

loss or damage resulting therefrom is accidental or intentional, except for ransom or extortion demands;

(5) Any malicious act or act of sabotage, vandalism, or other act intended to cause loss or damage;

(6) Confiscation, nationalization, seizure, restraint, detention, appropriation, requisition for title or use by, or under the order of, any government (whether civil or military or de facto), or local authority;

(7) Hijacking or any unlawful seizure or wrongful exercise of control of the aircraft or crew (including any attempt at such seizure or control) made by any person or persons on board the aircraft or otherwise, acting without the consent of the insured; or

(8) The discharge or detonation of a weapon or hazardous material while on the aircraft as cargo or in the personal baggage of any passenger.

2. For the purpose of the contact clause entitled "Indemnification Under Public Law 85-804 (APR 1984)," it is agreed that all war risks resulting from the provision of airlift services for a CRAF mission, in accordance with the contract, are unusually hazardous risks, and shall be indemnified to the extent that such risks are not covered by insurance procured under Chapter 443 of Title 49, United States Code, as amended or other insurance, because such insurance has been canceled, has applicable exclusions, or has been determined by the government to be prohibitive in cost. The government's liability to indemnify the contractor shall not exceed that amount for which the contractor commercially insures under its established policies of insurance.

3. Indemnification is provided for personal injury and death claims resulting from the transportation of medical evacuation patients, whether or not the claim is related to war risks.

4. Indemnification of risks involving the operation of aircraft, as discussed above, is limited to claims or losses arising out of events, acts, or omissions involving the operation of an aircraft for airlift services for a CRAF mission, from the time that aircraft is withdrawn from the contractors regular operations (commercial, DoD), or other activity unrelated to airlift services for a CRAF mission, until it is returned for regular operations. Indemnification with regard to other contractor personnel or property utilized or services rendered in support of CRAF missions is limited to claims or losses arising out of events, acts, or omissions occurring during the time the first propositioning of personnel, supplies, and equipment to support the first aircraft of the contractor used for airlift services for a CRAF mission is commenced, until the timely removal of such personnel, supplies, and equipment after the last such aircraft is returned for regular operations.

5. Indemnification is contingent upon the contractor maintaining, if available, non-premium insurance under Chapter 443 of Title 49, United States Code, as amended, and normal commercial insurance, as required, by this contract or other competent authority. Indemnification for losses covered by a contractor self-insurance program shall only be on such terms as incorporated in this contract by the contracting officer in advance of such a loss.

*Contingent Liabilities*

Provisions to indemnify contractors against liabilities because of claims for death, injury, or property damage arising from nuclear radiation, use of high energy propellants, or other risks not covered by the Contractor's insurance program were included; the potential cost of the liabilities cannot be estimated since the liability to the

United States Government, if any, would depend upon the occurrence of an incident as described in the indemnification clause.
