

## § 50.6

Medicare eligible patients and to the uninsured indigent.

(f) The employer and the alien physician must submit information to the Secretary at the times and in the manner that the Secretary may reasonably require.

[67 FR 77696, Dec. 19, 2002]

### § 50.6 Procedures for submission of application to HHS.

(a) The Exchange Visitor Waiver Review Board will review applications submitted by private or non-federal institutions, organizations, or agencies or by a component agency of HHS. The Board will not accept applications submitted by Exchange Visitors or, unless under extenuating and exceptional circumstances, other U.S. Government Agencies.

(b) Applications, instruction sheets and information are available from the Executive Secretary, Exchange Visitor Waiver Review Board. An authorized official of the applicant institution (educational institution, hospital, laboratory, corporation, etc.) must sign the completed application. The applicant institution must send the completed application to the address indicated on the instruction sheet.

[67 FR 77697, Dec. 19, 2002]

### § 50.7 Personal hardship, persecution and visa extension considerations.

(a) It is *not* within the Department's jurisdiction to consider applications for waiver based on:

(1) Exceptional hardship to the exchange visitor's American or legally resident alien spouse or child; or

(2) The alien's unwillingness to return to the country of his/her nationality or last residence on the grounds that he/she or family members would be subject to persecution on account of race, religion or political opinion.

(b) Likewise, this Department is not responsible for considering requests to extend visas.

(c) Inquiries concerning the above should be directed to the District Office of the Immigration and Naturalization Service which has jurisdic-

tion over the exchange visitor's place of residence in the United States.

[49 FR 9900, Mar. 16, 1984. Redesignated at 67 FR 77696, Dec. 19, 2002]

### § 50.8 Compliance.

If an alien physician acquires H-1B nonimmigrant status following approval by the INS of a request for waiver, then he or she becomes subject not only to the terms and conditions of the waiver, but also the terms and conditions of the H-1B nonimmigrant status. Failure to comply with those conditions will make that physician subject to removal from the United States by the INS.

[67 FR 77697, Dec. 19, 2002]

## PART 51—CRITERIA FOR EVALUATING COMPREHENSIVE PLAN TO REDUCE RELIANCE ON ALIEN PHYSICIANS

Sec.

51.1 Purpose.

51.2 Application.

51.3 Who is eligible to apply?

51.4 How will the plans be evaluated?

AUTHORITY: Sec. 212, Immigration and Nationality Act, Pub. L. 82-114, as amended by Pub. L. 97-116, 95 Stat. 1611 (8 U.S.C. 1182(j)(2)(A)).

SOURCE: 48 FR 2539, Jan. 20, 1983, unless otherwise noted.

### § 51.1 Purpose.

The purpose of this regulation is to establish criteria for review and evaluation of the comprehensive plans of Graduate Medical Education Programs to reduce reliance on alien physicians, as required by the Immigration and Nationality Act Amendments of 1981, Pub. L. 97-116, for the waiver of certain requirements for exchange visitors who are coming to the United States to participate in programs of graduate medical education or training.

### § 51.2 Application.

Materials covering procedures for applying for substantial disruption waivers (including the comprehensive plan) may be obtained from the Educational Commission for Foreign Medical Graduates, 3624 Market Street, Philadelphia, Pennsylvania 19104.

## Dept. of Health and Human Services

## § 51.4

EXPLANATORY NOTE: The Department of State entered into an agreement with the Educational Commission for Foreign Medical Graduates in 1971 whereby the latter was designated the authority to administer the issuance of the Form IAP-66 in all cases involving the admission, certification, transfer or extension of stay for foreign physicians in exchange visitor status who are receiving graduate medical education or training. The Commission was further designated the authority (FEDERAL REGISTER, Volume 44, No. 59, March 26, 1979), to process waiver requests under the "substantial disruption" provision of Pub. L. 94-484, as amended, within criteria to be provided by the United States Information Agency on advice from the Department of Health and Human Services (formerly Department of Health, Education, and Welfare).

### § 51.3 Who is eligible to apply?

Sponsors which had alien physicians in their exchange visitor programs on January 10, 1978, are eligible to apply. For purposes of this regulation, the term "program" relates to a graduate medical education program having an exchange visitor program for physicians participating in graduate medical education or training. An "exchange visitor program" is a program of a sponsor, designed to promote interchange of persons, knowledge and skills, and the interchange of developments in the field of education, the arts and sciences, and is concerned with one or more categories of participants to promote mutual understanding between the people of the United States and the people of other countries.

### § 51.4 How will the plans be evaluated?

After consultation with the Federal Substantial Disruption Waiver Board (seven Federal representatives charged with the responsibility of reviewing substantial disruption waiver applications), the Secretary of Health and Human Services will make recommendations to the Director, United States Information Agency, for the purpose of granting waivers. The Secretary will consider the following factors in determining whether or not a plan is satisfactory:

(a) The extent of the specific problems that the program or institution anticipates without a waiver, including, for example,

(1) Curtailment of services currently provided,

(2) Downgrading of medical care currently being provided,

(3) Reduction in the number of inpatients and outpatients receiving care,

(4) Inadequate medical coverage for population served, or

(5) Inadequate supervision of junior residents.

(b) The adequacy of the alternative resources and methods (including use of physician assistants (as defined in 42 CFR 57.802), nurse practitioners (as defined in 42 CFR 57.2402), and other non-physician providers) that have been considered and have been and will be applied to reduce such disruption in the delivery of health services, especially in primary medical care manpower shortage areas, as established under section 332 of the Public Health Service Act, and for medicaid patients. This may include, for example:

(1) Greater reliance on fully licensed physicians, and on physician assistants, nurse practitioners and other non-physician personnel in an expanded role in the delivery of health care, such as admission patient histories, making patient rounds, recording patient progress notes, doing the initial and follow-up evaluation of patients, performing routine laboratory and related studies, or

(2) Utilization of the team approach to health care delivery (individuals functioning as an integral part of an interprofessional team of health personnel organized under the leadership of a physician working toward more efficient and/or more effective delivery of health services).

(c) The extent to which changes (including improvement of educational and medical services) have been considered and which have been or will be applied to make the program more attractive to graduates of medical schools who are citizens of the United States, as demonstrated, for example, by:

(1) Adding additional services to the existing programs to provide a broader educational experience for residents,

(2) Expanding affiliations with other residency programs to offer a broader experience for residents,
