

MIDDLESEX COUNTY AMERICAN
HUNGARIAN DEMOCRATS' 25TH
SILVER ANNIVERSARY DINNER
DANCE

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. PALLONE. Mr. Speaker, on Sunday, September 26th, the Middlesex County, NJ, American Hungarian Democratic Organization will be holding its twenty-fifth Silver Anniversary Dinner Dance at the Victorian Manor in Edison, NJ. I am proud to pay tribute to this exciting event and the great organization behind it.

The highlights of the event will include the presentation of the Anthony M. Yelencsis Memorial Citizen Award to Steve J. Yelencsis, brother of former Mayor Anthony M. Yelencsis of Edison, the founder of the Middlesex County American Hungarian Democratic Organization. The award will be presented by Anton Yelencsis, Tony's son.

The Anthony M. Yelencsis Memorial Scholarship Award is presented to high school graduates of Hungarian lineage who exhibit excellent scholastic achievements and other distinguished activities and service during their school years. This year, the award will be presented to Valentine S. Tarr by his uncle, Steven Tarr, the Chairperson of the Scholarship Committee.

In addition, the Distinguished Service Awards will be presented to Helen R. Gottlieb, Middlesex County and Edison Democratic Vice-Chairwoman by Dr. Thomas H. Paterniti, Edison Chairman, and to Edison Councilman William A. Kruczak by Edison Councilman Peter J. Barnes III for their contributions to the community and to the organization.

Mr. Speaker, the Hungarian-American community in Middlesex County is one of the largest in the Nation. The members of this community continue to make their mark on the community in numerous ways. When Hungarians left their homeland for the promise of America, particularly in response to the imposition of Communist tyranny, Middlesex County was one of the major areas that provided a home and a sense of hope for the future. The Hungarian immigrants and their sons and daughters, in turn, have contributed mightily to the growth and development of Central Jersey through their hard work and commitment to family and community.

While Hungarian-Americans have become an integral part of the larger American community, thoughts about the great Magyar motherland are still in their hearts and minds. Fortunately, we live in very exciting and hopeful times for the development and renewal of the Hungarian society and the steady improvement of U.S.-Hungary ties. It's hard to believe for some, impossible to forget for others, that just a few years ago the people of Hungary were trapped by the harsh realities of the Cold War, which they did not create but which nonetheless dominated their existence.

Hungary was a leader among Central European nations in establishing a democratic system, before the fall of the Berlin Wall. In the last decade, Hungary has steadily transformed itself into an independent, democratic, market-oriented society, integrated into Europe and the international trading network, a member of

NATO and a serious candidate for membership in the European Union. Unlike other areas of Europe where ancient hatreds have been allowed to fester, Hungary has worked to repair damaged relations with its neighbor Romania. Hungary, in particular among its neighbors, has shown an impressive degree of stability. Even during the Cold War, Hungary worked very hard against tough odds to establish itself as a society independent of Soviet domination in certain key political and economic spheres, and was granted Most Favored Nation status by the U.S. in 1978. Free and fair elections and a proliferation of political parties allow Hungarians of all viewpoints to participate in society. Even parties affiliated with former Communists maintain a commitment to maintaining integration with Western institutions.

A sister-city relationship has been established between New Brunswick, the county seat of Middlesex County, and Debrecen, Hungary, an arrangement to benefit the people of both communities. Developing business partnerships between New Jersey and Hungary will be good for business on both sides of the Atlantic, creating jobs and providing an increased flow of, and access to, goods and services. It's also good for peace and stability, removing the shadow of fear and suspicion that so often got in the way of U.S.-Hungarian relations during the bad old days of the Cold War.

I also want to pay special tribute to Hungary for its contributions to NATO in the operations in the former Yugoslavia, and in taking in refugees from those terrible conflicts. The instability in many of the surrounding lands will continue to test the ability of the new Hungarian democracy to be a force of stability. I am confident that democracy, civil and human rights and a healthy growing economy will triumph in Hungary, given the strong character, values and traditions of the Hungarian people and the help and support from the United States and other Western democracies.

To the leaders and members of the Middlesex County American Hungarian Democratic Organization, I say, Kosonom! (Thank you) and Egesszegere! (To your health).

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Ms. MCCARTHY of Missouri. Mr. Speaker, I rise today to honor a legendary Kansas Citizen and extraordinary friend, Mr. Jerome Cohen. This week Jerry Cohen will be recognized as the Southtown Council's 1999 American Citizen for his historic record of civic service and volunteerism. This philanthropy and devotion to our community is an extraordinary model for all of us to follow. It is often said that Jerry's life is the consummate 20th Century Horatio Alger's story. He created a successful business and then focused on charity and helping those most in need. This tribute acknowledges his amazing capacity to give and the monumental impact he continues to have in our community.

Annually, the Southtown Council nominates an outstanding leader whose efforts greatly serve the area. This year's beneficiary of their American Citizen award, Jerry Cohen, is no exception. Born to Lithuanian immigrant parents and equipped with a strong work ethic, Jerry Cohen built a prosperous modern copier and business machine enterprise. Our community recognizes his friendship and an amazing six decades worth of charitable support to organizations like the Mayor's Christmas Tree Fund, the Starlight Theatre, the Shriners, the Liberty Memorial, the Parks and Recreation

Department, the American Humanics Foundation, and the Boy Scouts of America.

The Southtown Council was created by businesses, organizations, neighborhood associations to address the community concerns of Southtown Kansas City specifically from 47th to 75th Street and Prospect to Main Street. The Southtown Council has a 17 year record of philanthropy and is committed to the public development of South Kansas City. Mr. Cohen's involvement as a civic and business leader supports the Council's remarkable success and mission to preserve the priceless legacy not just of Southtown Kansas City but of the Greater Kansas City area as well.

I take great pride in knowing Jerry Cohen as a friend and mentor. Mr. Speaker, please join me today in congratulating Jerry Cohen as a model American Citizen.

THE DAKOTA WATER RESOURCES
ACT OF 1999

HON. EARL POMEROY

OF NORTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 22, 1999

Mr. POMEROY. Mr. Speaker, I rise today to introduce a revised version of the Dakota

Water Resources Act of 1999. The bill I introduced today makes important changes to legislation I introduced earlier this year, H.R. 1137. In addition to technical clarifications, the vast majority of these changes represent the culmination of an agreement reached between the state of North Dakota and the Administration which lead to the Administration's support of the bill. I want to highlight the key items of agreement incorporated into the bill that I am introducing today.

First, this improved Dakota Water Resources Act provides \$200 million in funding for statewide municipal, rural and industrial (MR&I) program, a \$100 million reduction from H.R. 1137. Further, the bill clarifies that if a MR&I revolving loan fund is established, the funds will be treated as federal funds, therefore requiring compliance with federal laws such as the National Environmental Policy Act (NEPA). Additionally, the bill today removes the \$40 million in authorized funding for the replacement of the Four Bears Bridge across an arm of Lake Sakakawea on the Ft. Berthold Indian Reservation contained in H.R. 1137.

The bill also includes a provision to ensure the interests of Canada are met. Prior to the construction of any water delivery system to deliver Missouri River water into the Hudson

Bay Basin, the Secretary of Interior, in consultation with the Secretary of State and the Administrator of the Environmental Protection Agency, must determine that adequate treatment can be provided.

Further, the State of North Dakota would be required to pay a pro-rata share of the operation, maintenance and replacement (OM&R) costs on existing principal supply works, including associated mitigation, based on a percentage of capacity use. Secondly, the state would pay 100 percent of OM&R on all new facilities with the exception of facilities required to meet treaty obligations or those for compliance with Reclamation law. Further, the state would be required to pay for all energy costs to authorized facilities.

Finally, the bill eliminates the provision in H.R. 1137 which linked the full funding of the Natural Resources Trust to the completion of the Red River Valley project.

Mr. Speaker, the Dakota Water Resources Act today represents a broad consensus among various interests across the state of North Dakota and the Administration. I believe that the changes made today further improve the bill and will ensure that we are able to meet North Dakota's future water needs.
