

deter gun violence and therefore reduces the chance that adolescents are exposed to such crimes.

In addition, Congress can make it more difficult for potential criminals to gain access to dangerous firearms. Under current law, when an individual buys a handgun from a licensed dealer, there are federal requirements for a background check to insure that the purchaser is not prohibited by law from purchasing or possessing a firearm. However, this is not the case for all gun purchases. For example, when an individual wants to buy a handgun from another private citizen who is not a licensed gun dealer, there is no requirement that the seller ensure the purchaser is not in a prohibited category. This creates a loophole in the law, making it easy for criminals, terrorists, and other prohibited buyers to evade background checks and buy guns from private citizens often at organized gun shows. This loophole creates a gateway to the illegal market because criminals know they will not be subject to a background check when purchasing from another private citizen even at a gun show. It is important that Congress close this "gun show loophole" to help stop the flow of dangerous firearms to prohibited buyers who may use them in violent crimes.

Much more can be done to break the cycle of gun violence that plagues many of our communities. I urge my colleagues to take up and pass common sense legislation that will help to achieve this goal.

#### NOMINATION OF ALICE S. FISHER

Mr. GRASSLEY. Mr. President, I have notified Senate leadership of my

intent to object to any unanimous consent request relating to the nomination of Alice S. Fisher to the position of Assistant Attorney General. This action has nothing to do with Ms. Fisher or her qualifications for the position to which she has been nominated. I have taken this action because there are a number of outstanding issues regarding the activities and operation of the Justice Department that should be resolved before considering this nomination. I am hopeful that, with the cooperation of the Justice Department, these issues can be resolved shortly.

#### MOCK ELECTION BUT REAL RESULTS

Mr. CRAPO. Mr. President, as we wind down from a Presidential election year and gear up for yet another cycle of congressional elections, it seems appropriate to take a moment and consider how important an educated electorate is to this country. It is the bedrock upon which our Founding Fathers built a fledgling government, creating a Constitution that functions with protean efficiency—inextricably bound to the necessity of knowledgeable and civic-minded citizens. I am proud to make public mention of the Moscow, ID, chapter of the League of Women Voters, which has won an award from the League of Women Voters of the United States for its efforts to educate future voters in north Idaho.

The League of Women Voters promotes a mock election program through its State and local chapters across the Nation. The Moscow chapter conducted what can only be described as a phenomenal month-long series of events and outreach that culminated in late October in the most successful "mock election" in Idaho and one of the top in the Nation. They were able to register and have almost 2900 first through twelfth-graders in the Moscow area vote. And I am relieved to add that I was reelected by these young people.

The chapter worked to bring together local, county, and State officials, teachers, parents, and volunteers to provide these students with a comprehensive and highly educational election experience. The students were given issues ballots, information about the candidates, Web site curriculum, sample ballots and had to abide by all
