

There being no objection, the biography and the joint resolution were ordered to be printed in the RECORD, as follows:

ELI BROAD

Eli Broad is a renowned business leader who built two Fortune 500 companies from the ground up over a five-decade career in business. He is chairman of AIG Retirement Services Inc. (formerly SunAmerica Inc.) and founder-chairman of KB Home (formerly Kaufman and Broad Home Corporation).

Today, he is focused on philanthropy. The Broad family's commitment to philanthropy and community is both deep and wide-ranging. It includes ongoing leadership roles in art, education, science and civic development.

Avid supporters of contemporary art, Mr. Broad and his wife, Edythe, have created one of the worlds finest collections. Since 1984, The Broad Art Foundation has operated an active "lending library" of its extensive collection to more than 400 museums and university galleries worldwide. In 2001-2003, an exhibition of the Broads' collection was shown at the Los Angeles County Museum of Art, the Corcoran Gallery of Art in Washington, DC, the Museum of Fine Arts in Boston; and the Guggenheim Museum in Bilbao, Spain. Mr. Broad was the founding chairman of the board of trustees of The Museum of Contemporary Art in Los Angeles, and is currently a trustee and member of the executive committee of the Los Angeles County Museum of Art, where the Broads recently announced a major gift to build The Broad Contemporary Art Museum.

In 1999, the Broads founded The Broad Foundation, whose mission is to dramatically improve urban public education through governance, management and labor relations. In its first five years, the Foundation has committed over \$400 million to support new ideas and innovative leadership in the nation's largest urban school systems. The Foundation also has launched four national flagship initiatives—The Broad Prize for Urban Education, The Broad Center for Superintendents, The Broad Residency in Urban Education and The Broad Institute for School Boards. Mr. Broad has said, "I can imagine no more important contribution to our country's future than a long-term commitment to improving urban K-12 public schools."

In 2001, The Eli and Edythe L. Broad Foundation created the Broad Medical Research Program, which seeks to stimulate innovative research that will lead to progress in the prevention, therapy or understanding of inflammatory bowel disease.

In June 2003, in an unprecedented partnership with the Massachusetts Institute of Technology, Harvard University and Whitehead Institute, the Broads announced the founding gift to create The Eli and Edythe Broad Institute for biomedical research. The Institute's aim is to realize the promise of the human genome to revolutionize clinical medicine and to make knowledge freely available to scientists around the world.

The Broads have been tireless advocates of Los Angeles, their adopted hometown. Committed to the belief that all great cities need a vibrant center, Mr. Broad is currently leading the effort to turn Los Angeles' Grand Avenue into a truly "grand avenue," to rival the main boulevards of the world's greatest cities. In 1996, he and Mayor Richard Riordan took on the task of raising sufficient funds to build the Frank Gehry-designed Walt Disney Concert Hall, which opened to worldwide acclaim in October 2003.

Strong believers in higher education, the Broad Foundations have made a major contribution to the School of Arts and Architec-

ture at UCLA toward the construction of The Broad Art Center, designed by Richard Meier. Mr. Broad is a member of the board of trustees of CalTech, where the Broads gave the cornerstone gift to create the Broad Center for the Biological Sciences, designed by James Freed. Mr. Broad also served as chairman of the board of trustees of Pitzer College and vice chairman of the board of trustees of the California State University system. In 1991, the Broads endowed The Eli Broad College of Business and The Eli Broad Graduate School of Management at Michigan State University, from which Mr. Broad graduated cum laude in 1954.

S.J. RES. 38

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That, in accordance with section 5581 of the Revised Statutes (20 U.S.C. 43), the vacancy on the Board of Regents of the Smithsonian Institution, in the class other than Members of Congress, resulting from the death of Barber B. Conable, Jr., is filled by the appointment of Eli Broad of California. The appointment is for a term of 6 years, beginning upon the date of enactment of this joint resolution.

SUBMITTED RESOLUTIONS

SENATE CONCURRENT RESOLUTION 114—CONCERNING THE IMPORTANCE OF THE DISTRIBUTION OF FOOD IN SCHOOLS TO HUNGRY OR MALNOURISHED CHILDREN AROUND THE WORLD

Mrs. DOLE (for herself and Mr. HARKIN) submitted the following concurrent resolution; which was considered and agreed to:

S. CON. RES. 114

Whereas there are more than 300,000,000 chronically hungry and malnourished children in the world;

Whereas more than half of these children go to school on an empty stomach, and almost as many do not attend school at all, but might if food were available;

Whereas the distribution of food in schools is one of the simplest and most effective strategies to fight hunger and malnourishment among children;

Whereas when school meals are offered to hungry or malnourished children, attendance rates increase significantly, particularly for girls;

Whereas the distribution of food in schools encourages better school attendance, thereby improving literacy rates and fighting poverty;

Whereas improvement in the education of girls is one of the most important factors in reducing child malnutrition in developing countries;

Whereas girls who attend schools tend to marry later in life and have fewer children, thereby helping them escape a life of poverty;

Whereas by improving literacy rates and increasing job opportunities, education addresses several of the root causes of terrorism;

Whereas the distribution of food in schools increases attendance of children who might otherwise be susceptible to recruitment by groups that offer them food in return for their attendance at extremist schools or participation in terrorist training camps;

Whereas the Global Food for Education Initiative pilot program, established in 2001, donated surplus United States agricultural

commodities to the United Nations World Food Program and other recipients for distribution to nearly 7,000,000 hungry and malnourished children in 38 countries;

Whereas a recent Department of Agriculture evaluation found that the pilot program created measurable improvements in school attendance (particularly for girls), increased local employment and economic activity, produced greater involvement in local infrastructure and community improvement projects, and increased participation by parents in the schools and in the education of their children;

Whereas the Farm Security and Rural Investment Act of 2002 (Public Law 107-171, 116 Stat. 134) replaced the pilot program with the McGovern-Dole International Food for Education and Child Nutrition Program, which was named after former Senators George McGovern and Robert Dole for their distinguished work to eradicate hunger and poverty around the world; and

Whereas the McGovern-Dole International Food for Education and Child Nutrition Program provides food to nearly 2,000,000 hungry or malnourished children in 21 countries: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

(1) expresses its grave concern about the continuing problem of hunger and the desperate need to feed hungry and malnourished children around the world;

(2) recognizes that the global distribution of food in schools to children around the world increases attendance, particularly for girls, improves literacy rates, and increases job opportunities, thereby helping to fight poverty;

(3) recognizes that education of children around the world addresses several of the root causes of international terrorism;

(4) recognizes that the world will be safer and more promising for children as a result of better school attendance;

(5) expresses its gratitude to former Senators George McGovern and Robert Dole for supporting the distribution of food in schools around the world to children and for working to eradicate hunger and poverty around the world;

(6) commends the Department of Agriculture, the Agency for International Development, the Department of State, the United Nations World Food Program, private voluntary organizations, non-governmental organizations, and cooperatives for facilitating the distribution of food in schools around the world;

(7) expresses its continued support for the distribution of food in schools around the world;

(8) supports expansion of the McGovern-Dole International Food for Education and Child Nutrition Program; and

(9) requests the President to work with the United Nations and its member states to expand international contributions for the distribution of food in schools around the world.

AMENDMENTS SUBMITTED AND PROPOSED

SA 3261. Ms. CANTWELL (for herself, Mr. HOLLINGS, Mrs. MURRAY, Mrs. CLINTON, Mrs. FEINSTEIN, Mr. LAUTENBERG, and Mr. SCHUMER) proposed an amendment to the bill S. 2400, to authorize appropriations for fiscal year 2005 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe personnel strengths for such fiscal year for the Armed Services, and for other purposes.

SA 3262. Mr. CRAPO (for himself, Mr. CRAIG, Mr. ALEXANDER, and Mr. GRAHAM, of
