At the end of title V, insert the following:
SEC. ____ . FINDINGS AND SENSE OF THE SENATE.

(a) FINDINGS.—The Senate finds that—

(1) the United States is in the grip of pervasively higher home energy prices;

(2) high natural gas, heating oil, and propane prices are, in general, having an effect that is rippling through the United States economy and are, in particular, impacting home energy bills;

(3) while persons in many sectors can adapt to natural gas, heating oil, and propane price increases, persons in some sectors simply cannot;

(4) elderly and disabled citizens who are living on fixed incomes, the working poor, and other low-income individuals face hardships wrought by high home energy prices;

(5) the energy burden for persons among the working poor often exceeds 20 percent of those persons' incomes under normal conditions;

(6) under current circumstances, home energy prices are unnaturally high, and these are not normal circumstances;

(7) while critically important and encouraged, State energy assistance and charitable assistance funds have been overwhelmed by the crisis caused by the high home energy prices;

(8) the Federal Low-Income Home Energy Assistance Program (referred to in this section as "LIHEAP") and the companion weatherization assistance program (referred to in this section as "WAP"), are the Federal Government's primary means to assist eligible low-income individuals in the United States to shoulder the burdens caused by their home cooling and heating needs;

(9) in 2003, LIHEAP reached only 15 percent of the persons in the United States who were eligible for assistance under the program;

(10) since LIHEAP's inception, its inflation-adjusted buying power has eroded by 58 percent; and

(11) current Federal funding for LIHEAP is not sufficient to meet the cooling and heating needs of low-income families.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume—

(1) an authorization of \$3,400,000,000 for each of fiscal years 2005 and 2006 to carry out the LIHEAP program;

(2) an authorization of \$400,000,000 for fiscal year 2005 and \$500,000,000 for fiscal year 2006 to carry out the WAP program;

(3) appropriations, for these programs, of sufficient additional funds to realistically address the cooling and heating needs of low-income families, as well as the systemic shortfalls that have plagued the programs and the eligible individuals that the programs are designed to assist; and

(4) advance appropriations of the necessary funds to ensure the smooth operation of the programs during times of peak demand.

SEC. ____ . SENSE OF THE SENATE REGARDING CONTRIBUTIONS TO THE GLOBAL FUND TO FIGHT AIDS, TUBERCULOSIS, AND MALARIA.

(a) FINDINGS.—The Senate finds that—

(1) The United States—

(A) helped establish The Global Fund to Fight AIDS, Tuberculosis, and Malaria (referred to in this section as the “Fund”);

(B) provided its first donation; and

(C) provides leadership to the Fund under Fund Board Chairman Tommy Thompson, Secretary of the Department of Health and Human Services;

(2) as a complement to the President’s historic 15-country AIDS initiative, the Fund provides resources to fight AIDS, tuberculosis, malaria, and related diseases around the world;

(3) section 202 of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2004 (22 U.S.C. 7622) authorizes contributions to the Fund to the extent that United States contributions do not exceed 33 percent of all contributions to the Fund, allowing the United States to contribute \$1 for every \$2 contributed by other sources.

(4) during fiscal years 2001 through 2003, the United States provided \$623,000,000 of the total contributions of \$1,900,000,000 to the Fund, which represents approximately $\frac{1}{3}$ of total contributions to the Fund;

(5) Congress has appropriated \$547,000,000 to the Fund for fiscal year 2004, which has been matched by confirmed pledges of \$994,000,000, and is slightly more than $\frac{1}{3}$ of total pledges, with additional pledges expected; and

(6) over the life of the Fund, Congress has appropriated sufficient amounts to match contributions from other sources to The Global Fund to Fight AIDS, Tuberculosis, and Malaria on a 1-to-2 basis.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume that new budget authority and outlays for fiscal year 2005 within the major functional category entitled “International Affairs (150)” provide sufficient funds to continue matching contributions from other sources to The Global Fund to Fight AIDS, Tuberculosis, and Malaria on a 1-to-2 basis.

Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

At the end of title V, insert the following:
SEC. ____ SENSE OF THE SENATE REGARDING PRIORITIES FOR EDUCATION FUNDING.

(a) FINDINGS.—Congress makes the following findings:

(1) According to the Department of Education, 5,000 schools have been identified for school improvement, making 2,500,000 children eligible to transfer to a higher performing public school.

(2) Section 1116(b)(1)(E) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6316(b)(1)(E)) requires a school that has failed to make adequate yearly progress for 2 consecutive years to provide an option for students to transfer to a higher performing public school.

(3) The overwhelming majority of parents who have tried to exercise their right to transfer their children to a higher performing public school have been denied the transfer due to a lack of capacity at these higher performing schools.

(4) Full funding for the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6301 et seq.) (as amended by the No Child Left Behind Act of 2001) will enable public schools to address these capacity issues and will provide parents with meaningful school choice.

(5) Full funding for the Elementary and Secondary Education Act of 1965 (as amended by the No Child Left Behind Act of 2001) will enable low performing schools to improve by giving the schools the resources to serve an additional 2,000,000 disadvantaged students,

hire an additional 100,000 highly qualified teachers, and provide after school tutoring for an additional 1,400,000 students.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the budgetary totals in this resolution assume that no funds will be made available for new programs aimed at transferring students into private schools until school improvement programs under part A of title I, part A of title II, part A of title IV, and parts A and B of title V, of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6311 et seq., 6601 et seq., 7101 et seq., 7201 et seq., 7221 et seq.) (as amended by the No Child Left Behind Act of 2001) are funded at their authorized levels.

On page 54, after line 22, insert the following:

SEC. ____ . SENSE OF THE SENATE REGARDING COMPENSATION FOR EXPOSURE TO TOXIC SUBSTANCES AT THE DEPARTMENT OF ENERGY.

(a) FINDINGS.—The Senate finds the following:

(1) The Energy Employees Occupational Illness Compensation Program Act of 2000 (42 U.S.C. 7384 et seq.) (referred to in this section as the "EEOICPA") is intended to ensure the timely payment of uniform and adequate compensation to covered employees suffering from occupational illnesses incurred during their work for the Department of Energy.

(2) The Department of Labor is responsible for implementing the provisions under subtitle B of the EEOICPA, relating to claims for radiation related cancers, beryllium disease, and silicosis. The Department of Labor

has, within its area of responsibility, processed over 95 percent of the 52,000 claims it has received, and is processing these claims in an average of 73 days.

(3) As of the date of enactment of this resolution, the Department of Health and Human Services has not promulgated the regulations required under section 3626 of the EEOICPA for allowing claimants to petition to be members of the Special Exposure Cohort. Special Exposure Cohorts provide a presumption in favor of the claimant for radiation related cancers if—

(A) it is not feasible to estimate radiation dose with sufficient accuracy; and

(B) there is a reasonable likelihood that the health of the class of workers may have been endangered.

(4) The Department of Energy, which is responsible for implementing subtitle D of the EEOICPA, relating to occupational illness caused by exposure to toxic substances at Department of Energy facilities, finalized its regulations on August 14, 2002. The Department of Energy has processed 1 percent of the 22,000 claims received through the Department of Energy physicians panels since its regulations were made final.

(5) The Department of Energy has no willing payor for up to 50 percent of the claims that its physicians panels determine to be related to exposure to a toxic substance at the Department of Energy. As a consequence, many claimants with a positive determination from the physicians panel will be denied benefits. Many States, including Alaska, Colorado, Iowa, Kentucky, Missouri, Ohio, New Mexico, Idaho, and Nevada, may not have a willing payor.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) claims for occupational illness, which are determined to be caused by exposure to toxic substances at Department of Energy facilities under subtitle D of the EEOICPA, should be promptly, equitably, and efficiently compensated;

(2) administrative and technical changes should be made to the EEOICPA to—

(A) improve claims processing and review by physicians panels to ensure cost-effective and efficient consideration and determination of workers' claims;

(B) provide for membership in additional special exposure cohorts; and

(C) address eligibility issues at facilities with residual radiation; and

(3) the President and Congress should work together at the earliest opportunity to develop a plan that effectively resolves the issue of a lack of a willing payor for many claims that are determined under subtitle D of the EEOICPA to be related to exposure to a toxic substance at Department of Energy facilities.

SEC. . SENSE OF THE SENATE CONCERNING CHILD NUTRITION FUNDING.

(a) FINDINGS.—The Senate finds that—

(1) Federal child nutrition programs have long played a critical role in providing children in the United States with quality nutrition from birth through secondary school;

(2) recognizing the value of these benefits to children in the United States, Congress has an enduring tradition of bipartisan support for these programs;

(3) children in the United States are increasingly at nutritional risk due to poor dietary habits, lack of access to nutritious foods, and obesity and diet-related diseases associated with poor dietary intake;

(4) many children in the United States who would benefit from Federal child nutrition programs do not receive benefits due to financial or administrative barriers; and

(5) Federal child nutrition programs are expected to be reauthorized in the 108th Congress.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume that in making appropriations and revenue decisions, the Senate supports the retention in the conference report for this concurrent resolution of the additional funds provided in this concurrent resolution for the reauthorization of Federal child nutrition programs.

At the end of title V, insert the following:

SEC. . FINDINGS AND SENSE OF THE SENATE.

(a) FINDINGS.—The Senate finds that—

(1) the United States is in the grip of pervasively higher home energy prices;

(2) high natural gas, heating oil, and propane prices are, in general, having an effect that is rippling through the United States economy and are, in particular, impacting home energy bills;

(3) while persons in many sectors can adapt to natural gas, heating oil, and propane price increases, persons in some sectors simply cannot;

(4) elderly and disabled citizens who are living on fixed incomes, the working poor, and other low-income individuals face hardships wrought by high home energy prices;

(5) the energy burden for persons among the working poor often exceeds 20 percent of those persons' incomes under normal conditions;

(6) under current circumstances, home energy prices are unnaturally high, and these are not normal circumstances;

(7) while critically important and encouraged, State energy assistance and charitable assistance funds have been overwhelmed by the crisis caused by the high home energy prices;

(8) the Federal Low-Income Home Energy Assistance Program (referred to in this section as "LIHEAP") and the companion weatherization assistance program (referred to in this section as "WAP"), are the Federal Government's primary means to assist eligible low-income individuals in the United States to shoulder the burdens caused by their home cooling and heating needs;

(9) in 2003, LIHEAP reached only 15 percent of the persons in the United States who were eligible for assistance under the program;

(10) since LIHEAP's inception, its inflation-adjusted buying power has eroded by 58 percent; and

(11) current Federal funding for LIHEAP is not sufficient to meet the cooling and heating needs of low-income families.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume—

(1) an authorization of \$3,400,000,000 for each of fiscal years 2005 and 2006 to carry out the LIHEAP program;

(2) an authorization of \$400,000,000 for fiscal year 2005 and \$500,000,000 for fiscal year 2006 to carry out the WAP program;

(3) appropriations, for these programs, of sufficient additional funds to realistically address the cooling and heating needs of low-income families; and

(4) advance appropriations of the necessary funds to ensure the smooth operation of the programs during times of peak demand.

SA 2811. Mr. SCHUMER submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

TITLE V—IDENTIFICATION OF COUNTRIES THAT DENY MARKET ACCESS FOR AGRICULTURAL PRODUCTS

SEC. 501. SHORT TITLE.

This title may be cited as the “United States Agricultural Products Market Access Act of 2004”.

SEC. 502. FINDINGS; PURPOSES.

(a) FINDINGS.—Congress makes the following findings:

(1) The export of agricultural products is of vital importance to the economy of the United States.

(2) In 2002, agriculture was a large positive contributor to the United States merchandise trade balance with a trade surplus of \$12,300,000,000.

(3) The growth of United States agricultural exports should continue to be an important factor in improving the United States merchandise trade balance.

(4) Increasing the volume of agricultural exports will increase farm income in the United States, thereby protecting family farms and contributing to the economic well-being of rural communities in the United States.

(5) Although the United States efficiently produces high-quality agricultural products, United States producers cannot realize their full export potential because many foreign countries deny fair and equitable market access to United States agricultural products.

(6) The Foreign Agricultural Service estimates that United States agricultural exports are reduced by \$4,700,000,000 annually due to unjustifiable imposition of sanitary and phytosanitary measures that deny or limit market access to United States products.

(7) The denial of fair and equitable market access for United States agricultural products impedes the ability of United States farmers to export their products, thereby harming the economic interests of the United States.

(b) PURPOSES.—The purposes of this Act are—

(1) to reduce or eliminate foreign unfair trade practices and to remove constraints on fair and open trade in agricultural products;

(2) to ensure fair and equitable market access for exports of United States agricultural products; and

(3) to promote free and fair trade in agricultural products.

SEC. 503. IDENTIFICATION OF COUNTRIES THAT DENY MARKET ACCESS.

(a) IDENTIFICATION REQUIRED.—Chapter 8 of title I of the Trade Act of 1974 (19 U.S.C. 2241 et seq.) is amended by adding at the end the following:

“SEC. 183. IDENTIFICATION OF COUNTRIES THAT DENY MARKET ACCESS FOR AGRICULTURAL PRODUCTS.

“(a) IN GENERAL.—Not later than the date that is 30 days after the date on which the annual report is required to be submitted to Congressional committees under section 181(b), the United States Trade Representative (in this section referred to as the “Trade Representative”) shall identify—

“(1) those foreign countries that—

“(A) deny fair and equitable market access to United States agricultural products, or

“(B) apply sanitary or phytosanitary measures to the importation of agricultural products from the United States that are not based on scientific principles or sufficient scientific evidence, and

“(2) those foreign countries identified under paragraph (1) that are determined by the Trade Representative to be priority foreign countries.

“(b) SPECIAL RULES FOR IDENTIFICATIONS.—

“(1) CRITERIA.—In identifying priority foreign countries under subsection (a)(2), the Trade Representative shall only identify those foreign countries—

“(A) that engage in or have the most onerous or egregious acts, policies, or practices that deny fair and equitable market access to United States agricultural products,

“(B) whose acts, policies, or practices described in subparagraph (A) have the greatest adverse impact (actual or potential) on the relevant United States products, and

“(C) that are not—

“(i) entering into good faith negotiations, or

“(ii) making significant progress in bilateral or multilateral negotiations, to provide fair and equitable market access to United States agricultural products.

“(2) CONSULTATION AND CONSIDERATION REQUIREMENTS.—In identifying priority foreign countries under subsection (a)(2), the Trade Representative shall—

“(A) consult with the Secretary of Agriculture and other appropriate officers of the Federal Government, and

“(B) take into account information from such sources as may be available to the Trade Representative and such information as may be submitted to the Trade Representative by interested persons, including information contained in reports submitted under section 181(b) and petitions submitted under section 302.

“(3) FACTUAL BASIS REQUIREMENT.—The Trade Representative may identify a foreign country under subsection (a)(1) only if the Trade Representative finds that there is a factual basis for the denial of fair and equitable market access as a result of the violation of international law or agreement, or the existence of barriers, referred to in subsection (d).

“(4) CONSIDERATION OF HISTORICAL FACTORS.—In identifying foreign countries under paragraphs (1) and (2) of subsection (a), the Trade Representative shall take into account—

“(A) the history of agricultural trade relations with the foreign country, including any previous identification under subsection (a)(2), and

“(B) the history of efforts of the United States, and the response of the foreign country, to achieve fair and equitable market access for United States agricultural products.

“(c) REVOCATIONS AND ADDITIONAL IDENTIFICATIONS.—

“(1) AUTHORITY TO ACT AT ANY TIME.—If information available to the Trade Representative indicates that such action is appropriate, the Trade Representative may at any time—

“(A) revoke the identification of any foreign country as a priority foreign country under this section, or

“(B) identify any foreign country as a priority foreign country under this section.

“(2) REVOCATION REPORTS.—The Trade Representative shall include in the semiannual report submitted to the Congress under section 309(3) a detailed explanation of the reasons for the revocation under paragraph (1) of the identification of any foreign country as a priority foreign country under this section.

“(d) DENIAL OF FAIR AND EQUITABLE MARKET ACCESS DEFINED.—For purposes of this section, a foreign country denies fair and equitable market access if the foreign country effectively denies access to a market for a

product through the use of laws, procedures, practices, or regulations which—

“(1) violate provisions of international law or international agreements to which both the United States and the foreign country are parties, or

“(2) constitute discriminatory nontariff trade barriers.

“(e) PUBLICATION.—The Trade Representative shall publish in the Federal Register a list of foreign countries identified under subsection (a) and shall make such revisions to the list as may be required by reason of the action under subsection (c).

“(f) ANNUAL REPORT.—The Trade Representative shall, not later than the date by which countries are identified under subsection (a), transmit to the Committee on Ways and Means and the Committee on Agriculture of the House of Representatives and the Committee on Finance and the Committee on Agriculture, Nutrition, and Forestry of the Senate, a report on the actions taken under this section during the 12 months preceding such report, and the reasons for such actions, including a description of progress made in achieving fair and equitable market access for United States agricultural products.”

(b) CLERICAL AMENDMENT.—The table of contents for the Trade Act of 1974 is amended by inserting after the item relating to section 182 the following:

“Sec. 183. Identification of countries that deny market access for agricultural products.”

(c) ADDITIONAL STAFF FOR OFFICE OF ASSISTANT TRADE REPRESENTATIVE FOR AGRICULTURAL AFFAIRS AND OFFICE OF ASSISTANT TRADE REPRESENTATIVE FOR MONITORING AND ENFORCEMENT.—

(1) IN GENERAL.—There is authorized to be appropriated such sums as may be necessary for fiscal year 2005 for the salaries and expenses of 1 additional specialist employee position within the Office of the Assistant United States Trade Representative for Agricultural Affairs and 1 additional specialist employee position within the Office of the Assistant United States Trade Representative for Monitoring and Enforcement.

(2) AVAILABILITY.—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended.

SEC. 504. INVESTIGATIONS.

(a) INVESTIGATION REQUIRED.—Subparagraph (A) of section 302(b)(2) of the Trade Act of 1974 (19 U.S.C. 2412(b)(2)) is amended by inserting “or 183(a)(2)” after “section 182(a)(2)” in the matter preceding clause (i).

(b) CONFORMING AMENDMENT.—Subparagraph (D) of section 302(b)(2) of such Act is amended by inserting “concerning intellectual property rights that is” after “any investigation”.

SA 2815. Mr. GRASSLEY submitted an amendment intended to be proposed by him to the bill S. 1637, to amend the Internal Revenue Code of 1986 to comply with the World Trade Organization rulings on the FSC/ETI benefit in a manner that preserves jobs and production activities in the United States, to reform and simplify the international taxation rules of the United States, and for other purposes; which was ordered to lie on the table; as follows:

At the end of the bill, add the following:

TITLE V—AGRICULTURAL TRADE COMPLIANCE.

SEC. 501. SHORT TITLE.

This title may be cited as the “Mexican Agricultural Trade Compliance Act”.

SEC. 502. FINDINGS.

Congress makes the following findings:

(1) Section 301 of the Trade Act of 1974 provides that, if the United States Trade Representative determines that the rights of the

United States under any trade agreement are being denied, the Trade Representative shall take action to enforce such rights.

(2) The Statement of Administrative Action accompanying the Uruguay Round Agreements Act provided that the United States Trade Representative would base any section 301 determination as to whether there has been a violation or denial of United States rights under the Uruguay Round Agreements on panel or Appellate Body findings adopted by the Dispute Settlement Body of the World Trade Organization.

(3) In a panel report adopted by the Dispute Settlement Body on January 27, 2000, the Dispute Settlement Body determined that section 301 of the Trade Act of 1974 is not inconsistent with United States obligations under the Uruguay Round Agreements, particularly in light of the decision of the United States to use section 301 only after exhausting its rights under the Dispute Settlement Understanding.

(4) On January 28, 2000, a panel of the World Trade Organization determined that Mexico’s antidumping order on high fructose corn syrup imported from the United States violated Mexico’s commitments under the Uruguay Round Agreements.

(5) On February 24, 2000, the Dispute Settlement Body adopted the report of the panel.

(6) On April 10, 2000, the United States and Mexico agreed to a September 22, 2000, deadline for Mexico to come into compliance with the panel report as adopted by the Dispute Settlement Body.

(7) On September 20, 2000, just 2 days prior to the date Mexico had agreed to come into compliance with the panel report, Mexico issued a revised antidumping threat determination in an obvious attempt to evade its commitment to come into compliance with the panel report adopted by the Dispute Settlement Body.

(8) On June 22, 2001, a panel, convened pursuant to Article 21.5 of the Dispute Settlement Understanding, found that Mexico’s revised antidumping threat determination failed to bring Mexico into compliance with its commitments under the World Trade Organization.

(9) On October 22, 2001, the Appellate Body affirmed the ruling of the Article 21.5 panel and recommended that Mexico come into compliance with its obligations under the World Trade Organization.

(10) On November 21, 2001, the Dispute Settlement Body adopted the Appellate Body ruling that affirmed the findings of the Article 21.5 panel.

(11) On January 1, 2002, in a transparent attempt to evade the determinations of the Dispute Settlement Body regarding Mexico’s antidumping order on high fructose corn syrup, and in an affront to the rules-based system of the World Trade Organization, Mexico imposed a de facto discriminatory 20 percent tax on soft drinks containing high fructose corn syrup, the intent and effect of which is to continue Mexico’s antidumping order on United States high fructose corn syrup by other means by restricting access to the Mexican market.

(12) On April 20, 2002, with its discriminatory tax on soft drinks containing high fructose corn syrup now in place, and in a continuous event with the imposition of this tax, Mexico lifted its antidumping order on high fructose corn syrup. Importantly, Mexico lifted its antidumping order only after ensuring that imports of United States high fructose corn syrup would not enter the Mexican market due to the imposition of the tax on soft drinks. Mexico’s lifting of its antidumping order enabled it to make the disingenuous claim that it had come into compliance with the findings adopted by the Dispute Settlement Body regarding Mexico’s antidumping order.

(13) The imposition of the tax on soft drinks and the lifting of the antidumping order by Mexico are related aspects of a unified effort by Mexico to deny the rights of the United States with respect to the trade of high fructose corn syrup.

(14) The effects of the import restrictions of Mexico's antidumping order continue with even more egregious results through the imposition of a 20 percent tax on high fructose corn syrup. Imports of high fructose corn syrup from the United States dropped from 110,893 metric tons in 2001 (the year prior to the lifting of the antidumping order) to 4,868 metric tons in 2002 (the first year of the tax).

(15) The United States has exhausted proceedings under the Dispute Settlement Understanding, and the Dispute Settlement Body has on more than 1 occasion adopted findings adverse to Mexico.

(a) DETERMINATION.—Congress determines that—

(1) the rights of the United States under the Uruguay Round Agreements are being denied by Mexico in connection with the imposition by Mexico of a 20 percent tax on soft drinks containing high fructose corn syrup, an extension by other means of Mexico's unjustified antidumping order on high fructose corn syrup from the United States;

(2) the United States has exhausted proceedings under the Dispute Settlement Understanding;

(3) Mexico's imposition of a tax on high fructose corn syrup, an extension by other means of its unjustified antidumping order on high fructose corn syrup from the United States—

(A) constitutes an act, policy, or practice by Mexico that is unjustifiable and burdens or restricts United States commerce for pur-

poses of section 304(a)(1) of the Trade Act of 1974 (19 U.S.C. 2414(a)(1)); and

(B) denies rights to which the United States is entitled under existing trade agreements with Mexico for purposes of such section 304; and

(4) unless, a certification described in subsection (b) is submitted, the United States Trade Representative shall take appropriate action under subsection (c).

(b) CERTIFICATION.—The certification described in this subsection means a certification from the United States Trade Representative submitted to Congress not later than 30 days after the date of enactment of this Act that states that Mexico has eliminated its tax on soft drinks containing high fructose corn syrup and is taking satisfactory measures to preserve the rights of the United States under all applicable trade agreements with respect to high fructose corn syrup.

(c) ACTION TO BE TAKEN BY USTR.—If a certification is not made under subsection (b), the United States Trade Representative, not later than 60 days after the date of enactment of this Act and after consultation with the Committee on Finance of the Senate and the Committee on Ways and Means of the House of Representatives, shall, pursuant to section 301(c)(1) (A) and (B) of the Trade Act of 1974 (19 U.S.C. 2411(c)(1) (A) and (B))—

(1) suspend, withdraw, or prevent the application of, benefits of trade agreement concessions to carry out a trade agreement with Mexico; or

(2) impose duties or other import restrictions on the goods of Mexico, including agricultural products imported from Mexico, and notwithstanding any other provision of law, fees or restrictions on the services of, Mexico for such time as the Trade Representative determines appropriate.

SA 2826. Mr. GRASSLEY (for himself, Mr. LUGAR, Mr. FEINGOLD, and Mr. SCHUMER) submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

At the end of title V, add the following:

SEC. 5 . SENSE OF THE SENATE SUPPORTING FUNDING RESTORATION FOR AGRICULTURE RESEARCH AND EXTENSION.

(a) FINDINGS.—Congress finds that—

(1) funding for 33 programs administered by the Cooperative State Research, Education, and Extension Service of the Department of Agriculture were each reduced by 10 percent in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2004 (118 Stat. 9);

(2) those cuts are already hurting a wide range of proven programs that help people, communities, and businesses;

(3) the cuts have put at risk important advances made in all 50 States and United States territories, including—

(A) combating obesity through programs such as the Expanded Food and Nutrition Education Program;

(B) expanding environmentally-minded pest management programs;

(C) ensuring food safety; and

(D) educating farmers and ranchers about new sustainable agricultural practices;

(4) the National Research Initiative is the flagship competitive grants program funded through the Cooperative State Research, Education, and Extension Service;

(5) because of limited funding the Service is able to fund only a small fraction of the meritorious research proposals that the Service receives under the National Research Initiative program; and

(6) base funding at the Service that supports the research infrastructure has fallen steadily over the past decade.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that levels in this concurrent resolution assume that in making appropriations and revenue decisions, the Senate supports—

(1) the restoration of the 33 accounts of the Cooperative State Research, Education, and Extension Service;

(2) the fiscal year 2005 funding of the National Research Initiative; and

(3) the fiscal year 2005 funding of competitive research programs of the Cooperative State Research, Education, and Extension Service in an amount that is adequate to—

(A) fight obesity and stave off chronic diseases;

(B) combat insects and animal and plant diseases;

(C) establish new crops, improved livestock, and economic opportunities for producers; and

(D) keep pathogens and other dangers out of the air, water, soil, plants, and animals.

SA 2827. Mr. GRASSLEY submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

“SEC. . SENSE OF THE SENATE REGARDING MEDICARE REWARDING EFFICIENCY AND QUALITY IN MEDICARE.

(a) FINDINGS.—The Senate finds that—

(1) Regional differences in Medicare spending exist across the country, and that Medicare enrollees in higher-spending regions receive more health care than those in lower-spending regions but do not have better health outcomes or satisfaction with care;

(2) Although Medicare as a health care payment system is working to improve quality, current reimbursements are largely neutral or negative toward quality;

(3) Medicare as a payment system does not recognize health care professional who provide high-quality care at low costs through differential reimbursements;

(4) The Centers for Medicare and Medicaid Services, the Medicare Payment Advisory Commission, and Congress have affirmed recently their commitment to using financial incentives to improve quality in the Medicare program;

(5) The Centers for Medicare and Medicaid Services has demonstrations underway for dialysis patients, physician group practices, and hospitals to test pay-for-performance strategies;

(6) The Medicare Payment Advisory Commission, the independent federal body that advises Congress on issues affecting the Medicare program, recently concluded in its June 2003 report that Medicare should take a lead role in adopting pay-for-performance strategies;

(7) First the first time in the history, Congress passed legislation, now law, that provides financial incentive to Medicare participating hospitals that publicly report information on ten measures of high-quality health care;

(8) The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 requires that for fiscal years 2005 through 2007 hospitals will receive a full market basket inflationary payment update only if they submit data reflecting ten hospital quality indicators the Secretary has established as of November 1, 2003. Hospitals that do not submit performance data on these ten hospital quality measures will receive 0.4 percent smaller Medicare payments in fiscal

year 2005 than hospitals that do report quality data;

(9) The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 also provides for a five-year demonstration program that examines health delivery factors which encourage the delivery of improved patient care quality including incentives to improve safety, quality, and efficiency;

(b) SENSE OF THE SENATE.—It is the sense of the Senate that changes need to be made to the Medicare payment system that recognize clinically effective, patient-centered and efficient care.

SA 2828. Mr. GRASSLEY submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

“SEC. . RESERVE FUND FOR REWARDING EFFICIENCY AND QUALITY IN MEDICARE.

“A Deficit-neutral reserve fund for Medicare. The Chairman of the Senate Budget Committee may revise the aggregates, functional totals, allocations, and other appropriate levels and limits in this resolution by up to \$3,000,000,000 in budget authority and \$3,000,000,000 in outlays for fiscal years 2005–2009 for a bill, amendment, or conference report that would provide financial incentives within the Medicare program to improve quality and efficiency in delivering Medicare services so long as such legislation would not increase net Medicare spending in fiscal year 2005 or over the total of fiscal years 2005–2009. The adjustment may be made only if the Committee on Finance reports a bill that provides financial incentives for health care providers who improve efficiency and quality provided that any such measures do not result in cuts in benefits or services or reductions in provider payments.

Mr. HAGEL (for himself, Mr. CRAIG, Mr. CRAPO, Ms. STABENOW, Mr. TALENT, Mr. BINGAMAN, Mr. BOND, Mr. FITZGERALD, Mrs. MURRAY, Mr. NELSON of Nebraska, Mr. GRASSLEY, Mr. DURBIN, Mr. BURNS, Mr. SMITH, Mr. BAUCUS, Mr. CAMPBELL, and Ms. CANTWELL) submitted an amendment intended to be proposed by him to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ____ . SENSE OF THE SENATE CONCERNING A NATIONAL ANIMAL IDENTIFICATION PROGRAM.

- (a) FINDINGS.—The Senate finds that—
- (1) animal identification is important for operational management, herd health, and increased trade opportunities;
- (2) animal identification is a critical component of the animal health infrastructure of the United States;
- (3) it is vital to the well-being of all people in the United States to protect animal agriculture in the United States by safeguarding animal health;

(4) the ability to collect information in a timely manner is critical to an effective response to an imminent threat to animal health or food safety.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume that in making appropriations and revenue decisions, the Senate supports—

(1) the development and implementation of a national animal identification program recognizing the need for resources to carry out the implementation of the plan;

(2) the provision by the Secretary of Agriculture of a time-line for the development and implementation of the program as soon as practicable after the date of approval of this concurrent resolution;

(3) the provision by the Secretary of Agriculture to ensure the Animal and Plant Health Inspection Service, State animal health agencies, and agricultural producers are provided funds necessary to implement a national animal identification program; and

(4) the establishment of a program that is not overly burdensome to agricultural producers and ensures the privacy of information of agricultural producers.

SA 2831. Mr. CONRAD proposed an amendment to the concurrent resolution S. Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; as follows:

At the end of the resolution, insert the following:

SEC. ____ . SENSE OF THE SENATE REGARDING TRIBAL COLLEGES AND UNIVERSITIES.

(a) FINDINGS.—The Senate finds the following:

(1) American Indians from 250 federally recognized tribes nationwide attend tribal colleges and universities, a majority of whom are first-generation college students.

(2) Tribal colleges and universities are located in some of the most isolated and impoverished areas in the Nation, yet they are the Nation’s most poorly funded institutions of higher education. While the Tribally Con-

trolled College or University Assistance Act, or “Tribal College Act” provides funding based solely on Indian students, the colleges have open enrollment policies providing access to postsecondary education opportunities to all interested students, about 20 percent of whom are non-Indian. With rare exception, tribal colleges and universities do not receive operating funds from the States for these non-Indian State resident students. Yet, if these same students attended any other public institutions in their States, the State would provide basic operating funds to the institution.

(3) While Congress has been increasing annual appropriations for tribal colleges in recent years, the President’s fiscal year 2005 budget recommends a \$5,500,000 decrease in institutional operating funds. This represents the third consecutive year that the President’s budget proposed decreases that Congress must restore.

(4) Because of congressional budget restorations, the tribal colleges funded through titles I and II of the Tribally Controlled College or University Assistance Act are within \$19,000,000 of full funding at their authorized level.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) this resolution recognizes the funding challenges faced by tribal colleges and universities and assumes that priority consideration will be provided to them through funding of the Tribally Controlled College or University Assistance Act, the Equity in Educational Land Grant Status Act, title III of the Higher Education Act, and the National Science Foundation Tribal College Program; and

(2) such priority consideration reflects the intent of Congress to continue to work toward statutory Federal funding authorization goals for tribal colleges and universities.

SEC. . SENSE OF THE SENATE ON IRAQ FOOD PURCHASES.

(a) FINDINGS.—The Senate makes the following findings:

(1) The United States and its coalition partners liberated the people of Iraq from the oppressive regime of Saddam Hussein.

(2) The United States and its coalition partners continue to provide the resources for the reconstruction and development of Iraq.

(3) The people of Iraq have long relied on the United Nations Oil for Food Programme for their annual food supplies.

(4) The United Nations Oil for Food Programme is now terminated, and the Iraq Coalition Provisional Authority is purchasing buffer stocks to help transition Iraq to a commercial market.

(5) We welcome additional U.N. and international support for the Iraq reconstruction effort, however, until countries provide physical or financial resources we feel that food and rebuilding contract should be consistent and limited to coalition member.

(6) Additional tenders for rice and other commodities are imminent as buffer stocks are being created.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the budgetary totals in this resolution assume that only countries that have contributed resources to liberate the people of Iraq and assisted in Iraq reconstruction efforts should be eligible to compete for food tenders for the people of Iraq.

(4) the ability to collect information in a timely manner is critical to an effective response to an imminent threat to animal health or food safety.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume that in making appropriations and revenue decisions, the Senate supports—

(1) the development and implementation of a national animal identification program recognizing the need for resources to carry out the implementation of the plan;

(2) the provision by the Secretary of Agriculture of a time-line for the development and implementation of the program as soon as practicable after the date of approval of this concurrent resolution;

SEC. . SENSE OF THE SENATE REGARDING CONTRIBUTIONS TO THE GLOBAL FUND TO FIGHT AIDS, TUBERCULOSIS, AND MALARIA.

(a) FINDINGS.—The Senate finds that—

(1) the United States—

(B) provided its first donation; and

(C) provides leadership to the Fund under Fund Board Chairman Tommy Thompson, Secretary of the Department of Health and Human Services;

(2) as a complement to the President's historic 15-country AIDS initiative, the Fund provides resources to fight AIDS, tuberculosis, malaria, and related diseases around the world;

(3) section 202 of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2004 (22 U.S.C. 7622) authorizes contributions to the Fund to the extent that United States contributions do not exceed 33 percent of all contributions to the Fund, allowing the United States to contribute \$1 for every \$2 contributed by other sources.

(4) during fiscal years 2001 through 2003, the United States provided \$623,000,000 of the total contributions of \$1,900,000,000 to the Fund, which represents approximately 1/3 of total contributions to the Fund;

(5) Congress has appropriated \$547,000,000 to the Fund for fiscal year 2004, which has been matched by confirmed pledges of \$994,000,000, and is slightly more than 1/2 of total pledges, with additional pledges expected; and

(6) over the life of the Fund, Congress has appropriated sufficient amounts to match contributions from other sources to The Global Fund to Fight AIDS, Tuberculosis, and Malaria on a 1-to-2 basis; and

(7) transparency and accountability are critical to Fund grant-making and the U.S. should work with foreign government and international organizations to support the Fund efforts to use its contributions most effectively.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that this concurrent resolution and subsequent appropriations acts should provide sufficient funds to continue matching contributions from other sources to The Global Fund to Fight AIDS, Tuberculosis, and Malaria on a 1-to-2 basis.

SEC. . SENSE OF THE SENATE CONCERNING CHILD NUTRITION FUNDING.

(a) FINDINGS.—The Senate finds that

(1) Federal child nutrition programs have long played a critical role in providing children in the United States with quality nutrition from birth through secondary school;

(2) recognizing the value—of these benefits to children in the United States, Congress has an enduring tradition of bipartisan support for these programs;

(3) children in the United States are increasingly at nutritional risk due to poor dietary habits, lack of access to nutritious

foods, and obesity and diet-related diseases associated with poor dietary intake;

(4) many children in the United States who would benefit from Federal child nutrition programs do not receive benefits due to financial or administrative barriers; and

(5) Federal child nutrition programs are expected to be reauthorized in the 108th Congress.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the levels in this concurrent resolution assume that in making appropriations and revenue decisions, the Senate supports the retention in the conference report for this concurrent resolution of the additional funds provided in this concurrent resolution for the reauthorization of Federal child nutrition programs.

Con. Res. 95, setting forth the congressional budget for the United States Government for fiscal year 2005 and including the appropriate budgetary levels for fiscal years 2006 through 2009; as follows:

On page 54, after line 22, insert the following:

SEC. . SENSE OF THE SENATE REGARDING COMPENSATION FOR EXPOSURE TO TOXIC SUBSTANCES AT THE DEPARTMENT OF ENERGY.

(a) FINDINGS.—The Senate finds the following:

(1) The Energy Employees Occupational Illness Compensation Program Act of 2000 (42 U.S.C. 7384 et seq.) (referred to in this section as the "EEOICPA") is intended to ensure the timely payment of uniform and adequate compensation to covered employees suffering from occupational illnesses incurred during their work for the Department of Energy.

(2) The Department of Labor is responsible for implementing the provisions under subtitle B of the EEOICPA, relating to claims for radiation related cancers, beryllium disease, and silicosis. The Department of Labor has, within its area of responsibility, processed over 95 percent of the 52,000 claims it has received, and is processing these claims in an average of 73 days.

(3) As of the date of enactment of this resolution, the Department of Health and Human Services has not promulgated the regulations required under section 3626 of the EEOICPA for allowing claimants to petition to be members of the Special Exposure Cohort. Special Exposure Cohorts provide a presumption in favor of the claimant for radiation related cancers if—

(A) it is not feasible to estimate radiation dose with sufficient accuracy; and

(B) there is a reasonable likelihood that the health of the class of workers may have been endangered.

(4) The Department of Energy, which is responsible for implementing subtitle D of the EEOICPA, relating to occupational illness caused by exposure to toxic substances at

Department of Energy facilities, finalized its regulations on August 14, 2002. The Department of Energy has processed 1 percent of the 22,000 claims received through the Department of Energy physicians panels since its regulations were made final.

(5) The Department of Energy has no willing payor for up to 50 percent of the claims that its physicians panels determine to be related to exposure to a toxic substance at the Department of Energy. As a consequence, many claimants with a positive determination from the physicians panel will be denied benefits. Many States, including Alaska, Colorado, Iowa, Kentucky, Missouri, Ohio, New Mexico, Idaho, and Nevada, may not have a willing payor.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) claims for occupational illness, which are determined to be caused by exposure to toxic substances at Department of Energy facilities under subtitle D of the EEOICPA, should be promptly, equitably, and efficiently compensated;

(2) administrative and technical changes should be made to the EEOICPA to—

(A) improve claims processing and review by physicians panels to ensure cost-effective and efficient consideration and determination of workers' claims;

(B) provide for membership in additional special exposure cohorts; and

(C) address eligibility issues at facilities with residual radiation; and

(3) the President and Congress should work together at the earliest opportunity to develop a plan that effectively resolves the issue of a lack of a willing payor for many claims that are determined under subtitle D of the EEOICPA to be related to exposure to a toxic substance at Department of Energy facilities.

SA 2848. Mr. NICKLES (for Mr. BYRD (for himself and Mr. COCHRAN)) proposed an amendment to the concurrent resolution S. Con. SEC. . SENSE OF THE SENATE REGARDING TAX INCENTIVES FOR CERTAIN RURAL COMMUNITIES.

It is the sense of the Senate that if tax relief measures are passed in accordance with the assumptions in this resolution in this session of Congress, such legislation should include—

(1) tax and other financial incentives, similar to those included in the New Homestead Act (S. 602), to help rural communities fight the economic decimation caused by chronic out-migration by giving such communities the tools they need to attract individuals to live and work, or to start and grow a business, in such rural areas, and

(2) revenue provisions which fully offset the cost of such tax and other financial incentives.

NOTICES OF HEARINGS/MEETINGS

PERMANENT SUBCOMMITTEE ON INVESTIGATIONS

Mr. COLEMAN. Mr. President, I would like to announce for the information of the Senate and the public that the Permanent Subcommittee on Investigations of the Committee on Governmental Affairs will hold a hearing entitled "Profiteering In a Non-Profit Industry: Abusive Practices in Credit Counseling." The subcommittee intends to hold this hearing to address the problems facing the credit counseling industry. Once community-based and consumer-friendly, the credit counseling industry has undergone significant transformation during the past several years. New and aggressive profit-driven participants have entered the market, causing a rash of consumer complaints about high fees, misleading advertising, and poor service. The proliferation of for-profit, "back-office" servicing companies is threatening to change the industry into a debt collection mill instead of an industry whose focus should be on consumer counseling and education. The subcommittee's March 24 hearing will review the most egregious cases for misconduct among credit counseling agencies and their for-profit service providers and examine what solutions may be available to repair the industry.

The hearings will take place on Wednesday, March 24, 2004, at 9 a.m., in room 342 of the Dirksen Senate Office Building. For further information, please contact Raymond V. Shepherd III, Staff Director and Chief Counsel to the Permanent Subcommittee on Investigations, at 224-3721.

SUBCOMMITTEE ON PUBLIC LANDS AND FORESTS

Mr. CRAIG. Mr. President, I would like to announce for the information of the Senate and the public that a hearing has been scheduled before the Subcommittee on Public Lands and Forests of the Committee on Energy and Natural Resources.

The hearing will be held on Wednesday, March 24, at 2:30 p.m., in room SD-366 of the Dirksen Senate Office Building.

The purpose of the hearing is to receive testimony on the following bills: S. 433, a bill to provide for enhanced collaborative forest stewardship management within the Clearwater and Nez Perce National Forests in Idaho, and

for other purposes; S. 2180, a bill to direct the Secretary of Agriculture to exchange certain lands in the Arapaho and Roosevelt National Forests in the State of Colorado; and H.R. 1964, a bill to assist the States of Connecticut, New Jersey, New York, and Pennsylvania in conserving priority lands and natural resources in the Highlands region, and for other purposes.

Because of the limited time available for the hearing, witnesses may testify by invitation only. However, those wishing to submit written testimony for the hearing record should send two copies of their testimony to the Committee on Energy and Natural Resources, U.S. Senate, Washington, DC 20510-6150.

For further information, please contact Frank Gladics at 202-224-2878.
