

between Portugal and the United States. Portugal is a valued trading partner and if members of the business community are able to travel to the U.S. without delaying to obtain a business, their contributions to this country will only increase. At a time when the U.S. economy is the wonder of the world and our market is truly global, our country should seek out and facilitate additional economic opportunities.

In 1974, the citizens of Portugal overthrew a dictatorship and established a democracy. Their brave actions began a wave of democratization that spread across the world and is still reverberating today. No other country reflects the principles of the United States better than Portugal. We should do everything possible to lower the barriers and strengthen the exchange between our two countries. Including Portugal in the visa waiver program is an important first step in this process.

Mr. President, I ask unanimous consent that a copy of this legislation be included in the RECORD.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:
