

U.S.C. 1641(c); section 204(c) of the International Emergency Economic Powers Act (IEEPA), 50 U.S.C. 1703(c); and section 505(c) of the International Security and Development Cooperation Act of 1985, 22 U.S.C. 2349aa-9(c).

1. On January 3, 1996, I renewed for another year the national emergency with respect to Libya pursuant to IEEPA. This renewal extended the current comprehensive financial and trade embargo against Libya in effect since 1986. Under these sanctions, all trade with Libya is prohibited, and all assets owned or controlled by the Libyan government in the United States or in the possession or control of U.S. persons are blocked.

2. There has been one amendment to the Libyan Sanctions Regulations, 31 C.F.R. Part 550 (the "Regulations"), administered by the Office of Foreign Assets Control (FAC) of the Department of the Treasury, since my last report on July 12, 1995. The amendment (60 Fed. Reg. 37940-37941, July 25, 1995) added three hotels in Malta to appendix A, Organizations Determined to Be Within the Term "Government of Libya" (Specifically Designated Nationals (SDNs) of Libya). A copy of the amendment is attached to this report.

Pursuant to section 550.304(a) of the Regulations, FAC has determined that these entities designated as SDNs are owned or controlled by, or acting or purporting to act directly or indirectly on behalf of, the Government of Libya, or are agencies, instrumentalities, or entities of that government. By virtue of this determination, all property and interests in property of these entities that are in the United States or in the possession or control of U.S. persons are blocked. Further, U.S. persons are prohibited from engaging in transactions with these entities unless the transactions are licensed by FAC. The designations were made in consultation with the Department of State.

3. During the current 6-month period, FAC made numerous decisions with respect to applications for licenses to engage in transactions under the Regulations, issuing 54 licensing determinations—both approvals and denials. Consistent with FAC's ongoing scrutiny of banking transactions, the largest category of license approvals (20) concerned requests by Libyan and non-Libyan persons or entities to unblock transfers interdicted because of an apparent Government of Libya interest. A license was also issued to a local taxing authority to foreclose on a property owned by the Government of Libya for failure to pay property tax arrearages.

4. During the current 6-month period, FAC continued to emphasize to the international banking community in the United States the importance of identifying and blocking payments made on or behalf of Libya. The Office worked closely with the banks to implement new interdiction software systems to identify such payments. As a result, during the reporting period,

more than 107 transactions potentially involving Libya, totaling more than \$26.0 million, were interdicted. As of December 4, 23 of these transactions had been authorized for release, leaving a net amount of more than \$24.6 million blocked.

Since my last report, FAC collected 27 civil monetary penalties totaling more than \$119,500, for violations of the U.S. sanctions against Libya. Fourteen of the violations involved the failure of banks or credit unions to block funds transfers to Libyan-owned or -controlled banks. Two other penalties were received from corporations for export violations or violative payments to Libya for unlicensed trademark transactions. Eleven additional penalties were paid by U.S. citizens engaging in Libyan oilfield-related transactions while another 40 cases involving similar violations are in active penalty processing.

In November 1995, guilty verdicts were returned in two cases involving illegal exportation of U.S. goods to Libya. A jury in Denver, Colorado, found a Denver businessman guilty of violating the Regulations and IEEPA when he exported 50 trailers from the United States to Libya in 1991. A Houston, Texas, jury found three individuals and two companies guilty on charges of conspiracy and violating the Regulations and IEEPA for transactions relating to the 1992 shipment of oilfield equipment from the United States to Libya. Also in November, a Portland, Oregon, lumber company entered a two-count felony information plea agreement for two separate shipments of U.S.-origin lumber to Libya during 1993. These three actions were the result of lengthy criminal investigations begun in prior reporting periods. Several other investigations from prior reporting periods are continuing and new reports of violations are being pursued.

5. The expenses incurred by the Federal Government in the 6-month period from July 6, 1995, through January 5, 1996, that are directly attributable to the exercise of powers and authorities conferred by the declaration of the Libyan national emergency are estimated at approximately \$990,000. Personnel costs were largely centered in the Department of the Treasury (particularly in the Office of Foreign Assets Control, the Office of the General Counsel, and the U.S. Customs Service), the Department of State, and the Department of Commerce.

6. The policies and actions of the Government of Libya continue to pose an unusual and extraordinary threat to the national security and foreign policy of the United States. In adopting UNSCR 883 in November 1993, the Security Council determined that the continued failure of the Government of Libya to demonstrate by concrete actions its renunciation of terrorism, and in particular its continued failure to respond fully and effectively to the requests and decisions of the Security

Council in Resolutions 731 and 748, concerning the bombing of the Pan Am 103 and UTA 772 flights, constituted a threat to international peace and security. The United States will continue to coordinate its comprehensive sanctions enforcement efforts with those of other U.N. member states. We remain determined to ensure that the perpetrators of the terrorist acts against Pan Am 103 and UTA 772 are brought to justice. The families of the victims in the murderous Lockerbie bombing and other acts of Libyan terrorism deserve nothing less. I shall continue to exercise the powers at my disposal to apply economic sanctions against Libya fully and effectively, so long as those measures are appropriate, and will continue to report periodically to the Congress on significant developments as required by law.
