Upward Bound and Talent Search had been slated for elimination in the Administration’s Fiscal Year 2006 budget request. As the co-chairman of the Congressional TRIO Caucus and a member of the Appropriations Committee, I worked with my colleagues on that Committee to make sure that these programs were restored to Fiscal Year 2005 funding levels.

I have received countless emails, letters and faxes from constituents in my district and other districts around the country urging me to spare Upward Bound and Talent Search. It is easy to understand why so many were concerned about the potential end of these two valuable TRIO programs that help over 3,500 low-income Idaho students prepare for college. Parental income is one of the top predictors of whether or not a child will succeed in college or even go to college in the first place. Upward Bound and Talent Search exceed societal expectations and predictions by providing tutoring in college preparatory classes and help in navigating through the sometimes daunting maze of required forms and tests known as the college admission process.

Like so many other members of this House who joined me in the effort to save TRIO, several of whom are TRIO graduates themselves, I fully understand the worth and importance of these programs, and I will do everything I can to ensure that these programs continue to receive funding for many years to come. While the cost of Upward Bound and Talent Search may seem an unnecessary expense to some, I would ask them to consider the long term savings in public assistance generated by graduates of TRIO who go on to earn college degrees and become productive, self-sustaining citizens.

Mr. Speaker, on behalf of the over 900,000 students currently enrolled in TRIO programs nationwide, I would like to thank and commend all those involved in the TRIO programs for a job well done. You are truly changing lives and making the impossible a reality for many of our Nation’s students.

TRIBUTE TO THE JAVITS-WAGNER-O’DAY PROGRAM

HON. FRED UPTON
OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 23, 2005

Mr. UPTON. Mr. Speaker, I rise today to pay tribute to a small Federal program that is often overlooked as a way to provide employment opportunities for people with disabilities. The Javits-Wagner-O’Day Program, often referred to as JWOD, provides more than 40,000 Americans who are blind or who have other severe disabilities with the job skills and training necessary to receive good wages and benefits and gain greater independence and quality of life. The JWOD Program empowers people with disabilities who traditionally face an unemployment rate of 70 percent and rely heavily on social programs such as welfare and SSI.

National Industries for the Blind (NIB) and NISH daily are creating new employment opportunities for people with severe disabilities, along with local nonprofit organizations in the State of Michigan. Demonstrating an excellent Federal-private sector partnership, NISH, National Industries for the Blind, and local nonprofit organizations such as Goodwill Industries of Southwestern Michigan, Inc. enhance opportunities for economic and personal independence of people who are blind or who have other severe disabilities, primarily through creating, sustaining, and improving employment.

On behalf of people with disabilities, I rise to salute the important contributions of JWOD and Goodwill Industries of Southwestern Michigan, Inc. to the city of Kalamazoo and the community as a whole; and hereby commend all persons who are committed to and work towards enhancing employment opportunities for people with visual and other severe disabilities.
