there is cause to suspend and/or exclude any affiliated business entity of the contractor, that conduct may be imputed to the contractor if the conduct occurred in connection with the affiliated business entity’s performance of duties for or on behalf of the contractor, or with the contractor’s knowledge, approval, or acquiescence. The contractor’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(b) Where there is cause to suspend and/or exclude one contractor participating in a joint venture or similar arrangement, that cause may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(c) Where there is cause to suspend and/or exclude a key employee or management official of a contractor, that cause may be imputed to the contractor if the conduct occurred in connection with the key employee or management official’s performance of duties for or on behalf of the contractor, or with the contractor’s knowledge, approval, or acquiescence. The contractor’s acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

(d) Where there is cause to suspend and/or exclude one contractor participating in a joint venture or similar arrangement, that cause may be imputed to other participating contractors if the conduct occurred for or on behalf of the joint venture or similar arrangement, or with the knowledge, approval, or acquiescence of these contractors. Acceptance of the benefits derived from the conduct shall be evidence of such knowledge, approval, or acquiescence.

§§ 367.10–367.11 [Reserved]

§ 367.12 Procedures.

(a) FDIC shall process suspension and exclusion actions as informally as practicable, consistent with its policy of providing contractors with adequate information on the grounds that give rise to the proposed action and affording contractors with a reasonable opportunity to respond.

(b) For purposes of determining filing dates for the pleadings required by this part, including responses, notices of appeal, appeals and requests for reconsideration, the provisions relating to the construction of time limits in 12 CFR 308.12 will control.

§ 367.13 Notices.

(a) Exclusions. Before excluding a contractor, the FDIC shall send it a written notice of possible cause to exclude. Such notice shall include:
§ 367.14 Responses.

(a) The contractor will have 15 days from the date of the notice within which to respond.

(b) The response shall be in writing and may include: information and argument in opposition to the proposed exclusion and/or suspension, including any additional specific information pertaining to the possible causes for exclusion; and information and argument in mitigation of the proposed period of exclusion.

(c) The response may request a meeting with an FDIC official identified in the notice to permit the contractor to discuss issues of fact or law relating to the suspension and/or proposed exclusion or to otherwise resolve the pending matters.

(1) Any such meetings between a contractor and FDIC shall take such form as the FDIC deems appropriate.

(2) In cases of suspensions, no meeting will be held where a representative of the Department of Justice has advised in writing that the substantial interests of the Government would be prejudiced by such a meeting and the Ethics Counselor determines that a suspension is based on the same facts as pending or contemplated legal proceedings referenced by the representative of the Department of Justice.

(d) Failure to respond to the notice shall be deemed an admission of the existence of the cause(s) for suspension and/or exclusion set forth in the notice and an acceptance of the period of exclusion proposed therein. In such circumstances, the FDIC may proceed to a final decision without further proceedings.

(e) Where a contractor has received more than one notice, the FDIC may consolidate the pending proceedings,
§ 367.15 Additional proceedings as to disputed material facts.

(a) In actions not based upon a conviction or civil judgment, if the Ethics Counselor finds that the contractor's submission raises a genuine dispute over facts material to the proposed suspension and/or exclusion, the contractor shall be afforded an opportunity to appear (with counsel, if desired), submit documentary evidence, present witnesses, and confront any witnesses the FDIC presents.

(b) The Ethics Counselor may refer disputed material facts to another official for analysis and recommendation.

(c) If requested, a transcribed record of any additional proceedings shall be made available at cost to the contractor.

§ 367.16 Ethics Counselor decisions.

(a) Standard of proof:

(1) An exclusion must be based on a finding that the cause(s) for exclusion is established by a preponderance of the evidence in the administrative record of the case; and

(2) A suspension must be based on a finding that the cause(s) for suspension is established by adequate evidence in the administrative record of the case.

(b) The administrative record consists of the portion of any information, reports, documents or other evidence identified and relied upon in the Notice of Possible Cause to Exclude, the Notice of Suspension and/or supplemental notices, if any, together with any material portions of the contractor's response. When additional proceedings are necessary to determine disputed material facts, the Ethics Counselor shall base the decision on the facts as found, together with any information and argument submitted by the contractor and any other information in the administrative record.

(c) In actions based upon a conviction, judgment, a final enforcement action by a federal financial institution regulatory agency, or in which all facts and circumstances material to the exclusion action have been finally adjudicated in another forum, the Ethics Counselor may exclude a contractor without regard to the procedures set out in §§367.13 and 367.14. Any such decisions will be subject to the review and reconsideration provisions of §367.20.

(d) Notice of decisions. Contractors shall be given prompt notice of the Ethics Counselor's decision in the manner described in §367.13(c). If the Ethics Counselor suspends a contractor or imposes a period of exclusion, the decision shall:

(1) Set forth the cause(s) for suspension and/or exclusion included in the notice that were found by a preponderance of the evidence with reference to the administrative record support for that finding;

(2) Set forth the effect of the exclusion action and the effective dates of that action;

(3) Refer the contractor to its procedural rights of review and reconsideration under §367.20; and

(4) Inform the contractor that a copy of the exclusion decision shall be placed in the FDIC Public Reading Room.

(e) If the FDIC Ethics Counselor decides that a period of exclusion is not warranted, the Notice of Possible Cause to Exclude may be withdrawn or the proceeding may be otherwise terminated. A decision to terminate an exclusion proceeding may include the imposition of appropriate conditions on the contractor in their future dealings with the FDIC.

§ 367.17 Duration of suspensions and exclusions.

(a) Suspensions. (1) Suspensions shall be for a temporary period pending the completion of an investigation or other legal or exclusion proceedings.

(2) If legal or administrative proceedings are not initiated within 12 months after the date of the suspension notice, the suspension shall be terminated unless a representative of the Department of Justice requests its extension in writing. In such cases, the suspension may be extended for an additional six months. In no event may a suspension be imposed for more than 18 months, unless such proceedings have been initiated within that period.

(3) FDIC shall notify the Department of Justice of an impending termination...
The time limitations for suspension in this section may be waived by the affected contractor.

(b) Exclusions. (1) Exclusions shall be for a period commensurate with the seriousness of the cause(s) after due consideration of mitigating evidence presented by the contractor.

(2) If a suspension precedes an exclusion, the suspension period shall be considered in determining the exclusion period.

(3) Exclusion for causes other than the mandatory bars in 12 CFR 366.4(a) generally should not exceed three years, but where circumstances warrant, a longer period of exclusion may be imposed.

(4) The Ethics Counselor may extend an existing exclusion for an additional period if the Ethics Counselor determines that an extension is necessary to protect the integrity of the FDIC contracting program and the public interest. However, an exclusion may not be extended solely on the basis of the facts and circumstances upon which the initial exclusion action was based. The standards and procedures in this part shall be applied in any proceeding to extend an exclusion.

§ 367.18 Abrogation of contracts.

(a) The FDIC may, in its discretion, rescind or terminate any contract in existence at the time a contractor is suspended or excluded.

(b) Any contract not rescinded or terminated shall continue in force in accordance with the terms thereof.

(c) The right to rescind or terminate a contract in existence is cumulative and in addition to any other remedies or rights the FDIC may have under the terms of the contract, at law, or otherwise.

§ 367.19 Exceptions to suspensions and exclusions.

(a) Exceptions to the effects of suspensions and exclusions may be available in unique circumstances, where there are compelling reasons to utilize a particular contractor for a specific task. Requests for such exceptions may be submitted only by the FDIC program office requesting the contract services.

(b) In the case of the modification or extension of an existing contract, the Ethics Counselor may except such a contracting action from the effects of suspension and/or exclusion upon a determination, in writing, that a compelling reason exists for utilization of the contractor in the particular instance. The Ethics Counselor’s authority under this section shall not be delegated to any lower official.

(c) In the case of new contracts, the Corporation Ethics Committee may except a particular new contract from the effects of suspension and/or exclusion upon a determination in writing that a compelling reason exists for utilization of the contractor in the particular instance.

§ 367.20 Review and reconsideration of Ethics Counselor decisions.

(a) Review. (1) A suspended and/or excluded contractor may appeal the exclusion decision to the Corporation Ethics Committee.

(2) In order to avail itself of the right to appeal, a suspended and/or excluded contractor must file a written notice of intent to appeal within 5 days of the Ethics Counselor’s decision.

(3) The appeal shall be filed in writing within 30 days of the decision.

(4) The Corporation Ethics Committee, at its discretion and after determining that it is in the best interests of the FDIC, may stay the effect of the suspension and/or exclusion pending conclusion of its review of the matter.

(b) Reconsideration. (1) A suspended and/or excluded contractor may submit a request to the Ethics Counselor to reconsider the suspension and/or exclusion decision, reduce the period of exclusion or terminate the suspension and/or exclusion.

(2) Such requests shall be in writing and supported by documentation that the requested action is justified by:

(i) Reversal of the conviction or civil judgment upon which the suspension and/or exclusion was based;

(ii) Newly discovered material evidence;
(iii) Bona fide change in ownership or management;  
(iv) Elimination of other causes for which the suspension and/or exclusion was imposed; or  
(v) Other reasons the FDIC Ethics Counselor deems appropriate.

(3) A request for reconsideration based on the reversal of the conviction or civil judgment may be filed at any time.

(4) Requests for reconsideration based on other grounds may only be filed during the period commencing 60 days after the Ethics Counselor’s decision imposing the suspension and/or exclusion. Only one such request may be filed in any twelve month period.

(5) The Ethics Counselor’s decision on a request for reconsideration is subject to the review procedure set forth in paragraph (a) of this section.

PART 368—GOVERNMENT SECURITIES SALES PRACTICES

§ 368.1 Scope.
This part is applicable to state non-member banks and insured state branches of foreign banks that have filed notice as, or are required to file notice as, government securities brokers or dealers pursuant to section 15C of the Securities Exchange Act (15 U.S.C. 78o–5) and Department of the Treasury rules under section 15C (17 CFR 400.1(d) and part 401).

(b) Customer does not include a broker or dealer or a government securities broker or dealer.

(c) Government security has the same meaning as this term has in section 3(a)(42) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(42)).

(d) Non-institutional customer means any customer other than:

(1) A bank, savings association, insurance company, or registered investment company;

(2) An investment adviser registered under section 203 of the Investment Advisers Act of 1940 (15 U.S.C. 80b–3); or

(3) Any entity (whether a natural person, corporation, partnership, trust, or otherwise) with total assets of at least $50 million.

§ 368.4 Recommendations to customers.
In recommending to a customer the purchase, sale or exchange of a government security, a bank that is a government securities broker or dealer shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer’s other security holdings and as to the customer’s financial situation and needs.

§ 368.5 Customer information.
Prior to the execution of a transaction recommended to a non-institutional customer, a bank that is a government securities broker or dealer shall make reasonable efforts to obtain information concerning:

(a) The customer’s financial status;

(b) The customer’s tax status;

(c) The customer’s investment objectives; and

(d) Such other information used or considered to be reasonable by such
§ 368.100 Obligations concerning institutional customers.

(a) As a result of broadened authority provided by the Government Securities Act Amendments of 1993 (15 U.S.C. 78o-3 and 78o-5), the FDIC is adopting sales practice rules for the government securities market, a market with a particularly broad institutional component. Accordingly, the FDIC believes it is appropriate to provide further guidance to banks on their suitability obligations when making recommendations to institutional customers.

(b) The FDIC’s suitability rule (§ 368.4) is fundamental to fair dealing and is intended to promote ethical sales practices and high standards of professional conduct. Banks’ responsibilities include having a reasonable basis for recommending a particular security or strategy, as well as having reasonable grounds for believing the recommendation is suitable for the customer to whom it is made. Banks are expected to meet the same high standards of competence, professionalism, and good faith regardless of the financial circumstances of the customer.

(c) In recommending to a customer the purchase, sale, or exchange of any government security, the bank shall have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to the customer’s other security holdings and financial situation and needs.

(d) The interpretation in this section concerns only the manner in which a bank determines that a recommendation is suitable for a particular institutional customer. The manner in which a bank fulfills this suitability obligation will vary, depending on the nature of the customer and the specific transaction. Accordingly, the interpretation in this section deals only with guidance regarding how a bank may fulfill customer-specific suitability obligations under § 368.4.1

(e) While it is difficult to define in advance the scope of a bank’s suitability obligation with respect to a specific institutional customer transaction recommended by a bank, the FDIC has identified certain factors that may be relevant when considering compliance with § 368.4. These factors are not intended to be requirements or the only factors to be considered but are offered merely as guidance in determining the scope of a bank’s suitability obligations.

(f) The two most important considerations in determining the scope of a bank’s suitability obligations in making recommendations to an institutional customer are the customer’s capability to evaluate investment risk independently and the extent to which the customer is exercising independent judgement in evaluating a bank’s recommendation. A bank must determine, based on the information available to it, the customer’s capability to evaluate investment risk. In some cases, the bank may conclude that the customer is not capable of making independent investment decisions in general. In other cases, the institutional customer may have general capability, but may not be able to understand a particular type of instrument or its risk. This is more likely to arise with relatively new types of instruments, or those with significantly different risk or volatility characteristics than other investments generally made by the institution. If a customer is either generally not capable of evaluating investment risk or lacks sufficient capability to evaluate the particular product, the scope of a bank’s customer-specific obligations under § 368.4 would not be diminished by the fact that the bank was dealing with an institutional customer.

On the other hand, the fact that a customer initially needed help understanding a potential investment need not necessarily imply that the customer did not ultimately develop an ability that requires that a bank have "... * * * a ‘reasonable basis’ to believe that the recommendation could be suitable for at least some customers." In the Matter of the Application of F.J. Kaufman and Company of Virginia and Frederick J. Kaufman, Jr., 50 SEC 164 (1989).

1The interpretation in this section does not address the obligation related to suit-
understanding and make an independent investment decision.

(g) A bank may conclude that a customer is exercising independent judgment if the customer's investment decision will be based on its own independent assessment of the opportunities and risks presented by a potential investment, market factors and other investment considerations. Where the bank has reasonable grounds for concluding that the institutional customer is making independent investment decisions and is capable of independently evaluating investment risk, then a bank's obligations under §368.4 for a particular customer are fulfilled. Where a customer has delegated decision-making authority to an agent, such as an investment advisor or a bank trust department, the interpretation in this section shall be applied to the agent.

(h) A determination of capability to evaluate investment risk independently will depend on an examination of the customer's capability to make its own investment decisions, including the resources available to the customer to make informed decisions. Relevant considerations could include:

(1) The use of one or more consultants, investment advisers, or bank trust departments;

(2) The general level of experience of the institutional customer in financial markets and specific experience with the type of instruments under consideration;

(3) The customer's ability to understand the economic features of the security involved;

(4) The customer's ability to independently evaluate how market developments would affect the security; and

(5) The complexity of the security or securities involved.

(i) A determination that a customer is making independent investment decisions will depend on the nature of the relationship between the bank and the customer and the services to be rendered by the bank:

(1) The presence or absence of a pattern of acceptance of the bank's recommendations;

(2) The use by the customer of ideas, suggestions, market views and information obtained from other government securities brokers or dealers or market professionals, particularly those relating to the same type of securities; and

(3) The extent to which the bank has received from the customer current comprehensive portfolio information in connection with discussing recommended transactions or has not been provided important information regarding its portfolio or investment objectives.

(j) Banks are reminded that these factors are merely guidelines that will be utilized to determine whether a bank has fulfilled its suitability obligation with respect to a specific institutional customer transaction and that the inclusion or absence of any of these factors is not dispositive of the determination of suitability. Such a determination can only be made on a case-by-case basis taking into consideration all the facts and circumstances of a particular bank/customer relationship, assessed in the context of a particular transaction.

(k) For purposes of the interpretation in this section, an institutional customer shall be any entity other than a natural person. In determining the applicability of the interpretation in this section to an institutional customer, the FDIC will consider the dollar value of the securities that the institutional customer has in its portfolio and/or under management. While the interpretation in this section is potentially applicable to any institutional customer, the guidance contained in this section is more appropriately applied to an institutional customer with at least $10 million invested in securities in the aggregate in its portfolio and/or under management.

PART 369—PROHIBITION AGAINST
USE OF INTERSTATE BRANCHES
PRIMARILY FOR DEPOSIT PRO-
DUCTION

Sec.
369.1 Purpose and scope.
369.2 Definitions.
369.3 Loan-to-deposit ratio screen.
369.4 Credit needs determination.
369.5 Sanctions.

AUTHORITY: 12 U.S.C. 1819 (Tenth) and
1835a.

otherwise noted.

§ 369.1 Purpose and scope.
(a) Purpose. The purpose of this part
is to implement section 109 (12 U.S.C.
1835a) of the Riegle-Neal Interstate
Banking and Branching Efficiency Act
of 1994 (Interstate Act).
(b) Scope. (1) This part applies to any
State nonmember bank that has oper-
ated a covered interstate branch for a
period of at least one year.
(2) This part describes the require-
ments imposed under 12 U.S.C. 1835a,
which requires the appropriate Federal
banking agencies (the FDIC, the Office
of the Comptroller of the Currency, and
the Board of Governors of the Federal
Reserve System) to prescribe uniform
rules that prohibit a bank from using
any authority to engage in interstate
branching pursuant to the Interstate
Act, or any amendment made by the
Interstate Act to any other provision
of law, primarily for the purpose of de-
posit production.

§ 369.2 Definitions.
For purposes of this part, the fol-
lowing definitions apply:
(a) Bank means, unless the context
indicates otherwise:
(1) A State nonmember bank; and
(2) A foreign bank as that term is de-
efined in 12 U.S.C. 3101(7) and 12 CFR
346.1(a).
(b) Covered interstate branch means:
(1) Any branch of a State nonmember
bank, and any insured branch of a for-
eign bank licensed by a State, that:
(1) Is established or acquired outside
the bank’s home State pursuant to the
interstate branching authority granted
by the Interstate Act or by any amend-
ment made by the Interstate Act to
any other provision of law; or
(ii) Could not have been established
or acquired outside of the bank’s home
State but for the establishment or ac-
quision of a branch described in para-
graph (b)(1)(i) of this section; and
(2) Any bank or branch of a bank con-
trolled by an out-of-State bank holding
company.
(c) Home State means:
(1) With respect to a State bank, the
State that chartered the bank;
(2) With respect to a national bank,
the State in which the main office of
the bank is located;
(3) With respect to a bank holding
company, the State in which the total
deposits of all banking subsidiaries of
such company are the largest on the
later of:
(i) July 1, 1966; or
(ii) The date on which the company
becomes a bank holding company
under the Bank Holding Company Act;
(4) With respect to a foreign bank:
(i) For purposes of determining
whether a U.S. branch of a foreign
bank is a covered interstate branch,
the home State of the foreign bank as
determined in accordance with 12
U.S.C. 3103(c) and 12 CFR 347.202(j); and
(ii) For purposes of determining
whether a branch of a U.S. bank con-
trolled by a foreign bank is a covered
interstate branch, the State in which
the total deposits of all banking sub-
sidiaries of such foreign bank are the
largest on the later of:
(A) July 1, 1966; or
(B) The date on which the foreign
bank becomes a bank holding company
under the Bank Holding Company Act.
(e) Host state loan-to-deposit ratio gen-
erally means, with respect to a par-
ticular host state, the ratio of total
loans in the host state relative to total
deposits from the host state for all
banks (including institutions covered
under the definition of “bank” in 12
U.S.C. 1813(a)(1)) that have that state
as their home state, as determined and
updated periodically by the appro-
priate Federal banking agencies and
made available to the public.
§ 369.5 Sanctions.

(a) In general. If the FDIC determines that a bank is not reasonably helping to meet the credit needs of the communities served by the bank in the host state, and that the bank’s statewide loan-to-deposit ratio is less than 50 percent of the host state loan-to-deposit ratio, the FDIC:

(1) May order that a bank’s covered interstate branch or branches be closed unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank has an acceptable plan under which the bank will reasonably help to meet the credit needs of the communities served by the bank in the host state; and

(2) Will not permit the bank to open a new branch in the host state that would be considered to be a covered interstate branch unless the bank provides reasonable assurances to the satisfaction of the FDIC, after an opportunity for public comment, that the bank will reasonably help to meet the credit needs of the community that the new branch will serve.

(b) Notice prior to closure of a covered interstate branch. Before exercising the FDIC’s authority to order the bank to close a covered interstate branch, the FDIC will issue to the bank a notice of the FDIC’s intent to order the closure
and will schedule a hearing within 60
days of issuing the notice.

(c) **Hearing.** The FDIC will conduct a
hearing scheduled under paragraph (b)
of this section in accordance with the
provisions of 12 U.S.C. 1818(h) and 12
CFR part 308.

**PART 370—RECORDKEEPING FOR**
**TIMELY DEPOSIT INSURANCE DE-
TERMINATION (Eff. 4-1-17)**

APPENDIX A TO PART 370—OWNERSHIP RIGHT
AND CAPACITY CODES

APPENDIX B TO PART 370—OUTPUT FILES
STRUCTURE

**AUTHORITY:** 12 U.S.C. 1817(a)(9), 1819
(Tenth), 1821(f)(1), 1822(c), 1823(c)(4).

**SOURCE:** 81 FR 87759, Dec. 5, 2016, unless
otherwise noted.

**EFFECTIVE DATE NOTE:** At 81 FR 87759, Dec.
5, 2016, part 370 was added, effective Apr. 1,
2017.

§ 370.1 Purpose and scope.

Unless otherwise provided in this
part, each “covered institution” (de-

defined in §370.2(a)) is required to im-

plement the information technology sys-

tem and recordkeeping capabilities
needed to calculate the amount of de-

posit insurance coverage available for
each deposit account in the event of its
failure. Doing so will improve the
FDIC’s ability to fulfill its statutory
mandates to pay deposit insurance as
soon as possible after a covered institu-
tion’s failure and to resolve a covered
institution at the least cost to the De-
posit Insurance Fund.

§ 370.2 Definitions.

For purposes of this part:

(a) **Account holder** means the person
or entity who has opened a deposit ac-
count with a covered institution and
with whom the covered institution has
a direct legal and contractual relation-
ship with respect to the deposit.

(b) **Brokered deposit** has the same
meaning as provided in 12 CFR
337.6(a)(2).

(c) **Covered institution** means an in-
sured depository institution which,

based on its Reports of Condition and
Income filed with the appropriate fed-
eral banking agency, has 2 million or
more deposit accounts during the two
consecutive quarters preceding the ef-
fective date of this part or thereafter.

(d) **Compliance date** means the date
that is three years after the later of
the effective date of this part or the
date on which an insured depository in-
stitution becomes a covered institu-
tion.

(e) **Deposit** has the same meaning as
provided under section 3(l) of the Fed-
eral Deposit Insurance Act (12 U.S.C.
1813(l)).

(f) **Deposit account records** has the
same meaning as provided in 12 CFR
330.1(e).

(g) **Ownership rights and capacities** are

(h) **Payment instrument** means a
check, draft, warrant, money order,
traveler’s check, electronic instru-
ment, or other instrument, payment of
funds, or monetary value (other than
currency).

(i) **Standard maximum deposit insur-
ance amount** (or “SMDIA”) has the
same meaning as provided pursuant to
section 11(a)(1)(E) of the Federal De-
posit Insurance Act (12 U.S.C.

(j) **Transactional features** with respect
to a deposit account means that the de-
positor or account holder can make
transfers or withdrawals from the de-
posit account to make payments or
transfers to third persons or others (in-
cluding another account of the deposi-
tor or account holder at the same insti-
tution or at a different institution) by
means of a negotiable or transferable
instrument, payment order of with-
drawal, check, draft, prepaid account
access device, debit card, or other simi-
lar order made by the depositor and
payable to third parties, or by means of
a telephonic (including data trans-
mission) agreement, order or instruc-
tion, or by means of an instruction
made at an automated teller machine
or similar terminal or unit. For purposes of this definition, “telephonic (including data transmission) agreement, order or instruction” includes orders and instructions made by means of facsimile, computer, internet, handheld device, or other similar means.

(k) Unique identifier means an alphanumeric code associated with an individual or entity that is used consistently and continuously by a covered institution to monitor the covered institution’s relationship with that individual or entity.

§ 370.4 Recordkeeping requirements.

(a) General recordkeeping requirements. Except as otherwise provided in paragraphs (b) and (c) of this section, a covered institution must maintain in its deposit account records for each account the information necessary for its information technology system to meet the requirements set forth in §370.3. The information must include:

(1) The unique identifier of each
   (i) Account holder;
   (ii) Beneficial owner of a deposit, if the account holder is not the beneficial owner;
   (iii) Grantor and each beneficiary, if the deposit account is held in connection with an informal revocable trust that is insured pursuant to 12 CFR 330.10 (e.g., payable-on-death accounts, in-trust-for accounts, and Totten Trust accounts); and
   (iv) Grantor and each beneficiary, if the deposit account is held by the covered institution as the trustee of an irrevocable trust that is insured pursuant to 12 CFR 330.12.

(2) The applicable ownership right and capacity code listed and described in Appendix A to this part.

(b) Alternative recordkeeping requirements. As permitted under this paragraph, a covered institution may maintain in its deposit account records less information than is required under paragraph (a) of this section.

(1) For each deposit account for which a covered institution’s deposit account records disclose the existence of a relationship which might provide a basis for additional deposit insurance in accordance with 12 CFR 330.5 or 330.7 and for which the covered institution does not maintain information that would be needed for its information technology system to meet the requirements set forth in §370.3, the covered institution must maintain, at a minimum, the following in its deposit account records:
   (i) The unique identifier of the account holder; and
   (ii) The corresponding “pending reason” code in data field 2 of the pending file format set forth in Appendix B (and need not maintain a “right and capacity” code).

(2) For each formal revocable trust account that is insured as described in
§ 370.5 Actions required for certain deposit accounts with transactional features.

(a) For each deposit account with transactional features for which the covered institution maintains its deposit account records in accordance with §370.4(b)(1), a covered institution must certify to the FDIC that the account holder will provide to the FDIC the information needed for the covered institution’s information technology system to calculate deposit insurance coverage as set forth in §370.3(b) within 24 hours after the appointment of the FDIC as receiver. Such certification may be part of the annual certification of compliance required pursuant to §370.10(a)(1).

(b) Notwithstanding paragraph (a) of this section, a covered institution need not provide such certification with respect to:

(1) Accounts maintained by a mortgage servicer, in a custodial or other fiduciary capacity, which are comprised of payments by mortgagors of principal, interest, taxes and insurance;

(2) Accounts maintained by real estate brokers, real estate agents, or title companies in which funds from multiple clients are deposited and held for a short period of time in connection with a real estate transaction;

(3) Accounts established by an attorney or law firm on behalf of clients, commonly known as an Interest on Lawyers Trust Accounts, or functionally equivalent accounts; and

(4) Accounts held in connection with an employee benefit plan (as defined in 12 CFR 330.15(f)(2)).

(c) The covered institution’s failure to provide the certification required under paragraph (a) of this section shall be deemed not to constitute a violation of this part if the FDIC has granted the covered institution relief from that certification requirement.

§ 370.6 Implementation.

(a) A covered institution must satisfy the information technology system and recordkeeping requirements set forth in this part before the compliance date.

(b) A covered institution may submit a request to the FDIC for an extension of its compliance date. The request shall state the amount of additional time needed to meet the requirements of this part, the reason(s) for which such additional time is needed, and the total number and dollar value of accounts for which deposit insurance coverage could not be calculated using the covered institution’s information technology system were the covered institution to fail as of the date of the request. The FDIC’s grant of a covered institution’s request for extension may be conditional or time-limited.
§ 370.7 Accelerated implementation.
(a) On a case-by-case basis, the FDIC may accelerate, upon notice, the implementation time frame for all or part of the requirements of this part for a covered institution that:
(1) Has a composite rating of 3, 4, or 5 under the Uniform Financial Institution's Rating System (CAMELS rating), or in the case of an insured branch of a foreign bank, an equivalent rating;
(2) Is undercapitalized, as defined under the prompt corrective action provisions of 12 CFR part 325; or
(3) Is determined by the appropriate federal banking agency or the FDIC in consultation with the appropriate federal banking agency to be experiencing a significant deterioration of capital or significant funding difficulties or liquidity stress, notwithstanding the composite rating of the covered institution by its appropriate federal banking agency in its most recent report of examination.
(b) In implementing this section, the FDIC must consult with the covered institution’s appropriate federal banking agency and consider the complexity of the covered institution’s deposit system and operations, extent of the covered institution’s asset quality difficulties, volatility of the institution’s funding sources, expected near-term changes in the covered institution’s capital levels, and other relevant factors appropriate for the FDIC to consider in its role as insurer of the covered institution.

§ 370.8 Relief.
(a) Exemption. A covered institution may submit a request in the form of a letter to the FDIC for an exemption from this part if it demonstrates that it does not take deposits from any account holder which, when aggregated, would exceed the SMDIA for any owner of the funds on deposit and will not in the future.
(b) Exception. A covered institution may submit a request in the form of a letter to the FDIC for exception from any specific aspect of the information technology system requirements, recordkeeping requirements, certification requirements, or reporting requirements set forth in this part if circumstances exist that would make it impracticable or overly burdensome to meet those requirements. In its request letter, the covered institution must demonstrate the need for exception, describe the impact of an exception on the ability to quickly and accurately calculate deposit insurance for the related deposit accounts, and state the number of, and the dollar value of deposits in, the related deposit accounts.
(c) Release from this part. A covered institution may submit a request in the form of a letter to the FDIC for release from this part if, based on its Reports of Condition and Income filed with the appropriate federal banking agency, it has less than two million deposit accounts during any three consecutive quarters after becoming a covered institution.
(d) Release from 12 CFR 360.9 requirements. A covered institution is released from the provisional hold and standard data format requirements of 12 CFR 360.9 upon submitting to the FDIC the compliance certification required under § 370.10(a).
(e) FDIC approval of a request. The FDIC will consider all requests submitted in writing by a covered institution on a case-by-case basis in light of the objectives of this part, and the FDIC’s grant of any request made by a covered institution pursuant to this section may be conditional or time-limited.

§ 370.9 Communication with the FDIC.
(a) Point of contact. Not later than ten business days after either the effective date of this part or becoming a covered institution, a covered institution must notify the FDIC of the person(s) responsible for implementing the recordkeeping and information technology system capabilities required by this part.
(b) Address. Point-of-contact information, reports and requests made under this part shall be submitted in writing to: Office of the Director, Division of Resolutions and Receiverships, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, DC 20429–0002.

§ 370.10 Compliance.
(a) Certification and report. A covered institution shall submit to the FDIC a
certification of compliance and a deposit insurance coverage summary report on or before the compliance date and annually thereafter.

(1) The certification must:
   (i) Confirm that the covered institution has implemented and successfully tested its information technology system for compliance with this part during the preceding calendar year; and
   (ii) Be signed by the covered institution’s chief executive officer or chief operating officer.

(2) The deposit insurance coverage summary report must include:
   (i) A description of any material change to the covered institution’s information technology system or deposit taking operations since the prior annual certification;
   (ii) The number of deposit accounts, number of different account holders, and dollar amount of deposits by ownership right and capacity code (as listed and described in Appendix A);
   (iii) The total number of fully-insured deposit accounts and the total dollar amount of deposits in all such accounts;
   (iv) The total number of deposit accounts with uninsured deposits and the total dollar amount of uninsured amounts in all of those accounts; and
   (v) By deposit account type, the total number of, and dollar amount of deposits in, deposit accounts for which the covered institution’s information technology system cannot calculate deposit insurance coverage using information currently maintained in the covered institution’s deposit account records.

(3) If a covered institution experiences a significant change in its deposit taking operations, the FDIC may require that it submit a certification of compliance and a deposit insurance coverage summary report more frequently than annually.

(b) FDIC Testing. (1) The FDIC will conduct periodic tests of a covered institution’s compliance with this part. These tests will begin no sooner than the last day of the first calendar quarter following the compliance date and would occur no more frequently than on a three-year cycle thereafter, unless there is a material change to the covered institution’s information technology system, deposit-taking operations, or financial condition.

(2) A covered institution shall provide the appropriate assistance to the FDIC as the FDIC tests the covered institution’s ability to satisfy the requirements set forth in this part.

(c) Effect of pending requests. A covered institution that has submitted a request pursuant to §370.6(b) or §370.8(a) through (c) will not be considered to be in violation of this part as to the requirements that are the subject of the request while awaiting the FDIC’s response to such request.

APPENDIX A TO PART 370—OWNERSHIP RIGHT AND CAPACITY CODES

A covered institution must use the codes defined below when assigning ownership right and capacity codes.

<table>
<thead>
<tr>
<th>Code</th>
<th>Illustrative description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SGL</td>
<td>Single Account (12 CFR 330.6): An account owned by one person with no testamentary or “payable-on-death” beneficiaries. It includes individual accounts, sole proprietorship accounts, single-name accounts containing community property funds, and accounts of a decedent and accounts held by executors or administrators of a decedent’s estate.</td>
</tr>
<tr>
<td>JNT</td>
<td>Joint Account (12 CFR 330.9): An account owned by two or more persons with no testamentary or “payable-on-death” beneficiaries (other than surviving co-owners). An account does not qualify as a joint account unless: (1) All co-owners are living persons; (2) each co-owner has personally signed a deposit account signature card (except that the signature requirement does not apply to certificates of deposit, to any deposit obligation evidenced by a negotiable instrument, or to any account maintained on behalf of the co-owners by an agent or custodian); and (3) each co-owner possesses withdrawal rights on the same basis.</td>
</tr>
<tr>
<td>REV</td>
<td>Revocable Trust Account (12 CFR 330.10): An account owned by one or more persons that evidences an intention that, upon the death of the owner(s), the funds shall belong to one or more beneficiaries. There are two types of revocable trust accounts: (1) Payable-on-Death Account (Informal Revocable Trust Account): An account owned by one or more persons with one or more testamentary or “payable-on-death” beneficiaries. (2) Revocable Living Trust Account (Formal Revocable Trust Account): An account in the name of a formal revocable “living trust” with one or more grantors and one or more testamentary beneficiaries.</td>
</tr>
<tr>
<td>Code</td>
<td>Illustrative description</td>
</tr>
<tr>
<td>----------</td>
<td>------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>IRR</td>
<td>Irrevocable Trust Account (12 CFR 330.13): An account in the name of an irrevocable trust unless the trustee is an insured depository institution, in which case the applicable code is DIT.</td>
</tr>
<tr>
<td>CRA</td>
<td>Certain Other Retirement Accounts (12 CFR 330.14) (b)–(c)) to the extent that participants under such plan have the right to direct the investment of assets held in individual accounts maintained on their behalf by the plan, including an individual retirement account described in section 408(a) of the Internal Revenue Code (26 U.S.C. 408(a)), an account of a deferred compensation plan described in section 407 of the Internal Revenue Code (26 U.S.C. 457), an account of an individual account plan as defined in section 3(14) of the Employee Retirement Income Security Act (29 U.S.C. 1002), a plan described in section 401(d) of the Internal Revenue Code (26 U.S.C. 401(d)).</td>
</tr>
<tr>
<td>BUS</td>
<td>Business/Organization Account (12 CFR 330.11): An account of an organization engaged in an independent activity (as defined in §330.1(g)), but not an account of a sole proprietorship. This category includes: a. Corporation Account: An account owned by a corporation. b. Partnership Account: An account owned by a partnership. c. Unincorporated Association Account: An account owned by an unincorporated association (i.e., an account owned by an association of two or more persons formed for some religious, educational, charitable, social, or other noncommercial purpose).</td>
</tr>
<tr>
<td>GOV1–GOV2–GOV3</td>
<td>Government Account (12 CFR 330.15): An account of a governmental entity. All time and savings deposit accounts of the United States and all time and savings deposit accounts of a state, county, municipality, or political subdivision deposits in an insured depository institution in the state comprising the public unit or wherein the public unit is located (including any insured depository institution having a branch in said state).</td>
</tr>
<tr>
<td>GOV1</td>
<td>All demand deposit accounts of the United States and all demand deposit accounts of a state, county, municipality, or political subdivision deposits in an insured depository institution in the state comprising the public unit or wherein the public unit is located (including any insured depository institution having a branch in said state).</td>
</tr>
<tr>
<td>GOV2</td>
<td>All deposits, regardless of whether they are time, savings or demand deposit accounts of a state, county, municipality or political subdivision deposits in an insured depository institution outside of the state comprising the public unit or wherein the public unit is located.</td>
</tr>
<tr>
<td>GOV3</td>
<td>Mortgage Servicing Account (12 CFR 330.7(d)): An account held by a mortgage servicer, funded by payments by mortgagors of principal and interest.</td>
</tr>
<tr>
<td>PBA</td>
<td>Public Bond Accounts (12 CFR 330.15(c)): An account consisting of funds held by an officer, agent or employee of a public unit for the purpose of discharging a debt owed to the holders of notes or bonds issued by the public unit.</td>
</tr>
<tr>
<td>DIT</td>
<td>DI as trustee of irrevocable trust accounts (12 CFR 330.12): &quot;Trust funds&quot; (as defined in §330.1(q)) account held by an insured depository institution as trustee of an irrevocable trust.</td>
</tr>
<tr>
<td>ANC</td>
<td>Annuity Contract Accounts (12 CFR 330.8): Funds held by an insurance company or other corporation in a deposit account for the sole purpose of funding life insurance or annuity contracts and any benefits incidental to such contracts.</td>
</tr>
<tr>
<td>BIA</td>
<td>Custodial accounts for American Indians (12 CFR 330.7(e)): Funds deposited by the Bureau of Indian Affairs of the United States Department of the Interior (the &quot;BIA&quot;) on behalf of American Indians pursuant to 25 U.S.C. 162(a), or by any other disbursing agent of the United States on behalf of American Indians pursuant to similar authority, in an insured depository institution.</td>
</tr>
<tr>
<td>DOE</td>
<td>DI Accounts under Department of Energy Program: Funds deposited by an insured depository institution pursuant to the Bank Deposit Financial Assistance Program of the Department of Energy.</td>
</tr>
</tbody>
</table>

**APPENDIX B TO PART 370—OUTPUT FILES STRUCTURE**

The output files will include the data necessary for the FDIC to determine the deposit insurance coverage in a resolution. A covered institution must have the capability to prepare and maintain the files detailed below. These files must be prepared in successive iterations as the covered institution receives additional data from external sources necessary to complete any pending deposit insurance calculations. The unique identifier is required in all four files to link the customer information. All files are pipe delimited. Do not pad leading and trailing spacing or zeros for the data fields.
Customer File. Customer File will be used by the FDIC to identify the customers. One record represents one unique customer.

</table>
### Field name | Description | Format
--- | --- | ---
14. CS_State | The state for United States addresses or state/province/county for international addresses. For United States addresses use a two-character state code (official United States Postal Service abbreviations) associated with the permanent legal address. For international addresses follow that country state code. | Variable Character.
15. CS_ZIP | The Zip/Postal Code associated with the customers’ permanent legal address. For United States zip codes, use the United States Postal Service ZIP+4 standard. For international zip codes follow that standard format of that country. | Variable Character.
16. CS_Country | The country associated with the permanent legal address. Provide the country name or the standard International Organization for Standardization (ISO) country code. | Variable Character.
17. CS_Telephone | Customer telephone number. The telephone number on record for the customer, including the country code if not within the United States. | Variable Character.
18. CS_Email | The email address on record for the customer. | Variable Character.
19. CS_Outstanding_Debt_Flag | This field indicates whether the customer has outstanding debt with covered institution. This field may be used by the FDIC to determine offsets. Enter “Y” if customer has outstanding debt with covered institutions, enter “N” otherwise. | Character (1).
20. CS_Security_Pledge_Flag | This field shall only be used for Government customers. This field indicates whether the covered institution has pledged securities to the government entity, to cover any shortfall in deposit insurance. Enter “Y” if the government entity has outstanding security pledge with covered institutions, enter “N” otherwise. | Character (1).

**Account File.** The Account File contains the deposit ownership rights and capacities information, allocated balances, insured amounts, and uninsured amounts. The balances are in U.S. dollars. The Account file is linked to the Customer File by the CS_Unique_ID.

The data elements will include:

### Field name | Description | Format
--- | --- | ---
1. CS_Unique_ID | This field is the unique identifier that is the primary key for the depositor data record. It will be generated by the covered institution and there cannot be duplicates. | Variable Character.
2. DP_Acct_Identifier | Deposit account identifier. The primary field used to identify a deposit account. The account identifier may be composed of more than one physical data element to uniquely identify a deposit account. | Variable Character.
### Field name | Description | Format
--- | --- | ---
1. **CS**.Unique.ID | This field is the unique identifier that is the primary key for the depositor data record. It will be generated by the covered institution and there shall not be duplicates. | Variable Character.
2. **DP**.Acct.Identifier | Deposit account identifier. The primary field used to identify a deposit account. The account identifier may be composed of more than one physical data element to uniquely identify a deposit account. | Variable Character.

PART 371—RECORDKEEPING REQUIREMENTS FOR QUALIFIED FINANCIAL CONTRACTS

Sec.
371.1 Scope, purpose and applicability.
371.2 Definitions.
371.3 Form, availability and maintenance of records.
371.4 Content of records.
371.5 Enforcement actions.

APPENDIX A TO PART 371—FILE STRUCTURE FOR QUALIFIED FINANCIAL CONTRACT (QFC) RECORDS

AUTHORITY: 12 U.S.C. 1819(a)(Tenth); 1820(g); 1821(e)(8)(D) and (H); 1831g; 1831i, and 1831s.

SOURCE: 73 FR 78170, Dec. 22, 2008, unless otherwise noted.

§ 371.1 Scope, purpose and applicability.

(a) Scope. This part applies to insured depository institutions that are in a troubled condition as defined in § 371.2(f).

(b) Purpose. This part establishes recordkeeping requirements with respect to qualified financial contracts for insured depository institutions that are in a troubled condition.

(c) Applicability. An insured depository institution shall comply with this part within 60 days after written notification by the institution’s appropriate Federal banking agency or the FDIC that it is in a troubled condition under § 371.2(f). The FDIC may, at its discretion, grant one or more extensions of time for compliance with this part. No single extension shall be for a period of more than 30 days. An insured depository institution may request an extension of time by submitting a written request to the FDIC at least 15 days prior to the deadline for its compliance with the requirements of this part. The written request for an extension must contain a statement of the reasons why the institution cannot comply by the deadline for compliance.

§ 371.2 Definitions.

For purposes of this part:

(a) Affiliate means any company that controls, is controlled by, or is under common control with another company.

(b) Appropriate Federal banking agency means the agency or agencies designated under 12 U.S.C. 1813(q).

(c) Insured depository institution means any bank or savings association, as defined in 12 U.S.C. 1813, the deposits of which are insured by the FDIC.

(d) Position means the rights and obligations of a person or entity as a party to an individual transaction under a QFC.

(e) Qualified financial contracts (QFCs) mean those qualified financial contracts that are defined in 12 U.S.C. 1821(e)(8)(D) to include securities contracts, commodity contracts, forward contracts, repurchase agreements, and swap agreements and any other contract determined by the FDIC to be a QFC as defined in that section.

(f) Troubled condition means for purposes of this part, any insured depository institution that:

(1) Has a composite rating, as determined by its appropriate Federal banking agency in its most recent report of examination, of 3 (only for insured depository institutions with total consolidated assets of ten billion dollars or greater), 4, or 5 under the Uniform Financial Institution Rating System, or in the case of an insured branch of a foreign bank, an equivalent rating;

(2) Is subject to a proceeding initiated by the FDIC for termination or suspension of deposit insurance;

(3) Is subject to a cease-and-desist order or written agreement issued by the appropriate Federal banking agency, as defined in 12 U.S.C. 1813(q), that requires action to improve the financial condition of the insured depository institution or is subject to a proceeding initiated by the appropriate Federal banking agency which contemplates the issuance of an order that requires action to improve the financial condition of the insured depository institution, unless otherwise informed in writing by the appropriate Federal banking agency;

(4) Is informed in writing by the insured depository institution’s appropriate Federal banking agency that it is in troubled condition for purposes of 12 U.S.C. 1831i on the basis of the institution’s most recent report of condition or report of examination, or other
§371.3 Form, availability and maintenance of records.

(a) Form and availability. The records required to be maintained by an insured depository institution for QFCs under this part—

(1) Except for records that must be maintained through electronic files under appendix A of this part, may be maintained in any form, including in an electronic file, provided that the records are updated at least daily;

(2) If the records are not maintained in written form, will be capable of being reproduced or printed in written form; and

(3) Will be made available upon written request by the FDIC immediately at the close of processing of the institution's business day, for a period provided in that written request.

(b) Maintenance of records after the institution is no longer in a troubled condition. Insured depository institutions that are in a troubled condition as defined in §371.2(f) shall continue to maintain the capacity to produce records required under this part on a daily basis for a period of one year after the date that the appropriate Federal banking agency notifies the institution that it is no longer in a troubled condition as defined in §371.2(f).

(c) Maintenance of records after an acquisition of an institution that is in a troubled condition. If an insured depository institution that has been determined by the appropriate Federal banking agency to be in a troubled condition ceases to exist as an insured depository institution as a result of a merger or a similar transaction into an insured depository institution that is not in a troubled condition immediately following the acquisition, the obligation to maintain records under this part on a daily basis will terminate when the institution in a troubled condition ceases to exist as a separately insured depository institution.

§371.4 Content of records.

For each QFC for which an insured depository institution is a party or is subject to a master netting agreement involving the QFC, that institution must maintain records as listed under appendix A of this part.

§371.5 Enforcement actions.

Violating the terms or requirements of the recordkeeping requirements set forth in this part constitutes a violation of a regulation and subjects the participating entity to enforcement actions under Section 8 of the FDI Act (12 U.S.C. 1818).

APPENDIX A TO PART 371—FILE STRUCTURE FOR QUALIFIED FINANCIAL CONTRACT (QFC) RECORDS

QFC RECORDKEEPING REQUIREMENTS

A. Electronic Files To Be Maintained for QFCs

Any insured depository institution that is subject to this part ("institution") must produce and maintain, in an electronic file in a format acceptable to the FDIC, the position level data found in Table A1 for all open positions in QFCs entered into by that institution or for which the institution is subject. To fulfill this requirement, not later than three business days after the institution's receipt of the written notification from the FDIC under §371.1(c) of this part, the institution must provide the FDIC with (i) a directory of the electronic files that will be used by the institution to maintain the position level data found in Table A1 and (ii) a point of contact at the institution should the FDIC have follow-up questions concerning this information. In addition, for such data, the institution must produce at the close of processing of the institution's business day a report in a format acceptable to the FDIC that aggregates the current market value and the amount of QFCs by each of the fields in Table A1. The institution must produce the report within 60 days of a written notification by the FDIC for the period specified in the notification. Notwithstanding the above requirements, for institutions in a troubled condition with less than twenty open QFC positions upon receipt of the written notification from the FDIC or the institution's appropriate Federal banking agency under part
Pt. 371, App. A

371 and this appendix, the data required in Table A1 are not required to be recorded and maintained in electronic form as would otherwise be required by this part, so long as all required information is capable of being updated on a daily basis. If at any time after receiving such notification an institution has twenty or more open QFC positions at any point in time, it must within 60 days after that first occurs, comply with all provisions of part 371.

### Table A1—Position-Level Data

<td>Information needed to determine if the institution is in or out-of-the money with the counterparty.</td>
</tr>
<tr>
<td>Unique counterparty identifier ................</td>
<td>AB999C ........................</td>
<td>Information needed to aggregate positions by counterparty.</td>
</tr>
<tr>
<td>Notional or principal amount of the position (this is the notional amount, where applicable).</td>
<td>$1,000,000 ........................</td>
<td>Information needed to help evaluate the position.</td>
</tr>
<tr>
<td>Documentation status of position ..............</td>
<td>Affirmed, confirmed, or neither affirmed nor confirmed.</td>
<td>Information needed to determine reliability of a booked position and its legal status.</td>
</tr>
</tbody>
</table>

Also, the institution must maintain, in an electronic file in a format acceptable to the FDIC, the counterparty-level data found in Table A2 for all open positions in QFCs entered into by that institution. In addition, the institution must, at the FDIC’s written request, produce immediately at the close of processing of the institution’s business day, for a period provided in that written request, a report in a format acceptable to the FDIC that (i) itemizes, by each counterparty and by each of its affiliates, the data required in each field in Table A2, and (ii) aggregates by field, for each counterparty and its affiliates, the data required in each field in Table A2. Notwithstanding the above requirements, for institutions in a troubled condition with less than twenty open QFC positions upon receipt of the written notification from the FDIC or the institution’s appropriate Federal banking agency under part 371 and this Appendix, the data required in Table A2 is not required to be recorded in electronic form as would otherwise be required by this part, so long as all required information is maintained and is capable of being updated on a daily basis. If at any time after receiving such notification an institution has twenty or more open QFC positions at any point in time, it must within 60 days after that first occurs, comply with all provisions of part 371.

<td>Information needed to determine the extent to which the institution has satisfied collateral requirements under each applicable agreement.</td>
</tr>
<tr>
<td>Counterparty’s collateral excess or deficiency with respect to all of the institution’s positions with each counterparty, as determined under each applicable agreement including thresholds and haircuts where applicable.</td>
<td>$50,000</td>
<td>Information needed to determine the extent to which the counterparty has satisfied collateral requirements under each applicable agreement.</td>
</tr>
<tr>
<td>The institution’s collateral excess or deficiency with respect to all of the positions, based on the aggregate market value of the positions (after netting to the extent permitted under each applicable agreement) and the aggregate market value of all collateral posted by the institution against the positions, in whole or in part.</td>
<td>($50,000)</td>
<td>Information needed to determine the extent to which the institution’s obligations regarding the positions may be unsecured.</td>
</tr>
</tbody>
</table>

29 If one or more positions cannot be netted against others, they should be maintained as separate entries.
30 If all positions are not secured by the same collateral, then separate entries should be maintained for each position or set of positions secured by the same collateral.

B. Other Files (in Written or Electronic Form) To Be Maintained for QFCs

Within 60 days after the written notification by the FDIC, the institution must produce the following files at the close of processing of the institution’s business day, for a period provided in that written notification.

1. Each institution must maintain the following files in written or electronic form:
   - A list of counterparty identifiers, with the associated counterparties and contact information;
   - A list of the affiliates of the counterparties that are also counterparties to QFC transactions with the institution or its affiliates, and the specific master netting agreements, if any, under which they are counterparties;
     - A list of affiliates of the institution that are counterparties to QFC transactions where such transactions are subject to a master agreement that also governs QFC transactions entered into by the institution. Such list must specify (i) which affiliates are direct or indirect subsidiaries of the institution and (ii) the specific master agreements under which those affiliates are counterparties to QFC transactions; and
     - A list of portfolio identifiers (see Table A1), with the associated booking locations.
   - For each QFC, the institution must maintain in a readily-accessible format all of the following documents:
     - Agreements (including master agreements and annexes, supplements or other modifications with respect to the agreements) between the institution and its counterparties that govern the QFC transactions;
     - Documents related to and affirming the position;
     - Active or “open” confirmations, if the position has been confirmed;
     - Credit support documents; and
     - Assignment documents, if applicable, including documents that confirm that all required consents, approvals, or other conditions precedent for such assignment(s) have been obtained or satisfied.

2. The institution must maintain:
   - A legal-entity organizational chart, showing the institution, its corporate parent and all other affiliates, if any; and
   - An organizational chart, including names and position titles, of all personnel significantly involved in QFC-related activities at the institution, its parent and its affiliates.
   - Contact information for the primary contact person for purposes of compliance with this part by the institution.

3. The institution must maintain a list of vendors supporting the QFC-related activities and their contact information.
PART 373—CREDIT RISK RETENTION

Subpart A—Authority, Purpose, Scope and Definitions

Sec. 373.1 Purpose and scope.
373.2 Definitions.

Subpart B—Credit Risk Retention

373.3 Base risk retention requirement.
373.4 Standard risk retention.
373.5 Revolving pool securitizations.
373.6 Eligible ABCP conduits.
373.7 Commercial mortgage-backed securities.
373.8 Federal National Mortgage Association and Federal Home Loan Mortgage Corporation ABS.
373.9 Open market CLOs.
373.10 Qualified tender option bonds.

Subpart C—Transfer of Risk Retention

373.11 Allocation of risk retention to an originator.
373.12 Hedging, transfer and financing prohibitions.

Subpart D—Exceptions and Exemptions

373.13 Exemption for qualified residential mortgages.
373.14 Definitions applicable to qualifying commercial loans, commercial real estate loans, and automobile loans.
373.15 Qualifying commercial loans, commercial real estate loans, and automobile loans.
373.16 Underwriting standards for qualifying commercial loans.
373.17 Underwriting standards for qualifying CRE loans.
373.18 Underwriting standards for qualifying automobile loans.
373.19 General exemptions.
373.20 Safe harbor for certain foreign-related transactions.
373.21 Additional exemptions.
373.22 Periodic review of the QRM definition, exempted three-to-four unit residential mortgage loans, and community-focused residential mortgage exemption.

SOURCE: 79 FR 77740, Dec. 24, 2014, unless otherwise noted.

Subpart A—Authority, Purpose, Scope and Definitions

§ 373.1 Purpose and scope.

(a) Authority. (1) In general. This part is issued by the Federal Deposit Insur-
investors, or a non-economic residual interest issued by a REMIC), payments
on which are primarily dependent on
the cash flows of the collateral owned
or held by the issuing entity; and
(2) Does not include common or pre-
ferred stock, limited liability interests,
partnership interests, trust certificates, or similar interests that:
(i) Are issued primarily to evidence
ownership of the issuing entity; and
(ii) The payments, if any, on which
are not primarily dependent on the
cash flows of the collateral held by the
issuing entity; and
(3) Does not include the right to re-
cieve payments for services provided
by the holder of such right, including
servicing, trustee services and custo-
dial services.
Affiliate of, or a person affiliated
with, a specified person means a person that
directly, or indirectly through one or
more intermediaries, controls, or is
controlled by, or is under common con-
trol with, the person specified.
Appropriate Federal banking agency
has the same meaning as in section 3 of
the Federal Deposit Insurance Act (12
Asset means a self-liquidating finan-
cial asset (including but not limited to
a loan, lease, mortgage, or receivable).
Asset-backed security has the same
meaning as in section 3(a)(79) of the Se-
78c(a)(79)).
Collateral means, with respect to any
issuance of ABS interests, the assets
that provide the cash flow and the
servicing assets that support such cash
flow for the ABS interests irrespective
of the legal structure of issuance, in-
cluding security interests in assets or
other property of the issuing entity,
fractional undivided property interests
in the assets or other property of the
issuing entity, or any other property
interest in or rights to cash flow from
such assets and related servicing as-
sets. Assets or other property
collateralize an issuance of ABS inter-
ests if the assets or property serve as
collateral for such issuance.
Commercial real estate loan has the
same meaning as in §373.14.
Commission means the Securities and
Exchange Commission.
Control including the terms "con-
trolling," "controlled by" and "under
common control with":
(1) Means the possession, direct or in-
direct, of the power to direct or cause
the direction of the management and
policies of a person, whether through
the ownership of voting securities, by
contract, or otherwise.
(2) Without limiting the foregoing, a
person shall be considered to control
another person if the first person:
(i) Owns, controls or holds with
power to vote 25 percent or more of any
class of voting securities of the other
person; or
(ii) Controls in any manner the elec-
tion of a majority of the directors,
trustees or persons performing similar
functions of the other person.
Credit risk means:
(1) The risk of loss that could result
from the failure of the borrower in the
case of a securitized asset, or the
issuing entity in the case of an ABS In-
terest in the issuing entity, to make
required payments of principal or in-
terest on the asset or ABS interest on
a timely basis;
(2) The risk of loss that could result
from bankruptcy, insolvency, or a
similar proceeding with respect to the
borrower or issuing entity, as appro-
priate; or
(3) The effect that significant
changes in the underlying credit qual-
y of the asset or ABS interest may
have on the market value of the asset
or ABS interest.
Creditor has the same meaning as in
15 U.S.C. 1602(g).
Depositor means:
(1) The person that receives or pur-
cases and transfers or sells the
securitized assets to the issuing entity;
(2) The sponsor, in the case of a
securitization transaction where there
is not an intermediate transfer of the
assets from the sponsor to the issuing
entity; or
(3) The person that receives or pur-
cases and transfers or sells the
securitized assets to the issuing entity
in the case of a securitization trans-
action where the person transferring or
selling the securitized assets directly
to the issuing entity is itself a trust.
Eligible horizontal residual interest
means, with respect to any
securitization transaction, an ABS interest in the issuing entity:

(1) That is an interest in a single class or multiple classes in the issuing entity, provided that each interest meets, individually or in the aggregate, all of the requirements of this definition;

(2) With respect to which, on any payment date or allocation date on which the issuing entity has insufficient funds to satisfy its obligation to pay all contractual interest or principal due, any resulting shortfall will reduce amounts payable to the eligible horizontal residual interest prior to any reduction in the amounts payable to any other ABS interest, whether through loss allocation, operation of the priority of payments, or any other governing contractual provision (until the amount of such ABS interest is reduced to zero); and

(3) That, with the exception of any non-economic REMIC residual interest, has the most subordinated claim to payments of both principal and interest by the issuing entity.

Eligible horizontal cash reserve account means an account meeting the requirements of §373.4(b).

Eligible vertical interest means, with respect to any securitization transaction, a single vertical security or an interest in each class of ABS interests in the issuing entity issued as part of the securitization transaction that constitutes the same proportion of each such class.

Federal banking agencies means the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation.

GAAP means generally accepted accounting principles as used in the United States.

Issuing entity means, with respect to a securitization transaction, the trust or other entity:

(1) That owns or holds the pool of assets to be securitized; and

(2) In whose name the asset-backed securities are issued.

Majority-owned affiliate of a person means an entity (other than the issuing entity) that, directly or indirectly, majority controls, is majority controlled by or is under common majority control with, such person. For purposes of this definition, majority control means ownership of more than 50 percent of the equity of an entity, or ownership of any other controlling financial interest in the entity, as determined under GAAP.

Originator means a person who:

(1) Through an extension of credit or otherwise, creates an asset that collateralizes an asset-backed security; and

(2) Sells the asset directly or indirectly to a securitizer or issuing entity.

REMIC has the same meaning as in 26 U.S.C. 860D.

Residential mortgage means:

(1) A transaction that is a covered transaction as defined in §1026.43(b) of Regulation Z (12 CFR 1026.43(b)(1));

(2) Any transaction that is exempt from the definition of “covered transaction” under §1026.43(a) of Regulation Z (12 CFR 1026.43(a)); and

(3) Any other loan secured by a residential structure that contains one to four units, whether or not that structure is attached to real property, including an individual condominium or cooperative unit and, if used as a residence, a mobile home or trailer.

Retaining sponsor means, with respect to a securitization transaction, the sponsor that has retained or caused to be retained an economic interest in the credit risk of the securitized assets pursuant to subpart B of this part.

Securitization transaction means a transaction involving the offer and sale of asset-backed securities by an issuing entity.

Securitized asset means an asset that:

(1) Is transferred, sold, or conveyed to an issuing entity; and

(2) Collateralizes the ABS interests issued by the issuing entity.

Securitizer means, with respect to a securitization transaction, either:

(1) The depositor of the asset-backed securities (if the depositor is not the sponsor); or

(2) The sponsor of the asset-backed securities.

Servicer means any person responsible for the management or collection of the securitized assets or making allocations or distributions to holders of the ABS interests, but does not include
§ 373.4 Standard risk retention.

(a) General requirement. Except as provided in §§373.5 through 373.10, the sponsor of a securitization transaction must retain an eligible vertical interest or eligible horizontal residual interest, or any combination thereof, in accordance with the requirements of this section.

(1) If the sponsor retains only an eligible vertical interest as its required risk retention, the sponsor must retain an eligible vertical interest in a percentage of not less than 5 percent.

(2) If the sponsor retains only an eligible horizontal residual interest as its required risk retention, the amount of the interest must equal at least 5 percent of the fair value of all ABS interests in the issuing entity issued as a part of the securitization transaction, determined using a fair value measurement framework under GAAP.

(3) If the sponsor retains both an eligible vertical interest and an eligible horizontal residual interest as its required risk retention, the percentage of the fair value of the eligible horizontal residual interest and the percentage of the eligible vertical interest must equal at least five.
(4) The percentage of the eligible vertical interest, eligible horizontal residual interest, or combination thereof retained by the sponsor must be determined as of the closing date of the securitization transaction.

(b) **Option to hold base amount in eligible horizontal cash reserve account.** In lieu of retaining all or any part of an eligible horizontal residual interest under paragraph (a) of this section, the sponsor may, at closing of the securitization transaction, cause to be established and funded, in cash, an eligible horizontal cash reserve account in the amount equal to the fair value of such eligible horizontal residual interest or part thereof, provided that the account meets all of the following conditions:

1. The account is held by the trustee (or person performing similar functions) in the name and for the benefit of the issuing entity;
2. Amounts in the account are invested only in cash and cash equivalents; and
3. Until all ABS interests in the issuing entity are paid in full, or the issuing entity is dissolved:
   1. Amounts in the account shall be released only to:
      A. Satisfy payments on ABS interests in the issuing entity on any payment date on which the issuing entity has insufficient funds from any source to satisfy an amount due on any ABS interest; or
      B. Pay critical expenses of the trust unrelated to credit risk on any payment date on which the issuing entity has insufficient funds from any source to pay such expenses and:
         1. Such expenses, in the absence of available funds in the eligible horizontal cash reserve account, would be paid prior to any payments to holders of ABS interests; and
         2. Such payments are made to parties that are not affiliated with the sponsor; and
   2. Interest (or other earnings) on investments made in accordance with paragraph (b)(2) of this section may be released once received by the account.

(c) **Disclosures.** A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption "Credit Risk Retention", a reasonable period of time prior to the sale of the asset-backed securities in the securitization transaction the following disclosures in written form and within the time frames set forth in this paragraph (c):

1. **Horizontal interest.** With respect to any eligible horizontal residual interest held under paragraph (a) of this section, a sponsor must disclose:
   1. A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests,
   2. The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor expects to retain at the closing of the securitization transaction. If the specific prices, sizes, or rates of interest of each tranche of the securitization are not available, the sponsor must disclose a range of fair values (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor expects to retain at the close of the securitization transaction based on a range of bona fide estimates or specified prices, sizes, or rates of interest. A sponsor disclosing a range of fair values based on a range of bona fide estimates or specified prices, sizes, or rates of interest of each tranche of the securitization must also disclose the method by which it determined any range of prices, tranche sizes, or rates of interest.
   3. A description of the material terms of the eligible horizontal residual interest to be retained by the sponsor;
   4. A description of the valuation methodology used to calculate the fair values or range of fair values of all classes of ABS interests, including any portion of the eligible horizontal residual interest retained by the sponsor;
§ 373.4

(D) All key inputs and assumptions or a comprehensive description of such key inputs and assumptions that were used in measuring the estimated total fair value or range of fair values of all classes of ABS interests, including the eligible horizontal residual interest to be retained by the sponsor.

(E) To the extent applicable to the valuation methodology used, the disclosure required in paragraph (c)(1)(i)(D) of this section shall include, but should not be limited to, quantitative information about each of the following:

1. Discount rates;
2. Loss given default (recovery);
3. Prepayment rates;
4. Default rates;
5. Lag time between default and recovery; and
6. The basis of forward interest rates used.

(F) The disclosure required in paragraphs (c)(1)(i)(C) and (D) of this section shall include, at a minimum, descriptions of all inputs and assumptions that either could have a material impact on the fair value calculation or would be material to a prospective investor’s ability to evaluate the sponsor’s fair value calculations. To the extent the disclosure required in this paragraph (c)(1) includes a description of a curve or curves, the description shall include a description of the methodology that was used to derive each curve and a description of any aspects or features of each curve that could materially impact the fair value calculation or the ability of a prospective investor to evaluate the sponsor’s fair value calculation. To the extent a sponsor uses information about the securitized assets in its calculation of fair value, such information shall not be as of a date more than 60 days prior to the date of first use with investors; provided that for a subsequent issuance of ABS interests by the same issuing entity with the same sponsor for which the securitization transaction distributes amounts to investors on a quarterly or less frequent basis, such information shall not be as of a date more than 135 days prior to the date of first use with investors; provided further, that the balance or value (in accordance with the transaction documents) of the securitized assets may be increased or decreased to reflect anticipated additions or removals of assets the sponsor makes or expects to make between the cut-off date or similar date for establishing the composition of the asset pool collateralizing such asset-backed security and the closing date of the securitization.

(G) A summary description of the reference data set or other historical information used to develop the key inputs and assumptions referenced in paragraph (c)(1)(i)(D) of this section, including loss given default and default rates;

(i) A reasonable time after the closing of the securitization transaction:

(A) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest the sponsor retained at the closing of the securitization transaction, based on actual sale prices and finalized tranche sizes;

(B) The fair value (expressed as a percentage of the fair value of all of the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to retain under this section; and

(C) To the extent the valuation methodology or any of the key inputs and assumptions that were used in calculating the fair value or range of fair values disclosed prior to sale and required under paragraph (c)(1)(i) of this section materially differs from the methodology or key inputs and assumptions used to calculate the fair value at the time of closing, descriptions of those material differences.

(iii) If the sponsor retains risk through the funding of an eligible horizontal cash reserve account:

(A) The amount to be placed (or that is placed) by the sponsor in the eligible horizontal cash reserve account at closing, and the fair value (expressed as a percentage of the fair value of all of
the ABS interests issued in the securitization transaction and dollar amount (or corresponding amount in the foreign currency in which the ABS interests are issued, as applicable)) of the eligible horizontal residual interest that the sponsor is required to fund through the eligible horizontal cash reserve account in order for such account, together with other retained interests, to satisfy the sponsor’s risk retention requirement;

(B) A description of the material terms of the eligible horizontal cash reserve account; and

(C) The disclosures required in paragraphs (c)(1)(i) and (ii) of this section.

(2) Vertical interest. With respect to any eligible vertical interest retained under paragraph (a) of this section, the sponsor must disclose:

(i) A reasonable period of time prior to the sale of an asset-backed security issued in the same offering of ABS interests,

(A) The form of the eligible vertical interest;

(B) The percentage that the sponsor is required to retain as a vertical interest under this section; and

(C) A description of the material terms of the vertical interest and the amount that the sponsor expects to retain at the closing of the securitization transaction.

(ii) A reasonable time after the closing of the securitization transaction, the amount of the vertical interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (c)(2)(i) of this section.

(d) Record maintenance. A sponsor must retain the certifications and disclosures required in paragraphs (a) and (c) of this section in its records and provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

§ 373.5 Revolving pool securitizations.

(a) Definitions. For purposes of this section, the following definitions apply:

Revolving pool securitization means an issuing entity that is established to issue on multiple issuance dates more than one series, class, subclass, or tranche of asset-backed securities that are collateralized by a common pool of securitized assets that will change in composition over time, and that does not monetize excess interest and fees from its securitized assets.

Seller’s interest means an ABS interest or ABS interests:

(1) Collateralized by the securitized assets and servicing assets owned or held by the issuing entity, other than the following that are not considered a component of seller’s interest:

(i) Servicing assets that have been allocated as collateral only for a specific series in connection with administering the revolving pool securitization, such as a principal accumulation or interest reserve account; and

(ii) Assets that are not eligible under the terms of the securitization transaction to be included when determining whether the revolving pool securitization holds aggregate securitized assets in specified proportions to aggregate outstanding investor ABS interests issued; and

(2) That is pari passu with each series of investor ABS interests issued, or partially or fully subordinated to one or more series in identical or varying amounts, with respect to the allocation of all distributions and losses with respect to the securitized assets prior to early amortization of the revolving securitization (as specified in the securitization transaction documents); and

(3) That adjusts for fluctuations in the outstanding principal balance of the securitized assets in the pool.

(b) General requirement. A sponsor satisfies the risk retention requirements of §373.3 with respect to a securitization transaction for which the issuing entity is a revolving pool securitization if the sponsor maintains a seller’s interest of not less than 5 percent of the aggregate unpaid principal balance of all outstanding investor ABS interests in the issuing entity.

(c) Measuring the seller’s interest. In measuring the seller’s interest for purposes of meeting the requirements of paragraph (b) of this section:
Federal Deposit Insurance Corporation

§ 373.5

(1) The unpaid principal balance of the securitized assets for the numerator of the 5 percent ratio shall not include assets of the types excluded from the definition of seller's interest in paragraph (a) of this section;

(2) The aggregate unpaid principal balance of outstanding investor ABS interests in the denominator of the 5 percent ratio may be reduced by the amount of funds held in a segregated principal accumulation account for the repayment of outstanding investor ABS interests, if:

(i) The terms of the securitization transaction documents prevent funds in the principal accumulation account from being applied for any purpose other than the repayment of the unpaid principal of outstanding investor ABS interests; and

(ii) Funds in that account are invested only in the types of assets in which funds held in an eligible horizontal cash reserve account pursuant to §373.4 are permitted to be invested;

(3) If the terms of the securitization transaction documents set minimum required seller's interest as a proportion of the unpaid principal balance of outstanding investor ABS interests for one or more series issued, rather than as a proportion of the aggregate outstanding investor ABS interests in all outstanding series combined, the percentage of the seller's interest for each such series must, when combined with the percentage of any minimum seller's interest set by reference to the aggregate outstanding investor ABS interests, equal at least 5 percent;

(4) The 5 percent test must be determined and satisfied at the closing of each issuance of ABS interests to investors by the issuing entity, and

(i) At least monthly at a seller's interest measurement date specified under the securitization transaction documents, until no ABS interest in the issuing entity is held by any person not a wholly-owned affiliate of the sponsor; or

(ii) If the revolving pool securitization fails to meet the 5 percent test as of any date described in paragraph (c)(4)(i) of this section, and the securitization transaction documents specify a cure period, the 5 percent test must be determined and satisfied within the earlier of the cure period, or one month after the date described in paragraph (c)(4)(i).

(d) Measuring outstanding investor ABS interests. In measuring the amount of outstanding investor ABS interests for purposes of this section, ABS interests held for the life of such ABS interests by the sponsor or its wholly-owned affiliates may be excluded.

(e) Holding and retention of the seller's interest; legacy trusts. (1) Notwithstanding §373.12(a), the seller's interest, and any offsetting horizontal retention interest retained pursuant to paragraph (g) of this section, must be retained by the sponsor or by one or more wholly-owned affiliates of the sponsor, including one or more depositors of the revolving pool securitization.

(2) If one revolving pool securitization issues collateral certificates representing a beneficial interest in all or a portion of the securitized assets held by that securitization to another revolving pool securitization, which in turn issues ABS interests for which the collateral certificates are all or a portion of the securitized assets, a sponsor may satisfy the requirements of paragraphs (b) and (c) of this section by retaining the seller's interest for the assets represented by the collateral certificates through either of the revolving pool securitizations, so long as both revolving pool securitizations are retained at the direction of the same sponsor or its wholly-owned affiliates.

(3) If the sponsor retains the seller's interest associated with the collateral certificates at the level of the revolving pool securitization that issues those collateral certificates, the proportion of the seller's interest required by paragraph (b) of this section retained at that level must equal the proportion that the principal balance of the securitized assets represented by the collateral certificates bears to the principal balance of the securitized assets in the revolving pool securitization that issues the ABS interests, as of each measurement date required by paragraph (c) of this section.

(f) Offset for pool-level excess funding account. The 5 percent seller's interest required on each measurement date by
paragraph (c) of this section may be reduced on a dollar-for-dollar basis by the balance, as of such date, of an excess funding account in the form of a segregated account that:

1. Is funded in the event of a failure to meet the minimum seller’s interest requirements or other requirement to maintain a minimum balance of securitized assets under the securitization transaction documents by distributions otherwise payable to the holder of the seller’s interest;
2. Is invested only in the types of assets in which funds held in a horizontal cash reserve account pursuant to §373.4 are permitted to be invested; and
3. In the event of an early amortization, makes payments of amounts held in the account to holders of investor ABS interests in the same manner as payments to holders of investor ABS interests of amounts received on securitized assets.

(g) Combined seller’s interests and horizontal interest retention. The 5 percent seller’s interest required on each measurement date by paragraph (c) of this section may be reduced to a percentage lower than 5 percent to the extent that, for all series of investor ABS interests issued after the applicable effective date of this §373.5, the sponsor, or notwithstanding §373.12(a) a wholly-owned affiliate of the sponsor, retains, at a minimum, a corresponding percentage of the fair value of ABS interests issued in each series, in the form of one or more of the horizontal residual interests meeting the requirements of paragraphs (h) or (i).

(h) Residual ABS interests in excess interest and fees. The sponsor may take the offset described in paragraph (g) of this section for a residual ABS interest in excess interest and fees, whether certificated or uncertificated, in a single or multiple classes, subclasses, or tranches, that meets, individually or in the aggregate, the requirements of this paragraph (h):

1. Each series of the revolving pool securitization distinguishes between the series’ share of the interest and fee cash flows and the series’ share of the principal repayment cash flows from the securitized assets collateralizing the revolving pool securitization, which may according to the terms of the securitization transaction documents, include not only the series’ ratable share of such cash flows but also excess cash flows available from other series;
2. The residual ABS interest’s claim to any part of the series’ share of the interest and fee cash flows for any interest payment period is subordinated to all accrued and payable interest due on the payment date to more senior ABS interests in the series for that period, and further reduced by the series’ share of losses, including defaults on principal of the securitized assets collateralizing the revolving pool securitization (whether incurred in that period or carried over from prior periods) to the extent that such payments would have been included in amounts payable to more senior interests in the series;
3. The revolving pool securitization continues to revolve, with one or more series, classes, subclasses, or tranches of asset-backed securities that are collateralized by a common pool of assets that change in composition over time; and
4. For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the residual ABS interest in excess interest and fees, the fair value of the series of outstanding investor ABS interests to which it is subordinated and supports using the fair value measurement framework under GAAP, as of:
   (i) The closing of the securitization transaction issuing the supported ABS interests; and
   (ii) The seller’s interest measurement dates described in paragraph (c)(4) of this section, except that for these periodic determinations the sponsor must update the fair value of the residual ABS interest in excess interest and fees, and the fair value of the series of outstanding investor ABS interests to which it is subordinated and supports using the fair value measurement framework under GAAP, as of:

(i) Offsetting eligible horizontal residual interest. The sponsor may take the offset described in paragraph (g) of this section for ABS interests that would
meet the definition of eligible horizontal residual interests in §373.2 but for the sponsor’s simultaneous holding of subordinated seller’s interests, residual ABS interests in excess interests and fees, or a combination of the two, if:

(1) The sponsor complies with all requirements of paragraphs (b) through (e) of this section for its holdings of subordinated seller’s interest, and paragraph (h) for its holdings of residual ABS interests in excess interests and fees, as applicable;

(2) For purposes of taking the offset described in paragraph (g) of this section, the sponsor determines the fair value of the eligible horizontal residual interest as a percentage of the fair value of the outstanding investor ABS interests in the series supported by the eligible horizontal residual interest, determined using the fair value measurement framework under GAAP:

(i) As of the closing of the securitization transaction issuing the supported ABS interests; and

(ii) Without including in the numerator of the percentage ratio any fair value based on:

(A) The subordinated seller’s interest or residual ABS interest in excess interest and fees;

(B) the interest payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of residual ABS interest in excess interest and fees pursuant to paragraph (h) of this section in taking the offset in paragraph (g) of this section; and,

(C) the principal payable to the sponsor on the eligible horizontal residual interest, if the sponsor is including the value of the seller’s interest pursuant to paragraphs (b) through (f) of this section and distributions on that seller’s interest are available to reduce charge-offs that would otherwise be allocated to reduce principal payable to the offset eligible horizontal residual interest.

(j) Specified dates. A sponsor using data about the revolving pool securitization’s collateral, or ABS interests previously issued, to determine the closing-date percentage of a seller’s interest, residual ABS interest in excess interest and fees, or eligible horizontal residual interest pursuant to this §373.5 may use such data prepared as of specified dates if:

(1) The sponsor describes the specified dates in the disclosures required by paragraph (k) of this section; and

(2) The dates are no more than 60 days prior to the date of first use with investors of disclosures required for the interest by paragraph (k) of this section, or for revolving pool securitizations that make distributions to investors on a quarterly or less frequent basis, no more than 135 days prior to the date of first use with investors of such disclosures.

(k) Disclosure and record maintenance.

(1) Disclosure. A sponsor relying on this section shall provide, or cause to be provided, to potential investors, under the caption “Credit Risk Retention” the following disclosure in written form and within the time frames set forth in this paragraph (k):

(i) A reasonable period of time prior to the sale of an asset-backed security, a description of the material terms of the seller’s interest, and the percentage of the seller’s interest that the sponsor expects to retain at the closing of the securitization transaction, measured in accordance with the requirements of this §373.5, as a percentage of the aggregate unpaid principal balance of all outstanding investor ABS interests issued, or as a percentage of the aggregate unpaid principal balance of outstanding investor ABS interests for one or more series issued, as required by the terms of the securitization transaction;

(ii) A reasonable time after the closing of the securitization transaction, the amount of seller’s interest the sponsor retained at closing, if that amount is materially different from the amount disclosed under paragraph (k)(1)(i) of this section; and

(iii) A description of the material terms of any horizontal residual interests offsetting the seller’s interest in accordance with paragraphs (g), (h), and (i) of this section; and

(iv) Disclosure of the fair value of those horizontal residual interests retained by the sponsor for the series being offered to investors and described in the disclosures, as a percentage of the fair value of the outstanding investor ABS interests issued, described in

1067
the same manner and within the same timeframes required for disclosure of the fair values of eligible horizontal residual interests specified in §373.4(c).

(2) Adjusted data. Disclosures required by this paragraph (k) to be made a reasonable period of time prior to the sale of an asset-backed security of the amount of seller’s interest, residual ABS interest in excess interest and fees, or eligible horizontal residual interest may include adjustments to the amount of securitized assets for additions or removals the sponsor expects to make before the closing date and adjustments to the amount of outstanding investor ABS interests for expected increases and decreases of those interests under the control of the sponsor.

(3) Record maintenance. A sponsor must retain the disclosures required in paragraph (k)(1) of this section in its records and must provide the disclosure upon request to the Commission and its appropriate Federal banking agency, if any, until three years after all ABS interests are no longer outstanding.

(l) Early amortization of all outstanding series. A sponsor that organizes a revolving pool securitization that relies on this §373.5 to satisfy the risk retention requirements of §373.3, does not violate the requirements of this part if its seller’s interest falls below the level required by §373.5 after the revolving pool securitization commences early amortization, pursuant to the terms of the securitization transaction documents, of all series of outstanding investor ABS interests, if:

(1) The sponsor was in full compliance with the requirements of this section on all measurement dates specified in paragraph (c) of this section prior to the commencement of early amortization;

(2) The terms of the seller’s interest continue to make it pari passu with or subordinate in identical or varying amounts to each series of outstanding investor ABS interests issued with respect to the allocation of all distributions and losses with respect to the securitized assets;

(3) The terms of any horizontal interest relied upon by the sponsor pursuant to paragraph (g) to offset the minimum seller’s interest amount continue to require the interests to absorb losses in accordance with the terms of paragraph (h) or (i) of this section, as applicable; and

(4) The revolving pool securitization issues no additional ABS interests after early amortization is initiated to any person not a wholly-owned affiliate of the sponsor, either at the time of issuance or during the amortization period.

§373.6 Eligible ABCP conduits.

(a) Definitions. For purposes of this section, the following additional definitions apply:

100 percent liquidity coverage means an amount equal to the outstanding balance of all ABCP issued by the conduit plus any accrued and unpaid interest without regard to the performance of the ABS interests held by the ABCP conduit and without regard to any credit enhancement.

ABCP means asset-backed commercial paper that has a maturity at the time of issuance not exceeding 397 days, exclusive of days of grace, or any renewal thereof the maturity of which is likewise limited.

ABCP conduit means an issuing entity with respect to ABCP.

Eligible ABCP conduit means an ABCP conduit, provided that:

(1) The ABCP conduit is bankruptcy remote or otherwise isolated for insolvency purposes from the sponsor of the ABCP conduit and from any intermediate SPV;

(2) The ABS interests acquired by the ABCP conduit are:

(i) ABS interests collateralized solely by assets originated by an originator-seller and by servicing assets;

(ii) Special units of beneficial interest (or similar ABS interests) in a trust or special purpose vehicle that retains legal title to leased property underlying leases originated by an originator-seller that were transferred to an intermediate SPV in connection with a securitization collateralized solely by such leases and by servicing assets;

(iii) ABS interests in a revolving pool securitization collateralized solely by assets originated by an originator-seller and by servicing assets; or
(iv) ABS interests described in paragraph (2)(i), (ii), or (iii) of this definition that are collateralized, in whole or in part, by assets acquired by an originator-seller in a business combination that qualifies for business combination accounting under GAAP, and, if collateralized in part, the remainder of such assets are assets described in paragraph (2)(i), (ii), or (iii) of this definition; and

(v) Acquired by the ABCP conduit in an initial issuance by or on behalf of an intermediate SPV:
