

Commission for 16 years. He is Chairperson of the Board of the Metropolitan Flood Control District which is instrumental in developing new parks, is past president and board member of Central California Hispanic Chamber of Commerce. Mr. Franco enjoys working for the benefit of children and serves as a board member of Genesis, Inc., a group home for girls that also provides substance abuse counseling for women.

Dr. Orozco is Professor Emeritus at CSUF's School of Education. In 1980 in Utah he discovered the origins of the Nahuatl people, the ancestors of the Anasazi and Aztecs, and has repeatedly visited the sites. One of his proudest accomplishments was proposing the name of Miguel Hidalgo Elementary School which was the first school in Fresno to be named for a Hispanic, and this effort was partially responsible for his receiving the National Association for Bilingual Education's "Pioneer In Bilingual Education Medal" in 1997. Dr. Orozco published a book explaining the details of the Sun Stone of the Mexicas and the Aztec Calendar and in 1998 published (in Spanish) the essence of his research on the work of Lic. Alfonso Rivas Salmon which dealt with the origins of the Nahuatl people.

Mr. Speaker, I want to recognize the contributions of Judge Jane Cardoza, Pilar De La Cruz, RN, Gabriel Escalera, Frank C. Franco, and Dr. Cecilio Orozco for the month of September, Hispanic-American Heritage Month. These honorees will be recognized at a luncheon on September 13, 1999. I urge my colleagues to join me in wishing these honorees many more years of continued success.

HONORING LARRY KATZ ON HIS
RETIREMENT

HON. BENJAMIN L. CARDIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. CARDIN. Mr. Speaker, I rise today to laud the life and accomplishments of my constituent and friend, Lawrence M. Katz, who retires today as a partner at the Baltimore law firm of Piper and Marbury.

Larry and I met at University of Maryland Law School where he distinguished himself as Articles Editor of the Maryland Law Review. After graduating from Maryland, Larry went on to complete an LL.M. degree in Taxation at New York University.

Experienced in all areas of federal income taxation, Larry has taught and advised me personally and professionally. While Larry serves on the Tax Advisory Committee of the American Law Institute, he also finds time to advise me as part of my constituent Tax Advisory Committee that meets a couple of times a year to hear about what Congress is proposing and to advise me about the virtues and possible pitfalls of these decisions. I can always count on him for a concise explanation of how the tax laws work, as well as straightforward, common sense advice on how, in a rational world, they should work.

Larry's knowledge and expertise in the law is exceeded only by the remarkable range of his curiosity, interest, exceptional good judgment. His fascination with the workings of the political system, and the Congress in particular, has significant consequences for me

as his representative and his friend. Larry regularly shares with me articles he has read—from various tax journals—on matters of tax policy from the most arcane aspects of partnerships law to the need for comprehensive reform of our federal tax system. His questions and comments on the latest legislative and political actions demonstrate an acute understanding of Washington—I am sure it is this understanding which has kept him quite happily in Baltimore all these years.

I have been fortunate to have the benefit of Larry's legal counsel for the past thirty years. Even when Myrna and I vacation with Larry and his wife, Ann, down in Long Boat Key, I can count on Larry to bring his files with him—that way he gets to bill me and vacation with me at the same time. Before Myrna and I make vacation plans, we check with Larry, who serves as our amateur travel agent and photographer. Before we plant anything in our garden, we consult our resident horticulturist. Before we make any investment decisions, we check with our special financial adviser.

Larry Katz is listed in The Best Lawyers in America, a designation he richly deserves. I am grateful to know first-hand that if they publish The Best Friends in America, he has earned the right to be listed in the first chapter. As he retires, I thank Larry Katz for being a trusted adviser and friend and to congratulate him on a job well done.

CLEVELAND CLINIC CHILDREN'S
HOSPITAL FOR REHABILITATION

HON. STEVE C. LATOURETTE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. LATOURETTE. Mr. Speaker, it is with great pride that I announce the renaming of Health Hill Hospital for Children to the Cleveland Clinic Children's Hospital for Rehabilitation.

Since 1998, Health Hill Hospital for Children has been part of the Cleveland Clinic Health System. Devoted entirely to pediatric development, Health Hill has one of the largest teams of pediatric therapists in the nation. In addition to being one of the world's preeminent medical research and educational facilities, the Cleveland Clinic Health System is northeast Ohio's foremost provider of comprehensive medical and rehabilitative services to children requiring long-term treatment. Not only does the hospital's pediatric staff provide excellent care to critically ill and disabled children, but they do so in a comforting and caring environment that eases the children's fears and worries.

The primary goal for Health Hill is to create a more independent lifestyle for these children and their families. For example, by providing unique programs, like the Day Hospital Program, children can receive daily intensive therapy without having to be hospitalized. Day Hospital patients receive therapy, nursing and medical care, yet are able to return home to their families each evening and weekend. Providing patients with the opportunity to maintain their routines and home lives is so important in making a sick child feel as "normal" as possible. The hospital serves children with a variety of illnesses, ranging from spinal cord and head injuries, respiratory problems, feeding

disorders, and burns to chronic or congenital medical conditions.

Mr. Speaker, Health Hill Hospital has proven to be more than just a "hospital." Their commitment to providing the highest standards of medical services for special needs children is why they continue to be a shining example of one of the best children's specialty hospitals. Cleveland Clinic Children's Hospital for Rehabilitation is affiliated with the renowned Cleveland Clinic Foundation, ranked among the ten best hospitals in the nation by U.S. News and World Report's annual guide to "America's Best Hospitals." It is exciting to see the resources of this prestigious hospital devoted to the care of children.

Again, I am honored to announce the Cleveland Clinic Children's Hospital for Rehabilitation's new designation, and commend the Foundation's outstanding achievements throughout the past 78 years.

JACK LASKOWSKI: A TRUE
LEADER WILL BE DEARLY MISSED

HON. JAMES A. BARCIA

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. BARCIA. Mr. Speaker, on August 8, 1999, friends, family and brothers and sisters of the United Auto Workers lost a great man with the passing of Jack Laskowski. For more than 40 years, he worked in the automotive industry from his first days at General Motors Powertrain in Bay City to his more recent position as a Vice President for the UAW, and the lead negotiator with DaimlerChrysler.

It has been my privilege to know Jack Laskowski. As my mentor, he helped me to truly understand the importance of staying connected with the people we represent. As a friend, he has helped me and so many others understand that anything worth having is worth fighting for as a matter of principle. He carried that attitude throughout everything he did.

A UAW Member since 1958, Jack was elected to Local 362's bargaining committee in 1965. The Committee was headed by his father, Walter "Bullet" Laskowski, who himself was the Local's first chairman and participated in the 1936 strike at the plant that led to the formation of the Local. Jack was also interested in politics and served a term as a City Commissioner of Bay City from 1968 through 1971. In 1982, Jack was named regional director and, in 1992, he was elected as the Director of UAW Region 1D. He was then elected Vice President of the United Auto Workers at its 31st Constitutional Convention in 1995.

Jack Laskowski had a tremendous ability to understand and appreciate the problems that people face in their every day lives. Whether it was the need for a better wage, safer working conditions, or helping his union brothers and sisters deal with the needs of their children, Jack Laskowski could always be counted on to be part of the solution.

Those of us in public office in Michigan knew how important and vital help from Jack Laskowski could be. He looked at politics as an important extension of his efforts to help make life better for his union brothers and sisters. Some things the company and union could do. Other things needed help from the government. It was part of his life's work to
