HONORING THE NATIONAL CHAMBER ORCHESTRA OF ARMENIA

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to honor the National Chamber Orchestra of Armenia (NCOA) for their performances around the world and genuine cultural representation of their country.

The NCOA consists of 25 of the most accomplished instrumentalists in the young republic under the baton of Artistic Director and Principal Conductor Aram Gharabekian. They have been honored with great success in the past, such as representing Armenia in 1997 at the Cultural Capital of Europe Festival in Thessaloniki, Greece. And in December 1998, the orchestra released a compact disk through PolyGram/Germany presenting a synthesis of

ancient and contemporary works of Armenian composers. At home, the NCOA performs every third week at the Komitas Chamber Music Hall in Yerevan. In addition, the orchestra performs around the globe and has toured Europe, South America, and the United States.

Conductor Gharabekian was born in the Old World in 1955 and moved to the United States as a youth. He received his Master's Degree in Music Composition from the New England Conservatory of Music in Boston and engaged in postgraduate studies at Mainz University in Germany. Maestro Gharabekian's numerous honors include the Lucien Wulsin Performance Award for the best concert aired on National Public Radio; the American Society of Composers' Award for adventuresome programming; the Harvard Music Association's "Best Performance Award," and the Boston Globe's "Best of the Year" designation.

Mr. Speaker, it is my pleasure to honor the achievements of the National Chamber Orchestra of Armenia, for being one of the leading instrumental groups of the Republic of Armenia and sharing such beautiful cultural music across the world. It is Principal Conductor Aram Gharabekian's exceptional leadership and devotion that has warranted this recognition, and has lead to the success of the orchestra. I ask my colleagues to join me in wishing the National Chamber Orchestra of Armenia and Conductor Gharabekian many more years of continued success.

HONORING COAST GUARD VOLUNTEER JIM CLOUD

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. THOMPSON of California. Mr. Speaker, I am pleased to join the citizens of Crescent City in honoring Jim Cloud, who for 6 years served without pay as Crescent City Harbor's sole marine safety examiner for the U.S. Coast Guard.

During the August district work period, Jim was honored by his volunteer peers and the Coast Guard for his dedication to marine safety. Indeed, Jim was known for taking his job seriously and, as the Coast Guard said during the ceremony honoring him, Jim "contributed to the overall safety of more than 425 fishermen and 170 fishing vessels."

Crescent City Harbor is home to more than 25 percent of the fishing vessel fleet between the Oregon border and San Francisco Bay. The coastal waters fished by these vessels are treacherous and the weather ever-changing. As such, the role of the marine safety examiner is critical to ensuring that commercial

vessels are seaworthy and prepared for any emergency.

For Jim, the work was a labor of love. Coming from a long family history of seamen, Jim joined the Brookings Coast Guard Auxiliary in the mid-1980's. During his tenure, he assisted the Coast Guard in search and rescues and teaching boating and safety classes.

But, in particular, his service as a marine safety examiner will always be remembered and appreciated. In conferring its Award of Operational Merit, the Coast Guard acknowledged that Jim's efforts "helped reduce the number of fishermen deaths, injuries, as well as property loss and environmental damage."

To which Jim replied "I feel good about doing my little part. It was a good deal for the harbor and a good deal for me."

Thank you, Jim, for a job well done.

TRAGEDY IN TAIWAN

HON. EARL F. HILLIARD

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. HILLIARD. Mr. Speaker, today I rise in great sadness to recognize the enormous tragedy that has stricken the citizens of Taiwan. I extend condolences to the Ambassador and the numerous families that have been devastated by this earthquake. The people of this country have been great allies to the United States and their ongoing struggle for independence parallels the many perils experience by my people here in this country.

I have visited Taiwan on numerous occasions and have always been warmly received by both its government officials and private citizens, and believe that it is only right that I continue to carry the torch of friendship during their time of need. While the United States is currently recuperating from the aftermath of its own natural disaster, it is important that we share in Taiwan's grief. I have personally been in contact with the Ambassador and have pledged my full support toward helping them recover from this tragedy. I ask my colleagues in the House to follow my act of solidarity and pledge their support to our comrades in Taiwan.

THE HERMELIN BRAIN TUMOR CENTER—NEW HOPE FOR CANCER PATIENTS

HON. TOM LANTOS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. LANTOS. Mr. Speaker, this year in the United States some 20,000 new cases of primary brain tumors will be diagnosed, and more than 100,000 cases of cancer migrating to the brain from a different site will be found. Traditional treatment regimens of surgery, chemotherapy, and radiation have not stopped the natural progression of the disease in far too many cases, and new therapies are desperately needed.

Finding new treatments often means years of laboratory investigation, followed by both clinical trials and the examination of results, before such therapies can be deemed successful and made available to patients.

Speeding up this process is of vital importance to innumerable cancer patients. With this in mind, friends and family of David B. Hermelin have pledged \$10 million to launch a brain tumor research center at Henry Ford Hospital in Detroit.

Mr. Speaker, David Hermelin is the United States Ambassador to Norway, and earlier this year he was successfully treated for a brain tumor. Currently, he is undergoing therapy at the Henry Ford Hospital. The funds donated in his name will launch the Hermelin Brain Tumor Center, housed within the Department of Neurosurgery. The center will be directed by Mark L. Rosenblum, M.D., Chair of the Department of Neurosurgery, and by Tom Mikkelsen, M.D., of the Departments of Neurology and Neurosurgery.

"The center at Henry Ford Hospital is now positioned to make a significant impact on this disease," said Dr. Rosenblum. "With state-of-the-art technology for diagnosis and surgery, with continual ability to provide the most advanced surgery and treatments available, and with new discoveries from our research team, we are confident we will be able to change life-threatening brain tumors into a chronic, controllable disease like diabetes."

The Hermelin Brain Tumor Center will support three main areas of novel investigation to help control brain tumors: (1) antiinvasion therapy (which stops a tumor from invading healthy brain tissues), (2) gene therapy (which uses scientifically engineered viruses which recognize and kill cancer cells), and (3) antiangiogenesis (which stops a tumor from building its network of blood vessels, effectively starving it). In addition, the Center will sponsor annual brain tumor workshops focusing on each of these three areas of research. Brain tumor scientists from around the world will be invited to share their knowledge and compete for a research grant, thus providing new ways to share novel findings and to use these findings to fund research that will bring new treatments to patients in the most rapid possible manner.

Mr. Speaker, David Hermelin is an outstanding citizen of our Nation, and as United States Ambassador to Norway, he has made an important contribution to strengthening traditional good relations between our country and Norway. In addition, he is a leading philanthropist who has spearheaded major fundraising efforts which have garnered millions of dollars for academic, medical, civic, religious and charitable organizations. The Hermelin Brain Tumor Center is a fitting and unique recognition of his generous contributions. I invite my colleagues to join me in honoring Ambassador David Hermelin and recognizing the importance of the Hermelin Brain Tumor Center.

RECOGNIZING ED HARRIS

HON. JOHN SHIMKUS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. SHIMKUS. Mr. Speaker, I would like to take this time to recognize the hard work and tireless dedication of Principal Ed Harris to Edwardsville High School. Ed Harris will continue his outstanding work this year at Edwardsville High School. His goals for the year will include maintaining the safety of students and staff, and ensuring that the administrators are visible and available to students.

A TRIBUTE TO BOB REED

HON. JERRY LEWIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. LEWIS of California. Mr. Speaker, I would like today to recognize Bob Reed, who over the past 25 years has become a local institution as the "chairman of the bar" at one of the most pleasant eating establishments on Capitol Hill, the Monocle.

Nearly a generation of Members of Congress and others who toil on the Hill have found refuge in Bob's company. He is that rarest of personalities in this town: strictly non-partisan and unopinionated, a sympathetic ear for anyone, regardless of their politics or philosophy. For 25 years, he has always met his guests on a positive note—even during those times when there wasn't much to be positive about.

Bob was raised in West Virginia and enlisted in the Navy during World War II. He has resided in Washington since 1951. Since joining the Monocle in September 1974, he has been a friend to me and many other Members of Congress from both parties.

Mr. Speaker, I'm sure you and my colleagues will join me in congratulating Bob Reed on his career milestone, and thank him for providing a quiet harbor from turbulent political seas.

COMMEMORATING THE RETIREMENT OF ROSA VERRETT WILSON

HON. JULIAN C. DIXON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. DIXON. Mr. Speaker, I rise today to commemorate the retirement of Ms. Rosa

Verrett Wilson from Southwest Administration of the County of Los Angeles. Ms. Wilson worked for the Southwest Administration for 18 years before her retirement on June 30, 1999. During her long tenure with Southwest Administration, she never received a complaint about her work. Prior to her work with Southwest, Ms. Wilson spent 15 years working with Blue Cross of Southern California and 12 years in fashion in Seattle, Washington.

Ms. Wilson's good works are an inspiration to us all. For 24 years, Rosa Wilson has been a member of Mount Moriah Church. She met her husband, Brother Jordan H. Wilson, at Mount Moriah and has served on many church auxiliaries and committees. She has been a Sunday School teacher for the Nursery and Kindergarten Departments, a Vice-President of the Courtesy Committee, and a Program Chairperson for the California Baptist State Secretaries and Treasurers of the Los Angeles Area.

HONORING THE U.S. FOREST SERVICE LAW ENFORCEMENT DIVISION OF CLEVELAND NATIONAL FOREST IN SAN DIEGO COUNTY

HON. DUNCAN HUNTER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. HUNTER. Mr. Speaker, I rise today to celebrate the accomplishments of our men and women of the U.S. Forest Service Law Enforcement division in the Cleveland National Forest in San Diego county's back country.

During the year 1996, twenty-two illegal immigrants died from exposure in the Cleveland National Forest. In 1997 nineteen died. Since 1996, Mr. Tommy LaNier, the Special Agent-in-Charge, of law enforcement for the forest and his team of dedicated officers have apprehended over 20,000 illegal aliens in the Cleveland Forest, potentially saving many immigrant's lives who could well have perished in hostile conditions.

The apprehension of illegals in the forest is also serving to prevent further ecological degradation to the forest. In addition, the strong law enforcement in the forest precludes portions of public lands from having to be closed to U.S. taxpaying families who want to visit our natural areas.

Foot trails in once pristine natural habitat have now been pounded into the forest floor
