

LARRY LUCCHINO: THE JOHNS FELLOWSHIP AWARD OF THE SAN DIEGO COUNTY BUILDING AND CONSTRUCTION TRADES COUNCIL, AFL-CIO

HON. BOB FILNER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mr. FILNER. Mr. Speaker, I rise today to recognize Larry Lucchino, as he is honored by the San Diego County Building and Construction Trades Council, AFL-CIO at the Eighteenth Annual John S. Lyons Memorial Banquet.

Larry Lucchino, President and Chief Executive Officer of the San Diego Padres, is being recognized for his contribution to the community of San Diego and for fulfilling three fundamental commitments of ownership which he made as he purchased the San Diego Padres baseball team on December 21, 1994.

First and foremost, the Padres, under the leadership of Larry Lucchino have become active participants in the community, assisting the children of the region in their education, recreation, and health. The Padres Scholars Program was established in 1995 to aid students with college scholarships. The Little Padres Parks Program has committed to building or refurbishing 60 youth ballfields in San Diego and Northern Baja. The Cindy Matters Fund, named for a lifelong Padres fan who inspired Padres players and staff during her fight against cancer, pledges assistance in the fight against children's cancer and provides funding to the UCSD Medical Center's Pediatric Oncology Research Laboratory.

Second, he has helped to rebuild the club so that they were recognized as the most improved team in the National League in 1995 and champions of the National League West in 1996. In 1998, the Padres captured the National League West Championship and then proceeded to the World Series to play against the New York Yankees.

He has also created a warm and fan-friendly environmental at the local Qualcomm Stadium, and his passion for the internationalization of baseball has led to historic achievements with the Padres playing games in Mexico and Hawaii, and establishing relations with teams in Japan and Korea.

In addition, Larry Lucchino is active in both civic and charitable institutions in San Diego, serving on the CEO Roundtable, the Board of Directors of the Economic Development Corporation, the Binational Advisory Council on Border-Crossing Process, and the Board of Directors of the Padres Foundation.

He has the unique distinction of earning a Final Four watch with Princeton in 1965, a Super Bowl ring with the Washington Redskins in 1983, and the World Series ring with the Baltimore Orioles in 1983. He has earned a reputation as one of baseball's modern-day innovators. As President and CEO of both the Baltimore Orioles from 1988-1993 and the San Diego Padres since 1995, he has broken ground in ballpark design and planning, the development of new marketing concepts, and the furthering of player-owner relations.

Larry Lucchino is being honored by a very special award. The JOHNS Fellowship Award was established to commemorate the late John Lyons of the Teamsters who was one of

the founders of the San Diego Chapter of the Leukemia Society of America. The proceeds from the Memorial Banquet will be used to support local charitable causes including bone marrow testing and local research grants.

My sincere congratulations go to Larry Lucchino, and I am proud to salute him and to recognize his accomplishment with this statement in the United States House of Representatives. Thank you, Larry.

TREASURY AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2001

SPEECH OF

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 20, 2000

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 4871) making appropriations for the Treasury Department, the United States Postal Service, the Executive Office of the President, and certain Independent Agencies, for the fiscal year ending September 30, 2001, and for other purposes.

Mrs. MORELLA. Mr. Chairman, I want to support the efforts of Congressman WYNN and his desire to provide funding for FDA consolidation in Montgomery County, Maryland. In last week's Treasury Postal Appropriations bill, no funding was made available for the consolidation project. I wholeheartedly agree with Rep. WYNN's request that greater consideration for the project be made in conference.

Presently, the FDA has approximately 39 different buildings in 21 different locations and 6,000 employees throughout the Washington, DC metropolitan area. The purpose of the consolidation project was to condense those buildings, employees, and locations into one site, the former Naval Surface Warfare Center in White Oak Maryland. There are several benefits of this consolidation: one, it would allow for the design and construction of a Center for Drug Evaluation and Research Laboratory (CDER). Two, there would be a savings of more than \$200 million in lease costs over a ten year term. Three, it would help fill the void left by the closure of the 700 acre White Oak Naval Surface Warfare Center.

I am aware that no construction projects were funded by the Treasury/Postal subcommittee; however, this project benefits the nation by establishing a much needed drug evaluation and research laboratory while reducing costs for taxpayers.

I urge the conferees to restore the funding that was part of the President's proposed FY 2001 budget.

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 27, 2000

Mrs. MORELLA. Mr. Speaker, I rise to recognize and celebrate the 10th Anniversary of the Children's Inn at the National Institute of Health, located in Bethesda, Maryland. The Children's Inn has provided the critical service of a warm, friendly, and comfortable environment for seriously ill pediatric patients and their families since June of 1990.

The NIH is the premier biomedical research facility in the world. Children from across the nation and around the world regularly travel to the NIH to receive extraordinary treatments for many illnesses and disorders. While patients receive their medical treatments, the Children's Inn provides a comforting, stable environment for families going through the emotionally draining experience of treating a seriously ill child.

During the past 10 years, nearly 4,000 children and their families have made 23,263 visits to The Children's Inn. The facility provides a welcome solace for both patients and families. A warm group of staff members and volunteers assure that each resident of the Children's Inn is comfortable and feels at home. At the end of long days filled with tests and treatments, the young patients are greeted at the Inn with a variety of activities. The children can enjoy arts and crafts, bingo, movies, video games, computers, and the fellowship of other children sharing similar experiences.

Families staying at the Children's Inn are provided a 24-hour support network of gracious and compassionate staff, volunteers, and other parents caring for children. This provides an invaluable resource in boosting morale, and makes the treatment process not
