

county, Mr. Schuette has shown great commitment to serving the region where he was raised.

During his years of public service, Mr. Schuette has been an integral part of many committees that have seen Outagamie county become one of the fastest growing regions in Wisconsin. He has been a member of the Property Committee and witnessed the county's first recycling facility and the purchase and acquisition of land for public parks. While on the legislative committee, he saw region become more politically active on the state level as the area grew and became more prosperous. In the final two years of his career, he attained the venerable position of County Executive.

Mr. Schuette is also a patriot. For nine years he served as a sergeant and drill instructor with the United States Marine Corps. After leaving the Marines, he continued his commitment to the armed forces with the United States Army Reserves, serving for 19 years and achieving the rank of Sergeant First Class.

James Schuette is an exemplary member of the Outagamie County community and a tribute to his country. We must applaud his dedication and devotion to the community where he grew up as we wish James all the best for his retirement and congratulate him on his many years of service in our State.●

THE RETIREMENT OF DAVID WOLFE

● Mr. COCHRAN. Mr. President, I bring to the Senate's attention the retirement of Mr. David Wolfe, the Deputy District Engineer for Project Management at the Memphis District of the U.S. Army Corps of Engineers.

Mr. Wolf held several positions during his 39 years with the District, including Assistant Chief of Planning Division, Chief of the Information Management Office, and Chief of the Planning Division. He has served as Deputy District Engineer since 1994.

During his time at the Memphis District, Mr. Wolf initiated several projects unique to the District and the Corps of Engineers. The Grand Prairie Region and Bayou Meto Basin, Arkansas Project provides irrigation for agriculture and reverses the depletion of groundwater supply in central Arkansas. The Magnolia Street Project in Hickman, Kentucky is a soil-saving, bluff stability project. Serving as a member of the Mississippi Valley Division's Resource Management Board, Mr. Wolfe led the merging of Memphis District's Planning Division with the Programs and Project Management Division.

Mr. Wolfe's outstanding technical and leadership capabilities have made him a vital resource for my office and the people of Mississippi. In particular, he should be recognized for his assistance to the flood control needs of northwest Mississippi.

Upon his retirement on March 31, 1999, Mr. Wolfe was presented with the Bronze de Fleury Medal in recognition of his contributions to the Engineer Regiment.

I know that all Senators join me in thanking David for his many years of service and in wishing him our best for his retirement.●

ERIC TYLER, THE NEWEST MEMBER OF THE STEPHENSON FAMILY

● Mr. BENNETT. Mr. President, I would like to recognize an exceptionally special event that occurred yesterday, April 19, 1999. John Stephenson, Deputy Staff Director for the Senate Special Committee on the Year 2000 (Y2K) Technology Problem, and his wife welcomed the arrival of Eric Tyler, the newest member of the Stephenson family. Eric arrived yesterday at 11:53 a.m. weighing in at a healthy 6 pounds 15 ounces and measuring 19 inches long. I am extremely pleased to offer my sincere congratulations to John, Penny, and Eric's older sister, Kaitlyn.

I must say that the staff leadership within the Y2K committee has been a prolific one. Late last year on September 17, 1998, Robert Cresanti, Committee Staff Director, and Colleen, his wife, introduced Katja Maria, their first-born child, who arrived measuring 20.5 inches and a hearty 8 pounds 10 ounces. This is an excellent opportunity to express my personal heartfelt congratulations to Robert and Colleen.

As I ponder these events, I wonder if there is any connection to the fact that we now have another member of the committee professional staff that is expecting their third child. You might question if the due date is targeted for January 1, 2000. I will tell you that at this point, the expected delivery date is much earlier, November 26th. We will anxiously await yet another addition to the committee staff's offspring.●

REGISTRATION OF MASS MAILINGS

The filing date for 1999 first quarter mass mailings is April 26, 1999. If your office did no mass mailings during this period, please submit a form that states "none."

Mass mailing registrations, or negative reports, should be submitted to the Senate Office of Public Records, 232 Hart Building, Washington, DC 20510-7116.

The Public Records office will be open from 8:00 a.m. to 6:00 p.m. on the filing date to accept these filings. For further information, please contact the Public Records office at (202) 224-0322.

PERSONAL FINANCIAL DISCLOSURE

Financial Disclosure Reports required by the Ethics in Government

Act of 1978, as amended and Senate Rule 34 must be filed no later than close of business on Monday, May 17, 1999. The reports must be filed with the Senate Office of Public Records, 232 Hart Building, Washington, DC 20510. The Public Records office will be open from 8:00 a.m. until 6:00 p.m. to accept these filings, and will provide written receipts for Senators' reports. Staff members may obtain written receipts upon request. Any written request for an extension should be directed to the Select Committee on Ethics, 220 Hart Building, Washington, DC 20510.

All Senators' reports will be made available simultaneously on Friday, June 11. Any questions regarding the availability of reports should be directed to the Public Records office (224-0322). Questions regarding interpretation of the Ethics in Government Act of 1978 should be directed to the Select Committee on Ethics (224-2981).

S. 507—WATER RESOURCES DEVELOPMENT ACT OF 1999

On April 19, 1999, the Senate passed S. 507, the Water Resources Development Act of 1999. The text of the bill follows:

S. 507

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "Water Resources Development Act of 1999".

(b) TABLE OF CONTENTS.—The table of contents of this Act is as follows:
