

students are required to take the advanced placement test at the end of the term. Students scoring three or better on the test automatically earn college credit. Last year, 70 percent of all Duluth East students who took the advanced placement tests scored three or above.

In addition to the advanced placement classes, Duluth East offers College in the School classes and honors classes in English, biology, chemistry, physics, and anatomy/physiology.

Two Duluth East teachers received significant recognition last year. Peg Zahorick, a special education teacher, was designated Teacher of the Year by Arc of Minnesota. She was honored for her work on behalf of persons with developmental disabilities and their families. Cindy Grindy, a chemistry teacher at Duluth East, was named the 2005 Star of American Teaching for Minnesota. That award is given by the U.S. Department of Education.

Much of the credit for Duluth East High School's success belongs to its principal, Laurie Knapp, and to the dedicated teachers. The students and staff at Duluth East High School understand that, in order to be successful, a school must go beyond achieving academic success. It must also provide a nurturing environment where students can develop the knowledge, skills, and attitudes for success throughout life. All of the faculty, staff, and students at Duluth East High School should be very proud of their accomplishments.

I congratulate Duluth East High School in Duluth for winning the Award for Excellence in Education and for its exceptional contributions to education in Minnesota.●

**MAYOR MARK ZEIGLER OF  
STURGIS, SOUTH DAKOTA**

● Mr. JOHNSON. Mr. President, today I pay tribute to the work of a distinguished public official in my home State of South Dakota. On September 4, Mark Zeigler will step aside as mayor of Sturgis to become the president of Northwestern Health Science University in Bloomington, MN.

Mark and his wife Gae, an elementary school teacher, arrived in Sturgis on the last day of the 1980 Sturgis motorcycle rally. Mark quickly established his chiropractic practice. Later he began his political career by completing the term of Maurice LaRue on the Sturgis City Council.

For the next 14 years, Mark served on the Sturgis City Council. He left the council in 1997 and was elected mayor in 2001. During the past 5 years as mayor, and his nearly 20 years of community service to the residents of Sturgis, Mark has worked to make the community a better place to work, live, and raise a family.

During Mayor Zeigler's tenure, the city developed a state-of-the-art library and city hall complex that will serve the community and area residents for many years into the future.

He also worked towards the construction of a new fire hall that will provide expanded services to the Sturgis community and area.

Mayor Zeigler has been especially successful in promoting economic development. Not so many years ago, it appeared the city lacked the means to expand its industrial base. But Mayor Zeigler succeeded in working with city officials to design and expand the city's industrial park complex. Through his leadership, Sturgis has developed a niche among gun and ammunition manufacturers. In addition, he has made Sturgis a more attractive place to live and work by expanding and beautifying the city's greenway and bike path areas.

During his years of community service and as mayor of Sturgis, the annual Sturgis Motorcycle Classic has grown and expanded in popularity. Sturgis is a community of roughly 6,000 citizens that hosts this annual event that brings up to a million visitors each year. Hosting an event of this magnitude takes considerable effort and skill, which Mayor Zeigler and his team of local partners have shown in abundance. In addition, they have hosted other established and expanding events such as Cavalry Days, the national Sheep Dog trials and competition, and the Meade County Gas and Threshing Bee.

I have had the privilege of working with Mayor Zeigler during his terms as mayor. His dedication and commitment to his community and its citizens are to be applauded, and I congratulate and commend him on his years of service, his leadership, vision, and work ethic. Mark and Gae will be greatly missed by the residents of Sturgis, and I want to wish them all the best as they open a new chapter in their lives. The mayor's accomplishments in Sturgis will long be remembered fondly by the city's residents and by those of us who had the pleasure of working with him.●

**HARRIET BEECHER STOWE ELEMENTARY SCHOOL, DULUTH, MINNESOTA**

● Mr. DAYTON. Mr. President, today I honor Harriet Beecher Stowe Elementary School, in Duluth, MN, which recently earned an Award for Excellence in Education for its exceptional and innovative achievements in educating children.

Harriet Beecher Stowe Elementary School is truly a model of educational success. For past 12 years, the school has embraced an environmental education emphasis, with a 100-percent commitment to recycling, breakfast and lunch waste reduction, an integrated environmental education curriculum, a composting shed, an alternative-energy tower, and annual environmentally themed service-learning projects at all grade levels. Stowe Elementary was one of six Minnesota schools to receive last year's Spotlight

Award from the Minnesota Academic Excellence Foundation.

Improving pupils' achievement is also a primary focus at Stowe Elementary. The teachers and administrators establish annual goals relative to student achievement in reading, math, and writing, in addition to a goal related to the school's overall learning environment. The goals are comprehensive, including individual goals for every staff member. It has a summer "Jump Start" EXCEL Program for pupils determined to be at risk for maintaining their grade-level performance. Last year, Stowe Elementary received four stars in both reading and math from the Minnesota Department of Education.

Much of the credit for Harriet Beecher Stowe Elementary School's success belongs to its principal, Terry Cottingham, and to the dedicated teachers. The pupils and staff at Harriet Beecher Stowe Elementary School understand that, in order to be successful, a school must go beyond achieving academic success; it must also provide a nurturing environment where students can develop the knowledge, skills, and attitudes for success throughout life. All of the faculty, staff, and pupils at Harriet Beecher Stowe Elementary School should be very proud of their accomplishments.

I congratulate Harriet Beecher Stowe Elementary School in Duluth for winning the Award for Excellence in Education and for its exceptional contributions to education in Minnesota.●

**STATEMENT ON THE 125TH ANNIVERSARY OF THE FOUNDING OF WILMOT, SOUTH DAKOTA**

● Mr. JOHNSON. Mr. President, today I pay tribute to the 125th anniversary of the founding of the progressive city of Wilmot, SD. It is my pleasure to recognize the citizens of Wilmot on reaching this milestone.

Wilmot is the oldest town in Roberts County and was named after Mr. Wilmot, a director of the Milwaukee Railroad. Wilmot was first settled in 1880 and filed for a town charter with the territorial government on June 3, 1881. In the early years of Wilmot, the community was located in Grant County but was shortly thereafter included in the newly created Roberts County, where it served as county seat for a number of years. The Milwaukee Railroad, which helped bring Wilmot into existence, still runs through the town today.

The community has endured its share of hardship. For example, on June 17, 1944, much of the agricultural area surrounding Wilmot was destroyed by a tornado. Like many rural areas, the community came together to help one another, cleaning off farmland and rebuilding buildings. This incident shows the strength of the bonds that hold this rural community together.

According to the 2000 census, Wilmot has 543 people. Small towns like

Wilmot comprise the backbone of our State. These communities are built on hard work and solid values and serve as a reminder of South Dakota's rich agricultural heritage. Wilmot is served by the Wilmot Enterprise weekly newspaper.

Even 125 years after its founding, Wilmot remains an active and vibrant community. As a way of celebrating this achievement, a "Wilmot History Book" is being compiled. This book will feature stories of all kinds about the people and events in Wilmot's past and will serve to bring this close-knit community even closer. I am proud to honor the people of Wilmot on this memorable occasion and to extend my congratulations to them.●

LOWELL ELEMENTARY SCHOOL,  
DULUTH, MINNESOTA

● Mr. DAYTON. Mr. President, today I honor Lowell Elementary School, in Duluth, MN, which recently earned an Award for Excellence in Education for its exceptional and innovative achievements in educating children.

Lowell Elementary School, a music magnet school, is truly a model of educational success. In addition to a well-rounded learning experience, the school offers an exceptional music curriculum, including a choir at each grade level—kindergarten through fifth grade—piano instruction for second, third, and fourth-grade pupils, string instrument lessons for third through fifth grades, and band instruction for grades four and five.

Lowell Elementary School's success is reflected in its popularity within the Duluth community. There are 127 students on a waiting list for enrollment in Lowell, including children for future kindergarten enrollment. An English language learner program is housed in the building, serving 33 to 38 students per year from 10 different countries. A 21st Century Program, which involves a partnership between Lowell and the YMCA, provides on-site daily mentoring and tutoring services after school until 6:00 p.m., for pupils in grades K through 5.

Parents further attest to Lowell's success. Joan Lancour states:

My child has attended Lowell for the past three years. During this time, my child, Chris, has received extra help from all staff that he never received at other schools. The staff have helped him to gain confidence through the music program . . . Over these past three years I have seen him take strides to become an independent student through the excellent training of Lowell staff and administrators.

Another mother, Sue Wright, adds:

We feel very fortunate to have the enrichment of music in our children's education. The benefits of the extra music opportunities have shown in their academic success. Lowell is a positive school with very dedicated students, staff and parents. It has been a wonderful place for my family to begin a lifelong education.

Much of the credit for Lowell Elementary School's success belongs to its

principal, Monte Wittman, and to the dedicated teachers. The pupils and staff at Lowell Elementary School understand that in order to be successful a school must go beyond achieving academic success; it must also provide a nurturing environment where students can develop the knowledge, skills, and attitudes for success throughout life. All of the faculty, staff, and pupils at Lowell Elementary School should be very proud of their accomplishments.

I congratulate Lowell Elementary School in Duluth for winning the Award for Excellence in Education and for its exceptional contributions to education in Minnesota.●

IN RECOGNITION OF THE 125TH ANNIVERSARY OF THE TUSCOLA COUNTY FAIR

● Mr. LEVIN. Mr. President, I take this opportunity to recognize the Tuscola, Michigan County Fair as it celebrates its 125th anniversary. The Tuscola County Fair, in existence since 1881, showcases the local agricultural community in addition to other attractions, is an important contributor to the local economy, and entertains thousands of fairgoers of all ages each year.

The fair, which first took place the year President Garfield was assassinated, generates more than \$2 million of activity in the county. The impetus to locate a fair in Caro, MI, was the desire of agricultural groups in the area to display their harvest, livestock, home canning and baked goods, flowers and needlework, and of local merchants and other industries to demonstrate new products and machinery for the farm and home.

Over the years, the Tuscola County Fair has experienced several milestones. The fair first showed a profit in 1891, and in 1892, a half-mile clay track was constructed. Interestingly, while the track was intended for sulky races, in 1924, female jockeys raced Kentucky thoroughbreds every day of the fair. In 1896, a new Agricultural Hall was constructed to showcase the agricultural industry. In addition, the Fair Office, the oldest building still standing, was constructed in 1917, and in 1920, the present "Heritage Hall" was constructed. During World War II, the fairgrounds were used to house German prisoners, who worked to help the local sugar industry that was so vital to our war effort. More recently, in 1981, the Historical Society of Michigan designated the fairgrounds a historical site.

Many people have contributed to the success of the Tuscola County Fair, including Emery J. Vandemark, the longest serving board member, the treasurer for 28 years, and the current 13-year President; the late Jay Kitchen, past president; Walter Jackson, president of the fair board and active 4-H member; James Fitzgerald, past president; Jerry Vandemark, longtime fundraiser; and longtime members Waldo

Garner, Robert Nowland, Walter Putnam, and Frank Altizer, among many others.

The fair organizers and the many dedicated volunteers over the years have played an integral role in ensuring the success of the fair, and I know my colleagues join me in recognizing and congratulating all those who have contributed to the fair for their efforts.●

WASHINGTON ELEMENTARY SCHOOL, CLOQUET, MINNESOTA

● Mr. DAYTON. Mr. President, today I wish to honor Washington Elementary School, in Cloquet, MN, which recently earned an Award for Excellence in Education for its exceptional and innovative achievements in educating children.

Washington Elementary School is truly a model of educational success. The school's teachers and administrators are to be applauded for their leadership in helping children understand the harmful consequences of bullying other students. Its Bullying Prevention Program is one of the best in the State.

The effort to address bullying at Washington Elementary began last year, after students were surveyed about their thoughts and attitudes toward a variety of school safety matters. Their responses to four key questions were significant: 22 percent of all pupils reported having been bullied at least two to three times per month; 62 percent said that when they see bullying they want to help, if only they knew what to do; children in grades 3 through 5 are the most often bullied; and the three places where bullying most frequently occurs are on the playground, in the lunchroom, and on the bus.

All licensed and nonlicensed staff at Washington Elementary received training using the Olweus Bullying Prevention Program. Staff learned what bullying is and how they can put an end to it. They learned how to teach students to recognize a bully and what steps to take when they encounter one. They learned that most bullying is not physical, but rather uses verbal taunts, and excludes and degrades the victim. Children who are bullied have lower self-esteem, more absences, and more anxiety, along with depression and thoughts of suicide.

The Bullying Prevention Program at Washington Elementary School has become a communitywide effort. Mailings were sent home to parents. Local business leaders, the mayor, the police chief, the media, and other local dignitaries participated in a "Kick-off Celebration" held earlier this school year. The program's slogan is, "Take a Bite Out of Bullying"; the University of Minnesota—Duluth Bulldog serves as the program's mascot.

The school community is rightly proud of the results. Children are coming to school feeling safer. Attendance
