By Mr. AKAKA (for himself and Mr. INOUYE):
S. J.Res. 28. A joint resolution to consent and provide for O&M of the wildlife works to district at no additional cost to the State; to the Committee on Energy and Natural Resources.

S. Con. Res. 69. A concurrent resolution expressing the sense of the Congress that the German Government should investigate and prosecute Dr. Hans Joachim Sewering for his war crimes during World War II; to the Committee on Foreign Relations.

By Mr. MURKOWSKI:
S. Con. Res. 70. A concurrent resolution directing the Clerk of the House of Representatives to make technical corrections in the enrollment of H.R. 753; considered and agreed to.

STATMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. GORTON: S. 2017. A bill to authorize the Secretary of Agriculture to exchange certain lands in the Wenatchee National Forest, Washington, for certain lands owned by Public District No. 1 of Chelan County, Washington, and for other purposes; to the Committee on Energy and Natural Resources.

LAND EXCHANGE LEGISLATION

Mr. GORTON. Mr. President, today I introduce legislation to authorize a land exchange between the Chelan County PUD, in Washington State and the U.S. Forest Service. The land exchange legislation will consolidate land for a wastewater treatment facility onto Chelan County PUD land. Chelan PUD would in turn own and operate the wastewater treatment facility, which serves the Forest Service and some of the local community.

The legislation was carefully negotiated between the Forest Service and the Chelan County PUD. The Forest Service supports the legislation, and I hope that the legislation can be enacted this year.

By Mr. GORTON:
S. 2048. A bill to approve a settlement agreement between the Bureau of Reclamation and the Oroville-Tonasket Irrigation District; to the Committee on Energy and Natural Resources.

SETTLEMENT LEGISLATION

Mr. GORTON. Mr. President, today I introduce legislation that will authorize a settlement between the Bureau of Reclamation and the Oroville-Tonasket Irrigation District in Washington state. Congressman Doc Hastings has introduced identical legislation on this subject in the House of Representatives.

This legislation will authorize a carefully negotiated settlement between the BOR and the Oroville-Tonasket Irrigation District. If enacted, this legislation will save the BOR, and therefore the Nation's taxpayers, money that would otherwise be spent fighting with the irrigation district in court. Briefly, the legislation directs the irrigation district to release and discharge all past and future claims against the United States associated with the project—seven claims—are estimated at $4.5 million. The irrigation district will assume full responsibility to indemnify and defend the United States against any third-party claims associated with the project. The irrigation district will make a cash payment of $350,000 to the United States—a condition that has already been met. The irrigation district will release the United States from its obligation to remove existing dilapidated facilities—at a cost of $150,000 in 1978. The district will also be solely responsible for the operations and maintenance of the project, and will agree to continue to deliver water to and provide for O&M of the wildlife Mitigation facilities at its own expense.

The legislation directs the BOR to release and discharge the irrigation district's construction charge obligation under the 1979 repayment contract—present value estimated at $4.2 million. Within 180 days of the date of enactment, the BOR will transfer the title of the irrigation works to district at no additional cost to the district. The BOR will continue to provide power and energy for water pumping for the next 50 year period—starting October 1990—as provided for in the irrigation discount provision in the Northwest Power Act. At the end of that 50 year period, the irrigation district will have to purchase its power at its normal cost.

Mr. President, this legislation will resolve a long standing dispute between the irrigation district and the Bureau of Reclamation that will save the taxpayers the expense of financing a long drawn out court fight. I will work with my colleagues on the Energy and Natural Resources Committee to see that this legislation is enacted this year.

By Mr. CRAIG (for himself, Mr. SIMON, Mr. THOMAS, Mr. REID, Mr. GRAHAM, Mr. AKAKA, and Mr. COHEN):
S. 2019. A bill to provide for referenda to resolve the political status of Puerto Rico, and for other purposes; to the Committee on Energy and Natural Resources.

PUERTO RICO LEGISLATION

Mr. CRAIG. Mr. President, today I am introducing legislation which would establish a congressionally recognized self-determination process to resolve the political status of Puerto Rico. This proposal is made in light of the formal request of the Legislature of Puerto Rico, expressly directed to the 104th Congress, forthwith in the 1993 plebiscite on Puerto Rico's future political status conducted under local law.

Puerto Rico Legislation Resolution 62, adopted by the elected representatives of the residents of Puerto Rico on November 14, 1994, specifically calls upon this Congress to state the "specific alternatives that it is willing to consider, and the measures it recommends to the people of Puerto Rico should take as part of the process to solve the problem of their political status." Even though time is running out on the 104th Congress, this Senator believes it would be wrong to adjourn
