

I yield the floor.

The PRESIDING OFFICER. The Senator from Nevada.

Mr. REID. Mr. President, before we vote—and the vote will occur momentarily—I have spoken to the majority leader, and this will be the last vote tonight. I will also indicate the majority leader has indicated we will come in on Monday at 12 o'clock. We will have an hour of morning business, and at 1 o'clock we will vote on a judicial nomination, or if we do not work something out on the cloture motion that was filed today, we will vote on that on Monday. We will have a pro forma session in the morning, and that would ripen on Monday.

We are going to have to vote on Monday at 1 o'clock either on a judicial nomination or cloture on drought assistance.

I appreciate everyone's cooperation today. We have been able to move forward two very important amendments on this very important legislation. I have spoken with Senator THOMPSON. We have not cleared this with Senator BYRD and others. We want to make sure Senator THOMPSON has the first amendment when we come back on Monday, and following that, Senator BYRD will have the next amendment.

Mrs. BOXER. Mr. President, I ask for the yeas and nays on the amendment.

The PRESIDING OFFICER. Is there a sufficient second?

There appears to be a sufficient second.

The question is on agreeing to amendment No. 4492, as further modified. The clerk will call the roll.

The assistant legislative clerk called the roll.

Mr. REID. I announce that the Senator from Hawaii (Mr. AKAKA), the Senator from Delaware (Mr. BIDEN), the Senator from Iowa (Mr. HARKIN), and the Senator from New Jersey (Mr. TORRICELLI), are necessarily absent.

Mr. NICKLES. I announce that the Senator from Kentucky (Mr. BUNNING), the Senator from Nevada (Mr. ENSIGN), and the Senator from North Carolina (Mr. HELMS) are necessarily absent.

I further announce that if present and voting the Senator from Kentucky (Mr. BUNNING), would vote "yea"

The result was announced—yeas 87, nays 6, as follows:

AMENDMENT NO. 4491, AS AMENDED

The PRESIDING OFFICER. Under the previous order, amendment No. 4491, as amended, is agreed to, and the motion to reconsider is laid on the table.

Mr. LEAHY. Mr. President, I suggest the absence of a quorum.

Mr. SHELBY. Mr. President, I am pleased to join with Senator BAYH in offering an amendment to the homeland security bill.

It is a straightforward amendment designed to improve and strengthen the protection of our Department of Defense installations which contain the storage and destruction facilities for our Nation's chemical agent and munitions stockpile.

Prior to September 11, no temporary flight restrictions existed for any of our Nation's chemical weapons stockpile sites. Secretary Rumsfeld took quick action after September 11 to establish temporary flight restrictions at each of these sites, but numerous violations of these flight restrictions have occurred.

In the case of the Anniston Chemical Destruction Facility and storage site, 22 violations have occurred since flight restrictions were implemented by the Department of Defense. The latest was just today when a Lear-type jet flew over the incineration facility at less than 1000 feet. Another violation that caused great concern was a night time over-flight which included 3 passes by an unidentified aircraft.

These incursions are serious matters. Current law provides for stiff penalties to be levied against those who violate restricted air space. In the case of our

chemical weapons storage sites and weapons destruction facilities, we must be ever vigilant. That is what this amendment seeks to do by:

First, requiring the Secretary of Defense to review the current temporary flight restrictions to determine if they are sufficient to provide maximum protection to these facilities from potential airborne threats and to report his findings to Congress.

Second, the amendment would require the FAA to issue a report on each violation of the temporary flight restrictions which apply to these sites. Mr. President, as I have stated, very serious penalties already exist for those who violate these restrictions. Given the tremendous danger to the workers and local citizens associated with any unintentional crash or intentional act at any one of these storage sites, I believe this amendment is both reasonable and prudent in requiring the FAA to report on actions taken in response to a confirmed and properly investigated restricted airspace violation.

Lastly, in the amendment we ask the Secretary of Defense to assess the use of periodic air patrols and military flight training exercises in terms of their effectiveness as a deterrent to airspace violations or other potential airborne threats to these facilities.

While little, if anything, could be done to stop someone intent on attacking one of these storage sites from the air, we should take every step to make sure that these flight restrictions are respected and violators are punished. This amendment is about safety, enforcement of the law, and, ultimately, protection of our citizens who live in close proximity to these chemical weapons facilities.
