IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the State of the Union for the consideration of the bill (H.R. 3394) to authorize funding for computer and network security research and development and research fellowship programs, and for other purposes, with Mr. SUNUNU in the chair.

The Clerk read the title of the bill.

The CHAIRMAN. Pursuant to the rule, the bill is considered as having been read the first time.

Under the rule, the gentleman from New York (Mr. BOEHLERT) and the gentleman from Texas (Mr. HALL) each will control 30 minutes.

The Chair recognizes the gentleman from New York (Mr. BOEHLERT).

GENERAL LEAVE

Mr. BOEHLERT. Mr. Chairman, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and to include extraneous material on H.R. 3394.

The CHAIRMAN. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. BOEHLERT. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, I am honored to bring H.R. 3349, The Cyber Security Research and Development Act, before the House. Like other congressional responses to terrorism, this is a bipartisan bill. I want especially to thank our ranking minority member, the gentleman from Texas (Mr. HALL), who joined me in introducing this bill; the gentleman from Washington (Mr. Baird), whose own legislation is incorporated in H.R. 3394; the gentleman from Michigan (Mr. SMITH) and the gentleman from Michigan (Dr. EHLERS) who chair the subcommittee with jurisdiction over this bill, and their ranking members, the gentlewoman from Texas (Ms. JOHNSON) and the gentleman from Michigan (Mr. BARCIA).

Also, I would be remiss if I did not thank Dr. Bill Wulf, the president of the National Academy of Engineering and one of the Nation's leading computer scientists, whose ideas were the inspiration for so much of this legislation.

I am convinced that over time H.R. 3394 will come to be seen as a fundamental turning point in the Nation's approach to cybersecurity. This bill is the equivalent of legislation the Congress passed in the wake of the Sputnik launch in the late 1950s.

We will recall that the unexpected Soviet launch of the Sputnik forced us to focus on the Nation's deficiencies in science and led us to pass breathtaking, and, it turned out, overwhelmingly effective legislation to improve

□ 1047

So the resolution was agreed to.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. BARTON of Texas. Mr. Speaker, on roll-call No. 12 I was inadvertently detained. Had I been present, I would have voted "yea."

MESSAGE FROM THE SENATE

A message from the Senate by Mr. Monahan, one of its clerks, announced that the Senate has passed with an amendment in which the concurrence of the House is requested, a bill of the House of the following title:

H.R. 586. An act to amend the Internal Revenue Code of 1986 to provide that the exclusion from gross income for foster care payments shall also apply to payments by qualified placement agencies, and for other purposes.

The message also announced that the Senate has passed without amendment in which the concurrence of the House is requested, a joint resolution of the House of the following title:

H.J. Res. 82. Joint resolution recognizing the 91st birthday of Ronald Reagan.

The message also announced that the Senate has passed bills of the following titles in which the concurrence of the House is requested:

S. 1274. An act to amend the Public Health Service Act to provide programs for the prevention, treatment, and rehabilitation of stroke.

S. 1275. An act to amend the Public Health Service Act to provide grants for public access defibrillation programs and public access defibrillation demonstration projects, and for other purposes.

CYBER SECURITY RESEARCH AND DEVELOPMENT ACT

The SPEAKER pro tempore (Mr. SHIMKUS). Pursuant to House Resolu-
