

College of Graduate Studies and Research, Cleveland State University; and J.D. from Cleveland-Marshall College of Law.

She is a former Trustee of the OWBA (1994–1997) and also a past co-chair of the OWBA's Law School Liaison Committee. The OWBA was initially formed in 1991 and is the only statewide bar association within Ohio solely dedicated toward advancing the interests of women attorneys while encouraging networking and the creation of a statewide mentor program for women attorneys.

Louise has also been active in other bar associations. She served on the Cleveland Bar Association's Board of Trustees and also, in 1999, was named One of Ten Outstanding Women in the Law by the Cleveland Bar. In 2001, she was awarded the Nonprofit Lawyers Academic Award by the American Bar Association.

At the same time, Ms. Dempsey has been active in the community in a variety of areas, including: appointment to the Board of the Cleveland Municipal School District; Board of Trustees of Laurel School; Board of Trustees of Park Works; Board of Trustees of Visiting Nurse Association; member of Northern Ohio Hate Crimes Working Group; and United Way Services.

On May 1, 2002, Justice Resnick will be presenting Ms. Dempsey with the Ohio Women's Bar Association's Justice Alice Robie Resnick Award of Distinction at its Annual Meeting in Columbus, Ohio.

It gives me great pleasure to rise today,

Mr. Speaker, and Join the OWBA in congratulating Louise Dempsey and wishing her continued success.

TRIBUTE TO THE FOUNDATION
FIGHTING BLINDNESS

HON. ROBERT WEXLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 1, 2002

Mr. WEXLER. Mr. Speaker, I would like to pay tribute to the Foundation Fighting Blindness for their incessant efforts toward finding a cure for macular degeneration and all retinal degenerative diseases. The Foundation provides funding for over 155 research studies at 55 prominent institutions, and since its inception in 1971, the Foundation has raised over \$160 million.

Macular degeneration causes progressive loss of central vision and is the leading cause of blindness in people older than 55 years. Approximately 6 million Americans, including one million Floridians, of every age and race suffer vision loss from retinal degenerative diseases. An additional 15 million Americans have pre-symptomatic signs of macular degeneration. By recognizing the symptoms and problems associated with macular degeneration, individuals can be tested early and receive treatment for this disabling disease.

Macular degeneration, which is believed to be caused by a combination of genetic or environmental factors, can be devastating for those diagnosed late. The loss of vision cannot be reversed, leaving its victims handicapped. These individuals usually suffer from depression at the thought of losing their independence. Because of the toll this takes on the lives of so many seniors, I call on Con-

gress to provide additional research funding to the National Eye Institute to help cure this disabling disease. Many local communities and some state governments have passed proclamations calling for May 1, 2002 to be designated "Cure Macular Degeneration Day." Therefore, I find this day fitting to bring attention to this important issue and to urge prompt action to find a cure.

HUNTINGDON AREA MIDDLE
SCHOOL ENVIRONMENTAL CLUB

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 1, 2002

Mr. SHUSTER. Mr. Speaker, I rise today to congratulate the Huntingdon Area Middle School Environmental Club for being among 30 students to receive the President's Environmental Youth Awards in 2001. On April 18th these students were honored by President Bush at the White House where they were recognized for their outstanding service to their communities and their achievements in environmental protection.

Kaleigh Felisberto, Amy Slicker, and Margo Wilson were recognized for their participation in the "Standing Stone Creek Water Quality Pre-Assessment" project. The stream assessment was conducted at four sites and examined biological organisms living on the stream bottom, chemical stream analysis, physical stream characteristics and stream habitat parameters. The students also developed a questionnaire in order to gain more input from the Huntingdon Water Treatment Plant concerning the environmental healthiness of the stream water. The tests showed good water quality and their research results were accepted as part of the Pennsylvania Department of Environmental Protection statewide stream assessments.

These students have an impressive history of improving the environment through their community projects. Since 1995 they have been members of Science Teams in Rural Environments for Aquatic Management Studies, or STREAMS. Through this organization they have studied watershed ecology and applied their knowledge to resolving local environmental problems. They have volunteered their time to educate and help their community be a more environmentally friendly place through their service.

I congratulate these students on receiving this important award and on successful completion of their stream assessment project. These students have demonstrated that they possess a dedicated spirit of service and environmental awareness. I would like to thank them for their hard work and wish them the best of luck on all their future endeavors.

HONORING IDAHO'S SENIOR CITIZENS
FOR OLDER AMERICANS
MONTH

HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 1, 2002

Mr. SIMPSON. Mr. Speaker, I rise to today to honor a generation of Americans who have made this country what it is today.

This group learned the value of a dollar when food and jobs were rare during the great Depression and built the largest free economy the world has ever known.

This group of people saved the world from tyranny and oppression during World War II, illustrating powerful patriotism. Then sent their children to continue the fight for freedom in subsequent conflicts.

They survived the Bay of Pigs, the Beatles, disco-mania and Big Macs.

They've adapted to a changing world . . . starting school doing math problems with slates and chalk, to punching calculators, to utilizing computers, and then becoming one of the highest percentage of people to surf the Internet.

Most of all they've shown generations how to live with dignity, change a world and enhance a Nation—they are the United States' older Americans.

During the month of May, we'll honor their commitment and service to our country. In my home state of Idaho, thousands of senior citizens volunteer countless hours in classrooms, churches, small businesses, public parks, and service organizations. I recently attended a recognition luncheon for senior volunteers where just 755 volunteers gave more than 124,000 hours of service. They're grandparents, neighbors, and friends. Despite all they've given to us, they're still not done. Today, I honor that continuing sense of community that drives our seniors and respectfully thank older Americans for all they've contributed, and continue to contribute, to our great Nation.

TRIBUTE TO THE KENT COUNTY
REPUBLICAN WOMEN'S ORGANIZATION
OF DELAWARE

HON. MICHAEL N. CASTLE

OF DELAWARE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 1, 2002

Mr. CASTLE. Mr. Speaker, I rise today to honor and pay tribute to an exemplary group of women from my home state of Delaware, the Kent County Republican Women's Organization.

This year, the Kent County Republican Women's Organization will celebrate 50 years of service to the community on the Federal, State, and local level.

Revered and respected by their peers, these women formed the first organization of its kind in Kent County. From the beginning, they focused on promoting the tradition of a two party system, encouraging civic participation in the county and throughout the State and educating voters about the Republican message of low taxes and individual empowerment.

They have been instrumental in electing Republican candidates in Delaware through working on various campaigns and fundraisers, sponsoring events such as "Meet Our Candidates Night," congregating in Washington to advocate Republican issues and attending various Republican conventions to learn how they can better the party and improve their efforts.

I would like to acknowledge the dedication and resolve that the Kent County Republican Women's Organization has maintained over
