Mr. President, in closing I bring to the attention of my colleagues the Blue Ribbon Campaign organized by Concerns of Police Survivors, Inc., also known as COPS.

Blue ribbons are being flown this week from patrol antennas nationwide to ask communities to support law enforcement, and to remember those officers who have given their lives in the line of duty. You can see them flying proudly from our Capitol Hill Police patrol cars.

In keeping with this sign of support and remembrance, I urge all Alaskans to fly blue ribbons from their car antennas this week.●

LEGISLATIVE SESSION

The PRESIDING OFFICER. The Senate will now return to legislative session.

AMENDING THE NATIONAL SCHOOL LUNCH ACT

Mr. FRIST. Mr. President, I ask unanimous consent that the Senate proceed to the immediate consideration of H.R. 2066, just received from the House.

The PRESIDING OFFICER. The clerk will state the bill by title.

The assistant legislative clerk read as follows:

A bill (H.R. 2066) to amend the National School Lunch Act to provide greater flexibility to schools to meet the dietary guidelines for Americans under the school lunch and school breakfast programs.

The PRESIDING OFFICER. Is there objection to the immediate consideration of the bill?

There being no objection, the Senate proceeded to consider the bill.

Mr. LUGAR. Mr. President, the bill before us today amends the National School Lunch Act to provide greater flexibility to school food service authorities to meet the USDA dietary guidelines for Americans. It is a positive step in providing healthy meals for our Nation's school children.

As I have stated on numerous occasions, the National School Lunch and Breakfast Programs work. School food service authorities have worked for nearly 50 years feeding millions of children each school day healthy meals. In recent years they have worked even harder to reduce the fat and sodium in the meals. I support these changes made by school food authorities to improve the nutritional profile of school meals; and I believe it is important to provide them adequate flexibility to serve meals that meet the USDA dietary guidelines for Americans and the recommended dietary allowances.

The purpose of the bill, which is similar to one introduced by the distinguished Senator from Mississippi, Senator COCHRAN, is not to delete or postpone the implementation of the dietary guidelines as contained in the Healthy Meals for Healthy Americans Act of 1994. It is, however, to provide needed flexibility and clarity to meet these requirements in a cost efficient manner. Guidelines issued by the Department of Agriculture to assist schools in meeting nutrition requirements should reflect the intent of the bill and should not require intensive paperwork or sophisticated nutrient analysis of meals prior to food service.

The U.S. Department of Agriculture recently issued a policy statement revising the instructions for crediting grains and breads in the National School Lunch Program. The policy statement is complicated and potentially costly to schools. While I support the philosophy of the Department to assist schools in meeting the dietary guidelines, I question the need for such an explicit policy statement. It is my hope that this legislation, along with assistance from the Department of Agriculture, will help school food service authorities serve meals that meet the nutritional requirements and children will eat.

This legislation has strong support from the Indiana School Food Service Association and the American School Food Service Association. It is also supported by the Clinton administration.

I urge Senators to support the bill.

Mr. COCHRAN. Mr. President, today the Senate is considering H.R. 2066, a bill that is virtually the same as S.
