

also, a member of the Kiwanis and Tuscaloosa Reunion Clubs.

As a devoted servant at Brown Memorial Presbyterian Church, he was installed an elder and very active in work of the Men of the Church, the Endowment Committee, and the Trustee Board.

In his last years of life, Dr. Dansby served his community by providing free dental services to those who could not afford to pay and helped in anyway he could to serve his various schools of matriculation and local organizations.

Dr. William Nathan Dansby passed away on Thursday, June 6, 2002 and will be laid to rest today in Tuscaloosa, Alabama. He was preceded in death by his parents, William L. Dansby and Portia Dorcette Canty Dansby, and his sister, Sarah Dansby Pinkney. He is survived by cousins, Theodora Dansby Johnson of Florida, Sondra Brown Julien of Florida, George F. Knox of Florida and their families. He leaves to cherish his memory a devoted family whom he adopted as his own, William and Elizabeth Rice of Aliceville and their three daughters: Mechelle, Benidia, and Portia.

As he is grieved, his family and friends know that his spirit has returned to God and that he is smiling down upon the world. Mr. Speaker, I ask all Members to join me in paying tribute to him this remarkable man.

HONORING PROFESSOR JERRY WOODALL ON HIS RECEIPT OF THE NATIONAL MEDAL OF TECHNOLOGY

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2002

Ms. DeLAURO. Mr. Speaker, it is with great pleasure that I rise today to pay tribute to Dr. Jerry Woodall of Yale University in my hometown of New Haven, Connecticut. Dr. Woodall was recently honored with the National Medal of Technology in recognition of his outstanding work in semiconductor materials and devices.

The National Medal of Technology was created to recognize those who embody the spirit of American innovation and have advanced the nation's global competitiveness. As one of only 120 individuals bestowed with this distinction, Dr. Woodall most-deservedly belongs among Connecticut's long legacy of innovators, like Eli Whitney and Igor Sikorsky.

It is no overstatement to say that, in a remarkable career that has spanned four decades, Dr. Woodall has truly expanded America's horizons through his groundbreaking advances in electrical engineering and physics. Half of the entire world's annual sales of compound semiconductor components would simply not be possible without his legacy of research. Technology used in CD players, TV remote controls, computer networks, cell phones, and satellites can be credited to Dr. Woodall as well as advances in the use of lasers and ultra-fast transistors and solar cells. What's more, Dr. Woodall's work will provide the basis for technological innovations for decades to come. Few can claim such a legacy.

Dr. Woodall's dedication and commitment to excellence have made a real difference in the quality of life of all Americans. I am honored to rise today to pay tribute to Dr. Jerry

Woodall and to join with our nation in congratulating him as he is honored as a 2001 Medal of Technology laureate.

ON THE CREATION OF THE DEPARTMENT OF HOMELAND SECURITY

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2002

Mr. HASTINGS of Florida. Mr. Speaker, I rise today in support of the creation of a new cabinet-level federal Department of Homeland Security. This long-overdue initiative, designed to streamline current government activities, is an important first step in our nation's war on terrorism.

In October of last year, I introduced H.R. 3078, to establish the National Office for Combating Terrorism. It included an initiative to develop policies and goals for the prevention of and response to terrorism, and for the consolidation of federal, state, and local government programs. I am pleased to see that the Administration is incorporating my ideas, along with those of my colleagues, into a comprehensive plan to streamline the workings of the Executive Branch.

The new Department will have four separate divisions to deal with threats to our nation. Within each division, the missions and functions that are currently spread out amongst a dizzying array of federal agencies will be consolidated to avoid duplication and redundancy and ensure that the Executive Branch of government actually supports the tax payers who support it.

The concept of consolidating the efforts of federal, state, and local agencies is not a new one. I recently introduced H.R. 4754, the National Drought Preparedness Act. My legislation will bring together representatives from federal and state agencies to create planning models and preparedness plans, in much the same way that the new Department of Homeland Security would operate. I applaud this important initiative and urge my colleagues to work towards quick passage of legislation for the creation of this new Department.

EDWARD A. MOHLER: A CHAMPION FOR WORKING MEN AND WOMEN

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 12, 2002

Mr. HOYER. Mr. Speaker, today I want to pay tribute to a trusted, long-time friend who, for nearly half a century, has been a true champion for working men and women and the cause of organized labor throughout the State of Maryland and our great country.

For 12 years, from 1989 until his retirement in 2001, Edward A. Mohler served with distinction and effectiveness as the President of the Maryland State and District of Columbia AFL-CIO.

Ed not only was re-elected to that post three times, but also was one of the longest-serving executive officers of a state federation in the entire AFL-CIO. Before being elected presi-

dent by his fellow trade unionists, he was elected as Secretary-Treasurer of the state federation, serving in that position from 1977 to 1989.

It's clear to anyone who has observed Ed Mohler over the years that the legacy he leaves as a lifelong, dedicated trade unionist is one of concrete accomplishment that will endure for years to come.

In the State Capitol in Annapolis, where I worked with him while serving as the President of the Maryland Senate, Ed was instrumental in helping organized labor achieve legislative gains in the areas of workers' compensation benefits, unemployment insurance benefits, and collective bargaining rights.

Ed also played an important role in passage of the Maryland Occupational Safety and Health Act, prevailing wage legislation, pension and salary increases, protections for health care workers, and right-to-know protections for public safety workers.

In more recent years, Ed has helped lead the fight to defeat anti-worker initiatives such as right-to-work legislation and so-called "pay-check protection."

During his 24-year tenure as an executive officer of the state federation, Ed not only helped drive organized labor's policy agenda but also strengthened its administration. For example, Ed believed that the interests of working men and women would be much better served if the state federation maintained a permanent presence in Annapolis. As a result, the state federation moved from rental space in Baltimore to its current headquarters at the House of Labor on School Street in Annapolis, providing Maryland workers with both convenience to the State Capitol and prestige.

But, then, Ed always understood that the cause of organized labor—ensuring workplace fairness and social justice—could best be advanced through our political system.

After being hired as a cable splicer in 1957, Ed joined the Communications Workers of America, Local 2336, and immediately plunged into union activism and political campaigning. He has worked in political campaigns on behalf of Democrats at the local, state and federal levels, including the presidential campaigns of John Kennedy, Lyndon Johnson, Robert Kennedy and Hubert Humphrey.

More recently, Ed was elected to serve as a delegate at the Democratic National Conventions in 1992, 1996 and 2000.

Throughout the 1960s and 1970s, Ed was immersed in union activities and political campaigns that advanced the interests of working men and women. He was elected as chair of political activity for CWA, Local 2108, and then served as chair of the Committee on Political Education (COPE) for the Washington Metropolitan Central Labor Council.

Between 1968 and 1977, the year in which he was elected Secretary-Treasurer of the state federation, Ed worked as an organizer, legislative agent and staff representative for AFSCME International and Council 67. In that capacity, he conducted numerous organizing campaigns and was a strong advocate for public employees, beginning the fight for collective bargaining rights for state and higher education employees in 1974.

While working men and women have been the subject of many harsh, unthinking attacks over the years, Ed Mohler has always recognized that the immutable truths that lie at the
