Carlow College's Continuing Education Programs

Hon. William J. Coyne

IN THE HOUSE OF REPRESENTATIVES

Friday, October 9, 1998

Mr. COYNE. Mr. Speaker, I rise today to honor Carlow College for its efforts in making education available to more working adults. Carlow College, located in Pittsburgh, Pennsylvania, was founded in September 1929, as a Catholic institution primarily for women. Education is very important in today's rapidly changing society. For the past twenty years, Carlow College has continued to make education accessible throughout the Pittsburgh region with the Carlow Weekend College program, started in 1976, and the Carlow Accelerated Program, which began in 1988. These programs give students the choice of either evening courses in the Accelerated Program or weekend classes in the Weekend College. Classes are offered during times that are convenient for most working adults, so that they may continue their education without quitting their regular jobs. This enables many working adults to complete a bachelor's degree. Students may also attend courses designed to upgrade their technical and management skills.

These programs today have 1,100 students and 12 majors. Classes are now offered at nine locations, and the College is currently working to take advantage of the Internet by offering courses on-line. I want to call national attention to these innovative programs at Carlow College. As Congress works to expand the knowledge and skills of the American workforce, it should look at some of the ground-breaking programs that are already underway at institutions like Carlow. Thank you.

Clay High School in Oregon, Ohio to Rededicate the Clay Memorial Stadium

Hon. Marcy Kaptur

IN THE HOUSE OF REPRESENTATIVES

Friday, October 9, 1998

Ms. KAPTUR. Mr. Speaker, I would like to take this opportunity to recognize the administration, faculty, staff, students and families of Clay High School in Oregon, Ohio. On October 9, 1998, the Clay High School community will rededicate the Clay Memorial Stadium. In December, 1941, our nation entered the greatest conflict in human history. Young people from all walks of life served in our armed forces. Many soldier, sailors, airmen and marines came from the Oregon, Ohio, area and served with honor and distinction as we freed the world of Axis terror and fascism. Some of these young people never returned. They gave their lives for freedom with the hope that our nation and their community would always cherish the gifts that America offers.

It was in this spirit that the Oregon, Ohio, community dedicated the Clay Memorial Stadium in 1948, to the young men and women who gave their lives in defense of liberty. This year marks the 50th Anniversary of the stadium. The Clay High School family and the Oregon community at large are now embarking on a renovation project to make the stadium one of the finest in the state. The community also plans to add memorials to those who served in Korea, Vietnam and the Gulf War. The renovated stadium promises to be a renewed memorial to those who have made the supreme sacrifice and a symbol of youth and hope as we enter the 21st Century.

Mr. Speaker, as the Congressional author of legislation to create a national World War II
Memorial it gives me much pride to represent the citizens of Oregon, Ohio in this great House. They and the nation will never forget the sacrifice of the millions of men and women who gave their lives to freedom in the victory over tyranny that defined world history for the 20th century.

Our community extends warm appreciation to the citizens of Oregon, Ohio as they re dedicate the Clay Memorial Stadium.

Ms. Peacock is from Stuttgart, AR, the “Duck and Rice Capital of the World.” It is partly because of Ms. Peacock and her am bacterial role that Stuttgart and the Grand Prairie are known far and wide as the only place to be, for at least a few days, during duck hunting season.
