NOT VOTING—3

Myrick Pitts Vento

□ 1534

Mr. HAYWORTH changed his vote from "yea" to "nay."

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. VENTO. Mr. Speaker, I was unavoidably detained for Roll Call Vote No. 56 on March 17, 1999. Had I been present for this vote on H.R. 975, the Steel Recovery Act, I would have voted "yes."

CONGRATULATIONS TO AMERICAN COLLEGE OF SPORTS MEDICINE ON NEW HEADQUARTERS IN INDIANAPOLIS

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Indiana (Ms. CARSON) is recognized for 5 minutes.

Ms. CARSON. Mr. Speaker, I rise today to congratulate the American College of Sports Medicine on the completion of a vast new addition to its headquarters building in Indianapolis.

In the early 1980s, Indianapolis' corporate leaders and city officials advanced a visionary plan to make the city the amateur sports capital of the Nation.

We have had immense support from the corporate community in Indianapolis. On December 15, 1983, Mayor William Hudnut broke ground for the ACSM National Center, which has become one of the anchor projects of the Canal area redevelopment. He referred to it as "A cornerstone in the Amateur Sports Capital."

Mr. Speaker, I want to congratulate the American College of Sports Medicine on the completion of a vast new addition so that it would be able to advance the immense amount of work that it has done in terms of sports medicine.

The new wing will accommodate a video-conferencing center and more office space for the growing staff at the national headquarters of the world's premier sports medicine and exercise science organization.

The ACSM is a worldwide leader in the advancement of sports medicine, exercise science, physical activity, and health. The ACSM works closely with diverse organizations, including the Centers for Disease Control and Prevention, the American Heart Association, and the Department of Health and Human Services. The ACSM is an association of people and professions sharing a commitment to explore the use of medicine and exercise to make life healthier for all Americans. ACSM is an organization founded in 1954 and committed to the diagnosis, treatment, and prevention of sports-related injuries and to the promotion of physical activity. ACSM's mission is to promote and integrate scientific research, education, and practical applications of sports medicine and exercise science to maintain and enhance physical performance, fitness, health, and quality of life.

ACSM is the largest sports medicine and exercise science association in the world. Its more than 17,500 members worldwide work in a variety of medical specialties, allied health professions, and scientific disciplines. College members are divided into the following three categories: medicine, basic and applied science, and education and allied health.

The ACSM Board of Trustees was approached with a proposal to relocate its National Center from Madison, Wisconsin to Indianapolis. The Trustees agreed to move the American College of Sports Medicine to Indianapolis, lending the organization's considerable prestige to the city's growing reputation as the home of amateur sports in the United States.

In October of 1984, the building was ready for occupancy, thanks to major contributions from Lilly Endowment, Krannert Charitable Trust, City of Indianapolis, William B. Stokely Jr. Foundation, Eli Lilly Company Foundation, The Quaker Oats Company, and Nautilus, along with those from generous ACSM members.

In 1998, the College broke ground for a much-needed expansion to its Canal headquarters, dramatically increasing its programs and activities. The expansion, finished in January 1999, now houses a state-of-the-art videoconferencing center and several other amenities that support its worldwide reputation as the "gold standard" for sports medicine and exercise science. A 35-person staff and \$6 million budget round out its Indianapolis presence.

ACSM's important work and innovations have improved the quality of life for Hoosiers and all Americans. I congratulate the organization on all of its accomplishments and for the significant contributions it continues to make to the Indianapolis community.

SPECIAL ORDERS

The SPEAKER pro tempore (Mr. PEASE). Under the Speaker's announced policy of January 6, 1999, and under a previous order of the House, the following Members will be recognized for 5 minutes each.
