**H.R. 2439, PREVENTING EXHAUSTION OF TELEPHONE NUMBERS AND SAVING MONEY**

(Mr. KUCINICH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KUCINICH. Mr. Speaker, for all Americans who are struggling with new telephone area codes, I have introduced a bill, H.R. 2439, to prevent the exhaustion of telephone numbers and save the economy about \$150 billion in emergency remedial measures.

If the rate at which new telephone area codes are being introduced continues, we may run out of area codes as soon as the year 2007. If that occurs, we would be forced to add one more digit to all U.S. phone numbers. The FCC and other reliable sources estimates that the cost to the economy of adding an extra digit to all telephone numbers and reprogramming all computer networks and databases to recognize the expanded numbering format could be as high as \$150 billion, which is about the same cost as fixing the Y2K bug.

□ 1030

But unlike the Y2K problem, the coming crisis in telephone number allocation is entirely preventable. My bill requires the telephone company to stop wasting potential telephone numbers. It promotes competition by ensuring that consumers can take their telephone numbers with them if they choose to switch carriers. It restores the ability of consumers to dial only seven digits and reach anyone in their area code. And it will save the economy \$150 billion in unproductive emergency and preventable remedial action.

**AMERICA SCREAMS OUT FOR US TO PROTECT OUR YOUTH**

(Ms. EDDIE BERNICE JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Speaker, it is troubling, and there is a difference between the two parties. The Democrats want to try to solve Social Security, improve Medicare, and try to secure our youth from guns.

Each day in America 14 kids age 19 and under are killed by guns. In 1996, almost 5,000 juveniles were killed with a firearm. In 1997, 84 percent of the murder victims age 13 to 19 were killed with guns.

Mr. Speaker, 59 percent of the students in grades six through twelve know where to get guns if they want one. And it seems that no one cares about how many they get. Two-thirds of these students say they can acquire a firearm within 24 hours.

It is time, Mr. Speaker, that we address this issue and get on with the

concerns of the American people. Kids and guns do not mix, yet Republicans refuse to consider common sense gun safety measures that would only serve to protect kids. It is time for us to do it, Mr. Speaker. America screams out for us to protect our youth.

**NO REASON FOR DEMOCRATS TO VOTE DOWN GUN CONTROL BILL**

(Mr. SMITH of Michigan asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Michigan. Mr. Speaker, I would like to follow up the gentlewoman from Texas (Ms. EDDIE BERNICE JOHNSON) on the gun issue.

Many of us felt that it was important to close the loophole at gun shows. The question and the argument centered around the question—Is 24 hours reasonable to have a criminal history check?

I am from Michigan. In Michigan we have required a criminal history check to purchase a hand gun for the last 50 years. So the reasonableness of keeping guns out of the hands of felons is something I think most of us should agree on.

To close the loophole, at gun shows where individuals that are not licensed gun dealers sell guns to other individuals at the show, a law change is necessary. The suggestion that came from the Democratic side of the aisle to require 24 hours for a criminal history check.

I called the FBI. They reported that with the current 3 days, sometimes they miss that an individual has committed a felony. But what happens is the FBI immediately call the ATF, the local law enforcement, because they have committed two felonies. Once in their certification and once taking possession of a gun. They immediately go after them. They prosecute them. They confiscate the gun.

There was no reason for the Democrats to have voted down this gun control bill that would have closed this gun show loop-hole.

**REPUBLICAN TRILLION-DOLLAR TAX BILL IS A DISGRACE**

(Mr. LEWIS of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LEWIS of Georgia. Mr. Speaker, the Republican trillion-dollar tax bill is a disgrace. It is the height of irresponsibility. It is a trillion-dollar giveaway to the special interests and the high-rollers.

The Republican plan does nothing to protect Social Security. The Republican plan does nothing to strengthen Medicare. The Republican tax scheme does nothing to reduce our national debt.

We are at a crossroads in America. We have an historic opportunity to preserve and protect Social Security, to

strengthen Medicare, and to pay down this awful national debt. We should not, we cannot, and we must not let this historic opportunity pass us by.

We have balanced our national budget. We have put our economic house in order. The Republican tax scheme is irresponsible. It does not address our needs, and it will lead us down the road to economic disaster. The Republican plan is a dangerous and dark step backwards. It should be and it must be defeated, Mr. Speaker.

**REPUBLICANS BELIEVE AMERICANS CAN BEST DECIDE HOW TO SPEND THEIR MONEY**

(Mr. HAYES asked and was given permission to address the House for 1 minute.)

Mr. HAYES. Mr. Speaker, I rise today to simply say, my colleague is wrong. My colleague is questioning the motives of his friends and mine on the other side of the aisle.

We simply say this is the American people's money. They deserve to have it back. It is a very simple story. It is not about motives. It is about the fact that it is their money, they should have it back. It is not where it goes. It is whose it is. It is the American people's money. We have taken it from them.

We firmly believe on our side of the aisle that the American people can best decide how to spend their money, not the Government, not a group of bureaucrats in Washington.

**HMO REFORM**

(Mr. LAMPSON asked and was given permission to address the House for 1 minute.)

Mr. LAMPSON. Mr. Speaker, I rise this morning to ask my colleagues to stop lollygagging around and to pass meaningful HMO reform as quickly as possible.

Hundreds of Medicare beneficiaries have been dumped by their Medicare HMOs in Texas. Three healthcare plans that I know of, and there could easily be more, have decided not to renew their contracts with the Healthcare Financing Administration.

This is why Medicare HMO reform is needed ASAP. Congress needs to step up to the plate and enact legislation that ensures quality healthcare coverage for all our Nation's elderly. We need to make sure that treatment decisions are made by doctors, like my brother, not insurance company bureaucrats. Plus, we need to hold HMOs accountable for healthcare decisions that people or their doctors disagree with. We must keep Medicare HMOs at the forefront of this Congressional agenda.

**LET US NOT GO OVERBOARD WITH IRRATIONAL TAX CUTS**

(Mr. MORAN of Virginia asked and was given permission to address the

House for 1 minute and to revise and extend his remarks.)

Mr. MORAN of Virginia. Mr. Speaker, our message today is really directed at the majority. We are asking them not to shoot themselves in the foot, not to let this wonderful economy be dissipated by policies that are contrary to the public interest, tax cut policies that are counterproductive at best and severely damaging to our economy at worst.

We know that we are enjoying the finest economy that this country has ever experienced. And it can be a sustainable economy. We have had a decade of unprecedented profits and productivity with low inflation and high employment.

The only thing that could kill that prosperity now is a tax cut that was too deep, that was irrational, that gave relatively small amounts of benefit to a lot of people who need them the least. The fact is that too deep a tax cut will arrest the kind of controlled inflation and low unemployment that we are now experiencing. An \$800-billion tax cut is too deep.

We can responsibly target our tax cuts and achieve more at 1/3 the revenue cost. We can keep this economy going. We can keep inflation low. Do not give Mr. Greenspan reason to increase interest rates. We have got a good thing going. Let us keep it going. Do not go overboard with an irrational tax cut.

#### THE JOURNAL

The SPEAKER pro tempore (Mr. HEFLEY). Pursuant to clause 8 of rule XX, the pending business is the question of agreeing to the Speaker's approval of the journal.

The question is on the Speaker's approval of the Journal of the last day's proceedings.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. HAYES. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 346, nays 53, answered "present" 2, not voting 33, as follows:
