The Secretaries concerned may jointly issue regulations to carry out the purposes of this Act.

SEC. 404. CONFORMING AMENDMENTS.

Sections 13982 and 13983 of the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66; 16 U.S.C. 500 note; 43 U.S.C. 1181note) are repealed.

TITLE V—THE MINERAL REVENUE PAYMENTS CLARIFICATION ACT OF 2000

SEC. 501. SHORT TITLE.

This Act may be cited as the “The Mineral Revenue Payments Clarification Act of 2000”.

SEC. 502. FINDINGS.

The Congress finds the following:

(1) Subtitle C of title X of the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66) changed the sharing of onshore mineral revenues and revenues from geothermal steam from a 50:50 split between the Federal Government and the States to a complicated formula that entailed deducting from the State share of leasing revenues “50 percent of the portion of the enacted appropriations of the Department of the Interior and any other agency during the preceding fiscal year allocable to the administration of

all laws providing for the leasing of any onshore lands or interest in land owned by the United States for the production of the same types of minerals leasable under this Act or of geothermal steam, and to enforcement of such laws. . . .”

(2) There is no legislative record to suggest a sound public policy rationale for deducting prior-year administrative expenses from the sharing of current-year receipts, indicating that this change was made primarily for budget scoring reasons.

(3) The system put in place by this change in law has proved difficult to administer and has given rise to disputes between the Federal Government and the States as to the nature of allocable expenses. Federal accounting systems have proven to be poorly suited to breaking down administrative costs in the manner required by the law. Different Federal agencies implementing this law have used varying methodologies to identify allocable costs, resulting in an inequitable distribution of costs during fiscal years 1994 through 1996. In November, 1997, the Inspector General of the Department of the Interior found that “the congressionally approved method for cost sharing deductions effective in fiscal year 1997 may not accurately compute the deductions.”.

(4) Given the lack of a substantive rationale for the 1993 change in law and the complexity and administrative burden involved, a return to the sharing formula prior to the enactment of the Omnibus Budget Reconciliation Act of 1993 is justified.

SEC. 503. AMENDMENT OF THE MINERAL LEASING ACT.

Section 35(b) of the Mineral Leasing Act (30 U.S.C. sec. 191(b)) is amended to read as follows: “(b) In determining the amount of payments to the States under this section, the amount of such payments shall not be reduced by any administrative or other costs incurred by the United States.”

Amend the title so as to read: “A bill to provide stability and predictability to the annual payments made to States and counties containing National Forest System lands and public domain lands managed by the Bureau of Land Management for the benefit of public schools and roads and to enhance the health, diversity and productivity of federal lands.”

(2) The public domain lands known as re-vested Oregon and California Railroad grant lands and the reconveyed Coos Bay Wagon Road grant lands, which are managed predominantly by the Bureau of Land Management were returned to Federal ownership in 1916 and 1919 and now comprise approximately 2,600,000 acres of Federal lands.

(3) Congress recognized that, by its decision to secure these lands in Federal ownership, the counties in which these lands are situated would be deprived of revenues they would otherwise receive if the lands were held in private ownership.

(4) These same counties have expended public funds year after year to provide services, such
