By Mr. MCCAIN (for himself and Mr. INOUE):

S. 2921. A bill to provide for management and leadership training, the provision of assistance and resources for policy analysis, and other appropriate activities in the training of Native American and Alaska Native professionals in health care and public policy; to the Committee on Environment and Public Works.

LEGISLATION EXPANDING THE UDALL FOUNDATION MISSION

Mr. MCCAIN. Mr. President, I rise to introduce legislation that will amend the Morris K. Udall Scholarship and Excellence in National Environmental and Native America Public Policy Act of 1992 to expand opportunities for the Morris K. Udall Foundation to assist tribal governments with leadership and management training. I am pleased that Senator INOUE is an original cosponsor of this legislation.

This legislation is mostly technical in nature. It extends the authority of the Udall Foundation, located at the University of Arizona in Tucson, to implement a leadership and management training program, to be called the “Native Nations Institute for Leadership, Management and Policy.”

The 1992 Act which created the Udall Foundation is already authorized to implement programs to assist tribal governments with training for Native American and Alaska Native professionals in public policy. This legislation simply authorizes the Udall Foundation to carry out another step in its mission.

The Native Nations Institute will provide practical leadership and management training as well as policy analysis, in a variety of fields, for native people and communities to further the goals of tribal self-governance. The Native Nations Institute will facilitate this training through a unique partnership between the University of Arizona, the Udall Foundation and the Harvard Project on American Indian Economic Development.

Mr. President, the Native Nations Institute will enable tribal leaders and decision-makers to access professional leadership and management training to prepare current and future tribal leaders to tackle the socioeconomic, edu-

cational and other fundamental challenges facing tribal communities.

Companion legislation has been introduced in the House with bipartisan support. In the short time remaining in this Congressional session, I hope that we can proceed with prompt passage of this legislation.

I ask unanimous consent to include the text of the legislation in the RECORD immediately following my remarks.

There being no objection, the bill was ordered to be printed in the RECORD, as follows:
