

some relief is forthcoming from the administration, as has been asked by the Governor of California, the Governor of Oregon, the delegations in the Senate, but nothing from the administration except obstruction and an economic disaster for these families from the coast.

NOAA FISHERIES RESPOND TOO SLOWLY TO DISASTER

(Ms. HOOLEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. HOOLEY. Last year, the fishing was reduced by about 60 percent. This year, the fishing along the Oregon and California coast has been reduced to almost nothing. In March, an administrator from NOAA told us they would be able to expedite a disaster by March of the 2006 season.

Well, it is way past March, folks. Yesterday we were told they will not be able to declare a disaster until February of 2007.

Let me tell you what happens: The people that cannot go out fishing cannot afford to make their payments on their boats. They cannot afford to feed their families. They cannot afford to put a roof over their heads. They can't afford school books for their children. This is a time when divorce rates go up; suicide rates go up.

These are not rich communities. These are poor communities. When disasters happen in other areas, we declare a disaster and help people out. That's what we do. This is unacceptable. We need everyone's help.

MOTION TO ADJOURN

Mr. WU. Mr. Speaker, I move that the House do now adjourn.

The SPEAKER pro tempore. The question is on the motion to adjourn offered by the gentleman from Oregon (Mr. Wu).

The question was taken; and the Speaker pro tempore announced that the noes appeared to have it.

Mr. DEFAZIO. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently, a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 27, nays 358, not voting 47, as follows:
