TEXT OF AMENDMENTS

SA 368. Mrs. HUTCHISON submitted an amendment intended to be proposed by her to the concurrent resolution S. Con. Res. 23, setting forth the congressional budget for the United States Government for fiscal year 2004 and including the appropriate budgetary levels for fiscal year 2003 and for fiscal years 2005 through 2013; which was ordered to lie on the table; as follows:

At the appropriate place, add the following:

SEC. ____ . SENSE OF THE SENATE CONCERNING PROGRAMS OF THE CORPS OF ENGINEERS.

(a) FINDINGS.—The Senate finds that—

(1) the Corps of Engineers provides quality, responsive engineering services to the United States, including planning, designing, building, and operating invaluable water resources and civil works projects;

(2) the ports of the United States are a vital component of the economy of the United States, playing a critical role in international trade and commerce and in maintaining the energy supply of the United States;

(3) interruption of port operations would have a devastating effect on the United States;

(4) the navigation program of the Corps enables 2,400,000,000 tons of commerce to move on navigable waterways;

(5) the Department of Transportation estimates that those cargo movements have created jobs for 13,000,000 people;

(6) flood damage reduction structures provided and maintained by the Corps save taxpayers \$21,000,000,000 in damages every year, in addition to numerous human lives;

(7) the Corps designs and manages the construction of military facilities for the Army and Air Force while providing support to the Department of Defense and other Federal agencies;

(8) the Civil Works program of the Corps adds significant value to the economy of the United States;

(9) through contracting methods, the civil works program employs thousands of private sector contract employees, as well as Federal employees, in all aspects of construction, science, engineering, architecture, management, planning, design, operations, and maintenance; and

(10) the Bureau of Labor Statistics indicates that \$1,000,000,000 expended for the Civil Works program generates approximately 40,000 jobs in support of construction operation and maintenance activities in the United States.

(b) BUDGETARY ASSUMPTIONS.—It is the sense of the Senate that—

(1) to perform vital functions described in subsection (a), the Corps of Engineers requires additional funding in order to sustain aging infrastructure of, and address the growing demand for water supply in, the United States; and

(2) the budgetary totals in this resolution assume that the level of funding provided for programs of the Corps described in subsection (a) will not be reduced below current baseline spending levels established for the programs.

SEC. —. SENSE OF THE SENATE ON CORPORATE TAX HAVEN LOOPHOLES.

(a) FINDINGS.—Congress finds that companies are taking advantage of loopholes in the United States tax code to direct taxable income to tax haven jurisdictions, some of which have excessive bank secrecy laws and a poor record of cooperation with United States civil and criminal tax enforcement.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the Senate should act to stop companies from avoiding paying their fair share of United States taxes by—

(1) addressing the problem of corporations that have renounced their United States citi-

zenship (“inverted”) by relocating their headquarters to tax haven jurisdictions while maintaining their primary offices and production or service facilities in the United States; and

(2) addressing the problem of Bermuda-based insurance companies that are using reinsurance agreements with their subsidiaries to direct property and casualty insurance premiums out of the United States into Bermuda to reduce their United States taxes in a way that places United States property and casualty insurance companies at a competitive disadvantage.

SEC. ____ . FUNDING FOR AFTER-SCHOOL PROGRAMS.

(a) FINDINGS.—Congress finds that—

(1) Studies show that organized extracurricular activities, such as after-school programs, reduce crime, drug use, and teenage pregnancy.

(2) According to the FBI, youth are most at risk for committing violent acts and being

victims of violent crimes between 3:00 p.m. and 8:00 p.m.—after school is out and before parents arrive home.

(3) There remains a great need for after-school programs. The Census Bureau reported that at least 8 to 15 million children have no place to go after school is out.

(3) There remains a great need for after-school programs. The Census Bureau reported that at least 8 to 15 million children have no place to go after school is out.

(4) Current funding for after-school programs provide almost 1.4 million children across the country a safe and enriching place to go afterschool instead of being home alone.

(5) The Administration's proposed FY 04 budget has recommended funding after school programs at \$600,000,000. This represents a 40-percent cut in program funding and will result in 570,000 fewer children having access to afterschool programs.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this resolution assume funding for 21st Century Community Learning Centers is at least enough to ensure the number of children participating in afterschool programs does not.

SEC. ____ . FUNDING FOR IMPACT AID.

(a) FINDINGS.—Congress finds as follows:

(1) Impact Aid assists 1,275 school districts, serving 15,000,000 children. Of those children 385,171 are military dependent children.

(2) At a time when many States have initiated steep cuts in education funding, Impact Aid helps in easing the financial burden on school districts with large military populations.

(3) At a time when many military parents have been deployed overseas, schools with large military populations are reporting many students experiencing difficulty adjusting to their parents being absent or physically threatened. As a result, school officials report increased behavioral problems, academic problems, and an increased need for school-based counseling.

(4) Increased funding for Impact Aid will ensure that federally impacted schools will continue to serve some of these children's basic educational needs, as well as special needs, such as counseling for children with a parent overseas on active duty.

(5) Despite the Administration's proposed \$173,000,000 cut in Impact Aid funding both the Senate and House of Representatives Committees on the Budget rejected this cut. Furthermore, the budget resolution of the House of Representatives assumes an increase in Impact Aid funding to \$1,238,226,000.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this resolution assume that Impact Aid funding is funded at \$1,238,226,000.

(1) Highway construction funding should increase over current levels.

(2) The Senate Budget Committee-passed Resolution increases Highway funding above the President's request.

(3) All vehicles, whether they are operated by gasoline, gasohol, or electricity, do damage to our highways.

SEC. 1. FINDINGS—The Senate finds that:

Twenty-eight years ago, the federal government promised to pay for 40 percent of the additional cost of special education. Presently, the federal share is only 17.6 percent. The nation's school districts cannot afford such a large unfunded mandate. Thus, it is imperative that Congress increase IDEA funding to the long-promised 40 percent share.
