

it is dependent on a third party making available lands that the National Park Service wants. I have no objection to this particular exchange, with the understanding that it is one that the National Park Service supports and that it can and will be carried out properly.

Mr. Speaker, H.R. 826 will facilitate the acquisition of lands within the Big Thicket National Preserve that have significant environmental and recreational values. This is a worthy effort that Representative WILSON has been working on for years. I support the bill, as amended, and urge its adoption by the House.

Mr. WILSON. Mr. Speaker, today the House will consider H.R. 826, a bill to extend the deadline for the completion of certain land exchanges involving the Big Thicket National Preserve in Texas.

As you know, under the Big Thicket National Preserve Addition Act of 1993, Public Law 103-46, Congress increased the size of the Big Thicket National Preserve through certain authorized land exchanges.

Unfortunately, the land exchanges were not consummated by the July 1, 1995 deadline as required by law, hence the need for my bill H.R. 826. This legislation merely extends the original deadline to July 1, 1998, thus providing the appropriate congressional authorization.

Assurances have been given by officials of the U.S. Department of Agriculture, the U.S. Department of the Interior, and the private landowners involved, that the land exchanges will be successfully completed by July 1, 1998.

I urge my colleagues to support this bill.

Mr. HANSEN. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. RICHARDSON. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Utah [Mr. HANSEN] that the House suspend the rules and pass the bill, H.R. 826, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, passed.

The title of the bill was amended so as to read: "A bill to extend the deadline for the completion of certain land exchanges involving the Big Thicket National Preserve in Texas, and for other purposes".

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. HANSEN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 826, the bill just passed.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Utah?

There was no objection.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Delaware [Mr. CASTLE] will be recognized for 20 minutes, and the gentleman from New York [Mr. FLAKE] will be recognized for 20 minutes.

The Chair recognizes the gentleman from Delaware [Mr. CASTLE].

Mr. CASTLE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, today I rise in support of H.R. 2336, a measure that lowers the minting levels of the Atlanta Olympia commemorative coins. I am grateful to enjoy the support of Representative JAMES A. LEACH, chairman of the Committee on Banking and Financial Services. On the other side of the aisle, Representative GONZALEZ, former committee chairman; Representative

FLAKE, the ranking member of the subcommittee; and Representative FRANK of Massachusetts have provided their strong support for this legislation, and I am very appreciative of their efforts. I must also acknowledge the valued input and support of Representatives BARR, LUCAS, and METCALF of the subcommittee.

Mr. Speaker, the Subcommittee on Domestic and International Monetary Policy of the House Banking and Financial Services Committee has primary jurisdiction over the commemorative coin programs of the U.S. Mint. This legislation is supported by the Atlanta Committee, the U.S. Mint, the Citizens Commemorative Coin Advisory Committee [CCCAC], and the Georgia congressional delegation.

Mr. Speaker, H.R. 2336 amends the mintage levels in section 102 of the 1996 Atlanta Olympic Games Commemorative Coin Act. The maximum 1996 minting of the two gold coins, previously authorized for 600,000 for both, is reduced to a total of 250,000. The 1996 minting of \$1 silver coins is reduced from 4 million total of four designs to a sum total of 1.7 million. Half-dollar coins, originally slated for a minting of 10 million, are reduced to 8 million over 2 years. These reductions are necessary for the success of the program.

Mr. Speaker, this bill is supported by the people and groups that will be directly affected; namely, the Atlanta Committee, the people of Georgia, and the Citizens Commemorative Coin Advisory Committee. They realize that unless the rate of sales are increased, the Atlanta Olympic commemorative coin program will not achieve its potential. By lowering the mintage levels, collector interest should be stimulated, and the overall program would be enhanced. This bill is necessary for the success of the Atlanta Olympic coin program, and I urge its immediate adoption.

Mr. Speaker, I reserve the balance of my time.

Mr. FLAKE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 2336, a measure to amend the Doug Barnard, Jr. 1996 Atlanta Centennial Olympic Games Commemorative Coin Act. The Georgia delegation, in bipartisan cooperation, has sponsored this bill which will protect the integrity of the commemorative process. More importantly, however, the bill will ensure the integrity of the Atlanta games next summer.

Mr. Speaker, the Atlanta Centennial Olympic Games will be a milestone for both peace and sport. The games represent the largest peacetime event in world history, and in the tradition of Olympic competition, the games will become the beacon of 100 years of goodwill and sportsmanship.

Currently, Olympic coin sales are lagging, and to put it bluntly, Congress has authorized too many coins. Today, however, we will allow the American public to contribute to the success of
