as above recorded.

□ 2230

Mr. WOLF. Mr. Chairman, I move  
that the committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose;  
and the Speaker pro tempore (Mr.  
MCCAUL of Texas) having assumed the  
chair, Mr. HASTINGS of Washington,  
Chairman of the Committee of the  
Whole House on the State of the Union,  
reported that that Committee, having  
had under consideration the bill (H.R.  
5672) making appropriations for  
Science, the Departments of State,  
Justice, and Commerce, and related  
agencies for the fiscal year ending Sep-  
tember 30, 2007, and for other purposes,  
had come to no resolution thereon.

COLLOQUY RE CRAB PROCESSOR  
QUOTA SHARES

(Mr. LOBIONDO asked and was given  
permission to address the House for 1  
minute and to revise and extend his re-  
marks.)

Mr. LOBIONDO. Mr. Speaker, I rise  
to enter into a colloquy with the chair-  
man of the Transportation and Infra-  
structure Committee, Chairman  
YOUNG.

Is it the intent of the conference on  
H.R. 889, the Coast Guard and Maritime  
Transportation Act of 2006, that when  
the National Marine Fisheries Service  
issues new processor quota shares  
under section 417, the regional designa-  
tion for the shares for both the king  
and c. opilio crab fisheries shall reflect  
the processing history of the Blue  
Dutch during the years leading up to  
the North Pacific Council’s adoption of  
the crab plan?

Mr. YOUNG of Alaska. Mr. Chair-  
man, will the gentleman yield?

Mr. LOBIONDO. I yield to the gen-  
tleman from Alaska.

Mr. YOUNG of Alaska. Yes, it is the  
intent of the conferees that both the  
new king crab processor quota shares  
and the new c.opilio processor quota  
shares shall receive a designation based  
on the location in which crab was his-  
torically processed.

Mr. LOBIONDO. I thank the gen-  
tleman.

REMOVAL OF NAME OF MEMBER  
AS COSPONSOR OF H.R. 4157

Ms. JACKSON-LEE of Texas. Mr.  
Speaker, I ask unanimous consent to  
remove my name from H.R. 4157, the  
Health Information Technology Act of  
2005.

The SPEAKER pro tempore. Is there  
objection to the request of the gentle-  
woman from Texas?

There as no objection.

OVERSIGHT GAP IN IRAQ

(Mr. BROWN of Ohio asked and was  
given permission to address the House  
for 1 minute and to revise and extend  
his remarks.)

Mr. BROWN of Ohio. Mr. Speaker,  
former State Department intelligence  
officials testified yesterday that they  
warned the administration 3 years ago  
that the occupation of Iraq would pro-  
voke insurgency ethnic strife and the  
targeting of U.S. forces. But their  
words then, 3 years ago, went  
unheeded.

The Post reported today that the  
hearing “marked the first time intel-  
ligence assessments on postwar Iraq  
had been specifically discussed in a  
congressional session.” No Republicans  
participated.

Three years after the war in Iraq  
began, Republicans are still refusing to  
investigate what went wrong. Ohio  
families are paying the price.

Many of us have repeatedly asked the  
President to present a plan for success  
in Iraq, a winning exit strategy to com-  
plete the mission and start to redeploy  
and bring our troops home. Republi-  
cans responded with theatrics and  
sound bites. More of the same is not a  
plan. More of the same doesn’t bring us  
any closer to winning the global war on  
terror.

The troops and the American people  
deserve better. They deserve a Con-  
gress that doesn’t look the other way  
when mistakes are made. They deserve  
a realistic and forward-thinking plan  
that brings our troops home.

SHUTTLE SAFETY

(Ms. JACKSON-LEE of Texas asked  
and was given permission to address  
the House for 1 minute and to revise  
and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr.  
Speaker, just a few days from today,  
brave Americans will again enter into  
space, pressing forward the intellectual  
and, of course, scientific expertise that  
Americans possess. I support the space  
exploration program, but I stand today  
as a member of the House Science  
Committee who has continually asked  
the question about safety, safety, safe-  
ty.

After the incident of *Columbia*, we  
implemented safety procedures. Unfor-  
tunately, today, we find that one of the  
engineers that had concerns about the  
space shuttle’s launch on July 1 has  
now been removed as an engineer from  
this program.

Whistle-blower protection. Safety re-  
quirements. It is time, before they  
launch, that they tell Members of Con-  
gress the facts and that we can be as-  
sured that all manner of testing, all as-  
sessment has been made to ensure a  
safe launch, as safe as possible, so that  
lives can be protected.
