A TRIBUTE TO MS. NANCY STONE, 27TH CONGRESSIONAL DISTRICT WOMAN OF THE YEAR—2002

HON. ADAM B. SCHIFF OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, March 20, 2002

Mr. SCHIFF. Mr. Speaker, I rise today to honor Women's History Month. Each year, we pay special tribute to the contributions and sacrifices made by our nation's most notable women during the month of March and it is my honor to not only recognize women of the past but also to recognize women who are making a difference in my community. While a month of remembrance is certainly not sufficient, I am honored today to pay homage to such women as Eleanor Roosevelt, Sandra Day O'Connor, Harriet Tubman, Sally Ride and all the women of my Congressional District, whose contributions have made a profound difference in the face and fabric of our nation.

I am truly honored to pay special recognition to an outstanding woman of California's 27th Congressional District, Ms. Nancy Stone. For over 15 years, Nancy has brought an abounding spirit and energy to her service in the foothills communities. Those fortunate enough to meet and work with Nancy instantly recognize her enthusiasm and passion for helping others.

A graduate of the University of California, Los Angeles with a Bachelor of Arts degree in History, Nancy currently works part time at Salomon Smith Barney in Glendale, California. She has been married to Chip Stone for 19 years and is the proud mother of Sarah and Rob.

Her dedication to her children has manifested itself in the groups and organizations which she leads and supports. She has served as the President of the Mountain Avenue Elementary School PTA and as the Vice President of the Rosemont Middle School PTA. Noted for her involvement with Seeds of Peace, an organization she helped to create to actively nurture a caring and accepting community, Nancy has dedicated herself to working for a more peaceful neighborhood environment in which to live and raise our families.

Her outstanding work with the community's young people truly sets her apart as someone who is keenly aware that our future lies with our children and in recognizing that, she has introduced innovative program ideas to help enrich the lives of all young people. She created the Community Service Learning Project in order to extol the values of unselfishness and community caring. Today the project has 600 students who dedicate approximately 10,000 volunteer hours to the community each year. Currently, she is the driving force behind efforts to open an after school teen center for the high school students of my district.

For her efforts, the community has recognized her selflessness and unsurpassed giving. In 2001 she was named the Glendale Youth Coalition's Woman of the Year and in the same year was named as one of the Glendale News Press's 103 Most Influential People. The Crescenta Valley Chamber of Commerce named her their Woman of the Year in 1995.

I ask all Members of Congress to join me today in honoring an outstanding and extraordinary woman of California's 27th Congressional District. Ms. Nancy Stone. The entire community joins me in thanking Nancy for her continued efforts to make the 27th Congressional District a more selfless, peaceful and accepting place to live.

IN SUPPORT OF S. 1857

HON. TOM UDALL OF NEW MEXICO
IN THE HOUSE OF REPRESENTATIVES
Wednesday, March 20, 2000

Mr. UDALL of New Mexico. Mr. Speaker, I rise today to express my support for S. 1857, Encourage the Negotiated Settlement of Tribal Claims bill.

I would like to begin by commending my friend and Co-Chair of the Native American Caucus, Representative KILDEE for introducing the companion bill H.R. 3851 and my friend NICK RAHALL, our ranking member of the Resources Committee, for his dedication and work on this issue.

Through treaties, statutes and executive orders American Indians and Alaskan Natives (AI/AN) have entered into a trust relationship with the federal government. As part of this relationship AI/AN agreed to entrust the federal government with various resources such as land, natural resources, enterprises, judgement awards and investment income. Under the Department of the Interior, the Bureau of Indian Affairs (BIA) has been given the authority by the federal government to manage Indian resources and other assets.

Unfortunately, the BIA has not honored this trust relationship. Instead, they have managed to "mismange" the trust accounts of 315 Indian tribes with over 1,400 accounts worth over $2.6 billion for many years.

S. 1857 will expand the current statute of limitations until 2005 allowing Indian tribes to postpone filing claims against the U.S. relating to the management of their trust fund accounts. It will enable the trust account holders to identify where their money is going, request an audit from the BIA accountable for their mismanagement and squandering of Indian people's money. This legislation will hold the BIA accountable for their mismanagement and squandering of Indian people's money. The past December my constituents of the Navajo Nation, Jicarilla Apache and Pueblo tribes (over 40,000 people) did not receive their royalty checks, money they greatly depend on for rent, clothing, food and other basic necessities.

Today, the Congress has the opportunity to honor and enforce its trust responsibility to AI/AN people. I fully support S. 1857 and encourage my fellow colleagues to do the same. We must make the BIA accountable for their actions.
