

adjourn on November 7, we have only 3 weeks remaining in the 1997 legislative session. We must move quickly to take action before we run out of time. I encourage the leadership to give the public what it desperately wants, campaign finance reform.

Mr. Speaker, during the next week I will be traveling throughout my district in western Wisconsin. I will have to tell the people I represent that we have failed to even consider any of the campaign finance bills we currently have pending before Congress. I know that the people of western Wisconsin will not accept this answer. The people are tired of Congress unwilling to clean up our own house. Please give us a vote on this issue.

TRIBUTE TO NORFOLK COMMISSIONER OF THE REVENUE SAM T. BARFIELD

HON. OWEN B. PICKETT

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 9, 1997

Mr. PICKETT. Mr. Speaker, I rise to pay tribute to the Honorable Sam T. Barfield, who is retiring this year after serving as commissioner of the revenue of the city of Norfolk for the past 28 years.

Sam was born in Charleston, SC in 1917. He enlisted in the U.S. Marine Corps in 1941 and was discharged 5 years later with honors and the rank of major. He entered private business in Norfolk, VA following his service in the Marine Corps and has continued to live there until the present.

He began his public service work early in his business career by serving on the board of directors for the Norfolk Chamber of Commerce from 1949 until 1968. He also sought public office and was elected to the Norfolk City Council, where he served from 1959 to 1969. During the difficult period following the Supreme Court decision in 1954 abolishing segregation in public schools, Sam took a public stand in favor of integrating the Norfolk city schools in order to keep them open.

He has been instrumental in the planning and construction of many downtown Norfolk landmarks, including Scope, Chrysler Hall, and the City Hall Complex.

He was elected to the office of commissioner of the revenue in 1969. One of his first innovations was the introduction and use of paper decals on windshields in place of metal city plates which resulted in a considerable cost savings to the taxpayers.

As commissioner, Sam worked cooperatively with the State's Governors, general assembly, and congressional delegation to effect tax reform, obtain payments in-lie of taxes for federally-owned property, and protect the role of the commissioners of revenue under the Virginia Constitution. He also served as president of the commissioners of the Revenue Association and the Virginia Association of Locally Elected Constitutional Officers.

Sam was outspoken and colorful politician who enjoyed people and took great pride in his community and his work. I know that his many friends and admirers join me in saluting him for his long, dedicated, and loyal public service.

HONORING PROJECT INFO COMMUNITY SERVICES, INC. ON THE OCCASION OF ITS 25TH ANNIVERSARY, AND MOCTESUMA ESPARZA AND DR. NELBA CHAVEZ

HON. ESTEBAN EDWARD TORRES

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 9, 1997

Mr. TORRES. Mr. Speaker, I rise today to recognize an outstanding and invaluable community service organization, Project INFO, located in my congressional district. On Thursday, October 9, 1997, Project INFO will celebrate 25 years of dedicated community service.

Established in 1972 as a private nonprofit organization, Project INFO responded to the call for help from the Whittier Union High School District to assist in the prevention of student drug abuse. Since its inception, its purpose has been to strengthen the family unit by promoting mental health and well-being through proactive programs of education, prevention, and early intervention, and to strengthen the individual through personal development. Project INFO programs are particularly sensitive to the multicultural communities it serves.

Since 1972, Project INFO has expanded its services in a variety of areas to meet the needs challenging today's families. Most services are delivered by bilingual/bicultural staff. Project INFO offers eight different programs.

Windows/Ventanas is a program which works with families on developing communication skills. This program has been honored by State and national organizations for its effectiveness in the prevention of substance abuse through the strengthening of families.

Through drop-in centers located in the cities of El Monte, La Puente, and Glendora, Community Prevention and Recovery Programs [CPRP] offers a full range of alcohol prevention and recovery services. Each site has tailored a program to address its community's needs. At the El Monte site a domestic violence program for "batterers" called Domestic & Other Violence Education [DOVE] has been created to address the needs expressed by the judicial system and the community. The La Puente site initiated a Youth Federation to develop student leadership and Glendora has created a support group for middle school children.

Serving People In Recovery & In Transition [SPIRIT] is an outpatient drug free counseling program for recovering addicts and their families. This program is offered for both juveniles and adults. Counseling services are offered in all six schools of the Whittier Union High School District.

Building Employment Skills Training [BEST] is a program funded by the Job Training Partnership Act to provide job training and placement for economically disadvantaged individuals through partnerships with private employers.

Assistance with Alcohol and Sobriety Uniting Latinas [AASUL] is a media campaign designed to educate Latinas in California about alcohol abuse and related problems and offers a network of support services.

Child Abuse Risk Intervention and Neighborhood Outreach [CARINO], Spanish for "tender

affection", is a program that works with families to prevent and break the cycle of child abuse.

Challenging Latinos to Access Resource Opportunities [CLARO] uses positive role models and culturally appropriate support groups to challenge high-risk male youth to explore alternatives and prevent involvement in gang, alcohol and drug abuse, premature and/or irresponsible sexual activity and teen pregnancy. A pilot program, Self Empowerment Resources to Educate, Nurture and Advocate [SERENA], was developed to address, in a gender appropriate manner, the prevention strategies of CLARO for high-risk female youth.

Community Organizations Linking Optimum Resource Services [COLORS] is a family preservation program designed to provide a strong base of support for families dealing with abuse and neglect.

To celebrate the 25th anniversary of Project INFO, a special dinner will be held tonight. The theme of this year's celebration is "Twenty-Five Years of Touching Lives." Through its outstanding programs, Project INFO has provided exemplary service, addressing the vast and difficult barriers that our young people and families confront each day. Fortunately for those youth and families in need of assistance and guidance, for 25 years Project INFO has remained solidly committed to reaching out and touching those lives.

Also, tonight, Project INFO will honor Moctesuma Esparza and Dr. Nelba Chavez for their contributions to Project INFO and its mission. Moctesuma Esparza, a well known talented movie producer, has dedicated his time as a guest speaker at the Project INFO youth conferences, leaving a lasting impression on the youth participants. Dr. Nelba Chavez, Administrator for Substance Abuse and Mental Health Services Administration, Department of Health and Human Services, has been a strong supporter of Project INFO and has spoken at several conferences for women sponsored by Project INFO.

Mr. Speaker, it is with pride that I rise to recognize Project INFO for its 25 years of unwavering dedication to the needs of our youth and families and tonight's honorees, Moctesuma Esparza and Dr. Nelba Chavez. I ask my colleagues to join me in saluting this fine organization and sending our gratitude and congratulations to the honorees and Project INFO on its 25th anniversary.

THE SENIOR CITIZEN
RESPIRATORY CARE ACT OF 1997

HON. CHRISTOPHER H. SMITH

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 9, 1997

Mr. SMITH of New Jersey. Mr. Speaker, today I am introducing legislation to restore Medicare coverage for ultrasonic nebulizers—medical devices used to treat patients with severe asthma, cystic fibrosis, chronic obstructive pulmonary disease [COPD], and other respiratory diseases.

In April 1997, the Durable Medical Equipment Carriers [DMERC's], under the authority of the Health Care Financing Administration [HCFA], made a significant change in Medicare reimbursement policy that will put senior
