#### ENERGY PRICES

Mr. FRIST. Mr. President, I would like to make a few comments on what is on the forefront of most people's minds today, especially if they have been in their automobiles or their trucks or driving their tractors, and that is the rising oil prices. As the weather heats up and families plan their summer vacations, many are getting increasingly frustrated by the rising price of gas. Every day it seems gas prices are ticking up, and some areas of the country gas prices have already topped a whopping \$3 per gallon. Experts tell us that these already high prices only threaten to get worse as we head into the summer driving months.

While we understand global supply and demand pressures around the world, especially China and India, are the main culprits, it really doesn't
