THE AMERICAN PEOPLE CANNOT AFFORD ANOTHER GINGRICH CONGRESS

(Ms. DELAURO asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DELAURO. Mr. Speaker, these are the last hours of the Gingrich Congress. American families are breathing a sigh of relief that this extremist Congress is leaving town. Two years ago Republicans marched up Capitol Hill, taking over the people's House and shouting for revolution. But now the American people understand what they meant.

It meant \$270 billion cuts in Medicare to pay for a tax break for the wealthiest Americans. It meant cutting student loans by \$10 million to put college even further out of the reach of working middle-class families hoping for a shot at the American dream, and then exposing workers' pensions to raids by corporations, making retirement even less secure, rather than honoring a lifetime of hard work.

But the most amazing revelation of all comes from the House Republican whip, the gentleman from Texas, TOM DELAY, who says, "We wouldn't change a thing." The American people cannot afford another Gingrich Congress.

TIME FOR MEMBERS TO STOP PERSONAL DISPLAYS OF PARTISANSHIP AND GET ON WITH THE BUSINESS OF THE HOUSE

(Mr. LINDER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LINDER. Mr. Speaker, one more time today we have seen a pathetic dis-

play from the Democrats, who for the last 2 weeks have been demanding that a report, that now we know did not exist at the time, be published. The report was published yesterday, and we now know what it says.

It says, signed by two Democrats and signed by the special counsel:

It is important to understand that this action does not mean the subcommittee has at this point made any determination that there is reason to believe Representative GINGRICH committed any violation within the jurisdiction of this committee.

The fact of the matter is the Ethics Committee has asked for more time to look into other things. It does not say, as the gentleman from Michigan pointed out, it does not say anything about tax fraud. It does not say anything about corruption. It does not say anything about money laundering.

It says, "This action does not mean the subcommittee has at this point made any determination that there is any reason to believe that Representative GINGRICH committed any violation within the jurisdiction of the committee."

Mr. Speaker, it is time to stop the personal displays of partisanship and get on with the business of the House.

THE GREATEST ACCOMPLISHMENTS OF THE 104TH CONGRESS

(Mr. SCHUMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHUMER. Mr. Speaker, I was asked the other day, what is the greatest accomplishment of this past Congress? What came to mind was a big stop sign.

The greatest accomplishments of this Congress were stopping the extremist majority from ripping away at what the American family, the average family, needs. The greatest accomplishment of this Congress was stopping them from cutting and decimating Medicare. The greatest accomplishment of this Congress was stopping them from raping the environment. The greatest accomplishment of this Congress was stopping them from taking away the few rights that working people in America have.

Unfortunately, unfortunately, the great accomplishments of this Congress were not positive things that made the average family's life better, but were negative things: Stopping the extremist majority, the Gingrich majority, from doing things that would have helped the top few and hurt the rest of America.

Mr. Speaker, I am sure that most American families hope we will not have another 2 years of this. I am sure that most American families wish and pray that we can get back to doing certain things that will make their lives better in terms of their health and in terms of their pensions and in terms of their ability simply to pay the bills and raise their families.
