Alice Paul used to say, "When you put your hand to the plow, you can't put it down until you get to the end of the row."

For Alice and Elizabeth, for Sojourner and Lucretia, for our foremothers, our grandmothers and our daughters, let us put our hands to the plow and pass the ERA.

HONORING THOSE WHO SERVED IN KOREA

HON. GINNY BROWN-WAITE

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 27, 2005

Ms. GINNY BROWN-WAITE of Florida. Mr. Speaker, 52 years ago today, on July 27, 1953, the United States, North Korea and China signed an armistice that officially ended the three-year Korean War. For too many Florida veterans, the Korean War has become known as "The Forgotten War," sandwiched between World War II and Vietnam. It was through the heroic efforts of our men and women in the Armed Forces, however, that helped maintain democracy and preserved the spirit of freedom for millions on the Korean Peninsula.

While the signing of the treaty may have ended the conflict, it did not end the United States' presence there. Thousands of brave men and women served in the U.S. Armed Forces during the three years of the war, as well as in the 52 years since the war ended. Today, my office is working hand in hand with local veterans groups to identify the thousands of 5th District constituents who served in Korea and deserve recognition.

To date, I have proudly presented more than 175 Korean Defense Service Medals (KDSM) and more than 400 Korean War Service Medals (KWSM) to my veteran constituents. The Department of Defense created these medals to recognize the sacrifices and tenure of those soldiers who served the United States cause on the Korean Peninsula. It has been an honor to present my constituent heroes with these medals and to formally thank their families and them for the commitment showed and time served.

This year's 52nd anniversary of the end of the War is an opportunity for all Americans and all Floridians to reflect on the sacrifices of the thousands of brave soldiers who died defending freedom and opportunity in a far away land. The Korean War saw 33,629 Americans give their lives for our country and for the sake of world peace. In addition to those brave heroes who made the ultimate sacrifice battling communism and oppression, another 103,824 soldiers were wounded, and 8,177 went missing in action.

As too many Florida families sadly know, 577 soldiers from our great state died during the Korean War. They made the ultimate sacrifice in the name of life, liberty and freedom. In addition to those brave heroes, we must not forget the more than 1.8 million Americans soldiers who have served in Korea since 1950. These are the men and women who I have met and presented the KDSM to and

who deserve praise for advancing the causes of democracy and freedom.

It was these brave Americans who helped stem the Communist tide in Asia. The battle for Korea helped spare Japan from the threat of Communist invasion and showed the world that the United States and its allies were prepared to resist the Communist advance. This country paid a high price in blood for the defense of Korea, but those who fell contributed much to the security we enjoy today.

Today it is clear that the Americans who fought in Korea helped build a better world for the Korean people. South Korea has flourished spectacularly under U.S. protection while Communist North Korea is in dire straits, unable to even feed its people. Like we see today in the newly liberated countries of Iraq and Afghanistan, when people have the freedom and will to determine their own fate, they will embrace democracy and freedom and the right of self-determination.

As America commemorates the 52nd anniversary of the end of the War, residents of the 5th Congressional District can pay tribute to our veterans and fallen heroes by visiting Korean War Memorials throughout the district, including a brand new memorial that opened this spring in Groveland. Take the time to shake the hand of one of our brave soldiers and say thank you for defending my freedoms and for making the world a safer place. These men and women deserve no less for their sacrifices and commitment to freedom.

HON. PETE SESSIONS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 27, 2005

Mr. SESSIONS. Mr. Speaker, I rise today to honor Marine Corporal Tyler Seth Trovillion, an American hero who lost his life in defense of liberty and freedom. He made the ultimate sacrifice so that others might know freedom, and I am humbled by his bravery and selflessness.

Corporal Tyler Trovillion was killed on June 15, 2005 when his vehicle hit an improvised explosive device while conducting combat operations near Ar Ramadi, Iraq. He was 23 years old. CPL Trovillion was assigned to 1st Battalion, 5th Marine Regiment, 1st Marine Division, I Marine Expeditionary Force at Camp Pendleton, CA and was operating with the 2nd Brigade Combat Team, 2nd Infantry Division of the U.S. Army, which was attached to 2nd Marine Division, II Marine Expeditionary Force. During his funeral service, CPL Trovillion was remembered as a fun-loving, hard working man who lived his life not for himself, but for others. He was a man filled with the joy of living, and we celebrate the life he lived as a son, brother and friend.

CPL Trovillion is survived by his parents, Mark and Gina Trovillion, sisters, Austin and Skye, brother Jazak and fiancée, Rachel Walker.

I can only imagine the immense pride they feel knowing that CPL Trovillion fought for what is just and right in our world. He leaves behind a legacy marked by courage, integrity and character. It was an honor and a privilege to represent this man in Congress. May God

bless all those he loved, and may I convey to them my sincerest condolences and the gratitude of the American people.

MEDICAL DEVICE USER FEE STABILIZATION ACT OF 2005

SPEECH OF

HON. JOSEPH R. PITTS

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 26, 2005

Mr. PITTS. Mr. Speaker, before 2002, the government funded the approval process for pacemakers, catheters, defibrillators, contact lenses, hip prosthetics, and other medical devices using only taxpayer funding.

This publicly funded process was a mess. It significantly delayed Food and Drug Administration approval of new, life-saving medical devices and prevent patients from benefiting from this new technology. To end this delay, Congress unanimously passed The Medical Device User Fee and Modernization Act in 2002. MDUFMA overcame obstacles at the FDA that prevent timely approval of new life-saving medical technologies without compromising the safety of consumers.

Modeled after a similar program used to approve medicines and pharmaceuticals, MDUFMA created a stable funding base for the FDA. It combines industry paid user fees and Congressional appropriations. As a result,

the device approval time has been virtually cut in half. The program proved very popular among companies making these devices and the patients who have benefited from them.

However, Congress built a trigger into the law. The trigger sun-sets the program on September 30, 2005 when Congress fails to appropriate the amount authorized under the 2002 law. Congress provided the \$216.7 million required in fiscal year 2005. But in 2003 and 2004, Congress shortchanged MDUFMA by \$40 million. That shortfall will cause MDUFMA to expire on September 30th. We can't allow that to happen. Too much is at stake.

H.R. 3243 renews MDUFMA for two years and brings some much needed stability to the program. In 2007 we will revisit a full reauthorization of MDUFMA and finetune the program. I urge my colleagues to support this bill. I'd like to thank my colleague, the gentlewoman from California, Ms. ESHOO, for her hard work on this legislation.

POSTAL ACCOUNTABILITY AND ENHANCEMENT ACT

SPEECH OF

HON. DEBORAH PRYCE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 26, 2005

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 22) to reform the postal laws of the United States:

Ms. PRYCE of Ohio. Mr. Chairman, I rise in support of this rule. As the Chairman knows, I filed an amendment with the Rules Committee to address important mailings to consumers containing notification of a data breach affecting personal information. While I withdrew my amendment, I was pleased to work with the Chairman of the Government Reform Committee to include report language regarding this significant issue. I thank both Chairmen for their hard work on this bill.

Mr. Speaker I rise today to bring attention to the important issue of data security.

Identity theft is the fastest-growing white collar crime in the United States. The Federal Trade Commission estimates that 10 million Americans fall victim to identity theft each year, costing consumers and businesses more than 55 billion dollars.

Identity theft is the most frequent complaint to the FTC from all 50 states, with the number of complaints having grown for the fourth consecutive year.

What takes only seconds for a hacker to destroy can take years for companies and individuals to rebuild. A thief can jeopardize a person's financial security by opening new lines of credit or procuring unsecured loans under a person's name.

Victims of identity theft spend an average of 90 hours of their own time and 1,700 dollars in out-of-pocket expenses clearing their credit and name.

The first line of defense in combating these reckless acts is to make the victims aware of what is taking place. If there is unauthorized access to sensitive financial information, the breached company needs to notify the potentially affected consumers, and make them aware that their data security may have been compromised.

After an investigation determines whether or not the breached information will lead to misuse, the customer must be made aware. But with all the mail that Americans are besieged with on a daily basis, we must take steps to insure that consumers can differentiate between what is critical and what is not. For that reason, I feel that all notices should contain a heading that this is an "IMPORTANT DATA BREACH NOTIFICATION."

By ensuring that consumers are aware of what is going on with their data security, we can help prevent millions of dollars a year in consumer costs and countless hours spent by innocent Americans who have been victimized by identity thieves.

Labeling the envelopes will go far towards this goal, and I urge my colleagues to think about this common sense solution to a serious problem that can touch any American at any time.

A BILL TO MAKE THE ADVISORY COMMITTEE ON MINORITY VETERANS PERMANENT

HON. LUIS V. GUTIERREZ

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 27, 2005

Mr. GUTIERREZ. Mr. Speaker, today I am introducing legislation that is vital to the interests of minority veterans in our Nation. Current law mandates the termination of the Advisory Committee on Minority Veterans, ACMV, on December 31, 2009. My bill would simply repeal the provision of law that discontinues this important committee's mandate so that its critical work on behalf of minority veterans can continue.

The Advisory Committee on Minority Veterans operates in conjunction with the VA Center for Minority Veterans. This committee consists of members appointed by the Secretary of Veterans Affairs and includes minority veterans, representatives of minority veterans groups and individuals who are recognized authorities in fields pertinent to the needs of minority veterans.

The Advisory Committee on Minority Veterans helps the VA Center for Minority Veterans by advising the Secretary on the adoption and implementation of policies and programs affecting minority veterans, and by making recommendations to the VA for the establishment or improvement of programs in the department for which minority veterans are eligible.

The committee has consistently provided the VA and Congress with balanced, forwardlooking recommendations, many of which go far beyond the unique needs of minority veterans. In 2002, the committee met in my hometown of Chicago and warned that in the Chicago regional office "it was mentioned that it was much easier to deny benefits than to grant benefits because of stringent requirements of VBA and Court of Appeal for Veterans Claims."

Two years later, the Chicago Sun-Times exposed that Illinois veterans ranked 50th in disability benefit compensation. That information sparked a campaign by the Illinois congressional delegation to rectify the situation. Since then, the VA Inspector General has issued his report and recommendations and the Sec-

retary has pledged additional staff and resources to the Chicago regional office.

The committee will also be needed in the future since the unique concerns of minority veterans will become increasingly important for our Nation during the next decade.

Currently, 18 percent of the troops serving in Iraq are African-American, while 10 percent are Hispanic. The concerns of these veterans and others will not go away on December 31, 2009, and neither should the committee created to ensure that they are represented. The Advisory Committee on Minority Veterans has helped our minority veterans from past wars with programs to address their concerns. We should not shortchange our newly returning soldiers by allowing this committee's tenure to expire.

Many specific issues of concern to minority veterans need to be addressed further. Minority veterans confront the debilitating effects of post-traumatic stress disorder, PTSD, and substance abuse in greater numbers. Minority veterans suffer from a higher incidence of homelessness. Access to health care for Native American veterans is also a common problem. In addition, access to adequate job training is a difficulty for many minority veterans, a high percentage of whom qualify as low-income, category A veterans.

Unfortunately, discrimination and cultural insensitivity remain problematic for minority veterans at many VA facilities. The Advisory Committee on Minority Veterans still has a lot of work to do, and I urge my colleagues to support this legislation to make this important committee permanent.
