

My Congressional District, the 10th of Virginia, lost nearly 30 people at the Pentagon to the tragic events of September 11, 2001. This resolution commends the Phoenix Project which is the ongoing effort at the Pentagon to rebuild the damaged section by September 11, 2002. Like the Phoenix which rose out of the ashes, the project is running on schedule because Phoenix team members are working around the clock, 6 days per week, to bring the Pentagon back from the "ashes." It is those workers today who we congratulate and thank.

The reconstruction of the Pentagon will rebuild the damaged building and also help heal emotional wounds. It also sends a message to the terrorists that America cannot be defeated. Our ideals and freedoms will not waiver in the face of terrorism.

I am honored to be speaking in support of this resolution. It is important that we not forget the courage and bravery of all those affected by the events of September 11.

I urge your unanimous support for this resolution to honor those brave Americans who died on September 11 and to thank those workers who are rebuilding the Pentagon.

Mr. TOM DAVIS of Virginia. Mr. Speaker, it is with great honor and pride that I rise today to pay tribute to the men and women who have worked so hard to rebuild the Nation's military headquarters and a national icon.

Although born out of tragedy, the current reconstruction project represents an opportunity to memorialize permanently and prominently our Nation's history of resilience in the face of adversity. I congratulate the workers and contractors who are ahead of schedule in repairing the huge hole blown out of the Pentagon on Tuesday, September 11, 2001, by a terrorist-hijacked airliner.

The efforts of those involved in reconstruction have enabled the Pentagon to get back to business—waging war in Central Asia and destroying those networks responsible for the terrorist attacks in Washington, New York, and Pennsylvania. The demolition of the wounded section took only 1 month and a day to complete, aided by 24-hour days, 7 days a week and landfills that stayed open all night. Weary workers celebrated the day they finished, November 19, by placing a Christmas tree on the Pentagon's roof. It marked a turning point toward the positive: they would stop tearing down and start building up.

Mr. Speaker, in closing, I would like to congratulate the crews at the Pentagon who have toiled tirelessly for more than 3 months now, trying to fix what was broken, replace what was destroyed, and put back together a meticulous, 20-year, \$1.2-billion renovation effort that was already well along at the time of the attack.

Mr. SAXTON. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. CULBERSON). The question is on the motion offered by the gentleman from New Jersey (Mr. SAXTON) that the House suspend the rules and agree to the resolution, H. Res. 368.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds of those present have voted in the affirmative.

Mr. FOLEY. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

MESSAGES FROM THE PRESIDENT

Messages in writing from the President of the United States were communicated to the House by Mr. Sherman Williams, one of his secretaries.

UTAH PUBLIC LANDS ARTIFACT PRESERVATION ACT

Mr. HANSEN. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3928) to assist in the preservation of archaeological, paleontological, zoological, geological, and botanical artifacts through construction of a new facility for the University of Utah Museum of Natural History, Salt Lake City, Utah.

The Clerk read as follows:

H.R. 3928

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Utah Public Lands Artifact Preservation Act".

SEC. 2. FINDINGS.

Congress finds that—

(1) the collection of the Utah Museum of Natural History in Salt Lake City, Utah, includes more than 1,000,000 archaeological, paleontological, zoological, geological, and botanical artifacts;

(2) the collection of items housed by the Museum contains artifacts from land managed by—

(A) the Bureau of Land Management;

(B) the Bureau of Reclamation;

(C) the National Park Service;

(D) the United States Fish and Wildlife Service; and

(E) the Forest Service;

(3) more than 75 percent of the Museum's collection was recovered from federally managed public land; and

(4) the Museum has been designated by the legislature of the State of Utah as the State museum of natural history.

SEC. 3. DEFINITIONS.

In this Act:

(1) MUSEUM.—The term "Museum" means the University of Utah Museum of Natural History in Salt Lake City, Utah.

(2) SECRETARY.—The term "Secretary" means the Secretary of the Interior.

SEC. 4. ASSISTANCE FOR UNIVERSITY OF UTAH MUSEUM OF NATURAL HISTORY.

(a) ASSISTANCE FOR MUSEUM.—The Secretary shall make a grant to the University of Utah in Salt Lake City, Utah, to pay the Federal share of the costs of construction of a new facility for the Museum, including the design, planning, furnishing, and equipping of the Museum.

(b) GRANT REQUIREMENTS.—

(1) IN GENERAL.—To receive a grant under subsection (b), the Museum shall submit to the Secretary a proposal for the use of the grant.

(2) FEDERAL SHARE.—The Federal share of the costs described in subsection (a) shall not exceed 25 percent.

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to

carry out this section \$15,000,000, to remain available until expended.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Utah (Mr. HANSEN) and the gentleman from American Samoa (Mr. FALEOMAVAEGA) each will control 20 minutes.

The Chair recognizes the gentleman from Utah (Mr. HANSEN).

Mr. HANSEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 3928 would direct the Secretary of the Interior to assist the University of Utah by making a grant to the University of Utah Museum of Natural History in Salt Lake City, Utah, to help pay for the Federal share of the costs of construction of a new natural history museum. The Federal share, however, would not exceed 25 percent of the total cost.

Mr. Speaker, while the museum holds large collections of objects and specimens recovered from State and private lands, the vast majority of the collection has come from public lands in Utah and the surrounding States in the Intermountain West. In fact, more than 75 percent of the museum's collection contains artifacts from lands managed by the Bureau of Land Management, the Bureau of Reclamation, the National Park Service, the U.S. Forest Service, the U.S. Fish and Wildlife Service, and the Bureau of Indian Affairs.

The building which currently houses archeological, paleontological, zoological, geological, and botanical artifacts poses serious environmental threats to the collection, lacks good public access, and contains very small and outdated exhibits.

Mr. Speaker, for its part, the University of Utah has acquired the land for a new building, and the State of Utah has committed \$800,000 for its annual operations and has collected \$11 million towards the construction of the new building.

Mr. Speaker, I believe this is a good example of a public-private partnership. I urge my colleagues to support H.R. 3928.

Mr. Speaker, there is one thing I would like to say concerning the bill. Too often in this town there is more emphasis placed on who gets the credit rather than what is the right thing to do. I would like to thank the gentleman from Utah (Mr. MATHESON), who has worked tirelessly on this issue; and I want the record to show that without his ability to make compromises, we would not be here today.

I have learned in my 22 years that the most successful legislators are those willing to take up the pick and the shovel and go to work. The gentleman from Utah (Mr. MATHESON) has demonstrated his willingness to do that.

The Members of the other body also deserve credit for this initiative. They have been a friend to the museum for years. Although we have the luxury of expending the legislative process over
