

IN HONOR OF THE CHILDREN'S
ASSESSMENT CENTER

HON. KEN BENTSEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 2, 2000

Mr. BENTSEN. Mr. Speaker, I rise to congratulate the Children's Assessment Center located in Houston, Texas as it begins its tenth year of service to Harris County's children.

The Children's Assessment Center (CAC) was founded in 1991 to address the unique needs of sexually abused children in Harris County. Since the Center first opened, it has served more than 38,000 children by fulfilling its mission to protect children by providing a professional, compassionate and coordinated approach to the treatment of sexually abused children. The CAC also helps to advocate on behalf of these children through the court system. I believe that the "one-stop" shopping provided at the CAC is the right approach to ensure that these children receive services in one convenient, nurturing environment. Sexual abuse is one of the most heinous crimes and we must work together to protect these children.

The CAC is a collaborative effort between the Harris County Commissioners' Court and the Children's Assessment Center Foundation. The CAC's \$10.5 million state-of-the-art facility, located in my district, was specially designed to provide an environment that will meet each child's needs for warmth, support, and protection. The CAC is also a member of the National Children's Alliance and the largest of its kind in the nation. The Center houses professionals from fifteen partner agencies, including law enforcement, the University of Texas Health Science Center Medical School, psychological/psychiatric professionals and students, and governmental investigative entities which work cooperatively to protect children and investigate sexual abuse. This team approach is critically important to successfully helping these children to recover from sexual abuse.

Earlier this year, the CAC was awarded the Legacy Award for Excellence and Innovation by the National Association of Counties at a ceremony held at the U.S. Capitol. This Legacy Award for Excellence was presented to the CAC because it had shown itself to be the program that most fully embraced the spirit of volunteerism and has set itself apart from all others across the nation with its distinct and unparalleled services. Each year, the CAC works with more than 150 volunteers who assist in protecting and improving the lives of sexually abused children in Harris County. None of these accomplishments would have been possible without the leadership of Ellen Cokinos, the Executive Director of the CAC. Ellen has worked tirelessly on behalf of these children and we should all thank her for her leadership in helping these children to heal.

I want to commend the Children's Assessment Center, its staff, Board members and volunteers for their leadership in helping sexually abused children and applaud their efforts to raise awareness about the special needs of sexually abused children.

RECOGNITION OF THE LEARN
SHOP, INC.

HON. CONSTANCE A. MORELLA

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 2, 2000

Mrs. MORELLA. Mr. Speaker, it is with great pride that I recognize the achievements of Learn Shop, Inc., a Montgomery County based United Way organization that is dedicated to improving economically disadvantaged school communities throughout the Baltimore-Washington Metropolitan area. Entering its second year, their "Drive for Supplies" program has made significant advances towards reducing poverty in school communities by aiding underprivileged students, schools, and communities. This creative recycling program, in conjunction with Montgomery County Public Schools, encourages students at the end of the school year to donate their used but usable school supplies to impoverished students in disadvantaged school communities.

The "Drive for Supplies" program has already had significant success in its first year. At the end of last school year, with the full support of Montgomery County Public School Superintendent Dr. Jerry Weast, the program collected \$75,000 in school supplies. Learn Shop Inc. is helping students realize that what was previously regarded as trash can be turned into usable school supplies, clothing, and computers. These items not only help disadvantaged students in other school communities but it also gives students a sense that they are filling a need in the world.

Along with promoting community action, the "Drive for Supplies" saves schools money each year by reducing disposal costs while also reducing waste in our community. For their innovation, "Drive for Supplies" has enjoyed a glowing recognition from the Environmental Protection Agency.

Children and communities positively affected by the "Drive for Supplies" program have been more than grateful for Learn Shop Inc.'s efforts. Not only has Learn Shop Inc. distributed school supplies to local area children,
