

(5) The Administrator has acknowledged that in drawing boundaries for attainment and nonattainment areas for the July 1997 ozone national air quality standards, Governors would benefit from considering implementation guidance from EPA on drawing area boundaries;

(b) The purposes of this title are—

(1) To ensure that three years of air quality monitoring data regarding fine particle levels are gathered for use in the determination of area attainment or nonattainment designations respecting any PM_{2.5} national ambient air quality standards;

(2) To ensure that the Governors have adequate time to consider implementation guidance from EPA on drawing area boundaries prior to submitting area designations respecting the July 1997 ozone national ambient air quality standards;

(3) To ensure that implementation of the July 1997 revisions of the ambient air quality standards are consistent with the purposes of the President's Implementation Memorandum dated July 16, 1997.

PARTICULATE MATTER MONITORING PROGRAM

SEC. 2. (a) Through grants under section 103 of the Clean Air Act the Administrator of the Environmental Protection Agency shall use appropriated funds no later than fiscal 2000 to fund one hundred percent of the cost of the establishment, purchase, operation and maintenance of a PM_{2.5} monitoring network necessary to implement the national ambient air quality standards for PM_{2.5} under section 109 of the Clean Air Act. This implementation shall not result in a diversion or reprogramming of funds from other Federal, State or local Clean Air Act activities. Any funds previously diverted or reprogrammed from section 105 Clean Air Act grants for PM_{2.5} monitors must be restored to State or local air programs in fiscal year 1999.

(b) EPA and the States shall ensure that the national network (designated in section 2(a)) which consists of the PM_{2.5} monitors necessary to implement the national ambient air quality standards is established by December 31, 1999.

(c) The Governors shall be required to submit designations for each area following promulgation of the July 1997 PM_{2.5} national ambient air quality standard within one year after receipt of three years of air quality monitoring data performed in accordance with any applicable federal reference methods for the relevant areas. Only data from the monitoring network designated in section 2(a) and other federal reference method monitors shall be considered for such designations. In reviewing the State Implementation Plans the Administrator shall take into account all relevant monitoring data regarding transport of PM_{2.5}.

(d) The Administrator shall promulgate designations of nonattainment areas no later than one year after the initial designations required under paragraph 2(c) are required to be submitted.

(e) The Administrator shall conduct a field study of the ability of the PM_{2.5} Federal Reference Method to differentiate those particles that are larger than 2.5 micrograms in diameter. This study shall be completed and provided to Congress no later than two years from the date of enactment of this legislation.

OZONE DESIGNATION REQUIREMENTS

SEC. 3. (a) The Governors shall be required to submit designations of nonattainment areas within two years following the July 1997 promulgation of the revised ozone national ambient air quality standards.

(b) The Administrator shall promulgate final designations no later than one year after the designation required under paragraph 3(a) are required to be submitted.

ADDITIONAL PROVISIONS

SEC. 4. Nothing in sections 1-3 above shall be construed by the Administrator of Environmental Protection Agency or any court, State, or person to affect any pending litigation.

ADDITIONAL STATEMENTS

NATO ENLARGEMENT: A HISTORIC BLUNDER

● Mr. MOYNIHAN. Mr. President, in this morning's New York Times, Thomas L. Friedman has written a powerful critique of what he calls "fumbling on NATO expansion." In it he refers to a letter in the spring issue of The National Interest from George F. Kennan who warns that NATO expansion is an historic blunder. Ambassador Kennan's letter came in response to an article by Owen Harries, editor of The National Interest, on "The Dangers of Expansive Realism" in the current, winter issue of The National Interest.
