

awareness campaign truth® alone, has helped reduce youth smoking rates to a 28-year historic low. I have heard from young people in my home state of Iowa who say that seeing the truth® television and magazine advertisements have affected their decisions about tobacco. The foundation also has a number of successful cessation programs in operation across the country.

The American Legacy Foundation clearly still has work to do. Educating American young people about the harmful effects of smoking is not merely a 5-year long task. Yet this year, the foundation received its last payment from the master settlement agreement. Without increased resources, the important work of the American Legacy Foundation cannot continue.

I ask that my colleagues to join with me in recognizing the achievements of the American Legacy Foundation and in pledging our support for the important work they do educating our nation about the dangers of tobacco use.●

DANA CORPORATION'S 100TH ANNIVERSARY

● Mr. DEWINE. Mr. President, I rise today to recognize the Dana Corporation, a fine Ohio company celebrating a very important milestone—100 years of quality service as one of the world's chief automotive suppliers. The Dana Corporation, headquartered in Toledo, OH, develops automotive parts and systems that have truly revolutionized the automotive industry.

I would like to take just a few moments to tell my colleagues in the Senate about this Ohio company and how much of an impact it has made in my home State. Back in early 1904, a young engineering student named Clarence Spicer received a patent for developing the first feasible universal joint to power an automobile. With this one invention, Clarence Spicer forever changed the way automobiles operated by changing the drive mechanism from chain to joint operated. It was from these early insights and humble circumstances that the Dana Corporation was born.

The company gained standing and financial prosperity under the leadership of businessman, attorney, politician, and financier, Charles Dana. Under his leadership, the company began to grow in technology, production, and geographic reach. Today, the Dana Corporation employs at least 28,000 Americans. In Ohio, alone, the company employs 3,151 people in 22 different facilities. They are world renowned for their research and production of drive shafts and axles; engine cradles, full-body frames, brake and chassis products, including suspensions and steering products; heat exchangers, valves, and coolers; and bearings and sealing products. Their dedication and insight have helped move some of history's greatest vehicles—from the Model T and World War II-era Jeep to London taxicabs, 18-wheel rigs, giant earth-moving ma-

chines, and every car on the NASCAR racing circuit.

I commend the Dana Corporation for its century of success and wish the company and all of its employees continued success in producing and manufacturing high-quality automotive supplies.●

IN MEMORY OF REVEREND JIMMY WATERS

● Mr. CHAMBLISS. Mr. President, for most of his 83 years, the Reverend Jimmy Waters made a significant impact on the lives of many Georgians. The former pastor of Macon's Mabel White Memorial Baptist Church and Tattall Square Baptist Church has spent, as he said, a great deal of time battling fires. For more than 55 years, he was chaplain of the Macon-Bibb County Fire Department assisting the men who fought physical fires. For nearly 60 years, he was also an ordained minister, fighting, as he said, the hell fire that threatens men's souls.

In addition to presiding over the growth of Mabel White from 800 members to over 3,900, he served as chaplain to the Macon Police Department, the Bibb County Sheriff's Office, the Georgia State Patrol, and the Georgia bureau of Investigation. He was also named lifetime chaplain of the Georgia Peace Officers Association, which awarded the first Jimmy Waters Scholarship in his honor to a University of Georgia criminal justice student.

Reverend Waters was a graduate of Mercer University, where he entered the ministry while he was still a freshman and earned both his bachelor's and doctorate degrees. As a loving father and husband, he raised three daughters with his wife, the former Annette Burton of Crawfordville. His family often sang with him as he conducted religious services in churches located as far away as Israel and Italy.

Reverend Waters was not the type of Christian who kept his lamp under a bushel. He and his siblings sang gospel music on Atlanta's WSB radio station in the 1930s. In addition to his duties as pastor, he initiated televised services from Mabel White, and later began broadcasts of "The Victory Hour." After he retired from Mabel White in 1977, he devoted his efforts to Jimmy Waters Ministries, which spread the Gospel through radio, television, and evangelism. As religious director for WMAZ radio and television in Macon, he recorded over 25,000 broadcasts at home and abroad until he stopped in 2003. He also served as co-host for many fundraising telethons for Macon's WMAZ-TV in support of the Muscular Dystrophy Association, the Children's Miracle Network and Cerebral Palsy.

Dr. Waters was often recognized for his work, serving as President of the Georgia Baptist Convention from 1974-1976 and as Chairman of the Southern Baptist Convention's Radio and Television Commission from 1977-1978. In

all of the many positions he accepted, he brought energy and integrity to the job.

That inner fire that he brought to his work is the reason why so many of us will miss Reverend Jimmy Waters. He was a great American and my good friend.●
