

Subpart F—Matters of General Applicability

§ 1614.601 EEO group statistics.

(a) Each agency shall establish a system to collect and maintain accurate employment information on the race, national origin, sex and disability of its employees.

(b) Data on race, national origin and sex shall be collected by voluntary self-identification. If an employee does not voluntarily provide the requested information, the agency shall advise the employee of the importance of the data and of the agency's obligation to report it. If the employee still refuses to provide the information, the agency must make visual identification and inform the employee of the data it will be reporting. If an agency believes that information provided by an employee is inaccurate, the agency shall advise the employee about the solely statistical purpose for which the data is being collected, the need for accuracy, the agency's recognition of the sensitivity of the information and the existence of procedures to prevent its unauthorized disclosure. If, thereafter, the employee declines to change the apparently inaccurate self-identification, the agency must accept it.

(c) The information collected under paragraph (b) of this section shall be disclosed only in the form of gross statistics. An agency shall not collect or maintain any information on the race, national origin or sex of individual employees except when an automated data processing system is used in accordance with standards and requirements prescribed by the Commission to insure individual privacy and the separation of that information from personnel record.

(d) Each system is subject to the following controls:

(1) Only those categories of race and national origin prescribed by the Commission may be used;

(2) Only the specific procedures for the collection and maintenance of data that are prescribed or approved by the Commission may be used;

(3) The Commission shall review the operation of the agency system to insure adherence to Commission procedures and requirements. An agency

may make an exception to the prescribed procedures and requirements only with the advance written approval of the Commission.

(e) The agency may use the data only in studies and analyses which contribute affirmatively to achieving the objectives of the equal employment opportunity program. An agency shall not establish a quota for the employment of persons on the basis of race, color, religion, sex, or national origin.

(f) Data on disabilities shall be collected using a method permitted under § 1614.203(d)(6)(ii) and § 1614.203(d)(6)(iii).

(g) An agency shall report to the Commission on employment by race, national origin, sex and disability in the form and at such times as the Commission may require.
