All six have demonstrated the ideals of Rotary in their lives and made significant contributions to their communities, Fort Mill and Tega Cay. H.R. 432, BETTY DICK PRIVATE
RELIEF BILL

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 29, 2005

Mr. UDALL of Colorado. Mr. Speaker, I rise in support of this bill, and to thank Chairman POMBO and Ranking Member RAHALL of the Resources Committee as well as the House leadership on both sides of the aisle for making it possible for the House to act on it today.

The bill would permit Ms. Betty Dick to continue her use and occupancy of a house located on lands within Rocky Mountain National Park.

The bill is not complicated. It would allow Ms. Dick to continue to use the property and live in this house in Grand County, Colorado, for the rest of her life.

This is not about ownership. The property belongs to the Federal Government and is part of the National Park. There is no dispute about that.

This is strictly about whether Ms. Dick should be permitted to continue to use the property.

There is no dispute that she has had that right for the past 25 years, under a legal agreement between her late husband and the National Park Service—not a lease, but an agreement that settled a lawsuit.

There is also no dispute about the fact that the agreement ends on July 16th of this year.

Without this bill or a new agreement with the National Park Service, at that time Ms. Dick, who has been a good neighbor with the National Park and who has opened her home for community events, will have to leave.

I do not think that is either necessary or desirable.

As I said, Ms. Dick has been a good neighbor. She has taken good care of the property and has not created management or administrative problems for the National Park Service in the years she has lived there.

In my opinion, she should be allowed to continue to live on this property and continue to contribute to the National Park and the surrounding community.

I had hoped that Ms. Dick and the Interior Department could work out a resolution to this issue so that she could remain.

Ms. Dick needs to have a resolution to this issue as soon as possible—she needs to know by this spring whether she has to start packing her things and move out, or arrange to do some maintenance on the property if she is allowed to stay.

Last year I wrote to Secretary of the Interior Gale Norton, asking her to help make that happen.

However, the response—from the Director of the National Park Service's Intermountain Region—was that the Interior Department is “legally bound to honor the provisions of the [1980] settlement agreement” and that the furthest the Department would go would be to offer Ms. Dick “the opportunity to remain on the property for the entire summer of 2005,” an offer that evidently she has declined.

I am not convinced that the Interior Department lacks the authority to resolve this matter by entering into a new agreement with Ms. Dick.

But in any event, the bill would settle that question.

Since I first raised this matter with the Interior Department, I have been impressed with the outpouring of support from the nearby communities of Grand Lake and Granby, Colorado. The people in these communities have expressed a strong desire to have Ms. Dick remain on this property and be a part of their community. The bill would enable that to happen.

Finally, Mr. Speaker, it should be noted that this bill deals only with this particular property and the arrangement that has permitted Ms. Dick to use it over the years.

I recognize that somewhat similar arrangements may exist in various other parts of the National Park System, and that other Members may propose legislation addressing some of them.

I think that the right way to proceed is to evaluate each such proposal on its own and in the light of the particular facts involved.

That is what I have done in drafting this bill, and I hope that is the approach the Resources Committee and the House will take in considering similar measures in the future.

FOREIGN OPERATIONS, EXPORT
FINANCING, AND RELATED PRO-
GRAMS APPROPRIATIONS ACT,
2006

SPEECH OF

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 28, 2005

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 3057) making appropriations for foreign operations, export financing, and related programs for the fiscal year ending September 30, 2006, and for other purposes:

Mr. POE. Mr. Chairman, I want to express my support for the underlying bill. I thank the Chairman for allowing an amendment in committee, by my colleague from Missouri, Ms. EMERSON, which reverses the Treasury Department's ruling against the definition of payment of cash in advance—a ruling that hinders rice exports to Cuba.

Since this Treasury Department ruling, rice exports to Cuba have been down 66 percent. Since the Trade Sanctions Reform and Export Enhancement Act that was passed in 2000, rice sales to Cuba had grown to \$64 million a year and last year's rice imports from the U.S. amounted to 160,000 tons. According to the President of Cuba's Food Agency, Cuba expects to import 750,000 tons of rice this year. We need to make sure this is American rice
