

The law implementing the Compact of Free Association authorized reimbursement to Guam for the impact of this policy. Today, over 8,000 foreign citizens, 6 percent of our population, now legally reside on Guam.

The Government of Guam has carried the water for this ill-conceived immigration policy since 1986 and has incurred costs in excess of \$70 million. I urge my colleagues to support an amendment that I will offer to the Interior appropriations bill to restore the administration's request of \$4.58 million for Guam compact-impact aid. Guam may be 10,000 miles away, but on this immigration issue, Guam will not buy the excuse that the Federal Government lost our compact-impact check in the mail.

MEDICARE OR MEDISCARE

(Mr. HAYWORTH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HAYWORTH. Mr. Speaker, we have heard it again this morning. The gentlewoman from Connecticut brings it up. The only change the guardians of the old order want to make is to change the name from Medicare to Mediscare. They are intent on scaring senior citizens, despite the report of the Medicare Trustees that tell us that Medicare goes broke over the next few years if we fail to do anything.

The new majority is committed to governing this Nation, is committed to saving Medicare, and, yes, is committed to a variety of alternatives. Far be it from the fear tactics of one-size-fits-all with one type of tactic to use. We want to broaden the options, to save Medicare for future generations, because our responsibility to govern allows us to do nothing less.

THE V-CHIP

(Mr. MARKEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MARKEY. Mr. Speaker, yesterday the violence chip received the endorsement of the President of the United States.

This is a watershed moment in the fight for balance between parents who feel overwhelmed by the 200-channel television world of the future, and those who believe that the first amendment denies government any role in managing television.

Parents can set their sets to block out violent shows, and the V-chip does the rest. Any show carrying a rating that the parent wants to keep out, gets blocked.

For those of you who can't program the clock on your VCR, this is easier. If you want, you can set it once and not reset it until your kids are grown.

In the meantime, a parent knows that at least in his or her living room,

there is an oasis of peace and quiet, free from the guns and beatings and mayhem and sexual material that is so frequently used to attract TV audiences.

This is nothing more or less than an on-off button, modernized for today's world. Parents can't be home all day, so technology will block shows until parents get home.

It is not censorship, it is parental choice.

It is not content regulation, it is parental mobilization.

It is not big brother, it is big mother and big father.

Ninety percent of parents polled want it. Within the next couple of days the gentleman from Virginia [Mr. MORAN], the gentleman from South Carolina [Mr. SPRATT], the gentleman from Nebraska [Mr. BEREUTER], the gentleman from Arkansas [Mr. DICK- EY], and I will be introducing legislation to advance this cause.

THE FISCAL YEAR 1995 EMERGENCY SUPPLEMENTAL AND RE- SCISSIONS

(Mr. LUCAS asked and was given permission to address the House for 1 minute.)

Mr. LUCAS. Mr. Speaker, as H.R. 1944, the House-passed rescission and emergency supplemental bill, wallows on the other side of this Nation's Capitol, the people's business again is held captive by a tiny fragment of the makeup of the U.S. Congress.

Their opposition to making government smaller and more efficient creates collateral damage to which they seemingly turn a blind eye to. They must be made aware that H.R. 1944 is not just about deficit reduction, timber salvage or any other partisan issue. H.R. 1944 is about victims of flood, earthquake, and terror.

I represent the area of Oklahoma City that was rocked by a man-made devastation never before seen in this country. H.R. 1944 contains crucial aid to help this damaged but healing city get back on its feet. I would plead with those who oppose this measure to listen to the calls of the President, congressional leadership, and overwhelming majorities in each House to free this legislation. It's time we put closure on this issue and put the people's business above partisan politics.

CHINA AND HUMAN RIGHTS

(Mr. STARK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STARK. Mr. Speaker, my constituent, Dr. Harry Wu of Milpitas, CA, a Chinese-born American citizen, has campaigned to publicize conditions in the Chinese labor camps. He has recently been arrested and charged with espionage by the Chinese government, and he could face execution if convicted. Dr. Harry Wu's only crime is

exposing the true conditions and purposes of these Chinese labor camps.

Our message, Mr. Speaker, to the Chinese Government and to the world must be crystal clear. No American citizen shall be arrested and mistreated anywhere in the world without all Americans being threatened and all Americans responding.

The Congress will soon be considering most-favored-nation trade status with China. The Chinese are currently running a \$36 billion a year trade surplus with us. Without MFN, Mr. Speaker, most of its exports will cease. Let us make Dr. Wu the \$36 billion man and withhold MFN from these barbaric goons.

ACCESS TO THE PRESIDENT CAN BE PURCHASED

(Mr. HOKE asked and was given permission to address the House for 1 minute.)

Mr. HOKE. Mr. Speaker, the gentleman from California [Mr. STARK] is absolutely right about Harry Wu.

I want to quote this morning in the spirit of bipartisanship from a book that President Clinton wrote in 1992 called "Putting People First":

American politics is being held hostage by big money interests, including political action committees, lobbies and cliques of \$100,000 donors who buy access to Congress and the White House.

The President actually wrote that in 1992. It is right out of "Putting People First." Well, last week we saw the culmination of what has been a rather shameless parade to the well and a spectacle of self-righteousness unequaled in history. Every day that the House is in session, liberals take to the House floor and denounce and beat their chests about the floods of special interest money. Their self-righteous whimpers can be heard for miles from here.

But we just had the disclosure that the DNC is not immune. Apparently, look what is happening. For \$100,000 you can go to dinner at the White House four times, get a spot on a trade mission. For \$50,000 you get a Presidential dinner plus high-level briefings.

Come on. Let us back off and get real.

WE JUST NEED THE GUTS TO PAY FOR MEDICARE

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GENE GREEN of Texas. Mr. Speaker, the Republicans have a plan to cut \$270 billion from Medicare between now and the year 2002. During that same period, they plan to cut at least \$245 billion in taxes for the most affluent in our country. Does that sound like they are concerned about the senior citizens in our country?

The Republicans claim that Democrats are engaging in scare tactics.
