The seal of the National Archives and Records Administration (NARA) authenticates the Code of Federal Regulations (CFR) as the official codification of Federal regulations established under the Federal Register Act. Under the provisions of 44 U.S.C. 1507, the contents of the CFR, a special edition of the Federal Register, shall be judicially noticed. The CFR is prima facie evidence of the original documents published in the Federal Register (44 U.S.C. 1510).

It is prohibited to use NARA’s official seal and the stylized Code of Federal Regulations logo on any republication of this material without the express, written permission of the Archivist of the United States or the Archivist’s designee. Any person using NARA’s official seals and logos in a manner inconsistent with the provisions of 36 CFR part 1200 is subject to the penalties specified in 18 U.S.C. 506, 701, and 1017.

**Title 25:**

- Chapter I—Bureau of Indian Affairs, Department of the Interior ... 3

**Finding Aids:**

- Table of CFR Titles and Chapters .............................. 953
- Alphabetical List of Agencies Appearing in the CFR .......... 973
- List of CFR Sections Affected ................................... 983
Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 25 CFR 1.2 refers to title 25, part 1, section 2.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 ..............................................................as of January 1
- Title 17 through Title 27 .................................................................as of April 1
- Title 28 through Title 41 ..................................................................as of July 1
- Title 42 through Title 50.............................................................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2017), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of “Title 3—The President” is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

(a) No decision, which at the time of its rendition is subject to appeal to a superior authority in the Department, shall be considered final so as to constitute Departmental action subject to judicial review under 5 U.S.C. 704, unless when an appeal is filed, the official to whom the appeal is made determines that public safety, protection of trust resources, or other public exigency requires that the decision be made effective immediately.

The certificate of service on an attorney shall include the name of the party whom the attorney represents and indicate that service was made on the attorney representing that party.

(f) When an official deciding an appeal determines that there has not been service of a document affecting a person's interest, the official shall either serve the document on the person or direct the appropriate legal counsel to serve the document on the person and allow the person an opportunity to respond.

(b) Bureau of Indian Affairs offices receiving a misdirected appeal document shall forward the document to the proper office promptly. If a person delivers an appeal document to the wrong office or mails an appeal document to an incorrect address, no extension of time should be allowed because of the time necessary for a Bureau office to redirect the document to the correct address.

Thereafter, any change of address shall be promptly reported to the official with whom the previous address was filed. The most current address on file under this subsection shall be deemed the proper address for all purposes under this part.

(b) The successors in interest of a party shall also promptly inform the official specified in paragraph (a) of this section of their interest in the appeal and their address.

(c) An appellant or interested party failing to file an address or change of address as specified in this section may not object to lack of notice or service attributable to his/her failure to indicate a new address.

§ 2.15 Computation of time.

In computing any period of time prescribed or allowed in this part, calendar days shall be used. Computation shall not include the day on which a decision being appealed was made, service or notice was received, a document was filed, or other event occurred causing time to begin to run. Computation shall include the last day of the period, unless it is a Saturday, a Sunday, or a legal holiday, in which event the period runs until the end of the next day which is not a Saturday, a Sunday, or a legal holiday.

§ 2.16 Extensions of time.

An official to whom an appeal is made may, upon a showing of good cause by a party and with notice to all other parties, extend the period for filing or serving any document; provided, however, that no extension will be granted for filing a notice of appeal under § 2.9 of this part or serve by itself to extend any period specified by law or regulation other than in this part.

§ 2.17 Summary dismissal.

(2) If the appellant has been required to post a bond and fails to do so.

§ 2.18 Consolidation of appeals.

(a) Area Directors, Area Education Programs Administrators, Agency Superintendents for Education, Presidents of Post-Secondary Schools and the Deputy to the Assistant Secretary—Indian Affairs/Director (Indian Education Programs) shall render written decisions in all cases appealed to them within 60 days after all time for pleadings (including all extensions granted) has expired. (c) In accordance with the provisions of § 4.332(b) of title 43 of the Code of Federal Regulations, a notice of appeal to the Board of Indian Appeals shall not be effective until 20 days after receipt by the Board, during which time the Assistant Secretary—Indian Affairs shall have authority to decide to:

(1) Issue a decision in the appeal, or
(2) Assign responsibility to issue a decision in the appeal to a Deputy to the Assistant Secretary—Indian Affairs.

The Assistant Secretary—Indian Affairs will not consider petitions to exercise this authority. If the Assistant Secretary—Indian Affairs decides to issue a decision in the appeal or to assign responsibility to issue a decision in the appeal to a Deputy to the Assistant Secretary—Indian Affairs, he/she shall notify the Board of Indian Appeals, the deciding official, the appellant, and interested parties within 15 days of his/her receipt of a copy of the notice of appeal. PART 5—PREFERENCE IN EMPLOYMENT

(a) Members of any recognized Indian tribe now under Federal Jurisdiction;
(b) Descendants of such members who were, on June 1, 1934, residing within the present boundaries of any Indian reservation;
(c) All others of one-half or more Indian blood of tribes indigenous to the United States;
(d) Eskimos and other aboriginal people of Alaska; and
(e) For one (1) year or until the Osage Tribe has formally organized, whichever comes first, effective January 5, 1989, a person of at least one-quarter degree Indian ancestry of the Osage Tribe of Indians, whose rolls were closed by an act of Congress.

§ 5.2 Appointment actions.
(a) Preference will be afforded a person meeting any one of the standards of §5.1 whether the appointment involves initial hiring, reinstatement, transfer, reassignment or promotion.
(b) Preference eligibles may be given a Schedule A excepted appointment under Exception Number 213.3112(a)(7). However, if the individuals are within reach on a Civil Service Register, they may be given a competitive appointment.

§ 5.3 Application procedure for preference eligibility.
(a) Proof of eligibility must be submitted with the person’s application for a position.
(b) In order for a person to be considered a preference eligible according to the standards of §5.1, they must submit proof of membership, descendancy or degree of Indian ancestry as indicated on rolls or records acceptable to the Secretary.

§ 5.4 Information collection.
The Office of Management and Budget has informed the Department of the Interior that the information collection requirements contained in part 5 need not be reviewed by them under the Paperwork Reduction Act (44 U.S.C. 3501 et seq.).
§ 10.1 Why are policies and standards needed for Indian country detention programs?

Policies and standards are required to ensure that all Bureau of Indian Affairs (BIA) and tribal entities that receive Federal funding for the operation, maintenance, design and construction or renovation of detention facilities, community residential, or holding facilities are supporting constitutional rights and are complying with the Indian Law Enforcement Reform Act of 1990. Self-governance tribes and tribes with limited jurisdiction are encouraged to follow the regulations in this part, and other BIA manuals and handbooks. The provision for funding tribes for detention programs under the Indian Alcohol and Substance Abuse Prevention and Treatment Act, Public Law 99–570, (25 U.S.C. 2453) requires standards and procedures for such facilities.

§ 10.2 Who is responsible for developing and maintaining the policies and standards for detention and holding facilities in Indian country?

The Director, Office of Law Enforcement Services who reports to the Deputy Commissioner of Indian Affairs, BIA, establishes policies, procedures, and standards for the operations, design, planning, maintenance, renovation, and construction of detention programs in the BIA and by tribal contract under Indian Self-Determination and Education Assistance Act, Public Law 93–638, as amended, 25 U.S.C. 450.

§ 10.3 Who must follow these policies and standards?

You must follow these minimum policies, standards, and guides if you are part of the BIA or tribal detention or rehabilitation program receiving Federal funding. Self-governance tribes and tribes with limited jurisdiction are encouraged to follow the regulations in this part, and other BIA manuals and handbooks. Detention officers, guards, cooks and other staff conducting business in the facilities must meet minimum standards of law enforcement personnel as prescribed in 25 CFR part 12, subpart D, “Qualifications and Training Requirements.” Those tribal programs not receiving Federal funding under the Indian Self-Determination and Education Assistance Act (Public Law 93–638, as amended) who wish to be accredited are encouraged to use the policies and standards in that
§ 10.4 What happens if the policies and standards are not followed?

The risk for human and civil rights violations due to lack of common standards will subject the operation and/or facility to unnecessary exposure to liability. Lack of employee standards, particularly for training and background checks, will increase the risk of misconduct and vicarious liability of the tribes and the Federal government through tort claims. Funding sources for detention programs may become scarce to nonexistent because of contract noncompliance. The tribes’ opportunity to receive funding from potential resource sharing agreements with other law enforcement agencies may be damaged because the facility may have to be closed for cause due to violation of the life safety codes.

§ 10.5 Where can I find the policies and standards for the administration, operation, services, and physical plant/construction of Indian country detention, community residential, and holding facilities?

The Bureau of Indian Affairs, Department of the Interior, maintains a manual of policies and procedures called the Bureau of Indian Affairs Manual (BIAM). The chapter 69 BIAM titled “Indian Country Detention Facilities and Programs,” contains the BIA’s policies, procedures, and standards for detention and holding programs in Indian country. The standards for the programs within the BIAM are in handbook format for easy field reference and use. Copies of the chapter 69 BIAM and handbooks may be obtained from the Director, Office of Law Enforcement Services.

§ 10.6 How is the BIA assured that the policies and standards are being applied uniformly and facilities are properly accredited?

The tribes and BIA programs will use a phased approach to meeting all non-mandatory detention standards and will document progress on uniform reporting. The BIA Office of Law Enforcement Services will conduct periodic operational evaluations for oversight.

§ 10.7 Where do I find help or receive technical assistance in complying with the policies and standards?

The BIA has a trained Detention Specialist on the staff of the Office of Law Enforcement Services, Albuquerque, New Mexico, who is available to conduct evaluations and provide technical assistance or guidance in all facets of Indian country detention programs.

§ 10.8 What minimum records must be kept and reports made at each detention, community residential, or holding facility in Indian country?

The Director, Office of Law Enforcement Services, BIA, will develop all necessary requirements for maintaining records, reporting data, and archiving information. These requirements will be published in 69 BIAM, “Indian Country Detention Facilities and Programs.”

§ 10.9 If a person is detained or incarcerated in an Indian country detention, community residential, or holding facility, how would they know what their rights, privileges, safety, protection and expected behavior would be?

When an individual is incarcerated in an Indian country detention, community residential, or holding facility, he/she will be given, or in some cases notified of the availability of, an Inmate Handbook. This book of guidelines describes in detail the inmate’s rights, privileges, protection and safety, cleanliness and sanitation, and general health and nutritional standards. The Inmate Handbook describes the emergency evacuation procedures, medical, counseling, rehabilitation services, visitation procedures, and other appropriate information. The Inmate Handbook is published by the Director, Office of Law Enforcement Services and maintained by the detention facility administrator at each facility location.
§ 10.10 What happens if I believe my civil rights have been violated while incarcerated in an Indian country detention or holding facility?

All allegations of civil rights violations must be reported immediately to the Internal Affairs Branch of the Office of Law Enforcement Services. This office will ensure that such allegations are immediately reported to the Civil Rights Division of the U.S. Department of Justice through established procedures. The BIA Internal Affairs Branch may also investigate alleged violations and make recommendations for additional action as necessary. Detailed instructions on the procedure to report violations can be found in the Inmate Handbook.

§ 10.11 How would someone detained or incarcerated, or their representative, get the BIA policies and standards?

At each detention, community residential, or holding facility located in a tribal jurisdiction where federal funds are used for operations or maintenance programs, the BIA’s policies, standards, and procedures will be made available upon request. The Inmate Handbook will be made available to all persons at the time they are incarcerated or detained in a facility. There may be times when this may be delayed due to the physical or mental condition of the person at time of incarceration. In these cases, the Inmate Handbook will be made available when the person is deemed receptive and cognizant by the detention officer in charge. All policies, standards, procedures, and guidelines are available at each facility to the public or by writing to the Director, Office of Law Enforcement Services.

   (1) The circumstances that gave rise to the complaint or the taking of the minor into custody; and
   (2) The need for shelter care.

(f) If the children’s court finds that probable cause exists to believe the minor is a minor-in-need-of-care, the minor shall be released to the parents, guardian or custodian, and ordered to appear at the adjudicatory hearing, unless:
   (1) There is reasonable cause to believe that the minor will run away and be unavailable for further proceedings;
   (2) There is reasonable cause to believe that the minor is in immediate danger from parents, guardian or custodian and that removal from them is necessary; or
   (3) There is a reasonable cause to believe that the minor will commit a serious act causing damage to person or property.

(g) The children’s court may release the minor pursuant to paragraph (f) of this section to a relative or other responsible adult tribal member if the parents, guardian or custodian of the minor consent to the release. If the minor is ten years of age or older, the minor and the parents, guardian or custodian must both consent to the release.

(h) Upon finding that probable cause exists to believe that the minor is a minor-in-need-of-care and that there is a need for shelter care, the minor’s shelter care shall be continued. Otherwise, the complaint shall be dismissed and the minor released.

§11.1106 Investigation by the presenting officer.

The presenting officer shall make an investigation following the preliminary inquiry or the release of the minor to the parents, guardian or custodian to determine whether the interests of the minor and the public require that further action be taken. Upon the basis of this investigation, the presenting officer may:
   (a) Determine that no further action be taken; or
   (b) File a petition pursuant to §11.1107 of this part in the children’s court to initiate further proceedings. The petition shall be filed within 48 hours of the preliminary inquiry if the minor is in shelter care. If the minor has been previously released to the parents, guardian or custodian, relative or responsible adult, the petition shall be filed within ten days of the preliminary inquiry.

§11.1107 Petition.

Proceedings under §§11.1100–11.1114 of this part shall be instituted by a petition filed by the presenting officer on behalf of the tribe and the interests of the minor. The petition shall state:
   (a) The name, birth date, and residence of the minor;
   (b) The names and residences of the minor’s parents, guardian or custodian;
   (c) A citation to the specific section of this part which gives the children’s court jurisdiction of the proceedings; and
   (d) If the minor is in shelter care, the place of shelter care and the time he or she was taken into custody.

§11.1108 Date of hearing.

Upon receipt of the minor-in-need-of-care petition, the children’s court shall set a date for the hearing which shall not be more than 15 days after the children’s court receives the petition from the presenting officer. If the adjudicatory hearing is not held within 15 days after the filing of the petition, it shall be dismissed unless:
   (a) The hearing is continued upon motion of the minor; or
   (b) The hearing is continued upon motion of the presenting officer by reason of the unavailability of material
evidence or witnesses and the children’s court finds the presenting officer has exercised due diligence to obtain the material evidence or witnesses and reasonable grounds exist to believe that the material evidence or witnesses will become available.

§ 11.1109 Summons.

(a) At least five working days prior to the adjudicatory hearing for a minor-in-need-of-care, the children’s court shall issue summons to:

(1) The minor;
(2) The minor’s parents, guardian or custodian; and
(3) Any person the children’s court or the minor believes necessary for the proper adjudication of the hearing.

(b) The summons shall contain the name of the court; the title of the proceeding, and the date, time and place of the hearing.

(c) A copy of the petition shall be attached to the summons.

(d) The summons shall be delivered personally by a tribal law enforcement officer or appointee of the children’s court. If the summons cannot be delivered personally, the court may deliver it by certified mail.

(a) The children’s court shall conduct the adjudicatory hearing for the sole purpose of determining whether the minor is a minor-in-need-of-care. The hearing shall be private and closed.

(b) All the rights listed in §11.906 of this part shall be afforded the parties in the adjudicatory hearing, except that the court may not appoint counsel if the parties cannot afford one. The notice requirements of §11.906(a) are met by a summons issued pursuant to §11.1109.

(c) The children’s court shall hear testimony concerning the circumstances which gave rise to the complaint.

(d) If the circumstances of the petition are sustained by clear and convincing evidence, the children’s court shall find the minor to be a minor-in-need-of-care and proceed to the dispositional hearing.

(e) A finding that a minor is a minor-in-need-of-care constitutes a final order for purposes of appeal.

(a) No later than 15 days after the adjudicatory hearing, a dispositional hearing shall take place to hear evidence on the question of proper disposition.

(b) All the rights listed in §11.906 of this part shall be afforded the parties in the dispositional hearing except the right to free court-appointed counsel. Notice of the hearing shall be given to the parties at least 48 hours before the hearing.

(c) At the dispositional hearing the children’s court shall consider any predisposition report or other study it may have ordered and afford the parties an opportunity to controvert the factual contents and conclusions of the reports. The children’s court shall also consider the alternative predisposition report prepared by the minor and his or her attorney, if any.

(d) The dispositional order constitutes a final order for purposes of appeal.

§ 11.1112 Dispositional alternatives.

(a) If a minor has been adjudged a minor-in-need-of-care, the children’s court may:

(1) Permit the minor to remain with his or her parents, guardian or custodian subject to such limitations and conditions as the court may prescribe; or, if reasonable efforts to have the minor return or remain in his or her own home are unsuccessful, the children’s court may make whichever of the following dispositions is in the best interest of the minor;

(2) Place the minor with a relative within the boundaries of the reservation subject to such limitations and conditions as the court may prescribe;

(3) Place the minor in a foster home within the boundaries of the reservation which has been approved by the tribe subject to such limitations and conditions as the court may prescribe;

(4) Place the minor in shelter care facilities designated by the court;
(5) Place the minor in a foster home or a relative’s home outside the boundaries of the reservation subject to such limitations and conditions as the court may prescribe; or
(6) Recommend that termination proceedings begin.
(b) Whenever a minor is placed in a home or facility located outside the boundaries of the reservation, the court may require the party receiving custody of the minor to sign an agreement that the minor will be returned to the court upon order of the court.
(c) The dispositional orders are to be in effect for the time limit set by the children’s court, but no order may continue after the minor reaches 18 years of age, unless the dispositional order was made within six months of the minor’s eighteenth birthday, in which case the disposition may not continue for more than six months.
(d) The dispositional orders are to be reviewed at the children’s court discretion, but at least once every six months to determine the continuing need for and appropriateness of placement, to determine the extent of progress made, and to assess the probability of the minor’s return to his or her home.
(e) A permanency planning hearing must be held within 18 months after the original placement and every six months thereafter to determine the future status of the minor except when the minor is returned to his or her home and court supervision ceases.

§ 11.1113 Modification of dispositional order.
(a) A dispositional order of the children’s court may be modified upon a showing of a change of circumstances.
(b) The children’s court may modify a dispositional order at any time upon motion of the minor or the minor’s parents, guardian or custodian.
(c) If the modification involves a change of custody, the children’s court shall conduct a hearing pursuant to paragraph (d) of this section to review the dispositional order.
(d) A hearing to review a dispositional order shall be conducted as follows:
(1) All the rights listed in §11.906 of this part shall be afforded the parties in the review of the disposition hearing except the right to free court-appointed counsel. Notice of the hearing shall be given the parties at least 48 hours before the hearing.
(2) The children’s court shall review the performance of the minor, the minor’s parents, guardian or custodian, and other persons providing assistance to the minor and the minor’s family.
(3) In determining modification of disposition, the procedures prescribed in §11.1111 of this part shall apply.
(4) If the request for review of disposition is based upon an alleged violation of a court order, the children’s court shall not modify its dispositional order unless it finds clear and convincing evidence of the violation.

§ 11.1114 Termination.
(a) Parental rights to a child may be terminated by the children’s court according to the procedures in this section.
(b) Proceedings to terminate parental rights shall be instituted by a petition filed by the presenting officer on behalf of the tribe or by the parents or guardian of the child. The petition shall state:
(1) The name, birth date, and residence of the minor;
(2) The names and residences of the minor’s parents, guardian or custodian;
(3) If the child is in detention or shelter care, the place of detention or shelter care and the time he was taken into custody; and
(4) The reasons for the petition.
(c) Upon receipt of the petition, the children’s court shall set a date for the termination hearing which shall not be more than 15 days after the children’s court receives the petition from the presenting officer. The hearing may be continued:
(1) On motion of the minor’s parents, guardian or custodian; or
(2) Upon motion of the presenting officer by reason of the unavailability of material evidence or witnesses and the children’s court finds the presenting officer has exercised due diligence to obtain the material evidence or witnesses and reasonable grounds exist to believe that the material evidence or witnesses will become available.
(d) Summons:
(1) At least five working days prior to the termination hearing, the children’s court shall issue summons to the minor, the minor’s parents, guardian or custodian, and any other person the court or the minor’s parents, guardian or custodian believes necessary for the proper adjudication of the hearing.

(2) The summons shall contain the name of the court, the title of the proceedings, and the date, time and place of the hearing.

(3) A copy of the petition shall be attached to the summons.

(4) The summons shall be delivered personally by a law enforcement officer or appointee of the children’s court. If the summons cannot be delivered personally, the court may deliver it by certified mail.

(e) The children’s court shall conduct the termination hearing for the sole purpose of determining whether parental rights shall be terminated. The hearing shall be private and closed.

(1) All the rights listed in §11.906 shall be afforded the parties in the termination hearing except the right to a free court-appointed counsel. The minor’s parents may not be compelled to be witnesses against, nor otherwise incriminate themselves.

(2) The children’s court shall hear testimony concerning the circumstances that gave rise to the petition, and the need for termination of parental rights.

(3) The children’s court may terminate parental rights if, following efforts to prevent or eliminate the need to remove the minor, it finds such efforts to have been unsuccessful, and it finds beyond a reasonable doubt that:

(i) The child has been abandoned;

(ii) The minor has suffered physical injuries, willfully and repeatedly inflicted by his or her parent(s) which cause or create a substantial risk of death, disfigurement, or impairment of bodily functions;

(iii) The parent(s) has subjected the minor to willful and repeated acts of sexual abuse;

(iv) The minor has suffered serious emotional or mental harm due to the act of the parent(s); or

(v) The voluntary written consent of both parents has been acknowledged before the court.

(f) Dispositional alternatives:

(1) If parental rights to a child are terminated, the children’s court shall place the minor in a foster care or shelter care facility which has been approved by the tribe, and follow the adoption procedures of the tribe, or, in their absence, the adoption procedures of the state within which it is located.

(2) If parental rights to a child are not terminated, the children’s court shall make a disposition according to §11.1112 of this part.

(g) The termination order constitutes a final order for purposes of appeal.

(h) No adjudication of termination of parental rights shall affect the minor’s enrollment status as a member of any tribe or the minor’s degree of blood quantum of any tribe.

§ 11.1115 Information collection.

(a) The information collection requirements contained in §11.600 and §11.606 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq., and assigned approval number 1076–0094. The information is being collected to obtain a marriage license (§11.600) and a divorce decree (§11.606) from the Courts of IndianOffenses, and will be used by the courts to issue a marriage license or divorce decree. Response to this request is required to obtain a benefit.

(b) Public reporting for this information collection is estimated to average .25 hours per response, including the time for reviewing instructions, gathering and maintaining data, and completing and reviewing the information collection. Direct comments regarding the burden estimate or any other aspect of this information collection to the Bureau of Indian Affairs, Information Collection Clearance Officer, Room 336–SIB, 1849 C Street, NW., Washington, DC 20240; and the Office of Information and Regulatory Affairs [Project 1076–0094], Office of Management and Budget, Washington, DC 20502.
§ 11.1200 Definitions.

For purposes of this subpart:

Domestic violence means to inflict physical harm, bodily injury, or sexual assault, or the fear of imminent physical harm, bodily injury, or sexual assault on a family member.

Family member means any of the following:

(1) A spouse;
(2) A former spouse;
(3) A person related by blood;
(4) A person related by existing or prior marriage;
(5) A person who resides or resided with the defendant;
(6) A person with whom the defendant has a child in common; or
(7) A person with whom the defendant is or was in a dating or intimate relationship.

Parent means persons who have a child in common, regardless of whether they have been married or have lived together at any time.

§ 11.1202 How to petition for an order of protection.

A victim of domestic violence, or the parent, guardian of a victim, or a concerned adult may petition the court under this subpart for an order of protection.

(a) The petition must be made under oath or accompanied by a sworn affidavit setting out specific facts describing the act of domestic violence.

(b) The petitioner is not required to file for annulment, separation, or divorce in order to obtain an order of protection. However, the petition should state whether any legal action is pending between the petitioner and the respondent.

(c) The court may develop simplified petition forms with instructions for completion and make them available to petitioners not represented by counsel. Law enforcement agencies may keep the forms on hand and make them available upon request to victims of domestic violence.

§ 11.1204 Obtaining an emergency order of protection.

(a) When a victim files a petition for an order of protection under §11.202(a), the court may immediately grant an ex parte emergency order of protection if the petition clearly shows that an act of domestic violence has occurred. The order must meet the content requirements of §11.206 (a) and (b).

(b) If the court does not immediately grant an emergency order of protection under paragraph (a) of this section, the court must either:

(1) Within 72 hours after the victim files a petition, serve notice to appear upon both parties and hold a hearing on the petition for order of protection; or

(2) If a notice of hearing cannot be served within 72 hours, issue an emergency order of protection.

(c) If the court issues an ex parte emergency order of protection under paragraph (a) of this section, it must within 10 days hold a hearing on the question of continuing the order. If notice of hearing cannot be served within 10 days:

(1) The emergency order of protection is automatically extended for 10 days; and

(2) If after the 10-day extension, notice to appear cannot be served, the emergency order of protection expires.

(d) If the court issues an ex parte emergency order of protection under paragraph (b)(2) of this section, it must cause the order to be served on the person alleged to have committed a family violence act and seek to hold a hearing as soon as possible. If a hearing cannot be held within 10 days, the petitioner may ask the court to renew the emergency protection order.

§ 11.1206 Obtaining a regular (non-emergency) order of protection.

Following a hearing and finding that an act of domestic violence occurred, the court may issue an order of protection. The order must meet the requirements of paragraph (a) of this section and may meet the requirements of paragraph (b) of this section. Either party may request a review hearing to amend or vacate the order of protection.

(a) The order of protection must do all of the following:

(1) Specifically describe in clear language the behavior the court has ordered he or she do or refrain from doing;
§ 11.1208 Service of the protection order.

When an order of protection is granted under this subpart:

(a) The petitioner must file it with the clerk of the court;
(b) The clerk of the court must send a copy to a law enforcement agency with jurisdiction over the area in which the court is located;
(c) The order must be personally served upon the respondent, unless the respondent or his or her attorney was present at the time the order was issued; and
(d) If the court finds the petitioner unable to pay court costs, the order will be served without cost to the petitioner.

§ 11.1210 Duration and renewal of a regular protection order.

An order of protection granted by the court:

(a) Is effective for a fixed period of time, which is up to a maximum of 6 months; and
(b) May be extended for good cause upon motion of the petitioner for an additional period of up to 6 months each time a petition is presented. A petitioner may request as many extensions as necessary provided that the court determines that good cause exists.

§ 11.1212 Consequences of disobedience or interference.

Any willful disobedience or interference with any court order constitutes contempt of court which may result in a fine or imprisonment, or both, in accordance with this part.

§ 11.1214 Relationship of this subpart to other remedies.

The remedies provided in this subpart are in addition to the other civil or criminal remedies available to the petitioner.

Subpart A—Responsibilities

§ 12.1 Who is responsible for the Bureau of Indian Affairs law enforcement function?

The Commissioner of Indian Affairs, or in the absence of a Commissioner, the Deputy Commissioner, is responsible for Bureau of Indian Affairs-operated and contracted law enforcement programs, and for overall policy development and implementation of the Indian Law Enforcement Reform Act, Public Law 101-379 (25 U.S.C. 2801 et seq.).

§ 12.2 What is the role of the Bureau of Indian Affairs Director of Law Enforcement Services?

The Director of the Office of Law Enforcement Services for the Bureau of Indian Affairs (Director) has been delegated the responsibility for the development of law enforcement and detention policies, standards, and management of all Bureau of Indian Affairs (BIA) criminal investigations, drug enforcement, training, internal affairs, inspection and evaluation, emergency response forces, and other national level Indian country law enforcement initiatives. The Director publishes these policies and standards in law enforcement manuals and handbooks. The Director is also directly responsible for developing crime prevention and outreach programs within Indian country law enforcement.

§ 12.3 Who supervises Bureau of Indian Affairs criminal investigators?

All BIA criminal investigators are supervised by other criminal investigators within the Office of Law Enforcement Services.
§ 12.4 Who supervises the Bureau of Indian Affairs uniformed police, detention, and conservation enforcement functions?

The agency superintendent is directly responsible for the operation and management of BIA uniformed police operations, detention facilities, and conservation enforcement operations at any agency having these programs. The agency superintendent must also ensure technical support is provided to any agency contracting the law enforcement and/or detention program.

Subpart B—Policies and Standards

§ 12.11 Do I have to follow these regulations?

You must follow the minimum standards outlined in the regulations in this part if you are part of a BIA or tribal law enforcement program receiving Federal funding or operating under a BIA law enforcement commission.

§ 12.12 What about self-determination?

The regulations in this part are not intended to discourage contracting of Indian country law enforcement programs under the Indian Self-determination and Education Assistance Act (Pub. L. 93-638, as amended, 25 U.S.C. 450). The Deputy Commissioner of Indian Affairs will ensure minimum standards are maintained in high risk activities where the Federal government retains liability and the responsibility for settling tort claims arising from contracted law enforcement programs. It is not fair to law abiding citizens of Indian country to have anything less than a professional law enforcement program in their community. Indian country law enforcement programs that receive Federal funding and/or commissioning will be subject to a periodic inspection or evaluation to provide technical assistance, to ensure compliance with minimum Federal standards, and to identify necessary changes or improvements to BIA policies.

§ 12.13 What happens if I do not follow the rules in this part?

Your BIA law enforcement commission may be revoked, your law enforcement contract may be canceled, and you may no longer be eligible for tribal shares allocated from the law enforcement budget.

§ 12.14 Where can I find specific policies and standards for law enforcement functions in Indian country?

BIA will ensure that all Indian country law enforcement programs are provided a copy of the most current policy manuals and handbooks. Every Indian country law enforcement program covered by the regulations in this part must maintain an effective and efficient law enforcement program meeting minimal qualitative standards and procedures specified in chapter 68 Bureau of Indian Affairs Manual (BIAM) and the Law Enforcement Handbook.

Subpart C—Authority and Jurisdiction

§ 12.21 What authority is given to Indian country law enforcement officers to perform their duties?

BIA law enforcement officers are commissioned under the authority established in 25 U.S.C. 2803. BIA may issue law enforcement commissions to other Federal, State, local and tribal full-time certified law enforcement officers to obtain active assistance in enforcing applicable Federal criminal statutes, including Federal hunting and fishing regulations, in Indian country.

(a) BIA will issue commissions to other Federal, State, local and tribal full-time certified law enforcement officers only after the head of the local government or Federal agency completes an agreement with the Commissioner of Indian Affairs asking that BIA issue delegated commissions. The agreement must include language that allows the BIA to evaluate the effectiveness of these special law enforcement commissions and to investigate any allegations of misuse of authority.

(b) Tribal law enforcement officers operating under a BIA contract or compact are not automatically commissioned as Federal officers; however, they may be commissioned on a case-by-case basis.
§ 12.22 Can Bureau of Indian Affairs law enforcement officers enforce tribal laws?

BIA officers will enforce tribal laws only with the permission of the tribe. Local programs are encouraged to make arrangements and agreements with local jurisdictions to facilitate law enforcement objectives.

§ 12.23 What are the jurisdictional limits in Indian country?

The Department of the Interior and the Department of Justice must maintain and periodically review and update a memorandum of understanding describing the relationship between the Federal Bureau of Investigation and the Bureau of Indian Affairs in the investigation and prosecution of major crimes in Indian country. Any law enforcement programs performing duties under the authority of 25 U.S.C. 2803 must follow the guidelines in the memorandum of understanding and any local United States Attorney’s guidelines for the investigation and prosecution of Federal crimes.

Subpart D—Qualifications and Training Requirements

§ 12.31 Are there any minimum employment standards for Indian country law enforcement personnel?

The Director must develop, maintain, and periodically review the qualification standards, including medical qualification standards, for all BIA law enforcement, detention, and conservation enforcement occupational series. The standards will be no less stringent than the minimum standards established by the U.S. Office of Personnel Management (OPM) for these occupational series, and may exceed the OPM standards. BIA standards are available for review at any BIA personnel office. All tribal programs are encouraged to develop standards at least as stringent as those established for BIA officers.

§ 12.32 Do minimum employment standards include a background investigation?

Law enforcement authority is only entrusted to personnel possessing adequate education and/or experience, training, aptitude, and high moral character. All Indian country law enforcement programs receiving Federal funding and/or authority must ensure that all law enforcement officers successfully complete a thorough background investigation no less stringent than required of a Federal officer performing the same duties. The background investigations of applicants and employees must be adjudicated by trained and qualified security professionals. All background investigations must be documented and available for inspection by the Bureau of Indian Affairs.

§ 12.33 Are Indian country law enforcement officers paid less than other law enforcement officers?

An officer’s pay is determined by his/her grade and classification. The Commissioner of Indian Affairs must ensure that all BIA law enforcement officer positions are established at no lower grade level on the Federal scale than similar Federal law enforcement officer positions in other agencies. No BIA position performing commissioned law enforcement duties will be classified in other than the GS 0083, police officer series, for uniformed officers and the GS 1811, criminal investigating series, for criminal investigators.

§ 12.34 Do minimum salaries and position classifications apply to a tribe that has contracted or compacted law enforcement under self-determination?

Any contract or compact with the BIA to provide law enforcement services for an Indian tribe must require a law enforcement officer to be paid at least the same salary as a BIA officer performing the same duties.

§ 12.35 Do Indian country law enforcement officers complete any special training?

Law enforcement personnel of any program funded by the Bureau of Indian Affairs must not perform law enforcement duties until they have successfully completed a basic law enforcement training course prescribed by the Director. The Director will also prescribe mandatory supplemental and in-service training courses.
§ 12.36 Does other law enforcement training count?

All requests for evaluation of equivalent training must be submitted to the Indian Police Academy for review, with final determination made by the Director. Requests for a waiver of training requirements to use personnel before completing the required courses of instruction must be submitted to the Director and approved or disapproved by the Commissioner of Indian Affairs. In no case will such a waiver allow personnel to be used in any position for more than one year without achieving training standards. Failure to complete basic training requirements will result in removal from a law enforcement position.

Subpart E—Records and Information

§ 12.41 Who keeps statistics for Indian country law enforcement activities?

The Director maintains a criminal justice information system for Indian country. The Director will prescribe the types of data to be collected and the reporting format to be used to collect information and assemble reports on crime reported in Indian country. These reports may be provided to the Department of Justice. Any law enforcement program receiving funding from the BIA must use the same reporting format and submit the same statistical reports to the Office of Law Enforcement Services as prescribed by the Director and as are required of all BIA law enforcement programs.

§ 12.42 Do Indian country law enforcement programs share information with their own communities or other agencies?

At intervals established by the Director, each BIA criminal investigations program, and any investigations program receiving BIA funds will consult with local tribal leaders and managers of local patrol and detention programs. They will discuss the quality of the local investigations program and offer feedback and technical assistance. There will be no requirement to disclose confidential investigative information or to compromise ongoing investigations during this process.

Subpart F—Conduct

§ 12.51 Must Indian country law enforcement officers follow a code of conduct?

All law enforcement programs receiving Bureau of Indian Affairs funding or commissioning must establish a law enforcement code of conduct which establishes specific guidelines for conduct on and off duty, impartiality, and professional conduct in the performance of duty, and acceptance of gifts or favors. Each officer must acknowledge in writing receiving and understanding of this code of conduct. The acknowledgment will remain on file with the law enforcement program manager as long as the officer is employed there. Training will be conducted on this code of conduct and other ethics issues at least once each year.

§ 12.52 How do I report misconduct?

The Director will develop and maintain a reporting system that allows any resident of or visitor to Indian country to report officer misconduct. Each law enforcement program in Indian country will maintain instructions on how to register a complaint. An overview of these steps must be posted for public viewing at each law enforcement facility in Indian country.

§ 12.53 Who investigates officer misconduct?

The Director, Office of Law Enforcement Services maintains an internal affairs program that investigates all allegations of misconduct by BIA officers, and any officer receiving funding and/or authority from the BIA. All allegations of misconduct must be thoroughly investigated and appropriate action taken when warranted. Any person having knowledge of officer misconduct must report that information to the officer’s supervisor. The supervisor must immediately report allegations to the internal affairs unit. Depending upon the severity of the allegation, the matter may be dealt with locally or it will be investigated by the internal affairs unit. Failure of any BIA employee to report known allegations may be considered misconduct in
§ 13.1 Purpose.

(a) The regulations of this part establish the procedures by which an Indian tribe that occupies a reservation as defined in 25 U.S.C. 1903(10) over which a state asserts any jurisdiction pursuant to the provisions of the Act of August 15, 1953 (67 Stat. 588) Pub. L. 83–280, or...
 pursuant to any other federal law (including any special federal law applicable only to a tribe or tribes in Oklahoma), may reassume jurisdiction over Indian child custody proceedings as authorized by the Indian Child Welfare Act, Pub. L. 95–608, 92 Stat. 3069, 25 U.S.C. 1918.

(b) On some reservations there are disputes concerning whether certain federal statutes have subjected Indian child custody proceedings to state jurisdiction or whether any such jurisdiction conferred on a state is exclusive of tribal jurisdiction. Tribes located on those reservations may wish to exercise exclusive jurisdiction or other jurisdiction currently exercised by the state without the necessity of engaging in protracted litigation. The procedures in this part also permit such tribes to secure unquestioned exclusive, concurrent or partial jurisdiction over Indian child custody matters without relinquishing their claim that no Federal statute had ever deprived them of that jurisdiction.

(c) Some tribes may wish to join together in a consortium to establish a single entity that will exercise jurisdiction over all their members located on the reservations of tribes participating in the consortium. These regulations also provide a procedure by which tribes may reassume jurisdiction through such a consortium.

(d) These regulations also provide for limited reassumptions including jurisdiction restricted to cases transferred from state courts under 25 U.S.C. 1911(b) and jurisdiction over limited geographical areas.

(e) The term restricted interest means an interest owned in real or personal property subject to restraints upon alienation imposed either by Federal statute or by administrative action authorized by Federal statute. Although this term includes property subject to restraints which may be removed by administrative action, its use in this part refers primarily to property subject to restraints which State courts have jurisdiction to remove in proceedings such as those specified in §16.2.

§ 16.2 Scope of regulations.

The regulations in this part set forth procedures for discharging certain other responsibilities of the Secretary not necessarily involving State court functions, such as escheat of estates of deceased Indians of the Five Civilized Tribes.

§ 16.3 Legal representation in State courts.

The statutory duties of the Secretary to furnish legal advice to any Indian of the Five Civilized Tribes, and to represent such Indian in State courts, in matters affecting a restricted interest owned by such Indian, shall be performed by attorneys on the staff of the Solicitor, under the supervision of the Field Solicitor. Such advice and representation shall be undertaken to the extent that the Field Solicitor in his discretion shall consider necessary to discharge said duties, with due regard to the complexity of the legal action contemplated, the availability of staff attorneys for such purposes, the value and extent of the restricted interests involved, possible conflicts between Indians claiming to be owners of such interests, the preference of such owners concerning legal representation, the financial resources available to such owners, the extent to which such owners require similar legal services in connection with their unrestricted properties, and any other factor appropriate for consideration.

§ 16.4 Exchange of information within the Department.

To the extent that information may be useful in discharging the duties covered by the regulations in this part, the Bureau shall furnish to the Field Solicitor, either on a current basis or at periodic intervals, processes and notices received concerning court cases and information, as current and complete as may reasonably be obtainable, concerning the estate and status of an Indian of the Five Civilized Tribes for whom legal assistance should be rendered pursuant to the regulations in this part. Similarly, to the extent that such information may be useful for Bureau action or records, the Field Solicitor shall advise the Bureau of court proceedings, information received, and
§ 16.5 Acceptance and acknowledgement of service of process.

Service by the Field Solicitor or any other person of any process or notice, pursuant to any Federal statute which by its express terms is applicable to Indians of the Five Civilized Tribes, may be accepted and acknowledged by the Field Solicitor, or by any attorney authorized to perform the duties specified in §16.3, on behalf of the Secretary and the Bureau, notwithstanding any specific designation in such statute of the official to be served (such as the Secretary, superintendent for the Five Civilized Tribes, Probate Attorney, etc.).

§ 16.6 Authority of attorneys in State court litigation.

Attorneys authorized to perform the duties specified in §16.3 appearing in State court litigation in their official capacities are authorized to take such action as the Secretary could take if he were personally appearing in his official capacity as counsel therein, including but not limited to the filing or decision against filing of initial, responsive, or supplemental pleadings and appeals from adverse judgments, the exercise or decision against exercise of a preferential right to purchase property subject to sale, the removal or decision against removal of actions to Federal courts, and the waiver or decision against waiver of the failure to make timely service of process or notice.

§ 16.7 Performance of Federal functions by successor State courts.

All authority to perform functions relating to Indians of the Five Civilized Tribes which by express provisions of Federal statute had been conferred upon probate or county courts of Oklahoma before such county courts were abolished on January 12, 1969, has since that date been vested in the successor district courts of that State, and all rights of litigants continue undiminished in the successor forum, including the right to appeal from adverse decisions rendered therein to the successor appellate court.

§ 16.8 Summary distribution of small liquid estates.

Where information, furnished by the Bureau pursuant to §16.4 or otherwise obtained, reveals that the estate of a deceased Indian of the Five Civilized Tribes contains no restricted land but consists of a restricted interest in funds not exceeding $500 on deposit to the credit of the decedent, the Field Solicitor shall, in the absence of any final decree determining the heirs or legatees of the decedent, prepare and furnish to the Bureau a finding and order of distribution, based on affidavit or other proof of death and heirship or bequest, setting forth the facts of death and heirship or bequest and the amount payable from the estate to each person determined to be an heir or legatee of the decedent. The Field Solicitor shall mail to each person considered a possible claimant to any portion of the estate, as an heir or legatee or otherwise, a copy of the order with a notice that the order shall become final 30 days after the date of mailing thereof unless within that period the officer by whom the order was signed shall have received a written request for reconsideration of the order. After final action on any order has been taken by the Field Solicitor, the Bureau shall distribute the funds in the estate of the decedent in accordance with such final action, unless a timely appeal therefrom has been filed in accordance with part 2 of this title.

§ 16.9 Escheat of estates of decedents.

Where information, furnished by the Bureau pursuant to §16.4 or otherwise obtained, reveals that the estate of a deceased Indian of the Five Civilized Tribes, who has been dead 5 or more years after having died intestate without heirs, consists of restricted interests in lands or rents or profits therefrom, the Field Solicitor shall, in the absence of any final decree determining that the decedent died without heirs or devisees, prepare and furnish to the Bureau a finding and order of escheat, based on affidavit or other proof
of intestate death without heirs, setting forth the restricted interests in lands or rents or profits therefrom which have by escheat vested in the tribe which allotted the lands. The Field Solicitor shall mail to each person considered a possible claimant to any portion of the estate, as an heir or devisee or otherwise, a copy of the order with a notice that the order shall become final 30 days after the date of mailing thereof unless within that period the officer by whom the order was signed shall have received a written request for reconsideration of the order. After final action on any order has been taken by the Field Solicitor, the Bureau shall cause a certified copy thereof to be filed in the land records of each county within which are located any escheated lands described therein and shall cause the tribe to be credited with any funds in said estate which arose from rents or profits from such lands, unless a timely appeal therefrom has been filed in accordance with part 2 of this title.

(c) Upon the filing of notice with the superintendent of intention to appeal or the perfecting of an appeal by service upon the superintendent, at the same time similar notice and service shall be effected by the party taking an appeal upon opposing counsel or litigants, and a statement included in the appeal that this has been done. A party taking an appeal may, within the same 30-day period allowed for perfecting an appeal, file a brief or other written statement of his contentions, showing also service of that brief upon opposing counsel or litigants. Opposing counsel or litigants shall have 30 days from the date of the service of appellant’s brief upon them in which to file an answer brief, copies of which also shall be served upon the appellant or opposing counsel and litigants. Child and family service programs may include, but are not limited to:

(a) A system for regulating, maintaining, and supporting Indian foster and adoptive homes, including a subsidy program under which Indian adoptive children may be provided support comparable to that for which they would be eligible as Indian foster children, taking into account the appropriate state standards of support for maintenance and medical needs;

(b) Mandatory application requirements for Indian organization applicants shall include:

1. An official request for an ICWA grant program from the organization’s board of directors covering the duration of the proposed program;

6. An internal monitoring system the grantee will use to measure progress and accomplishments, and to ensure that the quality and quantity of actual performance conforms to the requirements of the grant;

7. Documentation of the relative accessibility which the Indian population to be served under a specific proposal already has to existing child and family service programs emphasizing the prevention of Indian family breakups, such as mandatory state services. Such funds may be carried over for a maximum period of two years beyond the initial grant funding period and must be utilized only for the intent, purpose and scope of the original grant. (b) No obligation incurred by the grantee during the period of suspension shall be allowable under the suspended grant, except that the grants officer may at his/her discretion allow necessary and proper costs which the grantee could not reasonably avoid during the period of suspension if such costs would otherwise be allowable under the applicable cost principles.

(c) Appropriate adjustments to the payments under the suspended grant will be made either by withholding the payments or by not allowing the grantee credit for disbursements which the grantee may make in liquidation of unauthorized obligations the grantee incurs during the period of suspension.
(d) Suspension shall remain in effect until the grantee has taken corrective action to the satisfaction of the grants officer, or given assurances satisfactory to the grants officer that corrective action will be taken, or until the grants officer cancels the grant.

§ 23.53 Cancellation.

(3) Been grossly negligent in, or has mismanaged the handling or use of funds provided under the grant.

(b) When it appears that cancellation of the grant will become necessary, the grants officer shall promptly notify the grantee in writing of this possibility. The grants officer shall also offer, and shall provide, if requested by the grantee, any technical assistance which may be required to effect the corrective action. The grantee shall have 60 days in which to effect this corrective action before the grants officer provides notice of intent to cancel the grant as provided for in paragraph (c) of this section.

(c) Upon deciding to cancel for cause, the grants officer shall promptly notify the grantee in writing of that decision, the reason for the cancellation, and the effective date. The Regional Director or his/her designated official shall also provide a hearing for the grantee before cancellation. However, the grants officer may immediately cancel the grant, upon notice to the grantee, if the grants officer determines that continuance of the grant poses an immediate threat to safety. In this event, the Regional Director or his/her designated official shall provide a hearing for the grantee within 10 days of the cancellation.

(d) The hearing referred to in paragraph (c) of this section shall be conducted as follows:

(1) The grantee affected shall be notified, in writing, at least 10 days before the hearing. The notice should give the date, time, place, and purpose of the hearing.

Subpart I—Indian Child Welfare Act Proceedings

SOURCE: 81 FR 38867, June 14, 2016, unless otherwise noted.

GENERAL PROVISIONS

§ 23.101 What is the purpose of this subpart?

The regulations in this subpart clarify the minimum Federal standards governing implementation of the Indian Child Welfare Act (ICWA) to ensure that ICWA is applied in all States consistent with the Act’s express language, Congress’s intent in enacting the statute, and to promote the stability and security of Indian tribes and families.

§ 23.102 What terms do I need to know?

The following terms and their definitions apply to this subpart. All other terms have the meanings assigned in §23.2.

Agency means a nonprofit, for-profit, or governmental organization and its employees, agents, or officials that performs, or provides services to biological parents, foster parents, or adoptive parents to assist in the administrative and social work necessary for foster, preadoptive, or adoptive placements.

Indian organization means any group, association, partnership, corporation,
Bureau of Indian Affairs, Interior

§ 23.103 When does ICWA apply?

(a) ICWA includes requirements that apply whenever an Indian child is the subject of:

(1) A child-custody proceeding, including:
   (i) An involuntary proceeding;
   (ii) A voluntary proceeding that could prohibit the parent or Indian custodian from regaining custody of the child upon demand; and
   (iii) A proceeding involving status offenses if any part of the proceeding results in the need for out-of-home placement of the child, including a foster-care, preadoptive, or adoptive placement, or termination of parental rights.

(2) An emergency proceeding.

(b) ICWA does not apply to:

(1) A Tribal court proceeding;

(2) A proceeding regarding a criminal act that is not a status offense;

(3) An award of custody of the Indian child to one of the parents including, but not limited to, an award in a divorce proceeding; or

(4) A voluntary placement that either parent, both parents, or the Indian custodian has, of his or her or their free will, without a threat of removal by a State agency, chosen for the Indian child and that does not operate to prohibit the child’s parent or Indian custodian from regaining custody of the child upon demand.

(c) If a proceeding listed in paragraph (a) of this section concerns a child who meets the statutory definition of “Indian child,” then ICWA will apply to that proceeding. In determining whether ICWA applies to a proceeding, the State court may not consider factors such as the participation of the parents or the Indian child in Tribal cultural, social, religious, or political activities, the relationship between the Indian child and his or her parents, whether the parent ever had custody of the child, or the Indian child’s blood quantum.

(d) If ICWA applies at the commencement of a proceeding, it will not cease to apply simply because the child reaches age 18 during the pendency of the proceeding.

§ 23.104 What provisions of this subpart apply to each type of child-custody proceeding?

§ 23.105 How do I contact a Tribe under the regulations in this subpart?

To contact a Tribe to provide notice or obtain information or verification under the regulations in this subpart, you should direct the notice or inquiry as follows:

(a) Many Tribes designate an agent for receipt of ICWA notices. The BIA publishes a list of Tribes’ designated Tribal agents for service of ICWA notice in the Federal Register each year and makes the list available on its Web site at www.bia.gov.

(b) For a Tribe without a designated Tribal agent for service of ICWA notice, contact the Tribe to be directed to the appropriate office or individual.

(c) If you do not have accurate contact information for a Tribe, or the Tribe contacted fails to respond to written inquiries, you should seek assistance in contacting the Indian Tribe from the BIA local or regional office or the BIA’s Central Office in Washington, DC (see www.bia.gov).
§ 23.106 How does this subpart interact with State and Federal laws?

(a) The regulations in this subpart provide minimum Federal standards to ensure compliance with ICWA.

(b) Under section 1921 of ICWA, where applicable State or other Federal law provides a higher standard of protection to the rights of the parent or Indian custodian than the protection accorded under the Act, ICWA requires the State or Federal court to apply the higher State or Federal standard.

PRETRIAL REQUIREMENTS

§ 23.107 How should a State court determine if there is reason to know the child is an Indian child?

(a) State courts must ask each participant in an emergency or voluntary or involuntary child-custody proceeding whether the participant knows or has reason to know that the child is an Indian child. The inquiry is made at the commencement of the proceeding and all responses should be on the record. State courts must instruct the parties to inform the court if they subsequently receive information that provides reason to know the child is an Indian child.

(b) If there is reason to know the child is an Indian child, but the court does not have sufficient evidence to determine that the child is or is not an "Indian child," the court must:

(1) Confirm, by way of a report, declaration, or testimony included in the record that the agency or other party used due diligence to identify and work with all of the Tribes of which there is reason to know the child may be a member (or eligible for membership), to verify whether the child is in fact a member (or a biological parent is a member and the child is eligible for membership); and

(2) Treat the child as an Indian child, unless and until it is determined on the record that the child does not meet the definition of an "Indian child" in this part.

(c) A court, upon conducting the inquiry required in paragraph (a) of this section, has reason to know that a child involved in an emergency or child-custody proceeding is an Indian child if:

(1) Any participant in the proceeding, officer of the court involved in the proceeding, Indian Tribe, Indian organization, or agency informs the court that the child is an Indian child;

(2) Any participant in the proceeding, officer of the court involved in the proceeding, Indian Tribe, Indian organization, or agency informs the court that it has discovered information indicating that the child is an Indian child;

(3) The child who is the subject of the proceeding gives the court reason to know he or she is an Indian child;

(4) The court is informed that the domicile or residence of the child, the child’s parent, or the child’s Indian custodian is on a reservation or in an Alaska Native village;

(5) The court is informed that the child is or has been a ward of a Tribal court; or

(6) The court is informed that either parent or the child possesses an identification card indicating membership in an Indian Tribe.

(d) In seeking verification of the child’s status in a voluntary proceeding where a consenting parent evidences, by written request or statement in the record, a desire for anonymity, the court must keep relevant documents pertaining to the inquiry required under this section confidential and under seal. A request for anonymity does not relieve the court, agency, or other party from any duty of compliance with ICWA, including the obligation to verify whether the child is an "Indian child." A Tribe receiving information related to this inquiry must keep documents and information confidential.

§ 23.108 Who makes the determination as to whether a child is a member, whether a child is eligible for membership, or whether a biological parent is a member of a Tribe?

(a) The Indian Tribe of which it is believed the child is a member (or eligible for membership and of which the biological parent is a member) determines whether the child is a member of the Tribe, or whether the child is eligible for membership in the Tribe and a biological parent of the child is a member of the Tribe, except as otherwise provided by Federal or Tribal law.
§ 23.109 How should a State court determine an Indian child’s Tribe when the child may be a member or eligible for membership in more than one Tribe?

(a) If the Indian child is a member or eligible for membership in only one Tribe, that Tribe must be designated as the Indian child’s Tribe.

(b) If the Indian child meets the definition of “Indian child” through more than one Tribe, deference should be given to the Tribe in which the Indian child is already a member, unless otherwise agreed to by the Tribes.

(c) If an Indian child meets the definition of “Indian child” through more than one Tribe because the child is a member in more than one Tribe or the child is not a member of but is eligible for membership in more than one Tribe, the court must provide the opportunity in any involuntary child-custody proceeding for the Tribes to determine which should be designated as the Indian child’s Tribe.

1. If the Tribes are able to reach an agreement, the agreed-upon Tribe should be designated as the Indian child’s Tribe.

2. If the Tribes are unable to reach an agreement, the State court designates, for the purposes of ICWA, the Indian Tribe with which the Indian child has the more significant contacts as the Indian child’s Tribe, taking into consideration:
   (i) Preference of the parents for membership of the child;
   (ii) Length of past domicile or residence on or near the reservation of each Tribe;
   (iii) Tribal membership of the child’s custodial parent or Indian custodian; and
   (iv) Interest asserted by each Tribe in the child-custody proceeding;
   (v) Whether there has been a previous adjudication with respect to the child by a court of one of the Tribes; and
   (vi) Self-identification by the child, if the child is of sufficient age and capacity to meaningfully self-identify.

3. A determination of the Indian child’s Tribe for purposes of ICWA and the regulations in this subpart do not constitute a determination for any other purpose.

§ 23.110 When must a State court dismiss an action?

Subject to 25 U.S.C. 1919 (Agreements between States and Indian Tribes) and §23.113 (emergency proceedings), the following limitations on a State court’s jurisdiction apply:

(a) The court in any voluntary or involuntary child-custody proceeding involving an Indian child must determine the residence and domicile of the Indian child. If either the residence or domicile is on a reservation where the Tribe exercises exclusive jurisdiction over child-custody proceedings, the State court must expeditiously notify the Tribal court of the pending dismissal based on the Tribe’s exclusive jurisdiction, dismiss the State-court child-custody proceeding, and ensure that the Tribal court is sent all information regarding the Indian child-custody proceeding, including, but not limited to, the pleadings and any court record.

(b) If the child is a ward of a Tribal court, the State court must expeditiously notify the Tribal court of the pending dismissal, dismiss the State-court child-custody proceeding, and ensure that the Tribal court is sent all information regarding the Indian child-custody proceeding, including, but not limited to, the pleadings and any court record.
§ 23.111 What are the notice requirements for a child-custody proceeding involving an Indian child?

(a) When a court knows or has reason to know that the subject of an involuntary foster-care-placement or termination-of-parental-rights proceeding is an Indian child, the court must ensure that:

(1) The party seeking placement promptly sends notice of each such child-custody proceeding (including, but not limited to, any foster-care placement or any termination of parental or custodial rights) in accordance with this section; and

(2) An original or a copy of each notice sent under this section is filed with the court together with any return receipts or other proof of service.

(b) Notice must be sent to:

(1) Each Tribe where the child may be a member (or eligible for membership if a biological parent is a member) (see § 23.105 for information on how to contact a Tribe);

(2) The child’s parents; and

(3) If applicable, the child’s Indian custodian.

(c) Notice must be sent by registered or certified mail with return receipt requested. Notice may also be sent via personal service or electronically, but such alternative methods do not replace the requirement for notice to be sent by registered or certified mail with return receipt requested.

(d) Notice must be in clear and understandable language and include the following:

(1) The child’s name, birthdate, and birthplace;

(2) All names known (including maiden, married, and former names or aliases) of the parents, the parents’ birthdates and birthplaces, and Tribal enrollment numbers if known;

(3) If known, the names, birthdates, birthplaces, and Tribal enrollment information of other direct lineal ancestors of the child, such as grandparents;

(4) The name of each Indian Tribe in which the child is a member (or may be eligible for membership if a biological parent is a member);

(5) A copy of the petition, complaint, or other document by which the child-custody proceeding was initiated and, if a hearing has been scheduled, information on the date, time, and location of the hearing;

(6) Statements setting out:

(i) The name of the petitioner and the name and address of petitioner’s attorney;

(ii) The right of any parent or Indian custodian of the child, if not already a party to the child-custody proceeding, to intervene in the proceedings;

(iii) The Indian Tribe’s right to intervene at any time in a State-court proceeding for the foster-care placement of or termination of parental rights to an Indian child.

(iv) That, if the child’s parent or Indian custodian is unable to afford counsel based on a determination of indigency by the court, the parent or Indian custodian has the right to court-appointed counsel.

(v) The right to be granted, upon request, up to 20 additional days to prepare for the child-custody proceedings.

(vi) The right of the parent or Indian custodian and the Indian child’s Tribe to petition the court for transfer of the foster-care-placement or termination-of-parental-rights proceeding to Tribal court as provided by 25 U.S.C. 1911 and §23.115.

(vii) The mailing addresses and telephone numbers of the court and information related to all parties to the child-custody proceeding and individuals notified under this section.

(viii) The potential legal consequences of the child-custody proceedings on the future parental and custodial rights of the parent or Indian custodian.

(ix) That all parties notified must keep confidential the information contained in the notice and the notice should not be handled by anyone not needing the information to exercise rights under ICWA.

(e) If the identity or location of the child’s parents, the child’s Indian custodian, or the Tribes in which the Indian child is a member or eligible for membership cannot be ascertained, but there is reason to know the child is an Indian child, notice of the child-custody proceeding must be sent to the appropriate Bureau of Indian Affairs Regional Director (see www.bia.gov). To establish Tribal identity, as much information as is known regarding the
child's direct lineal ancestors should be provided. The Bureau of Indian Affairs will not make a determination of Tribal membership but may, in some instances, be able to identify Tribes to contact.

(f) If there is a reason to know that a parent or Indian custodian possesses limited English proficiency and is therefore not likely to understand the contents of the notice, the court must provide language access services as required by Title VI of the Civil Rights Act and other Federal laws. To secure such translation or interpretation support, a court may contact or direct a party to contact the Indian child's Tribe or the local BIA office for assistance in locating and obtaining the name of a qualified translator or interpreter.

(g) If a parent or Indian custodian of an Indian child appears in court without an attorney, the court must inform him or her of his or her rights, including any applicable right to appointed counsel, right to request that the child-custody proceeding be transferred to Tribal court, right to object to such transfer, right to request additional time to prepare for the child-custody proceeding as provided in §23.112, and right (if the parent or Indian custodian is not already a party) to intervene in the child-custody proceedings.

§ 23.112 What time limits and extensions apply?

(a) No foster-care-placement or termination-of-parental-rights proceeding may be held until at least 10 days after receipt of the notice by the parent (or Indian custodian) and by the Tribe (or the Secretary). The parent, Indian custodian, and Tribe each have a right, upon request, to be granted up to 20 additional days from the date upon which notice was received to prepare for participation in the proceeding.

(b) Except as provided in 25 U.S.C. 1912 and §23.113, no child-custody proceeding for foster-care placement or termination of parental rights may be held until the waiting periods to which the parents or Indian custodians and to which the Indian child's Tribe are entitled have expired, as follows:

(1) 10 days after each parent or Indian custodian (or Secretary where the parent or Indian custodian is unknown to the petitioner) has received notice of that particular child-custody proceeding in accordance with 25 U.S.C. 1912(a) and §23.111;

(2) 10 days after the Indian child's Tribe (or the Secretary if the Indian child's Tribe is unknown to the party seeking placement) has received notice of that particular child-custody proceeding in accordance with 25 U.S.C. 1912(a) and §23.111;

(3) Up to 30 days after the parent or Indian custodian has received notice of that particular child-custody proceeding in accordance with 25 U.S.C. 1912(a) and §23.111, if the parent or Indian custodian has requested up to 20 additional days to prepare for the child-custody proceeding as provided in 25 U.S.C. 1912(a) and §23.111; and

(4) Up to 30 days after the Indian child's Tribe has received notice of that particular child-custody proceeding in accordance with 25 U.S.C. 1912(a) and §23.111, if the Indian child's Tribe has requested up to 20 additional days to prepare for the child-custody proceeding.

(c) Additional time beyond the minimum required by 25 U.S.C. 1912 and §23.111 may also be available under State law or pursuant to extensions granted by the court.

§ 23.113 What are the standards for emergency proceedings involving an Indian child?

(a) Any emergency removal or placement of an Indian child under State law must terminate immediately when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child.

(b) The State court must:

(1) Make a finding on the record that the emergency removal or placement is necessary to prevent imminent physical damage or harm to the child;

(2) Promptly hold a hearing on whether the emergency removal or placement continues to be necessary whenever new information indicates that the emergency situation has ended; and

(3) At any court hearing during the emergency proceeding, determine whether the emergency removal or placement is no longer necessary to
§ 23.114 What are the requirements for determining improper removal?

(a) If, in the course of any child-custody proceeding, any party asserts or the court has reason to believe that the Indian child may have been improperly removed from the custody of his or her parent or Indian custodian, or that the Indian child has been improperly retained (such as after a visit or other temporary relinquishment of custody), the court must expeditiously determine whether there was improper removal or retention.

(b) If the court finds that the Indian child was improperly removed or retained, the court must terminate the proceeding and the child must be returned immediately to his or her parent or Indian custodian, unless returning the child to his parent or Indian custodian would subject the child to imminent physical damage or harm to the child.

(c) An emergency proceeding can be terminated by one or more of the following actions:

(1) Initiation of a child-custody proceeding subject to the provisions of ICWA;

(2) Transfer of the child to the jurisdiction of the appropriate Indian Tribe; or

(3) Restoring the child to the parent or Indian custodian.

(d) A petition for a court order authorizing the emergency removal or continued emergency placement, or its accompanying documents, should contain a statement of the risk of imminent physical damage or harm to the Indian child and any evidence that the emergency removal or placement continues to be necessary to prevent such imminent physical damage or harm to the child. The petition or its accompanying documents should also contain the following information:

(1) The name, age, and last known address of the Indian child;

(2) The name and address of the child’s parents and Indian custodians, if any;

(3) The steps taken to provide notice to the child’s parents, custodians, and Tribe about the emergency proceeding;

(4) If the child’s parents and Indian custodians are unknown, a detailed explanation of what efforts have been made to locate and contact them, including contact with the appropriate BIA Regional Director (see www.bia.gov);

(5) The residence and the domicile of the Indian child;

(6) If either the residence or the domicile of the Indian child is believed to be on a reservation or in an Alaska Native village, the name of the Tribe affiliated with that reservation or village;

(7) The Tribal affiliation of the child and of the parents or Indian custodians;

(8) A specific and detailed account of the circumstances that led the agency responsible for the emergency removal of the child to take that action;

(9) If the child is believed to reside or be domiciled on a reservation where the Tribe exercises exclusive jurisdiction over child-custody matters, a statement of efforts that have been made and are being made to contact the Tribe and transfer the child to the Tribe’s jurisdiction; and

(10) A statement of the efforts that have been taken to assist the parents or Indian custodians so the Indian child may safely be returned to their custody.

(e) An emergency proceeding regarding an Indian child should not be continued for more than 30 days unless the court makes the following determinations:

(1) Restoring the child to the parent or Indian custodian would subject the child to imminent physical damage or harm;

(2) The court has been unable to transfer the proceeding to the jurisdiction of the appropriate Indian Tribe; and

(3) It has not been possible to initiate a “child-custody proceeding” as defined in §23.2.
§ 23.115 How are petitions for transfer of a proceeding made?

(a) Either parent, the Indian custodian, or the Indian child’s Tribe may request, at any time, orally on the record or in writing, that the State court transfer a foster-care or termination-of-parental-rights proceeding to the jurisdiction of the child’s Tribe.

(b) The right to request a transfer is available at any stage in each foster-care or termination-of-parental-rights proceeding.

§ 23.116 What happens after a petition for transfer is made?

Upon receipt of a transfer petition, the State court must ensure that the Tribal court is promptly notified in writing of the transfer petition. This notification may request a timely response regarding whether the Tribal court wishes to decline the transfer.

§ 23.117 What are the criteria for ruling on transfer petitions?

Upon receipt of a transfer petition from an Indian child’s parent, Indian custodian, or Tribe, the State court must transfer the child-custody proceeding unless the court determines that transfer is not appropriate because one or more of the following criteria are met:

(a) Either parent objects to such transfer;

(b) The Tribal court declines the transfer; or

(c) Good cause exists for denying the transfer.

§ 23.118 How is a determination of “good cause” to deny transfer made?

(a) If the State court believes, or any party asserts, that good cause to deny transfer exists, the reasons for that belief or assertion must be stated orally on the record or provided in writing on the record and to the parties to the child-custody proceeding.

(b) Any party to the child-custody proceeding must have the opportunity to provide the court with views regarding whether good cause to deny transfer exists.

(c) In determining whether good cause exists, the court must not consider:

(1) Whether the foster-care or termination-of-parental-rights proceeding is at an advanced stage if the Indian child’s parent, Indian custodian, or Tribe did not receive notice of the child-custody proceeding until an advanced stage;

(2) Whether there have been prior proceedings involving the child for which no petition to transfer was filed;

(3) Whether transfer could affect the placement of the child;

(4) The Indian child’s cultural connections with the Tribe or its reservation; or

(5) Socioeconomic conditions or any negative perception of Tribal or BIA social services or judicial systems.

(d) The basis for any State-court decision to deny transfer should be stated orally on the record or in a written order.

§ 23.119 What happens after a petition for transfer is granted?

(a) If the Tribal court accepts the transfer, the State court should expeditiously provide the Tribal court with all records related to the proceeding, including, but not limited to, the pleadings and any court record.

(b) The State court should work with the Tribal court to ensure that the transfer of the custody of the Indian child and of the proceeding is accomplished smoothly and in a way that minimizes the disruption of services to the family.

ADJUDICATION OF INVOLUNTARY PROCEEDINGS

§ 23.120 How does the State court ensure that active efforts have been made?

(a) Prior to ordering an involuntary foster-care placement or termination of parental rights, the court must conclude that active efforts have been made to prevent the breakup of the Indian family and that those efforts have been unsuccessful.

(b) Active efforts must be documented in detail in the record.
§ 23.121 What are the applicable standards of evidence?

(a) The court must not order a foster-care placement of an Indian child unless clear and convincing evidence is presented, including the testimony of one or more qualified expert witnesses, demonstrating that the child’s continued custody by the child’s parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(b) The court must not order a termination of parental rights for an Indian child unless evidence beyond a reasonable doubt is presented, including the testimony of one or more qualified expert witnesses, demonstrating that the child’s continued custody by the child’s parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(c) For a foster-care placement or termination of parental rights, the evidence must show a causal relationship between the particular conditions in the home and the likelihood that continued custody of the child will result in serious emotional or physical damage to the particular child who is the subject of the child-custody proceeding.

(d) Without a causal relationship identified in paragraph (c) of this section, evidence that shows only the existence of community or family poverty, isolation, single parenthood, custodian age, crowded or inadequate housing, substance abuse, or nonconforming social behavior does not by itself constitute clear and convincing evidence or evidence beyond a reasonable doubt that continued custody is likely to result in serious emotional or physical damage to the child.

§ 23.122 Who may serve as a qualified expert witness?

(a) A qualified expert witness must be qualified to testify regarding whether the child’s continued custody by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child and should be qualified to testify as to the prevailing social and cultural standards of the Indian child’s Tribe. A person may be designated by the Indian child’s Tribe as being qualified to testify to the prevailing social and cultural standards of the Indian child’s Tribe.

(b) The court or any party may request the assistance of the Indian child’s Tribe or the BIA office serving the Indian child’s Tribe in locating persons qualified to serve as expert witnesses.

(c) The social worker regularly assigned to the Indian child may not serve as a qualified expert witness in child-custody proceedings concerning the child.

§ 23.123 [Reserved]

§ 23.124 What actions must a State court undertake in voluntary proceedings?

(a) The State court must require the participants in a voluntary proceeding to state on the record whether the child is an Indian child, or whether there is reason to believe the child is an Indian child, as provided in § 23.107.

(b) If there is reason to believe the child is an Indian child, the State court must ensure that the party seeking placement has taken all reasonable steps to verify the child’s status. This may include contacting the Tribe of which it is believed the child is a member (or eligible for membership and of which the biological parent is a member) to verify the child’s status. As described in § 23.107, where a consenting parent requests anonymity, a Tribe receiving such information must keep relevant documents and information confidential.

(c) State courts must ensure that the placement for the Indian child complies with §§ 23.129–23.132.

§ 23.125 How is consent obtained?

(a) A parent’s or Indian custodian’s consent to a voluntary termination of parental rights or to a foster-care, preadoptive, or adoptive placement must be executed in writing and recorded before a court of competent jurisdiction.

(b) Prior to accepting the consent, the court must explain to the parent or Indian custodian:

(1) The terms and consequences of the consent in detail; and
§ 23.126 What information must a consent document contain?

(a) If there are any conditions to the consent, the written consent must clearly set out the conditions.
(b) A written consent to foster-care placement should contain, in addition to the information specified in paragraph (a) of this section, the name and birthdate of the Indian child; the name of the Indian child’s Tribe; the Tribal enrollment number for the parent and for the Indian child, where known, or some other indication of the child’s membership in the Tribe; the name, address, and other identifying information of the consenting parent or Indian custodian; the name and address of the person or entity, if any, who arranged the placement; and the name and address of the prospective foster parents, if known at the time.

§ 23.127 How is withdrawal of consent to a foster-care placement achieved?

(a) The parent or Indian custodian may withdraw consent to voluntary foster-care placement at any time.
(b) To withdraw consent, the parent or Indian custodian must file a written document with the court or otherwise testify before the court. Additional methods of withdrawing consent may be available under State law.
(c) When a parent or Indian custodian withdraws consent to a voluntary foster-care placement, the court must ensure that the Indian child is returned to that parent or Indian custodian as soon as practicable.

§ 23.128 How is withdrawal of consent to a termination of parental rights or adoption achieved?

(a) A parent may withdraw consent to voluntary termination of parental rights at any time prior to the entry of a final decree of termination.
(b) A parent or Indian custodian may withdraw consent to voluntary adoption at any time prior to the entry of a final decree of adoption.
(c) To withdraw consent prior to the entry of a final decree of adoption, the parent or Indian custodian must file a written document with the court or otherwise testify before the court. Additional methods of withdrawing consent may be available under State law.
(d) The court in which the withdrawal of consent is filed must promptly notify the person or entity who arranged any voluntary preadoptive or adoptive placement of such filing, and the Indian child must be returned to the parent or Indian custodian as soon as practicable.

§ 23.129 When do the placement preferences apply?

(a) In any preadoptive, adoptive, or foster-care placement of an Indian child, the placement preferences specified in §23.130 and §23.131 apply.
(b) Where a consenting parent requests anonymity in a voluntary proceeding, the court must give weight to the request in applying the preferences.

(c) The placement preferences must be applied in any foster-care, preadoptive, or adoptive placement unless there is a determination on the record that good cause under §23.132 exists to not apply those placement preferences.

§ 23.130 What placement preferences apply in adoptive placements?

(a) In any adoptive placement of an Indian child under State law, where the Indian child’s Tribe has not established a different order of preference under paragraph (b) of this section, preference must be given in descending order, as listed below, to placement of the child with:

1. A member of the Indian child’s extended family;
2. Other members of the Indian child’s Tribe; or
3. Other Indian families.

(b) If the Indian child’s Tribe has established by resolution a different order of preference than that specified in ICWA, the Tribe’s placement preferences apply.

(c) The court must, where appropriate, also consider the placement preference of the Indian child or Indian child’s parent.

§ 23.131 What placement preferences apply in foster-care or preadoptive placements?

(a) In any foster-care or preadoptive placement of an Indian child under State law, including changes in foster-care or preadoptive placements, the child must be placed in the least-restrictive setting that:

1. Most approximates a family, taking into consideration sibling attachment;
2. Allows the Indian child’s special needs (if any) to be met; and
3. Is in reasonable proximity to the Indian child’s home, extended family, or siblings.

(b) In any foster-care or preadoptive placement of an Indian child under State law, where the Indian child’s Tribe has not established a different order of preference under paragraph (c) of this section, preference must be given, in descending order as listed below, to placement of the child with:

1. A member of the Indian child’s extended family;
2. A foster home that is licensed, approved, or specified by the Indian child’s Tribe;
3. An Indian foster home licensed or approved by an authorized non-Indian licensing authority; or
4. An institution for children approved by an Indian Tribe or operated by an Indian organization which has a program suitable to meet the child’s needs.

(c) If the Indian child’s Tribe has established by resolution a different order of preference than that specified in ICWA, the Tribe’s placement preferences apply, so long as the placement is the least-restrictive setting appropriate to the particular needs of the Indian child, as provided in paragraph (a) of this section.

(d) The court must, where appropriate, also consider the preference of the Indian child or the Indian child’s parent.

§ 23.132 How is a determination of “good cause” to depart from the placement preferences made?

(a) If any party asserts that good cause not to follow the placement preferences exists, the reasons for that belief or assertion must be stated orally on the record or provided in writing to the parties to the child-custody proceeding and the court.

(b) The party seeking departure from the placement preferences should bear the burden of proving by clear and convincing evidence that there is “good cause” to depart from the placement preferences.

(c) A court’s determination of good cause to depart from the placement preferences must be made on the record or in writing and should be based on one or more of the following considerations:

1. The request of one or both of the Indian child’s parents, if they attest that they have reviewed the placement options, if any, that comply with the order of preference;
2. The request of the child, if the child is of sufficient age and capacity
§ 23.133 Should courts allow participation by alternative methods?

If it possesses the capability, the court should allow alternative methods of participation in State-court child-custody proceedings involving an Indian child, such as participation by telephone, videoconferencing, or other methods.

§ 23.134 Who has access to reports and records during a proceeding?

Each party to an emergency proceeding or a foster-care-placement or termination-of-parental-rights proceeding under State law involving an Indian child has a right to timely examine all reports and other documents filed or lodged with the court upon which any decision with respect to such action may be based.

§ 23.135 [Reserved]

Post-Trial Rights & Responsibilities

§ 23.136 What are the requirements for vacating an adoption based on consent having been obtained through fraud or duress?

(a) Within two years after a final decree of adoption of any Indian child by a State court, or within any longer period of time permitted by the law of the State, the State court may invalidate the voluntary adoption upon finding that the parent’s consent was obtained by fraud or duress.

(b) Upon the parent’s filing of a petition to vacate the final decree of adoption of the parent’s Indian child, the court must give notice to all parties to the adoption proceedings and the Indian child’s Tribe and must hold a hearing on the petition.

(c) Where the court finds that the parent’s consent was obtained through fraud or duress, the court must vacate the final decree of adoption, order the consent revoked, and order that the child be returned to the parent.

§ 23.137 Who can petition to invalidate an action for certain ICWA violations?

(a) Any of the following may petition any court of competent jurisdiction to invalidate an action for foster-care placement or termination of parental rights under State law where it is alleged that 25 U.S.C. 1911, 1912, or 1913 has been violated:

(1) An Indian child who is or was the subject of any action for foster-care placement or termination of parental rights;

(2) A parent or Indian custodian from whose custody such child was removed; and

(3) The Indian child’s Tribe.

(b) Upon a showing that an action for foster-care placement or termination of parental rights violated any provision of 25 U.S.C. 1911, 1912, or 1913, the court must determine whether it is appropriate to invalidate the action.

(c) To petition for invalidation, there is no requirement that the petitioner’s
rights under ICWA were violated; rather, a petitioner may challenge the action based on any violations of 25 U.S.C. 1911, 1912, or 1913 during the course of the child-custody proceeding.

§ 30.100 What is the purpose of this part?

This part establishes for schools receiving Bureau funding a definition of “Adequate Yearly Progress (AYP).” Nothing in this part:

(a) Diminishes the Secretary’s trust responsibility for Indian education or any statutory rights in law;

(b) Affects in any way the sovereign rights of tribes; or

(c) Terminates or changes the trust responsibility of the United States to Indian tribes or individual Indians.
§ 30.101 What definitions apply to terms in this part?

Act means the No Child Left Behind Act, Public Law 107–110, enacted January 8, 2002. The No Child Left Behind Act reauthorizes and amends the Elementary and Secondary Education Act (ESEA) and amends the Education Amendments of 1978.

Bureau means the Bureau of Indian Affairs in the Department of the Interior.

Department means the Department of the Interior.

Subpart A—Defining Adequate Yearly Progress

§ 30.102 Does the Act require the Secretary of the Interior to develop a definition of AYP for Bureau-funded schools?

Yes, the Act requires the Secretary to develop a definition of AYP through negotiated rulemaking. In developing the Secretary’s definition of AYP, the No Child Left Behind Negotiated Rulemaking Committee (Committee) considered a variety of options. In choosing the definition in §30.104, the Committee in no way intended to diminish the Secretary’s trust responsibility for Indian education or any statutory rights in law. Nothing in this part:

(a) Affects in any way the sovereign rights of tribes; or

(b) Terminates or changes the trust responsibility of the United States to Indian tribes or individual Indians.

§ 30.103 Did the Committee consider a separate Bureau definition of AYP?

Yes, the Committee considered having the Bureau of Indian Affairs develop a separate Bureau definition of AYP. For a variety of reasons, the Committee reached consensus on the definition in §30.104. This definition is in no way intended to diminish the United States’ trust responsibility for Indian education nor is it intended to give States authority over Bureau-funded schools.

§ 30.104 What is the Secretary’s definition of AYP?

The Secretary defines AYP as follows. The definition meets the requirements in 20 U.S.C. 6311(b).

(a) Effective in the 2005–2006 school year, the academic content and student achievement standards, assessments, and the definition of AYP are those of the State where the school is located, unless an alternative definition of AYP is proposed by the tribal governing body or school board and approved by the Secretary.

(1) If the geographic boundaries of the school include more than one State, the tribal governing body or school board may choose the State definition it desires. Such decision shall be communicated to the Secretary in writing.

(2) This section does not mean that the school is under the jurisdiction of the State for any purpose, rather a reference to the State is solely for the purpose of using the State’s assessment, academic content and student achievement standards, and definition of AYP.

(b) School boards or tribal governing bodies may seek a waiver that may include developing their own definition of AYP, or adopting or modifying an existing definition of AYP that has been accepted by the Department of Education. The Secretary is committed to providing technical assistance to a school, or a group of schools, to develop an alternative definition of AYP.

ALTERNATIVE DEFINITION OF AYP

§ 30.105 May a tribal governing body or school board use another definition of AYP?

Yes. A tribal governing body or school board may waive all or part of the Secretary’s definition of academic content and achievement standards, assessments, and AYP. However, unless an alternative definition is approved
§ 30.106 How does a tribal governing body or school board propose an alternative definition of AYP?

If a tribal governing body or school board decides that the definition of AYP in §30.104 is inappropriate, it may decide to waive all or part of the definition. Within 60 days of the decision to waive, the tribal governing body or school board must submit to the Secretary a proposal for an alternative definition of AYP. The proposal must meet the requirements of 20 U.S.C. 6311(b) and 34 CFR 200.1–200.20, taking into account the unique circumstances and needs of the school or schools and the students served.

§ 30.107 What must a tribal governing body or school board include in its alternative definition of AYP?

(a) An alternative definition of AYP must meet the requirements of 20 U.S.C. 6311(b)(2) of the Act and 34 CFR 200.13–200.20, taking into account the unique circumstances and needs of the school or schools and the students served.

(b) In accordance with 20 U.S.C. 6311(b) of the Act and 34 CFR 200.13–200.20, an alternative definition of AYP must:

1. Apply the same high standards of academic achievement to all students;
2. Be statistically valid and reliable;
3. Result in continuous and substantial academic improvement for all students;
4. Measure the progress of all students based on a high-quality assessment system that includes, at a minimum, academic assessments in mathematics and reading or language arts;
5. Measure progress separately for reading or language arts and for mathematics;
6. Unless disaggregation of data cannot yield statistically reliable information or reveals personally identifiable information, apply the same annual measurable objectives to each of the following:
   (i) The achievement of all students; and
   (ii) The achievement of economically disadvantaged students, students from major racial or ethnic groups, students with disabilities, and students with limited English proficiency;
7. Establish a starting point;
8. Create a timeline to ensure that all students are proficient by the 2013–2014 school year;
9. Establish annual measurable objectives;
10. Establish intermediate goals;
11. Include at least one other academic indicator which, for any school with a 12th grade, must be graduation rate; and
12. Ensure that at least 95 percent of the students enrolled in each group under §30.107(b)(6) are assessed.

(c) If a Bureau-funded school’s alternative definition of AYP does not use a State’s academic content and student achievement standards and academic assessments, the school must include with its alternative definition the academic standards and assessment it proposes to use. These standards and assessments must meet the requirements in 20 U.S.C. 6311(b) and 34 CFR 200.1–200.9.

§ 30.108 May an alternative definition of AYP use parts of the Secretary’s definition?

Yes, a tribal governing body or school board may take part of the Secretary’s definition and propose to waive the remainder. The proposed alternative definition of AYP must, however, include both the parts of the Secretary’s AYP definition the tribal governing body or school board is adopting and those parts the tribal governing body or school board is proposing to change.

TECHNICAL ASSISTANCE

§ 30.109 Will the Secretary provide assistance in developing an alternative AYP definition?

§ 30.110 What is the process for requesting technical assistance to develop an alternative definition of AYP?

(a) The tribal governing body or school board requesting technical assistance to develop an alternative definition of AYP must submit a written request to the Director of OIEP, specifying the form of assistance it requires.

(b) The Director of OIEP must acknowledge receipt of the request for technical assistance within 10 days of receiving the request.

(c) No later than 30 days after receiving the original request, the Director of OIEP will identify a point of contact. This contact will immediately begin working with the tribal governing body or school board to jointly develop the specifics of the technical assistance, including identifying the form, substance, and timeline for the assistance.

§ 30.111 When should the tribal governing body or school board request technical assistance?

In order to maximize the time the tribal governing body or school board has to develop an alternative definition of AYP and to provide full opportunity for technical assistance, the tribal governing body or school board should request technical assistance before formally notifying the Secretary of its intention to waive the Secretary’s definition of AYP.

§ 30.113 How does the Secretary review and approve an alternative definition of AYP?

(a) The tribal governing body or school board submits a proposed alternative definition of AYP to the Director, OIEP within 60 days of its decision to waive the Secretary’s definition.

(b) Within 60 days of receiving a proposed alternative definition of AYP, OIEP will notify the tribal governing body or the school board of:

(e) The Secretaries shall approve the alternative definition of AYP if it is consistent with the requirements of 20 U.S.C. 6311(b), taking into consideration the unique circumstances and needs of the school or schools and the students served.

(f) If the Secretaries approve the alternative definition of AYP:

1. The Secretary shall promptly notify the tribal governing body or school board; and
2. The alternate definition of AYP will become effective at the start of the following school year.

(g) The Secretaries will disapprove the alternative definition of AYP if it is not consistent with the requirements of 20 U.S.C. 6311(b). If the alternative definition is disapproved, the tribal governing body or school board will be notified of the following:

1. That the definition is disapproved; and
2. The reasons why the proposed alternative definition does not meet the requirements of 20 U.S.C. 6311(b).

(h) If the Secretaries deny a proposed definition under paragraph (g) of this section, they shall provide technical assistance to overcome the basis for the denial.

Subpart B—Assessing Adequate Yearly Progress

§ 30.114 Which students must be assessed?

All students in grades three through eight and at least once in grades ten
§ 30.115 Which students’ performance data must be included for purposes of AYP?

The performance data of all students assessed pursuant to § 30.114 must be included for purposes of AYP if the student is enrolled in a Bureau-funded school for a full academic year as defined by the Secretary or by an approved alternative definition of AYP.

§ 30.116 If a school fails to achieve its annual measurable objectives, what other methods may it use to determine whether it made AYP?

A school makes AYP if each group of students identified in § 30.107(b)(6) meets or exceeds the annual measurable objectives and participation rate identified in §§ 30.107(b)(9) and 30.107(b)(12) respectively, and the school meets the other academic indicators identified in § 30.107(b)(11). If a school fails to achieve its annual measurable objectives for any group identified in § 30.107(b)(6), there are two other methods it may use to determine whether it made AYP:

(a) Method A—“Safe Harbor.” Under “safe harbor,” the following requirements must be met for each group referenced under § 30.107(b)(6) that does not achieve the school’s annual measurable objectives:

(1) In each group that does not achieve the school’s annual measurable objectives, the percentage of students who were below the “proficient” level of academic achievement decreased by at least 10 percent from the preceding school year; and

(2) The students in that group made progress on one or more of the other academic indicators; and

(3) Not less than 95 percent of the students in that group participated in the assessment.

(b) Method B—Uniform Averaging Procedure. A school may use uniform averaging. Under this procedure, the school may average data from the school year with data from one or two school years immediately preceding that school year and determine if the resulting average makes AYP.

With the approval of the school board the Bureau may directly provide for the remedial activities or arrange for their provision through other entities such as school support teams or educational service agencies.

(b) In allocating funds under this section, the Bureau will give priority to schools that:

(1) Are the lowest-achieving schools;

(2) Demonstrate the greatest need for funds; and

(3) Demonstrate the strongest commitment to ensuring that the funds enable the lowest-achieving schools to meet progress goals in the school improvement plans.

(c) Funds reserved under this section must not decrease total funding under title I, part A of the Act, for any school below the level for the preceding year. To the extent that reserving funds under this section would reduce the title I, part A dollar amount of any school below the amount of title I, part A dollars the school received the previous year, the Secretary is authorized to reduce the title I, part A allocations of those schools receiving an increase in the title I, part A funds over the previous year to create the 4 percent reserve. (d) The Bureau will publish in the FEDERAL REGISTER a list of schools receiving funds under this section.

§ 30.122 Must the Bureau assist a school it identified for school improvement, corrective action, or restructuring?

Yes, to the extent that Congress appropriates other funds to assist schools not meeting AYP, the Bureau will apply to the Department of Education for these funds.

§ 30.125 What happens if a State refuses to allow a school access to the State assessment?

(a) The Department will work directly with State officials to assist schools in obtaining access to the State’s assessment. This can include direct communication with the Governor of the State. A Bureau-funded school may, if necessary, pay a State

(i) It is warranted by the geographic isolation of the work site or other unusually difficult environmental working or living conditions and/or,

(ii) It is necessary as a recruitment or retention incentive. This staffing differential is to be computed on the basic schedule rate before any other additions are computed.

(2) Special rates may be established for recruitment and retention applicable only to a specific position or to specific types of positions in specific locations based on a formally documented request by an ASE or AEPA and submitted to the Director for approval.

(4) Stipends for extracurricular activities. (iii) The employee shall be paid the stipend in equal payments over the period of the extracurricular activity.

§ 38.7 Appointment of educators.
Written determination by the school board should be received within a reasonable period, but not to exceed 30 days. The local school board shall use the same written procedure to disapprove an appointment. The school supervisor may appeal to the ASE, or, where appropriate, to the AEPA, any determination by the local school board concerning an individual’s appointment. A written statement of appeal describing the action and the reasons the supervisor believes such action should be overturned must be filed within 10 days of receipt of the action from the local school board. A copy of such statement shall be submitted to the school board and the board shall be afforded an opportunity to respond, not to exceed 10 calendar days, in writing, to the appeal. After reviewing such written appeal and response, the ASE or AEPA, as appropriate, may appeal to the Director by filing a written statement describing the determination and the reasons the supervisor believes the determination should be overturned. A copy of the statement shall be submitted to the school board within 20 calendar days of the school board’s response. The Director shall transmit the determination of the appeal (in the form of a written opinion) to the board and to the ASE or AEPA identifying the reasons for overturning the determination. Failure by the Director to act within 20 calendar day period shall have the effect of approving the school board’s determination.

(c) Agency office education program employees. Appointments to Agency office education positions may be made only by the ASE. The Agency school board shall be consulted before the agency education employee is employed, and the appointment may be finalized upon receipt of a formal, written determination certified by the Agency school board under any uniform procedures as it may adopt. Written determination by the school board shall be received within a reasonable period, but not to exceed 30 days. Failure of the school board to act within this period shall have the effect of approving the proposed appointment. The Agency school board shall use the same written procedure to disapprove an appointment. Within 20 calendar days of receipt of any determination by the school board concerning an individual’s appointment, the ASE or AEPA, as appropriate, may appeal to the Director by filing a written statement describing the determination and the reasons the supervisor believes the determination should be overturned. A copy of the statement shall be submitted to the Agency school board and the board shall be afforded an opportunity to respond, within 10 calendar days, in writing, to such an appeal. After reviewing the written appeal and response, the Director may, for cause, overturn the determination of the Agency school board.
Within 20 days of the board’s response, the Director shall transmit the determination of the appeal (in the form of a written opinion) to the board and to the ASE identifying the reasons for overturning the determination. Failure of the Director to act within the 20 calendar day period shall have the effect of approving the school’s board’s determination.

d) Employment contracts. The Bureau shall issue employment contracts each year for individuals employed in contract education positions at the Agency or school levels.

e) Absence of local school boards. Where a local school board has not been established in accordance with section 1139(7) Pub. L. 95–561 with respect to a Bureau school, or where a school board is not operational, and the local school board is required to be given a notice or required to be consulted by statute or these regulations, the official involved shall notify or consult with the Agency school board serving the tribe(s) to which the parents of the Indian children attending that school belong, or, in that absence, the tribal organization(s) of the tribe(s) involved.

f) Provisional contracts. Provisional certification or other limited certificates from the State are not considered full certification and only a provisional contract may be issued. There may be circumstances when no individual who has met the full certification or experience requirements is available for a professional position or when a status quo employee who does not meet full certification or experience requirements desires to convert to contract. When this situation exists, a provisional contract may be issued in accordance with the following:

(1) The contract will be made only:
   (i) After it is determined that an individual already meeting certification or experience requirements is not available;
   (ii) For conversion of a status quo employee who does not yet meet all established position requirements.

(2) Consultation with the appropriate school board is required prior to the contract.

(3) The contract may be of 12-month or school-term duration.

(4) The employee will be required to make satisfactory progress toward meeting full qualification requirements.

(5) If the employee fails to meet the requirements established under §38.7(f)(4), the contract will be terminated. Such termination cannot be grieved or appealed.

g) Conditional appointment. As provided in section 1131(d)(4), Pub. L. 95-561, if an individual who has applied at both the national and local levels is appointed from a local list of applicants, the appointment shall be conditional for 90 days. During that period, the individual’s application and background shall be examined to determine if there is a more qualified individual for the position. Removal during this period is not subject to discharge, hearing or grievance procedures.

h) Short-term contracts. (1) There may be circumstances where immediate action is necessary and it is impossible to consult with the local school board. When this situation exists short-term contracts may be made by the school supervisor in accordance with the following:

   (i) The length of the contract will not exceed 60 days, or the next regularly scheduled school board meeting, whichever comes first.
   (ii) If the board meets and does not take action on the individual in question, the short-term contract may be extended for the duration of the school year.
   (iii) It shall be the responsibility of the school supervisor to fully inform the local school board of all such short-term contracts. Failure to do so may be cited as reason to discharge the school supervisor if so requested by the board.

   (2) The local school board may authorize the school supervisor to make an emergency short-term contract to classroom, dormitory and other positions directly related to the health and safety of students. When this situation exists, short-term contracts may be made in accordance with the following:

   (i) If local and agency lists of qualified applicants are exhausted, short-term contracts may be made without regard to qualifications for the position.
The pay level will be based on the qualifications of the individual employed rather than the requirements of the position, if the qualifications of the individual are lower than required;

(ii) The short-term contract may not exceed the school term and may not be renewed or extended;

(iii) The short-term contract may not exceed the school term and may not be renewed or extended;

(iv) Every 60 days the school supervisor will determine if qualified individuals have been placed on the local or agency lists. If a qualified individual on the list accepts employment, the school supervisor must terminate the emergency appointment at the time the qualified individual is appointed.

(i) Temporary contracts. There may be circumstances where a specific position is needed for a period of one year or less. Under these conditions a position may be advertised as a temporary position and be filled under a temporary contract. Such contract requires the same school board approval as a school year contract. If required for the completion of the activities specified in the original announcement, the position, may with school board approval be extended for up to one additional year. Temporary contracts may be terminated at any time and this action is not subject to approval or grievance procedures.

(j) Waiver of Indian preference. Notwithstanding any provision of the Indian preference laws, such laws shall not apply in the case of any personnel action within the purview of this section respecting an application or employee not entitled to Indian preference if each tribal organization concerned grants, in writing, a waiver of the application of such laws with respect to such personnel action, where such a waiver is in writing deemed to be a necessity by the tribal organization, except that this shall in no way relieve the Bureau of its responsibility to issue timely and adequate announcements and advertisements concerning any such personnel action if it is intended to fill a vacancy (no matter how such vacancy is created). When a waiver is granted, it shall apply only to that particular position and as long as the employee remains in that position.

(k) Prohibited reappointment. An educator who voluntarily terminates employment before the end of the school term may not be appointed to another Bureau education position before the beginning of the following school term. An educator will not be deemed to have voluntarily terminated employment if transferred elsewhere with the consent of the local school or Agency boards.

(1) Contract renewals. The appropriate school board shall be notified in writing by the school supervisor and/or ASE or AEPA not less than 90 days before the end of the school term whether or not an individual’s contract is recommended for renewal.

(a) The employee will be given a written notice of the action and the reasons thereof not less than 60 days before the end of the school term.

(b) The employee will be given 10 calendar days to request an informal hearing before the appropriate official or
Upon request, the employee may be given official time, not to exceed eight hours, to prepare a written response to the reason(s).

(c) If so requested, an informal hearing shall be held within 30 calendar days of receipt of the request.

(d) The appropriate official or body will render a written determination within seven calendar days after the informal hearing.

(e) The employee has a right to request an administrative review by the ASE or AEPA of the determination within 10 calendar days of that determination. The ASE or AEPA then has 20 calendar days to render a final decision. Where the employee is the supervisor of the school or an agency education employee, any appeal of the ASE or AEPA would be addressed to the Director for a decision. If the Director or ASE’s or AEPA’s decision overturns the appropriate official or bodies determination, the appropriate official or body will be notified of the reasons in writing. Failure by the Director or ASE or AEPA to act within the 20 days will sustain the determination. This completes the administrative appeal process.

(f) Failure of any of the parties to meet the requirements of the above procedures will serve to negate the particular action sought by the negligent party.

(g) Those employees with less than three full continuous school terms of consecutive contract appointments are serving a probationary period. Nonrenewal of his/her contract will be considered a continuation of the examining process. This action cannot be appealed or grieved.

(i) No more than the substantial standard of evidence shall be required to sustain the nonrenewal.

(j) A procedural error shall not be grounds for overturning a determination of nonrenewal unless the employee shows harmful error in the application of the Agency’s procedures in arriving at such a decision. For purposes of this section, “harmful error” means error by the Agency in the application of its procedures which, in the absence or cure of the error, might have caused the Agency to reach a conclusion different than the one reached. The burden is upon the appellant to show that based upon the record as a whole, the error was harmful, i.e., caused substantial harm or prejudice to his/her rights.

(k) Nonrenewal of a contract is not discharge and will not follow the discharge procedures.

§ 38.9 Discharge of educators.

(a) Discharge for cause. Educators covered under the provision of this section are excluded from coverage under 5 U.S.C. 7511 and 4303. In order to provide due process for educators, the Director shall publish in 62 BIAM representative conditions that could result in the discharge of educators for cause and procedures to be followed in discharge cases.

(b) Discharge for inadequate performance. Action to remove educators for inadequate performance will be taken for failure to meet performance standards established under 5 U.S.C. 4302. Performance standards for all educators will include, among others, lack of student achievement. Willful failure to exercise properly assigned supervisory responsibilities by supervisors shall also be cause for discharge.

(c) Other discharge. The Director shall publish in 62 BIAM a description of the budgetary and programmatic conditions that may result in the discharge of educators for other than cause during the school term. The individual’s personnel record will clearly reflect that the action taken is based upon budgetary or programmatic restraints and is not a reflection on the employee’s performance.

(d) Procedures for discharge for cause. The Director shall publish in 62 BIAM the procedural steps to be followed by
school supervisors, ASE’s, and AEPA’s in discharge for cause cases. These procedures shall provide (among other things) for the following:

1. The educator to be discharged shall receive a written notice of the proposal, specifying the causes or complaints upon which the proposal is based, not less than 30 calendar days before the discharge. However, this shall not prohibit the exclusion of the individual from the education facility in cases where exclusion is required for the safety of the students or the orderly operation of the facility.

2. A reasonable time, but not less than 10 calendar days, will be allotted for the individual to make written and/or oral responses to the charge.

3. An opportunity will be afforded the individual to review the material relied upon to support the charge.

4. Official time, not to exceed eight hours, will be provided to the individual to prepare a response to the charge.

5. The educator may elect to have a representative and shall furnish the identity of any representative to the ASE or AEPA. The ASE or AEPA may disallow, as an employee representative, any individual whose activities as a representative would cause a conflict of interest or position, or an employee whose release from his or her official position would give rise to unreasonable costs to the Government, or when priority work assignment precludes his or her release from official duties. The terms of any applicable collective bargaining agreement and 5 U.S.C. 7114(a)(5) shall govern representation of employees in an exclusive bargaining unit.

6. The individual has a right to a final decision made by the appropriate level of supervision.

7. The individual has a right to appeal the final decision and have the merits of the case reviewed by a Departmental official not previously involved in the case. This right includes entitlement to a hearing upon request under procedures in accordance with the requirements of due process under section 1131(e)(1)(B) of Pub. L. 85–561.

(e) School board action. (1) The appropriate school board shall be notified as soon as possible, but in no case later than 10 calendar days from the date of issue of the notice of intent to discharge.

(2) The appropriate school board, under any uniform procedure as it may adopt, may issue a formal written certification to the school supervisor, ASE, or AEPA either approving or disapproving the discharge before the expiration of the notice period and before actual discharge. Failure to respond before the expiration of the notice period will have the effect of approving the discharge.

(3) The school supervisor initiating a discharge action may appeal the board’s determination to the ASE or AEPA within 10 calendar days of receipt of the board’s notice. The ASE or AEPA initiating a discharge may appeal the board’s determination to the Director within 10 calendar days of receipt of the board’s notice. Within 20 calendar days following the receipt of an appeal, the reviewing official may, for good cause, reverse the school board’s determination by a notice in writing to the board. Failure to act within 20 calendar days shall have the effect of approving the board’s determination.

(f) School board recommendations for discharge. School boards may recommend in writing to school supervisors, ASE’s, or AEPA’s, and the Director that individuals in the education program be discharged. These written recommendations may follow any procedures formally established internally by the school board or tribal government. However, the written recommendations must contain specific causes or complaints that may be verified or established by investigation of factual situations. The official receiving a board recommendation for discharge of an individual shall acknowledge the recommendation in writing within 10 calendar days of receipt and proceed with a fact finding investigation. The official who finally disposes of the recommendation shall notify the school board of the disposition in writing within 60 calendar days of initiation of the fact finding investigation.
§ 38.10 Conditions of employment of educators.

(a) Supervision not delegated to school boards. School boards may not direct, control, or interrupt the day-to-day activities of BIA employees carrying out Bureau-operated education programs.

(b) Employee handbook. Employee handbook and recruiting guides shall be developed by each local school or agency to provide specific information regarding:

(1) The working and hiring conditions for various tribal jurisdictions and Bureau locations;
(2) The need for all education personnel to adapt to local situations; and
(3) The requirement of all education personnel to comply with and support duly adopted school board policies, including those relating to tribal culture or language.

(c) Contract renewal notification. Employees will be notified 60 calendar days before the end of the school term of the intent to renew or not renew their contract. If an individual’s contract is to be renewed, the individual must agree in writing to serve for the next school term. If this agreement is not received by the fourteenth day, the employee has voluntarily forfeited his or her right to continuing employment. If an individual agrees to serve for the next school term and fails to report for duty at the beginning of the next school term, the contract will be terminated and the individual’s future appointment will be subject to the restriction in §38.7(k) of this part.

(d) Dual compensation. An employee accepting a renewal of a school term contract may be appointed to another Federal position during the school recess period without regard to the dual compensation regulations in 5 U.S.C. 5533.

(e) Discrimination complaints. Equal Employment Opportunity (EEO) procedures established under 29 CFR part 1613 are applicable to contract employees under this part. It is the policy of the BIA that all employees and applicants for employment shall be treated equally when considered for employment or benefits of employment, regardless of race, color, sex, religion, national origin, age, or mental or physical health (handicap), within the parameters of Indian preference.

(f) Grievance procedures. The Director shall publish in 62 BIAM procedures for the rapid and equitable resolution of grievances. In locations and for positions covered by an exclusive bargaining agreement, the negotiated grievance procedure is the exclusive avenue of redress for all matters within the scope of the negotiated grievance procedure.

(g) Performance evaluation. The minimum number of times a supervisor shall meet with an employee to discuss performance and suggest improvements shall be once every three months for the educator’s first year at a school or Agency, and twice annually thereafter during the school term.

§ 38.11 Length of the regular school term.

The length of the regular school term shall be at least 180 student instructional days, unless a waiver has been granted under the provisions of 25 CFR 36.61.

§ 38.12 Leave system for education personnel.

(a) Full-time school-term employees. Employees on a full-time school-term contract are authorized the following types of leave:

(1) Personal leave. A school-term employee will receive 28 hours of personal leave to be used for personal reasons and 12 hours of emergency leave. This leave only accrues provided the length of the contract exceeds 24 weeks.

(i) The school-term employee will request the use of this leave in advance when it is for personal use or personal business (e.g., going to the bank, etc.). When this leave is requested for emergency purposes (e.g., death in immediate family), it will be requested immediately after the emergency is known, if possible, by the employee and before leave is taken or as soon as the supervisor reports to work on the official work day.

(ii) Final approval rests with the supervisor. This leave shall be taken only
during the school term. No compensation for or carryover of unused leave is authorized.

(2) Sick leave. Sick leave is an absence approved by the supervisor for incapacity from duty due to injury or illness, not related to or incurred on-the-job and not covered by the Federal Employee’s Compensation Act Regulations. Medical and dental appointments may be included under this part. However, whenever possible, medical and dental appointments should be scheduled after instructional time.

(i) Sick leave shall accrue at the rate of four hours each biweekly pay period in pay status during the term of the contract; and no precredit or advance of sick leave is authorized.

(ii) Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(3) School vacation. School term employees may receive up to 136 hours of school vacation time for use when school is not in session. School vacations are scheduled on the annual school calendar during the instructional year and may not be scheduled before the first day of student instruction or after the last day of student instruction. School vacations are not a right of the employee and cannot be paid for or carried over if the employee is required to work during the school vacation time or if the program will not permit school term employees to take such vacation time.

(b) Leave for full-time, year-long employees. Employees who are on a full-time, year-long contract are authorized the following types of leave:

(1) Vacation leave. Absence approved in advance by the supervisor for rest and relaxation or other personal reasons is authorized on a per year basis of Federal Government service as follows: years 1 and 2 of employment—120 hours; years 3–5 of employment—160 hours; 6 or more years—200 hours. The supervisor shall determine when vacation leave may be used. Vacation leave is to be scheduled and used to the greatest extent possible during periods when school is not in session and the students are not in the dormitories. Vacation leave is credited to an employee on the day following his or her date of employment, provided the length of the contract exceeds 24 weeks. An employee may carry into succeeding years up to 200 hours of vacation leave. Leave unused at the time of separation is forfeited.

(2) Sick leave. Sick leave accumulation and use is authorized on the same basis as for school term employees under §38.12(a)(2) of this part.

(c) Leave for part-time year-long employees. Employees who are on part-time year-long contracts exceeding 20 hours per week are authorized the following types of leave:

(1) Vacation leave. Absence approved in advance by the supervisor for rest and relaxation or other personal reasons is authorized on a per year basis of Federal Government service as follows: years 1 and 2 of employment—64 hours; years 3–5 of employment—80 hours; 6 or more years—104 hours. The supervisor shall determine when vacation leave may be used. Vacation leave is to be scheduled and used to the greatest extent possible during periods when school is not in session and the students are not in the dormitories. Vacation leave is credited to an employee on the day following his or her date of employment provided the length of the contract exceeds 24 weeks and may not be accumulated in excess of 104 hours from year to year. An employee may carry over up to 104 hours from one contract year to the next. Leave unused at the time of separation is forfeited.

(2) Sick leave. Sick leave is accumulated on the basis of three hours each biweekly pay period in pay status; no precredit or advance of sick leave is authorized. Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(d) Leave for school term employees on a part-time work schedule in excess of 20 hours per week. (1) Employees on a part-time work schedule in excess of 20 hours per week may receive a maximum of 102 hours of school vacation time; 20 hours of personal/emergency leave; and 63 hours of sick leave accrued at three hours per pay period for the first 21 pay periods of their contracts. Personal/emergency leave only
accrues provided the length of the contract exceeds 24 weeks.

(2) The part-time employee will request the use of this leave in writing in advance when it is for personal use or personal business (e.g., going to the bank, etc.). When this leave is requested for emergency purposes (e.g., death in immediate family), it will be requested immediately after the emergency is known, if possible, by the employee and before leave is taken or as soon as the supervisor reports to work on the official work day.

(3) Final approval rests with the supervisor. This leave shall be taken only during the school year. No compensation for or carryover of unused leave is authorized.

(4) Sick leave. Sick leave is an absence approved by the supervisor for incapacity from duty due to injury or illness, not related to or incurred on-the-job and not covered by the Federal Employee’s Compensation Act Regulations. Medical and dental appointments may be included under this part. However, whenever possible, medical and dental appointments should be scheduled after instructional time.

(i) Sick leave shall accrue at the rate of three hours each biweekly pay period in pay status for the first 21 pay periods of their contract; no precredit or advance for sick leave is authorized.

(ii) Accumulated sick leave at the time of separation will be recredited to an educator who is reemployed within three years of separation.

(5) School vacation time. Part-time employees may receive up to 102 hours of school vacation time for use when school is not in session. Approval for the use of this time will be administratively determined by the school supervisor, ASE or AEPA, and this time may not be scheduled before the start of school or after the end of school.

(i) All school vacation time for part-time employees will be approved at the convenience of the program and not as a right of the employee.

(ii) Vacation time cannot be paid for or carried over for a part-time employee if the employee is required to work during the school vacation time or if the program will not permit part-time employees to take such vacation time.

(e) Accountable absences for all contract employees. The following are considered accountable absences:

(1) Approved absence. If prescheduled and approved by the school supervisor, ASE or AEPA, as appropriate, an employee may be on leave without pay.

Employees are entitled to paid absence for jury or witness service and military duty as a member of the National Guard or Reserve under the same terms or conditions as outlined in sections 6322 and 6323 of title 5 U.S.C., and corresponding provisions of the Federal Personnel Manual, when the absence occurs during the regular contract period. Employees may be requested to schedule their military leave at times other than when school is in session.

(4) Administrative leave. Administrative leave is an excused absence from duty administratively authorized without loss of pay or without charge to leave. This leave is not a substitute for other paid or unpaid leave categories. Administrative leave usually is authorized on an individual basis except when a school is closed or a group of employees are excused from work for a particular purpose. The school supervisor, ASE or AEPA will grant administrative leave. A school closing must be approved by the ASE or AEPA.

(f) Educators serving with contracts with work weeks of 20 hours a week or less are not eligible for any type of paid leave.

(g) For school term educators, no paid leave is earned nor may accumulated leave be used during any period of employment with the Bureau between school terms.

(h) Employees issued contracts for intermittent work are not eligible for any type of paid leave.

(i) Leave transferred in. Annual leave credited to an employee’s accrued leave balance immediately before conversion to a contract education position or appointment under this part will be carried over and made available to the employee. Individuals who were Bureau employees on October 31, 1979, with an appointment in either the competitive or excepted service without time limitation, and who are serving in an education position, shall be continued in their positions under the terms and conditions of that appointment with no change in their status or positions. Such employees are entitled to receive any changes in compensation attached to the position. Although such employees occupy “education positions” as defined in this part, the terms and conditions of their appointment, status, and entitlements are determined by competitive service regulations and procedures. Under applicable procedures, these employees are eligible for consideration for movement to other positions that are defined as “contract education” positions. Such movement shall change the terms and conditions of their appointment to the terms and conditions of employment established under this part.

A memorandum for the record on BIA letterhead shall be signed by the employee and placed on the permanent side of his/her Official Personnel Folder, along with the tribal resolution, if the tribe/school board has waived the Indian preference law to employ the non-Indian.

(c) Conversion of status quo employees to contract positions. Status quo employees may request in writing to the school supervisor, ASE or AEPA, as applicable, that their position be converted to contract. The appropriate school board will be consulted and a determination made by such school board whether such individual should be converted to a contract employee.

(1) Written determination by the school board should be received within a reasonable period, but not to exceed 30 days from receipt of the request. Failure of the school board to act within this period shall have the effect of disapproving the proposed conversion.

(2) With school board approval, an involuntary change in position shall not affect the current status of status quo education employees.

§ 38.14 Voluntary services.

(a) Scope. An ASE or AEPA may, subject to the approval of the local school board concerned, accept voluntary services on behalf of Bureau schools from the private sector, including individuals, groups, or students. (b) Volunteer service agreement. An agreement is a written document, jointly completed by the volunteer, the Bureau school supervisor, and the school board, that outlines the responsibilities of each. In the case of students receiving credit for their work (i.e., student teaching) from an education institution, the agreement will be jointly completed by the student, a representative of the institution, and the Bureau school supervisor. In the case of volunteer groups, the agreement shall be signed by an official of the volunteering organization, the Bureau school supervisor, and the school board and a list of signatures and emergency telephone numbers of all participants shall be attached.

Payment of travel and per diem expenses to a volunteer on a particular assignment must be supported by a specific travel authorization and cannot exceed the cost of employing a temporary employee of comparable qualification at the school for which a travel authorization is considered.

(f) Annual report. School supervisors shall submit reports on volunteers to the ASE or AEPA by October 31 of each year for the preceding year.

If a school identifies more than 13 percent of its student population as gifted and talented the Bureau will immediately audit the school’s gifted and talented program to ensure that all identified students:

(a) Meet the gifted and talented requirement in the regulations; and

(b) Are receiving gifted and talented services.

§ 39.114 What characteristics may qualify a student as gifted and talented for purposes of supplemental funding?

To be funded as gifted and talented under this part, a student must be identified as gifted and talented in at least one of the following areas:

(a) Intellectual Ability means scoring in the top 5 percent on a statistically valid and reliable measurement tool of intellectual ability.

(b) Creativity/Divergent Thinking means scoring in the top 5 percent of performance on a statistically valid and reliable measurement tool of creativity/divergent thinking.

(c) Academic Aptitude/Achievement means scoring in the top 15 percent of academic performance in a total subject area score on a statistically valid and reliable measurement tool of academic achievement/aptitude, or a standardized assessment, such as an NRT or CRCT.

(d) Leadership means the student is recognized as possessing the ability to lead, guide, or influence the actions of others as measured by objective standards that a reasonable person of the community would believe demonstrates that the student possess leadership skills. These standards include evidence from surveys, supportive documentation portfolios, elected or appointed positions in school, community, clubs and organization, awards documenting leadership capabilities. No school can identify more than 15 percent of its student population as gifted and talented through the leadership category.

(e) Visual and Performing Arts means outstanding ability to excel in any imaginative art form; including, but not limited to, drawing, printing, sculpture, jewelry making, music, dance, speech, debate, or drama as documented from surveys, supportive documentation portfolios, awards from judged or juried competitions. No school can identify more than 15 percent of its student population as gifted and talented through the visual and performing arts category.

§ 39.115 How are eligible gifted and talented students identified and nominated?

(a) Screening can be completed annually to identify potentially eligible students. A student may be nominated for gifted and talented designation using the criteria in §39.114 by any of the following:

(1) Collections of work;
(2) Audio/visual tapes;
§ 39.116 How does a school determine who receives gifted and talented services?

(a) To determine who receives gifted and talented funding, the school must use qualified professionals to perform a multi-disciplinary assessment. The assessment may include the examination of work samples or performance appropriate to the area under consideration. The school must have the parent or guardian’s written permission to conduct individual assessments or evaluations. Assessments under this section must meet the following standards:

(1) The assessment must use assessment instruments specified in §39.114 for each of the five criteria for which the student is nominated;

(2) If the assessment uses a multi-criteria evaluation, that evaluation must be an unbiased evaluation based on student needs and abilities;

(3) Indicators for visual and performing arts and leadership may be determined based on national, regional, or local criteria; and

(4) The assessment may use student portfolios.

(b) A multi-disciplinary team will review the assessment results to determine eligibility for gifted and talented services. The purpose of the team is to determine eligibility and placement to receive gifted and talented services.

(1) Team members may include nominator, classroom teacher, qualified professional who conducted the assessment, local experts as needed, and other appropriate personnel such as the principal and/or a counselor.

(2) A minimum of three team members is required to determine eligibility.

(3) The team will design a specific education plan to provide gifted and talented services related in the areas identified.

§ 39.117 How does a school provide gifted and talented services for a student?

Gifted and talented services are provided through or under the supervision of highly qualified professional teachers. To provide gifted and talented services for a student, a school must take the steps in this section.

(a) The multi-disciplinary team formed under §39.116(b) will sign a statement of agreement for placement of services based on documentation reviewed.

(b) The student’s parent or guardian must give written permission for the student to participate.

(c) The school must develop a specific education plan that contains:

(1) The date of placement;

(2) The date services will begin;

(3) The criterion from §39.114 for which the student is receiving services and the student’s performance level;

(4) Measurable goals and objectives; and

(5) A list of staff responsible for each service that the school is providing.

§ 39.118 How does a student receive gifted and talented services in subsequent years?

For each student receiving gifted and talented services, the school must conduct a yearly evaluation of progress, file timely progress reports, and update the specific education plan.

(a) If a school identifies a student as gifted and talented based on §39.114 (a), (b), or (c), then the student does not need to reapply for the gifted and talented program. However, the student must be reevaluated at least every 3 years through the 10th grade to verify eligibility for funding.

(b) If a school identifies a student as gifted and talented based on §39.114 (d) or (e), the student must be reevaluated annually for the gifted and talented program.

§ 39.119 When must a student leave a gifted and talented program?

A student must leave the gifted and talented program when either:
§ 39.120 How are gifted and talented services provided?

In providing services under this section, the school must:

(a) Provide a variety of programming services to meet the needs of the students;
(b) Provide the type and duration of services identified in the Individual Education Plan established for each student; and
(c) Maintain individual student files to provide documentation of process and services; and
(d) Maintain confidentiality of student records under the Family Educational Rights and Privacy Act (FERPA).

§ 39.121 What is the WSU for gifted and talented students?

The WSU for a gifted and talented student is the base academic weight (see §39.103) subtracted from 2.0. The following table shows the gifted and talented weights obtained using this procedure.

§ 39.131 What is a Language Development Program?

A Language Development program is one that serves students who either:

(a) Are not proficient in spoken or written English;
(b) Are not proficient in any language;
(c) Are learning their Native language for the purpose of maintenance or language restoration and enhancement;
(d) Are being instructed in their Native language; or
(e) Are learning non-language subjects in their Native language.

§ 39.132 Can a school integrate Language Development programs into its regular instructional program?

§ 39.133 Who decides how Language Development funds can be used?

Tribal governing bodies or local school boards decide how their funds for Language Development programs will be used in the instructional program to meet the needs of their students.

§ 39.134 How does a school identify a Limited English Proficient student?

A student is identified as limited English proficient (LEP) by using a nationally recognized scientifically research-based test.

§ 39.135 What services must be provided to an LEP student?

A school must provide services that assist each LEP student to:

(a) Become proficient in English and, to the extent possible, proficient in their Native language; and
(b) Meet the same challenging academic content and student academic achievement standards that all students are expected to meet under 20 U.S.C. 6311(b)(1).

§ 39.136 What is the WSU for Language Development programs?

Language Development programs are funded at 0.13 WSUs per student.
§ 39.137 May schools operate a language development program without a specific appropriation from Congress?

Yes, a school may operate a language development program without a specific appropriation from Congress, but any funds used for such a program must come from existing ISEP funds. When Congress specifically appropriates funds for Indian or Native languages, the factor to support the language development program will be no more than 0.25 WSU.

§ 39.140 How does a school qualify for a Small School Adjustment?

A school will receive a small school adjustment if either:
(a) Its average daily membership (ADM) is less than 100 students; or
(b) It serves lower grades and has a diploma-awarding high school component with an average instructional daily membership of less than 100 students.

§ 39.141 What is the amount of the Small School Adjustment?

(a) A school with a 3-year ADM of 50 or fewer students will receive an adjustment equivalent to an additional 12.5 base WSU; or
(b) A school with a 3-year ADM of 51 to 99 students will use the following formula to determine the number of WSU for its adjustment. With X being the ADM, the formula is as follows:

\[ \text{WSU adjustment} = \frac{(100 - X) \times X}{200} \]

§ 39.142 What is a small high school?

For purposes of this part, a small high school:
(a) Is accredited under 25 U.S.C. 2001(b);
(b) Is staffed with highly qualified teachers;
(c) Operates any combination of grades 9 through 12;
(d) Offers high school diplomas; and
(e) Has an ADM of fewer than 100 students.

§ 39.143 What is the small high school adjustment?

(a) The small high school adjustment is a WSU adjustment given to a small high school that meets both of the following criteria:
(1) It has a 3-year average daily membership (ADM) of less than 100 students; and
(2) It operates as part of a school that during the 2003-04 school year also included lower grades.

(b) The following table shows the WSU adjustment given to small high schools. In the table, “X” stands for the ADM.

§ 39.160 Does ISEF provide supplemental funding for extraordinary costs related to a school's geographic isolation?

Yes. Havasupai Elementary School, for as long as it remains in its present location, will be awarded an additional cost factor of 12.5 WSU.

§ 39.203 When does OIEP calculate a school’s allotment?

OIEP calculates a school’s allotment no later than July 1. Schools must submit final ADM enrollment figures no later than June 15.

§ 39.204 How does OIEP calculate ADM?

OIEP calculates ADM by:
(a) Adding the total enrollment figures from periodic reports received from each Bureau-funded school; and
(b) Dividing the total enrollment for each school by the number of days in the school’s reporting period.

§ 39.205 How does OIEP calculate a school’s total WSUs for the school year?

(a) OIEP will add the weights obtained from the calculations in paragraphs (a)(1), (a)(2), and (a)(3) of this section to obtain the total weighted student units (WSUs) for each school.
§ 39.206 How does OIEP calculate the value of one WSU?

(a) To calculate the appropriated dollar value of one WSU, OIEP divides the systemwide average number of WSUs for the previous 3 years into the current year's appropriation.

(b) To calculate the average WSU for a 3-year period:

1. Step 1. Add together each year's total WSU (calculated under paragraph (b) of this section); and
2. Step 2. Divide the sum obtained in step 1 by 3.

§ 39.207 How does OIEP determine a school's funding for the school year?

To determine a school's funding for the school year, OIEP uses the following seven-step process:

(a) Step 1. Multiply the appropriate base academic and/or residential weight from §39.103 by the number of students in each grade level category.

(b) Step 2. Multiply the number of students eligible for supplemental program funding under §39.107 by the weights for the program.

(c) Step 3. Calculate the school-based supplemental weights under §639.107.

(d) Step 4. Add together the sums obtained in steps 1 through 3 to obtain each school's total WSU.

(e) Step 5. Add together the total WSUs for all Bureau-funded schools.

(f) Step 6. Calculate the value of a WSU by dividing the current school year's funds by the average total WSUs as calculated under step 5 for the previous 3 years.

(g) Step 7. Multiply each school's WSU total by the base value of one WSU to determine funding for that school.

§ 39.208 How are ISEP funds distributed?

(a) On July 1, schools will receive 80 percent of their funds as determined in §39.207.

(b) On December 1, the balance will be distributed to all schools after verification of the school count and any adjustments made through the appeals process for the third year.

§ 39.209 When may a school count a student for membership purposes?

If a student is enrolled, is in attendance during any of the first 10 days of school, and receives at least 5 days' instruction, the student is deemed to be enrolled all 10 days and shall be counted for ADM purposes. The first 10 days of school, for purposes of this section, are determined by the calendar that the school submits to OIEP.

(a) For ISEP purposes, a school can add a student to the membership when he or she has been enrolled and has received a full day of instruction from the school.

(b) Except as provided in §39.210, to be counted for ADM, a student dropped under §39.209 must:

1. Be re-enrolled; and
2. Receive a full day of instruction from the school.

§ 39.210 When must a school drop a student from its membership?

If a student is absent for 10 consecutive school days, the school must drop that student from the membership for ISEP purposes of that school on the 11th day.

§ 39.211 What other categories of students can a school count for membership purposes?

A school can count other categories of students for membership purposes as shown in the following table.
§ 39.212 Can a student be counted as enrolled in more than one school?

Yes, if a student attends more than one school during an academic year, each school may count the student as enrolled once the student meets the criteria in 39.209.

§ 39.213 Will the Bureau fund children being home schooled?

No, the Bureau will not fund any child that is being home schooled.

§ 39.214 What is the minimum number of instructional hours required in order to be considered a full-time educational program?

A full time program provides the following number of instructional/student hours to the corresponding grade level:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>K</td>
<td>720</td>

§ 39.215 Can a school receive funding for any part-time students?

(a) A school can receive funding for the following part-time students:

1. Kindergarten students enrolled in a 2-hour program; and
2. Grade 7–12 students enrolled in at least half but less than a full instructional day.

(b) The school must count students classified as part-time at 50 percent of their basic instructional WSU value.

§ 39.216 How does ISEF fund residential programs?

Residential programs are funded on a WSU basis using a formula that takes into account the number of nights of service per week. Funding for residential programs is based on the average of the 3 previous years’ residential WSUs.

§ 39.217 How are students counted for the purpose of funding residential services?

For a student to be considered in residence for purposes of this subpart, the school must be able to document that the student was:

1. In residence at least one night during the first full week of October;
2. In residence at least one night during the week preceding the first full week in October;
3. In residence at least one night during the week following the first full week in October; and
4. Present for both the after school count and the midnight count at least one night during each week specified in this section.

§ 39.218 Are there different formulas for different levels of residential services?

(a) Residential services are funded as shown in the following table:

<table>
<thead>
<tr>
<th>If a residential program operates . . .</th>
<th>Each student is funded at the level of . . .</th>

</table>
§ 39.403

(b) In order to qualify for residential services funding under paragraph (a)(2) of this section, a school must document that at least 10 percent of residents are present on 3 of the 4 weekends during the count period.

(c) At least 50 percent of the residency levels established during the count period must be maintained every month for the remainder of the school year.

(d) A school may obtain waivers from the requirements of this section if there are health or safety justifications.

§ 39.219 What happens if a residential program does not maintain residency levels required by this subpart?

Each school must maintain its declared nights of service per week as certified in its submitted school calendar. For each month that a school does not maintain 25 percent of the residency shown in its submitted calendar, the school will lose one-tenth of its current year allocation.

§ 39.220 What reports must residential programs submit to comply with this subpart?

Residential programs must report their monthly counts to the Director on the last school day of the month. To be counted, a student must have been in residence at least 10 nights during each full school month.

§ 39.221 What is a full school month?

A full school month is each 30-day period following the first day that residential services are provided to students based on the school residential calendar.

PHASE-IN PERIOD

§ 39.230 How will the provisions of this subpart be phased in?

The calculation of the three-year rolling average of ADM for each school and for the entire Bureau-funded school system will be phased-in as shown in the following table.

Subpart G—Student Transportation

SOURCE: 70 FR 22205, Apr. 28, 2005, unless otherwise noted.

§ 39.700 What is the purpose of this subpart?
(a) This subpart covers how transportation mileage and funds for schools are calculated under the ISEP transportation program. The program funds transportation of students from home to school and return.
(b) To use this part effectively, a school should:
(1) Determine its eligibility for funds using the provisions of §§ 39.702 through 39.706;
(2) Calculate its transportation miles using the provisions of §§ 39.710 and 39.711; and
(3) Submit the required reports as required by §§ 39.721 and 39.722.

§ 39.701 What definitions apply to terms used in this subpart?
ISEP means the Indian School Equalization Program.
Transportation mileage count week means the last full week in September.
Unimproved roads means unengineered earth roads that do not have adequate gravel or other aggregate surface materials applied and do not have drainage ditches or shoulders.

ELIGIBILITY FOR FUNDS

§ 39.702 Can a school receive funds to transport residential students using commercial transportation?
A school transporting students by commercial bus, train, airplane, or other commercial modes of transportation will be funded at the cost of the commercial ticket for:
(a) The trip from home to school in the Fall;
(b) The round-trip return home at Christmas; and
(c) The return trip home at the end of the school year.

§ 39.703 What ground transportation costs are covered for students traveling by commercial transportation?
This section applies only if a school transports residential students by commercial bus, train or airplane from home to school. The school may receive funds for the ground miles that the school has to drive to deliver the students or their luggage from the bus, train, or plane terminal to the school.

§ 39.704 Are schools eligible to receive chaperone expenses to transport residential students?
Yes. Schools may receive funds for actual chaperone expenses, excluding salaries, during the transportation of students to and from home at the beginning and end of the school year and at Christmas.

§ 39.705 Are schools eligible for transportation funds to transport special education students?
Yes. A school that transports a special education student from home to a
§ 39.706 Are peripheral dormitories eligible for day transportation funds?

Yes. If the peripheral dormitory is required to transport dormitory students to the public school, the dormitory may count those miles driven transporting students to the public school for day transportation funding.

§ 39.707 Which student transportation expenses are currently not eligible for Student Transportation Funding?

(a) The following transportation expenses are currently not eligible for transportation funding, however the data will be collected under the provisions in this subpart:
   (1) Fuel and maintenance runs;
   (2) Transportation home for medical or other emergencies;
   (3) Transportation from school to treatment or special services programs;
   (4) Transportation to after-school programs; and
   (5) Transportation for day and boarding school students to attend instructional programs less than full-time at locations other than the school reporting the mileage.

(b) Examples of after-school programs covered by paragraph (a)(4) of this section include:
   (1) Athletics;
   (2) Band;
   (3) Detention;
   (4) Tutoring, study hall and special classes; and
   (5) Extra-curricular activities such as arts and crafts.

§ 39.708 Are miles generated by non-ISEP eligible students eligible for transportation funding?

No. Only miles generated by ISEP-eligible students enrolled in and attending a school are eligible for student transportation funding.

§ 39.710 How does a school calculate annual bus transportation miles for day students?

To calculate the total annual bus transportation miles for day students, the school must use the appropriate formula from this section. In the formulas, Tu = Miles driven on Tuesday of the transportation mileage count week, W = Miles driven on Wednesday of the transportation mileage count week, and Th = Miles driven on Thursday of the transportation mileage count week.

(a) For ISEP-eligible day students whose route is entirely over improved roads, calculate miles using the following formula:

\[
\frac{Tu + W + Th}{3} \times 180
\]

(b) For ISEP-eligible day students whose route is partly over unimproved roads, calculate miles using the following three steps.

(1) Step 1. Apply the following formula to miles driven over improved roads only:

\[
\frac{Tu + W + Th}{3} \times 180
\]

(2) Step 2. Apply the following formula to miles driven over unimproved roads only:

\[
\frac{Tu + W + Th}{3} \times 1.2 \times 180
\]

(3) Step 3. Add together the sums from steps 1 and 2 to obtain the total annual transportation miles.

§ 39.711 How does a school calculate annual bus transportation miles for residential students?

To calculate the total annual transportation miles for residential students, a school must use the procedures in paragraph (b) of this section.

(a) The school can receive funds for the following trips:

(1) Transportation to the school at the start of the school year;
(2) Round trip home at Christmas; and
(3) Return trip to home at the end of the school year.

(b) To calculate the actual miles driven to transport students from home to school at the start of the school year, add together the miles driven for all buses used to transport students from their homes to the school. If a school transports students over unimproved roads, the school must separate the number of miles driven for each bus into improved miles and unimproved miles. The number of miles driven is the sum of:

(1) The number of miles driven on improved roads; and

(2) The number of miles driven on unimproved roads multiplied by 1.2.

(c) The annual miles driven for each school is the sum of the mileage from paragraphs (b)(1) and (b)(2) of this section multiplied by 4.

Reporting Requirements

§ 39.720 Why are there different reporting requirements for transportation data?

In order to construct an actual cost data base, residential and day schools must report data required by §§ 39.721 and 39.722.

§ 39.721 What transportation information must off-reservation boarding schools report?

(a) Each off-reservation boarding school that provides transportation must report annually the information required by this section. The report must:

(1) Be submitted to OIEP by August 1 and cover the preceding school year;

(2) Include a Charter/Commercial and Air Transportation Form signed and certified as complete and accurate by the School Principal and the appropriate ELO; and

(3) Include the information required by paragraph (b) of this section.

(b) Each annual transportation report must include the following information:

(1) Fixed vehicle costs, including: the number and type of buses, passenger size, and local GSA rental rate and duration of GSA contract;

(2) Variable vehicle costs;

(3) Mileage traveled to transport students to and from school on school days, to sites of special services, and to extra-curricular activities;

(4) Medical trips;

(5) Maintenance and Service costs; and

(6) Driver costs;

(7) All expenses referred to in § 39.707.

§ 39.722 What transportation information must day schools, on-reservation boarding schools and peripheral dormitory schools report?

(a) By August 1 of each year, all schools and peripheral dorms that provide transportation must submit a report that covers the preceding year. This report must include:

(1) Fixed vehicle costs and other costs, including: the number and type of buses, passenger size, and local GSA rental rate and duration of GSA contract;

(2) Variable vehicle costs;

(3) Mileage traveled to transport students to and from school on school days, to sites of special services, and to extra-curricular activities;

(4) Mileage driven for student medical trips;

(5) Costs of vehicle maintenance and service cost, including cost of miles driven to obtain maintenance and service;

(6) Driver costs; and

(7) All expenses referred to in § 39.707.

(b) In addition, all day schools and on-reservation boarding schools must include in their report a Day Student Transportation Form signed and certified as complete and accurate by the School Principal and the appropriate ELO.

Miscellaneous Provisions

§ 39.730 Which standards must student transportation vehicles meet?

All vehicles used by schools to transport students must meet or exceed all appropriate Federal motor vehicle safety standards and State or Tribal motor vehicle safety standards. The Bureau will not fund transportation mileage and costs incurred transporting students in vehicles that do not meet these standards.
§ 39.731 Can transportation time be used as instruction time for day school students?
No. Transportation time cannot be used as instruction time for day school students in meeting the minimum required hours for academic funding.

§ 39.732 How does OIEP allocate transportation funds to schools?
OIEP allocates transportation funds based on the types of transportation programs that the school provides. To allocate transportation funds OIEP:

(a) Multiplies the one-way commercial costs for all schools by four to identify the total commercial costs for all schools;
(b) Subtracts the commercial cost total from the appropriated transportation funds and allocates the balance of the transportation funds to each school with a per-mile rate;
(c) Divides the balance of funds by the sum of the annual day miles and the annual residential miles to identify a per-mile rate;
(d) For day transportation, multiplies the per-mile rate times the annual day miles for each school; and
(e) For residential transportation, multiplies the per mile rate times the annual transportation miles for each school.

Subpart H—Determining the Amount Necessary To Sustain an Academic or Residential Program

SOURCE: 70 FR 22205, Apr. 28, 2005, unless otherwise noted.

§ 39.801 What is the formula to determine the amount necessary to sustain a school’s academic or residential program?
(a) The Secretary’s formula to determine the minimum annual amount necessary to sustain a Bureau-funded school’s academic or residential program is as follows:

Student Unit Value × Weighted Student Unit = Annual Minimum Amount per student.

(b) Sections 39.802 through 39.807 explain the derivation of the formula in paragraph (a) of this section.

(c) If the annual minimum amount calculated under this section and §§ 39.802 through 39.807 is not fully funded, OIEP will pro rate funds distributed to schools using the Indian School Equalization Formula.

§ 39.802 What is the student unit value in the formula?
The student unit value is the dollar value applied to each student in an academic or residential program. There are two types of student unit values: the student unit instructional value (SUIV) and the student unit residential value (SURV).

(a) The student unit instructional value (SUIV) applies to a student enrolled in an instructional program. It is an annually established ratio of 1.0 that represents a student in grades 4 through 6 of a typical non-residential program.

(b) The student unit residential value (SURV) applies to a residential student. It is an annually established ratio of 1.0 that represents a student in grades 4 through 6 of a typical residential program.

§ 39.803 What is a weighted student unit in the formula?
A weighted student unit is an adjusted ratio using factors in the Indian School Equalization Formula to establish educational priorities and to provide for the unique needs of specific students, such as:

(a) Students in grades kindergarten through 3 or grades 7 through 12;
(b) Special education students;
(c) Gifted and talented students;
(d) Distance education students;
(e) Vocational and industrial education students;
(f) Native Language Instruction students;
(g) Small schools;
(h) Personnel costs;
(i) Alternative schooling; and
(j) Early Childhood Education programs.

§ 39.804 How is the SUIV calculated?
The SUIV is calculated by the following 5-step process:

(a) Step 1. Use the adjusted national average current expenditures (ANACE)
§ 39.808 What definitions apply to this subpart?

Adjusted National Average Current Expenditure [ANACE] means the actual current expenditures for pupils in fall enrollment in public elementary and secondary schools for the last school year for which data is available. These expenditures are adjusted annually to reflect current year expenditures of federally financed schools’ cost of day and residential programs.

Current expenditures means expenses related to classroom instruction, classroom supplies, administration, support services-students and other support services and operations. Current expenditures do not include facility operations and maintenance, buildings and improvements, furniture, equipment, vehicles, student activities and debt retirement.

of public and private schools determined by data from the U.S. Department of Education-National Center of Education Statistics (NCES) for the last school year for which data is available.

(b) Step 2. Subtract the average specific Federal share per student (title I part A and IDEA part B) of the total revenue for Bureau-funded elementary and secondary schools for the last school year for which data is available as reported by NCES (15%).

§ 39.805 What was the student unit for instruction value (SUIV) for the school year 1999–2000?

§ 39.806 How is the SURV calculated?

(a) The SURV is the adjusted national average current expenditures for residential schools (ANACER) of public and private residential schools. This average is determined using data from the Association of Boarding Schools.

(b) Applying the procedure in paragraph (a) of this section, the SURV for school year 1999–2000 was $11,000.

§ 39.807 How will the Student Unit Value be adjusted annually?

(a) The student unit instructional value (SUIV) and the student unit residential value (SURV) will be adjusted annually to derive the current year Student Unit Value (SUV) by dividing the calculated SUIV and the SURV into two parts and adjusting each one as shown in this section.

(1) The first part consists of 85 percent of the calculated SUIV and the SURV. OIEP will adjust this portion using the personnel cost of living increase of the Department of Defense schools for each year.

(2) The second part consists of 15 percent of the calculated SUIV and the SURV. OIEP will adjust this portion using the Consumer Price Index-Urban of the Department of Labor.

(b) If the student unit value amount is not fully funded, the schools will receive their pro rata share using the Indian School Equalization Formula.

§ 39.808 What definitions apply to this subpart?

Adjusted National Average Current Expenditure [ANACE] means the actual current expenditures for pupils in fall enrollment in public elementary and secondary schools for the last school year for which data is available. These expenditures are adjusted annually to reflect current year expenditures of federally financed schools’ cost of day and residential programs.

Current expenditures means expenses related to classroom instruction, classroom supplies, administration, support services-students and other support services and operations. Current expenditures do not include facility operations and maintenance, buildings and improvements, furniture, equipment, vehicles, student activities and debt retirement.
§ 39.809 Information collection.

Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This part involves collections of information subject to the PRA in §§39.410 and 39.502. These collections have been approved by OMB under control numbers 1076–0122, 1076–0134, and 1076–0163.

Subpart I—Interim Maintenance and Minor Repair Fund

§ 39.900 Establishment and funding of an Interim Maintenance and Minor Repair Fund.

There is established in the Division of Facilities Management a separate temporary fund entitled the Interim Maintenance and Minor Repair Fund. The Assistant Secretary shall cause the distribution of an amount of $1 million, under the FY 1980 Appropriation for the Bureau, from budget activity 3500, “General Management and Facilities Operation”, to the direct use of schools, and shall create an appropriate account or subaccount for the Interim Maintenance and Minor Repair Fund and credit these funds thereto.

§ 39.901 Conditions for distribution.

Funds from the Interim Maintenance and Minor Repair Fund shall be distributed to Bureau operated and funded schools and shall be separately earmarked in local school financial plans solely for expenditure at the discretion of the school supervisor for cost of school facility maintenance and minor repair. These funds shall be used to meet immediate minor repair and maintenance needs.

§ 39.902 Allocation.

(a) Interim Maintenance and Minor Repair funds shall be allocated to all Bureau operated and contract schools based on the number of square feet of floor space used for that school’s educational program, for student residence and for support facilities. Staff quarters shall be specifically excluded from the computation.

(b) Square footage figures used in determining school allocations shall be taken from the facilities inventory maintained by the Division of Facilities Engineering.

(c) In those cases, such as contract schools, where square footage figures are not now available, it shall be the responsibility of the Bureau’s Division of Facilities Engineering to correct the information.

(d) Schools in Alaska shall receive a 25% cost adjustment increase in the computation of their allocation.

§ 39.903 Use of funds.

Funds allocated under this provision for maintenance and minor repair shall be used for no other purpose.

§ 39.904 Limitations.

Nothing in this provision shall be interpreted as relieving the Bureau branch of Facilities Management or its field offices of any responsibility for continuing to provide maintenance and repair service to schools through existing procedures.

Subpart J—Administrative Cost Formula

§ 39.1002 Allotment of education administrative funds.

The total annual budget for agencies/areas shall be allotted to the Director and through him/her to agency and area education offices. This total budget shall be distributed to the various agency and area education offices as follows:

(a) Each agency or area education office as defined above shall receive a base amount of $50,000 for basic administrative costs; and

(b) Each agency or area education office as defined above shall receive an amount under these funds equal to two percent of the total higher education, Johnson-O’Malley and adult education funds administered by each office, except that the Navajo Agencies are restricted to a maximum of $50,000 for administering the Johnson-O’Malley and higher education programs; and

(c) Eighty percent of the remaining funds shall be distributed proportionately based on the number of schools operated under the jurisdiction of each agency or area education office, with Bureau-operated schools counting as 1 and contract/grant schools counting as 0.6; and

(d) The remaining twenty percent shall be distributed proportionately based on the total weighted student units generated by all schools under the jurisdiction of each agency or area education office.

For FY 1991 only, the Director may reserve an amount equal to no more than one half of the funds received in FY 1990 by those offices to be closed in FY 1991 to cover severance pay costs, lump sum leave payments and relocation costs for those individuals affected by the closures. Any balance uncommitted by March 31, 1991, shall be distributed in accordance with the formula in § 39.122.

Subpart K—Pre-kindergarten Programs

The Director, in consultation with the tribes and school boards, shall determine appropriate weight factors needed to include pre-kindergarten programs in the Indian School Equalization Formula in fiscal year 1982. Based on a needs assessment, to be completed by January 1, 1980, pre-kindergarten programs shall be included in the Bureau’s education request for fiscal year 1982.

§ 39.1100 Interim fiscal year 1980 and fiscal year 1981 funding for pre-kindergarten programs previously funded by the Bureau.

Those schools having pre-kindergarten programs funded fully or in part from Bureau education funds in fiscal year 1979 shall be funded from Bureau education funds by the Director in fiscal year 1980 and fiscal year 1981 at their fiscal year 1979 Bureau education funding levels. § 39.1200 Definitions.

Contract school operation and maintenance costs for fiscal year 1979 means the sum of costs for custodial salaries and fringe benefits, related supplies and equipment and equipment repair, insurance, and school operation utilities costs, where such costs are not paid by the Division of Facilities Management or other noneducation Bureau sources.

There is established in the Division of Facilities Management a separate fund entitled the Contract School Operation and Maintenance Fund. The Secretary shall cause the distribution of an amount of $2.5 million, under the fiscal year 1980 appropriation for the Bureau, from budget activity 3500, "General Management and Facilities Operations", to the schools through this fund and shall create an appropriate account or subaccount for the Contract School Operation and Maintenance Fund.

§ 39.1202 Distribution of funds.

(b) To be eligible for these funds, a contract school shall submit a detailed report of actual operation and maintenance costs for fiscal year 1979 to the Director by November 23, 1979. These cost figures will be subject to verification by the Director to assure their accuracy prior to the allotment of any funds under this subpart.

(c) Any funds generated under this subpart shall be included in the computation of the phase-in amount if supplemental operation and maintenance funds were included in a school's fiscal year 1979 3100 contract funds.

Subpart A—Applicability and
Definitions

§ 41.1 When does this subpart apply?
The provisions in this subpart A
apply to subparts B and C.
§ 41.3 What definitions are needed?

As used in this part:

Academic facilities mean structures suitable for use as:
(1) Classrooms, laboratories, libraries, and related facilities necessary or appropriate for instruction of students;
(2) Research facilities;
(3) Facilities for administration of educational or research programs;
(4) Dormitories or student services buildings; or
(5) Maintenance, storage, support, or utility facilities essential to the operation of the foregoing facilities.

Academic term means a semester, trimester, or other such period (not less than six weeks in duration) into which a Tribal college or university normally subdivides its academic year, but does not include a summer term.

Academic year means a twelve month period established by a Tribal college or university as the annual period for the operation of the Tribal college’s or university’s education programs.

Assistant Secretary means the Assistant Secretary—Indian Affairs of the Department of the Interior.

BIE means the Bureau of Indian Education.

College or university means an institution of higher education that is formally controlled, formally sanctioned, or chartered by the governing body of an Indian Tribe or Tribes. To qualify under this definition, the college or university must:
(1) Be the only institution recognized by the Department for the Tribe, excluding Dine’ College; and
(2) If under the control, sanction, or charter of more than one Tribe, be the only institution recognized by the Department for at least one Tribe that currently has no other formally controlled, formally sanctioned, or chartered college or university.

Department means the Department of the Interior.

Director means the Director of the Bureau of Indian Education.

Eligible continuing education units (CEUs) means non-degree credits that meet the criteria established by the International Association of Continuing Education and Training.

Full-time means registered for 12 or more credit hours for an academic term.

Indian Student Count (ISC) or Indian Full-Time Equivalent (FTE) means a number equal to the total number of Indian students enrolled at a Tribal college or university, determined according to the formula in § 41.5.

Indian student means a student who is a member of an Indian Tribe, or a biological child of a living or deceased member of an Indian Tribe. Documentation is required to verify eligibility as a biological child of a living or deceased member of an Indian Tribe, and may include birth certificate and marriage license; Tribal records of student’s parent; Indian Health Service eligibility cards; other documentation necessary to authenticate a student as eligible to be counted as an Indian student under this definition.

Indian Tribe means an Indian Tribe, band, nation, pueblo, rancheria, or other organized group or community, including any Alaska Native Village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act, to be listed in the FEDERAL REGISTER pursuant to 25 CFR 83.5(a) as recognized by and eligible to receive services from the Bureau of Indian Affairs.

Institution of higher education means an institution as defined by section 1001(a) of Title 20 of the United States Code, except that clause (2) of such section is not applicable and the reference to Secretary in clause (5)(A) of such section will be deemed to refer to the Secretary of the Interior.

Operating expenses of education programs means the obligations and expenditures of a Tribal college or university for postsecondary education, except for obligations and expenditures...
§ 41.5 How is ISC/FTE calculated?

(a) ISC is calculated on the basis of eligible registrations of Indian students as of the conclusion of the third week of each academic term.

(b) To calculate ISC for an academic term, begin by adding all credit hours of full-time Indian students and all credit hours of part-time Indian students, including full-time and part-time distance education Indian students, who are registered at the conclusion of the third week of the academic term.

(c) Credit hours earned by Indian students who have not obtained a high school degree or its equivalent may be added if you have established criteria for the admission of such students on the basis of their ability to benefit from the education or training offered. You will be presumed to have established such criteria if your admission procedures include counseling or testing that measures students’ aptitude to successfully complete the courses in which they enroll.

(d) No credit hours earned by an Indian student attending high school and applied towards the student’s high school degree or its equivalent may be counted toward computation of ISC; and no credit hours earned by an Indian student not making satisfactory progress toward a degree or certificate may count toward the ISC.

(e) If ISC is being calculated for a fall term, add to the calculation in paragraph (b) of this section any credits earned in classes offered during the preceding summer term.

(f) Add to the calculation in paragraph (b) of this section those credits being earned in an eligible continuing education program at the conclusion of the third week of the academic term. Determine the number of those credits as follows:

1. For institutions on a semester system: One credit for every 15 contact hours and
2. For institutions on a quarter system: One credit for every 10 contact hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified instruction, as described in the criteria established by the International Association for Continuing Education and Training. Limit the number of calculated eligible continuing education credits to 10 percent of your ISC.

(g) Divide by 12 the final calculation in paragraph (f) of this section. The formula for the full calculation is expressed mathematically as:

\[
\text{ISC} = \frac{(\text{FTCR} + \text{PTCR} + \text{SCR} + \text{CECR})}{12}
\]

(h) In the formula in paragraph (g) of this section, the abbreviations used have the following meanings:

1. FTCR = the number of credit hours carried by full-time Indian students (students carrying 12 or more credit hours at the end of the third week of each academic term); and
2. PTCR = the number of credit hours carried by part-time Indian students (students carrying fewer than 12 credit hours at the end of the third week of each academic term).
3. SCR = in a fall term, the number of credit hours earned during the preceding summer term.
§ 41.7 What happens if false information is submitted?

Persons submitting or causing to be submitted any false information in connection with any application, report, or other document under this part may be subject to criminal prosecution under provisions such as sections 371 or 1001 of Title 18, U.S. Code.

Subpart B—Tribal Colleges and Universities

§ 41.9 What is the purpose of this subpart?

This subpart prescribes procedures for providing financial and technical assistance under the TCCUA for the operation and improvement of Tribal colleges and universities and advancement of educational opportunities for Indian students. This subpart does not apply to Diné College.

§ 41.11 Who is eligible for financial assistance under this subpart?

(a) A Tribal college or university is eligible for financial assistance under this subpart only if it:

1. Is governed by a board of directors or board of trustees, a majority of whom are Indians;
2. Demonstrates adherence to stated goals, a philosophy, or a plan of operation directed to meet the needs of Indians;
3. Has a student body that is more than 50 percent Indian (unless it has been in operation for less than one year);
4. Is either:
   (i) Accredited by a nationally recognized accrediting agency or association determined by the Secretary of Education to be a reliable authority with regard to the quality of training offered; or
   (ii) Is making reasonable progress toward accreditation according to such agency or association;

(b) Priority in grants is given to institutions that were in operation on October 17, 1978, and that have a history of service to Indian people.

§ 41.13 For what activities can financial assistance to Tribal colleges and universities be used?

Tribal colleges and universities may use financial assistance under this subpart to defray expenditures for academic, educational, and administrative purposes and for the operation and maintenance of the college or university.

§ 41.15 What activities are prohibited?

Tribal colleges and universities must not use financial assistance awarded under this subpart in connection with religious worship or sectarian instruction. However, nothing in this subpart will be construed as barring instruction or practice in comparative religions or cultures or in languages of Indian Tribes.

§ 41.17 What is the role of the Secretary of Education?

(a) The Secretary may enter into an agreement with the Secretary of Education to obtain assistance to:

1. Develop plans, procedures, and criteria for eligibility studies required under this subpart; and
2. Conduct such studies.

(b) BIE must consult with the Secretary of Education to determine the reasonable number of students required to support a Tribal college or university.

§ 41.19 How can a Tribal college or university establish eligibility to receive a grant?

(a) Before a Tribal college or university can apply for an initial grant under this part, the governing body of one or more Indian Tribes must request a determination of eligibility on the college’s or university’s behalf.

(b) Within 30 days of receiving a resolution or other duly authorized request from the governing body of one or more
Indian Tribes, BIE will initiate an eligibility study to determine whether there is justification to encourage and maintain a Tribal college or university.

(c) The eligibility study will analyze the following factors:
1. Financial feasibility based upon reasonable potential enrollment; considering:
   (i) Tribal, linguistics, or cultural differences;
   (ii) Isolation;
   (iii) Presence of alternate educational sources;
   (iv) Proposed curriculum;
2. Levels of Tribal matriculation in and graduation from postsecondary educational institutions; and
3. The benefits of continued and expanded educational opportunities for Indian students.

(d) Based upon results of the study, the Director will send the Tribe a written determination of eligibility.

(e) The Secretary and the BIE, to the extent practicable, will consult with national Indian organizations and with Tribal governments chartering the colleges or universities being considered.

§ 41.21 How can a Tribe appeal the results of an eligibility study?

If a Tribe receives a negative determination under § 41.19(d), it may submit an appeal to the Assistant Secretary within 45 days.

(a) Following the timely filing of a Tribe’s notice of appeal, the Tribal college or university and the Tribe have a right to a formal review of the eligibility study, including a hearing upon reasonable notice within 60 days. At the hearing, the Tribal college or university and the appealing Tribe may present additional evidence or arguments to justify eligibility.

(b) Within 45 days of the hearing, the Assistant Secretary will issue a written ruling confirming, modifying, or reversing the original determination. The ruling will be final and BIE will mail or deliver it within one week of its issuance.

(c) If the Assistant Secretary does not reverse the original negative determination, the ruling will specify the grounds for the decision and state the manner in which the determination relates to each of the factors in §41.11.

§ 41.23 Can a Tribal college or university request a second eligibility study?

If a Tribe is not successful in its appeal under §41.21, it can request another eligibility study 12 months or more after the date of the negative determination.

§ 41.25 How does a Tribal college or university apply for a grant?

(a) If the Tribal college or university receives a positive determination of the eligibility study under §41.19(d), it is entitled to apply for financial assistance under this subpart.

(b) To be considered for assistance, a Tribal college or university must submit an application by or before June 1st of the year preceding the academic year for which the Tribal college or university is requesting assistance. The application must contain the following:

§ 41.27 When can the Tribal college or university expect a decision on its application?

Within 45 days of receiving an application, the Director will notify the Tribal college or university in writing whether or not the application has been approved.

(a) If the Director approves the application, written notice will explain when the BIE will send the Tribal college or university a grant agreement under §41.19.

(b) If the Director disapproves the application, written notice will include:

(1) The reasons for disapproval; and

(2) A statement advising the Tribal college or university of the right to amend or supplement the Tribal college’s or university’s application within 45 days.

(c) The Tribal college or university may appeal a disapproval or a failure to act within 45 days of receipt following the procedures in §41.21.

§ 41.29 How will a grant be awarded?

If the Director approves the Tribal college’s or university’s application, the BIE will send the Tribal college or university a grant agreement that incorporates the Tribal college’s or university’s application and the provisions required by §41.25. The Tribal college or university grant will be for the fiscal year starting after the approval date of the application.

(a) The BIE will generally calculate the amount of the Tribal college or university grant using the following procedure:

(1) Begin with a base amount of $8,000 (adjusted annually for inflation);

(2) Multiply the base amount by the number of FTE Indian students in attendance during each academic term; and

(3) Divide the resulting sum by the number of academic terms in the academic year.

(b) All grants under this section are subject to availability of appropriations.

(c) If there are insufficient funds to pay the amount calculated under paragraph (a) of this section, BIE will reduce the grant amount awarded to each eligible Tribal college or university on a pro rata basis.

§ 41.31 When will the Tribal college or university receive funding?

(a) BIE will authorize payments equal to 95 percent of funds available for allotment by either July 1 or within 14 days after appropriations become available, with the remainder of the payment made no later than September 30.

(b) BIE will not commingle funds appropriated for grants under this subpart with other funds expended by the BIE.
§ 41.33 What if there isn’t enough money to pay the full grant amount?

This section applies if BIE has to reduce payments under § 41.29(c).

(a) If additional funds have not been appropriated to pay the full amount of grants under this part on or before June 1st of the year, the BIE will notify all grant recipients in writing. The Tribal college or university must submit a written report to the BIE on or before July 1st explaining how much of the grant money remains unspent.

(b) After receiving the Tribal college’s or university’s report under paragraph (a) of this section, BIE will:
   (1) Reallocate the unspent funds using the formula in § 41.29 in proportion to the amount of assistance to which each grant recipient is entitled but has not received;
   (2) Ensure that no Tribal college or university will receive more than the total annual cost of its education programs;
   (3) Collect unspent funds as necessary for redistribution to other grantees under this section; and
   (4) Make reallocation payments on or before August 1st of the academic year.

§ 41.35 What will happen if the Tribal college or university doesn’t receive its appropriate share?

(a) If the BIE determines the Tribal college or university has received financial assistance to which the Tribal college or university was not entitled, BIE will:
   (1) Promptly notify the Tribal college or university; and
   (2) Reduce the amount of the Tribal college’s or university’s payments under this subpart to compensate for any overpayments or otherwise attempt to recover the overpayments.

(b) If a Tribal college or university has received less financial assistance than the amount to which the Tribal college or university was entitled, the Tribal college or university should promptly notify the BIE. If the BIE confirms the miscalculation, BIE will adjust the amount of the Tribal college’s or university’s payments for the same or subsequent academic years to compensate for the underpayments. This adjustment will come from the Department’s general funds and not from future appropriated funds.

§ 41.37 Is the Tribal college or university eligible for other grants?

Yes. Eligibility for grants under this subpart does not bar a Tribal college or university from receiving financial assistance under any other Federal program.

§ 41.39 What reports does the Tribal college or university need to provide?

(a) The Tribal college or university must provide the BIE, on or before December 1 of each year, a report that includes:
   (1) An accounting of the amounts and purposes for which the Tribal college or university spent assistance received under this part during the preceding academic year;
   (2) An accounting of the annual cost of the Tribal college’s or university’s education programs from all sources for the academic year; and
   (3) A final performance report based upon the criteria the Tribal college’s or university’s goals, philosophy, or plan of operation.

(b) The Tribal college or university must report to the BIE their FTE Indian student enrollment for each academic term of the academic year within three (3) weeks of the date the Tribal college or university makes the FTE calculation.

§ 41.41 Can the Tribal college or university receive technical assistance?

(a) If a Tribal college or university sends the BIE a written request for technical assistance, BIE will respond within 30 days.

(b) The BIE will provide technical assistance either directly or through an annual contract to a national Indian organization that the Tribal college or university designates.

(c) Technical assistance may include consulting services for developing programs, plans, and eligibility studies and accounting, and other services or technical advice.
§ 41.43 How must the Tribal college or university administer its grant?

In administering any grant provided under this subpart, a Tribal college or university must:

(a) Provide services or assistance under this subpart in a fair and uniform manner;

(b) Not deny admission to any Indian student because they either are, or are not, a member of a specific Indian Tribe; and

(c) Comply with part 276 of this chapter, unless the BIE expressly waives specific inappropriate provisions of part 276 in response to a Tribal college or university request and justification for a waiver.

§ 41.45 How does the Tribal college or university apply for programming grants?

(a) Tribes and Tribal entities may submit a written request to the BIE for a grant to conduct planning activities for the purpose of developing proposals for the establishment of Tribally controlled colleges and universities, or to determine the need and potential for the establishment of such colleges and universities. BIE will provide written notice to the Tribal college or university of its determination on the grant request within 30 days.

(b) Subject to the availability of appropriations, BIE may provide such grants to up to five Tribes and Tribal entities in the amount of $15,000 each.

§ 41.47 Are Tribal colleges or universities eligible for endowments?

Yes. Tribal colleges and universities are eligible for endowments under a signed agreement between the Tribal college and university and the Secretary as described in 25 U.S.C. 1832. Endowments must be invested in a trust fund and the Tribal college or university may only use the interest deposited for the purpose of defraying expenses associated with the operation of the Tribal college or university (25 U.S.C. 1833).
§ 41.57 When will the application be reviewed?

Within 45 days of receiving the application the BIE will send a grant agreement for signature by the Diné College president or his or her designee in an amount determined under § 41.29(a). The grant agreement will incorporate the grant application and include the provisions required by § 41.25.

§ 41.59 When will grant funds be paid?

(a) Initial grant funds will be paid in an advance installment of not less than 40 percent of the funds available for allotment by October 1st.

(b) The remainder of the grant funds will be paid by July 1st after the BIE adjusts the amount to reflect any overpayments or underpayments made in the first disbursement.

§ 41.61 Is Diné College eligible to receive other grants?

Yes. Eligibility for grants under this subpart does not bar Diné College from receiving financial assistance under any other Federal program.

§ 41.63 How can financial assistance be used?

(a) The Diné College must use financial assistance under this subpart only for operation and maintenance, including education programs, annual capital expenditures, major capital improvements, mandatory payments, supplemental student services, and improvement and expansion, as described in 25 U.S.C. 640c–1(b)(1);

(b) The Diné College must not use financial assistance under this subpart for religious worship or sectarian instruction. However, this subpart does not prohibit instruction about religions, cultures or Indian Tribal languages.

§ 41.65 What reports must be provided?

(a) Diné College must submit on or before December 1st of each year a report that includes:

(1) An accounting of the amounts and purposes for which Diné College spent the financial assistance during the preceding academic year;

(2) The annual cost of Diné College education programs from all sources for the academic year; and

(3) A final report of Diné College’s performance based upon the criteria in its stated goals, philosophy, or plan of operation.

(b) Diné College must report its FTE Indian student enrollment for each academic term within six weeks of the date it makes the FTE calculation.

§ 41.67 Can Diné College receive technical assistance?

Technical assistance will be provided to Diné College as noted in § 41.41.

§ 41.69 How must Diné College administer its grant?

In administering any grant provided under this subpart, Diné College must:

(a) Provide all services or assistance under this subpart in a fair and uniform manner;

(b) Not deny admission to any Indian student because the student is, or is not, a member of a specific Indian Tribe; and

(c) Comply with part 276 of this chapter, unless the BIE expressly waives specific inappropriate provisions of part 276 in response to Diné College’s request and its justification for a waiver.

§ 41.71 Can Diné College appeal an adverse decision under a grant agreement by the Director?

Diné College has the right to appeal to the Assistant Secretary by filing a written notice of appeal within 45 days of the adverse decision. Within 45 days after receiving notice of appeal, the Assistant Secretary will conduct a formal hearing at which time the Diné College may present evidence and argument to support its appeal. Within 45 days of the hearing, the Assistant Secretary will issue a written ruling on the appeal confirming, modifying or reversing the decision of the Director. If the ruling does not reverse the adverse decision, the Assistant Secretary will state in detail the basis of his/her ruling. The ruling of the Assistant Secretary on an appeal will be final for the Department.
§ 42.1 What general principles apply to this part?
(a) This part applies to every Bureau-funded school. The regulations in this part govern student rights and due process procedures in disciplinary proceedings in all Bureau-funded schools. To comply with this part, each school must:
(1) Respect the constitutional, statutory, civil and human rights of individual students; and
(2) Respect the role of Tribal judicial systems where appropriate.
(b) All student rights, due process procedures, and educational practices should, where appropriate or possible, afford students consideration of and rights equal to the student’s traditional Native customs and practices.

§ 42.2 What rights do individual students have?
Individual students at Bureau-funded schools have, and must be accorded, at least the following rights:
(a) The right to an education that may take into consideration Native American or Alaska Native values;

(b) The school may address a student violation using alternative dispute resolution (ADR) processes or the formal disciplinary process.
(1) When appropriate, the school should first attempt to use the ADR processes described in § 42.4 that may allow resolution of the alleged violation without recourse to punitive action.
(2) Where ADR processes do not resolve matters or cannot be used, the school must address the alleged violation through a formal disciplinary proceeding under § 42.7 consistent with the due process rights described in § 42.7.

§ 42.4 What are alternative dispute resolution processes?
Alternative dispute resolution (ADR) processes are formal or informal processes that may allow resolution of the violation without recourse to punitive action.
(a) ADR processes may:
(1) Include peer adjudication, mediation, and conciliation; and
(2) Involve appropriate customs and practices of the Indian Tribes or Alaska Native Villages to the extent that these practices are readily identifiable.
(b) For further information on ADR processes and how to use them, contact the Office of Collaborative Action and Dispute Resolution by:
(1) Sending an e-mail to: cadr@ios.doi.gov; or
(2) Writing to: Office of Collaborative Action and Dispute Resolution, Department of the Interior, 1849 C Street NW., MS 5258, Washington, DC 20240.

§ 42.5 When can a school use ADR processes to address an alleged violation?
(a) The school may address an alleged violation through the ADR processes
described in §42.4, unless one of the conditions in paragraph (b) of this section applies.

(b) The school must not use ADR processes in any of the following circumstances:

(1) Where the Act requires immediate expulsion ("zero tolerance" laws);
(2) For a special education disciplinary proceeding where use of ADR would not be compatible with the Individuals with Disabilities Education Act (Pub. L. 105–17); or
(3) When all parties do not agree to using alternative dispute resolution processes.

(c) If ADR processes do not resolve matters or cannot be used, the school must address alleged violations through the formal disciplinary proceeding described in §42.8.

§42.6 When does due process require a formal disciplinary hearing?

Unless local school policies and procedures provide for less, a formal disciplinary hearing is required before a suspension in excess of 10 days or expulsion.

§42.7 What does due process in a formal disciplinary proceeding include?

Due process must include written notice of the charges and a fair and impartial hearing as required by this section.

(a) The school must give the student written notice of charges within a reasonable time before the hearing required by paragraph (b) of this section. Notice of the charges includes:

(1) A copy of the school policy allegedly violated;
(2) The facts related to the alleged violation;
(3) Information about any statements that the school has received relating to the charge and instructions on how to obtain copies of those statements; and
(4) Information regarding those parts of the student’s record that the school will consider in rendering a disciplinary decision.

(b) The school must hold a fair and impartial hearing before imposing disciplinary action, except under the following circumstances:

(1) If the Act requires immediate removal (such as, if the student brought a firearm to school) or if there is some other statutory basis for removal;
(2) In an emergency situation that seriously and immediately endangers the health or safety of the student or others; or
(3) If the student (or the student’s parent or guardian if the student is less than 18 years old) chooses to waive entitlement to a hearing.

(c) In an emergency situation under paragraph (b)(2) of this section, the school:

§42.8 What are a student’s due process rights in a formal disciplinary proceeding?

A student has the following due process rights in a formal disciplinary proceeding:

(a) The right to have present at the hearing the student’s parents or guardians (or their designee);

(b) The right to be represented by counsel (legal counsel will not be paid for by the Bureau-funded school or the Secretary);

(c) The right to produce, and have produced, witnesses on the student’s behalf and to confront and examine all witnesses;

(d) The right to the record of the disciplinary action, including written findings of fact and conclusions;

(e) The right to administrative review and appeal under school policy;

(f) The right not to be compelled to testify against himself or herself; and

§42.9 What are victims’ rights in formal disciplinary proceedings?

In formal disciplinary proceedings, each school must consider victims’ rights when appropriate.
(a) The victim’s rights may include a right to:
(1) Participate in disciplinary proceedings either in writing or in person;
(2) Provide a statement concerning the impact of the incident on the victim; and
(3) Have the outcome explained to the victim and to his or her parents or guardian by a school official, consistent with confidentiality.

§ 42.10 How must the school communicate individual student rights to students, parents or guardians, and staff?

Each school must:
(a) Develop a student handbook that includes local school policies, definitions of suspension, expulsion, zero tolerance, and other appropriate terms, and a copy of the regulations in this part;

§ 42.11 Information collection.

Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This part in §§ 42.6, 42.7, and 42.9 contains collections of information subject to the PRA. These collections have been approved by OMB under control number 1076-0163.
(c) **Eligible student** means a student who has become 18 years of age or is attending an institution of post-secondary education. When a student becomes an eligible student, the permission required of and the rights given to the parents of the student shall thereafter only be required of and given to the student.

(d) **Parent** means a natural parent, an adoptive parent, the legal guardian, or a legal custodian of a student. (Where the natural parents are unavailable, a required written parental consent may be obtained from the person who has assumed custody of the student.) For purposes of the Education of All Handicapped Children Act, the term parent also includes a surrogate as referred to in 20 U.S.C. 1415(b)(1)(B).

(e) **Student records** means those records, files, documents, and other materials which contain information directly related to a student and which are maintained by an educational institution, or by a person acting for that institution. The term does not include:

L. 101–630, 104 Stat. 4544, 25 U.S.C. 3201 3211.

§ 63.2 Policy.
In enacting the Indian Child Protection and Family Violence Prevention Act, the Congress recognized there is no resource more vital to the continued existence and integrity of Indian tribes than their children and that the United States has a direct interest, as trustee, in protecting Indian children who are members of, or are eligible for membership in, an Indian tribe. The minimum standards of character and suitability of employment for individuals ensure that Indian children are protected, and the Indian child protection and family violence prevention programs will emphasize the unique values of Indian culture and community involvement in the prevention and treatment of child abuse, child neglect and family violence.

§§ 63.5–63.9 [Reserved]

Subpart B—Minimum Standards of Character and Suitability for Employment

§ 63.10 Purpose.

The purpose of this part is to establish:

(a) Procedures for determining suitability for employment and efficiency of service as mandated by the Indian Child Protection and Family Violence Prevention Act; and

266
(b) Minimum standards of character to ensure that individuals having regular contact with or control over Indian children have not been convicted of certain types of crimes or acted in a manner that placed others at risk or raised questions about their trustworthiness.

§ 63.11 What is a determination of suitability for employment and efficiency of service?

(a) Determinations of suitability measure the fitness or eligibility of an applicant, volunteer, or employee for a particular position. Suitability for employment does not evaluate an applicant’s education, skills, knowledge, experience, etc. Rather, it requires that the employer investigate the background of each applicant, volunteer, and employee to:

(1) Determine the degree of risk the applicant, volunteer, or employee brings to the position; and

(2) Certify that the applicant’s, volunteer’s, or employee’s past conduct would not interfere with his/her performance of duties, nor would it create an immediate or long-term risk for any Indian child.

(b) Efficiency of service is the employer’s verification that the applicant or employee is able to perform the duties and responsibilities of the position, and his/her presence on the job will not inhibit other employees or the agency from performing their functions.

§ 63.12 What are minimum standards of character?

Minimum standards of character are established by an employer and refer to identifiable character traits and past conduct. An employer may use character traits and past conduct to determine whether an applicant, volunteer, or employee can effectively perform the duties of a particular position without risk of harm to others. Minimum standards of character ensure that no applicant, volunteer, or employee will be placed in a position with regular contact with or control over Indian children if he/she has been found guilty of or entered a plea of nolo contendere or guilty to any offense under Federal, state, or tribal law involving crimes of violence, sexual assault, sexual molestation, sexual exploitation, sexual contact or prostitution, or crimes against persons.

§ 63.13 What does the Indian Child Protection and Family Violence Prevention Act require of the Bureau of Indian Affairs and Indian tribes or tribal organizations receiving funds under the Indian Self-Determination and Education Assistance Act or the Tribally Controlled Schools Act?

(a) The Bureau of Indian Affairs must compile a list of all authorized positions which involve regular contact with or control over Indian children; investigate the character of each individual who is employed, or is being considered for employment; and, prescribe minimum standards of character which each individual must meet to be appointed to such positions.

(b) All Indian tribes or tribal organizations receiving funds under the authority of the Indian Self-Determination and Education Assistance Act or the Tribally Controlled Schools Act of 1988 must conduct a background investigation for individuals whose duties and responsibilities would allow them regular contact with or control over Indian children, and employ only individuals who meet standards of character that are no less stringent than those prescribed for the Bureau of Indian Affairs.

§ 63.14 What positions require a background investigation and determination of suitability for employment or retention?

All positions that allow an applicant, employee, or volunteer regular contact with or control over Indian children are subject to a background investigation and determination of suitability for employment.

§ 63.15 What questions should an employer ask?

Employment applications must:

(a) Ask whether the applicant, volunteer, or employee has been arrested or convicted of a crime involving a child, violence, sexual assault, sexual molestation, sexual exploitation, sexual contact or prostitution, or crimes against persons;
§ 63.16 Who conducts the background investigation and prepares the determination of suitability for employment?

(a) The Bureau of Indian Affairs must use the United States Office of Personnel Management (OPM) to conduct background investigations for Federal employees. The BIA must designate qualified security personnel to adjudicate the results of background investigations.

(b) Indian tribes and tribal organizations may conduct their own background investigations, contract with private firms, or request the OPM to conduct an investigation. The investigation should cover the past five years of the individual’s employment, education, etc.

§ 63.17 How does an employer determine suitability for employment and efficiency of service?

(a) Adjudication is the process employers use to determine suitability for employment and efficiency of service. The adjudication process protects the interests of the employer and the rights of applicants and employees. Adjudication requires uniform evaluation to ensure fair and consistent judgment.

(b) Each case is judged on its own merits. All available information, both favorable and unfavorable, must be considered and assessed in terms of accuracy, completeness, relevance, seriousness, overall significance, and how similar cases have been handled in the past.

(c) An adjudicating official conducts the adjudication. Each Federal agency, Indian tribe, or tribal organization must appoint an adjudicating official, who must first have been the subject of a favorable background investigation.

(1) Indian tribes and tribal organizations must ensure that persons charged with the responsibility for adjudicating employee background investigations are well-qualified and trained.

(2) Indian tribes and tribal organizations should also ensure that individuals who are not trained to adjudicate these types of investigations are supervised by someone who is experienced and receive the training necessary to perform the task.

(d) Each adjudicating official must be thoroughly familiar with all laws, regulations, and criteria involved in making a determination for suitability.

(e) The adjudicating official must review the background investigation to determine the character, reputation, and trustworthiness of the individual. At a minimum, the adjudicating official must:

(1) Review each security investigation form and employment application and compare the information provided;

(2) Review the results of written record searches requested from local law enforcement agencies, former employers, former supervisors, employment references, and schools; and

(3) Review the results of the fingerprint charts maintained by the Federal Bureau of Investigation or other law enforcement information maintained by other agencies.

(f) Relevancy is a key objective in evaluating investigative data. The adjudicating official must consider prior conduct in light of:

1. The nature and seriousness of the conduct in question;

2. The recency and circumstances surrounding the conduct in question;

3. The age of the individual at the time of the incident;

4. Societal conditions that may have contributed to the nature of the conduct;

5. The probability that the individual will continue the type of behavior in question; and,

6. The individual’s commitment to rehabilitation and a change in the behavior in question.
§ 63.18 Are the requirements for Bureau of Indian Affairs adjudication different from the requirements for Indian tribes and tribal organizations?
Yes.

(a) In addition to the minimum requirements for background investigations found in §63.12, Bureau of Indian Affairs’ adjudicating officials must review the OPM National Agency Check and Inquiries which includes a search of the OPM Security/Suitability Investigations Index (SII) and the Defense Clearance and Investigations Index (DCII), and any additional standards which may be established by the BIA.

(b) All Bureau of Indian Affairs employees who have regular contact with or control over Indian children must be reinvestigated every five years during their employment in that or any other position which allows regular contact with or control over Indian children.

(c) Indian tribes and tribal organizations may adopt these additional requirements but are not mandated to do so by law.

§ 63.19 When should an employer deny employment or dismiss an employee?

(a) An employer must deny employment or dismiss an employee when an individual has been found guilty of or entered a plea of guilty or nolo contendere to any Federal, state or tribal offense involving a crime of violence, sexual assault, sexual molestation, child exploitation, sexual contact, prostitution, or crimes against persons.

(b) An employer may deny employment or dismiss an employee when an individual has been convicted of an offense involving a child victim, a sex crime, or a drug felony.

[61 FR 32274, June 21, 1996, as amended at 64 FR 66771, Nov. 30, 1999]

§ 63.20 What should an employer do if an individual has been charged with an offense but the charge is pending or no disposition has been made by a court?

(a) The employer may deny the applicant employment until the charge has been resolved.

(b) The employer may deny the employee any on-the-job contact with children until the charge is resolved.

(c) The employer may detail or reassign the employee to other duties that do not involve contact with children.

(d) The employer may place the employee on administrative leave until the court has disposed of the charge.

§ 63.21 Are there other factors that may disqualify an applicant, volunteer or employee from placement in a position which involves regular contact with or control over Indian children?

Yes.

(a) An applicant, volunteer, or employee may be disqualified from consideration or continuing employment if it is found that:

(1) The individual’s misconduct or negligence interfered with or affected a current or prior employer’s performance of duties and responsibilities.

(2) The individual’s criminal or dishonest conduct affected the individual’s performance or the performance of others.

(3) The individual made an intentional false statement, deception or fraud on an examination or in obtaining employment.

(4) The individual has refused to furnish testimony or cooperate with an investigation.

(6) The individual has illegally used narcotics, drugs, or other controlled substances without evidence of substantial rehabilitation.

(7) The individual knowingly and willfully engaged in an act or activities designed to disrupt government programs.

(b) An individual must be disqualified for Federal employment if any statutory or regulatory provision would prevent his/her lawful employment.
§ 63.22 Can an employer certify an individual with a prior conviction or substantiated misconduct as suitable for employment?

(a) The Bureau of Indian Affairs must use Federal adjudicative standards which allow the BIA to certify that an individual is suitable for employment in a position that does not involve regular contact with or control over Indian children. The adjudicating officer must determine that the individual’s prior conduct will not interfere with the performance of duties and will not create a potential for risk to the safety and well-being of Indian children.

(b) Indian tribes and tribal organizations must identify those positions which permit contact with or control over Indian children and establish standards to determine suitability for employment. Those standards should then be used to determine whether an individual is suitable for employment in a position that permits contact with or control over Indian children. If not, the individual may only be placed in a position that does not permit contact with or control over Indian children.

§ 63.23 What rights does an applicant, volunteer or employee have during this process?

(a) The applicant, volunteer, or employee must be provided an opportunity to explain, deny, or refute unfavorable and incorrect information gathered in an investigation, before the adjudication is final. The applicant, volunteer, or employee should receive a written summary of all derogatory information and be informed of the process for explaining, denying, or refuting unfavorable information.

(b) Employers and adjudicating officials must not release the actual background investigative report to an applicant, volunteer, or employee. However, they may issue a written summary of the derogatory information.

(c) The applicant, volunteer, or employee who is the subject of a background investigation may obtain a copy of the reports from the originating (Federal, state, or other tribal) agency and challenge the accuracy and completeness of any information maintained by that agency.

(d) The results of an investigation cannot be used for any purpose other than to determine suitability for employment in a position that involves regular contact with or control over Indian children.

(e) Investigative reports contain information of a highly personal nature and should be maintained confidentially and secured in locked files. Investigative reports should be seen only by those officials who in performing their official duties need to know the information contained in the report.

§ 63.24 What protections must employers provide to applicants, volunteers and employees?

(a) Indian tribes and tribal organizations must comply with the privacy requirements of any Federal, state, or other tribal agency providing background investigations. Indian tribes and tribal organizations must establish and comply with personnel policies that safeguard information derived from background investigations.

(b) The Bureau of Indian Affairs must comply with all policies, procedures, criteria, and guidance contained in the Bureau of Indian Affairs Manual or other appropriate guidelines.

(c) Federal agencies exercising authority under this part by delegation from OPM must comply with OPM policies, procedures, criteria, and guidance.

This includes compacting with tribes under the Self-Governance program procedures.

§ 63.33 What must an application for Indian child protection and family violence prevention program funds include?

In addition to the Indian Self-Determination and Education Assistance Act, as amended, 25 U.S.C. 450 et seq., contracting requirements, each application must provide the following information:

(1) In any fiscal year that the appropriation exceeds 50 percent of the level of funding authorized for this purpose by the Act, 49 percent must be distributed equally to all tribes and tribal organizations and 49 percent must be distributed on a per capita basis according to the population of children residing in the service area. Two percent of the annual appropriation will be set aside for distribution to tribes demonstrating special circumstances.

(2) In any fiscal year that the appropriation does not exceed 50 percent of the level of funding authorized for this purpose by the Act, funding must be distributed in equal amounts to all tribes. Two percent of the annual appropriation will be set aside for distribution to tribes demonstrating special circumstances.

(3) Special circumstances include but are not limited to a high incidence of child sexual abuse, a high incidence of violent crimes, a high incidence of violent crimes against women, or the existence of a significant victim population within the community.

(i) This 2 percent will be subject to discretionary distribution by the Assistant Secretary—Indian Affairs, or his or her designee. Tribes may request these funds through their respective area offices. All requests must demonstrate a high incidence of child sexual abuse, a high incidence of violent crimes, a high incidence of violent crimes against women, or the existence of a significant victim population within the community.

(ii) Special circumstances funds will remain available through the third quarter of each fiscal year. In the fourth quarter, unallocated special circumstances funds will be redistributed as set forth in paragraphs (a)(1) and (a)(2) of this section, except that there will be no additional set aside for special circumstances.

(b) Any tribe not wishing to receive Indian child protection and family violence prevention funds must inform its respective area office in writing within 90 days after receiving notice of the allocation from the area office. Each area office may reallocate unused Indian child protection and family violence prevention program funds as provided in this section.

(c) Funds may be used as matching shares for other federally funded programs which contribute to and promote prevention of child abuse, child neglect, and family violence on Indian reservations, but may not be used to supplant funds available for the same general purposes.
(d) Any income resulting from the operation of Indian child protection and family violence prevention programs may be retained and used to promote prevention of child abuse, child neglect, and family violence on Indian reservations.

(a) A cover letter summarizing what the ballot packet contains and, if there is more than one ballot included in the packet, enumerating the ballots and advising voters to give consideration to each enumerated ballot;

(b) A mailout or absentee ballot (or, if several amendments are to be voted on, multiple ballots, each printed on a different colored sheet if possible);

(c) Instructions for voting by mailout or absentee ballot including the date the ballot must be received by the Secretarial Election Board;

(d) An inner envelope with the words “Mailout Ballot” or “Absentee Ballot” printed on the outside, as applicable;

(e) A copy of the proposed governing document or amendment, if the full text is not printed on the mailout ballot and if the entire document is to be amended or adopted; and

(f) A pre-addressed outer envelope with the following certification printed on the back:

I, (print name of voter), hereby certify I am a registered voter of the (name of Tribe); I will be 18 years of age or older on the day of the Secretarial election; I am entitled to vote in the Secretarial election to be held on (date of Secretarial election). I further certify that I marked the enclosed mailout ballot in secret.

Signed:

(voter’s signature)

§ 81.37 How do I cast my vote at a polling site?

If polling sites are required by the tribe’s governing document’s amendment or adoption articles, the Secretarial Election Board will establish procedures for how polling site ballots will be presented and collected, including, but not limited to, paper ballots, voting machines, or other methods supporting a secret ballot.
§ 81.38 When are ballots counted?
The ballots will be counted under the supervision of the Secretarial Election Board, after the deadline established for receiving all ballots or closing of the polls, if polling sites are required by the tribe’s governing document’s amendment or adoption articles.

§ 81.39 How does the Board determine whether the required percentage of registered voters have cast ballots?
The Secretarial Election Board must count the number of valid ballots and cast spoiled ballots to determine total voter participation. The Board must take the total voter participation and divide it by the total number of Registered Voters. This total is used to determine whether the percentage of Registered Voters who cast votes meets the requirements of the tribe’s governing documents or Federal statute that requires at least 30 percent voter participation. For example:

(a) If there were 200 registered voters of which 75 cast valid ballots and 5 cast spoiled ballots for a total of 80 cast ballots (75 + 5 = 80). The percentage of voter participation would be determined as follows:

\[
\text{Total number of votes cast (80) divided by the total number registered voters (200) or } 80 + 200 = 0.40 \text{ or } 40\text{ percent voter participation.}
\]

(b) This example meets the Federal statutory requirement of at least 30 percent voter participation.

§ 81.40 What happens if a ballot is spoiled before it is cast?
If a ballot is spoiled before it is cast, this section applies.

(a) The registered voter may return the spoiled ballot to the Secretarial Election Board by mail or in person at the local Bureau office with a request for a new ballot before the election date. The new ballot will be promptly provided to the registered voter. The Secretarial Election Board must retain all “spoiled uncast ballots” for recordkeeping purposes.

(b) If polling sites are required, the voter may return the spoiled ballot to the polling site worker and request a new ballot. Upon receiving the new ballot, the voter must then complete the voting process. The polling site worker will mark the spoiled ballot “spoiled uncast” and record that the ballot has been spoiled. The polling site worker must retain all “spoiled uncast ballots” for recordkeeping purposes.

§ 81.41 Who certifies the results of the Election?
The Chair and all members of the Secretarial Election Board must be present during the counting of the ballots and must sign the Certificate of Results of Election.

§ 81.42 Where are the results of the Election posted?
The Secretarial Election Board must post a copy of the Certificate of Results of Election at the local Bureau office, the tribal headquarters, and at other public places listed in the election notice. The Board also has the discretion to publicize the results using additional methods, such as by posting on the tribe’s Web site.

§ 81.43 How are the results of the Election challenged?
Any person who was listed on the Eligible Voters List and who submitted a voter registration form may challenge the results of the Secretarial election. The written challenge, with substantiating evidence, must be received by the Chairman of the Secretarial Election Board within 5 days after the Certificate of Results of Election is posted, not including the day the Certificate of Results of Election is posted. Challenges received after the deadline for filing challenges will not be considered. If the third day falls on a weekend or Federal holiday, the challenge must be received by close of business on the next business day.

§ 81.44 What documents are sent to the Authorizing Official?
The Chair of the Secretarial Election Board must transmit all documents pertaining to the Secretarial election to the Authorizing Official, including:

(a) The original text of the material voted on;

(b) The Eligible Voters List;

(c) The Registered Voters List;

(d) The Secretarial Election Notice Packet;
(e) Any challenges to the Secretarial election results; and
(f) The Certificate of Results of Election.

§ 81.45 When are the results of the Secretarial election final?
The Authorizing Official will review election results and challenges, if any, as follows:
(a) If a challenge alleges errors that would invalidate the election, and the Authorizing Official sustains any such challenges, the Authorizing Official must authorize a recount or call for a new Secretarial election. The Authorizing Official will take the appropriate steps necessary to provide for a recount or a new Secretarial election.
(b) If all challenges are denied or dismissed, the Authorizing Official will review and make a decision based on the following:
(1) The percentage of total votes cast was at least 30 percent, or other percentages required according to the tribe’s governing document’s amendement or adoption articles.
(2) The voters rejected or accepted the proposed document or each proposed amendment; and
(3) The proposed documents or amendments are not contrary to Federal law.
(c) The Authorizing Official must notify, in writing, the recognized governing body of the tribe, and the Director of the Bureau, of the following:
(1) The decisions on challenges;
(2) The outcome of the voting;
(3) Whether the proposed governing document, proposed amendment(s) or charter or charter amendments are approved or ratified, or if the proposed documents contain language that is contrary to Federal law and, therefore, disapproved; and
(4) That the decision is a final agency action.
(d) The Authorizing Official must:
(1) Forward the original text of the document, Original Certificate of Approval or Disapproval, and the Certificate of Results of Election to the tribe and a copy of all documents to the Bureau Director; and
(2) Retain, as required by the Records Disposition Schedule, a copy of all document(s) relevant to the Secretarial election.
(e) If the certified election results show that the tribal members ratified the documents, but the Authorizing Official does not approve or disapprove the governing document or amendment by close of business on the 45th day after the date of the Secretarial election, the Secretary’s approval of the documents must be considered as given.
(f) The Authorizing Official’s decision to approve or disapprove the governing document or amendment is a final agency action.

Subpart E—The Secretarial Election Process Under the Oklahoma Indian Welfare Act (OIWA)

§ 81.46 How does the Bureau proceed upon receiving a request for an OIWA Election if no provisions are contrary to applicable law?
If the proposed document does not contain any provision that may be contrary to applicable law, the Bureau will take the following steps.
(a) The Authorizing Official will issue a memorandum to the Local Bureau Official:
(1) Approving the proposed document or proposed amendments;
(2) Authorizing the Local Bureau Official to call and conduct a Secretarial election, within 90 days from the date of receiving the tribal request;

If the election is to be held as the result of a petition, then the Local Bureau Official will appoint a Bureau employee to serve as the Chair of the Secretarial Election Board and notify the tribe and the spokesperson for the petitioners of the need to appoint one tribal member each, who is at least 18 years of age, to the Secretarial Election Board. If the tribe or spokesperson declines or fails for any reason to make the appointment(s) by close of business on the 10th day after the date the notice letter is issued, the Chair of the Secretarial Election Board must appoint the representative(s), who are tribal members, if available, on the 11th day after the notice letter is issued.

§ 81.47 How is the OIWA Secretarial election conducted?

After the Chair of the Election Board receives the authorization of the Election, the Chair of the Secretarial Election Board will conduct the election following the procedures set out in §§81.39 through §81.45 of subpart D.

§ 81.48 When are the results of the OIWA Election final?

(a) If a challenge is sustained and has an effect on the outcome of the election, the Authorizing Official must authorize a recount or call for a new Secretarial election. The Authorizing Official will take the appropriate steps necessary to provide for a recount or a new Secretarial election.

(b) If the challenges are denied or dismissed, the Authorizing Official will review and determine whether:

(1) The percentage of total votes cast was at least 30 percent, or such percentages as may be required according to the tribe’s governing document’s amendment or adoption articles; and

(2) The voters ratified or rejected the proposed document, proposed amendment or revocation.

(c) The Authorizing Official must notify, in writing, the recognized governing body of the tribe, and the Director of the Bureau, of the following:

(1) The decisions on challenges;

(2) The outcome of the voting; and

Subpart F—Formulating Petitions To Request a Secretarial Election

§ 81.49 What is the purpose of this subpart?

§ 81.57 How do I determine how many signatures are needed for a petition to be valid?

(a) For a tribe whose governing document or charter of incorporation provides for petitioning the Secretary to call a Secretarial election:

(1) The spokesperson for the petitioners may ask the tribe or the Local Bureau Official how many signatures are required.

(2) The Local Bureau Official will:

(i) Contact the tribal governing body to obtain the current number of tribal members, 18 years of age or older, to
determine the number of tribal members who must sign a petition as required by the tribe’s governing document; and

(ii) Notify the petitioners’ spokesperson how many signatures are required and that the number is valid for 180 days from the date of this notification.

(b) For a federally recognized tribe adopting a governing document under Federal statute for the first time, the petition must have signatures of 50 percent of the tribal members who are 18 years of age or older.

§ 81.58 How long do tribal members have to gather the signatures?

Tribal members have one year from the date of the first signature to gather the required signatures.

§ 81.59 How does the spokesperson file a petition?

The spokesperson must submit the original petition to the Local Bureau Official.

§ 81.60 How does the Local Bureau Official process the petition?

(2) Use in determining sufficiency of petition; and

(3) For viewing at the Local Bureau Office by a member of the tribe, 18 years of age or older.

(b) The Local Bureau Official must, within one week of the Official Filing Date:

(1) Provide the spokesperson written acknowledgment of receipt and petition to the recognized tribal governing body.

(c) The Local Bureau Official must:

(1) Consult with the Office of the Solicitor to determine if any of the provisions that are the subject of the petition are or may be contrary to applicable law; and

(2) If it appears that a provision is or may be contrary to applicable law, notify the petitioner’s spokesperson in writing (with a copy to the recognized tribal governing body) how the provision may be contrary to applicable law.

(d) The Local Bureau Official must promptly notify the petitioners (with a copy to the recognized tribal governing body) of any problems identified under paragraph (c) of this section at least 30 days before calling the election.

§ 81.61 How can signatures to the petition be challenged?

Any member of the tribe, 18 years of age or older, may challenge in writing the signatures appearing on the petition. The challenge must be submitted to the Local Bureau Official, within 30 days of the Official Filing Date of the petition and must:

(a) Identify the page and line on which a signature appears; and

(b) Provide documentation supporting a challenge that at least one of the following is true:

(1) A signature was forged;

(2) An individual was ineligible to sign the petition;

(3) A petition page is inconsistent or improperly formatted; or

(4) A petition page contains an incomplete or un-notarized declaration statement.

§ 81.62 How is the petition validated?

(a) The Local Bureau Official must:

(1) Confirm the petition has the required number of signatures;

(2) Indicate any signatures appearing more than once and include only one in the count;

(3) Make recommendations regarding any challenge to the validity of signatures based upon the documentation provided by the challenger; and

(4) Verify the petitioning procedures complied with this Subpart;

(b) Provide a copy of the written acknowledgment of receipt and petition within 45 calendar days of the Official Filing Date the original
petition, challenges, and recommendations to the Authorizing Official.

(b) The Authorizing Official must within 60 calendar days of the Official Filing Date:

(1) Determine whether the petition complies with the requirements of this Subpart;

(2) Inform the spokesperson for the petitioners and the recognized tribal governing body, in writing, whether the petition is valid, the basis for that determination, and a statement that the decision of the Authorizing Official is a final agency action.

(i) If the petition is determined valid for the purposes of calling a Secretarial election, it will be deemed a “tribal request” for the purposes of this part, and the Authorizing Official will instruct the Local Bureau Official to call and conduct the Secretarial election in accordance with §§ 81.19 through 81.45 of subpart D.

(ii) If the petition is determined invalid, the Authorizing Official will notify the spokesperson for the petitioners, with a courtesy copy to the tribe’s governing body, that the petition was not valid and a Secretarial election will not be called.

§ 81.63 May the same petition be used for more than one Secretarial election?

No. A petition may not be used for more than one Secretarial election. Each request for a Secretarial election requires a new petition.

§ 83.2 What is the purpose of the regulations in this part?

The regulations in this part implement Federal statutes for the benefit of Indian tribes by establishing procedures and criteria for the Department to use to determine whether a petitioner is an Indian tribe eligible for the special programs and services provided by the United States to Indians because of their status as Indians. A positive determination will result in Federal recognition status and the petitioner's addition to the Department's list of federally recognized Indian tribes. Federal recognition:

(a) Is a prerequisite to the protection, services, and benefits of the Federal Government available to those that qualify as Indian tribes and possess a government-to-government relationship with the United States;

(b) Means the tribe is entitled to the immunities and privileges available to other federally recognized Indian tribes;

(c) Means the tribe has the responsibilities, powers, limitations, and obligations of other federally recognized Indian tribes; and

This part applies only to indigenous entities that are not federally recognized Indian tribes.

§ 83.4 Who cannot be acknowledged under this part?

(c) An entity that is, or an entity whose members are, subject to congressional legislation terminating or forbidding the government-to-government relationship; or

(d) An entity that previously petitioned and was denied Federal acknowledgment under these regulations or under previous regulations in part 83 of this title (including reconstituted, splinter, spin-off, or component groups who were once part of previously denied petitioners).

§ 83.5 How does a petitioner obtain Federal acknowledgment under this part?

To be acknowledged as a federally recognized Indian tribe under this part, a petitioner must meet the Indian Entity Identification (§83.11(a)), Governing Document (§83.11(d)), Descent (§83.11(e)), Unique Membership (§83.11(f)), and Congressional Termination (§83.11(g)) Criteria and must:

(a) Demonstrate previous Federal acknowledgment under §83.12(a) and meet the criteria in §83.12(b); or

(b) Meet the Community (§83.11(b)) and Political Authority (§83.11(c)) Criteria.

§ 83.6 What are the Department's duties?

(a) The Department will publish in the Federal Register, by January 30 each year, a list of all Indian tribes which the Secretary recognizes to be eligible for the special programs and services provided by the United States to Indians because of their status as Indians, in accordance with the Federally Recognized Indian Tribe List Act of 1994. The list may be published more
§ 83.7 Frequently, if the Assistant Secretary deems it necessary.

(c) OFA will, upon request, give prospective petitioners suggestions and advice on how to prepare the documented petition. OFA will not be responsible for the actual research on behalf of the petitioner.

§ 83.7 How does this part apply to documented petitions submitted before August 17, 2015?

(a) Any petitioner who has not submitted a complete documented petition as of July 31, 2015 must proceed under these revised regulations. We will notify these petitioners and provide them with a copy of the revised regulations by July 31, 2015.

(b) By August 31, 2015, OFA will notify each petitioner that has submitted complete documented petitions but has not yet received a final agency decision that it must proceed under these revised regulations unless it chooses to do so by September 29, 2015 to complete the petitioning process under the previous version of the acknowledgment regulations as published in 25 CFR part 83, revised as of April 1, 1994.

(c) Any petitioner who has submitted a documented petition under the previous version of the acknowledgment regulations and chooses to proceed under these revised regulations does not need to submit a new documented petition, but may supplement its petition.

§ 83.8 May the deadlines in this part be extended?

Send comments regarding this collection of information, including suggestions for reducing the burden, to the Information Collection Clearance Officer—Indian Affairs, 1849 C Street, NW., Washington, DC 20240.

Subpart B—Criteria for Federal Acknowledgment

§ 83.10 How will the Department evaluate each of the criteria?

(a) The Department will consider a criterion in §83.11 to be met if the available evidence establishes a reasonable likelihood of the validity of the facts relating to that criterion.

(1) The Department will not require conclusive proof of the facts relating to a criterion in order to consider the criterion met.

(2) The Department will require existence of community and political influence or authority be demonstrated on a substantially continuous basis, but this demonstration does not require meeting these criteria at every point in time. Fluctuations in tribal activity during various years will not in themselves be a cause for denial of acknowledgment under these criteria.

(3) The petitioner may use the same evidence to establish more than one criterion.

(4) Evidence or methodology that the Department found sufficient to satisfy any particular criterion in a previous decision will be sufficient to satisfy the criterion for a present petitioner.
§ 83.11 What are the criteria for acknowledgment as a federally recognized Indian tribe?

The criteria for acknowledgment as a federally recognized Indian tribe are delineated in paragraphs (a) through (g) of this section.

(a) Indian entity identification. The petitioner has been identified as an American Indian entity on a substantially continuous basis since 1900. Evidence that the group's character as an Indian entity has from time to time been denied will not be considered to be conclusive evidence that this criterion has not been met. Evidence to be relied upon in determining a group's Indian identity may include one or a combination of the following, as well as other evidence of identification.

(1) Identification as an Indian entity by Federal authorities.

(2) Relationships with State governments based on identification of the group as Indian.

(3) Dealings with a county, parish, or other local government in a relationship based on the group's Indian identity.

(4) Identification as an Indian entity by anthropologists, historians, and/or other scholars.

(5) Identification as an Indian entity in newspapers and books.

(6) Identification as an Indian entity in relationships with Indian tribes or with national, regional, or state Indian organizations.

(7) Identification as an Indian entity by the petitioner itself.

(b) Community. The petitioner comprises a distinct community and demonstrates that it existed as a community from 1900 until the present. Distinct community means an entity with consistent interactions and significant social relationships within its membership and whose members are differentiated from and distinct from nonmembers. Distinct community must be understood flexibly in the context of the history, geography, culture, and social organization of the entity. The petitioner may demonstrate that it meets this criterion by providing evidence for known adult members or by providing evidence of relationships of a reliable, statistically significant sample of known adult members.

(1) The petitioner may demonstrate that it meets this criterion at a given point in time by some combination of two or more of the following forms of evidence or by other evidence to show that a significant and meaningful portion of the petitioner's members constituted a distinct community at a given point in time:

(i) Rates or patterns of known marriages within the entity, or, as may be culturally required, known patterned out-marriages;

(ii) Social relationships connecting individual members;

(iii) Rates or patterns of informal social interaction that exist broadly among the members of the entity;

(iv) Shared or cooperative labor or other economic activity among members;

(v) Strong patterns of discrimination or other social distinctions by nonmembers;

(vi) Shared sacred or secular ritual activity;

(vii) Cultural patterns shared among a portion of the entity that are different from those of the non-Indian populations with whom it interacts. These patterns must function as more than a symbolic identification of the group as Indian. They may include, but are not limited to, language, kinship organization or system, religious beliefs or practices, and ceremonies;
(viii) The persistence of a collective identity continuously over a period of more than 50 years, notwithstanding any absence of or changes in name;

(ix) Land set aside by a State for the petitioner, or collective ancestors of the petitioner, that was actively used by the community for that time period;

(x) Children of members from a geographic area were placed in Indian boarding schools or other Indian educational institutions, to the extent that supporting evidence documents the community claimed; or

(xi) A demonstration of political influence under the criterion in §83.11(c)(1) will be evidence for demonstrating distinct community for that same time period.

(2) The petitioner will be considered to have provided more than sufficient evidence to demonstrate distinct community and political authority under §83.11(c) at a given point in time if the evidence demonstrates any one of the following:

(i) More than 50 percent of the members reside in a geographical area exclusively or almost exclusively composed of members of the entity, and the balance of the entity maintains consistent interaction with some members residing in that area;

(ii) At least 50 percent of the members of the entity were married to other members of the entity;

(iii) At least 50 percent of the entity members maintain distinct cultural patterns such as, but not limited to, language, kinship system, religious beliefs and practices, or ceremonies;

(iv) There are distinct community social institutions encompassing at least 50 percent of the members, such as kinship organizations, formal or informal economic cooperation, or religious organizations; or

(v) The petitioner has met the criterion in §83.11(c) using evidence described in §83.11(c)(2).

(c) Political influence or authority. The petitioner has maintained political influence or authority over its members as an autonomous entity from 1900 until the present. Political influence or authority means the entity uses a council, leadership, internal process, or other mechanism as a means of influencing or controlling the behavior of its members in significant respects, making decisions for the entity which substantially affect its members, and/or representing the entity in dealing with outsiders in matters of consequence. This process is to be understood flexibly in the context of the history, culture, and social organization of the entity.

(1) The petitioner may demonstrate that it meets this criterion by some combination of two or more of the following forms of evidence or by other evidence that the petitioner had political influence or authority over its members as an autonomous entity:

(i) The entity is able to mobilize significant numbers of members and significant resources from its members for entity purposes.

(ii) Many of the membership consider issues acted upon or actions taken by entity leaders or governing bodies to be of importance.

(iii) There is widespread knowledge, communication, or involvement in political processes by many of the entity’s members.

(iv) The entity meets the criterion in §83.11(b) at greater than or equal to the percentages set forth under §83.11(b)(2).

(v) There are internal conflicts that show controversy over valued entity goals, properties, policies, processes, or decisions.

(vi) The government of a federally recognized Indian tribe has a significant relationship with the leaders or the governing body of the petitioner.

(vii) Land set aside by a State for petitioner, or collective ancestors of the petitioner, that is actively used for that time period.

(viii) There is a continuous line of entity leaders and a means of selection or acquiescence by a significant number of the entity’s members.

(2) The petitioner will be considered to have provided sufficient evidence of political influence or authority at a given point in time if the evidence demonstrates any one of the following:

(i) Entity leaders or other internal mechanisms exist or existed that:

(A) Allocate entity resources such as land, residence rights, and the like on a consistent basis;
(B) Settle disputes between members or subgroups by mediation or other means on a regular basis;
(C) Exert strong influence on the behavior of individual members, such as the establishment or maintenance of norms or the enforcement of sanctions to direct or control behavior; or
(D) Organize or influence economic subsistence activities among the members, including shared or cooperative labor.

(ii) The petitioner has met the requirements in §83.11(b)(2) at a given time.

(d) Governing document. The petitioner must provide:
(1) A copy of the entity’s present governing document, including its membership criteria; or
(2) In the absence of a governing document, a written statement describing in full its membership criteria and current governing procedures.

(e) Descent. The petitioner’s membership consists of individuals who descend from a historical Indian tribe (or from historical Indian tribes that combined and functioned as a single autonomous political entity).

(1) The petitioner satisfies this criterion by demonstrating that the petitioner’s members descend from a tribal roll directed by Congress or prepared by the Secretary on a descendancy basis for purposes of distributing claims money, providing allotments, providing a tribal census, or other purposes, unless significant countervailing evidence establishes that the tribal roll is substantively inaccurate; or

(2) If no tribal roll was directed by Congress or prepared by the Secretary, the petitioner satisfies this criterion by demonstrating descent from a historical Indian tribe (or from historical Indian tribes that combined and functioned as a single autonomous political entity) with sufficient evidence including, but not limited to, one or a combination of the following identifying present members or ancestors of present members as being descendants of a historical Indian tribe (or of historical Indian tribes that combined and functioned as a single autonomous political entity):

(i) Federal, State, or other official records or evidence;
(ii) Church, school, or other similar enrollment records;
(iii) Records created by historians and anthropologists in historical times;
(iv) Affidavits of recognition by tribal elders, leaders, or the tribal governing body with personal knowledge; and
(v) Other records or evidence.

(f) Unique membership. The petitioner’s membership is composed principally of persons who are not members of any federally recognized Indian tribe. However, a petitioner may be acknowledged even if its membership is composed principally of persons whose names have appeared on rolls of, or who have been otherwise associated with, a federally recognized Indian tribe, if the petitioner demonstrates that:

(1) It has functioned as a separate politically autonomous community by satisfying criteria in paragraphs (b) and (c) of this section; and

(2) Its members have provided written confirmation of their membership in the petitioner.

(g) Congressional termination. Neither the petitioner nor its members are the subject of congressional legislation that has expressly terminated or forbidden the Federal relationship. The Department must determine whether the petitioner meets this criterion, and the petitioner is not required to submit evidence to meet it.

§ 83.12 What are the criteria for a previously federally acknowledged petitioner?

(a) The petitioner may prove it was previously acknowledged as a federally recognized Indian tribe, or is a portion that evolved out of a previously federally recognized Indian tribe, by providing substantial evidence of unambiguous Federal acknowledgment, meaning that the United States Government recognized the petitioner as an Indian tribe eligible for the special programs and services provided by the United States to Indians because of their status as Indians with which the United States carried on a relationship at some prior date including, but not limited to, evidence that the petitioner had:
§ 83.20 How does an entity request Federal acknowledgment?

Any entity that believes it can satisfy the criteria in this part may submit a documented petition under this part to: Department of the Interior, Office of the Assistant Secretary—Indian Affairs, Attention: Office of Federal Acknowledgement, 1951 Constitution Ave. NW., Washington, DC 20240.

§ 83.21 What must a documented petition include?

(a) The documented petition may be in any readable form and must include the following:

(1) A certification, signed and dated by the petitioner’s governing body, stating that it is the petitioner’s official documented petition;

(2) A concise written narrative, with citations to supporting documentation, thoroughly explaining how the petitioner meets each of the criteria in § 83.11, except the Congressional Termination Criterion (§ 83.11 (g));

(i) If the petitioner chooses to provide explanations of and supporting documentation for the Congressional Termination Criterion (§ 83.11 (g)), the Department will accept it; but

(ii) The Department will conduct the research necessary to determine whether the petitioner meets the Congressional Termination Criterion (§ 83.11 (g)).

(3) Supporting documentation cited in the written narrative and containing specific, detailed evidence that the petitioner meets each of the criteria in § 83.11;

(4) Membership lists and explanations, including:

(i) An official current membership list, separately certified by the petitioner’s governing body, of all known current members of the petitioner, including each member’s full name (including maiden name, if any), date of birth, and current residential address;

(ii) A statement describing the circumstances surrounding the preparation of the current membership list;

(iii) A copy of each available former list of members based on the petitioner’s own defined criteria; and

(iv) A statement describing the circumstances surrounding the preparation of the former membership lists, insofar as possible.

(b) If the documented petition contains any information that is protectable under Federal law such as the Privacy Act and Freedom of Information Act, the petitioner must provide a redacted version, an unredacted version of the relevant pages, and an explanation of the legal basis for withholding such information from public release. The Department will not publicly release information that is protectable under Federal law, but may release redacted information if not protectable under Federal law.

§ 83.22 What notice will OFA provide upon receipt of a documented petition?

When OFA receives a documented petition, it will do all of the following:

(a) Within 30 days of receipt, acknowledge receipt in writing to the petitioner.

(b) Within 60 days of receipt:

(1) Publish notice of receipt of the documented petition in the Federal Register and publish the following on the OFA Web site:

§ 83.24

Review of Documented Petition

§ 83.23 How will OFA determine which documented petition to consider first?

(a) OFA will begin reviews of documented petitions in the order of their receipt.

(1) At each successive review stage, there may be points at which OFA is waiting on additional information or clarification from the petitioner. Upon receipt of the additional information or clarification, OFA will return to its review of the documented petition as soon as possible.

(b) OFA will maintain a numbered register of documented petitions that have been received.

(c) OFA will maintain a numbered register of any letters of intent, which were allowable prior to July 31, 2015, or incomplete (i.e., not fully documented) petitions and the original dates of their filing with the Department. If two or more documented petitions are ready for review on the same date, this register will determine the order of consideration.

§ 83.24 What opportunity will the petitioner have to respond to comments before OFA reviews the petition?

Before beginning review of a documented petition, OFA will provide the petitioner with any comments on the petition received from individuals or entities under §83.22(b) and provide the petitioner with 90 days to respond to such comments. OFA will not begin review until it receives the petitioner’s
response to the comments or the petitioner requests that OFA proceed without its response.

§ 83.25 Who will OFA notify when it begins review of a documented petition?

OFA will notify the petitioner and those listed in § 83.22(d) when it begins review of a documented petition and will provide the petitioner and those listed in § 83.22(d) with:

(a) The name, office address, and telephone number of the staff member with primary administrative responsibility for the petition;
(b) The names of the researchers conducting the evaluation of the petition; and
(c) The name of their supervisor.

§ 83.26 How will OFA review a documented petition?

(i) OFA will conduct a Phase I technical assistance review and notify the petitioner by letter of any deficiencies that would prevent the petitioner from meeting the Governing Document, Descent, Unique Membership, or Termination Criteria. Upon receipt of the letter, the petitioner must submit a written response that:

(A) Withdraws the documented petition to further prepare the petition;
(B) Submits additional information and/or clarification; or
(C) Asks OFA to proceed with the review.

(ii) If the documented petition claims previous Federal acknowledgment and/or includes evidence of previous Federal acknowledgment, the Phase I technical assistance review will include a review to determine whether that evidence meets the requirements of previous Federal acknowledgment (§ 83.12).

(b) Phase II. If the petitioner meets the Governing Document, Descent, Unique Membership, and Termination criteria, OFA will next review whether the petitioner meets the Indian Entity Identification Criterion (§ 83.11(a)), the Community Criterion (§ 83.11(b)), and the Political Influence/Authority Criterion (§ 83.11(c)). If the petitioner claims previous Federal acknowledgment, the Department will also review whether petitioner proves previous Federal acknowledgment and, if so, will review whether the petitioner meets the criteria under § 83.12(b).

(i) OFA will conduct a Phase II technical assistance review and notify the petitioner by letter of any deficiencies that would prevent the petitioner from meeting these criteria. Upon receipt of the letter, the petitioner must submit a written response that:

(A) Withdraws the documented petition to further prepare the petition;
(B) Provides additional information and/or clarification; or
(C) Asks OFA to proceed with the review.

(ii) Following receipt of the petitioner’s written response to the Phase II technical assistance review, OFA will provide the petitioner with:

(I) Any comments and evidence OFA may consider that the petitioner does not already have, to the extent allowable by Federal law; and
(ii) The opportunity to respond in writing to the comments and evidence provided.

(3) OFA will publish a negative proposed finding if it issues a deficiency letter under paragraph (a)(1)(i) of this section, and the petitioner:

(i) Does not withdraw the documented petition or does not respond with information or clarification sufficient to address the deficiencies; or
(ii) Asks OFA in writing to proceed with the review.

(4) OFA will publish a positive proposed finding and proceed to Phase II if it determines that the petitioner meets the Governing Document, Descent, Unique Membership, and Termination criteria.
§ 83.31 Can OFA suspend review of a documented petition?

(a) OFA can suspend review of a documented petition, either conditionally or for a stated period, upon:
(1) A showing to the petitioner that there are technical or administrative

§ 83.34 What notice of the proposed finding will OFA provide?

In addition to publishing notice of the proposed finding in the Federal Register, OFA will:

(a) Provide copies of the proposed finding and any supporting reports to the petitioner and those listed in §83.22(d) and;

§ 83.36 What procedure follows the end of the comment period on a favorable proposed finding?

(b) If OFA has received a timely objection and evidence challenging the favorable proposed finding, then the petitioner will have 60 days to submit a written response, with citations to and explanations of supporting evidence,
§ 83.37 What procedure follows the end of the comment period on a negative proposed finding?

The Department will not consider additional comments or evidence on the proposed finding submitted by individuals or entities during this response period.

§ 83.38 What options does the petitioner have at the end of the response period on a negative proposed finding?

(a) At the end of the response period for a negative proposed finding, the petitioner will have 60 days to elect to challenge the proposed finding before an ALJ by sending to the Departmental Cases Hearings Division, Office of Hearings and Appeals, with a copy to OFA a written election of hearing that lists:

(1) Grounds for challenging the proposed finding, including issues of law and issues of material fact; and

§ 83.42 When will the Assistant Secretary issue a final determination?

(a) AS–IA will issue a final determination and publish a notice of availability in the Federal Register within 90 days from the date on which he/she begins its review. AS–IA will also

(1) Provide copies of the final determination to the petitioner and those listed in § 83.22(d); and

(2) Make copies of the final determination available to others upon written request.

(b) AS–IA will strive to limit the final determination and any reports to no more than 100 pages, cumulatively, excluding source documents.

§ 83.43 How will the Assistant Secretary make the determination decision?

(a) AS–IA will issue a final determination granting acknowledgment as a federally recognized Indian tribe when AS–IA finds that the petitioner meets the Governing Document (§ 83.11(d)), Descent (§ 83.11(e)), Unique Membership (§ 83.11(f)), or Congressional Termination (§ 83.11(g)) Criteria: or

(1) In Phase I, does not meet the Governing Document (§ 83.11(d)), Descent (§ 83.11(e)), Unique Membership (§ 83.11(f)), or Congressional Termination (§ 83.11(g)) Criteria: or

(2) In Phase II, does not:

§ 83.45 When will the final determination be effective?

The final determination will become immediately effective. Within 10 business days of the decision, the Assistant Secretary will submit to the Federal Register a notice of the final determination to be published in the Federal Register.

§ 83.46 How is a petitioner with a positive final determination integrated into Federal programs as a federally recognized Indian tribe?

(a) Upon acknowledgment, the petitioner will be a federally recognized Indian tribe entitled to the privileges and immunities available to federally recognized Indian tribes. It will be included on the list of federally recognized Indian tribes in the next scheduled publication.

(b) Within six months after acknowledgment, the appropriate Bureau of Indian Affairs Regional Office will consult with the newly federally recognized Indian tribe and develop, in cooperation with the newly recognized Indian tribe, a determination of needs and a recommended budget. These will be forwarded to the Assistant Secretary. The recommended budget will then be considered with other recommendations by the Assistant Secretary in the usual budget request process.

(c) While the newly federally acknowledged Indian tribe is eligible for
benefits and services available to federally recognized Indian tribes, acknowledgment as a federally recognized Indian tribe does not create immediate access to existing programs. The newly federally acknowledged Indian tribe may participate in existing programs after it meets the specific program requirements, if any, and upon appropriation of funds by Congress. Requests for appropriations will follow a determination of the needs of the newly federally acknowledged Indian tribe.

§ 84.001 What is the purpose of this part?

Encumber means to attach a claim, lien, charge, right of entry or liability to real property (referred to generally as encumbrances). Encumbrances covered by this part may include leasehold mortgages, easements, and other contracts or agreements that by their terms could give to a third party exclusive or nearly exclusive proprietary control over tribal land.

Indian tribe, as defined by the Act, means any Indian tribe, nation, or other organized group or community, including any Alaska Native Village or regional or village corporation as defined in or established under the Alaska Native Claims Settlement Act, which is recognized as eligible for special programs and services provided by the Secretary to Indians because of their status as Indians.

Secretary means the Secretary of the Interior or his or her designated representative.

Tribal lands means those lands held by the United States in trust for an Indian tribe or those lands owned by an Indian tribe subject to federal restrictions against alienation, as referred to in Public Law 106–179 as “Indian lands.”

§ 84.003 What types of contracts and agreements require Secretarial approval under this part?

Unless otherwise provided in this part, contracts and agreements entered into by an Indian tribe that encumber tribal lands for a period of seven or more years require Secretarial approval under this part.

(e) Contracts or agreements that do not convey exclusive or nearly exclusive proprietary control over tribal lands for a period of seven years or more;
(f) Contracts or agreements that are exempt from Secretarial approval under the terms of a corporate charter authorized by 25 U.S.C. 477;
(g) Tribal attorney contracts, including those for the Five Civilized Tribes that are subject to our approval under 25 U.S.C. 82a;
(i) Contracts or agreements that are subject to approval by the National Indian Gaming Commission under the Indian Gaming Regulatory Act, 25 U.S.C. 2701 et seq., and the Commission’s regulations;
(j) Contracts or agreements relating to the use of tribal lands for hydropower projects where the tribal lands meet the definition of a “reservation” under the Federal Power Act (FPA), provided that:
(1) Federal Energy Regulatory Commission (FERC) has issued a license or an exemption;
(2) FERC has made the finding under section 4(e) of the FPA (16 U.S.C. 797(e)) that the license or exemption will not interfere or be inconsistent with the purpose for which such reservation was created or acquired; and
(3) FERC license or exemption includes the Secretary’s conditions for protection and utilization of the reservation under section 4(e) and payment of annual use charges to the tribe under section 10(e) of the FPA (16 U.S.C. 803(e)).

§ 84.005 Will the Secretary approve contracts or agreements even where such approval is not required under this part?

No, the Secretary will not approve contracts or agreements that do not encumber tribal lands for a period of seven or more years. Within thirty days after receipt of final, executed documents, the Secretary will return such contracts and agreements with a statement explaining why Secretarial approval is not required. The provisions of the Act will not apply to those contracts or agreements the Secretary determines are not covered by the Act.

§ 84.006 Under what circumstances will the Secretary disapprove a contract or agreement that requires Secretarial approval under this part?

(a) The Secretary will disapprove a contract or agreement that requires Secretarial approval under this part if the Secretary determines that such contract or agreement:
(1) Violates federal law; or
(2) Does not contain at least one of the following provisions that:
(i) Provides for remedies in the event the contract or agreement is breached;
(ii) References a tribal code, ordinance or ruling of a court of competent jurisdiction that discloses the right of the tribe to assert sovereign immunity as a defense in an action brought against the tribe; or

(b) The Secretary will consult with the Indian tribe as soon as practicable before disapproving a contract or agreement regarding the elements of the contract or agreement that may lead to disapproval.
§ 84.007 What is the status of a contract or agreement that requires Secretarial approval under this part but has not yet been approved?

A contract or agreement that requires Secretarial approval under this part is not valid until the Secretary approves it.

§ 84.008 What is the effect of the Secretary's disapproval of a contract or agreement that requires Secretarial approval under this part?

If the Secretary disapproves a contract or agreement that requires Secretarial approval under this part, the contract or agreement is invalid as a matter of law.

PAYMENT OF TRIBAL ATTORNEY FEES
WITH APPROPRIATED FUNDS

SOURCE: 48 FR 3969, Jan. 28, 1983, unless otherwise noted.

§ 89.40 General policy.

In ordinary circumstances, legal services with respect to trust resources are provided for Indian tribe(s):

(a) By private counsel employed by tribes when such tribe is financially able and elects to do so, or

(b) By the United States as trustee through the Office of the Solicitor and/or the Department of Justice.

It is the policy of the Department of the Interior not to use federally appropriated funds to pay for private counsel to represent Indian tribes. Exceptions to that policy are listed in § 89.41 of this part.
§ 89.41 Exceptions to policy.

The Assistant Secretary—Indian Affairs upon concurrence of the Solicitor and receipt of a recommendation as provided by § 89.43 may, in his/her discretion, authorize the direct or indirect expenditure of appropriated funds to pay reasonable attorney’s fees in order to permit an Indian tribe to secure private legal representation in the following circumstances:

(a) When a tribe determines it necessary to bring a court action or to defend itself to protect its trust resources, rights claimed under a treaty, agreement, executive order, or statute, or its governmental powers and the Attorney General refuses assistance or advises that assistance is not otherwise available (Comptroller General’s Opinion B–114868, December 6, 1976).

(b) When a tribe determines it necessary to institute or to defend itself in an administrative proceeding to protect its trust resources, rights claimed under a treaty, agreement, executive order, or statute, or to protect its governmental powers and the Solicitor is unable to provide representation due to a conflict of interest or other reasons.

(c) When a tribe determines legal assistance necessary, other than for litigation, pursuant to a contract executed under Pub. L. 93–638 and the Solicitor has determined that the services of his office are not available.

(d) When a tribe determines it critical, and the Assistant Secretary—Indian Affairs finds the concerns of the tribe to have merit after consultation with and the advice of the Solicitor, to intervene, in a lawsuit being handled by the Justice Department or in an administrative proceeding being handled by the Solicitor because the responsible Government Attorney refuses either to exclude or to include some facet of the suit or proceedings which the tribe claims renders such legal representation completely inadequate in contravention of the rights and interests of the tribe. Prior to consulting with and advising the Assistant Secretary—Indian Affairs, in a lawsuit being handled by the Justice Department, the Solicitor shall seek the comments and advice of the Attorney General.

(e) When a tribe determines, and the Assistant Secretary—Indian Affairs, after consultation with the Solicitor concurs, that a substantial possibility of a negotiated settlement or agreement exists.

(f) Payment of fees will not be allowed if such payment was not authorized before services were performed.

(g) This rule applies to expenditure of appropriated Federal funds and not a tribe’s own funds on deposit in the U.S. Treasury.

§ 89.42 Factors to be considered.

The following factors are to be considered in determining whether funds should be paid to provide private legal representation for a tribe.

(a) The merits of the legal position which the tribe asserts. Greater weight will be given to those cases where the tribe’s legal argument is deemed particularly meritorious than to those cases where the tribe’s position, although not entirely without merit, may be relatively weak;

(b) The ability of the tribe to pay all or a part of its legal expenses out of its own funds. A review of the tribe’s financial resources under this subsection will include an examination of the tribe’s total expenditures to determine whether its expenditures for other purposes comport with the asserted importance of the case for which it seeks funds;

(c) Whether the question the tribe seeks to litigate is being litigated in another case by another tribe;

(d) Whether, as a matter of strategy, the issues the tribe seeks to litigate could be more satisfactorily resolved in another forum, in a different factual context, or a different time; and

(e) Whether the issue should be litigated at all in preference to a legislative or other solution.

§ 89.43 Procedures.

The information collection requirements contained in this section do not require approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq., because it is anticipated there will be fewer than 10 respondents annually:

(a) A tribe or other organization seeking funds under § 89.41 shall submit
a written request through the Agency Superintendent and the Area Director, including

(1) A detailed statement describing the nature and scope of the problems for which legal services are sought;

(2) A statement of the terms, including total anticipated costs, of the requested legal services contract;

(3) A current financial statement and a statement that the tribe does not possess sufficient tribal funds or assets to pay for all or a part of the legal services sought; and

(4) A statement of why the matter must be handled by a private attorney as opposed to Department of Justice or Department of Interior attorneys.

All requests shall be considered by a committee consisting of the Deputy Assistant Secretary—Indian Affairs (Policy), or his delegate, the Director of the Office of Trust Responsibilities in BIA or his delegate, and the Associate Solicitor—Indian Affairs or his delegate.

(b) If two of the three committee members recommend approval of a tribe’s request, the request, along with the committee’s recommendation, shall be submitted to the Assistant Secretary for final determination after consultation with and the advice of the Solicitor. The committee’s recommendation shall indicate the amount of funds recommended to assist the tribe, the hourly rate allowed, the maximum amount permitted to be expended in the recommended action and the tribal contributions, if any. The Assistant Secretary shall approve the request only with the concurrence of the Solicitor.

(c) The requirements imposed by this policy are supplementary to those contained in all existing regulations dealing with attorney contracts with Indian tribes and, in particular, those contained in parts 88 and 89 of this title.

§ 101.8 Environmental and Flood Disaster Acts.

§ 101.9 Preservation of historical and archeological data.

(a) On United States direct loans from the revolving loan fund and modifications thereof to provide additional loan funds which will involve excavations, road or street construction, land development or disturbance of land on known or reported historical or archeological sites, the Commissioner will take or require appropriate action to assure compliance with the applicable provisions of the Act of June 27, 1960 (74 Stat. 220; (16 U.S.C. 469)), as amended by the Act of May 24, 1974 (Pub. L. 93-262, 88 Stat. 77).

(b) On loans made by relending organizations conducting a relending program using revolving loan funds, the body authorized to act on loan applications and modifications thereof will, at the time of taking action on a loan or request for modification, inform the applicant of the applicability of this Act to the loan and advise the Commissioner of compliance or the need to obtain compliance.

§ 101.10 Federal Reserve Regulation Z and Fair Credit Reporting Act.

(a) United States direct loans and loans made by a relending organization are subject to the provisions of Federal Reserve Regulation Z (Truth In Lending, 12 CFR part 226; Pub. L. 91–508, 84 Stat. 1127). Economic enterprises which extend credit and require payment of finance charges on unpaid balances will determine the applicability of Regulation Z and comply with the requirements thereof. The Commissioner will issue any necessary instructions to assure compliance with Regulation Z on United States direct loans.

(b) Relending organizations, through their committee or other body authorized to act on loan matters on its behalf, will assure compliance with the applicable provisions of this Act.

(c) The Commissioner will require adherence to the provisions and requirements of title VI of the Fair Credit Reporting Act in making United States direct loans. Relending organizations, through the body authorized to act on credit matters, will require compliance with the requirements of the Fair Credit Reporting Act.

§ 101.11 Interest.

(a) The interest to be charged on loans by the United States shall be at a rate determined by the Secretary of the Treasury in accordance with section 104, title I, of the Indian Financing Act of 1974 (Pub. L. 93–262, 88 Stat. 77). The interest rate shall be determined monthly and shall be effective on advances made on loans during the current calendar month. The interest rate shall be stated in the promissory note(s) executed by the borrower(s) evidencing the advance(s).

(b) Additional charges to cover loan administration costs, including credit reports, may be charged to borrowers.

(c) Education loans may provide for deferral of interest while the borrower is in school full time or in the military service.

(d) The interest rate on loans made by relending organizations which are conducting relending programs shall not be less than the rate the organization pays on its loan(s) from the United States. Relending organizations which adopt and follow the same procedure in calculating interest on educational loans as is followed on educational loans made by the United States, will not be charged interest on loans from the United States on the amount outstanding on educational loans during the period the organization is not charging its borrowers interest.

(e) Interest rates on loan advances made by the United States as shown on promissory notes dated before April 12, 1974, will remain in effect until the loan is paid in full, refinanced, or modified to extend the repayment.
terms. Unless otherwise specifically provided in a loan contract, the interest rate on advances made after April 12, 1974, will be at a rate determined pursuant to section 104 of title I of the Indian Financing Act of 1974. The interest rate on loans for expert assistance will be at a rate established in §101.25 herein.

§ 101.12 Records and reports.

Loan agreements between the United States and tribes, corporations, partnerships, cooperative associations and individual Indians for financing economic enterprises, and to relending organizations, will require that borrowers establish and maintain accounting and operating records that are satisfactory to the Commissioner and submit written reports as required by the Commissioner. The records, accounts, and loan files shall be available for examination and audit by the Commissioner at any reasonable time. Unless an exception is approved by the Commissioner, borrowers will be required to have an annual audit made of the records of relending programs and economic enterprises financed with revolving loan funds, by a certified public accountant or a firm of certified public accountants or other qualified public accountants satisfactory to the Commissioner.

§ 101.13 Security.

(a) United States direct loans shall be secured by such security as the Commissioner may require. A lack of security will not preclude the making of a loan if the proposed use of the funds is sound and the information in the application and supporting papers correctly show that expected income will be adequate to pay all expenses and the loan principal and interest payments, indicating reasonable assurance that the loan will be repaid. The declaration of policy and plan of operation of relending organizations conducting relending programs will include provisions covering the type and amount of security to be taken to secure loans made.

(b) Land purchased by an individual Indian with the proceeds of a loan and land already held in trust or restricted status by the individual Indian may be mortgaged as security for a loan in accordance with 25 CFR 152.34 and the Act of March 29, 1956 (70 Stat. 62; 25 U.S.C. 483a)). Mortgages of individually held trust or restricted land will include only an acreage of the borrower’s land which the Commissioner determines is necessary to protect the loan in case of default. On proposed foreclosures which involve the sale of individually held trust or restricted land given as security for a loan, the tribe of the reservation on which the land is located will be notified in writing at least thirty calendar days in advance of the anticipated date of sale. Land purchased by a tribe with the proceeds of a loan from the revolving loan fund with title taken in a trust or restricted status, and land already held in a trust or restricted status by a tribe may not be mortgaged as security for a loan.

1. Title to any land purchased by a tribe or by an individual Indian with revolving loan funds may be taken in trust or restricted status unless the land is located outside the boundaries of a reservation or a tribal consolidation area approved by the Secretary. Title to any land purchased by a tribe or an individual Indian which is outside the boundaries of a reservation or approved consolidation area may be taken in trust if the purchaser was the owner of trust or restricted interests in the land before the purchase. Otherwise, title shall be taken in the name of the purchaser without any restrictions on alienation, control, or use.

(c) Mortgages of leasehold interests in land held in trust or restricted status by an individual Indian, may be
taken for the purpose of borrowing capital for the development and improvement of the leased premises when permitted in the lease or lease modification agreement. Such mortgages must be approved by the lessor and Commissioner. (70 Stat. 62, (25 U.S.C. 483a)).

(d) Individuals may give assignments of income from trust property as security for loans. Tribes may give assignments of trust income as security for loans provided that the assignment shall be specific as to the source(s) of income being assigned. All assignments of trust income require approval by the Commissioner before becoming effective.

(e) Chattels may be given as security for a loan. A mortgage on chattels, the title to which is known to be in trust, requires Commissioner approval. Non-trust chattels may be mortgaged without approval of any federal official.

(f) Crops grown on lands held in trust or restricted status for the benefit of an individual Indian may be given as security for a loan when approved by the Commissioner. Crops grown on leased, trust or restricted land may be given as security for a loan when permitted by the provisions of a lease or when the owner gives written consent. Approval of the lien document by the Commissioner is required. Crops grown on trust or restricted land held by a tribe which has been assigned to an individual for use may be given as security for a loan, provided the terms of the assignment permit the assignee to give the crops as security for a loan or the tribe's governing body specifically gives consent. The lien document requires Commissioner approval. Crops grown on non-trust or non-restricted land may be mortgaged without the approval of any federal official.

(g) Title to any personal property purchased with a loan shall be taken in the name of the purchaser and mortgaged to secure the loan unless the loan is otherwise adequately secured. Tribes must adhere to the provisions of their constitutions and bylaws, corporate charters, or other organizational documents when mortgaging tribal property and assigning trust income as security for loans.

(h) Releasing organizations receiving a loan from the United States for re-lending shall be required to assign to the United States as security for the loan all securities acquired in connection with loans made to its members, sub-organizations, or associations from such funds, unless the Commissioner determines that repayment of the loan to the United States is otherwise reasonably assured. Funds advanced to finance a tribal economic enterprise shall be secured by an assignment of net income and net assets of the economic enterprise, unless the Commissioner determines that it is not feasible to require an assignment or that repayment of the loan to the United States is otherwise reasonably assured.

(i) Securing documents or financing statements shall be filed or recorded in accordance with applicable state or federal laws except for those customarily filed in Bureau of Indian Affairs offices. Mortgages on documented vessels will be filed at the customs house designated as the home port of the vessel as shown on the marine document.

§ 101.14 Maturity.

The maturity of any United States direct loan shall not exceed thirty years. Loans made will be scheduled for repayment at the earliest possible date consistent with the purpose of the loan and the repayment capacity of the borrower.

§ 101.15 Penalties on default.

Unless otherwise provided in the loan agreement between the United States and a borrower, failure on the part of a borrower to conform to the terms of the loan agreement will be deemed grounds for the taking of any one or all of the following steps by the Commissioner:

(a) Discontinue any further advance of funds contemplated by the loan agreement.

(b) Take possession of any or all collateral given as security and in the case of individuals, corporation, partnerships or cooperative associations, the property purchased with the borrowed funds.

(c) Prosecute legal action against the borrower or against officers of corporations, tribes, bands, credit associations, cooperative associations, and other organizations.
§ 101.16 Default on loans made by relending organizations.

Relending organizations conducting relending programs using revolving loan funds will follow prudent lending practices in making and servicing loans and take appropriate actions to protect their interests in the security given to secure repayment of loans. Declarations of policy and plans of operation shall include procedures which will be followed in acting to correct a default, such as modification of loan agreement or foreclosure and liquidation of security. Relending organizations employing a general counsel will refer legal questions on foreclosure procedures and sale of security to their counsel.

§ 101.17 Uncollectible loans made by the United States.

If the Secretary determines that a United States direct loan is uncollectible in whole or in part or is collectible only at an unreasonable cost, or when such action would be in the best interest of the United States, the Secretary may cancel, adjust, compromise, or reduce the amount of any loan made from the revolving loan fund. The Commissioner may adjust, compromise, subordinate, or modify the terms of any mortgage, lease, assignment, contract, agreement, or other document taken as security for loans. The cancellation of all or part of a loan shall become effective when signed by the Secretary.

§ 101.18 Uncollectible loans made by relending organizations.

(a) Relending organizations conducting relending programs using revolving loan funds may, when approved by the Commissioner, charge off as uncollectible all or part of the balance of principal and interest owing on

(d) Declare the entire amount advanced immediately due and payable.

(e) Prevent further disbursement of credit funds under the control of the borrower.

(f) Withdraw any unobligated funds from the borrower.

(g) Require relending organizations conducting a relending program to apply all collections on loans to liquidate the debt to the United States.

(h) Take possession of the assets of a relending organization conducting a relending program and exercise or arrange to exercise its powers until the Commissioner has received acceptable assurance of its repayment of the revolving loan and compliance with the provisions of the terms of the loan agreement.

(i) Liquidate, operate or arrange for the operation of economic enterprises financed with revolving loans made to individuals, tribes, corporations, partnerships and cooperative associations until the indebtedness is paid or until the Commissioner has received acceptable assurance of its repayment and compliance with the terms of the loan agreement.

(j) Report the name and account information of a delinquent borrower to a credit bureau.

(k) Assess additional interest and penalty charges for the period of time that payment is not made.

(l) Assess charges to cover additional administrative costs incurred by the Government to service the account.

(m) Offset amounts owed the borrower under other Federal programs including other programs administered by the Bureau of Indian Affairs.

(n) Refer the account to a private collection agency to collect the amount due.

(o) Refer the account to the U.S. Department of Justice for collection by litigation.

(p) If the borrower is a current or retired Federal employee, take action to offset the borrower’s salary or civil service retirement benefits.

(q) Refer the debt to the Internal Revenue Service for offset against any amount owed the borrower as an income tax refund.

(r) Report any written-off debt to the Internal Revenue Service as taxable income to the borrower.

(s) Recommend suspension or debarment from conducting further business with the Federal Government.
loans which are considered to be uncollectible. Usually a chargeoff includes both principal and interest and provides for cessation of interest accruals on the principal balance owing as of the date of the chargeoff.

(b) Action to chargeoff a loan will be in the form of a resolution enacted by the committee or body authorized and responsible for actions on loan matters for the relending organization. Before action is taken to chargeoff a loan as uncollectible, the lender will make an effort, to the extent feasible, to liquidate the security given for a loan and apply the net proceeds as a repayment on the balance of principal and interest owed. The chargeoff of a loan by a relending organization as uncollectible will not reduce the principal balance owed to the United States. A chargeoff will not release the borrower of the obligation or the responsibility to make payments when his or her financial situation will permit. Chargeoff action will not release the lender of responsibility to continue its efforts to collect the loan.

§ 101.19 Assignment of loans.
A borrower of a direct loan from the United States may not assign the loan agreement or any interest in it to a third party without the consent of the Commissioner. Relending organizations which are conducting relending programs may not assign the loan agreements of borrowers, or any interest therein, to third parties without the approval of the Commissioner and the borrower.

§ 101.20 Relending by borrower.
(a) A relending organization may relend funds loaned to it by the United States with the approval of the Commissioner. The Commissioner may authorize such lenders to approve applications for particular types of loans up to a specified amount.

(b) Loans shall be secured by such securities as the lender and the Commissioner may require. With the Commissioner’s approval, mortgages of individually held trust or restricted land, leasehold interests, chattels, crops grown on trust or restricted land, and assignments of trust income may all be taken as security for loans.

(c) Title to personal property purchased with loans received from relending organizations using revolving loan funds in its relending program shall be taken in the name of the borrower.

(d) The term of a loan made by a relending organization conducting a relending program shall not extend beyond the maturity date of its loan from the United States, unless an exception is approved by the Commissioner and the organization has funds available from which to make scheduled repayment on its loan from the United States. Loans made will be scheduled for repayment at the earliest possible date consistent with the purpose for which a loan is made and the indicated repayment capacity of the borrower.

(e) Securing documents or financing statements shall be filed or recorded in accordance with federal or state law except those customarily filed in Bureau of Indian Affairs offices. Mortgages on documented vessels will be filed at the custom house designated as the home port of the vessel as shown on the marine document.

§ 101.21 Repayments on United States direct loans.
Repayments on United States direct loans shall be made to the authorized collection officer of the Bureau of Indian Affairs who shall issue an official receipt for the repayment and deposit the collection into the revolving loan fund. Collections will first be applied to pay interest to date of payment and the balance applied on the principal installment due. Collections on loans made by relending organizations which have been declared in default in which the Commissioner has taken control of the assets of the program (including loans made with balances owing) will be made to an authorized collection officer of the Bureau of Indian Affairs who shall issue a receipt to the payor and deposit the collection in the United States revolving loan fund. The relending organization’s loan from the United States will be credited with the amounts collected from its borrowers,
§ 101.22 Repayments on loans made by relending organizations.

Repayments on loans made by a relending organization conducting a relending program will be made to the officers of the lending organization or individuals designated and authorized in a declaration of policy and plan of operation. Collections on loans and other income to a relending program will be deposited in the lender’s revolving loan account as designated in a declaration of policy and plan of operation. Collections on loans will be first applied to pay interest to date of payment with the balance applied to the principal.

§ 101.23 Approval of articles of association and bylaws.

Articles of association and bylaws of relending organizations and cooperative associations require approval of the Commissioner if they make application for a revolving credit loan.

§ 101.24 Loans for expert assistance for preparation and trial of Indian claims.

(a) Loans may be made to Indian tribes, bands and other identifiable groups of Indians from funds authorized and appropriated under the provisions of section 1 of the Act of November 4, 1963 (Pub. L. 88–168, 77 Stat. 301; 25 U.S.C. 70n–1), as amended by the Act of September 19, 1966 (Pub. L. 89–952, 80 Stat. 814) and section 2 of the Act of May 24, 1973 (Pub. L. 93–37, 87 Stat. 73). Loan proceeds may only be used for the employment of expert assistance, other than the assistance of counsel, for the preparation and trial of claims pending before the Indian Claims Commission. Applications for loans will be submitted on forms approved by the Commissioner and shall include a justification of the need for a loan. The justification shall include a statement from the applicant’s claims attorney regarding the need for a loan. The application will be accompanied by a statement signed by an authorized officer of the applicant certifying that the applicant does not have adequate funds available to obtain and pay for the expert assistance needed. The Superintendent and the Area Director will attest to the accuracy of the statement or point out any inaccuracies. Loans will be approved by issuance of a commitment order by the Commissioner.

(b) No loan shall be approved if the applicant has funds available on deposit in the United States Treasury or elsewhere in an amount adequate to obtain the expert assistance needed or if, in the opinion of the Commissioner, the fees to be paid the experts are unreasonable on the basis of the services to be performed by them.

(c) Contracts for the employment of experts are subject to the provisions of 25 U.S.C. 81 and require approval by the Commissioner.

(d) Vouchers or claims submitted by experts for payment for services rendered and reimbursement for expenses will be in accordance with the provisions of the expert assistance contract and shall be sufficiently detailed and itemized to permit an audit to determine that the amounts are in accordance with the contract. Vouchers or claims shall be reviewed by the borrower’s claims attorney who will certify on the last page of the voucher or by attachment thereto, that the services have been performed and that expenses and charges for work performed are in accordance with the provisions of the contract.

(e) Requests for advances under the loan agreement shall be accompanied by a certificate signed by an authorized officer of the borrower certifying that the borrower does not have adequate funds available from its own financial resources with which to pay the expert. The Superintendent and Area Director will attest to the accuracy of the statement or point out inaccuracies. A copy of the voucher or claim from the expert
will accompany the request for advance.

(f) Loan funds will be advanced only as needed to pay obligations incurred under approved contracts for expert assistance. The funds will be deposited in a separate account, shall not be commingled with other funds of the borrower, and shall not be disbursed for any other purpose.

(g) Loans shall bear interest at the rate of 5 1/2 percent per annum from the date funds are advanced until the loan is repaid.

(h) The principal amount of the loan advanced plus interest shall be repayable from the proceeds of any judgment received by the borrower at the time funds from the award become available to make the payment.

§ 103.1 What does this part do?

This part explains how to obtain and use a BIA loan guaranty or loan insurance agreement under the Program, and who may do so. It also describes how to obtain and use interest subsidy payments under the Program, and who may do so.

§ 103.2 Who does the Program help?

The purpose of the Program is to encourage eligible borrowers to develop viable Indian businesses through conventional lender financing. The direct function of the Program is to help lenders reduce excessive risks on loans they make. That function in turn helps borrowers secure conventional financing that might otherwise be unavailable.

§ 103.3 Who administers the Program?

Authority for administering the Program ultimately rests with the Secretary, who may exercise that authority directly at any time. Absent a direct exercise of authority, however, the Secretary delegates Program authority to BIA officials through the U.S. Department of Interior Departmental Manual. A lender should submit all applications and correspondence to the BIA office serving the borrower’s location.

§ 103.4 What kinds of loans will BIA guarantee or insure?

In general, BIA may guarantee or insure any loan made by an eligible lender to an eligible borrower to conduct a lawful business organized for profit. There are several important exceptions:

(a) The business must contribute to the economy of an Indian reservation or tribal service area recognized by BIA;

(b) The borrower may not use the loan for relending purposes;

(c) If any portion of the loan is used to refinance an existing loan, the borrower must be current on the existing loan; and

(d) BIA may not guarantee or insure a loan if it believes the lender would be
§ 103.5 What size loan will BIA guarantee or insure?
BIA can guarantee or insure a loan or combination of loans of up to $500,000 for an individual Indian, or more for an acceptable Indian business entity, Tribe, or tribal enterprise involving two or more persons. No individual Indian may have an outstanding principal balance of more than $500,000 in guaranteed or insured loans at any time. BIA can limit the size of loans it will guarantee or insure, depending on the resources BIA has available.

§ 103.6 To what extent will BIA guarantee or insure a loan?
(a) BIA can guarantee up to 90 percent of the unpaid principal and accrued interest due on a loan.
(b) BIA can insure up to the lesser of:
   (1) 90 percent of the unpaid principal and accrued interest due on a loan; or
   (2) 15 percent of the aggregate outstanding principal amount of all loans the lender has insured under the Program as of the date the lender makes a claim under its insurance coverage.
(c) BIA’s guaranty certificate or loan insurance agreement should reflect the lowest guaranty or insurance percentage rate that satisfies the lender’s risk management requirements.
(d) Absent exceptional circumstances, BIA will allow no more than:
   (1) Two simultaneous guarantees under the Program covering outstanding loans from the same lender to the same borrower; or
   (2) One loan guaranty under the Program when the lender simultaneously has one or more outstanding loans insured under the Program to the same borrower.

§ 103.7 Must the borrower have equity in the business being financed?
The borrower must be projected to have at least 20 percent equity in the business being financed, immediately after the loan is funded. If a substantial portion of the loan is for construction or renovation, the borrower’s equity may be calculated based upon the reasonable estimated value of the borrower’s assets after completion of the construction or renovation.

§ 103.8 Is there any cost for a BIA guaranty or insurance coverage?
BIA charges the lender a premium for a guaranty or insurance coverage.
(a) The premium is:
   (1) Two percent of the portion of the original loan principal amount that BIA guarantees; or
   (2) One percent of the portion of the original loan principal amount that BIA insures, without considering the 15 percent aggregate outstanding principal limitation on the lender’s insured loans.
(b) Lenders may pass the cost of the premium on to the borrower, either by charging a one-time fee or by adding the cost to the principal amount of the borrower’s loan. Adding the premium to the principal amount of the loan will not make any further premium due. BIA will guarantee or insure the additional principal to the same extent as the original approved principal amount.

Subpart B—How a Lender Obtains a Loan Guaranty or Insurance Coverage

§ 103.9 Who applies to BIA under the Program?
The lender is responsible for determining whether it will require a BIA guaranty or insurance coverage, based upon the loan application it receives from an eligible borrower. If the lender requires a BIA guaranty or insurance coverage, the lender is responsible for completing and submitting a guaranty application or complying with a loan insurance agreement under the Program.

§ 103.10 What lenders are eligible under the Program?
(a) Except as specified in paragraph (b) of this section, a lender is eligible under the Program, and may be considered for BIA approval, if the lender is:
   (1) Regularly engaged in the business of making loans;
§ 103.11 How does BIA approve lenders for the Program?

(a) BIA approves each lender by entering into a loan guaranty agreement and/or a loan insurance agreement with it. BIA may provide up to three different levels of approval for a lender making guaranteed loans, depending on factors such as:

(1) The number of loans the lender makes under the Program;
(2) The total principal balance of the lender’s Program loans;
(3) The number of years the lender has been involved with the Program;
(4) The relative benefits and opportunities the lender has given to Indian business efforts through the Program; and
(5) The lender’s historical compliance with Program requirements.

(b) BIA will consider a lender’s loan guaranty agreement and/or loan insurance agreement suspended as of:

(1) The effective date of a change in the lender’s corporate structure;
(2) The effective date of a merger between the lender and any other entity, when the lender is not the surviving entity; or
(3) The start of any legal proceeding in which substantially all of the lender’s assets may be subject to disposition through laws governing bankruptcy, insolvency, or receivership.

(c) A change in a lender’s name, without any other change specified under paragraph (b) of this section, will not cause a suspension of the lender’s loan guaranty agreement and/or loan insurance agreement. The lender should notify BIA of its name change as soon as possible.

(d) If a lender’s loan guaranty agreement and/or loan insurance agreement is suspended under paragraph (b) of this section, the lender, or its successor in interest, must enter into a new loan guaranty agreement and/or loan insurance agreement with BIA in order to secure any new BIA loan guaranties or insurance coverage.

(e) The suspension of a loan guaranty agreement and/or loan insurance agreement does not affect the validity of any guaranty certificate or insurance coverage in effect before the date of the suspension. Any such certificate or insurance coverage will remain governed by applicable terms of the suspended loan guaranty agreement and/or loan insurance agreement.

§ 103.12 How does a lender apply for a loan guaranty?

To apply for a loan guaranty, a BIA-approved lender must submit to BIA a loan guaranty application form, together with each of the following:

(a) A written explanation from the lender indicating why it needs a BIA guaranty for the loan, and the minimum loan guarantee percentage it will accept;

(b) A copy of the borrower’s complete loan application;

(c) A description of the borrower’s equity in the business being financed;

(d) A copy of the lender’s independent credit analysis of the borrower’s business, repayment ability, and loan collateral (including insurance);

(e) An original report from a nationally-recognized credit bureau, dated within 90 days of the date of the lender’s loan guaranty application package, outlining the credit history of the borrower, and to the extent permitted by law, each co-maker or guarantor of the loan (if any);

(f) A copy of the lender’s loan commitment letter to the borrower, showing at a minimum the proposed loan...
§ 103.15 Are there any prohibited loan terms?

A loan agreement guaranteed or insured under the Program may not contain:

(a) Charges by the lender styled as "points," loan origination fees, or any similar fees (however named), except that if authorized in the loan agreement, the lender may charge the borrower a reasonable annual loan servicing fee that:

(1) Is not included as part of the loan principal; and
(2) Does not bear interest;

(b) Charges of any kind by the lender or by any third party except for the reasonable and customary cost of legal and architectural services, broker commissions, surveys, compliance inspections, title inspection and/or insurance, lien searches, appraisals, recording costs, premiums for required hazard, liability, key man life, and other kinds of insurance, and such other charges as BIA may approve in writing;

(c) A loan repayment term of over 30 years;

(d) Payments scheduled less frequently than annually;

(e) A prepayment penalty, unless the terms of the penalty are clearly specified in BIA’s loan guaranty or loan insurance conditions;

(f) An interest rate greater than what BIA considers reasonable, taking into account the range of rates prevailing in the private market for similar loans;

(g) A variable interest rate, unless the rate is tied to a specific prime rate.
§ 103.16 How does BIA approve or reject a loan guaranty or insurance application?

(a) BIA reviews each guaranty or insurance application, and may evaluate each loan application independently from the lender. BIA bases its loan guaranty or insurance decisions on many factors, including compliance with this part, and whether there is a reasonable prospect of loan repayment from business cash flow, or if necessary, from liquidating loan collateral. Lenders are expected to obtain a first lien security interest in enough collateral to reasonably secure repayment of each loan guaranteed or insured under the Program, to the extent that collateral is available.

(b) BIA approves applications by issuing an approval letter, followed by the procedures in § 103.18. If the guaranty or insurance application is incomplete, BIA may return the application to the lender, or hold the application while the lender submits the missing information. If BIA denies the application, it will provide the lender with a written explanation, with a copy to the borrower.

§ 103.17 Must the lender follow any special procedures to close the loan?

(a) BIA officials or their representatives may attend the closing of any loan or loan modification that BIA agrees to guarantee or insure. For guaranteed loans, and insured loans that BIA must individually review under this part, the lender must give BIA notice of the date of closing at least 5 business days before closing occurs.

(b) At or prior to closing, the lender must obtain appropriate, satisfactory title and/or lien searches for each asset to be used as loan collateral.

(c) At or prior to closing, the lender must obtain recent appraisals for all real property and improvements to be used as collateral for the loan, to the extent required by law.

(d) At or prior to closing, the lender must document that the lender and borrower have complied with all applicable Federal, State, local, and tribal laws implicated by financing the borrower's business, for example by securing:

(1) Copies of all permits and licenses required to operate the borrower's business;

(2) Environmental studies required for construction and/or business operations under NEPA and other environmental laws;

(3) Archeological or historical studies required by law; and

(4) Certification by a registered surveyor or appropriate BIA official indicating that the proposed business will not be located in a special flood hazard area, as defined by applicable law.

(e) The lender must supply BIA with copies of all final, signed loan closing documents within 30 days following closing. To the extent applicable, loan closing documents must include the following:

(1) Promissory notes;

(2) Security agreements, including pledge and similar agreements, and related financing statements (together
with BIA’s written approval of any assignment of specific tribal trust assets under §103.16(i), or of any security interest in an individual Indian money account;

(3) Mortgage instruments or deeds of trust (together with BIA’s written approval, if required by 25 U.S.C. 483a, or if the mortgage is of a leasehold interest in tribal trust property);

(4) Guarantees (other than from BIA);

(5) Construction contracts, and plans and specifications;

(6) Leases related to the business (together with BIA’s written approval, if required under 25 CFR part 162);

(7) Attorney opinion letters;

(8) Resolutions made by a Tribe or business entity;

(9) Waivers or partial waivers of sovereign immunity; and

(10) Similar instruments designed to document the loan, establish the basis for a security interest in loan collateral, and comply with applicable law.

(f) Unless BIA indicates otherwise in writing, the lender must close a guaranteed or insured loan within 90 days of any approval provided under §103.16.

§ 103.18 How does BIA issue a loan guaranty or confirm loan insurance?

(a) A loan is guaranteed under the Program when all of the following occur:

(1) BIA issues a signed loan guaranty certificate bearing a series number, an authorized signature, a guaranty percentage rate, the lender’s name, the borrower’s name, the original principal amount of the loan, and such other terms and conditions as BIA may require;

(2) The loan closes and funds;

(3) The lender pays BIA the applicable loan guaranty premium; and

(4) The lender meets all of the conditions listed in the loan guaranty certificate.

(b) A loan is insured under the Program when all of the following occur:

(1) The loan’s purpose and terms meet the requirements of the Program and the lender’s loan insurance agreement with BIA;

(2) The loan closes and funds;

(3) The lender notifies BIA of the borrower’s identity and organizational structure, the amount of the loan, the interest rate, the payment schedule, and the date on which the loan closing and funding occurred;

(4) The lender pays BIA the applicable loan insurance premium;

(5) If over $100,000 or if the loan requires interest subsidy, BIA approves the loan in writing; and

(6) If over $100,000 or if the loan requires interest subsidy, the lender meets all of the conditions listed in BIA’s written loan approval.

§ 103.19 When must the lender pay BIA the loan guaranty or insurance premium?

The premium is due within 30 calendar days of the loan closing. If not paid on time, BIA will send the lender written notice by certified mail (return receipt requested), or by a nationally-recognized overnight delivery service (signature of recipient required), stating that the premium is due immediately. If the lender fails to make the premium payment within 30 calendar days of the date of BIA’s notice, BIA’s guaranty certificate or insurance coverage with respect to that particular loan is void, without further action.

Subpart C—Interest Subsidy

§ 103.20 What is interest subsidy?

Interest subsidy is a payment BIA makes for the benefit of the borrower, to reimburse part of the interest payments the borrower has made on a loan guaranteed or insured under the Program. It is available to borrowers whose projected or historical earnings before interest and taxes, after adjustment for extraordinary items, is less than the industry norm.

§ 103.21 Who applies for interest subsidy payments, and what is the application procedure?

(a) An eligible lender must request interest subsidy payments on behalf of an eligible borrower, after determining that the borrower qualifies. Typically, the lender should include a request for interest subsidy at the time it applies for a guaranty or insurance coverage under the Program. A request for interest subsidy must be supported by the information required in §§103.12 and
§ 103.22 How does BIA determine the amount of interest subsidy?

Interest subsidy payments should equal the difference between the lender’s rate of interest and the rate determined in accordance with 25 U.S.C. 1464. BIA will fix the amount of interest subsidy as of the date it approves the interest subsidy request.

§ 103.23 How does BIA make interest subsidy payments?

The lender must send BIA reports at least quarterly on the borrower’s loan payment history, together with a calculation of the interest subsidy then due. The lender’s reports and calculation do not have to be in any specific format, but in addition to the calculation the reports must contain at least the information required by §103.33(a). Based on the lender’s reports and calculation, BIA will send interest subsidy payments to the borrower in care of the lender. The payments belong to the borrower, but the borrower and lender may agree in advance on how the borrower will use interest subsidy payments. BIA may verify and correct interest subsidy calculations and payments at any time.

§ 103.24 How long will BIA make interest subsidy payments?

(a) BIA will issue interest subsidy payments for the term of the loan, up to 3 years. If interest subsidy payments still are justified, the lender may apply for up to two 1-year extensions of this initial term. BIA will make interest subsidy payments on a single loan for no more than 5 years.

(b) BIA will choose the date from which it calculates interest subsidy payments, usually the date the lender first extends the loan funds. Interest subsidy payments will apply to all loan payments made in the calendar years following that date.

(c) Interest subsidy payments will not be due for any loan payment made after the corresponding loan guaranty or insurance coverage stops under the Program, regardless of the circumstances.

Subpart D—Provisions Relating to Borrowers

§ 103.25 What kind of borrower is eligible under the Program?

(a) A borrower is eligible for a BIA-guaranteed or insured loan if the borrower is:

(1) An Indian individual;

(2) An Indian-owned business entity organized under Federal, State, or tribal law, with an organizational structure reasonably acceptable to BIA;

(3) A tribe; or

(4) A business enterprise established and recognized by a tribe.

(b) To be eligible for a BIA-guaranteed or insured loan, a business entity or tribal enterprise must be at least 51 percent owned by Indians. If at any time a business entity or tribal enterprise becomes less than 51 percent Indian owned, the lender either may declare a default as of the date the borrower stopped being at least 51 percent Indian owned and exercise its remedies under this part, or else continue to extend the loan to the borrower and allow BIA’s guaranty or insurance coverage to become invalid.

§ 103.26 What must the borrower supply to the lender in its loan application?

The lender may use any form of loan application it chooses. However, the borrower must supply the lender the information listed in this section in order for BIA to process a guaranty or insurance coverage application:

(a) The borrower’s precise legal name, address, and tax identification number or social security number;

(b) Proof of the borrower’s eligibility under the Program;
§ 103.28 What if the lender transfers part of the loan to another person?

(a) A lender may transfer one or more interests in a guaranteed loan to another person or persons, as long as the parties have in place an agreement that designates one person to perform all of the duties required of the lender under the Program and the loan guaranty certificate. Starting on the date of the transfer, only the person designated to perform the duties of the lender will be entitled to exercise the rights conferred by BIA’s loan guaranty certificate, and will from that point forward be considered the lender for purposes of the Program. A lender under the Program must both service the guaranteed loan and own at least a 10 percent interest in the guaranteed loan. BIA will not consider more than one person at any given time to be the lender with respect to any loan guaranty certificate. If the person designated to perform the duties of the lender in an agreement among loan participants is not the original lender, then the provisions of §103.29(a) will apply (relating to sale or assignment of guaranteed loans), and the person designated to perform the duties of the lender must give BIA notice of its interest in the loan. Failure to provide notice in accordance with §103.29(a) will void BIA’s loan guaranty certificate, without further action.

Subpart E—Loan Transfers

§ 103.28 What if the lender transfers part of the loan to another person?

(a) A lender may transfer one or more interests in a guaranteed loan to another person or persons, as long as the parties have in place an agreement that designates one person to perform all of the duties required of the lender under the Program and the loan guaranty certificate. Starting on the date of the transfer, only the person designated to perform the duties of the lender will be entitled to exercise the rights conferred by BIA’s loan guaranty certificate, and will from that point forward be considered the lender for purposes of the Program. A lender under the Program must both service the guaranteed loan and own at least a 10 percent interest in the guaranteed loan. BIA will not consider more than one person at any given time to be the lender with respect to any loan guaranty certificate. If the person designated to perform the duties of the lender in an agreement among loan participants is not the original lender, then the provisions of §103.29(a) will apply (relating to sale or assignment of guaranteed loans), and the person designated to perform the duties of the lender must give BIA notice of its interest in the loan. Failure to provide notice in accordance with §103.29(a) will void BIA’s loan guaranty certificate, without further action.
§ 103.29 What if the lender transfers the entire loan?

(a) A lender may transfer all of its rights in a guaranteed loan to any other person. The acquiring person must send BIA written notice of the transfer, describing the borrower, the loan, BIA’s loan guaranty certificate number, and the acquiring person’s name and address. Starting on the date of the transfer, only the acquiring person will be entitled to exercise the rights conferred by BIA’s loan guaranty certificate, and will from that point forward be considered the lender for purposes of the Program. The acquiring person must service the guaranteed loan and otherwise perform all of the duties required of the lender under the Program and the loan guaranty certificate. Except when a transfer is effected by a merger, any failure by the acquiring person to send BIA proper notice of the transfer within 30 calendar days of the transfer date will void BIA’s loan guaranty certificate, without further action.

(b) Transferring an insured loan to another person will void the insurance coverage for that loan, except where the transfer is effected by a merger.

§ 103.29 What if the lender transfers the entire loan?

(a) A lender may transfer all of its rights in a guaranteed loan to any other person. The acquiring person must send BIA written notice of the transfer, describing the borrower, the loan, BIA’s loan guaranty certificate number, and the acquiring person’s name and address. Starting on the date of the transfer, only the acquiring person will be entitled to exercise the rights conferred by BIA’s loan guaranty certificate, and will from that point forward be considered the lender for purposes of the Program. The acquiring person must service the guaranteed loan and otherwise perform all of the duties required of the lender under the Program and the loan guaranty certificate. Except when a transfer is effected by a merger, any failure by the acquiring person to send BIA proper notice of the transfer within 30 calendar days of the transfer date will void BIA’s loan guaranty certificate, without further action.

(b) Transferring an insured loan to another person will void the insurance coverage for that loan, except where the transfer is effected by a merger.

(c) If a lender is not the surviving entity after a merger, the lender’s successor must notify BIA in writing of the change within 30 calendar days of the merger. The lender also must reapply to become an approved lender under the Program, as indicated in §103.11.

Subpart F—Loan Servicing Requirements

§ 103.30 What standard of care must a lender meet?

Lenders must service all loans guaranteed or insured under the Program in a commercially reasonable manner, in accordance with standards and procedures adopted by prudent lenders in the BIA region in which the borrower’s business is located, and in accordance with this part. If the lender fails to follow any of these standards, BIA may reduce or eliminate entirely the amount payable under its guaranty or insurance coverage to the extent BIA can reasonably attribute the loss to the lender’s failure. BIA also may deny payment completely if the lender gets a loan guaranty or insurance coverage through fraud, or negligently allows a borrower’s fraudulent loan application or use of loan funds to go undetected. In particular, and without limitation, lenders must:

(a) Check and verify information contained in the borrower’s loan application, such as the borrower’s eligibility, the authority of persons acting on behalf of the borrower, and the title status of any proposed collateral;

(b) Take reasonable precautions to assure that loan proceeds are used as specified in BIA’s guaranty certificate or written insurance approval, or if not so specified, then in descending order of importance:

(1) BIA’s written loan guaranty approval;

(2) The loan documents;

(3) The terms of the lender’s final loan commitment to the borrower;

(4) The borrower’s loan application;

(c) When feasible, require the borrower to use automatic bank account debiting to make loan payments;

(d) Require the borrower to take title to real and personal property purchased with loan proceeds in the borrower’s own name, except for real property to be held in trust by the United States for the benefit of a borrower that is a tribe;

(e) Promptly record all security interests and subsequently keep them in effect. Lenders must record all mortgages and other security interests in accordance with State and local law, including the laws of any tribe that may have jurisdiction. Lenders also must record any leasehold mortgages, assignments of income, and individual Indian or tribal trust land with the BIA office having responsibility for maintaining records on that trust land;

(f) Assure, to the extent reasonably practicable, that the borrower and any guarantor of the loan (other than BIA) keep current on all taxes levied on real

352
§ 103.32 What sort of loan documentation does BIA expect the lender to maintain?

For every loan guaranteed or insured under the Program, the lender must maintain:

(a) BIA’s original loan guaranty certificate or insurance coverage approval letter, if applicable;

(b) Original signed and/or certified counterparts of all final loan documents, including those listed in §103.17 (concerning documents required for loan closing), all renewals, modifications, and additions to those documents, and signed settlement statements;

(c) Originals or copies, as appropriate, of all documents gathered by the lender under §§103.12, 103.13 and 103.26 (concerning information submitted by the borrower in its loan application, and information supplied to BIA in the lender’s loan guaranty or insurance coverage application);

(d) Originals or copies, as appropriate, of all applicable insurance binders or certificates, including without limitation hazard, liability, key man life, and title insurance;

(e) A complete and current history of all loan transactions, including dated disbursements, payments, adjustments, and notes describing all contacts with the borrower;

(f) Originals or copies, as appropriate, of all correspondence gathered by the lender or furnished to it, containing material information about the borrower and its business operations;

(g) Originals or copies, as appropriate, of all correspondence, notices, news items or other information concerning the borrower, whether gathered by the lender or furnished to it, containing material information about the borrower and its business operations;

(h) Originals or copies, as appropriate, of all advertisements, notices, title instruments, accountings, and
§ 103.33 Are there reporting requirements?

(a) The lender must periodically report the borrower’s loan payment history so that BIA can recalculate the government’s contingent liability. Loan payment history reports must be quarterly unless BIA provides otherwise for a particular loan. These reports can be in any format the lender desires, as long as they contain:

(1) The lender’s name;
(2) The borrower’s name;
(3) A reference to BIA’s Loan Guaranty Certificate or Loan Insurance Agreement number;
(4) The lender’s internal loan number; and
(5) The date and amount of all loan balance activity for the reporting period.

(b) If applicable, the lender must supply a calculation of any interest subsidy payments that are due, as indicated in §103.23.

(c) If there is a transfer of any or all of the lender’s ownership interest in the loan, the party receiving the ownership interest may be required to notify BIA, as indicated in §§103.28 and 103.29.

(d) If there is a default on the loan, the lender must notify BIA, as indicated in §§103.35 and 103.36.

(e) If the borrower ceases to qualify for a BIA-guaranteed or insured loan under §103.25(b), the lender must promptly notify BIA even if the lender does not pursue default remedies under §§103.35 and 103.36. This notice allows BIA to eliminate the guaranty or insurance coverage from its active recordkeeping system.

(f) If the loan is prepaid in full, the lender must promptly notify BIA in writing so that BIA can eliminate the guaranty or insurance coverage from its active recordkeeping system.

(g) If a lender changes its name, it should notify BIA in accordance with §103.11(c).

§ 103.34 What if the lender and borrower decide to change the terms of the loan?

(a) The lender must obtain written BIA approval before modifying a loan guaranteed or insured under the Program, if the change will:

(1) Increase the borrower’s outstanding principal amount (if a term loan), or maximum available credit (if a revolving loan).

(ii) Upon approval by BIA and payment of an additional guaranty or insurance premium in accordance with §§103.8 and 103.19 and this section, the entire outstanding loan amount, as modified, will be guaranteed or insured (as the case may be) to the extent BIA specifies. The lender must pay the additional premium only on the increase in the outstanding principal amount of the loan (if a term loan) or the increase in the credit limit available to the borrower (if a revolving loan).

(iii) Lenders may not increase the outstanding principal amount of a loan guaranteed or insured under the Program if a significant purpose of doing so would be to allow the borrower to pay accrued loan interest it otherwise would have difficulty paying.

(2) Permanently adjust the loan repayment schedule.

(3) Increase a fixed interest rate, convert a fixed interest rate to an adjustable interest rate, or convert an adjustable interest rate to a fixed interest rate.

(4) Allow any changes in the identity or organizational structure of the borrower.

(5) Allow any material change in the use of loan proceeds or the nature of the borrower’s business.

(6) Release any collateral taken as security for the loan, except items sold...
in the ordinary course of business and promptly replaced by similar items of collateral, such as inventory.

(7) Allow the borrower to move any significant portion of its business operations to a location that is not on or near an Indian reservation or tribal service area recognized by BIA.

(8) Be likely to materially increase the risk of a claim on BIA’s guaranty or insurance coverage, or materially reduce the aggregate value of the collateral securing the loan.

(9) Cure a default for which BIA is to receive notice under §103.35(b).

(b) In the case of an insured loan, the amount of which will not exceed $100,000 when combined with all other insured loans from the lender to the borrower, the lender need not obtain BIA’s prior approval to make any of the loan modifications indicated in §103.34(a), except as provided in §103.21(b). However, all loan modifications must remain consistent with the lender’s loan insurance agreement with BIA, and in the event of an increase in the borrower’s outstanding principal amount (if a term loan), or maximum available credit (if a revolving loan), the lender must send BIA an additional premium payment in accordance with §§103.8, 103.19 and this section. The lender must pay the additional premium only on the increase in the outstanding principal amount of the loan (if a term loan) or the increase in the credit limit available to the borrower (if a revolving loan). To the extent a loan modification changes any of the information supplied to BIA under §103.18(b)(3), the lender also must promptly notify BIA of the new information.

(c) Subject to any applicable BIA loan guaranty or insurance coverage conditions, a lender may extend additional loans to a borrower without BIA approval, if the additional loans are not to be guaranteed or insured under the Program.

Subpart G—Default and Payment by BIA

§103.35 What must the lender do if the borrower defaults on the loan?

(a) The lender must send written notice of the default to the borrower, and otherwise meet the standard of care established for the lender in this part. The lender’s notice to the borrower should be sent as soon as possible after the default, but in any event before the lender’s notice to BIA under paragraph (b) of this section. For purposes of the Program, “default” will mean a default as defined in this part.

(b) The lender also must send written notice of the default to BIA by certified mail (return receipt requested), or by a nationally-recognized overnight delivery service (signature of recipient required) within 60 calendar days of the default, unless the default is fully cured before that deadline. This notice is required even if the lender grants the borrower a forbearance under §103.36(a). One purpose of the notice is to give BIA the opportunity to intervene and seek assistance for the borrower, even though BIA has no duty, either to the lender or the borrower, to do so. Another purpose of the notice is to permit BIA to plan for a possible loss claim from the lender, under §103.36(d). The lender’s notice must clearly indicate:

(1) The identity of the borrower;

(2) The applicable Program guaranty certificate or insurance agreement number;

(3) The date and nature of all bases for default;

(4) If a monetary default, the amount of past due principal and interest, the date through which interest has been calculated, and the amount of any late fees, precautionary advances, or other amounts the lender claims;

(5) The nature and outcome of any correspondence or other contacts with the borrower concerning the default;

(6) The precise nature of any action the borrower could take to cure the default.

§103.36 What options and remedies does the lender have if the borrower defaults on the loan?

(a) The lender may grant the borrower a temporary forbearance, even beyond any default cure periods specified in the loan documents, if doing so
§ 103.36

is likely to result in the borrower curing the default. However, BIA must approve in writing any forbearance or other agreement that:

(1) Permanently modifies the terms of the loan in any manner indicated by §103.34(a);
(2) Would allow the borrower’s default to extend beyond the deadline established in §103.36(d) for the lender to elect a remedy; or
(3) Is not likely to result in the borrower curing the default.

(b) The lender may make precautionary advances on the borrower’s behalf during the default, if doing so is reasonably necessary to ensure that loan recovery prospects do not significantly deteriorate. Items for which the lender may make precautionary advances include, for example:

(1) Hazard, liability, or key man life insurance premiums;
(2) Security measures to safeguard abandoned business assets;
(3) Real or personal property taxes;
(4) Corrective actions required by court or administrative orders; or
(5) Essential maintenance.

(c) BIA will guaranty or insure the amount of precautionary advances from the date of each advance to the same extent as other amounts due under the loan, if:

(1) The borrower has demonstrated its inability or unwillingness to make the payment or perform the duty that jeopardizes loan recovery, including by undue delay in making the payment or performing the duty;
(2) The total expense of all precautionary advances by the lender does not at the time of the advance exceed 10 percent of the outstanding principal balance of the loan;
(3) Where loan document provisions do not require the borrower to repay precautionary advances (however termed) when made by the lender, or where the total expense of all precautionary advances by the lender will exceed 10 percent of the outstanding principal balance of the loan when made, the lender secures BIA’s prior written approval; and
(4) The lender properly claims and documents all precautionary advances, if and when it submits a claim for loss under §103.37.

(d) If the default remains unsecured, the lender must send BIA a written notice by certified mail (return receipt requested), or by a nationally-recognized overnight delivery service (signature of recipient required) within 90 calendar days of the default to select one of the following remedies:

(1) In the case of a guaranteed loan, the lender may submit a claim to BIA for its loss;
(2) In the case of either a guaranteed or insured loan, the lender may liquidate all collateral securing the loan, and upon completion, if it has a residual loss on the loan, it may submit a claim to BIA for that loss; or
(3) The lender may negotiate a loan modification agreement with the borrower to permanently change the terms of the loan in a manner that will cure the default. If the lender chooses this remedy, it may take no longer than 45 calendar days from the date BIA receives the notice of remedy selection to finalize a loan modification agreement and secure BIA’s written approval of it, unless BIA specifically extends this deadline in writing. However, the lender may at any time before the expiration of the 45-day period (or any extension thereof) change its choice of remedy by sending BIA a notice otherwise complying with §103.36(d)(1) or (2). If the lender fails to send BIA a notice changing its choice of remedy and does not finalize an approved loan modification agreement within the 45-day period (or any extension thereof), the lender’s only permissible remedy under the Program will be to pursue the procedure specified in §103.36(d)(2).

(e) Failure by the lender to provide BIA with notice of the lender’s election of remedy within 90 calendar days of the default, as indicated in §103.36(d), will invalidate BIA’s loan guaranty certificate or insurance coverage for that particular loan, absent an express waiver of this provision by BIA. BIA may preserve the validity of a loan guaranty certificate or insurance coverage through waiver of this provision only when BIA determines, in its discretion, that:

(1) The lender consistently has acted in good faith, and
(2) The lender’s failure to provide timely notice either:
(i) Has not caused any actual or potential prejudice to BIA; or
(ii) Was the result of the lender relying upon specific written advice from a BIA official.

§ 103.37 What must the lender do to collect payment under its loan guaranty certificate or loan insurance coverage?

(a) For guaranteed loans, the lender must submit a claim for its loss on a form approved by BIA.

(1) If the lender makes an immediate claim under §103.36(d)(1), it must send BIA the claim for loss within 90 calendar days of the default by certified mail (return receipt requested), or by a nationally-recognized overnight delivery service (signature of recipient required). The lender’s claim for loss may include interest that has accrued on the outstanding principal amount of the loan only through the date it submits the claim.

(2) If the lender elects first to liquidate the collateral securing the loan under §103.36(d)(2), and has a residual loss after doing so, it must send BIA the claim for loss within 30 calendar days of completing all liquidation efforts. The lender must perform collateral liquidation as expeditiously and thoroughly as is reasonably possible, within the standards established by this part. The lender’s claim for loss may include interest that has accrued on the outstanding principal amount of the loan only through the earlier of:
(i) The date it submits the claim;
(ii) The date the lender gets a judgment of foreclosure or sale (or the non-judicial equivalent) on the principal collateral securing the loan; or
(iii) One hundred eighty calendar days after the date of the default.

(b) For insured loans, after liquidating all loan collateral, the lender must submit a claim for its loss (if any) on a form approved by BIA. The lender must send BIA the claim for loss by certified mail (return receipt requested), or by a nationally-recognized overnight delivery service (signature of recipient required) within 30 calendar days of completing all liquidation efforts. The lender must perform collateral liquidation as expeditiously and thoroughly as is reasonably possible, within the standards established by this part. The lender’s claim for loss may include interest that has accrued on the outstanding principal amount of the loan through the earlier of:

(1) The date it submits the claim;
(2) The date the lender gets a judgment of foreclosure or sale (or the non-judicial equivalent) on the principal collateral securing the loan; or
(3) One hundred eighty calendar days after the date of the default.

(c) Whenever the lender liquidates loan collateral under §103.36(d)(2), it must vigorously pursue all reasonable methods of collection concerning the loan collateral before submitting a claim for its residual loss (if any) to BIA. Without limiting the generality of the preceding sentence, the lender must:

(1) Foreclose, either judicially or non-judicially, all rights of redemption the borrower or any co-maker or guarantor of the loan (other than BIA) may have in collateral under any mortgage securing the loan;

(2) Gather and dispose of all personal property pledged as collateral under the loan, in accordance with applicable law;

(3) Exercise all set-off rights the lender may have under contract or applicable law;

(4) Make demand for payment on the borrower, all co-makers, and all guarantors of the loan (other than BIA); and

(5) Participate fully in all bankruptcy proceedings that may arise involving the borrower and any co-maker or guarantor of the loan. Full participation might include, for example, filing a proof of claim in the case, attending creditors’ meetings, and seeking a court order releasing the automatic stay of collection efforts so that the lender can liquidate affected loan collateral.

(d) BIA may require further information, including without limitation copies of any documents the lender is to maintain under §103.32 and all documentation of liquidation efforts, to help BIA evaluate the lender’s claim for loss.
(e) BIA will pay the lender the guaranteed or insured portion of the lender’s claim for loss, to the extent the claim is based upon reasonably sufficient evidence of the loss and compliance with the requirements of this part. BIA will render a decision on a claim for loss within 90 days of receiving all information it requires to properly evaluate the loss.

§ 103.38 Is there anything else for BIA or the lender to do after BIA makes payment?

When BIA pays the lender on its claim for loss, the lender must sign and deliver to BIA an assignment of rights to its loan agreement with the borrower, in a document acceptable to BIA. Immediately upon payment, BIA is subrogated to all rights of the lender under the loan agreement with the borrower, and must pursue collection efforts against the borrower and any co-maker and guarantor, as required by law.

§ 103.39 When will BIA refuse to pay all or part of a lender’s claim?

BIA may deny all or part of a lender’s claim for loss when:

(a) The loan is not guaranteed or insured as indicated in §103.38;

(b) The guarantee or insurance coverage has become invalid under §§103.28, 103.29, or 103.36(e);

(c) The lender has not met the standard of care indicated in §103.36;

(d) The lender presents a claim for a residual loss after attempting to liquidate loan collateral, and:

1. The lender has not made a reasonable effort to liquidate all security for the loan;

2. The lender has taken an unreasonable amount of time to complete its liquidation efforts, the probable consequence of which has been to reduce overall prospects of loss recovery; or

3. The lender’s loss claim is inflated by unreasonable liquidation expenses or unjustifiable deductions from collateral liquidation proceeds applied to the loan balance; or

4. The lender has otherwise failed in any material respect to follow the requirements of this part, and BIA can reasonably attribute some or all of the lender’s loss to that failure.

§ 103.40 Will BIA make exceptions to its criteria for denying payment?

(a) BIA will not reduce or deny payment solely on the basis of §§103.39(c) or (e) when the lender making the claim for loss:

1. Is a person to whom a previous lender transferred the loan under §§103.28 or 103.29 before maturity for value;

§ 115.706 When funds are awarded or assessed by a court of competent jurisdiction in a cause of action involving trust assets, what documentation is required to deposit the trust funds into a trust account?
When funds are awarded or assessed by a court of competent jurisdiction in a cause of action involving trust assets, we must receive the funds awarded as stipulated in the court order and a copy of the court’s order.

§ 115.707 Will the Secretary accept administrative fees for deposit into a trust account?
No. The Secretary will not accept administrative fees for deposit into a trust account because administrative fees are not trust funds. However, administrative fees may be deposited into a non-interest bearing, non-trust account with the BIA.

§ 115.708 How quickly will trust funds received by the Secretary on behalf of tribes or individual Indians be deposited into a trust account?
Trust funds received by the Secretary on behalf of a tribe or individual Indians will be deposited into a trust account within twenty-four hours, or no later than the close of business on the next business day following the receipt of funds at a location with a designated federal depository.

§ 115.709 Will an annual audit be conducted on trust funds?
Yes, in accordance with the Trust Reform Act an annual audit will be conducted on trust funds. § 115.712 What is the interest rate earned on money in a trust account?
The rate of interest on a trust account changes based on how the money is invested and how those investments perform.

Subpart G—Tribal Accounts

§ 115.800 When does OTFM open a tribal account?
A tribal account is opened when OTFM receives income from the sources described in §115.702.

§ 115.801 How often will a tribe receive information about its trust account(s)?
The OTFM is required to provide each tribe with a statement of performance quarterly, within or no later than 20 business days after the close of every quarterly statement period.

§ 115.802 May a tribe make a request to OTFM to receive information about its trust account more frequently?
Yes, a tribe may contact OTFM at any time to:
(a) Request information about account transactions and balances;

If a contract for the sale or use of trust assets specifies that payments are to be made directly to a tribe, we will not accept these trust funds into a tribal trust account. Where a tribe under 25 U.S.C. 450f et seq. has contracted or compacted with the federal government to operate a federal program and the tribe, operating the federal program on behalf of the Secretary, receives trust funds for the sale or use of trust assets pursuant to a contract that specifies that payments are to be made to the Secretary on behalf of a tribe or an individual [the owner of the trust assets], the tribe must follow §115.708 for the deposit of the trust funds into the trust account.

§ 115.806 How will the BIA assist in the administration of tribal judgment fund accounts?
(a) If the tribe requests assistance or if Congress directs the Secretary to provide assistance, BIA will provide technical assistance on developing a judgment use and distribution plan to a tribe.

(a) Current interest rates;
(b) Whether the security/investment is held to its maturity; and
(c) Original purchase price.
However, as long as the purchase price of the security/investment is made at or below face value and the security/investment is held until maturity or payoff, the security/investment will not lose principal invested funds.

§ 115.809 May a tribe recommend to OTFM how to invest the tribe’s trust funds?
Tribes may recommend certain investments to OTFM, but the recommendations must be in accordance with the statutory requirements set forth in 25 U.S.C. §§ 161a and 162a. The OTFM will make the final investment decision based on prudent investment practices.

§ 115.810 May a tribe directly invest and manage its trust funds?
A tribe may apply to withdraw its trust funds from OTFM for investment and management by the tribe. The tribe’s request to withdraw funds must be in accordance with the requirements of the Trust Reform Act and 25 CFR part 1200, subpart B, unless otherwise specified by statutory language or the controlling document which governs the use of the trust funds.

§ 115.813 Is there a limit to the amount of trust funds OTFM will disburse from a tribal trust account?
OTFM will only disburse the available balance of the trust funds in a tribal trust account in accordance with a use and distribution plan, if applicable, and will not overdraw a tribal trust account. If a tribe’s trust funds are invested in securities that have not matured, OTFM will only sell the asset to make cash available to the tribe if:
(a) There are no restrictions against the sale, and
(b) A tribe provides OTFM with a tribal resolution stating that:

(2) The tribe’s request is not signed by the proper authorizing official(s);

(3) OTFM does not have documentation from the tribe certifying its recognized, authorizing officials;

(4) The tribe’s request is in conflict with statutory language or the controlling document governing the use of the trust funds; or

(3) Provide technical assistance to the tribe to address any problems.

§ 115.817 How does OTFM disburse money to a tribe?

Upon receipt of all necessary documentation, OTFM will process the request for disbursement and send the tribe the requested amount of trust funds within one business day. Whenever possible, trust funds will be disbursed electronically to an account in a financial institution designated by the tribe. If there are circumstances that preclude electronic payments, OTFM will mail a check.

§ 115.818 What happens if an Indian adult does not cash his or her per capita check?

(a) If an Indian adult does not cash his or her per capita check within twelve (12) months of the date the check was issued, the check will be canceled and the trust funds will be deposited into a “returned per capita account” where the funds will be maintained until we receive a request for disbursement by the Indian adult or for disposition by a tribe pursuant to §115.820.

(b) If an Indian adult’s per capita check is returned to us as undeliverable, the trust funds will be immediately deposited into a “returned per capita account” where the funds will be maintained until we receive a request for disbursement by the individual or for disposition by a tribe pursuant to §115.820.
§ 115.819 What steps will be taken to locate an individual whose per capita check is returned as undeliverable or not cashed within twelve (12) months of issuance?

The OTFM will notify a tribe of the names of the individuals whose per capita checks were returned as undeliverable or not cashed within twelve (12) months of issuance and will take reasonable action, including utilizing electronic search tools, to locate the individual entitled to receive the per capita funds.

§ 115.820 May OTFM transfer money in a returned per capita account to a tribal account?

Funds in a returned per capita account will not automatically be returned to a tribe. However, a tribe may apply under 25 U.S.C. 164 and Public Law 87–283, 75 Stat. 584 (1961), to have the unclaimed per capita funds transferred to its account for the tribe’s use after six years have passed from the date of distribution.

§ 115.901 When will the trust funds in a special deposit account be credited or paid out to the owner of the funds?

OTFM will disburse the trust funds from a special deposit account and deposit the trust funds in the owner’s trust account following the BIA certification of the ownership of the funds and OTFM’s receipt of such certification.

§ 115.902 May administrative or land conveyance fees paid as federal reimbursements be deposited in a special deposit account?

No, administrative or land conveyance fees paid as federal reimbursements may not be deposited with OTFM, which includes special deposit accounts. These fees must be deposited in the Federal Financial System.

No, any money received prior to Secretarial approval of conveyance or contract instrument involving trust assets must be deposited into a non-interest bearing, non-trust account. After the Secretary approves the conveyance or contract instrument involving trust assets, the money designated by the conveyance or contract instrument will be deposited into a trust fund account.

§117.1 Definitions.

When used in the regulations in this part the following words or terms shall have the meaning shown below:

(a) Secretary means the Secretary of the Interior or his authorized representative.

(b) Commissioner means the Commissioner of Indian Affairs or his authorized representative.

(c) Superintendent means the superintendent of the Osage Agency.

(d) Quarterly payment means the payment of not to exceed $1,000 which is made each fiscal quarter to or on behalf of an adult Indian, from the following sources:

1. The pro rata distribution of tribal mineral income and other tribal revenues.
2. The interest on segregated trust funds.
3. Surplus funds in addition to the income from the foregoing sources in the amount necessary to aggregate $1,000 when the income from those sources is less than $1,000 and the Indian has a balance of accumulated surplus funds in excess of $10,000.

(e) Surplus funds means all those moneys and securities readily convertible into cash, except allowance funds and segregated trust funds, which are held to the credit of an Indian at the

Osage Agency and which may be disbursed, expended or invested only upon authorization by the Secretary. The term includes:

(1) That portion of the quarterly distribution of tribal income and interest on segregated trust funds, in excess of $1,000, belonging to an adult Indian.

(2) The proceeds, including appreciation, of the sale or conversion of restricted real or personal property (other than partition sales).

(3) Payments made by insurance companies or others for loss or damage to restricted real or personal property.

(5) Funds and securities placed to the credit of an Indian upon the distribution of an Osage estate.

(f) Allowance funds means that income payable to or on behalf of a living adult Indian, the expenditure and disbursement of which is not subject to supervision unless authorized pursuant to the procedure contained in §117.5. The term includes:

(g) Segregated trust funds means those moneys held in the United States Treasury at interest to the credit of an Indian which represent pro rata shares of the segregation of tribal trust funds and the proceeds of the partition of restricted lands.

§ 117.2 Payment of taxes of adult Indians.

The superintendent may cause to be paid out of any money heretofore accrued or hereafter accruing to the credit of any adult Indian all taxes of every kind and character for which such Indian is or may be liable before paying to or for such person any funds as required by law. All checks in payment of taxes shall be made payable to the proper collector. For the purpose of establishing a fund with which to meet the payment of such taxes when due, the Superintendent may cause the funds of an adult Indian to be hypothecated in the following manner:

(a) For the payment of ad valorem taxes, one-fourth of the estimated amount ad valorem taxes from each quarterly payment unless this procedure would cause the obligation of more than 25 percent of such quarterly payments, in which event the necessary additional funds shall be retained from other allowance funds payable to such person under the law. If there be no other allowance funds available, or if the funds from these sources are insufficient, one-fourth of the estimated amount of such ad valorem taxes may be obligated from each quarterly payment. If an Indian who is liable for ad valorem taxes has no allowance funds, or such funds are insufficient for the payment thereof, surplus funds may be used for such payment.

(b)(1) For the payment of income taxes, one-half of the estimated amount of income taxes from each semi-annual payment of interest on deposits, but if such interest payments are insufficient to meet this obligation, additional funds shall be retained from interest on investments, rentals, or other allowance funds.

(2) Whenever funds are withheld for the purpose of establishing a fund to meet the payment of taxes, the Indian shall be notified of the action taken.

§ 117.3 Payment of taxes of Indians under 21 years of age.

All taxes assessed against the restricted lands of Indians less than 21 years of age shall be paid by the superintendent direct to the collector from the rents and income derived from such lands, and the balance, if any, of such rents and income shall be paid to the living parents or parent. If the parents are separated, the balance shall be paid to the parent having custody of the Indian under 21 years of age. All other taxes for which an Indian under 21 years of age may be liable shall be paid from his surplus funds.
§ 117.4 Disbursement of allowance funds.

Except as provided in §117.5, all allowance funds shall be disbursed to the Indian owner unless the Indian owner directs otherwise in writing. At the request of the Indian owner, such funds may be retained by the superintendent as voluntary deposits subject to withdrawal or other disposition upon demand or direction of the Indian owner. The superintendent may recognize a power of attorney executed by the Indian and may disburse the allowance funds of the Indian in conformity therewith so long as the power of attorney remains in force and effect.

§ 117.5 Procedure for hearings to assume supervision of expenditure of allowance funds.

(a) Whenever the superintendent has reason to believe that an adult Indian is wasting or squandering his allowance funds the superintendent may cause an investigation and written report of the facts to be made. If the report indicates that the Indian is wasting or squandering his allowance funds the following notice shall be served upon the Indian, in person or by registered mail, and a copy thereof shall likewise be served upon his guardian if the Indian is under guardianship:

Section 1 of the act of February 27, 1925 (43 Stat. 1008) provides in part as follows:

"All payments to adults not having certificates of competency, including amounts paid for each minor, shall, in case the Secretary of the Interior finds that such adults are wasting or squandering said income, be subject to the supervision of the Superintendent of the Osage Agency: . . ."

Enclosed is a copy of a report which has been made to me concerning your handling and management of the income paid to you through the Osage Agency. This report indicates that you have been wasting and squandering your payments.

You are hereby notified that a hearing will be held in the Osage Indian Agency, Pawhuska, Oklahoma, at ___ m., on the day of ____, ____, before the Superintendent, for the purpose of taking testimony and evidence to be submitted to the Commissioner of Indian Affairs for his consideration in determining whether your payments shall be subject to the supervision of the Superintendent.

You are requested to be present at the hearing at the time and place designated above. You may introduce at the hearing such testimony and evidence as you deem appropriate to show that you are not wasting or squandering your payments and that your payments should continue to be made to you without supervision for your unrestricted use.

You are entitled to employ an attorney to assist you in this matter. Upon your request the employees of the Osage Agency will furnish you with any information you desire concerning your accounts at the Osage Agency or any of your transactions handled through the Osage Agency.

Date.
Superintendent.

(b) A hearing shall be held pursuant to the notice, the date of which shall be not less than 30 days after the date of the notice. For good cause shown to exist the superintendent may continue the hearing to a later date.

(c) A record of the proceedings, consisting of the superintendent’s preliminary report, the notice and proof of service, all testimony and evidence introduced at the hearing, and all briefs and letters filed by the Indian or his attorney shall be submitted to the Commissioner, together with a recommendation from the superintendent.

(d) Upon a finding by the Commissioner that the Indian is wasting or squandering his income, his allowance funds shall thereafter be subject to the supervision of the superintendent. Notice of the decision of the Commissioner shall be furnished all interested parties.

§ 117.6 Allowance for minors.

PART 134—PARTIAL PAYMENT CONSTRUCTION CHARGES ON INDIAN IRRIGATION PROJECTS

Sec. 134.1 Partial reimbursement of irrigation charges; 5 percent per annum of cost of system, June 30, 1920.

In pursuance of the act of February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), regulations governing partial payment of construction charges on Indian irrigation projects, with the exception of certain ones mentioned therein, where approved by the Department June 21, 1920, and require that each owner of irrigable land under any irrigation system constructed for the benefit of Indians under provisions of law requiring reimbursement of the cost of such system and to which land, water for irrigation purposes can be delivered from such system, shall pay, on or before November 15, 1920, a sum equal to 5 percent of the per acre cost, as of June 30, 1920, of the construction of the system under which such land is situated. The per acre cost of a given system as of June 30, 1920, shall be determined by dividing the total amount expended for construction purposes on such system up to that day by the total area of land to which water for irrigation purposes can be delivered on that date; and on November 15 of each year following the year 1920, until further notice, the land owners, as therein prescribed, shall pay 5 percent of the per acre construction cost as of June 30, of the current year, such per acre cost to be determined by dividing the total cost of the system to June 30 of that year by the total area of land to which water for irrigation purposes can be delivered from the system on that date. Provision is contained that no payments shall be required under the regulations in behalf of lands still in process of allotment or prior to the issuance of the first or trust patent therefor, nor for lands reserved for school, agency, or other administrative purposes where the legal title still remains in the United States.

§ 134.2 Landowners financially unable to pay.

Considerable difficulty has been encountered in collecting charges under the regulations in behalf of lands still in process of allotment or prior to the issuance of the first or trust patent therefor, nor for lands reserved for school, agency, or other administrative purposes where the legal title still remains in the United States.
§ 134.3 Period for payments extended.

Furthermore, in recent legislation dealing with specific projects in the Bureau and also all reclamation projects the policy has been to extend the payment of such charges over a longer period of years.

§ 134.4 Annual payment reduced.

In view of these conditions the regulations governing this matter are hereby modified so as to distribute the unaccrued installments over a period of time so that 2½ percent of the total amount yet due shall be due and payable on November 15 of each year until further notice. You shall accordingly ascertain the per acre cost after deducting the amount of the accrued charges and take 2½ percent of that amount and a like sum each year so that the amount of the annual installments will be the same each year. Superintendents are obligated to submit all proposed lists of sales involving allotments containing irrigable allotments to the project or supervising engineer for checking, as to the irrigable acreage and amounts of unpaid construction, operation, and maintenance charges against such allotments. Each sale forwarded to the Bureau for action shall be accompanied by contract executed on Form 5–462b where irrigable acreage is involved and after approval thereof a copy of contract on said form shall be sent to the project engineer for his records and the charges paid by the purchaser shall be turned over to the disbursing agent for credit and deposit as instructed in the next paragraph. The regulations in this part shall not apply to lands in the Wapato project, on the Yakima Indian Reservation, nor to the irrigation projects on the Blackfeet, Fort Peck, Flathead, and Crow Reservations, Montana, for which special regulations have been issued nor to the Fort Hall Reservation, Idaho, or the San Carlos project, Arizona.\(^1\)

§ 134.4a Assessment and collection of additional construction costs.

(a) Upon the completion of the construction of an Indian irrigation project, or unit thereof, subsequent to the determination of the partial per acre construction assessment rate which was fixed prior to July 1, 1957, pursuant to §134.4 the Secretary of the Interior or his authorized representative shall determine such additional construction cost and distribute that cost on a per acre basis against all of the irrigable lands of the project, or unit thereof, and ¼th of such per acre additional construction cost thus determined shall be assessed and collected annually from the non-Indian landowner of the project, or unit thereof. The first installment shall be due and payable on November 15 of the year following the completion of such additional construction work or, if such additional construction work on the project, or unit thereof, has been completed prior to July 1, 1957, and the per acre annual rate determined, the first installment of the additional construction cost to be repaid by such non-Indian landowners shall be due and payable on November 15, 1958. This annual per acre rate shall be in addition to, and run concurrently with, the per acre construction rate assessed annually under §134.4.

(b) Project lands in Indian ownership are not subject to assessment for their proportionate share of the per acre construction cost of the project, or unit thereof, until after the Indian title to the land has been extinguished. At that time the total annual per acre assessment rate against non-Indian lands of the project, or unit thereof, shall be assessed against the former Indian lands for each and every acre of irrigable land to which water can be delivered through the project works, beginning on November 15 of the year following the extinguishment of the Indian title to the land and on November 15 of each year thereafter over a forty year period. In cases where the Indian title to project land was extinguished prior to July 1, 1957, the assessment...
§ 134.5 Payments to disbursing officer.
Payments under this part shall be made to the disbursing officer for the supervising engineer of the Indian Irrigation Service having jurisdiction over the irrigation system under which the land for which payment is made may lie. The sum so collected will then, after proper credit has been made to the land for which collected, be deposited in the Treasury of the United States to the credit of the respective funds used in constructing irrigation systems toward which reimbursement shall have been made.

§ 134.6 "Owner" defined.
The word "owner" as used in this part shall be construed to include any person, Indian or white, or any firm, partnership, corporation, association, or other organization to whom title to the land capable of irrigation, as provided in the act of February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), has passed, either by fee or trust patent, or otherwise.

§ 134.7 Modifications.
The act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a), cancelled all irrigation assessments for construction costs against lands in Indian ownership which were unpaid at that date and deferred all future assessments for construction costs until the Indian title to the land shall have been extinguished.

AUTHORITY: Sec. 15, 60 Stat. 338.

Subpart A—Charges Assessed Against Irrigation District Lands

§ 135.1 Contracts.
Under provisions of the act of Congress approved June 28, 1946 (60 Stat. 333-338), contracts were executed June 28, 1951, by the United States with the Lower Little Horn and Lodge Grass Irrigation District and the Upper Little Horn Irrigation District providing for the payment, over a period of 40 years, by each of the Districts of its respective share of the sum of $210,726 expended for the construction of the Willow Creek storage works on account of non-Indian lands within the Districts entitled to share in the storage water, directly or by substitution.

§ 135.2 Annual rate of assessments.
Within the Lower Little Horn and Lodge Grass Irrigation District there are 3,196.8 acres for which the District is obligated by contract to pay its proper share of the total construction costs. Within the Upper Little Horn Irrigation District there are 1,554.7 acres for which the District is obligated by contract to pay its proper share of the total construction costs. There are 3,237.6 acres, more or less, covered by contracts with private landowners, obligating such owners to pay their proper share of such construction costs. The total per acre charge against all such lands is $20.38. This amounts to an annual per acre rate of $0.6595. For the purpose of this notice the annual per acre rate is hereby fixed at $0.66. This annual per acre rate of assessment will continue for a 40-year period within which the total amount of construction costs of $210,726 is to be repaid without
§ 135.3 Annual assessments.

Notice is hereby given of an annual assessment of $2,108.05 to be repaid by the Lower Little Horn and Lodge Grass Irrigation District for the 3,196.8 acres of irrigable land of the District, and an annual assessment of $1,025.06 to be repaid by the Upper Little Horn Irrigation District for the 1,554.7 acres of irrigable land of the District. Against the amounts due annually by the Districts under this notice, there shall be allowed any credits due under section 6 of the act of June 28, 1946. Credits due on behalf of any land shall be reflected by the respective Districts when placing against such land the annual assessment on the tax rolls.

§ 135.4 Time of payment.

Annual assessments shall be paid by the Districts to the United States, one-half thereof on or before February 1 and one-half thereof on or before July 1 following, of each year commencing with the calendar year 1952.

§ 135.5 Penalty.

To all assessments not paid on the due date, there shall be added a penalty of one-half of one percent per month or fraction thereof, from the due date so long as the delinquency continues.

§ 135.6 Refusal of water delivery.

The right is reserved to the United States to refuse the delivery of water to each of the said Irrigation Districts in the event of default in the payment of assessments, including penalties on account of delinquencies.
§ 136.1 Repayment contracts.

A rehabilitation program was established on the Fort Hall Unit of the Fort Hall Project in 1936. Based upon the estimated construction costs, contracts were signed by all non-Indian landowners within the project, including such landowners within the Little Indian Unit, now a part of the Fort Hall Unit. Under the terms of their contracts, the landowners agreed to repay to the Government their pro rata share, on an acreage basis, of all expenditures for construction and other necessary improvements for carrying out the approved program, payments not to exceed $7.50 per acre, based upon an estimated expenditure of $450,000.00 for a project then considered as covering approximately 60,000 acres.

§ 136.2 Construction costs.

The program of rehabilitation has now been completed at a cost of $419,186.52. This amount, chargeable on an equal per acre basis against 60,000 acres, amounts to a rate of $6.986 per acre, which rate is hereby determined to be the per acre cost to be repaid to the United States under the 1936 contracts.

§ 136.3 Repayment of construction costs.

Under the terms of the contracts, the landowners agreed to repay the construction cost in forty (40) equal annual installments. Therefore, the annual per acre installment is hereby fixed at seventeen and one-half cents (17 1/2 cents) per acre, due and payable on December 1st of each year, the first payment being due on December 1, 1955. Under section 4 of the repayment contracts of the landowners and the act of March 10, 1928 (45 Stat. 210), the charges remain a lien against the lands until paid.

PART 137—REIMBURSEMENT OF CONSTRUCTION COSTS, SAN CARLOS INDIAN IRRIGATION PROJECT, ARIZONA

§ 137.1 Water supply.

The engineering report dealt with in section 1 of the act of June 7, 1924 (43 Stat. 475) and other available records show that the storage capacity of the San Carlos reservoir created by the Coolidge Dam and the water supply therefor over a period of years will provide for the irrigation of only 80,000 acres of lands in Indian and public or private ownership within the San Carlos irrigation project, the balance of the water supply needed for the additional 20,000 acres of the project to be provided for by recaptured and return flow water and by means of pumping the underground supply. The cost of providing the proposed supply and of operating the works for this latter acreage to be equally distributed over the entire 100,000 acres of the project regardless of where the works are placed and operated.
§ 137.2 Availability of water.

Pursuant to section 3 of the act of June 7, 1924 (43 Stat. 475), requiring the Secretary of the Interior by public notice to announce when water is actually available for lands in private ownership under the project and the amount of the construction charges per irrigable acre against the same which charges shall be payable in annual installments as provided for therein, this public notice, of which § 137.1 is made a part hereof, is hereby given:

The date when a reasonable water supply is actually available for lands in private ownership under the San Carlos irrigation project is hereby declared to be the 1st day of December 1932.

§ 137.3 Construction charges.

Each acre of land in private ownership of said project is hereby charged with $95.25 of construction cost assessable thereto at the date hereof (Dec. 1, 1932), which sum is based upon 50,000 acres of such privately owned lands, making a total charge or assessment due from the owners thereof of $4,762,250 on this date (Dec. 1, 1932), excluding the cost of operation and maintenance for the calendar year of 1933 which may be carried into construction cost as provided for by section 3 of the act of June 7, 1924 (43 Stat. 476), and also excluding interest at the rate of 4 percent which is charged against such lands by said act. Of the 50,000 acres constituting the lands in private ownership within the said project only 46,107.49 acres have at this date (Dec. 1, 1932) actually been designated as coming within the project. Should this present designated area be not increased within a reasonable time herefrom and prior to the due date of the first installment of the charge fixed in this section, namely, on December 1, 1935, so as to bring the total designated area up to the 50,000 acres, the per acre charge fixed in this section shall be proportionately increased against the then designated area so as to assure reimbursement of the total indebtedness due the Government by the owners of the lands in private ownership from the lesser designated acreage.

§ 137.4 Future charges.

The payment of said construction cost and costs of future operation and maintenance of said project as provided for in said section 3 of the act of June 7, 1924 (43 Stat. 476), as supplemented or amended and such contingent project liabilities which may be incurred in accordance with the provisions of said repayment contract shall be made in accordance with the provisions of said act of June 7, 1924, as supplemented or amended and the repayment contract by and between the San Carlos irrigation and drainage district and the Secretary of the Interior bearing date of June 8, 1931; the said construction cost incurred subsequent to this public notice assessable against the lands in private ownership and costs of operation and maintenance assessed against such privately owned lands within the project for the first year after this public notice to be included in the construction cost and such contingent project liabilities which may be incurred in accordance with provisions of the repayment contract shall also be repaid to the Government pursuant to the terms of said act of June 7, 1924, as supplemented or amended, and the repayment contract and this public notice.

§ 137.5 Construction costs limited.

The repayment contract with the San Carlos irrigation and drainage district, page 13 thereof, contains the following:

In accordance with the foregoing the costs of the San Carlos project as fixed by the public notice to be issued as aforesaid, unless further sums shall be agreed to by the Secretary of the Interior and the district after the execution of this instrument, may amount to but shall not exceed the sum of $9,556,313.77, except that said total may be exceeded by the inclusion of any sums expended to safeguard the project as hereinabove provided for, and any sums expended on account of contingent liabilities as in the next paragraph hereof provided.

The foregoing and subsequent statements of project costs, the district’s shares of which are to be repaid hereunder, unless otherwise provided by Congress more favorably to the lands of the project, may be increased

¹Contract available at the Bureau of Indian Affairs, Washington, D.C.
by the addition of sums not now fixed as project charges but which possibly constitute contingent project liabilities incurred after the date of the San Carlos Act of June 7, 1924 (43 Stat. 476), or incurred on account of the Florence-casa Grande project, and so may become project charges by the judgment of courts of competent jurisdiction or of other proper authority.

The limitations therein fixed has approximately been reached, there remaining but $32,815.02 yet to be expended on project works before reaching that limitation. Upon the expenditure of this additional sum there shall be no further expenditures of funds for construction, operation and maintenance of the San Carlos project so far as the private lands are concerned until the San Carlos irrigation and drainage district shall, through appropriate action, authorize pursuant to the terms of the said repayment contract such additional expenditures. This limitation does not apply to project expenditures for the extension of the distributing and pumping system regardless of where they may arise. This class of expenditures being excepted from the limitation on expenditures contained in the said repayment contract by section 14, page 10, thereof, which section is known as the “Equalization of Expenditures.”

§ 137.6 Power development.

The cost of the power development at the Coolidge Dam is hereby fixed at $735,000. The net revenues derived from the operation of this power development shall be disposed of as required by the terms and conditions of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210) as supplemented or amended.

§ 137.7 Private ownership defined.

The term “private ownership” used in this public notice includes all lands of the San Carlos irrigation project that have or may be designated by the Secretary of the Interior that are situated outside of the boundaries of the Gila River Indian Reservation.

§ 137.8 Indian lands excluded.

This public notice, with the exception of that part dealing with payment in advance each year of operation and maintenance charges against lands in Indian ownership operated under lease, does not apply in so far as payments are concerned to Indian lands within the project. The act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a) defers the collection of construction costs from Indian owned lands so long as the title to such lands remains in the Indian ownership.

PART 138—REIMBURSEMENT OF CONSTRUCTION COSTS, AHTANUM UNIT, WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

Sec.

138.1 Construction costs and assessable acreage.

138.2 Repayment of construction costs.

138.3 Payments.

§ 138.2 Repayment of construction costs.

The cost per acre under §138.1 is, therefore, established at $16.7535. Under the provisions of the acts of February 14, 1920 (41 Stat. 409) and March 7, 1928 (45 Stat. 210), these costs are based on forty equal annual payments, the annual per acre assessment is hereby fixed at $0.42 per acre for the year 1957 and each succeeding year until the entire cost for each tract shall have been repaid to the United States Treasury. Assessments against this land will be at the annual rate of $0.42 per acre and shall be due as provided in §138.3, and payable promptly thereafter until the total construction cost of $16.7535 per acre chargeable against the land has been paid in full.

PART 139—REIMBURSEMENT OF CONSTRUCTION COSTS, WAPATO-SATUS UNIT, WAPATO INDIAN IRRIGATION PROJECT, WASHINGTON

Sec. 139.1 Construction costs and assessable acreage.

139.2 Repayment of construction costs.

139.3 Payments.

139.4 Deferment of assessments on lands remaining in Indian ownership.

139.5 Assessments after the Indian title has been extinguished.

§ 139.1 Construction costs and assessable acreage.

The construction program has been completed on the Wapato-Satus Unit of the Wapato Indian Irrigation Project, and the construction costs have been established by Designation Report dated August 1962 as $7,903,823.12 for the project and $1,499,073.62 for the “B” lands share of the construction costs in the Bureau of Reclamation reservoirs on the Yakima River. The area benefited by this development has been established at 136,559.59 acres divided into 79,025.68 acres of “A” land and 57,533.91 acres of “B” land. Under the requirements of the acts of February 14, 1920 (41 Stat. 409), and March 7, 1928 (45 Stat. 210), these costs are to be repaid to the U.S. Treasury by the owners of the lands benefited.

§ 139.2 Repayment of construction costs.

The cost per acre of the construction under §139.1 is, therefore, calculated at $57.6782 for “A” lands and $83.9337 for “B” lands in non-Indian ownership as established by Designation Report dated August 1962. Under the provisions of the acts cited in §139.1 the annual per acre assessment for forty equal annual payments, is hereby fixed at $1.45 per acre for “A” lands and $2.10 per acre for “B” lands for the year 1962 and each succeeding year, until the entire cost for each tract shall have been repaid to the U.S. Treasury. On those tracts where payments have been made pursuant to uncodified special regulations, annual assessments beginning with the year 1962 at the rate of $1.45 per acre for “A” lands and $2.10 per acre for “B” lands will be made until the entire cost of $57.6782 per acre for “A” lands and $83.9337 per acre for “B” lands shall have been repaid to the U.S. Treasury. Landowners may pay at any time the total of the then remaining indebtedness. Under the act of March 10, 1928 (45 Stat. 210), the unpaid charges stand as a lien against the lands until paid.
§ 139.3 Payments.

In conformity with the act of July 1, 1932 (47 Stat. 564; U.S.C. 386(a)), no assessment shall be made on behalf of construction costs against Indian-owned land within the project until the Indian title thereto has been extinguished.

§ 139.5 Assessments after the Indian title has been extinguished.
Indian-owned lands passing to non-Indian ownership shall be assessed for construction costs and the first assessment shall be due on December 31 of the year that the Indian title is extinguished. The construction costs against this land will be established as provided by section 5 of the act of September 26, 1961 (75 Stat. 680). The annual per acre assessment rate will be determined by dividing the established construction cost per acre into forty equal payments. “B” lands will also be assessed for reservoir construction costs in the annual per-acre rate as established in the Designation Report dated August 1962. Assessments against this land will continue until the entire established construction costs shall have been repaid to the U.S. Treasury. Landowners may pay at any time the total of the then remaining indebtedness. Under the act of March 10, 1928 (45 Stat. 210), the unpaid charges stand as a lien against the lands until paid.

Such requirements for sealed bid or public auction may only be waived by the Assistant Secretary for Indian Affairs on the basis of a full report showing:

(i) The need for the transaction,

(ii) The benefits accruing to both parties,

(iii) That the consideration for the proposed transaction shall be not less than the fair market value of the trust or restricted property or interest therein, unless the employee is involved in a transaction in accordance with §152.25(c) or (d) or §162.5(b)(1), (2), or (3) of this title or the employee is the recipient of a benefit for tribal members for which a uniform charge to all members is made, and

(iv) An affidavit as follows shall accompany each proposed transaction: "I (name) (title), swear (or affirm) that I have not exercised any undue influence nor used any special knowledge received by reason of my employment in the Bureau in obtaining the (grantor's, purchaser's, vendor's) consent to the instant transaction."

§ 140.9 Application for license.

(a) Application for license must be made in writing on Form 5–052, setting forth the full name and residence of the applicant; if a firm, the firm name and the name of each member thereof; the place where it is proposed to carry on the trade; the capital to be invested; the names of the clerks to be employed; and the business experience of the applicant. The application must be forwarded through the Superintendent to the Commissioner of Indian Affairs, accompanied by two satisfactory testimonials on Form 2–077 as to the character of the applicant and his employees and their fitness to be in the Indian country, and by an affidavit of the Superintendent on Form 5–053 that neither he nor any person for him has any interest, direct or indirect, present or prospective, in the proposed business or the profits arising therefrom, and that no arrangement for any benefit to himself or to any other person on his behalf is contemplated in case the license is granted. Licensed traders will be held responsible for the conduct of their employees.

(b) Itinerant peddlers or purveyors of foodstuffs and other merchandise shall be considered as traders and shall obtain a license or permit from the Superintendent setting forth the class of trade or peddling to be carried on, furnishing such character or credit references, or both, as may be required by the Superintendent. The period of the license for such itinerant peddlers shall be determined by the Superintendent.

(c) When a license or permit to trade is issued under the regulations in this part 140, a fee of $5, payable when the license is issued, shall be levied against the licensee.

§ 140.11 License period.

Licenses to trade shall not be issued unless the proposed licensee has a right to the use of the land on which the business is to be conducted. The license period shall correspond to the period of the lease or permit held by the licensee on restricted Indian land, except that where the proposed licensee is the owner or beneficial owner or holds a use right to the land on which the business is to be conducted, the license period shall be fixed by the Commissioner of Indian Affairs or his authorized representative, but in no case shall the license period exceed 25 years.

§ 140.12 License renewal.

Application for renewal of license must be made to the Commissioner of Indian Affairs on Form 5–054, through the superintendent, at least 30 days prior to the expiration of the existing license, and the superintendent must report as to the record the applicant has made as a trader and his fitness to continue as such under a new license.

§ 140.14 Trade limited to specified premises.

No trade with Indians is permitted at any other place than that specified in the license. Licenses to not cover branch stores. A separate license and bond must be furnished for each such store. The business of a licensed trader must be managed by the bonded principal, who must habitually reside upon the reservation, and not by an unbonded subordinate.

No trader will be allowed to lease, sublet, rent, or sell any of the buildings which he occupies, for any purpose to any other person or concern, without the approval of the Commissioner of Indian Affairs. A license to trade with Indians does not confer upon the trader any right or privileges in respect to the herding or raising of livestock upon the reservation. The use of reservation lands, whether tribal or allotted, for such purposes can be obtained by a trader only upon the terms and under the restrictions which apply to other persons. His license gives him no advantage over others in this respect.

§ 140.16 Trade in annuities or gratuities prohibited.

Traders are forbidden to buy, trade for, or have in their possession any annuity or other goods of any description which have been purchased or furnished by the Government for the use or welfare of the Indians. § 140.19 Drugs.

Traders shall not keep for sale, or sell, give away, or use any opium, chloral, cocaine, peyote or mescal bean, hashish or Indian hemp or marihuana, or any compound containing either ingredient, and for violation hereof the trader’s license shall be revoked.

§ 140.21 Gambling.

Gambling, by dice, cards, or in any way whatever, is strictly prohibited in any licensed trader’s store or on the premises.

§ 140.22 Inspection of traders’ prices.

It is the duty of the superintendent to see that the prices charged by licensed traders are fair and reasonable. To this end the traders shall on request submit to the superintendent or inspecting officials the original invoice, showing cost, together with a statement of transportation charges, retail price of articles sold by them, the amount of Indian accounts carried on their books, the total annual sales, the value of buildings, livestock owned on reservation, the number of employees, and any other business information such officials may desire. The quality of all articles kept on sale must be good and merchantable.

§ 140.23 Credit at trader’s risk.

Credit given Indians will be at the trader’s own risk, as no assistance will be given by Government officials in the collection of debts against Indians.
§ 140.24 Traders shall not accept pawns or pledges of personal property by Indians to obtain credit or loans.

§ 140.24 Cash payments only to Indians. Traders must not pay Indians in tokens, tickets, store orders, or anything else of that character. Payment must be made in money, or in credit if the Indian is indebted to the trader.

For the purpose of enforcement of this provision State officers may enter Indian reservations, with the consent of the superintendent, to inspect the premises of such traders and otherwise to execute such State laws and regulations.

§ 141.44 Insurance on pawn.

(a) Any licensee under this part who lends money or extends credit with personal property as security and holds such property as a pledge shall maintain all-risk insurance coverage running in favor of the pledgor for such property in amounts based upon a report issued monthly to the insurer. (Act of August 11, 1955 (69 Stat. 666)).

(f) Tribe means a tribe, band, nation, community, group, or pueblo of Indians.

§ 152.2 Withholding action on application.

Action on any application, which if approved would remove Indian land from restricted or trust status, may be withheld, if the Secretary determines that such removal would adversely affect the best interest of other Indians, or the tribes, until the other Indians or the tribes so affected have had a reasonable opportunity to acquire the land from the applicant. If action on the application is to be withheld, the applicant shall be advised that he has the right to appeal the withholding action pursuant to the provisions of part 2 of this chapter.

§ 152.3 Information regarding status of applications for removal of Federal supervision over Indian lands.

The status of applications by Indians for patents in fee, certificates of competency, or orders removing restrictions shall be disclosed to employees of the Department of the Interior whose duties require that such information be disclosed to them; to the applicant or his attorney, upon request; and to Members of Congress who inquire on behalf of the applicant. Such information will be available to all other persons, upon request, 15 days after the fee patent has been issued by the Bureau of Land Management, or 15 days after issuance of certificate of competency or order removing restrictions, or after the application has been rejected and the applicant notified. Where the termination of the trust or restricted status of the land covered by the application would adversely affect the protection and use of Indian land remaining in trust or restricted status, the owners of the land that would be so affected may be informed that the application has been filed.

§ 152.4 Application for patent in fee.

Any Indian 21 years of age or over may apply for a patent in fee for his trust land. A written application shall be made in the form approved by the Secretary and shall be completed and filed with the agency having immediate jurisdiction over the land.

(2) Where the entire interest in the oil and gas granted by the act is after June 30, 1954, held in trust for Indians to whom a fee patent has been issued at any time, for any land within the Fort Peck Reservation, or who have been or are determined by the Secretary to be competent, the Secretary will convey, by patent, without application, therefor, unrestricted fee simple title to the oil and gas.

(3) Where the Secretary determines that the entire interest in a tract of land on the Fort Peck Reservation is owned by Indians who were grantees of oil and gas under the act and he determines that such Indians are competent, he will issue fee patents to them covering all interests in the land without application.

§ 152.6 Issuance of patents in fee to non-Indians and Indians with whom a special relationship does not exist.

Whenever the Secretary determines that trust land, or any interest therein, has been acquired through inheritance or devise by a non-Indian, or by a person of Indian descent to whom the United States owes no trust responsibility, the Secretary may issue a patent in fee for the land or interest therein to such person without application.

(b) When the Secretary, in his discretion, finds that in the best interest of the applicant all or part of the land described in the application should be sold with conditions concerning terms of sale and disposal of the proceeds, the Secretary may issue a conditional order removing restrictions which shall be effective only and simultaneously with the execution of a deed by said applicant upon completion of an advertised sale or negotiated sale acceptable to the Secretary.

§ 152.13 Removal of restrictions, Five Civilized Tribes, after application under section 2(a) of the Act of August 11, 1955.

(a) If the Secretary determines the applicant to be competent, he shall issue an order removing restrictions having the effect stated in §152.16.

(b) If the Secretary rejects the application, his action is not subject to administrative appeal, notwithstanding the provisions concerning appeals in part 2 of this chapter.

(c) If the Secretary rejects the application, or neither rejects nor approves the application within 90 days of the application date, the applicant may apply to the State district court in the county in which he resides for an order removing restrictions. If that State district court issues such order, it will have the effect stated in §152.16.
§ 152.14 Removal of restrictions, Five Civilized Tribes, without application.

Section 2(b) of the Act of August 11, 1955 (69 Stat. 666), authorizes the Secretary to issue an order removing restrictions to an Indian of the Five Civilized Tribes without application therefor. When the Secretary determines an Indian to be competent, he shall notify the Indian in writing of his intent to issue an order removing restrictions 30 days after the date of the notice. This decision may be appealed under the provisions of part 2 of this chapter within such 30 days. All administrative appeals under that part will postpone the issuance of the order. When the decision is not appealed within 30 days after the date of notice, or when any dismissal of an appeal is not appealed within the prescribed time limit, or when the final appeal is dismissed, an order removing restrictions will be issued.

§ 152.15 Judicial review of removal of restrictions, Five Civilized Tribes, without application.

When an order removing restrictions is issued, pursuant to §152.14, a copy of such order will be delivered to the Indian, to any person acting in his behalf, and to the Board of County Commissioners for the county in which the Indian resides. The timely initiation of proceedings in the State district court will stay the effective date of the order removing restrictions until such proceedings are concluded. If the State district court dismisses the appeal, the order removing restrictions will become effective 6 months after notification to the parties of such dismissal. The effect of the issuance of such order will be as prescribed in §152.16.

§ 152.16 Effect of order removing restrictions, Five Civilized Tribes.

An order removing restrictions issued pursuant to the Act of August 11, 1955 (69 Stat. 666), on its effective date shall serve to remove all jurisdiction and supervision of the Bureau of Indian Affairs over money and property held by the United States in trust for the individual Indian or held subject to restrictions against alienation imposed by the United States. The Secretary shall cause to be turned over to the Indian full ownership and control of such money and property and issue in the case of land such title document as may be appropriate: Provided, That the Secretary may make such provisions as he deems necessary to insure payment of money loaned to any such Indian by the Federal Government or by an Indian tribe; And provided further, That the interest of any lessee or permittee in any lease, contract, or permit that is outstanding when an order removing restrictions becomes effective shall be preserved as provided in section 2(d) of the Act of August 11, 1955 (69 Stat. 666).

§ 152.19 Sale by fiduciaries.

Guardians, conservators, or other fiduciaries appointed by State courts, or by tribal courts operating under approved constitutions or law and order codes, may, upon order of the court, convey with the approval of the Secretary or consent to the conveyance by the Secretary of trust or restricted land belonging to their Indian wards who are minors, non compos mentis or otherwise under legal disability. § 152.20 Sale by Secretary of certain land in multiple ownership.

Pursuant to the Act of June 25, 1910 (36 Stat. 855), as amended (25 U.S.C. 372), if the Secretary decides that one or more of the heirs who have inherited trust land are incapable of managing their own affairs, he may sell any or all interests in that land. This authority is not applicable to lands authorized to be sold by the Act of May 14, 1948 (62 Stat. 236; 25 U.S.C. 483).

§ 152.21 Sale or exchange of tribal land.

§ 152.22 Secretarial approval necessary to convey individual-owned trust or restricted lands or land owned by a tribe.

(a) Individual lands. Trust or restricted lands, except inherited lands of the Five Civilized Tribes, or any interest therein, may not be conveyed without the approval of the Secretary. Moreover, inducing an Indian to execute an instrument purporting to convey any trust land or interest therein, or the offering of any such instrument for record, is prohibited and criminal penalties may be incurred. (See 25 U.S.C. 202 and 348.)

(b) Tribal lands. Lands held in trust by the United States for an Indian tribe, lands owned by a tribe with Federal restrictions against alienation and any other land owned by an Indian tribe may only be conveyed where specific statutory authority exists and then only with the approval of the Secretary unless the Act of Congress authorizing sale provides that approval is unnecessary. (See 25 U.S.C. 177.)

§ 152.23 Applications for sale, exchange or gift.

Applications for the sale, exchange or gift of trust or restricted land shall be filed in the form approved by the Secretary with the agency having immediate jurisdiction over the land. Applications may be approved if, after careful examination of the circumstances in each case, the transaction appears to be clearly justified in the light of the long-range best interest of the owner or owners or as under conditions set out in § 152.25(d).
§ 152.24 Appraisal.

Except as otherwise provided by the Secretary, an appraisal shall be made indicating the fair market value prior to making or approving a sale, exchange, or other transfer of title of trust or restricted land.

§ 152.25 Negotiated sales, gifts and exchanges of trust or restricted lands.

Those sales, exchanges, and gifts of trust or restricted lands specifically described in the following paragraphs (a), (b), (c), and (d) of this section may be negotiated; all other sales shall be by advertised sale, except as may be otherwise provided by the Secretary.

(a) Consideration not less than the appraised fair market value. Indian owners may, with the approval of the Secretary, negotiate a sale of and sell trust or restricted land for not less than the appraised fair market value:

1. When the sale is to the United States, States, or political subdivisions thereof, or such other sale as may be for a public purpose;

2. When the sale is to the tribe or another Indian; or

3. When the Secretary determines it is impractical to advertise.

(b) Exchange at appraised fair market value. With the approval of the Secretary, Indian owners may exchange trust or restricted land, or a combination of such land and other things of value, for other lands or combinations of land and other things of value. The value of the consideration received by the Indian in the exchange must be at least substantially equal to the appraised fair market value of the consideration given by him.

(c) Sale to coowners. With the approval of the Secretary, Indian owners may negotiate a sale of and sell trust or restricted land to a coowner of that land. The consideration may be less than the appraised fair market value, if in the opinion of the Secretary there is a special relationship between the coowners or special circumstances exist.

(d) Gifts and conveyances for less than the appraised fair market value. With the approval of the Secretary, Indian owners may convey trust or restricted land, for less than the appraised fair market value or for no consideration when the prospective grantee is the owner’s spouse, brother, sister, lineal ancestor of Indian blood or lineal descendant, or when some other special relationship exists between the grantor and grantee or special circumstances exist that in the opinion of the Secretary warrant the approval of the conveyance.

§ 152.26 Advertisement.

(a) Upon approval of an application for an advertised sale, notice of the sale will be published not less than 30 days prior to the date fixed for the sale unless for good cause a shorter period is authorized by the Secretary.

(b) The notice of sale will include:

2. Where and how bids shall be submitted;

3. A statement warning all bidders against violation of 18 U.S.C. 1860 prohibiting unlawful combination or intimidation of bidders or potential bidders; and

4. Description of tracts, all reservations to which title will be subject and any restrictions and encumbrances of record with the Bureau of Indian Affairs and any other information that may improve sale prospects.

§ 152.27 Procedure of sale.

Advertised sales shall be by sealed bids except as otherwise provided herein.

(a)(1) Bids, conforming to the requirements set out in the advertisement of sale, along with a certified check, cashier’s check, money order, or U.S. Treasury check, payable to the Bureau of Indian Affairs, for not less than 10 percent of the amount of the bid, must be enclosed in a sealed envelope marked as prescribed in the notice of sale. A cash deposit may be submitted in lieu of the above-specified negotiable instruments at the bidder’s risk. Tribes submitting bids pursuant to this paragraph may guarantee the required 10 percent deposit by an appropriate resolution;

(2) The sealed envelopes containing the bids will be publicly opened at the
time fixed for sale. The bids will be announced and will be appropriately recorded.

(b) The policy of the Secretary recognizes that in many instances a tribe or a member thereof has a valid interest in acquiring trust or restricted lands offered for sale.

(1) With the consent of the owner and when the notice of sale so states, the tribe or members of such tribe shall have the right to meet the high bid.

(2) Provided the tribe is not the high bidder and when one or more acceptable sealed bids are received and when so stated in the notice of sale, an oral auction may be held following the bid opening. Bidding in the auction will be limited to the tribe, and to those who submitted sealed bids at 75 percent or more of the appraised value of the land being auctioned. At the conclusion of the auction the highest bidder must increase his deposit to not less than 10 percent of his auction bid.

§ 152.28 Action at close of bidding.

(a) The officer in charge of the sale shall publicly announce the apparent highest acceptable bid. The deposits submitted by the unsuccessful bidders shall be returned immediately. The deposit submitted by the apparent successful bidder shall be held in a special account.

(b) If the highest bid received at an advertised sale is less than the appraised fair market value of the land, the Secretary with the consent of the owner may accept that bid if the amount bid approximates said appraised fair market value and in the Secretary’s judgment is the highest price that may be realized in the circumstances.

(c) The Secretary shall award the bid and notify the apparent successful bidder that the remainder of the purchase price must be submitted within 30 days.

(1) Upon a showing of cause the Secretary may, in his discretion, extend the time of payment of the balance due.

(2) If the remainder of the purchase price is not paid within the time allowed, the bid will be rejected and the apparent successful bidder’s 10 percent deposit will be forfeited to the landowner’s use.

(d) The issuance of the patent or delivery of a deed to the purchaser will not be authorized until the balance of the purchase price has been paid, except that the fee patent may be ordered in cases where the purchaser is obtaining a loan from an agency of the Federal Government and such agency has given the Secretary a commitment that the balance of the purchase price will be paid when the fee patent is issued.

§ 152.29 Rejection of bids; disapproval of sale.

The Secretary reserves the right to reject any and all bids before the award, after the award, or at any time prior to the issuance of a patent or delivery of a deed, when he shall have determined such rejection to be in the best interests of the Indian owner.

§ 152.30 Bidding by employees.

Except as authorized by the provisions of part 140 of this chapter, no person employed in Indian Affairs shall directly or indirectly bid, make, or prepare any bid, or assist any bidder in preparing his bid. Sales between Indians, either of whom is an employee of the U.S. Government, are governed by the provisions of part 140 of this chapter (see 25 U.S.C. 68 and 441).

§ 152.31 Cost of conveyance; payment.

Pursuant to the Act of February 14, 1920 (41 Stat. 415), as amended by the Act of March 1, 1933 (47 Stat. 1417; 25 U.S.C. 413), the Secretary may in his discretion collect from a purchaser reasonable fees for work performed or expense incurred in the transaction. The amount so collected shall be deposited to the credit of the United States as general fund receipts, except as stated in paragraph (b) of this section.

(a)(1) The amount of the fee shall be $22.50 for each transaction.

(2) The fee may be reduced to a lesser amount or may be waived, if the Secretary determines circumstances justify such action.

(b)(1) If any or all of the costs of the work performed or expenses incurred are paid with tribal funds, an alternate
§ 152.32 Irrigation fee; payment.

Collection of all construction costs against any Indian-owned lands within Indian irrigation projects is deferred as long as Indian title has not been extinguished. (Act of July 1, 1932 (47 Stat. 564; 25 U.S.C. 386a)). This statute is interpreted to apply only where such land is owned by Indians either in trust or restricted status.

(a) When any person whether Indian or non-Indian acquires Indian lands in a fee simple status that are part of an Indian irrigation project he must enter into an agreement,

(1) To pay the pro rata share of the construction of the project chargeable to the land,

(2) To pay all construction costs that accrue in the future, and

(3) To pay all future charges assessable to the land which are based on the annual cost of operation and maintenance of the irrigation system.

(b) Any operation and maintenance charges that are delinquent when Indian land is sold will be deducted from the proceeds of sale unless other acceptable arrangements are made to provide for their payment prior to the approval of the sale.

(c) A lien clause covering all unpaid irrigation construction costs, past and future, will be inserted in the patent or other instrument of conveyance issued to all purchasers of restricted or trust lands that are under an Indian irrigation project.

Cross Reference: See part 159 and part 160 and cross-references thereunder in this chapter for further regulations regarding sale of irrigable lands.

PARTITIONS IN KIND OF INHERITED ALLOTMENTS

§ 152.33 Partition.

(a) Partition without application. If the Secretary of the Interior shall find that any inherited trust allotment or allotments (as distinguished from lands held in a restricted fee status or authorized to be sold under the Act of May 14, 1948 (62 Stat. 236; 25 U.S.C. 483)), are capable of partition in kind to the advantage of the heirs, he may cause such lands to be partitioned among them, regardless of their competency, patents in fee to be issued to the competent heirs for their shares and trust patents to be issued to the incompetent heirs for the lands respectively or jointly set apart to them, the trust period to terminate in accordance with the terms of the original patent or order of extension of the trust period set out in said patent. (Act of May 18, 1916 (39 Stat. 127; 25 U.S.C. 378)). The authority contained in the Act of May 18, 1916, is not applicable to lands authorized to be sold by the Act of May 14, 1948, nor to land held in restricted fee status.

(b) Application for partition. Heirs of a deceased allottee may make written application, in the form approved by the Secretary, for partition of their trust or restricted land. If the Secretary finds the trust lands susceptible of partition, he may issue new patents or deeds to the heirs for the portions set aside to them. If the allotment is held under a restricted fee title (as distinguished from a trust title), partition may be accomplished by the heirs executing deeds approved by the Secretary, to the other heirs for their respective portions.

(a) Homestead means the restricted nontaxable lands, not exceeding 160 acres, allotted to an enrolled member of the Osage Tribe pursuant to the act of June 28, 1906 (34 Stat. 539), or the restricted surplus lands designated in lieu thereof pursuant to the act of May 25, 1918 (40 Stat. 578).

(b) Surplus land means those restricted lands, other than the homestead, allotted to an enrolled member of the Osage Tribe pursuant to the act of June 28, 1906 (34 Stat. 539).

§ 158.52 Application for change in designation of homestead.

Any Osage allottee or the legal guardian thereof may make application to change his homestead for an equal area of his surplus land. The application shall give in detail the reasons why such change is desired and shall be submitted to the Osage Indian Agency on the form “Application to Change Designation of Homestead.”

§ 158.53 Order to change designation of homestead.

The application of an Osage allottee, or his legal guardian, may be approved by the Secretary of the Interior, or his authorized representative, and an order issued to change designation of homestead, if it is found that the applicant owns an equal area of surplus land. The expense of recording the order shall be borne by the applicant. The order to change designation shall be made on the form “Order to Change Designation of Homestead.”

§ 158.54 Exchanges of restrictive lands.

Upon written application of the Indians involved, the exchange of restricted lands between adult Indians, and between adult Indians and non-Indians, may be approved by the Secretary of the Interior, or his authorized representative. Title to all lands acquired under this part by an Indian who does not have a certificate of competency shall be taken by deed containing a clause restricting alienation or encumbrance without the consent of the Secretary, or his authorized representative. In case of differences in the appraised value of lands under consideration for exchange, the application of an Indian for funds to equalize such differences may be approved to the extent authorized by §117.8 of this chapter.
§ 158.55 Institution of partition proceedings.

(a) Prior authorization should be obtained from the Secretary, or his authorized representative, before the institution of proceedings to partition the lands of deceased Osage allottees in which any interest is held by an Osage Indian not having a certificate of competency. Requests for authority to institute such partition proceedings shall contain a description of the lands involved, the names of the several owners and their respective interests and the reasons for such court action. Authorization may be given for the institution of partition proceedings in a court of competent jurisdiction when it appears to the best interest of the Indians involved to do so and the execution of voluntary exchange deeds is impracticable.

(b) When it appears to the best interest of the Indians to do so, the Secretary’s, or his authorized representative’s, authorization to institute partition proceedings may require that title to the lands be quieted in the partition action in order that the deeds issued pursuant to the proceedings shall convey good and merchantable title to the grantee therein. (See section 6, 37 Stat. 87.)

§ 158.56 Partition records.

Upon completion of an action in partition, a copy of the judgment roll showing schedule of costs and owelt 
moneys having accrued to or from the several parties, together with deeds, or other instruments vesting title on partition, in triplicate, shall be furnished to the Osage Agency. The original allotment number shall follow the legal description on all instruments vesting title. When a grantee is a member of the Osage Tribe who has not received a certificate of competency, deeds or other instruments vesting title shall contain the following clause against alienation:

Subject to the condition that while title to the above-described lands shall remain in the grantee or his Osage Indian heirs or devisees who do not have certificates of competency, the same shall not be alienated or encumbered without approval of the Secretary of the Interior or his authorized representative.

§ 158.57 Approval of deeds or other instruments vesting title on partition and payment of costs.

Upon completion of the partition proceedings in accordance with the law and in conformity with the regulations in this part, the Secretary, or his authorized representative, may approve the deeds, or other instruments vesting title on partition, and may disburse from the restricted (accounts) funds of the Indians concerned, such amounts as may be necessary for payment of their share of court costs, attorney fees, and owelt 
moneys.

§ 158.58 Disposition of proceeds of partition sales.

Owelt 
moneys due members of the Osage Tribe who do not have certificates of competency shall be paid into the Treasury of the United States and placed to the credit of the Indians upon the same conditions as attach to segregated shares of the Osage national fund.

PART 159—SALE OF IRRIGABLE LANDS, SPECIAL WATER CONTRACT REQUIREMENTS

Cross References: For additional regulations pertaining to the payment of fees and charges in connection with the sale of irrigable lands, see part 169 and §§ 134.4 and 152.21 of this chapter. For general regulations pertaining to the issuance of patents in fee, see part 152 of this chapter.

§ 159.1 Conditions of contract.

(a) The form of contract (Form 5–

462b) 1 for sale of irrigable lands specifically provides that the purchaser will obligate and pay on a per acre basis all irrigation charges assessed or to be assessed against the land purchased including accrued assessment, which accrued assessment shall be paid prior to the approval of the sale, and for the payment of the construction and operation and maintenance assessments on the due dates of each year. The agreement is to be acknowledged and recorded in the county records in which county the land is situated. The charges incidental to the recording of

1 Forms may be obtained from the Commissioner of Indian Affairs, Washington, D.C.
the instrument shall be paid by the purchaser at the time of executing the agreement.

(b) A strict compliance with the terms of paragraph (a) of this section is absolutely necessary and required.

NOTE: On May 12, 1921, Circular No. 1677, resale of irrigable lands, was addressed to all superintendents. It was pointed out therein that the collection of irrigation construction charges was required by the terms of an act approved February 14, 1920 (41 Stat. 409; 25 U.S.C. 386), and that in addition to the construction charge there was an operation and maintenance charge assessable annually that must be paid by the landowners benefited; furthermore, that the purpose of this circular was to point out to the superintendents the necessity of advising prospective purchasers that irrigation charges must be paid and that a so-called paid-up water right was not conveyed with the land. A form of agreement to be executed by the prospective purchaser accompanied this circular.

It has been brought to the attention of the Bureau that irrigation construction charges and operation and maintenance charges have accrued against irrigable allotments prior to the time of their being advertised for sale and that the superintendents have failed to provide for payment of the accrued irrigation charges, with the result that no means are apparent for their collection.

With a view of preventing any future misunderstanding the form of contract accompanying Circular No. 1677 has been redrafted and Form 5–462b assigned to it. The circular has been designated “No. 1677a.”

PART 160—INCLUSION OF LIENS IN ALL PATENTS AND INSTRUMENTS EXECUTED

Sec.
160.1 Liens.
160.2 Instructions.
160.3 Leases to include description of lands.
160.4 Prompt payment of irrigation charges by lessees.

§ 160.1 Liens.

The act of March 7, 1928 (45 Stat. 210; 25 U.S.C. 387) creates a first lien against irrigable lands under all Indian irrigation projects where the construction, operation and maintenance costs of such projects remain unpaid and are reimbursable, and directs that such lien shall be recited in any patent or instrument issued for such lands to cover such unpaid charges. Prior to the enactment of this legislation similar liens had been created by legislative authority against irrigable lands of the projects on the Fort Yuma, Colorado River, and Gila River Reservations, in Arizona; Blackfeet, Fort Peck, Flathead, Fort Belknap, and Crow Reservations, Mont.; Wapato project, Yakima Reservation, Wash.; the irrigable lands on the Colville Reservation within the West Okanogan irrigation district, Washington, and the Fort Hall Reservation, Idaho. This legislation, therefore, extends protection similar to that existing in the legislation applicable to the projects on the reservations above mentioned.

CROSS REFERENCES: For operation and maintenance charges and construction costs, see parts 134 and 137 of this chapter.

§ 160.2 Instructions.

All superintendents and other officers are directed to familiarize themselves with this provision of law, and in all cases involving the issuance of patents or deeds direct to the Indian or purchaser of Indian allotments embracing irrigable lands, they will recite in the papers forwarded to the Department for action the fact that the lands involved are within an irrigation project (giving the name) and accordingly are subject to the provisions of this law. This requirement will be in addition to the existing regulations requiring the superintendents in case of sales of irrigable lands to obtain from the project engineer a written statement relative to the irrigability of the lands to be sold, and whether or not there are any unpaid irrigation charges, together with the estimated per acre construction cost assessable against the land involved in the sale. Each sale will also be accompanied by contract executed in accordance with
regulations obligating the purchaser to pay the accrued charges, namely, construction, operation, and maintenance, prior to the approval of the sale and to assume and pay the unassessed irrigation charges in accordance with regulations promulgated by the Secretary of the Interior.

CROSS REFERENCES: For additional regulations pertaining to the payment of fees and charges in connection with the sale of irrigable lands, see part 159 and §§134.4 and 152.21 of this chapter.

§ 160.3 Leases to include description of lands.

It is important, also, for superintendents in leasing irrigable lands to present to the project engineer lists containing descriptions of the lands involved for his approval of the irrigable acreage and for checking as to whether or not such lands are in fact irrigable under existing works. Strict compliance with this section is required for the purpose of avoiding error.

§ 160.4 Prompt payment of irrigation charges by lessees.

Superintendents will also see that irrigation charges are promptly paid by lessees, and where such charges are not so paid take appropriate and prompt action for their collection. Such unpaid charges are a lien against the land, and accordingly any failure on the part of the superintendents to collect same increases the obligation against the land.

§ 161.2 What are the Secretary's authorities under this part?

(a) Under Section 640d-9(e) of the Settlement Act, lands partitioned under the Settlement Act, lands partitioned under the jurisdiction of the tribe to whom partitioned. The laws of the tribe apply to the partitioned lands as in paragraphs (a)(1) and (a)(2) of this section.

(1) Effective October 6, 1980:
(i) All conservation practices on the Navajo Partitioned Lands, including control and range restoration activities, must be coordinated and executed with the concurrence of the Navajo Nation; and
(ii) All grazing and range restoration matters on the Navajo Reservation lands must be administered by BIA, under applicable laws and regulations.

(2) Effective April 18, 1981, the Navajo Nation has jurisdiction and authority over any lands partitioned to it and over all persons on these lands. This jurisdiction and authority apply:
(i) To the same extent as is applicable to those other portions of the Navajo reservation; and
(ii) Notwithstanding any provision of law to the contrary, except where there is a conflict with the laws and regulations referred to in paragraph (a) of this section.

(b) Under the Agricultural Act, the Secretary is authorized to:

§ 161.100 Do tribal laws apply to grazing permits?

Navajo Nation laws generally apply to land under the jurisdiction of the Navajo Nation, except to the extent that those Navajo Nation laws are inconsistent with this part or other applicable federal law. This part may be superseded or modified by Navajo Nation laws with Secretarial approval, however, so long as:

(a) The Navajo Nation laws are consistent with the enacting Navajo Nation's governing documents;

(b) The Navajo Nation has notified BIA of the superseding or modifying effect of the Navajo Nation laws;

(c) The superseding or modifying of the regulation would not violate a federal statute or judicial decision, or approved assignments, permits, leases, and rights of way for activities such as: home sites, farm plots, roads, utilities, businesses, and schools.

§ 161.5 Can BIA waive the application of this part?

Yes. If a provision of this part conflicts with the objectives of the agricultural resource management plan provided for in §161.200, or with a tribal law, BIA may waive the application of this part unless the waiver would either:

(a) Constitute a violation of a federal statute or judicial decision; or

(b) Conflict with BIA’s general trust responsibility under federal law.

§ 161.6 Are there any other restrictions on information given to BIA?

The OMB Control Number assigned is 1076–0162. Please note that a federal agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Subpart B—Tribal Policies and Laws Pertaining to Permits

§ 161.100 Do tribal laws apply to grazing permits?
§ 161.101 How will tribal laws be enforced on the Navajo Partitioned Lands?

(a) Unless prohibited by federal law, BIA will recognize and comply with tribal laws regulating activities on the Navajo Partitioned Lands, including tribal laws relating to land use, environmental protection, and historic or cultural preservation.

(b) While the Navajo Nation is primarily responsible for enforcing tribal laws pertaining to the Navajo Partitioned Lands, BIA will:

1. Assist in the enforcement of Navajo Nation laws;
2. Provide notice of Navajo Nation laws to persons or entities undertaking activities on the Navajo Partitioned Lands; and
3. Require appropriate federal officials to appear in tribal forums when requested by the tribe, so long as the appearance would not:
   (i) Be inconsistent with the restrictions on employee testimony set forth at 43 CFR part 2, subpart E;
   (ii) Constitute a waiver of the sovereign immunity of the United States; or
   (iii) Authorize or result in a review of BIA actions by the tribal court.

(c) Where the provisions in this subpart are inconsistent with a Navajo Nation law, but the provisions cannot be superseded or modified by the Navajo Nation laws under §161.5, BIA may waive the provisions under part 1 of 25 CFR, so long as the new waiver does not violate a federal statute or judicial decision or conflict with the Secretary’s trust responsibility under federal law.

§ 161.102 What notifications are required that tribal laws apply to grazing permits on the Navajo Partitioned Lands?

(a) The Navajo Nation must provide BIA with an official copy of any tribal law or tribal policy that relates to this part. The Navajo Nation must notify BIA of the content and effective dates of tribal laws.

(b) BIA will then notify affected permittees of the effect of the Navajo Nation law on their grazing permits. BIA will:

1. Provide individual written notice; or
2. Post public notice. This notice will be posted at the tribal community building, U.S. Post Office, announced on local radio station, and/or published in the local newspaper nearest to the permitted Navajo Partitioned Lands where activities are occurring.

Subpart C—General Provisions

§ 161.200 Is an Indian agricultural resource management plan required?

(a) Yes, Navajo Partitioned Lands must be managed in accordance with the goals and objectives in the agricultural resource management plan developed by the Navajo Nation, or by BIA in close consultation with the Navajo Nation, under the Agricultural Act.

(b) The 10-year agricultural resource management and monitoring plan must be developed through public meetings and completed within 3 years of the initiation of the planning activity. The plan must be based on the public meeting records and existing survey documents, reports, and other research from Federal agencies, tribal community colleges, and land grant universities. When completed, the plan must:

1. Determine available agricultural resources;
2. Identify specific tribal agricultural resource goals and objectives;
3. Establish management objectives for the resources;
4. Define critical values of the tribe and its members and provide identified resource management objectives; and
5. Identify actions to be taken to reach established objectives.

(c) Where the provisions in this subpart are inconsistent with the Navajo Nation’s agricultural resource management plan, the Secretary may waive the provisions under part 1 of this title, so long as the waiver does not violate a federal statute or judicial decision or conflict with the Secretary’s trust responsibility under federal law.
§ 161.201 Is environmental compliance required?
Actions taken by BIA under this part must comply with the National Environmental Policy Act of 1969, 42 U.S.C. 4321 et seq., applicable provisions of the Council on Environmental Quality, 40 CFR part 1500, and applicable tribal laws and provisions of the Navajo Nation Environmental Policy Act CAP–47–95, where the tribal laws and provisions do not violate a federal or judicial decision or conflict with the Secretary's trust responsibility under federal law.

§ 161.202 How are range units established?
(a) BIA, with the concurrence of the Navajo Nation, will establish range units on the Navajo Partitioned Lands to provide unified areas for which range management plans can be developed to improve and maintain soil and forage resources. Physical land features, watersheds, drainage patterns, vegetation, soil, resident concentration, problem areas, historical land use patterns, chapter boundaries, special land uses and comprehensive land use planning will be considered in the determination of range unit boundaries.
(b) BIA may modify range unit boundaries with the concurrence of the Navajo Nation. This may include small and/or isolated portions of Navajo Partitioned Lands contiguous to Navajo tribal lands in order to develop more efficient land management.

§ 161.203 Are range management plans required?
Yes. BIA will:
(a) Consult with the Navajo Nation in planning conservation practices, including grazing control and range restoration activities for the Navajo Partitioned Lands.
(b) Develop range management plans with the concurrence of the Navajo Nation.
(c) Approve the range management plans, after concurrence with the Navajo Nation, and the implementation of the plan may begin immediately. The plan will address, but is not limited to, the following issues:
(1) Goals for improving vegetative productivity and diversity;
(2) Stocking rates;
(3) Grazing schedules;
(4) Wildlife management;
(5) Needs assessment for range and livestock improvements;
(6) Schedule for operation and maintenance of existing range improvements and development for cooperative funded projects;
(7) Cooperation in the implementation of range studies;
(8) Control of livestock diseases and parasites;
(9) Fencing or other structures necessary to implement any of the other provisions in the range management plan;
(10) Special land uses; and
(11) Water development and management.

§ 161.204 How are carrying capacities and stocking rates established?
(a) BIA, with the concurrence of the Navajo Nation, will prescribe, review and adjust the carrying capacity of each range unit by determining the number of livestock, and/or wildlife, that can be grazed on the Navajo Partitioned Lands without inducing damage to vegetation or related resources on each range unit and the season or seasons of use to achieve the objectives of the agricultural resource management plan and range unit management plan.
(b) BIA, with the concurrence of the Navajo Nation, will establish the stocking rate of each range or management unit. The stocking rate will be based on forage production, range utilization, the application of land management practices, and range improvements in place to achieve uniformity of grazing under sustained yield management principles on each range or management unit.
(c) BIA will review the carrying capacity of the grazing units on a continuing basis and, in consultation with the Grazing Committee and affected permittees, adjust the stocking rate for each range or management unit as conditions warrant.
(d) Any adjustments in stocking rates will be applied equally to each permittee within the management unit requiring adjustment.
§ 161.205 How are range improvements treated?
(a) Improvements placed on the Navajo Partitioned Lands will be considered affixed to the land unless specifically exempted in the permit. No improvement may be constructed or removed from Navajo Partitioned Lands without the written consent of BIA and the Navajo Nation.
(b) Before undertaking an improvement, BIA, Navajo Nation and permittee will negotiate who will complete and maintain improvements. The improvement agreement will be reflected in the permit.

§ 161.206 What must a permittee do to protect livestock from exposure to disease?
In accordance with applicable law, permittees must:
(a) Vaccinate livestock;
(b) Treat all livestock exposed to or infected with contagious or infectious diseases; and
(c) Restrict the movement of exposed or infected livestock.

§ 161.207 What livestock are authorized to graze?
The following livestock are authorized to graze on the Navajo Partitioned Lands: horses, cattle, sheep, goats, mules, burros, donkeys, and llamas.

Subpart D—Permit Requirements

§ 161.300 When is a permit needed to authorize grazing use?
Unless otherwise provided for in this part, any person or legal entity, including an independent legal entity owned and operated by the Navajo Nation, must obtain a permit under this part before using Navajo Partitioned Land for grazing purposes.

§ 161.301 What will a grazing permit contain?
(a) All grazing permits will contain the following provisions:
(1) Name of permit holder;
(2) Range management plan requirements;
(3) Applicable stocking rate;
(4) Range unit number and description of the permitted area;
(5) Animal identification requirements (i.e., brand, microchip, freeze brand, earmark, tattoo, etc.);
(6) Term of permit (including beginning and ending dates of the term allowed, as well as an option to renew, or extend);
(7) A provision stating that the permittee agrees that he or she will not use, cause, or allow to be used any part of the permitted area for any unlawful conduct or purpose;
(8) A provision stating that the permit authorizes no other privilege than grazing use;
(9) A provision stating that no person is allowed to hold a grazing permit in more than one range unit of the Navajo Partitioned Lands, unless the customary use area extends beyond the range unit boundary;
(10) A provision reserving a right of entry by BIA and the Navajo Nation for range survey, inventory and inspection or compliance purposes;
(11) A provision prohibiting the creation of a nuisance, any illegal activity, and negligent use or waste of resources;
(12) A provision stating how trespass proceeds are to be distributed;
(13) A provision stating whether mediation will be used in the event of a permit violation; and
(14) A provision stating that the permit cannot be subdivided once it has been issued.
(b) Grazing permits will contain any other provision that in the discretion of BIA with the concurrence of the Navajo Nation is necessary to protect the land and/or resources.
(c) Grazing permits containing any special land use authorized under §161.503 of this part must be included on the permit.

§ 161.302 What restrictions are placed on grazing permits?
Only a grazing permit issued under this part authorizes the grazing of livestock within the Navajo Partitioned Lands. Grazing permits are subject to the following restrictions:
(a) Grazing permits should not be issued for less than 2 animal units (10 sheep units) or exceed 70 animal units (350 sheep units). However, all grazing permits issued before the adoption of
this regulation will be honored and re-issued with an adjusted stocking rate if the permittee meets the eligibility and priority criteria found in §161.400 of this part, and only if the carrying capacity and stocking rate as determined under §§161.204 and 161.403 allows.

(b) A grazing permit will be issued in the name of one individual.

(c) Only two horses will be permitted on a grazing permit.

(d) Grazing permits may contain additional conditions authorized by Federal law or Navajo Nation law.

(e) A state/tribal brand only identifies the owner of the livestock, but does not authorize the grazing of any livestock within the Navajo Partitioned Lands.

(f) A permit cannot be subdivided once it has been issued.

§ 161.303 How long is a permit valid?
After its initial issuance, each grazing permit is valid for one year beginning on the following January 1. All permits will be automatically renewed annually if the permittee is in compliance with all applicable laws including tallies and permit requirements.

§ 161.304 Must a permit be recorded?
A permit must be recorded by BIA following approval under this subpart.

§ 161.305 When is a decision by BIA regarding a permit effective?
BIA approval of a permit will be effective immediately upon signature, notwithstanding any appeal, which may be filed under part 2 of this title. Copies of the approved permit will be provided to the permittee and made available to the Navajo Nation upon request.

§ 161.306 When are permits effective?
Unless otherwise provided in the permit, a permit will be effective on the date on which BIA approves the permit.

§ 161.307 When may a permittee commence grazing on Navajo Partitioned Land?
The permittee may graze on Navajo Partitioned Land on the date specified in the permit as the beginning date of the term, but not before BIA approves the permit.

§ 161.308 Must a permittee comply with standards of conduct if granted a permit?
Yes. Permittees are expected to:
(a) Conduct grazing operations in accordance with the principles of sustained yield management, agricultural resource management planning, sound conservation practices, and other community goals as expressed in Navajo Nation laws, agricultural resource management plans, and similar sources.
(b) Comply with all applicable laws, ordinances, rules, provisions, and other legal requirements. Permittee must also pay all applicable penalties that may be assessed for non-compliance.
(c) Fulfill all financial permit obligations owed to the Navajo Nation and the United States.
(d) Conduct only those activities authorized by the permit.

Subpart E—Reissuance of Grazing Permits

§ 161.400 What are the criteria for re-issuing grazing permits?
(a) The Navajo Nation may prescribe eligibility requirements for grazing allocations within 180 days following the effective date of this part. BIA will prescribe the eligibility requirements after expiration of the 180-day period if the Navajo Nation does not prescribe eligibility requirements, or if satisfactory action is not taken by the Navajo Nation.
(b) With the written concurrence of the Navajo Nation, BIA will prescribe the following eligibility requirements, where only those applicants who meet the following criteria are eligible to receive permits to graze livestock:
(1) Those who had grazing permits on Navajo Partitioned Lands under 25 CFR part 167 (formerly part 152), and whose permits were canceled on October 14, 1973;
(2) Those who are listed in the 1974 and 1975 Former Joint Use Area enumeration;
(3) Those who are current residents on Navajo Partitioned Lands; and
(4) Those who have a customary use area on Navajo Partitioned Lands.

(c) Permits re-issued to applicants under this section may be granted by BIA based on the following priority criteria:

(1) The first priority will go to individuals currently the age of 65 or older; and
(2) The second priority will go to individuals under the age of 65.

(d) Upon the recommendation of the NPL District Grazing Committee and Resources Committee, BIA or Navajo Nation will have authority to waive one of the eligibility or priority criteria.

§ 161.401 Will new permits be granted after the initial reissuance of permits?

(a) Following the initial reissuance of permits under § 161.400, the Navajo Nation can grant new permits, subject to BIA approval, if:
(1) Additional permits become available; and
(2) The carrying capacity and stocking rates as determined under §§ 161.204 and 161.403 allow.

(b) The Navajo Nation must inform BIA if it grants any permits under paragraph (a) of this section.

§ 161.402 What are the procedures for reissuing permits?

BIA, with the concurrence of the Navajo Nation, will reissue grazing permits only to individuals that meet the eligibility requirements in § 161.400. Responsibilities for reissuance of grazing permits are as follows:

(a) BIA will develop a complete list consisting of all former permittees whose permits were cancelled and the number of animal units previously authorized in prior grazing permits. This list will be provided to the Grazing Committee and Resources Committee for their review. BIA will also provide the Grazing Committee and Resources Committee with the current carrying capacity and stocking rate for each range unit within the Navajo Partitioned Lands, as determined under §161.204.

(b) Within 90 days of receipt, the Grazing Committee will review the list developed under §161.402(a), and make recommendations to the Resources Committee for the granting of grazing permits according to the eligibility and priority criteria in §161.400.

(c) If the Grazing Committee fails to make its recommendation to the Resources Committee within 90 days after receiving the list of potential permittees, BIA will submit its recommendations to the Resources Committee.

(d) The Resources Committee will review and concur with the list of proposed permit grantees, and then forward a final list to BIA for the reissuance of grazing permits. If the Resources Committee does not concur, the procedures outlined in §161.800 will govern.

(e) The final determination list of eligible permittees will be published. Permits will not be issued sooner than 90 days following publication of the final list.

§ 161.403 How are grazing permits allocated within each range unit?

(a) Initial allocation of the number of animal units authorized in each grazing permit will be determined by considering the number of animal units previously authorized in prior grazing permits and the current authorized stocking rate on a given range unit.

(b) Grazing permit allocations may vary from range unit to range unit depending on the stocking rate of each unit, the range management plan, and the number of eligible grazing permittees in the unit.

Subpart F—Modifying A Permit

§ 161.500 May permits be transferred, assigned or modified?

(a) Grazing permits may be transferred, assigned, or modified only as provided in this section. Permits may only be transferred or assigned as a single permit under Navajo Nation procedures and with the approval of BIA. Permittees must reside within the same range unit as the original permittee.

(b) Permits may be transferred, assigned, or modified with the written consent of the permittee, District Grazing Committee and/or Resources Committee and approved by BIA.
(c) BIA must record each transfer, assignment, or modification that it approves under a permit.

§ 161.501 When will a permit modification be effective?
BIA approval of a transfer, assignment, or modification under a permit will be effective immediately, notwithstanding any appeal, which may be filed under part 2 of this title. Copies of approved documents will be provided to the permittee and made available to the Navajo Nation upon request.

§ 161.502 Will a special land use require permit modification?
Yes. When the Navajo Nation and BIA approve a special land use, the grazing permit will be modified to reflect the change in available forage. If a special land use is inconsistent with grazing activities authorized in the permit, the special land use area will be withdrawn from the permit, and grazing cannot take place on that part of the range unit.

Subpart G—Permit Violations

§ 161.600 What permit violations are addressed by this subpart?
This subpart addresses violations of permit provisions other than trespass. Trespass is addressed under subpart H.

§ 161.601 How will BIA monitor permit compliance?
Unless the permit provides otherwise, BIA and/or Navajo Nation may enter the range unit at any reasonable time, without prior notice, to protect the interests of the Navajo Nation and ensure that the permittee is in compliance with the operating requirements of the permit.

§ 161.602 Will my permit be canceled for non-use?
(a) If a grazing permit is not used by the permittee for a 2-year period, BIA may cancel the permit upon the recommendation of the Grazing Committee and with the concurrence of the Resources Committee under §161.606(c). Non-use consists of, but is not limited to, absence of livestock on the range unit, and/or abandonment of a permittee’s grazing permit.

(b) Unused grazing permits or portions of grazing permits that are set aside for range recovery will not be cancelled for non-use.

§ 161.603 Can mediation be used in the event of a permit violation or dispute?
A permit may provide for permit disputes or violations to be resolved with the District Grazing Committee through mediation.
(a) The District Grazing Committee will conduct the mediation before the Navajo Nation’s appropriate hearing body, before BIA invokes any cancellation remedies.
(b) Conducting the mediation may substitute for permit cancellation. However, BIA retains the authority to cancel the permit under §161.606.
(c) The Navajo Nation’s appropriate hearing body decision will be final, unless it is appealed to the Navajo Nation Supreme Court on a question of law. BIA will defer to any ongoing proceedings, as appropriate, in deciding whether to exercise any of the remedies available to BIA under §161.606.

§ 161.604 What happens if a permit violation occurs?
(a) If the Resources Committee notifies BIA that a specific permit violation has occurred, BIA will initiate an appropriate investigation within 5 business days of that notification.
(b) Unless otherwise provided under tribal law, when BIA has reason to believe that a permit violation has occurred, BIA or the authorized tribal representative will provide written notice to the permittee within 5 business days.

§ 161.605 What will a written notice of a permit violation contain?
The written notice of a permit violation will provide the permittee with 10 days from the receipt of the written notice to:
(a) Cure the permit violation and notify BIA that the violation is cured;
(b) Explain why BIA should not cancel the permit;
(c) Request in writing additional time to complete corrective actions. If
additional time is granted, BIA may require that certain actions be taken immediately; or
(d) Request mediation under §161.603.

§161.606 What will BIA do if the permittee doesn’t cure a violation on time?

(a) If the permittee does not cure a violation within the required time period, or if the violation is not referred to District Grazing Committee for mediation, BIA will consult with the Navajo Nation, as appropriate, and determine whether:
   (1) The permit may be canceled by BIA under paragraph (c) of this section and §§161.607 through 161.608;
   (2) BIA may invoke any other remedies available to BIA under the permit;
   (3) The Navajo Nation may invoke any remedies available to them under the permit; or
   (4) The permittee may be granted additional time in which to cure the violation.
(b) If BIA grants a permittee a time extension to cure a violation, the permittee must proceed diligently to complete the necessary corrective actions within a reasonable or specified time from the date on which the extension is granted.
(c) If BIA cancels the permit, BIA will send the permittee and the District Grazing Committee a written notice of cancellation within 5 business days of the decision. BIA will also provide actual or constructive notice of the cancellation to the Navajo Nation, as appropriate. The written notice of cancellation will:
   (1) Explain the grounds for cancellation;
   (2) Notify the permittee of the amount of any unpaid fees and other financial obligations due under the permit;
   (3) Notify the permittee of his or her right to appeal under 25 CFR part 2 of this title, as modified by §161.607, including the amount of any appeal bond that must be posted with an appeal of the cancellation decision; and
   (4) Order the permittee to cease grazing livestock on the next anniversary date of the grazing permit or 180 days following the receipt of the written notice of cancellation, whichever is sooner.

§161.607 What appeal bond provisions apply to permit cancellation decisions?

(a) The appeal bond provisions in §2.5 of part 2 of this title will not apply to appeals from permit cancellation decision. Instead, when BIA decides to cancel a permit, BIA may require the permittee to post an appeal bond with an appeal of the cancellation decision. The requirement to post an appeal bond will apply in addition to all of the other requirements in part 2 of this title.
(b) An appeal bond should be set in an amount necessary to protect the Navajo Nation against financial losses that will likely result from the delay caused by an appeal. Appeal bond requirements will not be separately appealable, but may be contested during the appeal of the permit cancellation decision.

§161.608 When will a permit cancellation be effective?

A cancellation decision involving a permit will not be effective for 30 days after the permittee receives a written notice of cancellation from BIA. The cancellation decision will remain ineffective if the permittee files an appeal under §161.607 and part 2 of this title, unless the decision is made immediately effective under part 2. While a cancellation decision is ineffective, the permittee must continue to comply with the other terms of the permit. If an appeal is not filed in accordance with §161.607 and part 2 of this title, the cancellation decision will be effective on the 31st day after the permittee receives the written notice of cancellation from BIA.

§161.609 Can BIA take emergency action if the rangeland is threatened?

Yes, if a permittee or any other party causes or threatens to cause immediate, significant and irreparable harm to the Navajo Nation land during the term of a permit, BIA will take appropriate emergency action. Emergency action may include trespass proceedings under subpart H, or judicial action seeking immediate cessation of...
§ 161.610 What will BIA do if livestock is not removed when a permit expires or is cancelled?
If the livestock is not removed after the expiration or cancellation of a permit, BIA will treat the unauthorized use as a trespass. BIA may remove the livestock on behalf of the Navajo Nation, and pursue any additional remedies available under applicable law, including the assessment of civil penalties and costs under subpart H.

Subpart H—Trespass

§ 161.700 What is trespass?
Under this part, trespass is any unauthorized use of, or action on, Navajo partitioned grazing lands.

§ 161.701 What is BIA’s trespass policy?
BIA will:
(a) Investigate accidental, willful, and/or incidental trespass on Navajo Partitioned Lands;
(b) Respond to alleged trespass in a prompt, efficient manner;
(c) Assess trespass penalties for the value of products used or removed, cost of damage to the Navajo Partitioned Lands, and enforcement costs incurred as a consequence of the trespass; and
(d) Ensure, to the extent possible, that damage to Navajo Partitioned Lands resulting from trespass is rehabilitated and stabilized at the expense of the trespasser.

§ 161.702 Who will enforce this subpart?
(a) BIA enforces the provisions of this subpart. If the Navajo Nation adopts the provisions of this subpart, the Navajo Nation will have concurrent jurisdiction to enforce this subpart. Additionally, if the Navajo Nation so requests, BIA will defer to tribal prosecution of trespass on Navajo Partitioned Lands.
(b) Nothing in this subpart will be construed to diminish the sovereign authority of the Navajo Nation with respect to trespass.

§ 161.703 How are trespassers notified of a trespass determination?
(a) Unless otherwise provided under tribal law, when BIA has reason to believe that a trespass on Navajo Partitioned Lands has occurred, BIA or the authorized tribal representative will provide written notice within 5 business days to:
   (1) The alleged trespasser;
   (2) The possessor of trespass property; and
   (3) Any known lien holder.
(b) The written notice under paragraph (a) of this section will include the following:
   (1) The basis for the trespass determination;
   (2) A legal description of where the trespass occurred;
   (3) A verification of ownership of unauthorized property (e.g., brands in the State Brand Book for cases of livestock trespass, if applicable);
   (4) Corrective actions that must be taken;
   (5) Time frames for taking the corrective actions;
   (6) Potential consequences and penalties for failure to take corrective action; and
   (7) A statement that unauthorized livestock or other property may not be removed or disposed of unless authorized by BIA under paragraph (b)(4) of this section.
(c) If BIA determines that the alleged trespasser or possessor of trespass property is unknown or refuses delivery of the written notice, a public trespass notice will be posted at the tribal community building, U.S. Post Office, and published in the local newspaper nearest to the Indian agricultural lands where the trespass is occurring.
(d) Trespass notices under this subpart are not subject to appeal under part 2 of this title.

§ 161.704 What can a permittee do if they receive a trespass notice?
The trespasser will within the time frame specified in the notice:
(a) Comply with the ordered corrective actions; or
(b) Contact BIA in writing to explain why the trespass notice is in error. The
trespasser may contact BIA by telephone but any explanation of trespass must be provided in writing. If BIA determines that a trespass notice was issued in error, the notice will be withdrawn.

§ 161.705 How long will a written trespass notice remain in effect?

A written trespass notice will remain in effect for the same action identified in that written notice for a period of one year from the date of receipt of the written notice by the trespasser.

§ 161.706 What actions does BIA take against trespassers?

If the trespasser fails to take the corrective action as specified, BIA may take one or more of the following actions, as appropriate:

(a) Seize, impound, sell or dispose of unauthorized livestock or other property involved in the trespass. BIA may keep the property seized for use as evidence.

(b) Assess penalties, damages, and costs under §161.712.

§ 161.707 When will BIA impound unauthorized livestock or other property?

BIA will impound unauthorized livestock or other property under the following conditions:

(a) Where there is imminent danger of severe injury to growing or harvestable crop or destruction of the range forage.

(b) When the known owner or the owner’s representative of the unauthorized livestock or other property refuses to accept delivery of a written notice of trespass and the unauthorized livestock or other property are not removed within the period prescribed in the written notice.

(c) Any time after 5 days of providing notice of impoundment if the trespasser failed to correct the trespass.

§ 161.708 How are trespassers notified of impoundments?

(a) If the trespass is not corrected in the time specified in the initial trespass notice, BIA will send written notice of its intent to impound unauthorized livestock or other property to:

(1) The unauthorized livestock or property owner or representative; and

(2) Any known lien holder of the unauthorized livestock or other property.

(b) If BIA determines that the owner of the unauthorized livestock or other property or the owner’s representative is unknown or refuses delivery of the written notice, a public notice of intent to impound will be posted at the tribal community building, U.S. Post Office, and published in the local newspaper nearest to the Indian agricultural lands where the trespass is occurring.

(c) After BIA has given notice as described in §161.707, unauthorized livestock or other property will be impounded without any further notice.

§ 161.709 What happens after unauthorized livestock or other property are impounded?

Following the impoundment of unauthorized livestock or other property, BIA will provide notice that the impounded property will be sold as follows:

(a) BIA will provide written notice of the sale to the owner, the owner’s representative, and any known lien holder. The written notice must include the procedure by which the impounded property may be redeemed before the sale.

(b) BIA will provide public notice of sale of impounded property by posting at the tribal community building, U.S. Post Office, and publishing in the local newspaper nearest to the Indian agricultural lands where the trespass is occurring. The public notice will include a description of the impounded property, and the date, time, and place of the public sale. The sale date must be at least 5 days after the publication and posting of notice.

§ 161.710 How can impounded livestock or other property be redeemed?

Impounded livestock or other property may be redeemed by submitting proof of ownership and paying all penalties, damages, and costs under §161.712 and completing all corrective actions identified by BIA under §161.704.
§ 161.711 How will BIA sell impounded livestock or other property?

(a) Unless the owner or known lien holder of the impounded livestock or other property redeems the property before the time set by the sale, by submitting proof of ownership and settling all obligations under §§ 161.704 and 161.712, the property will be sold by public sale to the highest bidder.

(b) If a satisfactory bid is not received, the livestock or property may be re-offered for sale, returned to the owner, condemned and destroyed, or otherwise disposed of.

(c) BIA will give the purchaser a bill of sale or other written receipt evidencing the sale.

Penalties, Damages, and Costs

§ 161.712 What are the penalties, damages, and costs payable by trespassers?

Trespassers on Navajo Partitioned Lands must pay the following penalties and costs:

(a) Collection of the value of the products illegally used or removed plus a penalty of double their values;

(b) Costs associated with any damage to Navajo Partitioned Lands and/or property;

(c) The costs associated with enforcement of the provisions, including field examination and survey, damage appraisal, investigation assistance and report preparation, witness expenses, demand letters, court costs, attorney fees, and other costs.

§ 161.713 How will BIA determine the amount of damages to Navajo Partitioned Lands?

(a) BIA will determine the damages by considering the costs of rehabilitation and re-vegetation, loss of future revenue, loss of profits, loss of productivity, loss of market value, damage to other resources, and other factors.

(b) BIA will determine the value of forage or crops consumed or destroyed based upon the average rate received per month for comparable property or grazing privileges, or the estimated commercial value or replacement costs of the products or property.

(c) BIA will determine the value of the products or property illegally used or removed based upon a valuation of similar products or property.

§ 161.714 How will BIA determine the costs associated with enforcement of the trespass?

Costs of enforcement may include detection and all actions taken by us through prosecution and collection of damages. This includes field examination and survey, damage appraisal, investigation assistance and report preparation, witness expenses, demand letters, court costs, attorney fees, and other costs.

§ 161.715 What will BIA do if a trespasser fails to pay penalties, damages and costs?

This section applies if a trespasser fails to pay the assessed penalties, damages, and costs as directed. Unless otherwise provided by applicable Navajo Nation law, BIA will:

(a) Refuse to issue the permittee a permit for any use of Navajo Partitioned Lands; and

(b) Forward the case for appropriate legal action.

§ 161.716 How are the proceeds from trespass distributed?

Unless otherwise provided by Navajo Nation law:

(a) BIA will treat any amounts recovered under §161.712 as proceeds from the sale of agricultural property from the Navajo Partitioned Lands upon which the trespass occurred.

(b) Proceeds recovered under §161.712 may be distributed to:

(1) Repair damages of the Navajo Partitioned Lands and property; or

(2) Reimburse the affected parties, including the permittee for loss due to the trespass, as negotiated and provided in the permit.

(c) Reimburse for costs associated with the enforcement.

(d) If any money is left over after the distribution of the proceeds described in paragraph (b) of this section, BIA will return it to the trespasser or, where the owner of the impounded property cannot be identified within
§ 161.717 What happens if BIA does not collect enough money to satisfy the penalty?

BIA will send written notice to the trespasser demanding immediate settlement and advising the trespasser that unless settlement is received within 5 business days from the date of receipt, BIA will forward the case for appropriate legal action. BIA may send a copy of the notice to the Navajo Nation, permittee, and any known lien holders.

Subpart I—Concurrence/Appeals/Amendments

§ 161.800 How does the Navajo Nation provide concurrence to BIA?

(a) Actions taken by BIA under this part require concurrence of the Navajo Nation under section 640d-9(e)(1)(A) of the Settlement Act.

(b) For any action requiring the concurrence of the Resources Committee, the following procedures will apply:

(1) Unless a longer time is specified in a particular section, or unless BIA grants an extension of time, the Resources Committee will have 45 days to review and concur with the proposed action;

(2) If the Resources Committee concurs in writing with all or part of BIA proposed action, the action or a portion of it may be immediately implemented;

(3) If the Resources Committee does not concur with all or part of the proposed action within the time prescribed in paragraph (b)(1) of this section, BIA will submit to the Resources Committee a written declaration of non-concurrence. BIA will then notify the Resources Committee in writing of a formal hearing to be held not sooner than 30 days from the date of the non-concurrence declaration;

(4) The formal hearing on non-concurrence will permit the submission of written evidence and argument concerning the proposed action. BIA will take minutes of the hearing. Following the hearing, BIA may amend, alter, or otherwise change the proposed action. If, following a hearing, BIA alters or amends portions of the proposed plan of action, BIA will submit the altered or amended portions of the plan to the Resources Committee for its concurrence; and

(5) If the Resources Committee fails or refuses to give its concurrence to the proposal, BIA may implement the proposal only after issuing a written order, based upon findings of fact, that the proposed action is necessary to protect the land under the Settlement Act and the Agricultural Act.

§ 161.801 May decisions under this part be appealed?

(a) Appeals of BIA decisions issued under this part may be taken in accordance with procedures in part 2 of 25 CFR.

(b) All appeals of decisions by the Grazing Committee and Resources Committee will be forwarded to the Navajo Nation's Office of Hearings and Appeals.

§ 161.802 How will the Navajo Nation recommend amendments to this part?

The Resources Committee will have final authority on behalf of the Navajo Nation to approve amendments to the Navajo Partitioned Lands grazing provisions, upon the recommendation of the Grazing Committee and the Navajo-Hopi Land Commission, and the concurrence of BIA.

(a) This part applies to Indian land and Government land, including any tract in which an individual Indian or Indian tribe owns an interest in trust or restricted status.

(1) We will not take any action on a lease of fee interests or collect rent on behalf of fee interest owners. We will not condition our approval of a lease of the trust or restricted interests on your having obtained a lease from the owners of any fee interests. (i) The lease will terminate upon the death of the life tenant.

WHEN TO GET A LEASE

§ 162.005 When do I need a lease to authorize possession of Indian land?

(a) You need a lease under this part to possess Indian land if you meet one of the criteria in the following table, unless you are authorized to possess or use the Indian land by a land use agreement not subject to this part under §162.006(b) or by a permit.

(1) You are an Indian landowner who owns 100 percent of the trust or restricted interests in a tract; or

(2) You meet any of the criteria in the following table.

<table>

§ 162.006 To what types of land use agreements does this part apply?

(a) This part applies to leases of Indian land entered into under 25 U.S.C. 380, 25 U.S.C. 413(a), and 25 U.S.C. 4211, and other tribe-specific statutes authorizing surface leases of Indian land with our approval.
§ 162.007 To what permits does this part apply?

(1) Ensure that permitted activities comply with all applicable environmental and cultural resource laws; and

(2) Submit all permits to the appropriate BIA office to allow us to maintain a copy of the permit in our records. If we determine within 10 days of submission that the document does not meet the definition of “permit” and grants a legal interest in Indian land, we will notify you that a lease is required.

(b) The following table provides examples of some common characteristics of permits versus leases.

<table>
<thead>
<tr>
<th>Permit</th>
<th>Lease</th>

<td>Longer term.</td>
</tr>
</tbody>

§ 162.008 Does this part apply to lease documents I submitted for approval before January 4, 2013?

This part applies to all lease documents, except as provided in §162.006. If you submitted your lease document to us for approval before January 4, 2013, the qualifications in paragraphs (a) and (b) of this section also apply.

(a) If we approved your lease document before January 4, 2013, this part applies to that lease document; however, if the provisions of the lease document conflict with this part, the provisions of the lease govern.

(b) If you submitted a lease document but we did not approve it before January 4, 2013, then:

(1) We will review the lease document under the regulations in effect at the time of your submission; and

(2) Once we approve the lease document, this part applies to that lease document; however, if the provisions of the lease document conflict with this part, the provisions of the lease document govern.

§ 162.009 Do I need BIA approval of a subleasehold mortgage?

Unless the lease provides otherwise, sublease, or by request of the parties, you do not need our approval of a subleasehold mortgage. If the lease or sublease requires, or parties request, our approval, we will use the procedures governing our review of leasehold mortgages.

HOW TO GET A LEASE

§ 162.010 How do I obtain a lease?

(a) This section establishes the basic steps to obtain a lease.
(1) Prospective lessees must:
   (i) Directly negotiate with Indian landowners for a lease; and
   (ii) For fractionated tracts, notify all Indian landowners and obtain the consent of the Indian landowners of the applicable percentage of interests, under § 162.012; and
(2) Prospective lessees and Indian landowners must:
   (i) Prepare the required information and analyses, including information to facilitate our analysis under applicable environmental and cultural resource requirements; and
   (ii) Ensure the lease complies with the requirements in subpart C for residential leases, subpart D for business leases, or subpart E for wind energy evaluation, wind resource, or solar resource leases; and
(3) Prospective lessees or Indian landowners must submit the lease, and required information and analyses, to the BIA office with jurisdiction over the lands covered by the lease, for our review and approval.
(b) Generally, residential, business, wind energy evaluation, wind resource, and solar resource leases will not be advertised for competitive bid.

§ 162.011 How does a prospective lessee identify and contact individual Indian landowners to negotiate a lease?

(a) Prospective lessees may submit a written request to us to obtain the following information. The request must specify that it is for the purpose of negotiating a lease:
   (1) Names and addresses of the individual Indian landowners or their representatives;
   (2) Information on the location of the parcel; and
   (3) The percentage of undivided interest owned by each individual Indian landowner.
(b) We may assist prospective lessees in contacting the individual Indian landowners or their representatives for the purpose of negotiating a lease, upon request.
(c) We will assist individual Indian landowners in lease negotiations, upon their request.

§ 162.012 What are the consent requirements for a lease?

(a) For fractionated tracts:
   (1) Except in Alaska, the owners of the following percentage of undivided trust or restricted interests in a fractionated tract of Indian land must consent to a lease of that tract:

<table>
<thead>
<tr>
<th>Number of Owners</th>
<th>Percentage of Undivided Trust or Restricted Interest</th>
</tr>
</thead>
<tbody>
<tr>
<td>One to five</td>
<td>90 percent</td>
</tr>
<tr>
<td>Six to 10</td>
<td>80 percent</td>
</tr>
<tr>
<td>11 to 19</td>
<td>60 percent</td>
</tr>
<tr>
<td>20 or more</td>
<td>Over 50 percent</td>
</tr>
</tbody>
</table>

   (2) Leases in Alaska require consent of all of the Indian landowners in the tract.
   (3) If the prospective lessee is also an Indian landowner, his or her consent will be included in the percentages in paragraphs (a)(1) and (2) of this section.
   (4) Where owners of the applicable percentages in paragraph (a)(1) of this section consent to a lease document:
       (i) That lease document binds all non-consenting owners to the same extent as if those owners also consented to the lease document; and
       (ii) That lease document will not bind a non-consenting Indian tribe, except with respect to the tribally owned fractional interest, and the non-consenting Indian tribe will not be treated as a party to the lease. Nothing in this paragraph affects the sovereignty or sovereign immunity of the Indian tribe.
   (5) We will determine the number of owners of, and undivided interests in, a fractionated tract of Indian land, for the purposes of calculating the percentages in paragraph (a)(1) of this section based on our records on the date on which the lease is submitted to us for approval.
(b) Tribal land subject to a tribal land assignment may only be leased with the consent of the tribe.

§ 162.013 Who is authorized to consent to a lease?

(a) Indian tribes, adult Indian landowners, and emancipated minors, may consent to a lease of their land, including undivided interests in fractionated tracts.
(b) The following individuals or entities may consent on behalf of an individual Indian landowner:

(1) An adult with legal custody acting on behalf of his or her minor children;

(2) A guardian, conservator, or other fiduciary appointed by a court of competent jurisdiction to act on behalf of an individual Indian landowner;

(3) Any person who is authorized to practice before the Department of the Interior under 43 CFR 1.3(b) and has been retained by the Indian landowner for this purpose;

(4) BIA, under the circumstances in paragraph (c) of this section; or

(5) An adult or legal entity who has been given a written power of attorney that:

(i) Meets all of the formal requirements of any applicable law under §162.014;

(ii) Identifies the attorney-in-fact; and

(iii) Describes the scope of the powers granted, to include leasing land, and any limits on those powers.

(c) BIA may give written consent to a lease, and that consent must be counted in the percentage ownership described in §162.012, on behalf of:

(1) The individual owner if the owner is deceased and the heirs to, or devisees of, the interest of the deceased owner have not been determined;

(2) An individual whose whereabouts are unknown to us, after we make a reasonable attempt to locate the individual;

(3) An individual who is found to be non compos mentis or determined to be an adult in need of assistance who does not have a guardian duly appointed by a court of competent jurisdiction, or an individual under legal disability as defined in part 115 of this chapter;

(4) An orphaned minor who does not have a guardian duly appointed by a court of competent jurisdiction;

(5) An individual who has given us a written power of attorney to lease their land; and

(6) The individual Indian landowners of a fractionated tract where:

(i) We have given the Indian landowners written notice of our intent to consent to a lease on their behalf;

(ii) The Indian landowners are unable to agree upon a lease during a 3 month negotiation period following the notice; and

(iii) The land is not being used by an Indian landowner under §162.005(b)(1).

LEASE ADMINISTRATION

§ 162.014 What laws will apply to leases approved under this part?

(a) In addition to the regulations in this part, leases approved under this part:

(1) Are subject to applicable Federal laws and any specific Federal statutory requirements that are not incorporated in this part;

(2) Are subject to tribal law, subject to paragraph (b) of this section; and

(3) Are not subject to State law or the law of a political subdivision thereof except that:

(i) State law or the law of a political subdivision thereof may apply in the specific areas and circumstances in Indian country where the Indian tribe with jurisdiction has made it expressly applicable;

(ii) State law may apply in the specific areas and circumstances in Indian country where Congress has made it expressly applicable; and

(iii) State law may apply where a Federal court has expressly applied State law to a specific area or circumstance in Indian country in the absence of Federal or tribal law.

(b) Tribal laws generally apply to land under the jurisdiction of the tribe enacting the laws, except to the extent that those tribal laws are inconsistent with these regulations or other applicable Federal law. However, these regulations may be superseded or modified by tribal laws, as long as:

(1) The tribe has notified us of the superseding or modifying effect of the tribal laws;

(2) The superseding or modifying of the regulation would not violate a Federal statute or judicial decision, or conflict with our general trust responsibility under Federal law; and

(3) The superseding or modifying of the regulation applies only to tribal land.

(c) Unless prohibited by Federal law, the parties to a lease may subject that
lease to State or local law in the absence of Federal or tribal law, if:

(1) The lease includes a provision to this effect; and

(2) The Indian landowners expressly agree to the application of State or local law.

(d) An agreement under paragraph (c) of this section does not waive a tribe’s sovereign immunity unless the tribe expressly states its intention to waive sovereign immunity in the lease of tribal land.

§ 162.015 May a lease contain a preference consistent with tribal law for employment of tribal members?

A lease of Indian land may include a provision, consistent with tribal law, requiring the lessee to give a preference to qualified tribal members, based on their political affiliation with the tribe.

§ 162.016 Will BIA comply with tribal laws in making lease decisions?

Unless contrary to Federal law, BIA will comply with tribal laws in making decisions regarding leases, including tribal laws regulating activities on leased land under tribal jurisdiction, including, but not limited to, tribal laws relating to land use, environmental protection, and historic or cultural preservation.

§ 162.017 What taxes apply to leases approved under this part?

(a) Subject only to applicable Federal law, permanent improvements on the leased land, without regard to ownership of those improvements, are not subject to any fee, tax, assessment, levy, or other charge imposed by any State or political subdivision of a State. Improvements may be subject to taxation by the Indian tribe with jurisdiction.

(b) Subject only to applicable Federal law, activities under a lease conducted on the leased premises are not subject to any fee, tax, assessment, levy, or other charge (e.g., business use, privilege, public utility, excise, gross revenue taxes) imposed by any State or political subdivision of a State. Activities may be subject to taxation by the Indian tribe with jurisdiction.

§ 162.018 May tribes administer this part on BIA’s behalf?

A tribe or tribal organization may contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450f et seq.) to administer any portion of this part that is not an approval or disapproval of a lease document, waiver of a requirement for lease approval (including but not limited to waivers of fair market rental and valuation, bonding, and insurance), cancellation of a lease, or an appeal.

§ 162.019 May a lease address access to the leased premises by roads or other infrastructure?

A lease may address access to the leased premises by roads or other infrastructure, as long as the access complies with applicable statutory and regulatory requirements, including 25 CFR part 169. Roads or other infrastructure within the leased premises do not require compliance with 25 CFR part 169 during the term of the lease, unless otherwise stated in the lease.

§ 162.020 May a lease combine tracts with different Indian landowners?

(a) We may approve a lease that combines multiple tracts of Indian land into a unit, if we determine that unitization is:

(1) In the Indian landowners’ best interest; and

(2) Consistent with the efficient administration of the land.

(b) For a lease that covers multiple tracts, the minimum consent requirements apply to each tract separately.

(c) Unless the lease provides otherwise, the rent or other compensation will be prorated in proportion to the acreage each tract contributes to the entire lease. Once prorated per tract,
§ 162.021 What are BIA’s responsibilities in approving leases?

(a) We will work to provide assistance to Indian landowners in leasing their land, either through negotiations or advertisement.

(b) We will promote tribal control and self-determination over tribal land and other land under the tribe’s jurisdiction, including through contracts and self-governance compacts entered into under the Indian Self-Determination and Education Assistance Act, as amended, 25 U.S.C. 450f et. seq.

(c) We will promptly respond to requests for BIA approval of leases, as specified in §§ 162.340, 162.440, 162.530, and 162.565.

(d) We will work to ensure that the use of the land is consistent with the Indian landowners’ wishes and applicable tribal law.

§ 162.022 What are BIA’s responsibilities in administering and enforcing leases?

(a) Upon written notification from an Indian landowner that the lessee has failed to comply with the terms and conditions of the lease, we will promptly take appropriate action, as specified in §§ 162.364, 162.464, and 162.589. Nothing in this part prevents an Indian landowner from exercising remedies available to the Indian landowners under the lease or applicable law.

(b) We will promptly respond to requests for BIA approval of amendments, assignments, leasehold mortgages, and subleases, as specified in subparts C, D, and E.

(c) We will respond to Indian landowners’ concerns regarding the management of their land.

(d) We will take emergency action as needed to preserve the value of the land under § 162.024.

§ 162.023 What if an individual or entity takes possession of or uses Indian land without an approved lease or other proper authorization?

If an individual or entity takes possession of, or uses, Indian land without a lease and a lease is required, the unauthorized possession or use is a trespass. We may take action to recover possession, including eviction, on behalf of the Indian landowners and pursue any additional remedies available under applicable law. The Indian landowners may pursue any available remedies under applicable law.

§ 162.024 May BIA take emergency action if Indian land is threatened?

(a) We may take appropriate emergency action if there is a natural disaster or if an individual or entity causes or threatens to cause immediate and significant harm to Indian land. Emergency action may include judicial action seeking immediate cessation of the activity resulting in or threatening the harm.

(b) We will make reasonable efforts to notify the individual Indian landowners before and after taking emergency action. In all cases, we will notify the Indian landowners after taking emergency action by actual or constructive notice. We will provide written notification of our action to the Indian tribe exercising jurisdiction over the Indian land before and after taking emergency action.

§ 162.025 May decisions under this part be appealed?

Appeals from BIA decisions under this part may be taken under part 2 of this chapter, except for deemed approvals and as otherwise provided in this part. For purposes of appeals from BIA decisions under this part, “interested party” is defined as any person whose own direct economic interest is adversely affected by an action or decision. Our decision to disapprove a lease may be appealed only by an Indian landowner. Our decision to disapprove any other lease document may be appealed only by the Indian landowners or the lessee.

§ 162.026 Who can answer questions about leasing?

An Indian landowner or prospective lessee may contact the local BIA realty office (or of any tribe acting on behalf of BIA under § 162.018) with jurisdiction over the land for answers to questions about the leasing process.
§ 162.027 What documentation may BIA require in approving, administering, and enforcing leases?

(a) We may require that the parties provide any pertinent environmental and technical records, reports, and other information (e.g., records of lease payments), related to approval of lease documents and enforcement of leases.

(b) We will adopt environmental assessments and environmental impact statements prepared by another Federal agency, Indian tribe, entity, or person under 43 CFR 46.320 and 42 CFR 1506.3, including those prepared under 25 U.S.C. 4115 and 25 CFR part 1000, but may require a supplement. We will use any reasonable evidence that another Federal agency has accepted the environmental report, including but not limited to, letters of approval or acceptance.

(c) Upon our request, the parties must make appropriate records, reports, or information available for our inspection and duplication. We will keep confidential any information that is marked confidential or proprietary and will exempt it from public release to the extent allowed by law and in accordance with 43 CFR part 2. We may, at our discretion, treat a lessee’s failure to cooperate with such request, provide data, or grant access to information or records as a lease violation.

§ 162.028 How may an Indian tribe obtain information about leases on its land?

Upon request of the Indian tribe with jurisdiction, BIA will promptly provide information on the status of leases on tribal land, without requiring a Freedom of Information Act request.

§ 162.029 How does BIA provide notice to the parties to a lease?

(a) When this part requires us to notify the parties of the status of our review of a lease document (including but not limited to, providing notice to the parties of the date of receipt of a lease document, informing the parties of the need for additional review time, and informing the parties that a lease proposal package is not complete):

(1) For leases of tribal land, we will notify the lessee and the tribe by mail; and

(2) For leases of individually owned Indian land, we will notify the lessee by mail and, where feasible, the individual Indian landowners either by constructive notice or by mail.

We will assist Indian landowners in leasing their land for agricultural purposes. For the purposes of §§162.102 through 162.256:

(a) We will assist Indian landowners in leasing their land, either through negotiations or advertisement. In reviewing a negotiated lease for approval, we will defer to the landowners’ determination that the lease is in their best interest, to the maximum extent possible. In granting a lease on the landowners’ behalf, we will obtain a fair annual rental and attempt to ensure (through proper notice) that the use of the land is consistent with the landowners’ wishes. § 162.106 What will BIA do if possession is taken without an approved agricultural lease or other proper authorization?

(a) If an agricultural lease is required, and possession is taken without an agricultural lease by a party other than an Indian landowner of the tract, we will treat the unauthorized use as a trespass. Unless we have reason to believe that the party in possession is engaged in negotiations with the Indian landowners to obtain an agricultural lease, we will take action to recover possession on behalf of the Indian landowners, and pursue any additional remedies available under applicable law.

(b) Where a trespass involves Indian agricultural land, we will also assess civil penalties and costs under part 166, subpart I, of this chapter.

§ 162.105 Can tracts with different Indian landowners be unitized for agricultural leasing purposes?

(a) An agricultural lease negotiated by Indian landowners may cover more than one tract of Indian land, but the minimum consent requirements for leases granted by Indian landowners under subparts B through D of this part will apply to each tract separately. We may combine multiple tracts into a unit for leases negotiated or advertised by us, if we determine that unitization is in the Indian landowners’ best interests and consistent with the efficient administration of the land.

(b) Unless otherwise provided in the agricultural lease, the rent or other consideration derived from a unitized agricultural lease will be distributed based on the size of each landowner’s interest in proportion to the acreage within the entire unit.
§ 162.108 What are BIA’s responsibilities in administering and enforcing agricultural leases?

(a) We will ensure that tenants meet their payment obligations to Indian landowners, through the collection of rent on behalf of the landowners and the prompt initiation of appropriate collection and enforcement actions. We will also assist landowners in the enforcement of payment obligations that run directly to them, and in the exercise of any negotiated remedies that apply in addition to specific remedies made available to us under these or other regulations.

(b) We will ensure that tenants comply with the operating requirements in their agricultural leases, through appropriate inspections and enforcement actions as needed to protect the interests of the Indian landowners and respond to concerns expressed by them. We will take immediate action to recover possession from trespassers operating without an agricultural lease, and take other emergency action as needed to preserve the value of the land.

§ 162.109 What laws, other than these regulations, will apply to agricultural leases granted or approved under this part?

(a) Agricultural leases granted or approved under this part will be subject to federal laws of general applicability and any specific federal statutory requirements that are not incorporated in these regulations.

(b) Tribal laws generally apply to land under the jurisdiction of the tribe enacting such laws, except to the extent that those tribal laws are inconsistent with these regulations or other applicable federal law. These regulations may be superseded or modified by tribal laws, however, so long as:

1. The tribal laws are consistent with the enacting tribe’s governing documents;
2. The tribe has notified us of the superseding or modifying effect of the tribal laws;
3. The superseding or modifying of the regulation would not violate a federal statute or judicial decision, or conflict with our general trust responsibility under federal law; and
4. The superseding or modifying of the regulation applies only to tribal land.

(c) State law may apply to agricultural lease disputes or define the remedies available to the Indian landowners in the event of an agricultural lease violation by the tenant, if the agricultural lease so provides and the Indian landowners have expressly agreed to the application of state law.

§ 162.110 Can these regulations be administered by tribes, on the Secretary’s or on BIA’s behalf?

Except insofar as these regulations provide for the granting, approval, or enforcement of agricultural leases and permits, the provisions in these regulations that authorize or require us to take certain actions will extend to any tribe or tribal organization that is administering specific programs or providing specific services under a contract or self-governance compact entered into under the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 450f et seq.).

§ 162.111 Who owns the records associated with this subpart?

(a) Records associated with this subpart are the property of the United States if they:...
(1) Are made or received by a tribe or tribal organization in the conduct of a federal trust function under 25 U.S.C. § 450f et seq., including the operation of a trust program; and

(2) Evidence the organization, functions, policies, decisions, procedures, operations, or other activities undertaken in the performance of a federal trust function under this part.

(b) Records associated with this subpart not covered by paragraph (a) of this section that are made or received by a tribe or tribal organization in the conduct of business with the Department of the Interior under this subpart are the property of the tribe.

§ 162.112 How must records associated with this part be preserved?

(a) Any organization, including tribes and tribal organizations, that have records identified in §162.111(a) must preserve the records in accordance with approved Departmental records retention procedures under the Federal Records Act, 44 U.S.C. Chapters 29, 31 and 33. These records and related records management practices and safeguards required under the Federal Records Act are subject to inspection by the Secretary and the Archivist of the United States.

(b) A tribe or tribal organization should preserve the records identified in §162.111(b) for the period of time authorized by the Archivist of the United States for similar Department of the Interior records in accordance with 44 U.S.C. Chapter 33. If a tribe or tribal organization does not preserve records associated with its conduct of business with the Department of the Interior under this part, it may prevent the tribe or tribal organization from being able to adequately document essential transactions or furnish information necessary to protect its legal and financial rights or those of persons directly affected by its activities.

§ 162.113 May decisions under this subpart be appealed?

Yes. Except where otherwise provided in this subpart, appeals from decisions by the BIA under this subpart may be taken pursuant to 25 CFR subpart 2.

§ 162.200 What types of leases are covered by this subpart?

The regulations in this subpart apply to agricultural leases, as defined in this part. The regulations in this subpart may also apply to business leases on agricultural land, where appropriate.

§ 162.201 Must agricultural land be managed in accordance with a tribe’s agricultural resource management plan?

(a) Agricultural land under the jurisdiction of a tribe must be managed in accordance with the goals and objectives in any agricultural resource management plan developed by the tribe, or by us in close consultation with the tribe, under AIARMA.

(b) A ten-year agricultural resource management and monitoring plan must be developed through public meetings and completed within three years of the initiation of the planning activity. Such a plan must be developed through public meetings, and be based on the public meeting records and existing survey documents, reports, and other research from federal agencies, tribal community colleges, and land grant universities. When completed, the plan must:

(1) Determine available agricultural resources;

(2) Identify specific tribal agricultural resource goals and objectives;

(3) Establish management objectives for the resources;

(4) Define critical values of the Indian tribe and its members and identify holistic management objectives; and

(5) Identify actions to be taken to reach established objectives.

(c) Where the regulations in this subpart are inconsistent with a tribe’s agricultural resource management plan, we may waive the regulations under part 1 of this title, so long as the waiver does not violate a federal statute or judicial decision or conflict with our
§ 162.202 How will tribal laws be enforced on agricultural land?

(a) Unless prohibited by federal law, we will recognize and comply with tribal laws regulating activities on agricultural land, including tribal laws relating to land use, environmental protection, and historic or cultural preservation.

(b) While the tribe is primarily responsible for enforcing tribal laws pertaining to agricultural land, we will:

(1) Assist in the enforcement of tribal laws;

(2) Provide notice of tribal laws to persons or entities undertaking activities on agricultural land, under §162.204(c) of this subpart; and

(3) Require appropriate federal officials to appear in tribal forums when requested by the tribe, so long as such an appearance would not:

(i) Be inconsistent with the restrictions on employee testimony set forth at 43 CFR Part 2, Subpart E;

(ii) Constitute a waiver of the sovereign immunity of the United States; or

(iii) Authorize or result in a review of our actions by a tribal court.

(c) Where the regulations in this subpart are inconsistent with a tribal law, but such regulations cannot be superseded or modified by the tribal law under §162.109 of this part, we may waive the regulations under part 1 of this chapter, so long as the waiver does not violate a federal statute or judicial decision or conflict with our general trust responsibility under federal law.

§ 162.204 Must notice of applicable tribal laws and leasing policies be provided?

(a) A tribe must provide us with an official copy of any tribal law or leasing policy that supersedes or modifies these regulations under §§162.109 or 162.203 of this part. If the tribe has not already done so, we will provide notice of such a tribal law or leasing policy to affected Indian landowners and persons or entities undertaking activities on agricultural land.

(b) When specifically authorized by an appropriate tribal resolution establishing a general policy for the leasing of “highly fractionated undivided heirship lands” (as defined in the tribal leasing policy), we may waive or modify the three-month notice requirement in §162.209(b) of this subpart, so long as:

(1) The tribal law or leasing policy adopts an alternative plan for providing notice to Indian landowners, before an agricultural lease is granted by us on their behalf; and

(2) A waiver or modification of the three-month notice requirement is needed to prevent waste, reduce idle land acreage, and ensure lease income to the Indian landowners.

(d) Tribal leasing policies of the type described in paragraphs (b) through (c) of this section will not apply to individually-owned land that has been made exempt from such laws or policies under §162.205 of this subpart.

§ 162.203 When can the regulations in this subpart be superseded or modified by tribal laws and leasing policies?

(a) The regulations in this subpart may be superseded or modified by tribal laws, under the circumstances described in §162.109(b) of this part.

(b) When specifically authorized by an appropriate tribal resolution establishing a general policy for the leasing of tribal and individually-owned agricultural land, we will:

(1) Waive the general prohibition against tenant preferences in leases advertised for bid under §162.212 of this subpart, by allowing prospective Indian tenants to match the highest responsible bid (unless the tribal leasing policy specifies some other manner in which the preference must be afforded);

(2) Waive the requirement that a tenant post a bond under §162.234 of this subpart;

(3) Modify the requirement that a tenant post a bond in a form described in §162.235 of this subpart;

(4) Approve leases of tribal land at rates established by the tribe, as provided in §162.22(b) of this subpart.

(c) When specifically authorized by an appropriate tribal resolution establishing a general policy for the leasing of “highly fractionated undivided heirship lands” (as defined in the tribal leasing policy), we may waive or modify the three-month notice requirement in §162.209(b) of this subpart, so long as:

(1) The tribal law or leasing policy adopts an alternative plan for providing notice to Indian landowners, before an agricultural lease is granted by us on their behalf; and

(2) A waiver or modification of the three-month notice requirement is needed to prevent waste, reduce idle land acreage, and ensure lease income to the Indian landowners.

(d) Tribal leasing policies of the type described in paragraphs (b) through (c) of this section will not apply to individually-owned land that has been made exempt from such laws or policies under §162.205 of this subpart.
§ 162.205 Can individual Indian landowners exempt their agricultural land from certain tribal leasing policies?

(a) Individual Indian landowners may exempt their agricultural land from the application of a tribal leasing policy of a type described in §162.203(b) through (c) of this subpart, if the Indian owners of at least 50% of the trust or restricted interests in the land submit a written objection to us before a lease is granted or approved.

(b) Upon our receipt of a written objection from the Indian landowners that satisfies the requirements of paragraph (a) of this section, we will notify the tribe that the owners' land has been exempted from a specific tribal leasing policy. If the exempted land is part of a unitized lease tract, such land will be removed from the unit and leased separately, if appropriate.

(c) The procedures described in paragraphs (a) and (b) of this section will also apply to withdrawing an approved exemption.

§ 162.207 When can the Indian landowners grant an agricultural lease?

(a) Tribes grant leases of tribally-owned agricultural land, including any tribally-owned undivided interest(s) in a fractionated tract, subject to our approval. Where tribal land is subject to a land assignment made to a tribal member or some other individual under tribal law or custom, the individual and the tribe must both grant the lease, subject to our approval.

(b) Adult Indian owners, or emancipated minors, may grant agricultural leases of their land, including undivided interests in fractionated tracts, subject to our approval.

(c) An agricultural lease of a fractionated tract may be granted by the owners of a majority interest in the tract, subject to our approval. Although prior notice to non-consenting individual Indian landowners is generally not needed prior to our approval of such a lease, a right of first refusal must be offered to any non-consenting Indian landowner who is using the entire lease tract at the time the lease is entered into by the owners of a majority interest. Where the owners of a majority interest grant such a lease on behalf of all of the Indian owners of a fractionated tract, the non-consenting Indian landowners must receive a fair annual rental.

(d) As part of the negotiation of a lease, Indian landowners may advertise their land to identify potential tenants with whom to negotiate.

§ 162.206 Can the terms of an agricultural lease be negotiated with the Indian landowners?

An agricultural lease may be obtained through negotiation. We will assist prospective tenants in contacting the Indian landowners or their representatives for the purpose of negotiating a lease, and we will assist the landowners in those negotiations upon request.
§ 162.208 Who can represent the Indian landowners in negotiating or granting an agricultural lease?

The following individuals or entities may represent an individual Indian landowner:

(a) An adult with custody acting on behalf of his or her minor children;
(b) A guardian, conservator, or other fiduciary appointed by a court of competent jurisdiction to act on behalf of an individual Indian landowner;
(c) An adult or legal entity who has been given a written power of attorney that:
   (1) Meets all of the formal requirements of any applicable tribal or state law;
   (2) Identifies the attorney-in-fact and the land to be leased; and
   (3) Describes the scope of the power granted and any limits thereon.

§ 162.209 When can BIA grant an agricultural lease on behalf of an Indian landowner?

(a) We may grant an agricultural lease on behalf of:
   (1) Individuals who are found to be non compos mentis by a court of competent jurisdiction;
   (2) Orphaned minors;
   (3) The undetermined heirs and devisees of deceased Indian owners;
   (4) Individuals who have given us a written power of attorney to lease their land; and
   (5) Individuals whose whereabouts are unknown to us, after reasonable attempts are made to locate such individuals; and
(b) The individual Indian landowners of fractionated Indian land, when necessary to protect the interests of the individual Indian landowners.

(b) We may grant an agricultural lease on behalf of all of the individual Indian owners of a fractionated tract, where:

(1) We have provided the Indian landowners with written notice of our intent to grant a lease on their behalf, but the Indian landowners are unable to agree upon a lease during a three-month negotiation period immediately following such notice, or any other notice period established by a tribe under §162.203(c) of this subpart; and

(2) The land is not being used by an Indian landowner under §162.104(b) of this part.

§ 162.210 When can BIA grant a permit covering agricultural land?

(a) We may grant a permit covering agricultural land in the same manner as we would grant an agricultural lease under §162.209 of this part. We may also grant a permit on behalf of individual Indian landowners, without prior notice, if it is impractical to provide notice to the owners and no substantial injury to the land will occur.

(b) We may grant a permit covering agricultural land, but not an agricultural lease, on government land.

(c) We will not grant a permit on tribal agricultural land, but a tribe may grant a permit, subject to our approval, in the same manner as it would grant a lease under §162.207(a) of this subpart.

§ 162.211 What type of valuation or evaluation methods will be applied in estimating the fair annual rental of Indian land?

(a) To support the Indian landowners in their negotiations, and to assist in our consideration of whether an agricultural lease is in the Indian landowners’ best interest, we must determine the fair annual rental of the land prior to our grant or approval of the lease, unless the land may be leased at less than a fair annual rental under §162.222(b) through (c) of this subpart.

(b) A fair annual rental may be determined by competitive bidding, appraisal, or any other appropriate valuation method. Where an appraisal or other valuation is needed to determine the fair annual rental, the appraisal or valuation must be prepared in accordance with USPAP.

§ 162.212 When will the BIA advertise Indian land for agricultural leases?

(a) We will generally advertise Indian land for agricultural leasing:
   (1) At the request of the Indian landowners; or
   (2) Before we grant a lease under §162.209(b) of this subpart.
(b) Advertisements will provide prospective tenants with notice of any supperseding tribal laws and leasing policies that have been made applicable to the land under §§162.109 and 162.203 of this part, along with certain standard terms and conditions to be included in the lease. Advertisements will prohibit tenant preferences, and bidders at lease sales will not be afforded any preference, unless a preference in favor of individual Indians is required by a supperseding tribal law or leasing policy.

(c) Advertisements will require sealed bids, and they may also provide for further competitive bidding among the prospective tenants at the conclusion of the bid opening. Competitive bidding should be supported, at a minimum, by a market study or rent survey that is consistent with USPAP.

§ 162.213 What supporting documents must be provided prior to BIA's grant or approval of an agricultural lease?

(a) If the tenant is a corporation, partnership or other legal entity, it must provide organizational and financial documents, as needed to show that the lease will be enforceable against the tenant and the tenant will be able to perform all of its lease obligations.

(b) Where a bond is required under §162.234 of this subpart, the bond must be furnished before we grant or approve the lease.

(c) The tenant must provide environmental and archaeological reports, surveys, and site assessments, as needed to document compliance with NEPA and other applicable federal and tribal land use requirements.

§ 162.214 How and when will BIA decide whether to approve an agricultural lease?

(a) Before we approve a lease, we must determine in writing that the lease is in the best interest of the Indian landowners. In making that determination, we will:

1. Review the lease and supporting documents;

2. Identify potential environmental impacts and ensure compliance with all applicable environmental laws, land use laws, and ordinances (including preparation of the appropriate review documents under NEPA);

3. Assure ourselves that adequate consideration has been given, as appropriate, to:

   (i) The relationship between the use of the leased premises and the use of neighboring lands;

   (ii) The height, quality, and safety of any structures or other facilities to be constructed on the leased premises;

   (iii) The availability of police and fire protection, utilities, and other essential community services;

   (iv) The availability of judicial forums for all criminal and civil matters arising on the leased premises; and

   (v) The effect on the environment of the proposed land use.

(b) Where an agricultural lease is in a form that has previously been accepted or approved by us, and all of the documents needed to support the findings required by paragraph (a) of this section have been received, we will decide whether to approve the lease within 30 days of the date of our receipt of the lease and supporting documents. If we decide to approve or disapprove a lease, we will notify the parties immediately and advise them of their right to appeal the decision under part 2 of this chapter. Copies of agricultural leases that have been approved will be provided to the tenant, and made available to the Indian landowners upon request.

§ 162.215 When will an agricultural lease be effective?

Unless otherwise provided in the lease, an agricultural lease will be effective on the date on which the lease is approved by us. An agricultural lease may be made effective on some past or future date, by agreement, but such a lease may not be approved more than one year prior to the date on which the lease term is to commence.

§ 162.216 When will a BIA decision to approve an agricultural lease be effective?

Our decision to approve an agricultural lease will be effective immediately, notwithstanding any appeal
§ 162.217 Must an agricultural lease or permit be recorded?

(a) An agricultural lease or permit must be recorded in our Land Titles and Records Office with jurisdiction over the land. We will record the lease or permit immediately following our approval under this subpart.

(b) Agricultural leases of tribal land that do not require our approval, under §162.102 of this part, must be recorded by the tribe in our Land Titles and Records Office with jurisdiction over the land.

LEASE REQUIREMENTS

§ 162.218 Is there a standard agricultural lease form?

Based on the need for flexibility in advertising, negotiating and drafting of appropriate lease terms and conditions, there is no standard agricultural lease form that must be used. We will assist the Indian landowners in drafting lease provisions that conform to the requirements of this part.

§ 162.219 Are there any provisions that must be included in an agricultural lease?

In addition to the other requirements of this part, all agricultural leases must provide that:

(a) The obligations of the tenant and its sureties to the Indian landowners will also be enforceable by the United States, so long as the land remains in trust or restricted status;

(b) Nothing contained in this lease shall operate to delay or prevent a termination of federal trust responsibilities with respect to the land by the issuance of a fee patent or otherwise during the term of the lease; however, such termination shall not serve to abrogate the lease. The owners of the land and the lessee and his surety or sureties shall be notified of any such change in the status of the land;

(c) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of the leased premises; and

(d) The tenant must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements, including tribal laws and leasing policies.

§ 162.220 Are there any formal requirements that must be satisfied in the execution of an agricultural lease?

(a) An agricultural lease must identify the Indian landowners and their respective interests in the leased premises, and the lease must be granted by or on behalf of each of the Indian landowners. One who executes a lease in a representative capacity under §162.208 of this subpart must identify the owner being represented and the authority under which such action is being taken.

(b) An agricultural lease must be executed by individuals having the necessary capacity and authority to bind the tenant under applicable law.

(c) An agricultural lease must include a citation of the provisions in this subpart that authorize our approval, along with a citation of the formal documents by which such authority has been delegated to the official taking such action.

§ 162.221 How should the land be described in an agricultural lease?

An agricultural lease should describe the leased premises by reference to a public or private survey, if possible. If the land cannot be so described, the lease must include a legal description or other description that is sufficient to identify the leased premises, subject to our approval. Where there are undivided interests owned in fee status, the aggregate portion of trust and restricted interests should be identified in the description of the leased premises.

§ 162.222 How much rent must be paid under an agricultural lease?

(a) An agricultural lease must provide for the payment of a fair annual rental at the beginning of the lease term, unless a lesser amount is permitted under paragraphs (b) through (d) of this section. The tenant’s rent payments may be:

(1) In fixed amounts; or

(2) Based on a share of the agricultural products generated by the lease,
or a percentage of the income to be derived from the sale of such agricultural products.

(b) We will approve an agricultural lease of tribal land at a nominal rent, or at less than a fair annual rental, if such a rent is negotiated or established by the tribe.

(c) We will approve an agricultural lease of individually-owned land at a nominal rent or at less than a fair annual rental, if:

(1) The tenant is a member of the Indian landowner’s immediate family, or a co-owner in the lease tract; or

(2) The tenant is a cooperative or other legal entity in which the Indian landowners directly participate in the revenues or profits generated by the lease.

(d) We will grant or approve a lease at less than a fair annual rental, as previously determined by an appraisal or some other appropriate valuation method, if the land is subsequently advertised and the tenant is the highest responsible bidder.

§ 162.223 Must the rent be adjusted under an agricultural lease?

(a) Except as provided in paragraph (c) of this section, an agricultural lease must provide for one or more rental adjustments if the lease term runs more than five years, unless the lease provides for the payment of:

(1) Less than a fair annual rental, as permitted under §162.222(b) through (c) of this part; or

(2) A rental based primarily on a share of the agricultural products generated by the lease, or a percentage of the income derived from the sale of agricultural products.

(b) If rental adjustments are required, the lease must specify:

(1) How adjustments are made;

(2) Who makes the adjustments;

(3) When the adjustments are effective; and

(4) How disputes about the adjustments are resolved.

(c) An agricultural lease of tribal land may run for a term of more than five years, without providing for a rental adjustment, if the tribe establishes such a policy under §162.223(b)(4) and negotiates such a lease.

§ 162.224 When are rent payments due under an agricultural lease?

An agricultural lease must specify the dates on which all rent payments are due. Unless otherwise provided in the lease, rent payments may not be made or accepted more than one year in advance of the due date. Rent payments are due at the time specified in the lease, regardless of whether the tenant receives an advance billing or other notice that a payment is due.

§ 162.225 Will untimely rent payments made under an agricultural lease be subject to interest charges or late payment penalties?

An agricultural lease must specify the rate at which interest will accrue on any rent payment not made by the due date or any other date specified in the lease. A lease may also identify additional late payment penalties that will apply if a rent payment is not made by a specified date. Unless otherwise provided in the lease, such interest charges and late payment penalties will apply in the absence of any specific notice to the tenant from us or the Indian landowners, and the failure to pay such amounts will be treated as a lease violation under §162.251 of this subpart.

§ 162.226 To whom can rent payments be made under an agricultural lease?

(a) An agricultural lease must specify whether rent payments will be made directly to the Indian landowners or to us on behalf of the Indian landowners. If the lease provides for payment to be made directly to the Indian landowners, the lease must also require that the tenant retain specific documentation evidencing proof of payment, such as canceled checks, cash receipt vouchers, or copies of money orders or cashier’s checks, consistent with the provisions of §§162.112 and 162.113 of this part.

(b) Rent payments made directly to the Indian landowners must be made to the parties specified in the lease, unless otherwise provided in the lease, rent payments may not be made payable directly to
§ 162.227  What form of rent payment can be accepted under an agricultural lease?

(a) When rent payments are made directly to the Indian landowners, the form of payment must be acceptable to the Indian landowners.

(b) Payments made to us may be delivered in person or by mail. We will not accept cash, foreign currency, or third-party checks. We will accept:

(1) Personal or business checks drawn on the account of the tenant;

(2) Money orders;

(3) Cashier’s checks;

(4) Certified checks; or

(5) Electronic funds transfer payments.

§ 162.228  What other types of payments are required under an agricultural lease?

(a) The tenant may be required to pay additional fees, taxes, and/or assessments associated with the use of the land, as determined by the tribe having jurisdiction over the land. The tenant must pay these amounts to the appropriate tribal official.

(b) Except as otherwise provided in part 171 of this chapter, if the leased premises are within an Indian irrigation project or drainage district, the tenant must pay all operation and maintenance charges that accrue during the lease term. The tenant must pay these amounts to the appropriate official in charge of the irrigation project or drainage district. Failure to make such payments will constitute a violation of the lease under §162.251.

§ 162.229  How long can the term of an agricultural lease run?

(a) An agricultural lease must provide for a definite lease term, specifying the commencement date. The commencement date of the lease may not be more than one year after the date on which the lease is approved.

(b) The lease term must be reasonable, given the purpose of the lease and the level of investment required. Unless otherwise provided by statute, the maximum term may not exceed ten years, unless a substantial investment in the improvement of the land is required. If such a substantial investment is required, the maximum term may be up to 25 years.

(c) Where all of the trust or restricted interests in a tract are owned by a deceased Indian whose heirs and devisees have not yet been determined, the maximum term may not exceed two years.

(d) An agricultural lease may not provide the tenant with an option to renew, and such a lease may not be renewed or extended by holdover.

§ 162.230  Can an agricultural lease be amended, assigned, sublet, or mortgaged?

(a) An agricultural lease may authorize amendments, assignments, subleases, or mortgages of the leasehold interest, but only with the written consent of the parties to the lease in the same manner the original lease was approved, and our approval. An attempt by the tenant to mortgage the leasehold interest or authorize possession by another party, without the necessary consent and approval, will be treated as a lease violation under §162.251 of this subpart.

(b) An agricultural lease may authorize us, one or more of the Indian landowners, or a designated representative of the Indian landowners, to consent to an amendment, assignment, sublease, mortgage, or other type of agreement, on the landowners’ behalf. A designated landowner or representative may not negotiate or consent to an amendment, assignment, or sublease that would:

(1) Reduce the rentals payable to the other Indian landowners; or
(2) Terminate or modify the term of the lease.

(c) Where the Indian landowners have not designated a representative for the purpose of consenting to an amendment, assignment, sublease, mortgage, or other type of agreement, such consent may be granted by or on behalf of the landowners in the same manner as a new lease, under §§162.207 through 162.209 of this subpart.

§ 162.231 How can the land be used under an agricultural lease?

(a) An agricultural lease must describe the authorized uses of the leased premises. Any use of the leased premises for an unauthorized purpose, or a failure by the tenant to maintain continuous operations throughout the lease term, will be treated as a lease violation under §162.251 of this subpart.

(b) An agricultural lease must require that farming and grazing operations be conducted in accordance with recognized principles of sustained yield management, integrated resource management planning, sound conservation practices, and other community goals as expressed in applicable tribal laws, leasing policies, or agricultural resource management plans. Appropriate stipulations or conservation plans must be developed and incorporated in all agricultural leases.

§ 162.232 Can improvements be made under an agricultural lease?

An agricultural lease must generally describe the type and location of any improvements to be constructed by the lessee. Unless otherwise provided in the lease, any specific plans for the construction of those improvements will not require the consent of the Indian owners or our approval.

§ 162.233 Who will own the improvements made under an agricultural lease?

(a) An agricultural lease may specify who will own any improvements constructed by the tenant, during the lease term. The lease must indicate whether any improvements constructed by the tenant will remain on the leased premises upon the expiration or termination of the lease, providing for the improvements to either:

(1) Remain on the leased premises, in a condition satisfactory to the Indian landowners and us; or

(2) Be removed within a time period specified in the lease, at the tenant’s expense, with the leased premises to be restored as close as possible to their condition prior to construction of such improvements.

(b) If the lease allows the tenant to remove the improvements, it must also provide the Indian landowners with an option to waive the removal requirement and take possession of the improvements if they are not removed within the specified time period. If the Indian landowners choose not to exercise this option, we will take appropriate enforcement action to ensure removal at the tenant’s expense.

§ 162.234 Must a tenant provide a bond under an agricultural lease?

Unless otherwise provided by a tribe under §162.203 of this subpart, or waived by us at the request of the owners of a majority interest in an agricultural lease tract, the tenant must provide a bond to secure:

(a) The payment of one year’s rental;

(b) The construction of any required improvements;

(c) The performance of any additional lease obligations, including the payment of operation and maintenance charges under §162.228(b) of this subpart; and

(d) The restoration and reclamation of the leased premises, to their condition at the commencement of the lease term or some other specified condition.

§ 162.235 What form of bond can be accepted under an agricultural lease?

(a) Except as provided in paragraph (b) of this section, a bond must be deposited with us and made payable only to us, and such a bond may not be modified or withdrawn without our approval. We will only accept a bond in one of the following forms:

(1) Cash;

(2) Negotiable Treasury securities that:

(i) Have a market value at least equal to the bond amount; and

(ii) Are accompanied by a statement granting full authority to us to sell
§ 162.236 How will a cash bond be administered?

(a) If a cash bond is submitted, we will retain the funds in an account established in the name of the tenant.

(b) We will not pay interest on a cash performance bond.

(c) If the bond is not forfeited under §162.252(a) of this subpart, we will refund the bond to the tenant upon the expiration or termination of the lease.

§ 162.237 What insurance is required under an agricultural lease?

When necessary to protect the interests of the Indian landowners, an agricultural lease must require that a tenant provide insurance. Such insurance may include property, crop, liability and/or casualty insurance. If insurance is required, it must identify both the Indian landowners and the United States as insured parties, and be sufficient to protect all insurable improvements on the leased premises.

§ 162.238 What indemnities are required under an agricultural lease?

(a) An agricultural lease must require that the tenant indemnify and hold the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the tenant’s use or occupation of the leased premises, unless:

(1) The tenant would be prohibited by law from making such an agreement; or

(2) The interests of the Indian landowners are adequately protected by insurance.

(b) Unless the tenant would be prohibited by law from making such an agreement, an agricultural lease must specifically require that the tenant indemnify the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous materials from the leased premises that occurs during the lease term, regardless of fault.

§ 162.239 How will payment rights and obligations relating to agricultural land be allocated between the Indian landowners and the tenant?

(a) Unless otherwise provided in an agricultural lease, the Indian landowners will be entitled to receive any settlement funds or other payments arising from certain actions that diminish the value of the land or the improvements thereon. Such payments may include (but are not limited to):

(1) Insurance proceeds;

(2) Trespass damages; and

(3) Condemnation awards.

(b) An agricultural lease may provide for the tenant to assume certain cost-share or other payment obligations that have attached to the land through past farming and grazing operations, so long as those obligations are specified...
§ 162.240 Can an agricultural lease provide for negotiated remedies in the event of a violation?

(a) A lease of tribal agricultural land may provide the tribe with certain negotiated remedies in the event of a lease violation, including the power to terminate the lease. An agricultural lease of individually-owned land may provide the individual Indian landowners with similar remedies, so long as the lease also specifies the manner in which those remedies may be exercised by or on behalf of the landowners.

(b) The negotiated remedies described in paragraph (a) of this section will apply in addition to the cancellation remedy available to us under § 162.252(c) of this subpart. If the lease specifically authorizes us to exercise any negotiated remedies on behalf of the Indian landowners, the exercise of such remedies may substitute for cancellation.

(c) An agricultural lease may provide for lease disputes to be resolved in tribal court or any other court of competent jurisdiction, or through arbitration or some other alternative dispute resolution method. We may not be bound by decisions made in such forums, but we will defer to ongoing proceedings, as appropriate, in deciding whether to exercise any of the remedies available to us under § 162.252 of this subpart.

LEASE ADMINISTRATION

§ 162.241 Will administrative fees be charged for actions relating to agricultural leases?

(a) We will charge an administrative fee each time we approve an agricultural lease, amendment, assignment, sublease, mortgage, or related document. These fees will be paid by the tenant, assignee, or subtenant, to cover our costs in preparing or processing the documents and administering the lease.

(b) Except as provided in paragraph (c) of this section, we will charge administrative fees based on the rent payable under the lease. The fee will be 3% of the annual rent payable, including any percentage-based rent that can be reasonably estimated.

(c) The minimum administrative fee is $10.00 and the maximum administrative fee is $500.00, and any administrative fees that have been paid will be non-refundable. However, we may waive all or part of these administrative fees, in our discretion.

(d) If all or part of the expenses of the work are paid from tribal funds, the tribe may establish an additional or alternate schedule of fees.

§ 162.242 How will BIA decide whether to approve an amendment to an agricultural lease?

We will approve an agricultural lease amendment if:

(a) The required consents have been obtained from the parties to the lease under § 162.230 and any sureties; and

(b) We find the amendment to be in the best interest of the Indian landowners, under the standards set forth in § 162.213 of this subpart.

§ 162.243 How will BIA decide whether to approve an assignment or sublease under an agricultural lease?

(a) We will approve an assignment or sublease under an agricultural lease if:

(1) The required consents have been obtained from the parties to the lease under § 162.230 and the tenant’s sureties;

(2) The tenant is not in violation of the lease;

(3) The assignee agrees to be bound by, or the subtenant agrees to be subordinated to, the terms of the lease; and

(4) We find no compelling reason to withhold our approval in order to protect the best interests of the Indian owners.

(b) In making the finding required by paragraph (a)(4) of this section, we will consider whether:

(1) The Indian landowners should receive any income derived by the tenant from the assignment or sublease, under the terms of the lease;

(2) The proposed use by the assignee or subtenant will require an amendment of the lease;

(3) The value of any part of the leased premises not covered by the assignment or sublease would be adversely affected; and
§ 162.244 How will BIA decide whether to approve a leasehold mortgage under an agricultural lease?

(a) We will approve a leasehold mortgage under an agricultural lease if:

(1) The required consents have been obtained from the parties to the lease under § 162.230 and the tenant’s sureties;

(2) The mortgage covers only the tenant’s interest in the leased premises, and no unrelated collateral;

(3) The loan being secured by the mortgage will be used only in connection with the development or use of the leased premises, and the mortgage does not secure any unrelated debts owed by the tenant to the mortgagee; and

(4) We find no compelling reason to withhold our approval in order to protect the best interests of the Indian landowners.

(b) In making the finding required by paragraph (a)(4) of this section, we will consider whether:

(1) The tenant’s ability to comply with the lease would be adversely affected by any new loan obligations;

(2) Any lease provisions would be modified by the mortgage;

(3) The remedies available to us or to the Indian landowners would be limited (beyond any additional notice and cure rights to be afforded to the mortgagee), in the event of a lease violation; and

(4) Any rights of the Indian landowners would be subordinated or adversely affected in the event of a loan default by the tenant.

§ 162.245 When will a BIA decision to approve an amendment, assignment, sublease, or mortgage under an agricultural lease be effective?

Our decision to approve an amendment, assignment, sublease, or mortgage under an agricultural lease will be effective immediately, notwithstanding any appeal that may be filed under part 2 of this chapter. Copies of approved documents will be provided to the party requesting approval, and made available to the Indian landowners upon request.

§ 162.246 Must an amendment, assignment, sublease, or mortgage approved under an agricultural lease be recorded?

An amendment, assignment, sublease, or mortgage approved under an agricultural lease must be recorded in our Land Titles and Records Office that has jurisdiction over the leased premises. We will record the document immediately following our approval under this subpart.

LEASE ENFORCEMENT

§ 162.247 Will BIA notify a tenant when a rent payment is due under an agricultural lease?

We may issue bills or invoices to a tenant in advance of the dates on which rent payments are due under an agricultural lease, but the tenant’s obligation to make such payments in a timely manner will not be excused if such bills or invoices are not delivered or received.

§ 162.248 What will BIA do if rent payments are not made in the time and manner required by an agricultural lease?

(a) A tenant’s failure to pay rent in the time and manner required by an agricultural lease will be a violation of the lease, and a notice of violation will be issued under § 162.251 of this subpart. If the lease requires that rent payments be made to us, we will send the tenant and its sureties a notice of violation within five business days of the date on which the rent payment was due. If the lease provides for payment directly to the Indian landowners, we will send the tenant and its sureties a notice of violation within five business days of the date on which we receive actual notice of non-payment from the landowners.

(b) If a tenant fails to provide adequate proof of payment or cure the violation within the requisite time period described in § 162.251(b) of this subpart, and the amount due is not in dispute, we may immediately take action to recover the amount of the unpaid rent and any associated interest charges or
late payment penalties. We may also cancel the lease under §162.252 of this subpart, or invoke any other remedies available under the lease or applicable law, including collection on any available bond or referral of the debt to the Department of the Treasury for collection. An action to recover any unpaid amounts will not be conditioned on the prior cancellation of the lease or any further notice to the tenant, nor will such an action be precluded by a prior cancellation.

(c) Partial payments may be accepted by the Indian landowners or us, but acceptance will not operate as a waiver with respect to any amounts remaining unpaid or any other existing lease violations. Unless otherwise provided in the lease, overpayments may be credited as an advance against future rent payments, or refunded.

(d) If a personal or business check is dishonored, and a rent payment is therefore not made by the due date, the failure to make the payment in a timely manner will be a violation of the lease, and a notice of violation will be issued under §162.251 of this subpart. Any payment made to cure such a violation, and any future payments by the same tenant, must be made by one of the alternative payment methods listed in §162.227(b) of this subpart.

§ 162.249 Will any special fees be assessed on delinquent rent payments due under an agricultural lease?

The following special fees will be assessed if rent is not paid in the time and manner required, in addition to any interest or late payment penalties that must be paid to the Indian landowners under an agricultural lease. The following special fees will be assessed to cover administrative costs incurred by the United States in the collection of the debt:

| The tenant will pay | For * * *
|---------------------|---------------------
| (a) $50.00 .......... | Administrative fee for dishonored checks.
| (b) $15.00 .......... | Administrative fee for BIA processing of each notice or demand letter.
| (c) 18% of balance due. | Administrative fee charged by Treasury following referral for collection of delinquent debt.

§ 162.250 How will BIA determine whether the activities of a tenant under an agricultural lease are in compliance with the terms of the lease?

(a) Unless an agricultural lease provides otherwise, we may enter the leased premises at any reasonable time, without prior notice, to protect the interests of the Indian landowners and ensure that the tenant is in compliance with the operating requirements of the lease.

(b) If an Indian landowner notifies us that a specific lease violation has occurred, we will initiate an appropriate investigation within five business days of that notification.

§ 162.251 What will BIA do in the event of a violation under an agricultural lease?

(a) If we determine that an agricultural lease has been violated, we will send the tenant and its sureties a notice of violation within five business days of that determination. The notice of violation must be provided by certified mail, return receipt requested.

(b) Within ten business days of the receipt of a notice of violation, the tenant must:

1. Cure the violation and notify us in writing that the violation has been cured;
2. Dispute our determination that a violation has occurred and/or explain why we should not cancel the lease; or
3. Request additional time to cure the violation.

§ 162.252 What will BIA do if a violation of an agricultural lease is not cured within the requisite time period?

(a) If the tenant does not cure a violation of an agricultural lease within the requisite time period, we will consult with the Indian landowners, as appropriate, and determine whether:

1. The lease should be canceled by us under paragraph (c) of this section and §§162.253 through 162.254 of this subpart;
2. We should invoke any other remedies available to us under the lease, including collecting on any available bond;
§ 162.253 Will BIA’s regulations concerning appeal bonds apply to cancellation decisions involving agricultural leases?

(a) The appeal bond provisions in §2.5 of part 2 of this chapter will not apply to appeals from lease cancellation decisions made under §162.252 of this subpart. Instead, when we decide to cancel an agricultural lease, we may require that the tenant post an appeal bond with an appeal of the cancellation decision. The requirement to post an appeal bond will apply in addition to all of the other requirements in part 2 of this chapter.

(b) An appeal bond should be set in an amount necessary to protect the Indian landowners against financial losses that will likely result from the delay caused by an appeal. Appeal bond requirements will not be separately appealable, but may be contested during the appeal of the lease cancellation decision.

§ 162.254 When will a cancellation of an agricultural lease be effective?

A cancellation decision involving an agricultural lease will not be effective until 30 days after the tenant receives a cancellation letter from us. The cancellation decision will remain ineffective if the tenant files an appeal under §162.253 of this subpart and part 2 of this chapter, unless the decision is made immediately effective under part 2. While a cancellation decision is ineffective, the tenant must continue to pay rent and comply with the other terms of the lease. If an appeal is not filed in accordance with §162.253 of this subpart and part 2 of this chapter, the cancellation decision will be effective on the 31st day after the tenant receives the cancellation letter from us.

§ 162.255 Can BIA take emergency action if the leased premises are threatened with immediate and significant harm?

If a tenant or any other party causes or threatens to cause immediate and significant harm to the leased premises during the term of an agricultural lease, we will take appropriate emergency action. Emergency action may include trespass proceedings under part 166, subpart I, of this chapter, or judicial action seeking immediate cessation of the activity resulting in or threatening the harm. Reasonable efforts will be made to notify the Indian landowners, either before or after the emergency action is taken.

§ 162.256 What will BIA do if a tenant holds over after the expiration or cancellation of an agricultural lease?

If a tenant remains in possession after the expiration or cancellation of an agricultural lease, we will treat the unauthorized use as a trespass. Unless we have reason to believe that the tenant is engaged in negotiations with the Indian landowners to obtain a new lease, we will take action to recover
§ 162.301 What types of leases does this subpart cover?

(a) This subpart covers both ground leases (undeveloped land) and leases of developed land (together with the permanent improvements thereon) on Indian land, for housing purposes. Leases covered by this subpart would authorize the construction or use of:
   (1) A single-family residence; and
   (2) Housing for public purposes, which may include office space necessary to administer programs for housing for public purposes.

(b) Leases for other residential development (for example, single-family residential developments and multi-family developments that are not housing for public purposes) are covered under subpart D of this part.

§ 162.302 Is there a model residential lease form?

(a) We will make available one or more model lease forms that satisfy the formal requirements of this part, including, as appropriate, the model tribal lease form jointly developed by BIA, the Department of Housing and Urban Development, the Department of Veterans’ Affairs, and the Department of Agriculture. Use of a model lease form is not mandatory, provided all requirements of this part are met.

(b) If a model lease form prepared by us is not used by the parties to a residential lease, we will assist the Indian landowners, upon their request, in drafting lease provisions or in using tribal lease forms that conform to the requirements of this part.

§ 162.303 Who needs a lease for housing for public purposes?

A TDHE or tribal housing authority must obtain an approved residential lease under this subpart from the Indian landowners if, under the terms of its charter, it is a legal entity independent from the tribe, regardless of whether it is owned and operated by the tribe. A TDHE or tribal housing authority does not need an approved residential lease under this subpart if the tribe has authorized the TDHE’s or tribal housing authority’s possession through a tribal land assignment.

§ 162.311 How long may the term of a residential lease run?

(a) A residential lease must provide for a definite lease term, state if there is an option to renew, and if so, provide for a definite term for the renewal period.

   (1) The maximum term of a lease approved under 25 U.S.C. 4211 may not exceed 50 years or may be month-to-month. The lease may provide for an initial term of less than 50 years with a provision for one or more renewals, so long as the maximum term, including all renewals, does not exceed 50 years.

   (2) The maximum term of a lease approved under 25 U.S.C. 415(a) may not exceed 50 years (consisting of an initial term not to exceed 25 years and one renewal not to exceed 25 years), unless a Federal statute provides for a longer maximum term (e.g., 25 U.S.C. 415(a) allows for a maximum term of 99 years for certain tribes), a different initial term, renewal term, or number of renewals.

(b) For tribal land, we will defer to the tribe’s determination that the lease term, including any renewal, is reasonable. For individually owned Indian land, we will review the lease term, including any renewal, to ensure it is reasonable, given the:

   (1) Purpose of the lease;
   (2) Type of financing; and
   (3) Level of investment.

(c) Unless the lease provides otherwise, a residential lease may not be extended by holdover.
§ 162.312 What must the lease include if it contains an option to renew?

(a) If the lease provides for an option to renew, the lease must specify:
   (1) The time and manner in which the option must be exercised or is automatically effective;
   (2) That confirmation of the renewal will be submitted to us, unless the lease provides for automatic renewal;
   (3) Whether Indian landowner consent to the renewal is required;
   (4) That the lessee must provide notice of the renewal to the Indian landowners and any mortgagees;
   (5) The additional consideration, if any, that will be due upon the exercise of the option to renew or the start of the renewal term; and
   (6) Any other conditions for renewal (e.g., that the lessee not be in violation of the lease at the time of renewal).

(b) We will record any renewal of a lease in the LTO.

§ 162.313 Are there mandatory provisions that a residential lease must contain?

(a) All residential leases must identify:
   (1) The tract or parcel of land being leased;
   (2) The purpose of the lease and authorized uses of the leased premises;
   (3) The parties to the lease;
   (4) The term of the lease;
   (5) The ownership of permanent improvements and the responsibility for constructing, operating, maintaining, and managing permanent improvements under §162.315; and
   (6) Payment requirements and late payment charges, including interest.

(b) Where a representative executes a lease on behalf of an Indian landowner or lessee, the lease must identify the landowner or lessee being represented and the authority under which the action is taken.

(c) All residential leases must include the following provisions:
   (1) The obligations of the lessee to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;
   (2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of the leased premises;
   (3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under §162.014;
   (4) If historic properties, archaeological resources, human remains, or other cultural items not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;
   (5) BIA has the right, at any reasonable time during the term of the lease and upon reasonable notice in accordance with §162.364, to enter the leased premises for inspection and to ensure compliance; and
   (6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:
   (1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises; and
   (2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.
§ 162.314 May permanent improvements be made under a residential lease?

(a) The lessee may construct permanent improvements under a residential lease if the residential lease authorizes the construction and generally describes the type and location of the permanent improvements to be constructed during the lease term.

(b) The lessee must provide reasonable notice to the Indian landowners of the construction of any permanent improvements not generally described in the lease.

§ 162.315 How must a residential lease address ownership of permanent improvements?

(a) A residential lease must specify who will own any permanent improvements the lessee constructs during the lease term. In addition, the lease must indicate whether each specific permanent improvement the lessee constructs will:

(1) Remain on the leased premises upon expiration, termination, or cancellation of the lease, in a condition satisfactory to the Indian landowners and become the property of the Indian landowners;

(2) Be removed within a time period specified in the lease, at the lessee’s expense, with the leased premises to be restored as closely as possible to their condition before construction of the permanent improvements; or

(3) Be disposed of by other specified means.

(b) A lease that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession of and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.316 How will BIA enforce removal requirements in a residential lease?

We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(a) In consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and

(b) Before or after expiration, termination, or cancellation of the lease.

§ 162.317 How must a residential lease describe the land?

(a) A residential lease must describe the leased premises by reference to a public or private survey, if possible. If the land cannot be so described, the lease must include one or more of the following:

(1) A legal description;

(2) A survey-grade global positioning system description; or

(3) Another description prepared by a registered land surveyor that is sufficient to identify the leased premises.

(b) If the tract is fractionated, we will identify the undivided trust or restricted interests in the leased premises.

RENTAL REQUIREMENTS

§ 162.320 How much rent must be paid under a residential lease of tribal land?

(a) A residential lease of tribal land may allow for any payment amount negotiated by the tribe, and we will defer to the tribe and not require a valuation, if:

(1) The lease is for housing for public purposes; or

(2) The tribe submits a signed certification or tribal authorization stating that it has determined the negotiated amount to be in its best interest.

(b) The tribe may request, in writing, that we determine fair market rental, in which case we will use a valuation in accordance with § 162.322. After providing the tribe with the fair market rental, we will defer to a tribe’s decision to allow for any payment amount negotiated by the tribe.

(c) If the conditions in paragraph (a) or (b) of this section are not met, we will require that the lease provide for fair market rental based on a valuation in accordance with § 162.322.
§ 162.321 How much rent must be paid under a residential lease of individually owned Indian land?

(a) A residential lease of individually owned Indian land must require payment of not less than fair market rent except that we may approve a lease of individually owned Indian land that provides for the payment of nominal rent, or less than a fair market rental, if:

(1) One hundred percent of the Indian landowners execute a written waiver of the right to receive fair market rental; or

(2) We waive the requirement under paragraph (c) of this section.

(b) We will require a valuation in accordance with § 162.322, unless:

(1) One hundred percent of the Indian landowners submit to us a written request to waive the valuation requirement; or

(2) We waive the requirement under paragraph (c) of this section.

(c) If the owners of the applicable percentage of interests under § 162.012 consent to a residential lease on behalf of all the Indian landowners of a fractionated tract, the lease must provide that the non-consenting Indian landowners (and those on whose behalf we have consented) receive fair market rental, as determined by a valuation, unless we waive the requirement because:

(1) The lessee is a co-owner who, as of January 4, 2013, has been residing on the tract for at least 7 years, and no other co-owner raises an objection to BIA by July 3, 2013 to the lessee’s continued possession of the tract; or

(2) The tribe or lessee will construct infrastructure improvements on, or serving, the leased premises, and we determine it is in the best interest of all the landowners.

§ 162.322 How will BIA determine fair market rental for a residential lease?

(a) We will use a market analysis, appraisal, or other appropriate valuation method to determine the fair market rental for residential leases of individually owned Indian land. We will also do this, at the request of the tribe, for tribal land.

(b) We will either:

(1) Prepare, or have prepared, a market analysis, appraisal, or other appropriate valuation method; or

(2) Use an approved market analysis, appraisal, or other appropriate valuation method from the Indian landowners or lessee.

(c) We will use or approve a market analysis, appraisal, or other appropriate valuation method for use only if:

(1) Has been prepared in accordance with USPAP or a valuation method developed by the Secretary under 25 U.S.C. 2214; and

(2) Complies with Department policies regarding appraisals, including third-party appraisals.

§ 162.323 When are rental payments due under a residential lease?

(a) A residential lease must specify the dates on which payments are due.

(b) Unless the lease provides otherwise, payments may not be made or accepted more than one year in advance of the due date.

(c) Payments are due at the time specified in the lease, regardless of whether the lessee receives an advance billing or other notice that a payment is due.

§ 162.324 Must a residential lease specify who receives rental payments?

(a) A residential lease must specify whether the lessee will make payments directly to the Indian landowners (direct pay) or to us on their behalf.

(b) The lessee may make payments directly to the Indian landowners if:

(1) The Indian landowners’ trust accounts are unencumbered; and

(2) There are 10 or fewer beneficial owners; and

(3) One hundred percent of the beneficial owners (including those on whose behalf we have consented) agree to receive payment directly from the lessee at the start of the lease.

(c) If the lease provides that the lessee will directly pay the Indian landowners, then:

(1) The lease must include provisions for proof of payment upon our request.

(2) When we consent on behalf of an Indian landowner, the lessee must
make payment to us on behalf of that landowner.
(3) The lessee must send direct payments to the parties and addresses specified in the lease, unless the lessee receives notice of a change of ownership or address.
(4) Unless the lease provides otherwise, payments may not be made payable directly to anyone other than the Indian landowners.
(5) Direct payments must continue through the duration of the lease, except that:
(i) The lessee must make all Indian landowners’ payments to us if 100 percent of the Indian landowners agree to suspend direct pay and provide us with documentation of their agreement; and
(ii) The lessee must make an individual Indian landowner’s payment to us if that individual Indian landowner who dies, is declared non compos mentis, owes a debt resulting in a trust account encumbrance, or his or her whereabouts become unknown.

§ 162.325 What form of payment is acceptable under a residential lease?
(a) When payments are made directly to Indian landowners, the form of payment must be acceptable to the Indian landowners.
(b) When payments are made to us, our preferred method of payment is electronic funds transfer payments. We will also accept:
(1) Money orders;
(2) Personal checks;
(3) Certified checks; or
(4) Cashier’s checks.
(c) We will not accept cash or foreign currency.
(d) We will accept third-party checks only from financial institutions or Federal agencies.

§ 162.326 May a residential lease provide for non-monetary or varying types of compensation?
(a) A lease may provide for the following, subject to the conditions in paragraphs (b) and (c) of this section:
(1) Alternative forms of rental, including, but not limited to in-kind consideration; or
(2) Varying types of compensation at specific stages during the life of the lease.
(b) For tribal land, we will defer to the tribe’s determination that the compensation under paragraph (a) of this section is in its best interest, if either:
(1) The lease is for housing for public purposes; or
(2) The tribe submits a signed certification or tribal authorization stating that it has determined the compensation under paragraph (a) of this section to be in its best interest.
(c) For individually owned Indian land, we may approve a lease that provides for compensation under paragraph (a) of this section if we determine that it is in the best interest of the Indian landowners.

§ 162.327 Will BIA notify a lessee when a payment is due under a residential lease?
Upon request of the Indian landowners, we may issue invoices to a lessee in advance of the dates on which payments are due under a residential lease. The lessee’s obligation to make these payments in a timely manner will not be excused if invoices are not issued, delivered, or received.

§ 162.328 Must a residential lease provide for rental reviews or adjustments?
(a) For a residential lease of tribal land, unless the lease provides otherwise, no periodic review of the adequacy of rent or rental adjustment is required if:
(1) The tribe states in a tribal certification or authorization that it has determined that not having rental reviews and/or adjustments is in its best interest; or
(2) The lease is for housing for public purposes.
(b) For a residential lease of individually Indian owned land, unless the lease provides otherwise, no periodic review of the adequacy of rent or rental adjustment is required if:

An assignment that does not require our approval under § 162.349(b) or a sublease that does not require our approval under § 162.353(b) becomes effective on the effective date specified in the assignment or sublease. If the assignment or sublease does not specify the effective date, it becomes effective upon execution by the parties.

(b) We will provide copies of approved documents to the party requesting approval, to the tribe for tribal land, and upon request, to other parties to the lease document.

§ 162.363 What happens if BIA does not meet a deadline for issuing a decision on a lease document?

(f) The parties may file an appeal from our inaction to the Interior Board of Indian Appeals if the Director does not meet the deadline in paragraph (d) or (e) of this section.

(g) The provisions of 25 CFR 2.8 do not apply to the inaction of BIA officials with respect to a decision on a lease, amendment, assignment, sublease, or leasehold mortgage under this subpart.

§ 162.364 May BIA investigate compliance with a residential lease?

(a) We may enter the leased premises at any reasonable time, upon reasonable notice, and consistent with any notice requirements under applicable tribal law and applicable lease documents, to protect the interests of the Indian landowners and ensure that the lessee is in compliance with the requirements of the lease.

(b) If an Indian landowner notifies us that a specific lease violation has occurred, we will promptly initiate an appropriate investigation.

§ 162.365 May a residential lease provide for negotiated remedies if there is a violation?

(a) A residential lease of tribal land may provide either or both parties with negotiated remedies in the event of a lease violation, including, but not limited to, the power to terminate the lease. If the lease provides one or both parties with the power to terminate the lease:
(1) BIA approval of the termination is not required;
(2) The termination is effective without BIA cancellation; and
(3) The Indian landowners must notify us of the termination so that we may record it in the LTRO.

(b) A residential lease of individually owned Indian land may provide either or both parties with negotiated remedies, so long as the lease also specifies the manner in which those remedies may be exercised by or on behalf of the Indian landowners of the applicable percentage of interests under §162.012 of this part. If the lease provides one or both parties with the power to terminate the lease:
(1) BIA concurrence with the termination is required to ensure that the Indian landowners of the applicable percentage of interests have consented; and
(2) BIA will record the termination in the LTRO.

(c) The parties must notify any mortgagee of any violation that may result in termination and the termination of a residential lease.

(d) Negotiated remedies may apply in addition to, or instead of, the cancellation remedy available to us, as specified in the lease. The landowners may request our assistance in enforcing negotiated remedies.

(e) A residential lease may provide that lease violations will be addressed by the tribe, and that lease disputes will be resolved by a tribal court, any other court of competent jurisdiction, or by a tribal governing body in the absence of a tribal court, or through an alternative dispute resolution method. We may not be bound by decisions made in such forums, but we will defer to ongoing actions or proceedings, as appropriate, in deciding whether to exercise any of the remedies available to us.

§ 162.366 What will BIA do about a violation of a residential lease?

(a) In the absence of actions or proceedings described in §162.365(e), or if it is not appropriate for us to defer to the actions or proceedings, we will follow the procedures in paragraphs (b), (c), and (d) of this section and, as applicable, ensure consistency with 25 U.S.C. 4137.
§ 162.367 What will BIA do if the lessee does not cure a violation of a residential lease on time?

(a) If the lessee does not cure a violation of a residential lease within the required time period, or provide adequate proof of payment as required in the notice of violation, we will consult with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, and determine whether:

(1) We should cancel the lease;

(2) The Indian landowners wish to invoke any remedies available to them under the lease;

(3) We should invoke other remedies available under the lease or applicable law, including collection on any available performance bond or, for failure to pay rent, referral of the debt to the Department of the Treasury for collection; or

(4) The lessee should be granted additional time in which to cure the violation.

(b) Following consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, we may take action to recover unpaid rent and any associated late payment charges.

(1) We do not have to cancel the lease or give any further notice to the lessee before taking action to recover unpaid rent.

(2) We may still take action to recover any unpaid rent if we cancel the lease.

(c) If we decide to cancel the lease, we will send the lessee and any mortgagee a cancellation letter by certified mail, return receipt requested:

(1) Explain the grounds for cancellation;

(2) If applicable, notify the lessee of the amount of any unpaid rent or late payment charges due under the lease;

(3) Notify the lessee of the lessee’s right to appeal under part 2 of this chapter;
§ 162.373 When will BIA issue a decision on an appeal from a residential leasing decision?

BIA will issue a decision on an appeal from a leasing decision within 30 days of receipt of all pleadings.

§ 162.371 What will BIA do if a lessee remains in possession after a residential lease expires or is terminated or cancelled?

If a lessee remains in possession after the expiration, termination, or cancellation of a residential lease, we may treat an unauthorized possession as a trespass under applicable law in consultation with the Indian landowners. Unless the Indian landowners of the applicable percentage of interests under §162.012 have notified us in writing that they are engaged in good faith negotiations with the holdover lessee to obtain a new lease, we may take action to recover possession on behalf of the Indian landowners, and pursue any additional remedies available under applicable law, such as a forcible entry and detainer action.

§ 162.372 Will BIA appeal bond regulations apply to cancellation decisions involving residential leases?

(a) Except as provided in paragraph (b) of this section, the appeal bond provisions in part 2 of this chapter will apply to appeals from lease cancellation decisions.

(b) The lessee may not appeal the appeal bond decision. The lessee may, however, request that the official to whom the appeal is made reconsider the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

§ 162.370 When will a cancellation of a residential lease be effective?

(a) A cancellation involving a residential lease will not be effective until 31 days after the lessee receives a cancellation letter from us, or 41 days from the date we mailed the letter, whichever is earlier.

(b) The cancellation decision will not be effective if an appeal is filed unless the cancellation is made immediately effective under part 2 of this chapter. While a cancellation decision is ineffective, the lessee must continue to pay rent and comply with the other terms of the lease.

§ 162.369 How will payment rights relating to a residential lease be allocated?

The residential lease may allocate rights to payment for insurance proceeds, trespass damages, condemnation awards, settlement funds, and other payments between the Indian landowners and the lessee. If not specified in the lease, insurance policy, order, award, judgment, or other document, the Indian landowners will be entitled to receive these payments.

§ 162.368 Will late payment charges or special fees apply to delinquent payments due under a residential lease?

(a) Late payment charges will apply as specified in the lease. The failure to pay these amounts will be treated as a lease violation.

(b) We may assess the following special fees to cover administrative costs incurred by the United States in the collection of the debt, if rent is not paid in the time and manner required, in addition to late payment charges that must be paid to the Indian landowners under the lease:

§ 162.372 Appeal bond regulations apply to cancellation decisions involving residential leases.

(a) Except as provided in paragraph (b) of this section, the appeal bond provisions in part 2 of this chapter will apply to appeals from lease cancellation decisions.

(b) The lessee may not appeal the appeal bond decision. The lessee may, however, request that the official to whom the appeal is made reconsider the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.
§ 162.374 What happens if the lessee abandons the leased premises?

If a lessee abandons the leased premises, we will treat the abandonment as a violation of the lease. The lease may specify a period of non-use after which the lease premises will be considered abandoned.

Subpart D—Business Leases

SOURCE: 77 FR 72474, Dec. 5, 2012, unless otherwise noted.

BUSINESS LEASING GENERAL PROVISIONS

§ 162.401 What types of leases does this subpart cover?

(a) This subpart covers both ground leases (undeveloped land) and leases of developed land (together with the permanent improvements thereon) on Indian land that are not covered in another subpart of this part, including:

(1) Leases for residential purposes that are not covered in subpart C;
(2) Leases for business purposes that are not covered in subpart E;
(3) Leases for religious, educational, recreational, cultural, or other public purposes; and
(4) Commercial or industrial leases for retail, office, manufacturing, storage, biomass, waste-to-energy, or other business purposes.

(b) Leases covered by this subpart may authorize the construction of single-purpose or mixed-use projects designed for use by any number of lessees or occupants.

§ 162.402 Is there a model business lease form?

There is no model business lease form because of the need for flexibility in negotiating and writing business leases; however, we may:

(a) Provide other guidance, such as checklists and sample lease provisions, to assist in the lease negotiation process; and

(b) Assist the Indian landowners, upon their request, in developing appropriate lease provisions or in using tribal lease forms that conform to the requirements of this part.

§ 162.411 How long may the term of a business lease run?

(a) A business lease must provide for a definite term, state if there is an option to renew, and if so, provide for a definite term for the renewal period. The maximum term of a lease approved under 25 U.S.C. 415(a) may not exceed 50 years (consisting of an initial term not to exceed 25 years and one renewal not to exceed 25 years), unless a Federal statute provides for a longer maximum term (e.g., 25 U.S.C. 415(a) allows for a maximum term of 99 years for certain tribes), a different initial term, renewal term, or number of renewals.

(b) For tribal land, we will defer to the tribe’s determination that the lease term, including any renewal, is reasonable. For individually owned Indian land, we will review the lease term, including any renewal, to ensure it is reasonable, given the:

(1) Purpose of the lease;
(2) Type of financing; and
(3) Level of investment.

(c) The lease may not be extended by holdover.

§ 162.412 What must the lease include if it contains an option to renew?

(a) If the lease provides for an option to renew, the lease must specify:

(1) The time and manner in which the option must be exercised or is automatically effective;
(2) That confirmation of the renewal will be submitted to us, unless the lease provides for automatic renewal;
(3) Whether Indian landowner consent to the renewal is required;
(4) That the lessee must provide notice of the renewal to the Indian landowners and any sureties and mortgagees;
(5) The additional consideration, if any, that will be due upon the exercise of the option to renew or the start of the renewal term; and
(6) Any other conditions for renewal (e.g., that the lessee not be in violation of the lease at the time of renewal).

(b) We will record any renewal of a lease in the LTRO.
§ 162.413 Are there mandatory provisions that a business lease must contain?

(a) All business leases must identify:

(1) The tract or parcel of land being leased;

(2) The purpose of the lease and authorized uses of the leased premises;

(3) The parties to the lease;

(4) The term of the lease;

(5) The ownership of permanent improvements and the responsibility for constructing, operating, maintaining, and managing permanent improvements under §162.415;

(6) Payment requirements and late payment charges, including interest;

(7) Due diligence requirements under §162.417 (unless the lease is for religious, educational, recreational, cultural, or other public purposes);

(8) Insurance requirements under §162.437; and

(9) Bonding requirements under §162.434. If a performance bond is required, the lease must state that the lessee must obtain the consent of the surety for any legal instrument that directly affects their obligations and liabilities.

(b) Where a representative executes a lease on behalf of an Indian landowner or lessee, the lease must identify the landowner or lessee being represented and the authority under which the action is taken.

(c) All business leases must include the following provisions:

(1) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;

(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of the leased premises;

(3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under §162.014;

(4) If historic properties, archeological resources, human remains, or other cultural items not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease and the lessee will contact BIA and the tribe with jurisdiction over the land to determine how to proceed and appropriate disposition;

(5) BIA has the right, at any reasonable time during the term of the lease and upon reasonable notice, in accordance with §162.464, to enter the leased premises for inspection and to ensure compliance; and

(6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises; and

(2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.

§ 162.414 May permanent improvements be made under a business lease?

The lessee may construct permanent improvements under a business lease if the business lease specifies, or provides for the development of:

(a) A plan that describes the type and location of any permanent improvements to be constructed by the lessee; and

(b) A general schedule for construction of the permanent improvements, including dates for commencement and completion of construction.
§ 162.415 How must a business lease address ownership of permanent improvements?

(a) A business lease must specify who will own any permanent improvements the lessee constructs during the lease term and may specify under what conditions, if any, permanent improvements the lessee constructs may be conveyed to the Indian landowners during the lease term. In addition, the lease must indicate whether each specific permanent improvement the lessee constructs will:

(1) Remain on the leased premises, upon the expiration, cancellation, or termination of the lease, in a condition satisfactory to the Indian landowners, and become the property of the Indian landowners;

(2) Be removed within a time period specified in the lease, at the lessee’s expense, with the leased premises to be restored as closely as possible to their condition before construction of the permanent improvements; or

(3) Be disposed of by other specified means.

(b) A lease that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession of and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.416 How will BIA enforce removal requirements in a business lease?

(a) We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(1) In consultation with the tribe, for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and

(2) Before or after expiration, termination, or cancellation of the lease.

(b) We may collect and hold the performance bond or alternative form of security until removal and restoration are completed.

§ 162.417 What requirements for due diligence must a business lease include?

(a) If permanent improvements are to be constructed, the business lease must include due diligence requirements that require the lessee to complete construction of any permanent improvements within the schedule specified in the lease or general schedule of construction, and a process for changing the schedule by mutual consent of the parties. If construction does not occur, or is not expected to be completed, within the time period specified in the lease, the lessee must provide the Indian landowners and BIA with an explanation of good cause as to the nature of any delay, the anticipated date of construction of facilities, and evidence of progress toward commencement of construction.

(b) Failure of the lessee to comply with the due diligence requirements of the lease is a violation of the lease and may lead to cancellation of the lease under §162.467.

(c) BIA may waive the requirements in this section if such waiver is in the best interest of the Indian landowners.

(d) The requirements of this section do not apply to leases for religious, educational, recreational, cultural, or other public purposes.

§ 162.418 How must a business lease describe the land?

(a) A business lease must describe the leased premises by reference to an official or certified survey, if possible. If the land cannot be so described, the lease must include one or more of the following:

(1) A legal description;

(2) A survey-grade global positioning system description; or

(3) Another description prepared by a registered land surveyor that is sufficient to identify the leased premises.

(b) If the tract is fractionated we will identify the undivided trust or restricted interests in the leased premises.

§ 162.419 May a business lease allow compatible uses?

A business lease may provide for the Indian landowners to use, or authorize others to use, the leased premises for...
other uses compatible with the purpose of the business lease and consistent with the terms of the business lease. Any such use or authorization by the Indian landowners will not reduce or offset the monetary compensation for the business lease.

**MONETARY COMPENSATION REQUIREMENTS**

§ 162.420 How much monetary compensation must be paid under a business lease of tribal land?

(a) A business lease of tribal land may allow for any payment amount negotiated by the tribe, and we will defer to the tribe and not require a valuation if the tribe submits a tribal authorization expressly stating that it:

(1) Has negotiated compensation satisfactory to the tribe;

(2) Waives valuation; and

(3) Has determined that accepting such negotiated compensation and waiving valuation is in its best interest.

(b) The tribe may request, in writing, that we determine fair market rental, in which case we will use a valuation in accordance with §162.422. After providing the tribe with the fair market rental, we will defer to a tribe’s decision to allow for any payment amount negotiated by the tribe.

(c) If the conditions in paragraph (a) or (b) of this section are not met, we will require that the lease provide for fair market rental based on a valuation in accordance with §162.422.

§ 162.421 How much monetary compensation must be paid under a business lease of individually owned Indian land?

(a) A business lease of individually owned Indian land must require payment of not less than fair market rental before any adjustments, based on a fixed amount, a percentage of the projected income, or some other method, unless paragraphs (b) or (c) of this section permit a lesser amount. The lease must establish how the fixed amount, percentage, or combination will be calculated and the frequency at which the payments will be made.

(b) We may approve a lease of individually owned Indian land that provides for the payment of nominal compensation, or less than a fair market rental, if:

(1) The Indian landowners execute a written waiver of the right to receive fair market rental; and

(2) We determine it is in the Indian landowners’ best interest, based on factors including, but not limited to:

(i) The lessee is a member of the immediate family, as defined in §162.003, of an individual Indian landowner;

(ii) The lessee is a co-owner in the leased tract;

(iii) A special relationship or circumstances exist that we believe warrant approval of the lease;

(iv) The lease is for religious, educational, recreational, cultural, or other public purposes;

(v) We have waived the requirement for a valuation under paragraph (e) of this section.

(c) We may approve a lease that provides for payment of less than a fair market rental during the pre-development or construction periods, if we determine it is in the Indian landowners’ best interest. The lease must specify the amount of the compensation and the applicable periods.

(d) We will require a valuation in accordance with §162.422, unless:

(1) 100 percent of the Indian landowners submit to us a written request to waive the valuation requirement; or

(2) We waive the requirement under paragraph (e) of this section.

(e) If the owners of the applicable percentage of interests under §162.012 of this part execute a business lease on behalf of all of the Indian landowners of a fractionated tract, the lease must provide that the non-consenting Indian landowners, and those on whose behalf we have consented, receive a fair market rental, as determined by a valuation, unless we waive the requirement because the tribe or lessee will construct infrastructure improvements on, or serving, the leased premises, and we determine it is in the best interest of all the landowners.

§ 162.422 How will BIA determine fair market rental for a business lease?

(a) We will use a market analysis, appraisal, or other appropriate valuation method to determine the fair market rental before we approve a business
lease of individually owned Indian land or, at the request of the tribe, for tribal land.

(b) We will either:

(1) Prepare, or have prepared, a market analysis, appraisal, or other appropriate valuation method; or

(2) Use an approved market analysis, appraisal, or other appropriate valuation method from the Indian landowners or lessee.

(c) We will use or approve use of a market analysis, appraisal, or other appropriate valuation method only if it:

(1) Has been prepared in accordance with USPAP or a valuation method developed by the Secretary under 25 U.S.C. 2214; and

(2) Complies with Departmental policies regarding appraisals, including third-party appraisals.

(d) Indian landowners may use competitive bidding as a valuation method.

§ 162.423 When are monetary compensation payments due under a business lease?

(a) A business lease must specify the dates on which all payments are due.

(b) Unless the lease provides otherwise, payments may not be made or accepted more than one year in advance of the due date.

(c) Payments are due at the time specified in the lease, regardless of whether the lessee receives an advance billing or other notice that a payment is due.

§ 162.424 Must a business lease specify who receives monetary compensation payments?

(a) A business lease must specify whether the lessee will make payments directly to the Indian landowners (direct pay) or to us on their behalf.

(b) The lessee may make payments directly to the Indian landowners if:

(1) The Indian landowners’ trust accounts are unencumbered;

(2) There are 10 or fewer beneficial owners; and

(3) One hundred percent of the beneficial owners (including those on whose behalf we have consented) agree to receive payment directly from the lessee at the start of the lease.

(c) If the lease provides that the lessee will directly pay the Indian landowners, then:

(1) The lease must include provisions for proof of payment upon our request.

(2) When we consent on behalf of an Indian landowner, the lessee must make payment to us on behalf of that landowner.

(3) The lessee must send direct payments to the parties and addresses specified in the lease, unless the lessee receives notice of a change of ownership or address.

(4) Unless the lease provides otherwise, compensation payments may not be made payable directly to anyone other than the Indian landowners.

(5) Direct payments must continue through the duration of the lease, except that:

(i) The lessee must make all Indian landowners’ payments to us if 100 percent of the Indian landowners agree to suspend direct pay and provide us with documentation of their agreement; and

(ii) The lessee must make that individual Indian landowner’s payment to us if any individual Indian landowner who dies, is declared non compos mentis, owes a debt resulting in a trust account encumbrance, or his or her whereabouts become unknown.

§ 162.425 What form of monetary compensation payment is acceptable under a business lease?

(a) When payments are made directly to Indian landowners, the form of payment must be acceptable to the Indian landowners.

(b) When payments are made to us, our preferred method of payment is electronic funds transfer payments. We will also accept:

(1) Money orders;

(2) Personal checks;

(3) Certified checks; or

(4) Cashier’s checks.

(c) We will not accept cash or foreign currency.

(d) We will accept third-party checks only from financial institutions or Federal agencies.
§ 162.426 May the business lease provide for non-monetary or varying types of compensation?

(a) A lease may provide for the following, subject to the conditions in paragraphs (b) and (c) of this section:

(1) Alternative forms of compensation, including but not limited to, in-kind consideration and payments based on percentage of income; or

(2) Varying types of compensation at specific stages during the life of the lease, including but not limited to fixed annual payments during construction, payments based on income during an operational period, and bonuses.

(b) For tribal land, we will defer to the tribe’s determination that the compensation under paragraph (a) of this section is in its best interest, if the tribe submits a signed certification or tribal authorization stating that it has determined the compensation under paragraph (a) of this section to be in its best interest.

(c) For individually owned land, we may approve a lease that provides for compensation under paragraph (a) of this section if we determine that it is in the best interest of the Indian landowners.

§ 162.427 Will BIA notify a lessee when a payment is due under a business lease?

Upon request of the Indian landowners, we may issue invoices to a lessee in advance of the dates on which payments are due under a business lease. The lessee’s obligation to make these payments in a timely manner will not be excused if invoices are not issued, delivered, or received.

§ 162.428 Must a business lease provide for compensation reviews or adjustments?

(a) For a business lease of tribal land, unless the lease provides otherwise, no periodic review of the adequacy of compensation or adjustment is required if:

(1) If the term of the lease is 5 years or less;

(2) The lease provides for automatic adjustments; or

(3) We determine it is in the best interest of the Indian landowners not to require a review or automatic adjustment based on circumstances including, but not limited to, the following:

(i) The lease provides for payment of less than fair market rental;

(ii) The lease is for religious, educational, recreational, cultural, or other public purposes;

(iii) The lease provides for most or all of the compensation to be paid during the first 5 years of the lease term or before the date the review would be conducted; or

(iv) The lease provides for graduated rent or non-monetary or various types of compensation.

(b) For a business lease of individually owned Indian land, unless the lease provides otherwise, no periodic review of the adequacy of compensation or adjustment is required if:

(1) When adjustments take effect;

(2) Who can make adjustments;

(3) What the adjustments are based on; and

(4) How to resolve disputes arising from the adjustments.

(d) When a review results in the need for adjustment of compensation, the Indian landowners must consent to the adjustment in accordance with § 162.012, unless the lease provides otherwise.

§ 162.429 What other types of payments are required under a business lease?

(a) The lessee may be required to pay additional fees, taxes, and assessments associated with the use of the land, as determined by entities having jurisdiction, except as provided in § 162.017. The lessee must pay these amounts to the appropriate office.

(b) If the leased premises are within an Indian irrigation project or drainage district, except as otherwise provided in part 171 of this chapter, the lessee must pay all operation and maintenance charges that accrue during the lease.
lease term. The lessee must pay these amounts to the appropriate office in charge of the irrigation project or drainage district. We will treat failure to make these payments as a violation of the lease.

(c) Where the property is subject to at least one other lease for another compatible use, the lessees may agree among themselves how to allocate payment of the Indian irrigation operation and maintenance charges.

BONDING AND INSURANCE

§ 162.434 Must a lessee provide a performance bond for a business lease?

The lessee must provide a performance bond or alternative form of security, except as provided in paragraph (f) of this section.

(a) The performance bond or alternative form of security must be in an amount sufficient to secure the contractual obligations including:

(1) No less than:
   (i) The highest annual rental specified in the lease, if compensation is paid annually; or
   (ii) If the compensation is not paid annually, another amount established by BIA in consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land;

(2) The construction of any required permanent improvements;

(3) The operation and maintenance charges for any land located within an irrigation project; and

(4) The restoration and reclamation of the leased premises, to their condition at the start of the lease term or some other specified condition.

(b) The performance bond or other security:

(1) Must be deposited with us and made payable only to us, and may not be modified without our approval, except as provided in paragraph (b)(2) of this section; and

(2) For tribal land, if the lease so provides, may be deposited with the tribe and made payable to the tribe, and may not be modified without the approval of the tribe.

(c) The lease must specify the conditions under which we may adjust security or performance bond requirements to reflect changing conditions, including consultation with the tribal landowner for tribal land before the adjustment.

(d) We may require that the surety provide any supporting documents needed to show that the performance bond or alternative forms of security will be enforceable, and that the surety will be able to perform the guaranteed obligations.

(e) The performance bond or other security instrument must require the surety to provide notice to us at least 60 days before canceling a performance bond or other security. This will allow us to notify the lessee of its obligation to provide a substitute performance bond or security is a violation of the lease.

(f) We may waive the requirement for a performance bond or alternative form of security if either:

(1) The lease is for religious, educational, recreational, cultural, or other public purposes; or

(2) The Indian landowners request it and we determine a waiver is in the Indian landowners’ best interest.

(g) For tribal land, we will defer, to the maximum extent possible, to the tribe’s determination that a waiver of a performance bond or alternative form of security is in its best interest.

§ 162.435 What forms of security are acceptable under a business lease?

(a) We will accept a performance bond only in one of the following forms:

(1) Certificates of deposit issued by a federally insured financial institution authorized to do business in the United States;

(2) Irrevocable letters of credit issued by a federally insured financial institution authorized to do business in the United States;

(3) Negotiable Treasury securities; or

(4) Surety bonds issued by a company approved by the U.S. Department of the Treasury.

(b) We may accept an alternative form of security approved by us that provides adequate protection for the Indian landowners and us, including
§ 162.438 What documents are required for BIA approval of a business lease?

A lessee or the Indian landowners must submit the following documents to us to obtain BIA approval of a business lease:

(a) A lease executed by the Indian landowners and the lessee that meets the requirements of this part;

(b) For tribal land, a tribal authorization for the lease and, if applicable, meeting the requirements of §§162.420(a), 162.426(b), and 162.428(a), or a separate signed certification meeting the requirements of §§162.426(b) and 162.428(a);

(c) A valuation, if required under §162.420 or §162.421;

(d) Proof of insurance, if required under §162.437;

(e) A performance bond or other security, if required under §162.434;

(f) Statement from the appropriate tribal authority that the proposed use is in conformance with applicable tribal law, if required by the tribe;

(g) Environmental and archeological reports, surveys, and site assessments as needed to facilitate compliance with applicable Federal and tribal environmental and land use requirements, including any documentation prepared under §162.027(b);

(h) A restoration and reclamation plan (and any subsequent modifications to the plan), if appropriate;

(i) Where the lessee is not an entity owned and operated by the tribe, documents that demonstrate the technical capability of the lessee or lessee’s agent to construct, operate, maintain, and terminate the proposed project and the lessee’s ability to successfully design, construct, or obtain the funding for a project similar to the proposed project, if appropriate;

(j) A preliminary plan of development that describes the type and location of any permanent improvements the lessee plans to construct and a
§ 162.439 Will BIA review a proposed business lease before or during preparation of the NEPA review documentation?

Upon request of the Indian landowners, we will review the proposed business lease after negotiation by the parties, before or during preparation of the NEPA review documentation and any valuation. Within 60 days of receiving the proposed lease, we will provide an acknowledgement of the terms of the lease and identify any provisions that, based on this acknowledgment review, would justify disapproval of the lease, pending results of the NEPA review and any valuation.

§ 162.440 What is the approval process for a business lease?

(a) Before we approve a business lease, we must determine that the lease is in the best interest of the Indian landowners. In making that determination, we will:
(1) Review the lease and supporting documents;
(2) Identify potential environmental impacts and ensure compliance with all applicable environmental laws, land use laws, and ordinances;
(3) If the lease is being approved under 25 U.S.C. 415, assure ourselves that adequate consideration has been given to the factors in 25 U.S.C. 415(a); and
(4) Require any lease modifications or mitigation measures necessary to satisfy any requirements including any other Federal or tribal land use requirements.

(b) Upon receiving a business lease package, we will promptly notify the parties whether the package is or is not complete. A complete package includes all the information and supporting documents required under this subpart, including but not limited to, NEPA review documentation and valuation documentation, where applicable.

(1) If the business lease package is not complete, our letter will identify the missing information or documents required for a complete package. If we do not respond to the submission of a business lease package, the parties may take action under §162.463.

(2) If the business lease package is complete, we will notify the parties of the date of our receipt. Within 60 days of the receipt date, we will approve or disapprove the lease, return the package for revision, or inform the parties in writing that we need additional review time. If we inform the parties in writing that we need additional time, then:
(i) Our letter informing the parties that we need additional review time must identify our initial concerns and invite the parties to respond within 15 days of the date of the letter; and
(ii) We have 30 days from sending the letter informing the parties that we need additional time to approve or disapprove the lease.

(c) If we do not meet the deadlines in this section, then the parties may take appropriate action under §162.463.

(d) We will provide any lease approval or disapproval and the basis for the determination, along with notification of any appeal rights under part 2 of this chapter, in writing to the parties to the lease.

(e) We will provide approved business leases on tribal land to the lessee and provide a copy to the tribe. We will provide approved business leases on individually owned Indian land to the lessee, and make copies available to the Indian landowners upon written request.
§ 162.441 How will BIA decide whether to approve a business lease?
(a) We will approve a business lease unless:
(1) The required consents have not been obtained from the parties to the lease;
(2) The requirements of this subpart have not been met; or
(3) We find a compelling reason to withhold our approval in order to protect the best interests of the Indian landowners.
(b) We will defer, to the maximum extent possible, to the Indian landowners’ determination that the lease is in their best interest.
(c) We may not unreasonably withhold approval of a lease.

§ 162.442 When will a business lease be effective?
(a) A business lease will be effective on the date that we approve the lease, even if an appeal is filed under part 2 of this chapter.
(b) The lease may specify a date on which the obligations between the parties to the business lease are triggered. Such date may be before or after the approval date under paragraph (a) of this section.

§ 162.443 Must a business lease document be recorded?
(a) Any business lease document must be recorded in our LTRO with jurisdiction over the leased land.
(1) We will record the lease document immediately following our approval.
(2) If our approval of an assignment or sublease is not required, the parties must record the assignment or sublease in the LTRO with jurisdiction over the leased land.
(b) The tribe must record lease documents for the following types of leases in the LTRO with jurisdiction over the leased lands, even though BIA approval is not required:
(1) Leases of tribal land a corporate entity leases to a third party under 25 U.S.C. 477; and
(2) Leases of tribal land under a special act of Congress authorizing leases without our approval under certain conditions.

§ 162.444 Will BIA require an appeal bond for an appeal of a decision on a business lease document?
(a) If a party appeals our decision on a lease, assignment, amendment, or sublease, then the official to whom the appeal is made may require the appellant to post an appeal bond in accordance with part 2 of this chapter. We will not require an appeal bond:
(1) For an appeal of a decision on a leasehold mortgage; or
(2) If the tribe is a party to the appeal and requests a waiver of the appeal bond.
(b) The appellant may not appeal the appeal bond decision. The appellant may, however, request that the official to whom the appeal is made reconsider the bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

AMENDMENTS

§ 162.445 May the parties amend a business lease?
The parties may amend a business lease by obtaining:
(a) The lessee’s signature;
(b) The Indian landowners’ consent under the requirements in §162.446; and
(c) BIA approval of the amendment under §§162.447 and 162.448.

§ 162.446 What are the consent requirements for an amendment to a business lease?
(a) Unless the lease provides otherwise, the lessee must notify all Indian landowners of the proposed amendment.
(b) The Indian landowners, or their representatives under §162.013, must consent to an amendment of a business lease in the same percentages and manner as a new business lease under §162.012, unless the lease:
(1) Provides that individual Indian landowners are deemed to have consented where they do not object in writing to the amendment within a specified period of time following the landowners’ receipt of the amendment and the lease meets the requirements of paragraph (c) of this section;
(2) Authorizes one or more representatives to consent to an amendment on behalf of all Indian landowners; or
(3) Designates us as the Indian landowners’ representative for the purposes of consenting to an amendment.

(c) If the lease provides for deemed consent under paragraph (b)(1) of this section, it must require the parties to submit to us:

(1) A copy of the executed amendment or other documentation of any Indian landowners’ actual consent;
(2) Proof of mailing of the amendment to any Indian landowners who are deemed to have consented; and
(3) Any other pertinent information for us to review.

(d) Unless specifically authorized in the lease, a written power of attorney, or a court document, Indian landowners may not be deemed to have consented to, and an Indian landowner’s designated representative may not negotiate or consent to, an amendment that would:

(1) Reduce the payment obligations to the Indian landowners;
(2) Increase or decrease the lease area;
(3) Terminate or change the term of the lease; or

(b) If an Indian landowner notifies us that a specific lease violation has occurred, we will promptly initiate an appropriate investigation.

§ 162.465 May a business lease provide for negotiated remedies if there is a violation?

(a) A business lease of tribal land may provide either or both parties with negotiated remedies in the event of a lease violation, including, but not limited to, the power to terminate the lease. If the lease provides one or both parties with the power to terminate the lease:

(1) BIA approval of the termination is not required;

(2) The termination is effective without BIA cancellation; and

(3) The Indian landowners must notify us of the termination so that we may record it in the LTRO.

(b) A business lease of individually owned Indian land may provide either or both parties with negotiated remedies, so long as the lease also specifies the manner in which those remedies may be exercised by or on behalf of the Indian landowners of the applicable percentage of interests under §162.012 of this part. If the lease provides one or both parties with the power to terminate the lease:

(1) BIA concurrence with the termination is required to ensure that the Indian landowners of the applicable percentage of interests have consented; and

(2) BIA will record the termination in the LTRO.

§ 162.466 What will BIA do about a violation of a business lease?

(iii) Request additional time to cure the violation.

(c) The parties must notify any surety or mortgagee of any violation that may result in termination and the termination of a business lease.

(d) Negotiated remedies may apply in addition to, or instead of, the cancellation remedy available to us, as specified in the lease. The landowners may request our assistance in enforcing negotiated remedies.

(e) A business lease may provide that lease violations will be addressed by a tribe, and that lease disputes will be resolved by a tribal court, any other court of competent jurisdiction, or by a tribal governing body in the absence of a tribal court, or through an alternative dispute resolution method. We may not be bound by decisions made in such forums, but we will defer to ongoing actions or proceedings, as appropriate, in deciding whether to exercise any of the remedies available to us.

§ 162.466 What will BIA do about a violation of a business lease?

(b) If we determine there has been a violation of the conditions of a business lease, other than a violation of payment provisions covered by paragraph (c) of this section, we will promptly send the lessee and any surety and mortgagee a notice of violation by certified mail, return receipt requested.

(1) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to Indian landowners for individually owned Indian land.

(2) The notice of violation will advise the lessee that, within 10 business days of the receipt of a notice of violation, the lessee must:

(i) Cure the violation and notify us, and the tribe for tribal land, in writing that the violation has been cured;

(ii) Dispute our determination that a violation has occurred; or

(iii) Request additional time to cure the violation.

§ 162.465 May a business lease provide for negotiated remedies if there is a violation?

(a) A business lease of tribal land may provide either or both parties with negotiated remedies in the event of a lease violation, including, but not limited to, the power to terminate the lease. If the lease provides one or both parties with the power to terminate the lease:

(1) BIA approval of the termination is not required;

(2) The termination is effective without BIA cancellation; and

(3) The Indian landowners must notify us of the termination so that we may record it in the LTRO.

(b) A business lease of individually owned Indian land may provide either or both parties with negotiated remedies, so long as the lease also specifies the manner in which those remedies may be exercised by or on behalf of the Indian landowners of the applicable percentage of interests under §162.012 of this part. If the lease provides one or both parties with the power to terminate the lease:

(1) BIA concurrence with the termination is required to ensure that the Indian landowners of the applicable percentage of interests have consented; and

(2) BIA will record the termination in the LTRO.

§ 162.466 What will BIA do about a violation of a business lease?

(a) In the absence of actions or proceedings described in §162.465(e), or if it is not appropriate for us to defer to the actions or proceedings, we will follow the procedures in paragraphs (b) and (c) of this section.

(b) If we determine there has been a violation of the conditions of a business lease, other than a violation of payment provisions covered by paragraph (c) of this section, we will promptly send the lessee and any surety and mortgagee a notice of violation by certified mail, return receipt requested.

(1) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to Indian landowners for individually owned Indian land.

(2) The notice of violation will advise the lessee that, within 10 business days of the receipt of a notice of violation, the lessee must:

(ii) Dispute our determination that a violation has occurred; or

(iii) Request additional time to cure the violation.
§ 162.467 What will BIA do if the lessee does not cure a violation of a business lease on time?

(a) If the lessee does not cure a violation of a business lease within the required time period, or provide adequate proof of payment as required in the notice of violation, we will consult with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, and determine whether:

(1) We should cancel the lease;

(2) The Indian landowners wish to invoke any remedies available to them under the lease;

(3) We should invoke other remedies available under the lease or applicable law, including collection on any available performance bond or, for failure to pay compensation, referral of the debt to the Department of the Treasury for collection; or

(4) The lessee should be granted additional time in which to cure the violation.

(b) Following consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, we may take action to recover unpaid compensation and any associated late payment charges.

(1) We do not have to cancel the lease or give any further notice to the lessee before taking action to recover unpaid compensation.

(2) We may still take action to recover any unpaid compensation if we cancel the lease.

(c) If we decide to cancel the lease, we will send the lessee and any surety and mortgagee a cancellation letter by certified mail, return receipt requested, within 5 business days of our decision. We will send a copy of the cancellation letter to the tribe for tribal land, and will provide Indian landowners for individually owned Indian land with actual or constructive notice of the cancellation. The cancellation letter will:

(1) Explain the grounds for cancellation;

(2) If applicable, notify the lessee of the amount of any unpaid compensation or late payment charges due under the lease;

(3) Notify the lessee of the lessee’s right to appeal under part 2 of this chapter, including the possibility that the official to whom the appeal is made may require the lessee to post an appeal bond;

(4) Order the lessee to vacate the property within 31 days of the date of receipt of the cancellation letter, if an appeal is not filed by that time; and

(5) Order the lessee to take any other action BIA deems necessary to protect the Indian landowners.

(d) We may invoke any other remedies available to us under the lease, including collecting on any available performance bond, and the Indian landowners may pursue any available remedies under tribal law.

(3) The notice of violation may order the lessee to cease operations under the lease.

(c) A lessee’s failure to pay compensation in the time and manner required by a business lease is a violation of the lease, and we will issue a notice of violation in accordance with this paragraph.

(1) We will send the lessees and any surety and mortgagee a notice of violation by certified mail, return receipt requested:

(i) Promptly following the date on which the payment was due, if the lease requires that payments be made to us; or

(ii) Promptly following the date on which we receive actual notice of non-payment from the Indian landowners, if the lease provides for payment directly to the Indian landowners.

(2) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to the Indian landowners for individually owned Indian land.

(3) The notice of violation will require the lessee to provide adequate proof of payment.

(d) The lessee and its sureties will continue to be responsible for the obligations in the lease until the lease expires, or is terminated or cancelled.

§ 162.469 How will payment rights relating to a business lease be allocated?  

The business lease may allocate rights to payment for insurance proceeds, trespass damages, condemnation awards, settlement funds, and other payments between the Indian landowners and the lessee. If not specified in the lease, insurance policy, order, award, judgment, or other document, the Indian landowners or lessees will be entitled to receive these payments.

§ 162.470 When will a cancellation of a business lease be effective?  

(a) A cancellation involving a business lease will not be effective until 31 days after the lessee receives a cancellation letter from us, or 41 days from the date we mailed the letter, whichever is earlier.  

(b) The cancellation decision will not be effective if an appeal is filed unless the cancellation is made immediately effective under part 2 of this chapter. While a cancellation decision is ineffective, the lessee must continue to pay compensation and comply with the other terms of the lease.

§ 162.471 What will BIA do if a lessee remains in possession after a business lease expires or is terminated or cancelled?  

If a lessee remains in possession after the expiration, termination, or cancellation of a business lease, we may treat the unauthorized possession as a trespass under applicable law in consultation with the Indian landowners. Unless the Indian landowners of the applicable percentage of interests under §162.012 have notified us in writing that they are engaged in good faith negotiations with the holdover lessee to obtain a new lease, we may take action to recover possession on behalf of the Indian landowners, and pursue any additional remedies available under applicable law, such as a forcible entry and detainer action.

§ 162.472 Will BIA appeal bond regulations apply to cancellation decisions involving business leases?  

(a) Except as provided in paragraph (b) of this section, the appeal bond provisions in part 2 of this chapter will apply to appeals from lease cancellation decisions  

(b) The lessee may not appeal the appeal bond decision. The lessee may, however, request that the official to whom the appeal is made reconsider the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

§ 162.473 When will BIA issue a decision on an appeal from a business leasing decision?  

BIA will issue a decision on an appeal from a business leasing decision within 60 days of receipt of all pleadings.

§ 162.474 What happens if the lessee abandons the leased premises?  

If a lessee abandons the leased premises, we will treat the abandonment as a violation of the lease. The lease may specify a period of non-use after which the lease premises will be considered abandoned.
Subpart E—Wind and Solar Resource Leases

§ 162.501 What types of leases does this subpart cover?

(a) This subpart covers:

(1) Wind energy evaluation leases (WEELs), which are short-term leases that authorize possession of Indian land for the purpose of installing, operating, and maintaining instrumentation, and associated infrastructure, such as meteorological towers, to evaluate wind resources for electricity generation; and

(2) Wind and solar resource (WSR) leases, which are leases that authorize possession of Indian land for the purpose of installing, operating, and maintaining instrumentation, facilities, and associated infrastructure, such as wind turbines and solar panels, to harness wind and/or solar energy to generate and supply electricity:

(i) For resale on a for-profit or non-profit basis;

(ii) To a utility grid serving the public generally; or

(iii) To users within the local community (e.g., on and adjacent to a reservation).

(b) If the generation of electricity is solely to support a use approved under subpart B, Agricultural Leases; subpart C, Residential Leases; or subpart D, Business Leases (including religious, educational, recreational, cultural, or other public purposes), for the same parcel of land, then the installation, operation, and maintenance of instrumentation, facilities, and associated infrastructure are governed by subpart B, C, or D, as appropriate.

§ 162.502 Who must obtain a WEEL or WSR lease?

(a) Anyone seeking to possess Indian land to conduct activities associated with the evaluation of wind resources must obtain a WEEL, except that a WEEL is not required if use or possession of the Indian land to conduct wind energy evaluation activities is authorized:

(1) Under §162.005(b);

(2) By a permit from the Indian landowners under §162.007; or

(3) By a tribe on its land under 25 U.S.C. 81.

(b) Except as provided in §§162.005(b), 162.501, and paragraph (c) of this section, anyone seeking to possess Indian land to conduct activities associated with the development of wind and/or solar resources must obtain a WSR lease.

(c) A tribe that conducts wind and solar resource activities on its tribal land does not need a WEEL or WSR under this subpart.

§ 162.503 Is there a model WEEL or WSR lease?

There is no model WEEL or WSR lease because of the need for flexibility in negotiating and writing WEELs and WSR leases; however, we may:

(a) Provide other guidance, such as checklists and sample lease provisions, to assist in the lease negotiation process; and

(b) Assist the Indian landowners, upon their request, in developing appropriate lease provisions or in using tribal lease forms that conform to the requirements of this part.

§ 162.511 What is the purpose of a WEEL?

A WEEL is a short-term lease that allows the lessee to possess trust or restricted lands for the purpose of evaluating wind resources. The lessee may use information collected under the WEEL to assess the potential for wind energy development, and determine future placement and type of wind energy technology to use in developing the energy resource potential of the leased area.

§ 162.512 How long may the term of a WEEL run?

(a) A WEEL must provide for a definite term, state if there is an option to renew and if so, provide for a definite term for the renewal period. WEELs are for project evaluation purposes, and therefore may have:

(c) All WEELs must include the following provisions:

(1) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;

(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of leased premises;

(3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under §162.014;

(4) If historic properties, archeological resources, human remains, or other cultural items, not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease, and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;

(5) BIA has the right, at any reasonable time during the term of the lease, and upon reasonable notice, in accordance with §162.589, to enter the leased premises for inspection; and

(6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises;

(2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.

[77 FR 72849, Dec. 5, 2012, as amended at 78 FR 19100, Mar. 29, 2013]
§ 162.514 May permanent improvements be made under a WEEL?

(a) A WEEL anticipates the installation of facilities and associated infrastructure of a size and magnitude necessary for evaluation of wind resource capacity and potential effects of development. These facilities and associated infrastructure are considered permanent improvements. An equipment installation plan must be submitted with the lease under §162.528(g).

(b) If any of the following changes are made to the equipment installation plan, the Indian landowners must approve the revised plan and the lessee must provide a copy of the revised plan to BIA:
1. Location of permanent improvements;
2. Type of permanent improvements;
or
3. Delay of 90 days or more in any phase of development.

§ 162.515 How must a WEEL address ownership of permanent improvements?

(a) A WEEL must specify who will own any permanent improvements the lessee installs during the lease term. In addition, the WEEL must indicate whether any permanent improvements the lessee installs:
1. Will remain on the premises upon expiration, termination, or cancellation of the lease whether or not the WEEL is followed by a WSR lease, in a condition satisfactory to the Indian landowners;
2. May be conveyed to the Indian landowners during the WEEL term and under what conditions the permanent improvements may be conveyed;
3. Will be removed within a time period specified in the WEEL, at the lessee’s expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or
4. Will be disposed of by other specified means.

(b) A WEEL that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.516 How will BIA enforce removal requirements in a WEEL?

We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:
(a) In consultation with the tribe, for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and
(b) After termination, cancellation, or expiration of the WEEL.

§ 162.517 What requirements for due diligence must a WEEL include?

(a) A WEEL must include due diligence requirements that require the lessee to:
1. Install testing and monitoring facilities within 12 months after the effective date of the WEEL or other period designated in the WEEL and consistent with the plan of development; and
2. If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Indian landowners and BIA with an explanation of good cause for any delay, the anticipated date of installation of facilities, and evidence of progress toward installing or completing testing and monitoring facilities.

(b) Failure of the lessee to comply with the due diligence requirements of the WEEL is a violation of the WEEL and may lead to:
1. Cancellation of the WEEL under §162.592; and
2. Application of the requirement that the lessee transfer ownership of energy resource information collected under the WEEL to the Indian landowners under §162.520.

§ 162.518 How must a WEEL describe the land?

(a) A WEEL must describe the leased premises by reference to a public or private survey, if possible. If the land cannot be so described, the lease must include one or more of the following:
1. A legal description;
§ 162.527 May a WEEL contain an option for the lessee to enter into a WSR lease?
(a) A WEEL may provide for an option period following the expiration of the WEEL term during which the lessee and the Indian landowners may enter into a WSR lease.
(b) Our approval of a WEEL that contains an option to enter into a WSR lease does not guarantee or imply our approval of any WSR lease.

§ 162.528 WEEL MONETARY COMPENSATION REQUIREMENTS
§ 162.523 How much compensation must be paid under a WEEL?
(a) The WEEL must state how much compensation will be paid.
(b) A WEEL must specify the date on which compensation will be due.
(c) Failure to make timely payments is a violation of the WEEL and may lead to cancellation of the WEEL.
(d) The lease compensation requirements of §§162.552 through 162.558 also apply to WEELs.
§ 162.524 Will BIA require a valuation for a WEEL?
We will not require a valuation for a WEEL.

§ 162.529 WEEL BONDING AND INSURANCE
§ 162.525 Must a lessee provide a performance bond for a WEEL?
We will not require the lessee to provide a performance bond or alternative form of security for a WEEL.
§ 162.526 [Reserved]
§ 162.527 Must a lessee provide insurance for a WEEL?
Except as provided in paragraph (d) of this section, a lessee must provide insurance necessary to protect the interests of Indian landowners and in the amount sufficient to protect all insurable permanent improvements on the leased premises.
(a) The insurance may include property, crop, liability, and casualty insurance, depending on the Indian landowners’ interests to be protected.
(b) Both the Indian landowners and the United States must be identified as additional insured parties.
§ 162.528 What documents are required for BIA approval of a WEEL?

A lessee or the Indian landowners must submit the following documents to us to obtain BIA approval of a WEEL:

(a) A WEEL executed by the Indian landowners and the lessee that meets the requirements of this part;

(b) For tribal land, a tribal authorization for the WEEL;

(c) Proof of insurance, as required by §162.527;

(d) Statement from the appropriate tribal authority that the proposed use is in conformance with applicable tribal law, if required by the tribe;

(e) Environmental and archeological reports, surveys, and site assessments as needed to facilitate compliance with applicable Federal and tribal environmental and land use requirements, including any documentation prepared under §162.027(b);

(f) An equipment installation plan;

(g) A restoration and reclamation plan (and any subsequent modifications to the plan);

(h) Where the lessee is not an entity owned and operated by the tribe, documents that demonstrate the technical capability of the lessee or lessee’s agent to construct, operate, maintain, and terminate the proposed project and the lessee’s ability to successfully design, construct, or obtain the funding for a project similar to the proposed project, if appropriate:

(i) A legal description of the land under §162.518;

(j) If the lease is being approved under 25 U.S.C. 415, information to assist us in our evaluation of the factors in 25 U.S.C. 415(a); and

(1) The representative has authority to execute a lease;

(2) The lease will be enforceable against the lessee; and

(3) The legal entity is in good standing and authorized to conduct business in the jurisdiction where the land is located.

§ 162.529 Will BIA review a proposed WEEL before or during preparation of the NEPA review documentation?

Upon request of the Indian landowners, we will review the proposed WEEL after negotiation by the parties, before or during preparation of the NEPA review documentation. Within 10 days of receiving the proposed WEEL, we will provide an acknowledgement of the terms of the lease and identify any provisions that, based on this acknowledgement review, would justify disapproval of the lease, pending results of the NEPA review.

§ 162.530 What is the approval process for a WEEL?

(a) Before we approve a WEEL, we must determine that the WEEL is in the best interest of the Indian landowners. In making that determination, we will:

(1) Review the WEEL and supporting documents;

(2) Identify potential environmental impacts and ensure compliance with all applicable environmental laws, land use laws, and ordinances;

(3) If the lease is being approved under 25 U.S.C. 415, assure ourselves that adequate consideration has been given to the factors in 25 U.S.C. 415(a); and

(4) Require any lease modifications or mitigation measures necessary to satisfy any requirements including any other Federal or tribal land use requirements.

(b) Upon receiving the WEEL package, we will promptly notify the parties whether the package is or is not
§ 162.531 How will BIA decide whether to approve a WEEL?

(a) We will approve a WEEL unless:

(1) The required consents have not been obtained from the parties to the WEEL;

(2) The requirements applicable to WEELs have not been met; or

(3) We find a compelling reason to withhold our approval in order to protect the best interests of the Indian landowners.

(b) We will defer, to the maximum extent possible, to the Indian landowners' determination that the WEEL is in their best interest.

(c) We may not unreasonably withhold approval of a WEEL.

§ 162.532 When will a WEEL be effective?

(a) A WEEL will be effective on the date on which we approve the WEEL, even if an appeal is filed under part 2 of this chapter.

(b) The WEEL may specify a date on which the obligations between the parties to a WEEL are triggered. Such date may be before or after the approval date under paragraph (a) of this section.

(c) WEEL lease documents not requiring our approval are effective upon execution by the parties, or on the effective date specified in the lease document. If the WEEL lease document does not specify an effective date, it becomes effective upon execution by the parties.

§ 162.533 Must a WEEL lease document be recorded?

(a) Any WEEL lease document must be recorded in our LTRO with jurisdiction over the leased land.

(1) We will record the lease document immediately following our approval.

(2) If our approval of an assignment or sublease is not required, the parties must record the assignment or sublease in the LTRO with jurisdiction over the leased land.

(b) The tribe must record lease documents for the following types of leases in the LTRO with jurisdiction over the tribal lands, even though BIA approval is not required:

(1) Leases of tribal land that a corporate entity leases to a third party under 25 U.S.C. 477; and
§ 162.534 May the parties amend, assign, sublease, or mortgage a WEEL?

The parties may amend, assign, sublease, or mortgage a WEEL by following the procedures and requirements for amending, assigning, subleasing, or mortgaging a WSR lease.

WEEL ADMINISTRATION

§ 162.535 What effectiveness, compliance, and enforcement provisions apply to WEELs?

(a) The provisions at §162.586 apply to WEEL lease documents.

(b) The provisions at §§162.587 through 162.589 and 162.591 through 162.599 apply to WEELs, except that any references to §162.590 will apply instead to §162.536.

§ 162.536 Under what circumstances may a WEEL be terminated?

A WEEL must state whether, and under what conditions, the Indian landowners may terminate the WEEL.

§ 162.537 [Reserved]

WEEL COMPLIANCE AND ENFORCEMENT

§ 162.538 What is the purpose of a WSR lease?

A WSR lease authorizes a lessee to possess Indian land to conduct activities related to the installation, operation, and maintenance of wind and/or solar energy resource development projects. Activities include installing instrumentation facilities and infrastructure associated with the generation, transmission, and storage of electricity and other related activities. Leases for biomass or waste-to-energy purposes are governed by subpart D of this part.

§ 162.539 Must I obtain a WEEL before obtaining a WSR lease?

You may enter into a WSR lease without a WEEL. While you may enter into a lease as a direct result of energy resource information gathered from a WEEL activity, obtaining a WEEL is not a precondition to entering into a WSR lease.

§ 162.540 How long may the term of a WSR lease run?

(a) A WSR lease must provide for a definite lease term, state if there is an option to renew, and if so, provide for a definite term for the renewal period. The maximum term of a lease approved under 25 U.S.C. 415(a) may not exceed 50 years (consisting of an initial term not to exceed 25 years and one renewal not to exceed 25 years), unless a Federal statute provides for a longer maximum term (e.g., 25 U.S.C. 415(a) allows for a maximum term of 99 years for certain tribes), a different initial term, renewal term, or number of renewals.

(b) For tribal land, we will defer to the tribe’s determination that the lease term, including any renewal, is reasonable. For individually owned Indian land, we will review the lease term, including any renewal, to ensure it is reasonable, given the:

1. Purpose of the lease;
2. Type of financing; and
3. Level of investment.

(c) The lease may not be extended by holdover.

§ 162.541 What must the lease include if it contains an option to renew?

(a) If the lease provides for an option to renew, the lease must specify:

1. The time and manner in which the option must be exercised or is automatically effective;
2. That confirmation of the renewal will be submitted to us, unless the lease provides for automatic renewal;
3. Whether Indian landowner consent to the renewal is required;
4. That the lessee must provide notice of the renewal to the Indian landowners and any sureties and mortgagees;
5. The additional consideration, if any, that will be due upon the exercise of the option to renew or the start of the renewal term; and
6. Any other conditions for renewal (e.g., that the lessee not be in violation of the lease at the time of renewal).

(b) We will record any renewal of a lease in the LTRO.
§ 162.542 Are there mandatory provisions a WSR lease must contain?

(a) All WSR leases must identify:

(1) The tract or parcel of land being leased;

(2) The purpose of the lease and authorized uses of the leased premises;

(3) The parties to the lease;

(4) The term of the lease;

(5) The ownership of permanent improvements and the responsibility for constructing, operating, maintaining, and managing, WSR equipment, roads, transmission lines and related facilities under §162.543;

(6) Who is responsible for evaluating the leased premises for suitability; purchasing, installing, operating, and maintaining WSR equipment; negotiating power purchase agreements; and transmission;

(7) Payment requirements and late payment charges, including interest;

(8) Due diligence requirements, under §162.546;

(9) Insurance requirements, under §162.562; and

(10) Bonding requirements under §162.559. If a performance bond is required, the lease must state that the lessee must obtain the consent of the surety for any legal instrument that directly affects their obligations and liabilities.

(b) Where a representative executes a lease on behalf of an Indian landowner or lessee, the lease must identify the landowner or lessee being represented and the authority under which such action is taken.

(c) All WSR leases must include the following provisions:

(1) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;

(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of the leased premises;

(3) The lease must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under §162.014;

(4) If historic properties, archeological resources, human remains, or other cultural items not previously reported are encountered during the course of any activity associated with the lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;

(5) BIA has the right, at any reasonable time during the term of the lease and upon reasonable notice, in accordance with §162.589, to enter the leased premises for inspection and to ensure compliance; and

(6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises; and

(2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.

§ 162.543 May permanent improvements be made under a WSR lease?

(a) A WSR lease must provide for the installation of a facility and associated infrastructure of a size and magnitude necessary for the generation and delivery of electricity, in accordance with §162.019. These facilities and associated infrastructure are considered permanent improvements. A resource development plan must be submitted for approval with the lease under §162.563(h).
§ 162.544 How must a WSR lease address ownership of permanent improvements?

(a) A WSR lease must specify who will own any permanent improvements the lessee installs during the lease term and may specify under what conditions, if any, permanent improvements the lessee constructs may be conveyed to the Indian landowners during the lease term. In addition, the lease must indicate whether each specific permanent improvement the lessee installs will:

(1) Remain on the leased premises upon the expiration, termination, or cancellation of the lease, in a condition satisfactory to the Indian landowners and become the property of the Indian landowners;

(2) Be removed within a time period specified in the lease, at the lessee’s expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or

(3) Be disposed of by other specified means.

(b) A lease that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession of and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.545 How will BIA enforce removal requirements in a WSR lease?

(a) We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(1) In consultation with the tribe, for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and

(2) Before or after expiration, termination, or cancellation of the lease.

(b) We may collect and hold the performance bond until removal and restoration are completed.

§ 162.546 What requirements for due diligence must a WSR lease include?

(a) A WSR lease must include due diligence requirements that require the lessee to:

(1) Commence installation of energy facilities within 2 years after the effective date of the lease or consistent with a timeframe in the resource development plan;

(2) If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Indian landowners and BIA with an explanation of good cause as to the nature of any delay, the anticipated date of installation of facilities, and evidence of progress toward commencement of installation;

(3) Maintain all on-site electrical generation equipment and facilities and related infrastructure in accordance with the design standards in the resource development plan; and

(4) Repair, place into service, or remove from the site within a time period specified in the lease any idle, improperly functioning, or abandoned equipment or facilities that have been inoperative for a continuous period specified in the lease (unless the equipment or facilities were idle as a result of planned suspension of operations, for example, for grid operations or during bird migration season).

(b) Failure of the lessee to comply with the due diligence requirements of the lease is a violation of the lease and may lead to cancellation of the lease under §162.592.

§ 162.547 How must a WSR lease describe the land?

(a) A WSR lease must describe the leased premises by reference to a private or public survey, if possible. If the land cannot be so described, the lease must include one or more of the following:
§ 162.550 How much monetary compensation must be paid under a WSR lease of individually owned Indian land?

(a) A WSR lease of individually owned Indian land must require payment of not less than fair market rental before any adjustments, based on a fixed amount, a percentage of the projected gross income, megawatt capacity fee, or some other method, unless paragraphs (b) or (c) of this section permit a lesser amount. The lease must establish how the fixed amount, percentage or combination will be calculated and the frequency at which the payments will be made.

(b) We may approve a lease of individually owned Indian land that provides for the payment of nominal compensation, or less than a fair market rental, if:

(1) The Indian landowners execute a written waiver of the right to receive fair market rental; and

(2) We determine it is in the Indian landowners’ best interest, based on factors including, but not limited to:

(i) The lessee is a member of the immediate family, as defined in §162.003, of an Indian landowner;

(ii) The lessee is a co-owner of the leased tract;

(iii) A special relationship or circumstances exist that we believe warrant approval of the lease;

(iv) The lease is for public purposes; or

(v) We have waived the requirement for a valuation under paragraph (e) of this section.

(c) We may approve a lease that provides for the payment of less than a fair market rental during the periods before the generation and transmission of electricity begins, if we determine it is in the Indian landowners’ best interest. The lease must specify the amount of the compensation and the applicable periods.

(d) We will require a valuation in accordance with §162.422, unless:

(1) 100 percent of the landowners submit to us a written request to waive the valuation requirement; or

(2) We waive the requirement under paragraph (e) of this section; or

§ 162.549 How much monetary compensation must be paid under a WSR lease of tribal land?

(a) A WSR lease of tribal land may allow for any payment negotiated by the tribe, and we will defer to the tribe and not require a valuation if the tribe submits a tribal authorization expressly stating that it:

(1) Has negotiated compensation satisfactory to the tribe;

(2) Waives valuation; and

(3) Has determined that accepting such negotiated compensation and waiving valuation is in its best interest.

(b) The tribe may request, in writing, that we determine fair market rental, in which case we will use a valuation in accordance with §162.551. After providing the tribe with the fair market rental, we will defer to a tribe’s decision to allow for any payment amount negotiated by the tribe.

(c) If the conditions in paragraph (a) or (b) of this section are not met, we will require that the lease provide for fair market rental based on a valuation in accordance with §162.551.
§ 162.551 How will BIA determine fair market rental for a WSR lease?

(a) We will use a market analysis, appraisal, or other appropriate valuation method to determine the fair market rental before we approve a WSR lease of individually owned Indian land or, at the request of the tribe, for tribal land.

(b) We will either:

(1) Prepare, or have prepared, a market analysis, appraisal, or other appropriate valuation method; or

(2) Use an approved market analysis, appraisal, or other appropriate valuation method from the Indian landowners or lessee.

(c) We will use or approve use of a market analysis, appraisal, or other appropriate valuation method only if it:

(1) Has been prepared in accordance with USPAP or a valuation method developed by the Secretary under 25 U.S.C. 2214; and

(2) Complies with Department policies regarding appraisals, including third-party appraisals.

(d) Indian landowners may use competitive bidding as a valuation method.

§ 162.552 When are monetary compensation payments due under a WSR lease?

(a) A WSR lease must specify the dates on which all payments are due.

(b) Unless the lease provides otherwise, payments may not be made or accepted more than one year in advance of the due date.

(c) Payments are due at the time specified in the lease, regardless of whether the lessee receives an advance billing or other notice that a payment is due.

§ 162.553 Must a WSR lease specify who receives monetary compensation payments?

(a) A WSR lease must specify whether the lessee will make payments directly to the Indian landowners (direct pay) or to us on their behalf.

(b) The lessee may make payments directly to the Indian landowners if:

(1) The Indian landowners’ trust accounts are unencumbered;

(2) There are 10 or fewer beneficial owners; and

(3) One hundred percent of the beneficial owners (including those on whose behalf we have consented) agree to receive payment directly from the lessee at the start of the lease.

(c) If the lease provides that the lessee will directly pay the Indian landowners, then:

(1) The lease must include provisions for proof of payment upon our request.

(2) When we consent on behalf of an Indian landowner, the lessee must make payment to us on behalf of that landowner.

(3) The lessee must send direct payments to the parties and addresses specified in the lease, unless the lessee receives notice of a change of ownership or address.

(4) Unless the lease provides otherwise, payments may not be made payable directly to anyone other than the Indian landowners.

(5) Direct payments must continue through the duration of the lease, except that:

(i) The lessee must make all Indian landowners’ payments to us if 100 percent of the Indian landowners agree to suspend direct pay and provide us with documentation of their agreement; and
(ii) The lessee must make that individual Indian landowner's payment to us if any individual Indian landowner who dies, is declared non compos mentis, owes a debt resulting in a trust account encumbrance, or his or her whereabouts become unknown.

§ 162.554 What form of monetary compensation payment is acceptable under a WSR lease?

(a) When payments are made directly to Indian landowners, the form of payment must be acceptable to the Indian landowners.

(b) When payments are made to us, our preferred method of payment is electronic funds transfer payments. We will also accept:

(1) Money orders;
(2) Personal checks;
(3) Certified checks; or
(4) Cashier's checks.

(c) We will not accept cash or foreign currency.

(d) We will accept third-party checks only from financial institutions or Federal agencies.

§ 162.555 May a WSR lease provide for non-monetary or varying types of compensation?

(a) A WSR lease may provide for the following, subject to the conditions in paragraphs (b) and (c) of this section:

(1) Alternative forms of compensation, including but not limited to, in-kind consideration and payments based on percentage of income; or
(2) Varying types of consideration at specific stages during the life of the lease, including but not limited to fixed annual payments during installation, payments based on income during an operational period, and bonuses.

(b) For tribal land, we will defer to the tribe's determination that the compensation in paragraph (a) of this section is in its best interest, if the tribe submits a signed certification or tribal authorization stating that it has determined the compensation in paragraph (a) of this section to be in its best interest.

(c) For individually owned land, we may approve a lease that provides for compensation under paragraph (a) of this section if we determine that it is in the best interest of the Indian landowners.

§ 162.556 Will BIA notify a lessee when a payment is due under a WSR lease?

Upon request of the Indian landowners, we may issue invoices to a lessee in advance of the dates on which payments are due under a WSR lease. The lessee's obligation to make these payments in a timely manner will not be excused if invoices are not delivered or received.

§ 162.557 Must a WSR lease provide for compensation reviews or adjustments?

(a) For a WSR lease of tribal land, unless the lease provides otherwise, no periodic review of the adequacy of compensation or adjustment is required if the tribe states in its tribal certification or authorization that it has determined that not having reviews and/or adjustments is in its best interest.

(b) For a WSR lease of individually owned Indian land, unless the lease provides otherwise, no periodic review of the adequacy of compensation or adjustment is required if:

(1) The term of the lease is 5 years or less;
(2) The lease provides for automatic adjustments; or
(3) We determine it is in the best interest of the Indian landowners not to require a review or automatic adjustment based on circumstances including, but not limited to, the following:

(i) The lease provides for payment of less than fair market rental;
(ii) The lease is for public purposes;
(iii) The lease provides for most or all of the compensation to be paid during the first 5 years of the lease term or before the date the review would be conducted; or
(iv) The lease provides for graduated rent or non-monetary or various types of compensation.

(c) If the conditions in paragraph (a) or (b) of this section are not met, a review of the adequacy of compensation must occur at least every fifth year, in the manner specified in the lease. The lease must specify:

(1) When adjustments take effect;
(2) Who can make adjustments;
(3) What the adjustments are based on; and
§ 162.558 What other types of payments are required under a WSR lease?

(a) The lessee may be required to pay additional fees, taxes, and assessments associated with the use of the land, as determined by entities having jurisdiction, except as provided in § 162.017. The lessee must pay these amounts to the appropriate office.

(b) If the leased premises are within an Indian irrigation project or drainage district, except as otherwise provided in part 171 of this chapter, the lessee must pay all operation and maintenance charges that accrue during the lease term. The lessee must pay these amounts to the appropriate office in charge of the irrigation project or drainage district. We will treat failure to make these payments as a violation of the lease.

(c) Where the property is subject to at least one other lease for another compatible use, such as grazing, the lessees may agree among themselves how to allocate payment of the operation and maintenance charges.

WSR LEASE BONDING AND INSURANCE

§ 162.559 Must a lessee provide a performance bond for a WSR lease?

The lessee must provide a performance bond or alternative form of security, except as provided in paragraph (f) of this section.

(a) The performance bond or alternative form of security must be in an amount sufficient to secure the contractual obligations including:

(1) No less than:

(i) The highest annual rental specified in the lease, if the compensation is paid annually; or

(ii) If the compensation is not paid annually, another amount established by BIA in consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land;

(2) The installation of any required permanent improvements;

(3) The operation and maintenance charges for any land located within an irrigation project; and

(4) The restoration and reclamation of the leased premises, to their condition at the start of the lease term or some other specified condition.

(b) The performance bond or other security:

(1) Must be deposited with us and made payable only to us, and may not be modified without our approval, except as provided in paragraph (b)(2) of this section; and

(2) For tribal land, if the lease so provides, may be deposited with the tribe and made payable to the tribe, and may not be modified without the approval of the tribe.

(c) The lease must specify the conditions under which we may adjust security or performance bond requirements to reflect changing conditions, including consultation with the tribal landowner for tribal land before adjustment.

(d) We may require that the surety provide any supporting documents needed to show that the performance bond or alternative forms of security will be enforceable, and that the surety will be able to perform the guaranteed obligations.

(e) The performance bond or other security instrument must require the surety to provide notice to us at least 60 days before canceling a performance bond or other security. This will allow us to notify the lessee of its obligation to provide a substitute performance bond or other security and require collection of the bond or security before the cancellation date. Failure to provide a substitute performance bond or security is a violation of the lease.

(f) We may waive the requirement for a performance bond or alternative forms of security if:

(1) The lease is for public purposes; or

(2) The Indian landowners request it and we determine a waiver is in the Indian landowners’ best interest.

(g) For tribal land, we will defer to the tribe’s determination that a waiver of the performance bond or alternative form of security is in its best interest, to the maximum extent possible.
§ 162.560 What forms of security are acceptable under a WSR lease?

(a) We will accept a performance bond only in one of the following forms:

(1) Certificates of deposit issued by a federally insured financial institution authorized to do business in the United States;

(2) Irrevocable letters of credit issued by a federally insured financial institution authorized to do business in the United States;

(3) Negotiable Treasury securities; or

(4) Surety bonds issued by a company approved by the U.S. Department of the Treasury.

(b) We may accept an alternative form of security approved by us that provides adequate protection for the Indian landowners and us, including but not limited to an escrow agreement and assigned savings account.

(c) All forms of performance bonds or alternative security must, if applicable:

(1) Indicate on their face that BIA approval is required for redemption;

(2) Be accompanied by a statement granting full authority to BIA to make an immediate claim upon or sell them if the lessee violates the terms of the lease;

(3) Be irrevocable during the term of the performance bond or alternative security; and

(4) Be automatically renewable during the term of the lease.

(d) We will not accept cash bonds.

§ 162.561 What is the release process for a performance bond or alternative form of security under a WSR lease?

(a) Upon expiration, termination, or cancellation of the lease, the lessee must ask BIA in writing to release the performance bond or alternative form of security.

(b) Upon receiving the request under paragraph (a) of this section, BIA will:

(1) Confirm with the tribe, for tribal land or, where feasible, with the Indian landowners for individually owned Indian land, that the lessee has complied with all lease obligations; and

(2) Release the performance bond or alternative form of security to the lessee unless we determine that the bond or security must be redeemed to fulfill the contractual obligations.

§ 162.562 Must a lessee provide insurance for a WSR lease?

Except as provided in paragraph (c) of this section, a lessee must provide insurance when necessary to protect the interests of Indian landowners and in the amount sufficient to protect all insurable permanent improvements on the leased premises.

(a) The insurance may include property, liability, and casualty insurance, depending on the Indian landowners’ interests to be protected.

(b) Both the Indian landowners and the United States must be identified as additional insured parties.

(c) We may waive the requirement for insurance upon the request of the Indian landowner, if a waiver is in the best interest of the Indian landowner, including if the lease is for less than fair market rental or nominal compensation. For tribal land, we will defer, to the maximum extent possible, to the tribe’s determination that a waiver is in its best interest.

§ 162.563 What documents are required for BIA approval of a WSR lease?

A lessee or the Indian landowners must submit the following documents to us to obtain BIA approval of a WSR lease:

(a) A lease executed by the Indian landowners and the lessee that meets the requirements of this part;

(b) For tribal land, a tribal authorization for the lease and, if applicable, meeting the requirements of §§162.549(a), 162.555(b), and 162.557(a), or a separate signed certification meeting the requirements of §§162.555(b) and 162.557(a));

(c) A valuation, if required under §162.549 or §162.550;

(d) Proof of insurance, if required under §162.562;

(e) A performance bond or other security, if required under §162.559;

(f) Statement from the appropriate tribal authority that the proposed use is in conformance with applicable tribal law, if required by the tribe;
(g) Environmental and archeological reports, surveys, and site assessments as needed to facilitate compliance with applicable Federal and tribal environmental and land use requirements, including any documentation prepared under §162.027(b);

(h) A resource development plan that describes the type and location of any permanent improvements the lessee plans to install and a schedule showing the tentative commencement and completion dates for those improvements;

(i) A restoration and reclamation plan (and any subsequent modifications to the plan);

(j) Where the lessee is not an entity owned and operated by the tribe, documents that demonstrate the technical capability of the lessee or lessee’s agent to construct, operate, maintain, and terminate the proposed project and the lessee’s ability to successfully design, construct, or obtain the funding for a project similar to the proposed project, if appropriate;

(k) A legal description of the land under §162.547:
   (1) If the lease is being approved under 25 U.S.C. 415, information to assist us in our evaluation of the factors in 25 U.S.C. 415(a); and
   (m) If the lessee is a corporation, limited liability company, partnership, joint venture, or other legal entity, except a tribal entity, information such as organizational documents, certificates, filing records, and resolutions, that demonstrates that:
      (1) The representative has authority to execute a lease;
      (2) The lease will be enforceable against the lessee; and
      (3) The legal entity is in good standing and authorized to conduct business in the jurisdiction where the land is located.

§162.564 Will BIA review a proposed WSR lease before or during preparation of the NEPA review documentation?

Upon request of the Indian landowners, we will review the proposed WSR lease after negotiation by the parties, before or during preparation of the NEPA review documentation and any valuation. Within 60 days of receiving the proposed lease, we will provide an acknowledgement of the terms of the lease and identify any provisions that, based on this acknowledgment review, would justify disapproval of the lease, pending results of the NEPA review and any valuation.

§162.565 What is the approval process for a WSR lease?

(a) Before we approve a WSR lease, we must determine that the lease is in the best interest of the Indian landowners. In making that determination, we will:
   (1) Review the lease and supporting documents;
   (2) Identify potential environmental impacts and ensure compliance with all applicable environmental laws, land use laws, and ordinances;
   (3) If the lease is being approved under 25 U.S.C. 415, assure ourselves that adequate consideration has been given to the factors in 25 U.S.C. 415(a); and
   (4) Require any lease modifications or mitigation measures necessary to satisfy any requirements including any other Federal or tribal land use requirements.

(b) Upon receiving a WSR lease package, we will promptly notify the parties whether the package is or is not complete. A complete package includes all the information and supporting documents required under this subpart, including but not limited to, NEPA review documentation and valuation documentation, where applicable.
   (1) If the WSR lease package is not complete, our letter will identify the missing information or documents required for a complete package. If we do not respond to the submission of a WSR lease package, the parties may take action under §162.588.
   (2) If the WSR lease package is complete, we will notify the parties of the date of receipt. Within 60 days of the receipt date, we will approve or disapprove the lease, return the package for revision, or inform the parties in writing that we need additional review time. If we inform the parties in writing that we need additional time, then:
      (1) Our letter informing the parties that we need additional review time must identify our initial concerns and
§ 162.566 How will BIA decide whether to approve a WSR lease?

(a) We will approve a WSR lease unless:

(1) The required consents have not been obtained from the parties to the lease;

(2) The requirements of this subpart have not been met; or

(3) We find a compelling reason to withhold our approval in order to protect the best interests of the Indian landowners.

(b) We will defer, to the maximum extent possible, to the Indian landowners' determination that the WSR lease is in their best interest.

(c) We may not unreasonably withhold approval of a WSR lease.

§ 162.567 When will a WSR lease be effective?

(a) A WSR lease will be effective on the date that we approve the lease, even if an appeal is filed under part 2 of this chapter.

(b) The lease may specify a date on which the obligations between the parties to the lease are triggered. Such date may be before or after the approval date under paragraph (a) of this section.

§ 162.568 Must a WSR lease document be recorded?

(a) Any WSR lease document must be recorded in the LTRO with jurisdiction over the leased land.

(1) We will record the lease document immediately following our approval.

(2) If our approval of an assignment or sublease is not required, the parties must record the assignment or sublease in the LTRO with jurisdiction over the leased land.

(b) The tribe must record lease documents for the following types of leases in the LTRO with jurisdiction over the tribal lands, even though BIA approval is not required:

(1) Leases of tribal land that a corporate entity leases to a third party under 25 U.S.C. 477; and

(2) Leases of tribal land under a special act of Congress authorizing leases without our approval.

§ 162.569 Will BIA require an appeal bond for an appeal of a decision on a WSR lease document?

(a) If a party appeals our decision on a WSR lease, assignment, amendment, or sublease, then the official to whom the appeal is made may require the appellant to post an appeal bond in accordance with part 2 of this chapter. We will not require an appeal bond:

(1) For an appeal of a decision on a leasehold mortgage; or

(2) If the tribe is a party to the appeal and requests a waiver of the appeal bond.

(b) The appellant may not appeal the appeal bond decision. The appellant may, however, request that the official to whom the appeal is made reconsider the bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

§ 162.570 May the parties amend a WSR lease?

The parties may amend a WSR lease by obtaining:

(b) The Indian landowners, or their representatives under § 162.013, must consent to an amendment of a WSR lease in the same percentages and manner as a new WSR lease under § 162.012, unless the lease:

(1) Provides that individual Indian landowners are deemed to have consented if they do not object in writing to the amendment within a specified period of time following the landowners' receipt of the amendment and the lease meets the requirements of paragraph (c) of this section;

(2) Authorizes one or more representatives to consent to an amendment on behalf of all Indian landowners; or

(3) Designates us as the Indian landowners' representative for the purposes of consenting to an amendment.

(c) If the lease provides for deemed consent under paragraph (b)(1) of this section, it must require the parties to submit to us:

(1) A copy of the executed amendment or other documentation of any Indian landowners' actual consent;

(2) Proof of mailing of the amendment to any Indian landowners who are deemed to have consented; and

(3) Any other pertinent information for review.

(2) Increase or decrease the lease area;

(3) Terminate or change the term of the lease; or

Our determination whether to approve the amendment will be in writing and will state the basis for our approval or disapproval.

(b) Our letter informing the parties that we need additional review time must identify our initial concerns and invite the parties to respond within 15 days of the date of the letter. We have 30 days from sending the letter informing the parties that we need additional time to approve or disapprove the amendment.

(c) If we do not meet the deadline in paragraph (a) of this section, or paragraph (b) of this section if applicable, the amendment is deemed approved to the extent consistent with Federal law. Unless the lease provides otherwise, provisions of the amendment that are inconsistent with Federal law will be severed and unenforceable; all other provisions of the amendment will remain in force.

§ 162.573 How will BIA decide whether to approve an amendment to a WSR lease?

(a) We may disapprove a WSR lease amendment only if at least one of the following is true:

(1) The Indian landowners have not consented and their consent is required;

(2) The lessee's mortgagees or sureties have not consented;

(3) The lessee is in violation of the lease;

(3) The parties provide BIA with a copy of the sublease within 30 days after it is executed.

§ 162.579 What are the consent requirements for a sublease of a WSR lease?

(4) We find a compelling reason to withhold our approval in order to protect the best interests of the Indian landowners.

(b) In making the finding required by paragraph (a)(4) of this section, we may consider whether:

(1) The leasehold mortgage proceeds would be used for purposes unrelated to the leased premises; and

(2) The leasehold mortgage is limited to the leasehold.

(c) We will defer, to the maximum extent possible, to the Indian landowners’ determination that the leasehold mortgage is in their best interest.

(d) We may not unreasonably withhold approval of a leasehold mortgage.

§ 162.586 When will an amendment, assignment, sublease, or leasehold mortgage of a WSR lease be effective?

(a) An amendment, assignment, sublease, or leasehold mortgage of a WSR lease will be effective when approved, even if an appeal is filed under part 2 of this chapter, except:

(2) An assignment that does not require our approval under §162.574(b) or a sublease that does not require our approval under §162.578(b) becomes effective on the effective date specified in the assignment or sublease. If the assignment or sublease does not specify the effective date, it becomes effective upon execution by the parties.

(b) We will provide copies of approved documents to the party requesting approval, to the tribe for tribal land, and upon request, to other parties to the lease document.

§ 162.587 What happens if BIA disapproves an amendment, assignment, sublease, or leasehold mortgage of a WSR lease?

If we disapprove an amendment, assignment, sublease, or leasehold mortgage of a WSR lease, we will notify the parties immediately and advise the landowners of their right to appeal the decision under part 2 of this chapter.

§ 162.588 What happens if BIA does not meet a deadline for issuing a decision on a lease document?

(a) If a Superintendent does not meet a deadline for issuing a decision on a lease, assignment, or leasehold mortgage, the parties may file a written notice to compel action with the appropriate Regional Director.

(b) The Regional Director has 15 days from receiving the notice to:

(1) Issue a decision; or

(3) The initial decision on the lease, assignment, or leasehold mortgage is with the Regional Director, and he or she does not meet the deadline for such decision.

(d) The BIA Director has 15 days from receiving the notice to:

(b) If we determine there has been a violation of the conditions of a WSR lease, other than a violation of payment provisions covered by paragraph (c) of this section, we will promptly send the lessee and any surety and mortgagee a notice of violation by certified mail, return receipt requested.

(1) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to Indian landowners for individually owned Indian land.

(2) The notice of violation will advise the lessee that, within 10 business days
§ 162.592 What will BIA do if a lessee does not cure a violation of a WSR lease on time?

(a) If the lessee does not cure a violation of a WSR lease within the required time period, or provide adequate proof of payment as required in the notice of violation, we will consult with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, and determine whether:

(1) We should cancel the lease;

(2) The Indian landowners wish to invoke any remedies available to them under the lease;

(3) We should invoke other remedies available under the lease or applicable law, including collection on any available performance bond or, for failure to pay compensation, referral of the debt to the Department of the Treasury for collection; or

(4) The lessee should be granted additional time in which to cure the violation.

(b) Following consultation with the tribe for tribal land or, where feasible, with Indian landowners for individually owned Indian land, we may take action to recover unpaid compensation and any associated late payment charges.

(1) We do not have to cancel the lease or give any further notice to the lessee before taking action to recover unpaid compensation.

(2) We may still take action to recover any unpaid compensation if we cancel the lease.

(c) If we decide to cancel the lease, we will send the lessee and any surety and mortgagee a cancellation letter by certified mail, return receipt requested:

(1) Promptly following the date on which payment was due, if the lease requires that payments be made to us; or

(2) Promptly following the date on which we receive actual notice of non-payment from the Indian landowners, if the lease provides for payment directly to the Indian landowners.

(2) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to the Indian landowners for individually owned Indian land.

(3) The notice of violation will require the lessee to provide adequate proof of payment.

(d) The lessee and its sureties will continue to be responsible for the obligations in the lease until the lease expires or is terminated or cancelled.
§ 162.593 Will late payment charges or special fees apply to delinquent payments due under a WSR lease?

(a) Late payment charges will apply as specified in the lease. The failure to pay these amounts will be treated as a lease violation.

(b) We may assess the following special fees to cover administrative costs incurred by the United States in the collection of the debt, if compensation is not paid in the time and manner required, in addition to late payment charges that must be paid to the Indian landowners under the lease:

§ 162.594 How will payment rights relating to WSR leases be allocated?

The WSR lease may allocate rights to payment for insurance proceeds, trespass damages, compensation awards, settlement funds, and other payments between the Indian landowners and the lessee. If not specified in the lease, insurance policy, order, award, judgment, or other document, the Indian landowners will be entitled to receive these payments.

§ 162.595 When will a cancellation of a WSR lease be effective?

(a) A cancellation involving a WSR lease will not be effective until 31 days after the lessee receives a cancellation letter from us, or 41 days from the date we mailed the letter, whichever is earlier.

(b) The cancellation decision will not be effective if an appeal is filed unless the cancellation is made immediately effective under part 2 of this chapter. While a cancellation decision is ineffective, the lessee must continue to pay compensation and comply with the other terms of the lease.

§ 162.596 What will BIA do if a lessee remains in possession after a WSR lease expires or is terminated or cancelled?

If a lessee remains in possession after the expiration, termination, or cancellation of a WSR lease, we may treat the unauthorized possession as a trespass under applicable law in consultation with the Indian landowners. Unless the Indian landowners of the applicable percentage of interests under §162.012 have notified us in writing that they are engaged in good faith negotiations with the holdover lessee to obtain a new lease, we may take action to recover possession on behalf of the Indian landowners, and pursue any additional remedies available under applicable law, such as a forcible entry and detainer action.

§ 162.597 Will BIA appeal bond regulations apply to cancellation decisions involving WSR leases?

(a) Except as provided in paragraph (b) of this section, the appeal bond provisions in part 2 of this chapter will apply to appeals from lease cancellation decisions.

(b) The lessee may not appeal the appeal bond decision. The lessee may, however, request that the official to whom the appeal is made reconsider the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

§ 162.598 When will BIA issue a decision on an appeal from a WSR leasing decision?

BIA will issue a decision on an appeal from a WSR leasing decision within 60 days of receipt of all pleadings.

§ 162.599 What happens if the lessee abandons the leased premises?

If a lessee abandons the leased premises, we will treat the abandonment as a violation of the lease. The lease may specify a period of non-use after which the lease premises will be considered abandoned.
Subpart F—Special Requirements for Certain Reservations

§ 162.600 Crow Reservation.

(a) Notwithstanding the regulations in other sections of this part 162, Crow Indians classified as competent under the Act of June 4, 1920 (41 Stat. 751), as amended, may lease their trust lands and the trust lands of their minor children for farming or grazing purposes without the approval of the Secretary pursuant to the Act of May 26, 1926 (44 Stat. 658), as amended by the Act of March 15, 1948 (62 Stat. 80). However, at their election Crow Indians classified as competent may authorize the Secretary to lease, or assist in the leasing of such lands, and an appropriate notice of such action shall be made a matter of record. When this prerogative is exercised, the general regulations contained in this part 162 shall be applicable. Approval of the Secretary is required on leases signed by Crow Indians not classified as competent or made on inherited or devised trust lands owned by more than five competent devisees or heirs.

(b) The Act of May 26, 1926 (44 Stat. 658), as amended by the Act of March 15, 1948 (62 Stat. 80), provides that no lease for farming or grazing purposes shall be made for a period longer than five years, except irrigable lands under the Big Horn Canal; which may be leased for periods of ten years. No such lease shall provide the lessee a preference right to future leases which, if exercised, would thereby extend the total period of encumbrance beyond the five or ten years authorized by law.

(c) All leases entered into by Crow Indians classified as competent, under the above-cited special statutes, must be recorded at the Crow Agency. Such recording shall constitute notice to all persons. Under these special statutes, Crow Indians classified as competent are free to lease their property within certain limitations. The five-year (ten-year in the case of lands under the Big Horn Canal) limitation is intended to afford a protection to the Indians. The essence of this protection is the right to deal with the property free, clear, and unencumbered at intervals at least as frequent as those provided by law. If lessees are able to obtain new leases long before the termination of existing leases, they are in a position to set their own terms. In these circumstances lessees could perpetuate their leaseholds and the protection of the statutory limitations as to terms would be destroyed. Therefore, in implementation of the foregoing interpretation, any lease which, on its face, is in violation of statutory limitations or requirements, and any grazing lease executed more than 12 months, and any farming lease executed more than 18 months, prior to the commencement of the term thereof or any lease which purports to cancel an existing lease with the same lessee as of a future date and take effect upon such cancellation will not be recorded. Under a Crow tribal program, approved by the Department of the Interior, competent Crow Indians may, under certain circumstances, enter into agreements which require that, for a specified term, their leases be approved. Information concerning whether a competent Crow Indian has executed such an instrument is available at the office of the Superintendent of the Crow Agency, Bureau of Indian Affairs, Crow Agency, Montana. Any lease entered into with a competent Crow Indian during the time such instrument is in effect and which is not in accordance with such instrument will be returned without recordation.

(d) Where any of the following conditions are found to exist, leases will be recorded but the lessee and lessor will be notified upon discovery of the condition:
   (1) The lease in single or counterpart form has not been executed by all owners of the land described in the lease;
   (2) There is, of record, a lease on the land for all or a part of the same term;
   (3) The lease does not contain stipulations requiring sound land utilization plans and conservation practices; or
   (4) There are other deficiencies such as, but not limited to, erroneous land descriptions, and alterations which are not clearly endorsed by the lessor.

(e) Any adult Crow Indian classified as competent shall have the full responsibility for obtaining compliance with the terms of any lease made by him pursuant to this section. This
§ 162.603 San Xavier and Salt River Pima-Maricopa Reservations.

(a) Purpose and scope. The Act of November 2, 1966 (80 Stat. 1112), provides statutory authority for long-term leasing on the San Xavier and Salt River Pima-Maricopa Reservations, Arizona, in addition to that contained in the Act of August 9, 1955 (69 Stat. 539), as amended (25 U.S.C. 415). When leases are made under the 1955 Act on the San Xavier or Salt River Pima-Maricopa Reservations, the regulations in part 162 apply. The purpose of this section is to provide regulations for implementation of the 1966 Act. The 1966 Act does not apply to leases made for purposes that are subject to the laws governing mining leases on Indian lands.

(b) Duration of leases. Leases made under the 1966 Act for public, religious, educational, recreational, residential, or business purposes may be made for terms of not to exceed 99 years. The terms of a grazing lease shall not exceed ten years; the term of a farming lease that does not require the making of a substantial investment in the improvement of the land shall not exceed ten years; and the term of a farming lease that requires the making of a substantial investment in the improvement of the land shall not exceed 40 years. No lease shall contain an option to renew which extends the total term beyond the maximum term permitted by this section.

(c) Required covenant and enforcement thereof. Every lease under the 1966 Act shall contain a covenant on the part of the lessee that he will not commit or permit on the leased land any act that shall not preclude action by the Secretary to assure conservation and protection of these trust lands.

(f) Leases made by competent Crow Indians shall be subject to the right to issue permits and leases to prospect for, develop, and mine oil, gas, and other minerals, and to grant rights-of-way and easements, in accordance with applicable law and regulations. In the issuance or granting of such permits, leases, rights-of-way or easements due consideration will be given to the interests of lessees and to the adjustment of any damages to such interests. In the event of a dispute as to the amount of such damage, the matter will be referred to the Secretary whose determination will be final as to the amount of said damage.

§ 162.601 Fort Belknap Reservation.

Not to exceed 20,000 acres of allotted and tribal lands (non-irrigable as well as irrigable) on the Fort Belknap Reservation in Montana may be leased for the culture of sugar beets and other crops in rotation for terms not exceeding ten years.

§ 162.602 Cabazon, Augustine, and Torres-Martinez Reservations, California.

(a) Upon a determination by the Secretary that the owner or owners are not making beneficial use thereof, restricted lands on the Cabazon, Augustine, and Torres-Martinez Indian Reservations which are or may be irrigated from distribution facilities administered by the Coachella Valley County Water District in Riverside County, California, may be leased by the Secretary in accordance with the regulations in this part for the benefit of the owner or owners.

(b) All leases granted or approved on restricted lands of the Cabazon, Augustine, and Torres-Martinez Indian Reservations shall be filed for record in the office of the county recorder of the county in which the land is located, the cost thereof to be paid by the lessee. A copy of each such lease shall be filed by the lessee with the Coachella Valley County Water District or such other irrigation or water district within which the leased lands are located. All such leases shall include a provision that the lessee, in addition to the rentals provided for in the lease, shall pay all irrigation charges properly assessed against the land which became payable during the term of the lease. Act of August 25, 1950 (64 Stat. 470); Act of August 28, 1958 (72 Stat. 968).

§ 162.701  Who owns the records associated with this part?

(a) Records are the property of the United States if they:
(1) Are made or received by a tribe or tribal organization in the conduct of a Federal trust function under 25 U.S.C. 450f et seq., including the operation of a trust program; and
(2) Evidence the organization, functions, policies, decisions, procedures, operations, or other activities undertaken in the performance of a Federal trust function under this part.

°Notification regarding leasing proposals.

If the Secretary determines that a proposed lease to be made under the 1966 Act for public, religious, educational, recreational, residential, or business purposes will substantially affect the governmental interests of a municipality contiguous to the San Xavier Reservation or the Salt River Pima-Maricopa Reservation, as the case may be, he shall notify the appropriate authority of such municipality of the pendency of the proposed lease. The Secretary may, in his discretion, furnish such municipality with an outline of the major provisions of the lease which affect its governmental interests and shall consider any comments on the terms of the lease affecting the municipality or on the absence of such terms from the lease that the authorities may offer. The notice to the authorities of the municipality shall set forth a reasonable period, not to exceed 30 days, within which any such comments shall be submitted.

(e) Applicability of other regulations.

The regulations in part 162 of this title shall apply to leases made under the 1966 Act except where such regulations are inconsistent with this section.

(i) Mission San Xavier del Bac. Nothing in the 1966 Act authorizes development that would detract from the scenic, historic, and religious values of the Mission San Xavier del Bac owned by the Franciscan Order of Friars Minor and located on the San Xavier Reservation.

§ 163.3 Scope and objectives.

(a) The regulations in this part are applicable to all Indian forest land except as this part may be superseded by legislation.

(b) Indian forest land management activities undertaken by the Secretary shall be designed to achieve the following objectives:
(1) The development, maintenance and enhancement of Indian forest land in a perpetually productive state in accordance with the principles of sustained yield and with the standards and objectives set forth in forest management plans by providing effective management and protection through the application of sound silvicultural and economic principles to the harvesting of forest products, forestation, timber stand improvement and other forestry practices;

(3) The regulation of Indian forest land in a manner that will ensure the use of good method and order in harvesting so as to make possible, on a sustained yield basis, continuous productivity and a perpetual forest business;

(4) The development of Indian forest land and associated value-added industries by Indians and Indian tribes to promote self-sustaining communities, so that Indians may receive from their Indian forest land not only stumpage value, but also the benefit of all the labor and profit that such Indian forest land is capable of yielding;

§ 163.14 Sale of forest products.

(a) Consistent with the economic objectives of the tribe and with the consent of the Secretary and authorized by tribal resolution or resolution of recognized tribal government, open market sales of Indian forest products may be authorized. Such sales require consent of the authorized representatives of the tribe for the sale of tribal forest products, and the owners of a majority Indian interest on individually owned lands. Open market sales of forest products from Indian land located off reservations will be permitted with the consent of the Secretary and majority Indian interest of the beneficial owner(s).

(b) On individually owned Indian forest land not formally designated for retention in its natural state, the Secretary may, after consultation, sell the forest products without the consent of the owner(s) when in his or her judgment such action is necessary to prevent loss of value resulting from fire, insects, diseases, windthrow or other catastrophes.

(c) Unless otherwise authorized by the Secretary, each sale of forest products having an estimated stumpage
value exceeding $15,000 will not be approved until:

(1) An examination of the forest products to be sold has been made by a forest officer; and

(2) A report setting forth all pertinent information has been submitted to the approving officer as provided in §163.20 of this part.

(d) With the approval of the Secretary, authorized beneficial Indian owners who have been duly apprised as to the value of the forest products to be sold, may sell or transfer forest products for less than the appraised value.

The advertisement may limit sales of Indian forest products to Indian forest enterprises, members of the tribe, or may grant to Indian forest enterprises and/or members of the tribe who submitted bids the right to meet the higher bid of a non-member. If the estimated stumpage value of the forest products offered does not exceed $15,000, the advertisement may be made by posters and circular letters. If the estimated stumpage value exceeds $15,000, the advertisement shall also be made in at least one edition of a newspaper of general circulation in the locality where the forest products are situated. If the estimated stumpage value does not exceed $50,000, the advertisement shall be made for not less than 15 days; if the estimated stumpage value exceeds $50,000 but not $250,000, for not less than 30 days; and if the estimated stumpage value exceeds $250,000, for not less than 60 days.

(b) The approving officer may reduce the advertising period because of emergencies such as fire, insect attack, blowdown, limitation of time, or when there would be no practical advantage in advertising for the prescribed period.

(c) If no instrument of sale is executed after such advertisement, the approving officer may, within one year from the last day on which bids were to be received as defined in the advertisement, permit the sale of such forest products. The sale will be made upon the terms and conditions in the advertisement and at not less than the advertised value or the appraised value at the time of sale, whichever is greater.

§ 163.16 Forest product sales without advertisement.

(a) Sales of forest products may be made without advertisement to Indians or non-Indians with the consent of the authorized tribal representatives for tribal forest products or with the consent of the beneficial owners of a majority Indian interest of individually owned Indian land, and the approval of the Secretary when:

(1) Forest products are to be cut in conjunction with the granting of a right-of-way;

(2) Granting an authorized occupancy; The advertisement may limit sales of forest products to Indian forest enterprises, members of the tribe, or may grant to Indian forest enterprises and/or members of the tribe who submitted bids the right to meet the higher bid of a non-member. If the estimated stumpage value of the forest products offered does not exceed $15,000, the advertisement may be made by posters and circular letters. If the estimated stumpage value exceeds $15,000, the advertisement shall also be made in at least one edition of a newspaper of general circulation in the locality where the forest products are situated. If the estimated stumpage value does not exceed $50,000, the advertisement shall be made for not less than 15 days; if the estimated stumpage value exceeds $50,000 but not $250,000, for not less than 30 days; and if the estimated stumpage value exceeds $250,000, for not less than 60 days.

(b) The approving officer shall establish a documented record of each negotiated transaction. This will include:

(1) A written determination and finding that the transaction is a type allowing use of negotiation procedures;

(2) The extent of solicitation and competition, or a statement of the facts upon which a finding of impracticability of securing competition is based; and

(3) A statement of the factors on which the award is based, including a determination as to the reasonability of the price accepted.
§ 163.17 Deposit with bid.

(a) A deposit shall be made with each proposal for the purchase of Indian forest products. Such deposits shall be at least:

1. Ten (10) percent if the appraised stumpage value is less than $100,000 and in any event not less than $1,000 or full value whichever is less;
2. Five (5) percent if the appraised stumpage value is $100,000 to $250,000 but in any event not less than $10,000; and
3. Three (3) percent if the appraised stumpage value exceeds $250,000 but in any event not less than $12,500.

(c) The deposit of the apparent high bidder, and of others who submit a written request to have their bids considered for acceptance will be retained pending acceptance or rejection of the bids. All other deposits will be returned following the opening and posting of bids.

(d) The deposit of the successful bidder will be forfeited and distributed as damages to the beneficial owners if the bidder does not:
1. Furnish the performance bond required by §163.21 of this part within the time stipulated in the advertisement for sale of forest products;
2. Execute the contract; or
3. Perform the contract.

(e) Forfeiture of a deposit does not limit or waive any further claims for damages available under applicable law or terms of the contract.

(f) In the event of an administrative appeal under 25 CFR part 2, the Secretary may hold such bid deposits in an escrow account pending resolution of the appeal.

§ 163.18 Acceptance and rejection of bids.

(a) The high bid received in accordance with any advertisement issued under authority of this part shall be accepted, except that the approving officer, having set forth the reason(s) in writing, shall have the right to reject the high bid if:

1. The high bidder is considered unqualified to fulfill the contractual requirement of the advertisement; or
2. There are reasonable grounds to consider it in the interest of the Indians to reject the high bid.

(b) If the high bid is rejected, the approving officer may authorize:

1. Rejection of all bids; or
2. Acceptance of the offer of another bidder who, at bid opening, makes written request that their bid and bid deposit be held pending a bid acceptance.

(c) The officer authorized to accept the bid shall have the discretion to waive minor technical defects in advertisements and proposals, such as typographical errors and misplaced entries.

§ 163.19 Contracts for the sale of forest products.

(a) In sales of forest products with an appraised stumpage value exceeding $15,000, the contract forms approved by the Secretary must be used unless a special form for a particular sale or class of sales is approved by the Secretary.

(b) Unless otherwise directed, the contracts for forest products from individually-owned Indian land will be paid by remittance drawn to the Bureau of Indian Affairs and transmitted to the Superintendent. Upon the request of the tribe, the contracts for tribal forest products may require that the proceeds be paid promptly and directly into a bank depository account designated by such tribe, or by remittance drawn to the Bureau of Indian Affairs and transmitted to the Superintendent.

(c) By mutual agreement of the parties to a contract, contracts may be extended, modified, or assigned subject to approval by the approving officer, and may be terminated by the approving officer upon completion or by mutual agreement.

§ 163.20 Execution and approval of contracts.

(a) All contracts for the sale of tribal forest products shall be executed by the authorized tribal representative(s). There shall be included with the contract an affidavit executed by the authorized tribal representative(s) setting forth the resolution or other authority of the governing body of the
tribe. Contracts must be approved by the Secretary to be valid.

(b) Contracts for the sale of individually owned forest products shall be executed by the beneficial Indian owner(s) or the Secretary acting pursuant to a power of attorney from the beneficial Indian owner(s). Contracts must be approved by the Secretary to be valid.

(1) The Secretary may, after consultation with any legally appointed guardian, execute contracts on behalf of minors and beneficial Indian owners who are non compos mentis.

(2) The Secretary may execute contracts for a decedent’s estate where ownership has not been determined or for those persons who cannot be located after a reasonable and diligent search and the giving of notice by publication.

(3) Upon the request of the owner of an undivided but unrestricted interest in land in which there are trust or restricted Indian interests, the Secretary may include such unrestricted interest in a sale of the trust or restricted interests in the timber, pursuant to this part, and perform any functions required of him/her by the contract of sale for both the restricted and the unrestricted interests, including the collection and disbursement of payments for timber and the forest management deductions from such payments.

(4) When consent of only a majority interest has been obtained, the Secretary may execute the sale on behalf of all owners to fulfill responsibilities to the beneficiaries of the trust. In such event, the contract file must contain evidence of the effort to obtain consent of all owners. When an individual cannot be located, the Secretary, after a reasonable and diligent search and the giving of notice by publication, may sign a power of attorney consenting to the sale for particular interests. For Indian forest land containing undivided restricted and unrestricted interests, only the restricted interests are considered in determining if a majority interest has been obtained.

§ 163.21 Bonds required.

(a) Performance bonds will be required in connection with all sales of forest products, except they may or may not be required, as determined by the approving officer, in connection with the use of forest products by Indian tribal forest enterprises pursuant to §163.13 or in timber cutting permits issued pursuant to §163.26 of this part.

(1) In sales in which the estimated stumpage value, calculated at the appraised stumpage rates, does not exceed $15,000, the bond shall be at least 20 percent of the estimated stumpage value.

(2) In sales in which the estimated stumpage value exceeds $15,000 but is not over $150,000, the bond shall be at least 15 percent of the estimated stumpage value but not less than $3,000.

(3) In sales in which the estimated stumpage value exceeds $150,000, but is not over $350,000, the bond shall be at least 10 percent of the estimated stumpage value but not less than $22,500.

(4) In sales in which the estimated stumpage value exceeds $350,000, the bond shall be at least 5 percent of the estimated stumpage value but not less than $35,000.

(b) Bonds shall be in a form acceptable to the approving officer and may include:

(1) A corporate surety bond by an acceptable surety company;

(2) A cash bond designating the approving officer to act as trustee under terms of an appropriate trust;

(3) Negotiable U.S. Government securities supported by an appropriate trust instrument; or

(4) An irrevocable letter of credit.

§ 163.22 Payment for forest products.

(a) The basis of volume determination for forest products sold shall be the Scribner Decimal C log rules, cubic volume, lineal measurement, piece count, weight, or such other form of measurement as the Secretary may authorize for use. With the exception of Indian tribal forest enterprises pursuant to §163.13 of this part, payment for forest products will be required in advance of cutting for timber, or removal for other forest products.

(b) Upon the request of an Indian tribe, the Secretary may provide that
§ 163.23 Advance payment for timber products.

(a) Unless otherwise authorized by the Secretary, and except in the case of lump sum (predetermined volume) sales, contracts for the sale of timber from allotted, trust or restricted Indian forest land shall provide for an advance payment of up to 25 percent of the stumpage value, calculated at the bid price, within 30 days from the date of approval and before cutting begins. Additional advance payments may be specified in contracts. However, no advance payment will be required that would make the sum of such payment and of advance deposits and advance payments previously applied against timber cut from each ownership in a sale exceed 50 percent of the bid stumpage value. Advance payments shall be credited against the timber of each ownership in the sale as the timber is cut and scaled at stumpage rates governing at the time of scaling. Advance payments are not refundable.

(b) Advance payments may be required on tribal land. When required, advance payments will operate the same as provided for in §163.23(a) of this part.

§ 163.24 Duration of timber contracts.

After the effective date of a forest product contract, unless otherwise authorized by the Secretary, the maximum period which shall be allowed for harvesting the estimated volume of timber purchased, shall be five years.

§ 163.25 Forest management deductions.

(a) Pursuant to the provisions of 25 U.S.C. 413 and 25 U.S.C. 3105, a forest management deduction shall be withheld from the gross proceeds of sales of forest products harvested from Indian forest land as described in this section.

(b) Gross proceeds shall mean the value in money or money's worth of consideration furnished by the purchaser of forest products purchased under a contract, permit, or other document for the sale of forest products.

(c) Forest management deductions shall not be withheld where the total consideration furnished under a contract, permit or other document for the sale of forest products is less than $5,001.

(d) Except as provided in §163.25(e) of this part, the amount of the forest management deduction shall not exceed the lesser amount of ten percent (10%) of the gross proceeds or, the actual percentage in effect on November 28, 1990.

(e) The Secretary may increase the forest management deduction percentage for Indian forest land upon receipt of a written request from a tribe supported by a resolution executed by the authorized tribal representatives. At the request of the authorized tribal representatives and at the discretion of the Secretary the forest management deduction percentage may be decreased to not less than one percent (1%) or the requirement for collection may be waived.

(f) Forest management deductions are to be utilized to perform forest land
management activities in accordance with an approved expenditure plan. Expenditure plans shall describe the forest land management activities anticipated to be undertaken, establish a time period for their completion, summarize anticipated obligations and expenditures, and specify the method through which funds are to be transferred or credited to tribal accounts from special deposit accounts established to hold amounts withheld as forest management deductions. Any forest management deductions that have not been incorporated into an approved expenditure plan by the end of the fiscal year following the fiscal year in which the deductions are withheld, shall be collected into the general funds of the United States Treasury pursuant to 25 U.S.C. 413.

(1) For Indian forest lands located on an Indian reservation, a written expenditure plan for the use of forest management deductions shall be prepared annually and approved by the authorized tribal representative(s) and the Secretary. The approval of the expenditure plan by the authorized tribal representatives constitutes allocation of tribal funds for Indian forest land management activities. Approval of the expenditure plan by the Secretary shall constitute authority for crediting of forest management deductions to tribal account(s). The full amount of any deduction collected by the Secretary plus any income or interest earned thereon shall be available for expenditure according to the approved expenditure plan for the performance of forest land management activities on the reservation from which the forest management deduction is collected.

(2) Forest management deductions shall be handled in the same manner as described under §163.25(f)(1) of this part if the expenditure plan approved by the Secretary provides for the conduct of forest land management activities on Indian forest lands located outside the boundaries of an Indian reservation.

(3) For public domain and Alaska Native allotments held in trust for Indians by the United States, forest management deductions may be utilized to perform forest land management activities on such lands in accordance with an expenditure plan approved by the Secretary.

(g) Forest management deductions withheld pursuant to this section shall not be available to cover the costs that are paid from funds appropriated for fire suppression or pest control or otherwise offset federal appropriations for meeting the Federal trust responsibility for management of Indian forest land.

(h) Within 120 days after the close of the tribal fiscal year, tribes shall submit to the Secretary a written report detailing the actual expenditure of forest management deductions during the past fiscal year. The Secretary shall have the right to inspect accounts, books, or other tribal records supporting the report.

(i) Forest management deductions incorporated into an expenditure plan approved by the Secretary shall remain available until expended.

(j) As provided in §163.25(f) of this part, only forest management deductions that have not been incorporated into an approved expenditure plan may be deposited to a U.S. Treasury miscellaneous receipt account. No amount collected as forest management deductions shall be credited to any Federal appropriation. No other forest management deductions or fees derived from Indian forest land shall be collected to be covered into the general funds of the United States Treasury.

§163.26 Forest product harvesting permits.

(a) Except as provided in §§163.13 and 163.27 of this part, removal of forest products that are not under formal contract, pursuant to §163.19, shall be under forest product harvesting permit forms approved by the Secretary. Permits will be issued only with the written consent of the beneficial Indian owner(s) or the Secretary, for harvest of forest products from Indian forest land, as authorized in §163.20 of this part. To be valid, permits must be approved by the Secretary. Minimum stumpage rates at which forest products may be sold will be set at the time consent to issue the permit is obtained. Payment and bonding requirements will be stipulated in the permit document as appropriate.
§ 163.27 Free-use harvesting without permits.

With the consent of the beneficial Indian owners and the Secretary, Indians may harvest designated types of forest products from Indian forest land without a permit or contract, and without charge. Forest products harvested under this authority shall be for the Indian’s personal use, and shall not be sold or exchanged for other goods or services.

§ 163.28 Fire management measures.

(a) The Secretary is authorized to maintain facilities and staff, hire temporary labor, rent fire fighting equipment, purchase tools and supplies, and pay for their transportation as needed, to maintain an adequate level of readiness to meet normal wildfire protection needs and extinguish forest or range fires on Indian land. No expenses for fighting a fire outside Indian lands may be incurred unless the fire threatens Indian land or unless the expenses are incurred pursuant to an approved cooperative agreement with another protection agency. The rates of pay for fire fighters and for equipment rental shall be the rates for fire fighting services that are currently in use by public and private wildfire protection agencies adjacent to Indian reservations on which a fire occurs, unless there are in effect at the time different rates that have been approved by the Secretary. The Secretary may also enter into reciprocal agreements with any fire organization maintaining protection facilities in the vicinity of Indian reservations or other Indian land for mutual aid in wildfire protection. This section does not apply to the rendering of emergency aid, or agreements for mutual aid in fire protection pursuant to the Act of May 27, 1955 (69 Stat. 66).

(b) The Secretary is authorized to conduct a wildfire prevention program to reduce the number of person-caused fires and prevent damage to natural resources on Indian land.

(c) The Secretary is authorized to expend funds for emergency rehabilitation measures needed to stabilize soil and watershed on Indian land damaged by wildfire.

(d) Upon consultation with the beneficial Indian owners, the Secretary may use fire as a management tool on Indian land to achieve land and/or resource management objectives.
§ 163.29 Trespass.

(a) Trespassers will be liable for civil penalties and damages to the enforcement agency and the beneficial Indian owners, and will be subject to prosecution for acts of trespass.

(1) Cases in Tribal Court. For trespass actions brought in tribal court pursuant to these regulations, the measure of damages, civil penalties, remedies and procedures will be as set forth in this §163.29 of this part. All other aspects of a tribal trespass prosecution brought under these regulations will be that prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, unless otherwise prescribed under federal law. Absent applicable tribal or federal law, the measure of damages shall be that prescribed by the law of the state in which the trespass was committed.

(2) Cases in Federal Court. For trespass actions brought in Federal court pursuant to these regulations, the measure of damages, civil penalties, remedies and procedures will be as set forth in this §163.29. In the absence of applicable federal law, the measure shall be that prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, or in the absence of tribal law, the law of the state in which it was committed.

(3) Civil penalties for trespass include, but are not limited to:

(i) Treble damages, whenever any person, without lawful authority injures, severs, or carries off from a reservation any forest product as defined in §163.1 of this part. Proof of Indian ownership of the premises and commission of the acts by the trespasser are prima facie evidence sufficient to support liability for treble damages, with no requirement to show willfulness or intent. Treble damages shall be based upon the highest stumpage value obtainable from the raw materials involved in the trespass.

(ii) Payment of costs associated with damage to Indian forest land includes, but is not limited to, rehabilitation, reforestation, lost future revenue and lost profits, loss of productivity, and damage to other forest resources.

(iii) Payment of all reasonable costs associated with the enforcement of these trespass regulations beginning with detection and including all processes through the prosecution and collection of damages, including but not limited to field examination and survey, damage appraisal, investigation assistance and reports, witness expenses, demand letters, court costs, and attorney fees.

(iv) Interest calculated at the statutory rate prescribed by the law of the tribe in whose reservation or within whose jurisdiction the trespass was committed, or in the absence of tribal law in the amount prescribed by federal law. Where tribal law or federal law does not supply a statutory interest rate, the rate of interest shall be statutory rate upon judgments as prescribed by the law of the state in which the trespass was committed. Interest shall be based on treble the highest stumpage value obtainable from the raw materials involved in the trespass, and calculated from the date of the trespass until payment is rendered.

(b) Any cash or other proceeds realized from forfeiture of equipment or other goods or from forest products damaged or taken in the trespass shall be applied to satisfy civil penalties and other damages identified under §163.29(a) of this part. After disposition of real and personal property to pay civil penalties and damages resulting from trespass, any residual funds shall be returned to the trespasser. In the event that collection and forfeiture actions taken against the trespasser result in less than full recovery, civil penalties shall be distributed as follows:

(1) Collection of damages up to the highest stumpage value of the trespass products shall be distributed pro rata between the Indian beneficial owners and any costs and expenses needed to restore the trespass land; or

(2) Collections exceeding the highest stumpage value of the trespass product, but less than full recovery, shall be proportionally distributed pro rata between the Indian beneficial owners, the law enforcement agency, and the cost to restore the trespass land. Forest management deductions shall not be withheld where less than the highest...
§ 163.29 25 CFR Ch. I (4–1–17 Edition)

stumpage value of the unprocessed forest products taken in trespass has been recovered.

(c) Indian beneficial owners who trespass, or who are involved in trespass upon their own land, or undivided land in which such owners have a partial interest, shall not receive their beneficial share of any civil penalties and damages collected in consequence of the trespass. Any civil penalties and damages defaulted in consequence of this provision instead shall be distributed first toward restoration of the land subject of the trespass and second toward costs of the enforcement agency in consequence of the trespass, with any remainder to the forest management deduction account of the reservation in which the trespass took place.

(d) Civil penalties and other damages collected under these regulations, except for penalties and damages provided for in §§163.29(a)(3) (ii) and (iii) of this part, shall be treated as proceeds from the sale of forest products from the Indian forest land upon which the trespass occurred.

(e) When a federal official or authorized tribal representative pursuant to §163.29(j) of this part has reason to believe that Indian forest products are involved in trespass, such individual may seize and take possession of the forest products involved in the trespass if the products are located on reservation. When forest products are seized, the person seizing the products must at the time of the seizure issue a Notice of Seizure to the possessor or claimant of the forest products. The Notice of Seizure shall indicate the date of the seizure, a description of the forest products seized, an indication of whether the forest products are perishable, and the name and authority of the person seizing the forest products. Where the official initiates seizure under these regulations only, the Notice of Seizure shall further include the statement that any challenge or objection to the seizure shall be exclusively through administrative appeal pursuant to part 2 of title 25, and shall provide the name and the address of the official with whom the appeal may be filed. Alternatively, an official may exercise concurrent tribal seizure authority under these regulations using applicable tribal law. In such case, the Notice of Seizure shall identify the tribal law under which the seizure may be challenged, if any. A copy of a Notice of Seizure shall be given to the possessor or claimant at the time of the seizure. If the claimant or possessor is unknown or unavailable, Notice of Seizure shall be posted on the trespass property, and a copy of the Notice shall be kept with any incident report generated by the official seizing the forest products. If the property seized is perishable and will lose substantial value if not sold or otherwise disposed of, the representative of the Secretary, or authorized tribal representative where deferral has been requested, may cause the forest products to be sold. Such sale action shall not be stayed by the filing of an administrative appeal nor by a challenge of the seizure action through a tribal forum. All proceeds from the sale of the forest products shall be placed into an escrow account and held until adjudication or other resolution of the underlying trespass. If it is found that the forest products seized were involved in a trespass, the proceeds shall be applied to the amount of civil penalties and damages awarded. If it is found that a trespass has not occurred or the proceeds are in excess of the amount of the judgment awarded, the proceeds or excess proceeds shall be returned to the possessor or claimant.

(f) When there is reason to believe that Indian forest products are involved in trespass and that such products have been removed to land not under federal or tribal government supervision, the federal official or authorized tribal representative pursuant to §163.29(k) of this part responsible for the trespass shall immediately provide the following notice to the owner of the land or the party in possession of the trespass products:

(1) That such products could be Indian trust property involved in a trespass; and

(2) That removal or disposition of the forest products may result in criminal and/or civil action by the United States or tribe.

(g) A representative of the Secretary or authorized tribal representative pursuant to §163.29(j) of this part will
promptly determine if a trespass has occurred. The appropriate representative will issue an official Notice of Trespass to the alleged trespasser and, if necessary, the possessor or potential buyer of any trespass products. The Notice is intended to inform the trespasser, buyer, or the processor:

(1) That a determination has been made that a trespass has occurred;
(2) The basis for the determination;
(3) An assessment of the damages, penalties and costs;
(4) Of the seizure of forest products, if applicable; and
(5) That disposition or removal of Indian forest products taken in the trespass may result in civil and/or criminal action by the United States or the tribe.

(h) The Secretary may accept payment of damages in the settlement of civil trespass cases. In the absence of a court order, the Secretary will determine the procedure and approve acceptance of any settlements negotiated by a tribe exercising its concurrent jurisdiction pursuant to §163.29(j) of this part.

(i) The Secretary may delegate by written agreement or contract, responsibility for detection and investigation of forest trespass.

(j) Indian tribes that adopt the regulations set forth in this section, conformed as necessary to tribal law, shall have concurrent civil jurisdiction to enforce 25 U.S.C. 3106 and this section against any person.

(1) The Secretary shall acknowledge said concurrent civil jurisdiction over trespass, upon:

(i) Receipt of a formal tribal resolution documenting the tribe’s adoption of this section; and

(ii) Notification of the ability of the tribal court system to properly adjudicate forest trespass cases, including a statement that the tribal court will enforce the Indian Civil Rights Act or a tribal civil rights law that contains provisions for due process and equal protection that are similar to or stronger than those contained in the Indian Civil Rights Act.

(2) Where an Indian tribe has acquired concurrent civil jurisdiction over trespass cases as set forth in §163.29(j)(1) of this part, the Secretary and tribe’s authorized representatives will be jointly responsible to coordinate prosecution of trespass actions. The Secretary shall, upon timely request of the tribe, defer prosecution of forest trespasses to the tribe. Where said deferral is not requested, the designated Bureau of Indian Affairs forestry trespass official shall coordinate with the authorized forest trespass official of each tribe the exercise of concurrent tribal and Federal trespass jurisdiction as to each trespass. Such officials shall review each case, determine in which forums to recommend bringing an action, and promptly provide their recommendation to the Federal officials responsible for initiating and prosecuting forest trespass cases. Where an Indian tribe has acquired concurrent civil jurisdiction, but does not request deferral of prosecution, the federal officials responsible for initiating and prosecuting such cases may file and prosecute the action in the tribal court or forum.

(3) The Secretary may rescind an Indian tribe’s concurrent civil jurisdiction over trespass cases under this regulation if the Secretary or a court of competent jurisdiction determines that the tribal court has not adhered to the due process or equal protection requirements of the Indian Civil Rights Act. If it is determined that said rescission is justified, the Secretary shall provide written Notice of the rescission, including the findings justifying the rescission and the steps needed to remedy the violations causing the rescission, to the chief judge of the tribal judiciary or other authorized tribal official should there be no chief judge. If said steps are not taken within 60 days, the Secretary’s rescission of concurrent civil jurisdiction shall become final. The affected tribe(s) may appeal a Notice of Rescission under part 2 of title 25.

(4) Nothing shall be construed to prohibit or in any way diminish the authority of a tribe to prosecute individuals under its criminal or civil trespass laws where it has jurisdiction over those individuals.
§ 163.30 Revocable road use and construction permits for removal of commercial forest products.

(a) In accordance with 25 U.S.C. 415 as amended, the Secretary may request tribes and/or other beneficial owners to sign revocable permits designating the Secretary as agent for the landowner and empowering him or her to issue revocable road use and construction permits to users for the purpose of removing forest products.

(b) When a majority of trust interest in a tract has consented, the Secretary may issue revocable road use and construction permits for removal of forest products over and across such land. In addition, the Secretary may act for individual owners when:

(1) One or more of the individual owner(s) of the land or of an interest therein is a minor or a person non compos mentis, and the Secretary finds that such grant, in total or for an interest therein, will cause no substantial injury to the land or the owner, which cannot be adequately compensated for by monetary damages;

(2) The whereabouts of the owner(s) of the land or those with an interest therein are unknown so long as the majority of owner(s) of interests whose whereabouts are known, consent to the grant;

(3) The heirs or devisees of a deceased owner of the land or interest have not been determined, and the Secretary finds the grant will cause no substantial injury to the land or any land owner; or

(4) The owners of interests in the land are so numerous that the Secretary finds it would be impractical to obtain the consent of the majority and finds that such grant in total or an interest therein will cause no substantial injury to the land or the owner(s), that cannot be adequately compensated for by monetary damages.

(c) Nothing in this section shall preclude acquisition of rights-of-way over Indian lands, under 25 CFR part 169, or conflict with provisions of that part.

§ 163.31 Insect and disease control.

(a) The Secretary is authorized to protect and preserve Indian forest land from disease or insects (Sept. 20, 1922, Ch. 349, 42 Stat. 857). The Secretary shall consult with the authorized tribal representatives and beneficial owners of Indian forest land concerning control actions.

(b) The Secretary is responsible for controlling and mitigating harmful effects of insects and diseases on Indian forest land and will coordinate control actions with the Secretary of Agriculture in accordance with 22 Stat. 363, 16 U.S.C. 2101.

§ 163.32 Forest development.

Forest development pertains to forest land management activities undertaken to improve the sustainable productivity of commercial Indian forest land. The program shall consist of reforestation, timber stand improvement projects, and related investments to enhance productivity of commercial forest land with emphasis on accomplishing on-the-ground projects. Forest development funds will be used to re-establish, maintain, and/or improve growth of commercial timber species and control stocking levels on commercial forest land. Forest development activities will be planned and executed using benefit-cost analyses as one of the determinants in establishing priorities for project funding.

§ 163.33 Administrative appeals.

Any challenge to action under 25 CFR part 163 taken by an approving officer or subordinate official exercising delegated authority from the Secretary shall be exclusively through administrative appeal or as provided in the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638, as amended). Such appeal(s) shall be filed in accordance with the provisions of 25 CFR part 2. Appeals from administrative actions, except that an appeal of any action under part 163 of this title shall:

(a) Not stay any action unless otherwise directed by the Secretary; and

(b) Define “interested party” for purposes of bringing such an appeal or participating in such an appeal as any person whose own direct economic interest is adversely affected by an action or decision.

(c) These regulations do not apply to any tribal land which is permitted under a corporate charter issued by us pursuant to 25 U.S.C. § 477, or under a special act of Congress authorizing permits without our approval under certain conditions, except to the extent that the authorizing statutes require us to enforce such permits on behalf of the Indian landowners.

(d) To the extent that any provisions of this part conflict with Section 213 of the Indian Land Consolidation Act Amendments of 2000, the provisions of that act will govern.

(e) In approving a permit on behalf of the Indian landowners, the BIA will not permit for fee interest owners nor will we collect rent on behalf of fee interest owners. Our permitting of the trust and restricted interests of the Indian landowners will not be conditioned on a permit having been obtained from any fee interest owners. However, where all of the trust or restricted interests in a tract are subject to a life estate held in fee status, we will approve a permit of the remainder interests of the Indian landowners only if such action is necessary to preserve the value of the land or protect the interests of the Indian landowners. Where a life estate and remainder interest are both owned in trust or restricted status, the life estate and remainder interest must both be permitted under these regulations, unless the permit is for less than one year in duration. Unless otherwise provided by the document creating the life estate or by agreement, rent payable under the permit must be paid to the holder of the life estate under part 179 of this title.

§ 166.2 Can the BIA waive the application of these regulations?

Yes. In any case in which these regulations conflict with the objectives of the agricultural resource management plan provided for in § 166.311 of this part, or with a tribal law, the BIA may

Subpart B—Tribal Policies and Laws Pertaining to Permits

§ 166.100 What special tribal policies will we apply to permitting on Indian agricultural lands?

(a) When specifically authorized by an appropriate tribal resolution establishing a general policy for permitting of Indian agricultural lands, the BIA will:

1. Waive the general prohibition against Indian operator preferences in permits advertised for bid under §166.221 of this part, by allowing prospective Indian operators to match the highest responsible bid (unless the tribal law or leasing policy specifies some other manner in which the preference must be afforded);

2. Waive or modify the requirement that a permittee post a surety or performance bond;

3. Provide for posting of other collateral or security in lieu of surety or other bonds; and

4. Approve permits of tribally-owned agricultural lands at rates determined by the tribal governing body.

(b) When specifically authorized by an appropriate tribal resolution establishing a general policy for permitting of Indian agricultural lands, and subject to paragraph (c) of this section, the BIA may:

1. Waive or modify any general notice requirement of federal law; and

2. Grant or approve a permit on “highly fractionated undivided heirship lands” as defined by tribal law.

(c) The BIA may take the action specified in paragraph (b) of this section only if:

1. The tribe defines by resolution what constitutes “highly fractionated undivided heirship lands”;
§ 166.101 May individual Indian landowners exempt their land from certain tribal policies for permitting on Indian agricultural lands?

(a) The individual Indian landowners of Indian land may exempt their land from our application of a tribal policy referred to under §166.100 of this part if:

(1) The Indian landowners have at least a 50% interest in such fractionated tract; and

(2) The Indian landowners submit a written objection to the BIA of all or any part of such tribal policies to the permitting of such parcel of land.

(b) Upon verification of the written objection we will notify the tribe of the Indian landowners' exemption from the specific tribal policy.

(c) The procedures described in paragraphs (a) and (b) of this section will also apply to withdrawing an approved exemption.

§ 166.103 How will tribal laws be enforced on Indian agricultural land?

(a) Unless prohibited by federal law, we will recognize and comply with tribal laws regulating activities on Indian agricultural land, including tribal laws relating to land use, environmental protection, and historic or cultural preservation.

(b) While the tribe is primarily responsible for enforcing tribal laws pertaining to Indian agricultural land, we will:

(1) Assist in the enforcement of tribal laws;

(2) Provide notice of tribal laws to persons or entities undertaking activities on Indian agricultural land, under §166.104(b) of this part; and

(3) Require appropriate federal officials to appear in tribal forums when requested by the tribe, so long as such an appearance would not:

(i) Be inconsistent with the restrictions on employee testimony set forth at 43 CFR Part 2, Subpart E;

(ii) Constitute a waiver of the sovereign immunity of the United States; or

(iii) Authorize or result in a review of our actions by a tribal court.

(c) Where the regulations in this subpart are inconsistent with a tribal law, but such regulations cannot be superseded or modified by the tribal law under §166.2 of this part, we may waive the regulations under part 1 of this title, so long as the waiver does not violate a federal statute or judicial decision or conflict with our general trust responsibility under federal law.

§ 166.104 What notifications are required that tribal laws apply to permits on Indian agricultural lands?

(a) Tribes must notify us of the content and effective dates of new tribal laws.

(b) We will then notify affected Indian landowners and any persons or entities undertaking activities on Indian agricultural lands of the superseding or modifying effect of the tribal law. We will:

(1) Provide individual written notice; or

(2) Post public notice. This notice will be posted at the tribal community building, U.S. Post Office, and/or published in the local newspaper nearest to the Indian lands where activities are occurring.

§ 166.206 What requirements apply to a permit on a fractionated tract?

(a) The duration must be reasonable given the purpose of the permit and the level of investment required by the permittee to place the property into productive use.
(b) On behalf of the undetermined heirs of an individual Indian decedent owning 100 percent (%) interest in the land, we will grant or approve permits for a maximum term of two years.
(c) Permits granted for agricultural purposes will not usually exceed ten years. A term longer than ten years, but not to exceed 25 years unless authorized by other federal law, may be authorized when a longer term is determined by us to be in the best interest of the Indian landowners and when such permit requires substantial investment in the development of the lands by the permittee.
(d) A tribe may determine the duration of permits composed entirely of its tribal land or in combination with government land, subject to the same limitations provided in paragraph (d) of this section.
(e) A permit will specify the beginning and ending dates of the term allowed, as well as any option to renew, extend, or terminate.

§ 166.211 When are permits effective?

Unless otherwise provided in the permit, a permit will be effective on the date on which the permit is approved by us. A permit may be made effective on some past or future date, by agreement, but such a permit may not be granted or approved more than one year prior to the date on which the permit term is to commence.

§ 166.212 When may a permittee take possession of permitted Indian land?

The permittee may take possession of permitted Indian land on the date specified in the permit as the beginning date of the term, but not before we approve the permit.

§ 166.213 Must I comply with any standards of conduct if I am granted a permit?

Yes. Permittees are expected to:
(a) Conduct grazing operations in accordance with the principles of sustained yield management, agricultural resource management planning, sound conservation practices, and other community goals as expressed in tribal laws, agricultural resource management plans, and similar sources.
(b) Comply with all applicable laws, ordinances, rules, regulations, and other legal requirements. You must also pay all applicable penalties that may be assessed for non-compliance.
(c) Fulfill all financial obligations of your permit owed to the Indian landowners and the United States.

OBTAINING A PERMIT

§ 166.215 How can I find Indian land available for grazing?

You may contact a local BIA office or tribal office to determine what Indian land may be available for grazing permits.

§ 166.216 Who is responsible for permitting Indian land?

The Indian landowner is primarily responsible for granting permits on their Indian land, with the assistance and approval of the BIA, except where otherwise provided by law. You may contact the local BIA or tribal office for assistance in obtaining a permit for grazing purposes on Indian land.

§ 166.217 In what manner may a permit on Indian land be granted?

(a) A tribe may grant a permit on tribal land through tribal allocation, negotiation, or advertisement in accordance with §166.203 of this part. We must approve all permits of tribal land in order for the permit to be valid, except where otherwise provided by law.
(b) Individual Indian landowners may grant a permit on their Indian land through negotiation or advertisement in accordance with §166.203 of this part. We must approve all permits of individually-owned Indian land in order for the permit to be valid.
(c) We will grant permits through negotiation or advertisement for range units containing, in whole or part, individually-owned Indian land and range units that consist of, or in combination with individually-owned Indian land, tribal or government land, under §166.205 of this part. We will consult with tribes prior to granting permits for range units that include tribal land.
§ 166.218 How do I acquire a permit through tribal allocation?

(a) A tribe may allocate grazing privileges on range units containing trust or restricted land which is entirely tribally-owned or which contains only tribal and government land under the control of the tribe.

(b) A tribe may allocate grazing privileges to its members and to tribally-authorized entities without competitive bidding on tribal and tribally-controlled government land.

(c) We will implement the tribe’s allocation procedure by authorizing the grazing privileges on individually-owned Indian land and government land, subject to the rental rate provisions in §166.400(b) and (c) of this part.

(d) A tribe may prescribe the eligibility requirements for allocations 60 days before granting a new permit or before an existing permit expires.

(e) 120 days before the expiration of existing permits, we will notify the tribe of the 60-day period during which the tribe may prescribe eligibility requirements.

(f) We will prescribe the eligibility requirements after the expiration of the 60-day period in the event satisfactory action is not taken by the tribe.

§ 166.219 How do I acquire a permit through negotiation?

(a) Permits may be negotiated and granted by the BIA or the Indian landowners with the permittee of their choice. The BIA may negotiate and grant permits on behalf of Indian landowners pursuant to §166.205 of this part.

(b) Upon the conclusion of negotiations with the Indian landowners or their representatives, and the satisfaction of any applicable conditions, you may submit an executed permit and any required supporting documents to us for appropriate action. Where a permit is in a form that has previously been accepted or approved by us, and all of the documents needed to support the findings required by this part have been received, we will decide whether to approve the permit within 30 days of the date of our receipt of the permit and supporting documents. If we decide to approve or disapprove a permit, we will notify the parties immediately and advise them of their right to appeal the decision under part 2 of this title.

(c) In negotiating a permit, the Indian landowners may choose to include their land in the permit in exchange for their receipt of a share of the revenues or profits generated by the permit. Under such an arrangement, the permit may be granted to a joint venture or other legal entity owned, in part, by the Indian landowners.

(d) Receipt of permit payments based upon income received from the land will not, of itself, make the Indian landowner a partner, joint venturer, or associate of the permittees.

(e) We will assist prospective permittees in contacting the Indian landowners or their representatives, for the purpose of negotiating a permit.

§ 166.220 What are the basic steps for acquiring a permit through negotiation?

The basic steps for acquiring a permit by negotiation are as follows:

(a) The BIA or the Indian landowner will:

(1) Receive a request to permit from an Indian landowner or the potential permittee;

(2) Prepare the permit documents; and

(3) Grant the permit.

(b) A potential permittee will complete the requirements for securing a permit, (e.g., bond, insurance, payment of administrative fee, etc.);

(c) We will:

(1) Review the permit for proper documentation and compliance with all applicable laws and regulations;

(2) Approve the permit after our review;

(3) Send the approved permit to the permittee and, upon request, to the Indian landowner; and

(4) Record and maintain the approved permit.
§ 166.221 How do I acquire an advertised permit through competitive bidding?

(a) As part of the negotiation of a permit, Indian landowners may advertise their Indian land to identify potential permittees with whom to negotiate.

(b) When the BIA grants and approves a permit on behalf of an individual Indian landowner using an advertisement for bids, we will:

(1) Prepare and distribute an advertisement of lands available for permit that identifies the terms and conditions of the permit sale, including, for agricultural permits, any preference rights;

(2) Solicit sealed bids and conduct the public permit sale;

(3) Determine and accept the highest or best responsible bidder(s), which may require further competitive bidding after the bid opening; and

(4) Prepare permits for successful bidders.

(c) After completion of the steps in paragraph (b) of this section, the successful bidder must complete and submit the permit and satisfy all applicable requirements, (e.g., bond, insurance, payment of administrative fee, etc.).

(d) After review of the permit documentation for proper completion and compliance with all applicable laws and regulations, within 30 days we will:

(1) Grant and approve the permit on behalf of Indian landowners where we are authorized to do so by law;

(2) Distribute the approved permit to the permittee(s) and, upon request, to the Indian landowner(s); and

(3) Record and maintain the approved permit.

§ 166.222 Are there standard permit forms?

Yes. Standard permit forms, including bid forms, permit forms, and permit modification forms are available at our agency offices.

PERMIT (LEASEHOLD) MORTGAGE

§ 166.223 Can I use a permit as collateral for a loan?

We may approve a permit containing a provision that authorizes the permittee to encumber the permit interest, known as a leasehold mortgage, for the development and improvement of the permitted Indian land. We must approve the leasehold mortgage that encumbers the permit interest before it can be effective. We will record the approved leasehold mortgage instrument.

§ 166.224 What factors does the BIA consider when reviewing a leasehold mortgage?

(a) We will approve the leasehold mortgage if:

(1) All consents required in the permit have been obtained from the Indian landowners and any surety or guarantor;

(2) The mortgage covers only the permit interest, and no unrelated collateral belonging to the permittee;

(3) The financing being obtained will be used only in connection with the development or use of the permitted premises, and the mortgage does not secure any unrelated obligations owed by the permittee to the mortgagee; and

(4) We find no compelling reason to withhold our approval, in order to protect the best interests of the Indian landowner.

(b) In making the finding required by paragraph (a)(4) of this section, we will consider whether:

(1) The ability to perform the permit obligations would be adversely affected by the cumulative mortgage obligations;

(2) Any negotiated permit provisions as to the allocation or control of insurance or condemnation proceeds would be modified;

(3) The remedies available to us or the Indian landowners would be limited (beyond the additional notice and cure rights to be afforded to the mortgagee), if the permittee defaults on the permit;

(4) Any rights of the Indian landowners would be subordinated or adversely affected in the event of a foreclosure, assignment in lieu of foreclosure, or issuance of a "new permit" to the mortgagee.

(c) We will notify the Indian landowners of our approval of the leasehold mortgage.
May a permittee voluntarily assign a leasehold interest under an approved encumbrance?

With our approval, under an approved encumbrance, a permittee voluntarily may assign the leasehold interest to someone other than the holder of a leasehold mortgage if the assignee agrees in writing to be bound by the terms of the permit. A permit may provide the Indian landowners with a right of first refusal on the conveyance of the leasehold interest.

May the holder of a leasehold mortgage assign the leasehold interest after a sale or foreclosure of an approved encumbrance?

Yes. The holder of a leasehold mortgage may assign a leasehold interest obtained by a sale or foreclosure of an approved encumbrance without our approval if the assignee agrees in writing to be bound by the terms of the permit. A permit may provide the Indian landowners with a right of first refusal on the conveyance of the permit interest (leasehold).

MODIFYING A PERMIT

How can Indian land be removed from an existing permit?

(a) We will remove Indian land from the permit if:

(1) The trust status of the Indian land terminates;

(2) The Indian landowners request removal of their interest, with the written approval of the majority interest of the fractionated tract to be removed, and we determine that the removal is beneficial to such interests;

(3) A tribe allocates grazing privileges for Indian land covered by your permit under §166.218 of this part;

(4) The permittee requests removal of the Indian land, the owners of the majority interest of the Indian land provides written approval of the removal of the Indian land, and we determine that the removal is warranted; or

(5) We determine that removal of the Indian land is appropriate, with the written approval of the owners of the majority interest of the Indian land.

(b) We will revise the grazing capacity to reflect the removal of Indian land and show it on the permit.

How will the BIA provide notice if Indian land is removed from an existing permit?

If the reason for removal is:

(a) Termination of trust status. We will notify the parties to the permit in writing within 30 days. The removal will be effective on the next anniversary date of the permit.

(b) A request from Indian landowners or the permittee, or our determination. We will notify the parties to the permit in writing within 30 days of such request. The removal will be effective immediately if all sureties, Indian landowners, and permittee agree. Otherwise, the removal will be effective upon the next anniversary date of the permit. If our written notice is within 180 days of the anniversary date of the permit, the removal of Indian land will be effective 180 days after the written notice.

(c) Tribal allocation under §166.218 of this part. We will notify the parties to the permit in writing within 180 days of such action. The removal of tribal land will be effective on the next anniversary date of the permit. If our written notice is within 180 days of the anniversary date of the permit, the removal of Indian land will be effective 180 days after the written notice.

Other than to remove land, how can a permit be amended, assigned, subpermitted, or mortgaged?

(a) We must approve an amendment, assignment, subpermit, or mortgage with the written consent of the parties to the permit in the same manner that the permit was approved, and the consent of the sureties.

(b) Indian landowners may designate in writing one or more of their co-owners or representatives to negotiate and/or agree to amendments on their behalf.

(1) The designated landowner or representative may:

(i) Negotiate or agree to amendments; and

(ii) Consent to or approve other items as necessary.

(2) The designated landowner or representative may not:
Bureau of Indian Affairs, Interior

§ 166.300 How is Indian agricultural land managed?

Tribes, individual Indian landowners, and the BIA will manage Indian agricultural land either directly or through contracts, compacts, cooperative agreements, or grants under the Indian Self-Determination and Education Assistance Act (Public Law 93-638, as amended).

§ 166.301 How is Indian land for grazing purposes described?

Indian land for grazing purposes should be described by legal description (e.g., aliquot parts, metes and bounds) or other acceptable description. Where there are undivided interests owned in fee status, the aggregate portion of trust and restricted interests should be identified in the description of the permitted land.

§ 166.302 How is a range unit created?

We create a range unit after we consult with the Indian landowners of rangeland, by designating units of compatible size, availability, and location.

§ 166.303 Can more than one parcel of Indian land be combined into one permit?

Yes. A permit may include more than one parcel of Indian land. Permits may include tribal land, individually-owned Indian land, or government land, or any combination thereof.

§ 166.304 Can there be more than one permit for each range unit?

Yes. There can be more than one permit for each range unit.

§ 166.305 When is grazing capacity determined?

Before we grant, modify, or approve a permit, in consultation with the Indian landowners, we will establish the total grazing capacity for each range unit based on the summation of each parcel’s productivity. We will also establish the season(s) of use on Indian lands.

§ 166.306 Can the BIA adjust the grazing capacity?

Yes. In consultation with the Indian landowners or in the BIA’s discretion based on good cause, we may adjust the grazing capacity using the best evaluation method(s) relevant to the ecological region.

§ 166.307 Will the grazing capacity be increased if I graze adjacent trust or non-trust rangelands not covered by the permit?

No. You will not receive an increase in grazing capacity in the permit if you graze trust or non-trust rangeland in
§ 166.308 Can the number of animals and/or season of use be modified on the permitted land if I graze adjacent trust or non-trust rangelands under an on-and-off grazing permit?

Yes. The number of animals and/or season of use may be modified on permitted Indian land with an on-and-off grazing permit only when a conservation plan includes the use of adjacent trust or non-trust rangelands not covered by the permit and when that land is used in common with permitted land.

§ 166.309 Who determines livestock class and livestock ownership requirements on permitted Indian land?

(a) Tribes determine the class of livestock and livestock ownership requirements for livestock that may be grazed on range units composed entirely of tribal land or which include government land, subject to the grazing capacity prescribed by us under §166.305 of this part.

(b) For permits on range units containing, in whole or part, individually-owned Indian land, we will adopt the tribal determination in paragraph (a) of this section.

§ 166.310 What must a permittee do to protect livestock from exposure to disease?

In accordance with applicable law, permittees must:

(a) Vaccinate livestock;

(b) Treat all livestock exposed to or infected with contagious or infectious diseases; and

(c) Restrict the movement of exposed or infected livestock.

MANAGEMENT PLANS AND ENVIRONMENTAL COMPLIANCE

§ 166.311 Is an Indian agricultural resource management plan required?

(a) Indian agricultural land under the jurisdiction of a tribe must be managed in accordance with the goals and objectives in any agricultural resource management plan developed by the tribe, or by us in close consultation with the tribe, under the ALARMA.

(b) The ten-year agricultural resource management and monitoring plan must be developed through public meetings and completed within three years of the initiation of the planning activity. Such a plan must be developed through public meetings, and be based on the public meeting records and existing survey documents, reports, and other research from federal agencies, tribal community colleges, and land grant universities. When completed, the plan must:

(1) Determine available agricultural resources;

(2) Identify specific tribal agricultural resource goals and objectives;

(3) Establish management objectives for the resources;

(4) Define critical values of the tribe and its members and provide identified holistic management objectives; and

(5) Identify actions to be taken to reach established objectives.

(c) Where the regulations in this subpart are inconsistent with a tribe’s agricultural resource management plan, we may waive the regulations under part 1 of this title, so long as the waiver does not violate a federal statute or judicial decision or conflict with our general trust responsibility under federal law.

§ 166.312 Is a conservation plan required?

A conservation plan must be developed for each permit with the permittee and approved by us prior to the issuance of the permit. The conservation plan must be consistent with the tribe’s agricultural resource management plan and must address the permittee’s management objectives regarding animal husbandry and resource conservation. The conservation plan must cover the entire permit period and reviewed by us on an annual basis.

§ 166.313 Is environmental compliance required?

Actions taken by the BIA under the regulations in this part must comply with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.), applicable regulations of the Council on Environmental Quality (40 CFR part
§ 166.314 Can a permittee apply a conservation practice on permitted Indian land?

Yes. A permittee can apply a conservation practice on permitted Indian land as long as the permittee has approval from the BIA and majority interest and the conservation practice is consistent with the conservation plan.

§ 166.315 Who is responsible for the completion and maintenance of a conservation practice if the permit expires or is canceled before the completion of the conservation practice?

Prior to undertaking a conservation practice, the BIA, landowner, and permittee will negotiate who will complete and maintain a conservation practice if the permit expires or is canceled before the conservation practice is completed. That conservation practice agreement will be reflected in the conservation plan and permit.

§ 166.316 Can a permittee construct improvements on permitted Indian land?

Improvements may be constructed on permitted Indian land if the permit contains a provision allowing improvements.

§ 166.317 What happens to improvements constructed on Indian lands when the permit has been terminated?

(a) If improvements are to be constructed on Indian land, the permit must contain a provision that improvements will either:

(1) Remain on the land upon termination of the permit, in a condition that is in compliance with applicable codes, to become the property of the Indian landowner; or

(2) Be removed and the land restored within a time period specified in the permit. The land must be restored as close as possible to the original condition prior to construction of such improvements. At the request of the permittee we may, at our discretion, grant an extension of time for the removal of improvements and restoration of the land for circumstances beyond the control of the permittee.

(b) If the permittee fails to remove improvements within the time allowed in the permit, the permittee may forfeit the right to remove the improvements and the improvements may become the property of the Indian landowner or at the request of the Indian landowner, we will apply the bond for the removal of the improvement and restoration of the land.

Subpart E—Grazing Rental Rates, Payments, and Late Payment Collections

§ 166.400 Who establishes grazing rental rates?

(a) For tribal lands, a tribe may establish a grazing rental rate that is less or more than the grazing rental rate established by us. We will assist a tribe to establish a grazing rental rate by providing the tribe with available information concerning the value of grazing on tribal lands.

(b) We will establish the grazing rental rate by determining the fair annual rental for:

(1) Individually-owned Indian lands; and

(2) Tribes that have not established a rate under paragraph (a) of this section.

(c) Indian landowners may give us written authority to grant grazing privileges on their individually-owned Indian land at a grazing rental rate that is:

(1) Above the grazing rental rate set by us; or

(2) Below the grazing rental rate set by us, subject to our approval, when the permittee is a member of the Indian landowner’s immediate family as defined in this part.

§ 166.401 How does the BIA establish grazing rental rates?

An appraisal can be used to determine the rental value of real property. The development and reporting of the
valuation will be completed in accordance with the Uniform Standards of Professional Appraisal Practices (USPAP). If an appraisal is not desired, competitive bids, negotiations, advertisements, or any other method can be used in conjunction with a market study, rent survey, or feasibility analysis developed in accordance with the USPAP.

§ 166.402 Why must the BIA determine the fair annual rental of Indian land?

The BIA must determine the fair annual rental of Indian land to:
(a) Assist the Indian landowner in negotiating a permit with potential permittees; and
(b) Enable us to determine whether a permit is in the best interests of the Indian landowner.

§ 166.403 Will the BIA ever grant or approve a permit at less than fair annual rental?

(a) We will grant a permit for grazing on individually-owned Indian land at less than fair annual rental if, after competitive bidding of the permit, we determine that such action would be in the best interests of the individual Indian landowners.
(b) We may approve a permit for grazing on individually-owned Indian land at less than fair annual rental if:
(1) The permit is for the Indian landowner’s immediate family or co-owner; or
(2) We determine it is in the best interest of the Indian landowners.
(c) We may approve a permit for grazing on tribal land at less than fair annual rental if the tribe sets the rate.

§ 166.404 Whose grazing rental rate will be applicable for a permit on tribal land?
The following grazing rental rate schedule will apply for tribal land:

<table>
<thead>
<tr>
<th>If you are * * *</th>
<th>And if * * *</th>
<th>Then you will pay * * *</th>
</tr>
</thead>
<tbody>
<tr>

<td>Your rental rate bid, but not less than the minimum bid rate advertised.</td>
<td></td>
</tr>
</tbody>
</table>

§ 166.405 Whose grazing rental rate will be applicable for a permit on individually-owned Indian land?
The following grazing rental rate schedule will apply for individually-owned Indian land:

<table>
<thead>
<tr>
<th>If you are * * *</th>
<th>And if * * *</th>
<th>Then you will pay * * *</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) Grazing livestock on individually-owned Indian land</td>

</tr>
<tr>
<td>(c) The recipient of an allocation from a bid unit.</td>
<td>The bid rate or the appraised rate, whichever is higher.</td>

§ 166.406 Whose grazing rental rate will be applicable for a permit on government land?
The following grazing rental rate schedule will apply for government land:

<table>
<thead>
<tr>
<th>If you are * * *</th>
<th>And if * * *</th>
<th>Then you will pay * * *</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) Grazing livestock on government land</td>

<td></td>
</tr>
<tr>
<td>(b) Grazing livestock on government land</td>
<td>Government controls all use of the land</td>
<td>The rate set by the tribe.</td>
</tr>
</tbody>
</table>

§ 166.402 Why must the BIA determine the fair annual rental of Indian land?
(a) Assist the Indian landowner in negotiating a permit with potential permittees; and
(b) Enable us to determine whether a permit is in the best interests of the Indian landowner.
§ 166.407 If a range unit consists of tribal and individually-owned Indian lands, what is the grazing rental rate?

The grazing rental rate for tribal land will be the rate set by the tribe. The grazing rental rate for individually-owned Indian land will be the grazing rental rate set by us.

§ 166.408 Is the grazing rental rate established by the BIA adjusted periodically?

Yes. To ensure that Indian landowners are receiving the fair annual return, we may adjust the grazing rental rate established by the BIA, based upon an appropriate valuation method, taking into account the value of improvements made under the permit, unless the permit provides otherwise, following the Uniform Standards of Professional Appraisal Practice.

(a) We will:
   (1) Review the grazing rental rate prior to each anniversary date or when specified by the permit.
   (2) Provide you with written notice of any adjustment of the grazing rental rate 60 days prior to each anniversary date.
   (3) Allow the adjusted grazing rental rate to be less than the fair annual rental if we determine that such a rate is in the best interest of the Indian landowner.

(b) If adjusted, the grazing rental rate will become effective on the next anniversary date of the permit.

(c) These adjustments will be retroactive, if they are not made at the time specified in the permit.

(d) For permits granted by tribes, we will consult with the granting tribe to determine whether an adjustment of the grazing rental payment should be made. The permit must be modified to document the granting tribe’s waiver of the adjustment. A tribe may grant a permit without providing for a rental adjustment, if the tribe establishes such a policy under §166.100(a)(4) of this part and negotiates such a permit.

§ 166.409 How is my grazing rental payment determined?

The grazing rental payment is the total of the grazing rental rate multiplied by the number of AUMs or acres covered by the permit.

§ 166.410 When are grazing rental payments due?

The initial grazing rental payment is due and payable as specified in the permit or 15 days after the BIA approves the permit, whichever is later. Subsequent payments are due as specified in the permit.

§ 166.411 Will a permittee be notified when a grazing rental payment is due?

Each permit states the schedule of rental payments agreed to by the parties. We will issue an invoice to the permittee 30 to 60 days prior to the rental payment due date.

§ 166.412 What if the permittee does not receive an invoice that a grazing rental payment is due?

If we fail to send an invoice or if we send an invoice and the permittee does not receive it, the permittee is still responsible for making timely payment of all amounts due under the permit.

§ 166.413 To whom are grazing rental payments made?

(a) A permit must specify whether grazing rental payments will be made directly to the Indian landowners or to us on behalf of the Indian landowners. If the permit provides for payment to be made directly to the Indian landowners, the permit must also require that the permittee retain specific documentation evidencing proof of payment, such as canceled checks, cash receipt vouchers, or copies of money orders or cashier’s checks, consistent with the provisions of §§166.1000 and 166.1001 of this part.

(b) Grazing rental payments made directly to the Indian landowners must be made to the parties specified in the permit, unless the permittee receives a notice of a change of ownership. Unless otherwise provided in the permit, grazing rental payments may not be made directly to the Indian landowners.
§ 166.414 What forms of grazing rental payments are acceptable?

(a) When grazing rental payments are made directly to the Indian landowners, the form of payment must be acceptable to the Indian landowners.

(b) Payments made to us may be delivered in person or by mail. We will not accept cash, foreign currency, or third-party checks. We will accept:

(1) Personal or business checks drawn on the account of the permittee;
(2) Money orders;
(3) Cashier’s checks;
(4) Certified checks; or
(5) Electronic funds transfer payments.

§ 166.415 What will the BIA do if the permittee fails to make a direct payment to an Indian landowner?

Within five business days of the Indian landowner’s notification to us that a payment has not been received, we will contact the permittee either in writing or by telephone requesting that the permittee provide documentation (e.g., canceled check, cash receipt voucher, copy of a money order or cashier’s check) showing that payment has been made to the Indian landowner. If the permittee fails to provide such documentation, we will follow the procedures identified in §166.419 of this part to collect the money on behalf of the Indian landowner or to cancel the permit.

§ 166.416 May a permittee make a grazing rental payment in advance of the due date?

Rent may be paid no more than 30 days in advance, unless otherwise specified in the permit.

§ 166.417 May an individual Indian landowner modify the terms of the permit on a fractionated tract for advance grazing rental payment?

No. An individual Indian landowner of a fractionated tract may not modify a permit to allow a grazing rental payment in advance of the due date specified in the initial approved permit.

§ 166.418 When is a grazing rental payment late?

A grazing rental payment is late if it is not received on or before the due date.

§ 166.419 What will the BIA do if grazing rental payments are not made in the time and manner required by the permit?

(a) A permittee’s failure to pay grazing rental payments in the time and manner required by a permit will be a violation of the permit, and a notice of violation will be issued under §166.703 of this part. If the permit requires that grazing rental payments be made to us, we will send the permittee and its sureties a notice of violation within five business days of the date on which the grazing rental payment was due. If the permit provides for payment directly to the Indian landowner(s), we will send the permittee and its sureties a notice of violation within five business days of the date we receive actual notice of non-payment from the Indian landowner(s).

(b) If a permittee fails to provide adequate proof of payment or cure the violation within the requisite time period described in §166.704 of this part, and the amount due is not in dispute, we may immediately take action to recover the amount of the unpaid rent and any associated interest charges or late payment penalties. We may also cancel the permit under §166.705 of this part, or invoke any other remedies available under the permit or applicable law, including collection on any
available bond or referral of the debt to the Department of the Treasury for collection. An action to recover any unpaid amounts will not be conditioned on the prior cancellation of the permit or any further notice to the permittee, nor will such an action be precluded by a prior cancellation.

(c) Partial payments may be accepted, under special circumstances, by the Indian landowners or us, but acceptance will not operate as a waiver with respect to any amounts remaining unpaid or any other existing permit violations. Unless otherwise provided in the permit, overpayments may be credited as an advance against future grazing rental payments.

(d) If a personal or business check is dishonored, and a grazing rental payment is therefore not made by the due date, the failure to make the payment in a timely manner will be a violation of the permit, and a written notice of violation will be issued under §166.703 of this part. Any payment made to cure such a default, and any future payments by the same permittee, must be made by one of the alternative payment methods listed in §166.414(b) of this part.

§ 166.420 Will any special fees be assessed on delinquent grazing rental payments due under a permit?

The following special fees will be assessed if a grazing rental payment is not paid in the time and manner required, in addition to any interest or late payment penalties which must be paid to the Indian landowners under a permit. The following special fees will be assessed to cover administrative costs incurred by the United States in the collection of the debt:

<table>
<thead>
<tr>
<th>The permittee will pay</th>
<th>For</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) $50.00............</td>
<td>Administrative fee for checks returned by the bank for insufficient funds.</td>
</tr>
<tr>
<td>(b) $15.00............</td>
<td>Administrative fee for the BIA processing of each demand letter.</td>
</tr>
<tr>
<td>(c) 18% of balance due.</td>
<td>Administrative fee charged by the Department of Treasury for collection.</td>
</tr>
</tbody>
</table>

§ 166.421 If a permit is canceled for non-payment, does that extinguish the permittee’s debt?

No. The permittee remains liable for any delinquent payment. No future permits will be issued until all outstanding debts related to Indian agricultural lands are paid.

COMMISSION TO INDIAN LANDOWNERS

§ 166.422 What does the BIA do with grazing rental payments received from permittees?

Unless arrangements for direct payment to the Indian landowners has been provided, the rent will be deposited into the appropriate account maintained by the Office of Trust Funds Management in accordance with part 115 of this title.

§ 166.423 How do Indian landowners receive grazing rental payments that the BIA has received from permittees?

Funds will be paid to the Indian landowners by the Office of Trust Funds Management in accordance with 25 CFR part 115.

§ 166.424 How will the BIA determine the grazing rental payment amount to be distributed to each Indian landowner?

Unless otherwise specified in the permit, the grazing rental payment will be distributed to each Indian landowner according to the forage production that each parcel of Indian land contributes to the permit, annual rental rate of each parcel, and the Indian landowner’s interest in each parcel.

Subpart F—Administrative and Tribal Fees

§ 166.500 Are there administrative fees for a permit?

Yes. We will charge an administrative fee before approving any permit, subpermit, assignment, encumbrance, modification, or other related document.

§ 166.501 How are annual administrative fees determined?

(a) Except as provided in subsection (b), we will charge a three percent (%) administrative fee based on the annual grazing rent.

(b) The minimum administrative fee is $10.00 and the maximum administrative fee is $500.00.
§ 166.502 (c) If a tribe performs all or part of the administrative duties for this part, the tribe may establish, collect, and use reasonable fees to cover its costs associated with the performance of administrative duties.

§ 166.502 Are administrative fees refundable?
No. We will not refund administrative fees.

§ 166.503 May the BIA waive administrative fees?
Yes. We may waive the administrative fee for a justifiable reason.

§ 166.504 Are there any other administrative or tribal fees, taxes, or assessments that must be paid?
Yes. The permittee may be required to pay additional fees, taxes, and/or assessments associated with the use of the land as determined by us or by the tribe. Failure to make such payments will constitute a permit violation under subpart H of this part.

Subpart G—Bonding and Insurance Requirements

§ 166.600 Must a permittee provide a bond for a permit?
Yes. A permittee, assignee or subpermittee must provide a bond for each permit interest acquired. Upon request by an Indian landowner, we may waive the bond requirement.

§ 166.601 How is the amount of the bond determined?
(a) The amount of the bond for each permit is based on the:
(1) Value of one year's grazing rental payment;
(2) Value of any improvements to be constructed;
(3) Cost of performance of any additional obligations; and
(4) Cost of performance of restoration and reclamation.
(b) Tribal policy made applicable by § 166.100 of this part may establish or waive specific bond requirements for permits.

§ 166.602 What form of bonds will the BIA accept?
(a) We will only accept bonds in the following forms:
(1) Cash;
(2) Negotiable Treasury securities that:
   (i) Have a market value equal to the bond amount; and
   (ii) Are accompanied by a statement granting full authority to the BIA to sell such securities in case of a violation of the terms of the permit.
(3) Certificates of deposit that indicate on their face that Secretarial approval is required prior to redemption by any party;
(4) Irrevocable letters of credit (LOC) issued by federally-insured financial institutions authorized to do business in the United States. LOC's must:
   (i) Contain a clause that grants the BIA authority to demand immediate payment if the permittee defaults or fails to replace the LOC within 30 calendar days prior to its expiration date;
   (ii) Be payable to the "Department of the Interior, BIA";
   (iii) Be irrevocable during its term and have an initial expiration date of not less than one year following the date we receive it; and
   (iv) Be automatically renewable for a period of not less than one year, unless the issuing financial institution provides the BIA with written notice at least 90 calendar days before the letter of credit's expiration date that it will not be renewed;
(b) Indian landowners may negotiate a permit term that specifies the use of any of the bond forms described in paragraph (a) of this section.
(c) A tribe may accept and hold any form of bond described in paragraph (a) of this section, to secure performance under a permit of tribal land.
§ 166.603 If cash is submitted as a bond, how is it administered?

If cash is submitted as a bond, we will establish an account in the name of the permittee and retain it.

§ 166.604 Is interest paid on a cash performance bond?

No. Interest will not be paid on a cash performance bond.

§ 166.605 Are cash performance bonds refunded?

If the cash performance bond has not been forfeited for cause, the amount deposited will be refunded to the depositor at the end of the permit period.

§ 166.606 What happens to a bond if a violation occurs?

We may apply the bond to remedy the violation, in which case we will require the permittee to submit a replacement bond of an appropriate amount.

§ 166.607 Is insurance required for a permit?

When we determine it to be in the best interest of the Indian landowners, we will require a permittee to provide insurance. If insurance is required, it must:

(a) Be provided in an amount sufficient to:
   (1) Protect any improvements on the permit premises;
   (2) Cover losses such as personal injury or death; and
   (3) Protect the interest of the Indian landowner.

(b) Identify the tribe, individual Indian landowners, and United States as insured parties.

§ 166.608 What types of insurance may be required?

We may require liability or casualty insurance (such as for fire, hazard, or flood), depending upon the activity conducted under the permit.

Subpart H—Permit Violations

§ 166.700 What permit violations are addressed by this subpart?

This subpart addresses violations of permit provisions other than trespass.

§ 166.701 How will the BIA determine whether the activities of a permittee under a permit are in compliance with the terms of the permit?

Unless the permit provides otherwise, we may enter the unit at any reasonable time, without prior notice, to protect the interests of the Indian landowners and ensure that the permittee is in compliance with the operating requirements of the permit.

§ 166.702 Can a permit provide for negotiated remedies in the event of a permit violation?

(a) A permit of tribal land may provide the tribe with certain negotiated remedies in the event of a permit violation, including the power to terminate the permit. A permit of individually-owned Indian land may provide the individual Indian landowners with similar remedies, so long as the permit also specifies the manner in which those remedies may be exercised by or on behalf of the Indian landowners. Any notice of violation must be provided by written notice.

(b) The negotiated remedies described in paragraph (a) of this section will apply in addition to the cancellation remedy available to us under §166.705(c) of this subpart. If the permit specifically authorizes us to exercise any negotiated remedies on behalf of the Indian landowners, the exercise of such remedies may substitute for cancellation.

(c) A permit may provide for permit disputes to be resolved in tribal court or any other court of competent jurisdiction, or through arbitration or some other alternative dispute resolution method. We may not be bound by decisions made in such forums, but we will defer to any ongoing proceedings, as appropriate, in deciding whether to exercise any of the remedies available to us under §166.705 of this subpart.

§ 166.703 What happens if a permit violation occurs?

(a) If an Indian landowner notifies us that a specific permit violation has occurred, we will initiate an appropriate
§ 166.704 What will a written notice of a permit violation contain?

The written notice of a permit violation will provide the permittee with ten days from the receipt of the written notice to:

(a) Cure the permit violation and notify us that the violation is cured;
(b) Explain why we should not cancel the permit; or
(c) Request in writing additional time to complete corrective actions. If additional time is granted, we may require that certain corrective actions be taken immediately.

§ 166.705 What will the BIA do if a permit violation is not cured within the required time period?

(a) If the permittee does not cure a violation within the required time period, we will consult with the Indian landowners, as appropriate, and determine whether:

(1) The permit should be canceled by us under paragraph (c) of this section and §§ 166.706 through 166.707 of this subpart;
(2) We should invoke any other remedies available to us under the permit, including collecting on any available bond;
(3) The Indian landowners wish to invoke any remedies available to them under the permit; or
(4) The permittee should be granted additional time in which to cure the violation.

(b) If we decide to grant a permittee additional time in which to cure a violation, the permittee must proceed diligently to complete the necessary corrective actions within a reasonable or specified time period from the date on which the extension is granted.

(c) If we decide to cancel the permit, we will send the permittee and its sureties a written notice of cancellation within five business days of that decision. We will also provide actual or constructive notice of a cancellation decision to the Indian landowners, as appropriate. The written notice of cancellation will:

(1) Explain the grounds for cancellation;
(2) Notify the permittee of the amount of any unpaid rent, interest charges, or late payment penalties due under the permit;
(3) Notify the permittee of its right to appeal under Part 2 of this chapter, as modified by § 166.706 of this subpart, including the amount of any appeal bond that must be posted with an appeal of the cancellation decision; and
(4) Order the permittee to vacate the property within 30 days of the date of receipt of the written notice of cancellation, if an appeal is not filed by that time.

§ 166.706 Will the BIA’s regulations concerning appeal bonds apply to cancellation decisions involving permits?

(a) The appeal bond provisions in § 2.5 of part 2 of this chapter will not apply to appeals from permit cancellation decisions made under § 166.705 of this subpart. Instead, when we decide to cancel a permit, we may require the permittee to post an appeal bond with an appeal of the cancellation decision. The requirement to post an appeal bond will apply in addition to all of the other requirements in part 2 of this chapter.

(b) An appeal bond should be set in an amount necessary to protect the Indian landowners against financial losses that will likely result from the delay caused by an appeal. Appeal bond requirements will not be separately appealable, but may be contested during the appeal of the permit cancellation decision.

§ 166.707 When will a cancellation of a permit be effective?

A cancellation decision involving a permit will not be effective for 30 days after the permittee receives a written notice of cancellation from us. The cancellation decision will remain ineffective if the permittee files an appeal under § 166.706 of this subpart and Part 2 of this chapter, unless the decision is made immediately effective under part
§ 166.801 What is the BIA's trespass policy?
We will:
(a) Investigate accidental, willful, and/or incidental trespass on Indian agricultural land;

(d) Ensure that damage to Indian agricultural lands resulting from trespass is rehabilitated and stabilized at the expense of the trespasser.

§ 166.802 Who can enforce this subpart?

(b) Nothing in this subpart shall be construed to diminish the sovereign authority of Indian tribes with respect to trespass.

(Notification)
§ 166.803 How are trespassers notified of a trespass determination?
(a) Unless otherwise provided under tribal law, when we have reason to believe that a trespass on Indian agricultural land has occurred, within five business days, we or the authorized tribal representative will provide written notice to the alleged trespasser, the possessor of trespass property, any known lien holder, and beneficial Indian landowner, as appropriate. The written notice will include the following:

1. The basis for the trespass determination;

§ 166.808 How are trespassers notified if their unauthorized livestock or other property are to be impounded?
(a) If the trespass is not corrected in the time specified in the initial trespass notice, we will send written notice of our intent to impound unauthorized livestock or other property to the unauthorized livestock or property owner or representative, and any known lien holder of the unauthorized livestock or other property.
(b) If we determine that the owner of the unauthorized livestock or other property or the owner’s representative is unknown or refuses delivery of the written notice, we will post a public notice of intent to impound at the tribal community building, U.S. Post Office, and published in the local newspaper nearest to the Indian agricultural lands where the trespass is occurring.
(c) After we have given notice as described above, we will impound the impounded property without any further notice.

§ 166.814 How will the BIA determine the value of the products or property illegally used or removed?

We will determine the value of the products or property illegally used or removed based upon a valuation of similar products or property.

§ 166.819 What happens if the BIA does not collect enough money to satisfy the penalty?

We will send written notice to the trespasser demanding immediate settlement and advising the trespasser that unless settlement is received within five business days from the date of receipt, we will forward the case for appropriate legal action. (c) The adjustment of livestock numbers to the carrying capacity of the range in such a manner that the livestock economy of the Navajo Tribe will be preserved.

(d) To secure increasing responsibility and participation of the Navajo people, including tribal participation in all basic policy decisions, in the sound management of one of the Tribe's greatest assets, its grazing lands, and to foster a better relationship and a clearer understanding between the Navajo people and the Federal Government in carrying out the grazing regulations.

(e) The improvement of livestock through proper breeding practices and the maintenance of a sound culling policy. Buck and bull pastures may be established and maintained either on or off the reservation through District Grazing Committee and Central Grazing Committee action.

§ 167.4 Regulations; scope; exceptions.

The grazing regulations in this part apply to all lands within the boundaries of the Navajo Reservation held in trust by the United States for the Navajo Tribe and all the trust lands hereafter added to the Navajo Reservation. § 167.5 Land management districts.
The Commissioner of Indian Affairs has established and will retain the present land management districts within the Navajo Indian Reservation, based on the social and economic requirements of the Navajo Indians and the necessity of rehabilitating the grazing lands. District boundary changes may be made when deemed necessary and advisable by the District Grazing Committees, Central Grazing Committee and Tribal Council, with approval by the Superintendent, Area Director, and the Commissioner of Indian Affairs.

§ 167.6 Carrying capacities.
(a) The Commissioner of Indian Affairs on June 26, 1943, promulgated the authorized carrying capacity for each land management district of the Navajo Reservation.
(b) Recommended adjustments in carrying capacities shall be referred by the Superintendent to District Grazing Committees, Central Grazing Committee, and the Navajo Tribal Council for review and recommendations prior to presentation to the Area Director and the Commissioner of Indian Affairs for approval.
(c) Upon the request of the District Grazing Committee, Central Grazing Committee and Navajo Tribal Council to the Superintendent; recommendations for future adjustments to the established carrying capacities shall be made by Range Technicians based on the best information available through annual utilization studies and range condition studies analyzed along with numbers of livestock and precipitation data. The recommendations of the Range Technicians shall be submitted to the Superintendent, the Area Director and the Commissioner of Indian Affairs.
(d) Carrying capacities shall be stated in terms of sheep units yearlong, in the ratio of horses, mules, and burros 1 to 5; cattle 1 to 4; goats 1 to 1. The latter figure in each case denotes sheep units. Sheep, goats, cattle, horses, mules, and burros one year of age or older shall be counted against the carrying capacity.

§ 167.7 Records.
The District Grazing Committee, the Superintendent, and his authorized representatives shall keep accurate records of all grazing permits and ownership of all livestock. Master files shall be maintained by the Superintendent or his authorized representatives.
(a) The District Grazing Committee shall be responsible for and assist in organizing the sheep and goat dipping and horse and cattle branding program and obtaining the annual livestock count.
(b) In order to obtain true records of ownership the permittee shall personally appear at the dipping vat or tallying point designated by the Grazing Committee with his or her sheep and goats and at branding and tallying points for cattle and horses. Should the permittee be unable to appear personally he or she shall designate a representative to act for and in his or her behalf. The sheep and goats will be branded and recorded in the name of the permittee.
(c) The Superintendent shall prepare and keep current a register containing the names of all permittees using the range, the number of each class of stock by age classes grazed annually and the periods during which grazing shall be permitted in each part thereof. An annual stock census will be taken to insure that the carrying capacity is not exceeded. All classes of livestock twelve months of age or over will be counted against range use and permitted number, except that yearling colts will not be counted against permitted numbers on all permits with less than six horses. (Cross Reference §167.9.)

§ 167.8 Grazing rights.
(a) The Superintendent shall determine grazing rights of bona fide livestock owners based on recommendations of District Grazing Committees. Grazing rights shall be recognized for
§ 167.9 Grazing permits.

(a) All livestock grazed on the Navajo Reservation must be covered by an authorized grazing permit issued by the Superintendent based upon the recommendations of the District Grazing Committee. All such grazing permits will be automatically renewed annually until terminated. District Grazing Committees shall act on all grazing permit changes resulting from negotiability within their respective Districts. The number of livestock that may be grazed under each permit shall be the number originally permitted plus or minus any changes as indicated by Transfer Agreements and Court Judgment Orders.

(b) Any permittee who has five or more horses on his current permit will be required to apply any acquired sheep units in classes of stock other than horses. If the purchaser wishes more than his present number of horses, he must have his needs evaluated by the District Grazing Committee. Yearling colts will be counted against permitted number on all permits with six or more horses. Yearling colts will not be counted against permitted number on all permits with less than six horses. In hardship cases the District Grazing Committee may reissue horses removed from grazing permits through negotiability to permit holders who are without sufficient horses on their present permits to meet minimum needs.

(c) No permittee shall be authorized to graze more than ten head of horses or to accumulate a total of over 350 sheep units.

(d) Upon recommendation of the District Grazing Committee and with the approval of the Superintendent, grazing permits may be transferred from one permittee to another in accordance with instructions provided by the Advisory Committee of the Navajo Tribal Council, or may be inherited; provided that the permitted holdings of any individual permittee shall not exceed 350 sheep units or the equivalent thereof. Should inheritance or other acquisition of permits increase the holdings of any permittee to more than 350 sheep units, said permittee shall dispose of all livestock in excess of 350 sheep units not later than November 15 following date of inheritance or other acquisition, and that portion of his or her permit in excess of 350 sheep units within one year from date of inheritance.

(e) By request of a permittee to sublet all or a part of his or her regular grazing permit to a member of his family or to any person who would receive such permit by inheritance, such subletting of permits may be authorized by the District Grazing Committee and the Superintendent or his authorized representative.

§ 167.10 Special grazing permits.

The problem of special grazing permits shall be settled by the Bureau of Indian Affairs working in cooperation with the Tribal Council, or any Committee designated by it, with a view to terminating these permits at a suitable date and with the least hardship to the Indians concerned.
§ 167.11 Tenure of grazing permits.
(a) All active regular grazing permits shall be for one year and shall be automatically renewed annually until terminated. Any Navajo eligible to hold a grazing permit as defined in §167.8 may become a livestock operator by obtaining an active grazing permit through negotiability or inheritance or both.
(b) In many Districts, and portions of all districts, unused grazing permits or portions of grazing permits are beneficial in aiding range recovery. Each District Grazing Committee will handle each matter of unused grazing permit or portions of grazing permits on individual merits. Where ample forage is available operators will be encouraged to fill their permits with livestock or dispose of their unused permits through negotiability. In those areas where forage is in need of rehabilitation permits will not be encouraged to stock to their permitted numbers until the range has sufficiently recovered to justify the grazing of additional livestock.

§ 167.12 Grazing fees.
Grazing fees shall not be charged at this time.¹

§ 167.13 Trespass.
The owner of any livestock grazing in trespass in Navajo Tribal ranges shall be subject to action by the Navajo Court of Indian Offenses as provided in part 11 of this chapter, however, upon recommendations of the District Grazing Committee, first offenses may be referred to the Central Grazing Committee and the Superintendent or his authorized representative for proper settlement out of court. The following acts are considered as trespass:
(a) Any person who sells an entire permit must dispose of all his livestock or be in trespass. Any person selling a portion of his permit must not run more stock than covered by his remaining permit, or be subject to immediate trespass.
(b) All persons running livestock in excess of their permitted number must by April 25, 1959, either obtain permits to cover their total livestock numbers or reduce to their permitted number, or be in trespass. Additional time may be granted in unusual individual cases as determined and approved by the District Grazing Committee, General Grazing Committee, and the Superintendent or his authorized representative.
(c) Failure to comply with the provisions in §167.9, shall be considered as trespass.
(d) Any person who willfully allows his livestock to drift from one district to another shall be subject to trespass action. The grazing of livestock in customary use areas extending over District Boundary lines, when such customary use areas are defined and agreed upon by the District Grazing Committees involved, shall not be considered as willful trespass.
(e) The owner of any livestock who violates the customary or established use units of other permittees shall be subject to trespass action.

§ 167.14 Movement of livestock.
Annually, prior to the normal lamb buying season, the Central Grazing Committee after consultation with District Grazing Committees shall issue regulations covering the buying period and the procedures and methods to be used in moving livestock to market. All movements of livestock other than trucking from buying areas to loading or shipping points must be authorized by Trailing Permits issued by the District Grazing Committees on the approved forms. Failure to comply with

¹Grazing Committees were organized in May 1953. These committees have not had ample time to fully acquaint themselves or the stockmen in their respective districts with all of the various items of range administration and range management. Also the drought of several years has not broken. The Navajo Tribe therefore requests that the matter of establishing regulations regarding the adoption of grazing fees be deferred until such a time as a full understanding of the advantages of fees can be had by the majority of the stockmen in all Districts. The assessment of grazing fees will not aid materially in obtaining proper range use. At this time it is more important that other sections of these grazing regulations be adopted and enforced. Resolution of Navajo Tribal Council No. CJ-28-54 of June 9, 1954.
§ 167.15 Control of livestock disease and introduction of livestock.

(a) The District Grazing Committees with the approval of the Superintendent shall require livestock to be dipped, vaccinated, inspected and be restricted in movement when necessary to prevent the introduction and spread of contagious or infectious disease in the economic interest of the Navajo stock owners. Upon the recommendation of the District Grazing Committee livestock shall be dipped annually when such dipping is necessary to prevent the spread of contagious diseases. These annual dippings shall be completed on or before September 1st each year. Livestock, however, may be dipped at other times when necessary. The Superintendent or his authorized representative and the District Grazing Committee may also require the rounding up of cattle, horses, mules, etc., in each District for the purpose of inspection for disease, vaccinating, branding and other related operations.

(b) No livestock shall be brought onto the Reservation without a permit issued by the Superintendent or his authorized representative following inspection, in order to safeguard Indian livestock from infections and contagious disease and to insure the introduction of good quality sires and breeding stock.

(c) Any unusual disease conditions beyond the control measures provided herein shall be immediately reported by the District Grazing Committee to the Chairman of the Navajo Tribal Council and the Superintendent who shall attempt to obtain specialists and provide emergency funds to control and suppress the disease.

§ 167.16 Fences.

Favorable recommendation from the District Grazing Committee and a written authorization from the Superintendent or his authorized representative must be secured before any fences may be constructed in non-agricultural areas. The District Grazing Committee shall recommend to the Superintendent the removal of unauthorized existing fences, or fences enclosing demonstration areas no longer used as such, if it is determined that such fences interfere with proper range management or an equitable distribution of range privileges. All enclosures fenced for the purpose of protecting agricultural land shall be kept to a size commensurate with the needs for protection of agricultural land and must be enclosed by legal four strand barbed wire fence or the equivalent.

§ 167.17 Construction near permanent livestock water developments.

(a) The District Grazing Committee shall regulate the construction of all dwellings, corrals and other structures within one-half mile of Government or Navajo Tribal developed permanent livestock waters such as springs, wells, and charcos or deep reservoirs.

(b) A written authorization from the District Grazing Committee must be secured before any dwellings, corrals, or other structures may be constructed within one-half mile of Government or Navajo Tribal developed springs, wells and charcos or deep reservoirs.

(c) No sewage disposal system shall be authorized to be built which will drain into springs or stream channels in such a manner that it would cause contamination of waters being used for livestock or human consumption.

(c) Survey, monument and fence the partition boundary,

(d) Protect the rights and property of individuals awaiting relocation or authorized to reside on life estates, and

Watt, Civ. No. 81-272 PCT-EHC. This portion of the regulations apply only to lands partitioned to the Hopi Tribe within the former Joint Use Area.

§ 168.4 Establishment of range units.

The Area Director will use Soil and Range Inventory data to establish range units on the Hopi Partitioned Area to provide for a surface land management program to restore the land to its full grazing potential and maintain that potential to the maximum extent feasible. The establishment of range units on Hopi Partitioned Lands is subject to the concurrence of the Hopi Tribe in accordance with §168.17 of these regulations.

§ 168.5 Grazing capacity.

§ 168.13 Fences.

Fencing will be erected by the Federal Government around the perimeter of the 1882 Executive Order Area, Land Management District 6, and on the boundary of the former Joint Use Area partitioned to each tribe by the Judgment of Partition of April 18, 1979. Fencing of other areas in the former Joint Use Area will be required for a range recovery program in accordance with the range units established under § 168.4. Such fencing shall be erected at Government expense and ownership shall be clearly identified by appropriate posting on the fencing. Intentional destruction of Federal property will be treated as a violation of 18 U.S.C. 1164.

The owner of any livestock grazing in trespass on the Hopi Partitioned Lands Area is liable to a civil penalty of $1 per head per day for each animal in trespass, together with the replacement value of the forage consumed and a reasonable value for damages to property injured or destroyed. The Superintendent may take appropriate action to collect all such penalties and damages and seek injunctive relief when appropriate. (e) Grazing livestock in excess of those numbers and kinds authorized on a livestock grazing permit approved by the Area Director.

§ 168.15 Control of livestock diseases and parasites.

Whenever livestock within the Hopi Partitioned Lands become infected with contagious or infectious diseases or parasites or have been exposed thereto, such livestock must be treated and the movement thereof restricted in accordance with applicable laws.

§ 168.16 Impoundment and disposal of unauthorized livestock.

Unauthorized livestock within any range unit of the Hopi Partitioned Lands which are not removed therefrom within the periods prescribed by the regulation will be impounded and disposed of by the Superintendent as provided herein.

(a) When the Area Director determines that unauthorized livestock use is occurring and has definite knowledge of the kind of unauthorized livestock, and knows the name and address of the owners, such livestock may be impounded any time five days after written notice of intent to impound unauthorized livestock is mailed by certified mail or personally delivered to such owners or their agent.

(b) When the Area Director determines that unauthorized livestock use is occurring but does not have complete knowledge of the number and
class of livestock or if the name and address of the owner thereof are unknown, such livestock will be impounded anytime 15 days after the date of a General Notice of Intent to Impound unauthorized livestock is first published in the local newspaper, posted at the nearest chapter house, and in one or more local trading posts.

(c) Unauthorized livestock on the Hopi Partitioned Lands which are owned by persons given notice under paragraph (a) of this section, and any unauthorized livestock in areas for which a notice has been posted and published under paragraph (b) of this section, will be impounded without further notice anytime within the twelve-month period immediately following the effective date of the notice.

(d) Following the impoundment of unauthorized livestock a notice of sale of impounded livestock will be published in the local newspaper, posted at the nearest chapter house, and in one or more local trading posts. The notice will describe the livestock and specify the date, time and place of sale. The date set shall be at least 5 days after the publication and posting of such notice.

(e) The owners or their agent may redeem the livestock anytime before the time set for the sale by submitting proof of ownership and paying for all expenses incurred in gathering, impounding, and feeding or pasturing the livestock and any trespass fees and/or damages caused by the animals.

(f) Livestock erroneously impounded shall be returned to the rightful owner and all expenses accruing thereto shall be waived.

(g) If the livestock are not redeemed before the time fixed for their sale, they shall be sold at public sale to the highest bidder, provided his bid is at or above the minimum amount set by the Superintendent based upon U.S.D.A.'s current Agricultural Statistic's Report for Arizona. If a bid at or above the minimum is not received the livestock may be sold at private sale at or above the minimum amount, reoffered at public sale, condemned and destroyed, or otherwise disposed of. When livestock are sold pursuant to this regulation, the superintendent shall furnish the buyer a bill of sale or other written instrument evidencing the sale.

(h) The proceeds of any sale of impounded livestock shall be applied as follows:

(1) To the payment of all expenses incurred by the United States in gathering, impounding, and feeding or pasturing the livestock;

(2) In payment of any penalties or damages assessed pursuant to §168.14 of this part which penalties or damages shall be credited to the Hopi tribe as provided in said section;

(3) Any remaining amount shall be paid over to the owner of said livestock upon his submitting proof of ownership.

Any proceeds remaining after payment of the first and second items noted above not claimed with one year from the date of sale, will be credited to the Hopi Tribe.

(2) Non-concurrence means disagreement between the Area Director and the Hopi Tribe, speaking through the Chairman of the Hopi Tribe (or his designee), or a failure of the Hopi Tribe to respond to a proposal by the Area Director in a timely manner.

(3) Timely manner means a period of thirty days, unless this period is shortened by the existence of an emergency. Upon request by the Tribal Council, the Area Director may extend the 30 day period. In instances where this period applies to the Area Director, he may extend the period by so notifying the Tribe.

(4) An emergency is a condition that the Area Director finds threatens the rights and property of life tenants and persons awaiting relocation or one that the Area Director finds is causing the condition of the range land to deteriorate.

(5) Conservation practice is a program consisting of a series of acts in conformance with the Bureau’s range management policies and procedures which
maintains or seeks to achieve the grazing potential of range lands on a continuing basis.

(6) Range restoration activities is a program consisting of a series of range management acts, including but not limited to procedures which increase range forage production, reduce erosion, improve range usability and reduce stocking by issuing grazing permits to persons residing on Hopi partitioned lands at rates which maximize the carrying capacity of the range lands on a continuing basis.

(7) Grazing control is a program consisting of a series of range management acts, including but not limited to procedures by which grazing permits are issued to persons residing on Hopi partitioned lands, which limit the grazing on range lands to its carrying capacity.

(b) The Area Director will seek the participation of the Hopi Tribe in his investigation, formulation and planning of conservation practices for Hopi partitioned lands. The Area Director will submit, in writing, the proposed plan to the Hopi Tribe.

(c) Upon receipt of the Area Director’s proposed conservation practices, the Hopi Tribe will deliver, in writing, to the Area Director its concurrence or non-concurrence on all of the proposed conservation practices in a timely manner. The Area Director will continue to seek Hopi Tribal participation during the review process.

(d) Concurrence of the Hopi Tribe will be sought on all conservation practices, range restoration activities, and grazing control programs on the Hopi Partitioned Lands.

(i) If the Area Director and the Hopi Tribe concur on all or part of the proposed conservation practices in writing in a timely manner, those practices concurred upon may be immediately implemented.

(ii) If the Hopi Tribe does not concur on all or part of the proposed conservation practices in a timely manner, the Area Director will submit in writing to the Hopi Tribe a declaration of non-concurrence. The Area Director will then notify the Hopi Tribe in writing of a formal hearing to be held not sooner than 15 days from the date of the non-concurrence declaration.

(i) The formal hearing on non-concurrence will permit the submission of written evidence and argument concerning the proposal. Minutes of the hearing will be taken. Following the hearing, the Area Director may amend, alter or otherwise change his proposed conservation practices. Except as provided in §168.17(d)(1) of this section, if following the hearing, the Area Director altered or amends portions of his proposed plan of action, he will submit those individual altered or amended portions of the plan to the Tribe in a timely manner for their concurrence.

(ii) In the event the Tribe fails or refuses to give its concurrence to the proposal at the hearing, then the implementation of such proposal may only be undertaken in those situations where the Area Director expressly determines in a written order, based upon findings of fact, that the proposed action is necessary to protect the rights and property of life tenants and/or persons awaiting relocation.

§ 168.18 Appeals.

Appeals from decisions issued under this part will be in accordance with procedures in 25 CFR part 2.

§ 168.19 Information collection.

DURATION & RENEWALS

169.201 How long may the duration of a right-of-way grant be?
169.202 Under what circumstances will a grant of right-of-way be renewed?
§ 169.1 What is the purpose of this part?

(a) This part is intended to streamline the procedures and conditions under which BIA will consider a request to approve (i.e., grant) rights-of-way over and across tribal lands, individually owned Indian lands, and BIA lands, by providing for the use of the broad authority under 25 U.S.C. 323–328, rather than the limited authorities under other statutes. This part is also intended to support tribal self-determination and self-governance by acknowledging and incorporating tribal law and policies in processing a request for a right-of-way across tribal lands and defer to the maximum extent possible to Indian landowner decisions regarding their Indian land.

(b) This part specifies:

(1) Conditions and authorities under which we will consider a request to approve rights-of-way over or across Indian land;

(2) How to obtain a right-of-way;

(3) Terms and conditions required in rights-of-way;

(4) How we administer and enforce rights-of-ways;

(5) How to renew, amend, assign, and mortgage rights-of-way; and

(6) Whether rights-of-way are required for service line agreements.

(c) This part does not cover rights-of-way over or across tribal lands within a reservation for the purpose of Federal
Power Act projects, such as constructing, operating, or maintaining dams, water conduits, reservoirs, powerhouses, transmission lines, or other works which must constitute a part of any project for which a license is required by the Federal Power Act.

(1) The Federal Power Act provides that any license that must be issued to use tribal lands within a reservation must be subject to and contain such conditions as the Secretary deems necessary for the adequate protection and utilization of such lands (16 U.S.C. 797(e)).

(2) In the case of tribal lands belonging to a tribe organized under the Indian Reorganization Act of 1934 (25 U.S.C. 476), the Federal Power Act requires that annual charges for the use of such tribal lands under any license issued by the Federal Energy Regulatory Commission must be subject to the approval of the tribe (16 U.S.C. 803(e)).

(d) This part does not apply to grants of rights-of-way on tribal land under a special act of Congress specifically authorizing rights-of-way on tribal land without our approval.

§ 169.2 What terms do I need to know?

The following terms apply to this part:

We will not condition our grant of a right-of-way across Indian land or BIA land on the applicant having obtained a right-of-way from the owners of any fee interests. The applicant will be responsible for negotiating directly with and making any payments directly to the owners of any fee interests that may exist in the property on which the right-of-way is granted.
(c) We will not include the fee interests in a tract in calculating the applicable percentage of interests required for consent to a right-of-way.

§ 169.4 When do I need a right-of-way to authorize possession over or across Indian land?
(a) You need an approved right-of-way under this part before crossing Indian land if you meet one of the criteria in the following table:

(b) Each of the uses listed above includes the right to access the right-of-way to manage vegetation, inspect, maintain and repair equipment, and conduct other activities that are necessary to maintain the right-of-way use.

§ 169.6 What statutory authority will BIA use to act on requests for rights-of-way under this part?

BIA will act on requests for rights-of-way using the authority in 25 U.S.C. 323–328, and relying on supplementary authority such as 25 U.S.C. 2218, where appropriate.

§ 169.7 Does this part apply to right-of-way grants submitted for approval before December 21, 2015?

(a) If your right-of-way grant is issued on or after April 21, 2016, this part applies.

(b) If we granted your right-of-way before April 21, 2016, the procedural provisions of this part apply except that if the procedural provisions of this part conflict with the explicit provisions of the right-of-way grant or statute authorizing the right-of-way document, then the provisions of the right-of-way grant or authorizing statute apply instead. Non-procedural provisions of this part do not apply.

(c) If you submitted an application for a right-of-way but we did not grant the right-of-way before April 21, 2016, then:

(1) You may choose to withdraw the document and resubmit after April 21, 2016, in which case this part will apply to that document; or
(2) You may choose to proceed without withdrawing, in which case:

(i) We will review the application under the regulations in effect at the time of your submission; and
(ii) Once we grant the right-of-way, the procedural provisions of this part apply except that if the procedural provisions of this part conflict with the explicit provisions of the right-of-way grant or statute authorizing the right-of-way document, then the provisions of the right-of-way grant or authorizing statute apply instead. Non-procedural provisions of this part do not apply.

(d) For any assignments completed before April 21, 2016, the current assignee must, by August 16, 2016, provide BIA with documentation of any past assignments or notify BIA that it
needs an extension and explain the reason for the extension.
(e) To the maximum extent possible, BIA will interpret any ambiguous language in the right-of-way document or statute to be consistent with these regulations.

§ 169.8 May tribes administer this part on BIA’s behalf?
A tribe or tribal organization may contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450f et seq.) to administer on BIA’s behalf any portion of this part that is not a grant, approval, or disapproval of a right-of-way document, waiver of a requirement for right-of-way grant or approval (including but not limited to waivers of fair market value and valuation), cancellation of a right-of-way, or an appeal. Applicants may inquire at either the BIA office or the tribal office to determine whether the tribe has compacted or contracted to administer realty functions.

§ 169.9 What laws apply to rights-of-way approved under this part?
In addition to the regulations in this part, rights-of-way approved under this part:
(a) Are subject to all applicable Federal laws;
(b) Are subject to tribal law; except to the extent that those tribal laws are inconsistent with applicable Federal law; and
(c) Are generally not subject to State law or the law of a political subdivision thereof.

§ 169.10 What is the effect of a right-of-way on a tribe’s jurisdiction over the underlying parcel?
A right-of-way is a non-possessory interest in land, and title does not pass to the grantee. The Secretary’s grant of a right-of-way will clarify that it does not diminish to any extent:
(a) The Indian tribe’s jurisdiction over the land subject to, and any person or activity within, the right-of-way;
(b) The power of the Indian tribe to tax the land, any improvements on the land, or any person or activity within, the right-of-way;
(c) The Indian tribe’s authority to enforce tribal law of general or particular application on the land subject to and within the right-of-way, as if there were no grant of right-of-way;
(d) The Indian tribe’s inherent sovereign power to exercise civil jurisdiction over non-members on Indian land; or
(e) The character of the land subject to the right-of-way as Indian country under 18 U.S.C. 1151.

§ 169.11 What taxes apply to rights-of-way approved under this part?
(a) Subject only to applicable Federal law:
(1) Permanent improvements in a right-of-way, without regard to ownership of those improvements, are not subject to any fee, tax, assessment, levy, or other charge imposed by any State or political subdivision of a State;
(2) Activities under a right-of-way grant are not subject to any fee, tax, assessment, levy, or other charge (e.g., business use, privilege, public utility, excise, gross revenue taxes) imposed by any State or political subdivision of a State;
(3) The right-of-way interest is not subject to any fee, tax, assessment, levy, or other charge imposed by any State or political subdivision of a State.
(b) Improvements, activities, and right-of-way interests may be subject to taxation by the Indian tribe with jurisdiction.

§ 169.12 How does BIA provide notice to the parties to a right-of-way?
When this part requires BIA to notify the parties of our intent to grant a right-of-way under §169.107(b) or our determination to approve or disapprove a right-of-way document, and to provide any right of appeal:
(a) For rights-of-way over or across tribal land, we will notify the applicant and the tribe by first class U.S. mail or, upon request, electronic mail; and
(b) For rights-of-way over or across individually owned Indian land, we will notify the applicant and individual Indian landowners by first class U.S.
mail or, upon request, electronic mail. If the individually owned land is located within a tribe’s jurisdiction, we will also notify the tribe by first class U.S. mail or, upon request, electronic mail.

§ 169.13 May decisions under this part be appealed?

(a) Appeals from BIA decisions under this part may be taken under part 2 of this chapter, except our decision to disapprove a right-of-way grant or any other right-of-way document may be appealed only by the applicant or an Indian landowner of the tract over or across which the right-of-way was proposed.

(b) For purposes of appeals from BIA decisions under this part, “interested party” is defined as any person whose land is subject to the right-of-way or located adjacent to or in close proximity to the right-of-way whose own direct economic interest is adversely affected by an action or decision.

§ 169.14 How does the Paperwork Reduction Act affect this part?

The collections of information in this part have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned OMB Control Number 1076–0181. Response is required to obtain a benefit. A Federal agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Subpart B—Service Line Agreements

§ 169.51 Is a right-of-way required for service lines?

Service lines generally branch off from facilities for which a right-of-way must be obtained. A service line is a utility line running from a main line, transmission line, or distribution line that is used only for supplying telephone, water, electricity, gas, internet service, or other utility service to a house, business, or other structure. In the case of a power line, a service line is limited to a voltage of 14.5 kv or less, or a voltage of 34.5 kv or less if serving irrigation pumps and commercial and industrial uses. To obtain access to Indian land for service lines, the right-of-way grantee must file a service line agreement meeting the requirements of this subpart with BIA.

§ 169.52 What is a service line agreement?

Service line agreements are agreements signed by a utility provider and landowners for the purpose of providing limited access to supply the owners (or authorized occupants or users) of one tract of tribal or individually owned Indian land with utilities for use by such owners (or occupants or users) on the premises.

§ 169.53 What should a service line agreement address?

Service line agreements are agreements signed by a utility provider and landowners for the purpose of providing limited access to supply the owners (or authorized occupants or users) of one tract of tribal or individually owned Indian land with utilities for use by such owners (or occupants or users) on the premises.

§ 169.55 Is a valuation required for service line agreements?

We do not require a valuation for service line agreements.

§ 169.56 Must I file service line agreements with the BIA?

The parties must file an executed copy of service line agreements, together with a plat or diagram, with us.
within 30 days after the date of execution for recording in the LTRO. The plat or diagram must show the boundary of the ownership parcel and point of connection of the service line with the distribution line. When the plat or diagram is placed on a separate sheet it must include the signatures of the parties.

(b) If you must obtain access to Indian land to prepare information required by the application (e.g., to survey), you must obtain the consent of the Indian landowners, but our approval to access is not required. Upon written request, we will provide you with the names, addresses, and percentage of ownership of individual Indian landowners, to allow you to obtain the landowners’ consent to survey.

   (3) Bond(s), insurance, and/or other security meeting the requirements of § 169.103;
   (4) Record that notice of the right-of-way was provided to all Indian landowners;

Any insurance must identify both the Indian landowners and the United States as additional insured parties.

(c) The grant will specify the conditions under which we may adjust the bond, insurance, or security requirements to reflect changing conditions, including consultation with the tribal landowner for tribal land before the adjustment.

(d) We may require that the surety provide any supporting documents needed to show that the bond, insurance, or alternative form of security will be enforceable, and that the surety will be able to perform the guaranteed obligations.

(e) The bond, insurance, or other security instrument must require the surety to provide notice to us, and the tribe for tribal land, at least 60 days before canceling a bond, insurance, or other security. This will allow us to notify the grantee of its obligation to provide a substitute bond, insurance, or other security before the cancellation date. Failure to provide a substitute bond, insurance or security is a violation of the right-of-way.

(f) We may waive the requirement for a bond, insurance, or alternative form of security:

(1) For individually owned Indian land, if the Indian landowners of the majority of the interests request it and we determine, in writing, that a waiver is in the Indian landowners’ best interest considering the purpose of and risks associated with the right-of-way, or if the grantee is a utility cooperative and is providing a direct benefit to the Indian land or is a tribal utility.

(2) For tribal land, deferring, to the maximum extent possible, to the tribe’s determination that a waiver of a bond, insurance or alternative form of security is in its best interest.

(g) We will accept a bond only in one of the following forms:

(1) Certificates of deposit issued by a federally insured financial institution authorized to do business in the United States;

(2) Irrevocable letters of credit issued by a federally insured financial institution authorized to do business in the United States;

(3) Negotiable Treasury securities; or

(4) Surety bonds issued by a company approved by the U.S. Department of the Treasury.

(h) We may accept an alternative form of security approved by us that provides adequate protection for the Indian landowners and us, including but not limited to an escrow agreement or an assigned savings account.

(i) All forms of bonds or alternative security must, if applicable:

(1) State on their face that BIA approval is required for redemption;

(2) Be accompanied by a statement granting full authority to BIA to make an immediate claim upon or sell them if the grantee violates the terms of the right-of-way grant;

(3) Be irrevocable during the term of the bond or alternative security; and

(4) Be automatically renewable during the term of the right-of-way.

(j) We will not accept cash bonds.
§ 169.107 Must I obtain tribal or individual Indian landowner consent for a right-of-way across Indian land?

(a) For a right-of-way across tribal land, the applicant must obtain tribal consent, in the form of a tribal authorization and a written agreement with the tribe, if the tribe so requires, to a grant of right-of-way across tribal land. The consent document may impose restrictions or conditions; any restrictions or conditions automatically become conditions and restrictions in the grant.

(b) For a right-of-way across individually owned Indian land, the applicant must notify all individual Indian landowners and, except as provided in paragraph (b)(1) of this section, must obtain written consent from the owners of the majority interest in each tract affected by the grant of right-of-way.

(i) We may issue the grant of right-of-way without the consent of any of the individual Indian owners if all of the following conditions are met:

(1) The owners of interests in the land are so numerous that it would be impracticable to obtain consent as defined in paragraph (c) of this section;

(2) We determine the grant will cause no substantial injury to the land or any landowner, based on factors including, but not limited to, the reasonableness of the term of the grant, the amount of acreage involved in the grant, the disturbance to land that will result from the grant, the type of activity to be conducted under the grant.
the potential for environmental or safety impacts resulting from the grant, and any objections raised by landowners;

(iii) We determine that all of the landowners will be adequately compensated for consideration and any damages that may arise from a grant of right-of-way; and

(iv) We provide notice of our intent to issue the grant of right-of-way to all of the owners at least 60 days prior to the date of the grant using the procedures in §169.12, and provide landowners with 30 days to object.

(2) For the purposes of this section, the owners of interests in the land are so numerous that it would be impracticable to obtain consent, if there are 50 or more co-owners of undivided trust or restricted interests.

(3) Successors are bound by consent granted by their predecessors-in-interest.

(c) We will determine the number of owners of, and undivided interests in, a fractionated tract of Indian land, for the purposes of calculating the requisite consent based on our records on the date on which the application is submitted to us.

§ 169.108 Who is authorized to consent to a right-of-way?

(a) Indian tribes, adult Indian landowners, and emancipated minors, may consent to a right-of-way over or across their land, including undivided interests in fractionated tracts.

(b) The following individuals or entities may consent on behalf of an individual Indian landowner:

(1) An adult with legal custody acting on behalf of his or her minor children;

(2) A guardian, conservator, or other fiduciary appointed by a court of competent jurisdiction to act on behalf of an individual Indian landowner;

(3) Any person who is authorized to practice before the Department of the Interior under 43 CFR 1.3(b) and has been retained by the Indian landowner for this purpose;

(4) BIA, under the circumstances in paragraph (c) of this section; or

(5) An adult or legal entity who has been given a written power of attorney that:

(i) Meets all of the formal requirements of any applicable law under §169.9;

(ii) Identifies the attorney-in-fact; and

(iii) Describes the scope of the powers granted, to include granting rights-of-way on land or generally conveying or encumbering interests in Indian land, and any limits on those powers.

(c) BIA may give written consent to a right-of-way on behalf of an individual Indian landowner, as long as we determine that the grant will cause no substantial injury to the land or any landowner, based on factors including, but not limited to, the amount of acreage involved in the grant, the disturbance to land that will result from the grant, the type of activity to be conducted under the grant, the potential for environmental or safety impacts resulting from the grant, and any objections raised by landowners. BIA’s consent must be counted in the majority interest under §169.107, on behalf of:

(1) An individual Indian landowner, if the owner is deceased, and the heirs to, or devisees of, the interest of the deceased owner have not been determined;

(2) An individual Indian landowner whose whereabouts are unknown to us, after we make a reasonable attempt to locate the individual;

(3) An individual Indian landowner who is found to be non compos mentis or determined to be an adult in need of assistance who does not have a guardian duly appointed by a court of competent jurisdiction, or an individual under legal disability as defined in part 115 of this chapter;

(4) An individual Indian landowner who is an orphaned minor and who does not have a guardian duly appointed by a court of competent jurisdiction; and

(5) An individual Indian landowner who has given us a written power of attorney to consent to a right-of-way over or across their land.

§ 169.109 Whose consent do I need for a right-of-way when there is a life estate on the tract?

If there is a life estate on the tract that would be subject to the right-of-way, the applicant must get the consent of both the life tenant and the
§ 169.110 How much monetary compensation must be paid for a right-of-way over or across tribal land?

(a) A right-of-way over or across tribal land may allow for any payment amount negotiated by the tribe, and we will defer to the tribe and not require a valuation if the tribe submits a tribal authorization expressly stating that it:

(1) Has agreed upon compensation satisfactory to the tribe;
(2) Waives valuation; and
(3) Has determined that accepting such agreed-upon compensation and waiving valuation is in its best interest.

(b) The tribe may request, in writing, that we determine fair market value, in which case we will use a valuation in accordance with §169.114. After providing the tribe with the fair market value, we will defer to a tribe’s decision to allow for any compensation negotiated by the tribe.

(c) If the conditions in paragraph (a) or (b) of this section are not met, we will require that the grantee pay fair market value based on a valuation in accordance with §169.114.

§ 169.111 Must a right-of-way grant for tribal land provide for compensation reviews or adjustments?

For a right-of-way grant over or across tribal land, no periodic review of the adequacy of compensation or adjustment is required, unless the tribe negotiates for reviews or adjustments.

§ 169.112 How much monetary compensation must be paid for a right-of-way over or across individually owned Indian land?

(a) A right-of-way over or across individually owned Indian land must require compensation of not less than fair market value, unless paragraph (b) or (c) of this section permit a lesser amount. Compensation may also include additional fees, including but not limited to throughput fees, severance damages, franchise fees, avoidance value, bonuses, or other factors. Compensation may be based on a fixed amount, a percentage of the projected income, or some other method. The grant must establish how the fixed amount, percentage, or combination will be calculated and the frequency at which the payments will be made.

(b) We may approve a right-of-way over or across individually owned Indian land that provides for nominal compensation, or compensation less than a fair market value, if:

(1) The grantee is a utility cooperative and is providing a direct benefit to the Indian land; or
(2) The grantee is a tribal utility; or
(3) The individual Indian landowners execute a written waiver of the right to receive fair market value and we determine it is in the individual Indian landowners’ best interest, based on factors including, but not limited to:

(i) The grantee is a member of the immediate family, as defined in §169.2, of an individual Indian landowner;
(ii) The grantee is a co-owner in the affected tract;
(iii) A special relationship or circumstances exist that we believe warrant approval of the right-of-way; or
(iv) We have waived the requirement for a valuation under paragraph (d) of this section.

(c) We will require a valuation to determine fair market value, unless:

(1) 100 percent of the individual Indian landowners submit to us a written request to waive the valuation requirement; or
(2) We waive the requirement under paragraph (d) of this section.

(d) The grant must provide that the non-consenting individual Indian landowners, and those on whose behalf we have consented under §169.106(c), or granted the right-of-way without consent under §169.107(b), receive fair market value, as determined by a valuation, unless:

(1) The grantee is a utility cooperative and is providing a direct benefit to the Indian land; or
(2) The grantee is a tribal utility; or
(3) We waive the requirement because the tribe or grantee will construct infrastructure improvements benefitting the individual Indian landowners, and we determine in writing that the waiver is in the best interest of all the landowners.
§ 169.113 Must a right-of-way grant for individually owned Indian land provide for compensation reviews or adjustments?

(a) For a right-of-way grant of individually owned Indian land, a review of the adequacy of compensation must occur at least every fifth year, in the manner specified in the grant unless:

(1) Payment is a one-time lump sum;

(2) The term of the right-of-way grant is 5 years or less;

(3) The grant provides for automatic adjustments; or

(4) We determine it is in the best interest of the Indian landowners not to require a review or automatic adjustment based on circumstances including, but not limited to, the following:

(i) The right-of-way grant provides for payment of less than fair market value;

(ii) The right-of-way grant provides for most or all of the compensation to be paid during the first 5 years of the grant term or before the date the review would be conducted; or

(iii) The right-of-way grant provides for graduated rent or non-monetary or varying types of compensation.

(b) The grant must specify:

(1) When adjustments take effect;

(2) Who can make adjustments;

(3) What the adjustments are based on; and

(4) How to resolve disputes arising from the adjustments.

(c) When a review results in the need for adjustment of compensation, the Indian landowners must consent to the adjustment in accordance with §169.107, unless the grant provides otherwise.

§ 169.114 How will BIA determine fair market value for a right-of-way?

(a) We will use a market analysis, appraisal, or other appropriate valuation method to determine the fair market value before we grant a right-of-way over or across individually owned Indian land. We will also use a market analysis, appraisal, or other appropriate valuation method to determine, at the request of the tribe, the fair market value of tribal land.

(b) We will either:

(1) Prepare, or have prepared, a market analysis, appraisal, or other appropriate valuation method; or

(2) Approve use of a market analysis, appraisal, or other appropriate valuation method from the Indian landowners or grantee.

(c) We will use or approve use of a market analysis, appraisal, or other appropriate valuation method only if it:

(1) Has been prepared in accordance with USPAP or a valuation method developed by the Secretary under 25 U.S.C. 2214 and complies with Departmental policies regarding appraisals, including third-party appraisals; or

(2) Has been prepared by another Federal agency.

§ 169.115 When are monetary compensation payments due under a right-of-way?

Compensation for a right-of-way may be a one-time, lump sum payment, or may be paid in increments (for example, annually).

(a) If compensation is a one-time, lump sum payment, the grantee must make the payment by the date we grant the right-of-way, unless stated otherwise in the grant.

(b) If compensation is to be paid in increments, the right-of-way grant must specify the dates on which all payments are due. Payments are due at the time specified in the grant, regardless of whether the grantee receives an advance billing or other notice that a payment is due. Increments may not be more frequent than quarterly if payments are made to us on the Indian landowners’ behalf.

§ 169.116 Must a right-of-way specify who receives monetary compensation payments?

(a) A right-of-way grant must specify whether the grantee will make payments directly to the Indian landowners (direct pay) or to us on their behalf.

(b) The grantee may make payments directly to the tribe if the tribe so chooses. The grantee may make payments directly to the Indian landowners if:

(1) The Indian landowners’ trust accounts are unencumbered accounts;

(2) There are 10 or fewer beneficial owners; and

(3) One hundred percent of the beneficial owners (including those on whose
§ 169.120 What other types of payments are required for a right-of-way?

(a) The grantee may be required to pay additional fees, taxes, and assessments associated with the application for use of the land or use of the land, as determined by entities having jurisdiction, except as provided in §169.11. The
§ 169.121 How will compensation be distributed among the life tenants and owners of the remainder interests?

If a will created the life estate and specifies how the compensation will be distributed among the life tenants and owners of the remainder interests, those terms will establish the distribution. Otherwise:

(a) The owners of the remainder interests and the life tenant may enter into a right-of-way or other written agreement approved by the Secretary providing for the distribution of rent monies under the right-of-way; or

(b) If the owners of the remainder interests and life tenant did not enter into an agreement for distribution, the life tenant will receive payment in accordance with the distribution and calculation scheme set forth in part 179 of this chapter.

§ 169.122 Who does the grantee pay if there is a life estate on the tract?

The grantee must pay compensation directly to the life tenant under the terms of the right-of-way unless the whereabouts of the life tenant are unknown, in which case we may collect compensation on behalf of the life tenant.

GRANTS OF RIGHTS-OF-WAY

§ 169.123 What is the process for BIA to grant a right-of-way?

(a) Before we grant a right-of-way, we must determine that the right-of-way is in the best interest of the Indian landowners. In making that determination, we will:

(1) Review the right-of-way application and supporting documents;

(2) Identify potential environmental impacts and adverse impacts, and ensure compliance with all applicable Federal environmental, land use, historic preservation, and cultural resource laws and ordinances; and

(3) Require any modifications or mitigation measures necessary to satisfy any requirements including any other Federal or tribal land use requirements.

(b) Upon receiving a right-of-way application, we will promptly notify the applicant whether the package is complete. A complete package includes all of the information and supporting documents required under this subpart, including but not limited to, an accurate legal description for each affected tract, documentation of landowner consent, NEPA review documentation and valuation documentation, where applicable.

(1) If the right-of-way application package is not complete, our letter will identify the missing information or documents required for a complete package. If we do not respond to the submission of an application package, the parties may take action under §169.304.

(2) If the right-of-way application package is complete, we will notify the applicant of the date of our receipt of the complete package. Within 60 days of our receipt of a complete package, we will grant or deny the right-of-way, return the package for revision, or inform the applicant in writing that we need additional review time. If we inform the applicant in writing that we need additional time, then:

(i) Our letter informing the applicant that we need additional review time must identify our initial concerns and invite the applicant to respond within 15 days of the date of the letter; and

(ii) We will issue a written determination granting or denying the right-of-way within 30 days from sending the letter informing the applicant that we need additional time.

(c) If we do not meet the deadlines in this section, then the applicant may take appropriate action under §169.304.

(d) We will provide any right-of-way denial and the basis for the determination, along with notification of any appeal rights under part 2 of this chapter to the parties to the right-of-way. If the right-of-way is granted, we will
provide a copy of the right-of-way to the tribal landowner and, upon written request, make copies available to the individual Indian landowners, and provide notice under §169.12.

§ 169.124 How will BIA determine whether to grant a right-of-way?

Our decision to grant or deny a right-of-way will be in writing.  
(a) We will grant a right-of-way unless:

(1) The requirements of this subpart have not been met, such as if the required landowner consent has not been obtained under §169.107; or

(2) We find a compelling reason to withhold the grant in order to protect the best interests of the Indian landowners.

(b) We will defer, to the maximum extent possible, to the Indian landowners’ determination that the right-of-way is in their best interest.

(c) We may not unreasonably withhold our grant of a right-of-way.

(d) We may grant one right-of-way for all of the tracts traversed by the right-of-way, or we may issue separate grants for one or more tracts traversed by the right-of-way.

§ 169.125 What will the grant of right-of-way contain?

(a) The grant will incorporate the conditions or restrictions set out in the Indian landowners’ consents.

(b) The grant will address:

(1) The use(s) the grant is authorizing;

(2) Whether assignment of the right-of-way is permitted and, if so, whether additional consent is required for the assignment and whether any additional compensation is owed to the landowners;

(3) Whether mortgaging of the right-of-way is permitted and, if so, whether additional consent is required for the mortgage and whether any additional compensation is owed to the landowners; and

(4) Ownership of permanent improvements under §169.130.

(c) The grant will state that:

(1) The tribe maintains its existing jurisdiction over the land, activities, and persons within the right-of-way under §169.10 and reserves the right of the tribe to reasonable access to the lands subject to the grant to determine grantee’s compliance with consent conditions or to protect public health and safety;

(2) The grantee has no right to any of the products or resources of the land, including but not limited to, timber, forage, mineral, and animal resources, unless otherwise provided for in the grant;

(3) BIA may treat any provision of a grant that violates Federal law as a violation of the grant; and

(4) If historic properties, archeological resources, human remains, or other cultural items not previously reported are encountered during the course of any activity associated with this grant, all activity in the immediate vicinity of the properties, resources, remains, or items will cease and the grantee will contact BIA and the tribe with jurisdiction over the land to determine how to proceed and appropriate disposition.

(5) The grantee must:

(i) Construct and maintain improvements within the right-of-way in a professional manner consistent with industry standards;

(ii) Pay promptly all damages and compensation, in addition to bond or alternative form of security made pursuant to §169.103, determined by the BIA to be due the landowners and authorized users and occupants of land as a result of the granting, construction, and maintenance of the right-of-way;

(iii) Restore the land as nearly as may be possible to its original condition, upon the completion of construction, to the extent compatible with the purpose for which the right-of-way was granted, or reclaim the land if agreed to by the landowners;

(iv) Clear and keep clear the land within the right-of-way, to the extent compatible with the purpose of the right-of-way, and dispose of all vegetative and other material cut, uprooted, or otherwise accumulated during the construction and maintenance of the project;

(v) Comply with all applicable laws and obtain all required permits;

(vi) Not commit waste;
§ 169.126 May a right-of-way contain a preference consistent with tribal law for employment of tribal members?

A grant of right-of-way over or across Indian land may include a provision, consistent with tribal law, requiring the grantee to give a preference to qualified tribal members, based on their political affiliation with the tribe.

§ 169.127 Is a new right-of-way grant required for a new use within or overlapping an existing right-of-way?

(a) If you are the grantee, you may use all or a portion of an existing right-of-way for a use not specified in the original grant of the existing right-of-way only if it is within the same scope of the use specified in the original grant of the existing right-of-way.

(1) If you propose to use all or a portion of an existing right-of-way for a use not specified in the original grant of the existing right-of-way and not within the same scope of the use specified in the original grant of the existing right-of-way, and the new use will not require any ground disturbance, you must request an amendment to the existing right-of-way grant.

(2) If you propose to use all or a portion of an existing right-of-way for a use not specified in the original grant of the existing right-of-way and not within the same scope of the use specified in the original grant of the existing right-of-way, and the new use requires ground disturbance, you must request a new right-of-way.

(b) If you are not the grantee:

(1) You may use all or a portion of an existing right-of-way for a use not specified in the original grant of the existing right-of-way if the grantee obtains an assignment to authorize the new use; or

(2) You may use all or a portion of an existing right-of-way for a use not specified in the original grant of the existing right-of-way if you request a new right-of-way within or overlapping the existing right-of-way for the new use.

(c) An example of a use within the same scope is a right-of-way for underground telephone line being used for an underground fiber optic line, and an example of a use that is not within the same scope is a right-of-way for a pipeline being used for a road or railroad.
§ 169.128 When will BIA grant a right-of-way for a new use within or overlapping an existing right-of-way?

We may grant a new right-of-way within or overlapping an existing right-of-way if it meets the following conditions:

(a) The applicant follows the procedures and requirements in this part to obtain a new right-of-way.
(b) The new right-of-way does not interfere with the use or purpose of the existing right-of-way and the applicant has obtained the consent of the existing right-of-way grantee. The existing right-of-way grantee may not unreasonably withhold consent.

§ 169.129 What is required if the location described in the original application and grant differs from the construction location?

(a) If engineering or other complications prevented construction within the location identified in the original application and grant, and required a minor deviation from the location identified in the original application and grant, then we and the tribe, for tribal land, will determine whether the change in location requires one or more of the following:

(1) An amended map of definite location;
(2) Landowner consent;
(3) A valuation or, with landowner consent, a recalculation of compensation;
(4) Additional compensation or security; or
(5) Other actions required to comply with applicable laws.
(b) If BIA and the tribe, for tribal land, determine it is not a minor deviation in location, we may require a new right-of-way grant or amendment to the right-of-way grant.
(c) If we grant a right-of-way for the new route or location, the applicant must execute instruments to extinguish, or amend, as appropriate, the right-of-way at the original location identified in the application.
(d) We will transmit the instruments to extinguish or amend the right-of-way to the LTRO for recording.

§ 169.130 Must a right-of-way grant address ownership of permanent improvements?

(a) A right-of-way grant must specify who will own any permanent improvements the grantee constructs during the grant term and may specify under what conditions, if any, permanent improvements the grantee constructs may be conveyed to the Indian landowners during the grant term. In addition, the grant may indicate whether each specific permanent improvement the grantee constructs will:

(1) Remain on the premises, upon the expiration, cancellation, or termination of the grant, in a condition satisfactory to the Indian landowners, and become the property of the Indian landowners;
(2) Be removed within a time period specified in the grant, at the grantee’s expense, with the premises to be restored as closely as possible to their condition before construction of the permanent improvements; or
(3) Be disposed of by other specified means.
(b) A grant that requires the grantee to remove the permanent improvements must also provide the Indian landowners with an option to take possession of and title to the permanent improvements if the improvements are not removed within the specified time period.

Subpart D—Duration, Renewals, Amendments, Assignments, Mortgages

DURATION & RENEWALS

§ 169.201 How long may the duration of a right-of-way grant be?

(a) All rights-of-way granted under this part are limited to the time periods stated in the grant.
(b) For tribal land, we will defer to the tribe’s determination that the right-of-way term is reasonable.
(c) For individually owned Indian land, we will review the right-of-way duration to ensure that it is reasonable, given the purpose of the right-of-way. We will generally consider a maximum duration of 20 years to be reasonable for the initial term for rights-of-way for oil and gas purposes and a
§ 169.202 Maximum of 50 years, inclusive of the initial term and any renewals, to be reasonable for rights-of-way for all other purposes. We will consider a duration consistent with use to be reasonable for rights-of-way for conservation easements. We will consider durations different from these guidelines if a different duration would benefit the Indian landowners, is required by another Federal agency, or the tribe has negotiated a different duration and the right-of-way crosses tribal land.

§ 169.202 Under what circumstances will a grant of right-of-way be renewed?

A renewal is an extension of term of an existing right-of-way without any other change.

(a) The grantee may request a renewal of an existing right-of-way grant and we will renew the grant as long as:

1. The initial term and renewal terms, together, do not exceed the maximum term determined to be reasonable under § 169.201;

2. The existing right-of-way grant explicitly allows for automatic renewal or an option to renew and specifies compensation owed to the landowners upon renewal or how compensation will be determined;

3. The grantee provides us with a signed affidavit that there is no change in size, type, or location, of the right-of-way;

4. The initial term has not yet ended;

5. No uncured violation exists regarding the regulations in this part or the grant’s conditions or restrictions; and

6. The grantee provides confirmation that landowner consent has been obtained, or if consent is not required because the original right-of-way grant explicitly allows for renewal without the owners’ consent, the grantee provides notice to the landowners of the renewal.

(b) We will record any renewal of a right-of-way grant in the LTRO.

(c) If the proposed renewal involves any change to the original grant or the original grant was silent as to renewals, the grantee must reapply for a new right-of-way in accordance with § 169.101, and we will handle the application for renewal as an original application for a right-of-way.

§ 169.203 May a right-of-way be renewed multiple times?

There is no prohibition on renewing a right-of-way multiple times, unless the grant expressly prohibits multiple renewals, and subject to the duration limitations for individually owned land in § 169.201. The provisions of § 169.202 apply to each renewal.

AMENDMENTS

§ 169.204 May a grantee amend a right-of-way?

(a) An amendment is required to change any provisions of a right-of-way grant. If the change is a material change to the grant, we may require application for a new right-of-way instead.

(b) A grantee may request that we amend a right-of-way to make an administrative modification (i.e., a modification that is clerical in nature, for example to correct the legal description) without meeting consent requirements, as long as the grantee provides landowners with written notice. For all other amendments, the grantee must meet the consent requirements in § 169.107 and obtain our approval.

§ 169.205 What is the approval process for an amendment of a right-of-way?

(a) When we receive an amendment for our approval, we will notify the grantee of the date we receive it. We have 30 days from receipt of the executed amendment, proof of required consents, and required documentation (including but not limited to a corrected legal description, if any, and NEPA compliance) to approve or disapprove the amendment. Our determination whether to approve the amendment will be in writing and will state the basis for our approval or disapproval.

(b) If we need additional time to review, our letter informing the parties that we need additional time to review must identify our initial concerns and invite the parties to respond within 15 days of the date of the letter. We have 30 days from sending the letter informing the parties that we need additional
time to approve or disapprove the amendment.

(c) If we do not meet the deadline in paragraph (a) of this section, or paragraph (b) of this section if applicable, the grantee or Indian landowners may take appropriate action under §169.304.

§ 169.206 How will BIA decide whether to approve an amendment of a right-of-way?

(a) We may disapprove a request for an amendment of a right-of-way only if at least one of the following is true:

1. The Indian landowners have not consented to the amendment under §169.107 and we have not consented on their behalf under §169.108;
2. The grantee’s sureties for the bonds or alternative securities have not consented;
3. The grantee is in violation of the right-of-way grant;
4. The requirements of this subpart have not been met; or
5. We find a compelling reason to withhold approval in order to protect the best interests of the Indian landowners.

(b) We will defer, to the maximum extent possible, to the Indian landowners’ determination that the amendment is in their best interest.

(c) We may not unreasonably withhold approval of an amendment.

ASSIGNMENTS

§ 169.207 May a grantee assign a right-of-way?

(a) A grantee may assign a right-of-way by:

1. Meeting the consent requirements in §169.107, unless the grant expressly allows for assignments without further consent; and
2. Either obtaining our approval, or meeting the conditions in paragraph (b) of this section.

(b) A grantee may assign a right-of-way without BIA approval only if:

1. The original right-of-way grant expressly allows for assignment without BIA approval; and
2. The assignee and grantee provide a copy of the assignment and supporting documentation to BIA for recording in the LTRO within 30 days of the assignment.

(c) Assignments that are the result of a corporate merger, acquisition, or transfer by operation of law are excluded from these requirements, except for the requirement to provide a copy of the assignment and supporting documentation to BIA for recording in the LTRO within 30 days and to the tribe for tribal land.

§ 169.208 What is the approval process for an assignment of a right-of-way?

(a) When we receive an assignment for our approval, we will notify the grantee of the date we receive it. If our approval is required, we have 30 days from receipt of the executed assignment, proof of any required consents, and any required documentation to approve or disapprove the assignment. Our determination whether to approve the assignment will be in writing and will state the basis for our approval or disapproval.

(b) If we do not meet the deadline in this section, the grantee or Indian landowners may take appropriate action under §169.304.

§ 169.209 How will BIA decide whether to approve an assignment of a right-of-way?

(a) We may disapprove an assignment of a right-of-way only if at least one of the following is true:

1. The Indian landowners have not consented to the assignment under §169.107 and their consent is required;
2. Sufficient bonding and/or insurance are not in place;
3. The grantee is in violation of the right-of-way grant;
4. The assignee does not agree to be bound by the terms of the right-of-way grant;
5. The requirements of this subpart have not been met; or
6. We find a compelling reason to withhold approval in order to protect the best interests of the Indian landowners.

(b) We will defer, to the maximum extent possible, to the Indian landowners’ determination that the assignment is in their best interest.

(c) We may not unreasonably withhold approval of an assignment.
§ 169.210 MORTGAGES

May a grantee mortgage a right-of-way?

A grantee may mortgage a right-of-way, if the grant expressly allows mortgaging. The grantee must meet the consent requirements in §169.107, unless the grant expressly allows for mortgaging without consent, and must obtain our approval for the mortgage.

§ 169.211 What is the approval process for a mortgage of a right-of-way?

(a) When we receive a right-of-way mortgage for our approval, we will notify the grantee of the date we receive it. We have 30 days from receipt of the executed mortgage, proof of required consents, and required documentation to approve or disapprove the mortgage. Our determination whether to approve the mortgage will be in writing and will state the basis for our approval or disapproval.

(b) If we do not meet the deadline in this section, the grantee or Indian landowners may take appropriate action under §169.304.

§ 169.212 How will BIA decide whether to approve a mortgage of a right-of-way?

(a) We may disapprove a right-of-way mortgage only if at least one of the following is true:

(1) The Indian landowners have not consented;

(2) The grantee’s sureties for the bonds have not consented;

(3) The requirements of this subpart have not been met; or

(4) We find a compelling reason to withhold approval in order to protect the best interests of the Indian landowners.

(b) In making the finding required by paragraph (a)(4) of this section, we may consider whether:

(1) The mortgage proceeds would be used for purposes unrelated to the right-of-way purpose; and

(2) The mortgage is limited to the right-of-way.

(c) We will defer, to the maximum extent possible, to the Indian landowners’ determinations that the mortgage is in their best interest.

(d) We may not unreasonably withhold approval of a right-of-way mortgage.

Subpart E—Effectiveness

§ 169.301 When will a right-of-way document be effective?

(a) A right-of-way document will be effective on the date we approve the right-of-way document, even if an appeal is filed under part 2 of this chapter.

(b) The right-of-way document may specify a date on which the grantee’s obligations are triggered. Such date may be before or after the approval date under paragraph (a) of this section.

§ 169.302 Must a right-of-way be recorded?

(a) Any right-of-way document must be recorded in our LTRO with jurisdiction over the affected Indian land.

(b) The tribe must record right-of-way documents for the following types of rights-of-way in the LTRO with jurisdiction over the affected Indian lands, even though BIA approval is not required:

(1) Grants on tribal land for a tribal utility under §169.4;

(2) Grants on tribal land under a special act of Congress authorizing grants without our approval under certain conditions.

§ 169.303 What happens if BIA denies a right-of-way document?

If we deny the right-of-way grant, renewal, amendment, assignment, or mortgage, we will notify the parties immediately and advise the landowners and the applicant of their right to appeal the decision under part 2 of this chapter.
§ 169.304 What happens if BIA does not meet a deadline for issuing a decision on a right-of-way document?

(a) If a Superintendent does not meet a deadline for granting or denying a right-of-way, renewal, amendment, assignment, or mortgage, the parties may file a written notice to compel action with the appropriate Regional Director.

(b) The Regional Director has 15 days from receiving the notice to:
   (1) Grant or deny the right-of-way; or
   (2) Order the Superintendent to grant or deny the right-of-way within the time set out in the order.

(c) Either party may file a written notice to compel action with the BIA Director if:
   (1) The Regional Director does not meet the deadline in paragraph (b) of this section;
   (2) The Superintendent does not grant or deny the right-of-way within the time set by the Regional Director under paragraph (b)(2) of this section; or
   (3) The initial decision on the right-of-way, renewal, amendment, assignment, or mortgage is with the Regional Director, and he or she does not meet the deadline for such decision.

(d) The BIA Director has 15 days from receiving the notice to:
   (1) Grant or deny the right-of-way; or
   (2) Order the Regional Director or Superintendent to grant or deny the right-of-way within the time set out in the order.

(e) If the Regional Director or Superintendent does not grant or deny the right-of-way within the time set out in the order under paragraph (d)(2) of this section, then the BIA Director must issue a decision within 15 days from the expiration of the time set out in the order.

(f) The parties may file an appeal from our inaction to the Interior Board of Indian Appeals if the BIA Director does not meet the deadline in paragraph (d) or (e) of this section.

(g) The provisions of 25 CFR 2.8 do not apply to the inaction of BIA officials with respect to a granting or denying a right-of-way, renewal, amendment, assignment, or mortgage under this subpart.

§ 169.305 Will BIA require an appeal bond for an appeal of a decision on a right-of-way document?

(a) If a party appeals our decision on a right-of-way document, then the official to whom the appeal is made may require the appellant to post an appeal bond in accordance with part 2 of this chapter. We will not require an appeal bond if the tribe is a party to the appeal and requests a waiver of the appeal bond.

(b) The appellant may not appeal the appeal bond decision. The appellant may, however, request that the official to whom the appeal is made reconsider the bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

Subpart F—Compliance and Enforcement

§ 169.401 What is the purpose and scope of this subpart?

This subpart describes the procedures we use to address compliance and enforcement related to rights-of-way on Indian land. Any abandonment, non-use, or violation of the right-of-way grant or right-of-way document, including but not limited to encroachments beyond the defined boundaries, accidental, willful, and/or incidental trespass, unauthorized new construction, changes in use not permitted in the grant, and late or insufficient payment may result in enforcement actions including, but not limited to, cancellation of the grant.

§ 169.402 Who may investigate compliance with a right-of-way?

(a) BIA may investigate compliance with a right-of-way.

(1) If an Indian landowner notifies us that a specific abandonment, non-use, or violation has occurred, we will promptly initiate an appropriate investigation.

(2) We may enter the Indian land subject to a right-of-way at any reasonable time, upon reasonable notice, and consistent with any notice requirements under applicable tribal law and applicable grant documents, to protect the interests of the Indian landowners and to determine if the grantee is in
§ 169.403 May a right-of-way provide for negotiated remedies?

(a) The tribe and the grantee on tribal land may negotiate remedies for a violation, abandonment, or non-use. The negotiated remedies must be stated in the tribe’s consent to the right-of-way grant, which BIA will then incorporate into the grant itself. The negotiated remedies may include, but are not limited to, the power to terminate the right-of-way grant. If the negotiated remedies provide one or both parties with the power to terminate the grant:

(1) BIA approval of the termination is not required;

(2) The termination is effective without BIA cancellation; and

(3) The tribe must provide us with written notice of the termination so that we may record it in the LTRO.

(b) The Indian landowners and the grantee to a right-of-way grant on individually owned Indian land may negotiate remedies, so long as the consent also specifies the manner in which those remedies may be exercised by or on behalf of the Indian landowners of the majority interest under §169.107. If the negotiated remedies provide one or both parties with the power to terminate the grant:

(1) BIA concurrence with the termination is required to ensure that the Indian landowners of the applicable percentage of interests have consented; and

(2) BIA will record the termination in the LTRO.

(c) The parties must notify any nearby utility of any violation that may result in termination and the termination of a right-of-way.

(d) Negotiated remedies may apply in addition to, or instead of, the cancellation remedy available to us, as specified in the right-of-way grant. The landowners may request our assistance in enforcing negotiated remedies.

(e) A right-of-way grant may provide that violations will be addressed by a tribe, and that disputes will be resolved by a tribal court, any other court of competent jurisdiction, or by a tribal governing body in the absence of a tribal court, or through an alternative dispute resolution method. We may not be bound by decisions made in such forums, but we will defer to ongoing actions or proceedings, as appropriate, in deciding whether to exercise any of the remedies available to us.

§ 169.404 What will BIA do about a violation of a right-of-way grant?

(a) In the absence of actions or proceedings described in §169.403 (negotiated remedies), or if it is not appropriate for us to defer to the actions or proceedings, we will follow the procedures in paragraphs (b) and (c) of this section. We will consult with the tribe for tribal land or, where feasible, communicate with Indian landowners for individually owned Indian land, and determine whether a violation has occurred.

(b) If we determine there has been a violation of the conditions of a grant, other than a violation of payment provisions covered by paragraph (c) of this section, we will promptly send the grantee a written notice of violation.

(1) We will send a copy of the notice of violation to the tribe for tribal land, or provide constructive notice to Indian landowners for individually owned Indian land.

(2) The notice of violation will advise the grantee that, within 10 business days of the receipt of a notice of violation, the grantee must:

(i) Cure the violation and notify us, and the tribe for tribal land, in writing that the violation has been cured;

(ii) Dispute our determination that a violation has occurred; or

(iii) Request additional time to cure the violation.

(3) A grantee’s failure to pay compensation in the time and manner required by a right-of-way grant is a violation, and we will issue a notice of violation in accordance with this paragraph.
§ 169.406 What will BIA do if the grantee does not cure a violation of a right-of-way grant on time?

(a) If the grantee does not cure a violation of a right-of-way grant within the required time period, or provide adequate proof of payment as required in the notice of violation, we will consult with the tribe for tribal land or, where feasible, communicate with Indian landowners for individually owned Indian land, and determine whether:

(1) We should cancel the grant;

(2) The Indian landowners wish to invoke any remedies available to them under the grant;

(3) We should invoke other remedies available under the grant or applicable law, including collection on any available bond or, for failure to pay compensation, referral of the debt to the Department of the Treasury for collection;

(4) The grantee should be granted additional time in which to cure the violation.

(b) Following consultation with the tribe for tribal land or, where feasible, communication with Indian landowners for individually owned Indian land, and determine whether:

(1) We may take action to recover unpaid compensation due under the grant;

(2) We may take action to recover unpaid compensation even though we cancel the grant.

(c) If we decide to cancel the grant, we will send the grantee a cancellation letter by certified mail, return receipt requested, within 5 business days of our decision. We will send a copy of the cancellation letter to the tribe for tribal land, and will provide Indian landowners for individually owned Indian land with actual notice of the cancellation. The cancellation letter will:

(1) Explain the grounds for cancellation;

(2) If applicable, notify the grantee of the amount of any unpaid compensation or late payment charges due under the grant;

(3) Notify the grantee of the grantee’s right to appeal under part 2 of this chapter, including the possibility that the official to whom the appeal is made may require the grantee to post an appeal bond;

(4) Order the grantee to vacate the property within the timeframe reflected in the termination terms of the grant, or within 31 days of the date of receipt of the cancellation letter, or within such longer period of time in extraordinary circumstances considering the protection of trust resources and the best interest of the Indian landowners, if an appeal is not filed by that time; and

(5) Order the grantee to take any other action BIA deems necessary to protect the Indian land.

(d) We may invoke any other remedies available to us under the grant, including collecting on any available bond, and the Indian landowners may pursue any available remedies under tribal law.

(e) We will issue an appropriate instrument cancelling the right-of-way and transmit it to the LTRO pursuant to 25 CFR part 150 for recording and filing.

§ 169.406 Will late payment charges, penalties, or special fees apply to delinquent payments due under a right-of-way grant?

(a) Late payment charges and penalties will apply as specified in the grant. The failure to pay these amounts will be treated as a violation.

(b) We may assess the following special fees to cover administrative costs incurred by the United States in the
§ 169.407 How will payment rights relating to a right-of-way grant be allocated?

The right-of-way grant may allocate rights to payment for any proceeds, trespass damages, condemnation awards, settlement funds, and other payments between the Indian landowners and the grantee. If not specified in the grant, applicable policy, order, award, judgment, or other document, the Indian landowners will be entitled to receive these payments.

§ 169.408 What is the process for cancelling a right-of-way for non-use or abandonment?

(a) We may cancel, in whole or in part, any rights-of-way granted under this part 30 days after mailing written notice to the grantee at its latest address, for a nonuse of the right-of-way for a consecutive 2-year period for the purpose for which it was granted. If the grantee fails to correct the basis for cancellation by the 30th day after we mailed the notice, we will issue an appropriate instrument cancelling the right-of-way and transmit it to the LTRO pursuant to part 150 of this chapter for recording and filing.

(b) We may cancel, in whole or in part, any rights-of-way granted under this part immediately upon abandonment of the right-of-way by the grantee. We will issue an appropriate instrument cancelling the right-of-way and transmit it to the LTRO pursuant to part 150 of this chapter for recording and filing.

(c) The cancellation notice will notify the grantee of the grantee’s right to appeal under part 2 of this chapter, including the possibility of that the official to whom the appeal is made will require the grantee to post an appeal bond.

§ 169.409 When will a cancellation of a right-of-way grant be effective?

(a) A cancellation involving a right-of-way grant will not be effective until 31 days after the grantee receives a cancellation letter from us, or 41 days from the date we mailed the letter, whichever is earlier.

(b) The cancellation decision will not be effective if an appeal is filed unless the cancellation is made immediately effective under part 2 of this chapter. When a cancellation decision is not immediately effective, the grantee must continue to pay compensation and comply with the other terms of the grant.

§ 169.410 What will BIA do if a grantee remains in possession after a right-of-way expires or is terminated or cancelled?

If a grantee remains in possession after the expiration, termination, or cancellation of a right-of-way, and is not accessing the land to perform reclamation or other remaining grant obligations, we may treat the unauthorized possession as a trespass under applicable law and will communicate with the Indian landowners in making the determination whether to treat the unauthorized possession as a trespass. Unless the parties have notified us in writing that they are engaged in good faith negotiations to renew or obtain a new right-of-way, we may take action to recover possession on behalf of the Indian landowners, and pursue any additional remedies available under applicable law, such as a forcible entry and detainer action. The holdover time will be charged against the new term.

§ 169.411 Will BIA appeal bond regulations apply to cancellation decisions involving right-of-way grants?

(a) Except as provided in paragraph (b) of this section, the appeal bond provisions in part 2 of this chapter will govern appeals from right-of-way cancellation decisions.

(b) The grantee may not appeal the appeal bond decision. The grantee may, however, request that the official to whom the appeal is made reconsider...
the appeal bond decision, based on extraordinary circumstances. Any reconsideration decision is final for the Department.

§ 169.412 When will BIA issue a decision on an appeal from a right-of-way decision?

BIA will issue a decision on an appeal from a right-of-way decision within 60 days of receipt of all pleadings.

§ 169.413 What if an individual or entity takes possession of or uses Indian land or BIA land without a right-of-way or other proper authorization?

If an individual or entity takes possession of, or uses, Indian land or BIA land without a right-of-way and a right-of-way is required, the unauthorized possession or use is a trespass. An unauthorized use within an existing right-of-way is also a trespass. We may take action to recover possession, including eviction, on behalf of the Indian landowners and pursue any additional remedies available under applicable law. The Indian landowners may pursue any available remedies under applicable law, including applicable tribal law.

§ 169.414 May BIA take emergency action if Indian land is threatened?

(a) We may take appropriate emergency action if there is a natural disaster or if an individual or entity causes or threatens to cause immediate and significant harm to Indian land or BIA land. Emergency action may include judicial action seeking immediate cessation of the activity resulting in or threatening the harm.

(b) We will make reasonable efforts to notify the individual Indian landowners before and after taking emergency action on Indian land. In all cases, we will notify the Indian landowners after taking emergency action on Indian land. We will provide written notification of our action to the Indian tribe exercising jurisdiction over the Indian land before and after taking emergency action on Indian land.

§ 169.415 How will BIA conduct compliance and enforcement when there is a life estate on the tract?

(a) We may monitor the use of the land, as appropriate, and will enforce the terms of the right-of-way on behalf of the owners of the remainder interests, but will not be responsible for enforcing the right-of-way on behalf of the life tenant.

(b) The life tenant may not cause or allow permanent injury to the land.

(1) 27 percent in the ratio that the total eligible road mileage in each Tribe bears to the total eligible road mileage of all American Indians and Alaskan Natives. For the purposes of this calculation, eligible road mileage will be computed using only facilities included in the inventory described below:

(i) Were included in the BIA System Inventory prior to October 1, 2004;
(ii) Are owned by an Indian Tribal government;
(iii) Are owned by the Bureau of Indian Affairs.

(2) 39 percent in the ratio that the total population in each Tribe bears to the total population of all American Indians and Alaskan Natives; and

(3) 34 percent will be initially divided equally among each BIA Region.

(b) The share of funds will be distributed to each Indian Tribe within the BIA Region in the ratio that the average total relative need distribution factors and population adjustment factors from fiscal years 2005 through 2011 in that region.

(i) $82,500,000; plus

(ii) 12.5 percent of the amount made available for the Tribal transportation program in excess of $275,000,000.

(b) The Tribal supplemental program funds will be distributed as follows:

(1) Initially, the Tribal supplemental program funding determined in paragraph (a) of this section will be designated among the BIA Regions in proportion to the regional total of Tribal shares based on the cumulative Tribal shares of all Indian Tribes within the region under § 170.201.

(2) After paragraph (b)(1) of this section is completed, the Tribal supplemental program funding designated for each region will be distributed among the Tribes within the region as follows:

(i) The Secretaries will determine which Tribes would be entitled under §170.200 to receive in a fiscal year less

§ 170.230  How long must a project financed through flexible financing remain on a TTPTIP?

Tribes must identify each TTP project financed through flexible financing along with the repayment amount on their annual TTPTIP until the flexible financing instrument has been satisfied.

§ 170.240  What TTP project and activity data must be submitted annually to the Secretaries?

(a) In accordance with 23 U.S.C. 201(c)(6)(C), no later than 90 days after the last day of each fiscal year, any entity carrying out a project under the TTP under 23 U.S.C. 202 shall submit to the Secretaries, based on obligations and expenditures under the TTP during the preceding fiscal year, the following data:

§ 170.405 How must Tribes use planning funds?
TTP funds as defined in 23 U.S.C. 202(c) are available to a Tribal government to support Tribal transportation planning and associated activities, including:
(a) Attending transportation planning meetings;
(b) Pursuing other sources of funds; and
(c) Developing the Tribal priority list, TTIP, LRTP, or any of the transportation planning functions and activities listed in § 170.402.

§ 170.403 What TTP funds can be used for transportation planning?
Funds as defined in 23 U.S.C. 202(c) are allocated to an Indian Tribal government to carry out transportation planning. Tribes may also identify transportation planning as a priority use for their TTP Tribal share formula funds. In both cases, the fund source and use must be clearly identified on a FHWA-approved TTPTIP.

§ 170.402 What is the Tribal role in transportation planning?
(a) All Tribes must prepare a TTIP or Tribal priority list.
(b) Tribes operating with a Program Agreement or BIA self-determination contract, TTP agreement, or self-government agreement may assume any of the following planning functions:
(1) Coordinating with States and their political subdivisions, and appropriate planning authorities on regionally significant TTP projects;
(2) Preparing NTTFI data updates and ensuring that the data is entered into the NTTFI;

(12) Researching rights-of-way documents for project planning; and
(13) Performing preliminary project planning or project identification studies.
§ 170.409 What is the purpose of long-range transportation planning?

(a) The purpose of long-range transportation planning is to clearly demonstrate a Tribe’s transportation needs and to develop strategies to meet these needs. These strategies should address future land use, economic development, traffic demand, public safety, and health and social needs. The planning process should result in a LRTP.

(b) The time horizon for a LRTP should be 20 years to match State transportation planning horizons.

§ 170.410 How does a long-range transportation plan relate to the NTTFI?

A LRTP is developed using a uniform process that identifies the transportation needs and priorities of a Tribe. The NTTFI (see §170.442) is derived from transportation facilities identified through an LRTP. It is also a means for identifying projects and activities for the TTP.

§ 170.411 What should a long-range transportation plan include?

A LRTP should include:

(a) An evaluation of a full range of transportation modes and connections between modes such as highway, rail, air, and water, to meet transportation needs;

(b) Trip generation studies, including determination of traffic generators due to land use;

(c) Social and economic development planning to identify transportation improvements or needs to accommodate existing and proposed land use in a safe and economical fashion;

(d) Measures that address health and safety concerns relating to transportation improvements;

(e) A review of the existing and proposed transportation system to identify the relationships between transportation and the environment;

(f) Cultural preservation planning to identify important issues and develop a transportation plan that is sensitive to Tribal cultural preservation;

(g) Scenic byway and tourism plans;

(h) Measures that address energy conservation considerations;

(i) A prioritized list of short- and long-term transportation needs; and

(j) An analysis of funding alternatives to implement plan recommendations.

§ 170.412 How is the Tribal TTP long-range transportation plan developed and approved?

(a) The Tribal TTP long-range transportation plan is developed by either:

(1) A Tribe working through a self-determination contract, self-governance agreement, Program Agreement; and other appropriate agreement; or

(2) BIA or FHWA upon request of, and in consultation with, a Tribe. The Tribe and BIA or FHWA need to agree on the methodology and elements included in development of the TTP long-range transportation plan along with time frames before work begins. The development of a long-range transportation plan on behalf of a Tribe will be funded from the Tribe’s share of the TTP funds.

(b) During the development of the TTP long-range transportation plan, the Tribe and BIA or FHWA will jointly conduct a midpoint review.

(c) The public reviews a draft TTP long-range transportation plan as required by §170.413. The plan is further refined to address any issues identified during the public review process. The Tribe then approves the TTP long-range transportation plan.

§ 170.413 What is the public’s role in developing the long-range transportation plan?

BIA, FHWA, or the Tribe must solicit public involvement. If there are no Tribal policies regarding public involvement, a Tribe must use the procedures in this section. Public involvement begins at the same time long-range transportation planning begins and covers the range of users, from stakeholders and private citizens to major public and private entities. Public involvement must include either meetings or notices, or both.

(a) For public meetings, BIA, FHWA or the Tribe must:

(1) Advertise each public meeting in local and Tribal public newspapers at least 15 days before the meeting date.
§ 170.421 What is the Tribal Transportation Improvement Program (TTIP)?

(a) The TTIP:
(1) Is developed from and must be consistent with the Tribe’s Tribal priority list or LRTP;
(2) Is financially constrained for all identified funding sources;
(3) Must identify (year by year) all TTP funded projects and activities that are expected to be carried out over the next four years as well as the projected costs and all other funding sources that are expected to be used on those projects. Although 23 U.S.C. 134(j)(1)(D) indicates a TIP must be updated once every four years, Tribes are encouraged to update the TTIP annually to best represent the plans of the Tribe;
(4) Must identify all projects and activities that are funded through other Federal, State, county, and municipal transportation funds and are carried...
§ 170.422 How does the public participate in developing the TTIP?

Public involvement is required in the development of the TTIP.

(a) The Tribe must publish a notice in local and/or Tribal newspapers when the draft TTIP is complete. In the absence of local public newspapers, the Tribe or BIA may post notices under locally acceptable practices. The notice must indicate where a copy can be obtained, a contact person for questions, where comments may be submitted, and the deadline for submitting comments. A copy of the notice will be made available to BIA or FHWA upon request.

(b) The Tribe may hold public meetings at which the public may comment orally or in writing.

(c) The Tribe, the State transportation department, or MPO may conduct public involvement activities.

§ 170.423 How are annual updates or amendments to the TTIP conducted?

(a) The TTIP annual update allows:

(1) Changes to schedules and funding amounts for identified projects and activities; and

(2) The addition of transportation projects and activities planned for the next four years.

(b) During the first quarter of a fiscal year, Tribes will be notified of the opportunity to update their TTIP. This notification will contain information on where the Tribes can access their estimated TTP funding amounts for that fiscal year, and will include a copy of their previously approved TTIP, as well as instructions for submitting the annual update.

(c) The Tribe must then review any new transportation planning information and priority lists, update their TTIP using the procedures in §170.421, and forward the documentation to their respective BIA Regional Office or to FHWA.

(d) If forwarded to:

(1) A BIA Regional Office—The Office will review all submitted information with the Tribe and provide a written response (concurring, denying, or requesting additional information) within 45 days. If the BIA regional office concurs in the TTIP, it is then forwarded to FHWA for final approval.

(2) FHWA—FHWA will review all submitted information with the Tribe and provide a written response (approving, denying, or requesting additional information) within 45 days. Once a proposed TTIP update is approved by FHWA, it will be included in that year’s overall TTPTIP.

(e) The Tribe may amend their approved TTIP at any time using the procedures in §170.421 and paragraph (d) of this section in order to add a new project or activity within the current fiscal year that they intend to expend TTP funds on.

§ 170.424 What is the TTP Transportation Improvement Program (TTPTIP)?

(a) Each year, FHWA will compile the approved TTIPs for all of the Tribes into one document called the TTPTIP. This document will identify all expected projects and activities over a four-year period and will be organized by fiscal year, State, and Tribe.

(b) FHWA and BIA will post the approved TTPTIP on their respective Web sites. A subset of the TTPTIP that identifies only design and construction activities will annually be provided to the pertinent FHWA Division office for further transmittal to each State Transportation Office/Department for
§ 170.435 When is a public hearing required?
The Tribe, or BIA or FHWA after consultation with the appropriate Tribe and other involved agencies, determines whether or not a public hearing is needed for a TTPTIP, a LRTP, or a project. A public hearing must be held if a project:
(a) Is for the construction of a new route or facility;
(b) Would significantly change the layout or function of connecting or related roads or streets;
(c) Would cause a substantial adverse effect on adjacent property; or
(d) Is controversial or expected to be controversial in nature.

§ 170.436 How are public hearings for TTP planning and projects funded?
Public hearings for a TTIP or a Tribe’s LRTP are funded using the Tribe’s funds as described in § 170.403.

§ 170.437 If there is no hearing, how must BIA, FHWA, or a Tribe inform the public?
(a) When no public hearing for a TTP project is scheduled, the BIA, FHWA, or a Tribe must give adequate notice to the public before project activities are scheduled to begin. The notice should include:
(1) Project location;
(2) Type of improvement planned;
(3) Dates and schedule for work;
(4) Name and address where more information is available; and
(5) Provisions for requesting a hearing.
(b) If the work is not to be performed by the Tribe, BIA will send a copy of the notice to the affected Tribe.

§ 170.438 How must BIA, FHWA, or a Tribe inform the public when a hearing is held?
(a) When BIA, FHWA, or a Tribe holds a hearing under this part, it must notify the public of the hearing by publishing a notice with information about the project, how to attend the hearing, and where copies of documents can be obtained or viewed.
(b) BIA or the Tribe must publish the notice by:
(1) Posting the notice and publishing it in a newspaper of general circulation at least 30 days before the public hearing; and,
(2) Sending a courtesy copy of the notice to each affected Tribe and BIA Regional Office.
(c) A second notice for a hearing is optional.

§ 170.439 How is a public hearing conducted?
(a) Presiding official. A Tribal (tribal council) or Federal (FHWA or BIA) official will be appointed to preside over the public hearing. The presiding official must encourage a free and open discussion of the issues.
(b) Record of hearing. The presiding official is responsible for compiling the official record of the hearing. A record of a hearing is a summary of oral testimony and all written statements submitted at the hearing. Additional written comments made or provided at the hearing, or within five working days of the hearing, will be made a part of the record.

(c) Hearing process. (1) The presiding official explains the purpose of the hearing and provides an agenda;
(2) The presiding official solicits public comments from the audience on the merits of TTP projects and activities; and
(3) The presiding official informs the hearing audience of the appropriate procedures for a proposed TTP project or activity that may include, but are not limited to:
(i) Project development activities;
(ii) Rights-of-way acquisition;
(iii) Environmental and archeological clearance;
(iv) Relocation of utilities and relocation services;
(v) Authorized payments under the Uniform Relocation Assistance and Real Property Acquisition Policies Act, 42 U.S.C. 4601 et seq., as amended;
(vi) Draft transportation plan; and
(vii) The scope of the project and its effect on traffic during and after construction.
(d) Availability of information. Appropriate maps, plats, project plans, and specifications will be available at the
hearing for public review. Appropriate officials must be present to answer questions.
(e) Opportunity for comment. Comments are received as follows:
(1) Oral statements at the hearing;
(2) Written statements submitted at the hearing; and
(3) Written statements sent to the address noted in the hearing notice within five working days following the public hearing.

§ 170.440 How can the public learn the results of a public hearing?
Within 20 working days after the public hearing, the presiding official will issue and post at the hearing site a statement that:
(a) Summarizes the results of the hearing;
(b) Explains any needed further action;
(c) Explains how the public may request a copy; and
(d) Outlines appeal procedures.

§ 170.441 Can a decision resulting from a hearing be appealed?
Yes. A decision resulting from the public hearing may be appealed under 25 CFR part 2.

NATIONAL TRIBAL TRANSPORTATION FACILITY INVENTORY

§ 170.442 What is the National Tribal Transportation Facility Inventory?
(a) The National Tribal Transportation Facility Inventory (NTTFI), is defined under §170.5 of this part.
(b) BIA, FHWA, or Tribes can also use the NTTFI to assist in transportation and project planning, justify expenditures, identify transportation needs, maintain existing TTP facilities, and develop management systems.
(c) The Secretaries may include additional transportation facilities in the NTTFI if the additional facilities are included in a uniform and consistent manner nationally.
(d) As required by 23 U.S.C. 144, all bridges in the NTTFI will be inspected and recorded in the national bridge inventory administered by the Secretary of Transportation.
(e) In accordance with 23 U.S.C. 202(b)(1)(A–B) and the principles of program stewardship and oversight, the Secretaries have the authority to maintain the NTTFI and shall ensure the eligibility of the facilities and the accuracy of the data included in the NTTFI.

§ 170.443 What is required to successfully include a proposed transportation facility in the NTTFI?
(a) A proposed transportation facility is any transportation facility, including a highway bridge, that will serve public transportation needs, meets the eligibility requirements of the TTP, and does not currently exist. It must meet the eligibility requirements of the TTP and be open to the public when constructed. In order to have a proposed facility placed on the NTTFI, a Tribe must submit all of the following to the BIADOT/FHWA Quality Assurance Team for consideration:
(1) A Tribal resolution or other official action identifying support for the facility and its placement on the NTTFI.
(2) A copy of the Tribe’s LRTP containing:
(i) A description of the current land use and identification of land ownership within the proposed road’s corridor (including what public easements may be required);
(ii) A description of need and outcomes for the facility including a description of the project’s termini; and
(iii) The sources of funding to be used for construction.
(3) If the landowner is a public authority other than the Tribe or BIA, documentation from the public authority that the proposed road has been identified in their LRTP, STIP approved by FHWA, or other published transportation planning documents.
(4) Documentation clearly identifying that easements or rights-of-way have been acquired or a clear written statement of willingness to provide a right-of-way from each landowner along the route.
(5) Certification that a public involvement process has been carried out for the proposed road.
(6) A synopsis discussing the project’s anticipated environmental impacts as well as the engineering and construction challenges.
(7) Documentation that the project can meet financial or fiscal constraint requirements including financial information demonstrating that the project can be implemented using existing or reasonably available funding sources, and that the project route can be adequately maintained after construction. (See 23 U.S.C. 134 and 135.)

(8) Documentation identifying the entity responsible for maintenance of the facility after construction is completed.

(b) For those proposed roads that currently exist in the NTTFI, the requirements identified above as paragraphs (a)(1) through (a)(8) of this section, must be completed and submitted for approval to BIA and FHWA within November 7, 2017, in order to remain on the inventory.

§ 170.444 How is the NTTFI updated?

(a) Submitting data into the NTTFI for a new facility is carried out on an annual basis as follows:

(1) BIA Regional Offices provide each Tribe within its region with a copy of the Tribe’s own NTTFI data during the first quarter of each fiscal year.

(2) Tribes review the provided data and are responsible for entering all changes/updates into the database. This work must be completed by March 15. The submissions must include, at a minimum, all required minimum attachments (see §170.446) and authorizing resolutions or similar official authorizations.

(3) The BIA Regional Office reviews each Tribe’s submission. If any errors or omissions are identified, the BIA Regional Office will return the submittals back to the Tribe no later than May 15. If no errors or omissions are found, the BIA Regional Office validates the data and forwards it to BIADOT for review and approval.

(4) The Tribe must correct any errors or omissions in the data entries or return the corrected submittals back to the BIA Regional Office by June 15.

(5) Each BIA Regional Office must validate its regional data by July 15.

(6) BIADOT approves the current inventory year submissions from BIA Regional Offices by September 30 or returns the submittals to the BIA Regional Office if additional work is required.

(7) New facility data submitted outside of the above referenced dates are not guaranteed for inclusion in the official inventory identified in this subsection.

(b) Updating the data on a facility currently listed in the NTTFI is carried out as follows:

(1) At any time, a Tribe may submit a request to the BIA Region asking for the NTTFI data of an existing facility to be updated. The request must include the Tribe’s updated data and background information on how and why the data was obtained. At the request of a Tribe, FHWA may assist BIA and the Tribe in updating the NTTFI data as required under this part.

(2) The BIA Region must review the submitted data and respond to the Tribe within 30 days of its receipt.

(i) If approved, the BIA Region validates the data and forwards it to BIADOT for review and approval.

(ii) If not approved, the BIA Region returns the submittals to the Tribe along with a detailed written explanation and supporting documentation of the reasons for the disapproval. The Tribe must correct the data entries and return the corrected submittals back to the BIA Region.

(3) BIADOT approves the current inventory year submittals from BIA Regional Offices or returns the submittals to the BIA Regional Office if additional work is required.

(c) A Tribe may appeal the rejection of submitted data on a new or existing facility included in the NTTFI by filing a written notice of appeal to the Director, Bureau of Indian Affairs, with a copy to the BIA Regional Director.

(d) To be included in the annual NTTFI update used for administrative and reporting purposes for any given fiscal year, submittals for new facilities and updates for existing facilities must be officially accepted by BIA and FHWA by September 30th of that year.
§ 170.445 What minimum attachments are required for an NTTFI submission?

The minimum attachments required for a facility to be added into the NTTFI include the following.

(a) A long-range transportation plan.
(b) A Tribal resolution or official authorization that refers to all route numbers, names, locations, lengths, construction needs, and ownerships.

§ 170.447 How are the allowable lengths of access roads in the NTTFI determined?

The allowable length of an access road in the NTTFI is determined as follows:

(a) If the road section intersects or abuts a federally recognized Tribal boundary, then the length of the access road is the distance from the boundary extending to the intersection of an equal or greater functional classification but no more than 15 miles.

(b) If the road section does not intersect or abut a federally recognized Tribal boundary, the following applies:

1. If the road section intersects or abuts an Alaska Native Claims Settlement Act (ANCSA) (43 U.S.C. 1601 et seq.) village corporation transportation service area, then the length of the access road is the distance from the ANCSA village corporation transportation service area extending to the intersection of an equal or greater functional classification but no more than 15 miles.

2. If the road section is located outside of an ANCSA village corporation and located within a developed Alaska Native Village with a population more than 50% Alaska Native/American Indian, then the length of the access road is defined as the distance beginning five miles outside of the developed area of the Alaska Native Village extending to the intersection of an equal or greater functional classification but no more than 15 miles.

3. If the road section intersects or abuts a Tribally owned trust or fee parcel located outside of an incorporated municipal boundary, then the length of the access road is defined as the distance beginning five miles outside of the Tribally owned trust or fee parcel boundary extending to the intersection of an equal or greater functional classification but no more than 15 miles.

4. If the road section intersects or abuts a Tribally owned trust or fee parcel located inside of an incorporated municipal boundary, then the length of the access road is defined as the distance from the Tribally owned trust or fee parcel boundary extending to the intersection of an equal or greater functional classification but no more than 15 miles.

ENVIRONMENTAL AND ArCHEOLOGICAL REQUIREMENTS

§ 170.450 What archeological and environmental requirements must the TTP meet?

§ 170.453 Do the Categorical Exclusions under the National Environmental Policy Act (NEPA) and the regulations at 23 CFR 771 apply to TTP activities?

Yes. Regardless of whether BIA or FHWA is responsible for the oversight of a Tribe’s TTP activities, the Categorical Exclusions under NEPA at 23 CFR 771.117 governing the use of funds made available through title 23 shall apply to all qualifying TTP projects involving the construction or maintenance of roads.

DESIGN

§ 170.454 What design standards are used in the TTP?

(a) Depending on the nature of the project, Tribes must use appropriate design standards approved by FHWA. Appendix B to this subpart as well as the official Tribal Transportation Program Guide list the applicable design standards that can be used.

(b) All other design standards not listed in (a) must receive approval from FHWA.

§ 170.455 What other factors must influence project design?

The appropriate design standards must be applied to each construction project consistent with a minimum 20-year design life for highway projects and 75-year design life for highway bridges. The design of TTP projects must take into consideration:

(a) The existing and planned future use of the facility in a manner that is conducive to safety, durability, and economy of maintenance;

The engineer of record (the State licensed civil engineer whose name and professional stamp appear on the PS&E or who is responsible for the overall project design) must submit written documentation with appropriate supporting data, sketches, details, and justification based on engineering analysis.

(b) FHWA can approve a project design that does not conform to the minimum criteria only after giving due consideration to all project conditions, such as:

(1) Maximum service and safety benefits for the dollar invested;

(2) Compatibility with adjacent features; and

(3) Probable time before reconstruction of the project due to changed conditions or transportation demands.

(c) FHWA has 30 days from receiving the request to approve or decline the exception.

(d) Provides a copy of all project documentation identified in §170.460 to BIA or FHWA before the start of construction.

§ 170.463 What if a design deficiency is identified?

If the Secretaries identify a design deficiency that may jeopardize public health and safety if the facility is completed, they must:

(a) Immediately notify the Tribe of the design deficiency and request that the Tribe promptly resolve the deficiency under the standards in §170.454; and

(b) For a BIA-prepared PS&E package, promptly resolve the deficiency under the standards in §170.454 and notify the Tribe of the required design changes.
§ 170.474

Subpart H—Miscellaneous Provisions

REPORTING REQUIREMENTS AND INDIAN PREFERENCE

§ 170.910 What information on the TTP or projects must BIA or FHWA provide?

All available public information regarding the TTP can be found on the BIA transportation Web site at http://www.bia.gov/WhoWeAre/BIA/OIS/Transportation/index.htm or the Federal Lands Highway—Tribal Transportation Program Web site at http://flh.fhwa.dot.gov/programs/ttp/. If a Tribe would like additional information that is not available on the Web sites, the Tribe should contact FHWA or BIA directly. FHWA and BIA will then provide direction or assistance based upon the Tribe’s specific request.

§ 170.911 Are Indians entitled to employment and training preferences?

(a) Federal law gives hiring and training preferences, to the greatest
§ 170.912 Does Indian employment preference apply to Federal-aid Highway Projects?

(a) Tribal, State, and local governments may provide an Indian employment preference for Indians living on or near a reservation on projects and contracts that meet the definition of a Tribal transportation facility. (See 23 U.S.C. 101(a)(12) and 140(d), and 23 CFR 635.117(d).)

(b) Tribes may target recruiting efforts toward Indians living on or near Indian reservations, Tribal lands, Alaska Native villages, pueblos, and Indian communities.

(c) Tribes and Tribal employment rights offices should work cooperatively with State and local governments to develop contract provisions promoting employment opportunities for Indians on eligible federally funded transportation projects. Tribal, State, and local representatives should confer to establish Indian employment goals for these projects.

§ 170.913 Do Tribal-specific employment rights and contract preference laws apply?

Yes. When a Tribe or consortium administers a TTP or project intended to benefit that Tribe or a Tribe within the consortium, the benefitting Tribe’s employment rights and contracting preference laws apply. (See §170.619 and 25 U.S.C. 450e(c))

§ 170.914 What is the difference between Tribal preference and Indian preference?

Indian preference is a hiring preference for Indians in general. Tribal preference is a preference adopted by a Tribal government that may or may not include a preference for Indians in general, Indians of a particular Tribe, Indians in a particular region, or any combination thereof.

§ 170.915 May Tribal employment taxes or fees be included in a TTP project budget?

Yes. The cost of Tribal employment taxes or fees may be included in the budget for a TTP project.

§ 170.916 May Tribes impose taxes or fees on those performing TTP services?

Yes. Tribes, as sovereign nations, may impose taxes and fees for TTP activities. When a Tribe administers TTPs or projects under ISDEAA, its Tribal employment and contracting preference laws, including taxes and fees, apply.

§ 170.917 Can Tribes receive direct payment of Tribal employment taxes or fees?

This section applies to non-tribally administered TTP projects. Tribes can request that BIA pay Tribal employment taxes or fees directly to them under a voucher or other written payment instrument, based on a negotiated payment schedule. Tribes may consider requesting direct payment of Tribal employment taxes or fees from other transportation departments in lieu of receiving their payment from the contractor.

§ 170.918 What applies to the Secretaries’ collection of data under the TTP?

(a) Under 23 U.S.C. 201(c)(6)(A), the Secretaries will collect and report data necessary to implement the TTP in accordance with ISDEAA, including, but not limited to:

1. Inventory and condition information on Tribal transportation facilities; and
2. Bridge inspection and inventory information on any Federal bridge open to the public.

(b) In addition, under 23 U.S.C. 201(c)(6)(C), any entity that carries out a project under the TTP is required to provide the data identified in §170.240.

TRIBAL TRANSPORTATION DEPARTMENTS

§ 170.930 What is a Tribal transportation department?

A Tribal transportation department is a department, commission, board, or official of any Tribal government...
charged by its laws with the responsibility for transportation-related responsibilities, including but not limited to, administration, planning, maintenance, and construction activities. Tribal governments, as sovereign nations, have inherent authority to establish their own transportation departments under their own Tribal laws. Tribes may staff and organize transportation departments in any manner that best suits their needs. Tribes can receive technical assistance from TTACs, BIA regional road engineers, FHWA, or AASHTO to establish a Tribal transportation department.

§ 170.931 Can Tribes use TTP funds to pay Tribal transportation department operating costs?

Yes. Tribes can use TTP funds to pay the cost of planning, administration, and performance of approved TTP activities (see §170.116). Tribes can also use BIA road maintenance funds to pay the cost of planning, administration, and performance of maintenance activities under this part.

§ 170.932 Are there other funding sources for Tribal transportation departments?

There are many sources of funds that may help support a Tribal transportation department. The following are some examples of additional funding sources:

(a) Tribal general funds;
(b) Tribal Priority Allocation;
(c) Tribal permits and license fees;
(d) Tribal fuel tax;
(e) Federal, State, private, and local transportation grants assistance;
(f) Tribal Employment Rights Ordinance fees (TERO); and
(g) Capacity building grants from Administration for Native Americans and other organizations.

§ 170.933 Can Tribes regulate oversize or overweight vehicles?

Yes. Tribal governments can regulate travel on roads under their jurisdiction and establish a permitting process to regulate the travel of oversize or overweight vehicles, under applicable Federal law. BIA may, with the consent of the affected Tribe, establish a permitting process to regulate the travel of oversize or overweight vehicles on the BIA road system.

§ 170.934 Are alternative dispute resolution procedures available?

(a) Federal agencies should use mediation, conciliation, arbitration, and other techniques to resolve disputes brought by TTP beneficiaries. The goal of these alternative dispute resolution (ADR) procedures is to provide an inexpensive and expeditious forum to resolve disputes. Federal agencies should resolve disputes at the lowest possible staff level and in a consensual manner whenever possible.

(b) Except as required in 25 CFR part 900 and part 1000, Tribes operating under a self-determination contract or self-governance agreement are entitled to use dispute resolution techniques prescribed in:

1. The ADR Act, 5 U.S.C. 571–583;
2. The Contract Disputes Act, 41 U.S.C. 601–613; and
3. The ISDEAA and the implementing regulations (including for non-construction the mediation and alternative dispute resolution options listed in 25 U.S.C. 4501 (model contract section (b)(12)).

(4) Tribes operating under a Program Agreement with FHWA are entitled to use dispute resolution techniques prescribed in 25 CFR 170.934 and Article II, Section 4 of the Agreement.

§ 170.935 How does a direct service Tribe begin the alternative dispute resolution process?

(a) To begin the ADR process, a direct service Tribe must write to the BIA Regional Director, or the Chief of BIA Division of Transportation. The letter must:

1. Ask to begin one of the ADR procedures in the Administrative Dispute Resolution Act of 1996, 5 U.S.C. 571–583 (ADR Act); and
2. Explain the factual and legal basis for the dispute.

(b) ADR proceedings will be governed by procedures in the ADR Act and the implementing regulations.

(c) Submit transportation research proposals to States, FHWA, AASHTO, and PTA;
(d) Prepare and include transportation research proposals in their TTPTIPS;
(e) Access Transportation Research Information System Network (TRISNET) database; and
(f) Participate in transportation research activities under Intergovernmental Personnel Act agreements.

§ 170.942 Can a Tribe use Federal funds for transportation services for quality-of-life programs?
(a) A Tribe can use TTP funds:
(1) To coordinate transportation-related activities to help provide access to jobs and make education, training, childcare, healthcare, and other services more accessible to Tribal members; and
(2) As the matching share for other Federal, State, and local mobility programs.
(b) To the extent authorized by law, additional grants and program funds are available for the purposes in paragraph (a)(1) of this section from other programs administered by the Departments of Transportation, Health and Human Services, and Labor.

Subpart E—Financial Matters: Assessments, Billing, and Collections

§ 171.500 How does BIA determine the annual operation and maintenance assessment rate for the irrigation facility servicing my farm unit?

(b) We will not assess lands that have been re-classified as either permanently non-assessable (PNA) or temporarily non-assessable (TNA) or lands that have been granted an Annual Assessment Waiver.

(c) If your lands are under an approved Incentive Agreement, we may waive your assessment as described in the Incentive Agreement (See §171.610).
§ 171.510 How does BIA calculate my annual operation and maintenance assessment if supplemental water is available on the irrigation facility servicing my farm unit?

(a) For projects where supplemental water is available, and you request and receive supplemental water, your assessment will include two components: a base rate, which is for your per-acre water duty delivered to your farm unit; and a supplemental water rate, which is for water delivered to your farm unit in addition to your per-acre water duty.

(b) We publish base and supplemental water rates annually in the Federal Register. The base and supplemental water rates are established to recover the costs identified in section 171.500(a) of this subpart.

(c) If your project has established a supplemental water rate, and you request and receive supplemental water, we will calculate your total annual operation and maintenance assessment by adding the following two totals:

1. The total assessable acres of your land within the service area of our irrigation facility multiplied by the annual operation and maintenance assessment rate we establish for that facility; and

2. The actual quantity of supplemental water you request and we agree to deliver (in acre-feet) times the supplemental water rate established for that facility.

§ 171.515 Who will BIA bill?

(a) We will bill the landowner, unless:

1. The land is leased under a lease approved by us, in which case we will bill the lessee, or

(b) The landowner(s) is represented by a representative organization that collects annual operation and maintenance assessments on behalf of its members and the representative organization makes a direct payment to us on your behalf.

(c) If you own or lease assessable lands within a BIA irrigation facility, you will be billed for annual operation and maintenance assessments, whether you request water or not, unless otherwise specified in §171.505(b).

§ 171.520 How will I receive my bill and when do I pay it?

What is the purpose of this part?

This part contains the authorities, policies, and procedures governing the administration of life estates and future interests in trust and restricted property by the Secretary of Interior. This part does not apply to any use rights assigned to tribal members by tribes in the exercise of their jurisdiction over tribal lands.

(a) Subpart A contains general provisions.

(b) Subpart B describes life estates not created under the American Indian Probate Reform Act of 2004 (AIPRA), as described in §179.3(b).

(c) Subpart C describes life estates created under AIPRA, as described in §179.3(a).

§ 179.2

What definitions do I need to know?

Agency means the Bureau of Indian Affairs (BIA) agency office, or any other designated office in BIA, having jurisdiction over trust or restricted property. This term also means any office of a tribe that has entered into a contract or compact to fulfill applicable BIA functions.

BIA means the Bureau of Indian Affairs within the Department of Interior.

Contract bonus means cash consideration paid or agreed to be paid as incentive for execution of a contract.

Income means the rents and profits of real property and the interest on invested principal.

Life estate means an interest in property held for only the duration of a designated person's life. A life estate may be created by a conveyance document or by operation of law. Life estate without regard to waste means that the holder of the life estate interest in land is entitled to the receipt of all income, including bonuses and royalties, from such land to the exclusion of the remaindermen. Principal means the corpus and capital of an estate, including any payment received for the sale or diminishment of the corpus, as opposed to the income. Rents and profits means the income or profit arising from the ownership or possession of property.

Restricted property means real property, the title to which is held by an Indian but which cannot be alienated or encumbered without the Secretary's consent. For the purpose of probate proceedings, restricted property is treated as if it were trust property.

Except as the law may provide otherwise, the term “restricted property” as used in this part does not include the restricted lands of the Five Civilized Tribes of Oklahoma or the Osage Nation.

Secretary means the Secretary of the Interior or authorized representative.

Trust property means real property, or an interest therein, the title to which is held in trust by the United States for the benefit of an individual Indian or tribe.

§ 179.3

What law applies to life estates?

(a) AIPRA applies to life estates created by operation of law under AIPRA for an individual who died on or after June 20, 2006, owning trust or restricted property.

(b) In the absence of Federal law or federally approved tribal law to the contrary, State law applies to all other life estates.

§ 179.4

When does a life estate terminate?

A life estate terminates upon relinquishment or upon the death of the measuring life.

§ 179.5

What documents will BIA use to record termination of a life estate?

The Agency will file a copy of the relinquishment of the interest or death...
Bureau of Indian Affairs, Interior

§ 179.101 How does the Secretary distribute principal and income to the holder of a life estate?

(a) This section applies to the following cases:
   (1) Where the document creating the life estate does not specify a distribution of proceeds;
   (2) Where the vested holders of remainder interests and the life tenant have not entered into a written agreement approved by the Secretary providing for the distribution of proceeds; or
   (3) Where, by the document or agreement or by the application of State law, the open mine doctrine does not apply.

(b) In all cases listed in paragraph (a) of this section, the Secretary must do the following:
   (1) Distribute all rents and profits, as income, to the life tenant;
   (2) Distribute any contract bonus one-half each to the life tenant and the remainderman;
   (3) In the case of mineral contracts:
      (i) Invest the principal, with interest income to be paid to the life tenant during the life estate, except in those instances where the administrative cost of investment is disproportionately high, in which case paragraph (b)(4) of this section applies; and
      (ii) Distribute the principal to the remainderman upon termination of the life estate; and
   (4) In all other instances:
      (i) Distribute the principal immediately according to § 179.102; and
      (ii) Invest all proceeds attributable to any contingent remainderman in an account, with disbursement to take place upon determination of the contingent remainderman.

§ 179.102 How does the Secretary calculate the value of a remainder and a life estate?

(a) If income is subject to division, the Secretary will use Actuarial Table S, Valuation of Annuities, found at 26 CFR 20.2031, to determine the value of the interests of the holders of remainder interests and the life tenant.

(b) Actuarial Table S, Valuation of Annuities, specifies the share attributable to the life estate and remainder interests, given the age of the life tenant and an established rate of return published by the Secretary in the Federal Register. We may periodically review and revise the percent rate of return to be used to determine the share attributable to the interests of the life tenant and the holders of remainder interests. The life tenant will receive the balance of the distribution after the shares of the holders of remainder interests have been calculated.

Subpart C—Life Estates Created Under AIPRA

§ 179.201 How does the Secretary distribute principal and income to the holder of a life estate without regard to waste?

The Secretary must distribute all income, including bonuses and royalties, to the life estate holder to the exclusion of any holders of remainder interests.

§ 179.202 May the holder of a life estate without regard to waste deplete the resources?

Yes. The holder of a life estate without regard to waste may cause lawful depletion or benefit from the lawful depletion of the resources. However, a holder of a life estate without regard to waste may not cause or allow damage to the trust property through culpable negligence or an affirmative act of malicious destruction that causes damage to the prejudice of the holders of remainder interests.

PART 181—INDIAN HIGHWAY SAFETY PROGRAM

Sec. 181.1 Purpose.
§ 181.1 Purpose.

This part will assist the BIA Indian Highway Safety Program Administrator to disperse funds DOT/NHTSA has made available. The funds assist selected tribes with their proposed Highway Safety Projects. These projects are designed to reduce traffic crashes, reduce impaired driving crashes, increase occupant protection education, provide Emergency Medical Service training, and increase police traffic services.

§ 181.2 Definitions.

Appeal means a written request for review of an action or the inaction of an official of the BIA that is claimed to adversely affect the interested party making the request.

Applicant means an individual or persons on whose behalf an application for assistance and/or services has been made under this part.

Application means the process through which a request is made for assistance or services.

Recipient means an individual or persons who have been determined as eligible and are receiving financial assistance or services under this part.

§ 181.3 Am I eligible to receive a program grant?

The Indian Highway Safety Program grant is available to any federally recognized tribe. Because of the limited financial resources available for the program, the Bureau of Indian Affairs (BIA) is unable to award grants to all applicants. Furthermore, some grant recipients may only be awarded a grant to fund certain aspects of their proposed tribal projects.

§ 181.4 How do I obtain an application?

BIA mails grant application packages for a given fiscal year to all federally recognized tribes by the end of February of the preceding fiscal year. Additional application packages are available from the Program Administrator, Indian Highway Safety Program, P.O. Box 2003, Albuquerque, New Mexico 87103. Each application package contains the necessary information concerning the application process, including format, content, and filing requirements.

§ 181.5 How are applications ranked?

BIA ranks each timely filed application by assigning points based upon four factors.

(a) Factor No. 1—Magnitude of the problem (Up to 50 points available). In awarding points under this factor, BIA will take into account the following:

(1) Whether a highway safety problem exists.

(2) Whether the problem is significant.

(3) Whether the proposed tribal project will contribute to resolution of the identified highway safety problem.

(4) The number of traffic accidents occurring within the applicant’s jurisdiction over the previous 3 years.

(5) The number of alcohol-related traffic accidents occurring within the applicant’s jurisdiction over the previous 3 years.

(6) The number of reported traffic fatalities occurring within the applicant’s jurisdiction over the previous 3 years.

(7) The number of reported alcohol-related traffic fatalities occurring within the applicant’s jurisdiction over the previous 3 years.
(b) Factor No. 2—Countermeasure selection (Up to 40 points available). In awarding points under this factor, BIA will take into account the following:
(1) Whether the countermeasures selected are the most effective for the identified highway safety problem.
(2) Whether the countermeasures selected are cost effective.
(3) Whether the applicant’s objectives are realistic and attainable.
(4) Whether the applicant’s objectives are time framed and, if so, whether the time frames are realistic and attainable.
(c) Factor No. 3—Tribal Leadership and Community Support (Up to 10 points available). In awarding points under this factor, BIA will take into account the following:
(1) Whether the applicant proposes using tribal resources in the project.
(2) Whether the appropriate tribal governing body supports the proposal plan, as evidenced by a tribal resolution or otherwise.
(3) Whether the community supports the proposal plan, as evidenced by letters or otherwise.
(d) Factor No. 4—Past Performance (+ or −10 points available). In awarding points under this factor, BIA will take into account the following:
(1) Financial and programmatic reporting requirements.
(2) Project accomplishments.
§ 181.6 How are applicants informed of the results?
BIA will send a letter to all applicants notifying them of their selection or non-selection for participation in the Indian Highway Safety Program for the upcoming fiscal year. BIA will explain to each applicant not selected for participation the reason(s) for non-selection.
§ 181.7 Appeals.
You may appeal actions taken by BIA officials under this part by following the procedures in 25 CFR part 2.

§ 211.4 Authority and responsibility of the Bureau of Land Management (BLM).

The functions of the Bureau of Land Management are found in 43 CFR part 3160—Onshore Oil and Gas Operations, 43 CFR part 3180—Onshore Oil and Gas Unit Agreements: Unproven Area, 43 CFR part 3260—Geothermal Resources Operations, 43 CFR part 3280—Geothermal Resources Unit Agreements: Unproven Areas, 43 CFR part 3480—Coal Exploration and Mining Operations, and 43 CFR part 3590—Solid Minerals (other than coal) Exploration and Mining Operations; and currently include, but are not limited to, resource evaluation, approval of drilling permits, mining and reclamation, production plans, mineral appraisals, inspection and enforcement, and production verification. These regulations, apply to leases and permits approved under this part.

§ 211.5 Authority and responsibility of the Office of Surface Mining Reclamation and Enforcement (OSM).

The OSM is the regulatory authority for surface coal mining and reclamation operations on Indian lands pursuant to the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1201 et seq.). The relevant regulations for surface coal mining and reclamation operations are found in 30 CFR part 750. Those regulations apply to mining and reclamation on leases approved under this part.

§ 211.6 Authority and responsibility of the Minerals Management Service (MMS).

The functions of the MMS for reporting, accounting, and auditing are found in 30 CFR chapter II, subchapters A and C, which, apply to leases approved under this part. To the extent the parties to a lease or permit are able to provide reasonable provisions satisfactorily addressing the functions governed by MMS regulations, the Secretary may approve alternate provisions in a lease or permit.

§ 211.7 Environmental studies.

(a) The Secretary shall ensure that all environmental studies are prepared as required by the National Environmental Policy Act of 1969 (NEPA) and the regulations promulgated by the Council on Environmental Quality (CEQ), found in 40 CFR parts 1500 through 1508.

(b) The Secretary shall ensure that all necessary surveys are performed and clearances obtained in accordance with 36 CFR parts 60, 63, and 800 and with the requirements of the Archaeological and Historic Preservation Act (16 U.S.C. 469 et seq.), the National Historic Preservation Act (16 U.S.C. 470 et seq.), The American Indian Religious Freedom Act (42 U.S.C. 1996), and Executive Order 11593, Protection and Enhancement of the Cultural Environment (3 CFR, 1971 through 1975 Comp., p. 559). If these surveys indicate that a mineral development will have an adverse effect on a property listed on or eligible for listing on the National Register of Historic Places, the Secretary shall:

(1) Seek the comments of the Advisory Council on Historic Preservation, in accordance with 36 CFR part 800;

(2) Ensure that the property is avoided, that the adverse effect is mitigated, or;

(3) Ensure that appropriate excavations or other related research is conducted and ensure that complete data describing the historic property is preserved.
§ 211.8 Government employees cannot acquire leases.

U.S. Government employees are prevented from acquiring leases or interests in leases by the provisions of 25 CFR part 140 and 43 CFR part 20 pertaining to conflicts of interest and ownership of an interest in trust land.

§ 211.9 Existing permits or leases for minerals issued pursuant to 43 CFR chapter II and acquired for Indian tribes.

(a) Title to the minerals underlying certain Federal lands, which were previously subject to general leasing and mining laws, is now held in trust by the United States for Indian tribes. Existing mineral prospecting permits, exploration and mining leases on these lands, issued prior to these lands being placed in trust status or becoming Indian lands, pursuant to 43 CFR chapter II (and its predecessor regulations), and all actions on the permits and leases shall be administered by the Secretary in accordance with the regulations set forth in 30 CFR chapters II and VII and 43 CFR chapter II, as applicable, provided, that all payment or reports required by a non-producing lease or permit, issued pursuant to 43 CFR chapter II, shall be made to the superintendent having administrative jurisdiction over the land involved, instead of the officer of the Bureau of Land Management designated in 43 CFR unless specifically stated otherwise in the statutes authorizing the United States to hold the land in trust for an Indian tribe. Producing lease payments and reports will be submitted to the Minerals Management Service in accordance with 30 CFR chapter II, subchapters A and C.

(b) Administrative actions regarding an existing lease or permit under this section, may be appealed pursuant to 25 CFR part 2.

Subpart B—How To Acquire Leases

§ 211.20 Leasing procedures.

(a) Indian mineral owners may, with the approval of the superintendent or area director, lease their land for mining purposes. No oil and gas lease shall be approved unless it has first been offered for bidding at an advertised lease sale in accordance with this section. Leases for minerals other than oil and gas shall be advertised for bids as prescribed in this section unless the Secretary grants the Indian mineral owners written permission to negotiate for lease. Application for leases shall be made to the superintendent having jurisdiction over the lands.

(b) Indian mineral owners may request that the Secretary prepare and advertise or negotiate (if the requirements of this section have been met) mineral leases on their behalf. If requested by an applicant interested in acquiring rights to Indian-owned minerals, the Secretary shall promptly notify the Indian mineral owner, and advise the owner in writing of the alternatives available, including the right to decline to lease. If the Indian mineral owner decides to have the leases advertised, the Secretary shall consult with the Indian mineral owner concerning the appropriate royalty rate and rental. The Secretary may then undertake the responsibility to advertise and lease in accordance with the following procedures:

1. Leases shall be advertised to receive optimum competition for bonus consideration, under sealed bid, oral auction, or a combination of both. Notice of such advertisement shall be published in at least one local newspaper and in one trade publication at least thirty (30) days in advance of sale. If applicable, such notice must identify the reservation within which the tracts to be leased are found. No specific description of the tracts to be leased need be published. Specific description of such tracts shall be available at the office of the superintendent and/or area director upon request. The complete text of the advertisement, including a specific description, shall be mailed to each person listed on the appropriate agency or area mailing list. Individuals and companies interested in receiving advertisements of lease sales should send their mailing information to the appropriate superintendent or area director for future reference.

2. The advertisement shall offer the tracts to the responsible bidder offering the highest bonus. The Secretary,
§ 211.22 Leases for subsurface storage of oil or gas.

(a) The Secretary, with the consent of the Indian mineral owners, may approve storage leases, or modifications, amendments, or extensions of existing leases, on Indian lands to provide for the subsurface storage of oil or gas, irrespective of the lands from which production is initially obtained. The storage lease, or modification, amendment, or extension to an existing lease, shall provide for the payment of such storage fee or rental on such oil or gas as may be determined adequate in each case, or, in lieu thereof, for a royalty other than that prescribed in the oil and gas lease when such stored oil and gas is produced in conjunction with oil or gas not previously produced.

(b) The Secretary, with consent of the Indian mineral owners, may approve a provision in an oil and gas lease under which storage of oil and gas is authorized, for continuance of the lease at least for the period of such storage use and so long thereafter as oil or gas not previously produced is produced in paying quantities.

(c) Applications for subsurface storage of oil or gas shall be filed in triplicate with the authorized officer and shall disclose the ownership of the lands involved, the parties in interest, the storage fee, rental, or royalty offered to be paid for such storage, and all essential information showing the necessity for such project. Enough copies of the final agreement signed by the Indian mineral owners and other parties in interest shall be submitted for the approval of the Secretary to permit retention of five copies by the Department after approval.
§ 211.23 Corporate qualifications and requests for information.

(a) The signing in a representative capacity and delivery of bids, geological and geophysical permits, mineral leases, or assignments, bonds, or other instruments required by the regulations in this part constitutes certification that the individual signing (except a surety agent) is authorized to act in such capacity. An agent for a surety shall furnish a power of attorney.

(b) A corporate applicant proposing to acquire an interest in a permit or lease shall have on file with the superintendent or area director a statement showing:

(1) The State(s) in which the corporation is incorporated, and that the corporation is authorized to hold such interests in the State where the land described in the instrument is situated; and

(2) A notarized statement that the corporation has power to conduct all business and operations as described in the lease or permit.

(c) The Secretary may, either before or after the approval of a permit, mineral lease, assignment, or bond, call for any reasonable additional information necessary to carry out the regulations in this part, or other applicable laws and regulations.

§ 211.24 Bonds.

(a) The lessee, permittee or prospective lessee acquiring a lease, or any interest therein, by assignment shall furnish with each lease, permit or assignment a surety bond or personal bond in an amount sufficient to ensure compliance with all of the terms and conditions of the lease(s), permit(s), or assignment(s) and the statutes and regulations applicable to the lease, permit, or assignment. Surety bonds shall be issued by a qualified company approved by the Department of the Treasury (see Department of the Treasury Circular No. 570).

(b) An operator may file a $75,000 bond for all geothermal, mining, or oil and gas leases, permits, or assignments in any one State, which may also include areas on that part of an Indian reservation extending into any contiguous State. Statewide bonds are subject to approval in the discretion of the Secretary.

(c) An operator may file a $150,000 bond for full nationwide coverage to cover all geothermal or oil and gas leases, permits, or assignments without geographic or acreage limitation to which the operator is or may become a party. Nationwide bonds are subject to approval in the discretion of the Secretary.

(d) Personal bonds shall be accompanied by:

(1) Certificate of deposit issued by a financial institution, the deposits of which are federally insured, explicitly granting the Secretary full authority to demand immediate payment in case of default in the performance of the provisions and conditions of the lease or permit. The certificate shall explicitly indicate on its face that Secre-}

§ 211.27 Duration of leases.

(a) All leases shall be for a term not to exceed a primary term of lease duration of ten (10) years and, absent specific lease provisions to the contrary, shall continue as long thereafter as the minerals specified in the lease are produced in paying quantities. Absent specific lease provisions to the contrary, all provisions in leases governing their duration shall be measured from the date of approval by the Secretary.

(b) An oil and gas or geothermal resource lease which stipulates that it shall continue in full force and effect beyond the expiration of the primary term of lease duration (“commencement clause”) if drilling operations have commenced during the primary term, shall be valid and shall hold the lease beyond the primary term of lease duration if the lessee or the lessee’s designee has commenced actual drilling by midnight of the last day of the primary term of the lease with a drilling rig designed to reach the total proposed depth, and drilling is continued with reasonable diligence until the well is completed to production or abandoned. However, in no case shall such drilling hold the lease longer than 120 days past the primary term of lease duration without actual production of oil, gas, or geothermal resources. Provided, that this extension does not allow a lease to continue past the 10-year statutory limitation. Drilling which meets the requirements of this section and occurs within a unit or communitization agreement to which the lease is committed shall be considered as if it occurs on the leasehold itself. If there is a conflict between the commencement clause and the habendum clause of a lease, the commencement clause will control.

(c) A solid minerals lease which stipulates that it shall continue in full force and effect beyond the expiration of the primary term of lease duration if mining operations have commenced during the primary term (commencement clause), shall be valid and hold the lease beyond the primary term of
lease duration if the lessee or the lessee's designee has by midnight of the last day of the primary term of the lease commenced actual removal of mineral materials intended for sale and upon which royalties will be paid. If there is a conflict between the commencement clause and the habendum clause of a lease, the commencement clause will control.

§ 211.28 Unitization and communitization agreements, and well spacing.

(a) For the purpose of promoting conservation and efficient utilization of minerals, the Secretary may approve a cooperative unit, drilling or other development plan on any leased area upon a determination that approval is advisable and in the best interest of the Indian mineral owner. For the purposes of this section, a cooperative unit, drilling or other development plan means an agreement for the development or operation of a specifically designated area as a single unit without regard to separate ownership of the land included in the agreement. Such cooperative agreements include, but are not limited to, unit agreements, communitization agreements and other types of agreements that allocate costs and benefits.

(b) The consent of the Indian mineral owner to such unit or cooperative agreement shall not be required unless such consent is specifically required in the lease. However, the Secretary shall consult with the Indian mineral owner prior to making a determination concerning a cooperative agreement or well spacing plan.

(c) Requests for approval of cooperative agreements which comply with the requirements of all applicable rules and regulations shall be filed with the superintendent or area director.

(d) All Indian mineral owners of any right, title or interest in the mineral resources to be included in a cooperative agreement must be notified by the lessee at the time the agreement is submitted to the superintendent or area director. An affidavit from the lessee stating that a notice was mailed to each mineral owner of record for whom the superintendent or area directo

tor has an address will satisfy this notice requirement.

(e) A request for approval of a proposed cooperative agreement, and all documents incident to such agreement, must be filed with the superintendent or area director at least ninety (90) days prior to the first expiration date of any of the Indian leases in the area proposed to be covered by the cooperative agreement.

(f) Unless otherwise provided in the cooperative agreement, approval of the agreement commits each lease to the unit in the area covered by the agreement on the date approved by the Secretary or the date of first production, whichever is earlier, as long as the agreement is approved before the lease expiration date.

(g) Any lease committed in part to any such cooperative agreement shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement. Segregation shall be effective on the date the agreement is effective.

(h) Wells shall be drilled in conformity with a well spacing program approved by the authorized officer.

§ 211.29 Exemption of leases and permits made by organized tribes.

The regulations in this part may be superseded by the provisions of any tribal constitution, bylaw or charter issued pursuant to the Indian Reorganization Act of June 18, 1934 (48 Stat. 984; 25 U.S.C. 461–479), the Alaska Act of May 1, 1936 (49 Stat. 1250; 48 U.S.C. 362,258a), or the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967; 25 U.S.C., and Sup., 501–509), or by ordinance, resolution, or other action authorized under such constitution, bylaw or charter; Provided, that such tribal law may not supersede the requirements of Federal statutes applicable to Indian mineral leases. The regulations in this part, in so far as they are not so superseded, shall apply to leases and permits made by organized tribes if the validity of the lease or permit depends upon the approval of the Secretary of the Interior.
Subpart C—Rents, Royalties, Cancellations and Appeals

§ 211.40 Manner of payments.

Unless otherwise specifically provided for in a lease, once production has been established, all payments shall be made to the MMS or such other party as may be designated, and shall be made at such time as provided in 30 CFR chapter II, subchapters A and C. Prior to production, all bonus and rental payments, shall be made to the superintendent or area director.

§ 211.41 Rentals and production royalty on oil and gas leases.

(a) A lessee shall pay, in advance, beginning with the effective date of the lease, an annual rental of $2.00 per acre or fraction of an acre or such other greater amount as prescribed in the lease. This rental shall not be credited against production royalty nor shall the rental be prorated or refunded because of surrender or cancellation.

(b) The Secretary shall not approve leases with a royalty rate less than 16 2/3 percent of the amount or value of production produced and sold from the lease unless a lower royalty rate is agreed to by the Indian mineral owner and is found to be in the best interest of the Indian mineral owner. Such approval may only be granted by the area director if the approving official is the superintendent and by the Assistant Secretary for Indian Affairs if the approving official is the area director.

(c) Value of lease production for royalty purposes shall be determined in accordance with applicable lease provisions and regulations in 30 CFR chapter II, subchapters A and C. If the valuation provisions in the lease are inconsistent with the regulations in 30 CFR chapter II, subchapters A and C, the lease provisions shall govern.

(d) If the leased premises produce gas in excess of the lessee’s requirements for the development and operation of said premises, then the lessor may use sufficient gas, free of charge, for any desired school or other buildings belonging to the tribe, by making his own connections to a regulator installed, connected to the well and maintained by the lessee, and the lessee shall not be required to pay royalty on gas so used. The use of such gas shall be at the lessor’s risk at all times.

§ 211.42 Annual rentals and expenditures for development on leases other than oil and gas, and geothermal resources.

(a) Unless otherwise authorized by the Secretary, a lease for minerals other than oil, gas and geothermal resources shall provide for a yearly development expenditure of not less than $20 per acre. All such leases shall provide for a rental payment of not less than $2.00 per each acre or fraction of an acre payable on or before the first day of each lease year.

(b) Within twenty (20) days after the lease year, an itemized statement, in duplicate, of the expenditure for development under a lease for minerals other than oil and gas shall be filed with the superintendent or area director. The lessee must certify the statement under oath.

§ 211.43 Royalty rates for minerals other than oil and gas.

(a) Except as provided in paragraph (b) of this section, the minimum rates for leases of minerals other than oil and gas shall be as follows:

1. For substances other than coal, the royalty rate shall be 10 percent of the value of production produced and sold from the lease at the nearest shipping point.

2. For coal to be strip or open pit mined the royalty rate shall be 12 1/2 percent of the value of production produced and sold from the lease, and for coal removed from an underground mine, the royalty rate shall be 8 percent of the value of production produced and sold from the lease.

3. For geothermal resources, the royalty rate shall be 5 percent of the amount or value of steam, or any other form of heat or energy derived from production of geothermal resources under the lease and sold or utilized by the lessee. In addition, the royalty rate shall be 5 percent of the value of any byproduct derived from production of geothermal resources under the lease and sold or utilized or reasonably susceptible of sale or utilization by the lessee, except that the royalty for any
§211.44 Suspension of operations.

(a) After the expiration of the primary term of the lease the Secretary may approve suspension of operations for remedial purposes which are necessary for continued production, to protect the resource, the environment, or for other good reasons. Provided, that such remedial operations are conducted in accordance with 43 CFR part 3160, subpart 3165 and under such stipulations and conditions as may be prescribed by the Secretary and are conducted with reasonable diligence. Any suspension shall not relieve the lessee from liability for the payment of rental and other payments as required by lease provisions.

(b) An application for permission to suspend operations or production for economic or marketing reasons on a lease capable of production after the expiration of the primary term of lease duration must be accompanied by the written consent of the Indian mineral owner, an economic analysis, and an executed amendment by the parties to the lease setting forth the provisions pertaining to the suspension of operations and production. Such application shall be treated as a negotiated change to lease provisions, and as such, shall be subject to review and approval by the Secretary.

§211.45 [Reserved]

§211.46 Inspection of premises, books and accounts.

Lessees shall allow the Indian mineral owner, the Indian mineral owner’s representatives, or any authorized representative of the Secretary to enter all parts of the leased premises for the purpose of inspection and audit. Lessees shall keep a full and correct account of all operations and submit all related reports required by the lease and applicable regulations. Books and records shall be available for inspection during regular business hours.

§211.47 Diligence, drainage and prevention of waste.

The lessee shall:

(a) Exercise diligence in mining, drilling and operating wells on the leased lands while minerals production can be secured in paying quantities;

(b) Protect the lease from drainage (if oil and gas or geothermal resources are being drained from the lease premises by a well or wells located on lands not included in the lease, the Secretary reserves the right to impose reasonable and equitable terms and conditions to protect the interest of the Indian mineral owner of the lands, such as payment of compensatory royalty for the drainage);

(c) Carry on operations in a good and workmanlike manner in accordance with approved methods and practices;

(d) Have due regard for the prevention of waste of oil or gas or other minerals, the entrance of water through wells drilled by the lessee to other strata, to the destruction or injury of the oil or gas, other mineral deposits, or fresh water aquifers, the preservation and conservation of the property for future productive operations, and the health and safety of workmen and employees;

(e) Securely plug all wells and effectively shut off all water from the oil or gas-bearing strata before abandoning them;

(f) Not construct any well pad location within 200 feet of any structures or improvements without the Indian surface owner’s written consent;

(g) Carry out, at the lessee’s expense, all reasonable orders and requirements of the authorized officer relative to prevention of waste;

(h) Bury all pipelines crossing tillable lands below plow depth unless other arrangements are made with the Indian surface owner; and

(i) Pay the Indian surface owner all damages, including damages to crops, buildings, and other improvements of the Indian surface owner occasioned by
§ 211.48 Permission to start operations. 

(a) No exploration, drilling, or mining operations are permitted on any Indian lands before the Secretary has granted written approval of a mineral lease or permit pursuant to the regulations in this part. 

(b) After a lease or permit is approved, written permission must be secured from the Secretary before any operations are started on the leased premises, in accordance with applicable rules and regulations in 25 CFR part 216; 30 CFR chapter II, subchapters A and C; 30 CFR part 750 (Requirements for Surface Coal Mining and Reclamation Operations on Indian Lands); 43 CFR parts 3160, 3260, 3480, 3590, and Orders or Notices to Lessees (NTLs) issued thereunder.

§ 211.49 Restrictions on operations. 

Leases issued under the provisions of the regulations in this part shall be subject to such restrictions as to time or times for well operations and production from any leased premises as the Secretary judges may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor.

§ 211.50 [Reserved]

§ 211.51 Surrender of leases.

A lessee may, with the approval of the Secretary, surrender a lease or any part of it, on the following conditions:

(a) All royalties and rentals due on the date the request for surrender is received must be paid;

(b) The superintendent, after consultation with the authorized officer, must be satisfied that proper provisions have been made for the conservation and protection of the property, and that all operations on the portion of the lease surrendered have been properly reclaimed, abandoned, or conditioned, as required;

(c) If a lease has been recorded, the lessee must submit a release along with the recording information of the original lease so that, after acceptance of the release, it may be recorded;

(d) If a lessee requests to surrender an entire lease or an entire undivided portion of a lease document, the lessee must deliver to the superintendent or area director the original lease documents; Provided, that where the request is made by an assignee to whom no copy of the lease was delivered, the assignee must deliver to the superintendent or area director only its copy of the assignment;

(e) If the lease (or a portion thereof being surrendered) is owned in undivided interests, all lessees owning undivided interests in the lease must join in the request for surrender;

(f) No part of any advance rental shall be refunded to the lessee, nor shall any subsequent surrender or termination of a lease relieve the lessee of the obligation to pay advance rental if advance rental became due prior to the date the request for surrender was received by the superintendent or area director;

(g) If oil, gas, or geothermal resources are being drained from the leased premises by a well or wells located on lands not included in the lease, the Secretary reserves the right, prior to acceptance of the surrender, to impose reasonable and equitable terms and conditions to protect the interests of the Indian mineral owners of the lands surrendered. Such terms and conditions may include payment of compensatory royalty for any drainage; and

(h) Upon expiration or surrender of a solid mineral lease the lessee shall deliver the leased premises in a condition conforming to the approved reclamation plan. Unless otherwise provided in the lease, the machinery necessary to operate the mine is the property of the lessee. However, the machinery may not be removed from the leased premises without the written permission of the Secretary.

§ 211.52 Fees.

Unless otherwise authorized by the Secretary, each permit, lease, sublease, or other contract, or assignment, thereof shall be accompanied by a filing fee of $75.00 at the time of filing.
§ 211.53 Assignments, overriding royalties, and operating agreements.

(a) Approved leases or any interest therein may be assigned or transferred only with the approval of the Secretary. The Indian mineral owner must also consent if approval of the Indian mineral owner is required in the lease. If consent is not required, then the Secretary shall notify the Indian mineral owner of the proposed assignment. To obtain the approval of the Secretary the assignee must be qualified to hold the lease under existing rules and regulations and shall furnish a satisfactory bond conditioned for the faithful performance of the covenants and conditions of the lease.

(b) No lease or interest therein or the use of such lease shall be assigned, sublet, or transferred, directly or indirectly, by working or drilling contract, or otherwise, without the consent of the Secretary.

(c) Assignments of leases, and stipulations modifying the provisions of existing leases, which stipulations are also subject to the approval of the Secretary, shall be filed with the superintendent within five (5) working days after the date of execution. Upon execution of satisfactory bonds by the assignee the Secretary may permit the release of any bonds executed by the assignor. Upon execution of satisfactory bonds the assignee accepts all the assignor’s responsibilities and prior obligations and liabilities of the assignor (including but not limited to any underpaid royalties and rentals) under the lease.

(d) Agreements creating overriding royalties or payments out of production shall not be considered as interests in the leases as such provision is used in this section. Agreements creating overriding royalties or payments out of production created by the provisions of such assignments or instruments shall be subject to the condition stated in this section. Agreements creating overriding royalties or payments out of production, or agreements designating operators shall be filed with the superintendent unless incorporated in assignments or instruments required to be filed pursuant to this section.

§ 211.54 Lease or permit cancellation; Bureau of Indian Affairs notice of noncompliance.

(a) If the Secretary determines that a permittee or lessee has failed to comply with the terms of the permit or lease; the regulations in this part; or other applicable laws or regulations; the Secretary may:

(1) Serve a notice of noncompliance specifying in what respect the permittee or lessee has failed to comply with the requirements referenced in this paragraph, and specifying what actions, if any, must be taken to correct the noncompliance; or

(c) The notice shall be served upon the permittee or lessee by delivery in person or by certified mail to the permittee or lessee at the permittee’s or lessee’s last known address. When certified mail is used, the date of service shall be deemed to be when the notice is received or five (5) working days after the date it is mailed, whichever is earlier.

(d) The lessee or permittee shall have thirty (30) days (or such longer time as specified in the notice) from the date that the notice is served to respond, in writing, to the official or the Bureau of Indian Affairs office that issued the notice.

(e) If a permittee or lessee fails to take any action that is prescribed in the notice of proposed cancellation, fails to file a timely written response to the notice, or files a written response that does not, in the discretion of the Secretary, adequately justify the permittee’s or lessee’s actions, then the Secretary may cancel the lease or permit, specifying the basis for the cancellation.

(f) If a permittee or lessee fails to take corrective action or to file a timely written response adequately justifying the permittee’s or lessee’s actions pursuant to a notice of noncompliance, the Secretary may issue an order of cessation of operations. If the permittee or lessee fails to comply with the order of cessation, or fails to timely file an appeal of the order of cessation pursuant to paragraph (h), the Secretary may issue an order of lease or permit cancellation.

(g) Cancellation of a lease or permit shall not relieve the lessee or permittee of any continuing obligations under the lease or permit.

(h) Orders of cessation or of lease or permit cancellation issued pursuant to this section may be appealed under 25 CFR part 2.

(i) This section does not limit any other remedies of the Indian mineral owner as set forth in the lease or permit.

(j) Nothing in this section is intended to limit the authority of the authorized officer or the MMS official to take any enforcement action authorized pursuant to statute or regulation.

(k) The authorized officer, MMS official, and the superintendent and/or area director should consult with one another before taking any enforcement actions.

§211.55 Penalties.

(b) A notice of a proposed penalty shall be served on the lessee or permittee either personally or by certified mail to the lessee or permittee at the lessee’s or permittee’s last known address. The date of service by certified mail shall be deemed to be the date when received or five (5) working days after the date mailed, whichever is earlier.

(c) The notice shall specify the nature of the violation and the proposed penalty, and shall specifically advise the lessee or permittee of the lessee’s or permittee’s right to either request a hearing within thirty (30) days from receipt of the notice or pay the proposed penalty. Hearings shall be held before the superintendent and/or area director whose findings shall be conclusive, unless an appeal is taken pursuant to 25 CFR part 2.

(d) If the lessee or permittee served with a notice of proposed penalty requests a hearing, penalties shall accrue each day the violations or noncompliance set forth in the notice continue beyond the time limits prescribed for corrective action. The Secretary may issue a written suspension of the requirement to correct the violations
§ 211.56 Geological and geophysical permits.

Permits to conduct geological and geophysical operations on Indian lands which do not conflict with any mineral leases entered into pursuant to this part, may be approved by the Secretary with the consent of the Indian mineral owner under the following conditions:

(a) The permit must describe the area to be explored, the duration, and the consideration to be paid the Indian owner;

(b) The permit will not grant the permittee any option or preference rights to a lease or other development contract, or authorize the production of, or removal of oil and gas, geothermal resources, or other minerals, except samples for assay and experimental purposes, unless specifically so stated in the permit; and

(c) Copies of all data collected pursuant to operations conducted under the permit shall be forwarded to the Secretary and the Indian mineral owner, unless otherwise provided in the permit. Data collected under a permit may be held by the Secretary as privileged and proprietary information for the time prescribed in the permit. Where no time period is prescribed in the permit, the Secretary may release such information after six (6) years, with the consent of the Indian mineral owner.

§ 211.57 Forms.

Leases, bonds, permits, assignments, and other instruments relating to mineral leasing shall be on forms, prescribed by the Secretary, that may be obtained from the superintendent or area director. The provisions of a standard lease or permit may be changed, deleted, or added to by written agreement of all parties with the approval of the Secretary.

Subpart B—How To Acquire Leases

§ 212.20 Leasing procedures.

(a) Application for leases shall be made to the superintendent having jurisdiction over the lands.

(b) Indian mineral owners may request the Secretary to prepare, advertise, and negotiate mineral leases on their behalf. Leases for minerals shall be advertised for bids as prescribed in this section unless one or more of the Indian mineral owners of a tract sought for lease request the Secretary to negotiate for a lease on their behalf without advertising. Unless the Secretary decides that negotiation of a mineral lease is in the best interests of the Indian mineral owners, he shall use the following procedure for leasing:

(1) Leases shall be advertised to receive optimum competition for bonus consideration, under sealed bid, oral auction, or a combination of both. Notice of such advertisement shall be published in at least one local newspaper and in one trade publication at least thirty (30) days in advance of sale. If applicable, such notice must identify the reservation within which the tracts to be leased are found. No specific description of the tracts to be leased need be published. Specific description of such tracts shall be available at the office of the superintendent and/or area director upon request. The complete text of the advertisement, including a specific description, shall be mailed to each person listed on the appropriate agency or area mailing list. Individuals and companies interested in receiving advertisements on lease sales should send their mailing information to the appropriate agency or area office for future reference.

(2) The advertisement shall offer the tracts to a responsible bidder offering the highest bonus. The Secretary shall establish the rental and royalty rates which shall be stated in the advertisement and will not be subject to negotiation. The advertisement shall provide that the Secretary reserves the right to reject any or all bids, and that acceptance of the lease bid by or on behalf of the Indian mineral owner is required. The requirements under § 212.21 are applicable to the acceptance of a lease bid.

(3) Each sealed bid must be accompanied by a cashier’s check, certified check or postal money order, or any combination thereof, payable to the payee designated in the advertisement, in an amount not less than 25 percent of the bonus bid, which shall be returned if that bid is not accepted.

(4) A successful oral auction bidder will be allowed five (5) working days to remit the required 25 percent deposit of the bonus bid.

(5) A successful bidder shall, within thirty (30) days after notification of the bid award, remit to the Secretary the balance of the bonus, the first year’s rental, a $75 filing fee, its proportionate share of the advertising costs as determined by the Bureau of Indian Affairs, and file with the Secretary all required bonds. The successful bidder shall also file the lease in completed form, signed by the Indian mineral owner(s), at that time. However, for...
good reasons, the Secretary may grant extensions of time in thirty (30) day increments for filing of the lease and all required bonds, provided that additional extension requests are submitted and approved prior to the expiration of the original thirty (30) days or the previously granted extension. Failure on the part of the bidder to take all reasonable actions necessary to comply with the foregoing shall result in forfeiture of the required payment of 25 percent of any bonus bid for the use and benefit of the Indian mineral owner.

(6) If no satisfactory bid is received, or if the accepted bidder fails to complete all requirements necessary for approval of the lease, or if the Secretary determines that it is not in the best interest of the Indian mineral owner to accept any of the bids the Secretary may re-advertise the tract for sale, or subject to the consent of the Indian mineral owner, a lease may be let through private negotiations.

(c) The Secretary shall advise the Indian mineral owner of the results of the bidding, and shall not approve the lease until the consent of the Indian mineral owner has been obtained. The requirements under §212.21 are applicable to the approval of a mineral lease.

§ 212.21 Execution of leases.

(a) The Secretary shall not execute a mineral lease on behalf of an Indian mineral owner, except when such owner is deceased and the heirs to or devisee of the estate have not been determined, or if determined, some or all of them cannot be located. Leases involving such interests may be executed by the Secretary, provided that the mineral interest shall have been offered for sale under the provisions of section 212.20(b) (1) through (6).

(b) The Secretary may execute leases on behalf of minors and persons who are incompetent by reason of mental incapacity; Provided, that there is no parent, guardian, conservator, or other person who has lawful authority to execute a lease on behalf of the minor or person with mental incapacity.

(c) If an owner is a life tenant, the procedures set forth in 25 CFR part 179 (Life Estates and Future Interests), shall apply.

§ 212.27 Duration of leases.

The provisions of §211.27 of this subchapter are applicable to leases under this part.

§ 212.28 Unitization and communitization agreements, and well spacing.

(a) For the purpose of promoting conservation and efficient utilization of minerals, the Secretary may approve a cooperative unit, drilling or other development plan on any leased area upon a determination that approval is advisable and in the best interest of the Indian mineral owner. For the purposes of this section, a cooperative unit, drilling or other development plan means an agreement for the development or operation of a specifically designated area as a single unit without regard to separate ownership of the land included in the agreement. Such cooperative agreements include, but are not limited to, unit agreements, communitization agreements and other types of agreements that allocate costs and benefits.

(b) The consent of the Indian mineral owner to such unit or cooperative agreement shall not be required unless such consent is specifically required in the lease.

(c) Requests for approval of cooperative agreements which comply with the
requirements of all applicable rules and regulations shall be filed with the superintendent or area director.

(d) All Indian mineral owners of any right, title or interest in the mineral resources to be included in a cooperative agreement must be notified by the lessee at the time the agreement is submitted to the superintendent or area director. An affidavit from the lessee stating that a notice was mailed to each mineral owner of record for whom the superintendent or area director has an address will satisfy this notice requirement.

(e) A request for approval of a proposed cooperative agreement, and all documents incident to such agreement, must be filed with the superintendent or area director at least ninety (90) days prior to the first expiration date of any of the Indian leases in the area proposed to be covered by the cooperative agreement.

(f) Unless otherwise provided in the cooperative agreement, approval of the agreement commits each lease to the unit in the area covered by the agreement on the date approved by the Secretary or the date of first production, whichever is earlier, as long as the agreement is approved before the lease expiration date.

(g) Any lease committed in part to any such cooperative agreement shall be segregated into a separate lease or leases as to the lands committed and lands not committed to the agreement. Segregation shall be effective on the date the agreement is effective.

(h) Wells shall be drilled in conformity with a well spacing program approved by the authorized officer.

§ 212.29 [Reserved]

§ 212.30 Removal of restrictions.

(a) Notwithstanding the provisions of any mineral lease to the contrary, the removal of all restrictions against alienation shall operate to divest the Secretary of all supervisory authority and responsibility with respect to the lease. Thereafter, all payments required to be made under the lease shall be made directly to the owner(s).

(b) In the event restrictions are removed from a part of the land included in any lease approved by the Secretary, the entire lease shall continue to be subject to the supervision of the Secretary until such times as the holder of the lease and the unrestricted Indian owner submits to the Secretary satisfactory evidence that adequate arrangements have been made to account for the mineral resources of the restricted land separately from those of the unrestricted. Thereafter, the unrestricted portion shall be relieved from the supervision of the Secretary, the lease, the regulations of this part, and all other applicable laws and regulations.

§§ 212.31–212.32 [Reserved]

§ 212.33 Terms applying after relinquishment.

All leases for individual Indian lands approved by the Secretary under this part shall contain provisions for the relinquishment of supervision and provide for operations of the lease after such relinquishment. These leases shall contain provisions that address the following issues:

(a) Provisions of relinquishment. If the Secretary relinquishes supervision at any time during the life of the lease instrument as to all or part of the acreage subject to the lease, the Secretary shall give the Indian mineral owner and the lessee thirty (30) days written notice prior to the termination of supervision. After notice of relinquishment has been given to the lessee, the lease shall be subject to the following conditions:

1. All rentals and royalties thereafter accruing shall be paid directly to the lessor or the lessor's successors in title, or to a trustee appointed under the provisions of paragraph (b) of this section.

2. If, at the time supervision is relinquished by the Secretary, the lessee has made all payments then due and has fully performed all obligations on the lessee’s part to be performed up to the time of such relinquishment, the bond given to secure the performance of the lease, on file in the appropriate agency or area office, shall be of no further force or effect.

3. Should relinquishment affect only part of the lease, then the lessee may continue to conduct operations on the...

§ 212.56 Geological and geophysical permits.

(a) Permits to conduct geological and geophysical operations on Indian lands which do not conflict with any mineral lease entered into pursuant to this part may be approved by the Secretary with the consent of the Indian owner under the following conditions:

(1) The permit must describe the area to be explored, the duration and the consideration to be paid the Indian owner;

(2) The permit may not grant the permittee any option or preference rights to a lease or other development contract, authorize the production of, or removal of oil and gas, or geothermal resources, or other minerals except samples for assay and experimental purposes, unless specifically so stated in the permit; and

(3) Copies of all data collected pursuant to operations conducted under the permit shall be forwarded to the Secretary and made available to the Indian mineral owner, unless otherwise provided in the permit. Data collected under a permit shall be held by the Secretary as privileged and proprietary information for the time prescribed in the permit. Where no time period is prescribed in the permit, the Secretary may, in the discretion of the Secretary, release such information after six (6) years.

(b) A permit may be granted by the Secretary without 100 percent consent of the individual mineral owners if:

(1) The minerals are owned by more than one person, and the owners of a majority of the interest therein consent to the permit;

(2) The whereabouts of one or more owners of the minerals or an interest therein is unknown, and all the remaining owners of the interests consent to the permit;
(3) The heirs or devisee of a deceased owner of the land or an interest therein have not been determined, and the Secretary finds that the permit activity will cause no substantial injury to the land or any owner thereof; or
(4) The owners of interests in the land are so numerous that the Secretary finds it would be impractical to obtain their consent, and also finds that the permit activity will cause no substantial injury to the land or any owner thereof.

c. A lessee does not need a permit to conduct geological and geophysical operations on Indian lands, if provided for in the lessee’s mineral lease, where the Indian mineral owner is also the surface land owner. In instances where the Indian mineral owner is not the surface owner, the lessee must obtain any additional necessary permits or rights of ingress or egress from the surface occupant.

§ 213.4 Sale of oil and gas leases.

(a) At such times and in such manner as he may deem appropriate, the Area Director shall publish notices at least thirty days prior to the sale, unless a shorter period is authorized by the Commissioner of Indian Affairs, that oil and gas leases on specific tracts, each of which shall be in a reasonably compact body, will be offered to the highest responsible bidder for a bonus consideration, in addition to stipulated rentals and royalties. Each bid must be accompanied by a cashier’s check, certified check, or postal money order, payable to the payee designated in the invitation to bid, in an amount not less than 25 percent of the bonus bid. Within 30 days after notification of being the successful bidder, said bidder must remit the balance of the bonus, the first year’s rental, and his share of the advertising costs, and shall file with the Area Director the lease in completed form. The Area Director may, for good and sufficient reasons, extend the time for the completion and submission of the lease form, but no extension shall be granted for remitting the balance of monies due. If the successful bidder fails to pay the full consideration within said period, or fails to file the completed lease within said period or extension thereof, or if the lease is disapproved through no fault of the lessee or the Department of the Interior, 25 percent of the bonus bid will be forfeited for the use and benefit of the Indian lessor.

(b) In cases where any part of the bonus bid for a lease is paid directly to the Indian lessor, upon his signing the lease, the lessee must procure and file with the lease an affidavit of the lessor, sworn to before a U.S. Commissioner, Postmaster, Area Director, local representative of the Area Director, county or district judge, Federal judge or clerk of a Federal court, showing the amount of bonus so paid, and the balance thereof must be paid into the office of the Area Director upon filing the lease. Where possible lessees are requested to take the lessor to the nearest United States field clerk who will render all proper assistance in the execution of leases, and before whom the bonus affidavit may be executed in cases where any part of bonus consideration is paid directly to the lessor. Where leases are executed by guardians, under order of court, the affidavit of lessor may be executed before a notary public.

Uncontested mining leases for minerals other than oil and gas shall be made on forms1 prescribed by the Department, for a period of 15 years with the right of renewal on such terms as the superintendent may prescribe, and shall be subject only to approval by the Area Director. See provisions of the act of February 14, 1920 (41 Stat. 408). Any persons aggrieved by any decision or order of the Area Director approving, rejecting, or disapproving any such lease may appeal from the same to the Secretary of the Interior within 30 days from the date of such decision or order.

§ 213.7 Fees.

The provisions of §211.25 of this chapter, or as hereafter amended, are applicable to this part.

Area Director will report the facts to the Commissioner of Indian Affairs and ask for instructions. Minor heirs can lease or joint adult heirs in leasing only through guardians under order of court. Proof of heirship shall be given upon Form F prescribed. If probate or other court proceedings have established the heirship in any case, or the land has been partitioned, certified copy of final order, judgment, or decree of the court will be accepted in lieu of Form F.

§ 213.14 Corporations and corporate information.

If the applicant for a lease is a corporation, it shall file evidence of authority of its officers to execute papers; and with its first application it shall also file a certified copy of its articles of incorporation, and, if foreign to the State in which the lands are located, evidence showing compliance with the corporation laws thereof. Statements of changes in officers and stockholders shall be furnished by a corporation lessee to the Area Director January 1 of each year, and at such other times as may be requested.

Whenever deemed advisable in any case the Area Director may require a corporation applicant or lessee to file:

(a) List of officers, principal stockholders, and directors, with post office addresses and numbers of shares held by each.

(b) A sworn statement of the proper officer showing:

(1) The total number of shares of the capital stock actually issued and the amount of cash paid into the treasury on each share sold; or, if paid in property, the kind of quantity and value of the same paid per share.

(2) Of the stock sold, how much remains unpaid and subject to assessment.

(3) The amount of cash the company has in its treasury and elsewhere.

(4) The property, exclusive of cash, owned by the company and its value.

(5) The total indebtedness of the company and the nature of its obligations.

(6) Whether the applicant or any person controlling, controlled by or under common control with the applicant has filed any registration statement, application for registration, prospectus or offering sheet with the Securities and Exchange Commission pursuant to the Securities Act of 1933 or the Securities Exchange Act of 1934 or said Commission's rules and regulations under said acts; if so, under what provision of said acts or rules and regulations; and what disposition of any such statement, application, prospectus or offering sheet has been made.

(c) Affidavits of individual stockholders, setting forth in what corporations, or with what persons, firms, or associations such individual stockholders are interested in mining leases on restricted lands within the State, and whether they hold such interest for themselves or in trust.

Cross Reference: For regulations of the Securities and Exchange Commission, see 17 CFR chapter II.

§ 213.15 Bonds.

(a) Lessee shall furnish with each mining lease a bond (Form 5–154b), and an assignee of a lease shall furnish with each assignment a bond (Form 5–154m), with an acceptable company authorized to act as sole surety, or with two or more personal sureties and a deposit as collateral security of any public-debt obligations of the United States guaranteed as to principal and interest by the United States, equal to the full amount of such bonds, or other collateral satisfactory to the Secretary of the Interior, or show ownership of unencumbered real estate of the value equal to twice the amount of the bonds. Lessee may file a bond on Form 5–154a without sureties and a deposit as collateral security of Government bonds equal in value to the full amount of the bond. Lease bonds, except as provided in paragraph (c) of this section, shall not be less than the following amounts:

For less than 80 acres ........................................ $1,000
For 80 acres and less than 120 acres ........................................ 1,500
For 120 acres and not more than 160 acres ........................................ 2,000
For each additional 40 acres, or part thereof, above 160 acres ........ 500

Provided, That for leases for minerals other than oil and gas the Secretary of the Interior or his authorized representative with the consent of the Indian landowner may authorize a bond
§ 213.18 Manner of payment of rents and royalties.

(a) Except as provided in paragraph (b) of this section, all rents, royalties and other payments due under leases which have been or may be approved in accordance with this part shall be paid by check or bank draft to the order of the Treasurer of the United States and mailed to the Area Director for deposit to the credit of the various lessors. When lessees and purchasers are instructed, in writing, by the Area Director, which instructions shall be complete as to lessors for each lease, separate remittances for each payment due each lessor shall be mailed to the Area Director. Any payments under this paragraph, covering lands or interests therein from which restrictions have been removed by death or otherwise, may continue to be made in the manner provided by this paragraph until ten days after notice of relinquishment of supervision has been mailed to the lessee.

(b) The Area Director may, in his discretion, whenever it appears to be in the best interest of any lessor, authorize and direct the lessee to pay directly to the lessor, or to the legal guardian of any lessor under guardianship, the rents, royalties and other payments (other than bonuses and advance payments for the first year) due under leases which have been or may be approved in accordance with the regulations in this part. Any such authority for direct payment shall be in writing, addressed to the owner or owners of the lease, and shall expressly provide for its revocation or modification at any time, in writing, by the Area Director. Written authorization for direct payment and written revocations or modifications thereof shall become a part of the lease and shall be distributed as in the case of original leases. All such revocations or modifications shall have a 5-day grace period after date of receipt. Rents, royalties, and other payments paid in accordance therewith shall constitute full compliance with the requirements of the lease pertaining to such payments.

(c) Rents and royalties paid pursuant to paragraphs (a) and (b) of this section...
§ 213.19 Crediting advance annual payments.

In the event of discovery of minerals, all advance rents and advance royalties shall be allowed as credit on stipulated royalties for the year for which such advance payments have been made. No refund of such advance payments made under any lease will be allowed in the event the royalty on production is not sufficient to equal such advance payment; nor will any part of the moneys so paid be refunded to the lessee because of any subsequent surrender or cancellation of the lease.

§ 213.20 [Reserved]

§ 213.21 Rate of rents on leases other than oil and gas.

On all mineral leases of allotted lands other than oil and gas leases, rental shall be paid annually in advance from the date of approval of the lease, as follows: Fifty cents per acre for the first year, $1 per acre for the second year, and $1 per acre for the third and each succeeding year of the term of the lease.

§ 213.22 Expenditures under lease other than oil and gas.

(a) On all leases for deposits of minerals other than oil and gas, there shall be expended for each calendar year the lease is in force, and for each fraction of a calendar year greater than 6 months, in actual mining operations, development, or improvements upon the lands leased, or for the benefit thereof, a sum which, with the annual rental, shall amount to not less than $5 per acre.

(b) The expenditures for development required by this section upon application may be waived in writing by the Area Director or other officer in charge of the Five Civilized Tribes Agency either before or after the approval of a lease, such waiver to be subject to termination at any time upon 10 days' written notice to the holder of the lease by the said Area Director or other officer in charge.

(c) Each lessee, except oil and gas lessees, shall file with the Area Director an itemized statement in duplicate, within 20 days after the close of each calendar year, of the amount and character of said expenditures during such years the statement to be certified under oath by the lessee or his agent having personal knowledge of the facts contained therein.

§ 213.23 Royalty rates for minerals other than oil and gas.

Unless otherwise authorized by the Commissioner of Indian Affairs, the minimum rates for minerals other than oil and gas shall be as follows:

(a) For substances other than gold, silver, copper, lead, zinc, tungsten, coal, asphaltum and allied substances,
oil, and gas, the lessee shall pay quarter- 
ly or as otherwise provided in the lease, a royalty of not less than 10 per-

cent of the value, at the nearest ship-

ping point, of all ores, metals, or min-
erals marketed.

(b) For gold and silver the lessee
shall pay quarterly or as otherwise pro-
vided in the lease, a royalty of not less
than 10 percent to be computed on the
value of bullion as shown by mint re-
turns after deducting forwarding
charges to the point of sale; and for
copper, lead, zinc, and tungsten, a roy-
alty of not less than 10 percent to be
computed on the value of ores and con-
centrates as shown by reduction re-
turns after deducting freight charges
to the point of sale. Duplicate returns
shall be filed by the lessee with the
Area Director within 10 days after the
ending of the quarter or other period
specified in the lease within which such
returns are made: Provided, however,
That the lessee shall pay a royalty of
not less than 10 percent of the value of
the ore or concentrates sold at the
mine unless otherwise provided in the
lease.

(c) For coal the lessee shall pay quar-
terly or as otherwise provided in the
lease, a royalty of not less than 10
cents per ton of 2,000 pounds of mine
run, or coal as taken from the mine, in-
cluding what is commonly called
"slack."

(d) For asphaltum and allied sub-
stances the lessee shall pay quarterly
or as otherwise provided in the lease, a
royalty of not less than 10 cents per
ton of 2,000 pounds on crude material
or not less than 60 cents per ton on re-
fined substances.

§ 213.24 Rate of rents and royalties on
oil and gas leases.

The lessee shall pay, beginning with
the date of approval of oil and gas
leases by the Secretary of the Interior,
a rental of $1.25 per acre per annum in
advance during the continuance there-
of, together with a royalty of 12 1/2 per-
cent of the value or amount of all oil,
gas and/or natural gasoline, and/or all
other hydrocarbon substances produced
and saved from the land leased, save
and except oil and/or gas used by the
lessee for development and operation
purposes on the lease, which oil or gas
shall be royalty free. A higher rate of
royalty may be fixed by the Secretary
of the Interior or his authorized rep-
resentative, prior to the advertisement
of land for oil and gas leases. During
the period of supervision, "value" for
the purposes of the lease may, in the
discretion of the Secretary of the Inte-
rior be calculated on the basis of the
highest price paid or offered (whether
calculated on the basis of short or ac-
tual volume) at the time of production
for the major portion of the oil of the
same gravity, and gas, and/or natural
gasoline, and/or all other hydrocarbon
substances produced and sold from the
field where the leased lands are situ-
ated, and the actual volume of the
marketable product less the content of
foreign substances as determined by
the supervisor. The actual amount re-
alized by the lessee from the sale of
said products may, in the discretion of
the Secretary of the Interior, be
deemed mere evidence of or conclusive
evidence of such value. When paid in
value, such royalties shall be due and
payable monthly at such time as the
lease provides; when royalty on oil pro-
duced is paid in kind, such royalty oil
shall be delivered in tanks provided by
the lessee on the premises where pro-
duced without cost to the lessor unless
otherwise agreed to by the parties
thereto, at such time as may be re-
quired by the lessor. The lessee shall
not be required to hold such royalty oil
in storage longer than 30 days after the
end of the calendar month in which
said oil is produced. The lessee shall be
in no manner responsible or held liable
for loss or destruction of such oil in
storage by causes beyond his control.

§ 213.25 Free use of gas by lessor.

If the leased premises produce gas in
excess of the lessee’s requirements for
the development and operation of said
premises, then the lessor may use suffi-
cient gas, free of charge, for all stoves
and inside lights in the principal dwell-
ing house on said premises, by making
his own connections to a regulator,
connected to the well and maintained
by the lessee, and the lessee shall not
be required to pay royalty on gas so
used. The use of such gas shall be at
the lessee’s risk at all times.
§ 213.26 Rate of royalty on casing-head gas.

(a) On casing-head gas used or sold for the manufacture of casing-head gasoline the minimum rate of royalty shall be 12½ percent of the value of the casing-head gas, which value shall be determined and computed on the basis and in the manner provided in the applicable operating regulations of the Department.

(b) In cases where gas produced and sold has a value for drip gasoline, casing-head gasoline content, and as dry gas from which the casing-head gasoline has been extracted, then the royalties above provided shall be paid on all such values.

§ 213.27 Rate of rental for nonutilized gas wells.

If the gas from a gas producing well is not marketed or utilized, other than for operation of the lease, then for each such well the lessee shall pay such rental as may be determined by the supervisor and approved by the Secretary of the Interior, calculated from the date of the completion of the well. Payment of annual gas rentals shall be made within 30 days from the date such payment becomes due.

§ 213.28 Royalty payments and production reports.

(a) Royalty payments on all oil and gas or other producing leases shall be made at the rates, and at such time, and in the manner prescribed by the terms of the lease.

(b) Quarterly reports shall be made by each lessee on nonproducing leases other than oil and gas within 25 days after December 31, March 31, June 30, and September 30, of each year, upon forms provided, showing manner of operations and total production during such quarter. A lessee may include within one sworn statement all leases upon which there is no production or upon which dry holes have been drilled. Reports of oil and gas leases where royalty accounting is done in the field office of the supervisor will be made as required in the operating regulations.

§ 213.29 Division orders.

(a) Lessees may make arrangements with the purchasers of oil and gas for the payment of the royalties as provided for in the lease and the regulations but such arrangement, if made, shall not operate to relieve a lessee from responsibility should the purchaser fail or refuse to pay royalties when due. Where lessees avail themselves of this privilege, division orders should be executed by the lessee and forwarded to the supervisor for approval. Purchasers may be authorized by the supervisor to reimburse lessees out of royalties for advance rents and advance royalties. Copies of written instructions, notices, modifications, revocations, and authorizations, as provided for in §213.18 (a) and (b), shall be furnished to purchasers. The right is reserved for the supervisor to cancel a division order at any time or require the purchaser to discontinue to run the oil of any lessee who fails to operate the lease properly or otherwise violates the provisions of the lease, of the regulations in this part, or of the operating regulations.

(b) When oil is taken by authority of a division order, the lessee or his representatives shall be actually present when the oil is gauged and records are made of the temperature, gravity, and impurities. The lessee will be held responsible for the correctness and the correct recording and reporting of all the foregoing measurements, which, except lowest gauge, shall be made at the time the oil is turned into the pipeline. Failure of the lessee to perform properly these duties will subject the division order to revocation.

§ 213.30 Permission to start operations.

No operations will be permitted on any lease before it is approved. Written permission must be secured from the supervisor before any operations are started under any oil and gas lease. Operations must be in accordance with the operating regulations promulgated by the Secretary of the Interior. Copies of these regulations may be secured from either the supervisor or the Area Director and no operations should be attempted without a study of the operating regulations.
§ 213.31 Restrictions on operations.

(a) Oil and gas leases issued under the provisions of this part shall be subject to imposition by the Secretary of the Interior of such restrictions as to time or times for the drilling of wells and as to the production from any well or wells as in his judgment may be necessary or proper for the protection of the natural resources of the leased land and in the interest of the lessor. In the exercise of his judgment the Secretary of the Interior may take into consideration, among other things, the Federal laws, State laws, regulations by competent Federal or State authorities, lawful agreements among operators regulating either drilling or production, or both.

(b) All such leases shall be subject to any cooperative or unit plan of development affecting the leased lands that may be required by the Secretary of the Interior, but no lease shall be included in any cooperative or unit plan without prior approval of the Secretary of the Interior. If said plan effects a change in the lease terms, the consent of the lessee or lessors must be obtained before the plan is effective.

§ 213.32 Wells.

The lessee shall agree (a) to drill and produce all wells necessary to offset or protect the leased land from drainage by wells on adjoining lands not the property of the lessor, or in lieu thereof, compensate the lessor in full each month for the estimated loss of royalty through drainage: Provided, That during the period of supervision by the Secretary of the Interior, the necessity for offset wells shall be determined by the supervisor and payment in lieu of drilling and producing shall be with the consent of, and in an amount determined by the Secretary of the Interior; (b) at the election of the lessee to drill and produce other wells: Provided, That the right to drill and produce such other wells shall be subject to any system of well spacing or production allotments authorized and approved under applicable law or regulations, approved by the Secretary of the Interior and affecting the field or area in which the leased lands are situated; and (c) if the lessee elects not to drill and produce such other wells for any period the Secretary of the Interior may, within 10 days after due notice in writing, either require the drilling and production of such wells to the number necessary, in his opinion, to insure reasonable diligence in the development and operation of the property, or may in lieu of such additional diligent drilling and production require the payment on and after the first anniversary date of the lease of not to exceed $1 per acre per annum, which sum shall be in addition to any rental or royalty hereinafter specified.

§ 213.33 Diligence and prevention of waste.

The lessee shall exercise diligence in drilling and operating wells for oil and gas on the leased lands while such products can be secured in paying quantities; carry on all operations in a good and workmanlike manner in accordance with approved methods and practice, having due regard for the prevention of waste of oil or gas developed on the land, or the entrance of water through wells drilled by the lessee to the productive sands or oil or gas-bearing strata to the destruction or injury of the oil or gas deposits, the preservation and conservation of the property for future productive operations, and to the health and safety of workmen and employees; plug securely all wells before abandoning the same and to shut off effectually all water from the oil or gas-bearing strata; not drill any well within 200 feet of any house or barn on the premises without the lessor’s written consent approved by the Area Director; carry out at his expense all reasonable orders and requirements of the supervisor relative to prevention of waste, and preservation of the property and the health and safety of workmen; bury all pipelines crossing tillable lands below plow depth unless other arrangements therefor are made with the Area Director; pay the lessor all damages to crops, buildings, and other improvements of the lessor occasioned by the lessee’s operations: Provided, That the lessee shall not be held responsible for delays or casualties occasioned by causes beyond his control.
§ 213.34 Inspection of premises; books and accounts.

Lessees shall agree to allow the lessors and their agents or any authorized representative of the Interior Department to enter, from time to time, upon and into all parts of the leased premises for the purpose of inspection, and shall further agree to keep a full and correct account of all operations and make reports thereof, as required by the applicable regulations of the Department; and their books and records, showing manner of operations and persons interested, shall be open at all times for examination by such officers of the Department as shall be instructed in writing by the Secretary of the Interior or authorized by regulations to make such examination.

§ 213.35 Mines to be timbered properly.

In mining operations the lessee shall keep the mine well and sufficiently timbered at all points where necessary, in accordance with good mining practice, and in such manner as may be necessary to the proper preservation of the property leased and safety of workmen.

§ 213.36 Surrender of leased premises in good condition.

On expiration of the term of a lease, or when a lease is surrendered, the lessee shall deliver to the Government the leased ground, with the mine workings in case of leases other than oil and gas, in good order and condition, and the bondsmen will be held for such delivery in good order and condition, unless relieved by the Secretary of the Interior for cause. It shall, however, be stipulated that the machinery necessary to operate any mine is the property of the lessee, but that it may be removed by him only after the condition of the property has been ascertained by inspection by the Secretary of the Interior or his authorized agents, to be in satisfactory condition.

§ 213.37 Penalties.

Failure of the lessee to comply with any provisions of the lease, of the operating regulations, of the regulations in this part, orders of the Area Director or his representative, or of the orders of the supervisor or his representative, shall subject the lease to cancellation by the Secretary of the Interior or the lessee to a penalty of not more than $1,270 per day for each day the terms of the lease, the regulations, or such orders are violated, or to both such penalty and cancellation: Provided, That the lessee shall be entitled to notice and hearing, within 30 days after such notice, with respect to the terms of the lease, regulations, or orders violated, which hearing shall be held by the supervisor, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the supervisor’s decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

§ 213.38 Assignments and overriding royalties.

(a) Leases or any interest therein, may be assigned or transferred only with the approval of the Secretary of the Interior, and to procure such approval the assignee must be qualified to hold such lease under existing rules and regulations, and shall furnish a satisfactory bond for the faithful performance of the covenants and conditions thereof. No lease or any interest therein, or the use of such lease, shall be assigned, sublet, or transferred, directly or indirectly, by working or drilling contract, or otherwise, without the consent of the Secretary of the Interior. Assignments of leases shall be filed with the Area Director within 20 days after the date of execution.

(b) An agreement creating overriding royalties or payments out of production on oil and gas leases under this part shall be subject to the provisions of §211.26(d) of this subchapter, or as hereafter amended.

§ 213.39 Stipulations.

The lessee under any lease heretofore approved may by stipulation (Form 5-154l) with the consent of the lessor and
the approval of the Secretary of the Interior, make such approved lease subject to all the terms, conditions, and provisions contained in the lease form and regulations currently in use. Stipulations shall be filed with the Area Director within 20 days after the date of execution.

§ 213.40 Cancellations.

(a) When, in the opinion of the Secretary of the Interior, the lessee has violated any of the terms and conditions of a lease or of the applicable regulations, or if mining operations are conducted wastefully and without regard to good mining practice, the Secretary of the Interior shall have the right at any time after 30 days’ notice to the lessee specifying the terms and conditions violated, and after a hearing, if the lessee shall so request within 30 days after issuance of the notice, to declare such lease null and void, and the lessor shall then be entitled and authorized to take immediate possession of the land.

(b) On the following conditions, the lessee may, on approval of the Secretary of the Interior, surrender a lease or any part of it:

1. That he make application for cancellation to the Area Director having jurisdiction over the land.
2. That he pay a surrender fee of $1 at the time the application is made.
3. That he pay all royalties and rentals due to the date of such application.
4. That he make a satisfactory showing that full provision has been made for conservation and protection of the property and that all wells, drilled on the portion of the lease surrendered, have been properly abandoned.
5. If the lease has been recorded, that he file, with his application, a recorded release of the acreage covered by the application.
6. If the application is for the cancellation of the entire lease or the entire undivided portion, that he surrender the lease: Provided, That where the application is made by an assignee to whom no copy of the lease was delivered, he will be required to surrender only his copy of assignment.
7. If the lease (or portion being surrendered or canceled) is owned in undivided interests by more than one party, then all parties shall join in the application for cancellation.
8. That all required fees and papers must be in the mail or received on or before the date upon which rents and royalties become due, in order for the lessee and his surety to be relieved from liability for the payment of such royalties and rentals.
9. If there has been a contest respecting a lease or leases, the approved, the disapproved, or the canceled parts thereof will be held in the office of the Area Director for 5 days after the Department’s decision has been promulgated, by mail or delivery, and will not be delivered, if within that period a motion for review and reconsideration be filed, until such motion is passed upon by the Department.
10. In the event oil or gas is being drained from the leased premises by wells not covered by a lease; the lease, or any part of it, may be surrendered, only on such terms and conditions as the Secretary of the Interior may determine to be reasonable and equitable.

(c) No part of any advance rental shall be refunded to the lessee nor shall he be relieved, by reason of any subsequent surrender or cancellation of the lease, from the obligation to pay said advance rental when it becomes due.

(d) For proper method of terminating departmental leases covering lands from which restrictions have been removed see section 3 of the act of May 27, 1908 (35 Stat. 312).

REMVAL OF RESTRICTIONS

§ 213.41 Leases executed but not approved before restrictions removed from land.

Leases executed before the removal of restrictions against alienation on land from all of which restrictions against alienation shall be removed after such execution, if such leases contain specific provisions for approval by the Secretary of the Interior, whether now filed with the Department or presented for consideration hereafter, will be considered and acted upon by this Department as heretofore but only for the purpose of approving or disapproving the instrument.
§ 213.42 Operations after removal of restrictions from leased lands.

(a) Oil and gas leases heretofore approved and leases for other minerals now or hereafter in force on land from all of which restrictions against alienation have been or shall be removed, even if such leases contain provision authorizing supervision by this Department, shall after such removal of restrictions against alienation, be operated entirely free from such supervision, and the authority and power delegated to the Secretary of the Interior in said leases shall cease and all payments required to be made to the Area Director shall thereafter be made to the lessor or the then owner of the land, and changes in regulations thereafter made by the Secretary of the Interior shall not apply to such leased land from which said restrictions are removed.

(b) In the event restrictions are removed from a part of the land included in any lease to which this section applies the entire lease shall continue subject to the supervision of the Secretary of the Interior, and all royalties thereunder shall be paid to the Area Director until such time as the lessor and lessee shall furnish the Secretary of the Interior satisfactory information that adequate arrangements have been made to account for the oil, gas or mineral upon the restricted land separately from that upon the unrestricted. Thereafter the restricted land only shall be subject to the supervision of the Secretary of the Interior: Provided, That the unrestricted portion shall be relieved from such supervision as in the lease or regulations provided.

§ 213.43 Relinquishment of Government supervision.

All oil and gas leases hereafter executed shall contain the following relinquishment of supervision clause and terms operative after such relinquishment, or other provisions similar in substance:

Relinquishment of supervision by the Secretary of the Interior.—Should the Secretary of the Interior, at any time during the life of this instrument, relinquish supervision as to all or part of the acreage covered hereby, such relinquishment shall not bind lessee until said Secretary shall have given 30 days' written notice. Until said requirements are fulfilled, lessee shall continue to make all payments due hereunder as heretofore in section 3(c). After notice of relinquishment has been received by lessee, as hereinafter provided, this lease shall be subject to the following further conditions:

(a) All rentals and royalties thereafter accruing shall be paid in the following manner: Rentals and royalties shall be paid to lessor or his successors in title, or to a trustee appointed under the provision of section 9 hereof. Rentals and royalties shall be paid directly to lessor, his successors in title, or to said trustee as the case may be.

(b) If, at the time supervision is relinquished by the Secretary of the Interior, lessee shall have made all payments then due hereunder, and shall have fully performed all obligations on its part to be performed up to the time of such relinquishment, then the bond given to secure the performance hereof, on file in the Indian Office, shall be of no further force or effect.

(c) Should such relinquishment affect only part of the acreage, then lessee may continue to drill and operate the land covered hereby as an entirety: Provided, That lessee shall pay in the manner prescribed by section 3(c), for the benefit of lessor such proportion of all rentals and royalties due hereunder as the acreage retained under the supervision of the Secretary of the Interior bears to the entire acreage of the lease, the remainder of such rentals and royalties to be paid directly to lessor or his successors in title or said trustee as the case may be, as provided in subdivision (a) of this section.

Division of fee. It is covenanted and agreed that should the fee of said land be divided into separate parcels, held by different owners, or should the rental or royalty interests hereunder be so divided in ownership, after the execution of this lease and after the Secretary of the Interior relinquishes supervision hereof, the obligations of lessee hereunder shall not be added to or changed in any manner whatsoever save as specifically provided by the terms of this lease. Notwithstanding such separate ownership, lessee may continue to drill and operate said premises as an entirety: Provided, That each separate owner shall receive such proportion of all rentals and royalties accruing after the vesting of his title as the acreage of the fee, or rental or royalty interest, bears to the entire acreage covered by the lease; or to the entire rental and royalty interest as the case may be: Provided further, That, if, at any time after departmental supervision hereof is relinquished, in whole or in part, there shall be four or more parties entitled to rentals or royalties hereunder, whether said parties are so entitled by virtue of undivided interests or by virtue of ownership of separate parcels of the land covered hereby, lessee at his election may withhold the payment of
further rentals or royalties (except as to the portion due the Indian lessor while under restric-
tion), until all of said parties shall agree upon and designate in writing and in a re-
cordable instrument a trustee to receive all payments due hereunder on behalf of said par-
ties and their respective successors in title. Payments to said trustee shall con-
stitute lawful payments hereunder, and the sole risk of an improper or unlawful distribu-
tion of said funds by said trustee shall rest upon the parties naming said trustee and their respective successors in title. (The above provisions are copied from oil and gas mining lease Form 5-154h,1 revised April 24, 1935.)

§ 213.44 Division of royalty to separate fee owners.

Should the removal of restrictions affect only part of the acreage covered by a lease containing provisions to the effect that the royalties accruing under the lease, where the fee is divided into separate parcels, shall be paid to each owner in the proportion which his acreage bears to the entire acreage covered by the lease, the lessee or assignee of such unrestrictred portion will be re-
quired to make the reports required by the regulations in this part and the oper-
ating regulations with respect to the beginning of drilling operations, comple-
tion of wells, and production the same as if the restrictions had not been removed. In the event the unrestrictred portion of the leased premises is pro-
ducing, the owner of the lease thereon will be required to pay the portion of the royalties due the Indian lessor at the time and in the manner specified by the regulations in this part.

§ 213.45 Restrictions especially continued as to certain lands.

Restricted lands allotted as either homestead or surplus allotments, des-
ignated as tax exempt under section 4 of the act of May 10, 1928, as amended
May 24, 1928 (45 Stat. 495, 733), the entire interest in which was acquired by inheritance, gift, devise, or purchase with restricted funds, by persons of one-half or more Indian blood, after the passage of the act of January 27, 1933 (47 Stat. 777), continue to be restricted under the provisions of the last men-
tioned act and oil and gas leases there-

§ 214.1 Definition.

§ 214.2 Sale of leases.

Leases of minerals other than oil and gas may be negotiated with the tribal council after permission to do so has been obtained from the officer in charge. Leases with all papers required, shall be filed with the officer in charge within 30 days from the date of execution by the lessee and the principal chief of the Osage Tribe. The lease will be forwarded to the Commissioner of Indian Affairs for consideration by him and the Secretary of the Interior and will become effective only after approval by the Secretary of the Interior. If any lease should be disapproved through no fault of the lessee, all
§ 214.3 Corporate information.

(c) How much cash the company has in its treasury and elsewhere, and from what source it was received.

(e) What the total indebtedness of the company is, and the nature of its obligations.

(f) Names of officers and directors.

§ 214.4 Bonds.

Lessee shall furnish with each lease at the time it is filed with the officer in charge an acceptable bond not less than the following amounts:

For less than 80 acres ......................... $1,000
For 80 acres and less than 120 acres ......................... 1,500
For 120 acres and not more than 160 acres ......................... 2,000
For each additional 40 acres, or part thereof above 160 acres ......................... 500

Provided, That for leases for minerals other than oil and gas the Secretary of the Interior or his authorized representatives with the consent of the Indian landowner may authorize a bond for a lesser amount if, in his opinion, the circumstances warrant and the interests of the Indian landowners are fully protected: Provided further, That the lessee shall be allowed to file bond, Form S\(^1\) covering all leases to which he or they are or may become parties instead of a separate bond in each case, such bond to be in the penal sum of $15,000. The right is reserved to change the amount of the bond in any particular case, or to require a new bond in the discretion of the Secretary of the Interior.

§ 214.5 Additional information.

The officer in charge may, at any time, either before or after approval of a lease call for any additional information necessary to carry out the purpose and intent of the regulations in this part, and such information shall be furnished within the time specified in the request therefor.

§ 214.6 Failure of lessee to complete lease.

Should a lessee fail to furnish, within the time specified after his bid is accepted, the papers necessary to put his lease and bond in proper form for consideration, the officer in charge shall recommend that the sale be disapproved and money paid forfeited to the Osage Tribe.

§ 214.7 Operation not permitted until lease approved; 160 acres maximum for single lease.

No mining or work of any nature will be permitted upon any tract of land until a lease covering such tract shall have been approved by the Secretary of the Interior and delivered to the lessee. All leases shall be made for such period as the title to the minerals remain in the Osage Tribe, which time will expire April 8, 1931, unless otherwise provided by Congress and shall be subject to cancellation or termination as specified in this part. Leases made by corporations shall be accompanied by an affidavit by the secretary or president of the company showing the authority of its officers to execute leases, bonds, and other papers. No lease shall be made covering more than 160 acres.

\(^1\)For further information concerning forms, see §214.24.
§ 214.8 Acreage limitation.

No person, firm, or corporation shall hold under lease at any one time without special permission from the Secretary of the Interior in excess of the following areas:

(a) For deposits of the nature of lodes, or veins containing ores of gold, silver, copper, or other useful metals, 640 acres.

(b) For beds of placer gold, gypsum, asphaltum, phosphate, iron ores, and other useful minerals, other than coal, lead, and zinc, 960 acres.

(c) For coal, 4,800 acres.

(d) For lead and zinc, 1,280 acres.

§ 214.9 Advance rental.

(a) Lessees shall pay, in addition to other considerations, annual advance rentals as follows: 15 cents per acre for the first year; 30 cents per acre for the second year; 50 cents per acre for the third year; and $1 per acre per annum for the fourth and each succeeding year during the life of any lease: Provided, That all such payments of advance rentals shall be credits on royalties on production during the year for which payment of advance rental is made.

(b) The payment of annual advance rental shall not release the lessee from the obligation to conduct mining operations, as required by the terms of the lease.

§ 214.10 Royalty rates.

Royalties will be required as follows, subject to the approval of the President, in accordance with the act of June 28, 1906 (34 Stat. 543):

(a) For gold, silver, or copper lessee shall pay quarterly a royalty of 10 percent to be computed on the gross value of the ores as shown by reduction returns after deducting freight and treatment charges. Duplicate reduction returns shall be filed by the lessee with the officer in charge within 20 days after the reduction of the ores.

(b) For coal the lessee shall pay a royalty of 10 cents per ton of 2,000 pounds on mine run or coal as taken from the mines, including what is commonly called “slack.”

(c) For asphaltum and allied substances, the lessee shall pay quarterly a royalty of 10 cents per ton of 2,000 pounds on crude material, and 60 cents per ton on refined substances.

(d) For substances other than gold, silver, copper, lead, zinc, coal, and asphaltum the lessee shall pay quarterly a royalty of 10 percent of the value at the nearest shipping point of all ores, metals, or minerals marketed.

(e) The royalties to be paid for lead and zinc shall be computed for each mineral at the same rate that the amount of the concentrates of such mineral bears to the total amount of dirt or rock actually mined, except as stipulated in this section. The royalty so determined shall be increased by adding 1 percent for each increase of $10 in the selling price per ton thereof over and above the following, which shall be the agreed base or standard:

For zinc—$50
For lead—$65

but in no case shall the rate of royalty be less than 5 percent or more than 20 percent. The percentage of recovery shall be computed as nearly as practicable upon the ore included in each sale, but where it is impracticable so to do the officer in charge and the lessee shall agree upon some other method of computation which will produce substantially the same result: Provided, That in case of their disagreement the Commissioner of Indian Affairs shall prescribe a rule of computation to be followed in such cases.

Note: The royalty would always be determined under this rule by ascertaining the percentage of recovery were it not for two things: (1) the flat rates which are fixed as the minimum and the maximum rates of royalty and (2) variations in the selling price of the ores. Concrete examples coming under the rule are set forth in the following table:

§ 214.11 Payment of rents and royalties.

All rentals, royalties, damages, or other amounts which may become due under leases approved in accordance with the regulations in this part shall be paid to the disbursing agent at Pawhuska, Okla. The remittances shall be in St. Louis exchange, except that where such exchanges cannot be procured post office or express money orders will be accepted. All royalties or other payments or claims of the Osage Tribe arising under such leases shall be a lien upon the mining plant machinery, and all minerals mined on the property leased or in which the lessee still retains any right, claim, or interest.

§ 214.12 Time of payment of royalties.

Royalties on all minerals produced in any quarter (January-March, April-June, July-September, October-December) shall be paid on or before the 25th day of the month next succeeding, and the remittance shall be accompanied by sworn reports covering all operations, whether there has been production or not. Annual advance rentals shall be paid within 10 days after the beginning of the lease year.

§ 214.13 Diligence; annual expenditures; mining records.

(a) Lessees shall exercise diligence in the conduct of prospecting and mining operations, and on all leases referred to in §214.8(a) shall expend annually in development work a sum which with the annual rental shall make an amount of not less than $5 per acre. On all leases referred to in §214.8(b) and (c) there shall be expended annually in development work a sum which inclusive of the annual rental shall make an amount of not less than $1 for each acre or fraction thereof included in the lease. The lands covered by each lease referred to in §214.8(d) shall be prospected for lead and zinc ores by drilling within 1 year test holes aggregating 2,000 feet unless a sufficient ore body is discovered to justify the sinking of a shaft to the ore body and the erecting of a mill when such tract may be released from further prospecting by the written consent of the superintendent: Provided, That within 90 days after an ore body of sufficient quantity is discovered, and shown by the logs or records of the drill holes, to justify the expenditure, the sinking of a shaft to the ore body, and the erection of a mill shall be commenced and continued to completion without cessation of work thereon, barring unavoidable accidents or causes beyond the control of the lessee.

(b) Lessee shall keep upon the leased premises accurate records of the drilling, redrilling, or deepening of all holes showing the formations, and upon the completion of such holes, copies of such records shall be transmitted to the superintendent by the lessee after the first completion and of any further drilling thereafter, and a failure to so furnish report within the time prescribed shall be considered a violation of the regulations. Lessee shall, before commencing operations, file with the superintendent a plat and preliminary statement of how the openings are to be made and the property developed.

§ 214.14 Use of surface lands.

(a) Lessees may use so much of the surface of the leased land as shall be reasonably necessary for the prospecting and mining operations and buildings required by the lease, and shall also have the right-of-way over and across such land to any point of prospecting or mining operations, but such use of the surface shall be permissible only under condition of least injury and inconvenience to the allottee or owner of the land. Lessees before commencing and during such operations shall pay all reasonable damages for the use of the surface land and to any growing crops thereon, or to improvements on said land, or any damage that during the life of the lease may be occasioned in any manner whatsoever by the use of the surface, to the allottee or his successor in interest or assignee, or to a lessee of the surface of said land or to an oil and gas lessee, damages to be apportioned among the parties interested in the surface, whether as owner, lessee, or otherwise, as the parties in interest.

standard selling price for the lead is to be $65 instead of $50.

Provided,
may mutually agree or as their interests may appear. If the parties are unable to agree concerning damages the same shall be determined by arbitration.

(b) All agreements (or authenticated copies thereof) providing for the settlement of damages shall be filed in the Osage Agency if the surface owner is a restricted Indian, and all such amounts which may be due and payable to any such Indian shall be paid to the superintendent and by him immediately remitted to the Indian entitled thereto. All sums due as royalty or damages shall be a lien on all equipment on leased premises.

§ 214.15 Homesteads.

Lessees and those acting under them shall not conduct prospecting or mining operations within or upon any homestead selection without written consent of the Secretary of the Interior.

§ 214.16 Settlement of damages.

Any person, other than a lessee or an allottee or the heirs of a deceased allottee, claiming an interest in any leased tract or in damages thereto must furnish to the officer in charge a statement in writing showing his interest, and failure to furnish such statement shall constitute a waiver of notice and estop said person from claiming any part of such damages after the same shall have been disbursed.

§ 214.17 Use of timber from restricted lands.

Lessees will not be permitted to use any timber from any Osage lands not relieved of restrictions upon alienation except under written agreement with the owner approved by the officer in charge.

§ 214.18 Assignments.

Approved leases or any interest therein may be transferred or assigned with the consent and approval of the Secretary of the Interior and not otherwise. Transfers or assignments, when so approved, shall be subject to the terms and conditions of the original leases and regulations under which such leases were approved as well as to such additional requirements as the Secretary of the Interior may prescribe. The transferee or assignee shall furnish with his transfer or assignment a satisfactory bond as prescribed in §214.4 in connection with leases. Any attempt to transfer or assign an approved lease or any interest therein without the consent and approval of the Secretary of the Interior shall be absolutely void and shall subject the original lease to cancellation in the discretion of the secretary.

§ 214.19 Cancellation.

When a lessee makes application for the cancellation of a lease in whole or in part, all royalties or rentals due up to and including the date of the application for cancellation must be paid, and that part of the lease delivered to the lessee shall be surrendered before such application will be considered. In the event a lease is surrendered for cancellation in whole or in part, after a new lease year has been entered upon, the lessee and his surety shall be liable for the advance rentals required to be paid under the lease for that year, and no part of such rentals which may have been paid shall be refunded.

§ 214.20 Annual reports by corporate lessees.

Lessees and assignees must submit to the officer in charge on January 1, of each year and at such other times as may be required by the Secretary of the Interior, a statement containing the information called for in §214.3(a) and (f) and also showing any changes in officers or changes in or additions to stockholders. At any time individual stockholders may be required to show to the satisfaction of the Secretary of the Interior in what companies or with what persons or firms they are interested in mining leases on the Osage Reservation and whether they hold such stock or interest for themselves or in trust.

§ 214.21 Inspection of lessees' books and records.

Lessees shall allow the agents and representatives of the lessor, or any authorized representative of the Interior Department, to enter, from time to time, upon and into all parts of the
leased premises for the purpose of inspection, and their books and records showing manner of operations and persons interested, shall be open at all times for the examination of such officers of the department as shall be instructed by the Secretary of the Interior to make such examinations.

§ 214.22 Serving of notices.
Wherever notice is provided for in this part it shall be sufficient if notice has been mailed to the last known place of address of the party, and time shall begin to run with the day next ensuing after the mailing or from the date of delivery of personal notice; but where the party is outside the State of Oklahoma the officer in charge may, in his discretion, increase the time allowed.

§ 214.23 Plat of mine location.
Lessees are required, when so requested, to file a plat of their leases showing exact locations of all mines, proposed locations, power houses, etc.

§ 214.24 Forms.
Applications, leases, and other papers must be upon forms prepared by the department, and the superintendent of the Osage Indian school, Pawhuska, Okla., will furnish prospective lessees with such forms at a cost of $1 per set.

Form N. Lease (except lead and zinc).
Form O. Bond.
Form P. Authority of officers to execute papers.
Form Q. Assignment.

§ 214.25 Forfeiture of lease.
On the failure of any lessee or assignee to comply with any regulation or any obligation in the lease or assignment, the Secretary of the Interior may cancel and annul such lease without resorting to the courts and without any further proceeding: Provided, That the party or parties charged with such violation shall be first given not less than 30 days’ notice to show cause why such lease should not be canceled and annulled or other order made with reference thereto.

§ 214.26 Fine; notice and hearing.
Violation of any of the terms or conditions of any lease or of the regulations pertaining thereto shall subject the lease to cancellation by the Secretary of the Interior, or the lessee to a fine of not exceeding $500 per day for each and every day the terms of the lease or of the regulations are violated, or the orders of the superintendent in reference thereto are not complied with, or to both such fine and cancellation in the discretion of the Secretary of the Interior: Provided, That the lessee shall be entitled to notice and hearing with respect to the terms of the lease or of the regulations violated, which hearing shall be held by the superintendent, whose findings shall be conclusive unless an appeal be taken to the Secretary of the Interior within 30 days after notice of the superintendent’s decision, and the decision of the Secretary of the Interior upon appeal shall be conclusive.

§ 214.27 Changes in regulations.
The regulations in this part are subject to change or alteration at any time by the Secretary of the Interior.

§ 214.28 Location of sites for mines and buildings.
In event of disagreement between two or more mineral lessees regarding sites for the location of wells, mines, buildings, plants, etc., the same shall be determined by the superintendent after investigation and after due consideration of prior right of any lessee by reason of date of approval of lease.

§ 214.29 Prospecting; abandonment of mines.
All prospecting or mining operations or the abandonment of a well or mine shall be subject to the approval of the superintendent, and any disagreement between lessees of mineral leases regarding operations likely to result in injury to either lessee shall be determined by the superintendent, whose decision shall be final, unless an appeal is filed with the Secretary of the Interior within 30 days after notice of such decision.
§ 214.30 Lessees must appoint local representative.

AUTHORITY: Sec. 26, 41 Stat. 1248; 50 Stat. 68.

§ 215.3 Manner and time of royalty payments.

All royalties belonging to the lessor shall be paid to the superintendent of the Quapaw Agency at Miami, Okla., or such other official as the Secretary of the Interior may designate, for the benefit of the lessor, not later than 15 days from the 1st of each month for ore and concentrates sold during the preceding month.

§ 215.4 Leases to be sold at public auction.

Except as otherwise provided in the regulations in this part, no lead and zinc mining lease under this part of restricted or trust allotted and inherited Indian lands within and under the Quapaw Indian Agency shall be made except to the highest responsible bidder at public auction.

§ 215.5 Royalty rates.

(a) In leases offered for sale at public auction under the regulations in this part the royalty to be paid by the lessee shall be stipulated at a fixed percent of the gross proceeds of all lead and zinc ores and concentrates extracted from the leased premises, the royalty to be computed and based upon each sale of ore or concentrates separately, the rate of royalty to be determined and fixed by the Secretary of the Interior in the case of each lease prior to the offering of such lease for sale. Subject to the right of the Secretary of the Interior to reject any and all bids, leases offered for sale at public auction shall be awarded in each case to the responsible bidder submitting the highest bonus offer.

(b) In leases not offered for sale at public auction but otherwise made and entered into under the provisions of the regulations in this part the royalty stipulated and fixed therein shall be such as may be determined by the Secretary of the Interior or as may be agreed upon in each case, subject to the approval of the Secretary of the Interior.

(c) It shall be further provided, however, that said sale-price basis for the determination of the rates and amount of royalty shall not be less than the highest and best obtainable market
price of the lead and zinc ores and concentrates at the usual and customary place of disposing of such ores and concentrates at the time of sale: Provided, however, That the right is reserved to the Secretary of the Interior to determine and declare such market price if it is deemed necessary for him to do so for the protection of the interests of the Indian lessor: And provided further, That the right is reserved to the Secretary of the Interior on behalf of the Indian lessors to reserve at any time it shall be deemed to be to the best interests of the Indian lessors and upon due notice to the lessee, the royalty share of the gross production of the ore and concentrates and upon such notice that the royalty share of such production shall be stored and not sold, the lessee shall be required to store, free of charge to the Indian lessors in the ore bins of said lessee, said royalty shares of the gross production of ore and concentrates, provided that the lessee may not be required to store ore or concentrates for the lessee in amounts greater than one-third of his bin capacity or for a period longer than 6 months.

§ 215.6 Applications for leases; consent of Indian owners.

(a) Applications or requests by the Indian owners of restricted or trust land, or by others, that such land be leased or offered for lease for lead and zinc mining purposes should be addressed to the Secretary of the Interior and submitted through the superintendent of the Quapaw Indian Agency. Upon receipt of such applications or requests, the superintendent shall give consideration thereto and forward the same to the Commissioner of Indian Affairs with his report and recommendation.

(b) In no instance will a new lease be executed and delivered (or advertised for sale to the highest bidder) unless the Indian owner thereof, if an adult who has not been specifically found by the Secretary of the Interior to be personally incompetent to transact ordinary business affairs, has agreed to the terms of said lease or the terms under which said lease is advertised for lease, except in cases where the land is owned by several co-tenants, and, in such cases, no such lease shall be given or advertised for sale unless the co-owners or a majority in interest, if adults, and not specifically declared incompetent, have first consented thereto: Provided, That in the event the majority in interest is owned by minors, or adults specifically found to be incompetent, then and in that event, the Secretary of the Interior reserves the right to lease the entire tract if, in his opinion, such leasing will inure to the best interest of the restricted Indian owners.

§ 215.7 Advertisement of sale of leases.

Upon authority being granted by the Secretary of the Interior to the superintendent to offer for sale at public auction a lead and zinc mining lease of any tract or tracts of restricted or trust allotted and inherited Indian lands, the superintendent shall cause a notice to be published once a week for at least 4 weeks in some designated newspaper of general circulation in the county in which the land is located, setting forth that upon a certain day, which shall be not less than 30 days from the first publication of such notice and at a place to be named in the notice, the superintendent or other duly authorized representatives of the Secretary of the Interior will offer for sale at public auction a lead and zinc mining lease of such lands to the highest and best bidder, subject to the rules and regulations prescribed by the Secretary of the Interior, notice to be in such form as may be prescribed by the Secretary of the Interior.

§ 215.8 Submission of bids.

At the time of public auction bidders may submit their bids in person or by authorized agents, but in the latter case the bids must be accompanied by power of attorney duly executed by the real party or person in interest. Sealed bids may be submitted by mail or otherwise to the superintendent at his office at Miami, Okla., or delivered to him at the place set for the sale at any time prior to the hour fixed for offering the lease for sale. At the time and place of the public auction and before receiving the public bids the officer in charge shall announce the amounts and terms of all sealed bids received by him.
and the names of the bidders. The persons present, including those, if any, who may have theretofore submitted sealed bids, shall then be allowed to offer public bids. Bids must contain the offer of the stipulated and fixed royalty (see §215.5 as to royalty) and, in addition thereto, the offer of a bonus payable as follows: 25 percent at time of sale and the balance before or at time of execution of the lease contract. Bidders shall be required to submit with their bids a draft or certified check payable to the order of the superintendent covering the advance rental for the first year on the proposed leasehold and 25 percent of the amount of the bonus offered. The superintendent shall, in each case, determine the highest and best bid, said determination, however, to be subject to the approval of the Secretary of the Interior. Upon approval by the Secretary of the Interior of the award, the successful bidder shall, within 30 days from notice thereof, enter into and execute the lease contract in accordance with said bid and the regulations in this part. The lease so executed shall be subject to the approval of the Secretary of the Interior and may be accepted or rejected by him when submitted for his approval. The right is reserved to the Secretary of the Interior, in the event of the rejection of such lease, to authorize and instruct the superintendent to accept the offer of some competitive bidder or to readvertise the land for lease. The report of the superintendent to the Commissioner of Indian Affairs relative to the auction sale shall contain full information as to all bids received for the lease rights on the land. If any person or party fails or refuses to execute a lease after being declared the highest bidder or after being awarded such lease, the amount tendered with his bid shall be forfeited to the superintendent for the benefit of the owner of the land.

§ 215.9 Execution of leases.

Whenever a lease award to a proposed lessee has been approved by the Secretary of the Interior, as provided in §§215.7 and 215.8, the lease contract shall be executed by the Indian owner of the land, if he be an adult and not incompetent as defined in §215.0(c). Before any lease is entered into by the Indian owners or is approved by the Secretary of the Interior, all the adult and competent owners or co-owners of the tract of land which it is proposed to lease, shall be furnished with such geological reports as may be available or that can be secured from the representative of the Geological Survey showing the estimated mineral reserves on said property, the estimated reasonable value of such property for mining purposes, and such other data as might reasonably be necessary to fully advise the owners of said property of the then present status and mining value of their lands. If the Quapaw or other Indian owner of the land is a minor, or is otherwise an incompetent as defined in the regulations in this part, the lease contract shall be executed by the superintendent for and on behalf of such minor or such incompetent. The leases executed, either by the Indian owner of the land or by the superintendent in his behalf, shall be subject to the approval of the Secretary of the Interior and shall be effective only upon such approval.

§ 215.10 Renewal of leases on developed lands.

(a) In cases where the lands have heretofore been leased, and lead and zinc ores have been discovered thereon, and it shall appear to the Secretary of the Interior to be advisable and to the best interests of the Indian owners of the lands that the terms of the existing lease or leases be extended or that a new lease or leases for an additional period of time, or that a new lease or leases to take effect upon the expiration of present valid leases, should, upon application therefor, be granted to either the present lessees or to parties holding under assignments, subleases, or mining contracts, from such present lessees, or to parties who have expended capital in lead and zinc mining operation and development of the land under such leases, assignments, subleases, or mining contracts, a new lease or leases or contract of extension or existing lease or leases as may be

authorized by the Secretary of the Interior may be entered into with the proper party or parties as may be determined by said Secretary of the Interior, and such new lease or leases or contract of extension of existing lease or leases shall be executed subject to the regulations in this part by and between the Indian owner of the land, if an adult and not incompetent as defined in §215.0 (c), and said proper party or parties. If the Quapaw or other Indian owner of the land is a minor or an otherwise incompetent as defined in §215.0 (c), the superintendent shall execute the new lease or leases or contract of extension of existing lease or leases for and on behalf of said Indian minor or incompetent. Said new leases or contracts of extension of old leases, whether executed by the Indian owner of the land or by the superintendent for and in his behalf, shall be subject to the approval of the Secretary of the Interior and shall become effective only upon such approval. No offering for sale at public auction or advertisement of sale will be necessary in reference to contracts of extension of leases, or to leases entered into under this section, as above provided, but such lease or contract shall be upon such terms as to bonus and royalty as may be determined and fixed in each case by the Secretary of the Interior under the provisions of §215.5. The approval by the Secretary of the Interior of new leases or of the contracts of extension of old leases shall become effective only upon the approval of the Secretary of the Interior and shall not be received or considered prior to the period of 1 year next preceding the date of the expiration of such valid existing lease or leases as may be on the land covered by such application.

(b) Applications under the provision of this section for a lease or extension of lease or for the approval of such lease or extension of lease will not be received or considered prior to the period of 1 year next preceding the date of the expiration of such valid existing lease or leases as may be on the land covered by such application.

(c) Applications under the provisions of this section for a lease or extension of lease or for the approval of such lease or extension of lease shall be filed with the superintendent of the Quapaw Agency at any time within the period of 1 year next preceding the date of the expiration of such valid existing lease or leases as may be on the land covered by such application, and if the records of or papers in the office of said superintendent or the records of the county court of Ottawa County, Okla., indicate that there are any prior existing leases, subleases, assignments of leases or mining contracts covering any of the land applied for, the superintendent shall notify all persons having or claiming any rights or interest in or under said prior existing leases, subleases, assignments of leases, or mining contracts concerning said application for lease or extension of lease, and that they will be allowed 10 days in which to file with the superintendent any objection they may have to the allowance of the application or to the approval of the new lease or extension of existing lease. If objection or protest is made by any owner of the land or by any person claiming rights or interests in or under existing lease, sublease, assignment of lease, or mining contract concerning said application for lease or extension of lease, and that they will be allowed 10 days in which to file with the superintendent any objection they may have to the allowance of the application or to the approval of the new lease or extension of existing lease. If objection or protest is made by any owner of the land or by any person claiming rights or interests in or under existing lease, sublease, assignment of lease, or mining contract, a reasonable time, not exceeding 20 days, shall be allowed them in which to file their statement or brief in support of their protest or objection, and a reasonable further time not exceeding 10 days shall be allowed the applicant for new lease or for extension of existing lease to reply in support of the application. In case of contest, hearings may be had if deemed necessary by the Secretary of the Interior or his representative. The application and papers in
each case shall be forwarded by the superintendent of the Quapaw Indian Agency to the Commissioner of Indian Affairs with his report and recommendation in regard thereto.

§ 215.11 New leases where prior leases have been forfeited or abandoned.

In cases where the lands have heretofore been leased and lead and zinc ores have been discovered but the mines and mining operations have been abandoned and the leases have been canceled or forfeited or have expired, special arrangements in the matter of the leasing and mining of said lands may be made provided the consent thereto of the Secretary of the Interior be first obtained. Applications containing special offers as to the terms and conditions may be considered by the Secretary of the Interior and the leasing of said lands may be made upon such special terms and conditions as the Secretary of the Interior may in each case deem to be for the best interests of the Indian owners of the land. If, however, in any case, it shall appear to the Secretary of the Interior that the granting of such lease would not be to the best interest of the Indian owners of the land, the Secretary of the Interior may cause the mining lease rights on said land to be offered for sale at public auction to the highest bidder. If the lead and zinc mining lease on said land be offered for sale at public auction, the same procedure shall be followed as provided in §§ 215.7 through 215.9.

§ 215.12 Advertising costs.

All advertising costs, publication fees, expenses incurred for abstracts of lease title, and other expenses incurred in connection with the advertising and sale of leases and in connection with the execution of lease contracts shall be borne by the lessee. In the event a lease of the land is offered to the highest bidder and he fails or refuses to execute such lease when duly notified and as required by or under the regulations in this part, and no other bid is accepted, such costs, fees, and expenses shall be paid from such money as he may have paid with his bid. If no bid is tendered after a tract is advertised, or if all bids are refused, said items of expenses shall be charged to the Indian owner of the land and be paid by him or be paid by the superintendent from any funds held by such superintendent to the credit of such Indian owner of the land.

§ 215.13 Bond.

Every mineral lease made and entered into under the regulations in this part, by an Indian or by the superintendent as his representative or in his behalf, must be accompanied by a surety bond, executed by the lessee and by a responsible surety company or two or more satisfactory sureties, guaranteeing the payment of all deferred installments of bonus and the payment of all specified royalties and rentals and the performance of all covenants and agreements undertaken by the lessee. Such bonds, unless authorized by the Secretary of the Interior or his authorized representative, with the consent of the Indian landowner, shall be not less than the following amounts:

For less than 80 acres—$2,500
For 80 acres and less than 120 acres—$3,500
For 120 acres or more—$5,000

Provided, however, That the lessee may, in lieu of such surety bond and upon execution of a proper penal bond to the United States in the sum prescribed and a proper power of attorney to the Secretary of the Interior, submit therewith United States bonds or notes in the aggregate sum prescribed as security for the carrying out of the terms, conditions, and provisions of the lease: Provided further, That a lessee may file in lieu of such individual lease bonds, one bond in a sum to be fixed by the Secretary of the Interior covering all leases to which he is or may become a party. The right is specifically reserved to the Secretary of the Interior to require an increase of the amount of any bond above the sum named in any particular case where he deems it necessary to require such increased bond.

§ 215.14 Payments to be made to superintendent.

No bonus, rents, royalties, nor other payments accruing under any mineral lease executed in accordance with or
§ 215.15 Leases to be accompanied by Form D.

Lead and zinc leases should be accompanied, when filed, with application for approval (Form D) made under oath, and said application shall set forth the information therein required.

§ 215.16 Requirements of corporate lessees.

(a) When the lessee is a corporation, its first application must be accompanied by a sworn statement of its proper officers showing:

(1) The total number of shares of the capital stock actually issued and, specifically, the amount of cash paid into the treasury on each share sold; or, if paid in property, state kind, quantity, and value of the same paid per share.

(2) Of the stock sold how much per share remains unpaid and subject to assessment.

(3) How much cash the company has in its treasury and elsewhere and from what source it was received.

(4) What property, exclusive of cash, is owned by the company and its value.

(5) What the total indebtedness of the company is, and, specifically, the nature of its obligations.

(b) Subsequent applications of the corporation should show briefly the aggregate amounts of assets and liabilities.

§ 215.17 Additional information required.

Corporations, with their first application, must file one certified copy of articles of incorporation and, if a foreign corporation, evidence showing compliance with local corporation laws; also a list showing officers and stockholders, with post-office addresses and number of shares held by each. Statements of any changes of officers or any changes or additions of stockholders must be furnished to the Indian superintendent on January 1 of each year and at any time when requested. The right is reserved to the Secretary of the Interior to require of individual stockholders affidavits setting forth in what companies or with what persons or firms they are interested in lead and zinc mining leases, or land under the jurisdiction of the Quapaw Indian Agency, and whether they hold such stock for themselves or in trust. Evidence must also be given in a single affidavit (Form I) by the Secretary of the company or by the president of said company, showing authority of the officers of the company to execute the lease, bond, and other papers.

§ 215.18 Term of leases.

The term of lead and zinc mining leases executed pursuant to acts of Congress and under the regulations in this part shall be for such period of time as may be determined in each case by the Secretary of the Interior, but in no case shall a lease be made to extend beyond the restriction or trust period on the lands covered by such lease.

§ 215.19 Forms.²

Application, leases, and other papers must be upon forms prescribed by the Secretary of the Interior. Except as may be otherwise provided and required by the Secretary of the Interior, the leases and other papers required under the regulations in this part shall be in conformity with the forms designated, respectively, as follows:

Form A. Lease of Quapaw Indian land.
Form B. For lease of Indian land other than Quapaw.
Form C. Application by Indian.
Form D. Application for approval of lease.
Form E. Affidavit of lessor (or of superintendent acting for him) and affidavit of lessee.
Form F. Surety bond.

²Forms may be obtained from the Commissioner of Indian Affairs, Washington, D.C.
§ 215.20 Assignment.

Leases granted or approved under the regulations in this part may be assigned and the leased premises may be subleased or sublet, but only with the consent and authority of the Secretary of the Interior and subject to his approval as to the terms and conditions of such assignments, sublease, and subletting contracts and not otherwise, and provided also that the proposed assignees, sublessee, or sublettee shall be qualified to hold such lease under the regulations in this part and shall furnish such bond as may be required by the Secretary of the Interior, such bond to be with responsible surety to the satisfaction of the Secretary of the Interior and conditioned for the faithful performance of the covenants and conditions of the lease. Upon the filing with the Indian agent of said lease, the Indian agent shall at once give notice in writing to all restricted Indian owners of said land, advising them of said proposed assignment, and that if they have any bona fide objections to same, such objections must be filed in writing within 10 days from the date of said notice.

§ 215.21 Payment of gross production tax on lead and zinc.

The superintendent of the Quapaw Indian Agency is hereby authorized and directed to pay at the appropriate times, from the respective individual Indian funds held under his supervision, such gross production tax due the State on production of lead and zinc from restricted lands under his jurisdiction as may be properly assessed under provisions of law against the royalty interests of the respective Indian owners in the mineral produced from their lands.

§ 215.22 Operations.

(a) All shafts shall be securely cribbed to a point at least 8 inches above the immediate surrounding surface and cribbing shall be maintained in good condition during the life of the mining lease: Provided, however, That at any time shafts may be permanently sealed by a reinforced concrete slab after first obtaining the written approval of the duly authorized representative of the Department of the Interior. The slab shall be so placed as to prevent caving of the ground around the shaft collar.

(b) All shafts, prior to the expiration, surrender, or upon cancellation of the mining lease or abandonment of the property, shall be permanently sealed so as to prevent the caving of the ground around the shaft collar: Provided, however, That this requirement may be waived after first obtaining the written consent of the duly authorized representative of the Department of the Interior.

(c) All shaft entrances not permanently sealed shall be so fenced, boxed, or covered as to prevent persons or animals from falling into the mine when the shaft is not in actual use, and such fencing, boxing, or covering shall be maintained in good condition during the life of the mining lease.

(d) All churn drill holes shall be securely plugged to the surface unless used for ventilation or other mining purposes, in which case they shall be cased or otherwise prevented from caving or becoming a hazard to persons or animals. If cased, the casing shall extend 4 feet above the collar of the hole.

§ 215.23 Cooperation between superintendent and district mining supervisor.

(a) The district mining supervisor of the Miami field office, Geological Survey, directly or through his assistants, shall receive from lessees for the superintendent, all notices, reports, drill logs, maps, and records, and all other information relating to mining operations required by said regulations to
be submitted by lessees, and shall maintain a file thereof for the superintendent.

(b) The files of the Geological Survey supervisor relating to lead and zinc leases of Quapaw Indian lands shall be at all times available for inspection and use by authorized employees of the Bureau of Indian Affairs, and the employees of the Geological Survey assigned to work relating to Indian lands shall furnish to authorized employees of the Bureau of Indian Affairs such information and technical advice as may be necessary or appropriate to the most efficient cooperation in the conduct of the work assigned to the two bureaus. Likewise, similar facilities and service shall be provided for the benefit of the authorized employees of the Geological Survey by the Bureau of Indian Affairs.

(c) No orders of any kind will be issued by Geological Survey representatives to any Indian, but such representatives shall have full authority to issue and amend orders to operators relative to production and operations: i.e., the supervision of all operations, including safety and efficiency, health and sanitation, and prevention of material or economic waste, such orders to be prepared with the advice of the local representative of the Bureau of Indian Affairs.

§ 215.23a Suspension of operations and production on leases for minerals other than oil and gas.

The provisions of §212.15a of this subchapter are applicable to leases under this part.

§ 215.24 Books and accounts.

(a) The lessee shall maintain books in which shall be kept a correct account of all ore and rock mined on the tract, of all ore put through the mill, of all lead and zinc concentrates produced, and of all ore and concentrates sold and to whom sold, the weight, assay value, moisture content, base price, dates, penalties, and price received, and the percentage of lead and zinc recovered. A correct statement of the same for each month shall be furnished the office of the district mining supervisor pursuant to §215.23 not later than 15 days after the first of each month for the preceding month, together with a certificate from the smelter showing the unit price paid for the mineral purchased and the amount of ore and concentrates purchased during the month from said land.

(b) An audit of the lessee’s accounts and books shall be made semiannually, or at such other times as may be directed by the Secretary of the Interior, by certified public accountants, approved by the Secretary, and at the expense of the lessee. The lessee shall furnish free of cost a copy of such semi-annual or other audit, through the office of the district mining supervisor pursuant to §215.23, within 30 days after the completion of each auditing.

§ 215.25 Other minerals and deep-lying lead and zinc minerals.

Except as provided in §215.6(b), leases on Quapaw Indian lands, for mining minerals other than lead and zinc and for lead and zinc and associated minerals below the horizon of the rock stratum known as the Reed Springs Formation, shall be made pursuant to the provisions of part 212 of this subchapter.

§ 216.3 Definitions.

As used in the regulations in the part:

(a) Superintendent means the superintendent or other officer of the Bureau of Indian Affairs having jurisdiction under delegated authority, over the lands involved.

(b) Mining supervisor means the Regional Mining Supervisor, or his authorized representative, of the Geological Survey authorized as provided in 30 CFR 211.3 and 231.2 to supervise operations on the land covered by a permit or lease.

(c) Overburden means all the earth and other materials which lie above a natural deposit of minerals and such earth and other materials after removal from their natural state in the process of mining.

(d) Area of land to be affected or area of land affected means the area of land from which overburden is to be or has been removed and upon which the overburden or waste is to be or has been deposited, and includes all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to an operation and for haulage.

(e) Operation means all of the premises, facilities, roads, and equipment used in the process of determining the location, composition or quality of a mineral deposit, or in developing, extracting, or onsite processing of a mineral deposit in a designated area.

(f) Method of operation means the method or manner by which a cut or open pit is made, the overburden is placed or handled, water is controlled or affected and other acts performed by the operator in the process of exploring or uncovering and removing or onsite processing of a mineral deposit.

(g) Holder or operator means the permittee or lessee designated in a permit or lease.

(h) Reclamation means measures undertaken to bring about the necessary reconditioning or restoration of land or subsequent to the date on which these regulations become effective and which are subject to the approval of the Secretary of the Interior or his designated representative.
water that has been affected by exploration or mineral development, mining or onsite processing operations, and waste disposal, in ways which will prevent or control onsite and offsite damage to the environment.

§ 216.4 Technical examination of prospective surface exploration and mining operations.

(a)(1) In connection with an application for a permit or lease, the superintendent shall make, or cause to be made, a technical examination of the prospective effects of the proposed exploration or surface mining operations upon the environment. The technical examination shall take into consideration the need for the preservation and protection of other resources, including cultural, recreational, scenic, historic, and ecological values; and control of erosion, flooding, and pollution of water; the isolation of toxic materials; the prevention of air pollution; the reclamation by revegetation, replacement of soil or by other means, of lands affected by the exploration or mining operations; the prevention of slides; the protection of fish and wildlife and their habitat; and the prevention of hazards to public health and safety.

(2) A technical examination of an area should be made with the recognition that actual potential mining sites and mining operations vary widely with respect to topography, climate, surrounding land uses, proximity to densely used areas, and other environmental influences and that mining and reclamation requirements should provide sufficient flexibility to permit adjustment to local conditions.

(b) Based upon the technical examination, the superintendent shall formulate the general requirements which the applicant must meet for the protection of nonmineral resources during the conduct of exploration or mining operations and for the reclamation of lands or waters affected by exploration or mining operations. The general requirements shall be made known in writing to the applicant before the issuance of a permit or lease and upon acceptance thereof by the applicant, shall be incorporated in the permit or lease.

(c) In each instance in which an application is made the mining supervisor shall participate in the technical examination and in the formulation of the general requirements.

(d) The superintendent may prohibit or otherwise restrict operations on any part of an area whenever it is determined that such part of the area described in an application for a permit or lease is such that previous experience under similar conditions has shown that operations cannot feasibly be conducted by any known methods or measures to avoid—

(1) Rock or landslides which would be a hazard to human lives or endanger or destroy private or public property; or

(2) Substantial deposition of sediment and silt into streams, lakes, reservoirs; or

(3) A lowering of water quality below standards established by the appropriate State water pollution control agency, or by the Secretary of the Interior, or his authorized representative; or

(4) A lowering of the quality of waters whose quality exceeds that required by the established standards—unless and until it has been affirmatively demonstrated to the Secretary of the Interior, or his authorized representative, that such lowering of quality is necessary to economic and social development and will not preclude any assigned uses made of such waters; or

(5) The destruction of key wildlife habitat or important scenic, historical, or other natural or cultural features.

(e) If, on the basis of a technical examination, the superintendent determines that there is a likelihood that there will be a lowering of water quality as described in paragraphs (d)(3) and (4) of this section caused by the operation, no lease or permit shall be issued until after consultation with the Federal Water Pollution Control Administration and a finding by the Administration that the proposed operation would not be in violation of the Federal Water Pollution Control Act, as amended (33 U.S.C. 466 et seq.), or of Executive Order No. 11288 (31 FR 9261). Where a permit or lease is involved the Superintendent’s determination shall be made in consultation with the mining supervisor.
§ 216.5 Basis for denial of a permit or lease.

An application for a permit or lease to conduct exploratory or mining operations may be denied any applicant who has forfeited a required bond because of failure to comply with a mining plan. However, a permit or lease may not be denied an applicant because of the forfeiture of a bond if the lands disturbed under his previous permit or lease have subsequently been reclaimed without cost to the lessor or the United States.

§ 216.6 Approval of exploration plan.

(a) Before commencing any surface disturbing operations to explore, test or prospect for minerals, the operator shall file with the mining supervisor a plan for the proposed exploration operations. The mining supervisor shall consult with the superintendent with respect to the surface protection and reclamation aspects before approving said plan.

(b) Depending upon the size and nature of the operation and the requirements established pursuant to §216.4 the mining supervisor may require that the exploration plan submitted by the operator include any or all of the following:

1. A description of the area within which exploration is to be conducted;
2. Two copies of a suitable map or aerial photograph showing topographic, cultural and drainage features;
3. A statement of proposed exploration methods; i.e., drilling, trenching, etc., and the location of primary support roads and facilities;
4. A description of measures to be taken to prevent or control fire, soil erosion, pollution of surface and ground water, damage to fish and wildlife or other natural resources, and hazards to public health and safety both during and upon abandonment of exploration activities.

(c) The mining supervisor shall promptly review the exploration plan submitted to him by the operator and shall indicate to the operator any changes, additions, or amendments necessary to meet the requirements formulated pursuant to §216.4, the provisions of these regulations, and the terms of the permit.

(d) The operator shall comply with the provisions of an approved exploration plan. The mining supervisor may, with respect to such a plan, exercise the authority provided by paragraphs (f) and (g) of §216.7 respecting a mining plan.

§ 216.7 Approval of mining plan.

(a) Before surface mining operations may commence under any permit or lease, the operator must file a mining plan with the mining supervisor and obtain his approval of the plan. The mining supervisor shall consult with the superintendent with respect to the surface protection and reclamation aspects before approving said plan.

(b) Depending on the size and nature of the operation and the requirements established pursuant to §216.4 the mining supervisor may require that the mining plan submitted by the operator include any or all of the following:

1. A description of the location and area to be affected by the operations;
2. Two copies of a suitable map, or aerial photograph showing the topography, the area covered by the permit or lease, the name and location of major topographic and cultural features, and the drainage plan away from the area affected;
3. A statement of proposed methods of operating, including a description of proposed roads or vehicular trails; the size and location of structures and facilities to be built;
4. An estimate of the quantity of water to be used and pollutants that are expected to enter any receiving waters;
5. A design for the necessary impoundment, treatment or control of all runoff water and drainage from workings so as to reduce soil erosion and sedimentation and to prevent the pollution of receiving waters;
6. A description of measures to be taken to prevent or control fire, soil erosion, pollution of surface and ground water, damage to fish and wildlife, and hazards to public health and safety; and
7. A statement of the proposed manner and time of performance of work to
reclaim areas disturbed by the holder’s operation.

(c) In those instances in which the permit or lease requires the revegetation of an area of land to be affected, the mining plan shall show:

(1) Proposed methods of preparation and fertilizing the soil prior to replanting;
(2) Types and mixtures of shrubs, trees, or tree seedlings, grasses or legumes to be planted; and
(3) Types and methods of planting, including the amount of grasses or legumes per acre, or the number and spacing of trees, or tree seedlings, or combinations of grasses and trees.

(d) In those instances in which the permit or lease requires regrading and backfilling, the mining plan shall show the proposed methods and the timing of grading and backfilling of areas of land to be affected by the operation.

(e) The mining supervisor shall review the mining plan submitted to him by the operator and shall promptly indicate to the operator any changes, additions, or amendments necessary to meet the requirements formulated pursuant to §216.4, the provisions of these regulations and the terms of the permit or lease. The operator shall comply with the provisions of an approved mining plan.

(f) A mining plan may be changed by mutual consent of the mining supervisor and the operator at any time to adjust to changed conditions or to correct any oversight. To obtain approval of a change or supplemental plan, the operator shall submit a written statement of the proposed changes or supplement and the justification for the changes proposed. The mining supervisor shall promptly notify the operator that he consents to the proposed changes or supplement, or in the event he does not consent, he shall specify the modifications thereto under which the proposed changes or supplement would be acceptable. After mutual acceptance of a change of a plan, the operator shall not depart therefrom without further approval.

(g) If circumstances warrant or if development of a mining plan for the entire operation is dependent upon unknown factors which cannot or will not be determined except during the progress of the operations, a partial plan may be approved and supplemented from time to time. The operator shall not, however, perform any operation except under an approved plan.

§216.8 Performance bond.

(a) Upon approval of an exploration plan or mining plan, the operator shall be required to file a suitable performance bond of not less than $2,000 with satisfactory surety, payable to the Secretary of the Interior, and the bond shall be conditioned upon the faithful compliance with applicable regulations, the terms and conditions of the permit, lease, or contract, and the exploration or mining plan as approved, amended or supplemented. The bond shall be in an amount sufficient to satisfy the reclamation requirements established pursuant to an approved exploration or mining plan, or an approved partial or supplemental plan. In determining the amount of the bond consideration shall be given to the character and nature of the reclamation requirements and the estimated costs of reclamation in the event that the operator forfeits his performance bond. In lieu of a surety bond an operator may elect to deposit cash or negotiable bonds of the U.S. government. The cash deposit or the market value of such securities shall be equal at least to the required sum of the bond.

(b) In a particular instance where the circumstances are such as to warrant an exception, the amount of the bond for a particular operation may be reduced to less than the required minimum of $2,000.

(c) The superintendent shall set the amount of a bond and take the necessary action for an increase or for a complete or partial release of a bond. He shall take action with respect to bonds for leases or permits only after consultation with the mining supervisor.

§216.9 Reports.

(a) Within 30 days after the end of each calendar year, or if operations cease before the end of a calendar year, within 30 days after the cessation of operations, the operator shall submit

788
an operations report to the mining supervisor containing the following information:

(1) An identification of the permit or lease and the location of the operation.
(2) A description of the operations performed during the period of time for which the report is filed.
(3) An identification of the area of land affected by the operations and a description of the manner in which the land has been affected.
(4) A statement as to the number of acres disturbed by the operations and the number of acres which were reclaimed during the period of time.
(5) A description of the method utilized for reclamation and the results thereof.
(6) A statement and description of reclamation work remaining to be done.

(b) Upon completion of such grading and backfilling as may be required by an approved exploration or mining plan, the operator shall make a report thereon to the mining supervisor and request inspection for approval. Whenever it is determined by such inspection that backfilling and grading have been carried out in accordance with the established requirements and approved exploration or mining plan, the superintendent shall issue a release of an appropriate amount of the performance bond for the area graded and backfilled. Appropriate amounts of the bond shall be retained to assure that satisfactory planting, if required, is carried out.

(c)(1) Whenever planting is required by an approved exploration or mining plan, the operator shall file a report with the superintendent whenever such planting is completed. The report shall—

(i) Identify the permit or lease;
(ii) Show the type of planting or seeding, including mixtures and amounts;
(iii) Show the date of planting or seeding;
(iv) Identify or describe the areas of the lands which have been planted;
(v) Contain such other information as may be relevant.

(2) The superintendent, as soon as possible after the completion of the first full growing season, shall make an inspection and evaluation of the vegetative cover and planting to determine if a satisfactory growth has been established.

(3) If it is determined that a satisfactory vegetative cover has been established and is likely to continue to grow, any remaining portion of the surety bond may be released if all requirements have been met by the operator.

(d)(1) Not less than 30 days prior to cessation or abandonment of operations, the operator shall report to the mining supervisor his intention to cease or abandon operations, together with a statement of the exact number of acres of land affected by his operations, the extent of reclamation accomplished and other relevant information.

(2) Upon receipt of such report an inspection shall be made to determine whether operations have been carried out in accordance with the approved exploration or mining plan.

§ 216.10 Inspection: Notice of noncompliance: Revocation.

(a) The mining supervisor and superintendent shall have the right to enter upon the lands under a permit or lease, at any reasonable time, for the purpose of inspection or investigation to determine whether the terms and conditions of the permit or lease and the requirements of the exploration or mining plan have been complied with.

§ 217.2 Authority and purpose.

In accordance with the Ute Partition Act approved August 27, 1954 (68 Stat. 868; 25 U.S.C. 677–677aa), as amended by the Act of August 2, 1956 (70 Stat. 936), and the Act of September 25, 1962 (76 Stat. 597), assets shall be managed jointly by the business committee and the board of directors. These regulations set out the procedures for exercising such joint management.

§ 217.3 Referral of questions by superintendent.

The superintendent shall refer all questions and problems related to the management of the assets as they come to his attention, together with his analysis of alternative solutions to each question or problem, to the business committee and to the board of directors. These referrals shall be in writing and shall be addressed to the joint managers at such addresses as they furnish to the superintendent and to each other from time to time.
§ 217.4 Referral of questions by the joint managers.

Such referrals shall be in writing, addressed to the other joint manager at the address furnished in accordance with §217.3 of this part. Copies of all such referrals shall be furnished to the superintendent. Either of the parties may request an analysis of alternative solutions of each question or problem referred pursuant to this section, and the superintendent will furnish such analysis within ten working days, or within a such longer period as he may notify the parties, to prepare such analysis.

Within 30 days after an issue and any analysis provided for in §§217.4 and 217.5 have been submitted to the joint managers for resolution, they shall each notify the superintendent in writing of the number of votes cast for and against the proposed solutions or alternative solutions. If either of the joint managers fails or refuses to cast his votes and to notify the superintendent thereof within the time specified, the superintendent may conclude that such joint managers' votes have been cast against the proposed solutions or solutions; or, if no solutions have been proposed, for the maintenance of the status quo. At the time they notify the superintendent of the votes cast on an issue, each joint manager shall furnish to the superintendent a certified copy of a resolution of the business committee or the board of directors, as the case may be, authorizing such vote.

§ 217.7 Implementation of decision.

The Secretary shall issue such documents as are necessary or expedient to implement the decisions of the joint managers, insofar as such issuance is authorized by law, and he shall execute and/or approve such documents for and on behalf of the joint managers, or either of them, and on behalf of the United States, as necessary. The requirements of this section implement the requirements of the Freedom of Information Act (5 U.S.C. 552) (FOIA) and 43 CFR part 2:

(a) Information a tribe submits to the Department throughout the TERA process under this part may be subject to disclosure to third parties under FOIA unless a FOIA exemption or exception applies or other provisions of law protect the information.

(b) A tribe may, but is not required to, designate information it submits as
confidential commercially or financially sensitive information, as applicable, in any submissions it makes throughout the TERA process, including, but not limited to:

1. Pre-application information;
2. Application information;
3. A final proposed TERA;
4. Any amendments to a TERA; and
5. Leases, business agreements, and grants of right-of-way executed under an approved TERA.

(c) Upon receipt of a FOIA request for records that contain commercial or financial information a tribe has submitted under the TERA process, as required by 43 CFR part 2 the Department will provide the tribe, as submitter, with written notice of the FOIA request if:

1. The tribe has designated the information as confidential commercial or financial information; or
2. The Department has reason to believe that the information requested may be protected under FOIA Exemption 4 (trade secrets and commercial or financial information which is obtained from a person and is privileged or confidential).

(d) The notice to the tribe will:

1. Include a copy of the FOIA request;
2. Describe the information requested or include copies of the pertinent records;
3. Advise the tribe of procedures for objecting to the release of the requested information and specify the time limit for the tribe's response;
4. Give the tribe no less than ten (10) working days from the Department's notice to object to the release and explain the basis for objection, if any;
5. Advise the tribe that:
   i. Information contained in the tribe's objections may be subject to disclosure under FOIA if the Department receives a FOIA request for it; and
   ii. If the tribe's objections contain commercial or financial information and a requestor asks for the objections under FOIA, the same notification procedures as above will apply;
6. Advise the tribe that it is the Department, rather than the tribe, that is responsible for deciding whether the information will be released or withheld;
7. If the tribe designated the information as commercial or financial information 10 or more years before the FOIA request, the Department will request the tribe's views on whether the tribe still considers the information to be confidential;
8. If the tribe has any objection to disclosure of the information, the tribe must submit a detailed written statement to the Department including the following:
   i. The justification for withholding any portion of the information under any exemption of FOIA, and if the applicable exemption is Exemption 4, the tribe must submit a specific and detailed discussion of:
      1. Whether the Federal government required the information to be submitted, and, if so, how substantial competitive harm or other business harm would likely result from release of the information; or
      2. Whether the tribe provided the information voluntarily and, if so, how the information fits into a category of information that the tribe customarily does not release to the public;
   ii. Whether the tribe designated the information confidential, has not been disclosed to the public by the tribe, and is essentially non-public because it is not routinely available to the public from other sources;
9. If not already provided, a tribal contact telephone and fax number so that the Department can communicate with the tribe about the FOIA request;
10. The Department will review and consider all objections to release that are received within the time limits specified in the notice to the tribe, and if the tribe does not respond within the time limits specified in the notice, the Department will presume that the tribe has no objection to release of the information;
11. If the Department decides to release the information over the objection of the tribe, it will notify the tribe in writing by certified mail, return receipt requested, and will include copies of the records the Department intends to release and the reasons for deciding to release them. § 224.56 What is the effect of the Director's receipt of a tribe's complete application?

The Director's receipt of a tribe's complete application begins a 270-day statutorily mandated period during which the Secretary must approve or disapprove a proposed TERA. With the consent of the tribe, the Secretary may extend the 270-day period for making a decision.

§ 224.57 What must the Director do upon receipt of an application?

(a) Upon receiving an application for a TERA, the Director must:

(1) Promptly notify the Designated Tribal Official in writing that the Director has received the application and the date it was received;

(2) Within 30 days from the date of receiving the application, determine whether the application is complete; and

(3) Take the following actions:

</tr>
</tbody>
</table>

(b) Unless the Director notifies the Designated Tribal Official during the 30-day review period that the application is not complete, the application is presumed to be complete and the 270-day review period under 25 U.S.C. 3504(e)(2)(A) of the Act will begin as of the date that the application was received.

APPLICATION CONSULTATION MEETING

§ 224.58 What is an application consultation meeting?

An application consultation meeting is a meeting held at the tribe's headquarters between the Director and the tribal governing body and any other representatives that the tribe may designate to discuss the TERA application. The Secretary will designate representatives of appropriate Departmental offices or bureaus to attend the application consultation meeting, as necessary. The tribe may record the meeting. The meeting will:

(a) Be held at the earliest practicable time after the Director receives a tribe's complete application;

(b) Include a thorough discussion of the tribe's application;

(c) Identify the specific services consistent with the Secretary's ongoing trust responsibility and available resources that the Department would provide to the tribe upon the approval of a TERA;

(d) Include a discussion of the relationship of the tribe to other Federal agencies with responsibilities for implementing or ensuring compliance with the terms and conditions of leases, business agreements, or rights-of-way and applicable Federal laws;

(e) Include a discussion of the relationship of the tribe to its members, to State and local governments, and to non-Indians who may be affected by approval of a TERA or by leases, business agreements, or rights-of-way that the tribe may enter into or grant under an approved TERA;

(f) Include a discussion of the tribal administrative, financial, technical, and managerial capacities needed to carry out the tribe's obligations under a TERA; and

(g) Include a discussion of the form of the TERA and the timing and relative responsibilities of the parties for its preparation.

§ 224.59 How will the Director use the results of the application consultation meeting?

The Director will use the information gathered during the application consultation meeting in conjunction with information provided through §§ 224.53
and 224.63 to determine the energy resource development capacity of the tribe as detailed in § 224.72.

§ 224.60 What will the Director provide to the tribe after the application consultation meeting?
Within 30 days following the meeting with the tribe, the Director will provide to the Designated Tribal Official a written report on the application consultation meeting. The report must include the Director’s recommendations, if any, for revising the proposed TERA that was submitted as part of the tribe’s application.

§ 224.61 What will the tribe provide to the Director after receipt of the Director’s report on the application consultation meeting?
If the tribe wishes to proceed with the application, the tribe must submit a final proposed TERA to the Director within 45 days following the date of the Tribe’s receipt of the Director’s report on the application consultation meeting.

§ 224.62 May a final proposed TERA differ from the original proposed TERA?
The final proposed TERA may or may not contain provisions that differ from the original proposed TERA submitted with the application. (a) If a final proposed TERA does not differ significantly or materially from the original TERA contained in the complete application, the 270-day review period will begin to run on the date the original complete application was received (under § 224.57(c)) or on the date established by operation of § 224.57(d). (b) If a final proposed TERA differs significantly or materially from the original TERA contained in the complete application, the Secretary, with the tribe’s consent, may extend the 270-day period for a reasonable time. The Secretary will notify the tribe in writing if an extension of time is necessary.

TERA REQUIREMENTS

§ 224.63 What provisions must a TERA contain?
A TERA must contain all the elements required by this section.

(a) A provision for the Secretary’s periodic review and evaluation of the tribe’s performance under a TERA.
(b) A provision that recognizes the authority of the Secretary, upon a finding of imminent jeopardy to a physical trust asset, to take actions the Secretary determines to be necessary to protect the asset, including reassumption under subparts F and G of this part.
(c) A provision under which the tribe establishes and ensures compliance with an environmental review process for leases, business agreements, and rights-of-way which, at a minimum:

(9) Public notification that a lease, business agreement, or right-of-way has received final tribal approval;

(10) A process for consultation with affected States regarding off-reservation impacts, if any, identified under paragraph (c)(2) of this section;

(11) A description of remedies for breach;

(12) A statement that any provision that violates an express term or requirement of the TERA is null and void;

(13) A statement that if the Secretary determines that any provision that violates an express term or requirement of the TERA is material, the Secretary may suspend or rescind the lease, business agreement, or right-of-way, or take any action the Secretary determines to be in the best interest of the tribe, including, with the consent of the parties, revising the nonconforming provisions so that they conform to the intent of the applicable portion of the TERA; and

(14) A statement that the lease, business agreement, or right-of-way subject to a TERA, unless otherwise provided, goes into effect when the tribe delivers executed copies of the lease, business agreement, or right-of-way to the Director by first class mail return receipt requested or express delivery. The parties to a lease, business agreement, or right-of-way may agree in writing that any provision of their contract may have retroactive application.

(e) Citations to any applicable tribal laws, regulations, or procedures that:

(1) Provide opportunity for the public to comment on and to participate in public hearings, if any, under paragraph (c)(2) of this section; and

(j) Provisions that require the tribe and the tribe’s financial experts to adhere to Government auditing standards and to applicable continuing professional education requirements.

(k) Provisions that require the tribe to submit to the Director information and documentation of payments made directly to the tribe, if any. These provisions enable the Secretary to discharge the trust responsibility of the United States to enforce the terms of,
and protect the rights of the tribe under, a lease, business agreement, or right-of-way. Required documentation must include documents evidencing proof of payment such as cancelled checks; cash receipt vouchers; copies of money orders or cashier's checks; or verification of electronic payments.

(1) Provisions that ensure the creation, maintenance and preservation of records related to leases, business agreements, or rights-of-way and performance of activities a tribe assumed under a TERA sufficient to facilitate the Secretary's periodic review of the TERA. The Secretary will use these records as part of the periodic review and evaluation process under §224.132. Approved Departmental records retention procedures under the Federal Records Act (44 U.S.C. Chapters 29, 31, and 33) provide a framework the tribe may use to ensure that its records under a TERA adequately document essential transactions, furnish information necessary to protect its legal and financial rights, and enable the Secretary to discharge the trust responsibility if:

(1) Any other party violates the terms of any lease, business agreement, or right-of-way; or

(2) Any provision of a lease, business agreement or right-of-way violates the TERA.

§224.64 How may a tribe assume management of development of different types of energy resources?

In order for a tribe to assume authority for approving leases, business agreements, and rights-of-way for development of another energy resource that is not included in the TERA, a tribe must apply for a new TERA covering the authority for the development of another energy resource it wishes to assume. The Secretary's consideration of a new TERA will include a determination of the tribe's capacity to develop that type of energy resource and will trigger the public notice and opportunity for comment consistent with §224.67.

§224.65 How may a tribe assume additional activities under a TERA?

A tribe may assume additional activities related to the development of the same type of energy resource included in a TERA by negotiating with the Secretary an amendment to the existing TERA to include the additional activities. The Secretary will determine in each case whether the tribe has sufficient capacity to carry out additional activities the tribe may wish to assume under an approved TERA.

§224.66 How may a tribe reduce the scope of the TERA?

A tribe may reduce the scope of the TERA by negotiating with the Secretary an amendment to the existing TERA to eliminate an activity assumed under the TERA or a type of energy resource development managed under the TERA. Any such reduction in scope must include the return of all relevant Departmental resources transferred under the TERA and any relevant records and documents.

PUBLIC NOTIFICATION AND COMMENT

§224.67 What must the Secretary do upon the Director's receipt of a final proposed TERA?

§ 224.70 Will the Secretary review a proposed TERA under the National Environmental Policy Act?

Yes, the Secretary will conduct a review under the National Environmental Policy Act (NEPA) of the potential impacts on the quality of the human environment that might arise from approving a final proposed TERA. The scope of the Secretary’s evaluation will be limited to the scope of the TERA. The public comment period, when required, under the NEPA review will occur concurrently with the public comment period for a TERA under § 224.67.

§ 224.71 What standards will the Secretary use to decide to approve a final proposed TERA?

The Secretary will consider the best interests of the tribe and the Federal policy of promoting tribal self-determination in deciding whether to approve a final proposed TERA. The Secretary must approve a final proposed TERA if it contains the provisions required by the Act and this part and the Secretary determines that the tribe has demonstrated sufficient capacity to manage the development of energy resources it proposes to develop.

§ 224.72 How will the Secretary determine whether a tribe has demonstrated sufficient capacity?

The Secretary will determine whether a tribe has demonstrated sufficient capacity under § 224.71 based on the information obtained through the application process. The Secretary will consider:

(a) The specific energy resource development the tribe proposes to regulate;
(b) The scope of the administrative or regulatory activities the tribe seeks to assume;
(c) Materials and information submitted with the application for a TERA, the result of meetings between the tribe and a representative of the Department and the Director’s written report;

(e) The administrative expertise of the tribe available to regulate energy resource development within the scope of the final proposed TERA or the tribe’s plans for establishing that expertise;
(f) The financial capacity of the tribe to maintain or procure the technical expertise needed to evaluate proposals and to monitor anticipated activities in a prudent manner;
(g) The tribe’s past performance administering contracts and grants associated with self-determination programs, cooperative agreements with Federal and State agencies, and environmental programs administered by the Environmental Protection Agency;
(h) The tribe’s past performance monitoring activities undertaken by third parties under approved leases, business agreements, or rights-of-way; and
(i) Any other factors the Secretary finds to be relevant in light of the scope of the proposed TERA.
§ 224.73 How will the scope of energy resource development affect the Secretary’s determination of the tribe’s capacity?

The Secretary’s review under § 224.72 of the tribe’s capacity to manage and regulate energy resource development under the TERA will include a determination as to each type of energy resource development subject to the TERA for which the tribe seeks to regulate, and each type of regulatory activity the tribe proposes to assume. The Secretary’s review of a TERA must be limited to activities specified by its provisions.

§ 224.74 When must the Secretary approve or disapprove a final proposed TERA?

The Secretary must approve or disapprove a final proposed TERA or a revised final proposed TERA within 270 days of the Director’s receipt of a complete application for a TERA. With the consent of the tribe, or as provided in § 224.62(b), the Secretary may extend the period for a decision.

§ 224.75 What must the Secretary do upon approval or disapproval of a final proposed TERA?

Within 10 days of the Secretary’s approval or disapproval of a final proposed TERA, the Secretary must notify the tribal governing body in writing and take the following actions:

</tr>
<tr>
<td></td>
<td>(3) A statement that the decision is a final agency action and is subject to judicial review.</td>
</tr>
</tbody>
</table>

§ 224.76 Upon notification of disapproval, may a tribe re-submit a revised final proposed TERA?

Yes, within 45 days of receiving the notice of disapproval, or a later date as the Secretary and the tribe agree to in writing, the tribe may re-submit a revised final proposed TERA, approved by the tribal governing body and signed by the tribe’s authorized representative, to the Director that addresses the Secretary’s concerns. Unless the Secretary and the tribe otherwise agree, the Secretary must approve or disapprove the revised final proposed TERA within 60 days of the Director’s receipt of the revised final proposed TERA. Within 10 days of the Secretary’s approval or disapproval of a revised final proposed TERA, the Secretary must notify the tribal governing body in writing and take the following actions:

<table>

§ 224.77 Who may appeal the Secretary’s decision on a final proposed TERA or a revised final proposed TERA?

Only a tribe applying for a TERA may appeal the Secretary’s decision to disapprove a final proposed TERA or a revised final proposed TERA in accordance with the appeal procedures contained in subpart I of this part. No other person or entity may appeal the Secretary’s decision. The Secretary’s decision to approve a final proposed TERA or a revised final proposed TERA is a final agency action.

§ 224.84 When may a tribe grant a right-of-way?

A tribe may grant a right-of-way under a TERA if the grant of right-of-way is over tribal land for a pipeline or an electric transmission or distribution line if the pipeline or electric transmission or distribution line serves:

§ 224.100 May a person or entity ask the Secretary to review a tribe’s compliance with a TERA?
In accordance with this subpart, a person or entity that may be an interested party may submit to the Secretary a petition to review a tribe’s compliance with a TERA. However, before filing a petition with the Secretary, a person or entity that may be an interested party must first exhaust tribal remedies, if a tribe has provided for such remedies. (c) Provides for a process for consultation with any affected States regarding off-reservation environmental impacts, if any, resulting from approval of a lease, business agreement, or right-of-way.

§ 224.103 Must a tribe establish other public participation processes?

No. Except for the environmental review process required by the Act and §224.63(b)(1), a tribe is not required to establish a process for public participation concerning non-environmental issues in a TERA or leases, business agreements or rights-of-way undertaken under a TERA. However, a tribe may elect to establish procedures that permit the public to participate in public hearings or that expand the scope of matters about which the public may comment.

§ 224.104 Must a tribe enact tribal laws, regulations, or procedures permitting a person or entity to allege that a tribe is not complying with a TERA?

No. A tribe is not required, but may elect, to enact tribal laws, regulations, or procedures permitting a person or entity that may be an interested party to allege that a tribe is not complying with its TERA.

(b) Upon obtaining copies of tribal laws, regulations, or procedures under subsection (a), a person or entity that may be an interested party files a petition alleging noncompliance with a TERA, the person or entity becomes a petitioner, and the tribe must respond according to §224.106.

§ 224.106 If a tribe has enacted tribal laws, regulations, or procedures for challenging tribal action, how must the tribe respond to a petition?

If a tribe has enacted tribal laws, regulations, or procedures under which a petitioner may file a petition alleging noncompliance with a TERA, the tribe must:

(b) Provide a copy of its final written decision to the petitioner; and

(c) If the tribe fails, within a reasonable period, to issue a written decision to a petition that a petitioner brings under applicable tribal laws, regulations, or procedures the petitioner may file a petition with the Secretary.

§ 224.107 What must a petitioner do before filing a petition with the Secretary?

Before a petitioner may file a petition with the Secretary under this subpart, the petitioner must have exhausted tribal remedies by participating in any tribal process under
§ 224.106, including any tribal appeal process.

§ 224.108 May tribes offer a resolution of a petitioner's claim?

(h) If applicable, a statement and supporting documentation that the tribe did not respond to the petitioner's request under § 224.105(a) for copies of any tribal laws, regulations, or procedures allowing the petitioner to allege that the tribe is not complying with a TERA; and

(i) Any other information relevant to the petition.

§ 224.111 When may a petitioner file a petition with the Secretary?

(a) A petitioner may file a petition with the Secretary:

(1) By delivering the petition to the Director within 30 days of receiving the tribe's final written decision addressing the allegation of noncompliance under applicable tribal laws, regulations, or procedures;

(2) Within a reasonable period following the tribe's constructive denial of the petition under § 224.106(c), and the Secretary will determine if the petition is timely in light of the applicable facts and circumstances; or

(3) The tribe did not respond to the petitioner's request for copies of any tribal laws, regulations, or procedures under § 224.105(a).

(b) A petitioner may file a petition directly with the Secretary if the tribe has no tribal laws, regulations or procedures that provide the petitioner an opportunity to allege tribal noncompliance with a TERA.

§ 224.112 What must the Director do upon receipt of a petition?

Within 20 days after receiving a petition, the Director must:

(a) Notify the tribe in writing that the Director has received a petition;

(b) Provide a copy of the complete petition to the tribe;

(c) Initiate a petition consultation with the tribe that will address the petitioner's allegation of a tribe's noncompliance with a TERA and alternatives to resolve any noncompliance; and

(d) Notify the tribe in writing by certified mail, return receipt requested, when the petition consultation is complete.
§ 224.113 What must the tribe do after it completes petition consultation with the Director?

(a) Within 45 days of receiving the Director's notice that the petition consultation is complete, the tribe must respond to any claim made in the petition by submitting a written response to the Director; and

(b) Within a reasonable time after 45 days following the completion of the petition consultation process, the tribe must cure or otherwise resolve each claim of noncompliance made in the petition.

§ 224.114 How may the tribe address a petition in its written response?

In addition to responding to the petitioner's claims, the tribe may also:

(a) Include its interpretation of relevant provisions of the TERA and other legal requirements;

(b) Discuss whether the petitioner is an interested party;

(c) State whether the petitioner has exhausted tribal remedies, and if so, how; and

(d) Propose to cure or otherwise resolve the claims within the time frame in § 224.113(b).

§ 224.115 When in the petition process must the Director investigate a tribe's compliance with a TERA?

The Director must investigate the petitioner's claims of the tribe's noncompliance with a TERA only after making a threshold determination that:

(a) The tribe has denied or failed to respond to each claim made in the petition within the period under § 224.113(a); or

(b) The tribe has failed, refused, or was unable to cure or otherwise resolve each claim made in the petition within a reasonable period, as determined by the Director, after the expiration of the period in § 224.113(b).

§ 224.116 What is the time period in which the Director must investigate a tribe's compliance with a TERA?

(a) If the Director determines under § 224.115 that one of the threshold determinations in § 224.114 has been met, then within 120 days of the Director's receipt of a petition, the Director must determine whether or not a tribe is in compliance with the TERA:

(b) The Director may extend the time for determining a tribe's compliance with a TERA up to 120 days in any case in which the Director determines that additional time is necessary to evaluate the claims in the petition and the tribe's written response, if any. If the Director decides to extend the time, the Director must notify the petitioner and the tribe in writing of the extension.

§ 224.117 Must the Director make a determination of the tribe's compliance with a TERA?

(a) Yes. Upon a finding that one of the threshold determinations in § 224.115 has been met, the Director must make a determination of the tribe's compliance with a TERA within the time period in § 224.116.

(b) If the Director determines that the tribe is in compliance with the TERA, the Director will notify the tribe and the petitioner in writing;

(c) If the Director determines that the tribe is not in compliance with the TERA, the Director will notify the tribe and the petitioner in writing and, in addition, must provide the tribe:

(1) A written determination that describes the manner in which the TERA has been violated together with a written notice of the violations;

(2) Notice of a reasonable opportunity to comply with the TERA; and

(3) Notice of the tribe's opportunity for a hearing.

§ 224.118 How must the tribe respond to the Director's notice of the opportunity for a hearing?

The tribe must respond in writing to the Director's notice of the opportunity for a hearing within 20 days of receipt of the notice by requesting a hearing or declining to request a hearing. If the tribe does not respond within the time period, the Director will proceed with making a decision without further input from the tribe.

§ 224.119 What must the Director do when making a decision on a petition?

(a) The Director must issue a written decision to the tribe and the petitioner stating the basis for the decision about
§ 224.132 How does the Director conduct a periodic review and evaluation?

(d) Review the effect on physical trust assets resulting from activities undertaken under a TERA.

(e) Upon written request, the tribe should provide the Director with records and documents relevant to the provisions of the TERA. In addition, the tribe should identify any information in these submitted records and documents that is confidential, commercial and financial. Specific exceptions to disclosure under the Freedom of Information Act, or other statutory protections against disclosure, may apply and preclude disclosure of this information.

Subpart F—Periodic Reviews

§ 224.130 What is the purpose of this subpart?

This subpart describes how the Secretary and a tribe will develop and perform the periodic review and evaluation required by the Act and by a TERA.

§ 224.131 What is a periodic review and evaluation?

A periodic review and evaluation is an examination the Director performs to monitor a tribe’s performance of activities associated with the development of energy resources and to review compliance with a TERA. During the TERA consultation, a tribe and the Director will develop a periodic review and evaluation process that addresses the tribe’s specific circumstances and the terms and conditions of the tribe’s TERA. The tribe will include the agreed-upon periodic review and evaluation process in its final proposed TERA.
§ 224.133 What must the Director do after a periodic review and evaluation?

After a periodic review and evaluation, the Director must prepare a written report of the results and send the report to the Designated Tribal Official.

§ 224.134 How often must the Director conduct a periodic review and evaluation?

The Director must conduct a periodic review and evaluation annually during the first 3 years of a TERA. After the third annual review and evaluation, the Secretary and the tribe may mutually agree to amend the TERA to conduct periodic reviews and evaluations once every 2 years.

§ 224.135 Under what circumstances may the Director conduct additional reviews and evaluations?

The Director may conduct additional reviews and evaluations:

(a) At a tribe’s request;
(b) As part of an investigation undertaken when the tribe notifies the Director of a violation or breach;
(c) As part of an investigation undertaken because of a petition submitted under subpart E of this part;
(d) As follow-up to a determination that harm or the potential for harm to a physical trust asset, previously identified in a periodic review and evaluation, exists; or
(e) As the Secretary determines appropriate to carry out the Secretary’s trust responsibilities.

NONCOMPLIANCE

§ 224.136 How will the Director’s report address a tribe’s noncompliance?

This section applies if the Director conducts a review and evaluation or investigation of a notice of violation of Federal law or the terms of a TERA.

(a) If the Director determines that the tribe has not complied with Federal law or the terms of a TERA, the Director’s written report must include a determination of whether the tribe’s noncompliance has resulted in harm or the potential for harm to a physical trust asset.
(b) If the Director determines that the tribe’s noncompliance may cause harm or has caused harm to a physical trust asset, the Director must also determine whether the noncompliance cause imminent jeopardy to a physical trust asset.

§ 224.137 What must the Director do if a tribe’s noncompliance has resulted in harm or the potential for harm to a physical trust asset?

If, because of the tribe’s noncompliance with Federal law or the terms of a TERA, the Director determines that there is harm or the potential for harm to a physical trust asset that does not rise to the level of imminent jeopardy to a physical trust asset, the Director must:

(a) Document the issue in the written report of the review and evaluation;
(b) Report the issue in writing to the tribal governing body;
(c) Report the issue in writing to the Assistant Secretary—Indian Affairs; and
(d) Determine what action, if any, the Secretary must take to protect the physical trust asset, which could include temporary suspension of the activity that resulted in non-compliance with the TERA or other applicable Federal laws or rescinding approval of all or part of the TERA.

§ 224.138 What must the Director do if a tribe’s noncompliance has caused imminent jeopardy to a physical trust asset?

If the Director finds that a tribe’s noncompliance with a Federal law or the terms of a TERA has caused imminent jeopardy to a physical trust asset, the Director must:

(a) Immediately notify the tribe by a telephone call to the Designated Tribal Official followed by a written notice by facsimile to the Designated Tribal Official and the tribal governing body of the imminent jeopardy to a physical trust asset. The notice must contain:

(1) A description of the tribe’s noncompliance with Federal law or the terms of the TERA;
(2) A description of the physical trust asset and the nature of the imminent
§ 224.151 When may the Secretary re-assume activities?

Upon issuing a written finding of imminent jeopardy to a physical trust asset, the Secretary may re-assume activities under a TERA in accordance with this subpart. The Secretary may...
§ 224.152 Must the Secretary always reassume the activities upon a finding of imminent jeopardy to a physical trust asset?

(a) The Secretary may take whatever actions the Secretary deems necessary to protect the physical trust asset. At the discretion of the Secretary, these actions may include re-assumption of the activities a tribe assumed under a TERA.

(b) If the tribe does not respond to or does not comply with the Director’s order under §224.138(a)(3), the Secretary must immediately re-assume all activities the tribe assumed under the TERA. The notice procedures in this subpart will not apply to such immediate re-assumption.

NOTICE OF INTENT TO REASSUME

§ 224.153 Must the Secretary notify the tribe of an intent to re-assume the authority granted?

If the Secretary determines under § 224.152 that re-assumption is necessary to protect the physical trust asset, the Secretary will issue a written notice to the tribal governing body of the Secretary’s intent to re-assume.

§ 224.154 What must a notice of intent to re-assume include?

A notice of intent to re-assume must include:

(a) A statement of the reasons for the intended re-assumption, including, as applicable, a copy of the Secretary’s written finding of imminent jeopardy to a physical trust asset;

(b) A description of specific measures that the tribe must take to correct the violation and any condition that caused the imminent jeopardy to a physical trust asset;

(c) The time period within which the tribe must take the measures to correct the violation of the TERA and any condition that caused the imminent jeopardy to a physical trust asset; and

(d) The effective date of the re-assumption, if the tribe does not meet the requirements in paragraphs (b) and (c) of this section.

§ 224.155 When must a tribe respond to a notice of intent to re-assume?

The tribe must respond to the Director in writing by mail, facsimile, or overnight express within 5 days of receiving the Secretary’s notice of intent to re-assume. If sent by mail, the tribe must send the response by certified mail, with return receipt requested. The Director will consider the date of the written response as the date it is postmarked.

§ 224.156 What information must the tribe’s response to the notice of intent to re-assume include?

The tribe’s response to the notice of intent to re-assume must state that:

(a) The tribe has complied with the Secretary’s requirements in the notice of intent to re-assume;

(b) The tribe is taking specified measures to comply with the Secretary’s requirements, and when the tribe will complete such measures, if the tribe needs more than 5 days to do so; or

(c) The tribe will not comply with the Secretary’s requirements.

§ 224.157 How must the Secretary proceed after receiving the tribe’s response?

(a) If the Secretary determines that the tribe’s proposed or completed actions to comply with the Secretary’s requirements are adequate to correct the violation of the TERA or Federal law and any condition that caused the imminent jeopardy, the Secretary will:

(1) Notify the tribe of the adequacy of its response in writing; and

(2) Terminate the re-assumption proceedings in writing.

(b) If the Secretary determines that the tribe’s proposed or completed actions to comply with the Secretary’s requirements are not adequate, then the Secretary will issue a written notice of re-assumption.
§ 224.158 What must the Secretary include in a written notice of reassumption?

The written notice of reassumption must include:

(a) A description of the authorities the Secretary is reassuming;
(b) The reasons for the determination under § 224.157(b);
(c) The effective date of the reassumption; and
(d) A statement that the decision is a final agency action and is subject to judicial review.

§ 224.159 How will reassumption affect valid existing rights or lawful actions taken before the effective date of the reassumption?

Reassumption will not affect valid existing rights that vested before the effective date of the reassumption or lawful actions the tribe and the Secretary took before the effective date of the reassumption.

§ 224.160 How will reassumption affect a TERA?

Reassumption of a TERA applies to all of the authority and activities assumed under a TERA. Upon reassumption, the tribe must also return all Departmental resources transferred under the TERA and any relevant records and documents to the Secretary.

§ 224.161 How may reassumption affect the tribe’s ability to enter into a new TERA or to modify another TERA to administer additional activities or to assume administration of activities that the Secretary previously reassumed?

Following reassumption, a tribe may submit a request to enter into a new TERA or modify another TERA to administer additional activities, or assume administration of activities that the Secretary previously reassumed. In reviewing a subsequent tribal request, however, the Secretary may consider the fact that activities were reassumed and any change in circumstances supporting the tribe’s request.

§ 224.170 What is the purpose of this subpart?

This subpart explains the process and requirements under which a tribe may rescind a TERA and therefore return to the Secretary all authority and activities assumed under that TERA.

§ 224.171 Who may rescind a TERA?

Only a tribe may rescind a TERA.

§ 224.172 May a tribe rescind only some of the activities subject to a TERA while retaining a portion of those activities?

No. A tribe may only rescind a TERA in its entirety, including the authority to approve leases, business agreements and grant rights-of-way for specific energy resource development, not some of the authority or activities subject to the TERA.

§ 224.173 How does a tribe rescind a TERA?

To rescind a TERA, a tribe must submit to the Secretary a written tribal resolution or other official action of the tribe’s governing body approving the voluntary rescission of the TERA. Upon rescission, the tribe must also return all Departmental resources transferred under the TERA and any relevant records and documents.

§ 224.174 When does a voluntary rescission become effective?

A voluntary rescission becomes effective on the date specified by the Secretary, provided that the date is no more than 90 days after the Secretary receives the tribal resolution or other official action the tribe submits under § 224.173.

§ 224.175 How will rescission affect valid existing rights or lawful actions taken before the rescission?

Rescission does not affect valid existing rights that vested before the effective date of the rescission or lawful actions the tribe and the Secretary took before the effective date of the rescission.
§ 224.180 Subpart I—General Appeal Procedures

§ 224.180 What is the purpose of this subpart?
The purpose of this subpart is to explain who may appeal Departmental decisions or inaction under this part and the initial administrative appeal processes, and general administrative appeal processes, including how 25 CFR part 2 and 43 CFR part 4 apply, and the effective dates for appeal decisions.

§ 224.181 Who may appeal Departmental decisions or inaction under this part?
The following persons or entities may appeal Department decisions or inaction under this part:
(a) A tribe that is adversely affected by a decision of or inaction by an official of the Department of the Interior under this part;
(b) A third party who has entered into a lease, right-of-way, or business agreement with a tribe under an approved TERA and is adversely affected by a decision of, or inaction by a Departmental official under this part; or
(c) An interested party who is adversely affected by a decision of or inaction by the Director under subpart E of this part, provided that the interested party may appeal only those issues raised in its prior participation under subpart E of this part and may not appeal any other decision rendered or inaction under this part.

§ 224.182 What is the Initial Appeal Process?
The initial appeal process is as follows:
(a) Within 30 days of receiving an adverse decision by the Director or within 30 days after the time period within which the Director is required to act under subpart E, a party that may appeal under this subpart may file an appeal to the Principal Deputy Assistant Secretary—Indian Affairs; and
(b) Within 60 days of receiving an appeal, the Principal Deputy Assistant Secretary—Indian Affairs will review the record and issue a written decision on the appeal; and
(c) Within 7 days of a decision by the Principal Deputy Assistant Secretary—Indian Affairs, the Secretary will provide a written copy of the decision to the tribe and other participating parties.

§ 224.183 What other administrative appeals processes also apply?
The administrative appeal processes in 25 CFR part 2 and 43 CFR part 4, subject to the limitations in §224.184, apply to:
(a) An interested party’s appeal from an adverse decision or inaction by the Principal Deputy Assistant Secretary—Indian Affairs under §224.182; and
(b) An appeal by a tribe or a person or entity that has entered into a lease, business agreement, or right-of-way from an adverse decision by or the inaction of a Departmental official taken under this part.

§ 224.184 How do other administrative appeals processes apply?
The administrative appeals process in 25 CFR part 2 and 43 CFR part 4 are modified, only as they apply to appeals under this part, as set forth in this section.
(a) The definition of interested party in 25 CFR part 2 and as incorporated in 43 CFR part 4 does not apply to this part.
(b) The right of persons or entities other than an appealing party to participate in appeals under 25 CFR part 2 and 43 CFR part 4 does not apply to this part, except as permitted under paragraph (c) of this section.
(c) The only persons or entities, other than appealing parties, under §224.181(a) to (c), who may participate in an appeal under this part are:
(1) The Secretary, if an appeal is taken from a decision of the Director or Principal Deputy Assistant Secretary—Indian Affairs;
(2) A tribe, which may intervene, appear as an amicus curiae, or otherwise appear in any appeal taken under this part by a person or entity who has entered into a lease, business agreement, or right-of-way with the tribe or by an interested party under this part; or
(3) A person or entity that has entered into a lease, business agreement, or right-of-way with a tribe, may intervene, appear as an amicus curiae, or otherwise appear in any appeal taken
under this part by the tribe or by an interested party under this part.

(d) The Secretary does not have an obligation to provide notice and service upon non-appealing persons as provided in 25 CFR part 2 and 43 CFR part 4. The only exception to this principle is that notice and service of all documents must be served consistent with the requirements of 25 CFR part 2 and 43 CFR part 4 on those persons or entities identified in paragraph (c) of this section.

§ 224.185 When are decisions under this part effective?

Decisions under subpart I are effective as follows:

(a) Decisions of the Secretary disapproving a final proposed TERA or a revised final proposed TERA under subpart C of this part, a finding of imminent jeopardy to a physical trust asset under subpart F of this part, and decisions by the Secretary or the Assistant Secretary—Indian Affairs to reAssume activities under subpart G of this part are final for the Department. These decisions and findings are effective upon issuance.

(b) Decisions under this part, other than those in paragraph (a) of this section, that adversely affect a tribe and for which an appeal is pending are not final for the Department and are not effective while the appeal is pending, unless:

(1) The tribe had an opportunity for a hearing before the decision was issued;

(2) The tribe had a reasonable amount of time to comply with the TERA after the decision was issued; and

(3) The Interior Board of Indian Appeals (Board), the Secretary, or Assistant Secretary—Indian Affairs issued a written decision that, notwithstanding a reasonable period given the tribe to comply with the TERA, the tribe has failed to take the actions necessary to comply with the TERA.

(c) All other decisions rendered by the Board or the Assistant Secretary—Indian Affairs in an appeal from a Director’s decision under subparts E, F, or G of this part are effective when issued.
These regulations are applicable to the lands or interests in lands of any Indian tribe, individual Indian or Alaska native the title to which is held in trust by the United States or is subject to a restriction against alienation imposed by the United States. These regulations are intended to ensure that Indian mineral owners are permitted to enter into minerals agreements that will allow the Indian mineral owners to have more responsibility in overseeing and greater flexibility in disposing of their mineral resources, and to allow development in the manner which the Indian mineral owners believe will maximize their best economic interest and minimize any adverse environmental or cultural impact resulting from such development. Pursuant to section 4 of the IMDA (25 U.S.C. 2103(e)), as part of this greater flexibility, where the Secretary has approved a minerals agreement in compliance with the provisions of 25 U.S.C. chap. 23 and any other applicable provision of law, the United States shall not be liable for losses sustained by a tribe or individual Indian under such minerals agreement. However, as further stated in the IMDA, the Secretary continues to have a trust obligation to ensure that the rights of a tribe or individual Indian are protected in the event of a violation of the terms of any minerals agreement, and to uphold the duties of the United States as derived from the trust relationship and from any treaties, executive orders, or agreements between the United States and any Indian tribe.

(b) The regulations in this part shall become effective and in full force on April 29, 1994, and shall be subject to amendment at any time by the Secretary; Provided, that no such regulation that becomes effective after the date of approval of any minerals agreement shall operate to affect the duration of the minerals agreement, the rate of royalty or financial consideration, rental, or acreage unless agreed to by all parties to the minerals agreement.

(c) The regulations of the Bureau of Land Management, the Office of Surface Mining Reclamation and Enforcement, and the Minerals Management Service that are referenced in §§225.4, 225.5, and 225.6 are supplemental to these regulations, and apply to minerals agreements for development of Indian mineral resources unless specifically stated otherwise in this part or in other Federal regulations. To the extent that such regulations are to minerals agreements, the Secretary may approve alternate provisions in a minerals agreement.

(d) Nothing in these regulations is intended to prevent Indian tribes from exercising their lawful governmental authority to regulate the conduct of persons, businesses, or minerals operations within their territorial jurisdiction.

§ 225.2 Information collection.

§ 225.21 Negotiation procedures.

(a) An Indian mineral owner that wishes to enter into a minerals agreement may ask the Secretary for advice, assistance, and information during the negotiation process. The Secretary shall provide advice, assistance, and information to the extent allowed by available resources.

(b) No particular form of minerals agreement is prescribed. In preparing the minerals agreement the Indian mineral owner shall, if applicable, address provisions including, but not limited to, the following:

6. Provisions outlining the method of payment and amount of compensation to be paid;

7. Provisions establishing accounting and mineral valuation procedures;

8. Provisions establishing operating and management procedures;

17. Provisions describing the proposed manner and time of performance of future abandonment, reclamation and restoration activities;

18. Provisions for reporting production and sales;

19. Provisions for unitizing or communitizing of lands included in a minerals agreement for the purpose of promoting conservation and efficient utilization of natural resources;

20. Provisions for protection of the minerals agreement lands from drainage and/or unauthorized taking of mineral resources;

(c) In order to avoid delays in obtaining approval, the Indian mineral owner is encouraged to confer with the Secretary prior to formally executing the minerals agreement, and seek advice as to whether the minerals agreement appears to satisfy the requirements of § 225.22, or whether additions or corrections may be required in order to obtain Secretarial approval.

(d) The executed minerals agreement, together with a copy of a tribal resolution authorizing tribal officers to enter into the minerals agreement, shall be forwarded by the tribal representative to the appropriate Superintendent, or in the absence of a Superintendent to the Area Director, for approval.

§ 225.22 Approval of minerals agreements.

(a) A minerals agreement submitted for approval pursuant to § 225.21(d) shall be approved or disapproved within:

1. One hundred and eighty (180) days after submission, or

2. Sixty (60) days after compliance, if required, with section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) or any other
requirement of Federal law, whichever is later.

(b) At least thirty (30) days prior to approval or disapproval of any minerals agreement, the affected Indian mineral owners shall be provided with written findings forming the basis of the Secretary’s intent to approve or disapprove the minerals agreement.

(1) The written findings shall include an environmental study which meets the requirements of §225.24 and an economic assessment, as described in §225.23.

(2) The Secretary shall include in the written findings any recommendations for changes to the minerals agreement needed to qualify it for approval.

(3) The 30-day period shall commence to run as of the date the written findings are received by the Indian mineral owner.

(4) Notwithstanding any other law, such findings and all projections, studies, data or other information (other than the environmental study required by §225.24) possessed by the Department of the Interior regarding the terms and conditions of the minerals agreement; the financial return to the Indian parties thereto; the extent, nature, value or disposition of the mineral resources; or the production, products or proceeds thereof, shall be held by the Department of the Interior as privileged and proprietary information of the affected Indian mineral owners.

(c) A minerals agreement shall be approved if, at the Secretary’s discretion, it is determined that the following conditions are met:

(1) The minerals agreement is in the best interest of the Indian mineral owner;

(2) The minerals agreement does not have adverse cultural, social, or environmental impacts sufficient to outweigh its expected benefits to the Indian mineral owners; and,

(3) The minerals agreement complies with the requirements of this part and all other applicable regulations and the provisions of applicable Federal law.

(d) The determinations required by paragraph (c) of this section shall be based on the written findings required by paragraph (b) and paragraphs (b)(1) through (b)(4), inclusive, of this section. The question of “best interest” within the meaning of paragraph (c)(1) of this section shall be determined by the Secretary based on information obtained from the parties, and any other information considered relevant by the Secretary, including, but not limited to, a review of comparable contemporary contractual arrangements or offers for the development of similar mineral resources received by Indian mineral owners, by non-Indian mineral owners, or by the Federal Government, insofar as that information is readily available.

(e) If a Superintendent or Area Director believes that a minerals agreement should not be approved, a written statement of the reasons why the minerals agreement should not be approved shall be prepared and forwarded, together with the minerals agreement, the written findings required by paragraph (b) and subparagraphs (b)(1) through (b)(4), inclusive, of this section, and all other pertinent documents, to the Secretary for a decision with a copy to the affected Indian mineral owner.

(f) The Secretary shall review any minerals agreement referred with a recommendation that it be disapproved, and the Secretary’s decision to disapprove a minerals agreement shall be deemed a final Federal agency action (25 U.S.C. 2103(d)).

§225.23 Economic assessments.

The Secretary shall prepare or cause to be prepared an economic assessment that shall address, among other things:

(a) Whether there are assurances in the minerals agreement that operations shall be conducted with appropriate diligence;

(b) Whether the production royalties or other form of return on mineral resources is adequate; and

(c) Whether the minerals agreement is likely to provide the Indian mineral owner with a return on the production comparable to what the owner might otherwise obtain through competitive
§ 225.24 Environmental studies.

(a) The Secretary shall ensure that all environmental studies are prepared as required by the National Environmental Policy Act of 1969 (NEPA) and the regulations promulgated by the Council on Environmental Quality (CEQ) found at 40 CFR parts 1500–1508.

(b) The Secretary shall ensure that all necessary surveys are performed and clearances obtained in accordance with 36 CFR parts 60, 63, and 800 and with the requirements of the Archaeological and Historic Preservation Act (16 U.S.C. 469 et seq.), the National Historic Preservation Act (16 U.S.C. 470 et seq.), the American Indian Religious Freedom Act (42 U.S.C. 1996), and Executive Order 11593 (3 CFR 1971–1975 Comp., p. 559, May 13, 1971). If these surveys indicate that a mineral development will have an adverse effect on a property listed on or eligible for listing on the National Register of Historic Places, the Secretary shall:

1. Seek the comments of the Advisory Council on Historic Preservation, in accordance with 36 CFR part 800;
2. Ensure that the property is avoided, that the adverse effect is mitigated, or that appropriate excavations or other related research is conducted; and
3. Ensure that complete data describing the historic property is preserved.

§ 225.25 Resolution of disputes.

A minerals agreement shall contain provisions for resolving disputes that may arise between the parties. However, no such provision shall limit the Secretary’s authority or ability to ensure that the rights of an Indian mineral owner are protected in the event of a violation of the provisions of the minerals agreement by any other party to the minerals agreement.

§ 225.26 Auditing and accounting.

The Secretary may conduct audits relating to the scope, nature and extent of compliance with the minerals agreement and with applicable regulations and orders to lessees, operators, revenue payors, and other persons with rental, royalty, net profit share and other payment requirements arising from the provisions of a minerals agreement. Procedures and standards used for accounting and auditing of minerals agreements will be in accordance with audit standards established by the Comptroller General of the United States, in “Standards for Auditing of Governmental Organizations, Programs, Activities, and Functions, 1961,” and standards established by the American Institute of Certified Public Accountants.

§ 225.27 Forms and reports.

Any forms required to be filed pursuant to a minerals agreement may be obtained from the Superintendent or Area Director. Prescribed forms for filing geothermal production reports required by the BLM (43 CFR part 3260, §§ 3264.1, 3264.2–4 and 3264.2–5) may be obtained from the Superintendent, Area Director, or the Authorized Officer. Applicable reports required by the MMS shall be filed using the forms prescribed in 30 CFR part 210, which are available from MMS. Guidance on how to prepare and submit required information, collection reports, and forms to MMS is available from: Minerals Management Service, Attention: Lessee (or Reporter) Contact Branch, P.O. Box 5760, Denver, Colorado 80217. Additional reporting requirements may be required by the Secretary.

§ 225.28 Approval of amendments to minerals agreements.

An amendment, modification or supplement to a minerals agreement entered into pursuant to the regulations in this part, whether the minerals agreement was approved before or after the effective date of these regulations, must be approved in writing by all parties before being submitted to the Secretary for approval. The provisions of §225.22 apply to approvals of amendments, modifications, or supplements to minerals agreements entered into under the regulations in this part. However, amendments, modifications, or supplements that do not substantially alter or affect the factors listed
in § 225.22(c), may be approved by referencing materials previously submitted for the initial review and approval of the minerals agreement. The Secretary may approve an amendment, modification, or supplement if it is determined that the underlying minerals agreement, as amended, modified, or supplemented meets the criteria for approval set forth in § 225.22(c).

§ 225.29 Corporate qualifications and requests for information.

(a) The signing in a representative capacity of minerals agreements or assignments, bonds, or other instruments required by a minerals agreement or these regulations, constitutes certification that the individual signing (except a surety agent) is authorized to act in such a capacity. An agent for a surety shall furnish a power of attorney.

(b) A prospective corporate operator proposing to acquire an interest in a minerals agreement shall have on file with the Superintendent a statement showing:

(1) The State(s) in which the corporation is incorporated, and a notarized statement that the corporation is authorized to hold such interests in the State where the land described in the minerals agreement is situated; and

(2) A notarized statement that it has power to conduct all business and operations as described in the minerals agreement.

(c) The Secretary may, either before or after the approval of a minerals agreement, assignment, or bond, call for any reasonable additional information necessary to carry out the regulations in this part, or other applicable laws and regulations.

§ 225.30 Bonds.

(a) Bonds required by provisions of a minerals agreement should be in an amount sufficient to ensure compliance with all of the requirements of the minerals agreement and the statutes and regulations applicable to the minerals agreement. Surety bonds shall be issued by a qualified company approved by the Department of the Treasury (see Department of the Treasury Circular No. 570).

(b) An operator may file a $75,000 bond for all geothermal, mining, or oil and gas minerals agreements in any one State, which may also include areas on that part of an Indian reservation extending into any contiguous State. Statewide bonds shall be filed for approval with the Secretary.

(c) An operator may file a $150,000 bond for full nationwide coverage to cover all geothermal or oil and gas minerals agreements without geographic or acreage limitation to which the operator is or may become a party. Nationwide bonds shall be filed for approval with the Secretary.

(d) Personal bonds shall be accompanied by:

(1) Certificate of deposit issued by a financial institution, the deposit of which are Federally insured, explicitly granting the Secretary full authority to demand immediate payment in case of default in the performance of the provisions and conditions of the minerals agreement. The certificate shall explicitly indicate on its face that Secretarial approval is required prior to redemption of the certificate of deposit by any party;

(2) Cashier’s check;

(3) Certified check;

(4) Negotiable Treasury securities of the United States of a value equal to the amount specified in the bond. Negotiable Treasury securities shall be accompanied by a proper conveyance to the Secretary of full authority to sell such securities in case of default in the performance of the provisions and conditions of a minerals agreement; or

(5) Letter of credit issued by a financial institution authorized to do business in the United States and whose deposits are Federally insured, and identifying the Secretary as sole payee with full authority to demand immediate payment in the case of default in the performance of the provisions and conditions of a minerals agreement.

(i) The letter of credit shall be irrevocable during its term.

(ii) The letter of credit shall be payable to the Bureau of Indian Affairs on demand, in part or in full, upon receipt from the Secretary of a notice of attachment stating the basis thereof (e.g., default in compliance with the minerals agreement provisions and
§ 225.35 Inspection of premises; books and accounts.

(a) Operators shall allow Indian mineral owners, their authorized representatives, or any authorized representatives of the Secretary to enter all parts of the minerals agreement area for the purpose of inspection. Operators shall keep a full and correct account of all operations and submit all related reports required by the minerals agreement and applicable regulations. Books and records shall be available for inspection during regular business hours.

(b) Applicable permits in accordance with rules and regulations in 30 CFR part 750, 43 CFR parts 3160, 3260, 3480, 3590, and Orders or Notices to Lessees (NTL) issued thereunder shall be required before actual operations are conducted on the minerals agreement acreage.

§ 225.33 Assignment of minerals agreements.

An assignment of a minerals agreement, or any interest therein, shall not be valid without the approval of the Secretary and, if required in the minerals agreement, the Indian mineral owner. The assignee must be qualified to hold the minerals agreement and shall furnish a satisfactory bond conditioned on the faithful performance of the covenants and conditions thereof as stipulated in the minerals agreement. A fully executed copy of the assignment shall be filed with the Secretary within five (5) working days after execution by all parties. The Secretary may permit the release of any bonds executed by the assignor upon submission of satisfactory bonds to the Bureau of Indian Affairs by the assignee, and a determination that the assignor has satisfied all accrued obligations.

§ 225.34 [Reserved]

§ 225.35 Inspection of premises; books and accounts.

(a) Operators shall allow Indian mineral owners, their authorized representatives, or any authorized representatives of the Secretary to enter all parts of the minerals agreement area for the purpose of inspection. Operators shall keep a full and correct account of all operations and submit all related reports required by the minerals agreement and applicable regulations. Books and records shall be available for inspection during regular business hours.

(b) Operators shall provide records to the Minerals Management Service (MMS) in accordance with MMS regulations and guidelines. All records pertaining to a minerals agreement shall be maintained by an operator in accordance with 30 CFR part 212.
(c) Operators shall provide records to the Authorized Officer in accordance with BLM regulations and guidelines.

(d) Operators shall provide records to the Director’s Representative in accordance with OSMRE regulations and guidelines.

§ 225.36 Minerals agreement cancellation; Bureau of Indian Affairs notice of noncompliance.

(a) If the Secretary determines that an operator has failed to comply with the regulations in this part; other applicable laws or regulations; the terms of the minerals agreement; the requirements of an approved exploration, drilling or mining plan; Secretarial orders; or the orders of the Authorized Officer, the Director’s Representative, or the MMS Official, the Secretary may:

(1) Serve a notice of noncompliance; or

(2) Serve a notice of proposed cancellation.

(b) The notice of noncompliance shall specify in what respect the operator has failed to comply with the requirements referenced in paragraph (a), and shall specify what actions, if any, must be taken to correct the noncompliance.

(c) The notice of proposed cancellation shall set forth the reasons why cancellation is proposed.

(d) The notice of proposed cancellation or noncompliance shall be served upon the operator by delivery in person or by certified mail to the operator at the operator’s last known address. When certified mail is used, the date of service shall be deemed to be when received or five (5) working days after the date it is mailed, whichever is earlier.

(e) The operator shall have thirty (30) days (or such longer time as specified in the notice) from the date that the Bureau of Indian Affairs notice of proposed cancellation or noncompliance is served to respond, in writing, to the Superintendent or Area Director actually issuing the notice.

(f) If the operator fails to take any action that may be prescribed in the notice of proposed cancellation, fails to file a timely written response to the notice, or files a written response that does not, in the discretion of the Secretary, adequately justify the operator’s failure to comply, then the Secretary may cancel the minerals agreement, specifying the basis for the cancellation. Cancellation of a minerals agreement shall not relieve the operator of any continuing obligation under the minerals agreement.

(g) If an operator fails to take corrective action or to file a timely written response adequately justifying the operator’s actions pursuant to a notice of noncompliance, the Secretary may issue an order of cessation. If the operator fails to comply with the order of cessation, or fails to timely file an appeal of the order of cessation pursuant to paragraph (k) of this section, the Secretary may issue an order of minerals agreement cancellation.

(h) This section does not limit any other remedies of the Indian mineral owner as set forth in the minerals agreement.

(i) Nothing in this section is intended to limit the authority of the Authorized Officer, the Director’s Representative, the MMS Official, and the Superintendent or Area Director should consult with one another before taking any enforcement actions.

(j) The Authorized Officer, the Director’s Representative, the MMS Official, and the Superintendent or Area Director should consult with one another before taking any enforcement actions.

(k) If orders of cessation or minerals agreement cancellation issued pursuant to this section are issued by a designee of the Secretary other than the Assistant Secretary for Indian Affairs, the orders may be appealed under 25 CFR part 2. If the orders are issued by the Secretary or the Assistant Secretary for Indian Affairs, and not one of their delegates or subordinates, the orders are the final orders of the Department.

§ 225.37 Penalties.

(a) In addition to or in lieu of cancellation under §225.36, violations of the terms and conditions of any minerals agreement, the regulations in this part, other applicable laws or regulations, or failure to comply with a notice of noncompliance or a cessation order issued by the Secretary may subject an operator to a penalty of not more than $1,617 per day for each day
that such a violation or noncompliance continues beyond the time limits prescribed for corrective action.

(b) A notice of a proposed penalty shall be served on the operator either personally or by certified mail to the operator at the operator’s last known address. The date of service by certified mail shall be deemed to be the date received or five (5) working days after the date mailed, whichever is earlier.

(c) The notice shall specify the nature of the violation and the proposed penalty, and shall specifically advise the operator of the operator’s right to either request a hearing within thirty (30) days of receipt of the notice or pay the proposed penalty. Hearings shall be held before the Superintendent or Area Director whose findings shall be conclusive, unless an appeal is taken pursuant to 25 CFR part 2. If within thirty (30) days of receipt of the notice of proposed penalty the operator has not requested a hearing or paid the amount of the proposed penalty, a final notice of penalty shall be served.

(d) If the person served with a notice of proposed penalty requests a hearing, penalties shall accrue each day the violations or noncompliance set forth in the notice continue beyond the time limits presented for corrective action. The Secretary may issue a written suspension of the requirement to correct the violations pending completion of the hearings provided by this section only upon a determination, at the discretion of the Secretary, that such a suspension will not be detrimental to the Indian mineral owner and upon submission and acceptance of a bond deemed adequate to indemnify the Indian mineral owner from loss or damage. The amount of the bond must be sufficient to cover the cost of correcting the violations set forth in the notice or any disputed amounts plus accrued penalties and interest.

(e) Payment of penalties in full more than ten (10) days after a final decision imposing a penalty shall subject the operator to late payment charges. Late payment charges shall be calculated on the basis of a percentage assessment rate of the amount unpaid per month for each month or fraction thereof until payment is received by the Secretary. In the absence of a specific minerals agreement provision prescribing a different rate, the interest rate on late payments and underpayments shall be a rate applicable under section 6621(a)(2) of the Internal Revenue Code of 1984. Interest shall be charged only on the amount of payment not received and only for the number of days the payment is late.

(f) None of the provisions of this section shall be interpreted as:

(1) Replacing or superseding the independent authority of the Authorized Officer, the Director’s Representative, or the MMS Official to impose penalties under applicable statutory or regulatory authorities;

(2) Replacing, superseding, or replicating any penalty provision in the terms and conditions of a minerals agreement approved by the Secretary pursuant to this part; or

(3) Authorizing the imposition of a penalty for violations of minerals agreement provisions for which the Authorized Officer, Director’s Representative, or MMS Official has either statutory or regulatory authority to assess a penalty.

§ 225.38 Appeals.

Appeals from decisions of Officials of the Bureau of Indian Affairs under this part may be taken pursuant to 25 CFR part 2.

§ 225.39 Fees.

(a) Unless otherwise authorized by the Secretary, each minerals agreement or assignment thereof, shall be accompanied by a filing fee of $75.00 at the time of filing.

(b) An Indian mineral owner shall not be required to pay a filing fee if the Indian mineral owner, pursuant to a provision in the existing minerals agreement, acquires an additional interest in that minerals agreement.

§ 225.40 Government employees cannot acquire minerals agreements.

U.S. Government employees are prevented from acquiring any interest(s) in minerals agreements by the provisions of 25 CFR part 140 and 43 CFR.

As used in this part 226, terms shall have the meanings set forth in this section.

(a) Secretary means the Secretary of the Interior or his authorized representative acting under delegated authority.

(b) Osage Tribal Council means the duly elected governing body of the Osage Nation or Tribe of Indians of Oklahoma vested with authority to lease or take other actions on oil and gas mining pertaining to the Osage Mineral Estate.

(c) Superintendent means the Superintendent of the Osage Agency, Pawhuska, Oklahoma, or his authorized representative acting under delegated authority.

(d) Oil lessee means any person, firm, or corporation to whom an oil mining lease is made under the regulations in this part.

(e) Gas lessee means any person, firm, or corporation to whom a gas mining lease is made under the regulations in this part.

§ 226.2 Sale of leases.

(a) Written application, together with any nomination fee, for tracts to be offered for lease shall be filed with the Superintendent.

(b) The Superintendent, with the consent of the Osage Tribal Council, shall publish notices for the sale of oil leases, gas leases, and oil and gas leases to the highest responsible bidder on specific tracts of the unleased Osage Mineral Estate. The Superintendent may require any bidder to submit satisfactory evidence of his good faith and ability to comply with all provisions of the notice of sale. Successful bidders must deposit with the Superintendent on day of sale a check or cash in an amount not less than 25 percent of the cash bonus offered as a guaranty of good faith. Any and all bids shall be subject to the acceptance of the Osage Tribal Council and approval of the Superintendent. Within 20 days after notification of being the successful bidder, and said bidder must submit to the Superintendent the balance of the cash bonus, a $10 filing fee, and the lease in completed form. The Superintendent may extend the time for the completion and submission of the lease form, but no extension shall be granted for remitting the balance of moneys due. If the bidder fails to pay the full cash consideration within said period or fails to file the completed lease within said period or extension thereof, or if the lease is rejected through no fault of the Osage Tribal Council or the Superintendent, 25 percent of the cash bonus bid will be forfeited for the use and benefits of the Osage Tribe. The Superintendent may reject a lease made on an accepted bid, upon evidence satisfactory to him of collusion, fraud, or other irregularity in connection with the notice of sale. The Superintendent may approve oil leases, gas leases, and oil and gas leases made by the Osage Tribal Council in conformity with the notice of sale, regulations in this part, bonds, and other instruments required.

(c) Each oil and/or gas lease and activities and installations associated therewith subject to these regulations shall be assessed and evaluated for its environmental impact prior to its approval by the Superintendent.

(d) Lessee shall accept a lease with the understanding that a mineral not covered by his lease may be leased separately.

(e) No lease, assignment thereof, or interest therein will be approved to any employee or employees of the Government and no such employee shall be permitted to acquire any interest in...
leases covering the Osage Mineral Estate by ownership of stock in corporations having leases or in any other manner.

(f) The Osage Tribal Council may utilize the following procedures among others, in entering into a mining lease. A contract may be entered into through competitive bidding as outlined in §226.2(b), negotiation, or a combination of both. The Osage Tribal Council may also request the Superintendent to undertake the preparation, advertisement and negotiation. The Superintendent may approve any such contract made by the Osage Tribal Council.

§ 226.3 Surrender of lease.

Lessee may, with the approval of the Superintendent and payment of a $10 filing fee, surrender all or any portion of any lease, have the lease cancelled as to the portion surrendered and be relieved from all subsequent obligations and liabilities. If the lease, or portion being surrendered, is owned in undivided interests by more than one party, then all parties shall join in the application for cancellation: Provided, That if this lease has been recorded, Lessee shall execute a release and record the same in the proper office. Such surrender shall not entitle Lessee to a refund of the unused portion of rental paid in lieu of development, nor shall it relieve Lessee and his sureties of any obligation and liability incurred prior to such surrender: Provided further, That when there is a partial surrender of any lease and the acreage to be retained is less than 160 acres or there is a surrender of a separate horizon, such surrender shall become only with the consent of the Osage Tribal Council and approval of the Superintendent.

§ 226.4 Form of payment.

Sums due under a lease contract and/or the regulations in this part shall be paid by cash or check made payable to the Bureau of Indian Affairs and delivered to the Osage Agency, Pawhuska, Oklahoma 74056. Such sums shall be a prior lien on all equipment and unsold oil on the leased premises.

§ 226.5 Leases subject to current regulations.

Leases issued pursuant to this part shall be subject to the current regulations of the Secretary, all of which are made a part of such leases: Provided, That no amendment or change of such regulations made after the approval of any lease shall operate to affect the term of the lease, rate of royalty, rental, or acreage unless agreed to by both parties and approved by the Superintendent.

§ 226.6 Bonds.

Lessees shall furnish with each lease a corporate surety bond acceptable to the Superintendent as follows:

(a) A bond on Form D shall be filed with each lease submitted for approval. Such bond shall be in an amount of not less than $5,000 for each quarter section or fractional quarter section covered by said lease: Provided, however, That one bond in the penal sum or not less than $50,000 may be filed on Form G covering all oil, gas and combination oil and gas leases not in excess of 10,240 acres to which Lessee is or may become a party.

(b) In lieu of the bonds required under paragraph (a) of this section, a bond in the penal sum of $150,000 may be filed on Form 5–5438 for full nationwide coverage of all leases, without geographic or acreage limitation, to which the Lessee is or may become a party.

(c) A bond on Form H shall be filed in an amount of not less than $5,000 covering a lease acquired through assignment where the assignee does not have a collective bond on form G or nationwide bond, or the corporate surety does not execute its consent to remain bound under the original bond given to secure the faithful performance of the terms and conditions of the lease.

(d) The right is specifically reserved to increase the amount of bonds prescribed in paragraphs (a) and (c) of this section in any particular case when the Superintendent deems it proper. The nationwide bond may be increased at any time in the discretion of the Secretary.
§ 226.7 Provisions of forms made a part of the regulations.

Leases, assignments, and supporting instruments shall be in the form prescribed by the Secretary, and such forms are hereby made a part of the regulations.

§ 226.8 Corporation and corporate information.

(a) If the applicant for a lease is a corporation, it shall file evidence of authority of its officers to execute papers; and with its first application it shall file a certified copy of its Articles of Incorporation and, if foreign to the State of Oklahoma, evidence showing compliance with the corporation laws thereof.

(b) Whenever deemed advisable the Superintendent may require a corporation to file any additional information necessary to carry out the purpose and intent of the regulations in this part, and such information shall be furnished within a reasonable time.

§ 226.9 Rental and drilling obligations.

(a) Oil leases, gas leases, and combination oil and gas leases. Unless Lessee shall complete and place on production a well producing and selling oil and/or gas in paying quantities on the land embraced within the lease within 12 months from the date of approval of the lease, or as otherwise provided in the lease terms, or 12 months from the date the Superintendent consents to drilling on any restricted homestead selection, the lease shall terminate unless rental at the rate of not less than $1 per acre for an oil or gas lease, or not less than $2.00 per acre for a combination oil and gas lease, shall be paid before the end of the first year of the lease. The lease may also be held for the remainder of its primary term without drilling upon payment of the specified rental annually in advance, commencing with the second lease year. The lease shall terminate as of the due date of the rental unless such rental shall be received by the Superintendent, or shall have been mailed as indicated by postmark on or before said date. The completion of a well producing in paying quantities shall, for so long as such production continues, relieve Lessee from any further payment of rental, except that should such production cease during the primary term the lease may be continued only during the remaining primary term of the lease by payment of advance rental which shall commence on the next anniversary date of the lease. Rental shall be paid on the basis of a full year and no refund will be made of advance rental paid in compliance with the regulations in this part: Provided, That the Superintendent in his discretion may order further development of any leased acreage or separate horizon if, in his opinion, a prudent operator would conduct further development. If Lessee refuses to comply, the refusal will be considered a violation of the lease terms and said lease shall be subject to cancellation as to the acreage or horizon the further development of which was ordered: Provided further, That the Superintendent may impose restrictions as to time of drilling and rate of production from any well or wells when in his judgment, such action may be necessary or proper for the protection of the natural resources of the leased land and the interests of the Osage Tribe. The superintendent may consider, among other things, Federal and Oklahoma laws regulating either drilling or production. If a lessee holds both an oil lease and a gas lease covering the same acreage, such lessee is subject to the provisions of this section as to both the oil lease and the gas lease.

(b) The Superintendent may, with the consent of and under terms approved by the Osage Tribal Council, grant an extension of the primary term of a lease on which the actual drilling of a well shall have commenced within the term thereof or for the purpose of enabling Lessee to obtain a market for his oil and/or gas production.

§ 226.10 Term of lease.

Leases issued hereunder shall be for a primary term as established by the Osage Tribal Council, approved by the Superintendent, and so stated in the notice of sale of such leases and so long thereafter as the minerals specified are produced in paying quantities.

§ 226.11 Royalty payments.

(a) Royalty on oil—(1) Royalty rate. Lessee shall pay or cause to be paid to
§ 226.12 Government reserves right to purchase oil.

Any of the executive departments of the U.S. Government shall have the option to purchase all or any part of the oil produced from any lease at not less than the highest posted price as defined in §226.11.

§ 226.13 Time of royalty payments and reports.

(a) Royalty payments due may be paid by either purchaser or Lessee. Unless otherwise provided by the Osage
Tribal Council and approved by the Superintendent, all payments shall be due by the 25th day of each month and shall cover the sales of the preceding month. Failure to make such payments shall subject Lessee or purchaser, whoever is responsible for royalty payment, to a late charge at the rate of not less than 1 1/2 percent for each month or fraction thereof until paid. The Osage Tribal Council, subject to the approval of the Superintendent, may waive the late charges.

(b) Lessee shall furnish certified monthly reports by the 25th of each following month covering all operations, whether there has been production or not, indicating therein the total amount of oil, natural gas, casinghead gas, and other products subject to royalty payment.

(c) Failure to remit payments or reports shall subject Lessee to further penalties as provided in §§ 226.42 and 226.43 and shall subject the division order to cancellation.

§ 226.14 Contracts and division orders.

(a) Lessee may enter into division orders or contracts with the purchasers of oil, gas, or derivatives therefrom which will provide for the purchaser to make payment of royalty in accordance with his lease: Provided, That such division orders or contracts shall not relieve Lessee from responsibility for the payment of the royalty should the purchaser fail to pay. No production shall be removed from the leased premises until a division order and/or contract and its terms are approved by the Superintendent: Provided further, That the Superintendent may grant temporary permission to run oil or gas from a lease pending the approval of a division order or contract. Lessee shall file a certified monthly report and pay royalty on the value of all oil and gas used off the premises for development and operating purposes. Lessee shall be responsible for the correct measurement and reporting of all oil and/or gas taken from the leased premises.

(b) Lessee shall require the purchaser of oil and/or gas from his/her lease or leases to furnish the Superintendent, no later than the 25th day of each month, a statement reporting the gross barrels of oil and/or gross Mcf of gas sold during the preceding month. The Superintendent may authorize an extension of time, not to exceed 10 days, for furnishing this statement.

§ 226.15 Unit leases, assignments and related instruments.

(a) Unitization of leases. The Osage Tribal Council and Lessee or Lessees, may, with the approval of the Superintendent, unite or merge, two or more oil or oil and gas leases into a unit or cooperative operating plan to promote the greatest ultimate recovery of oil and gas from a common source of supply or portion thereof embracing the lands covered by such lease or leases. The cooperative or unit agreement shall be subject to the regulations in this part and applicable laws governing the leasing of the Osage Mineral Estate. Any agreement between the parties in interest to terminate a unit or cooperative agreement as to all or any portion of the lands included shall be submitted to the Superintendent for his approval. Upon approval the leases included thereunder shall be restored to their original terms: Provided, That for the purpose of preventing waste and to promote the greatest ultimate recovery of oil and gas from a common source of supply or portion thereof, all oil leases, oil and gas leases, and gas leases issued heretofore and hereafter under the provisions of the regulations in this part shall be subject to any unit development plan affecting the leased lands that may be required by the Superintendent with the consent of the Osage Tribal Council, and which plan shall adequately protect the rights of all parties in interest including the Osage Mineral Estate.

(b) Assignments. Approved leases or any interest therein may be assigned or transferred only with the approval of the Superintendent. The assignee must be qualified to hold such lease under existing rules and regulations and shall furnish a satisfactory bond conditioned for the faithful performance of the covenants and conditions thereof. Lessee must assign either his entire interest in a lease or legal subdivision thereof, or an undivided interest in the whole lease: Provided, That
§ 226.16 Commencement of operations.

(a) No operations shall be permitted upon any tract of land until a lease covering such tract shall have been approved by the Superintendent: Provided, That the Superintendent may grant authority to any party under such rules, consistent with the regulations in this part that he deems proper, to conduct geophysical and geological exploration work.

(b) Lessee shall submit applications on forms to be furnished by the Superintendent and secure his approval before:

(1) Well drilling, treating, or workover operations are started on the leased premises.

(2) Removing casing from any well.

(c) Lessee shall notify the Superintendent a reasonable time in advance of starting work, of intention to drill, redrill, deepen, plug, or abandon a well.

§ 226.17 How to acquire permission to begin operations on a restricted homestead allotment.

(a) Lessee may conduct operations within or upon a restricted homestead selection only with the written consent of the Superintendent.

(b) If the allottee is unwilling to permit operations on his homestead, the Superintendent will cause an examination of the premises to be made with the allottee and lessee or his representative. Upon finding that the interests of the Osage Tribe require that the tract be developed, the Superintendent will endeavor to have the parties agree upon the terms under which operations on the homestead may be conducted.

(c) In the event the allottee and lessee cannot reach an agreement, the
matter shall be presented by all parties before the Osage Tribal Council, and the Council shall make its recommendations. Such recommendations shall be considered as final and binding upon the allottee and lessee. A guardian may represent the allottee. Where no one is authorized or where no person is deemed by the Superintendent to be a proper party to speak for a person of unsound mind or feeble understanding, the Principal Chief of the Osage Tribe shall represent him.

(d) If the allottee or his representative does not appear before the Osage Tribal Council when notified by the Superintendent, or if the Council fails to act within 10 days after the matter is referred to it, the Superintendent may authorize lessee to proceed with operations in conformity with the provisions of his lease and the regulations in this part.

§ 226.18 Information to be given surface owners prior to commencement of drilling operations.

Except for the surveying and staking of a well, no operations of any kind shall commence until the lessee or his/her authorized representative shall meet with the surface owner or his/her representative, if a resident of and present in Osage County, Oklahoma. Unless waived by the Superintendent or otherwise agreed to between the lessee and surface owner, such meeting shall be held at least 10 days prior to the commencement or any operations, except for the surveying and staking of the well. At such meeting lessee or his/her authorized representative shall comply with the following requirements:

(a) Indicate the location of the well or wells to be drilled.

(b) Arrange for route of ingress and egress. Upon failure to agree on route ingress and egress, said route shall be set by the Superintendent.

(c) Impart to said surface owners the name and address of the party or representative upon whom the surface owner shall serve any claim for damages which he may sustain from mineral development or operations, and as to the procedure for settlement thereof as provided in § 226.21.

(d) Where the drilling is to be on restricted land, lessee or his authorized representative in the manner provided above shall meet with the Superintendent.

(e) When the surface owner or his/her representative is not a resident of, or is not physically present in, Osage County, Oklahoma, or cannot be contacted at the last known address, the Superintendent may authorize lessee to proceed with operations.

§ 226.19 Use of surface of land.

(a) Lessee or his/her authorized representative shall have the right to use so much of the surface of the land within the Osage Mineral Estate as may be reasonable for operations and marketing. This includes but is not limited to the right to lay and maintain pipelines, electric lines, pull rods, other appliances necessary for operations and marketing, and the right-of-way for ingress and egress to any point of operations. If Lessee and surface owner are unable to agree as to the routing of pipelines, electric lines, etc., said routing shall be set by the Superintendent. The right to use water for lease operations is established by § 226.24. Lessee shall conduct his/her operations in a workmanlike manner, commit no waste and allow none to be committed upon the land, nor permit any unavoidable nuisance to be maintained on the premises under his/her control.

(b) Before commencing a drilling operation, Lessee shall pay or tender to the surface owner commencement money in the amount of $25 per seismic shot hole and commencement money in the amount of $300 for each well, after which Lessee shall be entitled to immediate possession of the drilling site. Commencement money will not be required for the redrilling of a well which was originally drilled under the currently lease. A drilling site shall be held to the minimum area essential for operations and shall not exceed one and one-half acres in area unless authorized by the Superintendent. Commencement money shall be a credit toward the settlement of the total damages. Acceptance of commencement money by the surface owner does not affect his/her right to compensation for
§ 226.20 Settlement of damages claimed.  

(a) Lessee or his authorized representative or geophysical permittee shall pay for all damages to growing crops, any improvements on the lands, and all other surface damages as may be occasioned by operations. Commencement money shall be a credit toward the settlement of the total damages occasioned by the drilling and completion of the well for which it was paid. Such damages shall be paid to the owner of the surface and by him apportioned among the parties interested in the surface, whether as owner, surface lessee, or otherwise, as the parties may mutually agree or as their interests may appear. If lessee or his authorized representative and surface owner are unable to agree concerning damages, the same shall be determined by arbitration. Nothing herein contained shall be construed to deny any party the right to file an action in a court of competent jurisdiction if he is dissatisfied with the amount of the award.

(b) Surface owners shall notify their lessees or tenants of the regulations in this part and of the necessary procedure to follow in all cases of alleged damages. If so authorized in writing, surface lessees or tenants may represent the surface owners.

(c) In settlement of damages on restricted land all sums due and payable shall be paid to the Superintendent for credit to the account of the Indian entitled thereto. The Superintendent will make the apportionment between the Indian landowner or owners and surface lessee of record.

(d) Any person claiming an interest in any leased tract or in damages thereto, must furnish to the Superintendent a statement in writing showing said claimed interest. Failure to furnish such statement shall constitute a waiver of notice and estop said person from claiming any part of such damages after the same shall have been disbursed.

§ 226.21 Procedure for settlement of damages claimed.

Where the surface owner or his lessee suffers damage due to the oil and gas operations and/or marketing of oil or gas by lessee or his authorized representative, the procedure for recovery shall be as follows:

(a) The party or parties aggrieved shall, as soon as possible after the discovery of any damages, serve written notice to Lessee or his authorized representative as provided by § 226.18.
Written notice shall contain the nature and location of the alleged damages, the date of occurrence, the names of the party or parties causing said damages, and the amount of damages. It is not intended by this requirement to limit the time within which action may be brought in the courts to less than the 90-day period allowed by section 2 of the Act of March 2, 1929 (45 Stat. 1478, 1479).

(b) If the alleged damages are not adjusted at the time of such notice, Lessee or his authorized representative shall try to adjust the claim with the party or parties aggrieved within 20 days from receipt of the notice. If the claimant is the owner of restricted property and a settlement results, a copy of the settlement agreement shall be filed with the Superintendent. If the settlement agreement is approved by the Superintendent, payment shall be made to the Superintendent for the benefit of said claimant.

(c) If the parties fail to adjust the claim within the 20 days specified, then within 10 days thereafter each of the interested parties shall appoint an arbitrator who immediately upon their appointment shall agree upon a third arbitrator. If the two arbitrators shall fail to agree upon a third arbitrator within 10 days, they shall immediately notify the parties in interest. If said parties cannot agree upon a third arbitrator within 5 days after receipt of such notice, the Superintendent shall appoint the third arbitrator.

(d) As soon as the third arbitrator is appointed, the arbitrators shall meet; hear the evidence and arguments of the parties; and examine the lands, crops, improvements, or other property alleged to have been injured. Within 10 days they shall render their decision as to the amount of the damage due. The arbitrators shall be disinterested persons. The fees and expenses of the third arbitrator shall be borne equally by the claimant and Lessee or his authorized representative. Each Lessee or his authorized representative and claimant shall pay the fee and expenses for the arbitrator appointed by him.

(e) When an act of an oil or gas lessee or his authorized representative results in injury to both the surface owner and his lessee, the parties aggrieved shall join in the appointment of an arbitrator. Where the injury complained of is chargeable to one or more oil or gas Lessee, or his authorized representative, such lessee or said representative shall join in the appointment of an arbitrator.

(f) Any two of the arbitrators may make a decision as to the amount of damage due. The decision shall be in writing and shall be served forthwith upon the parties in interest. Each party shall have 90 days from the date the decision is served in which to file an action in a court of competent jurisdiction. If no such action is filed within said time and the award is against Lessee or his/her authorized representative, he/she shall pay the same, together with interest at an annual rate established for the Internal Revenue Service from date of award, within 10 days after the expiration of said period for filing an action.

(g) Lessee or his authorized representative shall file with the Superintendent a report on each settlement agreement, setting out the nature and location of the damage, date, and amount of the settlement, and any other pertinent information.

§ 226.22 Prohibition of pollution.

(a) All operators, contractors, drillers, service companies, pipe pulling and salvaging contractors, or other persons, shall at all times conduct their operations and drill, equip, operate, produce, plug and abandon all wells drilled for oil or gas, service wells or exploratory wells (including seismic, core and stratigraphic holes) in a manner that will prevent pollution and the migration of oil, gas, salt water or other substance from one stratum into another, including any fresh water bearing formation.

(b) Pits for drilling mud or deleterious substance used in the drilling, completion, recompletion, or workover of any well shall be constructed and maintained to prevent pollution of surface and subsurface fresh water. These pits shall be enclosed with a fence of at least four strands of barbed wire, or an approved substitute, stretched taut to adequately braced corner posts, unless
§ 226.23 Easements for wells off leased premises.

The Superintendent, with the consent of the Osage Tribal Council, may grant commercial and noncommercial easements for wells off the leased premises to be used for purposes associated with oil and gas production. Rental payable to the Osage Tribe for such easements shall be an amount agreed to by Grantee and the Osage Tribal Council subject to the approval of the Superintendent. Grantee shall be responsible for all damages resulting from the use of such wells and settlement therefor shall be made as provided in §226.21.

§ 226.24 Lessee’s use of water.

Lessee or his contractor may, with the approval of the Superintendent, use water from streams and natural water courses to the extent that same does not diminish the supply below the requirements of the surface owner from whose land the water is taken. Similarly, Lessee or his contractor may use water from reservoirs formed by the impoundment of water from such streams and natural water courses, provided such use does not exceed the quantity to which they originally would have been entitled had the reservoirs not been constructed. Lessee or his contractor may install necessary lines and other equipment within the Osage Mineral Estate to obtain such water. Any damage resulting from such installation shall be settled as provided in §226.21.

§ 226.25 Gas well drilled by oil lessees and vice versa.

Prior to drilling, the oil or gas lessee shall notify the other lessees of his/her intent to drill. When an oil lessee in drilling a well encounters a formation or zone having indications of possible gas production, or the gas lessee in drilling a well encounters a formation or zone having indication of possible oil production, he/she shall immediately notify the other lessee and the Superintendent. Lessee drilling the well shall obtain all information which a prudent operator utilizes to evaluate the productive capability of such formation or zone.

(a) Gas well to be turned over to gas lessee. If the oil lessee drills a gas well, he/she shall, without removing from the well any of the casing or other equipment, immediately shut the well in and notify the gas lessee and the Superintendent. If the gas lessee does not, within 45 days after receiving notice and cost of drilling, elect to take over such well and reimburse the oil lessee the cost of drilling, including all damages paid and the cost in-place of casing, tubing, and other equipment, the oil lessee shall immediately confine the gas to the original stratum. The disposition of such well and the production therefrom shall then be subject to the approval of the Superintendent. In the event the oil lessee and gas lessee cannot agree on the cost of the well, such cost shall be apportioned between the oil and gas lessee by the Superintendent. If such apportionment is not accepted, the well shall be plugged by the oil and gas lessee who drilled the well.
(b) Oil well to be turned over to oil lessee. If the gas lessee drills an oil well, he/she must immediately, without removing from the well any of the casing or other equipment, notify the oil lessee and the superintendent.

1. If the oil lessee does not, within 45 days after receipt of notice and cost of drilling, elect to take over the well, he/she must immediately notify the gas lessee. From that point, the superintendent must approve the disposition of the well, and any gas produced from it.

2. If the oil lessee chooses to take over the well, he/she must pay to the gas lessee:
   (i) The cost of drilling the well, including all damages paid; and
   (ii) The cost in place of casing and other equipment.

3. If the oil lessee and the gas lessee cannot agree on the cost of the well, the superintendent will apportion the cost between the oil and gas lessees. If the lessees do not accept the apportionment, the oil or gas lessee who drilled the well must plug the well.

(c) Lands not leased. If the gas lessee shall drill an oil well upon lands not leased for oil purposes or vice versa, the Superintendent may, until such time as said lands are leased, permit the lessee who drilled the well to operate and market the production therefrom. When said lands are leased, the lessee who drilled and completed the well shall be reimbursed by the oil or gas lessee, for the cost of drilling said well, including all damages paid and the cost in-place of casing, tubing, and other equipment. If the lessee does not elect to take over said well as provided above, the disposition of such well and the production therefrom shall be determined by the Superintendent. In the event the oil lessee and gas lessee cannot agree on the cost of the well, such cost shall be apportioned between the oil and gas lessee by the Superintendent. If such apportionment is not accepted, the well shall be plugged by the oil and gas lessee who drilled the well.

§ 226.27 Gas for operating purposes and tribal use.

(a) Gas to be furnished oil lessee. Lessee of a producing gas lease shall furnish the oil lessee sufficient gas for operating purposes at a rate to be agreed upon, or on failure to agree the rate shall be determined by the Superintendent: Provided, That the oil lessee shall at his own expense and risk, furnish and install the necessary connections to the gas lessee’s well or pipeline. All such connections shall be reported in writing to the Superintendent.

(b) Use of gas by Osage Tribe. (1) Gas from any well or wells shall be furnished any Tribal-owned building or enterprise at a rate not to exceed the price less royalty being received or offered by a gas purchaser: Provided, That such requirement shall be subject to the determination by the Superintendent that gas in sufficient quantities is available above that needed for lease operation and that no waste would result. In the absence of a gas purchaser the rate to be paid by the Osage Tribe shall be determined by the Superintendent based on prices being paid by purchasers in the Osage Mineral Estate. The Osage Tribe is to furnish all necessary material and labor for such connection with Lessee’s gas system. The use of such gas shall be at the risk of the Osage Tribe at all times.

(2) Any member of the Osage Tribe residing in Osage County and outside a corporate city is entitled to the use at his own expense of not to exceed 400,000 cubic feet of gas per calendar year for his principal residence at a rate not to exceed the amount paid by a gas purchaser plus 10 percent: Provided, That such requirement shall be subject to the determination by the Superintendent that gas in sufficient quantities is available above that needed for
lease operation and that no waste would result. In the absence of a gas purchaser the amount to be paid by the Tribal member shall be determined by the Superintendent. Gas to Tribal members is not royalty free. The Tribal member is to furnish all necessary material and labor for such connection to Lessee's gas system, and shall maintain his own lines. The use of such gas shall be at the risk of the Tribal member at all times.

(3) Gas furnished by Lessee under paragraphs (b)(1) and (2) of this section may be terminated only with the approval of the Superintendent. Written application for termination must be made to the Superintendent showing justification.

CESSATION OF OPERATIONS

§ 226.28 Shutdown, abandonment, and plugging of wells.

No productive well shall be abandoned until its lack for further profitable production of oil and/or gas has been demonstrated to the satisfaction of the Superintendent. Lessee shall not shut down, abandon, or otherwise discontinue the operation or use of any well for any purpose without the written approval of the Superintendent. All applications for such approval shall be submitted to the Superintendent on forms furnished by him/her.

(a) Application for authority to permanently shut down or discontinue use or operation of a well shall set forth justification, probable duration the means by which the well bore is to be protected, and the contemplated eventual disposition of the well. The method of conditioning such well shall be subject to the approval of the Superintendent.

(b) Prior to permanent abandonment of any well, the oil lessee or the gas lessee, as the case may be, shall offer the well to the other for his recompletion or use under such terms as may be mutually agreed upon but not in conflict with the regulations. Failure of the Lessee receiving the offer to reply within 10 days after receipt thereof shall be deemed as rejection of the offer. If, after indicating acceptance, the two parties cannot agree on the terms of the offer within 30 days, the disposition of such well shall be determined by the Superintendent.

(c) The Superintendent is authorized to shut in a lease when the lessee fails to comply with the terms of the lease, the regulations, and/or orders of the Superintendent.

§ 226.29 Disposition of casings and other improvements.

(a) Upon termination of lease, permanent improvements, unless otherwise provided by written agreement with the surface owner and filed with the Superintendent, shall remain a part of said land and become the property of the surface owner upon termination of the lease, other than by cancellation. Exceptions include personal property not limited to tools, tanks, pipelines, pumping and drilling equipment, derricks, engines, machinery, tubing, and the casings of all wells: Provided, That when any lease terminates, all such personal property shall be removed the word "terminates"; and in the last sentence of the paragraph, within 90 days or such reasonable extension of time as may be granted by the Superintendent. Otherwise, the ownership of all casings shall revert to Lessor and all other personal property and permanent improvements to the surface owner. Nothing herein shall be construed to relieve lessee of responsibility for removing any such personal property or permanent improvements from the premises if required by the Superintendent and restoring the premises as nearly as practicable to the original state.

(b) Upon cancellation of lease. When there has been a cancellation for cause, Lessor shall be entitled and authorized to take immediate possession of the lease premises and all permanent improvements and all other equipment necessary for the operation of the lease.

(c) Wells to be abandoned shall be promptly plugged as prescribed by the Superintendent. Applications to plug shall include a statement affirming compliance with § 226.28(b) and shall set forth reasons for plugging, a detailed statement of the proposed work including kind, location, and length of plugs (by depth), plans for mudding and cementing, testing, parting and removing
§ 226.32 Well records and reports.

(a) Lessee shall keep accurate and complete records of the drilling, re-drilling, deepening, repairing, treating, plugging, or abandonment of all wells. These records shall show all the formations penetrated, the content and character of oil, gas, or water in each formation, and the kind, weight, size, landed depth and cement record of casing used in drilling each well; the record of drill-stem and other bottom hole pressure or fluid sample surveys, temperature surveys, directional surveys, and the like; the materials and procedure used in the treating or plugging of wells or in preparing them for temporary abandonment; and any other information obtained in the course of well operations.

(b) Lessee shall take such samples and make such tests and surveys as may be required by the Superintendent to determine conditions in the well or producing reservoir and to obtain information concerning formations drilled, and shall furnish reports thereof as required by the Superintendent.

REQUIREMENTS OF LESSEES

§ 226.30 Lessees subject to Superintendent’s orders; books and records open to inspection.

Lessee shall comply with all orders or instructions issued by the Superintendent. The Superintendent or his representative may enter upon the leased premises for the purpose of inspection. Lessee shall keep a full and correct account of all operations, receipts, and disbursements and make reports thereof, as required. Lessee’s books and records shall be available to the Superintendent for inspection.

§ 226.31 Lessee’s process agents.

(a) Before actual drilling or development operations are commenced on leased lands, Lessee or Assignee, if not a resident of the State of Oklahoma, shall appoint a local or resident representative within the State of Oklahoma on whom the Superintendent may serve notice or otherwise communicate in securing compliance with the regulations in this part, and shall notify the Superintendent of the name and post office address of the representative appointed.

(b) Where several parties own a lease jointly, one representative or agent shall be designated whose duties shall be to act for all parties concerned. Designation of such representative should be made by the party in charge of operations.

(c) In the event of the incapacity or absence from the State of Oklahoma of such designated local or resident representative, Lessee shall appoint a substitute to serve in his stead. In the absence of such representative or appointed substitute, any employee of Lessee upon the leased premises or person in charge of drilling or related operations thereon shall be considered the representative of Lessee for the purpose of service of orders or notices as herein provided.

§ 226.32 Well records and reports.

(a) Lessee shall keep accurate and complete records of the drilling, re-drilling, deepening, repairing, treating, plugging, or abandonment of all wells. These records shall show all the formations penetrated, the content and character of oil, gas, or water in each formation, and the kind, weight, size, landed depth and cement record of casing used in drilling each well; the record of drill-stem and other bottom hole pressure or fluid sample surveys, temperature surveys, directional surveys, and the like; the materials and procedure used in the treating or plugging of wells or in preparing them for temporary abandonment; and any other information obtained in the course of well operations.

(b) Lessee shall take such samples and make such tests and surveys as may be required by the Superintendent to determine conditions in the well or producing reservoir and to obtain information concerning formations drilled, and shall furnish reports thereof as required by the Superintendent.
§ 226.33 Line drilling.
Lessee shall not drill within 300 feet of boundary line of leased lands, nor locate any well or tank within 200 feet of any public highway, any established watering place, or any building used as a dwelling, granary, or barn, except with the written permission of the Superintendent. Failure to obtain advance written permission from the Superintendent shall subject lessee to cancellation of his/her lease and/or plugging of the well.

§ 226.34 Wells and tank batteries to be marked.
Lessee shall clearly and permanently mark all wells and tank batteries in a conspicuous place with number, legal description, operator, and telephone number, and shall take all necessary precautions to preserve these markings.

§ 226.35 Formations to be protected.
Lessee shall, to the satisfaction of the Superintendent, take all proper precautions and measures to prevent damage or pollution of oil, gas, fresh water, or other mineral bearing formations.

§ 226.36 Control devices.
In drilling operations in fields where high pressures, lost circulation, or other conditions exist which could result in blowouts, lessee shall install an approved gate valve or other controlling device which is in proper working condition for use until the well is completed. At all times preventative measures must be taken in all well operations to maintain proper control of subsurface strata.

§ 226.37 Waste of oil and gas.
Lessee shall conduct all operations in a manner that will prevent waste of oil and gas and shall not wastefully utilize oil or gas. The Superintendent shall have the authority to impose such requirements as he deems necessary to prevent waste of oil and gas and to promote the greatest ultimate recovery of oil and gas. Waste as applied herein includes, but is not limited to, the inefficient excessive or improper use or dissipation of reservoir energy which would reasonably reduce or diminish the quantity of oil or gas that might ultimately be produced, or the unnecessary or excessive surface loss or destruction, without beneficial use, of oil and/or gas.

§ 226.38 Measuring and storing oil.
All production run from the lease shall be measured according to methods and devices approved by the Superintendent. Facilities suitable for containing and measuring accurately all crude oil produced from the wells shall be provided by Lessee and shall be located on the leasehold unless otherwise approved by the Superintendent. Lessee shall furnish to the Superintendent a copy of 100-percent capacity tank table for each tank. Meters and installations for measuring oil must be approved, and tests of their accuracy shall be made when directed by the Superintendent.

§ 226.39 Measurement of gas.
All gas, required to be measured, shall be measured by meter (preferably of the orifice meter type) unless otherwise agreed to by the Superintendent. All gas meters must be approved by the
§ 226.43 Penalties for violation of certain operating regulations.

In lieu of the penalties provided under §226.42, penalties may be imposed by the Superintendent for violation of certain sections of the regulations of this part as follows:

(a) For failure to obtain permission to start operations required by §226.16(b), $90 per day until permission is obtained.

(b) For failure to file records required by §226.32, $90 per day until compliance is met.

(c) For failure to mark wells and tank batteries as required by §226.34, $90 for each well and tank battery.

(R.S. 2078; 25 U.S.C. 68)

§ 227.4 Sale of oil and gas leases.

(a) At such times and in such manner as he may deem appropriate, after being authorized by the Joint Business Council of the Shoshone and Arapahoe Tribes or its authorized representative, the superintendent shall publish notices at least thirty days prior to the sale, unless a shorter period is authorized by the Secretary of the Interior or his authorized representative, that oil and gas leases on specific tracts, each of which shall be in a reasonably compact body, will be offered to the highest responsible bidder for a bonus consideration, in addition to stipulated rentals and royalties. Each bid must be accompanied by a cashier’s check, certified check, or postal money order, payable to the payee designated in the invitation to bid, in an amount not less than 25 percent of the bonus bid. Within 30 days after notification of being the successful bidder, said bidder must remit the balance of the bonus, the first year’s rental, and his share of the advertising costs, and shall file with the superintendent the lease in completed form. The superintendent may for good and sufficient reasons, extend the time for completion and submission of the lease form, but no extension shall be granted for remitting the balance of monies due. If the successful bidder fails to pay the full consideration within said period, or fails to file the completed lease within said period or extension thereof, or if the lease is disapproved through no fault of the lessee or the Department of the Interior, 25 percent of the bonus bid will be forfeited for the use and benefit of the Shoshone and Arapahoe Tribes.

(b) All notices or advertisements of sales of oil and gas leases shall reserve to the Secretary of the Interior the right to reject all bids when in his judgment the interests of the Indians will be best served by so doing, and that if no satisfactory bid is received, or if the accepted bidder fails to complete the lease, or if the Secretary of the Interior shall determine that it is unwise in the interests of the Indians to accept the highest bid, the Secretary may readvertise such lease for sale, or if deemed advisable, with the consent of the tribal council or other governing tribal authorities, a lease may be made by private negotiations. The successful bidder or bidders will be required to pay his or their share of the advertising costs. Amounts received from unsuccessful bidders will be returned; but when no bid is accepted on a tract, the costs of advertising will be assessed against the applicant who requested that said tract be advertised.

§ 227.5 Terms of leases, procedure for renewal and execution.

(a) Leases shall be for a period of twenty years with the preferential right in the lessee to renew the same for successive periods of ten years each upon such reasonable terms and conditions as may be prescribed by the Secretary of the Interior or his authorized representative, unless otherwise provided by law at the expiration of any such period. Applications for renewal of leases shall be filed with the superintendent within ninety days prior to the date of expiration of the lease. One copy of the application for renewal shall be filed by the applicant with the Joint Business Council of the Shoshone and Arapahoe Tribes and no lease shall be renewed unless the Joint Business Council or its authorized representative is afforded an opportunity to present the Council’s views to the Secretary of the Interior or his authorized representative.

§ 227.7 Additional information from applicant.

In case a lessee is a successful bidder for two or more tracts of land which are not contiguous, separate leases shall be executed.

§ 227.10 Minerals other than oil and gas.

Unreserved, unwithdrawn, and unallotted lands which have not been leased for oil and gas under the act of August 21, 1916 (39 Stat. 519) and which are not chiefly valuable therefor, are subject to mineral application or mineral entry, for minerals other than oil.
§ 227.11 Bureau of Land Management to be furnished copy of lease.

The Bureau of Land Management shall be furnished with a copy of each lease signed by the Secretary of the Interior.

§ 227.12 Mineral reserves in nonmineral entries.

Where lands have been leased under authority of said act of August 21, 1916 (39 Stat. 519), and nonmineral entry is subsequently lawfully made for such lands with a view to obtaining a restricted patent therefor, all such subsequently allowed nonmineral entries shall be with the mineral reservation prescribed by the act of July 17, 1914 (38 Stat. 509).

§ 227.13 Vested rights to be respected.

All drilling and other oil and natural gas developments and mining operations, work, and improvements, and all other acts and things necessary to be done, in connection with the exploration for mining and production of oil and natural gas from the leased premises, under the terms and conditions of a lease shall be performed with due regard to the rights, statutory and otherwise, of others, if any, who may have or who may acquire a lawful claim or estate to the leased premises, separate and distinct from the oil and gas or other mineral therein contained. See act of July 17, 1914 (38 Stat. 509).

§ 227.14 Government reserves right to purchase oil and gas.

In time of war or other public emergency any of the executive departments of the United States Government shall have the option to purchase at the posted market price on the date of sale all or any part of the minerals produced under any lease.

RENTS AND ROYALTIES

§ 227.15 Manner of payment.

All payments due the lessee shall be made to the superintendent for the benefit of the Shoshone Indian Tribe, in accordance with the act of August 21, 1916 (39 Stat. 519), and no credit will be given any lessee for payments made otherwise. Payments of rentals and royalties except the first year’s rental, which shall be paid to the superintendent as prescribed in § 227.4 shall be transmitted to the superintendent through the supervisor. All such payments shall be accompanied by a statement, in triplicate, by the lessee, showing the specific items of royalty or rental that the remittance is intended to cover, and payment of royalties on production shall be made not later than the last day of the calendar month following the production for which such payment is to be made.

§ 227.16 Crediting advance annual payments.

In the event of discovery of minerals in paying quantities all advance rents and advance royalties shall be allowed as credit on stipulated royalties as they accrue for the year for which such advance payments have been made. No refund of any such advance payment made under any lease will be allowed in the event the royalty on production for the year is not sufficient to equal such advance payment; nor will any part of the moneys so paid be refunded to the lessee because of any subsequent surrender or cancellation of the lease.

§ 227.17 Rates of rents and royalties.

(a) The lessee shall pay, beginning with the date of execution of leases by the Secretary of the Interior, a rental of $1.25 per acre per annum in advance during the continuance thereof, together with a royalty of 12½ percent of the value or amount of all oil, gas, and/or natural gasoline, and/or all other hydrocarbon substances produced and saved from the land leased, save and except oil and/or gas used by the lessee for development and operation purposes on the lease, which oil or gas shall be royalty free. A higher rate of royalty may be fixed by the Secretary of the Interior or his authorized representative, prior to the advertisement of land for oil and gas leases. During the period of supervision, “value” for the purposes of the lease may, in the discretion of the Secretary of the Interior, be calculated on the basis of the highest price paid or offered (whether
§ 227.18 Free use of gas by lessor.

If the leased premises produce gas in excess of the lessee’s requirements for the development and operation of said premises, then the lessor may use sufficient gas, free of charge, for any desired school or other buildings belonging to the tribe, by making his own connections to a regulator installed, connected to the well and maintained by the lessee, and the lessee shall not be required to pay royalty on gas so used. The use of such gas shall be at the lessor’s risk at all times.

§ 227.19 Division orders.

(a) Lessees may make arrangements with the purchasers of oil for the payment of the royalties on production to the superintendent by such purchasers, but such arrangements, if made, shall not operate to relieve a lessee from responsibility should the purchaser fail or refuse to pay such royalties when due. Where lessees avail themselves of this privilege, division orders permitting the pipeline companies or other purchasers of the oil to withhold the royalty interest shall be executed and forwarded to the supervisor for approval, as pipeline companies are not permitted to accept or run oil from leased Indian lands until after the approval of a division order showing that the lessee has a lease regularly approved and in effect. When the lessee company runs its own oil, it shall execute an intracompany division order and forward it to the supervisor for his consideration. The right is reserved for the supervisor to cancel a division order at any time or require the pipeline company to discontinue to run the oil of any lessee who fails to operate the lease properly or otherwise violates the provisions of the lease, of the regulations in this part, or of the operating regulations.

(b) When oil is taken by authority of a division order, the lessee or his representatives shall be actually present when the oil is gaged and records are made of the temperature, gravity and impurities. The lessee will be held responsible for the correctness and the correct recording and reporting of all the foregoing measurements, which except lowest gage, shall be made at the time the oil is turned into the pipeline. Failure of the lessee to perform properly these duties will subject the division order to revocation.

§ 227.25 Inspection of premises, books and accounts.

(b) Who may fish; licenses. Such natives shall not be required to obtain a license to engage in commercial fishing in the waters of the Karluk Indian Reservation.

(c) Salmon fishing; restrictions. Commercial fishing for salmon by native inhabitants of the native village of Karluk and vicinity in the waters of the Karluk Indian Reservation shall be in accordance with the seasonal and gear restrictions of the rules and regulations of the Alaska Board of Fish and Game for Commercial Fishing in the fishing district embracing the Karluk Indian Reservation except that:

The matter shall be reported without delay to the Area Director, Bureau of Indian Affairs, who shall thereupon report and recommend to the Secretary of the Interior appropriate corrective action.

(c) Corrective action. Any violation of the regulations of this part relating to fish traps shall be ground for the temporary or permanent closure, as the Secretary of the Interior may determine, of any or all traps authorized by §241.3(a), or the withdrawal and rescission of the right to fish for salmon with traps at any or all sites authorized thereby.

SOURCE: 71 FR 2429, Jan. 13, 2006, unless otherwise noted.

§ 243.1 What is the purpose of this part?

The Department’s policy is to encourage and develop the activity and responsibility of Alaska Natives in all branches of the reindeer industry and business in Alaska, and to preserve the Native character of that industry and business. This part contains requirements governing acquisition and transferring reindeer and reindeer products in Alaska.

§ 243.2 What terms do I need to know?

Alaska Native means Eskimos, Indians, and Aleuts inhabiting Alaska at the time of the Treaty of Cession of Alaska to the United States and their descendants currently living in Alaska.

Alaskan reindeer means:

(1) All reindeer descended from those present in Alaska at the time of passage of the Act; and

(2) Any caribou introduced into animal husbandry or that has joined a reindeer herd.

BIA means the Bureau of Indian Affairs within the United States Department of the Interior.

Designee means the person assigned by the Alaska Regional Director to administer the reindeer program.

Imported reindeer means reindeer brought into Alaska from any region outside of Alaska since passage of the Act.

Native reindeer organization means any corporation, association, or other corporation, whether incorporated or not, composed solely of Alaska Natives, for the purpose of engaging in or promoting the reindeer industry.

Non-Native means a person who is not an Alaska Native.

Regional Director means the officer in charge of the Alaska Regional Office of the Bureau of Indian Affairs.

Reindeer products mean the meat, hide, antlers, or any other products derived from reindeer.

Transfer means the conveyance of ownership of reindeer or reindeer products, or any interest in them or interest in an Alaska Native reindeer organization, by any method.

We, us and our mean the Regional Director or the Director’s designee.

§ 243.3 Delegation of authority.

The Secretary of the Interior has delegated authority under the Act through the Assistant Secretary—Indian Affairs to the Alaska Regional Director of the Bureau of Indian Affairs. All claims of ownership of reindeer in Alaska, as required by the Act (section 500b), must be filed with the Regional Director or the Director’s designee.

§ 243.4 Who can own or possess Alaskan reindeer?

(a) Only Alaska Natives, organizations of Alaska Natives, or the United States for the benefit of these Natives, can own Alaskan reindeer in Alaska.

(1) Any transfer not allowed by this part is not legal, and does not confer ownership or the right to keep Alaskan reindeer, reindeer products, or any interest in them.

(2) Anyone violating this part will forfeit their reindeer or reindeer products to the Federal Government.

(c) We may maintain reindeer for research projects, so long as the purpose of the research benefits the Native reindeer industry. We retain title to these reindeer and will determine their eventual disposition.

(d) A non-Native manager of Alaskan reindeer must, by the last day of September each year:
(1) Provide us a copy of the contract with the Native reindeer owner; and
(2) Provide us a written report of all Alaskan reindeer kept, born, died or transferred.
(e) We may permit possession of a limited number of Alaskan reindeer by
a non-Native applicant under a Special Use Permit for Public Display.
(1) We can revoke this permit for cause.
(2) The permit will not allow the permit-holder to keep a breeding herd (i.e.,
a herd that is capable of reproduction).
(3) The permit-holder must report to us in writing by the last day of Sep-
tember each year on all reindeer held under this permit.

§ 243.5 Who can own imported rein-

for any legitimate purpose, subject to
State and Federal animal health laws
and regulations.

intermingled with, or be bred to, Alas-
kan reindeer without our written con-
sent. Any offspring resulting from a
mating with Alaskan reindeer are con-
sidered Alaskan reindeer and a non-Na-

reindeer alive in Alaska.
(c) This paragraph applies if a non-
Native owner of imported reindeer in
Alaska contracts with a Native rein-
der owner to keep and manage the im-
ported reindeer. The non-Native owner
must:
(1) Distinguish the imported reindeer
from the Alaskan reindeer by applying
a distinctly different permanent ear-
mark or tattoo on all imported rein-
der; and
(2) Register the earmark or tattoo
with the State Division of Agriculture
book of livestock brand marks.

§ 243.6 Which sales or transfers of

(b) Sale of transfer of live reindeer
between Alaska Natives or Native rein-
der organizations.

§ 243.7 How can a non-Native acquire
live reindeer?
If you are a non-Native who wants to
acquire live Alaskan reindeer, you
must apply to us in writing. We will ei-
erally grant the request and issue a writ-
ten permit valid for 90 days or reject
the request and give our reasons in
writing. Any transfer that we authorize
is subject to the following conditions:
(a) The transfer must meet the re-
quirements of the Act and this part.
(b) Within 30 days of transfer, you
must either butcher the reindeer in
Alaska or ship them out of Alaska. If
you ship the reindeer out alive:
(1) You must comply with all Federal
and State animal health regulations
governing transfers and shipments; and
(2) The reindeer and their descend-
ants must never be brought back to
Alaska alive.
(c) Within 30 days of the transfer, you
must report to us the actual number of
reindeer shipped out or slaughtered.

§ 243.8 What penalties apply to viola-
tions of this part?
If you are a non-Native transferee of
live Alaskan reindeer who violates the
provisions of this part, you are subject
to the penalties in this section.
(a) Under 25 U.S.C. 500i, you can be
fined up to $5,989 if you:
(1) Take possession of reindeer with-
out a permit issued under § 243.7; or
(2) Do not abide by the terms of a
permit issued under § 243.7 (including
the requirement that you slaughter or
export the reindeer within 30 days and
not bring them back alive into Alaska).
(b) Under 25 U.S.C. 500b, you are
barred from asserting your title to the
reindeer if you:
(1) Do not obtain a transfer permit
from us and fully comply with its
terms; or
(2) Fail to file with us a claim of title
to reindeer within 30 days of acquiring
them.

2017]
§ 243.9 Who may inherit live Alaskan reindeer and by what means?
(a) Privately-owned live Alaskan reindeer may pass to the deceased owner’s Native heirs by descent or devise.
(b) In the event of the death of an owner of Alaskan reindeer, any direct or indirect interest by descent or devise shall be determined by the Department of Interior in a proceeding conducted in accordance with the provisions of 43 CFR part 4, subpart D. During the pendency of such a proceeding, the authority to assume control over the affected Alaskan reindeer pursuant to 43 CFR 4.270 may be exercised by the Alaska Regional Director or his designee.
(c) This paragraph applies if the final probate decree of the Department of the Interior, or the decision of any reviewing Federal court, identifies a non-Native as inheriting Alaskan reindeer. The non-Native may inherit, but must be allowed no more than 30 days from receiving the final determination of heirship to:
   (1) Slaughter the reindeer;

(a) Were fraudulent;
(b) Were made under duress;

(d) Would have been prohibited under §§243.6 or 243.8 of this part.

§ 243.12 Are Alaska reindeer trust assets maintained by the U.S. Government for the benefit of Alaska Natives?
Only the titles to Alaskan reindeer retained for research projects, or possessed by non-Natives under Special Use Permits for Public Display, or the titles to any Alaskan reindeer which may be acquired by the Government in the future for purposes of reestablishing a reindeer loan program, are held by the United States in trust for Alaska Natives. Other Alaskan reindeer are the private property of the Alaska Native owners. However, a trust responsibility continues to exist with respect to all Alaskan reindeer, insofar as the Government remains responsible for carrying out the provisions of the Reindeer Act and these regulations, including the provisions requiring approval of transfers to non-Natives, and providing for the determination of inheritance.

§ 243.13 Who may appeal an action under this part?

5. To encourage consultation and cooperation between the states and Indian tribes in the management and improvement of fisheries resources affected by such treaties;

6. To assist the states in enforcing their laws and regulations for the management and conservation of fisheries resources in a manner compatible with the treaties of the United States which are applicable to such resources.

(b) The conservation regulations of this part 249 are found to be necessary to assure that the nonexclusive rights secured to certain Indian tribes by treaties of the United States to fish at usual and accustomed places outside the boundaries of an Indian reservation shall be protected and preserved for the benefit of present and future members of such tribes in a manner consistent with the nonexclusive character of such rights. Any exercise of an Indian off-reservation treaty fishing right shall be in accordance with this part and any applicable area regulations issued hereunder.

Subpart A—General Provisions

§ 249.2 Area regulations.

(a) The Secretary of the Interior may, upon request of an Indian tribe, request of a State Governor, or upon his own motion, and upon finding that Federal regulation of Indian fishing in any waters in which Indians have a treaty-secured nonexclusive fishing right is necessary to assure the conservation and wise utilization of the fishery resources for the present and future use and enjoyment of the Indians and other persons entitled thereto, promulgate regulations to govern the exercise of such treaty-secured fishing right in such waters for the purpose of preventing, in conjunction with appropriate State conservation laws and regulations governing fishing by persons not fishing under treaty rights, the deterioration of the fishery resources.

(b) In formulating such regulations the Secretary of the Interior may incorporate such State laws or regulations, or such tribal regulations as have been approved by the Commissioner of Indian Affairs, as he finds to be consistent with the Indians’ rights under the Treaty and the conservation of the fishery resources.

(c) Before promulating such regulations the Secretary of the Interior will seek the views of the affected Indian tribes, of the fish or game management agency or agencies of any affected State, and of other interested persons. Except in emergencies where the Secretary finds that the exigencies require the promulgation of regulations to be effective immediately, a notice of proposed rule making will be published in the Federal Register in accordance with 5 U.S.C. 553 to afford an opportunity to submit comments and information, at such times and in such manner as may be specified in the notice. In the event of the emergency promulgation of regulations, interested persons will be afforded, as soon as possible, an opportunity to request amendment or revocation thereof.

(d) Any regulations issued pursuant to this section shall contain provisions for invoking emergency closures or restrictions or the relaxation thereof at the field level when necessary or appropriate to meet conditions not foreseeable at the time the regulations were issued.
§ 249.3 Regulations issued pursuant to this §249.2 may include such requirements for recording and reporting catch statistics as the appropriate state fish and game agencies or the Secretary of the Interior deem necessary for effective fishery management.

§ 249.3 Identification cards.

(a) The Commissioner of Indian Affairs shall arrange for the issuance of an appropriate identification card to any Indian entitled thereto as prima facie evidence that the authorized holder thereof is entitled to exercise the fishing rights secured by the treaty designated thereon. The Commissioner may cause a federal card to be issued for this purpose or may authorize the issuance of cards by proper tribal authorities: Provided, That any such tribal cards shall be countersigned by an authorized officer of the Bureau of Indian Affairs certifying that the person named on the card is a member of the tribe issuing such card and that said tribe is recognized by the Bureau of Indian Affairs as having fishing rights under the treaty specified on such card. Copies of the form of any identification card authorized pursuant to this section and a list of the authorized Bureau of Indian Affairs issuing or countersigning officials shall be furnished to the fisheries management and enforcement agencies of any State in which such fishing rights may be exercised.

(b) No such card shall be issued to any Indian who is not on the official membership roll of the tribe which has been approved by the Secretary of the Interior. Provided, That until further notice, a temporary card may be issued to any member of a tribe not having an approved current membership roll who submits evidence of his/her entitlement thereto satisfactory to the issuing officer and, in the case of a tribally issued card, to the countersigning officer. Any Indian claiming to have been wrongly denied a card may appeal the decision in accordance with part 2 of this chapter.

(c) No person shall be issued an identification card on the basis of membership in more than one tribe at any one time.

(d) Each card shall state the name, address, tribal affiliation and enrollment number (if any) of the holder, identify the treaty under which the holder is entitled to fishing rights, contain such additional personal identification data as is required on fishing licenses issued under the law of the State or States within which it is used, and be signed by the issuing officer and by the holder.

(e) No charge or fee of any kind shall be imposed by the Commissioner of Indian Affairs for the issuance of an identification card hereunder: Provided, That this shall not prevent any Indian tribe from imposing any fee or tax which it may otherwise be authorized to impose upon the exercise of any tribal fishing right.

(f) All cards issued by the Commissioner of Indian Affairs pursuant to this part 249 shall be and remain the property of the United States and may be retaken by any Federal, State, or tribal enforcement officer from any unauthorized holder. Any card so retaken shall be immediately forwarded to the officer who issued it.

(g) The failure of any person who claims to be entitled to the benefits of a treaty fishing right to have such a card in his immediate personal possession while fishing or engaging in other activity in the claimed exercise of such right to display it upon request to any Federal, State, or tribal enforcement officer shall be prima facie evidence that the person is not entitled to exercise an Indian fishing right under a treaty of the United States.

(h) No person shall allow any use of his identification card by any other person.

(5 U.S.C. 301; R.S. 463 and 465)

§ 249.4 Identification of fishing equipment.

All fishing gear or other equipment used in the exercise of any off-reservation treaty fishing right shall be marked in such manner as shall be prescribed in regulations issued pursuant to §249.2 hereof to disclose the identity of its owner or user. In the absence of
proof to the contrary, any fishing gear which is not so marked or labeled shall be presumed not to be used in the exercise of an off-reservation treaty fishing right and shall be subject to control or seizure under State law.

§ 249.5 Use of unauthorized helpers or agents.

No Indian shall, while exercising off-reservations treaty-secured fishing rights, permit any person 12 years of age or older than the authorized holder of a currently valid identification card issued pursuant to this part 249 to fish for him, assist him in fishing, or use any gear of fishing location identified as his gear or location pursuant to this part 249.

§ 249.6 Enforcement and penalties.

(a) Any Indian tribe with a tribal court may confer jurisdiction upon such court to punish violations by its members of this part 249 or of the area regulations issued pursuant thereto. Jurisdiction is hereby conferred upon each Court of Indian Offenses established pursuant to part 11 of this chapter to punish such violations by members of tribes whose reservations are under the jurisdiction of such court. Courts of Indian Fishing Offenses may be created pursuant to part 11 of this chapter to punish such violations by members of any tribe or group of tribes for which there is otherwise no Court of Indian Offenses or tribal court with jurisdiction to enforce this part 249. The provisions of part 11 of this chapter shall apply to any such court with respect to the exercise of its jurisdiction to enforce this part 249. All jurisdiction conferred by this section shall apply without regard to any territorial limitations otherwise applicable to the jurisdiction of such court.

(b) Acceptance or use of an identification card issued pursuant to this part 249 or use of any fishing gear marked or identified pursuant thereto shall constitute an acknowledgment that the fishing done under such card or with such gear is in the claimed exercise of a tribal fishing right and is subject to the jurisdiction of the tribal court, Court of Indian Offenses, or Court of Indian Fishing Offenses. Except as may be otherwise provided by tribal regulations approved by or on behalf of the Secretary of the Interior, any person claiming to be exercising such tribal right and fishing in violation of the regulations contained in or issued under this part 249 may be punished by a fine of not to exceed $1,270, imprisonment of not to exceed 6 months, or both, and shall have his tribal fishing privileges suspended for not less than 5 days for any violation of this part 249 or of any area regulation issued pursuant thereto. The court shall impound the fishing rights identification card of any person for the period which the fishing privileges are suspended.

§ 249.7 Savings provisions.

Nothing in this part 249 shall be deemed to:

(a) Prohibit or restrict any persons from engaging in any fishing activity in any manner which is permitted under state law;

(b) Deprive any Indian tribe, band, or group of any right which may be secured it by any treaty or other law of the United States;

(c) Permit any Indian to exercise any tribal fishing right in any manner prohibited by any ordinance or regulation of his tribe;

(d) Enlarge the right, privilege, or immunity of any person to engage in any fishing activity beyond that granted or reserved by treaty with the United States;

(e) Exempt any person or any fishing gear, equipment, boat, vehicle, fish or fish products, or other property from the requirements of any law or regulation pertaining to safety, obstruction of navigable waters, national defense, security of public property, pollution, health and sanitation, or registration of boats or vehicles;

(f) Abrogate or modify the effect of any agreement affecting fishing practices entered into between any Indian tribe and the United States or any State or agency of either.

(c) The servicing housing office will develop a list of the applications received and considered for the HIP for the current program year. The list will include, at a minimum, all of the following:

1. The number of applications received and, of those, the number considered.

2. The rank assigned to applicants in order of need, from highest to lowest, in accordance with tribal approval and knowledge of need, based on the total numeric value assigned using the factors in paragraph (b) of this section. (In case of a tie, the family with the lower income per household member will be listed first.)

3. The estimated allowable costs of the improvements, renovations, and replacement projects for each applicant and for the entire priority list. This data must identify which applicants will be served based on the amount of available funding, starting with the neediest applicant and continuing until the available funding is depleted.

4. A list of the applicants not ranked, with an explanation of why they weren’t ranked (such as the reason for ineligibility or the reason for incomplete application).

(d) The servicing housing office submits to the regional office an annual fiscal year report that includes all of the following:

1. Number of eligible applicants;

2. Number of applicants who received service;

3. Names of applicants who received service; and

4. All of the following for each applicant that received service:

   (i) Date of construction start;

   (ii) Date of construction completion;

   (iii) Cost; and

   (iv) HIP category.

Subpart D—Receiving Assistance

§ 256.15 When will I hear if I have received funding?

Your servicing housing office will inform you whether you will receive funds in writing within 45 days after it completes the list required by §256.14(c).

(a) If funding is available, the office will send you complete information on how to obtain HIP services.

(b) If funding is not available, the office will send you instructions on how to update your application for funding for the next available program year.

§ 256.16 What if I don’t receive funding?

If you don’t receive funding, your servicing housing office will retain and consider your application for 3 more years. During this 4-year period, you must ensure that the information on your application is still accurate and provide an annual written update if any information has changed.

§ 256.17 How long will I have to wait for work on my house?

How long it takes to do work on your house depends on:

(a) Your position on the priority list;

(b) Whether funds are available;

(c) The type of work to be done;

(d) The climate and seasonal conditions where your house is located;

(e) The availability of a contractor; and

(f) Other unforeseen factors, such as infrastructure availability.

§ 256.18 Who decides what work will be done?

The servicing housing office will determine what work is to be done on your house or whether your house will be replaced. The servicing housing office also provides the priority list annually to the Indian Health Service if
Bureau of Indian Affairs, Interior

the Indian Health Service is responsible for verifying availability or feasibility of water and wastewater facilities.

§ 256.19 How are work plans prepared?

(a) First, a trained and qualified representative of your servicing housing office will visit your house to identify what renovation and or replacement will be done under the HIP. The representative will ensure that flood, National Environmental Policy Act (NEPA) and earthquake requirements are met, including the determination that the renovation or replacement is appropriately treated as a categorical exclusion.

(b) Second, based on the list of renovations or replacement to be done, your servicing housing office will estimate the total cost of renovation to your house. Cost estimates will be based on locally available services and product costs, or other regional-based, industry-recognized cost data, such as that provided by the MEANs or Marshall Swift. If the house is located in Alaska, documented, reasonable, substantiated freight costs, in accordance with Federal Property Management Regulations (FPMR 101–40), not to exceed 100 percent of the cost of materials, can be added to the cost of the project.

(c) Third, your servicing housing office will determine which HIP category the improvements to your house meet, based on the estimated cost of renovation or replacement. If the estimated cost to renovate your house is more than $60,000, your servicing housing office will recommend your house for replacement or refer you to another source for housing. The other source does not have to be for a replacement house; it may be for government-subsidized rental units or other sources for standard housing.

(d) Fourth, your servicing housing office will develop a detailed, written report, called a scope of work, that identifies what renovation or construction work on your house will be accomplished and how. The scope of work is used to inform potential bidders of what work is to be done. When the work includes new construction, the scope of work will be supplemented with a set of construction plans and specifications. The construction plans must:

(1) Meet the occupancy and square footage criteria in §256.10 (d); and

(2) Provide complete and detailed instructions to the builder.

§ 256.20 How will I find out what work is to be done?

The servicing housing office will notify you in writing what work is being scheduled under the HIP. You will be requested to approve the scheduled work by signing a copy of the notice and returning it to the servicing housing office. Work will start after you return the signed copy to the servicing housing office.

§ 256.21 Who does the work?

Your house will be renovated or replaced by either:

(a) A licensed and bonded independent contractor or construction company; or

(b) A tribe that operates the HIP under an Indian Self-Determination and Education Assistance Act agreement.

§ 256.22 How are construction contractors or companies selected and paid?

The servicing housing office must follow Federal procurement or other Bureau-approved tribal procurement policy. Generally, your servicing housing office develops a “bid specification” or statement of work, which identifies the work to be performed. The appropriate contracting office uses the “bid specification” to provide information and invite bids on the project to interested parties. The contracting office selects the winning bidder after technical review of the bids by and written recommendation from the servicing housing office, and after determination that the bidder is qualified and capable of completing the project as advertised.

(a) Partial payments to independent contractors will not exceed 80 percent of the value of the completed and acceptable work.
§ 256.23 Do I have to move out while work is done?
(a) You will be notified by your servicing housing office that you must vacate your house only if:
(1) It is scheduled for major renovations requiring that all occupants vacate the house for safety reasons; or
(2) It is scheduled for replacement, which requires demolition of your current house.
(b) If you are required to vacate the premises during construction, you are responsible for:
(1) Locating other lodging;
(2) Paying all costs associated with vacating and living away from the house; and
(3) Removing all your belongings and furnishings before the scheduled beginning work date.

§ 256.24 How can I be sure that construction work meets minimum standards?
(a) At various stages of construction, a trained and qualified representative of your servicing housing office or a building inspector will review the work to ensure that it meets construction standards and building codes. Upon completion of each stage, further construction can begin only after the inspection occurs and approval is granted.
(b) Inspections of construction and renovation will occur, at a minimum, at the following stages:
(1) Upon completion of inspection footings and foundations;
(2) Upon completion of inspection rough-in, roughwiring, and plumbing; and
(3) At final completion.

§ 256.25 How will I find out that the work is done?
Your servicing housing office will advise you, in writing, that the work has been completed in compliance with the project contract. Also, you will have a final walk-through of the house with a representative of your servicing housing office. You will be requested to verify that you received the notice of completion of the work by signing a copy of the notice and returning it to your servicing housing office.

§ 256.26 Will I need flood insurance?
You will need flood insurance if your house is located in an area identified as having special flood hazards under the Flood Disaster Protection Act of 1973 (Pub. L. 93–234, 87 Stat. 975). Your servicing housing office will advise you.

§ 256.27 Is my Federal government-assisted house eligible for services?
No. The intention of this program is to assist the neediest of the needy, who have never received services from any other Federal entity.

§ 256.28 I have a mobile home; am I eligible for help?
Yes. If you meet the eligibility criteria in §256.6 and funding is available, you can receive any of the HIP services identified in §256.7. If you request Category B services and your mobile home has exterior walls less than three inches thick, you must be considered for Category C services.

§ 256.29 Can HIP resources be combined with other available resources?
Yes. HIP resources may be supplemented with other available resources (e.g., in-kind assistance; tribal or housing authority; and any other leveraging mechanism identified in §256.3(d)) to increase the number of HIP recipients.

§ 256.30 Can I appeal actions taken under this part?
You may appeal action or inaction by a BIA official, in accordance with 25 CFR part 2.

§ 262.1 Purpose, scope and information collection.

(a) Purpose and scope. The purpose of this part is to implement certain provisions of the Archaeological Resources Protection Act (Act) of 1979 (16 U.S.C. 470aa–11), in accordance with section 10(b) and consistent with uniform regulations promulgated under section 10(a) by the Secretaries of the Interior, Agriculture, and Defense and the Chairman of the Board of the Tennessee Valley Authority (43 CFR part 7, 36 CFR part 296, 32 CFR parts 229 and 1312) on February 6, 1984. This part shall provide guidance to officials of the Bureau of Indian Affairs (BIA) on the implementation of the Act as it pertains to this agency.

(b) Information collection. The information collection requirements contained in §262.5 do not require approval by the Office of Management and Budget under 44 U.S.C. 3501 et seq.

§ 262.2 Definitions.

As used for purposes of this part:

(a) Funerary objects means objects that, as a part of the death rite or ceremony of a culture, are reasonably believed to have been placed with human remains of Indians either at the time of death or later, or to have been made exclusively for burial purposes or to contain such remains.

(b) Sacred objects means specific ceremonial objects that are needed by traditional Indian religious leaders for the practice of traditional Indian religions by their present day adherents.

(c) Object of cultural patrimony means an object having ongoing historical, traditional, or cultural importance central to an Indian tribe itself and that shall have been considered inalienable by the tribe at the time the object was separated therefrom.

(d) Indian individual means:

(1) Any person who is an enrolled member of a Federally recognized Indian tribe;

(2) Any person who is a descendent of such a member and was, on June 1, 1934, physically residing within the present boundaries of any Indian reservation; or

(3) Any other person of one-half or more Indian blood of tribes indigenous to the United States.

(e) Lands of Indian tribes means land or any interest therein:

(1) The title to which is held in trust by the United States for an Indian tribe; or

(2) The title to which is held by an Indian tribe, but which cannot be alienated or encumbered by the owner without the approval of the Secretary because of limitations contained in the conveyance instrument pursuant to Federal law or because of a Federal law directly imposing such restrictions.

(f) Lands of Indian individuals means land or any interest therein:

(1) The title to which is held in trust by the United States for the benefit of Indian individuals; or

(2) The title to which is held by Indian individuals, but which cannot be alienated or encumbered by the owner without the approval of the Secretary because of limitations contained in the conveyance instrument pursuant to Federal law or because of a Federal law directly imposing such restrictions.
§ 262.3 Consultation to determine need for a permit.

(a) Any person, except as provided in the uniform regulations at 43 CFR 7.5(b) through (d), who proposes to excavate or remove archaeological resources on Indian lands or on properties owned or administered by the BIA must first apply for and secure a permit under the Act. Procedures relating thereto are set forth in §262.5 of this part.

(b) No permit under the Act, nor any other Federally issued license or authorization, is required for archaeological investigations that do not involve the excavation or removal of archaeological resources on these lands, except for BIA consent on properties that it owns or administers. Notwithstanding, persons other than those covered under 43 CFR 7.5(b) through (d) shall, before engaging in such investigations:

1. Write to the head of each tribal government having jurisdiction over the lands where investigations are to be conducted and request that he or she provide, within 30 days, written information on any permit, license or other form of authorization the tribe might require for the work proposed; and

2. Provide the BIA Area Director with a copy of the tribe's written response (or a copy of the request to the tribe if 30 days have elapsed without any response) plus a brief but clear written description of the proposed work and obtain his or her written determination as to whether or not a permit under the Act is required. Area Directors shall provide determinations within 10 working days after receiving such documentation.

§ 262.4 Activities by Indian tribes or individuals that require a permit.

(a) No Indian tribe may, without a permit under the Act, excavate or remove archaeological resources on:

1. Lands of another Indian tribe; or

2. Lands of Indian individuals, except those on which the law of that tribe regulates such activity.

(b) No individual Indian may, without a permit under the Act, excavate or remove archaeological resources on any Indian lands (including his or her own) other than those on which the law of the tribe of which he or she is a member regulates such activity.

(c) No person, as an employee, consultant, advisor or in any other capacity as an agent for any Indian tribe, shall be exempt from the permit requirements of the Act, except in the cases listed below:

1. No permit shall be required if a person is a member of the tribe having jurisdiction over the resources in question and the law of that tribe regulates the excavation or removal of archaeological resources on its lands.

2. Tribal employees need not submit permit applications to the BIA if:

   i. The proposed excavation or removal of archaeological resources is within the normal scope of their duties or otherwise carried out by direction of the tribal government;

   ii. The work is on Indian lands of the tribe or on which the law of that tribe regulates the excavation or removal of archaeological resources;

   iii. The tribe ensures that the provisions for permit issuance in this part and at 43 CFR part 7 have been met by other documented means; and

   iv. Before beginning the work, the tribe notifies the Area Director about the nature and location of the proposed work and allows 10 working days after mailing a notification or 5 working days after an oral notification (provided this is documented) for the Area Director to respond. The Area Director need only respond when action is required under §262.7 of this part, and may do so either in writing or, if documented, orally.

3. Consultants, advisors, and others serving by contractual agreement as agents for Indian tribes may use the provisions in §262.5(f) of this part to expedite the process of obtaining a permit.

4. Persons serving as agents for Indian tribes as employees or by contractual agreement may abbreviate the consultation required in §262.3(b) of this part by disregarding the requirement to consult first with the tribe and, provided the communication is documented, by consulting with the Area Director orally. In these cases, the Area Director need only respond when a permit is deemed necessary and
may do so either orally or in writing. If a response is not received within 3 working days after an oral description of the proposed work is made or within 7 working days after a written description is mailed to the Area Director, the work may proceed.

§ 262.5 Application for permits.

(a) Permits from the BIA shall be issued when an applicant meets the requirements set out in 43 CFR 7.8, and may be conditioned, modified, suspended, or revoked by the Area Director. Area Directors may delegate this authority to Agency Superintendents, but only on a permit-by-permit basis and only to those who have adequate professional support available.

(b) Prospective applicants may obtain details on how to apply for a permit by contacting the Area Director, at BIA Area Offices in: Aberdeen, SD; Albuquerque, NM; Anadarko, OK; Arlington, VA; Billings, MT; Gallup, NM; Juneau, AK; Minneapolis, MN; Muskogee, OK; Phoenix, AZ; Portland, OR; or Sacramento, CA; or by writing to the Deputy Commissioner of Indian Affairs, Department of the Interior, Washington, DC 20240.

(c) Permit applications proposing the excavation or removal of archaeological resources on Indian lands shall include the following consent documents:

(1) Written permission from the Indian landowner and from the tribe, if any, having jurisdiction over those lands. This must contain such terms and conditions as the landowner or tribe may request be included in the permit. Where the permission is from a tribe, it should either state that no religious or cultural site will be harmed or destroyed by the proposed work or specify terms and conditions that the permit must include in order to safeguard against such harm or destruction.

(i) For lands of Indian tribes, permission must be granted by the tribe.

(ii) For lands of Indian individuals not under tribal jurisdiction, permission must be granted by the owner(s), except as provided in §262.6, and the tribe having such jurisdiction. Where an applicant is the owner, consent must still be obtained from the tribe.

(iv) Where the ownership of lands of Indian individuals is multiple, permission must be granted by the owners of a majority of interests, except as provided in §262.6. The same shall apply where the applicant is one of the owners.

(v) Where the terms and conditions a tribe or landowner requests be included in a permit are in conflict with the provisions of this or any other Act, with Federal regulations, or with each other, the Area Director may negotiate with the requestor to eliminate the conflict. If the conflict remains, the permit may not be issued.

(2) Copies of any permits required by tribal law for archaeological work on lands under tribal jurisdiction. This may serve as written consent from the tribe for the purposes of §262.5(c)(1).

(3) Written agreement by the Indian landowner(s) to release archaeological resources for curation or study, as specified in §262.8(b).

(d) Permits issued by the BIA shall include the following or similar condition: “Human remains of Indians, funerary objects, sacred objects, and objects of cultural patrimony may not be excavated or removed unless the permittee has obtained the written consent of the Area Director. In order to obtain consent, the permittee shall present to the Area Director written evidence of prior consultation with the appropriate Indian tribe. If the lands containing the remains or objects are tribal lands, the permittee shall first obtain the written consent of the tribe having jurisdiction over the lands.” Determination as to which tribe is the appropriate tribe shall be made in accordance with §262.8(a). Area Director consent shall be based on the scientific appropriateness of the research objectives and provisions for recovery, recording, and analysis and may, if documented, be oral. This condition may be omitted from the permit when such excavation or removal is proposed, and the requirements of the condition are met, in the permit application.

(e) Information and assistance in contacting Indian tribes and individual
Indian landowners for the purpose of requesting the consent documents listed under paragraph (c) of this section or of seeking the consultation and consent required under paragraph (d) of this section may be obtained from the BIA office to which the permit application is submitted.

(f) Contractual agreements with the BIA or Indian tribes and permits issued by Indian tribes may be accepted as support documents for permit applications. They may also double as permit documents, if they demonstrate that the provisions for permit issuance in this part and at 43 CFR part 7 have been met and they are attached to a Department of the Interior permit form. This form must be signed by the Area Director, but need only contain the following or similar statement: "This permit is issued to the person(s) named, and in accordance with the terms and conditions in the attached (contractual agreement/tribal permit)."

(g) Area Directors shall respond to permit applications within 15 working days of receipt.

§ 262.6 Landowner consent by the Secretary.

The Secretary of the Interior, or delegate thereof, may, on behalf of the owner(s) of lands of Indian individuals, grant consent for the purposes in §262.5(c)(1) and (3) when the Secretary or his or her delegate finds that such consent will not result in any injury to the land or owner(s) and when one or more of the following conditions exist:

(a) The owner is a minor or a person non compos mentis;

(b) The heirs or devisees of a deceased owner have not been determined;

(c) The whereabouts of the owner are unknown;

(d) Multiple owners are so numerous that the Secretary or his or her delegate finds, after documenting his or her efforts to do so, that it would be impractical to obtain their consent, as prescribed in §262.5(c)(1)(iv) and provided the Secretary or his or her delegate also notifies, in writing, the tribe, if any, having jurisdiction over the land and allows 15 working days from the date of mailing date for response; or

(e) The owner has given the Secretary or his or her delegate written authority to grant such consent on his or her behalf.

§ 262.7 Notice to Indian tribes of possible harm to cultural or religious sites.

When consent by an Indian tribe to proposed excavation or removal of archaeological resources from Indian lands it owns or over which it has jurisdiction contains all of the information written as prescribed and advised in §262.5(c)(1), it may be taken to mean that subject to such terms and conditions as the tribe might specify, issuance of a permit for the proposed work will not result in harm to, or destruction of, any site of religious or cultural importance. No further notification is necessary, unless the Area Director has reason to believe that the proposed work might harm or destroy a site of religious or cultural importance to another tribe or Native American group. He or she shall then follow the notification procedures at 43 CFR 7.7. Those procedures must also be followed when proposed work might affect lands of Indian individuals over which there is no tribal jurisdiction or public lands owned or administered by the BIA.

§ 262.8 Custody of archaeological resources.

(a) Archaeological resources excavated or removed from Indian lands, except for human remains of Indians, funerary objects, sacred objects and objects of cultural patrimony, remain the property of the Indian tribe or individual(s) having rights of ownership over such lands. Ownership and right of control over the disposition of the excepted items shall be in accordance with the order of priority provided in the Native American Graves Protection and Repatriation Act (Pub. L. 101–601), adapted for the purpose of this rule as follows:

1. In the case of human remains of Indians and funerary objects, in the lineal descendants of the Indian; or

2. In any case in which such lineal descendants cannot be ascertained, and in the case of sacred objects and objects of cultural patrimony:
§ 262.8

(i) In the Indian tribe on whose tribal lands, or on the individual Indian lands of whose members, such remains or objects are discovered;

(ii) In the Indian tribe recognized as aboriginally occupying the public lands owned or administered by the BIA on which such remains or objects are discovered, if upon notice, that tribe states a claim for those remains or objects; or

(iii) Where it can be so demonstrated by a preponderance of evidence, in the tribe other than that in paragraph (a)(2)(i) or (ii) of this section having the strongest cultural relationship with such remains or objects, if, upon notice, that tribe states a claim for those remains or objects.

(iv) The Area Director shall provide the required notice to any Indian tribe identified under paragraph (a)(2)(ii) or (iii) of this section, in writing, within 5 working days after such identification has been documented and confirmed, and shall at the same time submit a copy of the notice for publication in the FEDERAL REGISTER. This notice shall include a description of the remains or objects; of where, how, and why they were excavated or removed; and of the evidence used to identify the tribe being notified. The remains or objects in question shall be considered the property of the pertinent tribe under paragraph (a)(2)(i) of this section or, in the case of paragraph (a)(2)(ii) of this section, held and administered by the BIA until or unless a claim is stated.

(b) No permit for the excavation or removal of archaeological resources on Indian lands may be issued without the written consent of the Indian landowners either to grant custody of the resources recovered (other than human remains of Indians, funerary objects, sacred objects or objects of cultural patrimony) to a curatorial facility that meets the requirements of 36 CFR part 79 or to allow the permittee a reasonable period of time to hold or have ready access to them at an appropriate location for study. The excepted remains and objects are covered under §262.5(d) of this part which, in general, permits their excavation or removal only when the research objectives and provisions for recovery, recording, and analysis are scientifically appropriate. Written consent to custody by a curatorial facility may include terms and conditions regarding curation (e.g., cleaning, viewing, loaning, studying, etc.), provided these are consistent with 36 CFR part 79.

(1) On lands of Indian tribes, consent must be obtained from the tribe.

(2) On lands of Indian individuals, consent must be obtained from the owner of the land or the owners of a majority of interests therein, except as provided in §262.6.

(3) Where consent is by the owners of a majority of interests, it must, if the archaeological resources are to be retained by or returned after study to the interest holders, designate a representative to receive those resources. Whether and how these are subsequently distributed among themselves is a matter for the interest holders to decide.

(c) The Area Director may, after notifying the tribe (if any) having jurisdiction over such lands and allowing 15 working days for response, decline to issue a permit for lands of Indian individuals if he or she has any verifiable reason to believe that archaeological resources retained by the landowner(s) after being studied will be sold or exchanged other than to the tribe having jurisdiction or to a curatorial facility that meets the requirements of 36 CFR part 79. The basis for decline shall be that excavation or removal of resources under such circumstances would not be in the public interest and would thus be contrary to the purposes of the Act.

(d) The landowner(s) alone may grant custody of archaeological resources (except for human remains, funerary objects, sacred objects and objects of cultural patrimony) to a curatorial facility that meets the requirements of 36 CFR part 79 or to allow the permittee a reasonable period of time to hold or have ready access to them at an appropriate location for study. When, however, such consignment constitutes the ultimate disposition of these resources, the tribe having jurisdiction must also grant its consent. Any subsequent exchange or disposition by the facility...
must have the consent of both the landowner(s) and the tribe.

PART 265—ESTABLISHMENT OF ROADLESS AND WILD AREAS ON INDIAN RESERVATIONS

Sec. 265.1 Definition of roadless area.
265.3 Roads prohibited.

CROSS REFERENCE: For general regulations pertaining to the construction of roads, see part 170 of this chapter.

§ 265.1 Definition of roadless area.
A roadless area has been defined as one which contains no provision for the passage of motorized transportation and which is at least 100,000 acres in extent. Under this definition the Secretary of the Interior ordered (3 FR 609, Mar. 22, 1938) certain roadless areas established on Indian reservations. The following is the only presently existing roadless area:

Name of area—Wind River Reserve.
Reservation—Shoshone.
State—Wyoming.
Approximate acreage—180,387

(a) The boundaries of the Wind River Reserve roadless area are as follows:

WIND RIVER MERIDIAN, WYO.
Starting at the SW corner of sec. 22, T. 2 S., R. 3 W., on the south boundary of the Wind River Indian Reservation, thence north six (6) miles to the NE corner of sec. 28, T. 1 S., R. 3 W., thence west three (3) miles to the SW corner of sec. 19, T. 1 S., R. 3 W., thence north four (4) miles along range line to the Wind River Base Line, thence west one (1) mile along Wind River Base Line to the SW corner of Sec. 36, T. 1 N., R. 4 W., thence north six (6) miles to the NW corner of sec. 1, T. 1 N., R. 4 W., thence west five (5) miles along township line to the NE corner of sec. 1, T. 1 N., R. 5 W., thence north four and one-half (1½) miles along range line to the NE corner of the SE ¼ of sec. 12, T. 2 N., R. 5 W., thence west one and one-half (1½) miles to the center of sec. 11, T. 2 N., R. 5 W., thence on a straight line in a northwesterly direction to the top of Bold Mountain, thence on a straight line to the SE corner of sec. 35, T. 4 N., R. 6 W., thence west one (1) mile along township line to the SW corner of sec. 35, T. 4 N., R. 6 W., thence north two (2) miles to the NW corner of sec. 26, T. 4 N., R. 6 W., thence on a straight line in a northwesterly direction to the point where the north line of sec. 15, T. 4 N., R. 6 W. intersects the west boundary of the reservation, thence south, southeasterly and east along the reservation boundary to point of beginning.

(5 U.S.C. 301)

§ 265.3 Roads prohibited.
(a) Within the boundaries of this officially designated roadless area it will be the policy of the Interior Department to refuse consent to the construction or establishment of any routes passable to motor transportation, including in this restriction highways, roads, truck trails, work roads, and all other types of ways constructed to make possible the passage of motor vehicles either for transportation of people or for the hauling of supplies and equipment, unless the requirements of fire protection, commercial use for the Indians’ benefit or actual needs of the Indians clearly demand otherwise.

(b) Foot trails and horse trails are not barred. The Superintendent of the Wind River Reservation on which this roadless area has been established will be held strictly accountable for seeing that the area is maintained in a roadless condition. Elimination of this area or any part thereof from the restriction of this order will be made only upon a written showing of an actual and controlling need.

(4) Establish a new system of records without prior approval of the Department of Interior and the Office of Management and Budget.

(5) Collect information about an individual unless it is relevant or necessary to accomplish a purpose of the Bureau as required by statute or Executive Order.

(c) The contractor is subject to the penalties provided in section (i) of 5 U.S.C. 552a.
§ 273.61 Contract revision or amendment.

Any contract made under this part may be revised or amended as deemed necessary to carry out the purposes of the program being contracted. A contractor may make a written request for a revision or amendment of a contract to the Bureau contracting officer. However, no program approved by the Indian Education Committee shall be altered from the time of its original approval to the end of the contract period without the written approval of the Committee.

§ 273.62 Cancelling a contract for cause.

(a) Any contract entered into under this part may be cancelled for cause when the contractor fails to perform the work called for under the contract or fails to permit an Indian Education Committee to perform its duties pursuant to this part.

(b) Before cancelling the contract, the Bureau will advise the contractor in writing of the following:

(1) The reasons why the Bureau is considering cancelling the contract.

(2) The contractor will be given an opportunity to bring its work up to an acceptable level.

(c) If the contractor does not overcome the deficiencies in its contract performance, the Bureau shall cancel the contract for cause. The Bureau will notify the contractor, in writing, of the cancellation. The notice shall give the reasons for the cancellation and the right of the contractor to appeal under subpart C of 43 CFR part 4.

(d) When a contract is cancelled for cause, the Bureau will attempt to perform the work by another contract.

(e) Any contractor that has a contract cancelled for cause must demonstrate that the cause(s) which led to the cancellation have been remedied before it will be considered for another contract.

§ 273.71 Contract appeal.

A contractor may appeal an adverse decision or action of a Bureau contracting officer regarding a contract under this part as provided in subpart C of 43 CFR part 4.

§ 273.72 Appeal from decision to cancel contract for cause.

A contractor may appeal the decision of a Bureau official to cancel a contract under this part for cause. The appeal shall be made as provided in subpart C of 43 CFR part 4.

§ 273.73 Other appeals.

Any decision or action taken by a Bureau official under this part, other than those given in §§ 273.71 and 273.72, may be appealed as provided in part 2 of this chapter.
§ 275.3 Methods for staffing.

(a) An Indian tribal organization may use any of the following three methods to employ or obtain the services of Bureau employees:

(1) Agreement in accordance with the Intergovernmental Personnel Act of 1970 (5 U.S.C. 3371–3376). The agreement may be arranged between the tribal organization, the employee, and the Area Director or Commissioner. Assistance will be provided by the Area Personnel Office in complying with Civil Service instructions (Federal Personnel Manual, chapter 334) for completing an agreement.

(2) Employment of Bureau employees on or before December 31, 1985, when serving under an appointment not limited to one year or less. A mutual agreement will be made between a tribal organization and the employee before leaving Federal employment to retain coverage for any of the following Federal benefits:

(i) Compensation for work injuries.
(ii) Retirement.
(iii) Health insurance.
(iv) Life insurance.

(3) An agreement by an Indian tribe in accordance with the 1834 Act (25 U.S.C. 48) may be made in connection with contracts under section 102 of the Act.

(i) The agreement may provide for the tribal government to direct the day-to-day activities of Bureau employees. Tribal government direction of Bureau employees means the tribal chairman or other tribal official, as designated by the tribal governing body or bodies which are democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities.

(ii) The agreement to direct day-to-day activities of Bureau employees shall include all employees:
§ 276.2

(A) Whose positions are in the program or portion of the program to be contracted; or

(B) In a portion of the program to continue under Bureau operation in connection with a contract for other portions of the program.

(iii) The proposed agreement will be worked out between the tribe, the Superintendent, and the Area Director and forwarded to the Commissioner for final approval.

(b) When a contract application under part 900 of this chapter does not include a proposed agreement for direction of Bureau employees, the application must be submitted at least 120 days in advance of the proposed effective date of the contract to allow time for placement of affected employees.

[40 FR 51316, Nov. 4, 1975, as amended at 41 FR 5098, Feb. 4, 1976; 64 FR 13896, Mar. 23, 1999]

§ 276.1 Purpose and scope.

(a) The purpose of the regulations in this part is to give the uniform administrative requirements for grants awarded by the Bureau of Indian Affairs.

(b) The regulations in this part shall apply to all grants awarded by the Bureau of Indian Affairs unless the part which gives the application process and special requirements for the specific type of grant states otherwise.

§ 276.2 Definitions.

As used in this part:

(a) Advance by Treasury check means a payment made by a Treasury check to a grantee upon its request or through the use of predetermined payment schedules before payments are made by the grantee.

(b) Date of completion means the date when all work under a grant is completed or the date in the grant award document, or any supplement or amendment thereto, on which Federal assistance ends.

(c) Disallowed costs means those charges to a grant which the Bureau or its representative determines to be unallowable.

(d) Economic enterprise means any commercial, industrial, agricultural or business activity that is at least 51 percent Indian owned, established or organized for the purpose of profit.

(j) **Letter of credit** means an instrument certified by an authorized official of the Bureau which authorizes a grantee to draw funds when needed from the Treasury, through a Regional Disbursing Office, in accordance with the provisions of Treasury Circular No. 1075 as modified and supplemented by a memorandum of understanding between the Bureau of Government Financial Operation, Department of the Treasury and the Department of the Interior.

(k) **Nonexpendable personal property** means tangible personal property having useful life of more than one year and an acquisition cost of $300 or more per unit. A grantee may use its own definition of nonexpendable personal property provided that such definition would at least include all tangible personal property as defined above.

(l) **Personal property** means property of any kind except real property. It may be tangible—having physical existence, or intangible—having no physical existence, such as patents, inventions, and copyrights.

(q) **Tribal government, tribal governing body, and tribal council** means the recognized governing body of an Indian tribe.

§276.3 **Cash depositories.**

(a) Except for situations described in paragraphs (b) and (c) of this section, the Bureau will not:

1. Require physical segregation of cash depositories for Bureau grant funds provided to a grantee.

2. Establish any eligibility requirements for cash depositories in which Bureau grant funds are deposited by grantees or their subgrantees.

(b) A separate bank account shall be used when payments under letter of credit are made on a “check-paid” basis in accordance with agreements entered into by a grantee, the Bureau, and the banking institutions involved. A check-paid basis letter of credit is one under which funds are not drawn from the Treasury until the grantee’s checks have been presented to its bank for payment.

(c) Consistent with the national goal of expanding the opportunities for minority business enterprises, grantees are encouraged to use minority banks.

§276.4 **Bondings and insurance.**

In administering Bureau grants, grantees shall observe their regular requirements and practices with respect to bonding and insurance. The Bureau will not impose additional bonding and insurance requirements, including fidelity bonds, except as provided in paragraphs (a) and (b) of this section.

(a) The recipient of a Bureau grant which requires contracting for construction or facility improvement (including any Bureau grant which provides for alterations or renovations of real property) shall follow its own requirements and practices relating to
§ 276.6 Program income.

(a) No grantee receiving a grant shall be held accountable for interest earned on grant funds, pending their disbursement for program purposes.

(b) Proceeds from the sale of real or personal property, either provided by
the Federal Government or purchased in whole or in part with Federal funds, shall be handled in accordance with §276.11.

(c) Royalties received from copyrights and patents produced under the grant during the grant period shall be retained by the grantee and, in accordance with the grant agreement, be either added to the funds already committed to the program or deducted from total allowable project costs for the purpose of determining the net costs on which the Bureau share of costs will be based. After termination or completion of the grant, the Bureau share of royalties in excess of $200 received annually shall be returned to the Bureau in the absence of other specific agreements between the Bureau and the grantee. The Bureau share of royalties shall be computed on the same ratio basis as the Bureau share of the total project cost.

(d) All other program income earned during the grant period shall be retained by the grantee and, in accordance with the grant agreement, shall be either:

(1) Added to funds committed to the project by the Bureau and the grantee and be used to further eligible program objectives, or

(2) Deducted from the total project costs for the purpose of determining the net costs on which the Bureau share of costs will be based.

(e) Grantees shall record the receipt and expenditures of revenues (such as taxes, special assessments, levies, fines, etc.) as a part of grant project transactions when such revenues are specifically earmarked for a grant project in accordance with grant agreements.

§276.7 Standards for grantee financial management systems.

(a) Grantee financial management systems for grants and subgrantee financial management systems for subgrants shall provide for:

(1) Accurate, current, and complete disclosure of the financial results of each grant program in accordance with Federal reporting requirements and for each subgrant in accordance with the grantee’s requirements. Except when specifically required by law, the Bureau will not require financial reporting on the accrual basis from tribal organizations whose records are not maintained on that basis. However, when accrual reporting is required by law, tribal organizations whose records are not maintained on that basis will not be required to convert their accounting systems to the accrual basis; they may develop the accrual information through an analysis of the documentation on hand or on the basis of best estimates.

(2) Records which identify adequately the source and application of funds for grant—or subgrant—supported activities. These records shall contain information pertaining to grant or subgrant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

(3) Effective control over and accountability for all grant or subgrant funds, and real and personal property acquired with grant or subgrant funds. Grantees and subgrantees shall adequately safeguard all such property and shall assure that it is used solely for authorized purposes.

(4) Comparison of actual with budgeted amounts for each grant or subgrant, and, when specifically required by the performance reporting requirements of the grant or subgrant, relation of financial information with performance or productivity data, including the production of unit cost information.

(5) Procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and the disbursement by the grantee, whenever funds are advanced by the Federal Government. When advances are made by a letter-of-credit method, the grantees shall make drawdowns from the U.S. Treasury as close as possible to the time of making the disbursements. Subgrantees shall institute similar procedures when funds are advanced by the grantee.

(6) Procedures for determining the allowability and allocability of costs shall be in accordance with the applicable cost principles prescribed in appendix A of this part.

(7) Accounting records which are supported by source documentation.
§ 276.10 Grant payment requirements.

(a) Except for construction grants for which the letter-of-credit method is optional, the letter-of-credit funding method shall be used by the Bureau where all of the following conditions exist:

(1) When there is or will be a continuing relationship between a grantee and the Bureau for at least a 12-month period and the total amount of advances to be received within that period from the Bureau is $120,000, or more, as prescribed by Treasury Circular No. 1075.

(2) When the grantee has established or demonstrated to the Bureau the willingness and ability to establish procedures that will minimize the time

(b) Except for construction grants for which the letter-of-credit method is optional, the letter-of-credit funding method shall be used by the Bureau where all of the following conditions exist:

(1) When there is or will be a continuing relationship between a grantee and the Bureau for at least a 12-month period and the total amount of advances to be received within that period from the Bureau is $120,000, or more, as prescribed by Treasury Circular No. 1075.

(2) When the grantee has established or demonstrated to the Bureau the willingness and ability to establish procedures that will minimize the time
§276.11 Property management standards.

(a) Grantees may follow their own property management policies and procedures if they observe the requirements of this section. With respect to property covered by this section, the Bureau may not impose on grantees any requirements (including property reporting requirements)—not authorized by this part unless specifically required by Federal law.

(b) Title to real property to be acquired in whole or in part from a Bureau grant under part 900 of this chapter shall vest in one of the following manners:

(1) Title may be taken by the United States in trust for the Indian tribe upon the request of the tribe and when the real property to be acquired is within the reservation boundaries or adjoins on at least two sides other trust or restricted lands as prescribed in part 900 of this chapter.

(2) Fee title to the acquired real property shall vest in the Indian tribe whenever the acquisition does not meet the criteria in paragraph (b)(1) of this section, unless for other reasons a tribe requests title to be taken in the name of the United States. In the absence of applicable statutory authority governing the disposition of real property acquired by a tribe, the tribe shall use the real property for the authorized purposes and in accordance with any other requirements imposed by the terms and conditions of the original grant. Changes in use compatible to other tribal programs may be authorized by the Bureau. When no longer needed for the authorized purposes, the real property shall be used in accordance with the standards set forth in §276.11(d)(1) for non-expendable personal property. Accordingly, the following priority order for use of such property shall be:

(i) Other grants from the Bureau.
(ii) Grants from other Federal agencies.
(iii) Tribal purposes consistent with those authorized for support by Bureau grants.
(iv) Tribal official activities.

(c) In those instances where the Indian tribe requests, title may be acquired by the United States. Use of these acquired real property interests will be subject to the authorized purposes and in accordance with the provisions of the original grant. Upon a determination that the real property is no longer needed for the authorized purposes, disposition may be made by...
declaring it excess under provisions of the Act of January 2, 1975 (88 Stat. 1954) and title transferred to the Secretary to be held by the United States in trust for the tribe. Where real property does not meet the requirements under the Act of January 2, 1975 (88 Stat. 1954), the tribe may elect to acquire title under applicable enabling statutory authorities, or in the absence of statutory authority, request withholding disposition in aid of legislation, or authorize disposal under the General Services Administration procedures.

(c) The provisions of paragraphs (b)(2) and (3) of this section shall also apply when real property is acquired in whole or in part by a Bureau grant other than that provided under part 900 of this chapter. However, when such property is acquired by a grantee other than an Indian tribe, or a tribal governing body, fee simple title to the property shall vest in the grantee upon acquisition. In the absence of applicable statutory provisions governing the use or disposition of such property, it shall be subject to the following requirements, in addition to any other requirements imposed by the terms and conditions of the grant:

(1) The grantee shall use the real property for the authorized purpose of the original grant as long as needed.

(2) The grantee shall obtain approval by the Bureau for the use of the real property in other projects when the grantee determines that the property is no longer needed for the original grant purposes. Use in other projects shall be limited to those under other Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor.

(3) When the real property is no longer needed as provided in paragraphs (c)(1) and (2) of this section, the grantee shall return all real property furnished or purchased wholly with Bureau grant funds to the control of the Bureau. In the case of property purchased in part with Bureau grant funds, the grantee may be permitted to take title to the Federal interest therein upon compensating the Federal Government for its fair share of the property. The Federal share of the property shall be the amount computed by applying the percentage of the Federal participation in the total cost of the grant program for which the property was acquired to the current fair market value of the property.

(d) Standards and procedures governing ownership, use, and disposition of nonexpendable personal property furnished by the Bureau or acquired with Bureau funds are set forth below:

1) Nonexpendable personal property acquired with Bureau funds. When nonexpendable personal property is acquired by a grantee wholly or in part with Bureau funds, title will not be taken by the Bureau except as provided in paragraph (d)(1)(iv) of this section but shall be vested in the grantee subject to the following restrictions on use and disposition of the property:

(i) The grantee shall retain the property acquired with Bureau funds in the grant program as long as there is a need for the property to accomplish the purpose of the grant program whether or not the program continues to be supported by Bureau funds. When there is no longer a need for the property to accomplish the purpose of the grant program, the grantee shall use the property in connection with the other Federal grants it has received in the following order of priority:

(A) Other grants from the Bureau needing the property.

(B) Grants of other Federal agencies needing the property.

(ii) When the grantee no longer has need for the property in any of its Federal grant programs, or programs that have purposes consistent with those authorized for support by the grantor, the property may be used for its own official activities in accordance with the following standards:

(A) Nonexpendable property with an acquisition cost of less than $500 and used four years or more. The grantee may use the property for its own official activities without reimbursement to the Federal government or sell the property and retain the proceeds.

(B) All other nonexpendable property. The grantee may retain the property for its own use if a fair compensation is made to the Bureau for the latter’s share of the property. The amount of compensation shall be computed by applying the percentage of
§ 276.11

Bureau participation in the grant program to the current fair market value of the property.

(iii) If the grantee has no need for the property, disposition of the property shall be made as follows:

(A) Nonexpendable property with an acquisition cost of $1,000 or less. Except for that property which meets the criteria of paragraph (d)(1)(ii)(A) of this section, the grantee shall sell the property and reimburse the Bureau an amount which is computed in accordance with paragraph (d)(1)(iii) of this section.

(B) Nonexpendable property with an acquisition cost of over $1,000. The grantee shall request disposition instructions from the Bureau. The Bureau shall determine whether the property can be used to meet the Bureau’s requirement. If no requirement exists within the Bureau, the availability of the property shall be reported to the General Services Administration (GSA) by the Bureau to determine whether a requirement for the property exists in other Federal agencies. The Bureau shall issue instructions to the grantee within 120 days and the following procedures shall govern:

(1) If the grantee is instructed to ship the property elsewhere, the grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the grantee’s participation in the grant program to the current fair market value of the property, plus any shipping or interim storage costs incurred.

(2) If the grantee is instructed to otherwise dispose of the property, he shall be reimbursed by the Bureau of such costs incurred in its disposition.

(3) If disposition instructions are not issued within 120 days after reporting, the grantee shall sell the property and reimburse the Bureau and amount which is computed by applying the percentage of Bureau participation in the grant program to the sales proceeds. Further, the grantee shall be permitted to retain $100 or 10 percent of the proceeds, whichever is greater, for the grantee’s selling and handling expenses.

(iv) Where the Bureau determines that property with an acquisition cost of $1,000 or more and financed solely with Bureau funds is unique, different, or costly to replace, it may reserve title to such property, subject to the following provisions:

(A) The property shall be appropriately identified in the grant agreement or otherwise made known to the grantee.

(B) The Bureau shall issue disposition instructions within 120 days after the completion of the need for the property under the grant for which it was acquired. If the Bureau fails to issue disposition instructions within 120 days, the grantee shall apply the standards of paragraphs (d)(1)(i), (d)(1)(ii)(B), and (d)(1)(iii)(B) of this section.

(2) Federally owned nonexpendable personal property. Unless statutory authority to transfer title has been granted to an agency, title to Federally owned property (property to which the Federal Government retains title including excess property made available by the Bureau to grantees) remains vested by law in the Federal Government. Upon termination of the grant or need for the property, such property shall be reported to the Bureau for further Bureau use or, if appropriate, for reporting to the General Services Administration for other Federal agency use. Appropriate disposition instructions will be issued to the grantee after completion of Bureau review.

(e) The grantee’s property management standards for nonexpendable personal property shall also include the following procedural requirements:

(1) Property records shall be maintained accurately and provide for a description of the property; manufacturer’s serial number or other identification number; acquisition date and cost; source of the property; percentage of Federal funds used in the purchase of property; location, use, and condition of the property; and ultimate disposition data including sales price or the method used to determine current fair market value if the grantee reimburses the Bureau for its share.

(2) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years to verify the
existence, current use, and continued need for the property.

(3) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft to the property. Any loss, damage, or theft of non-expendable property shall be investigated and fully documented.

(4) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(5) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

(f) When the total inventory value of any unused expendable personal property exceeds $500 at the expiration of need for any grant purposes, the grantee may retain the property or sell the property as long as he compensates the Bureau for its share in the cost. The amount of compensation shall be computed in accordance with paragraph (d)(1)(ii)(B) of this section.

(g) Specific standards for control of intangible property are provided as follows:

(1) If any program produces patentable items, patent rights, processes, or inventions, in the course of work aided by a Bureau grant, such fact shall be promptly and fully reported to the Bureau. Unless there is prior agreement between the grantee and Bureau on disposition of such items, the Bureau shall determine whether protection on such invention or discovery shall be sought and how the rights in the invention or discovery—including rights under any patent issued on it—shall be allocated and administered in order to protect the public interest consistent with “Government Patent Policy” (President’s memorandum for heads of executive departments and agencies), dated August 23, 1971, and Statement of Government Patent Policy as printed in 36 FR 16889.

(2) Where the grant results in a book or other copyrightable material, the author or grantee is eligible to copyright the work if it is found that (i) the retention of the copyright is not precluded by statute and (ii) equity or the public interest is best served by limiting the term of any copyright to be obtained, such limits shall be set forth in the grant agreement. “Developmental” copyrights may be requested during the development, testing, or evaluation of copyrightable materials in order to prevent them from prematurely falling into the public domain. The copyright will be in accordance with copyright laws. However, the Government shall receive a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use the work for Government purposes. A copy of any copyright obtained by a grantee shall be provided to the Bureau. Program income received as royalties from copyrights on materials produced under grants is retained by the grantee during the grant period and is to be used according to the provisions of §276.6(c). Specific agreements between the Bureau and the grantee shall be entered into before the grant is awarded to determine the uses of the royalty income after the grant is completed or terminated.

(h) The use of Bureau-owned facilities under the jurisdiction of the Commissioner by a grantee for purposes of carrying out a grant may be authorized when the facilities are not needed for Bureau purposes.

§276.12 Procurement standards.

(a) The standards contained in this section do not relieve the grantee of the contractual responsibilities arising under its contracts. The grantee is the responsible authority, without recourse to the Bureau regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into, in support of a grant. This includes but is not limited to: disputes, claims, protests of award, source evaluation or other matters of a contractual nature. Matters concerning violation of law are to be referred to the tribal, Federal or other authority which has proper jurisdiction.

(b) Grantees may use their own procurement regulations provided that procurements made with Bureau grant
funds adhere to the standards set forth as follows:

(1) The grantee shall maintain a code or standards of conduct which shall govern the performance of its officers, employees, or agents in contracting with and expending Bureau grant funds. Grantee’s officers, employees or agents, shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or potential contractors. To the extent permissible by law, rules or regulations, such standards shall provide for penalties, sanctions, or other disciplinary actions to be applied for violations of such standards by either the grantee officers, employees, or agents, or by contractors or their agents.

(2) All procurement transactions regardless of whether negotiated or advertised and without regard to dollar value shall be conducted in a manner so as to provide maximum open and free competition. The grantee should be alert to organizational conflicts of interest or non-competitive practices among contractors which may restrict or eliminate competition or otherwise restrain trade. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(3) The grantee shall establish procurement procedures which provide for, as a minimum, the following procedural requirements:

(i) Proposed procurement actions shall be reviewed by grantee official to avoid purchasing unnecessary or duplicative items. Where appropriate, an analysis shall be made of lease and purchase alternatives to determine which would be the most economical, practical procurement.

(ii) Invitations for bids or requests for proposals shall be based upon a clear and accurate description of the technical requirements for the material, product, or service to be procured. In competitive procurements, such description shall not contain features which unduly restrict competition. “Brand name or equal” description may be used as a means to define the performance or other salient requirements of a procurement. When so used, the specific features of the named brand which must be met by offerors should be clearly specified.

(iii) Positive efforts shall be made by the grantees to use small business and minority-owned business sources of supplies and services. Such efforts should allow these sources the maximum feasible opportunity to compete for contracts to be performed using Bureau grant funds. However, this provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.

(iv) The type of procuring instruments used (i.e., fixed price contracts, cost reimbursable contracts, etc.) shall be appropriate for the particular procurement and for promoting the best interest of the grant program involved. The “cost-plus-a-percentage-of-cost” method of contracting shall not be used.

(v) Formal advertising, with adequate purchase description, sealed bids, and public openings shall be the required method of procurement unless negotiation pursuant to paragraph (b)(3)(vi) of this section is necessary to accomplish sound procurement. However, procurement of $10,000 or less need not be so advertised. Where such advertised bids are obtained the awards shall be made to the responsible bidder whose bid is responsive to the invitation and is most advantageous to the grantee, price and other factors considered. (Factors such as discounts, transportation costs, taxes may be considered in determining the lowest bid.) Invitations for bids shall clearly set forth all requirements which the bidder must fulfill in order for his bid to be evaluated by the grantee. Any or all bids may be rejected when it is in the grantee’s interest to do so.

(vi) Procurements may be negotiated if it is impractical and uneconomical to use formal advertising. Generally, procurements may be negotiated by the grantee if:

(A) The public exigency will not permit the delay incident to advertising.

(B) The material or service to be procured is available from only one person or firm; (all contemplated sole source procurements where the aggregate expenditure is expected to exceed $5,000 shall be referred to the Bureau for prior approval).
(C) The total amount involved does not exceed $10,000;
(D) The contract is for personal or professional services, or for any service to be rendered by a university, college, or other educational institutions;
(E) No acceptable bids have been received after formal advertising;
(F) The purchases are for highly perishable materials or medical supplies; for material or services where the prices are established by law; for technical items or equipment requiring standardization and interchangeability of parts with existing equipment; for experimental, developmental or research work; for supplies purchased for authorized resale; and for technical or specialized supplies requiring substantial initial investment for manufacture;
(G) Otherwise authorized by law, rules or regulations. Notwithstanding the existence of circumstances justifying negotiation, competition shall be obtained to the maximum extent practicable.
(vii) Contracts shall be made only with responsible contractors who possess the potential ability to perform successfully under the terms and conditions of a proposed procurement. Consideration shall be given to such matters as contractor integrity, record of past performance, financial and technical resources, or accessibility to other necessary resources.
(viii) Procurement records or files for purchases in amounts over $10,000 shall provide at least the following pertinent information: Justification for the use of negotiation in lieu of advertising, contractor selection, and the basis for the cost or price negotiation.
(ix) A system for contract administration shall be maintained to assure contractor conformance with terms, conditions, and specifications of the contract or order, and to assure adequate and timely followup of all purchases.
(c) In addition to provisions to define a sound and complete agreement, the grantee shall include the following provisions in all contracts and subgrants:
(1) Contracts shall contain such contractual provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate.
(2) All contracts, amounts for which are over $10,000 shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. In addition, such contracts shall describe conditions where the contract may be terminated because of circumstances beyond the control of the contractor.
(3) In all contracts for construction or facility improvement awarded over $100,000, grantees shall observe the bonding requirements provided in §276.4.
(4) All construction contracts awarded by recipients and their contractors or subgrantees having a value of more than $10,000, shall contain a provision requiring compliance with Executive Order 11246, entitled “Equal Employment Opportunity,” as amended by Labor Regulations (41 CFR part 87). However, this Equal Employment Opportunity provision will apply only after the Indian preference requirements prescribed in §276.13 have been met.
(5) All contracts and subgrants for construction or repair shall include a provision for compliance with the Copeland “Anti-Kick Back” Act (18 U.S.C. 674) as supplemented in Department of Labor regulations (29 CFR part 3). This Act provides that each contractor or subgrantee shall be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled. The grantee shall report all suspected or reported violations to the Bureau.
(6) When required by the Federal grant program legislation, all construction contracts awarded by grantees and subgrantees over $2,000 shall include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 276a to a-7) and as supplemented by Department of Labor regulations (29 CFR part 5). Under this Act, contractors shall be required to pay wages to laborers and
§276.13 Indian preference in grant administration.

Any grant or subgrant shall require that to the greatest extent feasible:

(a) Preferences and opportunities for training and employment in connection with the administration of such a grant or subgrant shall be given to Indians.

(b) Preference in the award of a subgrant, contract or subcontract in connection with administration of a grant shall be given to Indian organizations and economic enterprises.

(c) A tribal governing body may develop its own Indian preference requirements to the extent that such requirements are not inconsistent with the purpose and intent of paragraphs (a) and (b) of this section for grants executed under this part.
§ 276.14 Budget revision.

Criteria and procedures to be followed by grantees in reporting deviations from grant budgets and requesting approval for budget revisions are as follows:

(a) For nonconstruction grants, grantees shall request prior approvals promptly from the Bureau for budget revisions whenever:
   (1) The revision results from changes in the scope or the objective of the grant-supported program.
   (2) The revision indicates the need for additional Bureau funding.
   (3) The grant budget is over $100,000 and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed $10,000, or five percent of the grant budget, whichever is greater. The same criteria apply to cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.
   (4) The grant budget is $100,000, or less, and the cumulative amount of transfers among direct cost object class budget categories exceeds or is expected to exceed five percent of the grant budget. The same criteria apply to the cumulative amount of transfers among programs, functions, and activities when budgeted separately for a grant, except that the Bureau shall permit no transfer which would cause any Federal appropriation, or part thereof, to be used for purposes other than those intended.
   (5) The revisions involve the transfer of amounts budgeted for indirect costs to absorb increases in direct costs.
   (6) The revisions pertain to the addition of items requiring approval in accordance with the provisions of appendix A of this part.
   (b) All other changes to nonconstruction grant budgets, except for the changes described in paragraph (d) of this section do not require approval. These changes include:
      (1) The use of grantee funds in furtherance of program objectives over and above the grantee minimum share included in the approved grant budget and
      (2) The transfer of amounts budgeted for direct costs to absorb authorized increases in indirect costs.
   (c) For construction grants, grantees shall request prior approval promptly from the Bureau for budget revisions whenever:
      (1) The revision results from changes in the scope or the objective of the grant-supported programs.
      (2) The revision increases the budgeted amounts of Bureau funds needed to complete the project.
      (d) When the Bureau awards a grant which provides support for both construction and nonconstruction work, the Bureau may require, in the grant agreement, the grantee to request prior approval before making any fund or budget transfers between the two types of work supported.
   (e) For both construction and nonconstruction grants, the Bureau shall require tribal grantees to notify the Bureau promptly whenever the amount of Bureau authorized funds is expected to exceed the needs of the grantee by more than $5,000 or 5 percent of the Bureau grant, whichever is greater. This notification will not be required when applications for additional funding are submitted for continuing grants.
   (f) When requesting approval for budget revisions, grantees shall use the budget forms which were used in the grant application. However, grantees may request by letter the approvals required by the provisions of appendix A of this part.
   (g) Within 30 days from the date of receipt of the request for budget revisions, the Bureau shall review the request and notify the grantee whether or not the budget revisions have been approved. If the Bureau does not reach a decision prior to the end of the 30-day period or should the grantee not be notified of the Bureau's decision by the end of the 30-day period the grantee may appeal directly to the Commissioner.

§ 276.15 Grant closeout.

(a) In closing out Bureau grants, the following shall be observed:
   (1) Upon request, the Bureau shall make prompt payments to a grantee
for allowable reimbursable costs under the grant being closed out.

(2) The grantee shall immediately refund to the Bureau any unencumbered balance of cash advanced to the grantee.

(3) The Bureau shall obtain from the grantee within 90 days after the date of completion of the grant all financial, performance, and other reports required as a condition of the grant. The Bureau may grant extensions when requested by the grantee.

(4) The Bureau shall make a settlement for any upward or downward adjustments to the Federal share of costs after these reports are received.

(5) The grantee shall account for any property acquired with grant funds, or received from the Government in accordance with the provisions of §276.11.

(6) If a final audit has not been performed before the closeout of the grant, the Bureau shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

(b) Suspension. When a grantee has materially failed to comply with the terms and conditions of a grant, the Bureau may, after reasonable notice to the grantee, suspend the grant. The notice preceding suspension shall include the effective date of the suspension, the reasons for the suspension, the corrective measures necessary for reinstatement of the grant, and, if there is no immediate threat to safety, a reasonable time frame for corrective action prior to actual suspension. No obligations incurred by the grantee during the period of suspension shall be allowable under the suspended grant, except that the Bureau may at its discretion allow necessary and proper costs which the grantee could not reasonably avoid during the period of suspension if such costs would otherwise be allowable under the applicable cost principles specified in appendix A of this part. Appropriate adjustments to the payments under the suspended grant will be made, either by withholding the payments or by not allowing the grantee credit for disbursements which he incurs during the period of suspension. Suspensions shall remain in effect until the grantee has taken corrective action to the satisfaction of the Bureau or given assurances satisfactory to the Bureau that corrective action will be taken, or until the Bureau cancels the grant.

(c)(1) Cancellation for cause. The Bureau may cancel any grant in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has:

(i) Materially failed to comply with the terms and conditions of the grant;
(ii) Violated the rights or endangered the health, safety, or welfare of any persons;
(iii) Been grossly negligent in or has mismanaged the handling or use of funds provided under the grant.

(2) When it appears that cancellation of a grant shall become necessary, the Bureau shall promptly notify the grantee in writing of this possibility. This written notice shall advise the grantee of the reason for the possible cancellation and the corrective action necessary to avoid cancellation. The Bureau shall also offer, and provide if requested by the grantee, any technical assistance which may be required to effect the corrective action. The grantee shall have 60 days in which to effect this corrective action before the Bureau provides notice of intent to cancel the grant as provided in paragraph (c)(3) of this section.

(3) Upon deciding to cancel for cause, the Bureau shall promptly notify the grantee in writing of that decision, the reasons for the cancellation, and the effective date. The Bureau shall also provide a hearing for the grantee before cancellation, as provided in §272.51. However, the Bureau may immediately cancel the grant, upon notice to the grantee, if the Bureau determines that continuance of the grant poses an immediate threat to safety. In this event, the Bureau shall provide a hearing for the grantee within ten (10) days of cancellation.

(4) Payments made to grantees or recoveries by the Bureau under grants cancelled for cause shall be in accordance with the legal rights and obligations of the parties.

(d)(1) Cancellation on other grounds. Except as provided in paragraph (c) of
this section, grants may be cancelled in whole or in part only as follows:

(i) By the Bureau with the consent of the grantee, in which case the two parties shall agree upon the cancellation conditions, including the effective date, and in the case of partial cancellation, the portion to be cancelled; or

(ii) By the grantee, upon written notice to the Bureau, setting forth the reasons for the cancellation, the effective date, and, in the case of partial cancellation, the portion to be cancelled.

(2) When a grant is cancelled in accordance with paragraph (d) of this section, the grantee shall not incur new obligations for the cancelled portion after the effective date, and shall cancel as many outstanding obligations as possible. The Bureau shall allow full credit to the grantee for the Bureau share of the noncancellable obligations properly incurred by the grantee before cancellation.

§ 276.16 Subgrants and subcontracts to non-profit organizations.

The uniform administrative requirements in this part, including the cost principles in appendix A to this part, are applicable to all subgrants or subcontracts made by a grantee in accordance with the provisions of this chapter. However, these requirements and cost principles are applicable as minimum standards for subgrants or subcontracts made to non-profit organizations. Accordingly, the grantee may prescribe additional or more stringent requirements with regard to subgrants or subcontracts made to non-profit organizations.

§ 276.17 Printing.

As permitted by paragraph 36-2(c) in the Government Printing and Binding Regulations (October 1974, No. 23), published by the Joint Committee on Printing (JCP), printing required by a grantee in performing work under a grant is considered “incidental printing” (e.g., material which the grantee needs to use to respond to the terms of the grant). Whenever the incidental printing is likely to exceed the exceptions in paragraphs 36-3 and 36-4 of the Joint Committee on Printing (JCP) Printing and Binding Regulations, specific provisions on printing as may be required shall be included in the grant agreement. Grantees shall be given the option of using sources other than the Government Printing Office for incidental printing.

APPENDIX A TO PART 276—PRINCIPLES FOR DETERMINING COSTS APPLICABLE TO GRANTS

PART I—GENERAL

A. Purpose and scope. 1. Objectives. This attachment sets forth principles for determining the allowable costs of programs administered by grantees under grants from the Bureau. The principles are for the purpose of cost determination and are not intended to identify the circumstances or dictate the extent of Bureau and tribal participation in the financing of a particular grant. They are designed to provide that Bureau assisted programs bear their fair share of costs recognized under these principles, except where restricted or prohibited by law. No provision for profit or other increment above cost is intended.

2. Policy guides. The application of these principles is based on the fundamental premises that:

a. Grantees are responsible for the efficient and effective administration of grant programs through the application of sound management practices.

b. The grantee assumes the responsibility for seeing that Bureau assisted program funds have been expended and accounted for consistent with underlying agreements and program objectives.

c. Each grantee organization, in recognition of its own unique combination of staff facilities and experience, will have the primary responsibility for employing whatever form of organization and management techniques may be necessary to assure proper and efficient administration.

3. Application. These principles will be applied by the Bureau in determining costs incurred by grantees under Bureau grants (including subgrants, contracts by grantees and subcontracts).

B. Definitions. 1. Approval or authorization of the Bureau means documentation evidencing consent prior to incurring specific cost.

2. Cost allocation plan means documentation identifying, accumulating, and distributing allowable costs under grants and contracts together with the allocation methods used.
3. Cost, as used herein, means cost as determined on a cash, accrual, or other basis acceptable to the Bureau as a discharge of the grantee’s accountability for Bureau funds.

4. Cost objective means a pool, center, or area established for the accumulation of cost. Such areas include organizational units, functions, objects or items of expense as well as ultimate cost objectives including specific grants, projects, contracts, and other activities.

5. Federal agency means any department, agency, commission, or instrumentality in the executive branch of the Federal Government which makes grants to grantees.

6. Grant means an agreement between the Bureau and a grantee whereby the Bureau provides funds or aid in kind to carry out specified programs, services, or activities. The principles and policies stated in this appendix as applicable to grants in general also apply to any Federally sponsored cost reimbursement type of agreement performed by a grantee, including contracts, subcontracts and subgrants.

7. Grant program means those activities and operations of the grantee which are necessary to carry out the purposes of the grant, including any portion of the program financed by the grantee.

8. Grantee means the entity which is responsible for administration of the grant.

9. Services, as used herein, means goods and facilities, as well as services.

10. Supporting services means auxiliary functions necessary to sustain the direct effort involved in administering a grant program or an activity providing service to the grant program. These services may be centralized in the grantee department or in some other agency, and include procurement, payroll, personnel functions, maintenance and operation of space, data processing, accounting, budgeting, auditing, mail and messenger service, and the like.

C. Basic guidelines. 1. Factors affecting allowability of costs. To be allowable under a grant program, costs must meet the following general criteria:

a. Be necessary and reasonable for proper and efficient administration of the grant program, be allocable thereto under these principles, and, except as specifically provided herein, not be a general expense required to carry out the overall responsibilities of a grantee.

b. Be authorized or not prohibited under applicable laws or regulations.

c. Conform to any limitations or exclusions set forth in these principles, Federal laws, or other governing limitations as to types or amounts of cost items.

d. Be consistent with policies, regulations, and procedures that apply uniformly to both Federally assisted and other activities of which the grantee is a part.

e. Be accorded consistent treatment through application of generally accepted accounting principles appropriate to the circumstances.

f. Not be allocable to or included as a cost of any other Federally financed program in either the current or a prior period.

g. Be net of all applicable credits.

2. Allocable costs. a. A cost is allocable to a particular cost objective to the extent of benefits received by such objective.

b. Any cost allocable to a particular grant or cost objective under the principles provided for in this appendix may not be shifted to other Federal grant programs to overcome funds deficiencies, avoid restrictions imposed by law or grant agreements, or for other reasons.

c. Where an allocation of joint cost will ultimately result in charges to a grant program, an allocation plan will be required as prescribed in section I.

3. Applicable credits. a. Applicable credits refer to those receipts or reduction of expenditure-type transactions which offset or reduce expense items allocable to grants as direct or indirect costs. Examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; sale of publications, equipment, and scrap; income from personal or incidental services; and adjustments of overpayments or erroneous charges.

d. Applicable credits may also arise when Bureau funds are received or are available from sources other than the grant program involved in financial operations or capital items of the grantee. This includes costs arising from the use of depreciation of items donated or financed by the Bureau to fulfill matching requirements under another grant program. These types of credits should likewise be used to reduce related expenditures in determining the rates or amounts applicable to a given grant.

D. Composition of cost. 1. Total cost. The total cost of a grant program is comprised of allowable direct cost incident to its performance, plus its allocable portion of allowable indirect costs, less applicable credits.

2. Classification of costs. There is no universal rule for classifying certain costs as either direct or indirect under every accounting system. A cost may be direct with respect to some specific service or function, but indirect with respect to the grant or other ultimate cost objective. It is essential, therefore, that each item of cost be treated consistently either as a direct or an indirect cost. Specific guides for determining direct and indirect costs allocable under grant programs are provided in the sections which follow.

E. Direct costs. 1. General. Direct costs are those that can be identified specifically with a particular cost objective. These costs may be charged directly to grants, contracts, or
to other programs against which costs are finally lodged. Direct costs may also be charged to cost objectives used for the other ultimate cost objective.

2. Typical direct costs chargeable to grant programs are:
   a. Compensation of employees for the time and effort devoted specifically to the execution of the grant.
   b. Cost of materials acquired, consumed, or expended specifically for the purpose of the grant.
   c. Equipment and other approved capital expenditures.
   d. Other items of expense incurred specifically to carry out the grant agreement.
   e. Services furnished specifically for the grant program by other agencies, provided such charges are consistent with criteria outlined in section G of these principles.

F. Indirect costs. 1. General. Indirect costs are those (a) incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved. The term “indirect costs,” as used herein, applies to costs of this type originating in the grantee department, as well as those incurred by other departments in supplying goods, services, and facilities, to the grantee department. To facilitate equitable distribution of indirect expenses to the cost objectives served, it may be necessary to establish a number of pools of indirect cost within a grantee department or in other agencies providing services to a grantee department. Indirect cost pools should be distributed to benefiting cost objectives on bases which will produce an equitable result in consideration or relative benefits derived.

2. Grantee departmental indirect costs. All grantee departmental indirect costs, including the various levels of supervision, are eligible for allocation to grant programs provided they meet the conditions set forth in this part. In lieu of determining the actual amount of grantee departmental indirect cost allocable to a grant program, the following methods may be used:
   a. Predetermined fixed rates for indirect costs. A predetermined fixed rate for computing indirect costs applicable to a grant may be negotiated annually in situations where the cost experience and other pertinent facts available are deemed sufficient to enable the contracting parties to reach an informed judgment (1) as to the probable level of indirect costs in the grantee department during the period to be covered by the negotiated rate, and (2) that the amount allowable under the predetermined rate would not exceed actual indirect cost.
   b. Negotiated lump sum for overhead. A negotiated fixed amount in lieu of indirect costs may be appropriate under circumstances where the benefits derived from a grantee department’s indirect services cannot be readily determined as in the case of small, self-contained or isolated activity. When this method is used, a determination should be made that the amount negotiated will be approximately the same as the actual indirect cost that may be incurred. Such amounts negotiated in lieu of indirect costs will be treated as an offset to total indirect expenses of the grantee department before allocation to remaining activities. The base on which such remaining expenses are allocated should be appropriately adjusted.

3. Limitation on indirect costs. a. Bureau grants may be subject to laws that limit the amount of indirect costs that may be allowed. In this event, the Bureau will establish procedures which will assure that the amount actually allowed for indirect costs under each such grant does not exceed the maximum allowable under the statutory limitation or the amount otherwise allowable under this appendix, whichever is the smaller.
   b. When the amount allowable under a statutory limitation is less than the amount otherwise allocable as indirect costs under this appendix the amount not recoverable as indirect costs under a grant may not be shifted to another Federally sponsored grant program or contract.

G. Cost incurred by organizations other than the grantee. 1. General. The cost of service provided by other organizations may only include allowable direct costs of the service plus a prorata share of allowable supporting costs and supervision directly required in performing the service, but not supervision of a general nature such as that provided by the head of an organization and his staff assistants not directly involved in operations. However, supervision by the head of an organization whose sole function is providing the service furnished would be an eligible cost. Supporting costs include those furnished by other units of the supplying organizations.

2. Alternative methods of determining indirect cost. In lieu of determining actual indirect cost related to a particular service furnished by another organization, either of the following alternative methods may be used provided only one method is used for a specific service during the fiscal year involved.
   a. Standard indirect rate. An amount equal to ten percent of direct labor cost in providing the service performed by another organization (excluding overtime, shift, or holiday premiums and fringe benefits) may be allowed in lieu of actual allowable indirect cost for that service.
   b. Predetermined fixed rate. A predetermined fixed rate for indirect cost of the unit or activity providing service may be negotiated at set forth in section F.2.a.

H. Cost incurred by grantees for others. 1. General. The principles provided in section G will
also be used in determining the cost of services provided to the grantee to another agency.

I. Cost allocation plan. 1. General. A plan for allocation of costs will be required to support the distribution of any joint costs related to the grant program. All costs included in the plan will be supported by formal accounting records which will substantiate the propriety of eventual charges.

2. Requirements. The allocation plan of the grantee should cover all joint costs of the grantees as well as costs to be allocated under plans of other agencies or organizational units which are to be included in the costs of federally sponsored programs. The cost allocation plans of all the agencies rendering services to the grantee, to the extent feasible, should be presented in a single document. The allocation plan should contain, but not necessarily be limited to, the following:

a. The nature and extent of services provided and their relevance to the federally sponsored programs.
b. The items of expense to be included.
c. The methods to be used in distributing cost.

3. Instructions for preparation of cost allocation plans. The Bureau, in consultation with the other Federal agencies concerned, will be responsible for developing and issuing the instructions for use by grantees in preparation of cost allocation plans.

4. Submission of indirect cost proposal and negotiation of indirect cost rates.

a. A grantee should submit its indirect cost proposal to the Federal agency which provides the largest dollar volume of contracts and grants. However, once a Federal agency has handled an indirect cost proposal, that same Federal agency should continue to act upon the proposal even though the preponderance of financial interest may have shifted to another Federal agency, and grantee shall not resubmit its indirect cost proposal to a second Federal agency.
b. Where the grantee submits its proposal to the Department of Interior, the proposal should be sent by the Bureau of Indian Affairs to the cognizant Regional Office of the Department’s Office of Audit and Investigation. The Office of Audit and Investigation is responsible for the audit and review of the proposals and negotiation of the indirect cost rates.
c. Grant administrators officers will usually, but are not required to, accept indirect cost rates negotiated by other Federal agencies.
d. The Bureau of Indian Affairs will provide technical assistance in developing indirect cost proposals, if needed.

II. Purpose and applicability. 1. Objective. This attachment provides standards for determining the allowability of selected items of cost.

2. Application. These standards will apply irrespective of whether a particular item of cost is treated as direct or indirect cost. Failure to mention a particular item of cost in the standards is not intended to imply that it is either allowable or unallowable, rather determination of allowability in each case should be based on the treatment of standards provided for similar or related items of cost. The allowability of the selected items of cost is subject to the general policies and principles stated in part I of this appendix.

B. Allowable costs. 1. Accounting. The cost of establishing and maintaining accounting and information systems required for the management of grant programs is allowable. This includes cost incurred by central service agencies for these purposes. The cost of maintaining central accounting records required for overall tribal government purposes, such as appropriation and fund accounts by the Treasurer, Comptroller, or similar officials, is considered to be a general expense of government and is not allowable.

2. Advertising. Advertising media includes newspapers, magazines, radio and television programs, direct mail, trade papers, and the like. The advertising costs allowable are those which are solely for:

a. Recruitment of personnel required for the grant program.
b. Solicitation of bids for the procurement of goods and services required.
c. Disposal of scrap or surplus materials acquired in the performance of the grant agreement.
d. Other purposes specifically provided for in the grant agreement.

3. Advisory councils. Costs incurred by grantee advisory councils or committees established pursuant to Bureau requirements to carry out grant programs are allowable. The cost of like organizations is allowable when provided for in the grant agreement.

4. Audit service. The cost of audits necessary for the administration and management of functions related to grant programs is allowable.

5. Bonding. Costs of premiums on bonds covering employees who handle grantee funds are allowable.

6. Budgeting. Costs incurred for the development, preparation, presentation, and execution of budgets are allowable. Costs for services of a central budget office are generally not allowable since these are costs of general government. However, where employees of the central budget office activity
participate in the grantee budget process, the cost of identifiable services is allowable.

7. Building lease management. The administrative cost for lease management which includes review of lease proposals, maintenance of a list of available property for lease, and related activities is allowable.

8. Central stores. The cost of maintaining and operating a central store’s organization for supplies, equipment, and materials used either directly or indirectly for grant programs is allowable.

9. Communications. Communication costs incurred for telephone calls or service, teletype service, wide area telephone service (WATS), centrex, telpak (tie lines), postage, messenger service and similar expenses are allowable.

10. Compensation for personal services. a. General. Compensation for personal services includes all remuneration, paid currently or accrued, for services rendered during the period of performance under the grant agreement, including but not necessarily limited to wages, salaries, and supplementary compensation and benefits. The costs of such compensation are allowable to the extent that total compensation for individual employees; (1) Is responsible for the services rendered, (2) follows an appointment made in accordance with tribal government ordinances and rules and which meets Federal merit system or other requirements, where applicable; and (3) is determined and supported as provided in b., below. Compensation for employees engaged in federally assisted activities will be considered reasonable to the extent that it is comparable to that paid for similar work in other activities of the tribal government. In cases where the kinds of employees required for the federally assisted activities are not found in the other activities of the tribal government, compensation will be considered reasonable to the extent that it is comparable to that paid for similar work in the labor market in which the employing government competes for the kind of employees involved. Compensation surveys providing data representative of the labor market involved will be an acceptable basis for evaluating reasonableness.

b. Payroll and distribution of time. Amounts charged to grant programs for personal services, regardless of whether treated as direct or indirect costs, will be based on payrolls documented and approved in accordance with generally accepted practice of the tribal government. Payrolls must be supported by time and attendance or equivalent records for individual employees. Salaries and wages of employees chargeable to more than one grant program or other cost objective will be supported by appropriate time distribution records. The method used should produce an equitable distribution of time and effort.

11. Depreciation and use allowance. a. Grantees may be compensated for the use of their own buildings, capital improvements, and equipment through use allowances or depreciation. Use allowances are the means of providing compensation in lieu of depreciation or other equivalent costs. However, a combination of the two methods may not be used in connection with a single class of fixed assets.

b. The computation of depreciation or use allowance will be based on acquisition cost. Where actual cost records have not been maintained, a reasonable estimate of the original acquisition cost may be used in the computation. The computation will exclude the cost or any portion of the cost of buildings and equipment donated or borne directly or indirectly by the Federal Government through charges to Federal grant programs or otherwise, irrespective of whether title was originally vested or where it presently resides. In addition, the computation will also exclude the cost of land. Depreciation or a use allowance on idle or excess facilities is not allowable, except when specifically authorized by the grantor Federal agency.

c. Where the depreciation method is followed, adequate property records must be maintained, and any generally accepted method of computing depreciation must be consistently applied for any specific asset or class of assets for all affected Federally sponsored programs and must result in equitable charges considering the extent of the use of the assets for benefit of such programs.

d. In lieu of depreciation, a use allowance for buildings and improvements may be computed at an annual rate not exceeding two percent of acquisition cost. The use allowance for equipment (excluding items properly capitalized as building cost) will be computed at an annual rate not exceeding six and two-thirds percent of acquisition cost of usable equipment.

e. No depreciation or use charge may be allowed on any assets that would be considered as fully depreciated, provided, however, that reasonable use charges may be negotiated for any such assets if warranted after taking into consideration the cost of the facility or item involved, the estimated useful life remaining at time of negotiation, the effect of any increased maintenance charges or decreased efficiency due to age, and any other factors pertinent to utilization of the facility or item for the purpose contemplated.

12. Disbursing service. The cost of disbursing grant program funds by the Treasurer or other designated officer is allowable. Disbursing services cover the processing of checks or warrants, from preparation to redemption, including the necessary records of accountability and reconciliation of such records with related cash accounts.
13. Employee fringe benefits. Costs identified under a. and b. below are allowable to the extent that total compensation for employees is reasonable as defined in section B.18.

   a. Benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, sick leave, court leave, military leave, and the like are: (1) Provided pursuant to an approved leave system, and (2) the cost thereof is equitably allocated to all related activities, including grant programs.

   b. Employee benefits in the form of employees’ contribution or expenses for social security, employees’ life and health insurance plans, unemployment insurance coverage, workmen’s compensation insurance, pension plans, severance pay, and the like, provided such benefits are granted under approved plans and are distributed equitably to grant programs and in other activities.

14. Employee morale, health and welfare costs. The costs of health or first-aid clinics and/or infirmaries, recreational facilities, employees’ counseling services, employee information publications, and any related expenses incurred, are allowable. Income generated from any of these activities will be offset against expenses.

15. Exhibits. Costs of exhibits relating specifically to the grant programs are allowable.

16. Legal expenses. The cost of legal expenses required in the administration of grant programs is allowable. Legal services furnished by the chief legal officer of a tribal government or his staff solely for the purpose of discharging his general responsibilities as legal officer are unallowable. Legal expenses for the prosecution of claims against the Federal Government are unallowable.

17. Maintenance and repair. Costs incurred for necessary maintenance, repair, or upkeep of property which neither add to the permanent value of the property nor appreciably prolong its intended life, but keep it in an efficient operating condition, are allowable.

18. Materials and supplies. The cost of materials and supplies necessary to carry out the grant programs is allowable. Purchases made specifically for the grant program should be charged thereto at their actual prices after deducting all cash discounts, trade discounts, rebates, and allowances received by the grantee. Withdrawals from general stores or stockrooms should be charged at cost under any recognized method of pricing consistently applied. Incoming transportation charges are a proper part of material cost.

19. Memberships, subscriptions and professional activities. The cost of membership in civic, business, technical and professional organizations is allowable provided: (1) The benefit from the membership is related to the grant program, (2) the expenditure is for agency membership, (3) the cost of the membership is reasonably related to the value of the services or benefits received, and (4) the expenditure is not for membership in an organization which devotes a substantial part of its activities to influencing legislation.

20. Motor pools. The costs of a service organization which provides automobiles to grantees at a mileage or fixed rate and/or provides vehicle maintenance, inspection and repair services are allowable.

21. Payroll preparation. The cost of preparing payrolls and maintaining necessary related wage records is allowable.

22. Personnel administration. Costs for the recruitment, examination, certification, classification, training, establishment of pay standards, and related activities for grant programs, are allowable.

23. Printing and reproduction. Cost for printing and reproduction services necessary for grant administration, including but not limited to forms, reports, manuals, and informational literature, are allowable. Publication costs of reports or other media relating to grant program accomplishments or results are allowable when provided for in the grant agreement.

24. Procurement service. The cost of procurement service, including solicitation of bids, preparation and award of contracts, and all phases of contract administration in providing goods, facilities and services for grant programs, is allowable.

25. Taxes. In general, taxes or payments in lieu of taxes which the grantee is legally required to pay are allowable.

26. Training and education. The cost of in-service training, customarily provided for employee development which directly or indirectly benefits grant programs is allowable. Out-of-service training involving extended periods of time is allowable only when specifically authorized by the Bureau.

27. Transportation. Costs incurred for freight, cartage, express, postage and other transportation costs relating either to goods purchased, delivered, or moved from one location to another are allowable.

28. Travel. Travel costs are allowable for expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business incident to a grant program. Such costs may be charged on an actual basis, on a per diem or mileage basis in lieu of actual costs.
incurred, or on a combination of the two, provided the method used is applied to an entire trip, and results in charges consistent with those normally allowed in like circumstances. (2) Grantees shall be authorized to submit requests for advances or reimbursement at least monthly when letters of credit are not used. Grantees shall submit the original and two copies of a Request for Advance or Reimbursement.

b. Outlay Report and Request for Reimbursement for Construction Program. (1) The “Outlay Report and Request for Reimbursement for Construction Programs” form is the standard format to be used for requesting reimbursement for construction programs. (2) Grantees shall be authorized to submit requests for reimbursement at least monthly when letters of credit are not used. Grantees shall submit the original and two copies of an “Outlay Report and Request for Reimbursement for Construction Programs” form.

3. When the Bureau needs additional information in using these forms, the following shall be observed:

a. When necessary to comply with future legislative requirements, the Bureau shall issue instructions to require grantees to submit such information under the Remarks section of the reports.

[55 FR 36273, Sept. 5, 1990]
§ 286.2 Purpose.

The purpose of this part 286 is to prescribe the regulations and procedures under which non-reimbursable grants may be made to eligible applicants to stimulate and increase Indian entrepreneurship and employment through establishment, acquisition or expansion of profit-making Indian-owned economic enterprises which will contribute to the economy of a reservation.

§ 286.3 Eligible applicants.

Applications for grants may be accepted only from individual Indians, Indian tribes, Indian partnerships, corporations or cooperative associations authorized to do business under State, Federal, or Tribal law. These applicants must have a form of organization acceptable to the Assistant Secretary and unable to meet their total financing needs from their own resources and by loans from other sources such as banks, Farmers Home Administration, Small Business Administration, Production Credit Associations, and Federal Land Banks. Associations, corporations or partnerships shall be at least fifty-one percent owned by eligible Indians or an eligible Indian tribe. This Indian ownership must actively participate in the management and operation of the economic enterprise by representation on the board of directors of a corporation or cooperative association proportionate to the Indian ownership which will enable the Indian owner(s) to control management decisions. The legal organization documents will provide for the number of Indians which are to be on the board of directors, how they along with other directors will be elected or appointed and qualifications required as a condition for becoming a member of the board of directors. The legal organization documents shall provide safeguards which will prevent Indian ownership and control from decreasing below fifty-one percent. Evidence of Indian ownership in a cooperative association or corporation will be evidenced by stock ownership, if stock is or has been issued, or by other evidence satisfactory to the Assistant Secretary. Partnerships will be evidenced by written partnership agreements which show the percentage of Indian ownership, role and authority in making management decisions in controlling the operation of the economic enterprise.

§ 286.4 Eligible economic enterprises.

An economic enterprise as defined in §286.1(k) is eligible to receive equity capital through non-reimbursable grants if it is or will be self-sustaining and profit-oriented and will create employment for Indians. In the case of Indian-owned cooperative associations, they must distribute or allocate profits for later distribution, to members who are patrons, unless prohibited from doing so by law.

§ 286.5 Information collection.

(a) The collections of information contained in §§286.12 and 286.22 have been approved by the Office of Management and Budget under 44 U.S.C. 3501 et seq. and assigned clearance number 1076–0093. The information will be used to rate applicants in accordance with the priority criteria listed at 25 CFR 286.8. Response to this request is required to obtain a benefit in accordance with 25 U.S.C. 1521.

(b) Public reporting for this information is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Information Collection Clearance Officer, Bureau of Indian Affairs, Mailstop 337–SIB, 18th and C Streets, NW., Washington, DC 20240; and the Office of Management and Budget, Paperwork Reduction Project (1076–0093), Washington, DC 20503.

(c) Capital deficiency, which will be the basis for the amount of grant requested.

Applications for grants require approval by the Assistant Secretary.
§ 286.17 Grant limitations and requirements.
(a) Grants will be made to assist in establishing new economic enterprises, or in purchasing or expanding established ones. However, a grant may be made only when in the opinion of the Assistant Secretary the applicant is unable to obtain adequate financing from other sources. Prior to making any grant, the Assistant Secretary shall assure that, to the extent practical, the applicant’s own resources have been invested in the proposed project. The applicant shall not be required to invest own resources to the extent that they are already committed to endeavors deemed by the Assistant Secretary to be essential to the welfare of the applicant. If the information in an application, which must include personal financial statements, indicates that it may be possible for the applicant to obtain financing without a grant, the Assistant Secretary will require the applicant to furnish letters from two customary lenders in the area, if available, who are making loans for similar purpose, showing whether or not they will make a loan to the applicant for the total financing needed without a grant.
(b) A grant may be made only to an applicant who is able to obtain at least 75 percent of the necessary financing from other sources.
(c) No grant in excess of $250,000 may be made to an Indian tribe or in excess of $100,000 to an Indian individual, partnership, corporation, or cooperative association.

If a loan is not available from other sources, guaranteed or insured loans under the provisions of title II of said Act may then be considered. Applicants for a loan from either source must meet the eligibility requirements for such loans.
(e) A grant will not be approved unless there is assurance the applicant can and will be provided with needed competent technical and management assistance commensurate with the nature of the enterprise to be funded and the knowledge and management skills of the applicant.
(f) Grant funds may not be used for refinancing or debt consolidation unless approval is justified and required.
§ 286.18

Due to the applicant’s financial position and is clearly to the advantage of the grant applicant.

(g) Ordinarily, not more than one grant will be made for a project. Nevertheless, in certain circumstances a second grant may be made to applicants for a new project or expansion of the original project. An additional grant will not be approved for an economic enterprise previously funded under the provisions of title IV of the Indian Financing Act of 1974 except for expanding a successful enterprise, provided the total of grants made shall not exceed $250,000 to an Indian tribe and $100,000 to an Indian individual, partnership, corporation, or cooperative association.

(h) An application for a second grant will not be approved if the applicant:

1. Has not complied with the reporting requirements in connection with the first grant, or
2. Has not followed the plan of operation, if any, developed for the management and operation of the economic enterprise, or
3. Did not follow and use the management and technical assistance furnished, or
4. Is in violation of one or more provisions of the loan agreement entered into between the applicant and the lender who furnished the loan portion of the financing in connection with the first grant.

(i) An applicant for an expansion grant must meet the same eligibility requirements as an original applicant.

(j) A grantee will be required to return all or a portion of the grant if the business or enterprise for which the grant was utilized is sold within three years of the date on which the grant was disbursed to the grantee, unless the proceeds from the sale are re-invested in a new business or business expansion which will benefit the Indian reservation economy. Such sale and re-investment must have the prior approval of the local agency superintendent. The grantee shall refund the lessor of the grant amount or a prorata portion of sales proceeds. The pro rata portion of sales proceeds shall be based on the ratio of grant amount to its corresponding matching financing. The new business or business expansion utilizing such sale proceeds must meet the same criteria for eligibility as an original grant.

§ 286.19 [Reserved]

§ 286.20 Disbursement of grant funds.

Unless otherwise provided by an agreement between a lender and the grantee, the Assistant Secretary may in his discretion advance grant funds directly to a grantee. He may require the funds to be deposited in a special account at the appropriate Agency headquarters office or deposited in a joint account in a bank and disbursed as needed by the grantee. The terms of a lender’s loan agreement may require the lender’s approval before disbursement of the funds. Grant funds will not be disbursed to a grantee until the Assistant Secretary has been informed by the lender that a loan has been approved for the grantee in the amount of the loan financing needed.

§ 286.21 Return of unused funds.

Grantees will be required to return unused grant funds to the Assistant Secretary if the economic enterprise for which the grant was approved is not initiated, i.e., lease obtained, if needed, construction started, equipment purchased or other, within the time stated in the grant agreement. The Assistant Secretary may, if warranted by circumstances beyond the control of the grantee, extend the time to allow for initiation of the enterprise, provided there is assurance the enterprise will be initiated forthwith within the extended time period. The Assistant Secretary will notify the lender in writing.
§ 286.22 Reports.

(a) Grantees are required to furnish the Assistant Secretary comparative balance sheets and profit and loss statements semi-annually for the first two years of operation following receipt of the grant, and annually thereafter for the succeeding three years. These may be copied of financial statements required by and furnished to the lender which provided the loan portion of the total financing required. If the lender does not require financial statements, the grantee must prepare and furnish copies of comparative balance sheets and profit and loss statements to the Assistant Secretary.

(b) The Assistant Secretary will establish accounting and reporting systems which will appropriately show the status of the Indian Business Development Program at all times.

§ 290.10 Is an Indian tribe in violation of IGRA if it makes per capita payments to its members from net gaming revenues without an approved tribal revenue allocation plan?

Subpart A—General Provisions

What is the purpose of this part?

The Indian Gaming Regulatory Act of 1988 (IGRA) contains several exceptions under which class II or class III gaming may occur on lands acquired by the United States in trust for an Indian tribe after October 17, 1988, if other applicable requirements of IGRA are met. This part contains procedures that the Department of the Interior will use to determine whether these exceptions apply.

How are key terms defined in this part?

For purposes of this part, all terms have the same meaning as set forth in the definitional section of IGRA, 25 U.S.C. 2703. In addition, the following terms have the meanings given in this section.

Appropriate State and local officials means the Governor of the State and local government officials within a 25-mile radius of the proposed gaming establishment.

BIA means Bureau of Indian Affairs. Contiguous means two parcels of land having a common boundary notwithstanding the existence of non-navigable waters or a public road or right-of-way and includes parcels that touch at a point.

Former reservation means lands in Oklahoma that are within the exterior boundaries of the last reservation that was established by treaty, Executive Order, or Secretarial Order for an Oklahoma tribe.

Indian tribe or tribe means any Indian tribe, band, nation, or other organized group or community of Indians that is recognized by the Secretary as having a government-to-government relationship with the United States and is eligible for the special programs and services provided by the United States to Indians because of their status as Indians, as evidenced by inclusion of the tribe on the list of recognized tribes published by the Secretary under 25 U.S.C. 479a–1.

§ 292.3 How does a tribe seek an opinion on whether its newly acquired lands meet, or will meet, one of the exceptions in this subpart?

(b) If the tribe seeks to game on newly acquired lands that require a land-into-trust application or the request concerns whether a specific area of land is a “reservation,” the tribe must submit a request for an opinion to the Office of Indian Gaming.

§ 292.4 What criteria must newly acquired lands meet under the exceptions regarding tribes with and without a reservation?

This section contains criteria for meeting the requirements of 25 U.S.C. 2719(b)(1)(B)(i), known as the “settlement of a land claim” exception. Gaming may occur on newly acquired lands if the land at issue is either:

(a) Acquired under a settlement of a land claim that resolves or extinguishes with finality the tribe’s land claim in whole or in part, thereby resulting in the alienation or loss of possession of some or all of the lands claimed by the tribe, in legislation enacted by Congress; or

(b) Acquired under a settlement of a land claim that:

(1) Is executed by the parties, which includes the United States, returns to the tribe all or part of the land claimed by the tribe, and resolves or extinguishes with finality the claims regarding the returned land; or

(2) Is not executed by the United States, but is entered as a final order by a court of competent jurisdiction or is an enforceable agreement that in either case predates October 17, 1988 and resolves or extinguishes with finality the land claim at issue.

§ 292.6 Initial reservation’’ exception

§ 292.6 What must be demonstrated to meet the “initial reservation” exception?

This section contains criteria for meeting the requirements of 25 U.S.C. 2719(b)(1)(B)(ii), known as the “initial reservation” exception. Gaming may occur on newly acquired lands under this exception only when all of the following conditions in this section are met:

(b) The tribe has no gaming facility on newly acquired lands under the restored land exception of these regulations.

(c) The land has been proclaimed to be a reservation under 25 U.S.C. 467 and is the first proclaimed reservation of the tribe following acknowledgment.

(d) If a tribe does not have a proclaimed reservation on the effective date of these regulations, to be proclaimed an initial reservation under this exception, the tribe must demonstrate the land is located within the State or States where the Indian tribe is now located, as evidenced by the tribe’s governmental presence and tribal population, and within an area where the tribe has significant historical connections and one or more of the following modern connections to the land:

(1) The land is near where a significant number of tribal members reside; or

(2) The land is within a 25-mile radius of the tribe's headquarters or other tribal governmental facilities that have existed at that location for at least 2 years at the time of the application for land-into-trust; or

(3) The tribe can demonstrate other factors that establish the tribe's current connection to the land.

This section contains criteria for meeting the requirements of 25 U.S.C. 2719(b)(1)(B)(iii), known as the “restored lands” exception. Gaming may occur on newly acquired lands under this exception only when all of the following conditions in this section are met:

(a) The United States at one time entered into treaty negotiations with the tribe;

(b) The Department determined that the tribe could organize under the Indian Reorganization Act or the Oklahoma Indian Welfare Act;

(c) Congress enacted legislation specific to, or naming, the tribe indicating that a government-to-government relationship existed;

(d) The United States at one time acquired land for the tribe’s benefit; or

§ 293.12 What happens if the Secretary does not act on the compact or amendment within the 45-day review period?

PARTS 294–299 [RESERVED]
### APPENDIX TO CHAPTER I—EXTENSION OF THE TRUST OR RESTRICTED STATUS OF CERTAIN INDIAN LANDS

This appendix contains citations of Executive orders and acts of Congress continuing the trust or restricted period of Indian land, which would have expired otherwise, within the several Indian reservations in the States named. The asterisk to the left of the name of a reservation indicates that the reservation is subject to the benefits of the Indian Reorganization Act of June 18, 1934 (48 Stat. 984; 25 U.S.C. 461-479), as amended, and, as therein provided, the trust or restricted period of the land is extended indefinitely.

Where the name of a reservation is not preceded by an asterisk, such reservation is not subject to the Reorganization Act and is not subject to the benefits of such indefinite trust or restricted period extension, but such reservation is dependent upon acts of Congress or Executive orders for extension of the trust or restricted period of the land.

For the purpose of insuring the continuation of the trust or restricted status of Indian allotments within Indian reservations not subject to the Reorganization Act, Congress by the act of June 15, 1935 (49 Stat. 378) reimposed such restrictions as may have been expired between the dates of June 18, 1934, and December 31, 1936.
