

force of SKUD-type missiles with ranges beyond the 94-mile limit permitted by the U.N. resolutions.

Last week, I stood with the President and congressional leadership in the White House Rose Garden in support of this resolution authorizing the use of force against Iraq, and I am proud to rise to the support of that resolution today. All the while, I fervently hope and pray that force will not be necessary. However, I strongly believe that American foreign policy, especially with regard to eradicating weapons of mass destruction and terrorism, must be a top priority.

Our actions do not come without sacrifice or consequence; and I want to personally recognize our young men and women, these brave young men and women who are currently engaged in the war on terrorism and who may be called to service in Iraq. As a parent, I know firsthand the sacrifice that military personnel and their families are making.

I was a pilot in the Air Force, and nothing made my wife Mary and me more proud than our son Lance as he served his country as an Air Force pilot in the Desert Storm conflict. We know firsthand what it is like to have a loved one in harm's way.

However, once again, America is forced to defend herself against forces that do not respect human life, freedom or the American way.

We cannot wait until Saddam Hussein or one of his terrorist allies strikes first. We cannot let another horrific event like September 11 happen again while we stand idly by.

Mr. Speaker, I ask all my colleagues to join with me in support of this important resolution.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 5011) making appropriations for the Department of Defense for the fiscal year ending September 30, 2003, and for other purposes, submit the following joint statement to the House of Representatives and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The Senate deleted the entire House bill after the enacting clause and inserted the Senate bill (S. 2709). The conference agreement includes a revised bill.

ITEMS OF GENERAL INTEREST

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 107–533 and Senate Report 107–202 should be complied with unless specifically addressed to the contrary in the conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference, and Senate report language which is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate have directed the submission of a report from the Department of Defense, such report is to be submitted to both House and Senate Committees on Appropriations.

Foreign Currency Fluctuation Savings.—The conference agreement rescinds funds from the following accounts in the specified amounts to reflect savings from favorable foreign currency fluctuations:

Account	Amount
Military Construction, Army	\$13,676,000
Military Construction, Navy	1,340,000
Military Construction, Air Force	10,281,000
Military Construction, Defense-wide	2,976,000
Family Housing Construction, Army	4,920,000
Family Housing Construction, Navy and Marine Corps	2,652,000
Family Housing Construction, Air Force	8,782,000
Total	44,627,000

Revised Economic Assumptions.—The conference agreement includes reductions totaling \$57,000,000, which result from the Office of Management and Budget’s (OMB’s) re-estimation of inflation in its mid-session review

of the budget request. The conferees direct the Department to distribute these reductions proportionally against each project and activity in each account as follows:

Account	Amount
Military Construction, Army	\$8,000,000
Military Construction, Navy	5,000,000
Military Construction, Air Force	5,000,000
Military Construction, Defense-wide	3,000,000
Military Construction, Army National Guard	1,000,000
NATO Security Investment Program	1,000,000
Family Housing Construction, Army	2,000,000
Family Housing Operation and Maintenance, Army	8,000,000
Family Housing Construction, Navy and Marine Corps	3,000,000
Family Housing Operation and Maintenance, Navy and Marine Corps	6,000,000
Family Housing Construction, Air Force	5,000,000
Family Housing Operation and Maintenance, Air Force	6,000,000
Base Realignment and Closure	4,000,000
Total	57,000,000

United States Army South.—In the statement of the managers accompanying the Fiscal Year 2002 Department of Defense Appropriations Act (Public Law 107-117), the conferees directed the Department of the Army to provide information to the House and Senate Committees on Appropriations by February 28, 2002, regarding the relocation of the headquarters of U.S. Army South. The Army failed to comply with this direction for several reasons, some of which were not within its control. Nonetheless, the conferees remind the Department of the Army that it expects compliance with specific direction included in committee reports. If the Army is unable to comply with that direction or changes the manner in which the direction is to be implemented, the committees should be given the courtesy of an explanation.

Sustainment, Restoration, and Modernization: Reporting Requirement.—The conferees agree to the following general rules for repairing a facility under operation and maintenance funding:

Components of the facility may be repaired by replacement, and such replacement can be up to current standards or code;

Interior arrangements and restorations may be included as repair, but additions, new facilities, and functional conversions must be performed as military construction projects;

Such projects may be done concurrent with repair projects, as long as the final conjunctively funded project is a complete and usable facility; and

The appropriate Service Secretary shall notify the appropriate Committees 21 days prior to carrying out any repair project with an estimated cost in excess of \$7,500,000.

In future budget requests, the Department is directed to provide the sustainment, restoration, and modernization backlog at all installations for which there is a requested construction project. This information is to be provided on the form 1390. In addition, for all troop housing requests, the form 1391 is to show all sustainment, restoration, and modernization conducted in the past two years and future requirements for such housing at the installation.

Family Housing Operation and Maintenance: Financial Management.—The conferees agree to continue the restriction on the transfer of funds between the family housing operation and maintenance accounts. The limitation is ten percent to all primary accounts and sub-accounts. Such transfers are to be reported to the appropriate Committees within thirty days of such action.

Erosion Study.—The conferees direct the General Accounting Office to conduct a study of Alaska Native villages affected by flooding and erosion including but not limited to Kaktovik, Barrow, Point Hope, Kivalina, Unalakleet, and Bethel.

The General Accounting Office should consult with the following agencies: (a) the Secretary of the Army to determine: (1) which villages can reasonably be protected through construction of seawalls, rip rap, and other engineered structures and at what cost, and; (2) which villages cannot reasonably be protected and will be required to relocate; (b) the Secretary of the Interior to identify possible relocation sites including federal lands and existing villages; (c) the Secretary of Housing and Urban Development to determine the cost of constructing housing and water and sewer systems in relocated villages; (d) the Secretary of Health and Human Services to determine the cost of constructing health facilities in relocated villages; (e) the Secretary of Agriculture to determine the cost of constructing power systems in relocated villages; and (f) the Secretary of Transportation to determine the cost of constructing airports, roads, and dock facilities in relocated villages. This report should be submitted to the House and Senate Committees on Appropriations no later than October 1, 2003.

MILITARY CONSTRUCTION, ARMY
(INCLUDING RESCISSION)

The conference agreement appropriates \$1,683,710,000 for Military Construction, Army, instead of \$1,514,557,000 as proposed by the House and \$1,679,212,000 as proposed by the Senate. This amount reflects \$8,000,000 in savings that result from the re-estimation of inflation. Within this amount, the conference agreement earmarks \$163,135,000 for study, planning, design, architect and engineer services, and host nation support instead of \$158,664,000 as proposed by the House and \$136,835,000 as proposed by the Senate. The conference agreement rescinds \$49,376,000 from funds provided to this account in previous Military Construction Appropriation Acts. The rescission includes \$13,676,000 to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these savings in section 128 of the General Provisions. In addition, the rescission includes \$5,000,000 from a project that is no longer needed at Fort Bliss in Texas as proposed by the House, and \$30,700,000 from three projects that are no longer needed at Fort Buchanan in Puerto Rico.

Kansas—Fort Leavenworth: U.S. Disciplinary Barracks.—The conferees are concerned that the Department of the Army is planning to relinquish its current mission of confining level III military inmates convicted under the Uniformed Code of Military Justice by transferring the mission to the Bureau of Prisons. This decision appears to have been made despite the Army's recent completion of the new maximum security U.S. Disciplinary Barracks at Fort Leavenworth, Kansas. The conferees direct the Army to submit a report to the congressional defense committees no later than December 15, 2002, on the rationale for this proposal as well as the impact a policy change will have on the operation of the new U.S. Disciplinary Barracks at Fort Leavenworth, Kansas.

New Mexico—White Sands Missile Range: Anchoic Chamber.—Of the additional funds provided for planning and design in this account, the conferees direct that not less than \$1,000,000 be made available for the planning and design of this facility.

Puerto Rico—Fort Buchanan: Rescission of Funds.—The conferees agree to rescind \$30,700,000 from unobligated balances in this account. The National Defense Authorization Act, 2001 (Public Law 106-398) established a construction moratorium in Puerto Rico due to concern over long-term stationing requirements. This moratorium halted three previously appropriated construction projects totaling \$30,700,000 at Fort Buchanan in Puerto Rico. As a result of the recent decision to relocate the headquarters of U.S. Army South from Fort Buchanan to Fort Sam Houston, Texas, these projects are no longer needed and the conferees agree to rescind the funds.

Stryker Brigade Combat Team (SBCT) Initiative.—The conference agreement includes \$25,000,000 above the budget request to assist in the Army's transformation effort. The Senate proposed \$100,000,000 for this initiative. The House did not include a similar proposal. This funding is to support infrastructure requirements relating to fielding of the Stryker Brigade Combat Teams (SBCTs). It is the intent of the conferees that the Army has the discretion to determine how these funds will be allocated in support of transformation, subject to notification to the congressional defense committees 15 days prior to the obligation of these funds.

MILITARY CONSTRUCTION, NAVY
(INCLUDING RESCISSION)

The conference agreement appropriates \$1,305,128,000 for Military Construction, Navy, instead of \$1,245,765,000 as proposed by the House and \$1,216,643,000 as proposed by the Senate. This amount reflects \$5,000,000 in savings that result from the re-estimation of inflation. Within this amount, the conference agreement earmarks \$87,043,000 for study, planning, design, architect and engineer services instead of \$94,825,000 as proposed by the House and \$91,620,000 as proposed by the Senate. The conference agreement rescinds \$1,340,000 from funds provided to this account in previous Military Construction Appropriation Acts to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these funds in section 128 of the General Provisions.

MILITARY CONSTRUCTION, AIR FORCE
(INCLUDING RESCISSION)

The conference agreement appropriates \$1,080,247,000 for Military Construction, Air Force, instead of \$964,302,000 as proposed by the House and \$1,175,617,000 as proposed by the Senate. This amount reflects \$5,000,000 in savings that result from the re-estimation of inflation. Within this amount, the conference agreement earmarks \$72,283,000 for study, planning, design, architect and engineer services instead of \$78,951,000 as proposed by the House and \$87,555,000 as proposed by the Senate. The conference agreement rescinds \$13,281,000 from funds provided to this account in previous Military Construction Appropriation Acts. The rescission includes \$10,281,000 to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these savings in section 128 of the General Provisions. In addition, the rescission includes \$3,000,000 from funds appropriated in Public Law 107-64 for the civil engineer maintenance complex at Osan Air Base in Korea. The Defense Department has informed Congress that this project was canceled due to the U.S.-Korea Land Partnership Plan signed on March 29, 2002.

Air Mobility Modernization Program.—The conference agreement includes \$25,000,000 above the budget request to assist in the Air Force's mobility modernization program. The Senate proposed \$100,000,000 for this initiative. The House did not include a similar proposal. This funding is to support infrastructure requirements related to the implementation of this program. It is the intent of the conferees that the Air Force has the discretion to determine how these funds will be allocated in support of transformation, subject to notification to the congressional defense committees 15 days prior to the obligation of these funds.

Arizona—Luke Air Force Base: Land Acquisition.—The conferees agree to provide \$13,000,000 to be used for a land acquisition to preserve access to the Barry M. Goldwater Range (BMGR), to prevent incompatible land uses and encroachment, and to increase the margin of safety in the Live Ordnance Depature Area (LODA) southwest of Luke Air Force Base.

North Dakota—Minot Air Force Base: Cruise Missile Storage Facility, Phase I.—Although the conferees were able to fund only Phase I of this project due to funding constraints, the conferees recognize the importance of this facility and strongly urge the Air Force to include full funding to complete the project in its fiscal year 2004 budget submission.

MILITARY CONSTRUCTION, DEFENSE-WIDE
(INCLUDING TRANSFER AND RESCISSION OF FUNDS)

The conference agreement appropriates \$874,645,000 for Military Construction, Defense-wide, instead of \$901,066,000 as proposed by the House and \$927,242,000 as proposed by the Senate. This amount reflects \$3,000,000 in savings that result from the re-estimation of inflation. Within this amount, the conference agreement earmarks \$50,432,000 for study, planning, design, architect and engineer services instead of \$45,432,000 as proposed by the House and \$57,789,000 as proposed by the Senate. The conference agreement rescinds \$2,976,000 from funds provided to this account in previous Military Construction Appropriation Acts to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these funds in section 128 of the General Provisions.

California—Presidio of Monterey: Medical Clinic Expansion.—The conferees are aware that the current medical clinic located at the Presidio of Monterey, which serves both the Defense Language Institute and the Naval Postgraduate School, must annually turn away 10,000 active duty family members and a large retiree population of 20,000 because of insufficient clinic space for primary care and selected specialty care. This situation is further exacerbated by the increased student enrollment at the Defense Language Institute to meet the language training demands of Operation Enduring Freedom. Therefore, the conferees encourage the Department to make this project a priority and program the requirement within the Future Years Defense Plan.

Chemical Demilitarization.—The conference agreement reduces the budget request for the Ammunition Demilitarization Facility (Phase V) project at Aberdeen Proving Ground, Maryland by \$10,000,000 rather than a general reduction to the chemical demilitarization program as proposed by the Senate. The House did not include a similar reduction. The reduced amount reflects revised facility requirements resulting from the acceleration initiative for the destruction of chemical agents at Aberdeen Proving Ground.

The conferees are pleased with the Army's proposal to accelerate the neutralization of

chemical agents and urge the Department of Defense to execute it as quickly as possible. The chemicals stored at these sites create health and environmental hazards.

As a result of revisions to accelerate the chemical demilitarization program, several military construction projects at Aberdeen Proving Ground have been terminated, leaving partially-completed structures. The conferees support the Department of the Army efforts to redesign and complete these partially-constructed buildings to meet other military construction needs. The conferees urge the Department of Defense to reach firm decisions on the re-use of these buildings without further delay. The Department is directed to submit a report to the congressional defense committees no later than December 31, 2002, on plans for re-use of existing and partially-constructed chemical demilitarization buildings at Aberdeen Proving Ground that are not needed as a result of the accelerated program. The conferees encourage the use of available funds to complete planning and design for re-use of the partially-constructed buildings during fiscal year 2003, and urge the Department to include the redesigned projects in the fiscal year 2004 budget submission.

In addition, the conferees agree to delete language proposed by the House and not included by the Senate, that makes \$84,400,000 contingent upon the program meeting milestones agreed upon by the Secretary of Defense and the Office of Management and Budget. This language is not necessary and potentially could cause Chemical Weapons Convention Treaty compliance issues.

Energy Conservation Improvement Program.—The conferees agree to reduce this program by \$15,000,000 due to substantial prior year unobligated balances.

Texas—Kingsville Naval Air Station: Replace Fuel Farm.—The conferees agree this project should be executed with funds made available for planning and design in this account rather than with funds in the "Military Construction, Navy" account, as proposed by the Senate.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The conference agreement appropriates \$241,377,000 for Military Construction, Army National Guard, instead of \$159,672,000 as proposed by the House and \$208,482,000 as proposed by the Senate. This amount reflects \$1,000,000 in savings that result from the re-estimation of inflation.

Indiana—Gary: Army Aviation Support Facility and Readiness Center.—In response to the additional needs of homeland security and the protection of metropolitan areas, the conferees encourage the Army National Guard to include this project in its fiscal year 2004 budget submission.

Iowa—Waterloo: Readiness Center Addition.—Of the funds provided for unspecified minor construction in this account, the conferees urge the Army National Guard to provide \$1,388,400 for an addition to the Readiness Center at Waterloo, Iowa.

Mississippi—Tupelo: Army Aviation Support Facility.—Of the amount provided for planning and design in this account, the conferees direct that not less than \$891,000 be made available to design this facility instead of \$879,000 for design of the Readiness Center at Tupelo, Mississippi as proposed by the House.

Pennsylvania—Fort Indiantown Gap: Multipurpose Training Range.—Of the funds provided for planning and design in this account, the conferees direct that not less than \$1,400,000 be made available to design this project.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The conference agreement appropriates \$203,813,000 for Military Construction, Air

National Guard, instead of \$119,613,000 as proposed by the House and \$217,988,000 as proposed by the Senate.

Massachusetts—Otis Air National Guard Base: Fire Crash Rescue Station/Control Tower.—The conferees agree this project should be executed with funds made available for planning and design in this account as proposed by the House rather than with funds in the "Military Construction, Air Force" account, as proposed by the Senate.

Minnesota—Duluth International Airport: Aircraft Maintenance Complex and Shops, Phase II.—The conferees were unable to fully fund the final phases of this project due to funding constraints. Mindful of the importance of the facility, the conferees strongly urge the Air National Guard to provide full funding to complete the project in its fiscal year 2004 budget submission.

Ohio—Toledo Express Airport: Replace Logistics Complex.—Of the funds provided for planning and design in this account, the conferees direct that not less than \$472,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, ARMY RESERVE

The conference agreement appropriates \$100,554,000 for Military Construction, Army Reserve, instead of \$99,059,000 as proposed by the House and \$66,487,000 as proposed by the Senate.

MILITARY CONSTRUCTION, NAVAL RESERVE

The conference agreement appropriates \$74,921,000 for Military Construction, Naval Reserve, instead of \$75,821,000 as proposed by the House and \$58,671,000 as proposed by the Senate.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

The conference agreement appropriates \$67,226,000 for Military Construction, Air Force Reserve, instead of \$75,276,000 as proposed by the House and \$58,209,000 as proposed by the Senate.

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

Due to savings that result from the re-estimation of inflation, the conferees agree to reduce this appropriation from \$168,200,000 to \$167,200,000.

The conferees agree to clarify Senate report language directing the Department to identify the level of funding anticipated for NATO enlargement and Partnership for Peace. This report should be provided to the Committees on Appropriations no later than June 15, 2003.

FAMILY HOUSING CONSTRUCTION, ARMY
(INCLUDING RESCISSION)

The conference agreement appropriates \$280,356,000 for Family Housing Construction, Army, instead of \$283,346,000 as proposed by the House and \$282,856,000 as proposed by the Senate. This amount reflects \$2,000,000 in savings that result from the re-estimation of inflation. The conference agreement rescinds \$4,920,000 from funds provided to this account in previous Military Construction Appropriation Acts to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these funds in section 128 of the General Provisions.

Germany—Stuttgart: General Officer Quarters.—In light of the symbolic importance of the Deputy Commander-in-Chief's European Command residence in Stuttgart, the conferees deny the budget request for \$990,000 to build the new on-post General Officer Quarters (GOQ). The House proposed to fully fund the project. The Senate proposed to reduce the project by \$490,000.

FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

Due to savings that result from the re-estimation of inflation and a \$5,000,000 reduction

for excessive housing privatization consulting costs, the conferees agree to reduce this appropriation from \$1,119,007,000 to \$1,106,007,000.

FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

(INCLUDING RESCISSION)

The conference agreement appropriates \$376,468,000 for Family Housing Construction, Navy and Marine Corps, instead of \$380,268,000 as proposed by the House and \$374,468,000 as proposed by the Senate. This amount reflects \$3,000,000 in savings that result from the re-estimation of inflation. The conference agreement rescinds \$2,652,000 from funds provided to this account in previous Military Construction Appropriation Acts to reflect savings from favorable foreign currency fluctuations. The House bill proposed rescinding these funds in section 128 of the General Provisions.

FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

Due to savings that result from the re-estimation of inflation, the conferees agree to reduce this appropriation from \$867,788,000 to \$861,788,000.

FAMILY HOUSING CONSTRUCTION, AIR FORCE
(INCLUDING RESCISSION)

The conference agreement appropriates \$684,824,000 for Family Housing Construction, Air Force, instead of \$689,824,000 as proposed by the House and \$676,694,000 as proposed by the Senate. This amount reflects \$5,000,000 in savings that result from the re-estimation of inflation. The conference agreement rescinds \$8,782,000 from funds provided to this account in previous Military Construction Appropriation Acts to reflect savings from favorable foreign currency fluctuations as proposed by the Senate. The House bill proposed rescinding these funds in section 128 of the General Provisions.

FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE

Due to savings that result from the re-estimation of inflation and a \$5,000,000 reduction for excessive housing privatization consulting costs, the conferees agree to reduce this appropriation from \$874,050,000 to \$863,050,000.

BASE REALIGNMENT AND CLOSURE ACCOUNT

The conference agreement appropriates \$561,138,000 for the Base Realignment and Closure Account, instead of \$545,138,000 as proposed by the House and \$645,138,000 as proposed by the Senate. This amount reflects \$4,000,000 in savings that result from the re-estimation of inflation.

Environmental Cleanup Acceleration Initiative.—The conference agreement includes \$20,000,000 above the budget request to accelerate the pace of environmental cleanup at closed or realigned military installations. The Senate proposed \$100,000,000 for this initiative. The House did not include a similar proposal. Based on requirements identified by the services, the conferees direct that, of the additional funding provided, \$11,000,000 be made available for the Navy, \$6,000,000 for the Air Force, and \$3,000,000 for the Army.

GENERAL PROVISIONS

The conference agreement includes general provisions (sections 101–120) that were not amended by either the House or Senate in their versions of the bill.

The conference agreement includes a provision, section 121, as proposed by the House, which prohibits the expenditure of funds except in compliance with the Buy American Act. The Senate bill contained no similar provision.

The conference agreement includes a provision, section 122, as proposed by the House, which states the recipients of equipment or products purchased with funds provided in this Act should be notified that they must purchase American-made equipment and products. The Senate bill contained no similar provision.

The conference agreement includes a provision renumbered section 123, as proposed by the Senate, permitting the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund. The House bill contained a similar provision with additional language permitting the transfer of funds from unaccompanied housing projects in the Military Construction accounts to the Family Housing Improvement Fund to support barracks privatization. Without prejudice to the concept, the conferees agree to delete language as proposed by the House allowing the service components to intermingle family housing and unaccompanied housing funds for the purpose of privatizing barracks projects. Rather than authorizing these expenditures, the conferees prefer to wait for policy guidance from the authorizing committees.

Areas of concern, however, are the unknown consequences of co-mingling these funds to the integrity of the audit trail. Specifically, the conferees are concerned that the Department of Defense and Congress must be able to clearly identify and track the financial advantages of privatizing unaccompanied barracks versus the traditional military construction approach. Especially during this pilot program, a merger of family housing and unaccompanied housing funding would not allow for a true comparison. Without that analysis, the Congress will not be able to determine the best approach to provide funds for unaccompanied housing.

The conference agreement includes a provision renumbered section 124, as proposed by the Senate, to prohibit the obligation of funds for Partnership for Peace programs in the New Independent States of the former Soviet Union. The House bill contained no similar provision. The Administration requested eliminating this limitation on providing NATO Security Investment Program (NSIP) funds for non-NATO countries that participate in Partnership for Peace programs. The conferees are concerned that NSIP funds are already oversubscribed and that expanding the scope of the program beyond NATO membership would compound an already serious problem. However, the conferees agree that the matter can be re-addressed should the Department have compelling and specific reasons to make NSIP funds available beyond the alliance.

The conference agreement includes a provision renumbered section 125, as proposed by the House and the Senate, which requires the Secretary of Defense to notify Congressional Committees sixty days prior to issuing a solicitation for a contract with the private sector for military family housing.

The conference agreement includes a provision renumbered section 126, as proposed by the Senate, which provides transfer authority from the Base Realignment and Clo-

sure (BRAC) account to the Homeowners Assistance Program. The House bill contained a similar provision with additional language providing transfer authority from the operation and maintenance accounts in the Department of Defense Appropriations Bill to the Homeowners Assistance Program.

The conference agreement includes a provision renumbered section 127, as proposed by the Senate, regarding funding for operation and maintenance of general officer quarters. The House provision did not authorize after-the-fact notification for costs associated with environmental remediation.

The conference agreement includes a provision renumbered section 128, as proposed by the House, authorizing the use of private funds for the construction, improvement, repair, and maintenance of historic residences at 8th and I Marine Barracks in Washington, D.C. The conferees agree to modify the provision by changing the authorization expiration from September 30, 2006 to September 30, 2004. The conferees direct the Secretary of the Navy to submit a report no later than February 28, 2003, outlining: (1) the current status of renovation efforts at 8th and I; (2) the total funds expended to date on renovation efforts (appropriated funds and private funds); (3) the current balance of the Friends of the Home of the Commandant's Fund, Fund activities to date, and future activities planned for the Fund; and (4) the overall projected cost of the renovation efforts at 8th and I.

The conference agreement includes a provision renumbered section 129, as proposed by the House, which limits funds from being transferred from this appropriation measure into any new instrumentality without authority from an appropriation Act. The Senate bill contained no similar provision.

The conference agreement includes a provision renumbered section 130, as proposed by the House, which transfers amounts appropriated for a physical fitness center at Camp Kyle, Korea, to a similar project at Camp Bonifas, Korea. The Senate bill contained no similar provision.

The conference agreement includes a provision renumbered section 131, as proposed by the Senate, which directs the Department of Defense to accurately reflect the cost of environmental remediation activities in its future budget submissions for the Base Realignment and Closure (BRAC) account. The House bill contained no similar provision.

Those general provisions not included in the conference agreement are as follows:

The conference agreement deletes the House provision rescinding funds from various accounts to reflect savings from favorable foreign currency fluctuations.

The conference agreement deletes the House provision limiting funds from being expended to prepare conveyance documents at the former Fort Ord in California.

The conference agreement deletes the House provision limiting funds provided in this Act from being used to relocate the headquarters of U.S. Army, South.

The conference agreement deletes Senate sections 127 through 131. The projects provided in these provisions were considered within the full scope of projects in conference. Projects included in the conference agreement are provided in the state list accompanying this report.

FURTHER CONSIDERATION OF H.
RES. 114, AUTHORIZATION FOR
USE OF MILITARY FORCE
AGAINST IRAQ RESOLUTION OF
2002

Mr. CANTOR. Mr. Speaker, I yield 3 minutes to the distinguished gentleman from Missouri (Mr. HULSHOF).

(Mr. HULSHOF asked and was given permission to revise and extend his remarks.)

Mr. HULSHOF. Mr. Speaker, "When in the course of human events it becomes necessary for the people to dissolve the political bonds which have connected them with another, a decent respect to the opinions of mankind requires that they should declare the causes which impel them."

When the delegates to the Second Continental Congress began to debate those immortal words in July of 1776,

they did not have the long lens of history to guide them. These bold men adopted the radical idea of independence based upon deeply-held convictions and beliefs that bloodshed, though unwanted, was a probable course. Indeed, when the document declaring independence was executed in August of that year, 30,000 British and Hessian troops were assembled at Staten Island, New York, a 3 days' journey from Philadelphia.

At first blush, those of you reminded of this narrative would quickly make the distinction that those Philadelphia delegates and the colonists they represented were in imminent peril, and we are not. Is that in fact the case after September 11? America's enemies today do not dispatch columns of infantrymen "across the green" or battleships upon the high seas. Instead, we face a deadlier threat in chemical and biological weapons willing to be dispersed by an army of anonymous killers. This 107th Congress, as our forefathers before, must face this difficult issue without the benefit of history's clarity.

I have been contacted by a number of Missourians with wide-ranging opinions, and some have proclaimed, "Let us not wage war with Iraq." Would that I could will it so, possessing the knowledge as I do of the threat Iraq poses. Would that Saddam Hussein lay down his arms, those weapons designed to commit mass murder against the defenseless.

Now, time does not permit me to make my case, but there has been a lot of discussion about the case that has been made, and I am convinced that Iraq continues to possess and manufacture weapons of mass destruction in defiance of 12 years of Security Council resolutions.

My colleague, the gentlewoman from California (Ms. LOFGREN), a good friend, a moment ago said there is no definitive link between Iraq and the attacks of September 11, 2001; and I acknowledge that. However, our United States intelligence services have detected that Saddam's regime has begun efforts to reach out to terrorist groups with global reach.

I acknowledge that Saddam Hussein's regime is largely secular and has often clashed with fanatical religious fundamentalist groups. However, I am mindful of a disquieting adage, the enemy of my enemy is my friend.

The resolution I support today suggests a variety of means to disarm Iraq without immediately resorting to the end of open warfare. It is imperative that the United Nations take strong action to implement a comprehensive and unfettered regime of weapons inspections. It is deeply troubling to me, however, that the only thing that seems to compel Saddam Hussein into compliance is the threat of military force. Certainly many questions remain. However, the risks of inaction are greater, in my mind, than the risks of action.

Ironically, a number of family members who lost loved ones last September have come to Capitol Hill and have questioned the inability of our intelligence agencies to foresee those attacks prior to September 11. Why did we not act upon those threads of information, they ask plaintively? Why did we not prevent the horrific attacks of that crisp, clear morning?

Mr. Speaker, let us not allow that tragic history to be repeated. We have a moral responsibility to defend our Nation from harm. This conflict has been brought to us, and we have provoked it only by being free. We must move forward decisively, confident in the knowledge that our voices, which cry out so desperately for a lasting peace, have been and will be heard by the rest of the world.

Mr. PAYNE. Mr. Speaker, I yield 5 minutes to my good friend, the gentleman from Arizona (Mr. PASTOR), a member of the House Committee on Appropriations, a top member of the Committee on Energy and Water and on the Committee on Standards of Official Conduct.

(Mr. PASTOR asked and was given permission to revise and extend his remarks.)

Mr. PASTOR. Mr. Speaker, I am committed to the war against terrorism and believe that stopping Saddam Hussein from developing weapons of mass destruction is a necessary part of that effort. But at this time, however, I believe it is premature to authorize a unilateral attack on Iraq.

Working with the international community is the surest means of addressing this threat effectively, sharing costs and resources and ensuring stability in Iraq and throughout the Middle East in the event of a regime change. While the President has spoken of the value of a coalition effort, the resolution before the House today undermines the importance of our allies and of maintaining the momentum of international cooperation in the wider war on terrorism.

I support the Spratt amendment to this resolution. This amendment would authorize the use of U.S. forces in support of a new U.N. Security Council resolution mandating the elimination, by force, if necessary, of all Iraqi weapons of mass destruction and means of producing such weapons. Should the Security Council fail to produce such a resolution, the amendment calls on the President then to seek authorization for unilateral military action. In this way, the amendment emphasizes our preference for a peaceful solution and coalition support, while recognizing that military force and unilateral action may be appropriate at some point.

We should not rush into war without the support of our allies. We should not send American troops into combat before making a full-faith effort to put U.N. inspectors back into Iraq under a more forceful resolution. We should not turn to a policy of preemptive attack, which we have so long and so rightly
