IN THE HOUSE OF REPRESENTATIVES
Wednesday, November 17, 1999

Mr. Speaker, it is a national disgrace that 11.1 million children in the
United States still do not have health insur-
ance as we enter a new millennium.

What we have done so far has not worked. Since 1996, the numbers and percentages of
children without insurance have actually crept
upward. They have not yet reached a statisti-
cally significant degree of increase, but we are
moving in the wrong direction.
